Davoren Complex in order to reduce the violence and risk of harm in the facility. The violence reduction plan including changes to housing practices so that incarcerated individuals are not housed predominately by gang affiliation, improvements to staff supervision to ensure routine touring of housing units, enhanced programming and services, and increased searches and tactical search operations.
- b. *Expanded Security Initiatives to Other Facilities*: Within 60 days of this Order, the Department, in consultation with the Monitor, shall expand the implementation of the Commissioner's violence reduction plan, with any necessary revisions and modifications, to GRVC in order to reduce the violence and risk of harm in that facility. Following the roll-out of the violence reduction initiative at GRVC, the Department, in consultation with the Monitor, shall focus on initiatives to reduce violence at AMKC.
- c. *Cell Doors*: By July 29, 2022, the Department shall install 75 new cell doors to complete the installation of new cell doors in all housing units that house young adults at RNDC. The Department shall ensure that incarcerated individuals assigned to celled housing units are assigned to cells with doors where the locking mechanisms are functioning properly.

- d. *Improved Routine Tours*: The Department shall conduct routine tours, including, but not limited to, tours of the housing units every 30 minutes. The Department shall immediately institute improved practices to ensure that routine touring is occurring, including the use of the “tour” wand by Correction Officers during each tour conducted. The Office of the Commissioner shall audit the electronic records of tours conducted by uniform staff to ensure compliance with touring requirements.

2. Staffing

- a. *Interim Post-Priority List*: Within 30 days of the Order, the Department must develop an interim post-priority list to ensure that the posts most directly related to the safety of the incarcerated population are prioritized and duly designated as mandatory posts. The list of mandatory posts shall include, but not be limited to, housing areas. The Department shall ensure that all mandatory posts on the post-priority list are staffed.
- b. *Interim List of Uniform Staff Available to Work*: By August 1, 2022, the Department must develop an interim list of uniform staff that are available to work a shift.
- c. *Scanning of Post Assignment*: By September 1, 2022, the Department shall pilot at RNDC an electronic scanning system to ensure uniform staff assigned to priority posts in the facility are on post. The Department shall evaluate the effectiveness and feasibility of the pilot during the first 90 days the scanning system is in use in order to determine whether the use of the electronic scanning system shall be discontinued or expanded to other Facilities. If it is determined that the electronic

scanning system shall be expanded, then the Department must provide the Monitor with a list and timeline for expansion 30 days after the evaluation of the pilot project.

The analysis will consider and coordinate staffing determinations the Department has made to revise and improve security practices, in order to staff posts based on reasonable operational need and avoid inefficient staffing practices currently in place (e.g., the "all available" response to all alarms). The Department's post assignments shall be revised based on the results of the post analysis.
- ix. *Relief Factor*: Calculate a reliable and reasonable relief factor after the implementation of the relevant staffing initiatives are in place.

4. *Consultation with the Monitor*: The Department shall consult with the Monitor on the system, plans, and initiatives to improve and maximize deployment of staff set forth in § C., ¶ 3 of this order above. This system must also have the capability for tracking, collecting, and securing data designed to identify a reasonable and reliable relief factor. The automated system should be based on the collection of internal data and take into consideration operating days, work schedules, post frequency, off-post time, and leave-time. The system shall be configured for Department-wide use by June 1, 2023 so it may be implemented by that date.

Section H: Compliance with Prison Litigation Reform Act, 18 U.S.C. § 3626

The Court finds that this Order complies in all respects with the provisions of 18 U.S.C. § 3626(a)(1)(A). The Court further finds that the prospective relief in this Order is necessary to correct the violations of federal rights as alleged by the United States and the Plaintiff Class, is narrowly drawn and extends no further than is necessary to correct the violations of federal rights as alleged by the United States and the Plaintiff Class, is the least intrusive means necessary to correct these violations, and will not have an adverse impact on public safety or the operation of a criminal justice system. Accordingly, the Court finds that the Order complies with the provisions of 18 U.S.C. § 3626(a)(1)(A).

SO ORDERED this 14th day of June, 2022
