NEW YORK CITY DEPARTMENT OF FINANCE

Hotel Tax Quarterly Return

GENERAL INFORMATION

IMPOSITION OF TAX

The New York City Hotel Room Occupancy Tax is separate from and in addition to sales taxes imposed by the State of New York and the City of New York on the occupancy of hotel rooms and consists of a percentage of the rent plus a flat amount per day. This tax must be collected for every occupancy of each room in a hotel in the City of New York except as provided below.

HIGHLIGHTS OF RECENT LAW CHANGE

Effective for all occupancies occurring on or after March 1, 2009 and before December 1, 2011, the additional tax (Forms NYC HTX and NYC HTXB, schedule A, line 5) is 5.875% of the rent or charge per day. The fixed rate tax of 50 cents up to \$2.00 per room per day (Forms NYC HTX and NYC HTXB, Schedule A, lines 1 through 4) remains unchanged. See Int. No. 879-A of the Local Laws of 2008.

Effective for periods beginning on or after September 1, 2009, "room remarketers" are required to collect and remit the Hotel Room Occupancy Tax. Room remarketers are also required to register with the Commissioner of Finance.

Effective for periods beginning on or after September 1, 2010, room remarketers are required to collect the Hotel Occupancy Tax on the full amount charged to the occupant and remit the tax collected directly to the Commissioner of Finance. Room remarketers will then be allowed a refund or credit for any tax they had paid to a hotel operator or another remarketer for that occupancy. Only remarketers that have registered with the Commissioner of Finance to collect the Hotel Occupancy Tax and have collected and remitted Hotel Occupancy Tax for a particular quarterly filing period may apply for this refund credit. For further information, see Finance Memorandum 10-3 Rev.

The new law also specifies that when occupancy of a hotel room or rooms is sold for a single fee with other items or services, the entire amount is considered taxable rent. This new requirement

results in a change in the position reflected in the Hotel Occupancy Tax Rules under which tax need only be collected on a specified portion of total charges when those charges include meals. Charges for meals must now be separately stated in order for those charges not to be subject to Hotel Occupancy Tax.

For periods beginning on September 1, 2009 through periods ending on August 31, 2010, room remarketers should not use this form. They should use the NYC-HTX-RR

HIGHLIGHTS OF RECENT RULE CHANGES

The Department of Finance recently adopted a number of new rules affecting the application of the New York City Hotel Room Occupancy Tax.

REPEAL OF "BUNGALOW" EXCEPTION:

Effective December 1, 2003, rentals to occupants, other than permanent residents, of furnished apartments or other furnished living units intended for single family use are subject to the tax regardless of whether the rental is for periods of one week or more and regardless of whether meals, maid service or other common hotel services are provided. For further information, see Title 19 Rules of the City of New York §12-01, definition of "hotel" effective November 29, 2003.

DE MINIMIS ACTIVITY RULE:

Effective September 1, 2004, a facility will not be considered a hotel (see definition below) required to collect the tax if, during any four consecutive tax quarters or any twelve-month period ending on the last day of February, rooms, apartments or units are rented to occupants on fewer than three occasions or for not more than 14 days in the aggregate. Rentals of rooms in a single building will be aggregated and rentals of apartments and living units in one or more buildings owned or leased by the same operator will be aggregated. Rentals under a single contract for one or more consecutive days will be considered a single occasion, however, if a single contract provides for a rental for non-consecutive days, each period of consecutive days will be considered a single occasion. If a room, apartment or

unit is sublet or the right to occupy the room, apartment or unit is sold or subcontracted to another person, each separate sublet or subcontract for a period of consecutive days will be considered a separate occasion. Rentals to permanent residents (see definition below) will not be included in the number of occasions or days of rentals for this purpose. Once a facility is required to register and collect the tax because it exceeds the de minimis thresholds during a period, it must continue to collect the tax even if it falls below the threshold in a later period. However, if a facility, once registered, falls below the threshold for a period of three consecutive years, the facility is not considered a hotel and is not required to file. For further information, see Title 19 Rules of the City of New York §12-01, definition of "hotel", effective February 19, 2005.

