4 Expand the Friends of Betsy Head Park through volunteer opportunities, programming	DPR	Commitment achieved. In 2014, the Municipal Art Society hosted "Livable Neighborhoods: Brownsville," a free eight-workshop training program (4/12, 4/26, 5/17 & 6/14) designed to empower Brownsville residents with the skills, tools and knowledge to change and revitalize their neighborhood, with assistance from Partnerships for Parks. It's My Park Day event took place on Oct 25th. Outreach to grow Friends of Betsy Head Park ongoing.	In the Summer of 2015, Partnerships for Parks identified organizations who had an interest in sustaining the friends group at Betsy Head Park.	Friends of Betsy Head Park held public meeting on 9/17/15 with help of Partnerships for Parks. The group later became Friends of Brownsville Parks(FOBP) on 2/9/16. It's My Park Day clean-up project held at Betsy Head Park 10/17/15. Visioning for Betsy Head Park convened 6/4/16 by Friends of Brownsville Parks (FOBP), Municipal Arts Society and Brownsville Partnership. These partners will continue to collect information from residents throughout the summer and fall. FOBP participated in the NYC DOT Livonia El-Space Challenge, crowdfunding \$1,220 that DOT will match toward Make Music Brownsville which will be held on 9/10/16.
5 Hold three Vision Sessions meetings for residents of public housing and their Brownsville neighbors at Van Dyke Houses Community Center to identify community goals which will guide future plans to re-establish Brownsville as a safe and flourishing community and improve NYCHA resident's quality of life.	NYCHA	Commitment achieved. Vision Sessions were held 9/9/2014, 09/13/14, 09/15/14		Dunn Development Corp has been selected for the development of approximately 188 units of 100% affordable housing at Van Dkye Houses. The proposed development includes a walk-in Urgent Care and a Wellness Center, with a demonstration kitchen and exercise studio operated by Brownsville Multi-Service Family Health Center (BMS.) Childcare provider Friends of Crown Heights proposes an early childhood education center at this site. After-school programs are also proposed, such as boxing and dance provided by Brownsville Boxing Center and arts and technology programs through the non-profit Beam Center.

6 Within 100 days, break ground on affordable housing project (110 units) "Prospect Plaza HOPE VI" Phase I on Prospect Place between Howard and Saratoga Avenues	NYCHA, HPD	Commitment achieved. Construction has started on Phase I; Phase II closed December 29th		Move-ins on Phase I started in May. Construction on Phase II has begun; Phase III closed in March 2016. DPR, NYCHA, and HPD held a community scoping meeting regarding the park in April 2016.
7 Identify vacant lots in the Brownsville community (both City- and privately-owned) to activate for economic development purposes (Phase 2 of the Vacant Lot Activation Program).	EDC	Commitment achieved. NYCEDC has identified more than 50 publicly and privately owned vacant lots in the Brownsville community with potential for activation for economic development purposes. NYCEDC will continue to explore programmatic options to pursue activation of these lots, and seeks to announce Phase 2 of the Vacant Lot Activation Program in Summer 2015.	EDC is re-evaluating the program given conversations with HPD about plans for many of the City-owned sites. Focus has shifted to privately owned sites where there are interested/willing third-parties.	After two successful temporary vacant lot activations in East New York and Brownsville, the City is sunsetting this program given plans to permanently activate city-owned sites in the area.
8 Complete contract negotiations and announce partner for a business incubator to serve low-income entrepreneurs in Brownsville	EDC	Work ongoing. NYCEDC remains committed to promoting services to support entrepreneurs in Brownsville. Contract negotiations are ongoing to open a business incubator in Brownsville, and EDC hopes to announce further details in the first quarter of 2015.	Around the time of the 100 Days project, EDC was in conversations with Community Solutions and SBS about opening an incubator in CS's new building. CS then let EDC know that they were moving forward with a private foundation. Once it was clear they were moving forward without the need of public support, we got out of the way. SBS may know more about its current status.	Community Solutions successfully obtained private funding for this initiative, rather than utilizing public support for this project. Therefore, EDC is no longer involved with this initiative.

