Indicator name: Major felony crime
- Murder and non-negligent manslaughter
- Forcible rape
- Robbery
- Felonious assault
- Burglary
- Grand larceny
- Grand larceny auto

Description: The number of major felony crimes citywide, including domestic violence-related felonies, within seven categories corresponding to New York State Penal Law: murder and non-negligent manslaughter, forcible rape, robbery, felonious assault, burglary, grand larceny and grand larceny auto. Includes all major felony crime occurring in housing developments, transit system, public schools and citywide patrol.

Source: NYPD Office of Management Analysis and Planning.

Indicator name: Major felony crime in housing developments

Description: Seven major felony crimes (murder and non-negligent manslaughter, forcible rape, robbery, felonious assault, burglary, grand larceny and grand larceny auto) occurring on New York City Housing Authority property, including buildings, grounds and facilities.

Source: NYPD Office of Management Analysis and Planning.

Indicator name: Major felony crime in transit system

Description: Six major felony crimes (murder and non-negligent manslaughter, forcible rape, robbery, felonious assault, burglary and grand larceny) occurring within New York City Transit Authority trains, stations and facilities.

Source: NYPD Office of Management Analysis and Planning.

Indicator name: Crime related to domestic violence
- Murder
- Rape
- Felonious assault

Description: The number of murders, rapes and felonious assaults involving family members who are either related by blood, related by marriage (in-laws), married, have children in common, formerly married to one another (separated or divorced), or live in a family-type arrangement, as well as people who are not related by blood or marriage and who are or have been in an intimate relationship, regardless of whether such persons have lived together at any time.

Source: NYPD Office of Management Analysis and Planning.

Indicator name: School safety - Major felony crime
- Murder
- Rape
- Robbery
- Felonious Assault
- Burglary
- Grand larceny
- Grand larceny auto

Description: All crimes categorized as a major felony crime (murder and non-negligent manslaughter, forcible rape, robbery, felonious assault, burglary, grand larceny and grand larceny auto) occurring within all City public schools. Figures are also listed separately for each category of major felony.

Source: NYPD Office of Management Analysis and Planning.

Indicator name: School safety
- Other criminal categories

Description: All other reported felonies and misdemeanors occurring within all City public schools.

Source: NYPD Office of Management Analysis and Planning.
New York City Police Department

Indicator name: School safety
Description: All serious non-criminal incidents occurring within all City public schools.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: Gang motivated incidents
Description: Incidents that involve unlawful conduct committed primarily to benefit the interests of a gang or crew criminal group (a group of people with an informal or formal structure, with designated leaders, engaging in or supporting illegal activities).
Source: NYPD Office of Management Analysis and Planning.

Indicator name: Gun arrests
Description: Felony and misdemeanor arrests with at least one firearm charge (Penal Law 265) that includes either a subsection that involves a firearm, or a subsection that may involve other dangerous weapons that also has either “gun model” or “firearm type” arrest report entries identifying the weapon as a firearm.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: Major felony crime arrests
Description: Total number of arrests, including juvenile arrests, for the seven major felony crimes (murder and non-negligent manslaughter, rape, robbery, burglary, felonious assault, grand larceny and grand larceny auto).
Source: NYPD Office of Management Analysis and Planning.

Indicator name: Narcotics Arrests
Description: Felony, misdemeanor and violation arrests for the sale, possession or use of narcotics or marijuana.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: Juvenile arrests for major felonies
Description: Arrests of juveniles for major felony crimes. Raise the age legislation identifies “Adolescent Offenders” as juveniles 16 years of age (and 17 years of age beginning October 1, 2019) who are charged with any felony. Unchanged by the legislation is the “Juvenile Offender” classification, defined as juveniles aged 13, 14 or 15 who are accused of designated serious felonies.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: Counterterrorism training (hours)
Description: The number of hours of training conducted by the Counterterrorism Bureau, Training Bureau, and Community Affairs for members of the Department and other persons (non-members) regarding the prevention, detection and effective response to potential terrorist incidents.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: End-to-end average response time to all crimes in progress (minutes: seconds)
Description: Measures the average response time for the total length of a 911 call for crimes in progress from the instant a caller finishes dialing 911 to the time when the first officers arrive on scene, including the time it takes the 911 call taker to answer the call.
Source: Mayor’s Office; NYPD.
Indicator name: End-to-end average response time to critical crimes in progress (minutes: seconds)
Description: Measures the average response time for the total length of a 911 call for critical crimes in progress (such as shots fired, robbery, assault with a weapon) from the instant a caller finishes dialing 911 to the time when the first officers arrive on scene, including the time it takes the 911 call taker to answer the call.
Source: Mayor’s Office; NYPD.

Indicator name: End-to-end average response time to serious crimes in progress (minutes: seconds)
Description: Measures the average response time for the total length of a 911 call for serious crimes in progress (such as larceny not from a person, assault not involving a weapon, larceny of an auto) from the instant a caller finishes dialing 911 to the time when the first officers arrive on scene, including the time it takes the 911 call taker to answer the call.
Source: Mayor’s Office; NYPD.

Indicator name: End-to-end average response time to non-critical crimes in progress (minutes: seconds)
Description: Measures the average response time for the total length of a 911 call for non-critical crimes in progress (such as making graffiti, trespass, harassment) from the instant a caller finishes dialing 911 to the time when the first officers arrive on scene, including the time it takes the 911 call taker to answer the call.
Source: Mayor’s Office; NYPD.

Indicator name: Average response time to all crimes in progress (dispatch and travel time only) (minutes)
- Critical
- Serious
- Non-critical
Description: The average dispatch and travel time for response to all crimes in progress with arrival times, including response time to critical crimes in progress (such as shots fired, robbery, assault with a weapon); serious crimes in progress (such as larceny not from a person, assault not involving a weapon, larceny of an auto); and non-critical crimes in progress (crimes in progress not including robbery, burglary, larceny or assault, such as making graffiti, trespass and harassment). Response time is measured from the time the NYPD dispatcher receives the assignment to the time the officers arrive on the scene.
Source: Mayor’s Office; NYPD.

Indicator name: Crime in progress calls
Description: Number of calls made to 911 regarding crimes in progress.
Source: Mayor’s Office; NYPD.

Indicator name: Traffic fatalities (motorists/passengers)
Description: Motor vehicle operators or passengers killed in vehicle collisions.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: Traffic fatalities (bicyclists/pedestrians)
Description: Bicyclists and pedestrians killed in vehicle collisions.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: Traffic fatalities (other motorized)
Description: The number of other motorists deaths resulting from vehicle collisions.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: DWI-related fatalities
Description: The number of fatalities resulting from motor vehicle collisions that involve intoxicated motorists (Driving While Intoxicated).
Source: NYPD Office of Management Analysis and Planning.
Indicator name: DWI arrests
Description: Total number of arrests made for driving while intoxicated (DWI).
Source: NYPD Office of Management Analysis and Planning.

Indicator name: Total moving violation summonses
Description: All moving violation summonses issued by NYPD personnel.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: - Summons for hazardous violations
Description: A category of moving violation summonses issued for traffic infractions that have been identified by the Department as being the major causes of most collisions, deaths and injuries on the roadways, including the prohibited use of a cellular phone while operating a motor vehicle, disobeying traffic signals, and improper passing and speeding.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: - Summons for prohibited use of cellular phones
Description: A subcategory of hazardous violation summonses issued for operating a motor vehicle on a public highway while using a mobile telephone to engage in a call while the vehicle is in motion, as defined by State Vehicle and Traffic Law.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: Quality-of-life summonses
Description: Summonses returnable to the New York Criminal Court, the Office of Administrative Trials and Hearings/Environmental Control Board, or the Transit Adjudication Bureau for offenses that have a negative impact on City residents, including unreasonable noise, aggressive panhandling, window washing, and urinating in public.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: - Unreasonable noise summonses
Description: A category of quality-of-life summonses, issued by police officers, returnable to the New York Criminal Court or the Office of Administrative Trials and Hearings/Environmental Control Board for violations of the New York City Administrative Code related to excessive noise.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: - Graffiti summonses
Description: A category of quality-of-life summonses, issued by police officers for graffiti answerable in criminal court.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: Graffiti arrests
Description: Total number of arrests made for graffiti.
Source: NYPD Office of Management Analysis and Planning.

Indicator name: New individuals engaged by a Co-Response Team
Description: The number of individuals who have had at least one face-to-face or over the phone encounter with CRT and have received services. Service types include clinical assessment, supportive counseling, health promotion and awareness, service referral, connection to care or other stabilizing support, or transportation to a hospital.
Source: NYC Department of Health and Mental Hygiene

<tbody>
<tr>
<td>Courtesy, Professionalism and Respect (CPR) testing</td>
<td>The number of tests conducted face-to-face and anonymously via telephone by the Department’s Quality Assurance Division, with results shown by category – exceeds standard, meets standard and below standard. These tests are conducted of randomly selected uniformed and civilian personnel who are not told they are being tested to gauge their courtesy, professionalism and respect during interactions with the public.</td>
<td>NYPD Office of Management Analysis and Planning.</td>
</tr>
<tr>
<td>Total civilian complaints against members of the service</td>
<td>The number of complaints made by civilians against members of the Department investigated by the Civilian Complaint Review Board, for allegations of excessive force, abuse of authority, discourtesy and offensive language.</td>
<td>Civilian Complaint Review Board.</td>
</tr>
<tr>
<td>Individuals who, after reporting a crime, received support to deal with the emotional, physical and financial aftermath of crime through the Crime Victim Assistance Program</td>
<td>The number of individuals who have had at least one face-to-face or over the phone encounter with CRT and have received services. Service types include clinical assessment, supportive counseling, health promotion and awareness, service referral, connection to care or other stabilizing support, or transport to a hospital.</td>
<td>MOCJ</td>
</tr>
<tr>
<td>Cases commenced against the City in state and federal court</td>
<td>The number of state court and federal court matters assigned a litigation start date. In cases with payout, it will be paid from the judgment and claims account in the City’s General Fund.</td>
<td>Law Department LawManager system.</td>
</tr>
<tr>
<td>Payout ($000)</td>
<td>The judgment and claims amount, in thousands of dollars, paid by the City from the judgment and claims account in the City’s General Fund to resolve cases through settlement or verdict.</td>
<td>Law Department LawManager system.</td>
</tr>
<tr>
<td>Collisions involving City vehicles (per 100,000 miles)</td>
<td>Number of City-vehicle involved collision reports involving injury or property damage per 100,000 miles traveled. New York State MV-104 reports are required whenever a collision occurs involving death, or other personal injury, or property damage over $1,000.</td>
<td>NYPD Office of Management Analysis and Planning.</td>
</tr>
<tr>
<td>Workplace injuries reported (uniform and civilian)</td>
<td>The number of incidents (uniform and civilian) resulting in a workers’ compensation or line of duty injury claim regardless of whether or not time is lost.</td>
<td>NYPD Office of Management Analysis and Planning.</td>
</tr>
<tr>
<td>Violations admitted to or upheld at the Office of Administrative Trials and Hearings (%)</td>
<td>For all violations returnable to OATH, the number of violations where the respondent admitted to the violation and paid the penalty without a hearing or where the violation was upheld following a hearing as a percent of all violations resolved.</td>
<td>Office of Administrative Trials and Hearings (OATH).</td>

<td>The total number of responses made by fire engine and ladder companies.</td>
<td>FDNY Computer Aided Dispatch (CAD) System.</td>
</tr>
<tr>
<td>Indicator name: Serious fires per 1,000 structural fires</td>
<td>The number of fires with the highest alarms, from “All Hands” to a “5th Alarm” and above, in every 1,000 structural fires.</td>
<td>FDNY Computer Aided Dispatch (CAD) System/STARFIRE.</td>
</tr>
</tbody>
</table>
Indicator name: Civilian fire fatalities  
Description: The number of people, excluding firefighters, who died as a result of injuries sustained in a fire, including accidental and intentional fire deaths. All fire deaths are counted in the month and year in which the death occurs, which may be after the date of the fire, following a determination on the cause of death by the Office of the Chief Medical Examiner.  
Source: FDNY Bureau of Fire Investigation.

Indicator name: Civilian fire fatalities per 100,000 people  
Description: The number of deaths attributed to injuries sustained in fires per 100,000 people living in New York City.  
Source: FDNY Bureau of Fire Investigation.

Indicator name: End-to-end combined average response time to life-threatening medical emergencies by ambulances & fire companies (minutes:seconds)  
Description: Measures the average response time for the total length of a 911 call for life-threatening medical emergencies (incidents of cardiac arrest, choking, unconsciousness, difficulty breathing, and major burns and trauma) from the instant a caller finishes dialing 911 to the time when the first responder (Emergency Medical Service or fire company resource) arrives on scene, including the time it takes for the NYPD call taker to conference in the FDNY emergency medical dispatcher.  
Source: Mayor’s Office, NYPD and FDNY.

Indicator name: End-to-end average response time to life-threatening medical emergencies by ambulances (minutes:seconds)  
Description: Measures the average response time for the total length of a 911 call for life-threatening medical emergencies (incidents of cardiac arrest, choking, unconsciousness, difficulty breathing, and major burns and trauma) from the instant a caller finishes dialing 911 to the time when the first Emergency Medical Service resource, including ambulances and non-transport Advanced Life Support (ALS) “fly cars,” arrives on scene, including the time it takes for the NYPD call taker to conference in the FDNY emergency medical dispatcher.  
Source: Mayor’s Office, NYPD and FDNY.

Indicator name: End-to-end average response time to life-threatening medical emergencies by fire companies (minutes:seconds)  
Description: Measures the average response time for the total length of a 911 call for life-threatening medical emergencies (incidents of cardiac arrest, choking, unconsciousness, difficulty breathing, and major burns and trauma) from the instant a caller finishes dialing 911 to the time when the first fire company resource arrives on scene, including the time it takes for the NYPD call taker to conference in the FDNY emergency medical dispatcher.  
Source: Mayor’s Office, NYPD and FDNY.

Indicator name: Combined average response time to life-threatening medical emergencies by ambulances and fire companies (FDNY dispatch and travel time only) (minutes:seconds)  
Description: The average dispatch and travel time until either an ambulance or fire company arrives on the scene of a life-threatening medical emergency, based on the first to arrive, counting from the time FDNY’s dispatcher receives the call or notification of request for assistance.  
Source: FDNY Computer Aided Dispatch (CAD)System/STARFIRE/Emergency Medical Service.

Indicator name: Average response time to life-threatening medical emergencies by ambulances (FDNY dispatch and travel time only) (minutes:seconds)  
Description: The average dispatch and travel time until the first Emergency Medical Service resource, including ambulances and Advanced Life Support “fly cars,” arrives on the scene of a life-threatening medical emergency (incidents of cardiac arrest, choking, unconsciousness, difficulty breathing, and major burns and trauma) counting from the time FDNY’s dispatcher receives the call or notification of request for assistance.  
Source: FDNY Computer Aided Dispatch (CAD) System/Emergency Medical Service.
Indicator name: Average response time to life-threatening medical emergencies by fire companies (FDNY dispatch and travel time only) (minutes:seconds)
Description: The average dispatch and travel time until the first fire company arrives on the scene of a life-threatening medical emergency (incidents of cardiac arrest, choking, unconsciousness, difficulty breathing, and major burns and trauma) counting from the time FDNY’s dispatcher receives the call or notification of request for assistance.
Source: FDNY Computer Aided Dispatch (CAD) System/STARFIRE.

Indicator name: Life-threatening medical emergency incidents
Description: Total number of life-threatening medical emergencies, including reports of patients in cardiac arrest and severe trauma, receiving an ambulance and non-transport fly car response.
Source: FDNY Computer Aided Dispatch (CAD) System/Emergency Medical Service.

Indicator name: Segment one incidents (cardiac arrest and choking)
Description: The number of reports of patients in cardiac arrest (sudden cessation of heartbeat and cardiac function) receiving a 911 response.
Source: FDNY/EMS Electronic Patient Call Reports (ePCR).

Indicator name: Cardiac arrest patients revived (%)
Description: The percentage of confirmed, non-traumatic cardiac arrest patients receiving life-saving measures, such as cardiopulmonary resuscitation (CPR)/Defibrillation, from 911 emergency response units with a return of spontaneous circulation during resuscitation efforts.
Source: FDNY/EMS Electronic Patient Call Reports (ePCR).

Indicator name: - Witnessed cardiac arrest patients revived (%)
Description: The percentage of bystander witnessed, non-traumatic, arrests of cardiac etiology patients who receive lifesaving measures (such as CPR/Defibrillation) from 911 emergency response units with a return of spontaneous circulation during resuscitation efforts. A bystander is someone who is not a 911 emergency responder that is working in an official capacity as part of an organized medical response. Bystander witnessed arrests of cardiac etiology occur when a bystander is with the patient who can call for help, and possibly perform cardiopulmonary resuscitation (CPR) for a patient believed to be in arrest due to a cardiac condition.
Source: FDNY/EMS Electronic Patient Call Reports (ePCR).

Indicator name: Peak number of ambulances in service per day
Description: The average daily number of medical response units available for assignment or on assignment in the 911 system (municipal and voluntary hospital Advanced Life Support (ALS) and Basic Life Support (BLS) ambulances and non-transport ALS “fly cars”) at the time of day that has the highest unit count. The fiscal year average is each day’s peak number of units divided by 365.
Source: FDNY Computer Aided Dispatch (CAD) System/Emergency Medical Service.

Indicator name: FDNY workers who sustained service-connected injuries (total agency-wide)
Description: The total number of workers in the Fire Service, Emergency Medical Service and civilian workforce who sustained injuries while on duty (with or without medical leave).
Source: FDNY Health Services - Computerized Injury Reporting System (CIRS)

Indicator name: Firefighters / fire officers who sustained service-connected injuries
Description: The number of firefighters and fire officers who sustained injuries while on duty (with or without medical leave).
Source: FDNY Health Services - Computerized Injury Reporting System (CIRS).

</table>
Indicator name: Serious injury to staff as a result of individual in custody assault on staff (monthly rate per 1,000 ADP)
Description: The monthly rate, per 1,000 individuals in custody, of incidents where an individual(s) in custody assault a uniformed or civilian staff member(s) results in an injury to a staff member requiring medical treatment beyond the prescription of over-the-counter analgesics or the administration of minor first aid.
Source: DOC Security database

Indicator name: Escapes (rate per 1,000 ADP)
Description: The monthly rate, per 1,000 individuals in custody, of escapes from DOC custody.
Source: DOC Security database

Indicator name: Non-natural deaths of individuals in custody (monthly rate per 1,000 ADP)
Description: The monthly rate, per 1,000 individuals in custody, of deaths of individuals in custody resulting from non-natural causes including suicides, homicides, overdoses, and accidents.
Source: DOC Security database

Indicator name: Incidents of use of force—total
Description: Total number of incidents where custodial staff used force against one or more individuals in custody to enforce Department policy. Physical contact employed by staff in a non-confrontational manner to apply mechanical restraints or to guide the individual in custody is not a reportable use of force.
Source: DOC Security database

Indicator name: Department use of force incidents with serious injury (rate per 1,000 ADP)
Description: The monthly rate, per 1,000 individuals in custody, of incidents where uniformed staff used force against one or more individuals in custody and at least one person involved suffered an injury requiring treatment beyond the prescription of over-the-counter analgesics or minor first aid.
Source: DOC Security database

Indicator name: Department use of force incidents with minor injury (rate per 1,000 ADP)
Description: The monthly rate, per 1,000 individuals in custody, of incidents where uniformed staff used force against one or more individuals in custody and at least one person involved suffered a minor injury requiring no treatment beyond the prescription of over-the-counter analgesics or minor first aid.
Source: DOC Security database

Indicator name: Department use of force incidents with no injury (rate per 1,000 ADP)
Description: The monthly rate, per 1,000 individuals in custody, of incidents where uniformed staff used force against one or more individuals in custody and no person involved was injured.
Source: DOC Security database

Indicator name: Incidents and allegations of use of force
Description: Total number of incidents where custodial staff used or allegedly used force against one or more individuals in custody to enforce Department policy. Physical contact employed by staff in a non-confrontational manner to apply mechanical restraints or to guide the individual in custody is not a reportable use of force.
Source: DOC Security database

Indicator name: Individuals in custody with a mental health diagnosis (% ADP)
Description: The percent of the average daily population in DOC custody during the reporting period comprised of individuals in custody with a mental health diagnosis.
Source: DOC Strategic Planning and Programs database
Indicator name: Individuals in custody with a serious mental illness (SMI) diagnosis (% ADP)  
Description: The percent of the average daily population in DOC custody during the reporting period comprised of individuals in custody with a serious mental illness diagnosis.  
Source: NYC H+H

Indicator name: Individual in custody health clinic visits  
Description: The number of visits of individuals in custody to medical staff.  
Source: DOC Strategic Planning and Programs database

Indicator name: Average clinic waiting time (minutes)  
Description: The average number of minutes an individual in custody waited to see medical staff at a facility clinic.  
Source: DOC Strategic Planning and Programs database

Indicator name: Jail cells unavailable (short-term repair) (%)  
Description: The percent of jail cells in need of short-term repair.  
Source: DOC Custody Management database

Indicator name: Population as percent of capacity (%)  
Description: The percent of open and ready beds that individuals in custody occupied.  
Source: DOC Population Research database

Indicator name: On-trial individuals in custody delivered to court on time (%)  
Description: The percent of individuals in custody on trial whom the DOC delivered to court on time.  
Source: DOC Criminal Justice Bureau database

Indicator name: Average daily attendance in school programs  
Description: The average daily attendance of individuals in custody in Department of Education (DOE) school programs. Data for this performance measure includes individuals in custody for whom school attendance is not mandated, however DOC and DOE are required to provide educational services upon their request (18 to 21 year olds).  
Source: DOC Strategic Planning and Programs database

Indicator name: Individuals in custody participating in programs, services and other activities (%)  
Description: The percent of individuals in custody for more than ten days during the reporting period who participated in programs, services and other activities.  
Source: DOC Strategic Planning and Programs database

Indicator name: Victim Identification Notification Everyday (VINE) system registrations  
Description: The number of new registrations created to receive notification from the VINE system for information concerning the transfer or release date of an individual in custody.  
Source: DOC Strategic Planning and Programs database

Indicator name: VINE confirmed notifications  
Description: The number of VINE notifications successfully delivered to registrants regarding the release or transfer of an individual in custody.  
Source: DOC Strategic Planning and Programs database

Indicator name: Workplace injuries reported  
Description: All incidents resulting in a workers’ compensation or line of duty injury claim regardless of whether or not time is lost.  
Source: DOC Security database
Indicator name: Accidents involving individuals in custody
Description: All accidents resulting in an injury to an individual in custody requiring more than over-the-counter treatment.

**Law Department**

**Indicator name**: Total citywide payout for judgments and claims ($000)
**Description**: The judgment and claims amount, in thousands of dollars, paid by the City from the judgment and claims account in the City’s General Fund to resolve cases through settlement or verdict, including pre-litigation claims dispositions.
**Source**: Office of Management and Budget

**Indicator name**: Total cases commenced against the City
**Description**: The number of state court and federal court matters assigned a litigation start date, where if there is a money disposition, it will be paid from the judgment and claims account in the City’s General Fund.
**Source**: LawManager system

**Indicator name**: Cases commenced against the City in state court.
**Description**: Subset of the total cases commenced. Includes state court matters from the Department’s General Litigation, Labor & Employment Law, Special Federal Litigation and Tort Divisions, where if there is a money disposition, it will be paid from the judgment and claims account in the City’s General Fund.
**Source**: LawManager system

**Indicator name**: Cases commenced against the City in federal court
**Description**: Subset of the total cases commenced. Includes federal court matters from the Department’s General Litigation, Labor & Employment Law, Special Federal Litigation and Tort Divisions, where if there is a money disposition, it will be paid from the judgment and claims account in the City’s General Fund.
**Source**: LawManager system

**Indicator name**: Cases pending in state court
**Description**: The number of state court tort cases, such as personal injury and property damage cases, that have not yet been disposed (resolved). Includes only tort cases from the Department’s Tort Division.
**Source**: LawManager system

**Indicator name**: Cases pending on trial calendar
**Description**: The subset of pending state court tort cases that have a filed note of issue and certificate of readiness for trial on the state court calendar.
**Source**: New York State Office of Court Administration.

