For the Preliminary Budget Fiscal Year 2022

Bronx

The City of New York
Bill de Blasio, Mayor

FY 2022 Preliminary Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Preliminary Budget reports the FY 2022 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2022 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Preliminary Budget recommendation for each budget request.

01	101202201C	<p>Request: Renovate or upgrade an elementary school</p> <p>Explanation: Funding for construction of new first floor classroom flooring at PS25 located at 811 East 149th Street. The first floor within PS25, the Bilingual School has deteriorated to such a degree that one classroom floor has buckled and created an unsafe environment for children seeking to learn daily. The Board would like to see the immediate repair of this condition.</p> <p>Responsible Agency: Department of Education</p> <p>Location Site Name: PS25</p>	Further study by the agency of this request is needed.
02	101202202C	<p>Request: Renovate or upgrade an elementary school</p> <p>Explanation: Funding for the placement of critical air circulation and conditioning system in PS1 located at 335 East 152nd Street, the Courtlandt School. Community Board 1 is within the most profound asthma corridor of our City. We voice our concerns about the current conditions for learning in all of our schools. However, in PS1 the air quality and circulation is extremely poor. Its over heated conditions are not conducive for learning and is having an adverse impact on the learning environment for our children. We advocate for the allocation of Capital funding for construction of an air condition system within the school.</p> <p>Responsible Agency: Department of Education</p> <p>Location Site Name: PS1</p>	Unable to prioritize funding for this project request at this time.
03	101202203C	<p>Request: Repair or provide new street lights</p> <p>Explanation: Upgrade illumination on existing street lighting in the District. Street lighting throughout the entire District at night does not appear to be providing the proper illumination to support public safety. The Board requests for an upgrade ad increase in foot-candles on the existing lamp poles, including within all pedestrian underpasses in the District.</p> <p>Responsible Agency: Department of Transportation</p>	Please contact the Borough Commissioner's office to discuss this request.

04	101202204C	<p>Request: Repair or provide new street lights</p> <p>Explanation: Fund major improvements including additional lighting at the Major Deegan underpasses at Brook, St. Ann's, Lincoln and Willis Avenues. There is a need for additional lighting at the Major Deegan underpasses at Brook, St. Ann's, Lincoln and Willis Avenues as it is dangerous for residents that have to pass through these locations due to inadequate lighting.</p> <p>Responsible Agency: Department of Transportation</p>	NY State DOT has jurisdiction for the matter covered in this request. We have referred this request to them and have asked that they take appropriate action regarding this matter.
05	101202205C	<p>Request: Repair or build new step streets</p> <p>Explanation: Create a new step street. The development of a Step Street at East 159th Street and ST. Ann's Avenue provides a connection for residents in the area above St. Ann's Avenue. This Step Street is one the Board has advanced over 15 years and continues to support. It's development provides for residents of major developments such as St. Ann's Terrace, a development of 350 units accessibility from this portion of the District. It is important as it will connect an area cutoff from direct walking and connection to bus routes and other features with the important housing corridor of the District.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Address: East 159th St. Ann's Avenue Cross Street 1: East 159th Street Cross Street 2: East 159th Street</p>	Further study by the agency of this request is needed.

06	101202206C	<p>Request: Rehabilitate bridges</p> <p>Explanation: The reconstruction of the East 153rd Street Bridge. Previously at this location the past Administration had approved a design for a cable-less Bridge at East 153rd Street and the money was taken out of the budget. Due to increased population in Bronx County in Boards 1 and 4 there is a need for a new bridge to be built at this location. The increased density and strained traffic conditions in the District along 149th Street, the Grand Concourse and on to East 161st Street has created limited options for drivers. The East 153rd Street Bridge is presently in the projected Capital Plan. Our Board supports development of the East 153rd Street Bridge which can reduce congestion in our District.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Site Name: 159th Street Bridge</p>	<p>Further study by the agency of this request is needed.</p>
07	101202207C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Redevelopment of the Garrison Playground located at East 146th Street and Walton Avenue into a Science themed Playground. A component of the City's HPD RFP and selected redevelopment plan for 425 Grand Concourse is an allocation of Capital monies. Additionally, the Borough President's Capital Allocation for FY2017 includes \$500,000 for the reconstruction of the adjacent Garrison Playground. The averse closure and subsequent demolition of the former PS31 in 2015 devastated the educational capacity in the District while also creating a serious void of passive and active recreation space. The theme and the importance of science will uplift and inspire young persons of the District while providing a 21st century recreational and learning experience.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Garrison Playground</p>	<p>This request includes more than one project. Funding for part is already in place and/or work is underway or completed for certain portions. Contact the Department of Parks and Recreation for specifics.</p>

12	104202212C	<p>Request: Other capital budget request for HRA</p> <p>Explanation: We recommend that DHS strengthen its partnership with HPD to increase the number of new affordable housing units made available to individuals and families. 14	104202214C	<p>Request: Provide more housing for medium income households</p> <p>Explanation: Implement Area Median Income (AMI) Income Averaging: ensure that affordable housing constructed in the district encompasses a wider range and mix of incomes as opposed to strict income ranges that do not support economic diversity within new housing stock. 30	104202230C	<p>Request: Other requests for park, building, or access improvements</p> <p>Explanation: Additional BBQ zones within the District are requested along with better signage clearly stating the Parks Departments barbeque policy. Mill Pond is the only park within the entire District that is designed with barbeque grills on the park grounds. Mill Ponds limited grills, which are greatly enjoyed, fall short of the demand for such amenities throughout the District. This unmet demand is compounded by the fact that Mill Pond is remotely situated under the Major Deegan Expressway which, assuredly serves as a deterrent to travel to the location. Finally, we understand that each officer should be trained to handle these meters to respond to 311 complaints.</p> <p>Responsible Agency: Police Department</p>	<p>Each Patrol Borough possesses an adequate number of sound level meters along with training personnel in their use. The NYPD has newer sound level meters which measure ambient bass to enforce updated noise laws (July 2007). The Department will continue to purchase and replace sound level meters as necessary.</p>
06	112202206E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: Increase funding for SYEP and look to end the yearly budget dance. Base line the increases so that those participating in the program can build upon their programs to offer better outcomes and services for our youth. We should look to models used in other City's like Philadelphia and work with the private sector to offer more meaningful summer jobs to youth. Use the SYEP program as the doorway to internships that would otherwise not be available to those of us that do not have someone advocating on their behalf. Offer multi-year placements so that our youth have an opportunity to grow with one particular employer. End the lottery system to make sure that once a youth enters the SYEP program they can stay in it. Brooklyn

The City of New York
Bill de Blasio, Mayor

FY 2022 Preliminary Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Preliminary Budget reports the FY 2022 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2022 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Preliminary Budget recommendation for each budget request.

04	203202204E	<p>Request: Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws</p> <p>Explanation: We need additional staff to deal with dumping in lots, vacant buildings, parks, dog waste, closed businesses and even at our litter baskets. This happens late at night or in the early hours of the morning. All of this contributes to dirty sidewalks and a dirty looking community. Our low sanitation cleanliness scores confirm that we need more enforcement. Without adequate enforcement covering multiple shifts, this condition cannot be obliterated. Community Board 3 is requesting that funding be made available for more enforcement officers and request that Sanitation re-establish the signage unit to combat the increased violations of dog owners not picking up after their pets.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Councilman Robert Cornegy</p>	<p>Although the Department of Sanitation supports restoration of this program, due to fiscal constraints the availability of funds is uncertain.</p>
05	203202205E	<p>Request: Animal and pest control requests including reducing rat and mosquito populations</p> <p>Explanation: Due to the overwhelming development projects, infrastructure repairs and increased renovation on almost every street in the Bedford-Stuyvesant community - the increasing rat population besieges residents and businesses. This presents safety and health issues for this community.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p> <p>Supported by: Council Member Robert Cornegy Assembly Member Tremaine Wright</p>	<p>Rodents go to properties where they can find a food source. Construction debris on its own is not a cause of rat infestation. 18	204202218E	<p>Request: Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p>Explanation: Additional programming for this population is required, especially for youth enrolled in public schools. Parents have limited options within the district and are often drawn to schools that offer a full day of learning and after school programming.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>Presently, there are a variety of agency-funded programs in the district for this target population. Additional programs are contingent upon available funding and will be distributed through an RFP process. Organizations are encouraged to apply.</p>
19	204202219E	<p>Request: Increase enforcement of canine waste laws</p> <p>Explanation: The "Clean Up After Dog" Law needs additional strategic enforcement via working with local stakeholders, residents, and property owners.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>Although the Department of Sanitation supports restoration of this program, due to fiscal constraints the availability of funds is uncertain.</p>

22	204202222E	<p>Request: Improve trash removal and cleanliness</p> <p>Explanation: The larger parks in the neighborhood, such as Maria Hernandez Park and Irving Square Park have a high volume of visitors throughout the year, especially during the warmer weather months. Additional garbage collection is need to prevent the encouragement of illegal dumping and to keep the park entrances clear/clean.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Parks Department funds are insufficient for this purpose. We recommend this request be brought to the attention of your Council Members.</p>
23	204202223E	<p>Request: Provide more frequent garbage or recycling pick-up for schools and institutions</p> <p>Explanation: Reinstate 5 day per week garbage collection at neighborhood institutions and community facilities, including, but not limited, to schools, early learn centers/pre-K programs, and senior citizen centers. All of the above offer daily meals for breakfast & lunch, generating a high volume of garbage in designated locations that contribute to the low scorecard rating. We recognize this request in particular will be affected by the pandemic however, the issue remains a general concern.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>NYC public schools receive a high-level of additional DSNY service. It is the school's responsibility to properly store and manage their waste between the frequent collection service.</p>
24	204202224E	<p>Request: Reinvest in the graffiti free removal program for private sites</p> <p>Explanation: Expand the graffiti removal program to improve the response time to requests for removal. Currently, there are a limited amount of programs and supplies within the community that provide this service. Often this results in longer than average wait times to resolve the issue, which generally leads to worsening conditions.</p> <p>Responsible Agency: Economic Development Corporation</p>	<p>Funding constraints, project capacity and citywide priorities preclude this project at this time.</p>

09	205202209C	<p>Request: Make infrastructure investments that will support growth in local business districts</p> <p>Explanation: Include in the Anchor Tenant Strategy plan for Broadway Junction a CUNY facility instead of the proposed HRA facility. To include HRA in this new structure would be redundant and the community's voice would be ignored. The community has outlined that the need for higher education in the district, is an absolute necessity to prepare our young people for long-lasting career opportunities not minimum wage positions. Economic growth in a community is not centered on the growth of business but the growth of economic empowerment of the residents who will patronize existing and future businesses.</p> <p>Responsible Agency: Economic Development Corporation</p> <p>Location Site Name: Broadway Junction</p>	This request is not recommended for funding.

The original study completed in CB5 only included zip code 11207 and 11208. The results of the program outlined the great need for healthy food options in local groceries and bodegas. The Epi Data Brief generated from the initiative also showed that bodegas make up 51% of the food establishments in the 11207 areas of the district. Additionally, the brief exposed that for every grocery store, there were 5 fast food restaurants and 10 bodegas. In addition, during the Shop Health initiative, grocery store and bodega owners were given free marketing tools that promoted healthy food and beverage purchases, as well as free containers/baskets for fruit & vegetable displays.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>DOHMH is committed to helping New Yorkers live healthier lives and plans to continue funding for obesity and physical activity programming contingent upon available resources.</p>

Therefore we are not aware, and more importantly, not included in the selection of businesses coming into the IBZs. Within the last couple of years we had to deal with the expansion of the medical waste business that wanted to expand their services to medical waste storage and transfer. Additionally, when a new business comes into the district, we want to ensure that there is a local hiring process that is implemented.</p> <p>Responsible Agency: Department of Small Business Services</p>	<p>Further study of this request is needed by SBS. 01	206202201C	<p>Request: Provide a new or expanded health care facility</p> <p>Explanation: Funds are requested for the purchase and deployment of more free mobile and pop-up testing and vaccination facilities. While we hope the COVID-19 pandemic will be waning by 2022, the fall 2020 wave shows that flexibility is essential in order to reach high-need areas as surges happen and positivity rates change. CB6 does not have a New York City Health and Hospitals facility and thus lacks access to H and H rapid point-of-care testing. The only hospital within the district boundaries, Methodist, is not easily accessible to parts of the district, and private urgent care clinics are unevenly distributed. Additionally, mobile and pop-up units can be utilized for vaccinations, including seasonal flu shots, so that investments in such infrastructure has broader use.</p> <p>Responsible Agency: Health and Hospitals Corporation</p>	<p>The agency will accommodate this issue within existing resources.</p>
02	206202202C	<p>Request: Renovate interior building component</p> <p>Explanation: Funds are requested to upgrade ventilation and/or outdoor classroom facilities for schools in the district. Adequate ventilation is essential to keeping schools safely open during a pandemic. It also contributes to the district's climate resiliency goals. In addition, schools have been creative with creating outdoor classroom space with sunshades, tents and rain covers during the pandemic. As climate change causes more extreme weather events, this need for flexible classroom space will likely intensify.</p> <p>Responsible Agency: Department of Education</p>	<p>Unable to prioritize funding for this project request at this time.</p>

Despite a recent comprehensive station rehabilitation, escalators at this station are still prone to frequent service disruptions which not only inconveniences riders but makes station access impossible for physically-challenged individuals. This station is also the only subway stop nearest to the Red Hook community, a neighborhood woefully under-served by transportation options.</p> <p>Responsible Agency: Transit Authority</p>	<p>For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.</p>

With so many public spaces closed during the pandemic, students without wifi or a decent computer at home have very few options to attend class and do their homework, exacerbating pre-existing inequalities and denying students a basic right. This has hit students who live in unstable housing the hardest. This program should fund high quality internet at home for students who currently lack access, via hotspots or wired service according to student need, and should fund sufficiently powerful computers for students to attend class via video and to do schoolwork.</p> <p>Responsible Agency: Department of Education</p>	<p>Further study by the agency of this request is needed.</p>

05	206202205C	<p>Request: Other capital budget request for SBS</p> <p>Explanation: Sufficient funds are requested for the acquisition (if necessary), design and construction of a Red Hook workforce development center. Red Hook has seen the creation of hundreds of new jobs in the last few years from large-scale retail development, introduction of tourism-related industries, and induced commercial development. Its residential population is in need of a local job center where employment training, recruiting and referral services can be offered in addition to courses that promote local entrepreneurship, and generally support the development of the local workforce preparing them for jobs. Because of its geographic isolation and transportation hurdles, Red Hook residents cannot easily access services in Downtown Brooklyn.</p> <p>Responsible Agency: Department of Small Business Services</p>	<p>Due to funding restrictions, SBS does not have the ability to approve this request.</p>

The Park Slope library was recently reopened after an extensive interior renovation. Prior to the opening of Pier 6, this area was generally unused by pedestrians and was almost exclusively a southbound route used by commuters seeking to avoid the Brooklyn-Queens Expressway. Now, with the opening of Pier 6 and the two-way conversion of Furman Street, vehicular and pedestrian traffic patterns have completely altered the use and complexion of this bustling area. The tiny cave-like basement cafeteria is the largest open space in the school. The low tin roof and cement walls do little to absorb the loud whir of giant freezers or the noise of the fans used to cool the space due to the lack of air conditioning and window space. CS	206202236C	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: In conjunction with the city's infrastructure work being planned under HWK700B, sufficient funds are requested to undertake the design investigation and construction of appropriate amenities and traffic calming devices to facilitate the safe movement of pedestrians and traffic. Such amenities could include, but not be limited to, the reintroduction of cobblestone treatments, historic lighting, granite curbs, etc. The scope of the existing street reconstruction project should be expanded to include a full electrical upgrade for all of Red Hook with the goal of burying the vulnerable, above-ground electrical lines and ensuring that the grid is modern and able to withstand future events like Hurricane Sandy which plunged the area into darkness for months.</p> <p>Responsible Agency: Department of Transportation</p>	<p>This capital project is included in the agency's departmental estimates for FY 2022. CS	206202239C	<p>Request: Reconstruct streets</p> <p>Explanation: Funds in the amount of \$26,300,000 are requested to undertake a reconstruction of the Union Street Bridge (HBK1213), a double-leaf Scherzer Bascule bridge which spans the Gowanus Canal. This bridge received a FAIR rating yet is one of the few east-west connectors that provide access and mobility throughout our district. It is a vital corridor that links our waterfront to inland points. Deferred public investment increases the vulnerability of this structure as unanticipated structural failures may occur, resulting in increased cost and time of repair and unwarranted impacts on the surrounding community. We would also like a modified riding surface for the bicycle lane section of the bridge to make it safer and more comfortable for the cyclists who use this segment of the network.</p> <p>Responsible Agency: Department of Transportation</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
CS	206202240C	<p>Request: Rehabilitate bridges</p> <p>Explanation: Sufficient funds are requested for a full rehabilitation of the 3rd Street Bridge (HBKC068), a double-leaf Bascule Bridge spanning the Gowanus Canal, to improve long- term viability of the structure. For the sake of access and mobility through the district, there are only a handful of east-west connectors that span the Gowanus Canal, on which the community is wholly reliant. Deferred investment increases the likelihood of structural failures, more costly repairs, and longer periods of disruption and inconvenience to the community when the bridge is out of service. We would also like a modified riding surface for the bicycle lane section of the bridge to make it safer and more comfortable for the cyclists who use this segment of the network.</p> <p>Responsible Agency: Department of Transportation</p>	<p>Further study by the agency of this request is needed.</p>