9	EDC	<p>Work ongoing. The City is working on a comprehensive review of tax policy and financial incentives to support community priorities including holistic neighborhood development, entrepreneurship, small business assistance, and good employment practices, and is also seeking new resources to support business development in underserved communities. Outcomes of this review will be shared in 2015.</p>	<p>The tax reform exercise is in progress; EDC is working closely with City Hall on this. Because this will likely involve coordination with Albany, and with 421a taking precedence this session, we anticipate arriving at recommendations toward the end of 2015, in concert with the City Council taskforce.</p>	<p>Incentives reform analysis is ongoing. EDC continues to investigate what legislative and administrative changes can be made to as-of-right and discretionary incentive programs that would bring them into better alignment with key City priorities. EDC also has an application in to the US Treasury Department for the allocation of New Markets Tax Credits to support community development projects in neighborhoods like Brownsville. EDC also launched this spring the Industrial Developer Fund - a \$150 million city capital grant and loan fund to expand industrial space and jobs in NYC.</p>
10	EDC, SBS, B'ville P'ship	<p>Commitment achieved. The <i>MGB Pops!</i> market opened on October 17th, offering locally-made goods, special events, and a community gathering place throughout the holiday season. The Market will reopen in April, 2015.</p>		<p>Through FY16 <i>AvenueNYC</i> funding, Community Solutions has worked to enhance the programming offered at MGB POPS Pop-up Market. One of their deliverables includes partnering with Brownsville Multi-Service Family (BMS) to strategize an outreach plan to connect with 30 new vendors for summer 2016 of MGB Pop's operation.</p>
11	HCR	<p>Commitment achieved. Sale closed on December 16th, 2014</p>

12 Commit to offering Integrative Pest Management to 40 apartments that have residents with asthma and complaints about pests. Referrals to come from DPHO, CBOs, etc. DOHMH is not committing to co-inspection but will assist in setting up the referral system with HPD.	DOHMH, HPD	Commitment achieved. The Brooklyn DPHO and Newborn Home Visiting Program worked with senior centers, schools and clients to make referrals to have apartments receive Integrative Pest Management services.	Integrative Pest Management referrals was performed as a onetime service specific to the Brownsville 100 day initiative. Additional funding was not allocated to perform the service beyond the initiative.	
13 Complete Brownsville bike lanes	DOT	Commitment achieved. Brownsville portion completed in Sept; East NY section to be approved by Community Board.		Brownsville/East New York Bike Lane Inauguration & Ribbon Cutting held 5/14/16. DOT plans to conduct outreach starting this summer to plan expansions and improvements to the bike network recently installed in Brownsville.

14	DOT	<p>Commitment achieved, work is ongoing. New planner is conducting outreach to community partners in Brownsville and surrounding neighborhoods.</p>	<p>DOT recently initiated a pilot project to look at how to add additional lighting underneath the elevated train, and activate the spaces along the Livonia Avenue Corridor (E. 98th St to Junius St.). The project seeks to explore how to address lighting underneath elevated trains citywide, starting in Brownville. The site was selected because of what we learned from the 100 day initiative, and the plans for development along the corridor. DOT is currently interviewing potential consultants to develop innovative solutions (off-grid solar/wind powered LED lights, etc.). Additionally, DOT plans to work with several groups in the community to come up with ideas to activate the space. L&M agreed to consider coming on as a maintenance partner, but that might not be necessary since the pilot is being funded by DOT. DOT will continue to engage with them on ways to work with the community on the activation piece. When fully implemented, the project will serve the residents of the Van Dyke Houses and Tilden NYCHA Houses, MGV, and the Nehemiah homeowners in a meaningful way.</p>	<p>DOT is continuing to work on space activation under the Livonia elevated train structure. Four community projects for cultural programming were successfully funded in partnership with ioby, a neighborhood crowdfunding platform: three one-day events that will occur together on 9/10/16, and one temporary streetscape element, also to be implemented September 2016. Plans for lighting improvements under the elevated are still under development. We are also working on a plan for neighborhood-wide pedestrian safety capital improvements.</p>

