      Next Steps!
SEAPORT WORKING GROUP
PURPOSE

The SWG was formed by Manhattan Community Board 1, Council Member Margaret Chin, Borough President Gale Brewer, State Assemblyman Sheldon Silver, State Senator Daniel Squadron and Congressman Jerrold Nadler following concerns raised by Community Board 1, local residents and others regarding the proposal by the Howard Hughes Corporation for redevelopment of the Seaport.
SEAPORT WORKING GROUP

MEMBERS

Council Member Margaret S. Chin
  Hon. Margaret S. Chin
Manhattan Borough President’s Office
  Hon. Gale Brewer
Assemblyman Sheldon Silver
  Paul Goldstein
State Senator Daniel Squadron
  Mary Cooley
Congressman Jerrold Nadler
  Celine Mizrahi
Community Board 1
  Catherine McVay Hughes, Chair
  Anthony Notaro, Vice Chair
  John Fratta, Seaport/Civic Center Committee
  Roger Bryom, Landmarks Committee
  Jeff Galloway, Planning Committee
Howard Hughes Corporation – Chris Curry
Southbridge Towers - Paul Kefer
James Beard Foundation – Diane Harris Brown
Local Residents
  Charles Jaskel  Amanda Byron Zink
  Jonathan O'Donnell
Lower Manhattan Cultural Council
  Sam Miller
Old Seaport Alliance - Marco Pasanella
Seaport Speaks - Claire Weisz
Save Our Seaport - Michael Kramer
Downtown Alliance - Jessica Lapin
Blue School - Allison Gaines Pell
Manhattan Chamber of Commerce
  Ann Kayman
• **11** meetings (2/27 – 5/8) – weekly basis
• **12** guest speakers (e.g. DCP, LPC, EDC, South Street Seaport Museum, experts in field)
• **8** group work sessions (discussions, develop guidelines, etc.)
• **1** site visit/walking tour
• **All** information on Dropbox
SEAPORT WORKING GROUP
GUEST SPEAKERS

2/27 – NYC EDC (overview of properties)
3/6 – DCP (historical background – planning)
        – EDC (maintenance, infrastructure)
        – Howard Hughes Corporation (reconstruction)
3/13 – Patrick Sullivan Esq. (land use regulations)
3/20 – South Street Seaport Museum (museum needs)
        – Office of Long Term Planning (resiliency)
3/27 – Alliance for Downtown New York (market)
4/10 – NYC LPC (landmarks, historic district)
        – CB1 (public commentary update)
4/17 – Outside New York (waterfront opportunities)
5/1 – Old Seaport Alliance (perspectives)
SEAPORT WORKING GROUP

DOCUMENTS

• CB1 Pier 17 Resolution (November 27, 2012)

SEAPORT WORKING GROUP

MEETINGS

2/27  – Organization, Overview, Identification of Priorities
3/6   – Historical Context and Background
3/13  – New Market-Tin Building, Zoning Options
3/20  – Museum and Resiliency Issues
3/27  – Facilitation Process, Downtown Market Analysis
4/3   – Community + Preservation – Draft Guidelines/Principles
4/10  – Urban Design – Draft Guidelines/Principles
4/24  – Vitality – Walking Tour, Draft Guidelines/Principles
5/1   – Work Session – Guidelines/Principles
5/8   – Work Session – Guidelines/Principles
6/2   – CB1 Open House

Key Work Sessions
SEAPORT WORKING GROUP
MEETINGS

4/3 Community/Preservation

• Historical significance of the district
• Preserving the South Street Seaport Museum
• Transit options
• Educational needs

4/10 Urban Design

• An inviting streetscape
• Amenities: Public Market
• Building Height and Density
SEAPORT WORKING GROUP MEETINGS

4/17 Waterfront & Resiliency

• Resiliency and Resilient development
• Amenities: Open Space

4/24 Vitality

• Integration with the Uplands
• Creating a Seaport that serves locals and attracts visitors
• Amenities: Maritime use(s)
• Support commercial vitality
• Amenities: Public Market

  - [Ogilvie, Jeff](#)

- [Guideline A](#)
  - Maintain the historic character of the seaport through local, state, national, and public participation.

- [Guideline B](#)
  - Preserve and enhance the public waterfront with high-quality, agreeable, and accessible open space.

