By completing and signing this form, I am applying to renew Medicaid and/or Family Planning Benefit Program coverage.

I understand that I must provide the information needed to prove my eligibility for each program. I agree to immediately report any changes to the information on this form. If I am unable to get the information, I will tell the social services district. The social services district may be able to help in getting the information.

I understand that workers from the programs for which family members or I are renewing may check the information given by me on this form. The agencies that run these programs will keep this information confidential according to 42 U.S.C. 1396a (a) (7) and 42 CFR 431.300-431.307, and any federal and state laws and regulations.

I understand that Medicaid and/or Family Planning Benefit Program coverage will not pay medical expenses that insurance or another person is supposed to pay, and that I am giving to the agency all of my rights to pursue and receive medical support from a spouse or parents of persons under 21 years old and my right to pursue and receive third party payments for the entire time I am in receipt of benefits.

I will file any claims for health or accident insurance benefits or any other resources to which I am entitled. I understand that I have the right to claim good cause not to cooperate in using health insurance if its use could cause harm to my health or safety or to the health and safety of someone I am legally responsible for.

I understand that my eligibility for these programs will not be affected by my race, color, or national origin. I also understand that depending on the requirements of these individual programs, my age, sex, disability or citizenship status may be a factor in whether or not I am eligible.

I understand that if my child is on Medicaid, he or she can get comprehensive primary and preventive care, including all necessary treatment through the Child/Teen Health Program.

I understand that anyone who knowingly lies or hides the truth in order to receive services under these programs is committing a crime and subject to federal and state penalties and may have to repay the amount of benefits received and pay civil penalties. The New York State Department of Tax and Finance has the right to review income information on this form.

CERTIFICATION OF CITIZENSHIP/IMMIGRATION STATUS I certify under penalty of perjury, by signing my name on this form, that I, and/or any person for whom I am signing is a U.S. citizen or national of the United States or has satisfactory immigration status. The term "satisfactory immigration status" means an immigration status that does not make the person ineligible for benefits. Important information: The United States Citizenship and Immigration Services (USCIS) has said that enrollment in Medicaid CANNOT affect a person’s ability to get a green card, become a citizen, sponsor a family member or travel in and out of the country (except if Medicaid pays for long term care in a place like a nursing home or psychiatric hospital). The State will not report any information on this application to the USCIS.

SOCIAL SECURITY NUMBER All applicants must provide a social security number or proof that they have applied for one or tried to apply for one. The only exceptions are pregnant women, undocumented immigrants and temporary non-immigrants applying for the treatment of an emergency medical condition, and certain battered immigrants. SSNs are not required for members of my household who are not applying for benefits. I understand that this is required by Federal Law at 42 U.S.C. 1320b-7 (a) and by Medicaid regulations at 42 CFR 435.910. SSNs are used in many ways, both within Department of Social Services (DSS) and between the DSS and federal, state, and local agencies, both in New York and other jurisdictions. Some uses of SSNs are: to check identity, to identify and verify earned and unearned income, to see if non custodial parents can get health insurance coverage for applicants, to see if applicants can get medical support, and to see if applicants can get money or other help. SSNs may also be used for identification of the recipient within and between central governmental Medicaid agencies to insure proper services are made available to the recipient.

RELEASE OF MEDICAL INFORMATION I consent to the release of any medical information about me and any members of my family for whom I can give consent: by my Primary Care Provider, any other health care provider or the New York State Department of Health (SDOH) to my health plan and any health care providers involved in caring for me or my family, as reasonably necessary for my health plan or my providers to carry out treatment, payment, or health care operations; by my health plan and any health care providers to SDOH and other authorized federal, state, and local agencies for purposes of administration of the Medicaid; and, by my health plan to other persons or organizations, as reasonably necessary for my health plan to carry out treatment, payment, or health care operations. I also agree that the information released may include HIV, mental health or alcohol and substance abuse information about me and members of my family, to the extent permitted by law. If more than one adult in the family is joining a Medicaid health plan, the signature of each adult applying is necessary for consent to release information.

MEDICAID MANAGED CARE If I am adding a family member to a Medicaid case and I live in a county that requires Medicaid recipients to join a health plan, I understand that this family member will be enrolled in the same health plan as my family, unless he or she is exempt or excluded.

RELEASE OF EDUCATIONAL RECORDS I give permission to the Local Department of Social Services and New York State to obtain any information regarding the educational records of my child(ren), herein named, necessary for claiming Medicaid reimbursements for health-related educational services, and to provide the appropriate federal government agency access to this information for the sole purpose of audit.

EARLY INTERVENTION PROGRAM If my child is evaluated for or participates in the New York State Early Intervention Program, I give permission to the local Department of Social Services and New York State to share my child’s Medicaid eligibility information with my county Early Intervention Program for the purpose of billing Medicaid. I consent to sharing this information with any school-based health center that provides services to the applicant(s).
