2. the anticipated rates of automobile ownership for residents of such #large-scale residential development# or #large-scale general development# are minimal and that such reduction or waiver is warranted;
3. such reduction of parking spaces will not have undue adverse impacts on the residents, businesses or #community facilities# in the surrounding area, including the availability of parking spaces for such #uses#; and
4. such reduction of parking spaces will result in a better site plan.
