

Instructions for Form NYC-2A

Combined Business Corporation Tax Return for fiscal years beginning in 2015 or for calendar year 2015

GENERAL INFORMATION

A new Subchapter 3-A (“Subchapter 3-A”) of Chapter 6 of Title 11 of the Administrative Code of the City of New York (the “Ad. Code”) will apply to tax years starting on or after January 1, 2015. This new subchapter applies to corporations that were previously subject to the General Corporation Tax (“GCT”), Subchapter 2 of Chapter 6 of Title 11 of the Code, and the Banking Corporation Tax, Subchapter 3 of Title 11 of the Code, except that it does not apply to any corporation that is an S corporation, or qualified subchapter S subsidiary, under subchapter S of the Internal Revenue Code of 1986 (“IRC”), as amended (collectively, “S Corporations”). S corporations continue to be subject to tax under the GCT and Banking Corporation Tax. Corporations subject to the new Subchapter 3-A, Business Corporation Tax, must file Form NYC-2 unless they are required or permitted to file as members of a combined group, in which case they would be included on this form.

S CORPORATIONS

If subject to GCT, an S corporation must file a GCT return (generally Form NYC-4S, Form NYC-4S-EZ or Form NYC-3L). If subject to Bank Tax, an S corporation must file a Banking Corporation Tax return (generally Form NYC-1). Under certain limited circumstances, an S corporation may be permitted or required to file a combined return (Form NYC-3A for GCT or Form NYC-1A for Bank Tax, whichever is applicable). See, e.g., Finance Memorandum 99-3 for information regarding the treatment of qualified subchapter S subsidiaries. For additional requirements see the instructions to those forms. An S corporation may not be included in this return.

Corporate Tax Filing Requirements

For tax years beginning on or after January 1, 2015, including short periods, all federal C corporations subject to tax

under Subchapter 3-A (including those corporations formerly subject to the Bank Tax) must file using the following returns, as applicable:

- Form NYC-2, *Business Corporation Tax Return*
- Form NYC-2A, *Business Corporation Combined Tax Return*. When filing Form NYC-2A,
- Form NYC-2A/BC, *Member’s Detail Report, Filed by a Corporation Included in a Combined Business Tax Return*, must be filed by each member of the combined group, except for the designated agent, including non-taxpayer members, beginning on or after January 1, 2015.

Any return filed on an incorrect form, or on a form for the wrong year, may not be processed and will not be considered timely filed. As a result, penalties and interest may be incurred. Use this tax return for calendar year 2015, fiscal years that begin in 2015 and end in 2016, and tax years of less than 12 months that begin on or after January 1, 2015, but before January 1, 2016. If you have a tax year of less than 12 months that begins and ends in 2016 and the 2016 return is not yet available at the time you are required to file the return, you must file an extension request to file the short period return and wait for the 2016 return.

Taxpayers using a 52-53 week year – A taxpayer who reports on the basis of a 52-53 week accounting period for federal income tax purposes may report on the same basis for Business Corporation Tax purposes. If a 52-53 week accounting period begins within seven days from the first day of any calendar month, the tax year is deemed to begin on the first day of that calendar month. If a 52-53 week accounting period ends within seven days from the last day of any calendar month, the tax period will be deemed to end on the last day of the calendar month.

Corporations Subject to Tax under Subchapter 3-A

CORPORATION DEFINED

Any entity that is an association taxable as a corporation for federal income tax purposes pursuant to IRC §7701(a)(3) is treated as a corporation for City tax purposes including an unincorporated entity that elects to be taxable as a corporation. Unincorporated entities that are taxable under the Business Corporation Tax are not subject to the Unincorporated Business Tax. Eligible entities having a single owner disregarded as a separate entity under the “check-the-box” rules and treated as either a sole proprietorship or a branch for federal tax purposes will be similarly treated for City tax purposes. See Finance Memorandum 99-1 for additional information.

Corporations Required to File a Business Corporation Tax Return

Corporations, other than S corporations, doing business, employing capital, owning or leasing property or maintaining an office in the City are required to file a Business Corporation Tax return. Pursuant to section 21 of Chapter 201 of the Laws of 2009, for tax years beginning on or after January 1, 2011, the Banking Corporation Tax was amended to provide criteria by which banking corporations, engaged in the business of credit card transactions and not otherwise doing business in New York City, would be subject to tax if they met certain criteria, regarding credit card customers or merchant customer contracts in the City. Some of these criteria were carried over and incorporated into the Business Corporation Tax. Pursuant to these criteria, a corporation is doing business in the City if (1) it has issued credit cards (bank, credit, travel and entertainment) to one thousand or more customers who have a mailing address in the City as of the last day of its taxable year and (2) it has merchant customer contracts with merchants and the total number of locations covered by those contracts equals one thousand or more locations in the City to whom the

corporation remitted payment for credit card transactions during the taxable year, or (3) the sum of the number of customers described in (1) plus the number of locations covered by its contracts describe in (2) equals one thousand or more.

Corporate Partners

- If a partnership is doing business, employing capital, owning or leasing property, or maintaining an office, or deriving receipts from activity in New York City, then a corporation that is a general partner in that partnership is subject to tax and must file Form NYC-2.
- If a partnership is doing business, employing capital, owning or leasing property or maintaining an office in New York City, then a corporation that is a limited partner of that partnership may be subject to tax pursuant to the regulations promulgated by the Commissioner of Finance. See 19 RCNY §11-06.

An LLC or LLP that is treated as a partnership for federal income tax purposes will be treated as a partnership for New York City tax purposes.

