

City Owned and Leased Properties - Property with No Use

File Geodatabase Feature Class

Tags

COLP, DCAS, IPIS, New York City, NYC, city owned, leased, property, cultural, recreation

Summary

This dataset was produced under the requirement of Section 204 of the City Charter. It was produced in conjunction with the Citywide Statement of Needs and a map of uses on city owned and leased properties presented in ZoLa, DCP's public facing zoning and land use mapping application.

Description

The City Owned and Leased Properties (COLP) is a comprehensive listing of city properties. Multiple uses can occur on the same tax lot; therefore a lot may appear more than once. This feature class contains properties with no use only.

COLP has been produced from data in the Integrated Property Information System (IPIS), a real estate database maintained by the Department of Citywide Administrative Services (DCAS). DCAS now posts the COLP data on the New York City Open Data website (<https://nycopendata.socrata.com>).
