b. Unless otherwise specified, all salary provisions of this Agreement, including minimum and maximum salaries, general increases, education differentials and any other salary adjustments, are based upon a normal work week of 40 (37.5 in NYC Health + Hospitals) hours for employees in the titles of Staff Nurse, Staff Nurse (Department for the Aging), Assistant Head Nurse, Head Nurse, Supervisor of Nurses, Midwife, Nurse-Midwife, Nurse-Practitioner, Associate Midwife (Level A), Associate Midwife (Level B), Associate Nurse Practitioner (Level I), and Associate Nurse Practitioner (Level II) and 35 hours for all remaining titles, except for the title Home Health Nurse (Level I and II) (Per Visit) and Staff Nurse (Per Hour). Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The employer will give the union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

ARTICLE VI - GRIEVANCE PROCEDURE

Section 1.

DEFINITION: The term "Grievance" shall mean:
(A) A dispute concerning the application or interpretation of the terms of this collective bargaining agreement;
(B) A claimed violation, misinterpretation or misapplication of the rules and regulations, written policy or orders of the Employer applicable to the agency which employs the grievant affecting terms and conditions of employment; provided disputes involving the Rules and Regulations of the New York City Civil Service Commission or the Rules and Regulations of the NYC Health + Hospitals with respect to those matters set forth in the first paragraph of Section 7390.1 of the Unconsolidated Laws shall not be subject to the grievance procedure or arbitration;
(C) A claimed assignment of employees to duties substantially different from those stated in their job specifications;
(D) A claimed wrongful disciplinary action taken against an employee.
Section 2.

For all grievances as defined in Section 1(c), no monetary award shall in any event cover any period prior to the date of the filing of the Step I grievance unless such grievance has been filed within thirty (30) days of the assignment to the alleged out-of-title work. This limitation shall not apply to a violation of Article III, Section 10 D, "Differential for Working in a Higher Title."

The Grievance Procedure, except for paragraph (D) of Section 1, shall be as follows:

Step I. The Employee and/or the Association shall present the grievance verbally or in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. The employee may also request an appointment to discuss the grievance. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall reply in writing by the end of the third working day following the date of submission.*

* N.B. In the case of grievance in the NYC Health + Hospitals arising under paragraphs (A) through (C) of Section 1 of this Article, the following STEP I(a) shall apply prior to Step II of this Section:

Step I(a) An appeal from an unsatisfactory determination at Step I, or Step I(a) where applicable, shall be presented in writing to the agency head or his designated representative who shall not be the same person designated in Step I. The appeal must be made within five (5) working days of the receipt of the Step I determination. A copy of the grievance appeal shall be sent to the person who initially passed upon the grievance. The person designated to receive the appeal at this step shall meet with the employee and/or the Association for review of the grievance and shall issue a written reply to the employee and/or the Association by the end of the fifth (5th) work day following the day on which the appeal was filed.

Step II. An appeal from an unsatisfactory determination at Step I, or Step I(a) where applicable, shall be presented in writing to the agency head or his designated representative who shall not be the same person designated in Step I. The appeal must be made within five (5) working days of the receipt of the Step I or Step I(A) determination. The agency head or his designated representative, if any, shall meet with the employee and/or the Association for review of the grievance and shall issue a determination in writing by the end of the tenth (10th) work day following the date on which the appeal was filed.

Step III. An appeal from an unsatisfactory determination at Step II shall be presented by the employee and/or the Association to the Commissioner of Labor Relations, in writing within ten (10) working days of the receipt of the Step II determination. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations, or his designee, shall review all appeals from Step II determinations and shall answer such appeals within ten (10) working days following the date on which the appeal was filed.

Step IV. An appeal from an unsatisfactory determination at Step III may be brought solely by the Association to the Office of Collective Bargaining for impartial arbitration within fifteen (15) working days of receipt of the Step III determination.

In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance." The Employer shall
commence such arbitration by submitting a written request therefore to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accord with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Association and the Employer. The determination or award of the arbitrator shall be final and binding in accord with applicable law and shall not add to, subtract from or modify any contract, rule, regulation, written policy or order mentioned in Section 1 of this Article.

Section 3.

As a condition to the right of the Association to invoke impartial arbitration set forth in this Article, the employee or employees and the Association shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee or employees and the Association to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

Any grievance of a general nature affecting a large number of employees and which concerns the claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this agreement shall be filed at the option of the Association at Step III of the Grievance Procedure, without resort to previous steps, except that a grievance concerning employees of the NYC Health + Hospitals shall be filed directly at Step II of the Grievance Procedure. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 5.

If a determination satisfactory to the Association at any level of the Grievance Procedure is not implemented within a reasonable time, the Association may reinstitute the original grievance at Step III of the Grievance Procedure; or if a satisfactory Step III determination has not been so implemented, the Association may institute a grievance concerning such failure to implement at Step IV of the Grievance Procedure.

Section 6.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Association may invoke the next step of the procedure, except, however, that only the Association may invoke impartial arbitration under Step IV.

Section 7.

The Employer shall notify the Association in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Association shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours notice of all such grievance hearings.
Section 8.

Grievances relating to a claimed wrongful disciplinary action taken against an employee shall be subject to and governed by the following special procedure:

The provisions contained in this section shall not apply to the following category of employees covered by this contract:

a. Effective July 1, 2006, full-time employees with less than twelve (12) months of service unless a longer period is agreed by the Association.

b. Employees covered by Section 75(1) of the Civil Service Law or Section 7:5:1 of the Rules and Regulations of the NYC Health + Hospitals.

c. Employees paid on a per visit basis.

Effective July 1, 2006, any per diem employee who works at least half-time per week and has performed such per diem work at least twelve (12) months shall be entitled to utilize the contractual grievance procedure (including disciplinary matters) up to and including Step III.

Step I. Following the service of written charges upon an employee, with a copy to be sent to the Association’s New York City office, a conference shall be held with respect to such charges by a person who is designated by the agency head to review such charges. The employee may be represented at such conference by a representative of the Association. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a decision in writing by the end of the fifth day following the date of the conference.

Step II. If the employee is dissatisfied with the decision in Step I above, she/he may appeal such decision. The appeal must be within five (5) working days of the receipt of such decision. Such appeal shall be treated as a grievance appeal beginning with Step II of the Grievance Procedure set forth herein.

Section 9.

A non-Mayoral agency not covered by this agreement but which employs employees in titles identical to those certified to be covered by this contract may elect to permit the Association to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Association shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) working days of the receipt of the last step determination. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations, or his designee, shall review all such appeals and answer all such appeals within ten (10) working days.

An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.
Section 10.

The grievance and the arbitration procedure contained in this agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory right and obligation of the Employer under Article XIV of the Civil Service Law.

Section 11. Expedited Arbitration Procedure.

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. SELECTION AND SCHEDULING OF CASES:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 11 and notify the parties of proposed hearing dates for such cases.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. CONDUCT OF HEARINGS:

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case,
the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII - WORK SCHEDULES

The City of New York and the NYC Health + Hospitals shall post a schedule of each employee's work assignments not less than two (2) weeks in advance of the start of each work cycle. Except when prevented by circumstances beyond its control, or when accommodating the particular employee affected, any change in work schedule within the month shall be posted not less than 48 hours in advance of the scheduled date of change. A copy of such change shall be given to the employee affected.

In the NYC Health + Hospitals, if the reassignment involves a change of tour, the employee will be given four (4) weeks written notice. The Mayoral Agencies will make their best efforts to give more than two (2) weeks written notice of reassignments involving a change of tour; such notice will not be made in an arbitrary or capricious manner.

ARTICLE IX - SENIORITY

The Employer will furnish annually to the Association seniority lists by facility and will correct such lists from time to time as may be necessary. Such lists shall reflect each employee's date of original appointment and length of service in the employee's current title. The list will conclusively establish an employee's seniority in the facility unless the employee protests it, in writing, within thirty (30) days from the time it is furnished or, if the employee is on absence leave or vacation or otherwise unable to so protest it within such time, within thirty (30) days after the employee returns from such leave or vacation or such disability is removed.

The discussions of the NPC should be professional and collaborative in nature, striving to address issues regarding nursing practice; nurse recruitment, engagement, satisfaction and retention; cultural sensitivity and culturally competent care; nurse-sensitive indicators of performance; patient satisfaction; patient safety; and patient outcomes in a mutually respectful manner. 16. Information provided in connection with this provision will only be used by the NPC for the purposes established herein.

