MEDICAL SOURCE INSTRUCTION SHEET FOR COMPLETION OF ATTACHED SSA-4814-F5
(Medical Report On Adult With Allegation Of Human Immunodeficiency Virus (HIV) Infection)

Your patient, identified in section A of the attached form, has filed a claim for Supplemental Security Income disability payments based on HIV infection. MEDICAL SOURCE: Please detach this instruction sheet and use it to complete the attached form.

I. PURPOSE OF THIS FORM:
IF YOU COMPLETE AND RETURN THE ATTACHED FORM PROMPTLY, YOUR PATIENT MAY BE ABLE TO RECEIVE PAYMENTS WHILE WE ARE PROCESSING HIS OR HER CLAIM FOR ONGOING DISABILITY PAYMENTS.

This is not a request for an examination. At this time, we simply need you to fill out this form based on existing medical information. The State Disability Determination Services will contact you later to obtain further evidence needed to process your patient's claim.

II. WHO MAY COMPLETE THIS FORM:
A physician, nurse, or other member of a hospital or clinic staff, who is able to confirm the diagnosis and severity of the HIV disease manifestations based on your records, may complete and sign the form.

III. MEDICAL RELEASE:
An SSA medical release (an SSA-827) signed by your patient should be attached to the form when you receive it. If the release is not attached, the medical release section on the form itself should be signed by your patient.

IV. HOW TO COMPLETE THE FORM:
- If you receive the form from your patient and section A has not been completed, please fill in the identifying information about your patient.
- You may not have to complete all of the sections on the form.
- ALWAYS COMPLETE SECTION B.
- COMPLETE SECTION C, IF APPROPRIATE. If you check at least one of the items in section C, go right to section E.
- ONLY COMPLETE SECTION D IF YOU HAVE NOT CHECKED ANY ITEM IN SECTION C. See the special information below which will help you to complete section D.
- COMPLETE SECTION E IF YOU WISH TO PROVIDE COMMENTS ON YOUR PATIENT'S CONDITION(S).
- ALWAYS COMPLETE SECTIONS F AND G. NOTE: This form is not complete until it is signed.

V. HOW TO RETURN THE FORM TO US:
- Mail the completed, signed form, as soon as possible, in the return envelope provided.
- If you received the form from your patient without a return envelope, give the completed, signed form back to your patient for return to the SSA field office.

VI. SPECIAL INFORMATION TO HELP YOU COMPLETE SECTION D
HOW WE USE SECTION D:
- Section D asks you to tell us what other manifestations of HIV your patient may have. It also asks you to give us an idea of how your patient's ability to function has been affected.
- We do not need detailed descriptions of the functional limitations imposed by the illness; we just need to know whether your patient's ability to function has been affected to a "marked" degree in any of the areas listed. See below for an explanation of the term "marked."

SPECIAL TERMS USED IN SECTION D

WHAT WE MEAN BY "REPEATED" MANIFESTATIONS OF HIV INFECTION: (See Item 42.a)
"Repeated" means that a condition or combination of conditions:
- Occurs an average of 3 times a year, or once every 4 months, each lasting 2 weeks or more; or
- Does not last for 2 weeks, but occurs substantially more frequently than 3 times in a year or once every 4 months; or
- Occurs less often than an average of 3 times a year or once every 4 months but lasts substantially longer than 2 weeks.

WHAT WE MEAN BY "MANIFESTATIONS OF HIV INFECTION": (See Item 42.a)
- "Manifestations of HIV infection" may include:
  - Any condition listed in section C, but without the findings specified there (e.g., carcinoma of the cervix not meeting the criteria shown in item 22 of the form, diarrhea not meeting the criteria shown in item 33 of the form; or any other condition that is not listed in section C (e.g., oral hairy leukoplakia, myositis).  
  - Manifestations of HIV must result in significant, documented, symptoms and signs (e.g., fatigue, fever, malaise, weight loss, pain, night sweats).

WHAT WE MEAN BY "MARKED" LIMITATION OR RESTRICTION IN FUNCTIONING: (See Item 42.b)

- When "marked" is used to describe functional limitations, it means more than moderate, but less than extreme. "Marked" does not imply that your patient is confined to bed, hospitalized, or in a nursing home.

