

Dear Nonprofit Partner,

As we move into the final month of the fiscal year and look ahead to next year, we are writing to let you know that the City will continue to build on the work done to stabilize the sector during the COVID emergency and support operations heading into recovery. This [Health and Human Services Business Continuity Brief](#) highlights some of this work. We look forward and remain committed to our continued partnership and working with you to meet community needs.

Sincerely,

Dan Symon
