IMPORTANT CHANGES

- A 35% rent reduction is allowed in computing base rent subject to tax.
- The Base Rent Before Rent Reduction (line 7, or line 12 if applicable, on page 2) NOT the line 9 amount, determines your tax rate. Transfer the amount on line 9 to the rate class on lines 13 through 18 which corresponds to the amount on line 7, or line 12 if applicable.
- Taxpayers whose annual or annualized base rent before the 35% rent reduction is less than \$100,000 are no longer subject to the Commercial Rent Tax. However, a tax return may be required to be filed.
- A tax return is no longer required to be filed with respect to any premises if your gross rent paid is \$75,000 or less and you do not receive over \$75,000 in rent from any subtenant.
- A tax credit is allowed for taxpayers whose annual or annualized base rent before the 35% rent reduction is at least \$100,000, but is less than \$140,000. The tax credit is incorporated into the tax rates on page 1 of Form CR-A.
- In computing base rent, all rents received from subtenants may be deducted by a prime tenant, regardless of amount.

GENERAL INFORMATION

FORMS TO BE USED AND PERIODS COVERED

An annual return (CR-A) is required to be filed by every tenant, on or before June 20, covering the preceding year from June 1 to May 31. Every tenant subject to tax for a period must file a quarterly return (Form CR-Q). Quarterly returns are due for the three-month periods ending on the last days of August, November and February of each tax year and must be filed within 20 days after the end of the period they cover.

Every tenant not subject to tax in any period because its annual or annualized base rent before the 35% rent reduction is less than \$100,000 (refer to Exemptions on the following page) must file an annual return, provided, however, a tenant that is not subject to the tax because its annual or annualized base rent before the 35% rent reduction is less than

\$100,000 will not be required to file an annual return (CR-A) if, with respect to any premises, its annual or annualized gross rent is \$75,000 or less, and it does not receive over \$75,000 in rent from any subtenant.

If a tenant ceases to do business, the tax is due immediately, and the tenant must file a final return for the entire year (Form CR-A) within 20 days from the date the tenant ceases to do business. If the tenant nevertheless continues to pay rent for the taxable premises, in which case the tenant must continue to file returns and pay the tax.

If a tax return or payment is delivered to the Department of Finance by U.S. mail after the due date, the date of the U.S. Postal Service postmark stamped on the envelope will be considered the date of delivery, provided the postmark date falls on or before the due date including any extension and the return was deposited in the mail, postage prepaid and properly addressed. Non-U.S. Postal Service postmarks will also be recognized, provided delivery to the Department of Finance occurs within five days of the postmark date. If the five-day limit is exceeded, the taxpayer must establish: a) the item was actually deposited in the mail by the due date; b) the delay in receipt was due to a delay in the transmission of the mail; and c) the cause of the delay.

If the due date falls on a Saturday, Sunday or legal holiday, the due date is extended to the next succeeding business day.

For late filings of quarterly returns, interest must be paid on the amount of the underpayment from the due date until the earlier of (1) 20 days after the end of the tax year, or (2) the date as of which the tax paid for the tax year equals 75% of the full tax required to be paid for the tax year. The interest must be paid with the annual return. For calculation of interest, call Taxpayer Assistance at: 718-935-6000. Interest amounting to less than \$1 need not be paid.

WHO IS A TENANT

A tenant is a person who pays or is required to pay rent for premises as a lessee, sublessee, licensee or concessionaire. No tax return need be filed if the individual or the business entity is the same individual or entity owning the premises. The tax form should be returned to the Department of Finance stating the owner's name and address, Employer Identification Number or Social Security Number, the address of the property and the block and lot number as shown on the real estate tax bill. Shareholders in cooperative corporations are not considered "owners of record."

The following situations do not exempt the tenant from tax:

- a) where a building is owned, not by a tenant but by a spouse or parent of the tenant;
- b) where a building is owned by the tenant jointly or in common with another person, other than a spouse;
- c) where a building is owned by a corporation of which the tenant is an officer or holder of all or part of the corporate stock;
- d) where the tenant is a corporation and the building is owned by a subsidiary corporation or by a parent corporation;
- e) where the tenant is a corporation and the building is owned by an officer or stockholder of the corporation.

TAXABLE PREMISES

Taxable premises are premises used or intended to be used to carry on any trade, business, professional, vocational or commercial activity, including premises used solely for the purpose of renting the same in whole or in part to subtenants. Taxable premises include a specific part of particular space in a warehouse rented for the storage of goods, or in a garage, parking lot or parking area rented for the parking of motor vehicles, in connection with the tenant's conduct of business or professional activity; also included is a safe deposit box or locker or beach cabana if used for business purposes.