01	206202201E	<p>Request: Assign more non-teaching staff, e.g., to provide social, health and other services</p> <p>Explanation: Funds are requested to expand access to free and low-cost day care services within CB6. There are only 3 child care facilities that take city vouchers within CB6. This is a critical economic issue: parents without access to affordable, high-quality, accessible day care for their children cannot work. Funding should increase the number of child care facilities in CB6 that accept vouchers, increase the amount of the vouchers, and make vouchers or other city-funded daycare options available to more residents.</p> <p>Responsible Agency: Department of Education</p>	Further study by the agency of this request is needed.
02	206202202E	<p>Request: Funding for a new senior center program</p> <p>Explanation: Sufficient funding is requested to increase baseline operating budget allocations in existing senior centers. At a minimum, additional funding is sought to help keep pace with cost of living increases which over time take more and more resources away from the base operating budgets from programming and salary monies. Effectively, by not providing for regular, modest increases the senior centers' budgets are being decreased over time as basic costs only go up. This need is especially pressing with an aging population, as more and more "baby boomers" will be placing increasing demands on these facilities, which is anticipated to increase in the near future.</p> <p>Responsible Agency: Department for the Aging</p>	At this time, DFTA has very limited or no funding for this purpose. We will continue to advocate for federal and state funds and to work with other city agencies toward the goal. When funding is available, we are required to conduct an open competition.
03	206202203E	<p>Request: Other workforce development requests</p> <p>Explanation: To combat high levels of unemployment, particularly in our Gowanus and Red Hook neighborhoods, coupled with significant Federal changes in the existing public assistance programs, additional focus must be placed on preparing persons for work and expanding work opportunities. Given the far-reaching impact of unemployment and its undesirable effects on health, education and social welfare, it is imperative that front-end investment in human capital occur to ensure local economic utility.</p> <p>Responsible Agency: Department of Small Business Services</p>	Approval of this request depends on sufficient Federal/State funds.

04	206202204E	<p>Request: Provide or expand occupational skills training programs</p> <p>Explanation: Funds are requested to increase the capacity of NYCHA direct-entry union training programs. Membership in a union is a prerequisite for NYCHA residents to participate in the city's new community hiring program. The current program is extremely successful but its capacity is only 100 residents. Building extra capacity would unlock the life-changing benefits of this program for CB6 NYCHA residents.</p> <p>Responsible Agency: Housing Authority</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
05	206202205E	<p>Request: Other park maintenance and safety requests</p> <p>Explanation: Sufficient funds are requested to restore Parks Maintenance personnel to provide for vital maintenance and report of Parks facilities. We recommend this request be brought to the attention of your Council Members.</p>
06	206202206E	<p>Request: Provide more community board staff</p> <p>Explanation: Funding in the amount of \$450,000 is requested in order for Community Boards to fulfill their Charter mandated roles to plan and advocate for neighborhood needs. An increase in funds will be used to fund the hiring of a full-time urban planner, to keep pace with cost of living adjustments which have never been applied to Community Boards, to upgrade complaint systems software which was previously supplied and supported by prior Administrations and to expand District Office functionality with the purchase of additional equipment and supplies. Increases to budget due to collective bargaining agreements and maintaining the budget at current level do not address this request; both are effectively negative response which should trigger a separate letter explaining the agency position.</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p>	<p>The City is enacting a Savings Plan which will impact Community Boards' Budgets.</p>

07	206202207E	<p>Request: Provide more frequent garbage or recycling pick-up for schools and institutions</p> <p>Explanation: Sufficient funds are requested to restore the frequency of litter basket service to a minimum of two collections per day, especially on weekends, along busy commercial corridors such as Van Brunt Street, Columbia Street, Court Street, Smith Street, 5th Avenue, 7th Avenue, Atlantic Avenue, and Iatbush Avenue. Overflowing litter baskets create additional work for the department in discretionary leaning, contributes to the clogging of catch basins, and results in the unfair issuance of summonses to victims of the strewn litter. Litter on commercial strips negatively contributes to the consumer's shopping experience, detracts from the residents' quality of life, and forces the businesses to shoulder the burden for the City after the mess.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>NYC public schools receive a high-level of additional DSNY service. It is the school's responsibility to properly store and manage their waste between the frequent collection service.</p>

There has been a noticeable decrease in productivity and increase in response times in this area attributable to significant loss of manpower. There has also been a significant delay in pothole response times during the winter-spring transition which could be remedied by maintaining more year-round personnel to respond to complaints.</p> <p>Responsible Agency: Department of Transportation</p>	<p>This request includes more than one proposal. 11	206202211E	<p>Request: Provide more programs in parks or recreational centers</p> <p>Explanation: Funds are requested for upgrades including resumption of the compost program at Red Hook Community Farms, a youth-led food justice program. Since curbside composting programs were cut due to the pandemic, the most-asked question at the farm has been, Are you all accepting food scraps for composting. Red Hook has no farmer's market and so no access to even private food-scrap composting operations. As such, all food scraps are going to landfills (a city-wide increase of 100 million pounds / year) - food scraps that could instead be used to create rich compost at a local site that already has capacity and expertise, and increase community cohesion, youth empowerment to boot.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Parks Department funds are insufficient for this purpose. BIDs are proven to be an asset for the City insofar as they provide needed administrative infrastructure designed to support local commerce at the neighborhood level. Furthermore, the expansion of BIDs from the traditional commercial into the industrial sector will enable the City to better protect the fragile manufacturing sector, which often produces higher wage paying jobs, with specialty skills, and reduces the cost of goods in the City by making us less reliant on imports.</p> <p>Responsible Agency: Department of Small Business Services</p>	<p>Further study of this request is needed by SBS. 01	207202201E	<p>Request: Assign additional crossing guards</p> <p>Explanation: Increase school crossing guard personnel in CD 7 and increase hours to reflect afterschool programs. Our population has grown by 50% in two decades and we have many more schools, charters and pre-K programs, but our crossing guard personnel has remained at 40 throughout. 01	208202201C	<p>Request: Expand loan programs to rehabilitate multiple dwelling buildings</p> <p>Explanation: Many small scale landlords desire to maintain their apartments but are unable to afford the rising costs of doing so without raising rents to unaffordable levels. Loan programs to help them with rehabilitation projects are necessary to ensure that these landlords and property owners do not have liens levied against their properties because of code enforcement violations. Current resource allocations by the agency have proven to be too scarce at this time. The Covid-19 Pandemic that forced most residents into their units for the majority of every day has illustrated the need for quality housing. Existing conditions in need of remedy must be prioritized to allow residents access to quality housing in their existing spaces.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
02	208202202C	<p>Request: Provide more housing for special needs households, such as the formerly homeless</p> <p>Explanation: Seniors, the disabled, and homeless singles are often left out of housing conversations. As vulnerable populations, they need to be watched carefully and catered to just as much as families. Many seniors and disabled individuals live on fixed incomes of minimal amounts, and are thus unable to afford the current housing market--even the affordable units. This increases the homeless population and the need for shelters. Existing affordable units need to be preserved and greater incentives for property owners to keep rents low to reduce the growing numbers of rent burdened households. Housing across the city is being created at a fast pace but not affordable for existing residents and vacant newly created units leads to increased competition for less expensive rent-stabilized units.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>The agency will accommodate this issue within existing resources.</p>

01	208202201E	<p>Request: Provide, expand, or enhance rental assistance programs</p> <p>Explanation: The Covid-19 Pandemic has illustrated the substantial rent burden that residents citywide and especially in District 8 face. We applaud the efforts of City and State officials for allocating funds to help residents pay rental arrears during the Pandemic. Unfortunately, more funds are needed as the crisis is not over, and funds are needed for a wider array of residents. The definition of rent burden should be expanded beyond the current 30% of gross annual salary so that a greater number of residents can qualify for rental assistance vouchers to help them cover the gap between the affordable and unaffordable, to avoid rent burden.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>Further study by the agency of this request is needed. Contact DSS's Office of Intergovernmental and Legislative Affairs.</p>
02	208202202E	<p>Request: Expand programs to support local businesses and entrepreneurs</p> <p>Explanation: The Covid-19 Pandemic has illustrated just how untenable the current commercial state of the city is. While the city's restaurant and bar scene continues to struggle, retail shops are closing at a very fast pace. CB8 has an abundance of restaurants and bars which would benefit from trained staff that live in the community to serve multiple roles including front house staff, media, marketing, and others. Additionally, non hospitality commercial tenants need assistance to help them weather the pandemic's economic consequences. Resources to assist non hospitality industry spaces selling goods and merchandise to help them move to online platforms are needed to preserve the local market and reduce overhead costs.</p> <p>Responsible Agency: Economic Development Corporation</p>	<p>Securing funding for this request is outside of EDC's jurisdiction; please contact the agency if you have any questions about the EDC budget process.</p>

03	208202203E	<p>Request: Provide commercial lease support for business owners</p> <p>Explanation: Many of our commercial tenants are suffering from what is now being referred to as "commercial gentrification." Property owners with commercial spaces are often raising rents on commercial properties at lease renewal by astronomical amounts, usually tripling or quadrupling the previous rent rate. The majority of our businesses cannot survive these increases and are forced to close, thus leading to high turnover and vacancy rates. Lease negotiation support for commercial tenants is necessary to assist them in remaining in their spaces and continue the trend of economic growth in CB 8.</p> <p>Responsible Agency: Department of Small Business Services</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
04	208202204E	<p>Request: Provide, expand, or enhance adult protective services</p> <p>Explanation: We must keep in mind that our elderly population is at risk for abuse from family members and home health aides seeking to take advantage of their frail emotional and physical states. Our elderly population is the most vulnerable and often forgotten. They require considerable attention to maintain their safety and well-being, thus preventing them from being subjected to unnecessary hardship, pain, and mental aggravation in the form of fear.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>The APS will continue work with clients to ensure that they live safely in the community with the greatest level of independence possible.</p>
05	208202205E	<p>Request: Other zoning and land use requests</p> <p>Explanation: We encourage DCP to examine public realm improvements (PRI) for projects within the manufacturing district bounded by Grand and Franklin Avenues between Atlantic Avenue and Bergen Street (blocks 1125, 1126, 1133, 1134, 1141, and 1142), as well as the south side of Atlantic Avenue between Grand and Vanderbilt Avenues (blocks 1122 and 1124). This area was identified by CB 8 for a zoning change allowing for mixed residential and manufacturing use according to Community Board 8's M-CROWN proposal as amended and submitted to the Department of City Planning. We urge the PRI study as soon as possible, so that they can be added into any and all private applications in this area.</p> <p>Responsible Agency: Department of City Planning</p>	<p>DCP will continue discussions with the Board and community stakeholders regarding the concerns addressed in this request.</p>

06	208202206E	<p>Request: Expand access to public health insurance such as Medicaid</p> <p>Explanation: With the federal government extracting every ounce of worth from the Affordable Care Act, now more than ever, individuals in need of health care must have a viable option for health care than the skeleton plans designed to undermine what the ACA was attempting to accomplish. Decreasing eligibility requirements to receive Medicaid, or even having a payment system to make more people Medicaid eligible would help bridge the gap between those with quality health insurance and those without. Costs of private markets are increasing drastically due to cuts in federal subsidies and fewer people are able to afford private insurance. Having Medicaid as an option would allow access to the preventative care many people need to prevent grave illnesses.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>This is a federally funded program. These services are available for people who are eligible under certain federal guidelines. Medicaid eligible are also determined by the state and federal government.</p>
07	208202207E	<p>Request: Create or promote programs to de-stigmatize mental health needs and encourage treatment</p> <p>Explanation: The stigma of admitting to having a mental illness is great, especially in immigrant and communities of color where sentiments such as "mental illness is not a disease you can afford to have," continue to be a plague. This stigma prevents those suffering from symptoms from seeking help. The ongoing Covid-19 pandemic has certainly illustrated the need for mental health programs and greater understanding of the issues and the ways mental health issues can manifest and be expressed. At this point, no one can say the often repeated phrase, "mental health issues are not something you can afford to have" as nearly everyone is experiencing some sort of mental strain. Programs are needed to address the stigma because many more are willing to acknowledge their issues.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>DOHMH will review and assess the request regarding these important mental health programs. However, implementation of the requested service will be subject to the availability of the department's limited funds.</p>

08	208202208E	<p>Request: Create or promote programs for education and awareness on preventing chronic diseases including quitting smoking, nutrition, physical activity, etc.</p> <p>Explanation: Residents of multiple dwelling units face an often times forgotten issue: any resident living next to or upstairs from a smoker, is subject to secondhand smoke, which studies have shown is just as toxic if not MORE toxic than the primary smoke inhaled by the smoker. Residents should not be forced to endure health issues brought about by inconsiderate neighbors and apathetic landlords. As such, we urge the City to eliminate smoking in multiple dwellings and also increase awareness of the dangers of smoking and secondhand smoke.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	Further study by the agency of this request is needed.
09	208202209E	<p>Request: Animal and pest control requests including reducing rat and mosquito populations</p> <p>Explanation: The large number of development projects scattered throughout the District along with renovation projects in older buildings in our historic districts have disrupted rodent burrows to the point where rodents are visible during daylight hours. We understand that city coffers are currently devoid of cash, and as such, we overwhelmingly support DOHMH implementing a policy change mandating that developers bait more than just the perimeter of their projects and instead bait a wider berth, as well as the city enforcing harsh penalties on properties that do not perform abatement to allow the city the opportunity to focus on other health related issues and needs rather than baiting. We all need to do our part to reduce rodent populations, including baiting and cleaning.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	Rodents go to properties where they can find a food source. Construction debris on its own is not a cause of rat infestation. DOHMH responds to every complaint and follows up with properties that fail both for rodents and conditions conducive to rodents such as garbage and harborage.