**Indicator name**: Affirmative motions to dismiss or for summary judgment
**Description**: Dispositive motions (motions to dismiss/for summary judgment) made by the Department’s Tort Division on tort cases in state court where the original return date of the motion before the court is within the reporting period.
**Source**: LawManager system

**Indicator name**: Win rate on affirmative motions (%)
**Description**: The percentage of decisions granted in favor of the City based on the number of motions decided, within the reporting period, as the result of dispositive motions made by the Department’s Tort Division on tort cases in state court.
**Source**: LawManager system

**Indicator name**: Cases pending in federal court.
**Description**: The number of federal court tort cases handled by the Department’s Special Federal Litigation Division that have not yet been disposed (resolved).

**Department of Investigation**

**Indicator name:** Complaints
**Description:** The number of complaints containing allegations of criminal activity, corruption or conflicts of interest, as well as service complaints, received via the internet, telephone, walk-ins and conventional mail. Not all complaints received fall under DOI’s jurisdiction.
**Source:** Case Management System (CMS).

**Indicator name:** Written policy and procedure recommendations issued to City agencies
**Description:** The number of formal written recommendations by the Department for citywide or City agency specific changes in policies and procedures to correct operational vulnerabilities identified through DOI investigations.
**Source:** Case Management System (CMS).

**Indicator name:** Written policy and procedure recommendations issued during previous fiscal years that have been accepted by City agencies (%)
**Description:** The percentage of DOI’s formal written recommendations issued during the previous fiscal year that have been accepted by City agencies. Full fiscal year data from City agencies on their acceptance of DOI’s recommendations will be reported in the PMMR to account for the time agencies require to respond to the recommendations. Acceptance of the fiscal years recommendations will be updated for each reporting cycle. Accepted PPRs include those where the agency already had the practice in place at the time the PPR was issued.
**Source:** PPR Information System (PPRIS).

**Indicator name:** Written policy and procedure recommendations issued during previous fiscal years that have been implemented of those accepted by City agencies (%)
**Description:** The percentage of DOI’s formal written recommendations issued during the previous fiscal year that have been implemented by City agencies out of the total of those accepted. Full fiscal year data from City agencies on their acceptance and implementation of DOI’s recommendations will be reported in the PMMR to account for the time agencies require to respond to the recommendations. Acceptance of the fiscal years recommendations will be updated for each reporting cycle. Accepted and implemented PPRs include those where the agency already had the practice in place at the time the PPR was issued.
**Source:** PPR Information System (PPRIS).

**Indicator name:** Written PPRs issued during previous fiscal years that are still pending an outcome from City agencies (%)
**Description:** The percentage of DOI’s formal written recommendations issued during the previous fiscal year that are still pending an outcome from City agencies. Full fiscal year data from City agencies on their current status of DOI’s recommendations will be reported in the PMMR to account for the time agencies require to respond to the recommendations. The status of the fiscal years recommendations will be updated for each reporting cycle. Pending PPRs are still in evaluation with agencies and DOI and may be outstanding for a variety of reasons.
**Source:** PPR Information System (PPRIS).

**Indicator name:** Written PPRs issued during previous fiscal years that have been rejected by City agencies (%)
**Description:** The percentage of DOI’s formal written recommendations issued during the previous fiscal year that have been rejected by City agencies. Full fiscal year data from City agencies on their rejection of DOI’s recommendations will be reported in the PMMR to account for the time agencies require to respond to the recommendations. Rejection of the fiscal years recommendations will be updated for each reporting cycle. Rejected PPRs include those where the agency rejected the PPR partially or in full.

</tbody>
</table>
Indicator name: Parks rated acceptable for overall condition (%)
Description: The percent of park sites that pass an inspection based on 16 individual features. If three or more features are rated unacceptable based on the Parks Inspection Program’s criteria, or if one condition is judged a serious safety hazard, the entire site is rated unacceptable. Additionally, a failed cleanliness rating will automatically result in a site’s being rated unacceptable for overall condition. Park sites included in this rating are playgrounds, small parks, large parks, and greenstreets (street triangles and medians landscaped with horticultural installations).
Source: Operations & Management Planning Division.

Indicator name: Overall condition of small parks and playgrounds (%)
Description: The percent of small parks (six acres or less) and playgrounds that pass an inspection based on 16 conditions.
Source: Operations & Management Planning Division.

Indicator name: Overall condition of large parks (%)
Description: The percent of large parks (more than six acres) that pass individual features. If three or more features are rated unacceptable based on the Parks Inspection Program’s criteria, or if one condition is judged a serious safety hazard, the entire site is rated unacceptable. Additionally, a failed cleanliness rating will automatically result in a site’s being rated unacceptable for overall condition.
Source: Operations & Management Planning Division.

Indicator name: Overall condition of greenstreets (%)
Description: The percent of greenstreets that pass an inspection based on 16 individual features. If three or more features are rated unacceptable based on the Parks Inspection Program’s criteria, or if one condition is judged a serious safety hazard, the entire site is rated unacceptable. Additionally, a failed cleanliness rating will automatically result in a site’s being rated unacceptable for overall condition.
Source: Operations & Management Planning Division.

Indicator name: Parks rated “acceptable” for cleanliness (%)
Description: Cleanliness is a subset of overall condition. The percent of park sites with acceptable cleanliness is the percent rated acceptable for litter, broken glass, graffiti and weeds or ice, depending on the season. A park will fail for cleanliness if two of the four cleanliness features are unacceptable or if conditions for one feature are egregious. Park sites included in this rating are playgrounds, small parks, large parks, and greenstreets (street triangles and medians landscaped with horticultural installations).
Source: Operations & Management Planning Division.

Indicator name: Cleanliness of small parks and playgrounds (%)
Description: Cleanliness is a subset of overall condition. The percent of small parks (six acres or less) and playgrounds with acceptable cleanliness is the percent rated acceptable for litter, broken glass, graffiti and weeds or ice, depending on the season.
Source: Operations & Management Planning Division.

Indicator name: Cleanliness of large parks (%)
Description: Cleanliness is a subset of overall condition. The percent of large parks (more than six acres) with acceptable cleanliness is the percent rated acceptable for litter, broken glass, graffiti and weeds or ice, depending on the season.
Source: Operations & Management Planning Division.
### Cleanliness of greenstreets (%)
**Description:** Cleanliness is a subset of overall condition. The percent of greenstreets with acceptable cleanliness is the percent rated acceptable for litter, broken glass, graffiti and weeds or ice, depending on the season.
**Source:** Operations & Management Planning Division.

### Play equipment rated acceptable (%)
**Description:** The percent of play equipment in all parks, playgrounds and greenstreets that passes an inspection during the reporting period. This includes slides and jungle gyms, handball court walls, and chess and checkers tables.
**Source:** Operations & Management Planning Division.

### Safety surfaces rated acceptable (%)
**Description:** The percent of safety surfaces (impact-absorbing material placed on the ground) in all parks, playgrounds and greenstreets that pass an inspection during the reporting period. This includes safety matting under playground equipment and wood chipping under adult exercise equipment.
**Source:** Operations & Management Planning Division.

### Comfort stations in service (in season only) (%)
**Description:** From April 1st to October 31st, the percent of comfort stations that are open and in service at the time of park inspections.
**Source:** Operations & Management Planning Division.

### Spray showers in service (in season only) (%)
**Description:** From Memorial Day to Labor Day, the percent of spray showers operating at the time of park inspections. Spray showers are required to be on when the temperature exceeds 80 degrees and children are present.
**Source:** Operations & Management Planning Division.

### Drinking fountains in service (in season only) (%)
**Description:** From Memorial Day to Columbus Day, the percent of drinking fountains operating at the time of park inspections.
**Source:** Operations & Management Planning Division.

### Recreation centers rated "acceptable" for cleanliness (%)
**Description:** The percent of recreation centers that pass an inspection based on acceptability ratings for litter, graffiti, dirt and the availability of restroom amenities/supplies. A recreation center will receive a rating of unacceptable for cleanliness if, based on the inspection program’s criteria, two features are unacceptable or if there is any hazard that poses a serious health/safety risk. Recreation centers included in this rating are facilities requiring membership that are owned and operated by Parks. Every recreation center will be inspected at least twice a year.
**Source:** Operations & Management Planning Division.

### Recreation centers rated "acceptable" for overall condition (%)
**Description:** The percent of recreation centers that pass an inspection based on acceptability ratings for twelve features in three categories—safety, cleanliness and structural. A recreation center’s overall condition will receive a rating of unacceptable if, based on the inspection program’s criteria, safety is found to be unacceptable, both the cleanliness and structural categories are rated unacceptable, or if any one condition is judged a serious health/safety hazard. Recreation centers included in this rating are facilities requiring membership that are owned and operated by Parks. Every recreation center will be inspected at least twice a year.

</tr>
</tbody>
</table>
**Indicator name:** Tree inspections  
**Description:** The number of tree inspections performed by forestry staff on street and non-forest park trees. This includes all inspections that yield any risk priority category.

**Indicator name:** Immediate priority tree work resolved within 7 days (%)  
**Description:** The percentage of immediate priority work orders completed in a seven day period following a field inspection. Immediate priority is the most urgent priority category. These work orders meet the following risk criteria: the likelihood of tree failure over a period of seven days is imminent, the chance of impacting a target is high and the consequences if failure and impact occur are severe.

**Source:** Forestry Division

**Indicator name:** High-priority tree work resolved within 28 days (%)  
**Description:** The percentage of high-priority work orders completed within a 28 day period following a field inspection. High-priority is the second highest priority category after immediate priority. These work orders meet the following risk criteria: the likelihood of tree failure over the period of one year is probable, the chance of impacting a target is medium and the consequences if failure and impact occur are significant.

**Source:** Forestry Division

**Indicator name:** Trees planted  
- Trees planted along city streets  
- Trees planted on landscaped areas of parks  
- Trees planted in natural areas of parks  
**Description:** The total number of street trees and forestry trees planted by DPR and the number of street trees planted by non-DPR entities. This includes trees planted by NYC Parks’ Capital Projects and Operations Divisions; street trees planted by Central Forestry and Horticulture; forest restoration trees planted by the Natural Resources Group; and street trees planted by other City agencies and individuals, community groups, and non-government organizations.

**Source:** Forestry Division

**Indicator name:** Capital projects completed  
**Description:** The number of capital construction projects completed by DPR’s Capital Projects Division during the reporting period. Construction projects include all individual site projects or any individual sites within a multi-site project contract that are greater than $400,000.

**Source:** Capital Projects Division

**Indicator name:** Capital projects completed on time or early (%)  
**Description:** The percent of capital construction projects completed on time or early, exclusive of programmatic scope changes. Projects completed before the scheduled completion dates are considered early; those completed more than 30 days after the scheduled completion date are considered late. All others are considered on time.

**Source:** Capital Projects Division

**Indicator name:** Capital projects completed within budget (%)  
**Description:** The percent of capital construction projects completed during the reporting period that remained within budget, exclusive of programmatic scope changes.

**Source:** Capital Projects Division

**Indicator name:** New Yorkers living within walking distance of a park (%)  
**Description:** The percent of people living within a quarter of a mile of a small, publicly accessible park or a half of a mile of a larger park.

**Source:** OneNYC.

</table>
Indicator name: Cases commenced against the City in state and federal court
Description: The number of state court and federal court matters assigned a litigation start date. In cases with payout, it will be paid from the judgment and claims account in the City’s General Fund.
Source: Law Department Law Manager system.

Indicator name: Payout ($000)
Description: The judgment and claims amount, in thousands of dollars, paid by the City from the judgment and claims account in the City’s General Fund to resolve cases through settlement or verdict.
Source: Law Department Law Manager system.

Indicator name: Workplace injuries reported
Description: All incidents resulting in a workers’ compensation or line of duty injury claim regardless of whether or not time is lost.
Source: Benefits Division.

Indicator name: E-mails routed and responded to in 14 days (%)
Description: Of the e-mails that were routed, the percentage that were answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.
Source: Office of the Commissioner.

Indicator name: Letters routed and responded to in 14 days (%)
Description: Of the letters that were routed, the percentage that were answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.
Source: Office of the Commissioner.

Indicator name: Completed customer requests for interpretation
Description: The sum of all requests for interpretation using a language other than English fulfilled by the agency via telephone (including Language Line, call centers, offices/reception desks and 311 transfer calls) and via face-to-face interaction with bilingual employees or contracted interpreters.
Source: Community Outreach.
Indicator name: CORE customer experience rating (0–100)
Description: An average score based on the rating of 15 conditions, including physical conditions (e.g., cleanliness, litter, seating) and customer service conditions (e.g., wait time, professionalism), for all agency walk-in facilities inspected, divided by the number of walk-in facilities inspected. Each of the 15 conditions can be rated excellent, good, fair or poor. Ratings of excellent are worth 100 points each, good ratings are worth 67 points, fair ratings are worth 33 points and poor ratings receive no points. Facilities are rated by trained City inspectors. Fiscal 2016 data for the overall rating represents a change in methodology. For agencies with multiple service centers, inspectors focused on sites that had historically lower scores, specifically sites that received an average overall site score of 85 or lower over the last three years and sites that received a score of 85 or lower in Fiscal 2015. If all agency service centers scored above 85 last year, the service center with the lowest overall score was inspected.
Source: Mayor’s Office of Operations—SCOUT

Indicator name: Total public service requests received—Forestry
Description: The total number of public service requests received from 311 and the Department’s internet request form for forestry work during the reporting period. Examples include requests for tree pruning, the removal of dead trees, tree stumps, downed trees and limbs, and hanging limbs.
Source: Forestry Division.

Indicator name: Downed trees, downed limbs, and hanging limbs
Description: Service requests received from 311 and the Department's internet request form for downed trees, downed limbs, and hanging limbs. This indicator has been historically used as a proxy to document severe weather activity.
Source: Forestry Division.

Indicator name: Percent of service requests meeting time to first action
Description: The percentage of closed service requests for which the agency met its planned time of action to provide the service.
Source: Mayor’s Office of Operations/Citywide Performance Reporting.
Indicator name: Operating support payments made to Cultural Institutions Group by the 5th day of each month (%)
Description: The percent of operating support payments made by the fifth business day of each month after receiving a correct payment requisition. The Cultural Institutions Group is comprised of 33 City-owned institutions.
Source: Cultural Institutions Unit.

Indicator name: Average days to issue initial Cultural Development Fund (CDF) payments after complying with all City requirements
Description: The average number of business days to issue a grantee organization its initial Cultural Development Fund (CDF) payment following the organization’s satisfactory compliance with the City’s grant procedures and requirements, including compliance with Local Law 34 of 2007, which requires disclosures from principal officers, owners and senior managers of groups receiving DCLA funds; current registration with New York State’s Charities Bureau; and other requisites.
Source: Grants Management Tracking System.

Indicator name: Average days to issue final CDF payments
Description: Average number of business days to issue final payments to grantee organizations following receipt of a complete and satisfactory payment request form.
Source: Grants Management Tracking System.

Indicator name: Program organizations awarded CDF payments
Description: The number of eligible organizations awarded Cultural Development Fund grants. Grantee organizations must satisfactorily comply with the City’s grant procedures and requirements, including compliance with Local Law 34 of 2007, which requires disclosures from principal officers, owners and senior managers of groups receiving DCLA funds; current registration with New York State’s Charities Bureau; and other requisites.
Source: Grants Management Tracking System.

Indicator name: Total financial support provided to qualifying organizations ($000,000)
Description: The total amount of financial support provided to qualifying organizations. This includes monies awarded to the Cultural Institutions Group for operating and energy costs, awards to program organizations, and monies awarded to cultural organizations in support of the Cultural After School adventures program (CASA).
Source: Finance Unit.

Indicator name: Total operations support to CIGs ($000,000)
Description: The total amount of financial support provided to the coalition of 34 nonprofit museums, performing arts centers, historical societies, zoos, and botanical gardens that make up the Cultural Institutions Group.
Source: Finance Unit.

Indicator name: Capital projects authorized to proceed
Description: The number of all capital projects sent to the managing agency for which a full scope of work has been approved to proceed to be funded.
Source: Database files maintained by Capital Projects Unit.

Indicator name: Capital projects initiated (%)
Description: The percent of all capital projects sent to the managing agency for which a full scope of work has been received and capital eligibility verified.
Source: Database files maintained by Capital Projects Unit.
**Indicator name:** Schools, non-profits and City/State agencies served by Materials for the Arts (MFTA)  
**Description:** The total number of public schools, non-profits and City/State agencies provided free materials and equipment through the MFTA Program, and the number served in each of the two reporting categories.  
**Source:** Database files maintained by MFTA.

**Indicator name:** MFTA transactions  
**Description:** The number of times MFTA recipients—not-for-profit organizations, public schools and City/State agencies—have accessed donations of free materials, either through a visit to the warehouse or by directly picking up an item(s) from a donor.  
**Source:** Database files maintained by MFTA.

**Indicator name:** Total visitors to Cultural Institutions Group (000)  
**Description:** The total number of visitors (onsite attendance) at the 33 organizations that comprise the Cultural Institutions Group. Attendance is reported to DCLA by each funded organization.  
**Source:** Cultural Institutions Unit.

**Indicator name:** Visitors using free admission and/or tickets (%)  
**Description:** Of the total number of visitors to the 33 City-owned cultural institutions (CIG), the percentage utilizing free admission hours/tickets.  
**Source:** Cultural Institutions Unit.

**Indicator name:** Total number of CDF seminars held  
**Description:** The total number of Cultural Development Fund seminars held to enable qualifying cultural organizations to apply for grants from the DCLA.  
**Source:** Grants Management Tracking System

**Indicator name:** E-mails responded to in 14 days (%)  
**Description:** The percentage of e-mails answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Indicator name: Total docketed complaints
Description: The total number of docketed complaints received and entered into DCA's database. A docketed complaint is entered into the database when the agency has received documentation supporting a complaint, the agency has determined that it has oversight authority of the complaint, and the complainant has requested the complaint be mediated.
Source: Office of the General Counsel (OGC) Consumer Services Unit.

Indicator name: Resolved consumer complaints
Description: The number of consumer complaints that have been closed. A complaint can be resolved or closed in several ways—agreement by consumer and vendor, referral to DCA's Office of the General Counsel (OGC), referral outside the agency, etc.
Source: Office of the General Counsel Consumer Services Unit.

Indicator name: Complaints processed
– Within 0-28 days (%)
– Within 0-50 days (%)
– Within 0-90 days (%)
Description: The percent of valid complaints that were resolved within the specified time periods as measured in calendar days.
Source: Office of the General Counsel Consumer Services Unit.

Indicator name: Median complaint processing time (days)
Description: The median number of calendar days required to resolve complaints. A complaint can be resolved/closed in several ways—agreement by consumer and vendor, referral to DCA's Office of the General Counsel (OGC) Licensing Litigation Unit, referral outside the agency, etc.
Source: OGC Consumer Services Unit.

Indicator name: Consumer restitution awarded ($000)
Description: The dollar value of restitution awarded but not necessarily paid to consumers by businesses in complaint cases. Restitution comes from two main sources: Amounts negotiated by the Office of the General Counsel (OGC) after mediation and amounts awarded by the Office of Administrative Trials and Hearings (OATH) after a hearing.
Source: OGC Consumer Services Unit and Office of Administrative Trials and Hearings (OATH).

Indicator name: Mediated complaints resolved to the satisfaction of the business and consumer (%)
Description: The percent of complaints resolved in mediation where the business and consumer mutually agree upon the outcome. Complaints that are initially docketed for mediation but are later found to be ineligible for mediation are excluded - i.e., business is closed or cannot be located, DCA action was pre-empted by a legally binding document, agency has no jurisdiction.
Source: Office of the General Counsel Consumer Services Unit.

Indicator name: Total inspections
Description: The total number of inspections performed by DCA inspectors, including the borough units, the petroleum unit, and the tobacco units, as well as all weights and measures, qualifying vehicle, and qualifying site inspections. The number does not include courtesy "Business Education" inspections conducted by the Special Enforcement unit.
Source: Enforcement Division.

Indicator name: Proactive inspections
Description: Total number of proactive inspections performed by DCWP inspectors including all weights and measures, qualifying vehicle, qualifying site, periodic compliance, and patrol inspections.
Source: Enforcement Division.

**Indicator name:** Clients served by Office of Financial Empowerment financial counseling programs

**Description:** The number of unique clients receiving financial counseling through Office of Financial Empowerment financial counseling programs.

**Source:** Office of Financial Empowerment.

**Indicator name:** Financial counseling program clients—Percent achieving measurable success (%)

**Description:** The percent of Office of Financial Empowerment financial counseling program clients with at least two financial counseling sessions that have achieved at least one short or long-term change in financial behavior during the most recent fiscal year. Client behavioral changes include: (1) opening a safe and affordable bank account; (2) transitioning to a safe and affordable bank account; (3) maintaining a bank account for at least six months; (4) increasing credit score by at least 35 points (over a baseline credit score that cannot have occurred more than 15 months in the past); (5) establishing a credit score; (6) decreasing debt by 10% (compared to a baseline debt amount that cannot have occurred more than 15 months in the past); or (7) increasing savings by at least 2% of net income (over a baseline savings value that cannot have occurred more than 15 months in the past).

**Source:** Office of Financial Empowerment.

**Indicator name:** Total debt reduced by clients ($000) (cumulative)

**Description:** The cumulative debt reduction, since inception of the respective program, by Office of Financial Empowerment financial counseling program clients over the entire course of their counseling, measured from the point the client began participating in the program. Fiscal year first quarter data is used as a proxy for the October YTD number reported in the Preliminary Mayor’s Management Report.

**Source:** Office of Financial Empowerment.

**Indicator name:** Total savings accumulated ($) (cumulative)

**Description:** The amount of cumulative savings increased, since inception of the respective program, by Office of Financial Empowerment financial counseling program clients over the entire course of their counseling, measured from the point the client began participating in the program. Fiscal year first quarter data is used as a proxy for the October YTD number reported in the Preliminary Mayor’s Management Report.

**Source:** Office of Financial Empowerment.

**Indicator name:** Tax returns filed through citywide Tax Credit Campaign

**Description:** The total number of tax returns prepared through the Tax Credit Campaign, a citywide promotional effort focused on informing New Yorkers about the Earned Income Tax Credit and free and low-cost tax preparation services. DCA-supported tax partners include Volunteer Income Tax Assistance (VITA) providers, who manage free tax sites across the City, and free online providers.

</tr>
</tbody>
</table>
Indicator name: Amount recovered for Freelance Isn’t Free complainants ($)
Description: The amount of money recovered by freelancers after their complaints of Freelance Isn’t Free violations were handled by the Office of Labor Policy and Standards (OLPS). Amounts recovered are self-reported by complainants either following payment from the hiring party or following an agreement with the hiring party to pay.
Source: Office of Labor Policy and Standards.

Indicator name: Average customer in-person wait time (minutes)
Description: The average wait time for customers visiting the Licensing Centers, the Consumer Services Unit and the collections office and, prior to Fiscal 2017, those visiting the agency’s administrative tribunal. For Licensing Center customers, the time is calculated from the time the customer receives a Q-matic ticket to the time the customer reaches a service window to speak with a Licensing Center representative. For other customers, wait time is tracked manually.
Source: Licensing Division, OGC Consumer Services Unit and Collections Division.