Ms. Lorraine Seidel  
New York State Nurses Association

New York, New York 10005  

Dear Ms. Seidel  

Pursuant to negotiations for the 2007-2010 NYSNA contract, the following was agreed:

In the event any registered nurse considers that in his/her professional opinion he/she has been given an assignment that is unsafe and/or endangers patient care, he/she will accept and perform the assignment, but shall immediately notify his/her nurse manager. The nurse manager, or designee, shall review the assignment as soon as practicable with the registered nurse and shall make a determination concerning the appropriateness of the assignment. If the registered nurse, in his/her professional judgement, disagrees with the nurse manager’s or designee’s determination, then he/she will accept and perform the assignment and shall file a Protest of Assignment with the Nursing Office. Nursing management will respond to the Protest of Assignment in writing.

The NYSNA may bring the issue of protests of assignment to the labor-management committee at each facility. In so doing the NYSNA shall notify the management representatives in advance and in writing of the protests of assignment that will be raised. The notice will include specific information concerning the protests and/or the pattern of protests that the NYSNA wishes to discuss. After meeting at the facility level, if the NYSNA believes that a consistent pattern of protests of assignments persists at a facility, they may bring that pattern of protests to the monthly labor-management meeting held at the Corporate level. The NYSNA will notify the Corporation management representatives in advance and in writing of the pattern of protests of assignment that will be raised and the notice will include specific information concerning the protests and the pattern of protests that the NYSNA wishes to discuss. There shall be no adverse action taken against any employee for exercising this right.

Re: 2007-2010 Staff Nurse Unit Agreement

Dear Ms. Seidel,

This is to confirm the parties' mutual understanding that the Union and Management are bound by the New York City Collective Bargaining Law and New York City Board of Collective Bargaining Decision B-22-2002 and the obligations they impose on the parties regarding criteria and procedures for implementing performance compensation.

Re: PRECEPTORSHIP PROGRAM

Dear Ms. Sendel:

Pursuant to negotiations for the 2007-2010 NYSNA contract, the following is agreed:

The Parties agree that the adoption, implementation and maintenance of an effective orientation program is a key element in ensuring that newly hired, promoted or transferred nurses are properly prepared to assume their professional duties. The parties further agree that such a program will enhance the recruitment and retention of newly hired nurses and facilitate the provision of high quality health services to the people of the City of New York.

Accordingly, the Employer and the Union recognize the importance of providing a core clinical orientation to each newly hired, promoted and/or transferred employee and of providing these employees with appropriate monitoring and guidance. In furtherance of this objective the parties agree to discuss the creation of preceptorship programs in the various facilities that will include the following program guidelines:

1. Participation in the preceptor program will be voluntary and no employee will be required to become a preceptor.

2. Employees who volunteer to participate in the preceptor program and successfully complete all required training will be eligible to perform the role of preceptor. Time spent in required preceptor training programs, including mandated continuing preceptor training, will be considered paid working time.

3. The direct patient care duties of preceptors will be limited, wherever possible, during the period of time that they are precepting. Conditions permitting, the assignment of patients to the preceptor will be
progressive and the preceptor's evaluation of the orientee's capabilities will be considered. A preceptor will not be unreasonably assigned simultaneously to more than one orientee.

4. Employees assigned to preceptor duties will be paid additional compensation at the rate of $1.00 per hour for time worked as a preceptor.

5. Issues related to the implementation and maintenance of preceptor programs may be brought to a labor-management meeting at the facility level, or to the Corporate level, if appropriate.

If the above conforms to your understanding, please countersign below.

Dear Ms. Seidel:

Pursuant to negotiations for the 2007-2010 NYSNA contract, the following is agreed:

It is understood that the creation and classification of titles is a managerial prerogative.

The parties agree that the labor management committee established pursuant to negotiations for the 1992-95 NYSNA contract will continue to be responsible for discussing and proposing "career ladders" applicable to registered professional nurses. It is understood that any proposal agreed to by the committee can only be implemented if there is sufficient funding available to cover the costs of such proposal and if such a proposal is consistent with the operational needs of HHC.

If the above conforms to your understanding, please countersign below.

New York State Nurses Association

Dear Ms. Seidel:

This is to summarize agreements made pursuant to negotiations for the 2007-2010 Staff Nurse Agreement:

1. HHC has re-issued Operating Procedure 120-2, with a cover memorandum as discussed during prior negotiations, concerning hospital to hospital transfers. HHC has also notified its facilities to establish policies so that registered professional nurses will not be used to accompany patients on clinic visits when the patient's condition does not require professional care.

