Preface

The City of New York has substantially amended its approved 2018 Consolidated Plan One-Year Action Plan to incorporate three additional Community Development Block Grant (CDBG) programs and to revise the programmatic goals and allocations for seven existing programs. These revisions are to be funded with \$162 million in additional CDBG Program Income (PI) monies from the sale of a property in a federal Urban Renewal Area.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The *2018 Consolidated Plan One-Year Action Plan* is the City of New York's annual application to the United States Department of Housing and Urban Development (HUD) for the four Office of Community Planning and Development entitlement programs: Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), Emergency Solutions Grant (ESG) and Housing Opportunities for Persons with AIDS (HOPWA).

In addition, the Proposed Action Plan serves not only as the City's application for the entitlement funds, but also as the HOPWA grant application for the New York HOPWA Eligible Metropolitan Statistical Area (HOPWA EMSA). The EMSA is comprised of the five boroughs of the City of New York plus three upstate New York jurisdictions (the counties of Westchester, Rockland and Orange), as well as three counties in central New Jersey (Middlesex, Monmouth and Ocean).

The 2018 Action Plan represents the fourth year of a five-year strategy for New York City's Consolidated Plan years 2015 through 2019. The five-year strategy was articulated in Volume 3 of the amended 2015 Consolidated Plan.

For the 2018 Program Year, the City received \$299,845,285 from the four HUD formula grant programs: \$166,605,497 for CDBG; \$75,481,734 for HOME; \$44,228,148 for HOPWA; and \$13,529,906 for ESG.

At the end of 2018, the City's CDBG program received approximately \$235.4 million in program income from the sale of a property in a federal Urban Renewal Area. This amended One-Year Action Plan reflects changes in the CDBG programming resulting from the portion of this program income allocated in the City Fiscal Year 2019 budget, which totals \$162 million. The remaining \$73.4 million of program income will appear in the City's Proposed 2019 Consolidated Plan One-Year Action Plan to be released later in 2019.

There are three new CDBG-funded programs described in this amended Action Plan: Accessibility Improvements in City Schools (\$66.5 million), Day Care Center Environmental Health Improvements (\$5 million), and Inspections in City Shelters (\$6.8 million). A fourth new program to be funded with this program income, the Parks Construction and Renovation Program, will appear in the Proposed 2019 One-Year Action Plan. Finally, the DOE School Kitchen Renovations Proposed will receive a new

allocation of \$1.4 million in 2018; an additional \$.8 million will be allocated in the Proposed 2019 Action Plan. Program descriptions, budgets, and projected accomplishments for the new programs can be found in the section AP-38.

Additionally, this amendment reflects budget increases resulting from the addition of this program income to the following existing programs: Code Violation Removal in Schools, Department of City Planning Comprehensive Planning, Public Housing Rehabilitation Program, and the Pelham, Prospect, and Van Cortlandt Parks Administrator’s Offices.

Finally, this amendment incorporates budget increases to several programs resulting from a collective bargaining agreement between District Council 37 (DC 37) and the City. These budget changes are outlined in the table below.

Please note that these changes did not constitute a substantial amendment to the 2018 One-Year Action Plan, and thus were not the subject of the amendment’s public comment period.

2. Summarize the objectives and outcomes identified in the Plan

Both the current and previous mayoral administrations recognize that safe and affordable housing as a priority in maintaining the City's vitality. In May 2014, Mayor Bill de Blasio released *Housing New York: A Five-Borough, Ten-Year Plan*, a comprehensive plan to build and preserve 200,000 affordable units over the coming decade. In November of 2017, Mayor de Blasio released his *Housing New York 2.0* plan accelerating and expanding the original *Housing New York* plan. *Housing 2.0* introduced a suite of initiatives under development to create 200,000 affordable homes two years ahead of schedule, by 2022, and reach a new goal of 300,000 newly constructed or preserved units by 2026. The housing related activities within the Proposed 2018 Consolidated Plan One-Year Action Plan are part of the Mayor's broader housing strategy.

Although safe affordable housing is crucial to improving the lives of New Yorkers, the City allocates a large share of HUD entitlement funds to community redevelopment programs as part of a holistic approach to improving resident's quality of life.