Indicator name: Completed customer requests for interpretation
Description: The sum of all requests for interpretation using a language other than English fulfilled by the agency via telephone (including Language Line, call centers, offices/reception desks and 311 transfer calls) and via face-to-face interaction with bilingual employees or contracted interpreters.
Source: External Affairs.

Indicator name: CORE customer experience rating (0–100)
Description: An average score based on the rating of 15 conditions, including physical conditions (e.g., cleanliness, litter, seating) and customer service conditions (e.g., wait time, professionalism), for all agency walk-in facilities inspected, divided by the number of walk-in facilities inspected. Each of the 15 conditions can be rated excellent, good, fair or poor. Ratings of excellent are worth 100 points each, good ratings are worth 67 points, fair ratings are worth 33 points and poor ratings receive no points. Facilities are rated by trained City inspectors. Fiscal 2016 data for the overall rating represents a change in methodology. For agencies with multiple service centers, inspectors focused on sites that had historically lower scores, specifically sites that received an average overall site score of 85 or lower over the last three years and sites that received a score of 85 or lower in Fiscal 2015. If all agency service centers scored above 85 last year, the service center with the lowest overall score was inspected.
Source: Mayor’s Office of Operations—SCOUT.

Indicator name: Percent of service requests meeting time to first action
Description: The percentage of closed service requests for which the agency met its planned time of action to provide the service.
Source: Mayor’s Office of Operations/Citywide Performance Reporting.
### 311 Customer Service Center

**Indicator name:** 311 calls (000)  
**Description:** The number of calls, in thousands, received by the Customer Service Center by dialing 3-1-1 directly; by dialing 212-NEWYORK, the number available to callers outside the five boroughs of the City; or by dialing agency call centers or hotlines that were consolidated into 311 operations.  
**Source:** 311 Customer Service Center.

**Indicator name:** 311 Spanish language calls (000)  
**Description:** The number of calls received by the Customer Service Center that selected the Spanish language prompt in the Interactive Voice Response menu.  
**Source:** 311 Customer Service Center.

**Indicator name:** 311 calls in languages other than English or Spanish (000)  
**Description:** The number of calls received by the Customer Service Center that were handled by representatives using a translation service. Typically, these are calls in languages other than English or Spanish.  
**Source:** 311 Customer Service Center.

**Indicator Name:** 311 mobile app contacts (000)  
**Description:** Number of contacts, in thousands, for information or service made to 311 through the mobile application.  
**Source:** 311 Customer Service Center.

**Indicator Name:** 311-NYC (text) contacts (000)  
**Description:** Number of text contacts, in thousands, for information or service made to 311 via 311-NYC (311-692). Each conversation with a text caller only counts as one contact, even if multiple messages are exchanged.  
**Source:** 311 Customer Service Center.

**Indicator name:** 311 Online site visits (000)  
**Description:** The number of visits, including requests for information or services, in thousands, made to 311 Online via the City’s website ([www.nyc.gov/311](http://www.nyc.gov/311)).  
**Source:** 311 Customer Service Center.

**Indicator name:** Completed service requests (000)  
**Description:** Number of service requests to 311 that were completed in that fiscal year.  
**Source:** 311 Customer Service Center.

**Indicator name:** Knowledge articles accessed (000)  
**Description:** Number of knowledge articles accessed by call takers and members of the public directly accessing 311 Online.  
**Source:** 311 Customer Service Center.

**Indicator name:** Average wait time (tier 1 calls) Peak hours (11am–3pm, M–F) (minutes:seconds)  
**Description:** The average wait time, in minutes and seconds, until a call in the tier 1 queue is answered by a live call center representative during Peak hours. Tier 1 is the general 311 call queue, which excludes callers that select one of the menu options. The average is calculated for the Peak hours of 11am–3pm Monday to Friday. Wait time begins after initial prerecorded messages.

</table>
Indicator name: Average time to issue a new driver license from initial application (calendar days)
Description: The average time, measured in calendar days, to issue a new TLC driver license from the date the applicant initiated the application process to the time the license is issued. This includes the time needed by an applicant to complete all requirements as well as the time by TLC to process the application.
Source: TLC Licensing Division.

Indicator name: Average agency processing time to issue a new driver license
Description: The average time, measured in calendar days, to issue a new TLC driver’s license from the date the applicant submitted all completed requirements. This counts only the time TLC requires to process the application and excludes time needed by applicants to complete all requirements. The clock is stopped and started as necessary.
Source: TLC Licensing Division

Indicator name: Average time to conduct a safety and emissions inspection of a medallion taxi (hours: minutes)
Description: The average time it takes to conduct a safety and emissions inspection of a medallion taxi; includes the time spent waiting for the inspection and the time spent on the inspection.
Source: TLC Safety and Emissions Division.

Indicator name: Average time to conduct a safety and emissions inspection of a FHV (hours: minutes)
Description: The average time it takes to conduct a safety and emissions inspection of a FHV, includes both the time spent waiting for the inspection and the time spent on the inspection.
Source: TLC Safety and Emissions Division.

Indicator name: Average time to conduct a safety and emissions inspection of a Boro Taxi (hours: minutes)
Description: The average time it takes to conduct a safety and emissions inspection of a Boro Taxi; includes the time spent waiting for the inspection and the time spent on the inspection.
Source: TLC Safety and Emissions Division.

Indicator name: TLC driver complaints received.
Description: The total number of complaints customers made to TLC’s Call Center and other channels regarding a TLC driver. These complaints can lead to charges being filed against the driver and may lead to a consumer hearing.
Source: Prosecution.

Indicator name: TLC driver complaints that were eligible for prosecution.
Description: The total number of complaints received against TLC drivers where the customer agreed to participate in TLC’s investigation, TLC was able to verify the information provided by the customer, and the information gave TLC reasonable cause to believe the TLC driver violated a TLC rule/s.
Source: Prosecution.

Indicator name: Average time to close a consumer complaint (calendar days): TLC driver
Description: The average number of calendar days to close a consumer complaint against a TLC driver, measured from receipt of the complaint to the date the hearing is scheduled or complaint is otherwise resolved.
Source: Prosecution.

Indicator name: Medallion vehicles
Description: The total number of current medallion taxicab vehicles.

Indicator name: Children aged 19-35 months with up-to-date immunizations (%)
Description: Children 19-35 months reported as receiving 4 or more doses of DTaP, 3 or more doses of poliovirus vaccine, 1 or more doses of any MMR, 3 or more doses of Hib, 3 or more doses of HepB, and 1 or more doses of varicella vaccine, divided by the total number of children ages 19-35 months according to the US Census Bureau. Data is by fiscal year quarter.
Source: DOHMH Bureau of Immunization

Indicator name: Children in the public schools who are in compliance with required immunizations (%)
Description: The number of children in public schools who are in compliance with all immunizations required by State and Local public health laws, divided by the number of children enrolled in NYC public schools.
Source: NYC Department of Education, DOHMH Bureau of Immunization

Indicator name: HPV vaccine series completion (%)
Description: Proportion of 13-17 year-olds who received a complete series (2 or 3 doses depending on series initiation at <15 years of age and interval between dose 1 and dose 2 is > 5 months) of HPV vaccine, by gender
Numerator = Number of females and males ages 13-17 years who have completed the HPV vaccine series with 2 or 3 valid doses of HPV vaccine reported to the CIR
Denominator= Total number of females and males ages 13-17 years, based on 2010 US Census estimates
Source: Disease Control; Bureau of Immunization
Indicator name: Adults who smoke (%)(CY)
Description: The percent of adult New Yorkers who define themselves as current smokers in the NYC Community Health Survey. Data is by calendar year.
Source: DOHMH Bureau of Epidemiology Services

Indicator name: Adults with obesity (%)(CY)
Description: Adult New Yorkers who have a Body Mass Index (BMI) of 30 or greater and is calculated based on respondents' self-reported weight and height, as noted in the NYC Community Health Survey. Data is by calendar year.
Source: DOHMH Bureau of Epidemiology Services.

Indicator name: Adults who consume an average of one or more sugar-sweetened beverages per day (%)(CY)
Description: Adults who consume an average of one or more sugar-sweetened beverage per day, as noted in the NYC Community Health Survey. “Sugar-sweetened beverages” are defined as sugar-sweetened sodas and other sugar-sweetened drinks, like iced tea. Data is by calendar year.
Source: DOHMH Bureau of Epidemiology Services

Indicator name: Adult New Yorkers without health insurance (%)(CY)
Description: Age-adjusted percent of adults that reported not having health insurance.
Source: DOHMH Community Health Survey

Indicator name: Adults with hypertension meeting blood pressure goal (%) (CY)
Description: The percentage of patients seen at a Primary Care Information Project (PCIP)-participating primary care practice who have a diagnoses of hypertension and a recent blood pressure less than 140/90 mm Hg.
Source: DOHMH Primary Care Information Project (PCIP) Hub

Indicator name: Adults, aged 45-75, screened for colorectal cancer (%)(CY)
Description: % of adults, aged 45-75 receiving colonoscopy in the past ten years or stool-based test in the last year Data is by calendar year.
Source: Community Health Survey (CHS)

Indicator name: Asthma-related emergency department visits among children ages 5-17 (per 10,000 children) (CY)
Description: Children aged 5-17 who enter the hospital due to asthma, per 1,000 children aged 0-14 residing in NYC. Data is by calendar year.
Source: New York State Department of Health

Indicator name: Infant mortality rate (per 1,000 live births)(CY)
Description: Deaths of infants under one year of age per 1,000 live births in NYC. Data is by calendar year.
Source: DOHMH Bureau of Vital Statistics

Indicator name: Childhood Blood Lead Levels- number of children under the age of 18 with blood lead levels of 5 micrograms per deciliter or greater (CY)
Description: The number of children under the age of 18 with a blood lead test level at or above 5 micrograms per deciliter. Each child is counted only once per year, but the same child may be counted multiple times over time if he or she has been tested in multiple calendar years with a blood lead test at or above the reference level. Data is by calendar year quarter.
Source: DOHMH Lead Poisoning Prevention Program
Indicator name: Childhood Blood Lead Levels- number of children under the age of 6 with blood lead levels of 5 micrograms per deciliter or greater (CY)
Description: The number of children under the age of 6 with a blood lead test level at or above 5 micrograms per deciliter. Each child is counted only once per year, but the same child may be counted multiple times over time if he or she has been tested in multiple calendar years with a blood lead test at or above the reference level. Data is by calendar year quarter.
Source: DOHMH Lead Poisoning Prevention Program

Indicator name: Active group child care center full inspections
Description: The number of full inspections, including initial, monitoring and compliance inspections, conducted at active group child care centers. Active group child care centers only include NYC permitted sites.
Source: DOHMH Bureau of Child Care

Indicator name: Active group child care center initial inspections that do not require a compliance inspection (%)
Description: The percent of initial inspections at group day care centers that do not result in critical, serious or five or more non-serious violations. Active group child care centers only include NYC permitted sites.
Source: DOHMH Bureau of Child Care

Indicator name: Restaurants inspected (%)
Description: The number of restaurants with at least one inspection performed, divided by the number of permitted restaurants in New York City, not including mobile vending units.
Source: DOHMH Division of Environmental Health

Indicator name: Restaurants scoring an ‘A’ grade (%)
Description: The percent of restaurants with a final adjudicated grade that have an ‘A’ (snapshot taken on the last day of each month). Only restaurants that have finished the grading process (had their hearing) are included.
Source: DOHMH Division of Environmental Health

Indicator name: Initial Pest Control Inspections (000)
Description: The total number of initial pest control inspections of private properties by DOHMH citywide.
Source: DOHMH Division of Environmental Health

Indicator name: Initial inspections with Active Rat Signs (ARS)(%)
Description: The percent of properties receiving rodent inspections that failed their initial inspection as a result of ‘signs of active rats (ARS)’ – the most serious rodent violation, divided by the total number of initial property inspections.
Source: DOHMH Division of Environmental Health

Indicator name: Compliance inspections found to be rat free (%)
Description: The number of properties receiving rodent inspections that passed their compliance inspection divided by the number of those properties that failed their initial inspection as a result of ‘signs of active rats (ARS)’ – the most serious rodent violation.
Source: DOHMH Division of Environmental Health

Indicator name: Dogs licensed (000)
Description: The number of dogs with an active license.

</tbody>
</table>
**Indicator name:** Median time for scene arrivals by medicolegal investigators (MLIs) (hours)

**Description:** The time taken for medicolegal investigators (MLIs) to arrive to investigate and make the preliminary review of OCME cases in the field. MLIs visit about one-third of all cases accepted by OCME.

**Source:** IT MEANS System.

**Indicator name:** Deaths reported

**Description:** The total number of deaths reported to OCME. OCME is responsible for investigating all deaths of persons in New York City occurring from criminal violence, by accidents, by suicide, suddenly when in apparent health, or in any unusual or suspicious manner. Deaths that fall into this category are reported to OCME by law enforcement, health care professionals and others.

**Source:** OCME IT Case Management System.

**Indicator name:** Cases where Chief Medical Examiner takes jurisdiction

**Description:** When deaths are reported to OCME, its investigators conduct an initial investigation. If following that investigation, there’s a possibility the death may have resulted from criminal violence, accident, suicide, suddenly when in apparent health, or in any unusual or suspicious manner, OCME will take jurisdiction over the case for further forensic investigation. This investigation may include post-mortem examination/autopsy, laboratory testing and other forensic analyses, as required, to determine the cause and manner of death.

**Source:** Records Unit.

**Indicator name:** Median time to complete autopsy reports (days)

**Description:** Median time to complete autopsy reports, which detail the cause and manner of death, as well as other findings, after autopsy completion.

**Source:** Records Unit.

**Indicator name:** Total cremation requests received and investigated as requirement of processing

**Description:** The total number of applications for cremation requests received by OCME, as OCME reviews all applications for a permit to cremate the body of any person who dies in New York City.

**Source:** OCME IT Case Management System.

**Indicator name:** Cremation requests rejected after investigation and turned over to Medical Examiner jurisdiction

**Description:** The number of cremation requests that, after initial required investigation by OCME investigators, were not approved for cremation because there was evidence that the death may have occurred in an unusual, suspicious or other manner, bringing it under the jurisdiction of the Medical Examiner for further investigation.

**Source:** OCME IT Case Management System.

**Indicator name:** Median time to certify death certificates after initial receipt of decedents’ remains (hours)

**Description:** The median time OCME takes to certify NYC death certificates after the decedents’ remains are initially received as Medical Examiner’s cases within one of its mortuaries. State law mandates that all remains be issued an initial death certificate within 72 hours, and therefore DOHMH requires of OCME that certification of death certificates be provided within that time.

**Source:** OCME IT Case Management System.

**Indicator name:** Decedents’ remains transported and stored by OCME

**Description:** The total number of remains transported and stored by OCME Mortuary Services that do not fall under Medical Examiner jurisdiction. OCME has a legal mandate to take custody of all unclaimed remains in the five boroughs. OCME transports these remains from healthcare facilities and other locations and stores them in the mortuary. While remains are being stored, OCME performs due diligence searches to locate the decedent's family and notify them of the death.

**Source:** OCME IT Case Management System.
Indicator name: Median time from OCME receipt of decedents’ remains to “Ready to Release” status (hours)
Description: The median amount of time that elapses from OCME receipt of decedents’ remains in the mortuary to when all necessary forensic examinations, including autopsies, are completed, quality assurance reviews conducted and those remains are ready to be released to funeral directors.
Source: OCME IT Case Management System.

Indicator name: Median time to clear and release to third party for final disposition, per case (minutes)
Description: The median amount of turnaround time, from the moment when funeral directors arrive at an OCME facility and have their paperwork verified by OCME security personnel to when all proper quality assurance procedures are complete and they depart the facility with the correct remains.
Source: OCME IT Case Management System.

Indicator name: Remains recovered following the September 11, 2001 attacks (cumulative)
Description: The cumulative number of human remains recovered following the mass fatality incident of 9/11/2001.
Source: Investigations/Special Operations Unit.

Indicator name: Number of fatalities handled by OCME following a mass fatality event
Description: The total number of decedents handled by OCME following a mass fatality incident in the reporting fiscal year. The definition of a mass fatality event, as defined in the NYC All hazards Mass Fatality Response Plan, includes: any event having the potential to yield 10 or more fatalities; any situation in which there are remains contaminated by chemical, biological, radiological, nuclear or explosive agents or materials; any incident or other special circumstance requiring a multi-agency response to support mass fatality response operations; any incident involving a protracted or complex remains recovery operation.
Source: Investigations/Special Operations Unit.

Indicator name: Remains identified following the September 11, 2001 attacks (cumulative)
Description: The cumulative number of human remains recovered from 9/11/2001 disaster site that have been identified.
Source: Forensic Biology DNA Laboratory/WTC Records Unit.

Indicator name: Median time to complete analysis of a DNA case (days)
Description: The median number of days for the Forensic Biology DNA Laboratory to perform chemical, immunological, biochemical, and molecular biological analysis on submitted evidence to identify the source of the collected specimens in cases such as homicides, sexual assaults and property crimes, measured in age from the time OCME receives the case.
Source: Forensic Biology DNA Laboratory.

Indicator name: Median time to complete DNA homicide cases, from evidence submission to report (days)
Description: Median time to complete fatality cases that undergo genetic marker analysis to help identify the origin of biological specimens using DNA testing, from the time OCME receives the case.
Source: Forensic Biology DNA Laboratory.

Indicator name: Median time to complete DNA sexual assault cases, from evidence submission to report (days)
Description: Median time to complete sexual assault cases analyzed using DNA, from the time OCME receives the case.
Source: Forensic Biology DNA Laboratory.

Indicator name: Median time to complete DNA property crime cases, from evidence submission to report (days)
Description: Median time to complete property crime cases analyzed using DNA, from the time OCME receives the case.

Medical Assistance

Indicator name: Total Medicaid enrollees administered by HRA (000)
Description: As of the end of the reporting period, the total number of persons enrolled in Medicaid administered by HRA who also receive cash assistance or SSI, and Medicaid without cash assistance (Medicaid-only). A person can apply for Medicaid administered by HRA if he or she is over 65 years of age or over, need Medicaid because of a disability or blindness, get Medicare and are not a parent or caretaker of minor children or are a former foster care young adult under 26.
Source: WMS report WINR0521 and HealthStat Report
Indicator name: Medicaid-only enrollees administered by HRA (000)  
Description: As of the end of the reporting period, the number of persons who are not recipients of cash assistance or SSI who receive Medicaid services administered by HRA. As of January 2014, most Medicaid-only eligible clients (Medicaid clients without cash assistance) began to be enrolled in the New York State administered Medicaid program through the State Health Care Exchange. People can apply for Medicaid administered by HRA if he or she is over 65 years of age or older, need Medicaid because of a disability or blindness, get Medicare and are not a parent or caretaker of minor children or are a former foster care young adult under 26.  
Source: HealthStat Report

Indicator name: Application timeliness rate for Medicaid administered by HRA (%)  
Description: Percent of Community and Hospital new applications processed by the Agency within required timeframes.  
Source: HRA Medical Insurance and Community Services Administration [Medical Assistance Program (MAP)]

**Employment Services**

Indicator name: Clients whom HRA helped obtain employment (000)  
Description: An unduplicated cumulative count of only those placements for Cash Assistance clients and non-custodial parents obtained through HRA's contracted vendors, including Career Services and WeCARE. HRA also counts placements achieved through non-contracted services, such as placements following a client's engagement in an educational program. Job placements that are self-attained by clients while engaged in HRA programs and services are also counted.  
Source: Source of Cash Assistance (CA): HRA New York City WAY (NYCWAY), Welfare Management System (WMS), CA and Non-CA cases matched against State New Hire Placements file, and OPPM.  
Source of STEP: HRA's Payment and Claiming System (PaCS)

Indicator name: HRA clients who obtained employment, and maintained employment or did not return to CA for 180 days (city fiscal year-to-date average) (%)  
Description: The City Fiscal Year to date percent of both those cash assistance cases for which HRA helped a client obtain employment six months (180 days) prior to the reporting period, earned enough income to close their cash assistance cases, and did not return to cash assistance within the last six months (180 days) of the reporting period, and those cash assistance cases for which HRA helped the client obtain employment six months prior to the reporting period, that remained open and were not re-budgeted for CA within 180 days due to the loss of employment income.  
Source: HRA NYCWAY, WMS and OPPM

Indicator name: HRA clients who obtained employment, and maintained employment or did not return to CA for 12 months (city fiscal year-to-date average) (%)  
Description: The City Fiscal Year-to-date percent of both those cash assistance cases for which HRA helped a client obtain employment 12 months prior to the reporting period where the client earned enough income to close their cash assistance cases, and did not return to cash assistance within the last 12 months of the reporting period, and those cash assistance cases for which HRA helped the client obtain employment 12 months prior to the reporting period where the clients cash assistance cases remained open and were not re-budgeted for CA within 12 months due to the loss of employment income.  
Source: HRA Office of Planning and Performance Management (OPPM)
**Human Resources Administration**

**Indicator Name:** Safety Net Assistance (SNA) cases engaged in training or education in accordance with New York City guidelines (%)

**Description:** The City Fiscal Year-to-date percent of partially or fully engageable (able to work) SNA cases who increase their self-sufficiency by participating in training or education activities that prepare clients to obtain and retain employment. These training/education activities are defined by New York City and may be stand-alone or concurrent job search, substance abuse or other work activities. Education includes high school students over 15 and college students. Under the new Career Services employment contracts, clients are counted for this indicator if they participate in contextualized literacy and/or language programs designed specifically for different types of jobs or if they participate in full or part-time GED programs.

**Source:** HRA NYCWAY and OPPM

**Indicator name:** Family cases engaged in training or education in accordance with New York City guidelines (%)

**Description:** The City Fiscal Year-to-date percent of partially or fully engageable (able to work) family cases who increase their self-sufficiency by participating in training or education activities that prepare clients to obtain and retain employment. Family cases include the total of those clients who receive TANF and those who receive 60-month Converted to Safety Net. These training/education activities are defined by New York City and may be stand-alone or concurrent with job search, substance abuse or other work activities. Education includes high school students over 15 and college students. Under the new Career Services employment contracts, clients are counted for this indicator if they participate in contextualized literacy and/or language programs designed specifically for different types of jobs or if they participate in full or part-time GED programs.

**Source:** HRA NYCWAY and OPPM

**Indicator name:** Cash Assistance family cases participating in work or work-related activities per federal guidelines (official federal fiscal year-to-date average) (%)

**Description:** The official Federal Fiscal Year-to-date average percent of Family Assistance Program and 60-month converted to Safety Net Assistance cases who participate in work or work-related activities in compliance with federal guidelines. This indicator reports the most recent available federal data. The official family participation rate is calculated based on the Federal Fiscal Year: October through September.

**Source:** HRA NYCWAY, WMS and OPPM

**Wellness, Comprehensive Assessment, Rehabilitation and Employment (WeCARE)**

**Indicator name:** Total WeCARE recipients

**Description:** As of the end of the reporting period, the unduplicated total of Wellness, Comprehensive Assessment, Rehabilitation and Employment (WeCARE) recipients. WeCARE provides a continuum of services to help cash assistance clients with medical and/or mental health conditions that affect their employability to attain their maximum levels of self-sufficiency. Individuals referred to WeCARE receive a comprehensive biopsychosocial assessment to identify possible clinical conditions and social barriers that may affect their ability to participate in work-related activities. Based on the results of this assessment, WeCARE contractors determine an individual’s functional capacity, develop a customized service plan, and provide a range of services tailored to meet a client’s needs.

