

## Grocery Delivery Options for New Yorkers

The following list includes home delivery grocery options from local and national businesses. This directory is meant to identify options for New Yorkers to purchase fresh produce. The City of New York does not endorse the companies in the directory.

The City of New York is also offering a variety of free meal options for those who need it. Please visit [www.nyc.gov/getfood](http://www.nyc.gov/getfood) for a map of free food resources across the city, including food pantries and Grab & Go meals at [NYC Schools](#), available for all children or adults in need.

*[Insert language and option for businesses to request to add their name to this list.]*
