

# Instructions for Form NYC-4S

General Corporation Tax Return For fiscal years beginning in 2007 or for calendar year **2007**

## Highlights of Recent Tax Law Changes for Corporations

- For tax years beginning in 2007, taxpayers with (1) gross income, as defined under §61 of the Internal Revenue Code, of less than \$250,000, (2) a business allocation of 100%, and (3) no investment capital or income, or subsidiary capital or income are exempt from having to determine the alternative tax on capital and the alternative tax on entire net income plus compensation. See section 11-604(1)(I) of the Administrative Code of the City of New York, as added by Chapter 491 of the Laws of 2007. If a taxpayer meets these criteria and is otherwise eligible to file Form NYC 4-S, the taxpayer may be eligible to use new Form NYC-4S-EZ. To determine if you can use Form NYC-4S-EZ, see the instructions for that new form. Taxpayers who meet the three criteria noted above but are not eligible to file a Form NYC-4S-EZ must use Form NYC-3L but need not calculate the alternative tax on capital and the alternative tax on entire net income plus compensation. For purposes of computing entire net income for city purposes, corporations, other than New York State S corporations, that meet the three requirements listed above, may elect to use the sum of New York State entire net income and any deductions taken for the taxable year in computing federal taxable income for General Corporation Tax paid or accrued.
- For tax years beginning in 2007, the alternative tax measured by entire net income plus compensation is determined by using 26.25 percent, as a multiplier, instead of 30 percent. See Chapter 491 of the Laws of 2007.
- For or films and shows completed on or after January 1, 2005, eligible taxpayers are allowed a Made in NYC Film Production Credit equal to 5% of the qualified production costs paid or incurred in the production of qualified films and television shows. Use Form NYC-9.9 to claim the credit on the General Corporation Tax.
- For tax years beginning on or after January 1, 2004, in determining ENI of taxpayers, other than eligible farmers (for purposes of the New York State farmers' school tax credit), the amount allowed as a deduction with respect to a sport utility vehicle that is not a passenger automobile for purposes of section 280F(d)(5) of the Internal Revenue Code is limited to the amount allowed under section 280F of the Internal Revenue Code as if the vehicle were a passenger automobile as defined in that section. See Finance Memorandum 07-3 dated September 24, 2007, "Application of IRC §280F Limits to Sport Utility Vehicles" for more information.
- Related members income and expense modifications—For tax years beginning on or after January 1, 2003, taxpayers may be required to add back to entire net income ("ENI") certain payments for the use of intangible property, such as trademarks or patents, made during the tax year to related member(s) to the extent such payments were deducted in computing federal taxable income. Where the related member(s) is a New York City taxpayer, the related member(s) must subtract from ENI those payments received during the tax year to the extent the payments were included in federal taxable income and were required to be added back to the ENI of a related taxpayer. See Chapter 686 of the Laws of 2003, Part M.
- Effective for tax periods beginning on and after August 1, 2002, entities who receive eighty percent or more of their gross receipts from charges for the provision of mobile telecommunications services to customers will be taxed as if they were regulated utilities for purposes of the New York City Utility Tax, General Corporation Tax, Banking Corporation Tax and Unincorporated Business Tax. Thus, such entities will be subject to only the New York City Utility Tax. The amount of gross income subject to tax has been amended to conform to the Federal Mobile Telecommunications Sourcing Act of 2000. In addition, if any such entity is a partnership, its partners will not be subject to the New York City Utility Tax on their distributive share of the income of any such entity. Finally, for tax years beginning on and after August 1, 2002, partners in any such entity will not be subject to General Corporation Tax, Banking Corporation Tax or Unincorporated Business Tax on their distributive share of the income of any such entity. Chapter 93, Part C, of the Laws of New York, 2002.
- Effective for tax years ending after September 10, 2001, for purposes of the New York City Unincorporated Business Tax, General Corporation Tax and Banking Corporation Tax, the City has "decoupled" from the Federal bonus depreciation deductions allowed under the Job Creation and Worker Assistance Act of 2002 and the Jobs and Growth Tax Relief Reconciliation Act of 2003 except with respect to the depreciation deductions allowed with respect to "qualified New York liberty zone property", "qualified New York liberty zone leasehold improvements" and "qualified property" placed in service in the Resurgence Zone (generally the area in the borough of Manhattan South of Houston Street and North of Canal Street.) For City tax purposes, depreciation deductions for all other "qualified property" must be calculated as if the property was placed in service prior to September 11, 2001. Local Law 17 of 2002. See, Finance Memorandum 02-3 (Revised) "New York City Tax Consequences of Certain Retroactive Federal and New York Tax Law Changes" and new Form NYC-399Z for more information.