**Source:** WeCARE Engagement Report
### Human Resources Administration

**Indicator name:** Number of WeCARE federal disability awards (000)
**Description:** The cumulative number, for the reporting period, of HRA clients assisted by the Agency who obtain federal SSI benefits for the aged, blind, or disabled. As of January 2009, only one award per person is counted: either the award granted for the initial application or the award granted in a subsequent appeal if the initial application was denied.
**Source:** HRA Payment and Claiming System (PACS)

### Child Support Services

**Indicator name:** Total new child support orders obtained
**Description:** The cumulative number of new child support orders obtained.
**Source:** New York State Department of Child Support Enforcement, Office of Child Support Enforcement: 157 Report

**Indicator name:** Total Child Support Cases with active orders (end of period)
**Description:** As of the end of the reporting period, the total number of child support cases with active child support orders as of the end of the reporting period.
**Source:** New York State Department of Child Support Enforcement, Office of Child Support Enforcement: 157 Report

**Indicator name:** Child support cases with orders of support (%)
**Description:** The monthly average of cash assistance and non-cash assistance child support cases for which a support order has been established by a court, as a percent of the total number of open child support cases. Cases with orders of support include all cases with an order – both actively charging cases and arrears only cases. Arrears only cases are those where the order has stopped charging, but debt is still owed.
**Source:** New York State Office of Temporary and Disability Services, Division of Child Support Services Support Enforcement: 157 Report - Performance Measures – SEP

**Indicator name:** Child support collected ($000,000)
**Description:** The cumulative total amount of child support collected on behalf of both cash assistance and non-cash assistance clients, including cases where the child resides outside the City and the non-custodial parent resides in the City.
**Source:** New York State Office of Temporary & Disability Assistance, Department of Child Support Services: Monthly Calendar Year Comparisons of Collections – Total Collections

**Indicator name:** Support cases with active orders receiving current payments (%)
**Description:** This indicator measures the City Fiscal Year to date percent of child support cases with active orders (cases with an ongoing obligation) receiving current payments in the month.
**Source:** NYC Office of Child Support Services

### Homlessness Prevention Services

**Indicator Name:** Clients successfully diverted at PATH from entering a homeless shelter (%)
**Description:** Due to interventions at Department of Homeless Services' Prevention Assistance and Temporary Housing (PATH) family intake unit, the percent of all clients (families with children) who are diverted from entering a homeless shelter. Efforts are made at PATH to provide prevention assistance that allows families with children to either remain in place or find alternative housing.
**Source:** Department of Homeless Services' “Client Assistance and Rehousing Enterprise System” (CARES) database

</tr>
</tbody>
</table>
Human Resources Administration

Indicator name: Number of domestic violence emergency beds (capacity)
Description: At the end of the reporting period, the number of domestic violence emergency beds that HRA administers.
Source: HRA Office of Domestic Violence & Emergency Intervention Services (ODVEIS) recorded state certifications of facilities.

Indicator name: Domestic violence non-residential services programs average monthly caseload
Description: The number of unique clients who have received non-residential domestic violence services each month, averaged to determine the City Fiscal Year to date value.
Source: Contracted non-residential shelter provider reports

Adult Protective Services

Indicator name: Adult Protective Services (APS) assessment cases
Description: The unduplicated number of individuals in the assessment phase for APS services during the month. The fiscal year to date number is calculated as an average of monthly cases.
Source: HRA Adult Protective Services Monthly Compliance Report

Indicator name: Individuals referred to an APS field office visited within three working days (%)
Description: The City Fiscal Year-to-date average percent of cases referred to Adult Protective Services (APS) that are visited within the State-mandated three working days.
Source: HRA Adult Protective Services Monthly Compliance Report

Indicator name: APS assessment cases accepted or denied for undercare within State-mandated 60 days (%)
Description: Percent of referrals to the borough offices or contracted vendors with a decision made to accept or deny a case within the State-mandated 60 days.
Source: HRA Adult Protective Services Monthly Compliance Report

Indicator name: APS cases eligible for services
Description: The unduplicated number of the total cases in APS undercare or Preventive Services Program during the month. The fiscal year to date number is calculated as an average of monthly cases.
Source: HRA Adult Protective Services Monthly Compliance Report

Indicator name: Total referrals received for APS
Description: The cumulative number of referrals screened at Central Intake Unit for presumptive eligibility or referral to other agencies.
Source: HRA Adult Protective Services Monthly Compliance Report

Home Care Services

Indicator name: Personal care services - average weekly billable hours
Description: At the end of the reporting period, the average number of weekly billable hours of service for all clients receiving personal care services (home attendant and housekeeping). The billable hours indicator measures the number of hours during which service is provided.
Source: HRA Home Care Services Program

Indicator name: Serious personal care complaints resolved in 24 hours (%)
Description: Percent of client serious complaints resolved within required timeframe of 24 hours. Vendors must remove the risk to the client within 24 hours for the complaint to be resolved.
Source: HRA MICSA
Indicator name: Average days to initiate home attendant and housekeeper services for all cases
Description: At the end of the reporting period, the average number of days from the date of application to the commencement of service for all new Home Attendant and Housekeeping cases during the reporting month. All cases with a service start date during the reporting month are included in this measure and include applicants who are currently enrolled in Medicaid and those who have applied for but not begun to receive Medicaid.
Source: HRA Home Care Services Program

Indicator name: Cases receiving home care services
Description: As of the end of the reporting period, the number of cases receiving Medicaid-funded Home Attendant and Housekeeping; Long Term Home Health Care; and AIDS Project/AIDS Lombardi Home Care services at the end of the month.
Source: HRA Home Care Services Program

**HIV/AIDS Services**

Indicator name: New applicants for HIV/AIDS Services Administration (HASA) services
Description: The cumulative number of new applicants to HASA services.
Source: HRA HIV/AIDS Services Administration (HASA)

Indicator name: Individuals receiving HASA services
Description: As of the end of the reporting period, the number of individual clients (individuals who are either HIV Symptomatic or with AIDS) served during the reporting month.
Source: HRA HIV/AIDS Services Administration (HASA)

Indicator name: HASA cases receiving housing assistance (%)
Description: The percent of HASA cases who receive on-going monthly supplemental rents in addition to the basic HASA shelter grant.
Source: IPA 705 report generated by HRA/MIS

Indicator name: Average number of days from submission of a completed application to approval or denial of enhanced housing benefits for HASA cases to keep HASA clients in stable housing
Description: At the end of the period, the average number of days to grant or deny HASA housing-related enhanced financial benefits to HASA cases after the completed application is submitted. Benefits are required for clients in HASA cases to secure or maintain housing, including but not limited to rent increases, home furnishings requests, moving and storage expenses.
Source: HRA HIV/AIDS Services Administration Case by Case Financial Assessment database

Indicator name: Average number of days from submission of a completed application to issuance of enhanced housing benefits to HASA cases
Description: The average number of calendar days from submission of a completed application it takes to issue housing-related enhanced financial benefits to HASA cases to enable clients in these cases to secure or maintain housing, including but not limited to rent increases, home furnishings requests, moving and storage expenses.
Source: HRA HIV/AIDS Services Administration Case by Case Financial Assessment database
Agency Management: Recoveries and Cost Avoidance

Indicator name: Medicaid recoveries and cost avoidance for fraud waste & abuse ($000,000)
Description: This indicator shows the cumulative amount recovered from concealment of income and resources by clients, provider audits for waste and abuse, collections from windfalls, personal injury lawsuit settlements and liens on properties and estates, and cost savings from various efforts such as Medicaid prescription drug fraud investigations and clients receiving Medicaid in more than one state. The Medicaid Integrity Investigation Program concluded in January 2014 since most new Medicaid applications began in January 2014 taking place through New York State of Health, the Official Health Plan Marketplace for New York State. As the number of HRA-administered Medicaid recipients has declined, HRA has seen diminished volume through the quarterly Medicaid PARIS match. Therefore, HRA anticipates that going forward the Medicaid cost avoidance values will gradually decline.
Source: HRA Investigations, Revenue & Enforcement Administration

Indicator name: Cash Assistance recoveries and cost avoidance for fraud, waste and abuse ($000,000)
Description: This indicator shows, pursuant to Cash Assistance eligibility rules, the cumulative amount recovered from concealment of income and resources by clients, collections from windfalls, lawsuit settlements and liens on properties, repayment of emergency assistance, and federal reimbursement for assistance given while Social Security Disability benefit applications were pending. It also includes, cost savings from various efforts such as fraud investigations, case re-budgeting for income changes, and clients receiving Cash Assistance in more than one state. As of Fiscal Year 2013, HRA changed its method for calculating the Cash Assistance cost avoidance and recoveries indicator by no longer placing a value on reduced budget recommendations from HRA’s Bureau of Eligibility Verification (BEV). HRA’s updated calculation of cost avoidance more accurately reflects the type of recommendations likely to result in savings.
Source: HRA Investigations, Revenue & Enforcement Administration

Indicator name: Supplemental Nutritional Assistance Program (SNAP) cost avoidance for fraud and abuse ($000,000)
Description: This indicator shows the cumulative amount of cost avoidance from client fraud through concealment of income and resources and from clients receiving SNAP benefits in more than one state.
Source: HRA Investigations, Revenue & Enforcement Administration

Agency Management: Fair Hearings

Indicator name: Fair Hearings requested
Description: The cumulative number of client requests for hearings to contest decisions made by HRA regarding any benefit programs administered by HRA. For Fiscal Years 2019, 2020 and 2021 HRA adjusted its count of fair hearings requested to be consistent with how these requests are determined by New York State. This adjustment resulted in a slight decrease in the reported monthly number of fair hearings requested compared to previously reported data.
Source: HRA Office of Planning and Performance Management (OPPM)
Indicator name: Fair hearings upheld (%)
Description: Starting in Fiscal 2014, HRA changed its method for calculating Fair Hearings outcomes. The agency win rate includes issues that are affirmed and that are found to be correct at the time they were made and excludes client defaults. Defaults were included as Agency wins in prior periods but are currently excluded because they do not reflect contested issues that are actually heard at hearings. The numerator of this indicator includes all fair hearing issues heard with an outcome of affirmation of the Agency’s decision or correct decision when originally made by the Agency and other outcomes. Other outcomes include, for example, the appellant’s lack of standing. The denominator includes all fair hearing issues heard with all outcomes including affirmation, correct when made, agency withdrawal, settled, reversal and other outcomes. The rate is calculated based on all outcomes on hearings heard, and it does not include defaults in which the client fails to appear, and the hearing is therefore not actually heard.
Source: HRA Office of Planning and Performance Management (OPPM)

Agency Management: IDNYC

Indicator name: IDNYC – number of applications processed
Description: The City Fiscal Year to date cumulative number of IDNYC applications processed for eligibility clients as of the end of the period. The number of cards mailed in each period will not match the number of applications processed due to time required to print and mail cards. IDNYC is a free identification card available to New York City residents. The card helps New Yorkers gain access to City services and buildings. In addition, it offers free membership in the City’s leading museums, zoos, concert halls and botanical gardens.
Source: HRA Office IDNYC

Indicator name: IDNYC – number of cards issued
Description: This indicator measures the City Fiscal Year to date cumulative number of IDNYC cards mailed. IDNYC is a free identification card available to New York City residents. The card helps New Yorkers gain access to City services and buildings. In addition, it offers free membership in the City’s leading museums, zoos, concert halls and botanical gardens.
Source: HRA Office IDNYC

Indicator name: IDNYC – application timeliness rate%
Description: This indicator measures the City Fiscal Year to date percentage of IDNYC cards that have been mailed within 14 business days of receiving an application.
Source: HRA Office IDNYC

Agency Management: Fair Fares

Indicator name: Fair Fares NYC – total enrollment
Description: This indicator measures the number of people enrolled in Fair Fares NYC as of June 30th, the end of the City Fiscal Year reporting period. Launched in January 2019, Fair Fares NYC is a City program to help people who live in New York City with low incomes manage their transportation costs. With the Fair Fares NYC discount, eligible New York City residents receive a 50% discount on subway and eligible bus fares or Access-A-Ride fares.
Source: HRA Office of Planning and Performance Management (OPPM)
Agency Management: Finance Services

Indicator name: Billed revenue as a percentage of budgeted revenue (%)
Description: Billed revenue as a percentage of budgeted revenue indicates where HRA is meeting its projected targeted revenue.
Source: HRA DSS Finance Office

Indicator name: Claims filed within 60 days of close of expenditure month (%)
Description: The percent of claims filed on a timely basis, since the State and Federal funding of major HRA programs and the timing of future advances relies on such filing.
Source: HRA DSS Finance Office

Indicator name: Calls resolved within 48 hours to the Finance customer service call line for employment vendors (%)
Description: Percent of calls made by employment vendors to the HRA DSS Finance Office Customer Service Call Line that are resolved.
Source: HRA DSS Finance Office

Agency Management: Employee Safety

Indicator name: Workplace injuries reported
Description: The cumulative number of all incidents resulting in a workers' compensation or line of duty injury claim regardless of whether time is lost.
Source: DSS Office of Human Resources Solutions

Agency Management: Immigration Services

Indicator Name: Applications filed with the United States Citizenship and Immigration Services
Description: The cumulative number of applications for permanent residence, citizenship, asylum, or other special immigration status that HRA funded community-based organizations helped file with the United States Citizenship and Immigration Services (USCIS). Other special immigration status applications can include U or T visas, Special Immigrant Juvenile Status (SIJS), DACA and immigration relief under VAWA or the VTVPA.

</table>
Indicator name: Letters responded to in 14 days (%)
Description: The percentage of letters answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.

Indicator name: Families in shelter living in the borough of their youngest child’s school (%)
Description: The average percentage of non-DV families in shelter during the school year with school-aged children residing in the same borough as their youngest child’s school. Borough residence is based on the shelter address the families are residing in on the last day of each month. Borough of school enrollment is based on DOE data for all children enrolled in NYC public school.
Source: DHS CARES Database and DOE ATS.

Indicator name: Adult shelter inspections with safety, maintenance or cleanliness deficiencies per 1,000 beds
Description: Total number of inspections with safety, maintenance or cleanliness deficiencies, per 1000 beds, noted in inspections carried out by a court appointed inspection team to ensure shelters meet court-mandated standards. Inspections take place in adult shelters semi-annually.
Source: DHS Facilities Maintenance and Development.

Indicator name: Serious incidents in the Adult Shelter system, per 1,000 residents
Description: The number of serious incidents during the reporting year, per 1,000 residents in the adult shelter system. Serious incidents are those that affect the well-being of shelter residents or staff. They include both onsite incidents at the shelter as well as notification of offsite incidents involving shelter residents. All serious incidents are reported to the New York State Office of Temporary and Disability Assistance (OTDA).
Source: DHS CARES Database.

Indicator name: Serious violent incidents in the Adult Shelter system, per 1,000 Residents
Description: The number of violent serious incidents during the reporting year, per 1,000 residents in the adult shelter system. Violent serious incidents are a subset of serious incidents that affect the safety of shelter residents or staff and are reported to the New York State Office of Temporary and Disability Assistance (OTDA).
Source: DHS CARES Database.

Indicator name: Serious incidents in the Adult Family Shelter system, per 1,000 Residents
Description: The number of serious incidents during the reporting year, per 1,000 residents in the adult family shelter system. Serious incidents are those that affect the well-being of shelter residents or staff. They include both onsite incidents at the shelter as well as notification of offsite incidents involving shelter residents. All serious incidents are reported to the New York State Office of Temporary and Disability Assistance (OTDA).

- High school (%)
Description: The percentage of students present as calculated by the number of students present divided by the number of students present and absent, not including charter school students, for each school day. Includes District 75. Elementary/middle and high school breakouts are calculated by grade level.
Source: Automate the School system.

Indicator name: Students with 90% or better attendance rate (%)
Description: The percentage of students whose attendance rate for the year is 90% or better, as calculated by the number of students with an attendance rate of 90% or more divided by the number of students on register, not including charter school students. Includes District 75.
Source: Automate the School system.

Indicator name: Students in grades 3 to 8 meeting or exceeding standards
- English Language Arts (%)
Description: The percent of general and special education students who meet the learning standard in English Language Arts (ELA) for their grade by performing at Level 3 (Proficient) or higher. Scores are on a scale ranging from Level 1, below basic proficiency level, through Level 4, the advanced level. Fiscal 2002 year’s grade 7 scores were excluded as results of the test appeared inconsistent with other available information and were not released. Other years include all grades, 3-8.
Source: Division of Assessment and Accountability.

Indicator name: Students in grades 3 to 8 meeting or exceeding standards
- Math (%)
Description: The percent of general and special education students who meet the learning standard in math for their grade by performing at Level 3 (Proficient) or higher. Scores are on a scale ranging from Level 1, below basic proficiency level, through Level 4, the advanced level.
Source: Division of Assessment and Accountability.

Indicator name: Students in grades 3 to 8 scoring below standards progressing into a higher level
- English Language Arts (%)
Description: The percent of students who scored at Level 1 or 2 on the English Language Arts (ELA) test in a given year and showed progress the following year by moving into a higher proficiency level. Scores are on a scale ranging from Level 1, below basic proficiency level, through Level 4, the advanced level. Fiscal 2002 year’s grade 7 scores were excluded as results of the test appeared inconsistent with other available information and were not released. Other years include all grades, 3–8.
Source: Division of Assessment and Accountability.
Indicator name: Students in grades 3 to 8 scoring below standards progressing into a higher level - Math (%)
Description: The percent of students who scored at Level 1 or 2 on the math test in a given year and showed progress the following year by moving into a higher proficiency level. Scores are on a scale ranging from Level 1, below basic proficiency level, through Level 4, the advanced level.
Source: Division of Assessment and Accountability.

Indicator name: Students in grades 3 to 8 progressing from below standards to meeting standards - English Language Arts (%)
Description: The percent of students who scored at Level 1 or 2 on the English Language Arts (ELA) test in a given year and showed progress the following year by moving into Level 3 or 4. Scores are on a scale ranging from Level 1, below basic proficiency level, through Level 4, the advanced level. Fiscal 2002 year’s grade 7 scores were excluded as results of the test appeared inconsistent with other available information and were not released. Other years include all grades, 3-8.
Source: Division of Assessment and Accountability.

Indicator name: Students in grades 3 to 8 progressing from below standards to meeting standards - Math (%)
Description: The percent of students who scored at Level 1 or 2 on the math test in a given year and showed progress the following year by moving into Level 3 or 4. Scores are on a scale ranging from Level 1, below basic proficiency level, through Level 4, the advanced level.
Source: Division of Assessment and Accountability.

Indicator name: Students in grades 1 to 9 promoted (%)
Description: The percent of all students in grades 1 to 9 who were promoted into the next grade level after meeting promotion criteria, which includes passing standardized tests, attendance and classwork except for grade 3 and 5. Grade 3 and 5 promotion rates include all third grade general education students held to the new promotion policy adopted in 2003-2004 for grade 3 and in 2004-2005 for grade 5 as well as English language learners and special education students who were promoted based on multiple promotion criteria. Grade 9 includes middle schools only.
Source: Division of Assessment and Accountability.

Indicator name: Students in the graduating class taking required Regents examinations (%)
Description: The percentage of students in the graduating class taking the required Regents exams for graduation and Regents diploma. Data is reported annually in the PMMR.
Source: Division of Assessment and Accountability.

Indicator name: Students passing required Regents examinations (%)
Description: The percent of students in the graduating class who take the Regents examinations and who meet graduation and Regents diploma requirements by passing the required Regents examinations. Data is reported annually in the PMMR.
Source: Division of Assessment and Accountability.

Indicator name: Students in graduating class with a 65 to 100 passing score on the Regents Examination - English (%)
Description: The percent of students in the graduating class who take the Regents examinations and who meet New York State Education Department (NYSED) graduation requirements in English. Students passing all required Regents exams with a score of 65 or higher graduate with a Regents diploma. Data is reported annually in the PMMR.
Source: Division of Assessment and Accountability.
Indicator name: Students in graduating class with a 65 to 100 passing score on the Regents Examination - Math (%)
Description: The percent of students in the graduating class who take the Regents examinations and who meet New York State Education Department graduation requirements in math. Students passing all required Regents exams with a score of 65 or higher graduate with a Regents diploma. Data is reported annually in the PMMR.
Source: Division of Assessment and Accountability.

Indicator name: Students in graduating class with a 65 to 100 passing score on the Regents Examination - United States history and government (%)
Description: The percent of students in the graduating class who take the Regents examinations and who meet New York State Education Department graduation requirements in United States history and government. Students passing all required Regents exams with a score of 65 or higher graduate with a Regents diploma. Data is reported annually in the PMMR.
Source: Division of Assessment and Accountability.

Indicator name: Students in graduating class with a 65 to 100 passing score on the Regents Examination - Global history (%)
Description: The percent of students in the graduating class who take the Regents examinations and who meet New York State Education Department graduation requirements in global history. Students passing all required Regents exams with a score of 65 or higher graduate with a Regents diploma. Data is reported annually in the PMMR.
Source: Division of Assessment and Accountability.

Indicator name: Students in graduating class with a 65 to 100 passing score on the Regents Examination - Science (%)
Description: The percent of students in the graduating class who take the Regents examinations and who meet New York State Education Department graduation requirements in science. Students passing all required Regents exams with a score of 65 or higher graduate with a Regents diploma. Data is reported annually in the PMMR.
Source: Division of Assessment and Accountability.

Indicator name: Percent of all students in cohort graduating from high school in 4 years (NYSED)
Description: The percent of a graduating class of students, who entered the public school system in September of a given year and graduated within four years. The New York State calculation, instituted in 2005, includes Local and Regents Diplomas and all disabled students. It does not include students receiving GEDs or special education diplomas. For the cohort of 2004, students who graduate in August are also reported separately. This rate does not include GEDs and Special Education diplomas. Data is reported annually in the PMMR.
Source: Division of Assessment and Accountability.

Indicator name: Percent of all students in cohort graduating from high school in 6 years (NYSED)
Description: The percent of a graduating class of students, who entered the public school system in September of a given year and graduated within six years. The New York State calculation, instituted in 2005, includes Local and Regents Diplomas and all disabled students. It does not include students receiving GEDs or special education diplomas. For the cohort of 2004, students who graduate in August are also reported separately. This rate does not include GEDs and Special Education diplomas. Data is reported annually in the PMMR.
Source: Division of Assessment and Accountability.
Indicator name: Percent of all students in cohort dropping out from high school in 4 years (NYSED)
Description: The percent of students, who entered ninth grade public school in September of a given year and dropped out by June 30th of their fourth year. Data is reported annually in the PMMR.
Source: Division of Assessment and Accountability.

Indicator name: Percent of all students in cohort dropping out from high school in 6 years (NYSED)
Description: The percent of students, who entered ninth grade public school in September of a given year and dropped out by June 30th of their sixth year. Data is reported annually in the PMMR.
Source: Division of Assessment and Accountability.

Indicator name: Average Class Size (January, audited)
- Kindergarten
- Grade 1
- Grade 2
- Grade 3
- Grade 4
- Grade 5
- Grade 6
- Grade 7
- Grade 8
Description: The average class size as of October 31 in grades kindergarten to eight.
Source: Automate the School system.

Indicator name: Phone calls responded to by parent coordinator or parent engagement designee (000)
Description: The citywide total number of phone calls responded to by parent coordinators is a measure of how many parents have their issues and concerns addressed by parent coordinators.
Source: Office of Parent Engagement.

Indicator name: In-person consultations with parents by PC or parent engagement designee (000)
Description: The citywide total number of parents who were seen by parent coordinators as walk-ins to the school is a measure of how many parents have their issues and concerns addressed by parent coordinators.
Source: Office of Parent Engagement.