Unfortunately, many residents do not have access to quality housing due to outstanding repair requests. HPD needs to ensure that consequences and repercussions of allowing units to fall into disrepair are great enough and harsh enough to encourage speedy and proper repair to units.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
11	208202211E	<p>Request: Provide, expand, or enhance educational programs for adults</p> <p>Explanation: The state-wide shutdown (Pause) caused by the Covid-19 Pandemic illustrated just how few households and individuals have the tools and resources available to them to properly budget based on their income. Financial education and planning is direly needed in less economically advantaged households. Due to the inevitability of having to stretch their finances even further than they are capable, it is imperative that residents have access to financial planning and budgeting information to learn how to properly plan their monthly spending. This financial literacy is not about just getting a better job to increase income as the Pause has taught us just how important low-paying jobs are, as well as how easily distressed a household can become with just a small reduction in income.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>HRA's Career Services provides services to clients to assist them in developing job skills, obtaining employment, financial counseling and building sustainable careers that provide a path out of poverty.</p>

12	208202212E	<p>Request: Other domestic violence services requests</p> <p>Explanation: The Covid-19 Pandemic has brought to the surface many glaring needs for households and families experiencing violence in the home. The state-wide shutdown (Pause) that kept people at home for months created a funnel effect amplifying abuse in homes as no one had an opportunity for escape. It is imperative that funding be provided for preventative services to educate individuals all ages on the signs of abuse, whether physical, emotional, sexual, and psychological, and how to exit a situation that could be potentially life threatening. Furthermore, abusers should have multiple forms of assistance at their disposal to assist them in overcoming their root and core issues that causes their disruptive behavior.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>HRA continues to maintain programs for Domestic Violence in the community.</p>
13	208202213E	<p>Request: Create or promote programs for education and awareness on preventing chronic diseases including quitting smoking, nutrition, physical activity, etc.</p> <p>Explanation: The Covid-19 Pandemic has illustrated the vast disparities of food choice and knowledge amongst residents. Additionally, the inability for many to afford healthy food options combined with the lack of healthy food options for many residents on the eastern end of the district only compounds these problems. Lower income residents without excess expendable cash should have access to quality fresh food and be trained in healthy living without exceeding their budget. A healthy diet yields a healthier body and offers protection against disease, as has been stated repeatedly by the CDC during the Pause. Programs stressing proper nutrition and avoidance of certain health restrictive activities like smoking should be increased.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>The agency will accommodate this issue within existing resources.</p>

It is well documented that inner-city children have a higher risk for crime, dropping out of school and other educational deficits, gang involvement, drug use, and incarceration. The midnight basketball program implemented in the 1990s was effective in reducing youth crime by offering alternative activities and stimulation, thus reducing the need for youth, especially males, to engage in illegal activities out of curiosity. We urge funding for programs similar to the midnight basketball program and its derivatives to provide alternative activities for youth to engage in.</p> <p>Responsible Agency: Police Department</p>	<p>NYPD staffing levels depend on decision made in the Preliminary and Executive budget process. 18	208202218E	<p>Request: Enhance park safety through more security staff (police or parks enforcement)</p> <p>Explanation: Existing resources are currently not sufficient to accommodate this request, and it is our understanding that funding constraints and budget cuts have further reduced funds available for this specific service. However, the Covid-19 Pandemic that sent residents rushing to outdoor spaces makes this much more necessary than ever before. We urge the city to allocate additional funds to the Parks Dept. to hire additional Park Enforcement Personnel (PEP officers) to enforce the rules of the park such as no littering, no fire (BBQ), and no off leash dogs during specified hours and many others. While the start of the Fiscal Year initially saw a massive reduction in basket collection that has been partially restored, it is still necessary that commercial corridors receive additional corner basket collection. 13	209202213C	<p>Request: Roadway maintenance (i.e. pothole repair, resurfacing, trench restoration, etc.)</p> <p>Explanation: Many streets in Community District 9 are in need of resurfacing due to damages caused by winter salting and general wear and tear. Community District 9 would like to see an increase in the district's asphalt allocation and the number of streets that are resurfaced. In particular Lincoln Road is a street within the District that has been in need of repaving for a number of years. There are large dips and potholes on the road that are hazardous conditions even for motorists that are familiar with the road but at times find themselves having to abruptly swerve in order to avoid potential damages to their vehicles by driving through the dips and potholes.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Address: Lincoln Road Cross Street 1: Bedford Avenue Cross Street 2: Washington Avenue</p>	<p>More information is needed from the community board before making a funding decision. The community board should contact the agency.</p>
14	209202214C	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: Ocean Avenue between Flatbush and Parkside Avenues needs traffic calming interventions. While the street is scheduled for major reconstruction with the addition of a bike lane, that may now be years away. In addition, there are five signalized street crossings all leading to the parks entrances. They are all dangerous and should have more pedestrian refuges and other considerations. Two of the signalized crossings are not intersections; drivers ignore red signals every time the light changes. Drivers make illegal U-turns, and there is excessive speeding. The parking lane is used as a travel lane during rush hours, and was the reason for moving the planned bike lane onto the expanded sidewalk. But there is no enforcement during the afternoon rush and therefore can be a protected.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Hon. Laurie A. 19	210202219E	<p>Request: Animal and pest control requests including reducing rat and mosquito populations</p> <p>Explanation: To provide and implement a long term plan to eradicate bed bugs. Bed bug infestation is a growing citywide problem. In Community District 10 area residents are concerned about the growing problem of bed bug infestation, specifically new infestations in the subways. We are also concerned about the economic toll it places on local families who are struggling to make ends meet. Extermination of an average two bedroom apartment can cost over \$1,000 with additional cost to replace mattresses, furniture and clothing. Members would like to see a citywide forum with a goal of providing and implementing a long term plan to deal with bedbugs.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>DOHMH and other City agencies are taking important steps to address bed bug infestation in New York City. In April 2010, the NYC Bed Bug Advisory Board published policy recommendations on managing bed bug infestations in the City. There is an urgent need to install elevators at the D and F lines. Preferably at the 18th Avenue and McDonald station for the F line, where transfers to several bus lines are available, and the 50th Street and New Utrecht Avenue station for the D line, the closest subway station to Maimonides Medical Center, a level 1 Trauma Center as well as one of the most oft used birth centers in New York State. A new precinct house for the 66th Precinct is one of the oldest budget requests initiated 35 years ago. Funding was eliminated for a project proposal to construct a new 66 Precinct Stationhouse in the FY 12 budget. The 66th precinct must be demolished and a new 66th precinct must be built on the footprints of the present site. This street is plagued with potholes, sink holes, and cracked streets that are dangerous to motorist as well as pedestrian crossings. 01	212202201E	<p>Request: Provide more frequent garbage or recycling pick-up for schools and institutions</p> <p>Explanation: Public schools have daily trash collection, private schools that serve ~100k children 3 meals daily, year-round, including perishables have twice weekly pickups. DSNY may extend the service to private schools- if there is enough space in the shared CB12/CB14 school truck. We request funding for a truck dedicated to collecting the trash for ALL kids in CB12, not only the public schools that service a third of the kids. Enrollment in private schools outnumbers public schools in this district. There is so much garbage that daily pickups must be implemented to remedy the quality of life and public health concerns of decaying foods. The FY20 (212202001E) response was that this is not a budget request, yet DSNY continues to deny this service for lack of funding.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>This is not a budget request. 02	212202202E	<p>Request: Assign additional traffic enforcement officers</p> <p>Explanation: TCAs (Traffic Control Agents): Our district is in dire need of Traffic Control Agents assigned to float to areas of concern throughout the critical areas in our District, as well as other alternative measures to decrease congestion. Currently, we have none. The areas of specific concern are: 18th Avenue from 45th Street to Ocean Parkway, 15th Avenue from 42nd Street to 45th Street, 14th Avenue from 49th Street to 42nd Street, 13th Avenue from 39th Street to 54th Streets, Avenues I and J from McDonald Avenue to Coney Island Avenue, Fort Hamilton Parkway from 36th Street to 46th Street . 03	212202203E	<p>Request: Other request for services to support low-income New Yorkers</p> <p>Explanation: In our Capital requests we asked for an HRA service center in our district. Knowing that getting a new HRA Service Center in our district is a big ask, we are requesting that at least HRA send service professionals a few times a month to our office to service our residents, as they have done in the past. In FY2020 HRA responded to this same request (212202003E) saying the 'request has already been funded'. Further communication with HRA clarified that funding is appropriated for training programs- which is not what we are asking. We currently have fully equipped office space that can be used by an HRA staffer who can service individually members of our district who may not have the ability to avail themselves to assistance now.</p> <p>Responsible Agency: Human Resources Administration</p> <p>Supported by: Community Board 12</p>	<p>The Agency will continue to explore this request; please contact HRA's Office of Advocacy and Outreach for continued discussion.</p>
04	212202204E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: Although PARKS maintain a 7-year pruning cycle, oftentimes trees fall into disrepair before the 7 years are out. The incidents with falling trees or branches has been rising in our district due to delay in treatment of sick and dying trees. The storms of the last few months highlighted the devastation caused by falling trees. Other than the damage to property, both personal and government, the trees also lead to downed wires. The outages are very disruptive and costly. We request additional resources to provide for a safe timeframe to check on the health of trees specifically to prevent them from falling during severe weather conditions. Additionally, the timeline for the replacement of trees is very long. We request additional resources to speed up the process.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>This request is not recommended for funding.</p>

05	212202205E	<p>Request: Other traffic improvement requests</p> <p>Explanation: NYC.gov states there are 150 HIQA inspectors. It must therefore be necessary to increase the number of HIQA inspectors to ensure compliance. DOT often doesn't send an inspector quick enough to be an effective remedy, more inspectors and thus quicker action will be immensely helpful. Many times HIQA will come hours later- after construction is complete. Further, an inspector should be permanently assigned to the CB12 area and coordinate with the board.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Community Board 12</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
06	212202206E	<p>Request: Funding for a new senior center program</p> <p>Explanation: Our aging population is disproportionately affected by the coronavirus which has brought to the forefront discrepancies in access. Our senior citizens do not have access to technology in the same way the younger generations do. Yet they are more vulnerable to the effects of this virus; firstly, the higher mortality rates if they catch the virus and secondly, their mental health effects caused by isolation has a devastating effect on their morbidity. We have found that supplying seniors with tablets that are equipped with internet access has allowed them to participate socially and maintain some sort of communal health benefits they are missing out on, such as exercise classes. We request funding, through our senior centers, to supply our seniors with tablets and internet access.</p> <p>Responsible Agency: Department for the Aging</p>	<p>At this time, DFTA has very limited or no funding for this purpose. 16	212202216E	<p>Request: Increase enforcement of illegal dumping laws</p> <p>Explanation: There has been a major increase of illegal dumping. Especially along the LIRR freight line. Specific areas along the line are: 61st St. between 11th and 12 Ave., 56th St between 15th and 16th Ave., and 55th St. between 16th and 17th Ave. 49th St. between 18th Ave. and 19th Ave. (the deadend street) is a location that is plagued by illegal dumping. Parkway. Sanitation Police Officers should be assigned to our district to catch violators and enforce Sanitation laws. We need enforcement to work closely with the Superintendent. The Super should have input of target areas and get continuous reports from Enforcement on their progress.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
17	212202217E	<p>Request: Provide more frequent garbage or recycling pick-up</p> <p>Explanation: We are requesting a reinstatement of the corner waste basket collections to its original six-times a week schedule. The funding cuts to this program is leading to overflowing trash cans that spread litter throughout the district, exacerbating an already bad litter problem.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.</p>
18	212202218E	<p>Request: Enhance park safety through more security staff (police or parks enforcement)</p> <p>Explanation: Funding is needed for Parks Personnel to lock all parks in our district after dusk. Elected officials have contributed huge sums of money to upgrade our parks into state-of-the-art facilities that are pleasant outdoor spaces for children. However, the lack of security attracts an element to the parks that deters youth from wholesome play. It's a shame to have the capital expenditures go to waste due to security concerns.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>This request is not recommended for funding.</p>

19	212202219E	<p>Request: Conduct traffic or parking studies</p> <p>Explanation: Traffic is very congested along 18th Ave., specifically from 45th Street to Ocean Parkway and especially during morning hours. 18th Ave., an already major thoroughfare, intersects with McDonald Ave. where the F line subway station is. This creates both vehicular and pedestrian traffic. We are requesting a thorough engineering study to determine the feasibility of certain measures to alleviate the strain. For instance, the possibility of adding an additional lane with interchangeable direction depending on the time of day (as is done at various locations in other cities) or adding turning lanes.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Address: 18th Avenue Cross Street 1: 45th Street Cross Street 2: 45th Street</p>	<p>Further study by the agency of this request is needed.</p>

22	212202222E	<p>Request: Conduct traffic or parking studies</p> <p>Explanation: 13th Ave. is the commercial shopping Mecca in CB12. People come from all over to shop here due to its ethnic flavor. On any given day, more than 10k people traverse this shopping strip. Parking is at a premium. It can take an hour to pass through the 23 blocks of this shopping strip. 13 Ave. hasn't been redesigned in over 21 years and is in dire need of a thorough engineering study to determine the best measures to ease the traffic and parking congestion nightmare, especially during rush hours. We request such a study to determine the feasibility of certain ideas. For instance, the possibility of adding an additional lane with interchangeable direction depending on the time of day or adding turning lanes and maybe eliminating parking at certain times to increase traffic flow.</p> <p>Responsible Agency: Department of Transportation</p>	<p>Further study by the agency of this request is needed.</p>

25	212202225E	<p>Request: Create or promote programs to de-stigmatize mental health needs and encourage treatment</p> <p>Explanation: Under the leadership of the Mayor, NYC made it a priority to improve Mental Health. This effort hasn't succeeded in reaching CB12 residents. This is largely due to language barriers and the stigma associated with mental or emotional difference. Thus, many residents here are left undiagnosed & untreated. This often compounds the necessity of extreme and costly interventions. Recently, one of our CBOs was approved to provide such services. The CBOs within our district are uniquely qualified to understand the culture in this insular community and can work within the parameters of the unique differences inherent in the district. Funding is required for extensive awareness campaigns to eliminate the stigma preventing anyone from asking for such help.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p> <p>Supported by: Community Board 12</p>	<p>DOHMH contracts with and oversees a wide variety of mental health and substance abuse services throughout NYC. 29	21220229E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: Adequate funding is needed for the Community based programs that are youth oriented. More funding should be allocated to the Summer Youth Employment Program. Many youth, especially older teenagers, are denied employment due to lack of funding. Summer employment serves a dual purpose in both occupying teenagers and teaching them responsibility and accountability.</p> <p>Responsible Agency: Department of Youth & Community Development</p> <p>Supported by: Community Board 12</p>	<p>In summer 2020, when health and safety concerns didn't allow for the full in-person SYEP; DYCD implemented the Summer Bridge program. 30	212202230E	<p>Request: Other traffic improvement requests</p> <p>Explanation: Upgrade street signs and markings throughout the district as needed. Specifically, on 60th Street and 13th Avenue showing northbound traffic must turn either left or right as traffic flowing on 13th avenue southbound up to 60th street is ONE-WAY. We have multiple vehicles a day going the wrong way southbound from 60th street to 59th Street. Also, signage is needed that cars travelling east and west on 60th Street cannot make turns onto 13th Avenue going northbound. This was requested for FY2020 (212202026E) but was denied by the Borough Commissioner because of existing "Do Not Enter" signs. 31	213202231C	<p>Request: Repair or provide new street lights</p> <p>Explanation: Brighton Beach Avenue is exceptionally wide, and the existing street lighting does not extend to adequately bathe pedestrians in light. This is especially true on the southside of Brighton Beach Avenue adjacent to the public park at the Oceana where the lush trees obscure the sidewalk and keep it in darkness. Pedestrian-level lighting in the form of (what are called by DOT) B-pole lights would greatly enhance visibility and remove the element of vulnerability which is currently the pedestrian experience.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Councilman Mark Treyger</p>	<p>More information is needed from the community board before making a funding decision. The community board should contact the agency.</p>
32	213202232C	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: Traffic safety is a very real concern. When motorists, bicyclists and pedestrians don't follow the rules of the road, public safety is endangered. Neckdowns provide safe refuges for pedestrians to wait to cross the street. They shorten the effective crossing distance for pedestrians. And they do not take away parking spaces. They should be in place at every intersection in every commercial corridor in Southern Brooklyn.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Councilman Mark Treyger Councilman Chaim Deutsch</p>	<p>This request is not recommended for funding.</p>

02	214202202C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Umma Park is in need of updating - the equipment is antiquated and the surface is in disrepair. There has been a good deal of residential development in the area thus the population in surrounding neighborhood is increasing. This park is in the most dense, and the most socio-economically neighborhood in the District, yet is the only playground in the District to not have been recently rehabilitated. The time has come to address and improve this increasingly important community asset. When CB14 first requested this upgrade, the projected cost was \$1 million. The most recent cost projection is closer to \$2 million. The cost of not taking action is high. Let's get this done before the 255 unit residential building nearby fills with families in need of an outdoor amenity.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Umma Park</p>	<p>This request is partially funded. 03	214202203C	<p>Request: Upgrade or create new plazas</p> <p>Explanation: We urge DOT to include Newkirk Plaza into the Plaza Program. The infrastructure exists. An organization is willing to partner and the Plaza should be under the auspices of a City agency given that it is public property. The Covid 19 pandemic underscored the need for public outdoor space. This is one of the social determinants of public health and would serve as an economic development boost to businesses on the Plaza.</p> <p>Responsible Agency: Department of Transportation</p>	Further study by the agency of this request is needed.
04	214202204C	<p>Request: Provide a new or expand an existing elementary school</p> <p>Explanation: PS 139 is at 121% of utilization; PS 127 is at 125%; PS 249 is at 128%, PS 193 is at 111%; PS 315 is at 118% and the PS 152 Annex is at 146%. Since annexes are built to address overcrowding, an overcrowded annex boldly underscores the need for additional elementary school seats in the northern end of the District. The elementary schools listed above are all north of Avenue L.</p> <p>Responsible Agency: Department of Education</p>	Limited seat need has been identified in the area specified. Location for a school will be based on site availability.
05	214202205C	<p>Request: Other capital budget request for DOE</p> <p>Explanation: The ability of the education system to continue to educate students continues to rest on technology. The digital divide in the city was brought into sharp relief. Education attainment disparities are no doubt going to be exacerbated by the lack of access to technology in the home both in terms of devices and access to broadband. This is an urgent need in our community.</p> <p>Responsible Agency: Department of Education</p>	This request has already been funded.