For information regarding depreciation deductions for property placed in service outside New York after 1984 and before 1994, see Finance Memorandum 99-4 "Property Placed in Service Outside New York After 1984 and Before 1994."

In place of the federal depreciation deduction, a depreciation deduction using pre-ACRS or MACRS rules (IRC Section 167) is allowed. Enter on line 4 the ACRS or MACRS adjustment from Form NYC-399, Schedule C, line 8, Column A. Enter on line 6b the ACRS or MACRS adjustment from Form NYC-399, Schedule C, line 8, Column B.

The Federal bonus depreciation allowed for "qualified property," as defined in the Job Creation and Worker Assistance Act of 2002 is not allowed for General Corporation Tax purposes except for such deductions allowed with respect to "qualified New York liberty zone property", "qualified New York liberty zone leasehold improvements" and "qualified property" placed in service in the Resurgence Zone (generally the area in the borough of Manhattan South of Houston Street and North of Canal Street.) For City tax purposes, depreciation deductions for all other "qualified property" must be calculated as if the property was placed in service prior to September 11, 2001. See, Finance Memorandum 02-3 (Revised) "New York City Tax Consequences of Certain Retroactive Federal and New York Tax Law Changes" for more information.

For tax years beginning on or after January 1, 2004, other than for eligible farmers (for purposes of the New York State farmers' school tax credit), the amount allowed as a deduction with respect to a sport utility vehicle that is not a passenger automobile for purposes of section 280F(d)(5) of the Internal Revenue Code is limited to the amount allowed under section 280F of the Internal

Revenue Code as if the vehicle were a passenger automobile as defined in that section. For SUVs that are qualified property other than qualified Resurgence Zone property and other than New York Liberty Zone property, the amount allowed as a deduction is calculated as of the date the SUV was actually placed in service and not as of September 10, 2001. On the disposition of an SUV subject to the limitation, the amount of any gain or loss included in income must be adjusted to reflect the limited deductions allowed for City purposes under this provision. Enter on Schedule B, lines 4 and 6b the appropriate adjustments from form NYC-399Z. See Finance Memorandum 07-3 dated September 24, 2007, "Application of IRC §280F Limits to Sport Utility Vehicles."

**LINE 6a****NET OPERATING LOSS**

Enter New York City net operating loss carryforward from prior years. A deduction may *only* be claimed for net operating losses sustained in taxable years during all or part of which the corporation was subject to the General Corporation Tax. New York City allows net operating losses to be used in the same manner as provided by Section 172 of the Internal Revenue Code. However, the amount of any federal loss must be adjusted in accordance with Section 11-602.8(f) of the NYC Administrative Code.

**NOTE:**

**The deduction of a net operating loss carryforward from prior years may not exceed and is limited to the amount of the current year's federal taxable income. A net operating loss may not be claimed as a deduction if Schedule B, line 1 reflects a loss.**

In addition, the deduction shall not exceed the deduction allowed for federal purposes or the deduction which would have been allowed if the taxpayer had not made an election to be (a) an S Corporation under the rules of the Internal Revenue Code or (b) included in a group reporting on a consolidated basis for federal income tax purposes.