CHANGE IN FILING REQUIREMENTS FOR SMALL OPERATORS:

Effective for periods beginning on and after September 1, 2004, operators of hotels having fewer than ten (10) rooms and operators of fewer than ten (10) furnished apartments or furnished living units may file their returns on Form NYC-HTXB on an annual basis covering the twelve-month period ending on the last day of February. That return will be due on the subsequent March 20 each year. For further information, see Title 19 Rules of the City of New York §§12-06 and 12-07 effective February 19, 2005.

PERMANENT RESIDENT:

The definition of a permanent resident (see below) has been clarified to provide that, in determining the number of days of consecutive occupancy, any day on which a person occupying the room sublets or otherwise contracts away that person's right to occupy the room will not be taken into account. For further information, see Title 19 Rules of the City of New York §12-01 effective July 25, 2001.

NOTE: Effective for periods beginning on and after April 1, 2005, New York State has enacted a Convention Center Hotel Unit Fee of \$1.50 per hotel unit per day. The fee is required to be collected by hotels within the City. **This fee is not part of the New York City Hotel Room Occupancy Tax.** The new fee is to be

collected and administered by the New York State Department of Taxation & Finance in the same manner as the Sales Tax on hotel rooms. Additional information is available on their website at www.nystax.gov

DEFINITIONS

- Hotel

For purposes of the tax, "hotel" is any building or portion thereof that is regularly used and kept open for the lodging of occupants. The term "hotel" includes apartment hotels, motels, boarding houses, lodging houses and clubs, whether or not meals are served. The rental to occupants, other than permanent residents, of furnished apartments or other furnished living units intended for single-family use is considered a hotel. A hotel includes making one or more rooms in a property owned by an individual available to guests for compensation on a regular basis and also includes renting to guests more than one room in a dwelling place ordinarily occupied by a person as his or her residence. See "Highlights of Recent Rule Changes" above.

- Operator

An "operator" is any individual, partnership, society, association, joint stock company, corporation, estate, receiver, trustee, assignee, referee, or any other person acting in a fiduciary or representative capacity, whether appointed by a court or otherwise, and any combination of individuals operating a hotel in the City of New York, including but not limited to the owner or proprietor of such premises, lessee, sublessee, mortgagee in possession, licensee, or any other person operating the hotel.

- Room Remarketer

A person who reserves, arranges for, conveys, or furnishes occupancy, whether directly or indirectly, to an occupant for rent in an amount determined by such room remarketer, directly or indirectly, whether pursuant to a written or other agreement. Such person's ability or authority to reserve, arrange for, convey, or furnish occupancy directly or indirectly, and to determine rent therefore, are the "rights of a room remarketer". A room remarketer is not a permanent resident with respect to a room for which such person has the rights of a room remarketer.

- Occupancy

"Occupancy" is the use or possession of

any room or rooms in a hotel, or the right to the use or possession of the furnishings or to the services and accommodations accompanying the use and possession of the room or rooms. There is an "occupancy" of a room whether or not the person entitled to the use or possession of the room actually uses or possesses it. Right to use or possession includes the rights of a room remarketer.

- Rent

The consideration received for occupancy valued in money, whether received in money or otherwise, including all receipts, cash, credits, and property or services of any kind or nature, including any service or other charge or amount required to be paid as a condition for occupancy, and also any amount for which credit is allowed by the operator or room remarketer to the occupant, without any deduction therefrom whatsoever, whether received by the operator or a room remarketer or another person on behalf of either of them.