07	214202207C	<p>Request: Renovate or upgrade existing precinct houses</p> <p>Explanation: The history of efforts to relocate this aging facility goes back three decades. In 2006, DCAS began property acquisition at 1326 Ocean Avenue and NYPD set aside \$30 million for the property, and OMB stated its commitment to identify additional funding. construction was set to begin in 2013. It did not and the site was lost to a market rate housing development. A scoping study to asses the feasibility of building a new precinct house on site reportedly acknowledges the locational challenges that the current site presents. Relocating the precinct house remains a priority. A new site search must be funded. In the meantime, the current precinct house floods and leaks and does not have adequate lockers, storage, or parking, nor it is handicap accessible.</p> <p>Responsible Agency: Police Department</p> <p>Location Site Name: 70th Precinct</p>	<p>Additional NYPD resources for this project are unavailable at this time due to funding constraints. The Beverley Road bridge and the Caton Road bridge both require rehabilitation. The timeframe for repair or reinstallation of street signs continues to increase. We organize and annual youth conference and nonprofit roundtable. Increasing responsibilities have been assigned and hiring staff and specialists, such as planners, policy analysts, IT assistance, would help to introduce more initiatives and develop longer range projects. Ultimately, we could better complement a complaint driven role with more proactive, grass roots plans. As the most local city agency, we give voice to the individuals who make up our communities. The current health and resulting budget crisis will make it harder to city agencies to reach the most local levels and communities will be all the more frustrated. 03	214202203E	<p>Request: Other cleaning requests</p> <p>Explanation: There are 1200 road segments in CD 14. Given the number of dead ends, overpasses, and road bridges, cleaning is a persistent need. The evisceration of MLP, which is the only operation that cleans CD14's 54 dead ends streets, the severe reduction in basket collection, the reduction in lot cleaning, cancellation of electronics collection and organics is a myopic response in a city striving to recover its health and economy. DSNY stepped up to the plate in the midst of a public health crises like no other agency. In fact, BK14 assisted DPR in the aftermath of October's storm, while still maintaining collection and balancing schedule changes necessary to keep the workplace safe. The city must restore full funding for this agency in service to our community.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.</p>

The deficit of affordable housing is projected to grow by 150,000 units in the wake of the pandemic. Maintaining housing that exists now helps to stem this crises. 06	214202206E	<p>Request: Expand street outreach</p> <p>Explanation: Reports on homeless encampments and regarding individuals who appear to be homeless have increased over the past year. Common Ground is the current contractor and provides excellent service. Given the increase in calls to the Community Board, the Police and 311, an increase in outreach services is warranted. These teams must be equipped with professionals who can assist those who are not technically homeless, but are on the street due to substance use.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>The Agency continually works with Provider organizations to enhance services that are working successfully. Identifying best practices and expanding those services are a ideal.</p>

The District ranks 8th in the percent of renter households that are severely overcrowded. Nearly 35% of renters in the District pay over 50% of their household income on monthly rent. Affordability of rentals (at 80% of AMI) decreased from 2010-2017, from 71.3% to only 49%. These are pressures that lend themselves to homelessness and continued expansion of prevention programs is warranted.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>The Agency provides services for people who are eligible under certain guidelines.</p>
08	214202208E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: According to our Youth Conference attendees survey, the biggest draw for the 600 youth who attended out annual conference was jobs. The impact of Covid 19 on the SYEP program and DYCD's shift to only remote opportunities will have a residual impact in the upcoming years. Given the very small percentage of applicants who are placed in summer jobs, it is imperative that DYCD jobs programs be expanded and dependably funded. Additional focus on building capacity at the CBO level to expand programming into underserved communities that were more highly impacted by Covid 19 is imperative.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>In summer 2020, when health and safety concerns didn't allow for the full in-person SYEP; DYCD implemented the Summer Bridge program. This effort must be continued, but there is a concern that demand for casework will increase as the city opens and children come into contact with mandated reporters. The stress placed on households and access to support is a combination for concern.</p> <p>Responsible Agency: Administration for Children's Services</p>	ACS appreciates support from the Community Board.
10	214202210E	<p>Request: Increase staffing for homebound adult programs</p> <p>Explanation: Case management, home care, legal services, and transportation services are generally intertwined. There is no way to prioritize the needs of one senior citizen over those of another and it would be folly to provide transportation over home care for a senior who is need of both. The funding of these services must be designed with the approach that support services are inextricable.</p> <p>Responsible Agency: Department for the Aging</p>	At this time, DFTA has very limited or no funding for this purpose. We will continue to advocate for federal and state funds and to work with other city agencies toward the goal. When funding is available, we are required to conduct an open competition.
11	214202211E	<p>Request: Other commercial district revitalization requests</p> <p>Explanation: Supporting venues that generate social capital and drive economic development is key to post pandemic recovery. Kings Theater was an EDC project that is owned and managed by a private entity and is a for profit enterprise, the Tow Performing Arts Center is housed at a public institution of higher education but runs ticketed events, the Mayor's Office of Media and Entertainment permitted over 150 film and television productions in our 2.9 square miles of space in 2019. These enterprises generate a good deal of profit with the support of public space and financing. There should be some sort of mechanism that directs some funding back to the local community that often bears significant inconvenience from these activities.</p> <p>Responsible Agency: Department of Small Business Services</p>	Further study of this request is needed by SBS. In addition alcohol and drug related hospitalizations were 836 and 649 per 100,000 respectively. The stresses of impacts of the pandemic are well documented throughout communities. 16	214202216E	<p>Request: Inspect water main on specific street segment and repair or replace as needed</p> <p>Explanation: There are several locations in the District that flood chronically in rainstorms. These locations have all been brought to DEP's attention and we are awaiting determination as to cause. DCP has provided a limited drop down list from which to choose a budget priority. We ask the DEP respond to the requests pending and advise as to what the respective issues are so that we can identify what budget line these requests fall into. The bottom line is that DEP must provide solutions to these locations because property, businesses and public areas should not have to withstand chronic flooding. Several claims have been filed with the City of New York.</p> <p>Responsible Agency: Department of Environmental Protection</p>	<p>Further study by the agency of this request is needed.</p>

Argyle Road is considered the "leafiest" in Brooklyn. A more robust pruning cycle is still necessary. Requests for emergency pruning and fallen branches have not subsided in the District. The October 2020 storm left limbs, branches and entire trees blocking sidewalks, driveways and streets for days. Clean up took months. Contractors cancelled and DSNY was redirected to help clear our community. It seems that DPR needs a better funded and more robust contracting practice or, better yet, increase the budget to bring the work in house.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Parks Department funds are insufficient for this purpose. While DOHMH continues to increase the number of inspections performed annually, these efforts are outpaced by conditions contributing to rodent infestations. 05	215202205C	<p>Request: Provide more housing for medium income households</p> <p>Explanation: Our seniors can no longer afford to maintain their properties and stay in their homes. Rentals are too expensive on fixed incomes. With an increasing aging population we need to create affordable senior communities. New York City is way behind in that area. Our middle class numbers have decreased. Real estate prices have sky-rocketed in our community. It is becoming impossible for people who grew up here or raised a family here to remain in our community. Home ownership is now a pipe dream, only affordable for the very wealthy. Rents are becoming so high that families have taken up residence in illegally created apartments, sometimes overcrowded to the point of being unsafe.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>The agency will accommodate this issue within existing resources.</p>

12	215202212C	<p>Request: Add NYPD parking facilities</p> <p>Explanation: Currently, Brooklyn has only one police Tow Pound in Northern Brooklyn and it's often at full capacity. This is a growing problem for our community. Additional car lifts (stackers) at the existing Tow Pound would increase holding capacity and permit more vehicles to be stored as an immediate interim measure. The current pound being located across the borough results in long travel times. It limits the turnaround time resulting in diminished productivity per work shift for Row Tow operators serving Southern Brooklyn. Ideally, we would like the short-term addition of car lifts at the existing Tow Pound until a new pound can be sited and constructed in Southern Brooklyn to expedite Row Tow operations enhancing their capacity and increasing their productivity.</p> <p>Responsible Agency: Police Department</p>	<p>Further study by the agency of this request is needed.</p>

03	215202203E	<p>Request: Provide, expand, or enhance rental assistance programs</p> <p>Explanation: Living in New York has become a costly affair. Rents are rising each year and the cost of living increases exponentially. Salaries don't appear to keep up with the rent demands. Our seniors and disabled are on fixed incomes and struggle to pay rent. We need a way to keep our lower income residents safely in their homes and off the streets with some sort of voucher system to aide them. Hotels and shelters aren't permanent housing, they often prove to be a temporary fix and in the long run are not cost efficient. The existing rental assistance programs, such as section 8, which need better policing are over saturated and closed.</p> <p>Responsible Agency: Human Resources Administration</p>	Homelessness prevention is one of the Agency's priorities. 05	215202205E	<p>Request: Inspect sanitary sewer on specific street segment and repair or replace as needed</p> <p>Explanation: Brooklyn Community Board 15 is requesting the installation of back-flow preventoes throughout the district. This community experienced many sewer back up issues after Superstorm Sandy and these back-flow preventers would prevent such back-ups. The neighborhoods of Manhattan Beach, Sheepshead Bay and Gerritsen Beach are the areas most affected. On Avenue Y (between McDonald Avenue and Ocean Avenue) going south the area was inundated with sewer back-ups and back-flow preventers would prevent that from happening again.</p> <p>Responsible Agency: Department of Environmental Protection</p>	This project is included in the ten-year plan.

08	215202208E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: Brooklyn Community Board 15 receives numerous complaints about trees not being pruned, maintained or planted in a timely fashion. More money needs to be allocated to provide better forestry services to our community. New trees should be planted within two-three planting cycles; waiting 4 or 5 years is a ridiculously long time. Tree pruning can take 7-10 years, allowing overgrown and dead branches to become a public safety hazard. We need to expedite this procedure, so adequately funding this division with additional trained staff and equipment would help to streamline this too long a process.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Parks Department funds are insufficient for this purpose. This fireboat is currently not manned 24/7 and we believe it would be in the best interest of the community if it could be. With a dry season, brush fires seem to have been more prevalent this year. Being a beach and boating community, rescues on the water are another challenge that a 24/7 fireboat would be well equipped to assist in. Pulling a boat from further away can be critical when time is of the essence. Being that this is a strategic location, we feel keeping it staffed and accessible 24/7 during the summer months would be a true asset to saving our residents and visitors lives.</p> <p>Responsible Agency: Fire Department</p> <p>Location Site Name: Kingsborough Community College Address: 2001 Oriental Blvd</p>	<p>Further study by the agency of this request is needed.</p>
10	215202210E	<p>Request: Assign additional crossing guards</p> <p>Explanation: All of the schools in our community district would benefit from additional crossing guards. Currently, when a crossing guard is out sick, a uniformed officer is pulled away to take their place, taking an officer away from other critical policing work. Having additional crossing guards available would provide enhanced coverage at schools without having to draw from our uniformed forces when replacements are needed.</p> <p>Responsible Agency: Police Department</p>	<p>NYPD staffing levels depend on decision made in the Preliminary and Executive budget process. 14	215202214E	<p>Request: Assign additional traffic enforcement officers</p> <p>Explanation: All of our commercial corridors are severely congested due to illegal double parking. Additional traffic enforcement is needed along Coney Island Avenue (between Avenue P and Avenue Z), on Avenue U (between McDonald Avenue and Nostrand Avenue), on Sheepshead Bay Road (between East 14th Street and Emmons Avenue) and on Kings Highway (between McDonald Avenue and Ocean Avenue).</p> <p>Responsible Agency: Police Department</p>	<p>NYPD staffing levels depend on decision made in the Preliminary and Executive budget process. Due to the Coronavirus pandemic and the current fiscal crisis, along with calls to defund the police, the FY'21 Adopted budget does not include funding for additional uniformed and civilian staffing.</p>

16	215202216E	<p>Request: Expand programs to support local businesses and entrepreneurs</p> <p>Explanation: Prior to the Covid-19 pandemic we have a large number of small commercial corridors in our district (i.e.; Avenue U, Sheepshead Bay Road, Avenue P, Gravesend Neck Road and Avenue X) with rents sky-rocketing to ludicrous heights. These storefronts either turnover rapidly, or sit vacant warehoused not enticing new business or attracting new investment in the community. Empty storefronts don't entice consumers. They reduce foot traffic to the corridors. Things have gone from bad to worse. The City needs to offer independent small business owners more incentives and assistance in creating businesses, or offer property owners some incentives to attract and retain businesses. Outrageous rents are keeping many of our small commercial areas bleak and depressed.</p> <p>Responsible Agency: Economic Development Corporation</p>	<p>Securing funding for this request is outside of EDC's jurisdiction; please contact the agency if you have any questions about the EDC budget process.</p>

19	215202219E	<p>Request: Improve public housing maintenance and cleanliness</p> <p>Explanation: We have been receiving an influx of calls emanating from NYCHA's Sheepshead-Nostrand Houses located in our district because of unreasonably long waits for repairs--including broken front doors, broken ovens and other appliances, plumbing issues and generally unsanitary living conditions. One particular resident from 3004 Avenue V has been waiting over a month to be able to use her refrigerator. The maintenance system in public housing is broken, the prolonged waits are unacceptable. Additional on-site maintenance crews are needed to expedite the warrant of habitability.</p> <p>Responsible Agency: Housing Authority</p> <p>Location Site Name: Sheepshead / Nostrand Houses Address: 3004 Avenue V</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
20	215202220E	<p>Request: Improve bus cleanliness, safety or maintenance</p> <p>Explanation: Transit should have a designated maintenance crew responsible for cleaning the exterior entrances of all transit stations. Our underpass at Sheepshead Bay is a chronic mess, as is Avenue U and Kings Highway. Avenue X and McDonald Avenue is extremely filthy.</p> <p>Responsible Agency: Transit Authority</p>	<p>For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.</p>
21	215202221E	<p>Request: Expand street outreach</p> <p>Explanation: Community Board 15 has seen a major increase of homeless people on our streets, underpasses, parks and train stations. We would like to see more money allocated to do community outreach and get these people the help and services they need and return these public areas back to the community. We have a concentration of people under the train station at Sheepshead Bay Road and East 15th Street, Voorhies Avenue and East 16th Street -(Near the Municipal Parking Lot), Ocean Avenue & Shore Parkway under the overpass of the Belt Parkway and in our green street parks located on Ocean Avenue and Kings Highway.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>DHS surveyed street homeless clients to discover the reasons they were not coming into shelter, and tailored a system based on the type of shelter they said they would be most likely to accept - our low threshold Safe Haven and stabilization beds. It is smaller and more private, with fewer rules and regulations. The idea behind this system is that our first priority is to get the individual off the street and to accept a bed. We welcome the expansion of Safe Haven and stabilization beds.</p>

REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Preliminary Budget Fiscal Year 2022

Manhattan

The City of New York
Bill de Blasio, Mayor

FY 2022 Preliminary Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Preliminary Budget reports the FY 2022 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2022 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Preliminary Budget recommendation for each budget request.