2. HHC has established In Service/Leadership Training for nurses. All registered professional nurses are eligible to apply for this training; applications will have to be approved by the applying nurse's respective facility; and training will be provided centrally. The time allocated for attendance at this training will not be charged to an individual's leave balances. The HHC will continue to provide training to registered professional nurses on how to recognize and deal with violent patients and visitors.

3. HHC has issued a letter to all its facilities requesting that when space planning is done the facilities consider providing lounge space for nursing staff.

4. HHC has issued a letter to nursing directors stating that when a facility's Infection Control Department determines that a number of the nursing staff should be released from duty because of exposure to a communicable disease such release will be
made without charge to leave balances.

5. The documentation forms already agreed to by the parties for situations where nursing staff are assigned to higher level duties pursuant to Article III, Section 10D have been issued.

6. The Health and Hospitals Corporation and Mayoral agencies will make concerted efforts to provide locker rooms and lounges for registered professional nurses in each facility.

7. The Health and Hospitals Corporation Vice President for Human Resources will arrange a meeting with representatives from the New York State Nurses Association and appropriate staff from Kings County Hospital to discuss provision of lounges in the currently planned new hospital buildings at Kings County Hospital.

8. The Health and Hospital Corporation and the Mayoral agencies have issued the agreed to policies concerning floating, rotations, and weekends. These policies are attached to the contract.

Very truly yours,

AGREED AND ACCEPTED

New York State Nurses Association

16002
AGREEMENT entered into this 13th day of Nov., by and between the City of New York, the NYC Health + Hospitals, and New York State Nurses Association consistent with Article II, Section 2 of the 1995-2001 Citywide Agreement with regard to the scheduling of the group of employees covered by this Agreement.

1. DURATION

A. This Agreement, unless otherwise stated, will be effective from January 21, 2010 and will remain in effect until June 5, 2019.

2. DEFINITIONS

A. Normal Schedule: An arrangement of workdays and hours in which an employee fulfills her/his work commitment in five (5), seven and one-half hour (7 ½) days within a seven (7) day period of time.

B. AWS: An arrangement of workdays and hours in which an employee fulfills her/his work commitment in a manner other than the standard five (5), seven and one-half (7 ½) hour days.

C. The term “employee” is defined, for the purpose of this Agreement, to include full-time, part-time, and per diem employees employed by the NYC Health + Hospitals.

3. PROCEDURES FOR IMPLEMENTATION OF AWS

A. Alternate work schedules may be implemented in units where no AWS had been utilized upon submission of the following information to the facility Director of Human Resources and to the Association at least one (1) month before the commencement of AWS:

1. The specific unit and service involved in the AWS, indicating by tour, the name and title and schedule of all employees on the unit.

2. A copy of the first months schedule for the unit.

B. The parties shall then review the submission and discuss, prior to implementation date, any inconsistency with this Agreement.

4. ELIGIBILITY AND PARTICIPATION IN AWS

A. Employees shall select AWS on a voluntary basis only.

B. Employees working an alternate work schedule may request to be changed to a normal schedule upon four (4) weeks written notice to the Director of Nursing. Such
request shall be granted whenever possible, at the discretion of the Director.

C. The parties recognize that sick calls that occur by employees working AWS are more difficult to cover than employees working a normal schedule. Therefore, every effort will be made by the parties to reduce the number of sick calls and provide coverage when they occur.

5. TERMINATION OR REDUCTION OF AWS

A. The Employer may terminate or reduce the AWS to a normal schedule upon sixty (60) days written notice to the Association and affected employees.

B. After the above-mentioned sixty day notice of intent is provided, a Labor-Management Committee meeting will be convened to discuss alternatives to the termination or reduction. At that meeting the Employer shall provide the Association with the rationale for the termination or reduction of AWS and will provide relevant information for review by the Committee. The NYC H+H Director of Labor Relations, or his/her designee, will participate in the Labor-Management Committee meetings. At the conclusion of the sixty (60) day notice period, the final decision whether to terminate or reduce the AWS, or to modify the original notice of intent to terminate or reduce AWS, shall be made by the facility Executive Director or his/her designee. The sixty (60) day notice period may be extended to allow for further discussion upon the expressed written consent of the Employer to the Association.

C. Upon termination or reduction of the Alternate Work Schedule in a unit, Employees will volunteer to cover all three tours. In the existence of a conflict regarding an assignment to a tour, seniority will prevail.