- Permanent Resident

Except as otherwise provided below, a person is a "permanent resident" as of a given date if he/she has had the right to occupy a room or rooms in a particular hotel for the 180 consecutive days preceding that date. See "Highlights of Recent Rule Changes - Permanent Resident" above for recent changes related to the definition of a permanent resident. A person who enters into an agreement for occupancy for 180 consecutive days or more does not become a "permanent resident" under the law until he/she has been an occupant for 180 consecutive days, and the operator is liable for the collection of the tax until that occupancy for 180 consecutive days has been completed. However, an occupant can obtain permanent resident status prior to completing 180 days of consecutive occupancy by requesting a lease from the hotel operator pursuant to the provisions of Section 2522.5 of the rent stabilization regulations promulgated by the New York State Division of Housing and Community Renewal. Where the occupant has requested such a lease, the hotel operator should not collect the tax for any day, starting on the date the lease was requested, that falls within a period of continuous occupancy by the occupant. However, if the occupant does not complete 180 days of continuous occupancy, any taxes not previously collected become immediately due and payable and are to be collected by the hotel operator. A room remarketer is not a permanent resident with respect to a room for which such person has the rights of a room remarketer.

- Transient Occupant

A "transient occupant" is a person entitled to use or possess a hotel room who is not a "permanent resident" as defined above.

- Room

A "room" includes any portion of a hotel, other than a bathroom or lavatory, whether used for dwelling, commercial or any other purposes, except: (1) A place of assembly as defined in the NYC Administrative Code (See Title 19 Rules of the City of New York Section 12-01); (2) A store, stand or counter to which access is had directly from public thoroughfares or street or mezzanine lobbies; (3) A lobby, public dining room or other public room used for a private purpose. The term "room" also includes a kitchenette, provided that (a) it is a walk-in area, enclosed by walls, with one or more doorways, archways, or other openings, (b) it is supplied with a cooking appliance, including, but not limited to, a range, microwave or convection oven, or hot plate, and (c) it contains at least one item from each of two of the following three categories: (1) a sink with running water, or dishwasher; (2) a refrigerator; (3) a cabinet, counter top, or table.

REGISTRATION

Every operator of a hotel and every remarketer must file with the Department of Finance a certificate of registration on the form prescribed by the Department of Finance for the purpose of obtaining a certificate of authority empowering the operator to collect the tax. In the case of operators or remarketers commencing business or opening new hotels, a certificate of registration must be filed within three days after the commencement or opening. Every operator who operates more than one hotel is required to obtain a certificate of authority for each establishment. An operator of furnished apartments or other furnished living units intended for single-family use subject to the tax and located at multiple addresses may request a single certificate of authority for all such apartments or living units by attaching to the registration form a schedule showing each apartment and its street address. The certificate of authority must be prominently displayed by the operator in a manner that it may be seen and come to the notice of all occupants and persons seeking occupancy. In the case of a room remarketer that offers New York City hotel rooms via the internet, the Certificate of Authority should be scanned and displayed on the room remarketer's web site.

Exemption of Nonprofit Operators. An

organization organized and operated exclusively for religious, charitable, or educational purposes, or for the prevention of cruelty to children or animals, is exempt from the obligation to collect the tax as a hotel operator if it carries on its nonprofit activities in premises in which, as part of the activities for which it was organized, it operates a hotel. To obtain the above exemption as a hotel operator, a nonprofit organization must submit a request for exemption containing the following:

1. a copy of the organization’s articles of incorporation or association,
2. a copy of its by-laws,
3. a statement of receipts and disbursements for its most recent year,
4. a statement of its assets and liabilities for its most recent year,
5. a copy of its exemption from federal income tax issued by the Internal Revenue Service,
6. copies of its federal, state, and City tax returns for the most recent three years, and
7. an affidavit of an officer of the organization stating the following:
 - a. type of organization
 - b. purpose for which it was organized
 - c. a description of its actual activities
 - d. source and disposition of its funds
 - e. a statement that none of its net earnings is credited to surplus nor may inure to the benefit of any shareholder, member or individual, and
 - f. such other facts as may be relevant to its application.