CB2 urges DCAS to transfer jurisdiction over this lot to the Parks Dept. without further delay. The neighborhood around Elizabeth St. Garden lacks open space. Little Italy and SoHo account for 23% of CB 2's population but have only 3% of its open space, virtually 100% paved, for an open space ratio of only 0.07 acres per 1,000 residents. 02	302202202C	<p>Request: Provide a new or expand an existing elementary school</p> <p>Explanation: Allocate funds for the 100,000 square foot Bleecker Street School. As part of the New York University 2012 up-zoning, NYU's key community giveback was the option to build the Bleecker School, a 100,000 square foot public school that would serve approximately 600 students. If the Bleecker School is not built, 100,000 square feet of school space reverts to NYU for university use. If the Bleecker School option expires on December 31, 2021, \$65+ million in value transfers from NYC taxpayers to NYU, based on the average price per buildable square foot in Manhattan and arguably higher, due to the lack of vacant land in Greenwich Village.</p> <p>Responsible Agency: Department of Education</p> <p>Location Site Name: Bleecker Street School</p>	<p>Community District is located in a School District with identified seat need. 14	302202214C	<p>Request: Other cultural facilities and resources requests</p> <p>Explanation: Allocate funds to the Fire Museum for new carpeting in its second floor gallery. (Note: The Fire Museum is not part of the Fire Department.) This is a New York City-owned building, but the FDNY does not include carpeting in their budget. The museum must, under its non-profit (New York City Fire Museum 81-1254850) apply for grants such as this. After 33 years of being in place, the carpet is not just an aesthetic issue for the facility. It is becoming a health issue as it has become virtually impossible to keep clean. The museum hosts many families and school groups, and feel that this is an essential need. A recent proposal estimated the scope of the work to cost close to \$63,000.00.</p> <p>Responsible Agency: Department of Cultural Affairs</p> <p>Location Site Name: Fire Museum Address: 278 Spring Street, Manhattan, Ne</p>	<p>The project does not meet City capital funding requirements for cultural projects.</p>

CS	302202216C	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: Allocate funds for the concrete widening of the subway triangle on 7th Ave. S. between Grove and Christopher Streets and on Grove St. between W. 4th St and 7th Ave. S. Different turning and traffic patterns call for safer pedestrian crossings, while the new bicycle path configuration on 7th Ave. S. has introduced a dangerous conflict for people coming from the subway who expect they can head for the 7th Ave. S. pedestrian island to cross the street, not realizing their vulnerability to bikes. The Grove St. curb edge doesn't align with the southern tip of the 7th Ave. S. island, allowing for a curbside No Parking lane leading directly into the island's protruding southern edge, particularly dangerous for both drivers and pedestrians in the snow with no visibility.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Site Name: Christopher Street Station Triangle</p>	<p>The agency will try to accommodate this issue within existing resources.</p>

The Belgian block street bed on Clarkson St. bet. West and Greenwich Sts. is in great need of repair with loose, broken, scattered and missing blocks, large uncovered spaces, exposed manholes, and deep ridges, posing a major hazard to pedestrians, those in wheelchairs and with strollers, bicyclists and drivers. Bicyclists opt to use the sidewalk instead, endangering people walking there. The Belgian block surface is unsuitable for bikes, resulting in cyclists riding on the sidewalks, hazardous for pedestrians. Morton Street is a main thoroughfare from the Hudson River Park (West St) going east, calling for an eastbound bicycle lane, granite between West and Washington Streets and striped eastward from Washington. Community Board 2 remains disturbed by the endless proliferation of promotional and commercial events, some permitted and some not, which are occurring regularly in SoHo and, to a lesser extent, in NoHo. These events clog sidewalks and streets and often result in chaotic street scenes costing the City money and resources as it struggles to bring order to the mayhem. One threat to social service agencies is the pace of the City's fulfillment of city contracts. Social services providers are compelled to advance funding to provide services, while the City takes as long as a year to reimburse these expenses. This provides cash flow problems for our providers, increasing the cost of debt service produced by credit lines, and threatening the very existence of providers working at small-scale. We urge the City to improve procurement systems to shorten the time required to register contracts.</p> <p>Responsible Agency: Department for the Aging</p>	<p>The agency will try to accommodate this issue within existing resources.</p>

37	302202237E	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: Allocate funds to reduce speeding and directional impacts at the pedestrian crossing on the east side of W. 8th St. at 6th Ave. and at the intersection of W, 8th St., 6th and Greenwich Aves, considering solutions such as installation of a traffic diverter on the northern lane of Greenwich Ave. at 6th Ave. and/or continuing the 6th Ave. protected bike lane south with an extended median. The exceptionally wide open and irregularly angled intersection creates confusion, causes turning conflicts, facilitates speeding and hinders visibility, putting pedestrians in grave danger, exemplified by the recent horrific pedestrian fatality</p> <p>Responsible Agency: Department of Transportation</p>	<p>Further study by the agency of this request is needed.</p>
38	302202238E	<p>Request: Other expense budget request for DFTA</p> <p>Explanation: Allocate additional funds from DFTA to cover overhead reimbursements for Greenwich House. Greenwich House works mostly under the constraint of government contracts, which can be inflexible, byzantine in their stipulations, and out-of-step with current costs. The result is that Greenwich Houses programs are unable to provide all that our curious, artistic, intellectually vibrant seniors desire. Contract reimbursements have also failed to compensate for inflation, placing increased strain on Greenwich Houses budget.</p> <p>Responsible Agency: Department for the Aging</p> <p>Location Site Name: Greenwich House</p>	<p>At this time, DFTA has very limited or no funding for this purpose. 39	302202239E	<p>Request: Support nonprofit cultural organizations</p> <p>Explanation: Allocate funds to Ars Nova to support its Ticket Subsidy Program. Ars Nova, one of New Yorks most adventurous Off-Broadway companies (The New York Times), prioritizes keeping shows accessible to New Yorkers of all socio-economic backgrounds through its Ticket Subsidy Program, pricing regular tickets at well-below market value and maintaining an average ticket price of less than \$20 across its season ticket prices. Ars Nova will expand its Ticket Subsidy Program to offer radical hospitality, allowing audience members to set their own ticket price based on their comfort and need. Arts and culture can and should play a major role in New York Citys post-COVID recovery, and radical hospitality is an immediate and tangible way to invite the community to come together and heal.</p> <p>Responsible Agency: Department of Cultural Affairs</p>	<p>Funding was approved by the Department of Cultural Affairs for FY 2022.</p>

03	303202203E	<p>Request: Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p>Explanation: CB 3 is home to more than 17,000 children under 18 years of age, many of whom attend after school programs through Comprehensive After School System of NYC (COMPASS a), which is made up of over 800 programs serving K12 and SONYC serving grades 6-8. 04	303202204E	<p>Request: Other facilities for the homeless requests</p> <p>Explanation: CB 3 is currently experiencing a crisis with the street homeless population. Safe Haven beds are low-threshold housing that enable street homeless to transition to housing and have proven effective. Currently there are not always beds available and street homeless have had to wait for this form of shelter.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>DHS surveyed street homeless clients to discover the reasons they were not coming into shelter, and tailored a system based on the type of shelter they said they would be most likely to accept - our low threshold Safe Haven and stabilization beds. It is smaller and more private, with fewer rules and regulations. The idea behind this system is that our first priority is to get the individual off the street and to accept a bed. We welcome the expansion of Safe Haven and stabilization beds.</p>
05	303202205E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: This is the nation's largest youth employment program. Increasing and baselining funding will make sure more applicants are connected with job placements. The program was cancelled in summer 2020 and reinstated at reduced level after demand from community and service providers.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>In summer 2020, when health and safety concerns didn't allow for the full in-person SYEP; DYCD implemented the Summer Bridge program. The agency looks forward to returning to the in-person model as soon as health and safety conditions allow.</p>
06	303202206E	<p>Request: Enhance NORC programs and health services</p> <p>Explanation: NORCs in CD 3, of which there are six, provide Supportive Services Programs to maximize and support the successful aging in place of older residents. Many of the City's NORCs can access health and social services in their own buildings, building complexes or locally within their neighborhoods. These programs are a model for bringing necessary care and support to seniors living in age-integrated buildings or neighborhoods.</p> <p>Responsible Agency: Department for the Aging</p>	<p>At this time, DFTA has very limited or no funding for this purpose. We will continue to advocate for federal and state funds and to work with other city agencies toward the goal. When funding is available, we are required to conduct an open competition.</p>

07	303202207E	<p>Request: Other expense budget request for NYCHA</p> <p>Explanation: The Manhattan staffing headcount for NYCHA was cut by 40 with most losses in building maintenance and grounds maintenance, which are crucial staff positions needed to support our NYCHA buildings.</p> <p>Responsible Agency: Housing Authority</p>	Approval of this request depends on sufficient Federal/State funds.
08	303202208E	<p>Request: Assign more non-teaching staff, e.g., to provide social, health and other services</p> <p>Explanation: The Bridging the Gap program focuses investments to add social worker and support staff to schools with high homeless population and will benefit from more funding.</p> <p>Responsible Agency: Department of Education</p>	The DOE has responded to this request in prior fiscal years. Please refer to provided response.
09	303202209E	<p>Request: Other expense budget request for HRA</p> <p>Explanation: This program replaced all of the Living in Communities vouchers, Special Exit and Prevention Supplement (SEPS), and City Family Eviction Prevention and Exit Plan Supplements (CityFEPS) with a single unified rental assistance program. Funding should be increased to enable New Yorkers experiencing housing instability to exit shelter or avoid entering shelter by supporting affordable housing.</p> <p>Responsible Agency: Human Resources Administration</p>	Homelessness prevention is one of the Agency's priorities. Funds have been allocated in the budget for these services.
10	303202210E	<p>Request: Assign more non-teaching staff, e.g., to provide social, health and other services</p> <p>Explanation: At the beginning of the pandemic less than 40% of schools had a full-time nurse on staff. 11	303202211E	<p>Request: Provide, expand, or enhance Cornerstone and Beacon programs (all ages, including young adults)</p> <p>Explanation: Beacon programs exist in school-based community centers and serve children during after school hours, weekends, school vacation periods and the summer months. There are more than 17,000 children in CD 3 that can benefit from these programs.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	DYCD has increased funding in this service area.
12	303202212E	<p>Request: Other expense budget request for HRA</p> <p>Explanation: Universal Access initiative creating access to free legal representation in housing court for low-income residents. The lower salaries that contracted non-profits offer does not allow them to recruit enough lawyers for anti-eviction work.</p> <p>Responsible Agency: Human Resources Administration</p>	HRA funds Anti-Harassment Legal Services to work in select neighborhoods across the City with tenants, buildings, and tenant associations to help preserve their housing, protect against harassment or misconduct by unscrupulous landlords, and give representation and legal advice in evictions and other cases. HRA also funds Anti-Eviction Legal Services in the housing courts and in community offices across the City. We provide comprehensive, flexible, and individualized legal and related services to help low-income households avoid eviction and homelessness.

01	304202201C	<p>Request: Other capital budget request for DOE</p> <p>Explanation: Fund the purchase and distribution of additional remote learning devices. With remote learning continuing for the foreseeable future, there are still students who do not have access to a device, who are using a device that is less than ideal, and/or are facing tech challenges. This is both an immediate need as well as a long term need as schools do not expect to receive all of the devices back in working condition and therefore, will need to replenish their inventory.</p> <p>Responsible Agency: Department of Education</p> <p>Supported by: Speaker Corey Johnson</p>	This request has already been funded.

In 2018 there were about 44,000 elevator outages, an almost 16% rise since 2012. Elevators which continually break down must be replaced (rather than serviced) for the safety and well being of the residents.</p> <p>Responsible Agency: Housing Authority</p>	In order to fund this initiative contact local elected officials for appropriations.

39	304202239E	<p>Request: Conduct traffic or parking studies</p> <p>Explanation: Study the location and construction of a tour and charter Bus Garage. In the Hudson Yards rezoning in 2005, the city identified the need for a garage to accommodate additional off-street parking sites for tourist and commuter buses and vans, services, and waiting "black cars". Currently these buses and cars layover on the street and idle. According to the New York City Department of Health and Mental Hygiene, this community suffers the third highest levels of air pollution in the five boroughs.</p> <p>Responsible Agency: Department of Transportation</p>	Further study by the agency of this request is needed.
40	304202240E	<p>Request: Expand code enforcement</p> <p>Explanation: Continued Support: Expand funding for the enforcement of the regulations on illegal hotel use. Illegal hotel use continues to exist and expand in the CD4 district. The NYS Attorney General report Airbnb in the City, found that CB4 is one most trafficked neighborhoods for illegal hotel use, and of the three community districts that collectively account for 41% of Airbnbs revenue in NYC. Illegal hotel use depletes our affordable housing stock, incentives tenant harassment and creates quality of life issues for existing tenants. Increase OSE resources including lawyers, investigators and inspectors dedicated to bringing litigation against illegal hotel use, particularly in the most problematic districts.</p> <p>Responsible Agency: Special Enforcement</p> <p>Supported by: ChekPeds</p>	Further study by the agency of this request is needed.

These important homeless prevention programs are only provided in East Harlem and Inwood neighborhoods in Manhattan. While the administration is committed to supporting legal services to prevent harassment in districts that are to be rezoned in the near future, community districts such as CD4 which was subject to three large rezonings in the past decade, need enhanced funding to mitigate the increasing amount of tenant harassment due to the increasing development pressures as a result of the rezoning. Enhanced legal services are needed to represent individual tenants and tenant associations in Manhattan CD4.</p> <p>Responsible Agency: Human Resources Administration</p> <p>Supported by: Principle of Manhattan Bridges High School</p>	<p>HRA funds Anti-Harassment Legal Services to work in select neighborhoods across the City with tenants, buildings, and tenant associations to help preserve their housing, protect against harassment or misconduct by unscrupulous landlords, and give representation and legal advice in evictions and other cases. HRA also funds Anti-Eviction Legal Services in the housing courts and in community offices across the City. We provide comprehensive, flexible, and individualized legal and related services to help low-income households avoid eviction and homelessness.</p>

01	306202201C	<p>Request: Provide more housing for extremely low and low income households</p> <p>Explanation: Over the past 15-20 years, a loss of: Mitchell-Lama, Section 8 housing, as well as rent-controlled and rent-regulated apartments, has caused areas in CD6 to become increasingly more income segregated. Statistics from ANHD indicate that almost 41% of renters in our district are rent burdened. In order to support and retain our existing population and promote economic diversity, we call upon the City to preserve and develop NEW low- and moderate-income housing in CD6.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>The agency will accommodate this issue within existing resources.</p>
02	306202202C	<p>Request: Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.</p> <p>Explanation: Of the six subway stations that have subway entrances in Community District 6, two (59th & Lexington Ave and 14th & 3rd Ave) remain ADA non-compliant. The heavily used 59th & Lexington Ave station was slated for accessibility improvements in the 2020-2024 Capital Plan. However, any such plans are on hold indefinitely for lack of funds in the midst of the coronavirus pandemic. We hope that funds will become available sooner than expected and that the critical accessibility upgrades can be back on schedule.</p> <p>Responsible Agency: Transit Authority</p>	<p>For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.</p>

03	306202203C	<p>Request: Provide more housing for special needs households, such as the formerly homeless</p> <p>Explanation: CB6 asks that additional supportive housing be built in Manhattan Community District 6 (CD6). During his 2019 State of the State address Governor Cuomo announced a new commitment to build or rehabilitate 20,000 supportive housing units statewide over the next fifteen years. As CD6 has only one supportive housing facility, Kenmore Hall, and especially given CD6's proximity to many public health facilities that support this population, CB6 asks that additional supportive housing units be built in CD6. In addition, CB6 asks that the City and State ensure that supportive housing providers be fully funded so that they can continue to operate their current facilities.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p> <p>Supported by: Report from the Office of the Comptroller</p>	The agency will accommodate this issue within existing resources.
04	306202204C	<p>Request: Provide more housing for seniors</p> <p>Explanation: There is little supportive housing dedicated to seniors in CD6. While some privately-funded accommodations are available, they are expensive and out of reach for most seniors. At-home services are available to a very limited extent but, some seniors require more assistance and on-site medical professionals. CB6 is currently reviewing potential sites for senior housing and asks the City to join us in filling this important need in our community.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	Further study by the agency of this request is needed.

