

## RESOLUTION

**Date: June 5, 2018**

**Committee of Origin: Transportation**

**Re: Newsstand, N/E/C West 79<sup>th</sup> Street & Broadway.**

**Full Board Vote: 32 In Favor 0 Against 0 Abstentions 0 Present**

*Committee: 7-0-0-0. Non-committee Board Members: 2-0-0-0*

The following facts were taken into account when drafting this resolution:

There is an existing news store at the southeast corner of Broadway and 79<sup>th</sup> Street, as well as a newsstand on the southwest corner of Broadway and 79<sup>th</sup> Street;

THEREFORE, BE IT RESOLVED THAT Community Board 7/Manhattan **disapproves** new application #5125-2018-ANWS to the Department of Consumer Affairs by MD Shahidul Islam to construct and operate a newsstand on the northeast corner of West 79<sup>th</sup> Street and Broadway.

## RESOLUTION

**Date: June 5, 2018**

**Committee of Origin: Transportation**

**Re: [Manhattanhenge](#), American Museum of Natural History.**

**Full Board Vote: 32 In Favor 0 Against 0 Abstentions 0 Present**

BE IT RESOLVED THAT Community Board 7/ Manhattan **approves** the application to the Mayor's Street Activity Permit Office for the street closure of West 79<sup>th</sup> Street (Columbus-Amsterdam Avenues) for the Manhattanhenge event on Thursday, July 12, 2018.

## RESOLUTION

**Date: June 5, 2018**

**Committee of Origin: Preservation**

**Re: 381 West End Avenue (West 78<sup>th</sup> Street.) Application to the Landmarks Preservation Commission for a façade restoration, window modification and rooftop addition.**

**Full Board Vote A: 34 In Favor 0 Against 0 Abstentions 0 Present**

*Committee: 6-0-0-0.*

**Full Board Vote B: 19 In Favor 10 Against 3 Abstentions 0 Present**

*Committee: 6-0-0-0.*

The following facts and concerns were taken into account in arriving at our conclusion:

**A. Façade restoration and window modification:**

The following facts and concerns were taken into account in arriving at our conclusion:

- The existing Flemish design rowhouse occupies a prominent position at the northwest corner of 78<sup>th</sup> Street and West End Avenue.
- In the 1950's, significant changes were made to the building, including filling in the areaways and their window openings on the street facades, closing in and modifying certain street facing windows, removing a prominent two story bay window on west 78<sup>th</sup> street, as well as modifications to the rear facades.
- The proposal is to restore the building to its original design. This includes re-opening the areaway and its windows, rebuilding the two story wood bay window, modifying window openings to return to their original shapes and sizes, installing new windows designed to look like the original ones.
- At the side façade, facing the side court and partially visible from the public way, creating additional window openings and modifying the existing fenestration pattern, creating a more even window pattern.
- The building will be constructed as a "passive house", fully air-sealed, significantly reducing the supplementary heating and cooling needs of the building.
- All new windows will be by Zola, triple-glazed, simulated double-hungs on the street facades, and various other configurations on the side facades. Windows to be black finish to match original.
- Brick facades will be restored and repointed, with patching as required using existing 1950's and original brick removed from elsewhere in the building
- Existing slate roof will be re clad using dark gray recycled rubber roof tiles in the same pattern as original slate tiles.
- Additional work includes the excavation of a full 7'-6" high cellar, underpinned all around.

The Preservation Committee of Community Board 7/ Manhattan believes that the proposed street façade restorations work, the side and rear façade renovation work are reasonably appropriate to the historic character of the building and the Historic District.

THEREFORE, BE IT RESOLVED THAT the Full Board of Community Board 7/ Manhattan enthusiastically **approves** the street façade restorations work, the side and rear façade renovation work.

The Committee commends the applicant on the extensive restoration work planned, as well as for the “passive house” design component.

**B. Rooftop addition:**

The following facts and concerns were taken into account in arriving at our conclusion:

- A new rooftop addition will be constructed behind the steep Mansard roof. It will be 9 feet high, extending up to 11 feet at the elevator overrun bulkhead. The rooftop addition will be minimally visible from points south and east. It will have Zola wood windows painted black, stucco wall cladding and Kemper monolithic fiberglass roofing, beige color to blend in with the roofscape beyond.

Full Board expressed concern about the shadows cast by the new addition on the neighboring rooftop skylights to the north. Covenant was established in 1886.

BE IT RESOLVED THAT the Full Board of Community Board 7/ Manhattan **disapproves** the proposed rooftop addition.

## RESOLUTION

**Date: June 5, 2018**

**Committee of Origin: Preservation**

**Re: 341 West 87<sup>th</sup> Street, Apt #1F (Riverside Drive – West End Avenue.) Application #19-21667 to the Landmarks Preservation Commission for window replacement.**

**Full Board Vote: 31 In Favor 0 Against 0 Abstentions 0 Present**

*Committee: 5-0-0-0.*

The following facts and concerns were taken into account in arriving at our conclusion:

- At Parlor floor, existing conditions include double-hung aluminum windows flanking a central aluminum door and transom, all with square brick mold within a panned installation.
- Proposal is to install new insulated wood windows and central full-height French door pair in a brick to brick installation. New windows and doors to be mahogany, with new mahogany brick mold modelled on the original brick mold.

The Preservation Committee of Community Board 7/ Manhattan believes that the proposed design of the new windows and doors is reasonably appropriate to the historic character of the building and the Historic District.

THEREFORE, BE IT RESOLVED THAT Community Board 7/ Manhattan **approves** the replacement windows and doors.

## RESOLUTION

**Date: June 5, 2018**

**Committee of Origin: Preservation**

**Re: 600 West End Avenue (West 89<sup>th</sup> – 90<sup>th</sup> Streets.) Application to the Landmarks Preservation Commission for wall condensing units.**

**Full Board Vote: 31 In Favor 0 Against 2 Abstentions 0 Present**

*Committee: 4-0-1-0.*

The following facts and concerns were taken into account in arriving at our conclusion:

- The apartment is an external corner unit, facing onto both 89<sup>th</sup> Street and West End Avenue. There are no courtyard-facing facades.
- The apartment is located at the fourth floor, where a continuous decorative limestone band wraps the entire street-facing facades below all the windows.
- Because of the internal plan configuration, there are only a limited number of possible locations wide enough to fit the wall condensers, which are 3'-0" wide x 1'-7" high.
- The proposed location was selected as the least impactful to both street-facing facades. The two new through-wall condensing units are proposed to be installed along the 89<sup>th</sup> Street facade, to the east of the Juliet balcony window pair, in a similar location to other through wall penetrations on higher floors. The two units will be stacked, with the upper one aligning with the adjacent window head. The units will have architectural style linear grilles in a beige color to match the existing brick facade.

The Preservation Committee of Community Board 7/ Manhattan believes that the proposed location of the two through-wall condensing units is minimally appropriate to the historic character of the building and the Historic District.

THEREFORE, BE IT RESOLVED THAT Community Board 7/ Manhattan **approves** the two through-wall condensing units.
