Re: Supplement to the State liquor application questionnaire

How do you plan to manage vehicular traffic and crowds on the sidewalk caused by my establishment?

A restaurant manager will be on premises during all hours of operation to monitor for any issues related to vehicular traffic. In addition, ample meter and free street parking is available in front of the property with a parking garage located within 50 feet of the restaurant

For crowd traffic, the restaurant will have a indoor waiting area for our patrons

How do you plan to manage noise inside and outside the business so neighbors will not be affected?

A restaurant manager will be on premises during all hours of operation to monitor for any issues related to noise. In addition, signage will be posted inside and outside the restaurant to our patrons to avoid loud noises and to be respectful to the neighbors.