Indicator name: School-based workshops offered to parents (000)
Description: Key functions of parent coordinators are to increase parents’ involvement with their children’s education and to help parents support their children’s learning. The number of workshops held by parent coordinators is a measure of the opportunities parents are provided at the school level to accomplish these goals.
Source: Office of Parent Engagement.

Indicator name: Parents attending school-based workshops (000)
Description: Key functions of Parent Coordinators are to increase parents’ involvement with their children’s education and to help parents support their children’s learning. The number of parents who attended workshops organized by Parent Coordinators is a measure of how many parents participated and benefited from parent coordinators’ efforts to accomplish the above goals.
Source: Office of Parent Engagement.

Indicator name: Parents attending Fall and Spring Parent-Teacher Conferences (000)
Description: The citywide total number of parents who attended parent-teacher conferences.
Source: Office of Parent Engagement.

Description: Percent of 9th grade cohort taking the SAT exam at least once in 4 years of high school. Data is reported annually in the PMMR.

Source: Division of Teaching and Learning
Indicator name: Percent of high school cohort who graduate ready for college and careers
Description: The College Readiness Index (CRI) calculated by NYC is a rich measure of a student’s college readiness that aligns to the standards for passing out of remedial coursework set by the City University of New York (CUNY). The CRI includes students who:
- Graduated by August with a diploma, and
- Earned a 75+ on the English Regents or scored 480+ on the Critical Reading SAT or scored a 20+ on the ACT English or scored a 70+ on the CUNY Reading Assessment and a 56+ on the CUNY Writing Assessment, and
- Scored an 80+ on a math Regents or 70+ on a Common Core Algebra Regents and completed coursework in Algebra II/Trigonometry or higher, or scored 480+ on the math SAT, or scored a 20+ on the ACT Math, or scored a 40+ on the CUNY Math Assessment, or scored an 80+ on the PBAT and completed required coursework. Data is reported annually in the PMMR.
Source: Division of Teaching and Learning

Indicator name: Percent of high school cohort who graduated from high school and enrolled in a college or other postsecondary program within 6 months
Description: The percentage who graduated from high school and enrolled in a college or other postsecondary program within 6 months includes students who graduated from high school and enrolled in college, a vocational program, or public service within 6 months of their scheduled graduation date, out of all the school’s students who entered 9th grade 4 years earlier. Data is reported annually in the PMMR.
Source: Division of Teaching and Learning

Indicator name: Percent of high school cohort taking at least 1 AP exam in 4 years of high school.
Description: Percent of 9th grade cohort taking at least 1 Advanced Placement exam in 4 years of high school. Data is reported annually in the PMMR.
Source: Division of Teaching and Learning

Indicator name: Percent of high school cohort passing at least 1 AP exam in 4 years of high school.
Description: Percent of 9th grade cohort passing at least 1 Advanced Placement exam in 4 years of high school with a score of 3 or higher in 4 years of high school. Data is reported annually in the PMMR.
Source: Division of Teaching and Learning

Indicator name: Percentage of students who successfully completed approved rigorous courses or assessments
Description: The percentage of students who successfully completed approved college preparatory courses and assessments shows the percentage of students who accomplished any of the following achievements within four years after entering 9th grade:
- scored 65 or above on the Regents exams in Algebra II, Math B, Chemistry, or Physics
- scored 3 or above on an Advanced Placement exam
- scored 4 or above on an International Baccalaureate exam
- earned a grade of C or higher in a college course
- passed a course certified by the NYC DOE as college-and career-ready
- earned a diploma with a Career and Technical Education endorsement
- earned a diploma with an Arts endorsement
- passed an industry-recognized technical assessment
Data is reported annually in the PMMR.

Indicator name: Schools that exceed capacity
- Elementary schools (%)
- Middle schools (%)
- High schools (%)
Description: The percent of schools, not including charter schools located in private buildings, where student enrollment is at 100 percent or more of a school’s functional capacity. Capacity is determined using a formula that reflects instructional needs, student population and building size. The formula is devised by the School Construction Authority in consultation with instructional and operational staff. Data is reported annually in the PMMR.
Indicator name: Students in schools that exceed capacity
- Elementary/middle schools (%)
- High schools (%)

Description: The percent of the enrolled student population that attend schools, not including charter schools located in private buildings, where enrollment is 100 percent or more of functional capacity. Capacity is determined using a formula that reflects instructional needs, student population and building size. The formula is devised by the School Construction Authority in consultation with instructional and operational staff.

Source: Division of School Facilities through Fiscal 2002, School Construction Authority beginning Fiscal 2003. Data is reported annually in the PMMR.

Indicator name: Total new seats created

Description: The number of new student seats created through the efforts of the Department of Education and the School Construction Authority, including construction of new buildings, construction of school additions, room portioning, room conversions, and leasing.

Source: Division of School Facilities and School Construction Authority.

Indicator name: Hazardous building violations total backlog

Description: The number of hazardous Department of Buildings (DOB) violations pending against Department of Education facilities. These include violations that need corrective work, and violations for which work has been completed but which are awaiting official dismissal by DOB.

Source: Division of School Facilities.

Indicator name: School building ratings
- Good condition (%)
- Fair to good condition (%)
- Fair condition (%)
- Fair to poor condition (%)
- Poor condition (%)

Description: School building conditions are rated annually, with each major infrastructure component of each building rated on a scale of 1 to 5, 1 being Good and 5 being Poor. A Good rating means that infrastructure is sound and is performing its function. A Fair rating means that infrastructure is still performing adequately at this time, but may require preventive maintenance to prevent further deterioration and restore it to good condition. A Poor rating means that infrastructure cannot continue to perform its original function without repairs, or is in such condition that its failure is imminent. Data is reported annually in the PMMR.

Indicator name: Workplace injuries reported
Description: All incidents resulting in a workers’ compensation or line of duty injury claim regardless of whether or not time is lost.
Source: New York City Law Department

Indicator name: Accidents in schools
- Students (#);
- The public (#)
Description: All accidents that involve students or the public logged into the department’s Online Occurrence Reporting System (OORS).
Source: DOE Online Occurrence Reporting System (OORS)

Indicator name: Parents completing the NYC School Survey
Description: The number of parents that respond to the Department’s annual NYC School Survey.
Source: NYC School Survey

Indicator name: Customers rating service good or better (%) (as applicable)
Description: Parent satisfaction rating to the statement ‘the response I get when I contact my child’s school’, that were ‘satisfied’ or ‘very satisfied’; showing parents level of satisfaction with schools.
Source: NYC School Survey

Indicator name: Completed requests for interpretation
Description: The sum of all requests for interpretation using a language other than English fulfilled by the agency via telephone (including Language Line, call centers, offices/reception desks and 311 transfer calls) and via face-to-face interaction with bilingual employees or contracted interpreters.
Source: Department of Education

Indicator name: Letters responded to in 14 days (%)
Description: The percentage of letters answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.
Source: Department of Education

Indicator name: Emails responded to in 14 days (%)
Description: The percentage of e-mails answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.
Source: Department of Education
Indicator name: CORE facility rating
Description: An average CORE (Customers Observing and Reporting Experiences) score based on the rating of 24 conditions, including physical conditions (e.g., cleanliness, litter, seating) and customer service conditions (e.g. wait time, professionalism), for all agency walk-in facilities inspected, divided by the number of walk-in facilities inspected. Facilities are rated by trained City inspectors.

PUBLIC LIBRARIES

Indicator name: Program attendance
Description: The number of people attending programs conducted by library staff for the public, including live online attendance of virtual programs and views of recorded programs.

Indicator name: Library card holders (000)
Description: The total number of people registered as New York Public Libraries branch library card holders.
Source: Library staff reports from each library system.

Indicator name: Active library cards (000)
Description: The number of library cards or library card accounts demonstrating activity in the library system during the reporting period.
Source: Library staff reports from each library system.

Indicator name: New library card registrations
Description: The number of new library cards or library card accounts created during the reporting period.
Source: Library staff reports from each library system.

Indicator name: Total library attendance (000)
Description: The total number of people visiting all library/branch locations.
Source: Turnstile figures for patrons entering the library/branch, gathered from all library systems’ locations. BPL—staff reports; NYPL—Office of the Branch Libraries and Research Libraries Administration; QPL—Community Library Services.
Indicator name: CUNY courses offered partly or totally online (%)
Description: Values are computed as the number of student full-time equivalents (FTEs) in CUNY course sections designated as either partially or fully online divided by the total number of CUNY student FTEs. Both undergraduate and graduate courses are included. Note: FTE for each student is based on the number of credits of the courses the student is enrolled in that term (both equated and regular) divided by the number of credits defined as full-time status (15 for undergraduates and 12 for master’s students).
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: Instructional full-time equivalents (FTEs) taught by full-time faculty (%)—Senior Colleges
Description: This indicator is calculated by dividing the total number of CUNY student (instructional) FTEs in courses taught by full-time faculty by the total number of student (instructional) FTEs in all CUNY courses for both the fall and spring semesters of a given academic year at CUNY senior colleges. Note: A full-time employee is counted as one FTE, a part-time non-faculty employee is counted as one-half of an FTE, and each part-time faculty member is counted as one-third of an FTE.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: Instructional full-time equivalents (FTEs) taught by full-time faculty (%)—Community Colleges
Description: This indicator is the total number of student (instructional) FTEs in courses taught by full-time faculty divided by the total number of student (instructional) FTEs in all courses for both the fall and spring semesters of a given academic year at CUNY community colleges.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: Student/faculty ratio—Overall
Description: The overall ratio of full-time equivalent (FTE) undergraduate students to full-time faculty at all CUNY educational facilities. FTE students include full-time students counted as one FTE and part-time students counted as specified fraction of a full-time student. Full-time faculty includes the number of faculty employed full-time at a CUNY educational facility. It is a fall-only metric.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: Student/faculty ratio—Community Colleges
Description: The ratio of full-time equivalent (FTE) undergraduate students to full-time faculty at CUNY Community Colleges. FTE students include full-time students counted as one FTE and part-time students counted as specified fraction of a full-time student. Full-time faculty includes the number of faculty employed full-time at a CUNY Community College. It is a fall-only metric.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: Student/faculty ratio—Senior Colleges
Description: The ratio of full-time equivalent (FTE) undergraduate students to full-time faculty at CUNY Senior Colleges. FTE students include full-time students counted as one FTE and part-time students counted as specified fraction of a full-time student. Full-time faculty includes the number of faculty employed full-time at a CUNY Senior College. It is a fall-only metric.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: Number of full-time faculty employed by CUNY community colleges
Description: The number of faculty whose primary activities are teaching, research and scholarship and who are employed full-time at a CUNY community college.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: Number of associate degrees awarded at community colleges
Description: The total number of associate degrees awarded at CUNY community colleges during the school year.
Source: CUNY Office of Institutional Research and Assessment.
Indicator name: Students earning Grade C or better in Freshman Composition Courses (%)
Description: Based on CUNY students completing freshman composition in the fall of a given term. Students earning a C- (or lower) are not included in the numerator of this percentage calculation. Students are counted once for each course in a given semester. Incompletes and withdrawals are excluded.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: Students earning Grade C or better in Math Gateway Courses (%)
Description: Based on CUNY students completing a credit-bearing math course through pre-calculus in the fall of a given term. Students earning a C- (or lower) are not included in the numerator of this percentage calculation. Students are counted once for each course in a given semester. Incompletes and withdrawals are excluded.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: One-year (fall-to-fall) retention rate of full-time first-time freshmen enrolled in CUNY associate degree programs
Description: The percent of regularly admitted full-time, first-time freshmen who are still enrolled the fall term following the fall of entry into an associate program at a CUNY community college. For example, students entering CUNY as full-time, first-time freshmen in Fall 2017 must be enrolled at CUNY in Fall 2018 to be counted as retained.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: One-year (fall-to-fall) retention rate of full-time first-time freshmen enrolled in CUNY baccalaureate degree programs
Description: The percent of regularly admitted full-time, first-time freshmen who are still enrolled the fall term following the fall of entry into a CUNY baccalaureate program. For example, students entering CUNY as full-time, first-time freshmen in Fall 2017 must be enrolled at CUNY in Fall 2018 to be counted as retained.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: Three-year systemwide graduation rate (%)—CUNY Accelerated Study in Associate Programs (ASAP) students
Description: Percentage of regularly admitted, full-time freshmen enrolled in CUNY Accelerated Study in Associate Programs (ASAP) who earn a CUNY degree within three years of entry. For example, full-time, first-time, associate degree-seeking students entering a CUNY community college in Fall 2016 must earn a degree by August 2019 to be counted as having graduated within three years. Graduation rates are reported for the fiscal year corresponding with the end of the three-year period.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: Six-year systemwide graduation rate (%)—community college students in STEM disciplines
Description: Percentage of regularly admitted, full-time freshmen enrolled in a Science, Technology, Engineering & Mathematics (STEM) discipline who earn a CUNY degree within six years of entry. For example, full-time, first-time, associate degree-seeking students entering a CUNY community college in Fall 2013 must earn a degree by August 2019 to be counted as having graduated within six years. Graduation rates are reported for the fiscal year corresponding with the end of the six-year period.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: Six-year systemwide graduation rate (%)—CUNY associate degree students
Description: Percentage of regularly admitted, full-time freshmen who earn a CUNY degree within six years of entry. For example, full-time, first-time, associate degree-seeking students entering a CUNY community college in Fall 2013 must earn a degree by August 2019 to be counted as having graduated. Graduation rates are reported for the fiscal year corresponding with the end of the six-year period.
Source: CUNY Office of Institutional Research and Assessment.
Indicator name: Six-year systemwide graduation rate (%)—CUNY baccalaureate students
Description: The percent of regularly admitted, full-time freshmen who earn a CUNY degree within six years of entry. For example, full-time, first-time, bachelor’s degree-seeking students entering CUNY in Fall 2013 must earn a degree by August 2019 to be counted as having graduated. Graduation rates are reported for the fiscal year corresponding with the end of the six-year period.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: Students passing the National Council Licensure Examination for Registered Nurses (NCLEX) (%)
Description: The percent of CUNY nursing students who pass the National Council Licensure Examination for Registered Nurses (NCLEX-RN) in a given academic year, based on the number of test-takers.
Source: New York State Education Department.

Indicator name: CUNY associate degree recipients who transfer to a CUNY baccalaureate program within one year (%)
Description: Calculated as the percentage of associate-seeking first-time freshmen that transferred to a CUNY baccalaureate program within one year of completing their CUNY associate degree.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: CUNY community college certificate and associate graduates from career and technical education programs who are employed within six months of graduation (%)
Description: Based on responses to a survey of certificate and associate graduates. Graduates from CUNY community college career and technical education programs are asked to report on their employment status six months after graduation. Figures reflect the percentage of respondents who reported being employed, working in an apprenticeship or being in the military six months after graduation.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: CUNY community college certificate and associate graduates from career and technical education programs who are employed or continuing their education six months after graduation (%)
Description: Based on responses to a survey of CUNY certificate and associate graduates, who are asked to report on their employment and education status six months after graduation. Figures reflect the percentage of respondents who reported being employed, working in an apprenticeship, being in the military, or pursuing additional education or training six months after graduation.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: High school students participating in college preparation program (College Now)
Description: The number of high school students participating in College Now during an academic year. College Now programs, offered at each college, help prepare students for college-level work. College Now offers college-level courses as well as remediation in reading, writing and math.
Source: CUNY Office of Academic Affairs.

Indicator name: Total headcount enrollment
Description: The total headcount enrollment of full-time degree seeking students as of CUNY fall census date.
Source: CUNY Office of Institutional Research and Assessment.

Indicator name: Total full-time equivalent enrollment (FTEs)
Description: The total number of full-time equivalent (FTE) student enrollment in CUNY. Fifteen credits plus hours is considered full-time at the undergraduate level; 12 credits is full-time at the graduate level. Full-time doctoral study is defined differently for students at different stages of the doctoral program.

<tr>
<td>CORE customer experience rating (0–100)</td>
<td>An average score based on the rating of 15 conditions, including physical conditions (e.g., cleanliness, litter, seating) and customer service conditions (e.g., wait time, professionalism), for all agency walk-in facilities inspected, divided by the number of walk-in facilities inspected. Each of the 15 conditions can be rated excellent, good, fair or poor. Ratings of excellent are worth 100 points each, good ratings are worth 67 points, fair ratings are worth 33 points and poor ratings receive no points. Facilities are rated by trained City inspectors. Fiscal 2016 data for the overall rating represents a change in methodology. For agencies with multiple service centers, inspectors focused on sites that had historically lower scores, specifically sites that received an average overall site score of 85 or lower over the last three years and sites that received a score of 85 or lower in Fiscal 2015. If all agency service centers scored above 85 last year, the service center with the lowest overall score was inspected.</td>

Indicator name: Homeless veterans and their families who received housing through DVS Veteran Peer Coordinator program
Description: The number of veterans and veteran families that find housing with the assistance of the DVS Veteran Peer Coordinator program. The program provides peer-to-peer housing assistance to veterans and their families, helping them navigate the process of finding, applying for and moving into an affordable apartment that meets their needs.
Source: DVS data.

Indicator name: Veterans and their families receiving homelessness prevention and aftercare assistance from DVS
Description: The number of veterans and their families that received homelessness prevention assistance by DVS. Prevention assistance includes landlord mediation, assistance with paying rent arrears and connecting veterans and their families to the social services and other supports needed to remain stably housed.
Source: DVS data.

Indicator name: Veterans and their families given assistance to access resources or services
Description: The number of times DVS provided assistance or services to veterans or their families.
Source: DVS data.

Indicator name: Veterans and their families connected to resources and services
Description: The number of unique assistance requests received from veterans and their families supported via phone, in-person, postal mail, electronic mail or VetConnectNYC. Support involves connecting veterans and their families to a coordinated network of public, private and non-profit organizations.
Source: DVS data.

Indicator name: Veterans and their families served
Description: The number of times DVS served veterans or their families by providing any type of information or support.
Source: DVS data.

Indicator name: Samples testing positive for coliform bacteria (%)
Description: The percent of samples of City drinking water testing positive for coliform bacteria during the period. This is a standard evaluation of the microbiological purity of drinking water.
Source: Bureau of Water Supply, Water Quality Directorate

Indicator name: In-City samples meeting water quality standards for coliform bacteria (%)
Description: The percent of time the City drinking water meets the State quality standard for coliform bacteria. This is a standard measure of microbiological purity for drinking water.
Source: Bureau of Water Supply, Water Quality Directorate.

Indicator name: Water supply—Critical equipment out of service (%)
Description: The number of pieces of equipment throughout the City’s watershed areas and other upstate conveyance structures that have been identified as critical to the operation and that are out of service as a percent of the overall number of pieces of equipment that have been identified as critical.
Source: Bureau of Water Supply, Operations Directorate.

Indicator name: Facility security checks
Description: The number of security checks conducted at DEP facilities by the DEP Police. Examples of facilities that are checked include shaft sites, lab buildings, offices and aqueducts.
Source: Bureau of Police and Security.

Indicator name: Overall enforcement activity
Description: The number of summonses, arrests, Notices of Violation and Notices of Warning issued by the DEP Police in the areas containing the City’s watershed and water conveyance infrastructure. This includes both penal law and Environmental Conservation Law citations.
Source: Bureau of Police and Security.

Indicator name: Sewer backup complaints received
Description: The total number of sewer backup complaints received during the reporting period.
Source: Bureau of Water and Sewer Operations.

Indicator name: Sewer backup complaints resolved—Confirmed (on City infrastructure)
Description: A sewer backup complaint is considered confirmed when, upon field investigation, it is determined to be associated with a part of DEP’s sewer system. Indications of such failure include surcharging, temporary overtaxing, blockages, and collapses.
Source: Bureau of Water and Sewer Operations.

Indicator name: Sewer backup complaints resolved—Unconfirmed (not on City infrastructure or unfounded)
Description: A sewer backup complaint is considered unconfirmed when, upon field investigation, it exhibits none of the factors that would indicate that there is or was a problem with a part of DEP’s sewer system. In such situations, the condition can be associated with an internal condition, a problem with the private sewer connection, or may be otherwise unfounded.
Source: Bureau of Water and Sewer Operations.

Indicator name: Sewer backup resolution time (hours)
Description: The average amount of time that DEP takes to resolve a sewer backup from the time the complaint is received. Resolution of a complaint can occur by a clearing of a blockage or an inspection that reveals no backup or that the problem is on private infrastructure.
Source: Bureau of Water and Sewer Operations.
Indicator name: Street segments with confirmed sewer backup in the last 12 months (% of total segments)
Description: The number of street segments in the City that had at least one confirmed sewer backup complaint during the last 12 months as a percent of the overall number of street segments in the City. A segment is the distance from one intersecting street to the next.
Source: Bureau of Water and Sewer Operations.

Indicator name: Street segments with recurring confirmed sewer backups in the last 12 months (% of total segments)
Description: The number of street segments in the City that had more than one confirmed sewer backup complaint during the last 12 months as a percent of the overall number of street segments in the City. A segment is the distance from one intersecting street to the next.
Source: Bureau of Water and Sewer Operations.

Indicator name: Street cave-in complaints received
Description: The total number of complaints received by the Department concerning street cave-ins or street depressions during the reporting period. A cave-in is described as the collapse of roadway surface in which the pavement has cracked and fallen into a deep empty space without a solid bottom beneath the street surface.
Source: Bureau of Water and Sewer Operations.

Indicator name: Average time to respond to street cave-in complaints and make safe (days)
Description: The average number of calendar days it took DEP to respond to street cave-in/depression complaints and resolve related danger during the period.
Source: Bureau of Water and Sewer Operations.

Indicator name: Water main breaks
Description: The number of water main breaks responded to by DEP.
Source: Bureau of Water and Sewer Operations.

Indicator name: Water main breaks per 100 miles of main in the last 12 months
Description: The number of water main breaks per 100 miles of main during the last 12 months.
Source: Bureau of Water and Sewer Operations.

Indicator name: Average time to restore water to customers after confirming breaks (hours)
Description: The average number of hours that it takes DEP to restore water service to affected customers from the time the water to the main with the break is shut off until it is restored.
Source: Bureau of Water and Sewer Operations.

Indicator name: Broken and inoperative hydrants (%)
Description: The percent of all hydrants in the City which are broken and inoperative. There are approximately 110,180 fire hydrants in the City.
Source: Bureau of Water and Sewer Operations.

Indicator name: Average time to repair or replace high-priority broken or inoperative hydrants (days)
Description: The average number of calendar days it takes DEP to fix a high-priority broken or inoperative hydrant. High-priority repairs and replacements are designated by the NYC Fire Department.
Source: Bureau of Water and Sewer Operations.

Indicator name: Catch basin complaints received
Description: The total number of clogged catch basin complaints received during the reporting period.

Department of Environmental Protection

Indicator name: Asbestos complaints received
Description: The total number of asbestos complaints received during the reporting period.
Source: Bureau of Environmental Compliance.

Indicator name: Average days to close asbestos complaints
Description: The average number of calendar days between receipt of an asbestos complaint and closure of the complaint for complaints closed during the reporting period. A complaint is closed when the asbestos issue described in the complaint has either been resolved or determined to be unfounded based on the Department’s inspection; when the complaint location is an abandoned building and access is not possible; or when more information is required and contact information for the complainant is not available. If the Department issues a Notice of Violation for infractions of applicable rules/regulations and corrective action is required, then a follow-up inspection is done to ensure compliance.
Source: Bureau of Environmental Compliance.

Indicator name: Asbestos complaints responded to within three hours (%)
Description: The percent of complaints concerning asbestos responded to within three hours of receipt.
Source: Bureau of Environmental Compliance.