A corporation shall not be deemed to be doing business, employing capital, owning or leasing property, or maintaining an office in the City by reason of:

- The maintenance of cash balances with banks or trust companies in the City;
- The ownership of shares of stock or securities kept in the City if kept in a safe deposit box, safe, vault, or other receptacle rented for the purpose, if pledged as collateral security, or if deposited with one or more banks or trust companies, or with brokers who are members of a recognized security exchange, in safekeeping or custody accounts;
- The taking of any action by any such bank or trust company or broker,

which is incidental to the rendering of safekeeping or custodian service to the corporation;

- The maintenance of an office in this city by one or more officers or directors of the corporation who are not employees of the corporation if the corporation otherwise is not doing business in the City, and does not employ capital or own or lease property in the City;
- The keeping of books or records of a corporation in the City if such books and records are not kept by employees of the corporation and the corporation does not otherwise do business, employ capital, own or lease property, or maintain an office in the City; or
- Any combination of the activities listed above.

All business corporations subject to tax under Subchapter 3-A must file Business Corporation Tax returns using Form NYC-2, unless such corporations are required or permitted to file as members of a combined group.

Alien corporations – An alien corporation (a corporation organized under the laws of a country, or any political subdivision thereof, other than the United States, or organized under the laws of a possession, territory or commonwealth of the United States) is not deemed to be doing business, employing capital, owning or leasing property, maintaining an office, or deriving receipts from activity, in this city if its activities in this city are limited solely to:

- investing or trading in stocks and securities for its own account per IRC section 864(b)(2)(A)(ii);
- investing or trading in commodities for its own account per IRC section 864(b)(2)(B)(ii); **or**
- any combination of the above two activities.

An alien corporation that under any provision of the IRC is not treated as a domestic corporation as defined under IRC section 7701 and has no effectively connected income for the tax year will not be subject to tax under the Business Corporation Tax for that tax year. Ad. Code section 11-652(8) introductory paragraph (iii).

Who Must File a Combined Return

Under Administrative Code Section 11-654.3, a taxpayer:

- which owns or controls, either directly or indirectly, more than 50% of the voting power of the capital stock of one or more other corporations; **or**
- more than 50% of the voting power of the capital stock of such taxpayer is owned or controlled, either directly or indirectly, by another corporation; **or**
- more than 50% of the voting power of the capital stock of such taxpayer, and the capital stock of one or more other corporations, is owned or controlled, directly or indirectly, by the same interests; **and**
- that is engaged in a unitary business with such other corporations;

must file a combined return with those other corporations.

A corporation required to file a combined return also includes (§11-654.3(2)(b)):

- a captive real estate investment trust (REIT) (as defined in section 11-601(12)) or captive regulated investment company (RIC) (as defined in §11-601(13));
- a combinable captive insurance company (as defined in section 11-652(12)); **and**
- an alien corporation that satisfies the conditions in section 11-654.3(2)(a) (see above for such conditions), if such corporation is treated, under any provision of the IRC, as a domestic corporation as defined in IRC section

7701, or has effectively connected income pursuant to Ad. Code section 11-652(8) introductory paragraph (iii).

A corporation required or permitted to file a combined return does not include (§11-654.3(2)(c)):

- a corporation that is taxable, or would be taxable if subject to tax, under the General Corporation Tax or the Utility Tax (except for a vendor of utility services that is taxable under both the New York City Utility Tax and Subchapter 3-A) or would have been taxable as an insurance corporation under the former Part IV, Title R, Chapter 46 of the NYC Administrative Code as in effect on June 30, 1974;
- a REIT that is not a captive REIT;
- a RIC that is not a captive RIC; or
- an alien corporation that, under any provision of the IRC, is not treated as a domestic corporation as defined in IRC section 7701 and has no effectively connected income for the tax year pursuant to Ad. Code section 11-652(8) introductory paragraph (iii).

If a corporation is subject to tax under Subchapter 3-A solely as a result of its ownership of a limited partner interest in a limited partnership, or its membership interest that is equated to the interest of a limited partner, in an LLC that is being treated as a partnership for federal income tax purposes, that is doing business, employing capital, owning or leasing property, maintaining an office, or deriving receipts from activity, in this city, and none of the corporation's related corporations are subject to tax under Subchapter 3-A, such corporation shall not be required or permitted to file a combined return with such related corporations.

Commonly owned group election (§11-654.3(3)) - Subject to the restrictions of section 11-654.3(2)(c) (see above for such restrictions), a taxpayer may elect to treat as its combined group all corporations that meet only the ownership re-

quirements of section 11-654.3(2)(a) (see above for such requirements) without regard to also meeting the unitary business requirement. If this election is made, such corporations must compute the combined business income, combined capital, and fixed dollar minimum bases of all members of the group, whether or not that business income or business capital is from a single unitary business.

The election must be made on an original, timely filed return of the combined group, determined with regard to valid extensions of time for filing. The election is made by checking "Yes" on line 29a of Schedule A. Any corporation entering a commonly owned group subsequent to the year of election shall be included in the combined group, and is considered to have waived any objection to its inclusion in the combined group.

The election is irrevocable, and binding for and applicable to the tax year for which it is made, and for the next six tax years (not including short tax years). The election will automatically be renewed for another seven tax years, unless it has been revoked by the designated agent on an original, timely filed return for the first tax year after the completion of the prior seven year period. A revocation shall prohibit a new election in any of the immediately following three tax years (not including short tax years) by any member of the commonly owned group.

Designated agent - Each combined group must have one designated agent, which must be a taxpayer. The designated agent files the combined return of the combined group. Only the designated agent may act on behalf of the members of the combined group for matters relating to the combined return (§11-654.3(7)). However, every member of the combined group that is subject to tax under Subchapter 3-A is jointly and severally liable for the tax due pursuant to a combined return.

See the instructions for Form NYC-EXT for information regarding what constitutes a proper estimated tax for this purpose. Failure to pay a proper estimated amount will result in a denial of the extension.

A taxpayer with a valid six-month automatic extension filed on Form NYC-EXT may request up to two additional three month extensions by filing Form NYC-EXT.1. A separate Form NYC-EXT.1 must be filed for each additional three-month extension. Forms NYC-EXT and EXT.1 may be submitted electronically via the Department's Website or mailed to the address indicated on those forms.

