(2) For a large-scale general development located partially or wholly within the former Seward Park Extension Urban Renewal Area, the City Planning Commission, by authorization, may make the sign regulations of a C6-1 District applicable to those portions of such large-scale general development within a C2 District, and in addition, may modify the provisions of Section 32-68 (Permitted Signs on Residential or Mixed Buildings) to allow signs accessory to non-residential uses above the level of the finished floor of the third story, provided such signs do not exceed a height of 40 feet above curb level. In order to grant such authorizations, the Commission shall find that such modifications are consistent with the amount, type and location of commercial uses that the Commission finds appropriate within such large-scale general development.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the development.

NOTICE

On Wednesday, July 11, 2012, at 10:00 a.m., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing is being held by the Office of the Deputy Mayor for Economic Development in conjunction with the above ULURP hearing to receive comments related to a Draft Generic Environmental Impact Statement (DGEIS) concerning zoning map changes and zoning text amendments, zoning special permits for a large scale general development (LSGD) consisting of six sites and public parking garages on four sites, authorization to modify signage regulations, City map amendment to map and demap various streets within the project area, the disposition of City-owned property, approval of an Urban Development Action Area Project (UDAAP), and an acquisition for the purpose of relocating the Essex Street Market. The proposed actions would facilitate an initiative by the Office of the Deputy Mayor for Economic Development to allow for the implementation of an approximately 1.7 million gross square feet of mixed-use development on ten city-owned sites. These ten sites are located in Manhattan Community District 3 generally along Delancey and Essex Streets on the Lower East Side.

The zoning map amendment would place a C2-5 commercial overlay on four sites (Block 346, Lot 40 and Block 347, Lot 71) within the proposed LSGD. The zoning text amendments would modify ZR Sections 74-743 and 74-744 to eliminate the planting strip requirement in the proposed sidewalk widening; allow commercial floor area ratio to be shifted from the C6 district to the C2 district; allow Use Group 10, 11A, and certain 12A uses in the C2 zoning district; and, allow the modification of certain signage regulations. Mayoral and Borough Board approval of the business terms with the developer or developers to be selected pursuant to Request for Proposals (RFPs) may also be required, as applicable. Should the discretionary actions subject to ULURP be approved, an RFP process would commence to solicit proposals for development under the approvals. Construction financing for the residential buildings may come from a variety of private and public (local, state, and federal) sources. Comments are requested on the DGEIS and will be accepted until Monday, July 23, 2012. This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 11DME012M.
