Summary

This dataset was produced under the requirement of Section 204 of the City Charter. It was produced in conjunction with the Citywide Statement of Needs and a map of uses on city owned and leased properties presented online.

Description

The City Owned and Leased Properties (COLP) is a comprehensive listing of city properties. Multiple uses can occur on the same tax lot; therefore a lot may appear more than once. This feature class contains all mappable properties.

COLP has been produced from data in the Integrated Property Information System (IPIS), a real estate database maintained by the Department of Citywide Administrative Services (DCAS).