FINAL RETURNS

If a corporation ceases to do business in New York City, the due date for filing a

final Business Corporation Tax Return is the 15th day after the date of the cessation (Ad. Code § 11- 655). Corporations may apply for an automatic six-month extension for filing a final return by filing Form NYC-EXT, Application for Automatic 6- Month Extension of Time to File Business Income Tax Return. Any tax due must be paid with the final return or the extension, whichever is filed earlier.

AMENDED RETURNS

If you are filing an amended return for any purpose, mark an X in the Amended return box on page 1 of the return. If you file an amended federal or state return, you must file an amended New York City return within 90 days (or 120 days if filing an amended combined return thereafter).

You must file using the correct year's return for the tax year being amended. Do not use the most current year's return if the current year is not the year being amended. If you file on the wrong year's return, it may cause the amended return to be rejected, or may cause a delay in receiving any tax benefits being claimed. The Business Corporation Tax is effective January 1, 2015 and does not apply to any tax return filed for a tax year commencing prior to January 1, 2015.

FOR AMENDED RETURNS BASED ON CHANGES TO FEDERAL OR STATE TAXABLE INCOME.

For taxable years beginning after January 1, 2015, changes in taxable income or other tax base made by the Internal Revenue Service and /or New York State Department of Taxation and Finance will no longer be reported on form NYC-3360. Instead an amended return should be filed. The Amended Return checkbox on the return should be used for reporting an adjustment resulting from an Internal Revenue Service audit of your federal corporate tax return and/or a New York State audit of your State tax return. If the Amended Return checkbox is being used to report such an audit, the appropriate box must be checked and the Date of Final Determination must be entered. Separate amended returns must be completed if you are reporting adjustments which have been made by both the Inter-

nal Revenue Service and New York State Department of Taxation and Finance. You must file an amended return within 90 days (120 days for taxpayers filing a combined report) after any of the following occurs with respect to a taxpayer: (i) a final IRS or New York State adjustment to taxable income or other tax base; (ii) the signing of a waiver under IRC section 6213(d) or NY Tax Law section 1081(f); or (iii) the IRS has allowed a tentative adjustment based on an NOL carryback or net capital loss carryback. If you disagree with the final Federal or New York State determination, complete the form showing the amounts as last reported or adjusted, and attach a schedule showing the additional tax (or refund) due as a result of the federal or state determination with a statement explaining why you believe the final determination was erroneous. If you do not attach such a statement, any additional New York City tax resulting from the final Federal or New York State determination is deemed assessed upon the filing of the amended return.

OVERVIEW OF BUSINESS CORPORATION TAX

Tax Bases and Rates

Under the Business Corporation Tax, the business income base is the primary tax base, with the business capital and fixed dollar minimum tax bases as alternatives. A combined group must pay the tax that results in the largest amount owed. In addition, the tax on a combined return includes the fixed dollar minimum tax of each member of the combined group (other than the designated agent) that is a taxpayer.

Tax on Business Income

The tax on the business income base is computed on Schedule B. The business income base is determined using a weighted three factor allocation formula.

For more on the tax rate applicable to the business income base, see Schedule H and accompanying instructions.

Tax on Business Capital

The tax on the business capital base is computed on Schedule C . The business capital base is determined using a weighted three factor allocation formula.

Fixed Dollar Minimum Tax.

The fixed dollar minimum tax is determined by the corporation's New York City receipts. To avoid an erroneous assessment or a delay in your refund, you must enter an amount on Form NYC-2A, Schedule A, line 3a. If you do not have New York City receipts, enter 0 in the box on line 3a. Failure to make an entry on this line may result in an assessment of tax, or reduction of your refund or credit.

FOR TAXPAYERS CLAIMING A NET OPERATING LOSS DEDUCTION

Taxpayers claiming a deduction for a Net Operating Loss must complete the new form NYC-2.4 (Net Operating Loss Deduction) and include it with their Business Corporation Tax filing. For more information see Form NYC-2.4. Under Subchapter 3-A, the restriction for REITs on using the NOL deduction is no longer applicable and, thus, REITs are permitted an NOL deduction. Taxpayers subject to the small business tax rate are still subject to the PNOLC limitations (unlike NYS). **NOLs from tax years that begin on or after January 1, 2015, cannot be carried back to tax years that began before January 1, 2015.**

ESTIMATED TAX

If the tax for the period following that covered by this return is expected to exceed \$1,000, a declaration of estimated tax and installment payments are required.

Form NYC-400 is to be used for declarations and installment payments of estimated tax. If the tax on this return exceeds \$1,000, Form NYC-400 will automatically be mailed to you for the new tax year. If, after filing a declaration, your estimated tax substantially increases or

decreases as a result of a change in income, deduction or allocation, you must amend your declaration on or before the next date for an installment payment. The procedure is as follows: Complete the amended schedule on the notice of estimated tax due. (This is your quarterly notice for payment of estimated tax.) Mail the bottom portion of the notice along with your check to:

**NYC Department of Finance
P.O. Box 3922
New York, NY 10008-3922**

If the amendment is made after the 15th day of the 9th month of the taxable year, any increase in tax must be paid with the amendment. For more information regarding estimated tax payments and due dates, see Form NYC-400.

PENALTY FOR UNDERSTATING TAX

If there is a substantial understatement of tax (i.e., if the amount of the understatement exceeds the greater of 10% of the tax required to be shown on the return or \$5,000) for any taxable year, a penalty will be imposed in an amount equal to 10% of the amount of the understated tax. The amount of understated tax on which you pay the penalty can be reduced by subtracting any item for which (1) there is or was substantial authority for the way in which the item was treated on the return, or (2) there is adequate disclosure of the relevant facts affecting the item's tax treatment on the return or in a statement attached to the return.

CHANGE OF BUSINESS INFORMATION

If there have been any changes in your business name, identification number, billing or mailing address or telephone number, complete Form DOF-1, Change of Business Information. You can obtain this form by calling 311. If calling from outside of the five NYC boroughs, please call 212-NEW-YORK (212-639-9675).

Also include on your final return any remaining profit not yet received from a prior year's installment sale.

S Corporation Termination Year

If an S corporation is terminating its federal S election on a day other than the first day of the tax year, the tax year is divided into two tax periods (an S short year and a C short year). The taxpayer must file a GCT or Bank Tax return for the S Corporation short year and a Form NYC-2 or Form NYC-2A for the C corporation short year. See Finance Memorandum 15-2, 4/17/2015.

Designated agent's information

Line 32 – Federal separate taxable income means for this purpose, the amount the designated agent computed (or if the designated agent's federal consolidated group is not the same as its New York City combined group, the amount the designated agent would have computed if the federal consolidated group was comprised of the same members as the New York City combined group) as follows: Report the amount computed in accordance with the provisions of the IRC that govern the computation of taxable income for separate return purposes, but subject to Treasury Regulations section 1.1502-12.

Line 33 – Enter the value of the designated agent's total assets at the beginning of the tax year on line 33a, and at the end of the tax year on line 33b. Schedule B

Line Instructions

Schedule B of Form NYC-2A for lines 2 through 20, provides a column for the group designated agent and a separate column for all the other combined members of the group. The amounts that are entered into the column for the combined members of the group should represent the total of the amounts from the corresponding lines from Schedule B of each member's Form 2A/BC that must be attached to Form NYC-2A. For example, on line 12, enter the appropriate adjustment for the designated agent in the designated agent column on Schedule B, line 12. For each member of the combined group except the designated agent, enter the appropriate adjustment on line 12 on the Form NYC-2A/BC submitted for that member, and enter the sum of these adjustments on line 12 of Schedule B of Form NYC-2A in the "Total of all combined members" column.

Computation of Tax on Business Income Base

The combined business income base is the amount of the combined business income of the group that is allocated to New York City, less any PNOLC subtraction and any NOLD for the combined group. In computing the combined business income base, the group is generally treated as a single corporation.

Combined business income is the ENI of the group minus the investment income of the group and the other exempt income of the group. In computing combined business income, most intercorporate dividends are eliminated. All other intercorporate transactions are deferred in a manner similar to the United States

Treasury Regulations relating to intercompany transactions under IRC section 1502.

ENI is:

- total net income from all sources which is presumably the same as the entire taxable income the taxpayer is required to report to the U.S. Treasury Department, or
- income effectively connected with the conduct of a trade or business within the United States, as determined under IRC section 882, for an alien corporation that under any provision of the IRC is not treated as a domestic corporation as defined in IRC section 7701; or
- Federal taxable income that would have been reported to the IRS in the case of a corporation which is exempt from federal income tax (other than tax on unrelated business income imposed under IRC section 511), but is taxable under Subchapter 3-A; **plus or minus** certain New York City modifications. The sum of the group's investment income and other exempt income must not exceed the group's ENI.

Line 1a – Enter the federal consolidated taxable income (CTI) of the New York City combined group. The CTI of the New York City combined group must be computed as if the New York City combined group, as formulated for purposes of filing this Form NYC-2A, had together filed a consolidated federal Form 1120 (even in instances where that was not the case, and even when some members of the New York City combined group would be prohibited under the IRC to file a consolidated federal Form 1120 with a member of the New York City combined group).

In computing the federal CTI of the New York City combined group, each member of the combined group must first compute its own federal separate taxable income in accordance with the provisions of the IRC that govern the computation of taxable income for separate return purposes, but subject to United States Treasury Regula-

tions section 1.1502-12. Report such federal separate taxable income of each member of the group on such member's Form NYC-2-A/BC, Schedule A, line 4 and report such income of the group's designated agent on Form NYC-2A, Schedule A, line 32. To this aggregate of federal separate taxable incomes of all group members, including the designated agent, the consolidated items stated in Treasury Regulations section 1.1502-11 must be subtracted from, or added to, such aggregate. The result is entered on line 1a.

When a captive REIT or captive RIC is required to file as a member of a combined group, determine federal separate taxable income of such captive REIT or captive RIC as follows (but also subject to Treasury Regulations section 1.1502-12):

- If you file Form 1120-REIT, use:
 - REIT taxable income as defined in IRC section 857(b)(2), as modified by IRC section 858; **plus**
 - the amount taxable under IRC section 857(b)(3);
 - then, in computing the dividends paid deduction, dividends paid by the captive REIT to any member of the affiliated group that includes the corporation that directly or indirectly owns over 50% of the voting stock of the captive REIT are not allowed and must be included in combined business income. An affiliated group is defined in IRC section 1504, but without regard to the exceptions provided for in IRC section 1504(b). Include such disallowed dividends paid deduction amount on Form NYC-2A, Schedule B, line 1d.
- If you file Form 1120-RIC, use:
 - investment company taxable income (as defined in IRC section 852(b)(2)), as modified by IRC section 855; **plus**
 - the amount taxable under IRC section 852(b)(3);

- then, in computing the dividends paid deduction, any dividends paid by the captive RIC to any member of the affiliated group that includes the corporation that directly or indirectly owns over 50% of the voting stock of the captive RIC are not allowed and must be included in combined business income. An affiliated group is defined in IRC section 1504, but without regard to the exceptions provided for in IRC section 1504(b). Include such disallowed dividends paid deduction amount on Form NYC-2A, Schedule B, line 1d.
- If you are exempt from federal income tax but subject to New York City Business Corporation Tax, you must determine the amount you would have had to report as separate federal taxable income, were you not exempt. Attach a separate sheet showing how you determined the amount.
- If you have an amount of excess inclusion as a result of having a residual interest in a real estate mortgage investment conduit (REMIC), you must properly reflect this income.
- If you are a corporate stockholder in a tax-exempt DISC, all transactions between you and each such DISC must be eliminated from your receipts, expenses, assets, and liabilities.

Your ENI must not include the amount of the deemed distribution of current income, if any, that was included in your FTI.