6. TYPES OF AWS

A. Any schedules that the Employee and Employer may mutually agree to as an accommodation to an employee, other than those referred to below, shall not be construed to be an AWS and shall not fall within the scope of this agreement. Any AWS other than those listed below must be by mutual written agreement of the Association and the Employer.

B. Examples of alternative work schedules for full-time employees include, but are not limited to, the schedules listed below:

1. Three Day Work Week - Three (3) twelve and one-half (12 ½) hour tours in one week.
2. Four Day Work Week - Four (4) ten (10) hour tours in one (1) week; three (3) ten (10) hour tours plus one (1) five (5) hour tour in the other week.
3. Four Week Tour - Three (3) eleven and one-half (11 ½) hour tours for three (3) weeks, plus three (3) eleven and one-half (11 ½) hour tours and
one twelve (12) hour tour in the other week.

a.) While on this schedule, six (6) hours earned annual leave must be retained in the employee's leave bank.

b.) If during this four (4) week schedule and employee leaves after working a 3 day/3 day portion or a 3 day/3 day portion, the employee shall have deducted from her/his annual leave balance the number of hours for which the employee was paid but were not actually worked. If the annual leave balance is insufficient for this purpose, deduction for the balance owed will be deducted from the employee's paycheck.

c.) If during this four (4) week schedule an employee leaves after working a 3 day/4 day portion, the employee shall receive overtime for all hours worked beyond seventy-five (75) hours in a two (2) week period. Such payment shall be in accordance with Section 8B of this Agreement.

d.) If during the four (4) week schedule an employee leaves after working a 4 day portion, the employee shall receive overtime credit for all hours worked beyond 37.5 hours per week in accordance with the provisions of the 1995-2000 Citywide Agreement, Article IV, Section 2, or any successor agreement(s).

4. **Two Week Tour** - Three (3) thirteen (13) hours tours one week; three (3) twelve (12) hour tours in the other week.

C. Part-time employees may work any of the alternative shifts provided they complete their normal bi-weekly schedule.

   B. Overtime for full-time employees on the 3 day/4 day AWS shall be calculated on the basis of time worked beyond seventy-five (75) hours in a two week period. Ordered involuntary overtime which results in an employee working in excess of eighty (80) hours every two week period shall be compensated in cash at time and one-half (1 ½ x). For those employees whose normal work schedule is less than eighty (80) hours every two (2) weeks, any such ordered involuntary overtime worked between the maximum of those two work weeks and eighty (80) hours in those same calendar weeks, shall be compensated in cash at straight time.

   B. An employee currently receiving full shift differential for working a unique schedule of which 50% of the hours fall within the normal evening tour hours and who works an AWS tour of which 50% of the hours fall within the hours of 3:00 p.m. - 11:30 p.m. shall continue to receive the full shift differential.

Lorraine Sendel  
Director, Economic and General Welfare Program  
New York State Nurses Association  
120 Wall St., 23rd floor  
New York, NY 10005

Dear Ms. Sendel,

This is to confirm certain mutual understandings and agreements regarding the 2007-2010 Staff Nurse Agreement.

Transit Check  
The parties agree that the City will expand the current Transit Check program to offer to eligible employees the ability to purchase a Transit Debit Card through payroll deductions in accordance with IRC Section 132. In addition to the current MTA Surface and Subway lines, the Transit Debit Card may be used to purchase tickets for mass transit commutation only (i.e., LIRR, LI MTA Buses, MetroNorth). The administrative fee for this benefit will be borne by the participants and will be deducted on a prorated basis from the participating employee's paycheck. After one year of experience with this benefit, the City will examine the level of participation and the associated costs of providing this benefit to determine whether or not the administrative fee requires adjustment.

The parties further agree to examine the possible expansion of this benefit to include other regional mass transit carriers.

Residency  
The parties agree to support an amendment to Section 12-119 et seq. of the Administrative Code for the purpose of expanding permissible limits on residency to include the City of New York and Nassau, Westchester, Suffolk, Orange, Rockland or Putnam counties with certain exceptions and limitations and except as may be prohibited by any other law requiring residency for appointment to certain positions including, but not limited to, the Public Officers Law for employees covered by the terms of this Agreement.
Consistent with the above, Mayor's Directive 78-13, as amended July 26, 1978, and any other written Employer's rules, regulations and/or operating procedures, shall be similarly modified to conform to the understanding of the parties.