The application should be submitted to:

**New York City Dept. of Finance
Exemption Processing Section
59 Maiden Lane, 20th Floor
New York, NY 10038**

WHEN AND WHERE TO FILE

Every operator as defined above is required to file returns. Quarterly returns must be filed for each establishment for each three-month period ending on the last days of August, November, February and May of each tax year and must be filed within 20 days of the end of the period they cover. However, effective for periods beginning on and after September 1, 2004, operators of hotels having fewer

than ten (10) rooms and operators of fewer than ten (10) furnished apartments or furnished living units may file their returns on an annual basis covering the twelve-month period ending on the last day of February. That return will be due on the subsequent March 20 each year. An operator of furnished apartments or other furnished living units intended for single-family use subject to the tax and located at multiple addresses but registered under a single certificate should file a single return covering all such apartments or living units by attaching to the return a schedule showing each apartment and its street address.

SEE PAGE 1 OF THIS FORM FOR PAYMENT AND MAILING INFORMATION.

An operator who terminates the business or falls below the de minimis threshold for three consecutive years (see, “Highlights of Recent Rule Changes”) must file a final return within 20 days from the date the business was terminated. If the business was sold, the purchaser must also file a return covering the period beginning on the date of purchase. **If you have fewer than ten (10) rooms or fewer than ten (10) furnished apartments or furnished living units, you may not use this form. Use Form NYC-HTXB.**

COMPUTATION OF TAX

1) This tax must be paid for every occupancy of each room in a hotel in

If the rent per full day for the room is:	The tax per day is:
\$10 or more, but less than \$20	\$ 0.50
\$20 or more, but less than \$30	\$ 1.00
\$30 or more, but less than \$40	\$ 1.50
\$40 or more	\$ 2.00

the City of New York at 5.875% of the rent charged plus an amount per room per day based on the following table:

In using the table, where an amount of rent is charged for more than one room, whether or not a suite, if such rooms are not otherwise rented separately, the daily rent per room is to be determined by dividing the entire rent by the number of rooms for which the charge is made (see "room" defined above). For example, if the entire charge for a suite of three rooms is \$90 per day, the charge for each

room is considered to be \$30. Beginning on or after December 1, 1994 and before March 1, 2009, the per room tax is \$1.50 plus an additional 5% of the rent. Beginning on or after March 1, 2009 and before December 1, 2011, the per room tax remains at \$1.50 but the additional tax rate has been raised to 5.875% of the rent. (See instructions for Line 5).

- 2) Where a room occupancy is for less than a full day and a person pays less than the rent for a full day, the tax is the same amount as would be due for a full day at the rate for a full day.
- 3) Where the rent covers a term longer than one day, the rent per day is computed by dividing the rent for the term by the total number of days in the term.

EXEMPTIONS

The following persons are exempt from payment of the tax as hotel occupants: (a) permanent resident as defined above, and (b) organizations and associations exempt from the State and City Sales Tax on hotel room rents as described in Tax Law section 1116(a), including the federal government, the State and City of New York, or any agency thereof, and certain nonprofit organizations. A person or entity claiming exemption other than as a permanent resident must submit to the hotel operator a New York State Sales Tax exemption certificate to obtain this exemption.

This authorization applies only to the individual whose signature appears in the "Preparer's Use Only" section of your return. It does not apply to the firm, if any, shown in that section. By checking the "Yes" box, you are authorizing the Department of Finance to call the preparer to answer any questions that may arise during the processing of your return. math errors, offsets, and return preparation. The notices will not be sent to the preparer.

You are not authorizing the preparer to receive any refund check, bind you to anything (including any additional tax liability), or otherwise represent you before the Department. The authorization cannot be revoked, however, the authorization will automatically expire twelve (12) months after the due date (without regard to any extensions) for filing this return. Failure to check the box will be deemed a denial of authority.