Finally, the amended 2018 Action Plan allocates a significant amount of funds to address its 2015 Strategic Plan goal of making the City more livable for people with disabilities. The City's Department of Education is committed to ensuring its programs, services, and activities are accessible to staff, members of the school community, students, family members with disabilities, etc. To this effort, the City has allocated \$66.5 million in CDBG funds in 2018 (and an additional \$66.5 million in 2019) to make physical improvements at City schools to remove architectural barriers to accessibility.

The New York City Consolidated Plan also serves as the HOPWA grant application for six (6) surrounding counties within the New York Eligible Metropolitan Statistical Area (EMSA): The New York counties of Orange, Rockland and Westchester and the New Jersey counties of Middlesex, Monmouth, and Ocean, respectively.

HPD promotes the construction and preservation of affordable housing for low- and moderate-income families in thriving and diverse neighborhoods throughout the five boroughs. Using federal, state and local funds, HPD finances affordable housing development and preservation while also enforcing housing quality standards and endeavoring to ensure sound management of the city's affordable housing stock. In partnership with 13 sister agencies, advocates, developers, tenants, community organizations, elected officials, and financial institutions HPD is responsible for carrying out the Mayor's ten-year housing plan.

HRA provides public benefits and services which assist in homelessness prevention, diversion and rehousing services, including the administration of rental assistance to move homeless families and adults into permanent housing. DHS is responsible for shelter operations and services to street homeless individuals. Programs for runaway and homeless youth and children aging out of foster care are administered by the Department of Youth and Community Development (DYCD), and Administration for Children's Services (ACS), respectively. DOHMH, along with the State's Office of Mental Health (OMH); Office for People with Developmental Disabilities (OPWDD); and, Office of Alcoholism and Substance Abuse Services (OASAS), plans, contracts for and monitors services for these disability areas and provides planning support to OASAS in the field of substance abuse services. DOHMH's Bureau of Mental Health, through contracted agencies, provides an array of mental health recovery oriented services and supportive housing programs to prevent homelessness and works collaboratively with Federal, City and State agencies to assure continuity of services.

The Department for the Aging, the Mayor's Office for People with Disabilities, and the Mayor's Office to Combat Domestic Violence address the concerns of targeted groups of citizens by providing housing information and supportive housing services assistance.

1. Introduction

New York City's Consolidated Plan citizen participation and formulation process is part of the City's larger Charter mandated budget process.

This process, specified in the City Charter, provides for citizen participation on all programs, projects and services funded by the City's Expense, Capital and Community Development Block Grant (CDBG) budgets.

As stated previously, the Consolidated Plan is the City's application for the four HUD Office of Community Planning and Development Entitlement Programs: CDBG, HOME, ESG, and HOPWA. The allocation of these funds will be for housing, homeless, supportive housing and community development programs and are determined during the City's Budget Process. The Consolidated Plan focuses on the money expected to be received from HUD and the matching funds that the City uses primarily from City Tax Levy; however, funds from the State, the private sector, and nonprofit organizations are also described.

The City's budget is required to be adopted on or before the start of its fiscal year (July 1st to June 30th). Citizens are encouraged to get involved in this decision-making process. The City's Budget Process, which is voted on by the City Council, is subject to extensive public review and participation. The City has an established citizen participation process that is divided into three phases: 1. Needs assessment and budget preparation (May to November); 2. Preliminary Budget (November to April); and 3. Executive and Adopted Budget (April to July). The Budget Process solicits citizen comments at several stages before the final budget is adopted. For opportunities for individuals, community boards, and other organizations to participate in the planning and budgeting process, please refer to the schedule on OMB's website at <http://www1.nyc.gov/site/omb/about/new-york-city-budget-cycle.page>.

Citizen participation in developing the budget is mandated by the City Charter. Through months of consultations with the 59 community boards, expense and capital budgets for operating agencies are established. Additionally, public hearings may be held by individual agencies to assist in the development and enhancement of their respective programs and operations. This provides agencies with a significant understanding of community priorities for capital project and service delivery improvements.