Indicator name: Total violations issued
Description: The total number of violations issued for all DEP service areas.
Source: NYC Office of Administrative Trials and Hearings, Environmental Control Board.

Indicator name: Violations admitted to or upheld at the Environmental Control Board (%)
Description: For all violations returnable to the Environmental Control Board (ECB), the number of violations where the respondent admitted to the violation without a hearing and paid the penalty, if applicable, or where the violation was upheld following an ECB hearing as a percent of all violations resolved.
Source: NYC Office of Administrative Trials and Hearings, Environmental Control Board.

Indicator name: Collisions involving City vehicles
Description: The total number of City-vehicle involved collision reports involving injury or property damage for the DEP fleet reported in the citywide collision reporting system (CRASH). New York State MV-104 reports are required whenever a collision occurs involving death, or other personal injury, or property damage over $1,000. Collisions are tracked and reported regardless of whether or not the driver was at fault and whether or not the vehicle was in motion. Collisions involving City vehicles occur whenever a City vehicle strikes (or is struck by) a second vehicle, pedestrian, bicyclist or fixed object.
Source: Citywide Fleet Management at DCAS.

Indicator name: Workplace injuries reported
Description: All incidents resulting in a workers’ compensation or line of duty injury claim regardless of whether or not time is lost.
Source: Organizational Development and Human Resources.

Indicator name: E-mails responded to in 14 days (%)
Description: The percentage of e-mails answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.

</tbody>
</table>
Indicator name: Bridges rated (calendar year)
- Good or very good (%)
- Fair (%)
- Poor (%)
Description: Federal and State laws mandate that bridge structures be inspected at least once every two years. Engineering consultants from the New York State Department of Transportation perform biennial inspections for all New York City bridge structures except pedestrian bridges and structures under 20 feet in length. Bridge structures not inspected by the State are inspected by DOT’s Division of Bridges. Ratings are based on a scale from 1 to 7, and results are grouped in the following categories for each calendar year:
- Very good—ratings of 6.1 to 7
- Good—ratings of 5 to 6
- Fair—ratings of 3.1 to 4.9
- Poor—ratings of 1 to 3
Source: Division of Bridges—Management and Support Services Bureau.

Indicator name: Streets maintained with a pavement rating of
- Good (%)
- Fair (%)
- Poor (%)
Description: The number of surveyed lane miles of local roadways assigned a condition rating of good, fair or poor divided by the total number of surveyed lane miles. DOT surveys at least 50 percent of City streets each year. Ratings are based on a scale from 1 to 10, and results are grouped in the following categories for each fiscal year:
- Good (%)—ratings of 8 to 10
- Fair (%)—ratings of 4 to 7
- Poor (%)—ratings of 1 to 3
Source: Division of Roadway Repair & Maintenance—Resource Management Unit.

Indicator name: Average time to close a pothole work order where repair was done (calendar days)
Description: The average number of calendar days it takes to close a pothole work order where at least one repair was completed. This includes potholes reported through 311 and online, as well as field pickups noted by DOT personnel.
Source: Division of Roadway Repair & Maintenance—Resource Management Unit.

Indicator name: Pothole work orders
Description: The number of new work orders opened for potholes on streets (excludes work orders for bridges and arterial highways). Potholes are reported through calls to the 311 Customer Service Center, e-mails and written correspondence by the public, elected officials, or agency personnel during the course of inspections. A work order may include multiple potholes.
Source: Division of Roadway Repair & Maintenance—Resource Management Unit.

Indicator name: Potholes repaired—Arterial highway system
Description: The number of potholes and other small street defects corrected on arterial streets. Note: these arterials are highways that DOT is responsible for.
Source: Division of Roadway Repair & Maintenance—Resource Management Unit.

Indicator name: Potholes repaired—Local streets

Indicator name: Adopt-A-Highway adoption rate (%)
Description: The number of miles of the City’s highway system for which maintenance is sponsored through the Adopt-A-Highway Program divided by 362, the total number of adoptable highway miles.
Source: Division of Roadway Repair & Maintenance—Arterial Maintenance Unit.

Indicator name: Adopted highway miles that receive a service rating of good (%)
Description: The number of adopted highway miles that were inspected by DOT and assigned a service rating of good divided by the total number of inspected miles. Service tasks include litter removal, mechanical sweeping and beautification and can vary by segment. DOT sets both the service (task) for the adopted segment and the level of service (i.e., frequency) to be provided by the contractor.
Source: Division of Roadway Repair & Maintenance—Arterial Maintenance Unit.

Indicator name: Parking meters that are operable (%)
Description: The number of muni-meters that are functioning divided by the total number of muni-meters. A meter's operability is determined electronically or by inspection.
Source: Division of Traffic Operations—Parking Operations.

Indicator name: Total violations issued
Description: Total number of violations issued for all DOT service areas.
Source: Division of Sidewalks and Inspection Management—Highway Inspection and Quality Assurance Unit.

Indicator Name: Violations admitted to or upheld at the Office of Administrative Trials and Hearings (%)
Description: For all violations returnable to OATH, the number of violations where the respondent admitted to the violation and paid the penalty without a hearing or where the violation was upheld following a hearing as a percent of all violations resolved.
Source: Office of Administrative Trials and Hearings (OATH).

Indicator name: Average time to respond to high priority traffic signal defect and make safe (hours: minutes)
Description: The average number of hours it takes DOT contractors to repair and restore signal operation for defects requiring a two-hour response time. A repair can be temporary or permanent provided that the signal problem at the intersection is corrected and made safe.
Source: Division of Traffic Operations—Signal Engineering and Street Lighting

Indicator name: Average time to repair priority regulatory signs after notification (business days)
Description: The average number of business days it takes to repair priority regulatory signs (e.g., Stop, Yield, Do Not Enter, and One-Way) after notification to DOT.
Source: Division of Transportation Planning & Management—Traffic Control and Engineering

Indicator name: Average time to repair street lights—by DOT (calendar days)
Description: The average number of calendar days it takes DOT to repair streetlights.
Source: Division of Traffic Operations—Street Lighting Unit.

Indicator name: Average time to repair street lights—by ConEd (calendar days)
Description: The average number of calendar days it takes Con Edison to repair streetlights, for cases where repairs to Con Edison equipment is required to restore electricity.
Source: Division of Traffic Operations—Street Lighting Unit.

Indicator name: Citywide traffic fatalities
Description: The total number of pedestrian, motorist, bicyclist, and passenger deaths resulting from traffic crashes. Data reflects crash-related fatalities during the reporting period. Data is typically collected 30 days after the close of the reporting period.
Source: Division of Transportation Planning & Management—Research, Implementation & Safety / Chief of Transportation—New York City Police Department.
 Indicator name: Traffic fatalities—Bicyclists/pedestrians
Description: The number of bicyclist and pedestrian deaths resulting from traffic crashes. Data reflects crash-related fatalities during the reporting period. Data is typically collected 30 days after the close of the reporting period.
Source: Division of Transportation Planning & Management—Research, Implementation & Safety / Chief of Transportation—New York City Police Department.

 Indicator name: Traffic fatalities—Motorists/passengers
Description: The number of motorist and passenger deaths resulting from traffic crashes. Data reflects crash-related fatalities during the reporting period. Data is typically collected 30 days after the close of the reporting period.
Source: Division of Transportation Planning & Management—Research, Implementation & Safety / Chief of Transportation—New York City Police Department.

 Indicator name: Traffic fatalities—Other motorized
Description: The number of other motorized deaths resulting from vehicle collisions. This category includes e-bikes and e-scooters. Data reflects crash-related fatalities during the reporting period. Data is typically collected 30 days after the close of the reporting period.
Source: Division of Transportation Planning & Management—Research, Implementation & Safety / Chief of Transportation—New York City Police Department.

 Indicator name: Speed reducers installed
Description: The number of new speed reducers installed. Speed reducers (also known as speed humps) are traffic calming devices designed to slow vehicle speeds to either 15 or 20 mph. Speed reducers are located mostly on residential streets.
Source: Division of Transportation Planning & Management—Research, Implementation & Safety.

 Indicator name: Pavement safety markings installed (000,000) (linear feet)
Description: The number of new and replacement pavement safety markings installed (4" width) measured in million linear feet (MLF). Safety markings are durable and reflective material applied to pavement to guide and inform all street/highway users—including people walking, bicycling, and operating motor vehicles. Markings designate lane positioning, convey regulation, reinforce signing, and delineate conflict points.
Source: Division of Transportation Planning & Management—Highway Design and Construction.

 Indicator name: Intersections with accessible pedestrian signals installed
Description: The number of intersections with accessible pedestrian signals (APS) installed. APS are devices affixed to pedestrian signal poles to assist blind or low vision pedestrians in crossing the street. APS are wired to a pedestrian signal and send audible and vibrotactile indications when pedestrians push a button installed at the crosswalk.
Source: Division of Traffic Operations—Signal Engineering.

 Indicator name: Injury crashes
Description: The total number of traffic crashes that resulted in injury, including those on highways and bridges. Data is entered by NYPD staff into AIS (Accident Information System) and forwarded to NYCDOT’s Data Warehouse.
Source: Division of Transportation Planning & Management—Office of Research, Implementation, and Safety.

 Indicator name: Leading pedestrian intervals (LPIs) installed
Description: The number of Leading Pedestrian Intervals (LPIs) installed. LPIs allow pedestrians a “head start” of several seconds on the walk signal before parallel vehicular traffic receives a green light, which enhances pedestrian visibility to turning drivers.
Source: Division of Traffic Operations—Signal Engineering.

<td>The number of new crossing points (corners) installed, facilitating access by persons with disabilities.</td>
<td>Division of Roadway Repair &amp; Maintenance—Resource Management Unit.</td>
</tr>
<tr>
<td>Crossing points with pedestrian ramps installed (%)</td>
<td>The number of crossing points where pedestrian ramps have been installed, facilitating access by the disabled, divided by the number of crossing points identified as requiring a ramp. Crossing points are generally at corners but can also be at mid-block.</td>
<td>Division of Roadway Repair &amp; Maintenance—Resource Management Unit.</td>
</tr>
<tr>
<td>Pedestrian volume index</td>
<td>An index of pedestrian volumes—the number of pedestrians traveling on the sidewalk at 50 sample locations around the City. Sampling is conducted during one week of May and one week of September at consistent times of day and days of the week. The figure shown is a ratio using the May 2007 count as a baseline. The May 2007 count is assigned a starting value of 100, and the ratio of each new pedestrian count to the baseline count is multiplied by 100 to give the new value. A value of 102 for Spring 2008 means that pedestrian volumes at sample locations increased by approximately two percent over the May 2007 baseline.</td>
<td>Division of Transportation Planning &amp; Management—Pedestrian Projects Group.</td>
</tr>
<tr>
<td>Pedestrian space installed (square feet)</td>

</table>
Indicator name: WalkNYC Wayfinding elements installed
Description: The total number of WalkNYC Wayfinding elements added each year. The element count includes map-based signs, map-based signs with bus arrival time information, fingerpost pointers, wall mounted maps, Bike Share Kiosks, and subway station Neighborhood maps.
Source: Division of Transportation Planning & Management—WalkNYC Wayfinding Program.

Indicator name: Bridge projects (structural work) substantially completed on schedule (%)
Description: The percent of bridge (re)construction/rehabilitation projects completed on or before the scheduled completion date, not including non-structural or minor work.
Source: Division of Bridges—Management and Support Services Bureau.

Indicator name: Cases commenced against the City in state and federal court
Description: The number of State court and federal court matters assigned a litigation start date. In cases with payout, it will be paid from the judgment and claims account in the City's General Fund.
Source: Law Department Law Manager system.

Indicator name: Payout ($000)
Description: The judgment and claims amount, in thousands of dollars, paid by the City from the judgment and claims account in the City's General Fund to resolve cases through settlement or verdict.
Source: Law Department Law Manager system.

Indicator name: Workplace injuries reported
Description: All incidents resulting in a workers' compensation or line of duty injury claim regardless of whether or not time is lost.
Source: Occupational Safety and Health Office (HR & Facilities).

Indicator name: E-mails responded to in 14 days (%)
Description: The percentage of e-mails answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.

Source: BIS mainframe database maintained by DOB.

Indicator name: Building permits issued—Renewals (BIS)
– New buildings
– Major renovation (Alteration I)
– Minor renovation (Alterations II and III)
Description: The total number of building permits previously issued through BIS that were renewed during the reporting period, categorized by job type, as well as the respective number in each category. Job types include new buildings, major renovations (Alteration I) and minor renovations (Alterations II and III).
Source: BIS mainframe database maintained by DOB.

Indicator name: Certificates of Occupancy issued
Description: The total number of initial temporary Certificates of Occupancy issued plus the number of final Certificates of Occupancy issued during the reporting period.
Source: Certificate of Occupancy Document Database (CODD) maintained by DOB.

Indicator name: Average days to complete first plan review (Borough offices)
– New buildings
– Major renovation (Alteration I)
– Minor renovation (Alterations II and III)
Description: For plan reviews completed in the borough offices, the average number of business days for building applications to go from D status (application processed - completed) to either J status (disapproved) or P status (approved) for each job category.
Source: BIS mainframe database maintained by DOB.

Indicator name: Average days to complete first plan review (Hub projects)
– New buildings
– Major renovation (Alteration I)
– Minor renovation (Alterations II and III)
Description: For Hub projects, the average number of business days for building applications to go from assigned to either J status (disapproved) or P status (approved) for each job category.
Source: BIS mainframe database and SharePoint platform maintained by DOB.

Indicator name: Average days to complete first plan review (DOB NOW)
Description: For plan reviews of minor renovation (Alteration type II) applications completed in DOB NOW, the average number of business days for jobs to go from D status (application processed-completed) to either J status (disapproved) or P status (approved) for all jobs.
Source: DOB NOW database.

Indicator name: Permitted jobs professionally certified (%)
Description: The percent of jobs (building applications) filed by registered architects and professional engineers who have certified that their submissions are in compliance with the NYC Building Code and applicable zoning regulations. These jobs do not undergo a regular plan examination but are subject to random audit as well as other DOB reviews.
Source: BIS mainframe database maintained by DOB.
Department of Buildings

Indicator name: Permitted jobs professionally certified that were audited (%)
Description: The percent of professionally certified permitted jobs (building applications) filed that were audited by DOB staff. This includes 1) random (program) and targeted audits of jobs that are accepted and might have already received permits, and 2) zoning audits of new building, major renovations (Alteration type I) and other enlargement applications which are reviewed for compliance with the Zoning Resolution.
Source: BIS mainframe database maintained by DOB.

Indicator name: Of eligible audited jobs, the percent of audits that resulted in revocation notices (%)
Description: Excluding zoning reviews, which occur before approval, the percent of professionally certified jobs (building applications) that were audited by DOB staff after approval and/or permit issuance and for which objections pertaining to substantive issues of zoning, life safety and/or accessibility resulted in the issuance of a revocation notice. Note: An applicant must propose corrective measures within 15 calendar days of a revocation notice.
Source: BIS mainframe database maintained by DOB.

Indicator name: Average days between construction inspection request and inspection
Description: The average number of business days between the receipt of a request for a construction inspection and the first available date that an inspector can visit a job site.
Source: DOB NOW: Inspections.

Indicator name: Average days between electrical inspection request and inspection
Description: Appointment wait time is the average number of business days between the receipt of a request for an electrical inspection and the first available date that an inspector can visit a job site.
Source: DOB NOW: Inspections.

Indicator name: Average days between plumbing inspection request and inspection
Description: Appointment wait time is the average number of business days between the receipt of a request for a plumbing inspection and the first available date that an inspector can visit a job site.
Source: DOB NOW: Inspections.

Indicator name: Average days to complete first review (DOB NOW)
Description: Averaged count of business days (or fraction thereof) from filing date to first review date.
Source: DOB NOW

Indicator name: Average days from filing to approval (DOB NOW)
Description: Averaged count of business days (or fraction thereof) from filing date to first approval date (total time with the agency and the applicant).
Source: DOB NOW

Indicator name: Priority A (emergency) complaints received
Description: The number of complaints describing Priority A (emergency) conditions received by DOB. Priority A complaints include all accidents (construction and non-construction related), fumes/smoke from a boiler, unsafe or illegal demolition and vibrating or shaking building, among others.
Source: BIS mainframe maintained by DOB.

Indicator name: Priority B (nonemergency) complaints received
Description: The number of complaints describing nonemergency (Priority B) conditions received by DOB. Priority B complaints include the illegal conversion of residential/building space, excessive debris, failure to erect a sidewalk shed, inadequate sidewalk shed, and construction contrary to approved plans/permits, among others.
Source: BIS mainframe maintained by DOB.
Department of Buildings

Indicator name: Priority A complaints responded to
Description: The number of complaints describing emergency (Priority A) conditions for which DOB conducted an initial field visit. If the DOB inspector is able to gain access to the complaint site, the field visit results in an inspection. Priority A complaints include all accidents (construction and non-construction related), fumes/smoke from a boiler, unsafe or illegal demolition and vibrating or shaking building, among others. Excluded are those complaints that were administratively closed.
Source: BIS mainframe maintained by DOB.

Indicator name: Priority B complaints responded to
Description: The number of complaints describing nonemergency (Priority B) conditions for which DOB conducted an initial field visit. If the DOB inspector is able to gain access to the complaint site, the field visit results in an inspection. Priority B complaints include the illegal conversion of residential/building space, excessive debris, failure to erect a sidewalk shed, inadequate sidewalk shed, and construction contrary to approved plans/permits, among others. Excluded are those complaints that were administratively closed.
Source: BIS mainframe maintained by DOB.

Indicator name: Average time to respond to Priority A complaints (days)
Description: The average number of work days it took DOB to conduct a field visit for complaints describing emergency (Priority A) conditions. If the DOB inspector is able to gain access to the complaint site, the field visit results in an inspection. Priority A complaints include all accidents (construction and non-construction related), fumes/smoke from a boiler, unsafe or illegal demolition and vibrating or shaking building, among others.
Source: BIS mainframe maintained by DOB.

Indicator name: Average time to respond to Priority B complaints (days)
Description: The average number of work days it took DOB to conduct a field visit for complaints describing nonemergency (Priority B) conditions. If the DOB inspector is able to gain access to the complaint site, the field visit results in an inspection. Priority B complaints include the illegal conversion of space, excessive debris, failure to erect a sidewalk shed or an inadequate sidewalk shed, and construction contrary to approved plans/permits, among others.
Source: BIS mainframe maintained by DOB.

Indicator name: Residential illegal conversion complaints where access was obtained (%)
Description: The percent of residential illegal conversion complaints where access was gained and an inspection was completed during the reporting period.
Source: BIS mainframe maintained by DOB.

Indicator name: Access obtained and violations were written (%)
Description: The number of residential illegal conversion complaints that resulted in a violation being written as a percent of those complaints where the Department was able to gain access to the complaint location.
Source: BIS mainframe maintained by DOB.

Indicator name: Work without a permit complaints where access was obtained and violations were written (%)
Description: The number of Priority B work without a permit complaints that resulted in a violation being written as a percent of those complaints where the Department was able to gain access to the complaint location.
Source: BIS mainframe maintained by DOB.

Indicator name: Construction inspections completed
Description: The number of construction inspections completed citywide.
Source: BIS mainframe database maintained by DOB, DOB NOW: Inspections and electronic records maintained by DOB inspection units.
Indicator name: Construction inspections resulting in violations (%)
Description: The total number of construction inspections performed that resulted in the issuance of at least one violation divided by the total number of construction inspections performed. This includes both complaint-driven and development inspections.
Source: BIS mainframe database maintained by DOB and electronic records maintained by DOB inspection units.

Indicator name: DOB violations issued
Description: Violations issued by DOB that are a notice that a property is not in compliance with a provision of applicable law and includes an order from the Commissioner to correct the violating condition. This includes administrative violations issued for the non-submittal of required documentation, such as a property owner failing to submit evidence that required inspections were completed.
Source: BIS mainframe database maintained by DOB.

Indicator name: Office of Administrative Trials and Hearings violations issued
Description: The total number of violations issued by DOB that fall under the jurisdiction of the Office of Administrative Trials and Hearings. Initially reported data for the Preliminary Mayor’s Management Report (PMMR) and annual Mayor’s Management Report (MMR) is typically incomplete due to data entry backlog and routinely updated in subsequent releases of the MMR.
Source: AIMS database maintained by the Office of Administrative Trials and Hearings.

Indicator Name: Violations admitted to or upheld at the Office of Administrative Trials and Hearings (%)
Description: For all violations returnable to OATH, the number of violations where the respondent admitted to the violation and paid the penalty without a hearing or where the violation was upheld following a hearing as a percent of all violations resolved.
Source: Office of Administrative Trials and Hearings (OATH).

Indicator name: Construction-related incidents
Description: The total number of events on a construction site (with or without a permit) that DOB responded to within the reporting period. An event or incident includes accidents and anything other than a scheduled inspection.
Source: Incident database maintained by the FDC of Development & Tech Affairs Unit.

Indicator name: Construction-related accidents
Description: An accident is an incident caused by construction activity on a construction site, or on an adjoining site, which results in a fatality or injury requiring medical attention.
Source: Incident database maintained by the FDC of Development & Tech Affairs Unit.

Indicator name: Construction-related injuries
Description: The total number of persons injured (includes fatalities and non-fatalities) as a result of construction activity. This includes injuries occurring at a construction site, or related to an incident at a construction site.
Source: Incident database maintained by the FDC of Development & Tech Affairs Unit.

Indicator name: Construction-related fatalities
Description: The total number of fatalities that occurred on a construction site, or was related to an incident at a construction site, that was a result of construction activity.
Source: Incident database maintained by the FDC of Development & Tech Affairs Unit.

Indicator name: Incident inspections resulting in violations (%)
Description: The percent of incident inspections that resulted in a written violation within the reporting period.
Source: Incident database maintained by the FDC of Development & Tech Affairs Unit.
Indicator name: Workplace injuries reported  
Description: All incidents resulting in a workers' compensation or line of duty injury claim regardless of whether or not work time was lost.  
Source: Human Capital.

Indicator name: E-mails responded to in 14 days (%)  
Description: The percentage of e-mails answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.  
Source: Intranet Quorum.

Indicator name: Letters responded to in 14 days (%)  
Description: The percentage of letters answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.  
Source: Intranet Quorum.

Indicator name: Calls answered in 30 seconds (%)  
Description: The percentage of calls answered by a call center representative in 30 seconds or less. Time begins after initial prerecorded message.  
Source: Automatic Call Distribution (ACD) system.

Indicator name: Completed customer requests for interpretation  
Description: The sum of all requests for interpretation using a language other than English fulfilled by the agency via telephone (including Language Line, call centers, offices/reception desks and 311 transfer calls) and via face-to-face interaction with bilingual employees or contracted interpreters.  
Source: Borough and Unit Liaisons.

Indicator name: CORE customer experience rating (0-100)  
Description: An average score based on the rating of 15 conditions, including physical conditions (e.g., cleanliness, litter, seating) and customer service conditions (e.g., wait time, professionalism), for all agency walk-in facilities inspected, divided by the number of walk-in facilities inspected. Each of the 15 conditions can be rated excellent, good, fair or poor. Ratings of excellent are worth 100 points each, good ratings are worth 67 points, fair ratings are worth 33 points and poor ratings receive no points. Facilities are rated by trained City inspectors. Fiscal 2016 data for the overall rating represents a change in methodology. For agencies with multiple service centers, inspectors focused on sites that had historically lower scores, specifically sites that received an average overall site score of 85 or lower over the last three years and sites that received a score of 85 or lower in Fiscal 2015. If all agency service centers scored above 85 last year, the service center with the lowest overall score was inspected.  
Source: Mayor’s Office of Operations—SCOUT.