If you are a member of a federal affiliated group that files a consolidated return and the City combined group is the same as the federal group, or if all members of the City group are included in a larger federal group filing the consolidated return, attach a copy of the federal consolidated return and the consolidating workpapers indicating the separate taxable income of each corporation before elimination of intercorporate transactions. If some members of the City combined group are not included in the federal consolidated return, but instead file

separately, send a copy of the federal consolidated return plus a complete copy of the separate federal return, as filed with the IRS, for each corporation not included in the federal consolidated group.

Line 1f – Enter any intercorporate dividends between members of the New York City combined group that remain on line 1e after the application of the federal rules governing the computation of federal CTI. However, if the combined group is claiming the modification for a captive REIT under Ad. Code section 11-652(8)(r), intercompany dividends received from the combined captive REIT should **not** be eliminated.

LINES 2 and 3 – DIVIDENDS AND INTEREST AND OTHER INCOME EFFECTIVELY CONNECTED WITH THE CONDUCT OF A TRADE OR BUSINESS IN THE UNITED STATES NOT INCLUDED ON LINE 1g BY ALIEN CORPORATIONS

Alien corporations enter on line 2 dividends and interest on any kind of stock, securities or indebtedness which are effectively connected with the conduct of a trade or business in the U.S. pursuant to section 864 of the IRC, but which are excluded from federal taxable income; and enter on line 3 any other income not included on line 1g which would be treated as effectively connected with the conduct of a trade or business in the U.S. pursuant to section 864 of the IRC were it not excluded from gross income pursuant to section 103(a) of the IRC.

LINE 6 - INCOME TAXES

Enter any taxes on or measured by income or profit paid or accrued to the United States, or any of its possessions, which were deducted in computing federal CTI on line 1a.

LINES 7 AND 8 - STATE AND LOCAL BUSINESS TAXES

On line 7, in the appropriate column, enter the amount deducted on your federal return for business taxes paid or accrued to any state, any political subdivision of a state or to the District of Columbia if they are on or measured by profits or income or include profits or income as a measure of tax, including taxes

expressly in lieu of any of the foregoing taxes. Include the New York State Metropolitan Transportation Business Tax surcharge and the MTA Payroll Tax (New York State Tax Law, Art. 23).

Attach a schedule listing each locality and the amount of all those taxes deducted on your federal return.

On line 8, in the appropriate column, enter the amount of New York City General Corporation Tax, Banking Corporation Tax and Business Corporation Tax deducted on your federal return.

LINES 9, 10 AND 11 – NEW YORK CITY ADJUSTMENTS

Lines 9 & 10 – For the designated agent, enter the amount on NYC-2A, column A. For the other members of the combined group, enter amount on Form NYC-2A/BC and the sum on NYC-2A under total of all combined members.

Taxpayers claiming the employment opportunity relocation costs credit or the industrial business zone credit must enter on line 9 the amount shown on line 5 of Part II of Form NYC-9.6. Taxpayers claiming the real estate tax escalation credit must enter on line 10 the amount shown on line 4 of Part II of Form NYC-9.6.

Line 11 - The federal bonus depreciation allowed for "qualified property", as defined in the Job Creation and Worker Assistance Act of 2002 is not allowed for Business Corporation Tax purposes except for such deductions allowed with respect to "qualified New York liberty zone property", "qualified New York liberty zone leasehold improvements" and "qualified property" placed in service in the Resurgence Zone (generally the area in the borough of Manhattan south of Houston Street and north of Canal Street). For City tax purposes, depreciation deductions for all other "qualified property" must be calculated as if the property was placed in service prior to September 11, 2001.

Recent Federal Legislation Effecting Depreciation.

Section 143 of the Protecting Americans from Tax Hikes Act of 2015, Pub. L. No. 114-113, Div Q (December 18, 2015) (“2015 PATH Act”) extended bonus depreciation so that it is available for property acquired and placed in service during 2015-2019; bonus depreciation was extended through 2020 for certain property with a longer production period. Under the 2015 PATH Act, the bonus depreciation is 50% for property placed in service during 2015-2017, 40% for property placed in service during 2018, and 30% for property placed in service during 2019. The first year depreciation for passenger automobiles under IRC section 280F(a)(1)(A) is increased by \$8,000 for the 2015 tax year for certain qualified property. However, in the case of a passenger automobile placed in service after December 2016, the first year additional depreciation is phased down to \$6,400 in the case of an automobile placed in service during 2018 and to \$4,800 in the case of automobile placed in service during 2019.

The Administrative Code limits the depreciation for “qualified property” other than “Qualified Resurgence Zone property” and “New York Liberty Zone property” to the deduction that would have been allowed for such property had the property been acquired by the taxpayer on September 10, 2001, and therefore, except for Qualified Resurgence Zone property, as defined in the Administrative Code and “New York Liberty Zone property,” the City has decoupled from the federal bonus depreciation provision. Qualified Resurgence Zone property is qualified property described in section 168(k)(2) of the IRC substantially all of the use of which is in the Resurgence Zone (which is generally in the borough of Manhattan south of Houston Street and north of Canal Street), is in the active conduct of a trade or business by the taxpayer in such zone, and the original use of which in the Resurgence Zone commences with the taxpayer after September 10, 2001. The Administrative Code also requires appropriate adjustments to the amount of any gain or loss included in entire net income or unincorporated

business entire net income upon the disposition of any property for which the federal and New York City depreciation deductions differ.

For further information, see the instructions to Form NYC-2 and use Form NYC-399Z for this calculation. For tax years beginning on or after January 1, 2004, other than for eligible farmers (for purposes of the New York State farmers school tax credit), the amount allowed as a deduction with respect to a sport utility vehicle that is not a passenger automobile for purposes of section 280F(d)(5) of the IRC is limited to the amount allowed under section 280F of the IRC as if the vehicle were a passenger automobile as defined in that section. For SUVs that are qualified property other than qualified Resurgence Zone property and other than New York Liberty Zone property, the amount allowed as a deduction is calculated as of the date the SUV was actually placed in service and not as of September 10, 2001. Note that for the 2015 tax year for Business Corporation Tax purposes:

- An SUV cannot qualify as either Qualified Resurgence Zone Property or as New York Liberty Zone property. (See Administrative Code §11-652(8)(o)).

- An SUV cannot qualify for the additional first year depreciation available under the recent federal legislation described above.

On the disposition of an SUV subject to the limitation, the amount of any gain or loss included in income must be adjusted to reflect the limited deductions allowed for City purposes under this provision.

See Finance Memorandum 15-1, “Application of IRC §280F Limits to Sports Utility Vehicles.”

The federal depreciation deduction computed under the Accelerated Cost Recovery System or Modified Accelerated Cost Recovery System (IRC Section 168) is not allowed for the following types of property:

- property placed in service in New York State in taxable years beginning before January 1, 1985 (except recovery property subject to the provisions of Internal Revenue Code Section 280-F)
- property of a taxpayer principally engaged in the conduct of an aviation, steamboat, ferry, or navigation business, or two or more such businesses which is placed in service in taxable years beginning after December 31, 1988, and before January 1, 1994. In place of the federal depreciation deduction, a depreciation deduction using pre-ACRS or MACRS rules (IRC §167) is allowed. Enter on line 11 the ACRS adjustment from Form NYC-399, Schedule C, line 8, Column A. Enter on line 19 the ACRS adjustment from Form NYC-399, Schedule C, line 8, Column B. ACRS and MACRS may be available for property placed in service outside New York City in years beginning after 1984 and before 1994. *See Finance Memorandum 99-4 “Depreciation for Property Placed in Service Outside New York After 1984 and Before 1994.”*

LINE 12 - PAYMENT FOR USE OF INTANGIBLES

Add back payments for the use of intangibles made to related members as required by Ad. Code section 11-652(8)(n). Ad. Code section 11-652(8)(n) provides that, except where a taxpayer is included in a combined report pursuant to Ad. Code section 11-654.3 with the applicable related member, for the purpose of computing entire net income or other applicable taxable basis, a taxpayer must add back royalty payments directly or indirectly paid, accrued or incurred in connection with one or more direct or indirect transactions with one or more related members during the taxable year to the extent deductible in calculating federal taxable income. There are four statutory exceptions to this requirement. Those four exceptions generally can apply in following situations (for additional conditions that must be met, see the Ad.

Code sections indicated below):

If all or part of the royalty payment a related member received was then paid to an unrelated third party during the tax year, that portion of the payment will be exempt if the transaction giving rise to the original royalty payment to the related member was undertaken for a valid business purpose, and the related member was subject to tax on the royalty payment in this city or another city within the United States or a foreign nation or some combination thereof (Ad. Code §11-652(8)(n)(2)(ii)(A));

If the taxpayer's related member paid an aggregate effective rate of tax on the royalty payment, to this city or another city within the United States or some combination thereof, that is not less than 80 percent of the rate of tax that applied to the taxpayer under Ad. Code section 11-604 for the tax year (Ad. Code §11-652(8)(n)(2)(ii)(B));

If the related member is organized under the laws of a foreign country that has a tax treaty with the United States, the related member's income from the transaction was taxed in such country at an effective rate of tax at least equal to that imposed by this city, and the transaction giving rise to the royalty was undertaken for a valid business purpose and reflected an arm's length relationship. (Ad. Code §11-652(8)(n)(2)(ii)(C)); or

If the taxpayer and the Department of Finance agree to alternative adjustments that more appropriately reflect the taxpayer's income (Ad. Code §11-652(8)(n)(2)(ii)(D)).

The law as amended also defines the term "related member" by linking it to the definition in Internal Revenue Code section 465(b)(3)(c), but substituting 50 percent for the 10 percent ownership threshold.

LINE 13 - DOMESTIC PRODUCTION ACTIVITIES DEDUCTION

Add back any amounts deducted under section 199 of the Internal Revenue Code (Domestic Production Activities Deduction). Please attach federal Form 8903.

LINE 14 - OTHER ADDITIONS

- a) The Ad. Code nullifies the effects of federal "safe harbor leases" upon New York City taxable income (§§11-652(8)(a)(8) and (9) of the Ad. Code). This applies to agreements entered into prior to January 1, 1984.

Any amount included in the computation of federal taxable income solely as a result of an election made under IRC section 168(f)(8) must be removed when computing New York City taxable income. Any amount excluded in the computation of federal taxable income solely as a result of an election made under IRC section 168(f)(8) must be included when computing New York City taxable income.

Exempt from these adjustments are leases for qualified mass commuting vehicles and property of a taxpayer, subject to the Business Corporation Tax, principally engaged in the conduct of an aviation, steamboat, ferry or navigation business, or two or more such businesses, which is placed in service before taxable years beginning in 1989.

Enter the appropriate additions and deductions of the designated agent on lines 14 and 20, respectively, and attach a rider to show the "safe harbor" adjustments to New York City taxable income. With respect to the other members of the combined group, enter the adjustments on lines 14 and 20, respectively of each member's NYC-2A/BC and attach a rider showing the "safe harbor" adjustments to New York City taxable income.

- b) Any "windfall profit" tax deducted in computing federal income must be added back when computing NYC entire net income.
- c) For tax years beginning on or after August 1, 2002, corporations that are partners in partnerships that receive at least eighty percent of their

gross receipts from providing mobile telecommunications services must exclude their distributive share of income, gains, losses and deductions from any such partnership, including their share of separately reported items, from their federal taxable income reported on line 1a. Include in this line the distributive share of any deductions or losses included in the amount reported on line 1a.

LINE 16 - PROPERTY ACQUIRED PRIOR TO 1966

A deduction is allowed with respect to gain from the sale or other disposition of any property acquired prior to January 1, 1966 (except stock in trade, inventory, property held primarily for sale to customers in the ordinary course of trade or business, or accounts or notes receivable acquired in the ordinary course of trade or business). The amount of the deduction with respect to each such property is equal to the difference between:

- a) the amount of the taxpayer's federal taxable income; and
- b) the amount of the taxpayer's federal taxable income (if smaller than the amount described in (a)), computed as if the federal adjusted basis of each such property (on the sale or other disposition of which gain was realized) on the date of the sale or other disposition had been equal to either:
 - 1) its fair market value on January 1, 1966, or the date of its sale or other disposition prior to January 1, 1966, plus or minus all adjustments to basis made with respect to such property for federal income tax purposes for periods on or after January 1, 1966; or
 - 2) the amount realized from its sale or other disposition, whichever is lower.