Upon enactment of legislation to implement the provisions herein, employees shall be subject to Section 1127 of the New York City Charter.

Additional Compensation Funds

Effective on the last day of the unit agreement, the bargaining unit shall have available funds not to exceed 0.34% to purchase recurring benefits, mutually agreed to by the parties, other than to enhance the general wage increase set forth in Section 4 or the hiring rate for new employees set forth in Section 5. The funds available shall be based on the December 31, 2003 payroll, including spinoffs and pensions.

Labor Management Committee on Pension Issues

There shall be a joint Labor Management Committee on Pensions with the appropriate parties. The committee shall analyze the actual costs and additional contribution rates for members of the New York City Employees' Retirement System (NYCERS) and the Board of Education Retirement System (BERS) associated with Chapter 96 of the Laws of 1995. Such analysis shall be based on, among other factors, the actual number of people who elected to participate under the provisions of and Chapter 96 of the Laws of 1995 as of September 26, 1995. The committee shall make recommendations regarding the establishment of revised additional contribution rates and other remedies it deems appropriate so as to reflect the actual cost to members of NYCERS and BERS. Regardless of the comparison of actual costs to additional contributions for members of NYCERS and BERS, there shall be no adjustment to contributions under Chapter 96 without first considering the contributions by the employer to NYCERS and BERS on behalf of all employees, and the comparison of those contributions to actual costs.

The appropriate parties further agree to discuss the following issues:

- Chapter 96 Repayment
- Chapter 96 Escape
- Age and Vesting Requirements
- Member Contribution Amounts and Duration
- Benefit Formula Changes
- Service Credits
- Any other areas the parties mutually agree to

Continuation of Certain Health Benefits

The parties acknowledge that collective bargaining regarding health benefits is within the purview of negotiations between the Municipal Labor Committee and the City. Cost-containment initiatives in the City Health Benefits Program shall be discussed with the Municipal Labor Committee.
Performance Compensation Procedures

The Letter Agreement between the City of New York and District Council 37 regarding such criteria and procedures insular as they relate to the City of New York's "Performance Compensation Procedures" shall apply in lieu of the provisions in Article XVII ("Merit Increases"), Sections 1 and 2.

If the above accords with your understanding, please execute the signature line provided below.

SUBJECT: Scheduling of Registered Professional Nurses on Weekends

This memorandum states the Corporation policy concerning the weekend scheduling of registered professional nurses represented by the New York State Nurses Association. "Weekend" is defined as the two-day period consisting of Saturday and Sunday. Registered professional nurses on units/services which are open on Saturdays and/or Sundays shall be entitled to at least 26 weekends off per year. In implementing this policy, no changes shall be made in existing work schedules, except to the extent necessary to comply with the requirements of this policy. Notwithstanding the above, exceptions may be made where strict adherence to this policy would compromise patient care.

SUBJECT: Floating Assignments for Nurses

This memorandum states the Corporation policy concerning "floating" assignments for registered professional nurses represented by the New York State Nurses Association. The guidelines for these assignments are:

1) Floating shall not be used to cover vacancies whose existence can be identified in advance, e.g., scheduled vacations, long-term sick leave, workers compensation, etc., it shall only be used to cover unexpected vacancies which arise on a particular tour in a unit or service.

2) When registered professional nurses represented by NYSNA are assigned to float, it shall be between units within their assigned service or related service, or to units on a service where they have worked or have had orientation.

3) Floating assignments shall be distributed equitably among the registered professional nurse staff.

4) Floating assignments shall be made at the beginning of a tour of duty. To that end, nurses who are going to be unexpectedly absent must call in a minimum of two hours prior to the start of the tour of duty. It is the responsibility of the Director of Nursing or the Director's designee to arrange for staff coverage prior to the commencement of the tour.

5) Notwithstanding the above, when, in the judgment of the Director of Nursing or the Director's designee, adherence to this policy would compromise the delivery of patient care, floating assignments will be made as required.

Subject: Shift Rotation - Registered Professional Nurses

This memorandum establishes a revised Corporate policy on shift rotation for registered professional nurses. This policy will commence immediately and employees shall be given at least three months advance notice of their rotation schedule.

Shift rotations shall be scheduled for no less than one month at a time. Employees with seven or more years of service as a registered professional nurse with the Corporation and/or mayoral agencies, or who regularly work the evening or night tour, shall not be required to rotate. Employees with less than seven years of service shall not be required to rotate more than three months in any year unless the employee submits a written request for additional rotation to the Director of Nursing.

