

THIS FORM (FORM AF-5) CAN ONLY BE USED FOR THE PROCESSING OF DOCUMENTATION RELEVANT TO LEAD-BASED PAINT VIOLATION ORDER #S 616 AND 617

LEAD-BASED PAINT HAZARD VIOLATIONS on record with the Department of Housing Preservation and Development (HPD) can be dismissed **ONLY IF the appropriate additional documentation regarding the work methods and cleanup process accompanies a completed Dismissal Request form.** Even if the lead paint condition appears to be repaired, the violation cannot be dismissed without this documentation. If you choose to proceed with your Dismissal Request without producing this documentation, HPD may commence further action to identify and address any remaining lead violation. Such action may include taking dust wipe samples from areas in units where pending lead-based paint hazard violations appear to have been corrected and contracting for cleaning and retesting if lead dust is found in those areas. You will be held responsible for any expense HPD incurs in the course of determining whether a lead-based paint violation still exists and correcting it if you do not provide appropriate documentation of work methodology. {A detailed description of the work practices that must be used to correct current lead paint hazard violations is included in an HPD pamphlet – GUIDE TO LOCAL LAW #1 OF 2004 WORK PRACTICES - available at the Borough Offices and on the HPD website (nyc.gov/hpd)}. If you have any questions, you may speak with the Public Interviewer at a Code Enforcement Borough Office, call the Lead Hotline at (212) 863-6458, or visit the HPD website at nyc.gov/hpd.
