

Protect Your Benefits from Skimming! What Is Skimming?

Skimming is a type of theft. Thieves put an overlay on a store's card-swiping machine to copy EBT, credit and debit card information. The thieves use the information to make fake EBT, debit or credit cards. The fake cards are called clones. Cloned cards are used to steal money from real accounts. Like yours!

Skimming can happen **anywhere** you swipe your credit, debit, or EBT card. Most of the time, that means EBT or Credit Card machines and ATMs.

Know the signs of fraud. Below are some examples you may see in stores.

EBT/Credit Card Machine

Look for an overlay. It's bigger than the original machine:
