In order to achieve the community, collaborative, and place-based goals set forth in this RFP, FYPS services will be delivered by networks of organizations, called Alliances, working together to achieve FYPS goals in their respective borough-based Service Area. Each borough-based Alliance will be led by one contractor, who in turn, will be responsible for developing and maintaining a network of service providers to ensure comprehensive service provision and coordination. The Alliances will be made up of organizations that will, under the leadership of the lead contractor, provide FYPS services as specified in the RFP, bringing unique strengths of individual organizations to create a cohesive support structure.</p>