In implementing this policy, no changes shall be made in existing work schedules except to the extent necessary to comply with the requirements of this policy.

Where this policy limits a facility's ability to provide shift coverage due to a lack of personnel with less than seven years of service, the facility shall initiate a Labor/Management meeting with the NYSNA to discuss alternatives, including, but not limited to, hiring for tour and rotation of employees with more than seven years of service.

Notwithstanding the above, any employee may be required to rotate in an emergency situation.

Harry Nespoli
Chair, Municipal Labor Committee
125 Barclay Street
New York, NY 10007

Dear Mr. Nespoli:

This is to confirm the parties' mutual understanding concerning the following issues:

1. Unless otherwise agreed to by the parties, the Welfare Fund contribution will remain constant for the length of the successor unit agreements, including the $65 funded from the Stabilization Fund pursuant to the 2005 Health Benefits Agreement between the City of New York and the Municipal Labor Committee.

2. Effective July 1, 2014, the Stabilization Fund shall convey $1 Billion to the City of New York to be used to support wage increases and other economic items for the current round of collective bargaining (for the period up to and including fiscal year 2018). Up to an additional total amount of $150 million will be available over the four year period from the Stabilization Fund for the welfare funds, the allocation of which shall be determined by the parties. Thereafter, $60 million per year will be available from the Stabilization Fund for the welfare funds, the allocation of which shall be determined by the parties.

3. If the parties decide to engage in a centralized purchase of Prescription Drugs, and savings and efficiencies are identified therefrom, there shall not be any reduction in welfare fund contributions.

4. There shall be a joint committee formed that will engage in a process to select an independent healthcare actuary, and any other mutually agreed upon additional outside expertise, to develop an accounting system to measure and calculate savings.
5. The MLC agrees to generate cumulative healthcare savings of $3.4 billion over the course of Fiscal Years 2015 through 2018, said savings to be exclusive of the monies referenced in Paragraph 2 above and generated in the individual fiscal years as follows: (i) $400 million in Fiscal Year 2015; (ii) $700 million in Fiscal Year 2016; (iii) $1 billion in Fiscal Year 2017; (iv) $1.3 billion in Fiscal Year 2018; and (v) for every fiscal year thereafter, the savings on a citywide basis in health care costs shall continue on a recurring basis. At the conclusion of Fiscal Year 2018, the parties shall calculate the savings realized during the prior four-year period. In the event that the MLC has generated more than $3.4 billion in cumulative healthcare savings during the four-year period, as determined by the jointly selected healthcare actuary, up to the first $365 million of such additional savings shall be credited proportionately to each union as a one-time lump sum pensionable bonus payment for its members. Should the union desire to use these funds for other purposes, the parties shall negotiate in good faith to attempt to agree on an appropriate alternative use. Any additional savings generated for the four-year period beyond the first $365 million will be shared equally with the City and the MLC for the same purposes and subject to the same procedure as the first $365 million. Additional savings beyond $1.3 billion in FY 2018 that carry over into FY 2019 shall be subject to negotiations between the parties.

6. The following initiatives are among those that the MLC and the City could consider in their joint efforts to meet the aforementioned annual and four-year cumulative savings figures: minimum premium, self-insurance, dependent eligibility verifications audits, the capping of the HIP HMO rate, the capping of the Senior Care rate, the equalization formula, marketing plans, Medicare Advantage, and the more effective delivery of health care.

7. **Dispute Resolution**

   a. In the event of any dispute under this agreement, the parties shall meet and confer in an attempt to resolve the dispute. If the parties cannot resolve the dispute, such dispute shall be referred to Arbitrator Martin F. Scheinman for resolution.

   b. Such dispute shall be resolved within 90 days.

   c. The arbitrator shall have the authority to impose interim relief that is consistent with the parties' intent.

   d. The arbitrator shall have the authority to meet with the parties at such times as the arbitrator determines is appropriate to enforce the terms of this agreement.

   e. If the parties are unable to agree on the independent health care actuary described above, the arbitrator shall select the impartial health care actuary to be retained by the parties.

   f. The parties shall share the costs for the arbitrator and the actuary the arbitrator selects.
If the above accords with your understanding and agreement, kindly execute the signature line provided.

Sincerely,
