

PROACTIVE PRESERVATION INITIATIVE (PPI)

The Department of Housing Preservation and Development’s (HPD) Proactive Preservation Initiative (PPI) uses Citywide data sources such as Housing Code violations, unpaid fees and fines, and referrals from community based groups, elected officials and advocates to identify and address the needs of multifamily buildings that are at risk of falling into serious disrepair and becoming blighting influences on the surrounding neighborhood. PPI works to remediate bad conditions by offering building owners low-cost repair loans, counseling on building finance and maintenance, and referrals. In cases where owners are uncooperative, PPI also employs aggressive enforcement tools including litigation and, where warranted, lien sales.

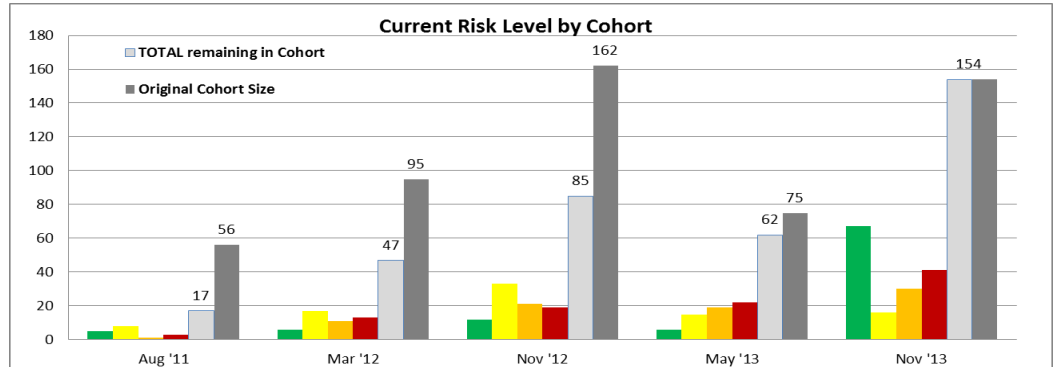

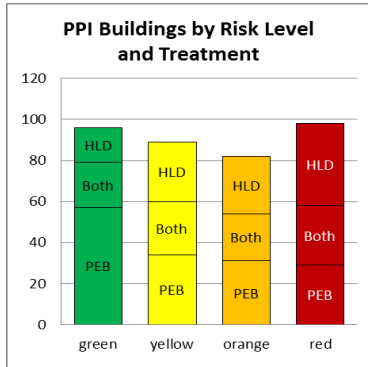

Buildings targeted by the Proactive Preservation Initiative are first surveyed by staff from HPD’s Division of Neighborhood Preservation (DNP) to assess building conditions and hazard levels. If immediately hazardous conditions are found, staff either: A) refer the building to the Proactive Enforcement Bureau (PEB) for a roof-to-cellar inspection during which Housing Maintenance Code violations can be issued and enforced following a 45-day compliance period, or B) refer the building directly to HPD’s Housing Litigation Division (HLD) for legal action.

The list below contains buildings that have been referred to PEB and/or HLD as of October 31, 2013. For more information on the Proactive Preservation Initiative and the buildings that have been selected, please visit www.nyc.gov/hpd.
