

Project # SANDRESM1 | Borough: Manhattan | Issue Date: 10/20/2021

The East Side Coastal Resiliency (ESCR) Project is an initiative to provide long-term flood protection on the east side of Manhattan.

## Passive Lawn Installation in East River Park

### Starting the Week of October 25, 2021

The East River Park's compost area will be converted into a passive lawn space as construction in East River Park begins. The new passive lawn area will provide public recreation space during ESCR construction. Construction will take place from mid-October through mid-November 2021.
