*Several facilities were observed to have ceased operations as public parking facilities

•**451 10th Ave.** has been observed to be closed as of December 2019. The site is a known development.

•**509-521 W. 34th St. and 435 10th Ave.** (a/k/a 66 Hudson Yards) has been observed to have been closed for more than two years but as that site has a pending application for parking spaces, some of which will be spaces of the closed on-site parking lot, the spaces of the now-closed lot will not be subtracted from the Reservoir Surplus.

****537-545 W. 37th St.** previously received 82 spaces pursuant to N150258ZCM. The applicant/developer did not substantially construct that development within 2 years of receiving the chair certification pursuant to 93-821(e)(4).

If a facility remains closed to public parking two years after the date it was first observed to be closed or if the facility's site has a new building with completed foundations or if the site has an active application for parking pursuant to Sec. 93-821 the facility shall be removed from this survey and its number of spaces subtracted from the Reservoir Surplus.
