

Annual Update to the Concept Plan

October 24, 2018

Projects in the Concept Plan (to date)

The Concept Plan includes a list of projects that were identified through the Greater East Midtown rezoning effort. It includes projects in three categories: Thoroughfare Improvements, Shared Streets and Plazas. Each of these project types is intended to enhance the public realm by providing additional space for pedestrians and to improve safety by redesigning the streets where appropriate.

Thoroughfare Improvements

- 53rd Street, Fifth Ave to Third Ave
- Madison Avenue, 40th to 57th St
- Park Avenue, 46th to 57th St
- Lexington Avenue, 41st to 57th St
- Third Avenue, 41st to 57th St

Shared Streets

- 41st Street, Fifth Ave to Lex Ave
- 43rd Street, Lex Ave to Third Ave
- 44th Street, Lex Ave to Third Ave
- Vanderbilt Avenue, 43rd to 47th St

Plazas

- Pershing Square East, 41st to 42nd St
- Park Ave East, 40th to 41st St
- Park Ave West, 40th to 41st St

Projects Added and Removed in the Past Year

Though no projects have officially been added or removed from the Concept Plan, the City's plans for the Park Avenue Median Widening project have shifted. NYC DOT is actively coordinating Park Avenue improvements with Metro North's train shed restoration project. At this time, any interim treatments to the roadway may complicate this important capital project, so our efforts are focused on the development of permanent proposals to be considered in tandem with MNR's project. There will be a formal public input and review process related to this effort. The City will keep the Governing Group informed of any developments.

Dollar Amount of Funds Designated to Each Project in the Concept Plan

Capital funds have been designated for three projects in the Concept Plan. Two projects have been funded in full - 43rd Street Shared Street and Pershing Square East Plaza, while one project has been funded in part – Lexington Avenue Thoroughfare Improvements.

The funding levels from both City capital funds as well as the City capital funds allocated by the Governing Group are provided in the below table.

Project Title	City Funding Allocated by Governing Group	Other City Capital Funding	Total
43rd Street Shared Street	\$ 6,250,000	\$ 11,000,000	\$ 17,250,000
Lexington Avenue Thoroughfare Improvements ¹	\$ 12,800,000	\$ -	\$ 12,800,000

Schedule of Projects with a Designation of Funding by the Governing Group

	43rd St Shared Street & Lexington Ave Improvements	Pershing Square East Plaza
Design Start	Fall 2018	Beginning 2019
Design End	Fall 2020	End of 2020
Construction Start	Summer 2021	Fall 2021
Construction End	Spring 2023	Summer 2023

¹ The Concept Plan included Lexington Avenue between 41st St and 57th St, but there was an opportunity to move a portion of this project forward quickly and cost effectively by adding the section between 41st St and 48th St to the already funded Shared Street project at 43rd St.

² Some projects may require additional funding for associated water and sewer work.
