

STATEN ISLAND SPECIAL DISTRICTS OPEN HOUSE - OCTOBER 3rd, 2018

On Wednesday, October 3rd, DCP hosted an Open House at the Greenbelt Nature Center to share with the public about the proposed Special Districts Update. The meeting included a presentation and some hands on exercises.

WHERE YOU LIVE/WORK

Participants were invited to locate on a map where they live or work to understand their relationship with the Special Districts.

INTERACTIVE MODEL

Using interactive models, participants got a glimpse into how the proposed rules would affect possible development and preservation outcomes. These models helped them understand the overarching decision points in the physical development of the space.

OPINIONS BOARD

Participants identified the current positive and negative aspects of their neighborhoods.