- A marked limitation may be present when several activities or functions are impaired or even when only one is impaired. An individual need not be totally precluded from performing an activity to have a marked limitation, as long as the degree of limitation is such as to seriously interfere with the ability to function independently, appropriately, and effectively.

WHAT WE MEAN BY "ACTIVITIES OF DAILY LIVING": (See Item 42.b)

- Activities of daily living include, but are not limited to, such activities as doing household chores, grooming and hygiene, using a post office, taking public transportation, and paying bills.

- **EXAMPLE:** An individual with HIV infection who, because of symptoms such as pain, imposed by the illness or its treatment, is not able to maintain a household or take public transportation on a sustained basis or without assistance (even though he or she is able to perform some self-care activities) would have marked limitation of activities of daily living.

WHAT WE MEAN BY "SOCIAL FUNCTIONING": (See Item 42.b)

- Social functioning includes the capacity to interact appropriately and communicate effectively with others.

- **EXAMPLE:** An individual with HIV infection who, because of symptoms or a pattern of exacerbation and remission caused by the illness or its treatment, cannot engage in social interaction on a sustained basis (even though he or she is able to communicate with close friends or relatives) would have marked difficulty maintaining social functioning.

WHAT WE MEAN BY "COMPLETING TASKS IN A TIMELY MANNER": (See Item 42.b)

- Completing tasks in a timely manner involves the ability to sustain concentration, persistence, or pace to permit timely completion of tasks commonly found in work settings.

- **EXAMPLE:** An individual with HIV infection who, because of HIV-related fatigue or other symptoms, is unable to sustain concentration or pace adequate to complete simple work-related tasks (even though he or she is able to do routine activities of daily living) would have marked difficulty completing tasks.

**PRIVACY ACT AND PAPERWORK REDUCTION ACT STATEMENTS:**

The Social Security Administration is authorized to collect the information on this form under sections 205(a), 223(d) and 1633(e)(1) of the Social Security Act. The information on this form is needed by Social Security to make a decision on the named claimant’s claim. While giving us the information on this form is voluntary, failure to provide all or part of the requested information could prevent an accurate or timely decision on the named claimant’s claim. Although the information you furnish is almost never used for any purpose other than making a determination about the claimant’s disability, such information may be disclosed by the Social Security Administration as follows: (1) to enable a third party or agency to assist Social Security in establishing rights to Social Security benefits and/or coverage; (2) to comply with Federal laws requiring the release of information from Social Security records (e.g., to the General Accounting Office and the Department of Veterans Affairs); and (3) to facilitate statistical research and audit activities necessary to assure the integrity and improvement of the Social Security Programs (e.g., to the Bureau of the Census and private concerns under contract to Social Security).

We may also use the information you give us when we match records by computer. Matching programs compare our records with those of other Federal, State, or local government agencies. Many agencies may use matching programs to find or prove that a person qualifies for benefits paid by the Federal government. The law allows us to do this even if you do not agree to it.

Explanations about these and other reasons why information you provide us may be used or given out are available in Social Security offices. If you want to learn more about this, contact any Social Security office.

**PAPERWORK REDUCTION ACT:** This information collection meets the clearance requirements of 44 U.S.C. §3507, as amended by Section 2 of the Paperwork Reduction Act of 1995. You are not required to answer these questions unless we display a valid Office of Management and Budget control number. We estimate that it will take you about 10 minutes to read the instructions, gather the necessary facts, and answer the questions.

Form SSA-4814-F5 (5-2000) EF (05-2002)
MEDICAL REPORT ON ADULT WITH ALLEGATION OF HUMAN IMMUNODEFICIENCY VIRUS (HIV) INFECTION

The individual named below has filed an application for a period of disability and/or disability payments. If you complete this form, your patient may be able to receive early payments. (This is not a request for an examination, but for existing medical information.)

MEDICAL RELEASE INFORMATION

☐ I hereby authorize the medical source named below to release or disclose to the Social Security Administration or State agency any medical records or other information regarding my treatment for human immunodeficiency virus (HIV) infection.