05	306202205C	<p>Request: Invest in capital projects to improve access to the waterfront</p> <p>Explanation: According to the Dept of City Planning (DCP), New York City boasts 520 miles of waterfront and as such our waterfront is a significant resource for our city. Our waterfront has for many years been a particular priority for CB6. Currently our community cannot access large segments of our waterfront because our waterfront esplanade has significant gaps. In a city where we all live in such close quarters and must sometimes comply with COVID-19 shelter-in-place orders, our outdoor spaces, especially our waterfronts, are all the more valuable. And for districts like ours, which DCP has confirmed has the lowest amount of open space per capita of Manhattan community districts, we feel this need most acutely. CB6 requests updated timelines for the esplanade and bikeway plans when possible.</p> <p>Responsible Agency: Economic Development Corporation</p> <p>Location Address: East River Esplanade Cross Street 1: E 14th Street Cross Street 2: E 59th Street</p>	<p>EDC has an active project in this neighborhood and will consider this request as a possible future scope of work.</p>
06	306202206C	<p>Request: Other capital budget request for DHS</p> <p>Explanation: CB6 continues to receive complaints about homeless individuals urinating and defecating in parks, POPS, and the street. New Yorkers experiencing homelessness, including some sheltered individuals, do not relieve themselves in public as a choice; they are forced to do so as the City has failed to provide them with public restrooms and handwashing stations. We ask that the City construct new public restrooms in Manhattan Community District 6 (CD6). One way to begin this might be to find suitable sites to place a few of the automatic public toilets purchased over a decade ago that currently sit in a DCAS warehouse waiting to be installed. We are making a parallel expense budget request to address the supervision of such facilities and research to find additional solutions.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>The Agency provides Shelter Services for people in need.</p>

07	306202207C	<p>Request: Install security cameras or make other safety upgrades</p> <p>Explanation: For many years, residents of Straus Houses have urged NYCHA to improve security. Most pressing is the need for new front and rear lobby doors incorporating layered access control. The lack of layered access and the general malfunctioning of the doors constitutes a significant safety and security concern for residents and management for example, there were multiple fires set in the stairwells by non-residents in 2019. Given that neighboring 344 East 28th Street is undergoing a PACT conversion and thus will have its security needs paid for by the new management company, NYCHA should redirect security funding to Straus houses once the 344 PACT conversion occurs.</p> <p>Responsible Agency: Housing Authority</p> <p>Location Site Name: Straus Houses</p>	<p>In order to fund this initiative contact local elected officials for appropriations.</p>
08	306202208C	<p>Request: Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Our district has the least amount of parkland in the borough. While densely developed, our district has parcels of underutilized land that should be repurposed as park space. Apart from the 276,000 sq ft of privately-owned land that has sat vacant for many years in the middle of our district, at 34th Street, there are two prime waterfront spaces: one is an 11,000 sq ft City-owned property that is current used as a parking lot and the other is a 40,000 sq ft City-owned heliport that adversely impacts the quality of life of nearby residents and was the origin of the helicopter that crashed into a midtown office building on June 10, 2019, killing the pilot. There is an approximately 25,000 sq ft City-owned waterfront space at 30th Street that is only used intermittently as a party venue.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Orlando Sanders, Manager, Asser Levy Recreation Center</p> <p>Location Address: 34th Street & the FDR</p>	<p>Further study by the agency of this request is needed.</p>

11	306202211C	<p>Request: Provide a new, or new expansion to, a building in a park</p> <p>Explanation: CB6 requests a new comfort station at Murphy's Brother's Playground. There are only five comfort stations in Manhattan Community District 6 (CD6) parks and with greater use during the pandemic, the need for facilities including places to wash hands has increased. A comfort station at Murphys Brothers Playground is anticipated, and the ESCR project work will take that into account; however, the design and construction of a comfort station is not part of the ESCR project scope and would need to be funded, designed, and constructed separately. CB6 urges the City to fund and design a comfort station for Murphys Brothers Playground so that construction may begin as soon as possible.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Murphy Address: Avenue C, Manhattan, New York, N</p>	<p>Department of Parks and Recreation funds are insufficient for this project. Phases 3 and 4 of the Second Avenue Subway are expected to benefit Manhattan Community District 6. We eagerly await the completion of this work and ask the City to not delay this work. In addition, drainage at curb cuts can be an issue that cannot be left to an arbitrary review and work timetable, Inspection at the time of significant rainfall or snow/ice thaw is essential in adapting the schedule to the actual need as soon as possible.</p> <p>Responsible Agency: Department of Transportation</p>	<p>Pedestrian ramps will be constructed at all locations citywide by NYCDOT over the next several years. Pre-pandemic we saw library usage at record highs, primarily by those seeking to use computers for job searches, college applications, grant and benefits research, and other essential reasons. During the pandemic, not everyone, particularly children trying to do remote learning, had access to computers and internet. While branch libraries cannot solve all of the problems of accessibility, branches should be equipped with additional and upgraded computer stations and fiber optic cabling. 01	306202201E	<p>Request: Expand street outreach</p> <p>Explanation: CB6 asks that the City fund the deployment of a dedicated street outreach team to serve the densest portion of our Public Health District, from 23rd Street to 34th Street and from Lexington Avenue to the East River. This request includes the Bellevue South Park area which has been the center of concern for some time.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>Further study by the agency of this request is needed.</p>
02	306202202E	<p>Request: Other runaway and homeless youth requests</p> <p>Explanation: According to the latest research by NYU's Steinhardt School of Culture, Education and Human Development, one out of every eight children in New York City experiences homelessness before the fifth grade. The trauma of homelessness leaves many children unable to reach their full potential and in need of expanded support. In addition, elementary schools across the entire city are seeing rises in homeless students, including in Chinatown, Midtown West and Midtown East, with some schools experiencing rates of students in temporary housing as high as 27%. These schools include institutions in our neighboring Community Districts and significantly impact children in PS 116 in our district.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>The agency will try to accommodate this issue within existing resources.</p>
03	306202203E	<p>Request: Enhance park safety through more security staff (police or parks enforcement)</p> <p>Explanation: Park Enforcement Patrol (PEP) officer presence reduces illegal or inappropriate behavior and increases the opportunity for peaceful and safe enjoyment of the parks by both children and adults. CB6 would like more frequent patrols in our district. Current levels of roving enforcement are not sufficient to address quality of life issues in our parks which appear to have ramped up during the pandemic; more fixed patrols are needed. In this vein, we support funding of 1 additional sergeant and 8 additional PEP officers for Manhattan South. If additional officers are not possible at this time, we urge that the current level of staffing continue and that the Department of Parks consider patrol routes to address changing needs.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2022, but at this time the availability of funds is uncertain.</p>

04	306202204E	<p>Request: Provide better park maintenance</p> <p>Explanation: CB6 continues to stress the need for increased staffing at parks, such as a dedicated district gardener, city parks workers, and additional welders. Current levels of maintenance and operations staff are not adequate to maintain our parks, and our landscaping suffers from lack of gardening and accessibility. Also, non-governmental funding (i.e. conservancies) is not available for any parks in Manhattan Community District 6. As a district lacking park space, maintaining what little we have is crucial. The pandemic has resulted in an increase in park usage and the maintenance of available space provides welcome locations for respite from isolation. While current staffing is insufficient, if budget constraints threaten current staffing we urge the City to not cut existing levels.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2022, but at this time the availability of funds is uncertain.</p>
05	306202205E	<p>Request: Enhance educational and recreational programs</p> <p>Explanation: A new senior facility providing meals and services has been requested by CB6 for over a decade. While we continue to advocate for an additional center in our district, our aging population would benefit from an expansion of programming that can be housed in existing City facilities or in sites run by community organizations, and funded by DFTA and other agencies. Libraries or CBOs, for example, can host or provide exercise programs, fall prevention programming (i.e., Tai Chi), lifelong learning, and technology programming. The pandemic has shown us that creative thinking is needed to find new ways to provide supportive services and programming to relieve isolation and provide intellectual engagement.</p> <p>Responsible Agency: Department for the Aging</p>	<p>At this time, DFTA has very limited or no funding for this purpose. We will continue to advocate for federal and state funds and to work with other city agencies toward the goal. When funding is available, we are required to conduct an open competition.</p>

06	306202206E	<p>Request: Assign additional traffic enforcement officers</p> <p>Explanation: The Mayor has several policies and programs meant to improve traffic flow and traffic safety in New York City, such as more protected bicycle lanes, dedicated bus lanes, and Vision Zero. However, because of a lack of traffic enforcement in our district, those policies and programs are left compromised. Protected bicycle lanes are compromised because of drivers interfering with those lanes. Bus lanes are compromised because other vehicles park in those dedicated bus lanes. Vision Zero is compromised because of vehicles that travel in a dangerous manner, therefore compromising the safety and lives of pedestrians. Additional traffic enforcement officers will be helpful in the carrying out of these initiatives.</p> <p>Responsible Agency: Police Department</p>	<p>NYPD staffing levels depend on decision made in the Preliminary and Executive budget process. Due to the Coronavirus pandemic and the current fiscal crisis, along with calls to defund the police, the FY'21 Adopted budget does not include funding for additional uniformed and civilian staffing.</p>
07	306202207E	<p>Request: Provide, expand, or enhance preventive services and community based alternatives for youth</p> <p>Explanation: CB6 requests that funding be enhanced for ACS preventative services that allow families to remain together which maintaining the welfare of the children in the home. We understand these programs are effective in preventing children from entering foster care and can include services such as family or individual counseling, parenting classes, substance abuse treatment, domestic violence intervention, home care, and support for pregnant and parenting teens, among others. However, this funding must be coupled with additional staff and better training for caseworkers to ensure children's safety.</p> <p>Responsible Agency: Administration for Children's Services</p>	<p>ACS currently offers services for youth and families. 08	306202208E	<p>Request: Enhance home care services</p> <p>Explanation: Allocate Additional Funding for Home Assistance Programs for the Elderly in Manhattan Community District 6. 18.3% of the population of the district is over age 65. CB6 requests a higher level of attention to its elderly population. Increased availability of home assistance may become particularly important after the cutbacks in services at senior centers throughout the area. This method of care is far less expensive than subsidized nursing home care, which is typically the alternative. Enhanced home care may also be required for individuals who are at high risk during a pandemic such as Covid-19.</p> <p>Responsible Agency: Department for the Aging</p>	<p>At this time, DFTA has very limited or no funding for this purpose. We will continue to advocate for federal and state funds and to work with other city agencies toward the goal. When funding is available, we are required to conduct an open competition.</p>
09	306202209E	<p>Request: Other request for services for the homeless</p> <p>Explanation: We ask that the City conduct research on how to provide restroom and shower facilities to individuals experiencing homelessness. At a recent panel discussion sponsored by CB6, advocates for the homeless explained that such services are provided in northern Manhattan by nonprofit organizations. Research would include identifying appropriate locations, operational success experienced by the organizations, level of security required, costs, and a number of other elements. We hope the research would lead to contracting with a provider.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>Further study by the agency of this request is needed.</p>
10	306202210E	<p>Request: Other facilities for the homeless requests</p> <p>Explanation: CB6 is asking for funds to secure an additional five stabilization beds in or near Manhattan Community District 6, over and above what is available through the larger city contract. These beds would offer immediate respite for people who the homeless outreach team is working with while the team works for more permanent housing solutions.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>The Agency continually works with Provider organizations to enhance services that are working successfully. Identifying best practices and expanding those services are a ideal.</p>

11	306202211E	<p>Request: Conduct traffic or parking studies</p> <p>Explanation: Noise is our districts #1 complaint. Aside from late-night noise from bars/restaurants, our district also sees increased complaints due to traffic congestion. Our roads are narrower due to bike/bus lanes and we have major approaches in our borders, such as the Queensboro Bridge and Queens Midtown Tunnel. We also host the 34th St Heliport and large construction projects. Finally, because of After-Hours Variances, there are complaints about late night construction noise. More inspectors would stay ahead of complaints with 24/7 monitoring, rather than the current after-the-fact on-site visits. Recognizing budget constraints which may continue into FY2022, we trust that at least staffing not be decreased in this area and that possibilities for additional noise monitoring are explored.</p> <p>Responsible Agency: Department of Transportation</p>	<p>More information is needed from the community board before making a funding decision. 13	306202213E	<p>Request: Provide more frequent litter basket collection</p> <p>Explanation: While in recent years we had seen a fairly stable level of over-flowing waste baskets, since the pandemic we are experiencing a major uptick. 14	306202214E	<p>Request: Reinvest in the graffiti free removal program for private sites</p> <p>Explanation: CB6 asks for the restoration of NYCs graffiti removal program and encourages its application to our district. Graffiti has suddenly become a major problem in Manhattan Community District 6 including in previously graffiti-free areas in Murray Hill and Kips Bay. The graffiti makes the business area unappealing at a time when we hope to encourage patronage of small businesses in the district. 16	306202216E	<p>Request: Other expense budget request for NYPL</p> <p>Explanation: In previous years we have asked for additional electronic assets for libraries and staffing increases. The City did respond with some additional funding and the Branches in our district have told us they do not need an increase at this time even to make internal renovations for social distancing, However, the funding has not been baselined in the budget making reliance on future amounts precarious. We ask that the budget for NYPL and particularly for the branches in our district be baselined and then increased to address upgrades to resources when budgets allow.</p> <p>Responsible Agency: New York Public Library</p>	<p>NYPL is in favor of this project but added or restored City funding is required for all expense budget costs and any needed capital costs. NYPL will continue to work through the City's budget process for needed funding. Contact NYPL for more information.</p>
17	306202217E	<p>Request: Other traffic improvement requests</p> <p>Explanation: For each of the past several years, well over 1,000 calls about street conditions have been made to 311 in Manhattan Community District 6. Given this fact, robust paving personnel is necessary to repair roads in poor condition as well as keep roads in good condition. Having more paving crews would also prevent lane closures, improve traffic in spots, and avoid damage to cars, trucks and city vehicles due to potholes and sinkholes.</p> <p>Responsible Agency: Department of Transportation</p>	<p>Resurfacing and milling requests should be directed to the respective NYCDOT Borough Directors of Maintenance. Each year, the boroughs plan the next season's resurfacing.</p>
18	306202218E	<p>Request: Enhance programs for elder abuse victims</p> <p>Explanation: With an aging population comes a greater need for attention to crimes perpetrated that are particular to seniors. Combating elder abuse, whether physical (domestic) abuse or the financial kind is critical in a district that has 18.2% of its population over the age of 65 (and growing). CB6 asks for additional funds to be devoted to specialized programs developed by the Department for the Aging to identify and prevent these situations. Additionally, more data on the extent of elder abuse in our city would be helpful in identifying needs in the district and citywide.</p> <p>Responsible Agency: Department for the Aging</p>	<p>At this time, DFTA has very limited or no funding for this purpose. When it is, it is essential that rapid and complete deployment is made. We know that the recent measles outbreak in New York City occurred largely because of misunderstandings and misinformation about the measles vaccine. We need to ensure that misinformation does not hinder efforts to ensure that scourges like the pandemic can be contained and the outbreak of measles don't happen in the future.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p> <p>Supported by: Pearl Stroud, Property Manager, Strauss Houses</p>	<p>The agency will accommodate this issue within existing resources.</p>
20	306202220E	<p>Request: Provide, expand, or enhance job training</p> <p>Explanation: CB6 would like to see enhanced funding for job training programs in existence or under development by HRA and its partners. These programs seek to increase clients' skills, readying them for employment and facilitating their exit from public assistance. These programs and associated training materials should be free or low-cost so as not to deter clients from participating. These increases should be baselined to ensure reliable funds that will allow Community Boards to hire new staff and retain current staff. 03	307202203C	<p>Request: Renovate interior building component</p> <p>Explanation: School Ventilation. Funding for improvements to ventilation (air flow) in CD7s public schools is essential to provide students, faculty, administration and staff with a safe environment. In the fall of 2020, the Martin Luther King Jr. Educational Complex, which serves 6,000 students, was deemed unfit to open and the city has not yet finalized an infrastructure improvement plan. The DoE reports that all school buildings were surveyed by the NYC School Construction Authority but criteria and data on air flow quality is either inaccessible or unclear. MLK alone has 276 rooms without windows, 76 without operational supply fans, and 225 without operational exhaust fans. 04	307202204C	<p>Request: Provide new homeless shelters or SROs</p> <p>Explanation: New Safe Haven Funding is needed to build an additional Safe Haven facility in CD7 to most effectively address the rising number of those living on the street in the district. The Safe Haven model includes smaller facilities and supportive services, and is considered to be the most effective means by which to persuade those living on the street to accept an offer of shelter. Providers who do street outreach report that most people reject offers of shelter if they are not proximate to the neighborhood to which they've become accustomed. Currently, CD7 has only one Safe Haven; adding another would provide a valuable tool for street outreach teams working to move this vulnerable population off the streets in CD7 and into the shelter system.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>The Agency continually works with Provider organizations to enhance service that are working successfully. Given the funding and goals of the 2020-24 Capital Plan, a reasonable goal would be to ensure that one-third of District 3 schools are fully accessible or susceptible of affording students and faculty a reasonable accommodation by the end of the Capital Plan. 17	307202217C	<p>Request: Create a new, or renovate or upgrade an existing public library</p> <p>Explanation: The basement of the Bloomingdale branch library (on West 100th Street between Amsterdam and Columbus Avenues) was rescued from moribund dead storage of useless items during FY 2016, and has been laying fallow (apart from use as a staging area for maintenance efforts and supplies) ever since. The raw space presents an unprecedented opportunity to meet a variety of needs of the community that the Bloomingdale branch library serves. The the basement space could be configured to accommodate computer resources, programming space for health, wellness and fitness programs, additions to the hard copy collections, and community meetings and outreach efforts by the NYPL and by local community groups.</p> <p>Responsible Agency: New York Public Library</p> <p>Location Site Name: Bloomingdale Branch Library Address: 150 West 100 Street</p>	<p>NYPL supports this request. The Cherry Walk is part of the Hudson River Greenway. Since it was constructed nearly two decades ago, and particularly as other sections of the Greenway to the north and south of this segment have been opened, the number of cyclists using the Cherry Walk, both commuters and recreational cyclists, has exploded. The Cherry Walk is also heavily used by walkers and runners. See the Riverside Park Master Plan (2016). 21	307202221C	<p>Request: Other capital budget request for NYPL</p> <p>Explanation: The request is for an additional bookmobile to serve the borough of Manhattan. After a hiatus of several decades, the mobile book concept was reintroduced to the City in 2019 with a unit provided to serve Manhattan that fall. The colorful, attractive unit operates in unserved/underserves areas where the established branch library is closed for an extended period or where there is no library. A typical unit may serve a housing development, a senior center, school, or community center. Services provided include issuing library cards, returning or renewing books, browsing a collection of approximately 1000 books, and conferring with a Librarian. The amount requested covers the acquisition of a mobile unit, staffing and stocking, and maintenance.</p> <p>Responsible Agency: New York Public Library</p>	<p>NYPL is in favor of this project but added or restored City funding is required for all expense budget costs and any needed capital costs. The SYEP program engages youth who would otherwise be at risk of destructive influences. SYEP was drastically slashed in Summer 2020. MOC teams respond to 311 calls; and Goddards caseload has recently increased along with 311 calls. Of NYCs 80,000+ people experiencing homelessness, an estimated 3,600 or 5% live on the street, and lack access to basic needs such as food, water, and bathrooms. It can take up to 200 interactions over months or years to develop relationships with those experiencing street homelessness and provide them with access to healthcare, counseling, nutrition, and shelter.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>DHS surveyed street homeless clients to discover the reasons they were not coming into shelter, and tailored a system based on the type of shelter they said they would be most likely to accept - our low threshold Safe Haven and stabilization beds. It is smaller and more private, with fewer rules and regulations. The idea behind this system is that our first priority is to get the individual off the street and to accept a bed. As a result, DHS has housed over 4,000 chronically street homeless individuals since this redesign in 2007. We welcome the expansion of Safe Haven and stabilization beds.</p>

