This errata is to notify you of the two changes that have been made in the One 45/Museum of Civil Rights Environmental Assessment Statement (EAS) and Draft Scope of Work (DSOW).

- To address a potential copyright issue, Figure 7 in the DSOW Figure 7 and Figure 4c in the EAS have been replaced.
- The Project Description in both the EAS and DSOW have been updated to correct that the project is located in “Harlem” neighborhood of Manhattan instead of “West Harlem.”

Revised versions of the EAS and DSOW are available at DCP’s website at: <https://www1.nyc.gov/site/planning/applicants/scoping-documents.page>
