Opinion on Proposed Rule: For

Comment: Neonatologists submit a smear to our laboratory (Tzanck smear). Would they have to submit a swab as well in case the smear is positive? If the smear is negative would the swab go to Wadsworth Laboratory anyway? Since the specimen is going to Wadsworth, what report of results has to be sent to them? Wouldnt reporting HSV in the mothers be also effective in allowing a headstart with these infants?

Opinion on Proposed Rule: For

Comment: We do believe such
regulations already exist with, within et al.,
INCLUSIVE, various state and federal annals et al., INCLUSIVE,
so make sure your agencies et al., INCLUSIVE, ARE ALL on the
metaphorically Page One. Thank you.