Indicator name: Percent of service requests meeting time to first action  
Description: The percentage of service requests for which the agency met its planned time of action to provide the service.  
Source: BIS mainframe database maintained by DOB.
Indicator name: Design projects completed
Description: The total number of infrastructure and public building design projects for which design was completed during the reporting period and the number in each reporting category.
Source: DDC’s Project Management Information System.

Indicator name: Total design projects completed early/on time (%)
Description: Of the projects for which design was completed during the reporting period, the percentage that were completed ahead of schedule or no more than 30 days behind the baseline schedule, exclusive of programmatic scope changes and delays outside of DDC control.
Source: Infrastructure and Public Buildings Divisions

Indicator name: Completed early/on time: Infrastructure (%)
Description: Of the infrastructure projects for which design was completed during the reporting period, the percentage that were completed ahead of schedule or no more than 30 days behind the baseline schedule, exclusive of programmatic scope changes and delays outside of DDC control.
Source: Infrastructure Division.

Indicator name: Completed early/on-time: Public buildings (%)
Description: Of the public building projects for which design was completed during the reporting period, the percentage that were completed ahead of schedule or no more than 30 days behind the baseline schedule, exclusive of programmatic scope changes and delays outside of DDC control.
Source: Public Buildings Division.

Indicator name: Construction projects completed
Description: The total number of infrastructure and public building construction projects that were substantially completed during the reporting period. A project is considered substantially complete when contract work has been finished. For public buildings a Certificate of Occupancy (temporary or final) is required. For infrastructure projects permanent street restoration must be in place.
Source: DDC’s Project Management Information System.

Indicator name: Total construction projects completed early/on-time (%)
Description: The percentage of all construction projects completed ahead of schedule or no more than 30 days behind the baseline schedule, exclusive of programmatic scope changes and delays outside of DDC control. Additions/adjustments to the design that was agreed on prior to construction start and funding issues caused by such adjustments constitute a programmatic scope change. On larger infrastructure projects (roadway/sewer/water main), delays caused by significant utility interference that are completely out of the agency’s control constitute a programmatic scope change.
Source: Infrastructure and Public Buildings Divisions.

Indicator name: Completed early/on-time: Infrastructure (%)
Description: “The percentage of all infrastructure projects for which construction was completed ahead of schedule or no more than 30 days behind the baseline schedule, exclusive of programmatic scope changes and delays outside of DDC control. Additions/adjustments to the design that was agreed on prior to construction start and funding issues caused by such adjustments constitute a programmatic scope change. On larger infrastructure projects (roadway/sewer/water main), delays caused by significant utility interference that are completely out of the agency’s control constitute a programmatic scope change.”
Source: Infrastructure Division.
Indicator name: Completed early/on-time: Public buildings (%)
Description: “The percentage of public buildings for which construction was completed ahead of schedule or no more than 30 days behind the baseline schedule, exclusive of programmatic scope changes and delays outside of DDC control. Additions/adjustments to the design that was agreed on prior to construction start and funding issues caused by such adjustments constitute a programmatic scope change.”
Source: Public Buildings Division.

Indicator name: Construction contracts completed within budget (%)
Description: The percentage of projects that completed construction where the resulting cost increase from change orders that were caused by DDC due to design error, design omission or field conditions does not exceed 10 percent of the adjusted total construction costs. (Note: for purposes of calculating this data, construction costs do not include costs associated with the change orders caused by DDC. Only stand-alone construction contracts are included.)
Source: DDC’s Project Management Information System.

Indicator name: Active design projects: Early/on-time (%)
Description: The percentage of active design projects for which the expected date of completion is earlier than or within 30 days of the baseline schedule, exclusive of programmatic scope changes and delays outside of DDC control. Active projects are those where work has begun but is not yet completed, as well as those projects that were completed in the reporting month.
Source: Infrastructure and Public Buildings Divisions.

Indicator name: Active construction projects: Early/on-time (%)
Description: The percentage of active construction projects for which the expected date of completion is earlier than or within 30 days of the baseline schedule, exclusive of programmatic scope changes and delays outside of DDC control. Active projects are those where work has begun but is not yet completed, as well as those projects that were completed in the reporting month.

</thead>
<tbody>
<tr>
<td>Projects audited (%)</td>
<td>The percentage of active projects in construction during the reporting period for which at least one quality assurance/site safety audit was performed. Projects that are under $100,000 and those completed within the first six weeks of the reporting period or started within the last six weeks of the period are excluded.</td>
<td>Quality assurance database.</td>
</tr>
<tr>
<td>Construction-related accidents on DDC-managed construction sites</td>
<td>On DDC-managed construction sites, the total number of work-related events which resulted in a fatality or injury requiring medical attention beyond first aid. This includes events occurring at a construction site or related to an event at a construction site.</td>
<td>Accident/Incident database maintained by DDC Safety and Site Support.</td>
</tr>
<tr>
<td>Construction-related injuries on DDC-managed construction sites</td>
<td>On DDC-managed construction sites, the total number of persons injured (required medical attention beyond first aid or suffered a fatality) as a result of a work-related event. This includes events occurring at a construction site or related to an event at a construction site.</td>
<td>Accident/Incident database maintained by DDC Safety and Site Support.</td>
</tr>
<tr>
<td>Construction-related fatalities on DDC-managed construction sites</td>
<td>On DDC-managed construction sites, the total number of fatalities resulting from a work-related event. This includes events occurring at a construction site or related to an event at a construction site.</td>
<td>Accident/Incident database maintained by DDC Safety and Site Support.</td>
</tr>
<tr>
<td>Eligible projects with completed post-construction surveys (%)</td>
<td>The number of eligible capital construction projects for which at least one completed customer survey was returned as a percent of the number of construction projects substantially completed during the last quarter of the prior fiscal year through the third quarter of the current fiscal year. Note: Infrastructure projects involving minimal work at multiple sites throughout the City are typically excluded from surveys.</td>
<td>DDC's Client Survey database.</td>
</tr>
<tr>
<td>Post-construction satisfaction - Surveys returned</td>
<td>The total number of completed post-construction satisfaction surveys returned to DDC.</td>
<td>DDC's Client Survey database.</td>
</tr>
<tr>
<td>Post-construction satisfaction surveys: Number of surveys sent</td>
<td>The total number of surveys sent for construction projects substantially completed during the reporting period. For each public building completed, a survey is sent to the Commissioner of the client/sponsor agency. For each infrastructure project completed, surveys are sent to 10 randomly selected residents/businesses located in the vicinity of the work that was done.</td>
<td>DDC’s Client Survey database.</td>
</tr>
<tr>
<td>Respondents rating a completed project as adequate or better (%)</td>
<td>The percentage of completed surveys returned with an overall satisfactory rating.</td>
<td>DDC’s Client Survey database.</td>
</tr>
</tbody>
</table>
Indicator name: E-mails responded to in 14 days (%)
Description: The percentage of e-mails answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.
Source: DDC’s correspondence tracking database.

Indicator name: Letters responded to in 14 days (%)
Description: The percentage of letters answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.

Indicator name: Zoning actions with CEQR (EIS) certified/referred
Description: The number of zoning actions with CEQR (City Environmental Quality Review) requiring an EIS (Environmental Impact Statement) initiated by private and public applicants, including DCP, that were certified as complete and, for those actions subject to ULURP (Uniform Land Use Review Procedure), referred for public review. Complex projects, which can include one or more land use applications and their associated environmental review, include zoning map changes, amendments to the zoning resolution, zoning special permits, authorizations, and certifications and require more involved environmental review and interagency coordination (Type I or unlisted actions).
Source: Database maintained by DCP’s Planning Coordination Division.

Indicator name: Zoning actions with CEQR (EIS) certified/referred within 22 months (%)
Description: The percent of public and private zoning actions with CEQR (City Environmental Quality Review) requiring an EIS (Environmental Impact Statement) certified as complete and/or referred for public review within 22 months of project start, normally marked by submission of a Pre-Application Statement (PAS) to the Department.
Source: Database maintained by DCP’s Planning Coordination Division.

Indicator Name: City projects (non-zoning) certified/referred
Definition: The number of projects submitted by public agencies or the NYC Economic Development Corporation, including their associated environmental review, which were certified as complete and, for those actions subject to ULURP (Uniform Land Use Review Procedure), referred for public review. Projects include individual sitings of City facilities, acquisition of property or office space by the City, housing approvals, business improvement districts, franchises, landmarks and concessions.
Source: Database maintained by DCP’s Planning Coordination Division.

Indicator Name: City projects (non-zoning actions) certified/referred within 6 months (%)
Description: The percent of projects submitted by public agencies or the NYC Economic Development Corporation, including their associated environmental review, certified as complete and/or referred for public review within six months of project start, normally marked by submission of a Pre-Application Statement (PAS) to the Department.
Source: Database maintained by DCP’s Planning Coordination Division.

Indicator name: Renewals/South Richmond Actions certified/referred
Description: The number of project renewals citywide and South Richmond School Seat/Subdivision certification project approvals located in the South Richmond Development Special District that are completed, referred and, for those actions subject to ULURP (Uniform Land Use Review Procedure), certified as complete and referred for public review. Typical applicants are individual home and business owners and private developers. Project renewals include special permits for use or bulk subject to terms of expiration.
Source: Database maintained by DCP’s Planning Coordination Division.

Indicator Name: Renewals/South Richmond Action projects certified/referred within 6 months (%)
Description: The percent of project renewals citywide and South Richmond School Seat/Subdivision certification project approvals, including their associated environmental review, certified as complete or referred for public review within six months of project start, normally marked by submission of a Pre-Application Statement (PAS) for renewals or a filed land use application for South Richmond School Seat/Subdivision certifications to the Department.
Source: Database maintained by DCP’s Planning Coordination Division.
Indicator name: E-mails responded to in 14 days (%)
Description: The percentage of e-mails answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.
Source: Records maintained by the Executive Office.

Indicator name: Letters responded to in 14 days (%)
Description: The percentage of letters answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.
Source: Records maintained by the Executive Office.

Indicator name: Completed customer requests for interpretation
Description: The sum of all requests for interpretation using a language other than English fulfilled by the agency via telephone (including Language Line, call centers, offices/reception desks and 311 transfer calls) and via face-to-face interaction with bilingual employees or contracted interpreters.
Source: Records maintained by DCP’s Planning Coordination Division.

Indicator name: CORE customer experience rating (0-100)
Description: An average score based on the rating of 15 conditions, including physical conditions (e.g., cleanliness, litter, seating) and customer service conditions (e.g. wait time, professionalism), for all agency walk-in facilities inspected, divided by the number of walk-in facilities inspected. Each of the 15 conditions can be rated excellent, good, fair or poor. Ratings of excellent are worth 100 points each, good ratings are worth 67 points, fair ratings are worth 33 points and poor ratings receive no points. Facilities are rated by trained City inspectors. Fiscal 2016 data for the overall rating represents a change in methodology. For agencies with multiple service centers, inspectors focused on sites that had historically lower scores, specifically sites that received an average overall site score of 85 or lower over the last three years and sites that received a score of 85 or lower in Fiscal 2015. If all agency service centers scored above 85 last year, the service center with the lowest overall score was inspected.
Source: Mayor’s Office of Operations – SCOUT.
Indicator name: Private investment leveraged on the sale/long-term lease of City-owned property ($000,000)
Description: The net present value of the total investment of private entities in connection with the sale or long-term lease of City-owned property. Private investment includes land sale or lease, and hard (site work and building construction) and soft (architecture and engineering) development costs. The data is extrapolated in the year that the transaction closes (land sale closing or lease execution), and reflects the anticipated total private investment associated with these projects.
Source: Real Estate.

Indicator name: Capital expenditures ($000,000) (excludes asset management and funding agreements)
Description: Based on an accrual basis, the amounts paid to firms (architecture, landscape architecture, engineering, resident engineering, etc.), construction managers, construction contractors, etc. for capital project related services. The data reported in the fiscal year Mayor’s Management Report (MMR) is a preliminary number and is updated in the following year’s Preliminary MMR to reflect the audited financial statements (e.g., Fiscal 2015 data is updated in the Fiscal 2016 PMMR).
Source: Finance.

Indicator name: Graffiti sites cleaned
Description: The number of properties cleaned through Graffiti-Free NYC, the City’s graffiti removal program.
Source: NYC’s graffiti database.

Indicator name: Square feet of graffiti removed (000)
Description: The square feet of graffiti removed by power-washing and painting through Graffiti-Free NYC, the City’s graffiti removal program.
Source: NYC’s graffiti database.

Indicator name: NYC Ferry—Average monthly ridership
Description: The average monthly ridership of passengers traveling on the NYC Ferry as reported to NYCEDC by Hornblower, Inc.
Source: NYCEDC/NYC Ferry

Indicator name: Capital expenditures on asset management ($000,000)
Description: Based on an accrual basis, the amounts paid to firms (architecture, landscape architecture, engineering, resident engineering, etc.), construction managers, construction contractors, etc. for capital project related services on NYCEDC-managed property. The data reported in the fiscal year Mayor’s Management Report (MMR) is a preliminary number and is updated in the following year’s Preliminary MMR to reflect the audited financial statements (e.g., Fiscal 2015 data is updated in the Fiscal 2016 PMMR).
Source: Finance.

Indicator name: Occupancy rate of NYCEDC-managed property (%)
Description: For NYCEDC-managed properties, the number of square feet leased as a percent of the total available space.
Source: Asset Management.

Indicator name: Portfolio revenue generated ($000,000)
Description: Revenue generated from NYCEDC’s portfolio of assets.
Source: Asset Management.

Indicator name: Square footage of assets actively managed by NYCEDC (000)
Description: The square footage of assets in which NYCEDC, on behalf of the City, is responsible for the day to day management and leasing of the property.
Source: Asset Management.
Indicator name: Businesses served by industry-focused programmatic initiatives
Description: The number of businesses actively engaged in NYEDC’s programmatic initiatives, including NYEDC’s incubator network and centers for excellence, technology competitions, partnership funds and programmatic ventures throughout the five boroughs.
Source: Initiatives.

Indicator name: Private sector jobs in innovation industries (%) (calendar year)
Description: The share of jobs within sectors designated as “advanced,” “innovative” and “creative” by the Brookings Institution, HR&A Advisors and NYEDC as a percent of all private sector jobs.

Indicator name: New York City unemployment rate (%)
Description: Average unemployment rate of New York City residents.

Indicator name: New York City Industrial Development Agency projects – Contracts closed
Description: The number of projects closed by the New York City Industrial Development Agency (NYCIDA), a state public benefit corporation created under New York State law with the capacity to provide financial assistance to commercial, industrial and, until January 31, 2008, not-for-profit organizations. NYCIDA project contracts are signed at closing, at which point project companies can begin to access benefits. NYCIDA programs can provide access to triple tax exempt financing, mortgage recording tax deferral, sales tax exemptions, land tax abatements and/or building tax stabilization.
Source: Compliance & Strategic Investments Group.

Indicator name: New York City Industrial Development Agency projects – Projected three-year job growth associated with closed contracts
Description: The number of jobs that companies retain and create in connection with closed New York City Industrial Development Agency (NYCIDA) projects. The data is compiled in the year that the transaction closes and includes the estimated number of new jobs that projects are expected to create during the first three years of the contract. NYCIDA is a state public benefit corporation created under New York State law with the capacity to provide financial assistance to commercial, industrial and, until January 31, 2008, not-for-profit organizations.
Source: Compliance & Strategic Investments Group.

Indicator name: New York City Industrial Development Agency projects – Projected net City tax revenues generated in connection with closed contracts ($000,000)
Description: The net present value of the estimated City tax revenues generated by closed New York City Industrial Development Agency (NYCIDA) projects, net of New York City and New York State benefits provided. The measure uses an input-output model developed by the U.S. Department of Commerce. The data is extrapolated in the year that the transaction closes and reflects the total City tax revenue impact of these projects during the term of the contract. NYCIDA is a state public benefit corporation created under New York State law with the capacity to provide financial assistance to commercial, industrial and, until January 31, 2008, not-for-profit organizations.
Source: Compliance & Strategic Investments Group.

Indicator name: New York City Industrial Development Agency projects – Private investment leveraged on closed projects ($000,000)
Description: The estimated value of third-party investment leveraged (federal, State and/or private) as a result of NYCIDA’s assistance.
Source: Compliance & Strategic Investments Group.
Indicator name: Build NYC Resource Corporation – Contracts closed
Description: The number of projects closed by Build NYC Resource Corporation (Build NYC), a local development corporation incorporated under the New York Not-for-Profit Corporation Law. Build NYC is administered by NYCEDC and assists qualified not-for-profit institutions and other entities in obtaining tax-exempt and taxable bond financing. As a conduit bond issuer, Build NYC’s primary goal is to facilitate access to private activity tax-exempt bond financing for not-for-profit institutions to acquire, construct, renovate and/or equip their facilities.
Source: Compliance & Strategic Investments Group.

Indicator name: Build NYC Resource Corporation – Projected three-year job growth associated with closed contracts
Description: The number of jobs that companies retain and create in connection with closed Build NYC Resource Corporation (Build NYC) projects. The data is compiled in the year that the transaction closes and includes the estimated number of new jobs projects are expected to create during the first three years of the contract. Build NYC, a local development corporation incorporated under the New York Not-for-Profit Corporation Law, is administered by NYCEDC and assists qualified not-for-profit institutions and other entities in obtaining tax-exempt and taxable bond financing. As a conduit bond issuer, Build NYC’s primary goal is to facilitate access to private activity tax-exempt bond financing for not-for-profit institutions to acquire, construct, renovate and/or equip their facilities.
Source: Compliance & Strategic Investments Group.

Indicator name: Build NYC Resource Corporation – Projected net City tax revenues generated in connection with closed contracts ($000,000)
Description: The net present value of the estimated City tax revenues generated by closed Build NYC projects, net of New York City and New York State benefits provided. The measure uses an input-output model developed by the U.S. Department of Commerce. The data is extrapolated in the year that the transaction closes and reflects the City tax revenue impact of these projects during the term of the contract. Build NYC, a local development corporation incorporated under the New York Not-for-Profit Corporation Law, is administered by NYCEDC and assists qualified not-for-profit institutions and other entities in obtaining tax-exempt and taxable bond financing. As a conduit bond issuer, Build NYC’s primary goal is to facilitate access to private activity tax-exempt bond financing for not-for-profit institutions to acquire, construct, renovate and/or equip their facilities.
Source: Compliance & Strategic Investments Group.

Indicator name: Build NYC Resource Corporation – Private investment leveraged on closed projects ($000,000)
Description: The estimated value of third-party investment leveraged (federal, State and/or private) as a result of Build NYC Resource’s assistance.
Source: Compliance & Strategic Investments Group.

Indicator name: Value of funding disbursed pursuant to City funding agreements ($000,000)
Description: The total value of funding disbursed in connection with active funding agreement contracts between NYCEDC and non-City entities. Funds are provided to non-City entities to implement projects that result in public betterment. Funding agreements are used to finance capital projects; typical projects include renovations, new construction, and acquisition of property.
Source: Budget; Funding Agreements Team.
Indicator name: Project employees reported to be earning a living wage or more (%)
Description: The number of employees on projects receiving financial assistance from NYC’s Industrial Development Agency, BuildNYC Resource Corporation or NYCEDC programs that earned a living wage, or more than a living wage, as defined by the Fair Wages for New Yorkers Act, as a percent of the total number of project employees.

Department of Housing Preservation and Development

Indicator name: Emergency complaints closed within 12 days of receipt (%)
Description: The number of emergency problems that were closed within 12 days of receipt divided by the number of emergency problems that were closed in the reporting period.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Nonemergency complaints closed within 20 days of receipt (%)
Description: The number of nonemergency problems that were closed within 20 days of receipt divided by the number of nonemergency problems that were closed in the reporting period.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Total violations issued
Description: The total number of violations issued.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Emergency violations issued
- Heat and hot water
- Lead
- Other emergency
Description: The total number of emergency repair-generating “C” violations issued, including heat and hot water, lead-based paint hazards and other emergencies, and the number in each reporting category. Emergency repair-generating violations are those for emergency conditions that HPD will attempt to address if the landlord fails to do so.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Nonemergency violations issued
Description: The total number of “A” violations (non-hazardous), “B” violations (hazardous), and “C” violations issued that do not call for emergency repairs by HPD.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Violations issued and removed in the same fiscal year (%)
Description: The number of violations removed during the fiscal year that were issued in that fiscal year divided by the total number of violations issued in the same fiscal year.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Emergency violations corrected by owner (%)
Description: Emergency repair-generating violations issued in the fiscal year that were deemed complied, closed as corrected on inspection, or closed as landlord complied, divided by the total number of emergency repair-generating violations issued in the same fiscal year.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Emergency violations corrected by HPD (%)
Description: Emergency repair-generating violations that were corrected by HPD divided by the total number of emergency repair-generating violations.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Violations closed
Description: The total number of violations closed during the reporting period regardless of the date the violation was issued. A violation is closed once the violating condition is reinspected by HPD and found to be corrected, if deemed corrected by HPD based on landlord certification, or if administratively removed by HPD.
Source: Office of Enforcement and Neighborhood Services.
Indicator name: Violations certified as corrected by owner
Description: The number of violations for which a property owner/managing agent submits a certification of correction. Certified violations may be reinspected and closed by HPD or may be deemed corrected and closed 70 days after certification (except for lead-based paint violations, heat violations and hot water violations) if HPD does not reinspect. Lead-based paint violations, heat violations and hot water violations can only be closed upon reinspection by HPD or if the conditions are corrected by HPD.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Housing Court cases initiated by HPD
Description: The number of Housing Court cases initiated by HPD's Housing Litigation Division (HLD) against private property owners to enforce compliance with the housing quality standards. HLD may seek correction of conditions, civil penalties, appointment of a 7A Administrator, or access warrants.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Housing Court cases initiated by HPD that were disposed
Description: For cases initiated by HPD, the number of cases with an outcome determined by the Court within the reporting period. Outcomes are point in time counts and the outcome for any given case may change/be updated when cases are returned to Court for further action.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Housing Court cases initiated by HPD that were settled
Description: For cases initiated by HPD, the number of stipulations or orders negotiated by the parties involved (i.e., HPD, tenants, respondents, tenant and/or respondent attorneys) and ordered by a judge during the reporting period. Generally, settlements include orders to correct conditions and civil penalties. Note: Outcomes are point in time counts and the outcome for any given case may change/be updated when cases are returned to court for further action.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Housing Court cases initiated by HPD resulting in judgments
Description: Formal decisions made by the Courts for cases initiated by HPD. This includes:
Default judgments: Judgments entered for an order to correct and/or civil penalties upon default where there was no appearance in Court by the required respondent(s). Judgments after trial: Judgments awarded by the Court after a trial and presentation of the evidence. Judgments after payment default: Judgments that are imposed after a payment schedule from settlements or consent orders were violated. Note: Outcomes are point in time counts and the outcome for any given case may change/be updated when cases are returned to court for further action.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Total dollars spent on emergency repairs (excluding demolition and AEP) ($)
Description: Total cost of emergency repair work completed by HPD's Emergency Repair Program to correct emergency repair-generating Class C violations where the landlord has failed to do so. Costs include both payments to contractors and the direct costs of in-house repairs.
Source: Office of Enforcement and Neighborhood Services.

Indicator name: Alternative Enforcement Program
Buildings currently active
Description: The number of buildings currently active in the Alternative Enforcement Program (AEP). AEP is an enhanced enforcement program, initiated in Fiscal 2008, which provides for the issuance of orders to property owners to correct violations and replace building systems. Failure to meet substantial compliance within the first four months of the building selection will result in the issuance of the order, regular inspections and significant fees, and may result in emergency repair charges and liens.

