MESSAGE FROM THE EXECUTIVE VICE PRESIDENT

Peace, health, and safety: This is what we wish for you during these extraordinary times. We are a great, resilient city with the ability to overcome many things. The recent challenges of COVID-19 and the protests in support of equity have shown the strength of our communities and how, together, we can bring about progress and justice.

There is more work to be done. With the current momentum, we can create the necessary change and transformation. I think of the Housing Choice Voucher Program as a way to foster stability, health, and safety through housing opportunities. With a shared sense of clarity and responsibility, we as a community can make a big difference. To that end, NYCHA will be issuing vouchers and implementing an Owners Incentive Program. Learn more in this newsletter, which I hope you find informative and engaging.

As always, your partnership is critical and much appreciated.

Be well and stay safe!

Lakesha Miller

Home Energy Assistance Program (HEAP) Cooling Assistance Component Benefit

New benefit to help you pay your cooling and utility expenses

Applicant households who reside in government-subsidized housing with heat included in their shelter costs may now be eligible for a Cooling Assistance Component (CAC) benefit.

The dates of operation for the Regular and Emergency benefit components run through August 31, 2020, or until the funds allocated to these components are exhausted (whichever occurs first).

Applicants who received or are eligible to receive a Regular HEAP benefit equal to $21 in the 2019-2020 program year and reside in government-subsidized housing with heat included in their shelter costs may be eligible to receive a CAC benefit if the household contains a member with a medical condition that is exacerbated by heat.

Mail your Cooling Assistance benefit application to:
New York City Home Energy Assistance Program
P.O. Box 1401, Church Street Station
New York, NY 10008

If you received a regular HEAP benefit for $21 or more during the 2019-2020 season, you can apply for the HEAP Cooling Assistance Component by filling out this application.

If you did not apply for the HEAP benefit(s) during the 2019-2020 season or have never applied before:

- Fill out the regular application (the current HEAP application)
- Follow the guidance in the “APPLICATION INSTRUCTIONS” appendix

Requirements for medical documentation for CAC may be waived for applicants who are unable to obtain such documentation due to COVID-19.
Renter Rights and Resources

CARES Act Eviction Moratorium ends on July 24, 2020

The best option for renters during the eviction moratorium is to pay their rent, if they are able. All HCV tenants have the option of repaying unpaid rent in a lump sum by July 24 and cannot be charged late fees or interest for rent due in the months of April, May, June, and July of 2020. The CARES Act protects tenants from being served with an eviction notice solely for nonpayment of rent until July 25, 2020, and the notice must give tenants 30 days to leave the property (August 24, 2020).

In addition, for multifamily properties with FHA-insured mortgages, or assisted through Section 202, Section 811, and certain other assistance programs administered by HUD’s Office of Multifamily Housing where the mortgage is in forbearance, landlords cannot evict tenants solely for non-payment of rent for as long as the mortgage is in forbearance. Landlords must provide tenants with 30 days’ notice of eviction when their forbearance period ends.

To determine if you reside in a property with a Multifamily FHA-insured mortgage or a property participating in one of HUD’s assisted housing programs administered by its Office of Multifamily Housing, use this search tool.

HUD encourages landlords to strive to avoid evicting tenants whenever possible. If the household is unable to pay a lump sum, HUD encourages landlords to set up a repayment agreement with reasonable payments spread out over time.

All HUD-assisted renters are eligible to report any decreases in wages, job hours, and family income so that income-based rent payments can be temporarily decreased and housing subsidies can be temporarily increased. Tenants experiencing financial hardship should reach out to their landlord to discuss their situation and potential solutions.

Section 8 Program Updates During the State of Emergency for COVID-19

During the current state of emergency for COVID-19, NYCHA will continue to work closely with the NYC Department of Health and Mental Hygiene to monitor the situation regarding the novel coronavirus (COVID-19) and to adhere to any Executive Orders. Additionally, NYCHA will monitor and follow all guidance issued by the United States Department of Housing and Urban Development (HUD).

Please be aware of the following changes to Section 8 program processes during this time:

Walk-in centers will remain closed to the public during the COVID-19 related state of emergency. However, the Owner Extranet and the Self-Service Portal can be accessed online via a smartphone, tablet, or computer and remain available for:

- Online submission of requests and documents;
- Status updates; and
- General case information.

In addition, please note that due to the COVID-19 state of emergency and until further notice, all required documentation, including rental packages, will be accepted via email at:

S8.rtu@nycha.nyc.gov

Please be aware that there may be delays in processing times.

To the extent possible, you should periodically visit the Self-Service Portal and Owner Extranet for status updates and to print any documents needed.
HQS Inspection Processing for Non-Life-Threatening Conditions During the COVID-19 State of Emergency

**NYCHA is not conducting in-person HQS inspections until further notice.**

**However, program modifications have been made to maximize the flow of subsidy to owners and landlords.**

Non-Life-Threatening Conditions Found in Previous Inspections:

- NYCHA will accept an owner’s certification for initial inspections (e.g., New Rentals, Transfers, and Restorations) that only failed for non-life-threatening conditions.

