Safe in the City Grant

The Mayor’s Office of Criminal Justice (MOCJ) recognizes that the responsibility to find solutions to prevent and ultimately end gun violence is not only held by the City’s political leaders and law enforcement but also by the residents and communities we serve. As a result, the Mayor’s Office to Prevent Gun Violence, has launched a city wide public safety grant to incentivize and encourage resident leaders and organizations to promote peace across communities.

The Safe in the City Grant offers funding opportunities designed to support community based actions and activities that will make neighborhoods safer. In addition to funding, applicants will also receive best practices and strategies from the MOCJ’s Public Safety Tool Kit, further empowering them to employ prevention, intervention and trauma response methods while amplifying the voice of community to stand against violence and promote healthy, vibrant neighborhoods.

The goals and expected outcomes of funded proposals are to increase community mobilization and messaging around anti-gun violence activities and initiatives, increase community-led responses to denounce violent incidents, foster greater connection of community to trauma/mental health services, increase positive engagements with NYPD and ultimately reduce violent crime.

Qualification Requirements

• Must be a NYC resident or an organization based in NYC serving NYC residents
