

Coastal Storm Preparedness Information for Queens

Coastal Storm Preparedness

- Coastal storms, including nor'easters, tropical storms and hurricanes, can and do affect New York City. It is important New Yorkers take the time to prepare.
- All residents should have a plan in the event they need to evacuate or ride out the storm at home.

Know Your Zone

- Areas of the city subject to storm surge flooding are divided into six evacuation zones (1 through 6) based on the risk of storm surge flooding. The City may order residents to evacuate depending on the hurricane's track and projected storm surge.
- Use the Hurricane Evacuation Zone Finder or call 311 (212-639-9675 for Video Relay Service, or TTY: 212-504-4115) to find out if your address is located in an evacuation zone. If you live in an evacuation zone, have a plan for where you will go if an evacuation order is issued for your area.

Make A Plan

- Develop a plan with your household members that outlines what to do, how to find each other, and how to communicate if a hurricane strikes. Use Ready New York: My Emergency Plan at [NYC.gov/myemergency plan](http://nyc.gov/myemergencyplan).
- Give yourself more time than usual to prepare your emergency supplies, including food, water, and health and medical supplies.
- Check on friends, relatives, and neighbors, especially older adults and people with disabilities, access and functional needs, or health conditions. Help them to prepare and evacuate if needed.

Stay Informed

- Sign up for Notify NYC, the City of New York's official, free emergency communications program. Register for emergency notifications by getting the free Notify NYC mobile application, visiting [NYC.gov/notifynyc](http://nyc.gov/notifynyc), contacting 311 (212-639-9675 for Video Relay Service, or TTY: 212-504-4115)
- Follow @NotifyNYC on Twitter. (Notify NYC messages are available through many formats, including email, text messages, telephone, the Notify NYC website, RSS, Twitter, and American Sign Language videos.)