- Due to the COVID-19 state of emergency and until further notice, NYCHA will authorize occupancy of a unit prior to the initial inspection being completed based on an owner’s completion of NYCHA form 059.314A *Owner Certification of Initial Inspection (Interim Certification Due to COVID-19)*, which includes a certification that the owner has no reasonable basis to have knowledge that life-threatening conditions exist in the prospective rental unit and public space areas of the building.

- Owners must submit the completed *Owner Certification for Initial Inspection (Interim Certification Due to COVID-19)*, NYCHA form 059.314A, by emailing it to S8.rtu@nycha.nyc.gov. NYCHA will review the form and, if approved and the unit is otherwise eligible for Section 8 rental, will authorize the rental and commence Housing Assistance Payments. **Please note:** NYCHA will conduct an inspection of the unit once inspections resume.

- **Suspension timeline for non-life threatening HQS violations has been extended until further notice.** Due to the COVID-19 state of emergency, until further notice, NYCHA is temporarily extending the timeframe to address non-life-threatening HQS violations from 30 days to 90 days for inspections conducted on February 15, 2020, or later. NYCHA will advise owners when it will resume abatement for non-life-threatening HQS violations. NYCHA expects that all owners will continue to make best efforts to correct all HQS violations in a timely manner. Owners can use the NE-2 certification to verify completed repairs for non-life-threatening conditions.
HQS Inspection Processing for Life-Threatening Conditions During the COVID-19 State of Emergency

Life-Threatening Conditions Found in Prior Inspections:

- Life-threatening HQS violations (also known as “24-hour violations”), must be corrected. NYCHA will temporarily accept, until further notice, the following as an alternate form of verifying completed repairs for 24-hour violations:
  
  o **Unit violations**: Completed NE-2 certification and completed work order ticket(s) and/or paid invoice from a supplier for the repairs. The work order and/or paid invoice must include the Section 8 tenant’s address (including the unit number), the date the work was completed, and description of repairs completed.

  o **Public space violations**: Completed NE-2PS certification and completed work order ticket(s) and/or paid invoice from a supplier for the repairs. The work order must include the Section 8 tenant’s address (including the unit number), the date the work was completed, and description of repairs completed.

The NE-2 and NE-2PS certifications are now available on the Owner Extranet. Please log into your account to view the certification. Owners can submit a certification of completed repairs to prevent suspension of (or reinstate) subsidy payments for 24-hour violations. Please see the Owner Extranet for additional information. **Please note:** An approved NE-2 and NE-2PS certification will be subject to Quality Control Inspections once inspections resume.

**Questions?**
Information related to inspection results, suspension status, status of submitted certification(s), and other items is available on the Owner Extranet. Please refer to the FAQs on Temporary Program Changes to HQS for answers to frequently asked questions. For urgent issues, please email s8.info@nycha.nyc.gov. Please note that response times are delayed due to increased volume.

Lease Renewal Requirements under HTPA (Housing Stability and Tenant Protection Act of 2019)

As stated in the “News from the Chair & General Manager, Section 8 Program Updates,” dated May 14, 2020, NYCHA issued a temporary policy to prevent an immediate increase to the tenant’s share of rent. Specifically:

- Annual and Interim Recertifications that result in an increase to the tenant’s share will be processed with a later effective date. This will prevent the immediate rent increase to households. However, NYCHA will process payment adjustments for owners to ensure no monies are lost. The payment adjustment will cover the period between the Annual Recertification effective date and the new tenant share effective date.

- Lease Renewals that result in an increase to the tenant’s share will be processed with a later effective date. NYCHA will process payment adjustments for owners to ensure no monies are lost. The payment adjustment will cover the period between the Lease Renewal increase and the new tenant share effective date.

- Owners will receive a VCN notice that provides the effective date of the new rent share. Please note that the Owners Extranet will continue to reflect the current rent shares until the new monthly increase becomes effective.
Eviction Moratorium for Housing Choice Voucher Participants

Participants in NYCHA’s Section 8 program are subject to both state and federal eviction moratoriums. Please make sure to familiarize yourself with the details of both moratoriums.

A brief summary of each moratorium is described below.

**Federal Eviction Moratorium**
- The moratorium period is from March 27, 2020, through July 24, 2020.
- While the moratorium is in effect, no nonpayment proceedings may be commenced.
- In compliance with this moratorium, NYCHA is not accepting any Certifications for Basis of Eviction for nonpayment proceedings until July 25, 2020.

**State Eviction Moratorium**
- The initial New York State evacuation moratorium expired on June 20, 2020.
- Governor Cuomo extended the eviction moratorium for non-payment proceedings for an additional 60 days (from June 20, 2020 to August 20, 2020) for:
  - Tenants who are eligible for unemployment insurance or benefits under state or federal law; or
  - Tenants who are otherwise facing financial hardship due to the COVID-19 pandemic.

In addition, if you have a tenant who is unable to pay their tenant-share portion of the rent, please encourage the tenant to submit a request for an interim change via NYCHA’s tenant Self-Service Portal or refer the tenant to New York City’s “Information and Resources for NYC Tenants Impacted by COVID-19” website: https://www1.nyc.gov/content/tenantprotection/pages/covid19-home-quarantine.