- [Guideline C](#)
  - Enhance public access to the waterfront through pedestrian and bicycle pathways.

- [Guideline D](#)
  - Promote economic development within the seaport district.
Seaport Working Group (04-17-2014) FOR DISCUSSION PURPOSES ONLY

**DRAFT GUIDELINE: [TOPIC: PRESERVATION]**

Maintain the historic character and sense of place of the Seaport through the preservation and creative adaptive reuse of existing historic buildings to the greatest extent practicable.

**SUGGESTED LANGUAGE CHANGES and/or COMMENTS**

**DRAFT PRINCIPLES** (for guideline above)

Utilize adaptive reuse of buildings whenever possible so as to enhance net diminish or compromise the historic integrity of the district.

Preserve sense of place, “grit,” historic character, and low rise buildings.

**CONSENSUS FEEDBACK**

- I agree with this GUIDELINE and its wording
- I agree with this GUIDELINE but suggest language changes (see suggestion below)
- I partially agree with this GUIDELINE
- I disagree with this GUIDELINE

- I agree with this PRINCIPLE and its wording

SEAPORT WORKING GROUP
OUTCOMES

8 Guidelines & Related Principles
• Community & Connectivity
• Museum & Waterfront
• Open Space
• Preservation
• Vitality
• Building Heights & Views
• Resiliency
• Pedestrian Environment

2 Topics for Future Study
GUIDELINE:
Maintain the historic character and sense of place of the Seaport by making stronger physical, social and economic connections within and beyond the Seaport community, including other Lower Manhattan neighborhoods and areas easily accessible via ferry, through a variety of innovative and convenient transportation modes, including trolley, walkways, bike paths and ferries.

PRINCIPLES:
1.1 Integrate a contextual way-finding signage system, in accordance with LPC guidelines, identity graphics and appropriate branding that respect and celebrate the Seaport’s history and identity.

1.2 Create a structure for sustained community and citywide input and participation, including that from residents and business owners, in preserving and protecting the historic character and integrity of the district.
PRINCIPLES:

1.3 Actively encourage public access to the water, water dependent uses and waterborne activities through diverse programming of public space and connections with other maritime uses and sites in New York harbor and beyond, including Governor’s Island and other ports, potentially via a visiting ships program.

1.4 Create stronger connections between the Seaport stores, cultural activities and amenities, and the upland community through public and family-oriented programming and curated independent shops, services and events.

1.5 Support the community through creation of a community center, accessible open space, and partnerships with local educational institutions that provide programming for all ages at the Seaport.
2. MUSEUM & WATERFRONT

GUIDELINE:
Maintain the historic character and sense of place of the Seaport by recognizing and supporting a reinvented South Street Seaport Museum as the cultural anchor of the district.

PRINCIPLES:
2.1 Preserve, protect and strengthen the museum through creation of a long-term strategy that ensures financial and institutional sustainability and independence.

2.2 Strengthen physical and visual connections between the museum, the waterfront and the historic ships while maintaining a museum presence in the uplands.

2.3 Ensure that an active and historic waterfront is maintained and that ships remain prominent on the waterfront by providing sufficient berthing space for the museum and visiting ships.

2.4 Consider different ideas for maintaining the Peking on the waterfront and encouraging other tall ships.
3. OPEN SPACE

GUIDELINE:
Maintain and improve existing open space at the Seaport and create new open space along the water’s edge that is publically accessible, including indoor and outdoor spaces programmed for passive and active recreation.

PRINCIPLES:
3.1 Maximize access to existing and new open space, including roofs of privately owned buildings, to appeal to a wide variety of users, including workers, local residents, families and visitors, for daytime and evening activities

3.2 Improve the public realm in existing open spaces and create new features in suitable locations with consideration for view corridors.

3.3 Compliment historic district with decorative amenities, such as street furniture, planters and appropriate lighting.

3.4 Activate, recapture and revitalize underutilized areas under FDR Drive with creative, cultural and contextual programming and physical improvements such as landscaping, lighting and acoustic treatments.
4. PRESERVATION

GUIDELINE:
Maintain the historic character, visual corridors and sense of place of the Seaport through the preservation and creative adaptive reuse of existing historic buildings to the greatest extent practicable.