Indicator name: HNY units completed for homeless individuals and families
Description: Completed Housing New York (HNY) new construction and preservation units that are restricted for homeless individuals and families.
Source: HPD Office of Development.

Indicator name: Asset management—Rental buildings in portfolio
Description: The number of rental buildings that are monitored by HPD to ensure compliance with regulatory and financial requirements. Buildings included in the asset management program are those where the City has made an investment in the form of land or money or both, or that were formerly owned by the City.
Source: Division of Asset Management.

Indicator name: Asset management—Medium/high risk rental buildings in portfolio (%)
Description: The percentage of total rental buildings in the asset management portfolio at risk or already showing indications of physical deterioration, financial distress, or noncompliance with federal funding requirements. A project and its buildings are deemed medium or high risk if it meets certain criteria in at least one of three areas: physical health, financial health, or federal HOME and LIHTC compliance. Project physical health is measured by Housing Maintenance Code Class B (hazardous) and C (immediately hazardous) violations as well as Emergency Repair Balance. Financial health is measured by Emergency Repair Utility Balance, municipal arrears, and tax lien sale history. Fiscal year first quarter data is used as a proxy for the October year-to-date number reported in the Preliminary Mayor’s Management Report.
Source: Division of Asset Management.

Indicator name: Asset management—Co-op buildings in portfolio
Description: The number of co-op buildings that are monitored by HPD to ensure compliance with regulatory and financial requirements. Buildings included in the asset management program are those where the City has made an investment in the form of land or money or both, or that were formerly owned by the City.
Source: Division of Asset Management.

Indicator name: Asset management—Medium/high risk co-op buildings in portfolio (%)
Description: The percentage of total co-op buildings in the asset management portfolio at risk or already showing indications of physical deterioration or financial distress. A project and its buildings are deemed medium or high risk if it meets certain criteria in at least one of two areas: physical health or financial health. Project physical health is measured by Housing Maintenance Code Class B (hazardous) and C (immediately hazardous) violations as well as Emergency Repair Balance. Financial health is measured by Emergency Repair Utility Balance, municipal arrears, and tax lien sale history. Fiscal year first quarter data is used as a proxy for the October year-to-date number reported in the Preliminary Mayor’s Management Report.

<td>Indicator name</td>
<td>Description</td>
</tr>
<tr>
<td>---------------------------------------------------</td>
<td>--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>Average customer in-person wait time (minutes)</td>
<td>The average time in minutes from the time a customer meets with a greeter or information desk representative until he or she is met by a customer service representative. Security/building entry wait times are not included unless a security guard plays a formal intake role.</td>
</tr>
<tr>
<td>Visitors to the Division of Tenant Resources, Client and Owner Services rating customer service as good or better (%)</td>
<td>The number of visitors to the Division of Tenant Resources, Client and Owner Services facility (HPD’s Section 8 walk-in center) who rated their overall customer service experience as good or excellent as a percent of the total number of visitors who completed surveys.</td>
</tr>
<tr>
<td>Completed customer requests for interpretation</td>
<td>The sum of all requests for interpretation using a language other than English fulfilled by the agency via telephone (including Language Line, call centers, offices/reception desks and 311 transfer calls) and via face-to-face interaction with bilingual employees or contracted interpreters.</td>
</tr>
<tr>
<td>CORE customer experience rating (0–100)</td>
<td>An average score based on the rating of 15 conditions, including physical conditions (e.g., cleanliness, litter, seating) and customer service conditions (e.g., wait time, professionalism), for all agency walk-in facilities inspected, divided by the number of walk-in facilities inspected. Each of the 15 conditions can be rated excellent, good, fair or poor. Ratings of excellent are worth 100 points each, good ratings are worth 67 points, fair ratings are worth 33 points and poor ratings receive no points. Facilities are rated by trained City inspectors. Fiscal 2016 data for the overall rating represents a change in methodology. For agencies with multiple service centers, inspectors focused on sites that had historically lower scores, specifically sites that received an average overall site score of 85 or lower over the last three years and sites that received a score of 85 or lower in Fiscal 2015. If all agency service centers scored above 85 last year, the service center with the lowest overall score was inspected.</td>
</tr>
<tr>

Indicator name: Applications received for all DCAS civil service exams  
Description: The number of completed applications received by DCAS for Open Competitive, Promotion, and Qualified Incumbent civil service examinations excluding NYC Transit Authority exams.  
Source: Mainframe computer system (APPS), maintained by the Bureau of Examination, within the Human Capital Line of Service at the Department of Citywide Administrative Services (DCAS).

Indicator name: Employment applications received via NYC Jobs  
Description: The number of completed applications received from internal and external applicants via NYC Jobs (www.nyc.gov/jobs) within the fiscal year.  
Source: New York City Automated Personnel System (NYCAPS).

Indicator name: New hires  
Description: The number of newly hired people who identified themselves by race/ethnicity and gender divided by the sum of all new hires in the Mayoral agencies during the reporting period represented as a percentage. Mayoral agencies included are the Offices of the Mayor, ACS, BIC, BSA, CCHR, DFTA, DOB, SBS, DCP, DCAS, DCA, DOC, DCLA, DDC, DEP, DOF, DOHMH, DHS, DoITT, DOI, DPR, DSNY, DOT, DVS, DYCD, DORIS, FISA, FDNY, HPD, HRA, LPC, LAW, MOCS, NYPD, OATH, QATA, OEM, OMB, OPA and TLC. Does not include DOE or public authorities and corporations.  
Source: Citywide Equal Employment Database System (CEEDS).

Indicator name: Civil service exams open for filing by DCAS  
Description: The total number of examinations open for filing by DCAS within the fiscal year excluding NYC Transit Authority exams.  
Source: Human Capital.

Indicator name: Median time from exam administration to exam results completion for DCAS-administered exams (days)  
Description: The median number of days elapsed from the date a civil service exam was given to the date exam results are completed (list published or directly established at the request of a hiring agency) for all single-part (i.e., education & experience or multiple choice exams) and multi-part (i.e., qualifying education & experience or qualifying practical exams with competitive multiple choice exams) exams, excluding NYC Transit Authority (NYCTA) exams. NYCTA exams are excluded from this indicator because NYCTA has jurisdiction over the development, administration and scoring of its civil service exams; DCAS is only responsible for processing NYCTA's eligible lists. List publication refers to the point at which results are sent to candidates and published lists are sent to hiring agencies. Appointments cannot be made until a list has been established and certified to hiring agencies. The fiscal year figure is the median number of days for the entire fiscal year.  
Source: Human Capital.

Indicator name: Average rating for professional development sessions (%)  
Description: The average rating for professional development training sessions sponsored by DCAS Citywide Learning and Development based on post-session surveys filled out by training participants and City employees that receive services. The highest possible rating given by each participant is 100%.  
Source: Human Capital.

<tr>
<td>Average time to complete in-house trade shop work orders for minor repairs (days)</td>
<td>The average time, in days, for DCAS staff to complete in-house trade shop work orders for minor repairs starting from the time the work is assigned. DCAS calculates the average time to completion by including all work orders submitted, started and finished within a 30 day window. Calculations used for minor repairs do not include work orders finished beyond 30 days, including long-term projects as they may skew and misrepresent data presented. Work orders included in the calculations of this indicator reflect the average duration of work orders related to building operations and maintenance rather than renovations, small projects, long-term projects, etc. Trade shop includes carpenters, plumbers, electricians, etc., and is independent of maintenance and mechanical work.</td>
<td>Facilities Management</td>
</tr>
<tr>
<td>In-house trade shop work orders completed within 30 days (%)</td>
<td>The percentage of in-house work orders received by the DCAS trade shops finished within 30 days of the work being assigned. Trade shop includes carpenters, plumbers, electricians, etc., and is independent of maintenance and mechanical work.</td>
<td>Facilities Management</td>

</tbody>
</table>
Indicator name: Value of goods and services purchased ($000,000)
Description: The value, in millions of dollars, of purchase orders processed by the DCAS on behalf of City agencies. Purchase orders are requests from City agencies to purchase goods through DCAS contracts.
Source: Office of Citywide Procurement.

Indicator name: Value of Central Storehouse requisitions ($000)
Description: The value, in thousands of dollars, of all items purchased and stored by City agencies at the City's Central Storehouse.
Source: Office of Citywide Procurement.

Indicator name: Average time to fulfill requisition (days)
Description: Average number of days from submission of an agency request for goods stored at the DCAS Central Storehouse until signed delivery at the requesting location.
Source: Office of Citywide Procurement.

Indicator name: Inspections deemed non-compliant
Description: The number of quality assurance inspections resulting in a deduction or credit applied (deductions), a product deemed non-compliant or rejected (rejections), or a product or portion of the products being withheld (withholds), as a result of not meeting contract specifications.
Source: Office of Citywide Procurement.

Indicator name: Value of cost avoidance ($)
Description: The dollar value of cost avoidance for products deemed non-compliant with contract requirements and specifications by quality assurance inspectors. The value of cost avoidance includes deductions, rejections and holds (defined above). If an item is delivered to the City that does not conform to the bid specification but may still be used or if it deviates slightly from the requirements within the specification, DCAS Office of Citywide Procurement may negotiate an appropriate price deduction with the supplier. Judgments regarding the magnitude of an agreed upon price deduction will draw upon contract specifications, laboratory reports, determinations of technical experts, and other generally recognized trade and government sources.
Source: Office of Citywide Procurement.

Indicator name: Electricity purchased (kilowatt hours) (billions)
Description: Total electricity purchased in billions of kilowatt hours (kWh).
Source: Bills paid by DCAS.

Indicator name: Total energy purchased (British thermal units) (trillions)
Description: Total energy purchased in trillions of British thermal units (BTUs), including electricity, gas and steam.
Source: Bills paid by DCAS.

Indicator name: Electricity (%)
Description: Electricity purchased as a percent of the total energy purchased by the City (in British thermal units (BTUs)).

Indicator name: Steam (%)
Description: Steam purchased as a percent of total energy purchased (in British thermal units (BTUs)).
Source: DCAS Energy Management.
Indicator name: Annual estimated reduction in greenhouse gas emissions from all energy projects (metric tons)
Description: The annual reduction in greenhouse gas (GHG) emissions, by metric ton, (carbon dioxide equivalent or CO2e) estimated to be reduced as a result of energy efficiency and retro-commissioning projects that have been funded, in whole or in part, by DCAS on behalf of the City and are completed within the fiscal year reported. This measurement only reports on the estimated GHG reductions in building-related emissions for buildings with energy projects completed within a fiscal year and does not account for adjustments in other variables (e.g., changes in weather, occupancy, operation, etc.) that may impact the actual change in energy usage as reported in MMR energy usage data. Funded refers to funds invested by DCAS, or awarded by DCAS, to other City agencies for that agency’s implementation of a project.
Source: DCAS Energy Management.

Indicator name: Cumulative estimated reduction in greenhouse gas emissions from all energy projects (metric tons)
Description: Using Fiscal 2012 as a baseline, or starting point, the cumulative reduction in GHG emissions, by metric ton, (carbon dioxide equivalent or CO2e) estimated to be reduced as a result of energy efficiency and retro-commissioning projects that have been funded, in whole or in part, by DCAS on behalf of the City and are completed within a fiscal year period. This measurement reports the GHG reductions in building-related emissions for buildings with energy projects were completed within a fiscal year period and does not account for adjustments in other variables (e.g. changes in weather, occupancy, operation, etc.) that may impact the actual change in energy usage as reported in MMR energy usage data. Funded refers to funds invested by DCAS, or awarded by DCAS, to other City agencies for that agency’s implementation of a project.
Source: DCAS Energy Management.

Indicator name: Annual estimated avoided energy cost from all energy projects ($000,000)
Description: The annual estimated energy cost avoided, in millions of dollars, derived from municipal energy and retro-commissioning projects completed within a fiscal year based on project scopes, that have been funded, in whole or in part, by DCAS on behalf of the City, without adjusting for other variables (e.g., changes in weather) that may impact the actual change in energy usage as reported in MMR energy usage data.

Indicator name: Fleet in-service rate for DCAS-managed fleet (%)
Description: The percentage of the DCAS-managed fleet, a subset of the City’s total fleet managed directly by DCAS, that is available for use each month.
Source: Citywide Fleet Management.

Indicator name: Workplace injuries reported
Description: All incidents resulting in a workers’ compensation or line of duty injury claim regardless of whether or not time is lost. The number of incidents reported by DCAS, on a monthly basis, reflects the number of incidents that occurred. Employees may not report an injury at the time the incident occurred and may report it on a later date, resulting in a delay on the date an incident is reported.
Source: Administration and the Office of the General Counsel, Citywide Occupational Safety and Health.

Indicator name: Accidents involving the public in DCAS-managed properties
Description: All accidents recorded by the DCAS security vendor.
Source: Administration, DCAS Security.

Indicator name: Letters responded to in 14 days (%)
Description: The percentage of letters answered in 14 calendar days or less out of the total number of letters responded to during the reporting period. Responses are substantive and adequately address the question/issue raised by the customer. However, for complex inquiries that require research and additional action on the part of the agency, an acknowledgement that includes a description of the next step, as well as an estimated time frame for completion, is considered acceptable and is also reported as part of the 14 day response. Agencies track the additional time until a customer receives a complete and full response.
Source: DCAS Correspondence Management System.
Indicator name: E-mails responded to in 14 days (%)
Description: The percentage of e-mails answered in 14 calendar days or less out of the total number of e-mails responded to during the reporting period. Indicator name: Average turnaround time to issue decision for a parking ticket hearing-by-mail (days)
Description: The average number of calendar days from the receipt of a written request for a hearing until a decision is issued by an Administrative Law Judge. The time to process settlement offers for those eligible non-commercial motorists who opted to participate in the Parking Violations Settlement Program is included in the calculation through January 31, 2012, at which time the Program ended.
Source: Adjudication Division.

Indicator name: Parking ticket appeals reviewed
Description: The number of parking ticket hearing decisions that were appealed and reviewed by the Appeals Board. The Appeals Board consists of three or more Administrative Law Judges, Senior Administrative Law Judges, or Supervising Administrative Law Judges. The Appeals Board reviews the facts and the law but does not consider any evidence that was not presented at the original hearing. A concurring vote by two members of the Appeals Board panel is required to make a determination on an appeal; the determination is considered final.
Source: Adjudication Division.

Indicator name: Parking ticket appeals granted a reversal (%)
Description: The number of appeals filed that resulted in the hearing decision being reversed divided by the total number of appeals reviewed.
Source: Adjudication Division.

Indicator name: Senior Citizen Rent Increase Exemption (SCRIE)—Initial applications received
Description: The number of initial SCRIE applications received by DOF. Applications are received at the DOF mail room and then immediately sent to the SCRIE unit, where they are date stamped. This is the count of that date stamp.
Source: SCRIE Unit.

Indicator name: Average time to process initial SCRIE applications (days)
Description: The time, measured in calendar days, between the date an initial SCRIE application is received at the SCRIE unit and the date the review process is completed; that is, the application is approved, denied or deemed incomplete.
Source: SCRIE Unit.

Indicator name: SCRIE—Renewal applications received
Description: The number of renewal applications for SCRIE benefits received by DOF. Applications are received at the DOF mail room and then immediately sent to the SCRIE unit, where they are date stamped. This is the count of that date stamp.
Source: SCRIE Unit.

Indicator name: Average time to process SCRIE renewal applications (days)
Description: The time, measured in calendar days, between the date a renewal application for SCRIE benefits is received at the SCRIE unit and the date the review process is completed, that is, the application is approved, denied or deemed incomplete.
Source: SCRIE Unit.
Indicator name: Disability Rent Increase Exemption (DRIE)—Initial applications received
Description: The number of initial DRIE applications received by DOF. Applications are received at the DOF mail room and then immediately sent to the DRIE unit, where they are date stamped. This is the count of that date stamp.
Source: DRIE Unit.

Indicator name: Average time to process initial DRIE applications (days)
Description: The time, measured in calendar days, between the date an initial DRIE application is received at the DRIE unit and the date the review process is completed; that is, the application is approved, denied or deemed incomplete.
Source: DRIE Unit.

Indicator name: DRIE—Renewal applications received
Description: The number of renewal applications for DRIE benefits received by DOF. Applications are received by the DOF mail room and then immediately sent to the DRIE unit, where they are date stamped. This is the count of that date stamp.
Source: DRIE Unit.

Indicator name: Average time to process renewal DRIE applications (days)
Description: The time, measured in calendar days, between the date a renewal application for DRIE benefits is received at the DRIE unit and the date the review process is completed, that is, the application is approved, denied or deemed incomplete.
Source: DRIE Unit.

Indicator name: Senior Citizen Homeowner Exemption (SCHE)—Initial applications received
Description: The number of initial SCHE applications received by DOF. Applications are received at the DOF mail room and then immediately sent to the SCHE unit, where they are date stamped. This is the count of that date stamp.
Source: SCHE Unit.

Indicator name: Average time to process initial SCHE applications (days)
Description: The time, measured in calendar days, between the date an initial SCHE application is received at the SCHE unit and the date the review process is completed; that is, the application is approved, denied or deemed incomplete.
Source: SCHE Unit.

Indicator name: SCHE—Renewal applications received
Description: The number of renewal applications for SCHE benefits received by DOF. Applications are received by the DOF mail room and then immediately sent to the SCHE unit, where they are date stamped. This is the count of that date stamp.
Source: SCHE Unit.

Indicator name: Average time to process SCHE renewal applications (days)
Description: The time, measured in calendar days, between the date a renewal application for SCHE benefits is received at the SCHE unit and the date the review process is completed, that is, the application is approved, denied or deemed incomplete.
Source: SCHE Unit.

Indicator name: Disability Homeowner Exemption (DHE)—Initial applications received
Description: The number of initial DHE applications received by DOF. Applications are received at the DOF mail room and then immediately sent to the DHE unit, where they are date stamped. This is the count of that date stamp.
Source: DHE Unit.

Department of Finance

Indicator name: Total revenue collected ($000,000)
- Property taxes collected ($000,000)
- Business taxes collected ($000,000)
- Property transfer taxes collected ($000,000)
- Parking summonses revenue ($000,000)
- Audit and enforcement revenue collected ($000,000)
- Other revenue ($000,000)

Description: Total tax and non-tax revenues collected and the amount collected in each reporting category. The total includes revenue from property taxes; business income and excise taxes; real property transfer and mortgage recording taxes; parking fines; audit, enforcement and collection divisions; and all other revenue sources. The revenue data reported in the fiscal year Mayor’s Management Report (MMR) is based on preliminary September numbers from the City’s Financial Management System (FMS) and is updated in the following year’s Preliminary MMR to reflect final revenue as per FMS (e.g., Fiscal 2016 data is updated in the Fiscal 2017 PMMR).

Source: Tax Policy Division.

Indicator name: E-mails responded to in 14 days (%)

Description: The percentage of e-mails answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.

Source: Division of External Affairs.

Indicator name: Letters responded to in 14 days (%)

Description: The percentage of letters answered in 14 calendar days or less. Responses should be substantive and adequately address the question/issue raised by the customer. A simple acknowledgement is not considered an adequate response. However, for more complex inquiries that require research and action on the part of the agency, an acknowledgement which includes a description of the next step (either on the agency’s behalf, or the customer’s), as well as an estimated time frame for completion, is considered acceptable and can be reported as part of the 14 day response. Agencies must internally track the additional time until a customer has a complete and full response.

Indicator name: Completed customer requests for interpretation

Description: The sum of all requests for interpretation using a language other than English fulfilled by the agency via telephone (including Language Line, call centers, offices/reception desks and 311 transfer calls) and via face-to-face interaction with bilingual employees or contracted interpreters.

Source: Division of External Affairs.

Indicator name: Average customer in-person wait time (minutes)

Description: The average time a customer waits to see a customer service representative measured from the time a customer takes a Q-matic ticket until the customer is seen by a customer service representative.

Source: Payment Operations Division.

Indicator name: Calls answered by customer service representative (%)

Description: The number of calls made to the agency’s call center regarding judgment notices that were answered by an agent as a percent of all incoming calls.

Source: Collections Division.
Indicator name: CORE customer experience rating (0-100)
Description: An average score based on the rating of 15 conditions, including physical conditions (e.g., cleanliness, litter, seating) and customer service conditions (e.g., wait time, professionalism), for all agency walk-in facilities inspected, divided by the number of walk-in facilities inspected. Each of the 15 conditions can be rated excellent, good, fair or poor. Ratings of excellent are worth 100 points each, good ratings are worth 67 points, fair ratings are worth 33 points and poor ratings receive no points. Facilities are rated by trained City inspectors. Fiscal 2016 data for the overall rating represents a change in methodology. For agencies with multiple service centers, inspectors focused on sites that had historically lower scores, specifically sites that received an average overall site score of 85 or lower over the last three years and sites that received a score of 85 or lower in Fiscal 2015. If all agency service centers scored above 85 last year, the service center with the lowest overall score was inspected.

Among the civilian workforce, non-full-time employees and seasonal employees are counted as full-time equivalents (FTEs), adjusting for the proportion of a full-time salary that they earn. FTEs were not included in this data prior to December 2001. | The Office of Management and Budget.  
– Fiscal 2021 personnel reflect the number of employees active on June 30, 2021. Four-Month Actual Fiscal 2021 personnel and Four-Month Actual Fiscal 2022 personnel reflect the number of employees active on October 31 of the respective year.  
– Fiscal 2022 plans from the September 2021 MMR are consistent with the City’s Fiscal 2022 Adopted Budget. Updated Fiscal 2022 and Fiscal 2023 plans reflect the City’s February 2022 Financial Plan. |
| Overtime paid               | The additional monetary compensation received by those employees who worked in excess of the 35 or 40 hour work week. Actuals: In the MMR, actual overtime amounts for the most current fiscal year are not yet final, and are taken from the City’s Financial Management System at the time of budget adoption for the subsequent fiscal year. Final fiscal year actual values for annual overtime paid are reported in the subsequent PMMR (e.g., the Fiscal 2022 PMMR would contain final overtime values for Fiscal 2021) and are provided by OMB. Those final actual values reflect the Comptroller’s |
“Comprehensive Annual Financial Report”, the closing audit of the City's fiscal year budget, which is released after the publication of the MMR.

Plans: In the MMR, overtime plan information for the most current fiscal year (e.g. Fiscal 2022) reflects the City's prior preliminary financial plan, and the subsequent fiscal year plan reflects the City's adopted budget for the year. In the PMMR, the value of the September MMR plan for the current fiscal year (e.g. Fiscal 2022) is consistent with the adopted budget, and the values for the updated current year plan and subsequent year plan are consistent with the City's most recent preliminary financial plan.

– NYC Health + Hospitals and the New York City Housing Authority self-report overtime information.

– Annual overtime data from Fiscal 2003 onward is consistent in the MMR since Fiscal 2007, when the City changed to reporting budget-based overtime costs rather than the payroll-based overtime earnings reported in previous MMRs. Overtime plan information was not included in the MMR prior to September 2012.

– Fiscal 2022 plans from the September 2021 MMR are consistent with the City's Fiscal 2022 Adopted Budget. Updated Fiscal 2022 and Fiscal 2023 plans reflect the City's February 2022 Financial Plan.

– Four-Month Actual Fiscal 2021 figures and Four-Month Actual Fiscal 2022 figures are as of October 31 of the corresponding fiscal year, based on the October Financial Information Services Agency (FISA) report for that year.

Indicator name: Capital commitments

Description
The value of contracts for capital projects that the agency is authorized to register and actually registers. Capital projects include construction work and some other categories of procurements, including computer hardware and software, heavy equipment and vehicles. Some construction projects counted within a given agency’s commitment total may be managed by other agencies.
