(7) the aggregate number of litter receptacles in such public access areas shall be 21;

(8) no gates, fences or other barriers shall be permitted within such public access areas except that protective bollards provided in connection with the development of the Ninth Avenue Rail Yard may be located within the required public access areas; and

(9) for the purposes of applying the #sign# regulations to #building# walls facing public access areas, such public access areas shall be considered #streets#.

(b) Maintenance

The owner or owners shall be responsible for the maintenance of all public access areas, including, but not limited to, litter control, management of pigeons and rodents, maintenance of
required lighting levels, and the care and replacement of furnishings and vegetation.

(4/29/14)

93-732
Certification for public access areas on the Ninth Avenue Rail Yard

No certification for the phased development of public access areas on the Ninth Avenue Rail Yard shall be permitted until a plan has been submitted that provides for the completion of public access areas in accordance with the provisions of this Section. Such plan shall provide, at a minimum, that the entry plaza, required pursuant to paragraph (a) of Section 93-73 (Public Access Areas on the Ninth Avenue Rail Yard) will be provided in connection with the construction of a #building# located on the northeast corner of the Ninth Avenue Rail Yard, that the art plaza, required pursuant to paragraph (c) of Section 93-73, will be provided in connection with the construction of a #building# located on the southeast corner of the Ninth Avenue Rail Yard and that in connection with the construction of a #building# on the southwest corner of the Ninth Avenue Rail Yard, the West 31st Street connector required by paragraph (e) of Section 93-73, and a 20-foot wide paved area along the eastern edge of Dyer Avenue and extending for the north-south dimension of such #building# will be provided.

An application for certification under this Section shall be filed with the Chairperson of the City Planning Commission and such application shall include a site plan indicating the area and dimensions of the public access area, or portions thereof, and a detailed plan or plans demonstrating compliance with the requirements of Section 93-73.

Plans for the public access areas shall be set forth in an instrument in a form acceptable to the City, including such provisions as are necessary to ensure compliance with the provisions of this Section. Such instrument shall be filed and duly recorded in the Office of the City Register of the City of New York for New York County and indexed against the property. Such filing and recording of the instrument shall be a precondition for the Chairperson’s certification to the Department of Buildings under this Section. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.
No temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a development within a phase until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the public access area, or portions thereof associated with such phase, is substantially complete and that such public access area, or portions thereof, are open to and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such development until the Chairperson certifies to the Department of Buildings that the public access areas, or portions thereof, are fully complete, and that all requirements of this Section have been met in accordance with the plans for public access area, or portions thereof associated with such phase.

No temporary certificate of occupancy from the Department of Buildings may be issued for a building, or portion thereof, where the total amount of floor area that has been developed or enlarged on the Ninth Avenue Rail Yard exceeds 3,204,000 square feet until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that the public access areas at 450 West 33rd Street required by paragraphs (c) and (d) of Section 93-72 and that all public access areas on the Ninth Avenue Rail Yard required by Section 93-73 have been substantially completed and are open and useable by the public. Notwithstanding the foregoing, the Chairperson may, with respect to the public access area required by paragraph (c) and the elevator required by paragraph (d) of Section 93-72 at 450 West 33rd Street, certify to the Commissioner of Buildings that such temporary certificate of occupancy may be issued absent their substantial completion provided that:

(a) the owner of 450 West 33rd Street has submitted proof that all or portions of the area of the West 31st Street passageway required by paragraph (c) of Section 93-72 was at any time subject to a lease with an expiration date of December 31, 2019, and was not able to obtain control of the areas subject to such lease on or before December 31, 2017;

(b) a letter of credit has been posted in accordance with City requirements, and such letter of credit:

(1) is in an amount equal to 200 percent of the estimated cost to construct the public access area and the elevator at 450 West 33rd Street, required by paragraphs (c) and (d) of Section 93-72, respectively, as set forth in a cost estimate prepared by a professional engineer. Such cost estimate shall be based upon construction documents prepared by a registered architect and submitted with the
application for certification pursuant to this Section, and shall be subject to review and acceptance by the City; and

(2) authorizes the City to draw upon the letter of credit if such public access area and elevator have not been substantially completed and are not open and usable by the public by December 31, 2022;

(c) that an easement agreement has been recorded granting the City access to 450 West 33rd Street and the Ninth Avenue Rail Yard, as may be necessary for purposes of constructing the public access area and elevator required by paragraphs (c) and (d) of Section 93-72, respectively, if they are not completed by the owner by December 31, 2022; and

(d) in addition to the foregoing, such letter of credit shall be maintained from the date of certification for temporary certificates of occupancy, pursuant to this Section, until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that the public access area required by paragraph (c) and the elevator required by paragraph (d) of Section 93-72 have been substantially completed and are open and usable by the public, or until same have been substantially completed by the City. The Chairperson may, no more frequently than annually, require the submission of an updated or new letter of credit in an amount that reflects changes in costs over time, and such updated or new letter of credit shall be subject to the requirements and procedures of paragraph (b) of this Section, until such letter of credit is released based upon substantial completion.

Notwithstanding the foregoing, in the event that a temporary public access area plan is approved pursuant to Section 93-734 (Certification to temporarily modify public access areas for construction staging), no temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a development until the Chairperson certifies to the Department of Buildings that the public access area, or portions thereof associated with a phase of development, is substantially complete and in accordance with such temporary public access area plan, and the public access area, or portions thereof, are open and usable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such development until the Chairperson certifies to the Department of Buildings that the public access area, or portions thereof associated with such phase, has been fully completed in accordance with the plan therefor, and
that such public access area, or portions thereof, are open and useable by the public.

(4/29/14)

93-733
Certification to modify general requirements of public access areas for ventilation demands

The Chairperson of the City Planning Commission may modify the general requirements of the public access areas listed in Section 93-73 (Public Access Areas on the Ninth Avenue Rail Yard), provided that the Chairperson certifies to the Commissioner of Buildings that such a change is necessary to accommodate unforeseen ventilation demands within the Ninth Avenue Rail Yard. In addition to the site plan required pursuant to Section 93-732 (Certification for public access areas on the Ninth Avenue Rail Yard), a mechanical plan shall be provided demonstrating the need to modify such general requirements.

(4/29/14)

93-734
Certification to temporarily modify public access areas for construction staging

In the event that the applicant demonstrates to the satisfaction of the Chairperson of the City Planning Commission that the area designated for public access will be required for construction staging or similar activities in a future phase of development, the application for the site plan approval may be accompanied by a request for approval of a temporary public area which may include fewer amenities and other features required pursuant to Section 93-73 (Public Access Areas on the Ninth Avenue Rail Yard), as necessary to accommodate such future construction staging or similar activities.

Such temporary public access area plan shall be subject to review and approval in the same manner as site plan approval pursuant to Section 93-732 (Certification for public access areas on the Ninth Avenue Rail Yard) and, if approved pursuant thereto, shall be implemented and remain in effect only for the period necessary to accommodate the need for use of the public access area for construction staging or similar activities in a future phase of development. Following the expiration of such period, the site plan shall be implemented.
Public Access Areas in Pennsylvania Station Subarea B4

The provisions of this Section shall apply to any development in the Pennsylvania Station Subarea B4 of the Farley Corridor Subdistrict B.

(a) Public space

A publicly accessible enclosed space with a minimum area of 32,500 square feet shall be provided. Such space shall have at least 100 feet of frontage along the Eighth Avenue street line, and have a minimum clear height of 60 feet. The length of such space shall not exceed four times its narrowest width. Up to one-half of such space may be below-grade but shall be visually connected to the at-grade space. Furthermore, such below-grade space shall be connected to the at-grade space by escalators on at least two sides. The retail and glazing requirements of Section 93-14 (Ground Floor Level Requirements) shall apply to least 70 percent of the length of all building walls facing each side of such space. Such space shall provide direct access to the through block connection required pursuant to paragraph (b) of this Section, adjacent building lobbies and transit facilities.

(b) Through block connection

A through block connection shall be provided linking West 31st Street and West 33rd Street, at least 300 feet from Eighth Avenue and with direct access to the public space required pursuant to paragraph (a) of this Section. Such through block connection shall have a minimum clear width of 20 feet and may be open or enclosed. If enclosed, such through block connection shall have a minimum clear height of 30 feet.

(c) Plaza

A publicly-accessible plaza, open to the sky, may be provided at the intersection of Eighth Avenue and West 31st Street. Such plaza shall have a minimum area of 12,000 square feet with a minimum frontage of 60 feet along West 31st Street, and be provided in accordance with the standards for public plazas set forth in Section 37-70, inclusive.
(d) Corner circulation space

Corner circulation spaces shall be provided at the corners of Eighth Avenue and West 31st Street and Eighth Avenue and West 33rd Street. Such spaces shall comply with the requirements for corner circulation spaces of paragraph (d) of Section 37-53. Such spaces shall count towards meeting the pedestrian circulation space requirements of Section 93-63. However, no corner circulation space shall be required at the corner of Eighth Avenue and West 31st Street if a plaza is provided at such corner in accordance with paragraph (c) of this Section.

(4/29/14)

93-75
Publicly Accessible Open Spaces in Subdistrict F

Public access areas in Subdistrict F shall be comprised of publicly accessible open spaces, private streets and pedestrian ways.

Publicly accessible open spaces are listed in this Section, inclusive. Such publicly accessible open spaces shall be comprised of the Western Open Space, the Central Open Space, the Southwest Open Space, the Northeast Plaza, the Midblock Connection, and the #High Line# as described within this Section, inclusive. Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B identifies the location of publicly accessible open spaces.

General requirements for each publicly accessible open space are set forth within this Section. Design requirements for each publicly accessible open space are set forth in Section 93-77 (Design Criteria for Public Access Areas in Subdistrict F). The phasing and approval process for each publicly accessible open space is set forth in Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F).

All publicly accessible open spaces listed in this Section shall be accessible to the public from the hours of 6:00 a.m. to 1:00 a.m. with the exception of the #High Line# and the Northeast Plaza. The Northeast Plaza shall provide hours of access pursuant to Section 37-727.
93-751
General requirements for the Western Open Space

A publicly accessible open space, (henceforth referred to as the “Western Open Space”), shall be provided in Subdistrict F. Such a space shall be open to the sky, except that amenities that are provided in accordance with this Section and Section 93-77 (Design Criteria for Public Access Areas in Subdistrict F) shall be permitted to cover a portion of the Western Open Space.

(a) General purpose

The Western Open Space is intended to serve the following purposes:

(1) to provide a major open space that joins the northern portion of the #High Line# open space network on its west to the open space networks leading to the Hudson Park and Boulevard on its east;

(2) to provide a large open lawn area overlooking the Hudson River for public use and enjoyment; and

(3) to provide transition areas that offer shade, supplemental space between the open lawn and surrounding #building# and connections between surrounding publicly accessible open spaces.

(b) Location and minimum dimensions

The Western Open Space shall be located east of the #High Line#, and encompass the area between Sites 1 and 5 as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B. The Western Open Space shall have a minimum easterly boundary of 225 feet, as measured from the easterly #street line# of Twelfth Avenue.

(c) Core elements

The Western Open Space shall provide the following core elements:

(1) Lawn area

An accessible lawn area shall be provided with a minimum
area of one acre. Any lawn area located within 40 feet of a building wall on Sites 1 or 5 shall not contribute towards this one acre requirement. The required lawn area shall be comprised of the following amenities:

(i) a continuous lawn area shall be provided over a minimum of 75 percent of the required one acre. Such area shall have a maximum slope of three degrees and unobstructed visual access toward the Hudson River; and

(ii) a transitional lawn area may be provided for a maximum of 25 percent of the required one acre of lawn area. Such area need not be continuous, and shall have a maximum slope of 15 degrees. Trees and other plantings shall be permitted in such area.

(2) #High Line# connection

Access to the #High Line# shall be provided along a minimum of 75 feet and a maximum of 150 feet of #High Line# frontage length. Such frontage need not be continuous, however, in order to qualify as unobstructed access that contributes to the minimum 75 foot requirement set forth in this paragraph (c)(2), a minimum frontage width of five feet is required. Such access need not be opened to the public until the #High Line# is reconstructed as public open space in accordance with the provisions of Section 93-756 (General requirements for the High Line).

(3) Supplemental area

Any space provided in the Western Open Space which does not meet the criteria for lawn area set forth in paragraph (c)(1) of this Section or the criteria for the #High Line# connection set forth in paragraph (c)(2) shall be designated as supplemental area and shall comply with the requirements set forth in this paragraph (c)(3).

A minimum of 50 percent of the supplemental area shall be landscaped with soft ground cover, and the remaining 50 percent may be paved. At least one tree shall be provided for every 2,000 square feet of supplemental area. Such trees may be distributed anywhere within the supplemental area.

A minimum of two unimpeded paved pedestrian accesses, each
with a minimum width of 12 feet, shall be provided in the supplemental area. One such pedestrian access shall link the Allee of the West 32nd Street Extension, as defined in paragraph (c)(2) of Section 93-761 and shown on Map 3 in Appendix B, to the #High Line#, and the second such pedestrian access shall link the West 31st Street Extension to the #High Line#.

A minimum of one linear foot of seating shall be provided for every 75 square feet of supplemental area. At least 50 percent of such required seating shall provide seatbacks. Such seating may be distributed anywhere within the supplemental area.

Permanent structures such as food or information kiosks, pavilions or public restrooms may be placed within the supplemental area, provided the height of such structures does not exceed 20 feet. The maximum #lot coverage# that all such permanent structures may occupy shall be 400 square feet, and such structures shall be exempt from the definition of #floor area#.

(d) Transparency

For portions of #buildings# on Site 1 and Site 5 fronting upon the Western Open Space, a minimum of 50 percent of the surface area of the ground floor #street wall# fronting upon the open space shall be treated with clear, untinted transparent material.

(e) Permitted encroachments from private streets and pedestrian ways

The Connector and the terminus of the West 32nd Street Extension shall be permitted to encroach upon the supplemental area of the Western Open Space, provided that the site and landscape plans incorporating the private street or pedestrian way are approved in conjunction with the Western Open Space, pursuant to Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F).

(4/29/14)

93-752
General requirements for the Central Open Space
A publicly accessible open space, (henceforth referred to as the “Central Open Space”), shall be provided in Subdistrict F. Such a space shall be open to the sky, except that portions of a #building# on Site 3 and amenities that are provided in accordance with Sections 93-75 and 93-77 (Design Criteria for Public Access Areas in Subdistrict F) shall be permitted to cover a portion of the Central Open Space.

(a) General purpose

The Central Open Space is intended to serve the following purposes:

(1) to serve as a neighborhood open space;

(2) to provide amenities for area residents, workers and the general public; and

(3) to provide areas that offer varied programs, supplemental spaces between amenities and surrounding #buildings# and connections between surrounding publicly accessible open spaces.

(b) Location and dimensions

The Central Open Space shall be located within the area bounded by the West 32nd Street Extension, the West 31st Street Extension, the Connector and Eleventh Avenue, and shall also be comprised of any portion of Sites 3 and 4 that are not covered by #buildings# at the ground level as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

The Central Open Space shall have a minimum dimension in the north-south direction as measured from the southerly #street line# of the West 32nd Street Extension to the northerly #street line# of the West 31st Street Extension of 175 feet. In addition, the minimum dimension of the Central Open Space in the north-south direction between the northern boundary of Site 3 and the southerly #street line# of the West 32nd Street Extension shall be 55 feet.

The Central Open Space shall have a minimum dimension in the east-west direction as measured from the easterly #street line# of the Connector to the westerly #street line# of Eleventh Avenue of 545 feet. In addition, the minimum dimension of the open space in the east-west direction between the eastern
boundary of Site 3 and the western boundary of Site 4 shall be 265 feet.

Within 350 feet of the Eleventh Avenue street line, the maximum height of the finished grade of the Central Open Space shall be 45 feet above the Manhattan Datum, which is 2.75 feet above sea level. Beyond 350 feet of Eleventh Avenue, the maximum height of the finished grade shall be 47 feet above the Manhattan Datum.

(c) Core elements

The Central Open Space shall provide the following core elements:

(1) Lawn area

An accessible lawn area shall be provided with a minimum aggregate area of 10,000 square feet and a maximum slope of three degrees. Such area need not be continuous. Any lawn area located within 12 feet of a building wall on Sites 3 or 4 shall not contribute towards such minimum gross area.

(2) Playground

A playground shall be provided with a minimum area of 10,000 square feet.

(3) Supplemental area

Any space in the Central Open Space other than the required lawn area set forth in paragraph (c)(1) of this Section or the required playground space set forth in paragraph (c)(2) of this Section, shall be designated as supplemental area and shall comply with the requirements set forth in this Section.

A minimum of 50 percent of the supplemental area shall be landscaped with soft ground cover, and the remaining 50 percent may be paved. At least one tree shall be provided for every 1,500 square feet of the supplemental area. Such trees may be distributed anywhere within the supplemental area.

A minimum of two unimpeded paved pedestrian accesses, each with a minimum width of 12 feet, shall be provided in the supplemental area. Such pedestrian access shall link the
West 31st and West 32nd Street Extensions and be no closer than 150 feet to one another at any point.

A minimum of one linear foot of seating shall be provided for every 75 square feet of supplemental area. At least 50 percent of such required seating shall provide seatbacks. Such seating may be distributed anywhere within the supplemental area.

Within 15 feet of a required sidewalk or pedestrian access, the slope of the supplemental area shall not exceed 7.5 degrees, or a maximum height of two feet. Beyond 15 feet of a required sidewalk or pedestrian access, the slope of the supplemental area shall not exceed 15 degrees.

(d) Permanent structures

Permanent structures, such as food or information kiosks, pavilions or public restrooms may be placed within the Central Open Space, provided the height of such structures does not exceed 20 feet. The maximum #lot coverage# that all such permanent structures may occupy shall be 400 square feet and such structures shall be exempt from the definition of #floor area#.

(e) Transparency

For portions of #buildings# in Site 4 fronting upon the Central Open Space, a minimum of 50 percent of the surface area of the ground floor #street wall# fronting upon the open space shall be treated with clear, untinted, transparent material.

(f) Permitted encroachments from private streets and pedestrian ways

The Connector and the terminus of the West 31st Street Extension shall be permitted to encroach upon the supplemental area of the Central Open Space, provided that the site and landscape plans incorporating the private street or pedestrian way are approved in conjunction with the Central Open Space, pursuant to Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F).

(4/29/14)

93–753
General requirements for the Southwest Open Space

A publicly accessible open space, (henceforth referred to as the “Southwest Open Space”), shall be provided in Subdistrict F. Such accessible open space shall be open to the sky, except that portions of a building or other structure on Site 5, the High Line and amenities that are provided in accordance with Sections 93-75 and 93-77 (Design Criteria for Public Access Areas in Subdistrict F) shall be permitted to cover a portion of the Southwest Open Space.

(a) General purpose

The Southwest Open Space is intended to serve the following purposes:

(1) to serve as an inviting pedestrian gateway to the Western Rail Yard from open space networks along the Hudson River;

(2) to provide pedestrian amenities and connections between surrounding public spaces both on and adjacent to the Western Rail Yard; and

(3) to offer a unique open space experience for pedestrians through the negotiation of the area’s grade changes.

(b) Location and minimum dimensions

The Southwest Open Space shall be located within the area bounded by Twelfth Avenue, the Western Open Space, the West 31st Street Extension, Site 6 and West 30th Street, and shall also be comprised of any portion of Site 5 which is not covered by a building or other structure at the ground level as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

The Southwest Open Space shall have a minimum dimension in the east-west direction as measured from the easterly street line of Twelfth Avenue to the western boundary of Site 6 of 400 feet. However, if the length of Site 6 is extended to accommodate a public school in accordance with the provisions of paragraph (b) of Section 93-568 (Site 6), the minimum dimension of the Southwest Open Space shall be 360 feet.

The Southwest Open Space shall have a minimum dimension in the north-south direction as measured from the northerly street line of West 30th Street to the southern boundary of the Western Open Space of 180 feet and a maximum dimension of 200 feet.
(c) Core elements

The Southwest Open Space shall have the following core elements. For the purpose of determining the amount of an amenity to provide in relation to the area of the Southwest Open Space, the area of the Southwest Open Space shall exclude the area occupied by a building or other structure on Site 5 and the High Line.

A minimum of 50 percent of the area of the Southwest Open Space shall be landscaped with soft ground cover, and the remaining 50 percent of the Southwest Open Space may be paved. At least one tree shall be provided for every 1,500 square feet of Southwest Open Space.

An unimpeded paved pedestrian access with a minimum width of 12 feet shall link either Twelfth Avenue or West 30th Street and the West 31st Street Extension. If such pedestrian access contains ‘switchbacks,’ comprised of a series of ascending pedestrian ways, the minimum distance between midpoints of each way, as measured, in plan, from the northerly edge of one way to the southerly edge of the next ascending way shall be 15 feet.

A second unimpeded paved pedestrian access with a minimum width of 12 feet shall link either Twelfth Avenue or West 30th Street and the High Line bed or with an elevator located adjacent to the High Line bed that provides public access to the High Line bed. Such access need not be opened to the public until the High Line is reconstructed as public open space in accordance with the provisions of Section 93-756.

A minimum of one linear foot of seating shall be provided for every 75 square feet of soft ground cover provided within the Southwest Open Space. At least 50 percent of such required seating shall provide seatbacks.

Permanent structures, such as food or information kiosks, pavilions or public restrooms shall be permitted within the Southwest Open Space, provided the height of such structures does not exceed 20 feet. The maximum area lot coverage that all such permanent structures may occupy shall be 1,000 square feet, provided that such structures are located entirely west of the High Line. Such permanent structures shall be exempt from the definition of floor area.
(d) Permitted encroachments from private streets

The terminus of the West 31st Street Extension shall be permitted to encroach upon the Southwest Open Space, provided that the site and landscape plans for the West 31st Street Extension are approved in conjunction with the Southwest Open Space, pursuant to Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F).

(4/29/14)

93-754
General requirements for the Northeast Plaza

A publicly accessible open space, (henceforth referred to as the “Northeast Plaza”), shall be provided at the intersection of West 33rd Street and Eleventh Avenue, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B. The area of such space shall be at least 2,600 square feet, and shall have a minimum street frontage of 40 feet along each street. The Northeast Plaza shall be provided in accordance with the standards for public plazas, as set forth in Section 37-70 (PUBLIC PLAZAS), exclusive of the area dimensions set forth in Section 37-712.

(4/29/14)

93-755
General requirements for the Midblock Connection

A pedestrian way, (henceforth referred to as the “Midblock Connection”), shall be provided between West 33rd Street and the West 32nd Street Extension, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

(a) General purpose

The Midblock Connection is intended to serve the following purposes:

(1) to provide pedestrian access between West 33rd Street and the Western Rail Yard Subdistrict F; and
(2) to provide amenities similar to a through block public plaza.

(b) Location and dimensions

The entirety of the Midblock Connection shall be located between 335 feet and 455 feet west of the westerly Eleventh Avenue street line.

The minimum width of the Midblock Connection, measured in the east-west direction, shall be 60 feet.

(c) Core elements

The Midblock Connection shall provide the following core elements:

(1) A minimum of one unimpeded pedestrian access, with a minimum width of 12 feet, shall be provided to connect the West 32nd Street Extension with West 33rd Street;

(2) A minimum of one linear foot of seating shall be provided for every 75 square feet of the Midblock Connection. A minimum of 50 percent of the required seating shall provide seatbacks; and

(3) A minimum of 20 percent of the gross area of the Midblock Connection shall be landscaped with soft ground cover, and shall provide a minimum of one tree per every 1,500 square feet.

(2/2/11)

93-756
General requirements for the High Line

For the portion of the High Line that is located within the boundary of Subdistrict F, the following provisions shall apply.

(a) General purpose

The High Line is intended to serve the following purposes:

(1) to serve as a continuation of the High Line public open space to the east and to the south of West 30th Street;
(2) to offer a pedestrian and passive open space experience similar to the #High Line# open space south of West 30th Street, through planting, materials and amenities, while taking into account the nature and character of the Western Rail Yard Subdistrict F; and

(3) to allow for connections to other public areas on the Western Rail Yard Subdistrict F.

(b) Permitted uses

Any permitted change of use for the #High Line# shall be made pursuant to the provisions of Section 93-10 (USE REGULATIONS).

(c) Core elements

The #High Line# open space shall provide amenities including, but not limited to, planting, seating and lighting designed to complement and be integrated with portions of the #High Line# south of West 30th Street in a manner that provides both visual and pedestrian continuity along the #High Line# open space network. The #High Line# open space shall not be subject to the design criteria for public access areas in Subdistrict F set forth in Section 93-77.

The site and landscape plans for the #High Line# approved pursuant to Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F) shall make provision for access points to and from the #High Line# open space, including the public access provided in the Southwest Open Space pursuant to Section 93-753 (General requirements for the Southwest Open Space) and, subject to agreement, shall include support facilities necessary for the operation, maintenance and public enjoyment of the #High Line# open space located in Subdistrict F, or at other locations north of West 30th Street.

(d) Certification to modify requirements adjacent to the #High Line#

The Chairperson of the City Planning Commission may modify certain regulations on adjacent development sites 1 through 6, provided that the Chairperson certifies to the Commissioner of Buildings that such a change is necessary in order to provide access to the #High Line# open space or to accommodate facilities for the #High Line# open space, and that such change is compatible with the character of developed portions of the #High Line# south of West 30th Street.
The following regulations may be modified:

(1) The ground floor level requirements set forth in Section 93-14 (Ground Floor Level Requirements), where applicable;

(2) The unobstructed five foot separation between the #High Line# and a #street wall# on Sites 1, 5 and 6 required pursuant to paragraph (a) of Section 93-561 (General rules for Subdistrict F) in order to accommodate a pedestrian access way, open to the sky, between the #High Line# and such development sites. However, the required five foot #street wall# separation from the edge of the #High Line# shall not be modified;

(3) The #street wall# requirements for Site 6 set forth in Section 93-562 (Street wall regulations for certain streets), only as necessary to accommodate pedestrian access onto the #High Line#;

(4) The general requirements for the Western Open Space and the Southwest Open Space set forth in Section 93-75 (Publicly Accessible Open Spaces in Subdistrict F); and

(5) The general requirements for the 30th Street Corridor set forth in Section 93-76 (Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F)

Any application for such change shall be included in the application for the site and landscape plans submitted pursuant to the provisions of Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F) for the #High Line# open space.

(4/29/14)

93-76
Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F

Public access areas in Subdistrict F shall be comprised of publicly accessible open spaces, private streets and pedestrian ways.

Publicly accessible private streets and pedestrian ways shall be provided in Subdistrict F in addition to the publicly accessible open
spaces required in Section 93-75. Such private streets and pedestrian ways shall be comprised of the West 31st and West 32nd Street Extensions, the West 30th Street Corridor and the Connector. Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B of this Chapter identifies the location of these publicly accessible private streets and pedestrian ways.

General requirements for each publicly accessible private street and pedestrian way are set forth within this Section. Design requirements for each publicly accessible private street and pedestrian way are set forth in Section 93-77 (Design Criteria for Public Access Areas in Subdistrict F). The phasing and approval process for each publicly accessible private street and pedestrian way are set forth in Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F).

Publicly accessible private streets and pedestrian ways listed in this Section shall be accessible to the public at all times.

(4/29/14)

93-761
General requirements for the West 32nd Street Extension

A private street, (henceforth referred to as the “West 32nd Street Extension”), shall be provided south of and parallel to West 33rd Street.

(a) General purpose

The West 32nd Street Extension is intended to serve the following purposes:

(1) to serve as the primary publicly accessible pedestrian and vehicular connection to the Western Rail Yard from Eleventh Avenue;

(2) to provide an experience substantially similar to active public #streets# in other high-density, mixed use districts;

(3) to provide a unique urban park-like experience for an active public #street# by connecting the Western Open Space and the Eastern Rail Yard plaza with a pedestrian Allee, as defined in paragraph (c)(2) of this Section and shown on

(4) to provide a private street with core elements that are substantially similar to the surrounding public streets.

(b) Location and dimensions

The West 32nd Street Extension shall have its northerly edge located a minimum of 180 feet and a maximum of 200 feet south of the West 33rd Street street line, as shown on Map 3 in Appendix B, except that a terminus to the West 32nd Street Extension, located west of the Connector shall be permitted to expand beyond the maximum dimensions, provided that such terminus extends to provide a building entrance drive along Site 1, and complies with the provisions set forth in paragraph (e) of Section 93-751 (General requirements for the Western Open Space).

(c) Core elements

The West 32nd Street Extension shall provide the following core elements:

(1) Streets and sidewalk requirements

The West 32nd Street Extension shall be a private street constructed to minimum Department of Transportation and Fire Department standards for public streets.

Such private street shall consist of:

(i) a road bed, paved with asphalt, with a minimum width pursuant to the requirements set forth by the Fire Department;

(ii) a 20 foot minimum sidewalk along its entire northern curb; and

(iii) a 25 foot minimum sidewalk along its entire southern curb.

(2) Planting and seating requirements for the southern sidewalk and the Allee

Two trees shall be planted for every 20 feet of southern curb length of the West 32nd Street Extension between
Eleventh Avenue and the Connector. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire curb length of the West 32nd Street Extension.

Along the southern sidewalk, trees shall be planted within five feet of the curb and the southern edge of the sidewalk. One row of trees shall be planted within five feet of the curb and a second row of trees shall be planted within five feet of the southern edge of the sidewalk. This double row of tree planting along the southern sidewalk of the West 32nd Street Extension between Eleventh Avenue and the Connector shall henceforth be referred to as the Allee, as shown on Map 3 in Appendix B. No #building or other structure# shall be permitted within 15 feet of the southern edge of the Allee.

The Allee shall provide a minimum of one linear foot of seating for every 75 square feet of the Allee. A minimum of 50 percent of the required seating shall provide seatbacks.

(3) Planting requirements for the northern sidewalk

One tree shall be planted for every 25 feet of curb length of the West 32nd Street Extension along its northern curb between Eleventh Avenue and the Connector. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire curb length of the West 32nd Street Extension between Eleventh Avenue and the Connector. Along the northern sidewalk, trees shall be planted within five feet of the curb.

(4) Curb cuts

No curb cuts shall be permitted along the West 32nd Street Extension, except for access to the Connector if required by the Fire Department.

(4/29/14)

93-762
General requirements for the West 31st Street Extension
A private street, (henceforth referred to as the “West 31st Street Extension”), shall be provided north of and parallel to West 30th Street.

(a) General purpose

The West 31st Street Extension is intended to serve the following purposes:

(1) to serve as a publicly accessible pedestrian and vehicular connection to the Western Rail Yard from Eleventh Avenue;

(2) to provide an experience substantially similar to active public #streets# in other high-density, mixed use districts; and

(3) to provide a private street with core elements that are substantially similar to the surrounding public #streets#.

(b) Location and dimensions

The West 31st Street Extension shall have its southerly edge located a minimum of 180 feet and a maximum of 200 feet north of the West 30th Street #street line#, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B, except that a terminus to the West 31st Street Extension, located west of the Connector, shall be permitted to expand beyond the maximum dimensions, provided that such terminus extends to provide a #building# entrance drive along Site 5, and complies with the provisions set forth in paragraph (d) of Section 93-753 (General requirements for the Southwest Open Space), and/or paragraph (f) of Section 93-752 (General requirements for the Central Open Space), as applicable.

(c) Core Elements

The West 31st Street Extension shall provide the following core elements:

(1) Street and sidewalk requirements

The West 31st Street Extension shall be a private street constructed to minimum Department of Transportation and Fire Department standards for public #streets#.

Such private street shall consist of:
(i) a road bed, paved with asphalt, with a minimum width pursuant to requirements set forth by the Fire Department;

(ii) a 15 foot minimum sidewalk along its entire northern curb; and

(iii) a 20 foot minimum sidewalk along its entire southern curb.

(2) Planting requirements for sidewalks

One tree shall be planted for every 25 feet of curb length of the West 31st Street Extension between Eleventh Avenue and the Connector. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire length of the curb of the private street between Eleventh Avenue and the Connector.

(3) Curb cuts

One curb cut shall be permitted along each side of the West 31st Street Extension. The maximum width of such curb cut shall be 30 feet. A third curb cut accessing the Connector shall be permitted if required by the Fire Department.

(4/29/14)

93-763
General requirements for the West 30th Street Corridor

A pedestrian way (henceforth referred to as the “West 30th Street Corridor”), shall be provided along the northerly sidewalk of West 30th Street adjacent to the area below the #High Line#.

(a) General purpose

The West 30th Street Corridor is intended to serve the following purposes:

(1) to serve as a transition space between the #High Line# and the West 30th Street sidewalk;
(2) to allow for active frontages with publicly accessible spaces for establishments below the #High Line#; and

(3) to provide an overall streetscape design that complements and provides views of the #High Line# along West 30th Street.

(b) Location and dimensions

The West 30th Street Corridor shall be located in the area bounded by the #High Line#, Eleventh Avenue, West 30th Street and the eastern edge of the Southwest Open Space, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

In the north-south direction, the West 30th Street Corridor shall extend from the #street wall# of #buildings# beneath the #High Line# facing West 30th Street (which shall coincide with the northerly edge of the southern row of structural columns of the #High Line#) to the northerly #street line# of West 30th Street.

(c) Core elements

The West 30th Street Corridor shall have the following provisions for its core elements:

(1) a pedestrian access area at least 10 feet in width shall be provided along the entire length of the West 30th Street Corridor, linking Eleventh Avenue with the sidewalk adjacent to the Southwest Open Space. Such area shall be located a minimum of five feet beyond the northerly curb line of West 30th Street, and shall be free of obstructions;

(2) portions between the required pedestrian access area and the #High Line# may be paved or landscaped; and

(3) street trees shall be planted within five feet of the northern curb of West 30th Street. One tree shall be planted for every 25 feet of curb length. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire curb length of West 30th Street.
93-764
General requirements for the Connector

A publicly accessible connection (henceforth referred to as the “Connector”), shall be provided between the West 32nd Street Extension and the West 31st Street Extension.

(a) General purpose

The Connector is intended to serve the following purposes:

(1) to serve as a connection between the West 32nd Street Extension and the West 31st Street Extension;

(2) to provide a space that complements the surrounding publicly accessible open spaces; and

(3) to provide an emergency egress connector pursuant to Fire Department standards.

(b) Location and dimensions

The western #street line# of the Connector shall be located a minimum of 225 feet east of the easterly #street line# of Twelfth Avenue, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

(c) Core elements

The Connector shall provide the following core elements:

(1) the Connector shall be constructed to minimum Fire Department standards for an emergency egress connection between the West 32nd Street Extension and the West 31st Street Extension, including, but not limited to, the width and materials of paved area, and permitted obstructions within such area; and

(2) the Connector shall not be located within 15 feet of a #building#.
Design Criteria for Public Access Areas in Subdistrict F

Public access areas in Subdistrict F shall be comprised of publicly accessible open spaces, private streets and pedestrian ways.

(a) Design criteria

Where private streets, pedestrian ways and publicly accessible open spaces, with the exception of the #High Line#, provide elements listed in this Section, such elements shall comply with the applicable minimum design standards, set forth in paragraph (a) of this Section, as a minimum design standard.

(1) Seating

Seating shall meet the minimum and maximum dimensional standards set forth in paragraphs (1) through (7) of Section 37-741, inclusive.

(2) Planting and trees

Where planting areas are provided, they shall meet the planting bed requirements and irrigation requirements of Section 37-742 (Planting and trees).

Where trees are provided, they shall meet the applicable minimum tree caliper standards, soil requirements and irrigation standards set forth in Section 37-742, except that within the Western Open Space, the Central Open Space and the Southwest Open Space, the soil requirements for tree planting shall not apply. In lieu thereof, all trees in the Central and Western Open Spaces shall be planted in areas with soil depth of at least five feet. In the Southwest Open Space, all trees shall be planted in continuous planted areas that have a minimum depth of five feet and a minimum area of 500 square feet of soil.

(3) Paving

Paving, exclusive of the required asphalt paving of the West 31st and West 32nd Street Extension roadbeds, shall meet the minimum standards set forth in Section 37-718.

(4) Steps
Steps shall meet the minimum dimensional standards set forth in Section 37-725.

(5) Kiosks and open air cafes

Kiosks or open air cafes shall meet the operational and service requirements listed in paragraphs (a) and (b) of Section 37-73 (Kiosks and Open Air Cafes). Seating provided as part of an open air cafe shall not count towards meeting the seating requirements of a public access area listed in Section 93-75 (Publicly Accessible Open Spaces in Subdistrict F).

(6) Standards of accessibility for persons with disabilities

All publicly accessible open spaces, private streets and pedestrian ways shall be designed pursuant to the standards of accessibility for persons with disabilities set forth in Section 37-728.

(7) Lighting and electrical power

All publicly accessible open spaces, private streets and pedestrian ways shall provide lighting and electrical power pursuant to the standards set forth in Section 37-743.

(8) Litter receptacles

All publicly accessible open spaces, private streets and pedestrian ways shall provide litter receptacles pursuant to the standards set forth in Section 37-744.

(9) Bicycle parking

Bicycle racks sufficient to accommodate at least 25 bicycle parking spaces shall be provided in the Southwest Open Space, bicycle racks sufficient to accommodate at least 30 bicycle parking spaces shall be provided in the Central Open Space and bicycle racks sufficient to accommodate at least 33 bicycle parking spaces shall be provided in the Western Open Space. Such racks shall be located adjacent to a paved circulation path within the open space or in public sidewalks adjacent to the open space.

(10) Playgrounds and additional amenities

Where playgrounds and additional amenities are provided in
publicly accessible open spaces, such amenities shall be designed pursuant to the standards set forth in Section 37-748.

(11) Signs

All open spaces within the publicly accessible open spaces shall provide open space signage pursuant to the standards set forth in Section 37-751.

(12) Canopies, awnings, marquees and sun control devices

Where #buildings# front onto publicly accessible open spaces, private streets and pedestrian ways, canopies, awnings, marquees and sun control devices shall be permitted pursuant to the standards set forth in paragraph (c) of Section 37-726 (Permitted obstructions).

(13) Gates and fences

Gates, fences or other barriers shall be permitted at the perimeter of any playgrounds, tot lots or dog runs provided as part of a publicly accessible open space or pedestrian way. Additional gates, fences or other barriers shall be permitted in the Midblock Connection, the Southwest Open Space and the #High Line# only as approved as part of the site and landscape plans submitted pursuant to Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F).

Such gates, fences or other barriers shall have a maximum height of 48 inches, as measured from the adjoining grade level, and shall be at least 70 percent open. However, where gates, fences or other barriers are mounted on a solid curb, such minimum transparency shall not include the surface area of the curb, provided that the height of such curb does not exceed six inches.

Chain link fencing or barbed or razor wire shall not be permitted.

(14) Public restrooms

At least one public restroom shall be provided to serve either the Central Open Space or the Western Open Space, whichever is developed first pursuant to the provisions of Section 93-78. Such public restroom shall provide separate
restroom spaces for each gender, and may be located in either the publicly accessible open space or within the ground floor of any adjacent building.

(b) Maintenance

The owner of each of Sites 1 through 6 in Subdistrict F shall be responsible for the maintenance of all publicly accessible open spaces, private streets and pedestrian ways, including, but not limited to, litter control, management of pigeons and rodents, maintenance of required lighting levels, and the care and replacement of furnishings and vegetation within the portion of the Subdistrict associated with such site in the phased development provided in the site and landscape plans required pursuant to Section 93-78. Notwithstanding the foregoing, maintenance of the High Line shall be governed by such agreements as are entered into with respect thereto.

(c) Interim use

Open uses listed in Use Group 4B, with the exception of cemeteries and golf courses, shall be permitted as interim uses within the designated boundary of any public access area described in Sections 93-75 or 93-76 (Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F) with the exception of the High Line open space, or within the designated boundary of any development site described in Section 93-56 (Special Height and Setback Regulations in Subdistrict F). Such interim uses may be developed prior to the approval of the site and landscape plans for the public access area in which it is located, and may continue until such time as development commences on such public access area pursuant to the approved site and landscape plans. Any such interim uses shall be open to and usable by the public, and may include temporary structures, provided that all associated floor area is appurtenant to the interim use.

(4/29/14)

93-78
Site and Landscape Plans for Public Access Areas in Subdistrict F

Public access areas in Subdistrict F shall be comprised of publicly accessible open spaces, private streets and pedestrian ways.
All publicly accessible open spaces, or portions thereof, listed in Section 93-75 (Publicly Accessible Open Spaces in Subdistrict F), and private streets and pedestrian ways, or portions thereof, listed in Section 93-76 (Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F), shall comply with the following provisions:

(a) No building permit shall be issued for any development or enlargement within Subdistrict F unless the Chairperson of the City Planning Commission has certified to the Commissioner of Buildings that the site and landscape plans for the Subdistrict F public access area have been approved by the Chairperson pursuant to the provisions of this Section. Notwithstanding the foregoing, the Chairperson shall allow for the phased development of public access areas, or portions thereof, upon certification to the Commissioner of Buildings that site and landscape plans have been submitted that provide for the completion of public access areas in association with the development or enlargement of a building or buildings within each phase.

(b) An application under this Section shall be filed with the Chairperson of the City Planning Commission and such application shall include:

(1) a site plan indicating the area and dimensions of the public access area, or portions thereof, and the location of all proposed buildings in the phase subject to the application;

(2) a landscape plan, prepared by a registered landscape architect, for the public access area, or portions thereof, in the phase subject to the application; and

(3) a report to the Chairperson demonstrating:

(i) that the site and landscape plans have been presented by the applicant to the affected Community Board, City Council Member and Borough President and the Community Board, City Council Member and Borough President have had at least 60 days to review; and

(ii) that any comments and recommendations of the affected Community Board, City Council Member and Borough President have been considered by the applicant, as set forth in a written response to such comments or recommendations. Where design modifications have been
made in response to such recommendations, the report shall identify how the design has been modified.

(c) The Chairperson of the City Planning Commission shall approve the site and landscape plans within 45 days following filing, provided that the following provisions are met:

1. the site and landscape plans provide for the improvement of the public access area, or portions thereof, which, taking into account relevant considerations relating to platform construction and engineering, are:
   
   (i) of sufficient size to provide a valuable public amenity and promote site access for the benefit of residents and workers in the #buildings# in the phase to which they relate, as well as for the general public; and
   
   (ii) appropriately sited and located in suitable proximity to the #building# locations in the phase to which they relate.

2. the site and landscape plans are consistent with the general purposes and contain the core elements listed in Sections 93-75 and 93-76, inclusive;

3. all elements in the site and landscape plans comply with the design criteria as set forth in Section 93-77 (Design Criteria for Public Access Areas in Subdistrict F), or, in the case of the #High Line#, that the elements in the landscape plan comply with the criteria set forth in paragraph (c) of Section 93-756 (General requirements for the High Line);

4. the site and landscape plans are consistent and appropriate in relation to any previously approved landscape plan for other phases and in relation to conceptual plans for future phases, as applicable;

5. the level of public amenity provided in the landscape plan is equal to or better than the level of public amenity required in #public plazas# that are provided in accordance with the standards of Section 37-70 or, in the case of the #High Line#, than the level of public amenity provided on developed portions of the #High Line# south of West 30th Street. All public amenities that are provided in the
landscape plan shall take into account the nature and character of the Subdistrict F public access areas; and

(6) a maintenance plan, including any necessary maintenance facilities for the public access area, or portions thereof, in the phase, has been established that will ensure compliance with the provisions of paragraph (b) of Section 93-77.

Approved site and landscape plans shall be set forth in an instrument in a form acceptable to the City, including such provisions as are necessary to ensure compliance with the provisions of this Section. Such instrument shall be filed and duly recorded in the Borough Office of the City Register of the City of New York and indexed against the property. Such filing and recording of the instrument shall be a precondition for the Chairperson’s certification to the Department of Buildings under this Section. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

(d) No temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a #development# or #enlargement# within a phase until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the public access area, or portions thereof associated with such phase, is substantially complete and in accordance with the site and landscape plans, and that such public access area, or portions thereof, are open to and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such #development# or #enlargement# until the Chairperson certifies to the Department of Buildings that the public access areas, or portions thereof, are fully complete, and that all requirements of this Section have been met in accordance with the site and landscape plans for the public access area, or portions thereof associated with such phase. Notwithstanding the foregoing, in the event that a temporary public access area plan is approved pursuant to Section 93-782 (Certification to temporarily modify public access areas for construction staging), no temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a #development# or #enlargement# within the phase until the Chairperson certifies to the Department of Buildings that the public access area, or portions thereof associated with such phase, is substantially complete and in accordance with such temporary public access area plan, and the public access
area, or portions thereof, are open and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such development or enlargement until the Chairperson certifies to the Department of Buildings that the public access area, or portions thereof associated with the phase previously improved pursuant to the temporary public access area plan, has been fully completed in accordance with the site and landscape plans therefor, and that the public access area, or portions thereof, are open to and useable by the public.

(e) Where a phase of development results in all development sites in Subdistrict F, as shown on Map 2 (Subdistrict F: Site Plan) in Appendix B, having been developed in whole or in part pursuant to the provisions of Section 93-56 (Special Height and Setback Regulations in Subdistrict F), the Department of Buildings shall not issue a certificate of occupancy for the last building of such phase unless and until the Chairperson certifies to the Commissioner of Buildings that all public access areas within Subdistrict F are substantially complete, and are open to and useable by the public. However, in the event that the site and landscape plans for the High Line open space have not been approved, pursuant to paragraph (c) of this Section, at the time such last building is eligible for a certificate of occupancy, the Department of Buildings shall issue such certificate of occupancy upon certification of the Chairperson that all public access areas other than the High Line open space are substantially complete.

(12/21/09)

93-781 Certification to modify general requirements of public access areas for ventilation demands

The Chairperson of the City Planning Commission may modify the general requirements of the publicly accessible open spaces listed in Section 93-75 (Publicly Accessible Open Spaces in Subdistrict F), and private streets and pedestrian ways listed in Section 93-76 (Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F), provided that the Chairperson certifies to the Commissioner of Buildings that such a change is necessary to accommodate unforeseen ventilation demands within the Western Rail Yard. In addition to the site and landscape plans required pursuant to Section 93-78, a
mechanical plan shall be provided demonstrating the need to modify such general requirements.

(2/2/11)

93-782
Certification to temporarily modify public access areas for construction staging

In the event that the applicant demonstrates to the satisfaction of the Chairperson of the City Planning Commission that a public access area will be required for construction staging or similar activities in a future phase of #development# or #enlargement#, the application for the site and landscape plans may be accompanied by a request for approval of a temporary public access area plan for the public access area which may include fewer than all core elements required as part of a phase of #development# or #enlargement# of such public access area pursuant to paragraph (c)(2) of Section 93-78 (Site and Landscape Plans for Public Access Areas in Subdistrict F), as necessary to accommodate such future construction staging or similar activities. Such temporary public access area plan shall be subject to review and approval in the same manner as the site and landscape plans, pursuant to Section 93-78 and, if approved pursuant thereto, shall be implemented and remain in effect only for the period necessary to accommodate the need for use of the public access area for construction staging or similar activities in a future phase of development. Following the expiration of such period, the site and landscape plans, including all core elements for such public access area, shall be implemented.

(5/8/13)

93-80
OFF-STREET PARKING REGULATIONS

In Subdistricts A, B, C, D and E, the regulations governing permitted #accessory# off-street parking spaces of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), and Article II, Chapter 5; Article III, Chapter 6; and Article IV, Chapter 4 (Accessory Off-street Parking and Loading Regulations) shall not apply, except as set forth in this Section. In lieu thereof, the provisions of this Section, inclusive, shall apply.
In Subdistrict F, the regulations of Article I, Chapter 3, shall apply.

(12/20/18)

93-81 Definitions

Hudson Yards parking regulations applicability area

The “Hudson Yards parking regulations applicability area” is comprised of Subdistricts A, B, C, D and E of the #Special Hudson Yards District#, the 42nd Street Perimeter Area of the #Special Clinton District# and Subdistrict A-2 of the #Special Garment Center District#

Hudson Yards development parking supply

The “Hudson Yards development parking supply” shall be the aggregate number of off-street parking spaces in #accessory# individual or #group parking facilities#, #public parking lots# and #public parking garages# in the #Hudson Yards parking regulations applicability area#: 

(a) that have been constructed, pursuant to the as-of-right regulations in effect subsequent to January 19, 2005, and before April 14, 2010, to the extent that such spaces satisfy the ratios of Section 93-821;

(b) that have been constructed, pursuant to a City Planning Commission special permit approved subsequent to January 19, 2005, and before April 14, 2010;

(c) for which the Chairperson has issued a certification, pursuant to Section 93-821, paragraph (e); and

(d) that have been approved by Board of Standards and Appeals variance, pursuant to Section 72-21, to the extent that such spaces satisfy the ratios of Section 93-821.

However, all off-street parking on Site 1, as shown on the map of the Special 42nd Street Perimeter Area in Appendix A of the #Special Clinton District# (Article IX, Chapter 6), shall be counted toward the #Hudson Yards development parking supply#.
For purposes of this definition, “constructed” shall include any off-street parking spaces in #accessory# or #group parking facilities#, #public parking garages# or #public parking lots#, where such #accessory# or #group parking facilities#, #public parking garages# or #public parking lots# were completed on April 14, 2010, under construction on such date with the right to continue construction pursuant to Section 11-331 or granted a City Planning Commission special permit after January 19, 2005, where such permit had not lapsed as of April 14, 2010.

Public parking

“Public parking” shall be off-street parking that is open to the public during the business day for hourly, daily or other time-defined rental of parking spaces, for which a fee is charged.

Reservoir deficit

The “reservoir deficit” shall be the amount by which the #reservoir surplus# is less than zero.

Reservoir parking supply

The “reservoir parking supply” shall be the sum of:

(a) all off-street parking spaces lawfully operating as of May 27, 2009, in the #Hudson Yards parking regulations applicability area# as #public parking#; and

(b) any off-street parking spaces for which a valid building permit had been issued, as of May 27, 2009, and which have been constructed before April 14, 2010.

However, any off-street parking space that satisfies the definition of the #Hudson Yards development parking supply# in this Section shall not be counted as part of the #reservoir parking supply#.

For purposes of this definition, “constructed” shall include any off-street parking spaces in #accessory# individual or #group parking facilities#, #public parking garages# or #public parking lots#, where such #accessory# or #group parking facilities#, #public parking garages# or #public parking lots# were either completed on April 14,
2010, or under construction on such date with the right to continue construction pursuant to Section 11-331.

Reservoir surplus

The initial #reservoir surplus# shall be 3,600 off-street parking spaces. The “reservoir surplus” shall be increased by:

(a) the aggregate number of off-street parking spaces in the #reservoir parking supply# for which a building permit has been issued, pursuant to the as-of-right regulations in effect subsequent to January 19, 2005, and before April 14, 2010;

(b) the number of off-street parking spaces in the #Hudson Yards parking regulations applicability area# above the ratios permitted in Section 93-821, either certified by the Chairperson pursuant to Section 93-822, paragraph (c), or by City Planning Commission special permit, pursuant to Section 93-823; and

(c) the number of off-street parking spaces lawfully added in the #Hudson Yards parking regulations applicability area#, other than those permitted pursuant to Section 93-80, inclusive, except for any increase by Board of Standards and Appeals variance that is counted as part of the #Hudson Yards development parking supply#;

The #reservoir surplus# shall be decreased by:

(a) the aggregate number of parking spaces counted at any time in the #reservoir parking supply#, that subsequently are:

(1) reduced through modification or discontinuance of the applicable Department of Consumer Affairs license or certificate of occupancy or otherwise cease operation permanently; or

(2) not constructed in accordance with the applicable building permit, as reflected in a modification of such building permit or the issuance of a certificate of occupancy for a reduced number of spaces; or

(b) the issuance of a certificate of occupancy for a #development# or #enlargement# providing a smaller number of spaces than allowed, pursuant to Section 93-821, to the extent of the difference between the number of #accessory# off-street parking spaces allowed, and the number provided. However, this paragraph
shall not apply to Sites 2, 3, 4 and 5, as shown on Map 6 of Appendix A, and shall apply to no more than 200 accessory off-street parking spaces on Site 6 as shown on Map 6.

Substantial construction

"Substantial construction" shall mean the substantial enclosing and glazing of a new building or of the enlarged portion of an existing building.

(4/14/10)

93-82
Permitted Parking

Developments or enlargements in the Hudson Yards parking regulations applicability area may provide accessory parking spaces in accordance with the provisions of this Section. The provisions of Sections 36-52 (Size, Location and Identification of Spaces) and 36-53 (Width of Curb Cuts and Location of Access to the Street) shall apply to all permitted accessory off-street parking spaces.

(4/29/14)

93-821
Permitted parking when the reservoir surplus is greater than or equal to zero

When the reservoir surplus is greater than or equal to zero, off-street parking spaces may be provided only in accordance with the provisions of this Section.

(a) For residences, accessory off-street parking spaces may be provided for not more than 30 percent of the total number of dwelling units, except that where such dwelling units are comprised of low income floor area, moderate income floor area or middle income floor area, as defined in Section 23-911, accessory off-street parking spaces may be provided for not more than eight percent of the total number of such dwelling units.
(b) For Use Group 5 #transient hotels#, the applicable provisions of Section 13-12 (Permitted Parking for Non-residential Uses) shall apply with respect to the number of permitted #accessory# off-street parking spaces, provided that the number of such spaces does not exceed 0.16 for every 1,000 square feet of #floor area#.

(c) For Use Group 6B offices, not more than 0.16 #accessory# off-street parking spaces may be provided for every 1,000 square feet of #floor area#.

(d) In the Eastern Rail Yard Subarea A1, paragraphs (a) through (c) of this Section shall not apply, and any #accessory# off-street parking shall comply with the provisions of this paragraph (d):

(1) for #residences#, #accessory# off-street parking spaces may be provided for not more than 40 percent of the total number of #dwelling units#;

(2) for #commercial# and #community facility uses#, not more than 0.325 #accessory# off-street parking spaces may be provided for every 1,000 square feet of #floor area#, provided that in no event shall the number of off-street parking spaces #accessory# to #commercial# or #community facility uses# exceed 350 spaces; and

(3) in no event shall the total number of #accessory #off-street parking spaces for all #uses# exceed 1,000.

(e) The Department of Buildings shall not issue a building permit for any #accessory# off-street parking pursuant to paragraphs (a) through (c) of this Section, unless the Chairperson has certified that:

(1) the sum of the permitted parking spaces set forth in the following paragraphs, (e)(1)(i), (e)(1)(ii) and (e)(1)(iii), is less than or equal to 5,084 spaces:

(i) the #reservoir surplus# or zero;

(ii) the #Hudson Yards development parking supply#; and

(iii) the number of spaces proposed to be added by the #development# or #enlargement# for which certification is sought; and
(2) the sum of the permitted parking spaces set forth in the following paragraphs, (e)(2)(i), (e)(2)(ii), (e)(2)(iii) and (e)(2)(iv), is less than or equal to 5,905 spaces:

(i) all off-street parking spaces in the #Hudson Yards parking applicability area# that have been categorized, in accordance with the definition in Section 93-81, as part of the #reservoir parking supply#, less any such off-street parking spaces that have been categorized as decreasing the #reservoir surplus# in accordance with paragraph (a) of the second part of the definition of #reservoir surplus# in Section 93-81;

(ii) all off-street parking spaces in the #Hudson Yards parking applicability area# that have been categorized as increasing the #reservoir surplus# in accordance with paragraphs (b) and (c) of the first part of the definition of #reservoir surplus# in Section 93-81;

(iii) the #Hudson Yards development parking supply#; and

(iv) the number of spaces proposed to be added by the #development# or #enlargement# for which certification is sought.

(3) Notwithstanding paragraphs (e)(1) and (2) of this Section, if the Chairperson determines that final certificates of occupancy have been issued by the Department of Buildings for all #buildings# shown in the site plan for the Eastern Rail Yard Subarea A1 as required by the provisions of Section 93-70, and that upon the completion of all such #buildings#, fewer than 1,000 #accessory# off-street parking spaces have been provided in such subarea, any difference between the number of #accessory# off-street parking spaces provided in the Eastern Rail Yard Subarea A1, and 1,000, may be added to the limits of 5,084 and 5,905 spaces set forth in paragraphs (e)(1) and (e)(2), respectively.

(4) Any certification granted by the Chairperson, pursuant to this Section, shall lapse after two years if #substantial construction# of the #development# or of the #enlarged# portion of an existing #building#, which includes the subject #accessory# off-street parking spaces, has not occurred. In making a certification pursuant to this Section, the Chairperson shall not consider any prior
certification or any special permit that has lapsed in accordance with the provisions of this Resolution. However, for Site 6, as shown on Map 6 in Appendix A of this Chapter, any such certification shall lapse after six years if substantial construction of the new building that includes the subject accessory off-street parking spaces, has not occurred.

(4/29/14)

93-822
Permitted parking when a reservoir deficit exists

When a reservoir deficit exists, additional off-street parking spaces may be provided in accordance with the provisions of this Section. However, this Section shall not apply in the Eastern Rail Yard Subarea A1.

(a) The number of permitted accessory off-street parking spaces for Use Group 5 hotels may exceed 0.16 for every 1,000 square feet of floor area, up to the number permitted by the applicable provisions of Section 13-12 (Permitted Parking for Non-residential Uses).

(b) The number of permitted accessory off-street parking spaces for Use Group 6B offices may be increased by up to 33 percent of the number permitted pursuant to Section 93-821, paragraph (b).

(c) The Department of Buildings shall not issue a building permit for any additional accessory off-street parking spaces permitted pursuant to this Section unless the Chairperson has certified that:

1. a reservoir deficit exists;

2. the number of accessory off-street parking spaces in excess of the number permitted by Section 93-821, proposed to be added by the development or enlargement for which certification is sought, does not exceed such reservoir deficit; and

3. such additional accessory off-street parking spaces, when added to the sum of the parking spaces specified in paragraphs (e)(2)(i), (e)(2)(ii) and (e)(2)(iii) of Section 93-821 does not exceed 5,905 spaces, except insofar as the
limit of 5,905 spaces set forth in paragraph (e)(2) has been adjusted pursuant to the provisions of paragraph (e)(3) of Section 93-821.

(d) Any certification granted by the Chairperson pursuant to this Section shall lapse after two years if #substantial construction# of the new #building# or of the #enlarged# portion of an existing #building#, which includes the subject #accessory# off-street parking spaces, has not occurred. In making a certification pursuant to this Section, the Chairperson shall not consider any prior certification or any special permit that has lapsed in accordance with the provisions of this Resolution. However, for Site 6, as shown on Map 6 in Appendix A of this Chapter, any such certification shall lapse after six years if #substantial construction# of the new #building# that includes the subject #accessory# off-street parking spaces, has not occurred.

(5/8/13)

93-823
Parking permitted by special permit

When a #reservoir deficit# exists, the City Planning Commission may allow, by special permit, Use Group 6B offices to exceed the number of #accessory# off-street parking spaces permitted by Section 93-822, provided that:

(a) within the vicinity of the site, there are insufficient parking spaces available;

(b) the facility will not create or contribute to serious traffic congestion nor unduly inhibit vehicular and pedestrian movement;

(c) the facility is so located as to draw a minimum of vehicular traffic to and through local #residential streets#; and

(d) adequate reservoir space is provided at the vehicular entrance to accommodate vehicles equivalent in number to 20 percent of the total number of parking spaces, up to 50 parking spaces, and five percent of any spaces in excess of 200 parking spaces, but in no event shall such reservoir spaces be required for more than 50 vehicles. However, in the case of a facility with a capacity of 10 vehicles or less, the Commission may waive this condition.
In addition, the Commission shall find that the number of accessory off-street parking spaces in excess of the number permitted by Section 93-821, proposed to be added by the development or enlargement that is the subject of the application under review, does not exceed the reservoir deficit; and that such additional accessory off-street parking spaces, when added to the sum of the parking spaces specified in paragraphs (e)(2)(i), (e)(2)(ii) and (e)(2)(iii) of Section 93-821 do not exceed 5,905 spaces, except insofar as the limit of 5,905 spaces set forth in paragraph (e)(2) has been adjusted pursuant to the provisions of paragraph (e)(3) of Section 93-821. In making such finding, the Commission shall not consider any prior certification or any special permit that has lapsed in accordance with the provisions of this Resolution.

(4/14/10)

93-824
Publication of data

The Department of City Planning shall make available, in a form easily accessed by the public, regularly updated calculations of the current Hudson Yards development parking supply, reservoir parking supply, spaces described in paragraphs (e)(2)(i) and (e)(2)(ii) of Section 93-821, and reservoir surplus or reservoir deficit, as applicable.

(5/8/13)

93-83
Use and Location of Parking Facilities

The provisions of this Section shall apply to all off-street parking spaces within the Special Hudson Yards District.

(a) All off-street parking spaces accessory to residences shall be used exclusively by the occupants of such residences. Except in the Eastern Rail Yard Subarea A1, all off-street parking spaces accessory to Use Group 5 transient hotels and Use Group 6B offices may be made available for public use. No accessory off-street parking spaces shall be located on a zoning lot other than the same zoning lot as the use to which they are accessory.
(b) All off-street parking spaces shall be located within facilities that, except for entrances and exits, are:

(1) entirely below the level of any street or publicly accessible open area upon which such facility, or portion thereof, fronts; or

(2) located, at every level above-grade, behind commercial, community facility or residential floor area, so that no portion of such parking facility is visible from adjoining streets or publicly accessible open areas.

(2/2/11)

93-831
Authorization for above-grade parking

The City Planning Commission may authorize parking facilities that do not comply with the provisions of paragraph (b) of Section 93-83 (Use and Location of Parking Facilities) and may authorize floor space used for parking and located above a height of 23 feet to be exempt from the definition of floor area, provided that:

(a) below-grade parking has been provided to the fullest extent feasible, and such above-grade facility is necessary due to subsurface conditions such as the presence of bedrock, railroad rights-of-way or other conditions that impose practical difficulties for the construction of below-grade parking facilities;

(b) the scale of the parking facility is compatible with the scale of buildings in the surrounding area;

(c) the materials and articulation of the street wall of the parking facility are compatible with buildings in the surrounding area;

(d) the ground floor level of such parking facilities that front upon streets is occupied by commercial, community facility or residential uses that activate all such adjoining streets, except at the entrances and exits to the parking facility. Where site planning constraints make such uses infeasible, the parking facility shall be screened from adjoining streets or public access areas with a densely planted buffer strip at least 10 feet deep. Where such screening
is not desirable, such ground floor wall of the parking facility shall be articulated in a manner that provides visual interest;

(e) any floor space above the ground floor level utilized for parking is located, to the greatest extent feasible, behind commercial, community facility or residential floor area, to minimize the visibility of the parking facility from adjoining streets or public access areas. Any exterior wall of the parking facility visible from an adjoining street or public access area shall be articulated in a manner that is compatible with buildings in the surrounding area;

(f) for portions of parking facilities that are visible from streets, publicly accessible open areas or nearby properties, interior lighting and vehicular headlights are shielded to minimize glare on such streets, public access areas or properties; and

(g) the location of vehicular entrances and exits will not unduly inhibit surface traffic and pedestrian flow.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(4/14/10)

93-84
Curb Cut Restrictions

Along all avenues in the Special Hudson Yards District, and along Hudson Boulevard and West 34th Street, and along the north side of West 35th, West 36th, West 37th and West 38th Streets between Tenth and Eleventh Avenues, no driveway curb cuts for parking facilities or loading berths shall be permitted, except:

(a) for entrances or exits to a public parking garage located beneath Hudson Boulevard and the adjacent public parks; or

(b) where the Commissioner of Buildings determines there is no alternative means of access to required off-street parking spaces or required loading berths from other streets bounding the zoning lot. However, in no event shall curb cuts be permitted on or within 40 feet of Hudson Boulevard.
93-841
Curb cut restrictions in the Large-Scale Plan Subdistrict A

In Subarea A2 of the Large-Scale Plan Subdistrict A, curb cuts for parking and loading facilities shall be prohibited on West 34th Street, Tenth Avenue, Hudson Boulevard and Eleventh Avenue except where the City Planning Commission certifies there is no frontage available on West 33rd Street or West 35th Street to access a required parking or loading facility.

93-842
Curb cut restrictions in the Farley Corridor Subdistrict B

No curb cuts shall be permitted on Eighth or Ninth Avenues between West 31st and West 33rd Streets. In the Pennsylvania Station Subarea B4, the maximum aggregate width of curb cuts on West 33rd Street shall be 90 feet. On the south side of West 33rd Street between the Lincoln Tunnel Approach and Ninth Avenue, the maximum aggregate width of curb cuts shall be 90 feet.

93-85
Authorization for Additional Curb Cuts

Along the north side of West 35th, West 36th, West 37th and West 38th Streets between Tenth and Eleventh Avenues, for #zoning lots# greater than 20,000 square feet, the City Planning Commission may authorize curb cuts, provided the Commission finds that such curb cuts are needed for required loading berths, do not unduly inhibit surface traffic or pedestrian flow and do not impair the essential character of the surrounding area. Loading berths shall be arranged so as to permit head-in and head-out truck movements to and from the #zoning lot# and thereby permit a more efficient loading operation.

(12/20/18)
HARASSMENT

(a) Definitions

(1) Anti-harassment area

“Anti-harassment area” shall mean the #Special Hudson Yards District# and Subdistrict A-2 of the #Special Garment Center District#.

(2) Application date

“Application date” shall mean the date that the Department of Housing Preservation and Development accepts a completed application for a #certification of no harassment# for processing.

(3) Certification of no harassment

“Certification of no harassment” shall mean a certification by the Department of Housing Preservation and Development pursuant to this Section that there has not been #harassment# of the lawful occupants of a #multiple dwelling# during the #inquiry period#.

(4) Cure compliance lot

“Cure compliance lot” shall mean a #zoning lot# on which #low income housing# is provided pursuant to a #restrictive declaration# in accordance with the cure provisions of paragraph (d) of this Section. A #cure compliance lot# may be a #cure requirement lot#.

(5) Cure requirement

Except as otherwise provided in paragraph (e) of this Section with respect to Subareas 4 and 5 of the Hell’s Kitchen Subdistrict D of the #Special Hudson Yards District#, “cure requirement” shall mean #floor area# in an amount not less than the greater of:

(i) 28 percent of the total #residential# and #hotel floor area# of any #multiple dwelling# to be altered or demolished in which #harassment# has occurred; or
(ii) 20 percent of the total floor area of any new or altered building on the cure requirement lot.

(6) Cure requirement lot

“Cure requirement lot” shall mean:

(i) a zoning lot containing a multiple dwelling with respect to which the Department of Housing Preservation and Development has denied a certification of no harassment; or

(ii) a zoning lot with respect to which an applicant, in lieu of seeking a certification of no harassment which would otherwise be required for the full or partial demolition or material alteration of a multiple dwelling located in the anti-harassment area, elects to seek a certification of compliance with the cure provisions of paragraph (d) of this Section and enters into a restrictive declaration.

(7) Dwelling unit

“Dwelling unit” shall have the meaning set forth in the Multiple Dwelling Law.

(8) Exempt hotel

“Exempt hotel” shall mean any multiple dwelling:

(i) which is a transient hotel and was a transient hotel on the referral date;

(ii) in which no residential occupant is, or was on the referral date, entitled to a renewal lease or otherwise entitled to continued occupancy pursuant to the Local Housing Emergency Rent Control Act, as amended, the City Rent and Rehabilitation Law, as amended, the Rent Stabilization Law of 1969, as amended, or the Emergency Tenant Protection Act of 1974, as amended; and

(iii) which has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development.
(9) Exempt institutional residence

“Exempt institutional residence” shall mean any #multiple dwelling#:

(i) the occupancy of which is restricted to non-profit institutional use and was restricted to non-profit institutional use on the #referral date#, and

(ii) which has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development.

(10) Harassment

“Harassment” shall mean any conduct by or on behalf of an owner of a #multiple dwelling# that includes:

(i) the use or threatened use of force which causes or is intended to cause any person lawfully entitled to occupancy of a #dwelling unit# or #rooming unit# in such #multiple dwelling# to vacate such unit or to surrender or waive any rights in relation to such occupancy;

(ii) the interruption or discontinuance of essential services which

(a) interferes with or disturbs or is intended to interfere with or disturb the comfort, repose, peace or quiet of any person lawfully entitled to occupancy of a #dwelling unit# or #rooming unit# in the use or occupancy of such #dwelling unit# or #rooming unit#, and

(b) causes or is intended to cause such person lawfully entitled to occupancy of such #dwelling unit# or #rooming unit# to vacate such #dwelling unit# or #rooming unit# or to surrender or waive any rights in relation to such occupancy;

(iii) a failure to comply with the provisions of subdivision (c) of section 27-2140 of article seven of subchapter five of the Housing Maintenance Code which causes or is intended to cause such person lawfully entitled to occupancy of such #dwelling unit# or
(iv) any other conduct which prevents or is intended to prevent any person from the lawful occupancy of such dwelling unit# or #rooming unit# or causes or is intended to cause such person lawfully entitled to occupancy of such dwelling unit# or #rooming unit# to vacate such dwelling unit# or #rooming unit# or to surrender or waive any rights in relation to such occupancy, including but not limited to removing the possessions of any occupant from the dwelling unit# or #rooming unit#; removing the door at the entrance to the dwelling unit# or #rooming unit#; removing, plugging or otherwise rendering the lock on such entrance door inoperable; or changing the lock on such entrance door without supplying the occupant with a key.

(11) Inquiry period

“Inquiry period” shall mean a period which:

(i) commences upon the later of the referral date# or a date which is 15 years prior to the application date#, and

(ii) terminates upon the application date#;

provided, however, that the Department of Housing Preservation and Development may:

(a) set such commencement date upon any date which is on or after the referral date# and is more than 15 years prior to the application date# where it determines that such extension of the duration of the inquiry period would further the purposes of this Section, and

(b) extend such termination date up to and including the date upon which the Department of Housing Preservation and Development determines to grant or deny a certification of no harassment#.

(12) Low income housing

“Low income housing” shall mean dwelling units# or
rooming units occupied or to be occupied by persons or families having an annual household income at the time of initial occupancy equal to or less than 80 percent of the median income for the primary metropolitan statistical area, as determined by the United States Department of Housing and Urban Development or its successors from time to time for a family of four, as adjusted for family size.

(13) Material alteration

“Material alteration” shall mean any alteration to a multiple dwelling or other building, including, but not limited to, an alteration which reduces or increases the floor area of the multiple dwelling or other building, converts floor area from residential to non-residential use, changes the number or layout of dwelling units or rooming units, or adds or removes kitchens or bathrooms; provided, however, that material alteration shall not include:

(i) an incidental alteration which does not change the layout of dwelling units or rooming units, or

(ii) a repair or replacement of existing elements of such multiple dwelling or other building without materially modifying such elements.

(14) Multiple dwelling

“Multiple dwelling” shall have the meaning set forth in the Multiple Dwelling Law.

(15) Referral date

(16) Restrictive declaration

“Restrictive declaration” shall mean a legal instrument which:

(i) provides that low income housing in an amount not less than the cure requirement shall be provided in a new or altered multiple dwelling located in the anti-harassment area,
(ii) provides that the #low income housing# must comply with the requirements of Section 23-90 for rental #affordable housing# provided without #public funding#, as amended by this Chapter, unless any such requirement is waived by the Department of Housing Preservation and Development.

(iii) contains such other terms as the Department of Housing Preservation and Development shall determine,

(iv) has been approved by the Department of Housing Preservation and Development,

(v) runs with the land and binds all parties in interest to the #cure requirement lot# and their successors,

(vi) runs with the land and binds all parties in interest to the #cure compliance lot# and their successors, and

(vii) is perpetual in duration.

(17) Rooming unit

"Rooming unit" shall have the meaning set forth in the Housing Maintenance Code.

(b) Permit Process

(1) Unless the Department of Housing Preservation and Development has issued a #certification of no harassment# pursuant to paragraph (c) of this Section or has certified compliance with the cure provisions of paragraph (d) of this Section, the Department of Buildings shall not issue a permit for:

(i) the full or partial demolition of a #multiple dwelling# located in the #anti-harassment area#; or

(ii) the #material alteration# of a #multiple dwelling# located in the #anti-harassment area#.

(2) Any permit for alterations may be exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development that such alterations are to be performed solely for the purpose of either:
(i) making the public areas of a multiple dwelling accessible to persons with disabilities without altering the configuration of any dwelling unit or rooming unit; or

(ii) making a dwelling unit or a rooming unit accessible to persons with disabilities.

(3) The following structures shall be exempt from the provisions of this Section:

(i) any city-owned multiple dwelling;

(ii) any multiple dwelling which is the subject of a program approved by Department of Housing Preservation and Development for the provision of housing for persons of low or moderate income and has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development;

(iii) any multiple dwelling initially occupied for residential purposes after January 1, 1974, except for buildings which are or have been interim multiple dwellings pursuant to Article 7C of the Multiple Dwelling Law;

(iv) any exempt hotel;

(v) any multiple dwelling in which occupancy is restricted to clubhouse or school dormitory use and occupancy was restricted to clubhouse or school dormitory use on the referral date; and

(vi) any exempt institutional residence.

(4) Where the Department of Housing Preservation and Development has denied a certification of no harassment with respect to a multiple dwelling, the Department of Buildings shall not issue any permit with respect to any multiple dwelling or other building located on, or to be located on, the cure requirement lot except in accordance with paragraph (d) of this Section.

(c) Certification of No Harassment
(1) The Department of Housing Preservation and Development shall determine and certify whether there has been harassment of the lawful occupants of a multiple dwelling during the inquiry period.

(2) There shall be a rebuttable presumption that any of the acts or omissions described in paragraph (a)(10) of this Section occurring within the inquiry period were committed by or on behalf of the owner of such multiple dwelling and that such acts or omissions:

(i) were committed with the intent to cause a person lawfully entitled to occupancy of a dwelling unit or rooming unit in such multiple dwelling to vacate such unit or to surrender or waive a right in relation to such occupancy, and

(ii) materially advanced the demolition or alteration in furtherance of which the permit and certification of no harassment are sought.

(3) The Department of Housing Preservation and Development may promulgate rules regarding the implementation of this Section. Such rules may include, but shall not be limited to, provisions which:

(i) establish the information to be required in an application for certification of no harassment, the form of such application, and the manner of filing of such application,

(ii) establish reasonable fees and charges to be collected from applicants for the administrative expenses incurred by the Department of Housing Preservation and Development, including, but not limited to, costs for publication of any notices, and

(iii) establish the duration for which a certification of no harassment will remain effective, and

(iv) authorize the recission of a certification of no harassment if the Department of Housing Preservation and Development finds either that harassment has occurred after the inquiry period or that the application for such certification of no harassment contained a material misstatement of fact. Following such recission, the Department of Buildings may revoke
any permit for which such certification of no harassment was required.

(4) The Department of Housing Preservation and Development may refuse to accept, or to act upon, an application for a certification of no harassment where the Department of Housing Preservation and Development finds that:

(i) taxes, water and sewer charges, emergency repair program charges, or other municipal charges remain unpaid with respect to such multiple dwelling,

(ii) such multiple dwelling has been altered either without proper permits from the Department of Buildings or in a way that conflicts with the certificate of occupancy for such multiple dwelling (or, where there is no certificate of occupancy, any record of the Department of Housing Preservation and Development indicating the lawful configuration of such multiple dwelling) and such unlawful alteration remains uncorrected; or

(iii) the Department of Housing Preservation and Development has previously denied an application for a certification of no harassment pursuant to this Section.

(5) If the Department of Housing Preservation and Development determines that an application for a certification of no harassment contains a material misstatement of fact, the Department of Housing Preservation and Development may reject such application and bar the submission of a new application with respect to such multiple dwelling for a period not to exceed three years.

(6) Before determining whether there is reasonable cause to believe that harassment has occurred with respect to any multiple dwelling, the Department of Housing Preservation and Development shall publish a notice in such form and manner as shall be specified in the rules promulgated pursuant to paragraph (c)(3) of this Section. Such notice shall seek public comment regarding whether there has been harassment of the lawful occupants of such multiple dwelling from the referral date to the date of submission of comments. If the Department of Housing Preservation and Development receives comments containing material evidence that harassment occurred on or after
the referral date and more than 15 years prior to the application date, the Department of Housing Preservation and Development shall, in accordance with paragraph (a)(11) of this Section, set the commencement of the inquiry period on a date prior to the date of such alleged harassment.

(7) The Department of Housing Preservation and Development shall determine whether there is reasonable cause to believe that harassment has occurred during the inquiry period.

(i) If there is no reasonable cause to believe that harassment has occurred during the inquiry period, the Department of Housing Preservation and Development shall issue a certification of no harassment.

(ii) If there is reasonable cause to believe that harassment has occurred during the inquiry period, the Department of Housing Preservation and Development shall cause a hearing to be held in such manner and upon such notice as shall be determined by the Department of Housing Preservation and Development, unless the applicant waives the right to a hearing. Following receipt of the report and recommendation of the hearing officer, or receipt of a waiver of the right to such a hearing from the applicant, the Department of Housing Preservation and Development shall either grant or deny a certification of no harassment.

(8) The Department of Housing Preservation and Development may deny a certification of no harassment without a prior hearing if there has been a finding by the Division of Housing and Community Renewal or any court having jurisdiction that there has been harassment, unlawful eviction or arson at the multiple dwelling during the inquiry period.

(d) Certification of Cure for Harassment

(1) The Department of Housing Preservation and Development shall not certify compliance with the cure provisions of this paragraph to the Department of Buildings unless all parties in interest to the cure requirement lot and all parties in interest to the cure compliance lot have entered into a restrictive declaration.
(2) Any permit or certificate of occupancy issued by the Department of Buildings with respect to any structure located on a cure requirement lot or a cure compliance lot shall be subject to the following conditions:

(i) The Department of Buildings shall not issue any permit, except a permit for an alteration which is not a material alteration, with respect to any structure located on the cure requirement lot unless the restrictive declaration has been recorded in the Office of the City Register and indexed against each tax lot within the cure requirement lot and each tax lot within the cure compliance lot.

(ii) The Department of Buildings shall not issue any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the cure requirement lot, other than any low income housing located on the cure requirement lot, until:

(a) the Department of Housing Preservation and Development certifies that the low income housing required by the restrictive declaration has been completed in compliance with the restrictive declaration; and

(b) the Department of Buildings has issued a temporary or permanent certificate of occupancy for each unit of such low income housing.

(iii) The Department of Buildings shall include the occupancy restrictions of the restrictive declaration in any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the cure compliance lot. Failure to comply with the terms and conditions set forth in the restrictive declaration shall constitute a violation, and a basis for revocation, of any certificate of occupancy containing such restriction.

(iv) The Department of Buildings shall include the occupancy restrictions of the restrictive declaration in any temporary or permanent certificate of occupancy for any new or existing structure or
portion thereof on the #cure requirement lot#, except where:

(a) the #cure requirement lot# is not the #cure compliance lot#; and

(b) the management and operation of the #cure compliance lot# is wholly controlled by, and the #restrictive declaration# requires that management and operation of the #cure compliance lot# remain wholly controlled by, an independent not-for-profit administering agent that is not affiliated with the owner of the #cure requirement lot#.

Failure to comply with the terms and conditions set forth in the #restrictive declaration# shall constitute a violation, and a basis for revocation, of any certificate of occupancy containing such restriction.

(3) No portion of the #low income housing# required under this Section shall qualify to:

(i) increase the #floor area ratio# pursuant to the provisions of Section 23-90, as modified by the provisions of the #Special Hudson Yards District# and the #Special Garment Center District#; or

(ii) satisfy an eligibility requirement of any real property tax abatement or exemption program with respect to any #multiple dwelling# that does not contain such #low income housing#.

(e) Demolition in Subareas 4 and 5 of the Hell’s Kitchen Subdistrict D

Notwithstanding any provision of paragraph (a)(5) of this Section or paragraph (d) of this Section to the contrary, with regard to any #multiple dwelling# to be demolished in Subareas 4 and 5 of the Hell’s Kitchen Subdistrict D of the #Special Hudson Yards District#, #cure requirement# shall mean #floor area# in an amount not less than the greater of:

(i) 40 percent of the total #residential# or #hotel floor area# of any #multiple dwelling# to be demolished in which #harassment# has occurred; or
(ii) 30 percent of the total floor area of any new building on the same zoning lot as the multiple dwelling to be demolished.

(12/20/18)

93-91 Demolition

The Department of Buildings shall not issue a permit for the demolition of a multiple dwelling, as defined in Section 93-90 (HARASSMENT), paragraph (a)(14), located within Subareas D4 or D5 in the Hell's Kitchen Subdistrict D or within Subdistrict A-2 of the Special Garment Center District, or an alteration permit for the partial demolition of a multiple dwelling located within Subareas D4 and D5 or within Subdistrict A-2 of the Special Garment Center District, where such partial demolition would decrease the amount of residential floor area in such multiple dwelling by 20 percent or more, unless:

(a) such multiple dwelling is an unsafe building or an emergency exists such that demolition is required pursuant to the provisions of Title 28, Chapter 2, Articles 215 or 216 of the New York City Administrative Code; or

(b) the Commissioner of the Department of Housing Preservation and Development, after providing 60 days notice and opportunity to comment to the local Community Board, has certified:

(1) if such multiple dwelling is to be substantially preserved, that an alteration permit is required to allow the removal and replacement of 20 percent or more of the floor area;

(2) if such multiple dwelling is not to be substantially preserved, that the Department of Housing Preservation and Development has determined that the rehabilitation of such multiple dwelling is not feasible under any active governmentally funded program; and

(3) that the Department of Housing Preservation and Development has issued a certification of no harassment pursuant to Section 93-90, paragraph (c), or has certified compliance with the cure provisions of Section 93-90, paragraph (d).
the following structures shall be exempt from the provisions of this Section:

(1) any city-owned multiple dwellings;

(2) any multiple dwelling which is the subject of a program approved by the Department of Housing Preservation and Development for the provision of housing for persons of low- or moderate-income and has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development;

(3) any multiple dwelling initially occupied for residential purposes after January 1, 1974, except for buildings which are or have been interim multiple dwellings, pursuant to Article 7C of the Multiple Dwelling Law;

(4) any exempt hotel, as defined in Section 93-90;

(5) any multiple dwelling in which occupancy is restricted to clubhouse or school dormitory use and occupancy was restricted to clubhouse or school dormitory use on June 21, 2004; or

(6) any exempt institutional residence, as defined in Section 93-90.

Article IX: Special Purpose Districts
Chapter 4: Special Sheepshead Bay District

Effective date of most recently amended section of Article IX Chapter 4: 3/22/16

Date of file creation: Web version of Article IX Chapter 4: 10/11/18

Zoning Disclaimer - the Web version of the Zoning Resolution of the City of New York is
provided for reference and the convenience of having the Resolution in an online
format. Recent amendments to the Zoning Resolution also appear on the Web prior to
being incorporated into the print version of the Resolution.
Article IX - Special Purpose Districts

Chapter 4
Special Sheepshead Bay District

94-00
GENERAL PURPOSES

The "Special Sheepshead Bay District," established in this Resolution, is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

(a) to promote and strengthen the unique character of the "Special Sheepshead Bay District" area as a prime location for waterfront-related commercial and recreational development and to help attract a useful cluster of shops, restaurants and related activities, which will complement and enhance the area as presently existing;

(b) to encourage the provision of housing with appropriate amenities in areas suitable for residential development;

(c) to improve vehicular and pedestrian circulation patterns by requiring limited curb cuts and uniform sidewalk widening, and encouraging the provision of public open space and other amenities as a related part of new development;

(d) to provide an incentive for redevelopment of the area in a manner consistent with the foregoing objectives which are integral elements of the Comprehensive Plan of the City of New York; and

(e) to promote the most desirable use of land in this area and thus to conserve the value of land and thereby protect the City's tax revenues.

94-01
Definitions
Development

For the purposes of this Chapter, a "development" includes #development#, as defined in Section 12-10, or an #enlargement#.

Development rights

For the purposes of this Chapter, the "development rights" of a #granting lot# shall consist of the unused bonus #floor area# allowed by Section 94-08 (Special Floor Area Bonus Provisions). Any unused bonus #floor area# transferred from a #granting lot# may be used on a #receiving lot# either for #residential# or #commercial uses# as set forth in Section 94-094 (Authorization provisions for transfer of development rights to receiving lots).

Granting lot

For the purposes of this Chapter, a "granting lot" is a #zoning lot#, with a minimum area of 20,000 square feet, which is located in Areas A, C, D or E, as indicated in Appendix A (District Map), and is #developed# pursuant to Sections 94-07 (Mandatory Provisions) and 94-08 (Special Floor Area Bonus Provisions).

Person

For the purposes of this Chapter, a "person" is an individual, corporation (whether incorporated for business, public benefit, or non-profit purposes or otherwise), partnership, trust, firm, organization, other association or any combination thereof.

Receiving lot

For the purposes of this Chapter, a "receiving lot" is a #zoning lot#, with a minimum area of 20,000 square feet, which is located in Areas A, C, E or F, as indicated in Appendix A (District Map), and on which #development rights# are transferred from a #granting lot# pursuant to Section 94-094.

(10/9/13)

94-02
General Provisions
In harmony with the general purposes of the #Special Sheepshead Bay District# and in accordance with the provisions of this Chapter, certain specified regulations of the districts on which the #Special Sheepshead Bay District# is superimposed are made inapplicable and special regulations are substituted therefor. The City Planning Commission, by special permit, may grant certain #uses# and may authorize #bulk# modifications within the Special District as set forth in this Chapter. Except as modified by the express provisions of this Special District, the regulations of the underlying zoning districts remain in effect.

In the #waterfront area#, the provisions of the #Special Sheepshead Bay District# are modified in accordance with the provisions of Section 62-13 (Applicability of District Regulations).

In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(10/4/73)

94-04 Requirements for Applications

An application to the City Planning Commission for the grant of a special permit or authorization respecting any #development# under the provisions of this Chapter shall include a site plan showing the location and proposed #use# of all #buildings or other structures# on both the #granting# and #receiving lots#; the location of all special amenities that are to be provided under the mandatory and bonus provisions; the location of all vehicular entrances and exits and off-street parking and loading spaces; and such other information as may be required by the Commission for its determination as to whether or not a special permit or authorization is warranted.

(10/4/73)

94-05 Relationship to Public Improvement Projects

In all cases, the City Planning Commission shall deny a special permit or authorization application whenever the #development# will interfere with a public improvement project (including
housing, highways, public buildings or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) which is approved by or pending before the Board of Estimate, City Planning Commission or Site Selection Board, as determined from the calendar of each agency issued prior to the date of the public hearing on the application for a special permit or authorization.

(10/4/73)

94-06
Special Use Regulations

In order to preserve the character of the area and to encourage waterfront and related uses, special limitations are imposed on the location, size and kinds of uses permitted within the Special District as set forth in this Section.

(5/27/15)

94-061
Permitted residential, community facility and commercial uses

A. Residential and community facility uses

Uses listed in Use Groups 1, 2, 3 and 4 shall be allowed anywhere within the Special District, except as set forth in Section 94-065 (Restriction on ground floor use).

B. Commercial uses

In Areas A, B, C, D and E, as indicated in Appendix A (Special Sheepshead Bay District Map) of this Chapter, only those commercial uses listed in Section 94-062 (Use Group SB), those uses listed in Section 62-211 (Water-Dependent (WD) uses) from Use Groups 6, 7, 9 and 14, and those uses permitted pursuant to Section 94-063 (Uses permitted by special permit), shall be allowed. In addition, in Area B, a food store, as listed in Section 32-15 (Use Group 6), shall also be allowed on a zoning lot existing on May 27, 2015, for a period of 10 years from such date. Such food store shall be limited to one such establishment per zoning lot and shall be limited to 15,000 square feet of floor area utilized for the sale of food and non-food grocery products, and further such establishment shall be limited to an
additional 6,500 square feet of floor area for accessory office and storage space. There shall be no limitation on the amount of floor area utilized for eating or drinking places as listed in Use Group SB, pursuant to Section 94-062.

In Area F, only commercial uses listed in Use Group 6 and those listed in Section 62-211 from Use Groups 6, 7, 9 and 14 shall be allowed within the underlying Commercial Districts.

In Area G, only commercial uses listed in Use Groups 6, 7, 8 and 9 and those listed in Section 62-211 from Use Groups 6, 7, 9 and 14 shall be allowed within the underlying Commercial Districts.

In Area H, except for uses permitted pursuant to Section 94-063, commercial uses shall be limited to those listed in Section 62-211 from Use Groups 6, 7, 9 and 14 and the following uses:

Antique stores
Art galleries, commercial
Artists' supply stores
Bicycle sales, rental or repair shops
Boat fuel sales, open or enclosed, restricted to location within 10 feet of a dock berth
Boat rentals, open or enclosed
Boat showrooms or sales
Boat storage, repair or painting, including the incidental sale of boats, boat parts or accessories, restricted to boats less than 100 feet in length, provided that such use or portion thereof may be conducted outside a completely enclosed building only if located at a distance greater than 100 feet from a Residence District boundary

Book stores
Candy or ice cream stores
Cigar or tobacco stores
Coin-operated ice vending machines, including those machines that are self-contained dealing directly with the ultimate consumer. Such self-contained machines shall be limited to 1,600 pounds capacity solely for the use of such self-contained machines.

Docks for pleasure boats less than 100 feet in length.

Eating or drinking places, including those which provide outdoor table service or incidental musical entertainment.

Fish stores, retail.

Fishing tackle or equipment, rental or sales.

Florist shops.

Gift shops.

Gymnasiums, used exclusively for basketball, handball, squash and tennis.

Hardware stores, limited to marine supplies.

#Hotels, transient#

Jewelry or art metal craft shops.

#Motels# or #boatels#

Newsstands, open or enclosed.

Non-commercial clubs, without restrictions on activities or facilities.

Pet shops.

Photographic equipment or supply stores.

Picture framing shops.

Sailmaking establishments.

Sale or rental of sporting goods or equipment, including instructions in skiing, sailing or skin diving.

Stamp or coin stores.
Studios, art, music, dance or theatrical

Taxidermist shops

C. #Accessory uses#

(2/2/11)

94-062

Use Group SB

In Areas A, B, C, D and E, except as stated in this Section, all #commercial uses# permitted by Use Group SB shall be limited to a maximum #floor area# of 3,500 square feet per establishment and to a maximum frontage per establishment at ground floor level of 35 feet when facing any plaza, Emmons Avenue, Sheepshead Bay Road, Ocean Avenue and Bedford Avenue. Any #use# marked with a single asterisk (*) shall not be located on the ground floor of a #building#.

A. Convenience retail or service establishments

Bakeries, limited to 750 square feet of #floor area# for production

Eating or drinking places, with no restriction on #floor area# or frontage per establishment, including those which provide outdoor table service or incidental musical entertainment

Hardware stores, limited to marine supplies

Stationery stores

Tailor or dressmaking shops, custom

B. Offices

* Offices, business, professional or governmental

C. Retail or service establishments

Antique stores

Art galleries
Artists' supply stores
Bicycle, rental or sales
Boat showrooms, with no repair or preparation or boats for delivery, #floor area# limited to 5,000 square feet
Book stores
Candy or ice cream stores
Cigar or tobacco stores
Clothing stores or clothing accessory stores
Dry goods stores (fabrics)
Fishing tackle and equipment
Florists
Gift shop
* Gymnasiums, used exclusively for basketball, handball, squash and tennis
Jewelry or art metal shops
Leather goods stores
* Meeting halls, having a rated capacity of not more than 75 people
Millinery shops
Music stores or repair shops
Newsstands, open or enclosed
Off-track betting establishments
Pet shops
Photographic equipment or supply stores
** #Physical culture or health establishments#, other than #adult physical culture establishments#, including gymnasiums, having a rated capacity of not more than 50 people
Picture framing shops
Record stores
Shoe stores
Sporting or athletic goods stores
Stamp or coin stores
* Studios, music, dance or theatrical, with no restriction on floor area#
Taxidermist shops
Toy stores
Travel bureaus
Watch or clock stores or repair shops

D. Clubs

* Clubs, non-commercial, without restrictions on activities or facilities

E. Accessory uses#

** #Uses# listed in Use Group SB, marked with a double asterisk, are permitted only by special permit of the Board of Standards and Appeals, pursuant to the provisions of Section 73-36

(2/2/11)

94-063
Uses permitted by special permit

The City Planning Commission, by special permit, may allow the #uses# listed in Tables 1 and 2 in Areas A, B, C, D and E and the #uses# listed in Table 2 only in Area H, provided that the following findings are made:

(a) the #use# is so located as not to impair the character of the surrounding area or its future development or cause any environmental hazards;
(b) the principal vehicular access for such use is not located on Emmons Avenue, Sheepshead Bay Road, Ocean Avenue or Bedford Avenue, except where no access is available from another street, and that such use will not cause undue congestion in local streets;

(c) the uses listed under manufacturing establishments in Table 1 are accessory to the retail sales on the same zoning lot and such uses occupy not more than 50 percent of the floor area of the establishment and that such uses do not create objectionable noise, vibration, smoke, dust or odor; and

(d) any public parking facilities provide adequate reservoir space at vehicular entrances, and that sufficient vehicular entrances and exits are provided to prevent traffic congestion.

The Commission may prescribe appropriate conditions or safeguards to minimize the adverse effect of any use permitted under this Section on the character of the surrounding area.

Table 1

A. Manufacturing Establishments

Art needlework, hand weaving, tapestries

Books, hand binding, tooling

Ceramics, custom

Jewelry manufacture, custom

Musical instruments (except pianos)

Printing, custom

Watchmaking

B. Amusements

Billiard parlors or pool halls, limited to 10 tables

Golf recreation centers, indoor, limited to 5,000 square feet

Skating rinks or ice skating rinks, outdoor or indoor, limited to one rink
Theaters, having a rated capacity of 500 people or less

Table 2

A. Automotive Service Establishments

#Parking garages#, #public#, or #parking lots#, #public#, with any capacity

B. Amusements

Historical exhibits, provided such #use# is contained mainly within a structure

Skating rinks or ice skating rinks, outdoor, may be enclosed in winter, limited to one rink

Tennis courts, outdoor, may be enclosed in winter, limited to four courts in Areas A, B, C, D and E and to eight courts in Area H

Swimming pools, commercial, limited to Area H

C. Service Establishments

Eating or drinking places, without restrictions on entertainment or dancing

(3/22/16)

94-064

Supplementary use regulations

The provisions of Article VII, Chapter 3 (Special Permits by the Board of Standards and Appeals), Sections 73-10 through 73-52, relating to modifications of #use#, shall not apply in the Special District, except that Section 73-36 (Physical Culture or Health Establishments) shall be applicable.

(10/4/73)

94-065

Restriction on ground-floor use

In Areas A, B, C and D, the ground floor of a #building# shall
not be used for #residences# except for #single- or two-family residences# or #accessory# lobbies.

(4/8/98)

94-066  
Additional sign regulations

Where #illuminated signs# are permitted by the underlying district regulations, such #signs# shall have only indirect illumination. Where #signs#, other than #advertising signs#, are permitted by the underlying district regulations, such #signs# shall not extend above the roof level of any #building or other structure# in the Special District.

(10/4/73)

94-07  
Mandatory Provisions

All #developments# within the Special District shall comply with the mandatory provisions made applicable by this Section and such mandatory improvements, when developed for a #floor area# bonus pursuant to Section 94-08 (Special Floor Area Bonus Provisions), shall require certification by the City Planning Commission, pursuant to Section 94-13.

(2/2/11)

94-071  
Sidewalk extension area

All #developments# which are located on a #zoning lot# with frontage along Emmons Avenue, Sheepshead Bay Road, Ocean Avenue, Bedford Avenue or Nostrand Avenue shall contain a sidewalk extension area, which complies with the following requirements:

(a) has a minimum depth of five feet, measured perpendicular to such #street lines#;

(b) extends the full length of the #zoning lot# along such #street lines#, except for existing #buildings# within five feet of the #street line#;
(c) is open and unobstructed from its lowest level to the sky;

(d) maintains continuity with the established sidewalk, to which it shall be immediately adjacent throughout its entire length;

(e) is available for public use at all times; and

(f) has a paved surface which complies with standards as established by the New York City Department of Transportation.

(4/30/12)

94-072
Special plaza provisions

In Areas A, C and E, all developments that are located on a zoning lot with frontage along Emmons Avenue, except for a zoning lot of less than 8,000 square feet that was in existence as of November 1, 1972, shall provide and maintain a plaza for public use which complies with the following requirements:

(a) The plaza shall abut the Emmons Avenue street line along the full length of such lot line or for a distance of at least 50 feet, whichever is less.

(b) The plaza shall be directly accessible to the public at all times from Emmons Avenue or an arcade or a plaza.

(c) The size of the plaza shall be at least 4,000 square feet in one location and shall not at any point be more than two feet below or five feet above street level, with a minimum dimension of 35 feet. At least 15 percent of the plaza area shall be landscaped and planted with trees, except when a zoning lot abutting both Dooley Street and Emmons Avenue is developed, such landscaping shall be at least 75 percent of the total plaza area provided with such development.

(d) The plaza shall contain lighting, pedestrian walks and sitting areas.

(e) No portion of a plaza area shall be used for parking or driveways.

(f) A plaza may include as permitted obstructions, sculptures, kiosks, or open cafes occupying in the aggregate not more
than 30 percent of the total plaza area. Ice skating rinks
are also allowed as permitted obstructions within such
plazas only for the months from October through March,
provided the minimum area of such plaza is 7,500 square
feet. Exterior wall thickness, awnings and other sun control
devices, pursuant to Section 37-726, shall also be allowed
as permitted obstructions.

(2/2/11)

94-08
Special Floor Area Bonus Provisions

In Areas A, C, D, E and F, any #development# on a #zoning lot#
with an area of at least 20,000 square feet within the Special
District shall be eligible for a #floor area# bonus as set forth
in this Section.

In areas A and E, for any #development#, the #floor area# bonus
earned under the provisions of this Section may be used either for
#residential use# on the same #zoning lot# or may be
transferred to a #receiving lot# within the Special District,
pursuant to Section 94-093 (Transfer of development rights from
grants lots).

In Area C, for any #development#, the #floor area# bonus earned
under the provisions of this Section may be used either for
#commercial use# on the same #zoning lot# or may be transferred
to a #receiving lot# within the Special District, pursuant to
Section 94-093.

In Area D, for any #development#, the #floor area# bonus earned
under the provisions of this Section may be used only for the
purposes of transfer to a #receiving lot# within the Special
District, pursuant to Section 94-093.

In Area F, for any #development#, the #floor area# bonus earned
under the provisions of this Section may be used only for
#residential use# on the same #zoning lot#.

In no event shall the aggregate bonus #floor area#, permitted
under the provisions of this Section, exceed the basic #floor
area ratio# permitted for #residential use# by Section 94-09
(Special Bulk Regulations) by more than 60 percent in Areas A, C,
D or E, or by more than 20 percent in Area F.

Any #floor area# bonus received according to the provisions of
this Section shall require certification by the City Planning
Commission, pursuant to Section 94-13.

(10/4/73)

94-081  
Plaza bonus

In Areas A, C, D or E, any #development# on a #zoning lot# with a minimum area of 20,000 square feet which complies with the mandatory provisions of Section 94-07 (Mandatory Provisions) shall be eligible for a #floor area# bonus at the rate of 3.5 square feet of #floor area# for every square foot of plaza area.

(10/4/73)

94-082  
Arcade bonus

In Areas A, C, D or E, any #development# located on a #zoning lot# with a #lot line# which coincides with any of the following #street lines#: Sheepshead Bay Road, Ocean Avenue or Emmons Avenue, shall be eligible for a #floor area# bonus at the rate of three square feet of #floor area# for every square foot of #arcade# space, as defined in Section 12-10, except that:

(a) #arcades# shall be allowed only along the #street lines# described above and plazas;

(b) the #arcade# may project or set back from the facade of a #building#;

(c) the #arcade# shall not be less than 10 feet or more than 15 feet in depth;

(d) the #arcade# shall be suitably heated for the months from October through March; and

(e) no #signs# may be affixed to any part of the #arcade# or #building# columns, except on a parallel to the #building# wall projecting no more than 12 inches therefrom.

(2/2/11)

94-083
**Special parking bonus**

In Areas C, D or E, any development on a zoning lot with a minimum area of 20,000 square feet shall be eligible for a floor area bonus at the rate of one square foot of floor area for every square foot of accessory commercial parking space above the minimum amount required by the underlying district regulations and made available for daily long-term parking.

To be eligible for a floor area bonus under the provisions of this Section, there shall be at least five additional parking spaces provided and the size of each parking space shall be at least 300 square feet. In no event shall the dimension of any parking stall be less than 18 feet long and 8 feet, 6 inches wide.

(10/4/73)

**94-084**  
**Usable open space bonus**

In Area F, any development on a zoning lot with a minimum area of 20,000 square feet shall be eligible for a floor area bonus at the rate of one square foot of floor area for every two square feet of usable open space. The minimum size of such usable open space on a zoning lot shall be 5,000 square feet with a minimum dimension of 50 feet. The usable open space shall be suitably maintained and shall contain landscaping, planting, lighting, sitting areas and, where appropriate, play areas for children. Such usable space shall be located no more than two feet below or five feet above the curb level. No portion of the usable open space shall be provided within 30 feet of the Leif Ericson Drive service road, and no portion of the usable open space shall be used for parking or driveways.

(10/4/73)

**94-09**  
**Special Bulk Regulations**

(2/2/11)

**94-091**  
**Basic floor area ratio**
For the purposes of this Chapter, the floor area ratio of a zoning lot within the Special District shall not exceed the floor area ratio permitted by the underlying district regulations, except as set forth in Section 94-092 (Maximum floor area ratio).

(3/22/16)

94-092
Maximum floor area ratio

The permitted basic floor area ratio for residential or community facility use is 1.25 and for commercial use is 1.00. The permitted basic floor area ratio may be increased on any zoning lot by the amount set forth in Section 94-08 (Special Floor Area Bonus Provisions) or through transfer provisions pursuant to Section 94-094 (Authorization provisions for transfer of development rights to receiving lots) or by special permit pursuant to Section 94-096 (Special permit for floor area, location within buildings, building height and related parking modifications within Area G).

In Areas A, E and F, the maximum floor area ratio for any residential or community facility use on a zoning lot shall in no event be more than 2.00 and for commercial use be no more than 1.00.

In Area C, the maximum floor area ratio for any residential or community facility use on a zoning lot shall in no event be more than 1.25 and for commercial use be more than 1.50. The maximum floor area in a mixed building within the Special District shall be the maximum floor area permitted for either the residential portion, the community facility portion or the commercial portion of such a building, whichever permits the greatest amount of floor area.

(10/4/73)

94-093
Transfer of development rights from granting lots

Development rights from a granting lot may be conveyed, or otherwise disposed of:

(a) directly to a receiving lot; or
(b) to a #person# for subsequent disposition to a #receiving lot# all in accordance with the provisions of this Special District. Any #person# may convey interest in all or any portion of such #development rights# to another #person#, but such #development rights# may only be used for a #development# on a #receiving lot#.

In transferring #development rights# from #granting lots#, such bonus #floor area# shall not exceed 40 percent of the basic #floor area ratio# in Areas A, C and E, and shall not exceed 60 percent of the basic #floor area ratio# in Area D, as permitted on such #granting lots# by Section 94-09 (Special Bulk Regulations), inclusive.

(2/2/11)

94-094
Authorization provisions for transfer of development rights to receiving lots

The City Planning Commission, on application after public notice and hearing, may authorize the addition of all or any portion of the #development rights# from a #granting lot# to the permitted #floor area# of a #receiving lot#, provided that:

(a) the maximum #floor area# for any #development# on a #receiving lot# does not exceed the maximum #floor area# permitted by Section 94-092 (Maximum floor area ratio);

(b) the #development# shall aid in achieving the general purposes and intent of this Chapter as set forth in Section 94-00 (GENERAL PURPOSES);

(c) the design of the #development# shall not impair the character of the surrounding area or its future development;

(d) the distribution of the #bulk# on the #receiving lot# permits adequate access of light and air to surrounding #streets# and properties;

(e) the traffic created by the #development# will not create or contribute to serious traffic congestion and will make adequate provisions for unconstrained pedestrian circulation; and

(f) the requirements set forth in Sections 94-093 (Transfer of development rights from granting lots), 94-12 (Recordation)
and 94-13 (Certification) are satisfied.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(10/4/73)

94-095
Open space ratio

For the purposes of this Section, the minimum required open space ratio for a building on a zoning lot shall be 40.0. However, if a zoning lot is developed pursuant to Sections 94-08 (Special Floor Area Bonus Provisions) or 94-094 (Authorization provisions for transfer of development rights to receiving lots), then the minimum open space ratio may be modified as set forth in this Section. For every 0.10 increase in permitted floor area ratio on a zoning lot, the corresponding required open space ratio may be decreased by not more than 2.0. In no event shall the required open space ratio on a zoning lot be less than 25.0.

(3/22/16)

94-096
Special permit for floor area, location within buildings, building height and related parking modifications within Area G

For enlargements to buildings in Area G, on zoning lots with a lot area of at least 10,000 square feet and existing on March 22, 2016, the City Planning Commission may:

(a) modify the provisions of Section 94-092 (Maximum floor area ratio) to increase the permitted floor area ratio for commercial use to 2.0 provided that such enlargement:

(1) is designed so as not to impair the character of the surrounding area or its future development; and

(2) will not cause undue congestion on local streets or impair pedestrian circulation;

(b) modify the height provisions of paragraph (a) of Section 33-431 (In C1 or C2 Districts with bulk governed by surrounding Residence District) relating to the requirements in Section
32-42 for location of #uses# within #buildings#, to allow a #commercial building# or portion thereof to exceed 30 feet in height or two #stories#, provided that such #building# shall not exceed a maximum height of 35 feet or three #stories#, whichever is less; and provided that the distribution of the #bulk# permits adequate access of light and air to surrounding #streets# and properties, and does not impair the view of the Bay; and

(c) waive or reduce the number of #accessory# off-street parking spaces required by Section 36-21 (General Provisions) for such #use#, provided that the applicant has demonstrated that the number of #accessory# off-street parking spaces supplied is sufficient to meet the parking needs of such #use#.

The Commission may prescribe appropriate additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(3/22/16)

94-10
SPECIAL REQUIREMENTS FOR BUILDING HEIGHT AND SETBACKS

The height and setback regulations set forth in Sections 23-631 (General provisions), 34-24 (Modification of Height and Setback Regulations) and 35-62 (Commercial Districts With an R1 Through R5 Residential Equivalent), shall not apply to #buildings# in the #Special Sheepshead Bay District#. In lieu thereof, height and setback regulations set forth in this Section shall apply. For #buildings# in #Residence Districts#, #building# height is measured from the #base plane#. For #buildings# in #Commercial Districts#, #building# height is measured from #curb level#.

In Areas A, B, C, D, E and F, the #street wall# or any other portion of a #residential building# or the #residential# portion of a #mixed building#, except for a structure which encloses only #accessory# parking fronting on the Leif Ericson Drive service road #street line#, shall be set back a minimum distance of 10 feet from all #street lines#. Beyond the #initial setback distance#, the #building# shall not exceed the maximum height as set forth in this Section.

In Area A, the maximum height of a #street wall# or other portion of a #building# within 25 feet of the Emmons Avenue or 15 feet of the Sheepshead Bay Road #street lines# shall not exceed two #stories# or 30 feet, whichever is fewer. Beyond the #initial
setback distances in Area A, the building shall not exceed seven stories or 85 feet, whichever is fewer.

In Area C, the maximum height of a street wall or other portion of a building within 25 feet of the Emmons Avenue or Ocean Avenue street lines shall not exceed two stories or 30 feet, whichever is fewer. Beyond the initial setback distance of 25 feet in Area C, the building shall not exceed four stories or 50 feet, whichever is fewer.

In Areas B and D, a building shall not exceed four stories or 50 feet, whichever is fewer.

In Areas E and F, within 75 feet of the Emmons Avenue street line, the maximum height of any portion of a building shall not be more than three stories or 35 feet, whichever is fewer. Beyond the initial setback distance of 75 feet in Areas E and F, the building shall not exceed six stories or 75 feet, whichever is fewer.

In Areas G and H, a building shall not exceed three stories or 35 feet, whichever is fewer. However, the City Planning Commission may, by a special permit, modify such height restrictions, provided that:

(a) the distribution of the bulk permits adequate access of light and air to surrounding streets and properties, and does not impair the view of the Bay; and

(b) the height of such building does not exceed five stories or 50 feet, whichever is fewer.

The Commission may prescribe appropriate conditions and safeguards to protect the view of the Bay and to minimize the adverse effects on the character of the surrounding areas.

(10/4/73)

94-11
Special Parking Provisions

(2/2/11)

94-111
Curb cuts
No curb cuts shall be permitted on Emmons Avenue, Sheepshead Bay Road, Ocean Avenue, Bedford Avenue or Nostrand Avenue except that where no access is available on a zoning lot from another street, one curb cut shall be permitted.

(10/4/73)

94-112
Restricted location

In Areas A, B, C, D, E and F, no open off-street parking shall be located within 30 feet of the street lines of Emmons Avenue, Sheepshead Bay Road, Ocean Avenue, Bedford Avenue or Nostrand Avenue.

(10/4/73)

94-113
Treatment of parking areas

Any parking facilities in the Special District that are not completely enclosed shall be screened by shrubbery at least three feet high at the time of planting and expected to form a year-round dense screen at least five feet high within three years. When roof parking is provided, it shall be screened where it is visible from a street, plaza or public usable open space.

(3/22/16)

94-114
Exceptions to application of waiver provisions and applicability of special permits related to parking

In areas A, B, C, D, E and F, the provisions of Section 36-23 (Waiver of Requirements for Spaces Below Minimum Number) do not apply.

The provisions relating to modifications of parking requirements of Article VII, Chapter 3 (Special Permits by the Board of Standards and Appeals) in Sections 73-10 through 73-52, shall not apply in the Special District.
94-115
Location of commercial parking spaces

In Area F, accessory off-street parking spaces for commercial uses may be located outside the commercially zoned area but within 600 feet of the building to which it is accessory, only if an area equal to the lot area occupied by the parking in the residential area is provided as a public plaza in the commercially zoned area to which the parking is accessory.

94-12
Recordation

At the time of transfer of development rights from a zoning lot, there shall be recorded in the land records and indexed against such granting lot from which floor area is removed, an instrument removing such floor area and prohibiting construction on such lot from which the floor area is taken, of any building or other structure which would contain a floor area in excess of that still available to the zoning lot after deducting the floor area removed. Such prohibition shall be non-cancelable for 99 years and, at the time of the addition of development rights to a receiving lot as provided in Section 94-094 (Authorization provisions for transfer of development rights to receiving lots), there shall be recorded in the land records and indexed against such zoning lot to which floor area is added, an instrument transferring the floor area to the receiving lot benefited. A certified copy of such instruments shall be submitted to the City Planning Commission upon recordation thereof.

94-13
Certification

An application for certification pursuant to Sections 94-07 (Mandatory Provisions) or 94-08 (Special Floor Area Bonus Provisions), by the City Planning Commission shall include:

(a) written notice of intention to develop a zoning lot within the Special District;
(b) plans for lot improvements, which shall be constructed on both granting and receiving lots; and

(c) consents, agreements, restrictive declarations or legal documents obligating the owner of the zoning lot or its designee to develop its property in accordance with the provisions of this Chapter.

The Commission may prescribe appropriate conditions and safeguards in connection with the issuance of such certification.

(4/30/08)

Appendix A
Special Sheepshead Bay District Map (94A)
MANDATORY PROVISIONS

- Front Setback

Special Plaza Provisions: Areas A, C, and E
Article IX: Special Purpose Districts
Chapter 5: Special Transit Land Use District

Effective date of most recently amended section of Article IX Chapter 5: 11/30/17
Article IX - Special Purpose Districts

Chapter 5
Special Transit Land Use District

95-00
GENERAL PURPOSES

The "Special Transit Land Use District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include the following specific purposes:

(a) to minimize the conflict between normal pedestrian movements on public sidewalks and access to underground transit systems, by requiring developments within the Special District to provide access to underground transit or other subway amenities;

(b) to reduce congestion on city streets in the vicinity of transportation nodes, by encouraging the provision of adequate underground pedestrian circulation systems;

(c) to require adequate access of light and air to the subway mezzanines or station areas of the underground transit system and other related facilities in order to provide greater visibility and safety to below ground spaces;

(d) to encourage development that reinforces and preserves the character of the existing communities within the area, by promoting needed pedestrian amenities;

(e) to coordinate the present and future relationship of land uses within the Special District including weather protected public access to the underground transit system; and

(f) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby protect the City's tax revenues.
95-01
Definitions

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS).

(2/2/11)

95-02
General Provisions

#Special Transit Land Use Districts# are mapped in the vicinity of existing or proposed subway stations. Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

Whenever this Special District overlaps another Special District and imposes contradictory regulations, the provisions of the #Special Transit Land Use District# shall apply. Nothing contained in this regulation shall be understood to supersede Landmark or Historic District designations of the New York City Landmarks Preservation Commission.

(11/30/17)

95-03
Transit Easement

Any #development# or #enlargement# involving ground level construction within the #Special Transit Land Use District# shall provide an easement on the #zoning lot# for subway-related use and public access to the subway mezzanine or station when required pursuant to the provisions of Section 95-04.

The issuance by the Department of Buildings of an excavation permit for any #zoning lot# located within the Special District shall be dependent upon prior compliance with the provisions of this Chapter.

The transit easement required on a #zoning lot# shall permit the realization of one or more of the following planning objectives:

(a) the integration and relating of subway station design to surrounding development;

(b) the introduction of light and air to: stations; mezzanines;
and other related facilities constructed pursuant to the provisions of Section 95-032 (Determination of transit easements at other stations);

(c) the reduction of conflict between pedestrian movements and station facilities on the street level;

(d) the provision of weather protection for subway entrances;

(e) the relation of subway entrances to commercial and other transit facilities;

(f) the provision of maximum visual exposure of subway entrances from public areas; and

(g) the elimination or reduction of adverse environmental impact accompanying subway development.

In no event, however, may the easement area be used temporarily or permanently for any other purpose not immediately related to pedestrian amenity, except as hereinafter provided.

(11/30/17)

95-031
Selection of transit easement at certain stations

At the stations specified below, the transit easement required on a zoning lot shall constitute a volume whose dimensions above and below curb level shall comply with the requirements as set forth in Table A or Table B of this Section, depending on the depth of the proposed subway mezzanine below curb level, as established by the Metropolitan Transportation Authority.

Six possible types of transit easements are listed in Table A and in Table B. The applicant for a development or an enlargement involving ground level construction shall, in consultation with the Metropolitan Transportation Authority and the City Planning Commission, select the easement type that is most appropriate for the location.

* See Section 95–054

Type 1 is appropriate on #zoning lots\# of less than 10,000 square feet with adequate lot frontage and where the Metropolitan
Transportation Authority provides final access to the subway mezzanine level under a public right-of-way.

Type 2 is appropriate on any size zoning lot for providing direct access to the subway mezzanine level by a "straight run" stairway and/or escalator.

Type 3 is applicable to zoning lots of 10,000 square feet or more for providing a "turn around" arrangement of stairs.
Types 4 and 5 are limited to #zoning lots# of less than 10,000 square feet with a narrow lot frontage for a single "straight-run" transit access facility, such as an escalator or stairway.

Type 6 is appropriate on #zoning lots# of less than 10,000 square feet for providing a "turn around" arrangement of stairs.
Where appropriate, any of these easement types may be used exclusively for light wells.

The Metropolitan Transportation Authority and the Commission, in consultation with the applicant, may make minor modifications of the dimensions of the easement volume type required on the applicant's site and the spacing of building columns permitted within the easement volume to facilitate the design and construction of circulation facilities appropriate for the area.

(11/30/17)

95-032
Determination of transit easement at other stations

At the 106th Street, 116th Street and 125th Street stations, a transit easement shall be provided to accommodate, whether singly or in any combination, light wells, stairs, ramps, escalators, elevators, passageways, or ancillary facilities required to support the functioning of subway station or rail mass transit facilities, including, but not limited to, emergency egress or ventilation structures, the Metropolitan Transportation Authority shall, in consultation with the owner of the zoning lot and the City Planning Commission, determine the appropriate type of transit easement and reasonable dimensions for such transit easement volume.

(11/30/17)

95-033
Location of transit easements
The transit easement volume may be located within a #building#, in open areas, including #public plazas#, or in areas covered by projected overhangs of a #building#. At least one vertical face of the easement volume shall be at a #front lot line#. The easement volume shall be located on the #zoning lot# as close as possible to the #street# containing the transit line.

![Diagram of transit easement volume with labels: h = Height above curb level, D = Depth below curb level, L = Length, W = Width.]

(12/20/79)

**95-04**

Certification of Transit Easement Volume

(2/2/11)

**95-041**

For developments or enlargements

Prior to filing any applications with the Department of Buildings for an excavation permit or building permit for a #development# or #enlargement# within the #Special Transit Land Use District#, the owner of the #zoning lot# shall file an application with the Metropolitan Transportation Authority and the City Planning Commission requesting a certification as to whether or not a transit easement volume is required on the #zoning lot#. 
Upon receipt of the completed application, the Commission shall furnish a copy to the affected Community Board.

Within 60 days after receipt of such application, the Metropolitan Transportation Authority and the Commission shall jointly certify whether or not an easement is required on the #zoning lot#. Failure to certify within the 60-day period will release the owner from any obligation to provide a transit easement volume on such #zoning lot#.

When the Metropolitan Transportation Authority and the Commission indicate that such easement is required, the owner shall submit a site plan indicating the location and type of easement volume that would be most compatible with the proposed #development# or #enlargement# on the #zoning lot# for joint approval and final certification by the Metropolitan Transportation Authority and the Commission. Copies of such certification shall be forwarded by the City Planning Commission to the Department of Buildings.

Use Group T #uses# shall not be permitted in #Residence Districts# prior to the improvement of a transit easement in accordance with approval and certified plans.

(2/2/11)

95-042
For substantially vacant existing zoning lots

When a #zoning lot# located within the #Special Transit Land Use District# is substantially vacant and appropriate for a transit easement, the Metropolitan Transportation Authority may request the City Planning Commission to certify that a portion of such #zoning lot# is necessary for a transit easement.

As a condition for securing a transit easement on such #zoning lot#, the Commission shall make the following findings:

(a) that such transit easement is required by the Metropolitan Transportation Authority to provide public access to a subway mezzanine or to a public passageway leading to a subway mezzanine or platform;

(b) that such transit easement is located on a vacant portion of a #zoning lot#;

(c) that the use of the transit easement will not reduce development potential on the #zoning lot# under the
applicable district regulations; and

(d) that the Metropolitan Transportation Authority and the owner agree that the construction within the easement volume will be integrated with the total development.

At such time as an existing vacant #zoning lot# on which a transit easement volume provided pursuant to the provisions of this Section, is #developed#, it shall be subject to all regulations of this Chapter.

(11/30/17)

95-05
Terms and Conditions for Permitted Uses and Construction Within Transit Easement Volume

The transit easement volume shall be used as an entrance/exit for public access to the subway and/or to provide better access of light and air to the subway station mezzanine, and for related uses. Illustrative of such purposes are light wells, stairs, ramps, escalators, elevators or, for #zoning lots# subject to the provisions of Section 95-032 (Determination of transit easements at other stations), ancillary facilities required to support the functioning of subways, including, but not limited to, emergency egress or ventilation structures.

No #floor area# bonus shall be allowed for any transit easement provided on a #zoning lot#. When a transit easement volume required on a #zoning lot# is located within a #building#, any floor spaces occupied by such transit easement volume shall not count as #floor area#. Any portion of the #lot area# of a #zoning lot# occupied by a transit easement and weather protected by an overhang or roofed area, shall be considered as a #public plaza# in the districts that allow such #public plaza# bonuses.

The transit easement volume, any construction allowed therein or any weather protection provided thereon by an overhang or roofed area pursuant to Section 95-053, shall be considered permitted obstructions within required #yards#, #open space# or in a #public plaza# area.

(11/30/17)

95-051
Development of transit access facilities
All access facilities, including any light wells or sky lights required within a transit easement volume established pursuant to the provisions of Section 95-031 (Selection of transit easement at certain stations), or access and ancillary facilities required pursuant to the provisions of Section 95-032 (Determination of transit easement at other stations), shall be constructed and maintained by the Metropolitan Transportation Authority except for any building columns, footings or any other permitted obstructions allowed therein.

The subway entrance within the transit easement volume and any adjoining public plaza shall be at the same elevation as the adjoining sidewalk and shall be directly accessible to the public at all times. When such entrance is not located at the street line, it shall be visually prominent and directly accessible from a street by a paved pedestrian walk at least 20 feet in width and at the same elevation as the adjoining sidewalk. Such privately owned pedestrian walk shall be maintained by the owner. In order to provide natural light to the subway mezzanine level, at least 10 percent of the transit easement area at curb level shall be provided with light wells and skylights.

(11/30/17)

95-052
Special access facilities for persons with disabilities at certain stations

For zoning lots subject to the provisions of Section 95-031 (Selection of transit easement at certain stations), special elevators for persons with disabilities may locate within a transit easement volume, provided stair and/or escalator access to the subway mezzanine are located within the same easement and in no event located within the public sidewalk adjacent to the zoning lot.

Such special elevators shall be designed by the Metropolitan Transportation Authority in consultation with the owner of the zoning lot and shall be integrated architecturally, including color and material, with the buildings on the zoning lot and with adjoining public plaza area. Design concept for such elevators shall be submitted to the City Planning Commission for certification.

(2/2/11)
Weather protection

The stairs or escalators providing pedestrian access to the subway mezzanine, which are not covered at the entrance level, shall be weather protected by the building or portion thereof including an overhang, or by a roofed area provided by the owner of the zoning lot in accordance with the Metropolitan Transportation Authority requirements. Such overhang or roofed area shall cover either or both the stairway and the escalator which are uncovered at the ground level. Any overhang or roofed area shall be sufficient to cover the access facilities within the easement volume and may not otherwise obstruct the public plaza.

When the subway entrance is within an open public plaza area, a roof area shall be provided with either a glazed or translucent material for at least 50 percent of its surface area. The roofed area shall be no more than 15 feet above curb level and shall blend harmoniously with the buildings on the zoning lot and any adjoining public plaza or open area.

(2/2/11)

Permitted uses and other constructions

Areas within the easement volume not used for circulation purposes may be developed only with newsstands, cigar stands, flower stands or similar stands, in accordance with the Metropolitan Transportation Authority specifications, provided they do not interfere with pedestrian circulation and are made of removable structures. In no event shall such permitted uses be located within 10 feet of a pedestrian entrance to the subway at curb level.

In addition, any portion of the transit easement volume at curb level not to be covered for weather protection, may contain trees, benches or any obstructions permitted in a public plaza area. However, such elements shall not interfere with the pedestrian movement.

The Metropolitan Transportation Authority and the City Planning Commission may permit penetration of the transit easement volume above curb level by a building lobby, including building columns, where such lobby space serves as a part of the pedestrian circulation system and provides from it direct public
access to the subway entrance within the easement volume.

Where construction within a transit easement volume is more than five feet in height above #curb level#, such construction proposal shall be submitted to the Commission for a review and certification to ensure that such construction relates harmoniously to the total development. When a transit easement volume is located within a #building#, it shall be open to the general public for the same hours of operation as the subway station.

#Building# columns or footings are permitted inside the transit easement volume, provided that the minimum clear distance between any columns is 12 feet and between the columns and any bounding walls of the transit easement volume is 10 feet. Where the width of an easement is greater than 20 feet, location of columns within the easement volume shall be established in consultation with the Metropolitan Transportation Authority. In all cases, the depth of columns or footings within the easement area or adjoining area shall be established in consultation with the Metropolitan Transportation Authority. Furthermore, vertical space between such columns shall be open and unobstructed from its base except for any construction permitted under the provisions of this Chapter.

(2/2/11)

95-055
Knockout panel

Any underground walls constructed along the #front lot line# of a #zoning lot# in which transit easement volume is required by the Metropolitan Transportation Authority shall contain a knockout panel, not less than 12 feet wide, below #curb level# down to the bottom of the easement. The actual location and size of such knockout panel shall be indicated by the Metropolitan Transportation Authority.

(2/2/11)

95-06
Temporary Use of the Easement Area

Any easement volume required on a #zoning lot# pursuant to the provisions of this Chapter may be temporarily used by the owner of the #zoning lot# for any permitted #uses# until such time as
required by the Metropolitan Transportation Authority or by its
designee for subway purposes.

Temporary use of the transit easement volume above curb level in a public plaza or open space area shall be limited to use as a landscaped open area that may contain obstructions permitted in a public plaza. Improvements or construction of a temporary nature within the easement volume for such temporary uses shall be removed by the owner of the zoning lot prior to the time at which public use of the easement area is required. A minimum notice of six months in writing shall be given by the Metropolitan Transportation Authority to the owner of the zoning lot in order to vacate the tenants of such temporary uses.

(2/2/11)

95-07
Special Provisions for an Increase in Zoning Tower Coverage on Zoning Lots Containing Transit Easements

For any zoning lot on which a transit easement volume is required pursuant to Section 95-04, the lot coverage of a tower permitted by the underlying district regulations may be increased by an amount equal to 10 percent of the lot area of the zoning lot.

In no event shall the permitted increase in tower coverage on a zoning lot affect the maximum allowable floor area ratio under the applicable district regulations.

(2/2/11)

95-08
Special Use Regulations

In order to promote the continued development of retail and related uses which are most appropriate for pedestrians using transit facilities, the only commercial uses permitted in the subway mezzanine level, along with the bounding walls of the transit easement volume and at the ground story of any development or enlargement within the Special District, shall be those uses listed in Use Group T in Section 95-081.

Use Group T uses shall not be permitted in Residence Districts prior to the improvement of a transit easement in accordance with approved and certified plans.
In all underlying districts within the Special District, below the lowest story occupied by residential uses, Use Group T uses are permitted to occupy no more than two stories above curb level. However, uses listed in paragraphs A, C or E of Section 95-081 are permitted within the Special District only where allowed by the underlying district regulations. Location of commercial uses within a building shall be governed by the provisions of Section 32-42.

In the subway mezzanine, at ground story and along the bounding walls of the transit easement volume, the frontage occupied by any uses shall not exceed 25 linear feet per establishment within a distance of 75 feet from the edge of the easement volume at any level.

(2/8/90)

95-081
Use Group T

Use Group T comprises a group of retail establishments selected to promote and strengthen retail business in the Special District. Uses marked with an asterisk (*) shall not be located at the subway mezzanine level or along the bounding walls of a transit easement volume.

A. Amusements
   Billiard parlors or pool halls
   Model car hobby centers, including racing
   Theaters

B. Convenience Retail or Service Establishments
   Bakeries, provided that no floor space is used for production
   Barber shops
   Beauty parlors
   Drug stores
   *Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers,
limited to 2,000 square feet of floor area per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and total aggregate dry load capacity of machines shall not exceed 60 pounds.

Eating or drinking establishments, including those which provide outdoor table service or have music for which there is no cover charge and no specified showtime.

Eating or drinking establishments, with musical entertainment, but not dancing, with a capacity of 200 persons or fewer.

*Food stores, including grocery stores or delicatessen stores

*Fruit stands, including supermarkets or meat markets

Hardware stores

*Laundry establishments, hand or automatic self-service

*Package liquor stores

Post offices

Shoe or hat repair shops

Stationery stores

Tailor or dressmaking shops, custom

Variety stores, limited to 10,000 square feet of floor area per establishment.

C. Offices

*Offices, business, professional or governmental

D. Retail or Service Establishments

Antique stores

Art galleries, commercial

Artists' supply stores

Banks
Bicycle sales

*Blueprinting or photostatting establishments

Book stores

*Business schools or colleges

Candy stores or nut stores

*Carpet, rug, linoleum or other floor covering stores

Cigar or tobacco stores

Clothing or accessory stores

Clothing or costume rental establishments

Dry goods or fabric stores

Electrolysis studios

Fishing tackle or equipment, rental or sales

Florist shops

Furniture stores

Furrier shops, custom

Gift shops

**Gymnasiums, used exclusively for basketball, handball, squash and tennis

*Ice cream stores

Interior decorating establishments, provided that floor area used for processing, servicing or repairs shall be limited to 750 square feet per establishment

Jewelry or art metal craft shops

Leather goods or luggage stores

Loan offices

Locksmith shops

*Medical or orthopedic appliance stores
*Meeting halls
Millinery shops
Music stores
Musical instrument repair shops
Newsstands, open or enclosed
Optician or optometrist establishments
*Paint stores
*Pet shops
Photographic equipment or supply stores
Photographic studios

**#Physical culture or health establishments#, including gymnasiums (not listed under Use Group 9), reducing salons, massage establishments or steambaths, but other than #adult physical culture establishments#

Picture framing shops
Record stores
Seed or garden supply stores
Sewing machine stores, selling household machines only
Shoe stores
Sporting or athletic stores
Stamp or coin stores
Studios, art, music, dancing or theatrical
Telegraph offices
Television, radio, phonograph or household appliance repair stores
Television, radio, phonograph or household appliance shops
Toy stores
Travel bureaus
Typewriter or other small business machine repair shops
Typewriter stores
Umbrella repair shops
Wallpaper stores
Watch or clock stores or repair shops

E. Other Retail or Wholesale Establishments

Department stores

*Hair products for headwear, wholesaling, including styling

*Medical or dental laboratories for research or testing, or the custom manufacture of artificial teeth, dentures or plates, not involving any danger of fire or explosion nor offensive noise, vibration, smoke or other particulate matter, odorous matter, heat, humidity, glare or other objectionable effects

*Photographic developing or printing establishments, limited to 2,500 square feet of #floor area# per establishment

Plumbing, heating or ventilating equipment showrooms, without repair facilities

F. Clubs

All types of clubs, without restrictions on activities or facilities

G. #Accessory uses#

** #Uses# in Use Group T marked with a double asterisk are permitted only by special permit of the Board of Standards and Appeals, pursuant to the provisions of Section 73-36

(5/8/13)

95–09
Special Regulations for Accessory Off-street Parking and Curb Cuts

Within the portion of the #Special Transit Land Use District# located within the #Manhattan Core#, the provisions of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), inclusive, shall apply. For all other portions of the #Special Transit Land Use District#, the provisions of this Section shall apply.

On any #zoning lot# on which a transit easement volume is provided, the required #accessory# off-street parking requirements for #residential uses# of the applicable underlying districts shall be reduced to a maximum of 20 percent.

In no case within the Special District shall curb cuts for vehicular access be located on a #street# containing transit lines or on a #street# within 50 feet of its intersection with the #street lines# of such a #street#.

The #accessory# parking requirements shall not apply to any #development# or #enlargement# for which the Commissioner of Buildings has certified that there is no way to provide the required parking spaces with access to a #street# in conformity with the provisions of this Section.

(4/30/08)

95-10
MISCELLANEOUS PROVISIONS

The pavement on a public sidewalk fronting a #development# within the #Special Transit Land Use District# shall be consistent in color and material with all pavements located within the transit easement volume and in any adjoining #public plaza#.

(4/30/08)

95-11
Recordation

The instrument creating a transit easement volume shall be recorded in the place and county designated by law for the filing of deeds and restrictions on real property, a certified copy of which shall be submitted to the City Planning Commission.
95-12
**Termination of Transit Easement Volume**

In the event that the Metropolitan Transportation Authority and the City Planning Commission jointly notify the Department of Buildings and the owner in writing that a transit easement volume is not required on a #zoning lot# in its final construction plans, the restrictions imposed on such #zoning lot# by the provisions of this Chapter shall lapse, following receipt of notification thereof by the owner, and the owner shall have the right to record an instrument reciting the consent of the Metropolitan Transportation Authority to the extinguishment of the easement volume. On any #zoning lot# which has been #developed# or upon which a #building# is #enlarged# in accordance with the provisions of Section 95-07 and on which termination of transit easement has been certified, pursuant to this Section, any open, enclosed or arcaded area reserved for transit easement at #curb level# shall be provided for public use with lighting, landscaping, trees, substantial artwork and sitting facilities.

95-13
**Previous Transit Easement Agreements**

Whenever, under prior zoning regulations, the owner of a #development# or #enlargement# has agreed to provide a transit easement volume on a #zoning lot#, the existence of such agreement shall be certified by the Chairperson of the City Planning Commission to the Department of Buildings. Such agreement shall be deemed to satisfy the provisions of this Chapter.

Article IX - Special Purpose Districts

Chapter 6
Special Clinton District

96-00
GENERAL PURPOSES

The "Special Clinton District" (hereinafter also referred to as the "Special District"), established in this Resolution, is designed to promote and protect public health, safety, general welfare and amenity. Because of the unique geographical location of the Clinton community, situated between the waterfront on the west and a growing central business district on the east, it is necessary to provide specific programs and regulations which will assure realization of community and city-wide goals.

These goals include, among others, the following:

(a) to preserve and strengthen the residential character of the community;

(b) to permit rehabilitation and new construction within the area in character with the existing scale of the community and at rental levels which will not substantially alter the mixture of income groups currently residing in the area;

(c) to preserve the small-scale character and variety of existing stores and activities and to control new commercial uses in conformity with the existing character of the area;

(d) to recognize the unique character of the eastern edge of the District as an integral part of the Theater Subdistrict within the Special Midtown District as well as the Special Clinton District;

(e) to provide an appropriate transition from the mixed-use character along Eighth Avenue to the lower-scale residential character of the Clinton community on the narrow streets;

(f) to relate the unique character of the 42nd Street Perimeter
Area to the adjacent Special Hudson Yards District;

(g) to provide amenities, such as street trees, to improve the physical environment;

(h) to restrict demolition of buildings that are suitable for rehabilitation and continued residential use; and

(i) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby protect the City's tax revenues, consistent with the foregoing purposes.

(2/2/11)

96-01 Definitions

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are as set forth in Section 12-10 (DEFINITIONS).

Certification of no harassment

“Certification of no harassment” shall mean a certification by the Department of Housing Preservation and Development pursuant to Section 96-110 that there has not been #harassment# of the lawful occupants of a #multiple dwelling# during the #inquiry period#, as defined in Section 96-110.

Harassment

“Harassment” shall mean any conduct by or on behalf of an owner of a #multiple dwelling# that includes:

(a) the use or threatened use of force which causes or is intended to cause any person lawfully entitled to occupancy of a #dwelling unit# or #rooming unit# in such #multiple dwelling# to vacate such unit or to surrender or waive any rights in relation to such occupancy;

(b) the interruption or discontinuance of essential services
which:

(1) interferes with or disturbs or is intended to interfere with or disturb the comfort, repose, peace or quiet of any person lawfully entitled to occupancy of a #dwelling unit# or #rooming unit# in the use or occupancy of such #dwelling unit# or #rooming unit#; and

(2) causes or is intended to cause such person lawfully entitled to occupancy of such #dwelling unit# or #rooming unit# to vacate such #dwelling unit# or #rooming unit# or to surrender or waive any rights in relation to such occupancy;

(c) a failure to comply with the provisions of subdivision (c) of section 27-2140 of article seven of subchapter five of the Housing Maintenance Code which causes or is intended to cause such person lawfully entitled to occupancy of such #dwelling unit# or #rooming unit# to vacate such unit or to waive any rights in relation to such occupancy; or

(d) any other conduct which prevents or is intended to prevent any person from the lawful occupancy of such #dwelling unit# or #rooming unit# or causes or is intended to cause such person lawfully entitled to occupancy of such #dwelling unit# or #rooming unit# to vacate such #dwelling unit# or #rooming unit# or to surrender or waive any rights in relation to such occupancy including, but not limited to, removing the possessions of any occupant from the #dwelling unit# or #rooming unit#; removing the door at the entrance to the #dwelling unit# or #rooming unit#; removing, plugging or otherwise rendering the lock on such entrance door inoperable; or changing the lock on such entrance door without supplying the occupant with a key.

For purposes of this definition, #dwelling unit#, #referral date# and #rooming unit# shall be defined as in Section 96-110.

Material alteration

“Material alteration” shall mean any alteration to a #multiple dwelling# including, but not limited to, an alteration which reduces or increases the #floor area# of the #multiple dwelling#, #converts floor area# from #residential# to non-#residential use#, changes the number or layout of #dwelling units# or
Rooming units, or adds or removes kitchens or bathrooms; provided, however, that material alteration shall not include:

(a) an incidental alteration which does not change the layout of dwelling units or rooming units; or

(b) a repair or replacement of existing elements of such multiple dwelling without materially modifying such elements.

For purposes of this definition, dwelling unit and rooming unit shall be defined as in Section 96-110.

Mixed building

For the purposes of this Chapter, a "mixed building" is a building in a Commercial District used partly for residential use and partly for community facility or commercial use, or a building in a Residence District used partly for residential use and partly for community facility use.

Multiple dwelling

“Multiple dwelling” shall have the meaning set forth in the Multiple Dwelling Law.

(10/9/13)

96-02
General Provisions

Except as modified by the express provisions of this Chapter, the regulations of the underlying districts, or as modified by the Special Midtown District, remain in effect.

The Special Midtown District and its regulations, where applicable in the Special Clinton District, shall also apply and shall supplement or supersede regulations as set forth in this Chapter pursuant to Section 96-22 (Special Regulations for Eighth Avenue Perimeter Area). In the event of any conflict or discrepancy between the regulations, the more restrictive regulations shall apply in accordance with Section 11-22.
(Application of Overlapping Regulations). This portion of the
Special Purpose District is designated on the #zoning map# by the
letters "CL-MiD."

In #flood zones#, in the event of a conflict between the
provisions of this Chapter and the provisions of Article VI,
Chapter 4 (Special Regulations Applying in Flood Hazard Areas),
the provisions of Article VI, Chapter 4, shall control.

(8/17/90)

96-03
District Map

The District Map for the #Special Clinton District# (Appendix A)
identifies specific areas comprising the Special District in
which special zoning regulations carry out the general purposes
of the #Special Clinton District#. These areas and the sections
of this Chapter which contain regulations pertaining thereto are
as follows:

Area A - PRESERVATION AREA, Section 96-10
Area B - PERIMETER AREA, Section 96-20
Area C - OTHER AREAS, Section 96-30

(2/2/11)

96-10
PRESERVATION AREA

The provision of this Section shall apply to all #developments#,
#enlargements#, #extensions# or alterations. All existing
#buildings# within the Preservation Area shall be considered
complying #buildings# for all purposes including, but not limited
to, alterations, #enlargements#, #extensions# or #conversions# to
#residential uses#. Any existing #building# which is damaged or
destroyed by any means may be reconstructed to its #bulk# prior
to such damage or destruction. All existing legal #uses# in
enclosed #buildings# shall be considered conforming #uses#.
Except as otherwise provided in this Chapter, any existing
#commercial# or #manufacturing uses# may be changed, subject to
the applicable underlying district regulations, pursuant to the change of #non-conforming use# provisions of Sections 52-31, 52-33, 52-34, 52-35 and 52-36.

(2/2/11)

96-101
Floor area regulations

For any #zoning lot# within the Preservation Area, the #floor area ratio# for a #residential#, #commercial# or #community facility building#, or portions of a #mixed building# containing such #uses#, shall not exceed the following:

<table>
<thead>
<tr>
<th>#Uses#</th>
<th>#Floor Area Ratio#</th>
</tr>
</thead>
<tbody>
<tr>
<td>#Residential buildings# or #community facility buildings# or portions of #mixed buildings# containing #residential# or #community facility uses# in the following Districts:</td>
<td></td>
</tr>
<tr>
<td>R8 C1-5 C2-5 C6-2</td>
<td>4.2</td>
</tr>
<tr>
<td>#Commercial buildings# or #commercial# portion of #mixed buildings# in the following Districts:</td>
<td></td>
</tr>
<tr>
<td>C1-5 C2-5</td>
<td>2.0</td>
</tr>
<tr>
<td>C6-2*</td>
<td>4.2</td>
</tr>
</tbody>
</table>

* In C6-2 Districts, for #zoning lots#, or portions thereof, comprised of listed theaters designated in Section 81-742 of the #Special Midtown District#, the City Planning Commission shall allow a transfer of development rights pursuant to Section 81-744 (Transfer of development rights from listed theaters). The basic maximum #floor area ratio# for transfer purposes for such #zoning lots#, or portions thereof, shall be 6.02.

The maximum #floor area# in a #mixed building# shall be the maximum #floor area# permitted for either the #commercial# portion of such #building# or the #community facility# portion of such #building# or the #residential# portion of such #building#, as set forth in this Section, whichever permits the greatest amount of #floor area#.
96-102
Lot coverage regulations

Within the Preservation Area, the open space requirement of Article II, Chapter 3, and the lot coverage provisions of Section 24-11, are not applicable. The lot coverage provisions of this Section apply in lieu thereof. In C6-2 Districts, for the purposes of determining lot coverage, any part of a building that is listed as a permitted obstruction in open space or in a rear yard shall not be included in lot coverage. For zoning lots, or portions thereof, located within 100 feet of the street line of a wide street, the maximum lot coverage shall not exceed 70 percent. For all zoning lots, or portions thereof, located more than 100 feet from the street line of a wide street, the maximum lot coverage shall not exceed 60 percent.

Any development containing residential uses shall provide a minimum of 20 percent of the lot area of a zoning lot as usable, landscaped open area for occupants of dwelling units in the development.

96-103
Yard regulations

The yard regulations of this Section apply to any development or enlargement.

For zoning lots, or portions thereof, located within 100 feet of the street line of a wide street, no rear yard shall be required.

For all zoning lots, or portions thereof, located more than 100 feet from the street line of a wide street, a rear yard having a minimum depth of 30 feet shall be required.

On a through lot, or portion thereof, more than 100 feet from the street line of a wide street, the rear yard equivalent#
provisions of Section 23-532, paragraph (a), shall apply.

(6/14/11)

96-104
Height and setback regulations

The underlying height and setback regulations shall not apply, except as set forth in Sections 23-62 or 33-42 (Permitted Obstructions), as applicable. In lieu thereof, the height and setback provisions of this Section shall apply. All height shall be measured from curb level.

(a) Street wall location

For zoning lots with wide street frontage, street walls shall be located on the wide street line and extend along the entire wide street frontage of the zoning lot. For corner lots with narrow street frontage, street walls shall be located on and extend along the narrow street line within 50 feet of the wide street.

For zoning lots with narrow street frontage, street walls shall be located on the street line and extend along the entire narrow street frontage of the zoning lot beyond 50 feet of a wide street. However, where the street wall of an adjacent building fronting on the same narrow street line is located within 10 feet of the street line, the street wall of the building may be aligned with the street wall of the adjacent building for a distance of not less than 20 feet measured horizontally from the side wall of such building. The portion of a zoning lot that is located between a street wall and the street line, pursuant to the optional street wall location provisions of this paragraph (a), shall be maintained at the same elevation as the adjoining sidewalk. In addition, such portion of a zoning lot shall be planted, except at the entrances to and exits from the building, or adjacent to commercial uses fronting on the street.

(b) Permitted recesses

Ground floor recesses up to three feet deep shall be permitted for access to building entrances. Above a height
of 12 feet, up to 30 percent of the aggregate width of street walls may be recessed, provided no such recesses are within 30 feet of the intersection of two street lines.

(c) Building height

Within 100 feet of a wide street, the street wall of a building or other structure shall rise without setback to a minimum height of 50 feet or the height of the building, whichever is less, and a maximum height of 66 feet. A setback shall be provided for all portions of buildings that exceed a height of 66 feet. Such setbacks shall be provided at a height not lower than 50 feet and not higher than 66 feet, and shall have a minimum depth of 10 feet, measured from any street wall facing a wide street, and a minimum depth of 15 feet, measured from any street wall facing a narrow street. No building or other structure shall exceed a height of 85 feet. Beyond 100 feet of a wide street, no building or other structure shall exceed a height of seven stories or 66 feet, whichever is less.

However, the City Planning Commission, by special permit, may modify the special height and setback regulations set forth in this Section. In order to grant such special permit, the Commission shall find that the distribution of bulk permits adequate access of light and air to surrounding streets and properties and that the maximum height does not exceed 99 feet beyond 100 feet of a wide street, and 115 feet within 100 feet of a wide street.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

(3/22/16)

96-105

Dwelling unit regulations

(a) Dwelling unit distribution

For developments, enlargements, extensions or conversions of an existing building to a residential use, the density requirements of the underlying districts shall be inapplicable. In lieu thereof, the required lot
area per dwelling unit of a development, enlargement, extension or conversion of an existing building to a residential use shall not be less than 168 square feet and the number of two-bedroom units on a zoning lot shall not be less than 20 percent.

In addition, the minimum density requirement and the 20 percent, two-bedroom unit requirement set forth in this Section shall apply to any alteration that creates additional dwelling units or additional zero-bedroom units. Alterations that reduce the percentage of apartments that contain two bedrooms are not permitted unless the resulting building meets the 20 percent, two-bedroom requirement.

However, notwithstanding any provision to the contrary contained in this Section, the minimum density requirement and the 20 percent, two-bedroom unit requirement shall not apply to alterations which add a code-complying bathroom, pursuant to Section 27-2063 of the Housing Maintenance Code of the City of New York, to a dwelling unit which is publicly assisted (exclusive of any tax abatement or tax exemption program), and which is administered by a not-for-profit agent.

The City Planning Commission, by special permit, may modify the two-bedroom unit distribution requirement and the density requirement of this Section for an affordable independent residence for seniors or for a residence substantially for elderly persons with disabilities, under jurisdiction of a State or City agency, provided that the following findings are made:

(1) that such residences are sponsored by a voluntary non-profit organization;

(2) that the location and size of such facility does not create an undue concentration of dwelling units of this type and community facilities with sleeping accommodations within the immediate area;

(3) that there are social service, health and related programs for the residents including a maintenance and security plan;

(4) that on-site recreation areas for the use of the residents are provided; and
(5) that the proposed #residences# will not overburden existing public services in the neighborhood.

The Commission may prescribe appropriate conditions or safeguards to minimize the adverse effect of any #use# permitted under this Section on the residential character of the surrounding area.

(b) Special provisions for owner-occupied #buildings# containing #residences#

For alterations of #buildings# containing #residences#, which #buildings# are owner-occupied and which contain four or fewer #dwelling units#, the #dwelling unit# distribution provisions of this Section shall not apply.

(11/21/74)

96-106 Special regulations for existing storefronts

Any vacant ground floor store in an underlying #Residence District# may change to a conforming #use# or to a #use# listed in Use Group 6 regardless of the two-year discontinuance provisions of Section 52-61.

(3/22/16)

96-107 Special regulations for community facility uses

#Developments#, #enlargements# or #extensions# of #community facility uses# or #conversions# of an existing #building# to a #community facility use#, are permitted on #zoning lots# containing existing #buildings# with #residential uses# only pursuant to the provisions of this Section. The City Planning Commission, by special permit, may permit #developments#, #enlargements# or #extensions# of #community facility uses#, provided that the Commission makes the following findings:

(a) that the existing #building# is not eligible for rehabilitation under any active publicly aided program under
which funds are available;

(b) that, prior to evicting or otherwise terminating the occupancy of any tenant preparatory to demolition, the developer shall have notified the Department of Housing Preservation and Development of his or her intention to demolish the #building#; and

(c) that the Department of Housing Preservation and Development has issued a #certification of no harassment# or that the owner has complied with paragraph (d) of Section 96-110.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(2/2/11)

96-108
Demolition of buildings

No demolition permit or alteration permit for partial demolition involving a decrease of more than 20 percent in the amount of #residential floor area# in a #building# shall be issued by the Department of Buildings for any #building# containing #dwelling units# within the Preservation Area, unless it is an unsafe #building# and demolition is required pursuant to the provisions of Title 28, Chapter 2, Article 216 of the New York City Administrative Code.

However, the City Planning Commission, by a special permit, may allow demolition of #buildings# containing #dwelling units# or #rooming units# other than unsafe #buildings# within the Preservation Area, provided that the Commission makes the following findings:

(a) that the existing #building#:

(1) is not eligible for rehabilitation under any active publicly-aided program under which funds are available; or

(2) is to be substantially preserved and requires an alteration permit to allow the removal and replacement of 20 percent or more of the #floor area#.
(b) that prior to evicting or otherwise terminating the occupancy of any tenant preparatory to demolition, the owner shall have notified the applicable governmental agency of its intention to demolish the #building#.

(c) that the Department of Housing Preservation and Development has issued a #certification of no harassment# or that the owner has complied with paragraph (d) of Section 96-110; and

(d) that an acceptable program for #development# of the #zoning lot# is submitted to the Commission which indicates that to the extent permitted by the provisions of Section 96-10 (PRESERVATION AREA), the number of new #dwelling units# to be constructed is at least equal to the number of #dwelling units# to be demolished and that the #floor area# of the #development# containing #residences# is at least equal to the #floor area# of the #dwelling units# to be demolished and that site development will commence within a period of twelve months from completion of relocation.

The Commission may prescribe appropriate conditions and safeguards to ensure that any interim #use# proposed on the site prior to any construction is in conformance with the purposes of this Special District.

(12/21/05)

**96-109**  
**Alterations of buildings**

Prior to the issuance of an alteration permit by the Department of Buildings for a #material alteration# of a #multiple dwelling# within the Preservation Area, the Department of Housing Preservation and Development shall certify to the Department of Buildings that:

(a) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration, the owner shall have notified the Commissioner of his or her intention to alter the #building#; and

(b) the Department of Housing Preservation and Development has issued a #certification of no harassment# or that the owner has complied with paragraph (d) of Section 96-110.
However, a permit for alterations may be exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development that such alterations are to be performed solely for the purpose of either:

(1) making the public areas of a #multiple dwelling# accessible to persons with disabilities without altering the configuration of any #dwelling unit# or #rooming unit#; or

(2) making a #dwelling unit# or a #rooming unit# accessible to persons with disabilities.

For the purposes of this Section, #dwelling unit# and #rooming unit# shall be defined as in Section 96-110.

(3/22/16)

96-110
Harassment and cure

(a) Definitions

(1) Application date

“Application date” shall mean the date that the Department of Housing Preservation and Development accepts a completed application for a #certification of no harassment# for processing.

(2) Cure compliance lot

“Cure compliance lot” shall mean a #zoning lot# on which #low income housing# is provided pursuant to a #restrictive declaration# in accordance with the cure provisions of paragraph (d) of this Section. Each #cure compliance lot# shall be located entirely within the corresponding #cure requirement lot#.

(3) Cure requirement

“Cure requirement” shall mean #floor area# in an amount not less than the greater of:

(i) 28 percent of the total #residential# and #hotel
floor area of any multiple dwelling to be altered or demolished in which harassment has occurred; or

(ii) 20 percent of the total floor area of any new or altered building on the cure requirement lot.

Cure requirement shall also mean any cure for harassment that was approved by the City Planning Commission or the Department of Housing Preservation and Development and was permitted by the provisions of this Section prior to December 21, 2005.

(4) Cure requirement lot

“Cure requirement lot” shall mean:

(i) a zoning lot containing a multiple dwelling with respect to which the Department of Housing Preservation and Development has denied a certification of no harassment; or

(ii) a zoning lot with respect to which an applicant, in lieu of seeking a certification of no harassment which would otherwise be required, elects to seek a certification of compliance with the cure provisions of paragraph (d) of this Section and enters into a restrictive declaration.

(5) Dwelling unit

“Dwelling unit” shall have the meaning set forth in the Multiple Dwelling Law.

(6) Exempt hotel

“Exempt hotel” shall mean any multiple dwelling:

(i) which is a transient hotel and was a transient hotel on the referral date; and

(ii) in which no residential occupant is, or was on the referral date, entitled to a renewal lease or otherwise entitled to continued occupancy pursuant to the Local Housing Emergency Rent Control Act, as amended, the City Rent and
Rehabilitation Law, as amended, the Rent Stabilization Law of 1969, as amended, or the Emergency Tenant Protection Act of 1974, as amended; and

(iii) which has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development.

(7) Exempt institutional residence

“Exempt institutional residence” shall mean any multiple dwelling:

(i) the occupancy of which is restricted to non-profit institutional use and was restricted to non-profit institutional use on the referral date; and

(ii) which has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development.

(8) Inquiry period

“Inquiry period” shall mean a period which:

(i) commences 15 years prior to the application date; and

(ii) terminates upon the application date;

provided, however, that the Department of Housing Preservation and Development may:

(a) set such commencement date upon any date which is on or after the referral date, and is more than 15 years prior to the application date where it determines that such extension of the duration of the inquiry period would further the purposes of this Section; and

(b) extend such termination date up to and including the date upon which the Department of Housing Preservation and Development determines to grant or deny a certification of no harassment.
(9) Low income housing

“Low income housing” shall mean #dwelling units# or #rooming units# occupied or to be occupied by persons or families having an annual household income at the time of initial occupancy equal to or less than 80 percent of the median income for the primary metropolitan statistical area, as determined by the United States Department of Housing and Urban Development or its successors from time to time for a family of four, as adjusted for family size.

(10) Referral date

“Referral date” shall mean September 5, 1973.

(11) Restrictive declaration

“Restrictive declaration” shall mean a legal instrument which:

(i) provides that #low income housing# in an amount not less than the #cure requirement# shall be provided in a new or altered #multiple dwelling# on the #cure compliance lot#;

(ii) provides that the #low income housing# must comply with the requirements of Section 23-90 for rental #affordable housing# provided without #public funding#, as amended by this Chapter, unless any such requirement is waived by the Department of Housing Preservation and Development. However, in the Preservation Area, paragraph (c) of Section 23-96 (Requirements for Generating Sites or MIH Sites), shall be inapplicable and in its place and stead, paragraph (a) of Section 96-105 (Dwelling unit regulations) shall be applicable;

(iii) contains such other terms as the Department of Housing Preservation and Development shall determine;

(iv) has been approved by the Department of Housing Preservation and Development;
(v) runs with the land and binds all parties in interest to the #cure requirement lot# and their successors;

(vi) runs with the land and binds all parties in interest to the #cure compliance lot# and their successors; and

(vii) is perpetual in duration.

(12) Rooming unit

#Rooming unit# shall have the meaning set forth in the Housing Maintenance Code.

(b) Permit Process

(1) Unless the Department of Housing Preservation and Development has issued a #certification of no harassment# pursuant to paragraph (c) of this Section or has certified compliance with the cure provisions of paragraph (d) of this Section, no permit may be issued by the Department of Buildings pursuant to Sections 96-109 or 96-24, and no special permit may be granted by the City Planning Commission pursuant to Sections 96-107 or 96-108.

(2) The following structures shall be exempt from the provisions of this Section:

(i) any city-owned #multiple dwelling#;

(ii) any #multiple dwelling# which is the subject of a program approved by the Department of Housing Preservation and Development for the provision of housing for persons of low or moderate income and has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development;

(iii) any #multiple dwelling# initially occupied for residential purposes after January 1, 1974, except for #buildings# which are or have been interim #multiple dwellings# pursuant to Article 7C of the Multiple Dwelling Law;

(iv) any #exempt hotel#;
(v) any #multiple dwelling# in which occupancy is restricted to clubhouse or school dormitory use and occupancy was restricted to clubhouse or school dormitory use on the #referral date#; and

(vi) any #exempt institutional residence#.

(3) Where the Department of Housing Preservation and Development has denied a #certification of no harassment# with respect to a #multiple dwelling#, the Department of Buildings shall not issue any permit with respect to any #multiple dwelling# or other #building# located on, or to be located on, the #cure requirement lot# except in accordance with paragraph (d) of this Section.

(c) Certification of No Harassment

(1) The Department of Housing Preservation and Development shall determine and certify whether there has been #harassment# of the lawful occupants of a #multiple dwelling# during the #inquiry period#.

(2) There shall be a rebuttable presumption that #harassment# occurring within the #inquiry period# was committed by or on behalf of the owner of such #multiple dwelling# and that such #harassment#:

(i) was committed with the intent to cause a person lawfully entitled to occupancy of a #dwelling unit# or #rooming unit# in such #multiple dwelling# to vacate such unit or to surrender or waive a right in relation to such occupancy; and

(ii) materially advanced the demolition or alteration in furtherance of which the permit and #certification of no harassment# are sought.

(3) The Department of Housing Preservation and Development may promulgate rules regarding the implementation of this Section. Such rules may include, but shall not be limited to, provisions which:

(i) establish the information to be required in an application for #certification of no harassment#, the form of such application, and the manner of
filing of such application;

(ii) establish reasonable fees and charges to be collected from applicants for the administrative expenses incurred by the Department of Housing Preservation and Development including, but not limited to, costs for publication of any notices;

(iii) establish the duration for which a #certification of no harassment# will remain effective; and

(iv) authorize the recission of a #certification of no harassment# if the Department of Housing Preservation and Development finds either that #harassment# has occurred after the #inquiry period# or that the application for such #certification of no harassment# contained a material misstatement of fact. Following such recission, the Department of Buildings may revoke any permit for which such #certification of no harassment# was required.

(4) The Department of Housing Preservation and Development may refuse to accept, or to act upon, an application for a #certification of no harassment# where the Department of Housing Preservation and Development finds that:

(i) taxes, water and sewer charges, emergency repair program charges, or other municipal charges remain unpaid with respect to such #multiple dwelling#;

(ii) such #multiple dwelling# has been altered either without proper permits from the Department of Buildings or in a way that conflicts with the certificate of occupancy for such #multiple dwelling# (or, where there is no certificate of occupancy, any record of the Department of Housing Preservation and Development indicating the lawful configuration of such #multiple dwelling#) and such unlawful alteration remains uncorrected; or

(iii) the Department of Housing Preservation and Development has previously denied an application for a #certification of no harassment# pursuant
(5) If the Department of Housing Preservation and Development determines that an application for a certification of no harassment contains a material misstatement of fact, the Department of Housing Preservation and Development may reject such application and bar the submission of a new application with respect to such multiple dwelling for a period not to exceed three years.

(6) Before determining whether there is reasonable cause to believe that harassment has occurred with respect to any multiple dwelling, the Department of Housing Preservation and Development shall publish a notice in such form and manner as shall be specified in the rules promulgated pursuant to paragraph (c)(3) of this Section. Such notice shall seek public comment regarding whether there has been harassment of the lawful occupants of such multiple dwelling from the referral date to the date of submission of comments. If the Department of Housing Preservation and Development receives comments containing material evidence that harassment occurred on or after the referral date and more than 15 years prior to the application date, the Department of Housing Preservation and Development shall, in accordance with paragraph (a)(8) of this Section, set the commencement of the inquiry period on a date prior to the date of such alleged harassment.

(7) The Department of Housing Preservation and Development shall determine whether there is reasonable cause to believe that harassment has occurred during the inquiry period.

(i) If there is no reasonable cause to believe that harassment has occurred during the inquiry period, the Department of Housing Preservation and Development shall issue a certification of no harassment.

(ii) If there is reasonable cause to believe that harassment has occurred during the inquiry period, the Department of Housing Preservation and Development shall cause a hearing to be held in such manner and upon such notice as shall be
determined by the Department of Housing Preservation and Development, unless the applicant waives the right to a hearing. Following receipt of the report and recommendation of the hearing officer, or receipt of a waiver of the right to such a hearing from the applicant, the Department of Housing Preservation and Development shall either grant or deny a #certification of no harassment#.

(8) The Department of Housing Preservation and Development may deny a #certification of no harassment# without a prior hearing if there has been a finding by the Division of Housing and Community Renewal or any court having jurisdiction that there has been #harassment#, unlawful eviction or arson at the #multiple dwelling# during the #inquiry period#.

(d) Certification of Cure for Harassment

(1) The Department of Housing Preservation and Development shall not certify compliance with the cure provisions of this paragraph to the Department of Buildings unless all parties in interest to the #cure requirement lot# and all parties in interest to the #cure compliance lot# have entered into a #restrictive declaration#.

(2) Any permit or certificate of occupancy issued by the Department of Buildings with respect to any structure located on a #cure requirement lot# or a #cure compliance lot# shall be subject to the following conditions:

(i) The Department of Buildings shall not issue any permit, except a permit for an alteration which is not a #material alteration#, with respect to any structure located on the #cure requirement lot# unless the #restrictive declaration# has been recorded in the Office of the City Register and indexed against each tax lot within the #cure requirement lot# and each tax lot within the #cure compliance lot#.

(ii) The Department of Buildings shall not issue any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the #cure requirement lot#, other than
any low income housing located on the cure requirement lot, until:

(a) the Department of Housing Preservation and Development certifies that the low income housing required by the restrictive declaration has been completed in compliance with the restrictive declaration; and

(b) the Department of Buildings has issued a temporary or permanent certificate of occupancy for each unit of such low income housing.

(iii) The Department of Buildings shall include the occupancy restrictions of the restrictive declaration in any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the cure compliance lot. Failure to comply with the terms and conditions set forth in the restrictive declaration shall constitute a violation, and a basis for revocation, of any certificate of occupancy containing such restriction.

(iv) The Department of Buildings shall include the occupancy restrictions of the restrictive declaration in any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the cure requirement lot, except where the management and operation of the cure compliance lot is wholly controlled by, and the restrictive declaration requires that management and operation of the cure compliance lot remain wholly controlled by, an independent not-for-profit administering agent that is not affiliated with the owner of the cure requirement lot. Failure to comply with the terms and conditions set forth in the restrictive declaration shall constitute a violation, and a basis for revocation, of any certificate of occupancy containing such restriction.

(3) No portion of the low income housing required under
this Section shall qualify to:

(i) increase the floor area ratio pursuant to Section 96-21 (Special Regulations for 42nd Street Perimeter Area); Section 96-22 (Special Regulations for Eighth Avenue Perimeter Area); any floor area ratio increase provision of the Special Garment Center District, Special Hudson Yards District, Special West Chelsea District; or Section 23-90; or

(ii) satisfy an eligibility requirement of any real property tax abatement or exemption program with respect to any multiple dwelling that does not contain such low income housing.

(5/8/13)

96-111
Off-street parking regulations

Accessory off-street parking spaces, public parking lots or public parking garages are not permitted within the Preservation Area except by the applicable special permit in Section 13-45 (Special Permits for Additional Parking Spaces), inclusive.

In addition, the Commission shall find that:

(a) the property has been or will be vacated pursuant to the provisions of Section 96-108; and

(b) the applicant has followed the relocation procedures set forth in Section 96-24.

(2/2/11)

96-20
PERIMETER AREA

Developments or enlargements within the Perimeter Area shall be eligible for increased floor area only pursuant to Sections 96-21 (Special Regulations for 42nd Street Perimeter Area) or 96-
22 (Special Regulations for Eighth Avenue Perimeter Area). Because of increased pressures for development, the relocation and demolition provisions of Section 96-24 (Relocation and Demolition of Buildings in the Perimeter Area) shall apply therein for all demolition, development, enlargement or extensions on lots containing residential uses. All existing legal uses in enclosed buildings shall be considered conforming uses. Except as otherwise provided in this Chapter, any existing commercial or manufacturing uses may be changed to another non-conforming use only in accordance with the provisions of Sections 52-31 (General Provisions), 52-33 (Manufacturing or Related Uses in Residence Districts), 52-34 (Commercial Uses in Residence Districts), 52-35 (Manufacturing or Related Uses in Commercial Districts) and 52-36 (Non-conforming Commercial Uses in Commercial Districts).

(3/22/16)

96-21 Special Regulations for 42nd Street Perimeter Area

The provisions of this Section shall apply in all Commercial Districts within the area bounded by the following:

Starting 150 feet west of Eighth Avenue, south to the southern boundary of West 41st Street, west to the east side of Twelfth Avenue, north along the eastern border of Twelfth Avenue to 43rd Street, east on West 43rd Street to the eastern side of Tenth Avenue, south along Tenth Avenue to the southern boundary of West 42nd Street, east on West 42nd Street to Ninth Avenue, north along the western boundary of Ninth Avenue to the midblock of 42nd/43rd Street, east to a point 150 feet west of Eighth Avenue, south to the southerly boundary of 41st Street.

(a) Special use regulations

In the 42nd Street Perimeter Area, as shown in Appendix A of this Chapter, the following special use regulations shall apply:

(1) Offices

Any development or enlargement that includes Use Group 6B offices developed or enlarged after
January 19, 2005, shall be permitted only pursuant to Section 93-13 (Special Office Use Regulations).

(2) Automobile showrooms and repairs

In Subarea 1, on the #block# bounded by Twelfth Avenue, West 43rd Street, Eleventh Avenue and West 42nd Street, automobile showrooms or sales, with vehicle storage, preparation of automobiles for delivery, and automobile repairs may be permitted within a #completely enclosed building#, below the level of any floor occupied by #dwelling units#, provided that:

(i) access for automobiles to the portions of the #building# to be used for vehicle storage, preparation of automobiles for delivery, and automobile repairs shall be located on West 43rd Street;

(ii) areas within the #building# used for vehicle storage, preparation of automobiles for delivery, or automobile repairs shall not be used for #accessory# parking for other uses on the #zoning lot#; except that such areas may be accessed from a curb cut, vehicular ramp, or vehicle elevator that also serves an #accessory group parking facility#; and

(iii) the portions of the #building# used for the preparation of automobiles for delivery and automobile repairs shall be located entirely in a #cellar# level.

(b) #Floor area# regulations

(1) #Floor area# regulations in Subarea 1

In Subarea 1 of the 42nd Street Perimeter Area as shown in Appendix A, the basic #floor area ratio# on a #zoning lot# shall be 10.0, and may be increased to a maximum of 12.0 only in accordance with the provisions of Section 23-154 (Inclusionary Housing), except that any units for which a #floor area# increase has been earned, pursuant to Section 23-154 shall be within the #Special Clinton District#.

(2) #Floor area# regulations in Subarea 2
In Subarea 2 of the 42nd Street Perimeter Area, as shown in Appendix A, the basic floor area ratio on a zoning lot shall be 10.0. However, the floor area ratio on a zoning lot containing residential use may exceed 10.0 to a maximum of 12.0 only in accordance with the provisions of Section 23-154, except that any units for which a floor area increase has been earned pursuant to Section 23-154 shall be within the Special Clinton District. For zoning lots containing developments or enlargements that have fully utilized the Inclusionary Housing Program, the maximum permitted floor area ratio may be increased from 12.0 to 15.0 for new legitimate theater use in accordance with the provisions of Section 96-25 (Floor Area Bonus for New Theater Use).

Any development or enlargement on a zoning lot that includes the area bounded by a line 129 feet east of and parallel to Tenth Avenue, West 42nd Street, a line 184 feet east of and parallel to Tenth Avenue, and a line 50 feet south of and parallel to West 42nd Street shall provide an easement or other agreement for public access to the subway mezzanine or station, as illustrated on the District Map in Appendix A of this Chapter.

An instrument establishing such transit easement or other agreement shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, and indexed against the property.

Floor space within the volume governed by such transit easement or other agreement shall be excluded from the definition of floor area, and may be temporarily used by the owner of the zoning lot for any permitted uses until such time as required by the Metropolitan Transportation Authority or by its designee for subway purposes. Improvements or construction of a temporary nature within the volume governed by such transit easement or other agreement for such temporary uses shall be removed by the owner of the zoning lot prior to the time at which public use of the volume area is required. A minimum notice of six months in writing shall be given by the Metropolitan Transportation Authority to the owner of the zoning lot in order to vacate the tenants of such temporary uses.
The provisions of paragraph (b) of Section 93-65 (Transit Facilities) shall apply to any subway-related uses consisting of ventilation facilities and other facilities or services used or required in connection with the operation of a subway line or station on the tax lot located at Block 1051, Lot 2, existing on October 27, 2010, up to a height of 73 feet, as illustrated on the District Map in Appendix A of this Chapter.

(c) Retail continuity requirements

For buildings developed or portions of buildings enlarged after August 17, 1990, where the ground floor level of such development or the enlarged portion of the building fronts upon West 42nd Street, between Ninth and Twelfth Avenues:

(1) at least 50 percent of the street frontage of stories that have a floor level within five feet of curb level shall be limited to Use Groups 4A, 6A, 6C, 10A, 11, 12A and 12B; and

(2) the length of the facade of such street wall fronting on West 42nd Street shall be glazed in accordance with the provisions of Section 37-34 (Minimum Transparency Requirements).

(d) Street wall continuity requirements

(1) At least 80 percent of the aggregate width of street walls of a building fronting on West 42nd Street, up to a height of 45 feet, shall be located within 10 feet of the street line of such street.

(2) The minimum height of the street wall of a building above curb level shall be no less than 45 feet, or the height of the building, whichever is less, and no more than 85 feet. Above this required height, the street wall of a building shall set back at least five feet. The requirements of this paragraph shall also apply to any building on a wide street frontage within a distance of 50 feet from its intersection with West 42nd Street.
(e) Pedestrian circulation space

Within Subarea 2 of the 42nd Street Perimeter Area, as shown in Appendix A, pedestrian circulation space shall be provided in accordance with the provisions of Section 37-50. In addition, for developments or enlargements that provide subway entrances constructed after December 21, 2005, one and one-half times the area of such entranceway accessible to the public at street level may qualify as pedestrian circulation space, up to a maximum amount of 3,000 square feet.

(f) Special curb cut and parking provisions

No curb cuts shall be permitted on 42nd Street. The parking provisions of the Special Hudson Yards District shall apply within the 42nd Street Perimeter Area, as set forth in Section 93-80 (OFF-STREET PARKING REGULATIONS), except that such parking provisions shall not apply to any development or enlargement for which a special permit was granted prior to January 19, 2005.

Any development or enlargement for which a building permit has been lawfully issued prior to December 31, 2004, shall comply with either the parking regulations in effect at the time the permit was issued, or the provisions of this paragraph (f).

(2/2/11)

96-22
Special Regulations for Eighth Avenue Perimeter Area

For zoning lots, or portions thereof, located in an area bounded by a line 150 feet west of Eighth Avenue, West 56th Street, Eighth Avenue and West 45th Street, excluding such area between West 49th and West 50th Streets, the floor area ratio permitted by the underlying district may be increased from 10.0 to 12.0 only pursuant to Section 23-90 (INCLUSIONARY HOUSING), except that any units for which a floor area increase has been earned pursuant to Section 23-90 shall be within the Special Clinton District.

All developments or enlargements located in an area bounded by a line 150 feet west of Eighth Avenue, West 45th Street,
Eighth Avenue and West 42nd Street shall comply with special regulations set forth in Article VIII, Chapter 1 (Special Midtown District), including Sections 81-21 (Floor Area Ratio Regulations) and 81-70 (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT). For developments or enlargements that utilize a floor area increase pursuant to the Inclusionary Housing Program of Section 23-90, any units for which a floor area increase has been earned shall be within the Special Clinton District.

(2/2/11)

96-23
Special Permit for Modification of Height and Setback Regulations

Except within the Eighth Avenue Perimeter Area set forth in Section 96-22, the City Planning Commission, by special permit, may permit modification of height and setback regulations for developments or enlargements which have generated an increase in the floor area ratio of not more than 2.0 under the provisions of Section 96-21 (Special Regulations for 42nd Street Perimeter Area), provided that such modification is necessary to achieve better site planning.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(12/21/05)

96-24
Relocation and Demolition of Buildings in the Perimeter Area

Prior to the issuance by the Department of Buildings of a demolition permit or a permit for any development, enlargement or extension on any zoning lot containing residential uses within the Perimeter Area, the Department of Housing Preservation and Development shall certify to the Department of Buildings:

(a) that prior to evicting or otherwise terminating the occupancy of any tenant in connection with vacating any building, the developer shall have notified the Department
of Housing Preservation and Development of plans for the relocation of tenants which shall:

(1) to the extent possible provide for the relocation of tenants within the Clinton District; and

(2) provide for the satisfaction of all the requirements for the issuance of a certificate of eviction under applicable rent control and rent stabilization regulations of the State of New York; and

(b) that the developer has complied with the relocation plan submitted pursuant to paragraph (a) of this Section and that the Department of Housing Preservation and Development has issued a #certification of no harassment#, or that the owner has complied with paragraph (d) of Section 96-110.

(2/2/11)

96-25
Floor Area Bonus for New Theater Use

Within Subarea 2 of the 42nd Street Perimeter Area as shown in Appendix A of this Chapter, for #developments# or #enlargements# located within the area bounded by West 42nd Street, Dyer Avenue, West 41st Street and Eleventh Avenue that have fully utilized a #floor area# increase pursuant to Section 23-90 (INCLUSIONARY HOUSING), the #floor area ratio# may be increased from 12.0 to a maximum of 15.0, provided that for every three square feet of bonused #floor area#, one square foot of such bonused #floor area# shall be used for new “performance space,” which, for the purposes of this Section, shall mean space to be used as a legitimate theater or for non-profit performing arts use. Such bonused #floor area# shall be permitted only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings, after referral for review and receipt of recommendations from the applicable Community Board, that the following conditions have been met:

(a) all #floor area# for any performance space for which a bonus is received pursuant to this Section, shall be limited to floor space exclusively associated with legitimate theater or non-profit performing arts #use#, including auditorium, orchestra, balconies, stage and theater equipment space, wings, dressing rooms, rehearsal space, lobbies, ticket

offices, restrooms and circulation space. Any other use of the bonused performance space shall not comprise more than 25 percent of the total floor area of such performance space;

(b) such performance space shall be designed, arranged and used for live performances and rehearsals of drama, music or dance and shall have at least 100 and no more than 299 seats. If there is more than one performance space, each shall have at least 100 seats, and adjacent performance spaces may be designed in a manner that allows for their combination into a single performance space provided such combined space has no more than 299 seats. Performance space for which a bonus is received pursuant to this Section, shall only be used for non-profit performing arts use provided the development or enlargement contains at least two performance spaces used exclusively for performances of legitimate theater;

(c) a letter from the Department of Cultural Affairs shall be submitted, certifying that:

(1) a signed lease has been provided from the prospective operator of the performance space, or a written commitment from the owner of the performance space if such owner is also the operator, for occupancy of the performance space and its operation as a legitimate theater or non-profit performing arts space for a period of not less than five years, pursuant to an operating plan and program therefor;

(2) the proposed operator of the performance space has the fiscal and managerial capacity to successfully operate such space;

(3) preliminary design plans have been provided to the Department of Cultural Affairs for the performance space, which include sufficient detail regarding core, shell, structural and mechanical systems, as necessary to ensure that such performance space will operate efficiently for its intended use;

(4) a written commitment has been provided ensuring that there are financial resources available for the timely completion of the identified scope of work; and

(5) the proposed operator of the performance space will
have a program of regularly scheduled presentations that are open to the public.

(d) a legal commitment has been provided for inspection and ongoing maintenance of the performance space to ensure its continued availability for use as a legitimate theater or non-profit performing arts space. Such inspection shall be conducted every five years by a licensed engineer or architect, and a report issued to the Chairperson of the City Planning Commission, the Commissioner of the Department of Cultural Affairs and the applicable Community Board. Such report shall describe the condition of the performance space and identify any maintenance or repair work necessary to ensure the physical and operational soundness of the performance space and establish a plan and program for such work, including providing that adequate resources be made available to ensure timely completion of such maintenance or repair work; and

(e) a legal commitment has been provided for continuance of the use of all floor area in the bonused performance space as legitimate theater or non-profit performing arts space and providing that in the event of a change of operator, as defined by the Commissioner of the Department of Cultural Affairs, the owner or operator shall obtain a new letter certifying that the provisions of paragraphs (c)(1), (c)(2) and (c)(3) of this Section have been met as to the proposed operator and, where substantial renovation of the performance space, as defined by the Commissioner of the Department of Cultural Affairs, is being proposed in conjunction with the change of operator, that the provisions of paragraphs (c)(3) and (c)(4) of this Section have been met as to such substantial renovation. Any application or submission with respect to a change in operator made pursuant to the provisions of such legal commitment, shall be referred to the affected Community Board. The Commissioner of the Department of Cultural Affairs shall not issue a letter with respect to such application prior to 45 days after such referral. Such legal commitment shall also prohibit use as an adult establishment for the life of the related development or enlargement.

Such legal commitments shall be in the form of a declaration of restrictions, filed and duly recorded in the Borough Office of the Register of the City of New York, binding upon the owner and any lessee of the performance space and their successors and assigns, a certified copy of which shall be submitted to the
Chairperson of the City Planning Commission. The filing of such declaration and the posting of any bond or other security required by the Chairperson under the terms of such declaration, and receipt of a certified copy of such declaration, shall be preconditions to issuance of any building permit, including any foundation or alteration permit, for any development or enlargement.

The owner shall not apply for or accept a temporary certificate of occupancy for that portion of the development or enlargement identified under the terms of the declaration of restrictions as utilizing the increased floor area permitted pursuant to this Section, and the Department of Buildings shall not issue a temporary certificate of occupancy for such portion of the development or enlargement, until the Commissioner of the Department of Cultural Affairs has certified that the performance space is substantially complete, which shall, for this purpose, mean that such performance space is usable by the public.

The owner shall not apply for or accept a permanent certificate of occupancy for the development or enlargement, nor shall the Department of Buildings issue a permanent certificate of occupancy for the development or enlargement, until the performance space has been finally completed in accordance with the approved plans and such final completion has been certified by the Commissioner of the Department of Cultural Affairs. The declaration of restrictions shall be noted on any temporary or final certificate of occupancy for the building.

Notwithstanding the foregoing, the Chairperson of the City Planning Commission may accept a declaration of restrictions or in the case of a certification issued by the Chairperson prior to January 28, 2009, a modified declaration of restrictions, which shall allow the owner to apply for and accept, and the Department of Buildings issue, temporary and permanent certificates of occupancy for the portion of the development or enlargement which utilizes the increased floor area permitted pursuant to this Section prior to substantial or final completion of the performance space, as the case may be, provided that, under the terms of such declaration of restrictions or modified declaration of restrictions, the owner shall not apply for or accept temporary certificates of occupancy for any such portion of the development or enlargement unless and until the Commissioner of the Department of Cultural Affairs has certified that the core and shell of the performance space has been completed in accordance with a core and shell agreement accepted by the
Commissioner, and that ownership of the performance space has been transferred to the prospective operator.

In the event of a transfer of ownership of the performance space, certification pursuant to paragraph (c)(1) of this Section, shall not require the provision of the signed lease or written commitment described therein, and the operating plan and program for the performance space shall be provided by the prospective owner.

Any application for certification of a #floor area# bonus for theater #use#, pursuant to this Section, shall be referred to the affected Community Board, the local Council Member and the Borough President of Manhattan. The Chairperson of the City Planning Commission shall not grant any such certification prior to 45 days after such referral.