PRINCIPLES:
4.1 Utilize adaptive reuse of buildings so as to preserve the historic integrity of the district.

4.2 Preserve sense of place, “authentic,” historic character, and low-rise scale by keeping buildings in scale with the historic fabric of the district.

4.3 Use historically appropriate materials that complement the existing buildings.

4.4 Appropriately program the Seaport with input from the museum to maintain and improve the historic character and sense of place.
5. VITALITY

GUIDELINE:
Create a Seaport that supports commercial vitality through diverse retail programming that is cohesive and distinct from other nearby shopping areas and serves local residents, families and visitors, and integrates the uplands with the waterfront.

PRINCIPLES:
5.1 Support retail programming at the Seaport that is distinctive, vibrant, diverse and attractive to a broad spectrum of people, including local residents, workers, and tourists.

5.2 Create a retail mix that prioritizes smaller, local and regional purveyors and retailers, including those specializing in artisanal foods, craftsmanship, and art relevant to the Seaport.

5.3 Create a year-round public market district based on successful precedents from around the world that prioritizes and incubates local purveyors selling locally and responsibly sourced foods and goods and restaurants that appeal to locals, families and visitors and are true to the spirit and character of the district’s traditional role as the city’s marketplace.
5. VITALITY

PRINCIPLES:

5.4 Schedule time-based events and public programs that appeal to a variety of people in order to create diversity and varied interest through the day, week and year at the Seaport provided events do not adversely affect the surrounding area.

5.5 Eliminate short-term storefront vacancies through creative strategies such as temporary uses and “pop-up” local stores, cultural exhibits and galleries so as to create active street frontage and enhance pedestrian interest.

5.6 Develop a temporary signage program that complements the Seaport’s historic character during construction periods to orient people to, from and within the Seaport.

5.7 Develop public art opportunities at the Seaport that include stakeholder input and take advantage of the area’s social and cultural history and New York artists and scholars.

5.8 Create opportunities to engage the water in a variety of ways from viewing, touching, and entering.
6. BUILDING HEIGHTS & VIEWS

GUIDELINE:
Buildings developed on properties adjoining the South Street Seaport Historic District should not adversely impact neighborhood scale and character.

PRINCIPLES:
6.1 Alternatives to the proposed 50-story tower should be sought and any building on the New Market site should be contextual with the buildings within the South Street Seaport Historic District.

6.2 Encourage the transfer of development rights to incentivize lower buildings and public open space in the immediate vicinity of the South Street Seaport Historic District in conformance with the design objectives of the 1998 Urban Renewal Plan Area.

6.3 Preserve and protect all historic east-west view corridors delineated in the 1998 Urban Renewal Plan and views of the Brooklyn Bridge and historic ships.
7. RESILIENCY

GUIDELINE:
Resiliency measures should include preserving historic character of the Seaport and access to the waterfront to the maximum extent possible.

PRINCIPLES:
7.1 Develop a resiliency plan for the Seaport through a process of collaborative consultations with stakeholders, community members and experts.

7.2 Develop green guidelines for future development when applicable, including measures that minimize greenhouse gas emissions and generation of energy from alternative sources such as wind and solar.
8. PEDESTRIAN ENVIRONMENT

**GUIDELINE:**
Create an attractive and functional pedestrian environment by balancing pedestrian, bicycle and vehicular circulation.

**PRINCIPLES:**

8.1 Develop a vehicular and pedestrian/bicycle flow plan so as to better accommodate pedestrians and bicycles, private vehicular traffic and service and commercial deliveries, including tour buses.

8.2 Develop a beautification plan so as to maintain and enhance the visual appearance at the Seaport

8.3 Develop a waste management plan so as to minimize litter and minimize impacts of trash collection.

8.4 Prohibit vehicular parking east of the FDR expressway.
TOPICS:

9.1 Create a process for ongoing community engagement: Study the shifting of governance from NYCEDC to a new entity that would include community members.

9.2 Study the creation of the “Eleanor Roosevelt High Line” by building a trail above the FDR south of the Brooklyn Bridge to the Battery Maritime Building. This new trail could provide connective links to support pedestrian and bicycle access to the Brooklyn Bridge and Seaport.
Summary of Community Input from tonight’s open house will be added to the Guidelines & Principles publication

Available on CB1 website:
