For the purposes of this Section, a #zoning lot# owned by the New York City Educational Construction Fund may also include a tract of land under single fee ownership or alternate ownership arrangements according to the #zoning lot# definition in Section 12-10, when such tract of land includes a parcel which was the site of a public school listed in the following table.

The total number of #dwelling units# or #rooming units# and #residential floor area# shall not exceed that permissible for a #residential building# on the same #zoning lot#.
The distribution of #bulk# on the #zoning lot# shall permit adequate access of light and air to the surrounding #streets# and properties.

As further conditions for such modifications:

(a) the #school# and the #residence# shall be #developed# as a unit in accordance with a plan approved by the Commission;

(b) at least 25 percent of the total #open space# required by the applicable district regulations, or such greater percentage as may be determined by the Commission to be the appropriate minimum percentage, shall be accessible exclusively to the occupants of such #residence# and under the direct control of its management;

(c) notwithstanding the provisions of Section 23-12 (Permitted Obstructions in Open Space), none of the required #open space# shall include driveways, private streets, open #accessory# off-street parking spaces or open #accessory# off-street loading berths; and

(d) the Commission shall find that:

(1) a substantial portion of the #open space# which is not accessible exclusively to the occupants of such #residence# will be accessible and usable by them on satisfactory terms part-time;

(2) playgrounds, if any, provided in conjunction with the #school# will be so designed and sited in relation to the #residence# as to minimize any adverse effects of noise; and

(3) all #open space# will be arranged in such a way as to minimize friction among those using #open space# of the #buildings or other structures# on the #zoning lot#.

The Commission shall give due consideration to the landscape design of the #open space# areas. The Commission shall also give due consideration to the relationship of the #development# to the #open space# needs of the surrounding area and may require the provision of a greater amount of total #open space# than the minimum amount required by the applicable district regulation where appropriate for the purpose of achieving the #open space# objectives of the #Residence District# regulations.

The Commission may prescribe other appropriate conditions and safeguards to enhance the character of the surrounding area.
Educational Construction Fund projects in certain areas

In C6-9 Districts within the #Special Downtown Brooklyn District#, for #developments#, #enlargements# or #conversions# that include one or more #schools# on a tract of land owned by the New York City Educational Construction Fund, the City Planning Commission may permit the modifications set forth in paragraph (a) of this Section. For the purposes of this Section, a tract of land owned by the New York City Educational Construction Fund may also include a tract of land under single fee ownership or alternate ownership arrangements according to the #zoning lot# definition in Section 12-10, when such tract of land includes a parcel which was the site of a public school.

(a) Modifications

The Commission may modify:

(1) applicable ground floor #use# regulations;

(2) in a #Mandatory Inclusionary Housing area#, the affordable housing requirements of paragraph (d) of Section 23-154 (Inclusionary Housing);

(3) other #bulk# regulations, except that the maximum permitted #floor area ratio# may not be increased; and

(4) #accessory# off-street parking and loading berth requirements.

(b) Findings

To grant a special permit pursuant to this Section, the Commission shall find that:

(1) such modifications will facilitate the construction of one or more #schools# on the #zoning lot#;

(2) such ground floor #use# modifications will improve the layout and design of the #school# or #schools#, shall not have an adverse effect on the #uses# located within any portion of the #zoning lot# and will not impair the essential character of the surrounding area;

(3) such modifications to the affordable housing requirements in a #Mandatory Inclusionary Housing area# will facilitate significant public infrastructure or public facilities, including one or more #schools#, addressing needs that are not created by the proposed #development#, #enlargement# or #conversion#;
such #bulk# modifications will result in a better site plan for the #school# or #schools# and will have minimal adverse effects on the surrounding area;

such parking and loading modifications will improve the layout and design of the school and will not create serious traffic congestion or unduly inhibit vehicular or pedestrian movement and will not impair or adversely affect the development of the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.
