The City of New York is committed to offering you and your family the benefits and resources needed to make confident choices when it comes to your health. That's why as of February 1st 2018, the City and its unions are partnering to offer a special service to assist those covered under the EmblemHealth GHI-CBP plan who have been diagnosed with cancer.

**Best Doctors** will provide you with a free expert medical review from a carefully selected oncologist<sup>1</sup> as well as **Oncology Insight With Watson**.

You and your eligible dependents covered under the EmblemHealth GHI-CBP plan will have free and confidential access to an expert medical review for oncology as well as the world's most advanced cognitive technology.

The right care starts with the right answers.

1. Gallup® has audited and certified Best Doctors, Inc.'s database of physicians, and its companion Best Doctors in America® List, as using the highest industry standards survey methodology and processes.

Please be advised that you will not be a patient of Best Doctors or of any Best Doctor Expert that reviews your medical information, and that no doctor-patient relationship will be created between Best Doctors and you or between any Best Doctors Expert and you. Any treatment decisions will be made solely by your treating physician (s) and you.

**Best Doctors gives you the confidence you need to make the most informed medical decisions about your treatment.**

If you have received a cancer diagnosis, Best Doctors will collect your medical records, tests and samples for you, retesting pathologies at a top reference lab, and have them reviewed by a carefully selected expert oncology specialist.

After an in-depth review of your diagnosis, treatment plan, physicians' notes and all medical records, the Best Doctors expert will provide you with a comprehensive written recommendation to be used by you and your treating physician.

**Oncology Insight with Watson** is the unique offering from IBM and Best Doctors that harnesses the cognitive power of Watson and partners it with the unparalleled clinical excellence of Best Doctors. This tool equips the best medical minds in the world with one of the most advanced technologies available.