15 Begin Broadway Junction capital project. This will widen sidewalks at bus stops, improve pedestrian safety and circulation, improve streetscape appearance, add greenery, reduce conflicts between buses, livery cabs, and general traffic, and accommodate necessary curbside access.	DOT	<p>Commitment achieved. DOT commenced construction work on the Broadway Junction project on October, 27 2014. Construction notices were distributed to the community prior to construction, and project signs have been manufactured and are currently in use. Construction is on schedule, and is currently at two percent with an anticipated completion of Summer 2015.</p> <p>The project will widen sidewalks at bus stops, improve pedestrian safety and circulation, improve streetscape appearance, add greenery, reduce conflicts between buses, livery cabs, and general traffic, and accommodate necessary curbside access.</p>	<p>The Broadway Junction project is progressing nicely. However, due to the harsh winter conditions and a few construction related delays, the project is a few months behind schedule. DDC's new schedule estimates that construction will be complete in September 2015.</p>	<p>Broadway Junction will be completed this summer.</p>
16 Launch Jobs-Plus site to serve Van Dyke I and Brownsville Houses	CEO, HRA, DCA, NYCHA	<p>Commitment achieved. Residents are now receiving full services.</p>

17	CEO, HRA	<p>Commitment achieved. Application was made available to Brownsville providers. One provider (Brooklyn Community Services) is specifically targeting Brownsville for recruitment among other neighborhoods. In addition, another provider has proposed to serve students at a Brownsville transfer school and that application is currently under review. WPP is ongoing, so likely that additional youth from Brownsville will be served throughout the year.</p>		
18	SBS	<p>Commitment achieved. Market Update report was completed. Report takeaway: vacancy rate is low and retail mix is not that bad given the demand for services within the community. There are some service gaps that can be addressed, but initial efforts should focus elsewhere, including: improving access to Pitkin, so it can pull from a broader area beyond the immediate vicinity, and improving the physical condition/appearance of the avenue, in regard to public streetscape and infrastructure (curbs, catch basins, sidewalks, tree pits), and private buildings and storefronts.</p>	<p>Both the retail needs study and the storefront assessment inform the BID's current mission to create a more welcoming, orderly and useful "downtown" area for Brownsville and surrounding neighborhoods. The BID leveraged the Market Study in successfully applying for an AvenueNYC grant for retail attraction.</p>	<p>Pitkin Avenue BID has secured two <i>Avenue NYC</i> grants for FY17 totaling in \$60,000. They will continue to build on the work they've done through the implementation of a Business Attraction/Retention and façade improvement project. They will work on attracting new businesses and further engage the Brownsville community by launching a façade improvement program, hosting broker-oriented events, and organizing local district tours.</p>

19	SBS	Commitment achieved. Storefront survey, graphs, maps, and other visuals are complete and are being reviewed. Initial takeaway is that on Pitkin within the BID, 65% of storefronts are in poor condition, 33% are in average condition, and 2% are in good condition.	The BID is currently composing an application for a New York State Main Street Grant to fund physical storefront improvements for a portion of the district. SBS's Storefront Study helps the BID's chances of success enormously in this highly competitive process.	With <i>Avenue NYC</i> funding, Pitkin BID has retained an employee who will develop a storefront improvement program, which they're calling the "Renaissance Program." Storefront conditions along Pitkin Avenue have been surveyed and the BID is in the process of seeking property owner commitment letters and financial commitment documentation to apply for the New York Main Street grant program in July 2016 (awards announced in December 2016). They have already secured a municipal resolution from their community board in support of the project.
20	SBS	Work ongoing. SBS has extended an invitation to local community organizations including Pitkin Avenue BID, LDC of East New York, Cypress Hills BID, and the North Brooklyn Business Outreach Centers. The event is being marketed as an opportunity for prospective business owners to learn about the services available to help them open their establishment and address any questions the community may have.	commitment achieved	
21	SBS	Commitment achieved. Brooklyn NYC Business Solutions Center worked with CB16 to hold "10 Steps to Starting a Business" workshop at Brownsville Heritage House on 10/29. CB16 led the marketing and outreach effort.	commitment achieved

23 SBS will Support Brownsville Partnership’s 5,000 Jobs Campaign by serving on the 5,000 Jobs Campaign Design team and leading one of the 5,000 Jobs Project Teams.	SBS	Hundred Days commitment achieved; overall effort is ongoing. Accomplishments to-date include: establishment of a drop-in center for resume and job search assistance; outreach and assessment of work-related goals at targeted NYCHA buildings; and employer engagement. On December 5, Workforce1 and the Brownsville Partnership hosted a job preparation and matching event for residents at the Stone Avenue Library. 95 people, where they met with the Brooklyn Public Library for resume development tutorials and Workforce1 for job screening services. 45 of the attendees were referred to a job interview by Workforce1.	commitment achieved	SBS has committed to establishing a new Workforce1 Career Center to serve the East New York/Brownsville community where employers can access free recruitment services to find qualified talent, and jobseekers can receive employment services including job placement, skills training, career advisement and job search counseling. SBS is working with more than 14 local community-based organizations to design a custom suite of services for this new Workforce1 Center to ensure that the services provided will best address the needs of the community.

