Hispanic Total = 2,336,000

Notes: Percent distributions are shown for neighborhoods with a minimum total population of 15,000, and a Hispanic population of at least 5,000. Neighborhoods are represented by Neighborhood Tabulation Areas or NTAs; these are aggregations of census tracts that are subsets of New York City’s 55 Public Use Microdata Areas (PUMAs). Primarily due to these constraints, NTA boundaries and their associated names may not definitively represent neighborhoods.