CLAIMANT’S SIGNATURE (Required only if Form SSA-827 is NOT attached)

B. HOW WAS HIV INFECTION DIAGNOSED?

☐ Laboratory testing confirming HIV infection  
☐ Other clinical and laboratory findings, medical history, and diagnosis(es) indicated in the medical evidence

C. OPPORTUNISTIC AND INDICATOR DISEASES: Please check if applicable.

**BACTERIAL INFECTIONS**

1. ☐ MYCOBACTERIAL INFECTION (e.g., caused by M. avium-intracellulare, M. kansasii, or M. tuberculosis), at a site other than the lungs, skin, or cervical or hilar lymph nodes

2. ☐ PULMONARY TUBERCULOSIS, resistant to treatment

3. ☐ NOCARDIOSIS

4. ☐ SALMONELLA BACTEREMIA, recurrent non-typhoid

5. ☐ SYPHILIS OR NEUROSYPHILIS (e.g., meningovascular syphilis) resulting in neurologic or other sequelae

6. ☐ MULTIPLE OR RECURRENT BACTERIAL INFECTION(S), including pelvic inflammatory disease, requiring hospitalization or intravenous antibiotic treatment 3 or more times in 1 year

**FUNGAL INFECTIONS**

7. ☐ ASPERGILLOSIS

8. ☐ CANDIDIASIS, at a site other than the skin, urinary tract, intestinal tract, or oral or vulvovaginal mucous membranes; or candidiasis involving the esophagus, trachea, bronchi, or lungs

9. ☐ COCCIDIOIDOMYCOSIS, at a site other than the lungs or lymph nodes

10. ☐ CRYPTOCOCCOSIS, at a site other than the lungs (e.g., cryptococcal meningitis)

11. ☐ HISTOPLASMOSIS, at a site other than the lungs or lymph nodes

12. ☐ MUCORMYCOSIS

**PROTOZOAN OR HELMINTHIC INFECTIONS**

13. ☐ CRYPTOSPORIDIOSIS, ISOSPORIASIS, OR MICROSPORIDIOSIS, with diarrhea lasting for 1 month or longer

14. ☐ PNEUMOCYSTIS CARINII PNEUMONIA OR EXTRAPULMONARY PNEUMOCYSTIS CARINII INFECTION

15. ☐ STRONGYLOIDIASIS, extra-intestinal

16. ☐ TOXOPLASMOSIS of an organ other than the liver, spleen, or lymph nodes

**VIRAL INFECTIONS**

17. ☐ CYTOMEGALOVIRUS DISEASE, at a site other than the liver, spleen, or lymph nodes

18. ☐ HERPES SIMPLEX VIRUS causing mucocutaneous infection (e.g., oral, genital, perianal) lasting for 1 month or longer; or infection at a site other than the skin or mucous membranes (e.g., bronchitis, pneumonitis, esophagitis, or encephalitis); or disseminated infection

19. ☐ HERPES ZOSTER, disseminated or with cutaneous eruptions that are resistant to treatment

20. ☐ PROGRESSIVE MULTIFOCAL LEUKOENCEPHALOPATHY
21. HEPATITIS, resulting in chronic liver disease manifested by appropriate findings (e.g., persistent ascites, bleeding esophageal varices, hepatic encephalopathy)

MALIGNANT NEOPLASMS

22. CARCINOMA OF THE CERVIX, invasive, FIGO stage II and beyond

23. KAPOSI'S SARCOMA, with extensive oral lesions; or involvement of the gastrointestinal tract, lungs, or other visceral organs; or involvement of the skin or mucous membranes with extensive fungating or ulcerating lesions not responding to treatment

24. LYMPHOMA of any type (e.g., primary lymphoma of the brain, Burkitt’s lymphoma, immunoblastic sarcoma, other non-Hodgkin’s lymphoma, Hodgkin’s disease)

25. SQUAMOUS CELL CARCINOMA OF THE ANUS

SKIN OR MUCOUS MEMBRANES

26. CONDITIONS OF THE SKIN OR MUCOUS MEMBRANES, with extensive fungating or ulcerating lesions not responding to treatment (e.g., dermatological conditions such as eczema or psoriasis, vulvovaginal or other mucosal candida, condyloma caused by human papillomavirus, genital ulcerative disease)

HEMATOLOGIC ABNORMALITIES

27. ANEMIA (hematocrit persisting at 30 percent or less), requiring one or more blood transfusions on an average of at least once every 2 months

28. GRANULOCYTOPENIA, with absolute neutrophil counts repeatedly below 1,000 cells/mm³ and documented recurrent systemic bacterial infections occurring at least 3 times in the last 5 months