The New York City net operating loss deduction shall be determined as if the taxpayer had elected to relinquish the carryback provision *except for the first \$10,000* of each of such losses. Losses which are not permitted to be carried back may generally be carried forward and used to offset income for the period permitted for federal tax purposes. In addition, any portion of the \$10,000 NOL permitted to be carried back but not used may be carried forward. See instructions for Forms NYC-8 and NYC-8CB for more information.

If the taxpayer elects to relinquish the entire carryback period for federal purposes, then the taxpayer may not carryback any amount for City purposes. Corporations that have elected to relinquish the carryback of a net operating loss must submit a copy of the federal election. *Attach a copy of the schedule supporting the*

deduction claimed on line 29(a) on page 1 of your federal Form 1120.

Because an S corporation does not carry over NOLs, it will not have made an election to relinquish any or all of its carryback period. Therefore, for City tax purposes for losses arising in taxable years ending in or after 2002, it will be presumed that, unless the taxpayer S corporation attached a statement to this return indicating that the taxpayer intends to carry back a net operating loss reported on this return, the taxpayer is presumed to have elected to relinquish the entire carryback period.

#### **LINE 6c CITY / STATE REFUNDS**

Enter refunds or credits of the New York City General Corporation Tax, New York State Franchise Tax or New York City or State Banking Corporation Tax for which no tax exclusion or deduction was allowed in determining the taxpayer's taxable (entire) net income in a prior year.

#### **LINE 8 TAXABLE NET INCOME**

If the entry on this line is a loss, a request to carry it back as a net operating loss deduction in any prior year must be made separately on Form NYC-8CB or Form NYC-8. Do not attach or mail a Form NYC-8CB or Form NYC-8 with the tax return. This request must be submitted within three years of the due date of the return for the loss year or within the period prescribed in Section 11-678 of the NYC Administrative Code.

#### **SCHEDULE C Total Capital**

#### **LINES 1 THROUGH 4 AVERAGE VALUE OF TOTAL ASSETS**

To determine the value of your assets for business *capital* purposes, you must include real property and marketable securities at fair market value. The fair market value of any asset is the price, without any encumbrance, at which a willing seller, not compelled to sell, will sell, and a willing buyer, not compelled to buy, will buy.

The value of all other property must be included at the value shown on the taxpayer's books and records in accordance with generally accepted accounting principles (GAAP).

On Schedule C, lines 1 through 5, enter the values at the beginning of the year in column A and at the end of the year in column B. Enter the average value in column C. *Attach a schedule showing the computation of the average value.*

On line 2 enter the value of real property and marketable securities included in line 1. Enter on line 4 the fair market value of real property and marketable securities.

Average value is generally computed on a quarterly basis where the taxpayer's usual accounting practice permits. A more frequent basis may be

used. If the taxpayer's usual accounting practice does not permit computation of average value on a quarterly or more frequent basis, a semiannual or annual basis may be used if no distortion of average values results.

**With respect to real property owned by the taxpayer and located within New York City, the fair market value is presumed to be not less than the estimated market value of the property on the Final Assessment Roll of the City for the period covered by the return or the most recent sales price, whichever is greater.**

#### **LINE 6 TOTAL LIABILITIES**

Title 11, Chapter 6 of the NYC Administrative Code permits the deduction of all liabilities (both long and short term) when computing business capital for purposes of the tax measured by capital. Use the same method of averaging as is used in determining average value of total assets.

#### **LINE 7**

If the period covered by this report is other than a period of twelve calendar months, after completing lines 1 through 6 but before entering any amount on line 7, multiply the excess of the amount on line 5 over the amount on line 6 by a fraction, the numerator of which is the number of months or major parts thereof included in such period and the denominator of which is twelve. Enter the resulting amount on line 7 of Schedule C and on Schedule A, line 2a or 2b. Attach a separate schedule showing computation.

#### **SCHEDULE E Additional Required Information**

#### **LINES 2 & 3**

If you answer "Yes" to line 2, attach a separate sheet providing the street address, borough, block and lot number of such property and answer question 3b.