09	307202209E	<p>Request: Provide more frequent litter basket collection</p> <p>Explanation: Increase Street Litter Basket Collection to 7-day Service. Overflowing trash bins attract rodents, insects and other vermin. They also negatively impact the quality of life and create a perception of a community at disarray. They also impact the attractiveness of our restaurants and shops, especially when so much of the re-opening of businesses must take place on the sidewalk. While the Upper West Side community has responded to the cuts in the DSNY budget by organizing private clean-up efforts, their trash bags are still targets for vermin and need to be collected more frequently than the current budget permits. Restoring 7-day basket collection, and ensuring that there are litter baskets at every corner, are essential during and post-Covid.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.</p>
10	307202210E	<p>Request: Other expense budget request</p> <p>Explanation: Community boards have not received a baselined budget increase for non-personnel costs in more than fifteen years, and due to a PEG budget cut, lost \$12K in funding for FY2021. Meanwhile, costs and demands for services have increased dramatically. While Community Boards need and deserve an increase in baselined funding to acquire the professional and tangible resources needed to complete our work, at a minimum the Community Board Budget should be restored to its FY 2019 level.</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p>	<p>The City is enacting a Savings Plan which will impact Community Boards' Budgets.</p>
11	307202211E	<p>Request: Other park maintenance and safety requests</p> <p>Explanation: Prior to the devastating cuts to these classes of Parks workers, Parks full-time workforce was responsible for park maintenance and cleanliness: (Associate Park Service Workers, City Parks Workers, and Gardeners). Additional funds are needed to rebuild the agency's permanent, year-round workforce</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Riverside Park</p>	<p>The agency recommends funding this expense budget request in FY 2022, but at this time the availability of funds is uncertain.</p>

12	307202212E	<p>Request: Enhance park safety through more security staff (police or parks enforcement)</p> <p>Explanation: Prior to devastating cuts to the PEP officer corps, Community District 7 was covered by the 16 city funded PEP that report out of North Meadow in Central Park. They cover both the east and west sides of Manhattan from 59th Street to 125th Streets, and Riverside Park. They also help cover other calls that fixed post officers in Central Park cannot cover. In addition four fixed-post officers, who are paid for under dedicated funding, patrol Riverside Park South and are available in Riverside Park only for emergency conditions. An additional eight officers and a sergeant (\$60K per officer, more for a sergeant) for Manhattan would increase safety and help address graffiti and other vandalism, littering, skateboarding, homeless, alcohol, off-leash, smoking, etc.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2022, but at this time the availability of funds is uncertain.</p>
13	307202213E	<p>Request: Other request for services for the homeless</p> <p>Explanation: Technology access. Funding for shelter and supportive housing residents to have access to a) technology, including Wifi and cell service; and b) staff to conduct training on how to use it. This is urgently needed for residents to communicate with medical and mental health providers and access care as well as have education.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>The City has recently announced a plan to install WiFi for all families within children shelters.</p>

14	307202214E	<p>Request: Other expense budget request</p> <p>Explanation: Funding for research on integrated (interagency) approaches to addressing short- and long-term racial and economic disparities that impact Community District 7 and city residents, particularly in health and education, in response to the Covid-19 pandemic and economic crisis. Covid-19 has disproportionately affected people and communities of color, due to segregation [and inequalities in housing, education, employment, healthcare, hospital access, and insurance. The Center for Innovation through Data Intelligence is a data intelligence team in the Office of the Deputy Mayor for Health and Human Services, Office of the Mayor, who establishes partnerships that can leverage the analytical resources of the City of New York through an innovative inter-agency research agenda.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>More information is needed from the community board before making a funding decision. 15	307202215E	<p>Request: Improve trash removal and cleanliness</p> <p>Explanation: Solar trash compactors help control the rat population. The installation of solar trash compactors has been successful in, for example, Theodore Roosevelt Park. Two compactors are needed for Straus Park, and approximately 13-16 compactors deployed at various playgrounds in District 7 could substantially help to reduce the rat population.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2022, but at this time the availability of funds is uncertain.</p>

16	307202216E	<p>Request: Other expense budget request for DEP</p> <p>Explanation: Dedicated enforcement staff for anti-idling law. There is no routine enforcement of the anti-idling law, and only spotty and largely unsuccessful enforcement of targeted violations. Drivers of commercial and private motor vehicles park at our curbs and run their motors continuously with impunity. The Upper West Side is particularly vulnerable to asthma and other health problems from pollution because of our high population density and the continued use of polluting fossil fuels for heating our buildings. DEP has no funds budgeted for enforcement of the anti-idling law, and similarly neither the NYPD nor Traffic Enforcement engages in routine enforcement nor responds to individual, specific complaints. A dedicated enforcement team is needed.</p> <p>Responsible Agency: Department of Environmental Protection</p>	<p>The agency will accommodate this issue within existing resources.</p>
17	307202217E	<p>Request: Extend library hours or expand and enhance library programs</p> <p>Explanation: The role of libraries has been expanding with the needs of the communities. Libraries are assuming responsibilities previously held by other institutions in the community. These include polling stations, 3-K and pre-K spaces, and unanticipated usage due to the Pandemic. Libraries have expanded their outreach to senior centers, homeless shelters, jails, Covid testing sites to name some others. To meet these needs, a return to 6-day service, and ideally 7-day service and/or providing flexible hours is necessary. It is therefore critical that the lifeline that branch libraries represents to the entire community, from early childhood, struggling students, teens needing a safe environment outside school time, and adults learning skills or looking for work, that this funding be fully restored.</p> <p>Responsible Agency: New York Public Library</p>	<p>NYPL is in favor of this project but added or restored City funding is required for all expense budget costs and any needed capital costs. NYPL will continue to work through the City's budget process for needed funding. Contact NYPL for more information.</p>

18	307202218E	<p>Request: Other educational programs requests</p> <p>Explanation: Adequate child care is a necessity for working families. The Mayor's initiative to expand all-day pre-K, together with expanded Head Start programming, is funded under the Early Learn initiative, are proven drivers of achievement in school for years to come as well as stability for working families. It is essential that the funding for these programs, baselined in FY15, continue at least at the current programming levels to deliver both the services families need as well as certainty essential to good planning by service providers, families and ancillary services.</p> <p>Responsible Agency: Department of Education</p>	This request has already been funded.
19	307202219E	<p>Request: Other educational programs requests</p> <p>Explanation: Other than the 8 Specialized High Schools, there are relatively few high schools in the system, and fewer still in Manhattan, that offer all of the Advanced Placement courses essential to students with ambitions in the sciences (i.e. AP Calculus AB and BC; AP Chemistry; AP Biology; and AP Physics), and fewer still that combine those offerings with accomplished offerings in the Arts. The number of high schools offering this enhanced STEAM curriculum is essential to any equity and diversity program, both for the students who aspire to but do not gain admission to the Specialized High Schools, and to those who seek a different high school experience and deserve an equal opportunity for this enhanced learning program.</p> <p>Responsible Agency: Department of Education</p>	The DOE has responded to this request in prior fiscal years. 20	307202220E	<p>Request: Other programs to address public health issues requests</p> <p>Explanation: Funding for reliable, accurate, and rapid Covid-19 testing of staff working in nursing homes and adult care facilities. After government-provided supplies deplete, this can cost facilities \$100 per test. DOHMH requires that staff of nursing homes and adult care facilities must be screened weekly. CMS supplies a limited number of tests to nursing homes and many staff do not have employer-provided health insurance. There are two state licensed nursing homes in Community District 7: The Riverside facility (The Riverside Premier Rehabilitation and Healing Center) and the New Jewish Center, Manhattan campus. At these facilities, 46 and 47 confirmed Covid-19 deaths occurred, respectively. These were the highest number of deaths seen at any state-licensed facility in New York County.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	Approval of this request depends on sufficient Federal/State funds.
21	307202221E	<p>Request: Other educational programs requests</p> <p>Explanation: Continue to Provide a Qualified Nurse in Every School Building. Covid exacerbated a longstanding need, as nearly one-third of DoE schools did not have an on-site qualified nurse. Students who need daytime administration of certain medications are prevented from attending schools that do not have a qualified nurse, since teachers and administrators are not permitted to administer such medications. The DoE committed to providing a nurse in every school for the 20-21 year and they should maintain that commitment and funding for the 21-22 year. 25	307202225E	<p>Request: Provide better park maintenance</p> <p>Explanation: DPR has more than 8,400 street trees in District 7. This does not include the trees in Central and Riverside Parks. While DPR looks to adjacent building owners to maintain, including voluntary plantings, the beds of street trees, DPR itself does not have any service to maintain the tree beds. In many tree beds, the soil becomes so compacted that water and air cannot reach the tree roots. DPR should have a service that assures that all street trees will thrive. A program in MCD7 addressed, at a minimum, to maximizing the DPR partnership with private neighbors, would demonstrate the importance of tree stewardship; the diversion of rain water away from sidewalks and sewers; and the value of disruption of disruption of rat burrows.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2022, but at this time the availability of funds is uncertain.</p>
26	307202226E	<p>Request: Other expense budget request for DOE</p> <p>Explanation: Remote Learning Devices Citywide Need for Up To 200K laptops or Chromebooks. The proper technology is important to support remote learning. A key disparate impact of the transition to remote learning felt along socio-economic lines was between those families with access to devices and WiFi at home, who could make the transition immediately, and those families who needed the DOE to provide a device, some of whom were without the means to access remote learning for more than a month. Sharing devices among family members deprives students of opportunities to attend or participate in live demonstrations and synchronized online instruction. REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Preliminary Budget Fiscal Year 2022

Queens

The City of New York
Bill de Blasio, Mayor

FY 2022 Preliminary Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Preliminary Budget reports the FY 2022 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2022 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Preliminary Budget recommendation for each budget request.

05	401202205C	<p>Request: Renovate or upgrade existing precinct houses</p> <p>Explanation: Due to multiple issues with the old structure our officers require a larger, cleaner/healthier & efficient space to work in. In past years, our officers have had innumerous floods in their locker rooms from sewage backup during rain. The building was scaffold for approximately 5 years due to deterioration. Our current structure is too small for the number of officers our district requires. 5x5 rooms must be share with multiple users. The building itself is out dated and it would cost more to update versus a reconstruction. With the massive increase in residents and expansion in night life our district requires more manpower. There is no space in the building as it exists to accommodate additional staff we need. When this structure is built parking needs to be considered.</p> <p>Responsible Agency: Police Department</p> <p>Location Address: 43-16 Astoria Blvd</p>	<p>This capital project is included in the agency's departmental estimates for FY 2022. Today, Socrates is an internationally renowned outdoor museum and a designated New York City public park. The seawall is in need of dire repair. These repairs must be made to protect the works of art displayed at the space. Water damage to the space would be catastrophic.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Site Name: Socratess Sculpture Park Address: 32-10 Vernon Blvd.</p>	<p>The Borough Commissioner's office has reviewed this request. However, a mere 3 blocks away, and sitting directly on the border of CB's 4, 5, and 6 is Hoffman Park, a heavily used 3 acre park. The existing underused softball field is a prime location for a proper jogging track. Ideally, funding can also be used to alleviate the prominent floor cracks that can be seen throughout the basketball, handball, and baseball field. Implementation of a dog run would be a benefit to the local community as minimal space exists for this. During the summer months, the Kids in Motion program is at this location. As such, in order to enjoy the park to its full capacity, funding should be allocated to upgrade / repair the existing fitness equipment which is grossly underutilized and outdated. More over, a park this close to a hospital should encourage healthy lifestyles. Thankfully, these events did not materialize as predicted, but the fear of our community being overwhelmed due to lack of a satellite precinct was a clear concern. Despite department recommendation that this request not be funded in our FY21 budget register, a satellite precinct/ mobile unit must be considered for the western side of Elmhurst, specifically the commercial corridors surrounding the Queens Place, and Queens Center malls.</p> <p>Responsible Agency: Police Department</p>	<p>This is not recommended for funding because it is not an efficient use of resources to open a new police precinct or substation. To establish an additional precinct requires splitting personnel resources (including additional administrative positions) between the existing precinct and the new precinct. 34	404202234C	<p>Request: Other capital budget request for DOB</p> <p>Explanation: CB4Q takes in numerous complaints about unsightly, dangerous downed wires on a daily basis. Since each company maintains responsibility for its own line, it is very difficult to determine which company is responsible to service the problem. Downed lines can stay unserved indefinitely on our city streets. To the average person, there is no way to determine if a downed wire is high voltage or benign, which poses the key question of safety. Fallen wires can electrocute or cause fires. Our constituents should not be put in a position where their safety is at risk. Trained workers are needed to climb utility poles to perform maintenance. Requesting access to an agency held accountable for this maintenance.</p> <p>Responsible Agency: Department of Buildings</p>	<p>This request does not fall under DOB's jurisdiction. In FY 19, the average response time for Priority B complaints was 11.4 days. While Priority B complaints aren't life threatening, they can be indicators that something is unsafe. No matter what we say in an attempt to please the case for more funding, no one said it better than former DOB Commissioner Rick Chandler, who in a 2018 interview said I think if we had ten times the resources.</p> <p>Responsible Agency: Department of Buildings</p>	<p>This request is not recommended for funding.</p>
29	404202229E	<p>Request: Provide emergency housing for households displaced by fires or City-issued vacate orders</p> <p>Explanation: Our catchment area is densely populated with a wide variety of various ethnic groups comprised of children, adults and seniors. Funding is needed to provide assistance with emergency displacement as a result of fires or vacate orders. 30	404202230E	<p>Request: Support nonprofit cultural organizations</p> <p>Explanation: We are fortunate to share experiences with people of many nations. Immigrants from Asia and Latin America have made Elmhurst the most diverse part of Queens. Following World War II, Elmhurst became one of the most ethnically diverse neighborhoods as immigrants arrived from new areas. By the 1980s, there were people from 112 nations residing in the district. Meanwhile, Corona in the 1950s was predominately Italian and African American which began to change in the late 1990s, when immigrants from Latin America arrived. To support the past and ever growing history of our changing neighborhoods, CB4 is requesting funding to help support our cultural organizations tasked with documenting, preserving, and promoting awareness of the past and future development.</p> <p>Responsible Agency: Department of Cultural Affairs</p>	<p>The Department of Cultural Affairs recommends this project be brought to the attention of your local elected official, i.e. Borough President or City Council member.</p>

The communities comprising District 5, Queens do not have a large indoor public space, other than schools, for recreation and community activities. 30	405202230C	<p>Request: Reconstruct streets</p> <p>Explanation: Reconstruct 75th Street from Eliot Avenue to Juniper Boulevard North, in Middle Village. Although the bureau of Highways crews have resurfaced 75th Street in the past 9 years, it is quite evident that this street needs reconstruction. Due to extensive roadway and street settlement, resurfacing is but a short-term solution. The portion of the roadway adjacent to the Learning Tree Day Care Center is higher than the sidewalk, causing unhealthy water accumulation.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Ridgewood Property Owners Civic Assoc. Residents have advocated for the establishment of a more permanent dog run in Juniper Valley Park in Middle Village. Recent cost estimates are projected to be somewhere in the range of \$750,000. It is questionable whether there is sufficient open space to accommodate a dog run inside Juniper Valley Park since there are so many competing uses there including seven (7) ball fields, a running track, two (2) children's playgrounds, a football/soccer field, bocce, tennis and basketball courts, and a roller hockey rink, in addition to landscaped areas. The CB5Q Parks Committee has looked at possibilities for a dog run in this park and at other locations.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	Further study by the agency of this request is needed.