In no event, however, shall the total amount computed above exceed the taxpayer's net gain for the year from

the sale or other disposition of property (other than stock in trade, inventory, property held primarily for sale to customers in the ordinary course of trade or business, or accounts or notes receivable acquired in the ordinary course of trade or business). Attach a rider showing computation and a copy of federal Form 1120 Schedule D.

Schedule C

Computation of tax on combined capital base

The tax on the combined capital base is computed on that portion of the combined capital allocated to New York City. In computing combined capital, all intercorporate stockholdings, intercorporate bills, intercorporate notes receivable and payable, intercorporate accounts receivable and payable, and other intercorporate indebtedness, shall be eliminated. Combined capital is all assets, other than investment capital and stock issued by the taxpayer, less liabilities not deducted from investment capital. Combined capital includes only those assets the income, loss, or expense of which are properly reflected (or would have been properly reflected if not fully depreciated or expensed, or depreciated or expensed to a nominal amount) in the computation of ENI for the tax year. Corporate partners filing using the aggregate method must include their proportionate part of the partnership's assets and liabilities in their computation.

LINES 1 THROUGH 6 - AVERAGE VALUE OF TOTAL ASSETS

To determine the value of your assets for business and investment capital purposes, you must include real property and marketable securities at fair market value. The value of all other property must be included at the value shown on the taxpayer's books and records in accordance with generally accepted accounting principles (GAAP). Attach a schedule showing the computation of the average value.

Average value is generally computed on a quarterly basis. A more frequent basis (monthly, weekly or daily) may be used.

Where the taxpayer's usual accounting practice does not permit computation of average value on a quarterly or more frequent basis, a semiannual or annual basis may be used if no distortion of average value results.

With respect to real property owned by the taxpayer and located within New York City, the fair market value is presumed to be not less than the estimated market value of the property on the Final Assessment Roll of the City for the period covered by the return or the most recent sales price, whichever is greater.

In column A, enter the average value entered on line 33c of Schedule A for the designated agent. In column B, enter the sum of the amounts from Form NYC-2A/BC, Schedule C, line 1, column C, for each other member of the combined group. In column D, enter the result of column A, plus column B, minus column C. On line 2, enter the value of real property and marketable securities included in line 1. Enter on line 4 the fair market value of real property and marketable securities.

Line 6 – Enter the amount of all liabilities attributable to assets entered on line 1, both long and short term. Use the same method of averaging used to determine average value of assets. In column A, enter the average value entered on line 34c of Schedule A for the designated agent. In column B, enter the sum of the amounts from Form NYC-2A/BC, Schedule C, line 6, column C for each other member of the combined group. In column C, enter any required intercorporate eliminations. In column D, enter the result of column A, plus column B, minus column C.

LINES 7 THROUGH 11

If the period covered by this report is other than a period of twelve calendar months, first follow the instructions on Schedule C to calculate preliminary amounts for lines 7 through 11. Before entering these amounts on Schedule C, multiply each amount by a fraction, the numerator of which is the number of months or major parts thereof included in

such period and the denominator of which is twelve.

Enter on line 8 the amount from Schedule D, line 4. Subtract the amount on line 8 from the amount on line 7 and enter the difference on line 9 of this Schedule C. If the amount on Schedule D, line 4 is less than zero, enter zero ("0") on line 8 of Schedule C, enter the amount from line 7 on line 9.

Line 10 – An addback to business capital is required when the presumptive holding period for qualifications of investment capital is not met (Ad. Code §11-652(4)(d); See Form NYC-2.1).

LINE 13

The tax on business capital is calculated as follows:

- a. Subtract any amounts in Column A, lines 13b and 13c from the amount on line 13. Enter the result in Column A of line 13a, multiply this amount by .15% and enter the result in Column C.
- b. Enter the portion of the total of the business capital directly attributable to a corporation that is or would be taxable under the New York City Utility Tax (except for a vendor of utility services that is taxable under both the Utility Tax and the Business Corporation Tax) or a corporation that would have been taxable as an insurance corporation under former part IV, title R, chapter forty-six of the Administrative Code of the City of New York as in effect on June 30, 1974 on line 13b, Column A and multiply that amount by .075% and enter the result in Column C. Check the box(s) to indicate if the capital is attributable to a utility corporation or to an insurance corporation.
- c. Cooperative housing corporations: Enter the Boro, block and lot numbers of the cooperative corporation, enter the amount on Line 13c, Column A, and multiply that amount by the tax rate of .04%. Enter the result in Column C of Line 13c.

Schedule D

Computation of combined investment capital for the current tax year.

This schedule computes the amount of investment capital that is excluded from the tax on the capital base and is reported on Schedule C, line 8. Enter on this Schedule D the amounts indicated on Schedule E and Schedule F from Form NYC-2.1.

For more information on investment capital, see Form NYC-2.1.

NOTE: You **must** file Form NYC-2.1 and identify investment capital items or the subtraction will be disallowed.

SCHEDULE F

Business Allocation

NOTE: Zip codes beginning with the following three-digits are within the five boroughs of New York City:

- Manhattan 100, 101, 102
- Bronx 104
- Brooklyn 112
- Queens 111, 113, 114, 116
- Staten Island 103

In addition, the five-digit zip codes 11004, 11005 and some addresses with a zip code of 11001, 11040 and 11096 are in the borough of Queens. If the zip code is 11001, 11040 or 11096, consult the address translator located on the City's website at:

<http://a030-goat.nyc.gov/goat/Default.aspx>

to determine if the corporation's address is within New York City.

