

OUR MISSION

is to transform government's approach to justice by supporting vibrant communities where residents are empowered to co-create public safety.

We believe that...

Community voice and agency are required for public safety solutions

Public safety solutions must be grounded in racial equity

Change is possible with love, healing and respect

We achieve this by...

Engaging with communities as equal partners

Scaling up community-based solutions

Connecting networks and organizations to multiply impact

Fostering capacity-building for community organizations

Supporting local leaders to gain access to decision-making

We practice this by...

Elevating community voice

Engaging in mutual information sharing

Investing in community-led solutions and leadership

Amplifying existing community networks

Facilitating linkages between communities and city agencies