Within the last 6 years, the patrol strength of the 104th Pct. has dropped under 130 officers. In 1995, there were approx. 200 officers, exclusive of sergeants & lieutenants for Ridgewood, Maspeth, Middle Village, and Glendale. At least 170 officers are needed for the 104th Pct., plus supervisors, to cope with robbery, burglary, felony assaults, some violent crime, domestic violence threats, some inadequate response times, speeding, auto theft and rowdy conditions often caused by substance abuse. The new Atlas Park Shopping Development, which opened in Spring 2006, has put additional pressure on our already overloaded precinct.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: Ridgewood Property Owners Civic Association Juniper Park Civic Association</p>	<p>NYPD staffing levels depend on decision made in the Preliminary and Executive budget process. 03	405202203E	<p>Request: Assign additional building inspectors (including expanding training programs)</p> <p>Explanation: Hire Inspectors and Plan Examiners, in Sufficient Numbers, to Cope with Illegal Uses of Property and Questionable Construction. A separate afternoon/evening and weekend inspection team of 10 inspectors for Queens is critical because inspectors very often can't gain access in the daytime during the work-week. Communities throughout Queens have been plagued with illegal apartments posing dangerous conditions, school overcrowding and more pressure on limited City services. Construction inspectors and plan examiners in adequate numbers are needed to curtail contractors building homes larger than the zoning permits. Currently to our knowledge, Queens has 37 plan examiners and 15 construction inspectors usually working in the borough.</p> <p>Responsible Agency: Department of Buildings</p> <p>Supported by: Maspeth Industrial Business Association</p>	<p>This request is not recommended for funding.</p>

Funding for after school, evening and weekend delinquency prevention programs should be maintained locally. This is especially critical at a time when far too many children and teenagers are unsupervised by parents or guardians after the school day ends and on weekends. These programs are very critical as they increase self-esteem levels of participants, thereby preventing substance abuse and delinquent behavior. While Beacon Programs are welcome, it is vital that funding for other quality "local" education and recreation programs be a priority. Thankfully, Mayor de Blasio and City Council Members have increased youth program funding substantially.</p> <p>Responsible Agency: Department of Youth & Community Development</p> <p>Supported by: Numerous Local Civics and Community Organizations</p>	DYCD has increased funding in this service area.

07	405202207E	<p>Request: Increase staffing for homebound adult programs</p> <p>Explanation: Provide Needed Services for Senior Citizens. Community District 5, Queens has a very large senior citizen population, many of whom are frail, without adequate care and living alone. The following are necessary programs to meet some of the needs of senior citizens: 1) Provide adequate funding for Meals-on-Wheels programs; 2) Provide adequate funding for congregate meals programs; 3) Provide funding for senior transportation programs; 4) Fund Health Care Programs for the Elderly and Senior Home Care; 5) Fund Emergency Food Programs for Seniors.</p> <p>Responsible Agency: Department for the Aging</p> <p>Supported by: Numerous Local Civic & Community Organizations</p>	<p>At this time, DFTA has very limited or no funding for this purpose. We will continue to advocate for federal and state funds and to work with other city agencies toward the goal. When funding is available, we are required to conduct an open competition.</p>
08	405202208E	<p>Request: Provide more frequent garbage or recycling pick-up for schools and institutions</p> <p>Explanation: Continue 5 Times Per Week Garbage Collection and Begin 5 Day a Week Recycling Collection for Schools. The reduction to 2 days per week garbage collection caused unsanitary conditions around many local schools. School collection, 5 days per week, is critical during the school year and during the Summer. It is also important that recycling collection at schools be increased. Five times a week recycling collection is needed for many public schools, as the current conditions result in recyclables crowding school sidewalks.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>NYC public schools receive a high-level of additional DSNY service. There are currently more than 10,000 street tree stumps that need to be removed in Queens. The following budget allocations are needed to address these conditions, and the need to remove dead trees and limbs on an emergency basis: \$4.5 Million for county-wide pruning contract; \$3.5 Million for removal of tree stumps in Queens; \$2 million for removal of dead trees and limbs. Trees are aging, and risks of falling limbs and dead trees pose dangerous conditions.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Friends of the Ridgewood Library Various Local Civic Organizations</p>	<p>The agency recommends funding this expense budget request in FY 2022, but at this time the availability of funds is uncertain.</p>

Because of previous lay-offs, there are now fewer Sanitation Police citywide for illegal dumping. Sanitation Police positions should be greatly increased for illegal dumping, especially since they are revenue producing, and dumping is severely hurting communities. One SEA agent is needed daily in Q5. Severe fines, vehicle impoundments and more publicity, such as frequent press releases to TV and radio stations and major newspapers, are needed to make an example of dumpers and curtail illegal dumping. The City should earmark funding to hire additional traffic control agents: (Traffic Enforcement Agents-Level II), so that heavily travelled Queens intersections can be staffed. 14	408202214E	<p>Request: Increase transportation services capacity</p> <p>Explanation: We have a multi-ethnic population. In recent years, we have seen an increase in people who identify as Asian. 07	413202207E	<p>Request: Allocate funds for outreach services to homebound older adults and for programs that allow the elderly to age in place</p> <p>Explanation: Many seniors are afraid to leave their homes during the pandemic. Funding to senior centers and CBOs is needed to support outreach to these individuals so they are not socially isolated and to assure their safety and needs are being taken care of.</p> <p>Responsible Agency: Department for the Aging</p>	The agency will try to accommodate this issue within existing resources.
08	413202208E	<p>Request: Assign additional community affairs officers</p> <p>Explanation: The NCOs in the 105 Precinct are being heavily utilized. We need more so the present NCOs, who have become familiar with their assigned communities, do not burn out.</p> <p>Responsible Agency: Police Department</p>	NYPD staffing levels depend on decision made in the Preliminary and Executive budget process. Due to the Coronavirus pandemic and the current fiscal crisis, along with calls to defund the police, the FY'21 Adopted budget does not include funding for additional uniformed and civilian staffing.
09	413202209E	<p>Request: Provide better park maintenance</p> <p>Explanation: QCB 13 has lots of parks, playgrounds, center medians and grassy areas that are the responsibility of this agency. Adequate numbers of workers need to be assigned during the warm weather months.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2022, but at this time the availability of funds is uncertain.
10	413202210E	<p>Request: Other expense budget request for DFTA</p> <p>Explanation: Services Now For Adult Persons (SNAP) increase funding for programming.</p> <p>Responsible Agency: Department for the Aging</p>	At this time, DFTA has very limited or no funding for this purpose. We will continue to advocate for federal and state funds and to work with other city agencies toward the goal. When funding is available, we are required to conduct an open competition.

REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Preliminary Budget Fiscal Year 2022

Staten Island

The City of New York
Bill de Blasio, Mayor

FY 2022 Preliminary Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Preliminary Budget reports the FY 2022 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2022 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Preliminary Budget recommendation for each budget request.

Significant population of medical calls in addition to Brooklyn and Queens requiring bariatric response and transport are in Manhattan and the Bronx. In order to provide timely bariatric ambulance response the FDNY needs additional bariatric ambulances apparatus to the boroughs of Manhattan and the Bronx. Additional bariatric ambulances will support FDNY goals and objectives related to challenges bariatric patients pose for pre-hospital care and transport directly affecting patient outcomes.</p> <p>Responsible Agency: Fire Department</p>	<p>Further study by the agency of this request is needed.</p>

09	503202209C	<p>Request: Reconstruct streets</p> <p>Explanation: Allocate funds for reconstruction and widening of Huguenot Avenue between Rathbun and Drumgoole Road West. This is a primary north-south thoroughfare connecting the Korean War Veterans Parkway and the West Shore Expressway and is used extensively by MTA buses, school buses and commuters. Also, it is a route to retail commercial districts, several schools and churches. Refer to 503198309C</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Borough President James Oddo Councilman 51st District and Councilman 50th District</p> <p>Location Address: Huguenot Avenue Cross Street 1: Rathbun Avenue Cross Street 2: Rathbun Avenue</p>	<p>Requests for repair/reconstruction of roadway subsidence will be field inspected by NYCDOT. If it is a DEP issue, the location will be forwarded to DEP.</p>
10	503202210C	<p>Request: Evaluate a public location or property for green infrastructure, e.g. rain gardens, stormwater greenstreets, green playgrounds</p> <p>Explanation: Develop a project that will eliminate storm water flooding on all streets south of Hylan Blvd. between Richard Avenue and Swinnerton Ave. The natural geographical properties including small ponds and streams in this area make it suitable to expand and develop the Greenbelt to alleviate storm water flooding for residents in the area. Residents have endured storm water flooding for too long and flooding repairs have put unfair financial burdens on homeowners. Specifically Manhattan Street is storm water flood prone even with an inch or less of rain. Complaints date back for years.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Location Address: Hylan Blvd Cross Street 1: Richard Avenue Cross Street 2: Richard Avenue</p>	<p>Further study by the agency of this request is needed.</p>

11	503202211C	<p>Request: Other capital budget request for DEP</p> <p>Explanation: Allocate funding for the design and construction of sanitary and storm sewers in Kreischer Street, Androvette Street, Winant Place, etc. Existing cesspools and septic tanks continue to fail. This community has a mixed use zoning of residential and manufacturing. Current conditions, as well as current interest and plans for the future of this area justifies the need. Refer to 503200210C</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Complaint driven</p>	Further study by the agency of this request is needed.
12	503202212C	<p>Request: Other capital budget request for DEP</p> <p>Explanation: Allocate funding for the design and construction of sanitary and storm sewers in Sharrotts Road, Storer Avenue, Carlin Avenue, etc. This mixed use zoning has many thriving business entities as well as residences. The adjacent Clay Pit Ponds State Park Preserve offers bike paths, hiking trails and a visitor center. This is an overlooked older community that is forced to depend on failing septic systems. Also, the lack of storm water management contributes to the premature deterioration of Arthur Kill Road. Refer to 503200211C</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Complaint driver</p>	Further study by the agency of this request is needed.
13	503202213C	<p>Request: Other capital budget request for DEP</p> <p>Explanation: Manila Ave at dead end (i/f/o 176 Manila Ave) has a flooding problem for years. The street termination abuts Parks Department property. Neither DOT or PARKS has a solution.</p> <p>Responsible Agency: Department of Environmental Protection</p>	Further study by the agency of this request is needed.

16	503202216C	<p>Request: Other transportation infrastructure requests</p> <p>Explanation: Homeowner needs a curb to stop storm water from flooding her home. 17	503202217C	<p>Request: Provide a new NYPD facility, such as a new precinct house or sub-precinct</p> <p>Explanation: The 123 Precinct is no longer a suitable size to house a precinct station house. It cannot be expanded at its current location and parking is insufficient. The Outerbridge/Parik and Ride is permanently closed and would be a suitable site. Although owned by NYS DOT the city should consider an agreement for the use of this idle property that would benefit the public.</p> <p>Responsible Agency: Police Department</p>	<p>Additional NYPD resources for this project are unavailable at this time due to funding constraints. However, the program will continue to operate within current funding levels.</p>
CS	503202218C	<p>Request: Add NYPD parking facilities</p> <p>Explanation: The 123 Precinct on Main Street continues to have a serious lack of parking, both for POs, staff and visitors to Precinct. Block 8028 Lot 75 on Main Street and Block 8028 Lot 10 are vacant. The owners are willing to make space available for NYPD parking but are having difficulty with the Department of Buildings. NYC should intercede to fast-track an agreement.</p> <p>Responsible Agency: Police Department</p> <p>Location Site Name: 123 Precinct Stationhouse Address: 116 Main Street, Staten Island,</p>	<p>Further study by the agency of this request is needed.</p>

Homeowners have been waiting 30 years for sewers, their septic systems are failing. The lack of storm sewers prematurely deteriorates our roads and causing ponding conditions at intersections which are icy in the winter months. 503201304C</p> <p>Responsible Agency: Department of Environmental Protection</p>	<p>Further study by the agency of this request is needed.</p>

CS	503202220C	<p>Request: Develop a capital project for specific street segments currently lacking sanitary sewers</p> <p>Explanation: Allocate funding for a Pump Station in the Charleston/Richmond Valley area. With the south shore experiencing rapid commercial growth it is crucial to the future of our economic development to have a sewer infrastructure. CS	503202221C	<p>Request: Reconstruct streets</p> <p>Explanation: Original Budget requests dates back to 1988. (503200501C) Arthur Kill Road is a major arterial with a combination of commercial corridors and residential homes. Traffic congestion worsens every year as our population grows. Arthur Kill Road is one lane each direction which causes major backups. Road requires widening and reconstruction including sidewalks for pedestrian safety.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Address: Arthur Kill Road Cross Street 1: Clarke Avenue Cross Street 2: Clarke Avenue</p>	<p>This project was funded in a prior fiscal year and the scope is now underway.</p>

CS	503202226C	<p>Request: Other requests for park, building, or access improvements</p> <p>Explanation: Baseline a Capital Budget for the Department of Parks & Recreation. Most NYC Agencies benefit from apportioned Capital Budgets. A committed Capital budget would permit planning for Long-Term Capital Projects, and improvement to our Parks. Presently the reliance of funding allotted by our City Council Members and our Borough President is inequitable. Because the present citywide system is subjective, we may rely on the generosity of our Council Members and the Borough President. Refer to 503201501C</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Parks Department funds are insufficient for this purpose. We recommend this request be brought to the attention of your Council Members.</p>

CS	503202228C	<p>Request: Other requests for park, building, or access improvements</p> <p>Explanation: Allocate funding for the creation of an engineered beach at Wolfe's Park. 01	503202201E	<p>Request: Other zoning and land use requests</p> <p>Explanation: DCP must develop an expeditious process to map streets or surrender property for a mapped street widening. When an applicant is cooperative and agrees to part with property there should be a quick means to relinquish streets that will not delay an application. Staten Island has a major problem caused by applicant's interpretation of GCL35 and GCL36. Unmapped roads and private roads are being used to bolster density without acceptable infrastructure.</p> <p>Responsible Agency: Department of City Planning</p>	<p>DCP does not have discretionary funding to allocate to this request.
