GENERAL INFORMATION

HIGHLIGHTS OF 1998 LEGISLATION

Chapter 536 of the Laws of 1998 made the following changes to the New York City Utility Tax:

Effective January 1, 1998, a vendor of utility services includes every person not subject to the supervision of the Public Service Commission who provides telecommunications services, which are defined as including any transmission of voice image, data, information and paging through the use of wire, cable, fiber optic, laser, microwave, radio wave, satellite or similar media. See Ad. Code §11-1101.9.

Effective January 1, 1998, receipts from sales of gas, electricity, steam, water or refrigeration or the rendering of gas, electric, steam, water or refrigeration service to a landlord not subject to PSC supervision for resale by such landlord to tenants are not excluded from gross income of a utility.

Effective January 1, 1998, gross operating income of a landlord not subject to PSC supervision does not include income derived from the resale of gas, electricity, steam, water or refrigeration or gas, electric, steam, water or refrigeration service to tenants, provided, that in the case of a resale of gas, electricity, or steam or gas, electric, or steam service, the utility tax has been paid or accrued with respect to a prior sale. If such income of a landlord is subject to tax, the amount of gross income included in gross operating income is deemed to be equal to such landlord's cost, including transportation costs.

Effective January 1, 1998, landlords not subject to PSC supervision of all whose gross operating income for utility tax purposes for any period consists of income not subject to tax as described in the preceding paragraph are not required to file Form NYC-UXS for that period. An information return may be required to be filed by September 1, of each year.

Effective for tax periods beginning after 1998, returns are only required semiannually for taxpayers whose utility tax liability is \$100,000 or less for the preceding calendar year, determined on an annualized basis. Taxpayers first becoming subject to the utility tax must file monthly returns for every month of the calendar year during which they first become subject to tax.
