

**MCB7 has received several lists of Upper West Side restaurants that remain open for take-out or delivery (only) during the current prohibition on in-person dining, and have done our best to merge them into a single list, which we append.**

Wherever possible, we have included, and recommend that everyone use, the direct phone link to the restaurant, which will ensure that the local businesses receive the maximum share possible of the purchases being made.

CB7 welcomes additions and corrections to this list of restaurants still serving, as we endeavor to be as complete and as accurate as possible. As always, wherever possible and consistent with pending directives, CB7 recommends shopping locally and supporting our neighborhood businesses.

**Upper West Side Restaurants Open for Takeout and Delivery, as of March 25, 2020, in alphabetical order:**
