EAST NEW YORK NEIGHBORHOOD PLAN

Future Chestnut Commons

Future 1,000 seat school

New Workforce1 Center

The East New York Neighborhood Plan is a coordinated plan to promote affordable housing, encourage economic development, create pedestrian-friendly streets and invest in community resources to support the long-term growth and sustainability of East New York, Cypress Hills and Ocean Hill. The Plan was developed through a robust community planning process which involved close collaboration with residents, stakeholders and elected officials.

The Plan is projected to create nearly 6,000 units of housing in the next fifteen years, with deep affordability commitments from the City. The City also committed \$267 million in capital projects and services as part of the plan for these three communities.