29. THROMBOCYTOPENIA, with platelet counts repeatedly below 40,000/mm³ with at least one spontaneous hemorrhage, requiring transfusion in the last 5 months; or intracranial bleeding in the last 12 months

NEUROLOGICAL ABNORMALITIES

30. HIV ENCEPHALOPATHY, characterized by cognitive or motor dysfunction that limits function and progresses

31. OTHER NEUROLOGICAL MANIFESTATIONS OF HIV INFECTION (e.g., peripheral neuropathy), with significant and persistent disorganization of motor function in 2 extremities resulting in sustained disturbance of gross and dexterous movements, or gait and station

HIV WASTING SYNDROME

32. HIV WASTING SYNDROME, characterized by involuntary weight loss of 10 percent or more of baseline (or other significant involuntary weight loss) and, in the absence of a concurrent illness that could explain the findings, involving: chronic diarrhea with 2 or more loose stools daily lasting for 1 month or longer; or chronic weakness and documented fever greater than 38° C (100.4° F) for the majority of 1 month or longer

DIARRHEA

33. DIARRHEA, lasting for 1 month or longer, resistant to treatment, and requiring intravenous hydration, intravenous alimentation, or tube feeding

CARDIOMYOPATHY

34. CARDIOMYOPATHY (chronic heart failure, or cor pulmonale, or other severe cardiac abnormality not responsive to treatment)

NEPHROPATHY

35. NEPHROPATHY, resulting in chronic renal failure

INFECTIONS RESISTANT TO TREATMENT OR REQUIRING HOSPITALIZATION OR INTRAVENOUS TREATMENT 3 OR MORE TIMES IN 1 YEAR

36. SEPSIS

37. MENINGITIS

38. PNEUMONIA (non-PCP)

39. SEPTIC ARTHRITIS

40. ENDOCARDITIS

41. SINUSITIS, radiographically documented

NOTE: If you have checked any of the boxes in section C, proceed to section E if you have any remarks you wish to make about this patient’s condition. Then, proceed to sections F and G and sign and date the form.

If you have not checked any of the boxes in section C, please complete section D. See part VI of the instruction sheet for definitions of the terms we use in section D. Proceed to section E if you have any remarks you wish to make about this patient’s condition. Then, proceed to sections F and G and sign and date the form.
D. OTHER MANIFESTATIONS OF HIV INFECTION

42. a. REPEATED MANIFESTATIONS OF HIV INFECTION, including diseases mentioned in section C, items 1-41, but without the specified findings described above, or other diseases, resulting in significant, documented, symptoms or signs (e.g., fatigue, fever, malaise, weight loss, pain, night sweats).

Please specify:

1. The manifestations your patient has had:
2. The number of episodes occurring in the same 1-year period; and
3. The approximate duration of each episode.

Remember, your patient need not have the same manifestation each time to meet the definition of repeated manifestations; but, all manifestations used to meet the requirement must have occurred in the same 1-year period. (See attached instructions for the definition of repeated manifestations.)

If you need more space, please use section E.

<table>
<thead>
<tr>
<th>MANIFESTATIONS:</th>
<th>NO. OF EPISODES IN THE SAME 1 YEAR PERIOD:</th>
<th>DURATION OF EACH EPISODE:</th>
</tr>
</thead>
<tbody>
<tr>
<td>EXAMPLE: Diarrhea</td>
<td>3</td>
<td>1 month each</td>
</tr>
</tbody>
</table>

AND

b. ANY OF THE FOLLOWING:

- Marked restriction of ACTIVITIES OF DAILY LIVING; or
- Marked difficulties in maintaining SOCIAL FUNCTIONING; or
- Marked difficulties in completing tasks in a timely manner due to deficiencies in CONCENTRATION, PERSISTENCE, OR PACE.

E. REMARKS: (Please use this space if you lack sufficient room in section D or to provide any other comments you wish about your patient.)

F. MEDICAL SOURCE’S NAME AND ADDRESS (Print or type)  TELEPHONE NUMBER (Area Code)  DATE

KNOWING THAT ANYONE MAKING A FALSE STATEMENT OR REPRESENTATION OF A MATERIAL FACT FOR USE IN DETERMINING A RIGHT TO PAYMENT UNDER THE SOCIAL SECURITY ACT COMMITS A CRIME PUNISHABLE UNDER FEDERAL LAW, I CERTIFY THAT THE ABOVE STATEMENTS ARE TRUE.
