Condominium Changes:

New condominium owners must have filed a real property transfer tax (RPTT) form with the Division of Land Records at www.nyc.gov/acris. We will not be able to process your submission unless a deed or real property transfer tax form has been filed. Once you have recorded your document(s) with the City Register, please re-submit any changes to primary residency online.

Change Types:

Please see below the list of Change Types along with definitions for what they mean to ensure your change goes through automation.

Change Existing Prim Res / Change Primary Residency:

Use this when the owner of the property has not changed, but his or her residency status has. For example, if the owner has retired and now claims primary residence in Florida, you will change the “Yes” under Primary Residency to “No.”
**New Owner (New Sale New Owner):**
Use this when the unit has been sold to a new owner. You must have the new owner’s Social Security number or employer identification number. If the sales transaction is not recorded in the city’s ACRIS system, you will need to provide proof of ownership.

**Add New 2nd + Owner**
Use this when the unit has been sold to more than one new owner. You must have the new owner's Social Security number or employer identification number.

**Combine Units:**
Use this when two or more units in the building have been combined. You must submit a stock certificate or other form of documentation, and the stock certificate must be typed, not handwritten.

**Change Shares #:**
Use this to update the number of shares recorded for an owner in our system. You must submit a stock certificate or other form of documentation, and the stock certificate must be typed, not handwritten.

**Name Change:**
Use this only when the owner’s name is not correct in our system or has changed due to marriage or another circumstance. You must have the owner’s correct Social Security number or employer identification number.

If the units have been combined, if the unit is not listed on the Benefit Breakdown Report or the unit shares need to be updated, please submit a copy of the stock certificate showing the owner(s), unit number and total shares.

**Submitting Attachments/Stock Certificates**
Click on the button **Attachments/Stock Certificates** – a new window will open for you to upload your attachments. Click on the button **Browse** and then choose the attachment to be uploaded. Click on the button **Upload Documents** and then click on **Submit**.
