### Neighborhood Strategies

#### Reachwide

- Explore possibility of providing signage and improving connections between upland neighborhoods and existing publicly accessible waterfront sites.

#### MacNeil Park

- Explore opportunities for human-powered boat launch and boathouse based on the criteria described in the Citywide Strategy.

#### Powell's Cove

- Explore street end public access to Powell's Cove from Powell's Cove Blvd.
- Complete improvements at Tallman Island Waste Water Treatment Plant to reduce nitrogen discharge into the East River.

#### Whitestone Pier

- Explore opportunities to lease and operate the dilapidated pier for recreation based on the criteria described in the Citywide Strategy.

#### Rock Crushing Site

- Support rezoning and lower density residential redevelopment that incorporates public waterfront access.

#### Alley Creek

- Complete new CSO storage facilities.