A corporation is entitled to allocate part of its business income and capital outside New York City if it carries on business both inside and outside New York City, or otherwise carries on business in New York City and less than 100% of its receipts are allocated to New York City. The business allocation percentage is generally computed by means of a three factor formula:

- real and tangible personal property (including rented property)

- business receipts
- payroll

WEIGHTED FACTOR ALLOCATION

For taxable years beginning in 2015, taxpayers must weight the three factors as follows: 10% for property; 10% for wages; and 80% for receipts. Those corporations using weighted factors must complete Schedule F. The following example illustrates the calculation of the business allocation percentage using weighted factors:

Example - Assume the percentages on lines 1g, 2h and 3b are as follows:

- 1g. 25.0002%
- 2b. 65.2206%
- 3b. 35.6104%

The amounts on lines 1h, 2c, 3c, 4 and 5 should be calculated as follows:

- 1h. $25.0002 \times 10 = 250.002$
- 2c. $65.2206 \times 80 = 5217.648$
- 3c. $35.6104 \times 10 = 356.104$
- 4. Sum of above = 5823.7540
- 5. divide line 4 by 100

Express as a percentage: 58.24%

Special Entities

FOREIGN AIRLINES

Foreign airlines that have a foreign air carrier permit pursuant to section 402 of the Federal Aviation Act of 1958 may exclude from ENI all income from international operations effectively connected to the United States, foreign passive income, and income earned from overseas operations, provided the foreign country in which the airline is based has a similar exemption from tax with respect to United States airlines. (Ad. Code Section 11-652(8)(c-1)).

Property, receipts and wages, salaries or other personal service compensation directly attributable to the generation of income described above not included in entire net income under Ad. Code Section 11-652(8)(c-1) are excluded when calculating the business allocation percentage. See Ad. Code Section 11-654(3)(a)(11)).

When computing the tax on capital, foreign airlines may also exclude from business capital those assets used to generate the exempt income (to the extent the assets were employed in generating that income).

However, if the country in which the foreign airline is based does not provide a similar exemption from tax with respect to United States airlines, the foreign airline is not entitled to the exclusions from income and capital described above. (Ad. Code §11-652(6)(b)).

AVIATION CORPORATIONS AND CORPORATIONS OPERATING VESSELS

Aviation corporations and corporations operating vessels must complete this Schedule F. Additionally, these corporations must complete Form NYC-2.5A. The special allocation rules formerly used to allocate the income of these corporations are now used in allocating the receipts of these corporations on Form NYC-2.5A. See the instructions for Form NYC-2.5A for more information.

ALTERNATIVE ALLOCATION METHOD

You cannot use an allocation method other than the formula basis set out in Schedule F without the consent of the Department of Finance. In order to request consent to use a different method of allocation, a written request, separate and apart from filing this return, must be submitted. For details on how to make such a request, go to www.nyc.gov/finance.

If the consent to use a different allocation method has not been obtained at the time of the filing of the return, you must use the formula basis set out in Schedule F and pay the tax in accordance therewith. If the Department consents to your proposed alternative allocation method and it results in a lower tax liability than the formula basis set out in Schedule F, you may be entitled to claim a refund of the excess amount you have paid by filing an amended return and reporting the change in your tax liability using the alternative allocation method.

COMPLETING SCHEDULE F

For lines 1a(A) through 1e(B) as well as 3a(A) and 3a(B), use Column A for the

group designated agent and Column B for all the other combined members of the group. The amounts entered in Column B should be the total of the amounts from the corresponding lines from Schedule F of each member's Form 2A/BC that must be attached to Form NYC-2A.

New York City amounts to enter in **row (A)** of Schedule F, lines 1a through 3a are determined per the specific line instructions below. Everywhere amounts to enter in **row (B)** of Schedule F, lines 1a through 3a should be 100%, before intercorporate eliminations, of the Property, Receipts, or Wages, salaries or other compensation of employees, unless otherwise specified. Skip a line only if **both** the numerator (New York City) and the denominator (Everywhere) are zero.

For column **C**, the amount entered can be either a positive or negative amount depending on what is being eliminated. If a negative amount, use a minus (-) sign, not parentheses or brackets.

For columns **D and E**, if any combined total for a particular line nets to less than zero, enter 0 for that line. Unless specifically instructed otherwise, enter in column D of any given line the result of row A, column A plus column B, minus column C for that particular line; and enter in column E of any given line the result of row B, column A plus column B, minus column C for that particular line.

LINES 1 AND 2 - Property Factor

When computing the property percentage, value real and tangible personal property owned by the corporation at the adjusted basis used for federal income tax purposes. However, you may make a one time revocable election to value real and tangible personal property owned at fair market value. You must make this election on or before the due date (or extended due date) for filing the taxpayer's first

Business Corporation Tax Return. This election will not apply to any taxable year with respect to which the corporation is included in a combined report unless each of the corporations included on the combined report has made the election which remains in effect for such year.

LINE 1b - REAL ESTATE RENTED

Gross rent includes any amount payable as rent or in lieu of rent, such as taxes, repairs, etc., and, if there are leasehold improvements made by or on behalf of the taxpayer, the amount of annual amortization of such cost. Do not include the rental of personal property on this line.

LINE 1d - TANGIBLE PERSONAL PROPERTY OWNED

General executive officers include the chairman, president, vice-president, secretary, assistant secretary, treasurer, assistant treasurer, comptroller, and any other officer charged with the general executive affairs of the corporation. LINE 5 - BUSINESS ALLOCATION PERCENTAGE

Divide line 4 by 100 if no factors are missing. If a factor is missing, divide line 4 by the total of the weights of the factors present. For any tax rate calculated under lines 4 through 6 or lines 10 through 12 of Schedule H, express the finally determined rate as a percentage carried out and rounded to three (3) decimal places – i.e. 7.053%, not 7.1% or 7.05%.

For a combined group, more than (50) percent of the combined group's receipts (with any intercorporate receipts eliminated) must be the sale of goods produced by the above-described activities. See Ad. Code section 11-654(1)(k)(4)(i).
