COMMUNITY ENGAGEMENT PROGRAM

- Effectively communicate project construction updates to community and stakeholders
- Continuous and ongoing engagement with community through construction
- Serve as a liaison between the community and the construction team to resolve concerns

COMMUNITY CONSTRUCTION LIAISONS (CCLs)

- First point of access for the public
- Available to answer questions and respond to stakeholder concerns
- Provide detailed information about the project via notices, newsletters, email and text messaging

PUBLIC INFORMATION

- Community Information Center
- ESCR Project Website
- Social Media Program
- Community Advisory Group (CAG)

STAKEHOLDER INQUIRIES

- Advanced inquiry management system
- Questions and concerns will be responded to in a timely manner
- Community members can opt in to project communications (via email, text message, etc.)
