

# WELCOME to the Jerome Avenue Study Open House

## **Welcome to the Jerome Avenue Community Plan Open House!**

In support of Mayor de Blasio's Housing New York Plan, the Department of City Planning is leading a community planning study to revitalize a two-mile stretch of Jerome Avenue with the aim of supporting surrounding neighborhoods mainly in Community Districts 4 and 5. Fostering diverse, livable neighborhoods is a key policy of Housing New York. And ground-up neighborhood planning with communities as a partner, supported by coordinated capital investments to meet local needs, is a key strategy.

Through the public planning process, together we will build the Jerome Avenue Community Plan.

The Open House is the first of many public activities designed to engage the community in the creation of the plan. The Open House is an opportunity to learn and share. Go at your own pace. Stay 10 minutes. Stay an hour. Ask questions, provide input, or just observe. We encourage you to visit each station to learn more about the study, the planning process, and provide valuable input on your goals and issues for your neighborhood.

The stations are as follows:

### **Tell Us About You • Neighborhood Profile • Planning and Zoning • Economic Development • Community Resources • Housing • "What I love about my neighborhood" • "Under the Elevated"**

A Community Workshop Series (May) will allow us to take a deeper dive into topics and further build the community-wide discussion of issues. A Visioning Workshop (June) will allow us to build community-wide consensus around the vision, goals, and priorities for community development, overall and at neighborhood level, that will be the basis of the community plan. Additional events are planned to help refine the plan.

Share. Learn. Contribute. Your goals. Your concerns. Your neighborhood. Your plan.

*Thank you for coming.*

*Sponsored by Community Board 4, Community Board 5, and the Department of City Planning*