This schedule emphasizes the participation of the community boards at the local level because, by City Charter mandate, the boards are charged with monitoring City service delivery, proposing budget priorities, and reviewing development and land use proposals at the community level. The 59 local community boards are the primary mechanism for citizen participation in the budget process in New York City. Others seeking input into the City's budgetary decisions find it appropriate and useful to obtain a community board's endorsement of their proposals. Each board is composed of up to 50 people who live or work in the community district.

Citizens have an opportunity to participate in the above process in several ways including participating locally with the community board and organizations represented on community board committees and attending and testifying at local hearings held by community boards and those held by the City Council. Hearings held in the fall facilitate the community boards' development of their Statement of Community District Needs and Priorities and their Capital and Expense/CD Budget project/program requests. In February, citizens have an opportunity to testify at a community board public hearing on the Preliminary Budget in relation to community needs. Public hearings are held by the City Council in May on the Executive Budget and the Proposed Community Development Budget before final adoption of the budget.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

DHS, as the recipient of the ESG funds, works closely with public agencies and non-for-profit partners to reduce street homelessness, provide emergency shelter for single adults and to assist homeless families in the transition from temporary housing into permanent housing. DHS collaborates with governmental and non-governmental human services entities to enhance the provision of prevention and homeless services. As of April 2016, HRA oversees homeless prevention services as part of a new integrated services structure between DHS and HRA established to provide a more seamless and effective delivery of client services. The NYC CCoC, DHS and HRA are working on the implementation of a HUD mandated coordinated entry system (CES) furthering the coordination of resources available to persons experiencing homelessness.

New York City is fully participating in the Medicaid Expansion under the ACA. As a result, CoC and 100% of project recipients and subrecipients participated in efforts to educate and facilitate healthcare enrollment among low income and homeless individuals and families. Outreach, in-person assistors, certified application counselors, brokers, and navigators provided in person enrollment and assistance with the Marketplace. In addition to the CoC services and outreach, its partnership with NYC Health Insurance Link, Health and Hospital Corporation, Medicaid Health Homes, ensures that chronically homeless are assessed and enrolled in healthcare services. DHS also works closely with the NYC CCoC SOAR Taskforce and SAMHSA SOAR State Team to train case managers on SOAR to improve approval rates of Supplemental Security Income (SSI) or Social Security Disability Insurance (SSDI) benefits for eligible individuals and families served within the NYC continuum.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

DHS, the ESG recipient and collaborative applicant for the NYC CoC, coordinates extensively with CoC providers and the Consolidated Plan jurisdiction. Coordination takes place through monthly meetings between representatives from both groups in an effort to align priorities and share efforts toward the NYC's five-year Con Plan. This collaboration has resulted in goals which are aligned and stated in the CoC's strategic plan as: Investing in proven strategies to reduce the number of homeless individuals on the streets; Preventing those families and individuals at-risk of homelessness from entering shelter;

Ensuring that shelter is a short-term solution to a housing crisis by rapidly re-housing families and individuals. The aim is to end homelessness, with an emphasis on veterans, chronic and youth homelessness.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The Homebase prevention, street outreach, and emergency shelter providers are evaluated based on HUD system performance measure. DHS shared this work with the Continuum of Care Steering Committee and will review periodically with the NYC CCoC Data Management Committee. DHS will utilize its HMIS to monitor system performance through the following indicators:

- Length of time homeless
- Returns to homelessness within 6 to 12 months; returns within two years
- Number of persons served
- Number of first time homeless persons
- Placement from Street Outreach and retention of Permanent Housing

For reference, see Emergency Solutions Grant Written Standards in Appendix.

Narrative

To prepare the portion of its consolidated plan concerning lead-based paint hazards, the grantee jurisdiction consulted with the NYC Department of Health and Mental Hygiene (DOHMH), the agency charged with conducting environmental investigations for children with elevated blood lead levels

(EBLL). The jurisdiction also examined existing data related to lead-based paint hazards and EBLLs, including DOHMH data on the addresses of housing units in which children have been identified as having elevated blood lead levels. For both Public Housing and the Section 8 Housing Choice Voucher programs, DOHMH provides NYCHA with information regarding its investigations of children with EBLLs where that investigation has identified lead paint hazards.