24 Distribute \$10,000 additional Health Bucks via community, faith-based, and healthcare organizations and after school youth programs to promote farmers markets and increase access to fruits and vegetables	DOHMH, HRA	Commitment achieved. \$10,000 (4400 out of 4400) Health Bucks distributed via community, faith-based, and healthcare organizations and after school youth programs to promote farmers markets and increase access to fruits and vegetables. Prior to the 100 days initiative, only 15 Brownsville organizations received health bucks. Now a total of 24 CBOs received them, 18 new to the program and including 10 faith-based organizations. Ongoing follow up with partner organizations to ensure high redemption rates.	This was a one-time infusion of funds specific to the Brownsville 100 day initiative. The Health Buck season is from July 1 st through November 30 th . Program doesn't know ahead of time how much money will be allocated in Health Bucks to a given neighborhood because the SNAP incentive is contingent on # and \$ of SNAP sales at markets and CBO/FBO applications come in on a rolling basis and the amount each applicant receives is informed by past achievements which are also variable.	
25 Conduct home visits for 225 pregnant and parenting women via our Healthy Start Brooklyn and Newborn Home Visiting Programs	DOHMH	Commitment achieved. Between Healthy Start Brooklyn and the Newborn Home Visiting Program, 391 home visits were made as of December 6. DOHMH expects to conduct more than 400 by 12/17, exceeding its goal by 73%.	Both initiatives are still on-going with high success and increased participation.	
26 Offer approximately 2 exercise classes per week (x9wks: Oct 13-Dec12) for pregnant women via our Healthy Start Brooklyn Program	DOHMH	Commitment achieved. 20 classes were held across three sites.	Between January 2015 and June 8 th Healthy Start Brooklyn has offered 22 Dancing Thru Pregnancy classes and 3 infant safety classes in Brownville. In addition, we have conducted 21 childbirth education classes and 12 postpartum fitness classes. In total we have conducted 57 education and exercise related classes for pregnant and new mothers in Brownsville, Brooklyn.

27 Offer 1 childbirth/ infant safety class per week (x15wks) for pregnant women via our Healthy Start Brooklyn Program	DOHMH	Commitment achieved.	Healthy Start Brooklyn has offered 23 childbirth/infant safety classes in between January and June 2015.	In FY2016 to date, Healthy Start Brooklyn offered 32 childbirth education classes and 5 infant safety classes in Brownsville, for a total of 37 classes.
28 Develop and conduct neighborhood conditions and/or safety survey, targeted at residents of Brownsville/Van Dyke developments; hold community report back and develop action plan	Mayor's Office of Criminal Justice	Commitment achieved. As part of the MAP (the Mayor's Action Plan) for Neighborhood Safety, MOCJ hosted two listening sessions/gathering surveys with neighborhood residents on improving neighborhood safety.	MOC-J has continued to work in the community, in response to information gathered during the listening sessions. New goal: Create targeted Employment Strategy for at risk youth ages 18-24 in Brownsville and Van Dyke Houses	Convened Working group of citywide employment experts; Drafted employment strategy and created program model; conducted focus group of youth in the catchment area who meet program criteria to inform program model
29 Host convening of the various organizations leading different public safety initiatives in Brownsville with the goal of learning from one another and synergizing efforts.	Mayor's Office of Criminal Justice	Commitment achieved. Convening was held first week of December.	New goal: Brownsville Neighborhood Activation-map capital projects slated for Brownsville both geographically and programmatically to identify opportunities for agencies to incorporate Crime Prevention Through Environmental Design Principles (CPTED) in neighborhood redesign to create one continuous safe and vibrant public realm for residents	Organized, briefed and oversaw Neighborhood Activation Charette including representation from seven city agencies; Next steps: Establishing working group to coordinate existing planning process and Policy Group to develop long-term crime prevention guidelines; bring on a facilitator that can help coordinate and facilitate these groups