WHAT CONSTITUTES RENT

Rent is the consideration paid or required to be paid by a tenant for the use or occupancy of premises, valued in money, whether received in money or otherwise, including all credits, property, or services of any kind, as well as any payment required to be made by a tenant on behalf of the landlord for real estate taxes, water and sewer charges, or any other expenses (including insurance) normally payable by a landlord who owns the realty, other than expenses for the improvement, repair or maintenance of the tenant's premises.

Where the rent paid by a tenant for the occupancy of taxable premises is measured in whole or in part by the gross receipts from the sales within the premises, the rent, for purposes of computing the Commercial Rent Tax is the actual percentage of gross receipts due the landlord, but not in excess of 15% of gross receipts.

Tenant shareholders in cooperative buildings should calculate the amount of rent subject to tax as provided in Section 7-01 "Rent" of the Commercial Rent Tax Rules. (Title 19, Rules of

the City of New York, Chapter 7) If a tenant uses two or more taxable locations in the same building at the same time, the total rent paid for all such locations constitutes rent paid for one taxable premises.

WHAT CONSTITUTES BASE RENT

Base rent is generally the rent paid for each taxable premises by a tenant to the landlord for a period, less the amounts received by or due such tenant for the same period from any subtenant of any part of the premises. (See instructions to line 4, Rent from Subtenant(s))

Where the base rent is for a period of less than one year it must be annualized. Base rent is annualized by assuming it was paid on an equivalent basis for the entire year.

In computing base rent, rent received from a subtenant subject to the tax or exempt from the tax because the subtenant's annual or annualized base rent is less than \$100,000, and rent received from a subtenant that is a governmental entity, the UN, or a nonprofit religious, charitable or educational entity exempt from the tax may be deducted by a prime tenant.

NOTE: Base rent paid by a tenant for one taxable premise cannot be reduced by deducting rents received by that tenant for another taxable premise of which he is also a tenant.

A tenant is also entitled to deduct from the base rent amounts paid by the tenant for the tenant's own use of the premises:

- for railroad, air, or omnibus transportation purposes;
- for piers, insofar as they are used in interstate or foreign commerce;
- which are located in, on, above, or under a public place and are defined by law as special franchise property;
- which are advertising space or signs, vending machines, or newsstands in subway or elevated railroad premises operated by the New York City Transit Authority when the rent is payable to the Transit Authority; or
- which is parking space subject to the additional 8% parking tax imposed under Administrative Code Section 11-2049.

For a more detailed discussion of deductions in calculating base rent refer to Section 11-704 of the NYC Administrative Code and Section 7-01 "Base Rent" of the Commercial Rent Tax Rules. (Title 19, Rules of the City of New York, Chapter 7)

EXEMPTIONS

The following are exempt from payment of the Commercial Rent Tax:

- a tenant whose annual or annualized base rent before the 35% rent reduction is less

than \$100,000. The annualized base rent for a period of less than one year is determined as if the rent had been paid on an equivalent basis for an entire year;

- a tenant who uses premises for 14 days or less (whether or not consecutive) in a tax year, and is not required to pay rent for a longer period;
- a tenant (other than the operator of a hotel, apartment hotel or lodging house) who uses premises for residential renting to others to the extent of 75% or more of the rentable floor space;
- a tenant who uses premises for certain dramatic or musical arts performances for less than 4 weeks where the performances are not intended to continue for less than 4 weeks. A tenant who uses taxable premises for the production and performance of a theatrical work is exempt from the tax with respect to the rent paid for the taxable premises for a period not exceeding 52 weeks from the date production commenced. For purposes of this exemption, production will be considered to commence on the date public performances begin; and
- various governmental bodies, the U.N., and nonprofit religious, charitable, and educational organizations. Other nonprofit organizations may be exempt from the tax. For more information, see Sections 7-04 through 7-06 of the Commercial Rent Tax Rules (Title 19, Rules of the City of New York, Chapter 7).

COMBINED BUSINESS/RESIDENTIAL USE

Where a tenant pays an undivided rent for a premises used both for residential and business purposes, the tax applies to that part of the rent that is attributable to the part of the premises used for business purposes. In such a case, the rent attributable to business use is the amount which the tenant deducts as rent for the premises for federal income tax purposes.
