Procurement Description:	<p>The purpose of the Concept Paper is to inform New York City service providers, community-based organizations and the public about a Request for Proposal ("RFP") that ACS expects to release in the summer 2018. Service providers, community-based organizations and the public will have the opportunity to assess and comment on the requirements listed in this Concept Paper. The RFP will seek up to five appropriately qualified vendors to support the early engagement of caregivers and youth who come in contact with ACS, are impacted by addiction, the co-occurring disorder of mental conditions, and present with engagement challenges for treatment and a plan of safe care.</p> <p>Substance abuse is a particularly challenging risk-factor for the safety and well-being of family units especially where it impacts children.