30 Pilot intensive enforcement by Sanitation Enforcement Agents and Uniformed Officers to address dump outs in BK16, as well as providing mobile litter patrol three times per week.	DSNY	Commitment achieved. DSNY piloted an intensive enforcement effort to address illegal dumping in Brownsville and increased the number of mobile litter patrol trucks to three times per week. DSNY has also assigned surplus mechanical brooms and other cleaning to the neighborhood as available.		Community Board 16’s average Scorecard street cleanliness rating has increase to 89% for FY 16 YTD, compared to 84.4% for FY 15. DSNY continues to provide extra cleaning services to the CB 16 area. In addition, as part of the Mayor’s CleanNYC program Sunday/Holiday basket service is now being provided to the following strips: <ul style="list-style-type: none"> • Rockaway Ave from Livonia Ave to Eastern Pkwy • Belmont Ave from Rockaway Ave to Mother Gaston Blvd • E 98th St from Dumont Ave to East New York Ave DSNY Enforcement participated in the Inter-agency Enforcement operation focused on Auto repair Shops and Vehicles being left In the Street near those locations. 31 Install 6 sets of public space recycling baskets - 3 along Pitkin Avenue and 3 along Rockaway Avenue.	DSNY	<p>Commitment achieved. DSNY completed the installation of 6 sets of public space recycling baskets and added the baskets to neighborhood recycling routes to ensure regular, timely service.</p> <p>In addition, DSNY expanded on this work by reaching an agreement with the Pitkin Avenue BID to pilot four “Big Belly” solar compacting litter baskets in the BID. DSNY will procure the compactors as part of an existing contract related to another pilot in northern Brooklyn. Pitkin Avenue BID will empty the compactors as needed, and DSNY will collect the bags on the regular collection cycles. This pilot will test the effectiveness of the compactors at reducing the frequency of service for litter baskets and improving street and sidewalk cleanliness in commercial areas.</p>		<p>Pitkin Ave Big Belly locations are as follows:</p> <ul style="list-style-type: none"> • NW corner of Pitkin Ave and Saratoga Ave • SE corner of Pitkin Ave and Saratoga Ave • NE corner of Pitkin Ave and Rockaway Ave • SW corner of Pitkin Ave and Rockaway Ave <p>The Pitkin Ave BID has been maintaining these regularly and coordinating with the local DSNY District which helps eliminate unsightly overflow conditions.</p>
32 Partner with the urban farming team led by L+M to provide technical support for developing an urban farm and composting plan. We will also donate compost and mulch to existing community gardens and street trees in the vicinity	DSNY	<p>Commitment achieved. DSNY and the NYC Compost Project hosted a “Marcus Garvey Village Greening Day” in partnership with L+M to plant daffodils and distribute compost in community tree pits. The NYC Compost Project will continue to provide free locally-produced compost for street tree pits and community gardens in the neighborhood and will advise L+M and Marcus Garvey Village residents on the development of an urban farm on the property.</p>		<p>DSNY has conducted numerous outreach efforts to encourage recycling throughout Brownsville, including at Brownsville-area NYCHA developments. DSNY also participated in the Brownsville East NY Green Coalition to broaden greening and gardening in the Brownsville area and provided compost to the Isahbelia and Powell Street Community Gardens.</p>

35 Implement NYC Ceasefire, a comprehensive strategy to address gun violence by directly engaging groups (e.g., gangs and street crews) and clearly communicating: (1) a credible moral community message against violence; (2) a credible law enforcement message about the consequences of further violence; and (3) a genuine offer of help for those who want it. NYC Ceasefire is a partnership of community, social service providers, and law enforcement.	NYPD	Commitment achieved. NYC Ceasefire began implementation this summer with training and mock drills with partner agencies. NYC Ceasefire had its first call-in on December 3, 2014 in Brooklyn.	NYC Ceasefire had a second call-in in early March. Through the partnership of law enforcement, community members, and social services the initiative has been able to deter shootings within the catchment area of Brooklyn North and the 67 & 69 precincts in Brooklyn South. As of Last week, shootings in the catchment area were down over 14% from the same period in 2014. This leads the city in shooting reduction, which is followed only by the Bronx which has a 2% reduction.
