donateNYC, a program of the NYC Department of Sanitation, helps New Yorkers give goods, find goods, and do good, with tools that make it easy to donate or find used and surplus items.

By donating and reusing goods instead of discarding them, New Yorkers can greatly reduce waste, conserve energy and resources, save money, and help provide New Yorkers with jobs and human services. donateNYC is an essential part of NYC’s 0X30 initiative, helping New Yorkers reach the goal of sending zero waste to landfills by 2030.

donateNYC provides residents with resources and tools to make donating and reusing goods in NYC easier, and support to local nonprofits and businesses looking to expand and promote their reuse efforts.

Our Partners

donateNYC partners accept and locally distribute donated items, diverting tens of millions of pounds of material from the landfill every year. These organizations serve hundreds of thousands of New Yorkers annually through family services, housing/sheltering, healthcare, workforce development, and food bank programs. Our partners also help NYC meet its Zero Waste goals by providing verifiable data needed to assess the City’s 0X30 progress.

donateNYC partners include:
- thrift stores
- clothing banks
- social service providers
- creative arts programs
- community-based reuse programs

Helping New Yorkers Donate

The donateNYC website and mobile app help New Yorkers find the nearest place to donate or find used goods. Users can search by type and location, find hours of operation, locate contact information, determine if material pick-up is an option, and more.

The online donateNYC Exchange connects businesses and nonprofits that are looking to donate or receive used and surplus goods. Nonprofits and businesses get free usable goods, reduce their waste, and save on storage and disposal costs.

Why Donate and Buy Used Goods?

New Yorkers throw out nearly six million tons of waste every year. However, much of this waste includes items that could be reused instead. Donating goods to local nonprofit organizations not only supports worthy causes and provides critical social services, jobs, and community assistance to New Yorkers, it also keeps valuable materials out of landfills!

Impact

Our partners have diverted over 40 million pounds of materials in 2015, while also providing 1.3 million New Yorkers with social service programs. Materials collected include:

- 17.4 million lbs of textiles
- 7.2 million lbs of plastic
- 6.9 million lbs of wood
- 3.1 million lbs of paper
- 2.7 million lbs of metals
- .72 million lbs of rubber
- .15 million lbs of glass

Some of what our Partners kept out of landfills:

- 3,269,457 items of clothing
- 1,077,980 pieces of furniture & home furnishings
- 898,885 books & magazines
- 631,616 accessories
- 472,116 shoes
- 369,501 toys & games
- and more