(5/14/14)

96-30
OTHER AREAS

In Area C, the regulations of the underlying districts shall apply, except as otherwise set forth in this Section, inclusive. The boundaries of Northern Subarea C1 and Western Subarea C2 are shown on the District Map in Appendix A of this Chapter.

(3/22/16)

96-31
Special Regulations in R8 Districts

(a) In R8 Districts, other than R8A Districts, in Western Subarea C2, including #Commercial Districts# mapped within such R8 Districts, the following special regulations shall apply:

(1) the provisions of Sections 96-101 (Floor area regulations) and 96-104 (Height and setback regulations); and

(2) the provisions of Section 96-102 (Lot coverage regulations), except that for all portions of a #zoning lot# located in Other Areas and more than 100 feet from
the street line of a wide street, the maximum lot coverage shall not exceed 70 percent of the portion of the zoning lot in Other Areas.

(b) In R8A Districts in Western Subarea C2, including Commercial Districts mapped within such R8A Districts, the following special regulations shall apply:

(1) Inclusionary Housing Program

(i) R8A Districts in Other Areas, west of Tenth Avenue, shall be Inclusionary Housing designated areas, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

Within such Inclusionary Housing designated areas, the maximum floor area ratio for any zoning lot containing a residential use shall not exceed a base floor area ratio of 5.4, except that such base floor area ratio may be increased to a maximum floor area ratio of 7.2 through the provision of affordable housing, pursuant to the provisions relating to Inclusionary Housing designated areas in Sections 23-154 and 23-90. However, any units for which a floor area increase has been earned, pursuant to Section 23-154 shall be located within the Special Clinton District.

(ii) Optional provisions for affordable housing

For developments or enlargements located within the blocks bounded by West 51st Street, Eleventh Avenue, West 53rd Street and Tenth Avenue, the special optional regulations as set forth in paragraph (b)(1)(ii) of this Section, may modify the provisions of Section 23-154.

The residential floor area of a development or enlargement may be increased by 0.833 square feet for each one square foot of moderate income floor area, or by 0.625 square feet for each one square foot of middle income floor area, provided that for each square foot of such floor
area compensation#, there is one square foot of
floor area compensation#, pursuant to Section 23-154. However, the amount of affordable housing required to receive such floor area compensation need not exceed the amounts specified as follows. If affordable housing is provided for both low income and moderate income households, the amount of moderate income floor area need not exceed 15 percent of the total floor area, exclusive of ground floor non-residential floor area, on the zoning lot, provided that the amount of low income floor area is at least 10 percent of the total floor area, exclusive of ground floor non-residential floor area, on the zoning lot. If affordable housing is provided for both low income and middle income households, the amount of middle income floor area need not exceed 20 percent of the total floor area, exclusive of ground floor non-residential floor area, on the zoning lot, provided that the amount of low income floor area is at least 10 percent of the total floor area, exclusive of ground floor non-residential floor area, on the zoning lot.

For the purposes of this paragraph (b)(1)(ii), low income floor area may be considered moderate income floor area or middle income floor area, and moderate income floor area may be considered middle income floor area.

(2) Special use and bulk regulations for existing electrical utility substations

Electrical utility substations, operated for public utility purposes, existing on June 14, 2011, and located wholly or partially within the portion of Western Subarea C2 east of Eleventh Avenue, shall be considered conforming uses that are subject to the bulk regulations of the underlying district and the use regulations of an M1-5 District. Any change of use on a zoning lot occupied by any such electrical utility substation shall be permitted only pursuant to the regulations of the underlying district. In the event any such electrical utility substation is damaged or destroyed, in whole or in part, by any means, including demolition, the provisions of Section 54-40
shall not apply and such electrical utility substation may be reconstructed, provided that such reconstruction shall not create a new #non-compliance# nor increase the degree of #non-compliance# with the applicable #bulk# regulations. However, in the event there is a complete cessation of #use# of the #zoning lot# as an electrical utility substation for a continuous period of five years, such electrical utility substation shall no longer be considered a conforming #use# on such #zoning lot#.

(3/22/16)

96-32
Special Regulations in R9 Districts

In R9 Districts in Western Subarea C2, the provisions of Section 23-66 (Height and Setback Requirements for Quality Housing Buildings) for R9A Districts shall apply to all #buildings or other structures#. In #Commercial Districts# mapped within R9 Districts in Western Subarea C2, the provisions of Section 35-65 (Height and Setback Requirements for Quality Housing Buildings) for C2-7A Districts shall apply to all #buildings or other structures#. Notwithstanding the provisions of paragraph (c) of Section 23-011 (Quality Housing Program), in all such R9 Districts and #Commercial Districts# mapped within such R9 Districts, the provisions of paragraph (b) of Section 23-011 shall apply.

(a) Inclusionary Housing Program

(1) R9 Districts in Other Areas, west of Tenth Avenue, shall be #Inclusionary Housing designated areas# pursuant to Section 12-10 (DEFINITIONS) for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

Within such #Inclusionary Housing designated area#, the maximum #floor area ratio# for any #zoning lot# containing a #residential use# shall not exceed a base #floor area ratio# of 6.0, except that such base #floor area ratio# may be increased to a maximum #floor area ratio# of 8.0 through the provision of #affordable
housing#, pursuant to the provisions relating to Inclusionary Housing designated areas in Sections 23-154 (Inclusionary Housing) and 23-90. However, any units for which a floor area increase has been earned pursuant to Section 23-154 shall be located within the Special Clinton District.

(2) Optional provisions for large-scale general developments within Western Subarea C2

For developments or enlargements located within the blocks bounded by West 51st Street, Eleventh Avenue, West 53rd Street and Tenth Avenue, the special optional regulations as set forth in paragraph (a)(2) of this Section may modify the provisions of Section 23-154.

The residential floor area of a development or enlargement may be increased by 0.833 square feet for each one square foot of moderate income floor area#, or by 0.625 square feet for each one square foot of middle income floor area#, provided that for each square foot of such floor area compensation#, there is one square foot of floor area compensation#, pursuant to Section 23-154. However, the amount of affordable housing required to receive such floor area compensation# need not exceed the amounts specified as follows. If affordable housing is provided for both low income# and moderate income households#, the amount of moderate income floor area# need not exceed 15 percent of the total floor area#, exclusive of ground floor non-residential floor area#, on the zoning lot#, provided that the amount of low income floor area# is at least 10 percent of the total floor area#, exclusive of ground floor non-residential floor area#, on the zoning lot#. If affordable housing is provided for both low income households# and middle income households#, the amount of middle income floor area# need not exceed 20 percent of the total floor area#, exclusive of ground floor non-residential floor area#, on the zoning lot#, provided that the amount of low income floor area# is at least 10 percent of the total floor area#, exclusive of ground floor non-residential floor area#, on the zoning lot#.

For the purposes of this paragraph (a)(2), low income floor area# may be considered moderate income floor area# or middle income floor area#, and moderate
income floor area may be considered middle income floor area.

(b) Uses in Western Subarea C2 located within a large-scale general development

(1) In a C2-5 District mapped within an R9 District within Western Subarea C2, the following uses, when located wholly within a large-scale general development, shall be considered permitted uses:

From Use Group 8:
Lumber stores, with no limitation on floor area

From Use Group 10:
Photographic or motion picture production studios

From Use Group 12:
Art galleries, commercial

From Use Group 13:
Theaters

From Use Group 16:
Automotive service establishments

From Use Group 17:
Scenery construction.

(2) Uses permitted pursuant to paragraph (b)(1) shall be subject to the commercial bulk regulations of Article III, that are applicable to a C2-5 District mapped within an R9 District.

(3) The supplemental use provisions of Section 32-421 shall not apply to commercial uses located in a building with frontage on West 52nd Street.

(c) Height and setback modification
For any development or enlargement subject to the provisions of Section 74-681 (Development within or over a railroad or transit right-of-way or yard), the City Planning Commission may permit the modification of the applicable height and setback regulations, the open area planting requirements of Section 23-892 (In R6 through R10 Districts), and the permitted obstructions in rear yard or rear yard equivalent regulations of Section 23-44, provided that:

(1) such modification of height and setback regulations will:

   (i) result in a building that has a maximum building height of 155 feet;

   (ii) result in a better distribution of bulk on the zoning lot; and

   (iii) permit adequate access of light and air to surrounding streets and adjacent properties;

(2) such modification of planting requirements will facilitate access to Department of Transportation bridge structures, and the area between the street wall and street line of the buildings shall be improved with moveable planters; and

(3) any obstruction permitted in a rear yard or rear yard equivalent pursuant to this Section is necessary to accommodate the ventilation needs of a railroad or transit facility. In addition, such obstruction shall be fully screened by a landscaped strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that is expected to form a year-round dense screen at least six feet high within three years. Such screening shall be maintained in good condition at all times.

The Commission may prescribe appropriate conditions and safeguards to minimize any adverse effects on the character of the surrounding area.
96-33
Special Regulations in M2-4 Districts

96-331
Adult establishments

The provisions of Section 52-77 (Termination of Adult Establishments) shall not apply to any #adult establishment# that located within the #Special Clinton District# after October 25, 1995, and prior to May 11, 2011, and which, as of May 11, 2011, and June 14, 2011, was an existing #use# and conformed to all provisions of Section 42-01 (Special Provisions for Adult Establishments) applicable to M2-4 Districts.

96-332
Height and setback

In M2-4 Districts in Western Subarea C2, the underlying height and setback regulations shall apply as modified by the following special #bulk# regulations.

For all #buildings or other structures#, the #street wall# of a #building# shall rise without setback to a minimum base height of 50 feet, or the height of the #building#, whichever is less, and a maximum base height of 95 feet. No portion of a #building# shall exceed a height of 135 feet and no #sky exposure plane# shall apply.

On #wide streets#, and on #narrow streets# within 50 feet of their intersection with a #wide street#, the #street wall# shall be located on the #street line# and extend along such entire #street# frontage of the #zoning lot# up to at least the minimum base height.

On #narrow streets# beyond 50 feet of their intersection with a
#wide street#, the #street wall# shall be located on the #street line# and extend along at least 70 percent of the #narrow street# frontage of the #zoning lot# up to at least the minimum base height.

Where #street walls# are required to be located on the #street line#, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#. Above a height of 12 feet, up to 30 percent of the #aggregate width of street walls# may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except that, to allow articulation of #street walls# at the intersection of two #street lines#, the #street wall# may be located anywhere within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection.

(9/14/16)

96-34
Special Regulations in Northern Subarea C1

Within Northern Subarea C1, Special Use Regulations Areas C1-1 and C1-2, as shown on the map in Appendix A of this Chapter, are subject to the special #use# regulations of this Section. In addition, the special Inclusionary Housing regulations set forth in this Section shall apply in Area C1-1.

(a) Inclusionary Housing Program

The boundaries of the #Inclusionary Housing designated area# within the #Special Clinton District# are shown on Map 2 in Manhattan Community District 4, in APPENDIX F of this Resolution. Such area shall be an #Inclusionary Housing designated area#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

Within such #Inclusionary Housing designated area# the following special regulations shall apply. The #residential floor area# of the #zoning lot# may be increased by 1.25
square feet for each square foot of low income floor area provided, or by 0.625 square feet for each one square foot of middle income floor area provided, up to the maximum floor area set forth in Section 23-154 (Inclusionary Housing). However, the amount of low income floor area plus half the amount of middle income floor area required to receive such floor area compensation need not exceed 20 percent of the total floor area, exclusive of ground floor non-residential floor area on the compensated zoning lot, provided that no more than 8,000 square feet of middle income floor area may be included within this calculation.

(b) Special use regulations

(1) In Special Use Regulations Areas C1-1 and C1-2, the following uses shall be permitted below the level of the lowest floor occupied by dwelling units:

(i) automobile showrooms or sales with preparation of automobiles for delivery; and

(ii) automobile repairs.

(2) Transient hotels shall not be permitted within the portion of Area C1-1 that is located between Eleventh Avenue and a line 250 feet west of Eleventh Avenue, and in the portion located between West 57th Street and a line 100 feet south of West 57th Street, except by special permit of the City Planning Commission, pursuant to the provisions of this paragraph (b) (2).

The Commission may permit transient hotels, resulting from a development, enlargement, extension or change of use, provided that the Commission shall find that such transient hotel is so located as not to impair the essential character of, or the future use or development of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(3/22/16)
MODIFICATION OF GENERAL LARGE-SCALE DEVELOPMENT PROVISIONS

For parcels within the blocks bounded by West 50th Street, Tenth Avenue, West 56th Street and Eleventh Avenue, within a general large-scale development that occupies zoning lots on more than one block, the City Planning Commission may permit the modification of open space required pursuant to Section 23-15 (Open Space and Floor Area Regulations in R6 Through R10 Districts) as part of a special permit, pursuant to Section 74-743 (Special provisions for bulk modification), provided the Commission finds that:

(a) the amount of open space provided is sufficient to meet the needs of the residents of the general large-scale development; and

(b) such modification results in improved site planning.

(2/2/11)

REGULATIONS APPLICABLE TO ALL AREAS

The provisions of Sections 96-51 (Mandatory Tree Planting Provisions), 96-52 (Bulk Modifications for Public Parking Garages) and 96-53 (Conversions to Residential Use) shall apply to all areas within the Special District.

(4/30/08)

Mandatory Tree Planting Provisions

In addition to the applicable underlying street tree planting requirements, tree planting provisions shall also apply to extensions or alterations, other than incidental alterations, involving 30 percent or more of the existing floor area of a building. Notwithstanding the provisions of Section 43-02 (Street Tree Planting in Manufacturing Districts), all developments or enlargements within the Special Clinton District that include uses listed in Use Group 17 or 18 shall provide street trees in accordance with Section 26-41 (Street...
Tree Planting).

(1/19/05)

96-52
Bulk Modifications for Public Parking Garages

Except within the Eighth Avenue Perimeter Area set forth in Section 96-22 (Special Regulations for Eighth Avenue Perimeter Area), in all other C6 Districts, the City Planning Commission, by special permit, may permit, for public parking garages, modification of the applicable lot coverage, yard and height and setback regulations. As a condition of permitting such modifications, the Commission shall make the following findings:

(a) that, because of site limitations, such modifications are necessary for the proper design and operation of the public parking garage; and

(b) that, such modifications will not unduly obstruct access to light and air in the street or on adjacent zoning lots.

The Commission shall consider the characteristics of surrounding development and may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of adjacent areas.

(2/2/11)

96-53
Conversions to Residential Use

For conversions to residential use of a building, predominantly occupied by uses listed in Use Groups 3, 4 or 5, that exceeds the residential floor area permitted by the applicable district regulations, the City Planning Commission by special permit, may permit such building to be converted to residential use in its entirety, provided that such building includes social or recreational space primarily for the use of occupants of dwelling units or rooming units in the development and which may also be made available to the community.
There shall be at least 30 square feet of social or recreational space for each #dwelling unit# or a total area of at least 5,000 square feet, whichever is greater. Such space may be located outdoors at grade level or at any floor level including roof areas. The maximum number of #dwelling units# shall be determined in accordance with the provisions of Section 15-111 (Number of permitted dwelling units). The Commission may prescribe conditions and safeguards to minimize possible adverse effects on adjoining properties.

As a condition of approval, the Commission shall find:

(a) that because of site and building limitations, such modifications are necessary for the proper design and functioning of the #converted building#;

(b) that such modifications will result in adequate access of light and air to the newly created #dwelling units# and to surrounding development;

(c) that the social or recreational space contains adequate facilities to serve the needs of the residents and wherever possible the surrounding community;

(d) that there is suitable separation between #dwelling units# and floor space occupied by non-#residential# or #accessory uses#; and

(e) that such #conversion# will not unduly increase the density of population or intensity of #use# to the detriment of the occupants of #buildings# in the #block# or nearby #blocks#.

The Commission may prescribe conditions and safeguards to minimize possible adverse effects on adjoining properties and may require a program for operation and maintenance of recreational spaces.

(11/21/74)

96-60
SPECIAL PERMIT PROCEDURE

(8/6/98)
96-601
Requirements for applications

An application to the City Planning Commission for the grant of a special permit under the provisions of this Chapter, shall include a site plan showing the location and proposed use of all buildings or other structures on the site, the location of all vehicular entrances and exits and off-street parking spaces, and such other information as may be required by the Commission.

Notwithstanding the foregoing, in the Eighth Avenue Perimeter Area, all applications made pursuant to the Special Midtown District shall be subject to the guidelines and provisions of Article VIII, Chapter 1 (Special Midtown District), instead.

All applications relating to Section 96-111 (Off-street parking regulations) shall be referred by the Commission to the Department of Transportation for its report with respect to the anticipated traffic congestion resulting from such special permit use in the proposed location.

If such agency shall report thereon within one month from the date of referral, the Commission shall, in its determination, give due consideration to such report and, further, shall have the power to substantiate the appropriate findings solely on the basis of the report by such agency with respect to the issues referred. If such agency does not report within one month, the Commission may make a final determination without reference thereto.

(2/2/11)

96-602
Relationship to public improvement projects

In all cases, the City Planning Commission shall deny a special permit application whenever the development or enlargement will interfere with a public improvement project, including housing, highways, public buildings or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit, or other public facilities, which is approved by, or pending before, the Board of Estimate or City Planning Commission, as determined from the Calendar of each such agency issued prior to the date of the public hearing on the application.
96-70
SPECIAL PERMITS PREVIOUSLY AUTHORIZED

Whenever, under the provisions of the Special Clinton Interim District or any prior zoning regulation, the City Planning Commission has authorized any special permit, the status of such special permit shall not be altered by the provisions of this Chapter.

(11/27/12)

96-80
EXCLUDED AREAS

Except as provided in this Section, the regulations set forth in this Chapter shall not apply to the following areas:

(a) parcels within the blocks bounded by West 50th Street, Tenth Avenue, West 56th Street and Eleventh Avenue, provided that in this area the provisions of Sections 96-40 (MODIFICATION OF GENERAL LARGE-SCALE DEVELOPMENT PROVISIONS), 96-51 (Mandatory Tree Planting Provisions) and 96-82 (C6-3X Districts) shall apply.

In addition, for parcels in C6-3X Districts, bounded by West 53rd Street, Tenth Avenue, West 54th Street and Eleventh Avenue, the following shall be permitted uses below the level of any floor occupied by dwelling units:

(1) automobile showrooms with automobile sales and preparation of automobiles for delivery;

(2) automobile repairs; and

(3) New York City Police Department stables for horses, with accessory automobile parking.

For a building that, at the time of approval by the Department of Buildings, included space designed for stable
use for New York City Police Department horses, and the ceiling height of such stable space, as measured from the base plane, exceeds 23 feet, then any floor space occupied by accessory parking located on the floor immediately above such stable space and immediately below the level of any floor occupied by dwelling units shall be exempted from the definition of floor area.

(b) the block bounded by West 49th Street, Eighth Avenue, West 50th Street and Ninth Avenue which was the site of the former Madison Square Garden;

(c) property bounded by West 45th Street, the easterly right-of-way of the Amtrak Empire Line, West 44th Street and Eleventh Avenue, provided that in this area the provisions of Section 96-81 (R10 Districts) shall apply;

(d) the block bounded by West 42nd Street, Ninth Avenue, West 43rd Street and Tenth Avenue;

(e) property bounded by West 56th Street, Ninth Avenue, West 57th Street and a line 200 feet west of Eighth Avenue.

(5/14/14)

96-81
R10 Districts

R10 Districts in Excluded Areas shall be Inclusionary Housing designated areas pursuant to Section 12-10 (DEFINITIONS) for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

(6/14/11)

96-82
C6-3X Districts

(a) Inclusionary Housing Program

C6-3X Districts in Excluded Areas shall be Inclusionary Housing designated areas pursuant to Section 12-10
DEFINITIONS) for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

(b) Maximum #floor area ratio#

Within such #Inclusionary Housing designated areas#, the maximum #floor area ratio# for any #zoning lot# containing a #residential use# shall not exceed the base #floor area ratio# of 6.75, except that such base #floor area ratio# may be increased to the maximum #floor area ratio# of 9.0, through the provision of #affordable housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Section 23-90.

Article IX: Special Purpose Districts
Chapter 7: Special 125th Street District

Effective date of most recently amended section of Article IX Chapter 7: 12/19/17

Administrative correction: 97-421

Date of file creation: Web version of Article IX Chapter 7: 10/11/18

Zoning Disclaimer - the Web version of the Zoning Resolution of the City of New York is provided for reference and the convenience of having the Resolution in an online format. Recent amendments to the Zoning Resolution also appear on the Web prior to being incorporated into the print version of the Resolution.
97-00
GENERAL PURPOSES

The “Special 125th Street District” established in this Resolution is designed to promote and protect the public health, safety, general welfare and amenity. The general goals include, among others, the following specific purposes:

(a) to preserve, protect and promote the special character of 125th Street as Harlem’s “Main Street” and the role of 125th Street as Upper Manhattan’s premier mixed use corridor;

(b) to guide development on the 125th Street corridor;

(c) to expand the retail and commercial character of 125th Street;

(d) to provide incentives for the creation of visual and performing arts space and enhance the area’s role as a major arts, entertainment and cultural destination in the City;

(e) to support mixed use development throughout the 125th Street corridor, including residential uses, and to provide incentives for the production of affordable housing;

(f) to ensure that the form of new buildings is compatible and relates to the built character of the 125th Street corridor;

(g) to enhance the pedestrian environment through appropriate ground floor uses and regulations;
(h) to ensure, in the Park Avenue Hub Subdistrict, compatibility with the purposes of the #Special East Harlem Corridors District#; and

(i) to promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City’s revenue.

(2/2/11)

97-01
Definitions

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS).

(2/2/11)

97-02
General Provisions

In harmony with the general purposes of the #Special 125th Street District# and in accordance with the provisions of this Chapter, the express requirements of the Special District shall apply within the Special District.

Except as modified by the particular provisions of the Special District, the regulations of the underlying zoning districts shall remain in effect. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(12/19/17)

97-03
District Plan and Maps

The regulations of this Chapter are designed to implement the #Special 125th Street District# Plan. The District Plan, including Map 1 (Special 125th Street District and Subdistricts) and Map 2 (Permitted Small Sidewalk Cafe
Locations), is set forth in Appendix A of this Chapter and is hereby incorporated as part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply.

(12/19/17)

97-04 Establishment of Subdistricts

In order to carry out the purposes and provisions of this Chapter, three subdistricts are established within the #Special 125th Street District#: the Core Subdistrict, the Park Avenue Hub Subdistrict and Subdistrict A. Each subdistrict includes specific regulations designed to support an arts and entertainment environment and other relevant planning objectives along 125th Street. The boundaries of the subdistricts are shown on Map 1 in Appendix A of this Chapter.

(4/30/08)

97-05 Establishment of Bonused Space Local Arts Advisory Council

A Bonused Space Local Arts Advisory Council shall be created for the purpose of reviewing and making recommendations concerning the Community Engagement Plans of proposed operators of visual or performing arts uses pursuant to paragraph (c)(7) of Section 97-423 (Certification for floor area bonus for visual or performing arts uses). The Bonused Space Local Arts Advisory Council shall consist of 11 members: two (2) members appointed by the Commissioner of the Department of Cultural Affairs, one of whom shall be designated by such Commissioner to serve as Chair, and three (3) members appointed by each of the Council Members for the Councilmanic Districts in which the Special District is located, who will rotate depending upon where the proposed visual or performing arts use is located, pursuant to Sections 97-422 and 97-423. Members of the Bonused Space Local Arts Advisory Council shall be members of the Harlem performing or visual arts, non-profit, or business communities and shall serve at the pleasure of the appointing official. The Department of Cultural Affairs shall provide staff
assistance to the Bonused Space Local Arts Advisory Council and shall establish guidelines and procedures for the performance of its functions.

In making a recommendation concerning a Community Engagement Plan pursuant to paragraph (c)(7) of Section 97-423, the Bonused Space Local Arts Advisory Council shall consider the prior history and/or proposed scope of outreach and educational activities in Community Boards 9, 10 or 11 by the proposed operator; and the organizational capacity and commitment of the proposed operator to implement local partnerships under the Community Engagement Plan. The Department of Cultural Affairs shall not submit a letter to the Chairperson of the City Planning Commission pursuant to paragraph (c)(7) of Section 97-423 without having first received and considered the written recommendation of the Bonused Space Local Arts Advisory Council, provided that the Bonused Space Local Arts Advisory Council shall have provided the Department of Cultural Affairs with such written recommendation no later than 45 days following receipt of a request for review from the Department of Cultural Affairs.

(12/19/17)

97-06
Applicability of District Regulations

(12/19/17)

97-061
Applicability of Special Transit Land Use District Regulations

Wherever the #Special 125th Street District# includes an area which also lies within the #Special Transit Land Use District#, the requirements of the #Special Transit Land Use District#, as set forth in Article IX, Chapter 5, shall apply, subject to the modifications described in paragraphs (a)(5) and (a)(6) of Section 97-432 (Height and setback regulations in the Core Subdistrict and in areas outside of a subdistrict).
97-062
Applicability of the Quality Housing Program

In the #Special 125th Street District#, #buildings# containing #residences# shall be #developed# or #enlarged# in accordance with the Quality Housing Program, and the regulations of Article II, Chapter 8 shall apply. The #bulk# regulations of this Chapter shall be considered the applicable #bulk# regulations for #Quality Housing buildings#.

97-063
Applicability of Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program provisions set forth in Section 23-154 (Inclusionary Housing) and in Section 23-90 (INCLUSIONARY HOUSING), inclusive, #Inclusionary Housing designated areas# and #Mandatory Inclusionary Housing areas# within the #Special 125th Street District# are shown on the maps in APPENDIX F of this Resolution.

97-10
SPECIAL USE AND LOCATION REGULATIONS

97-11
Special Arts and Entertainment Uses

In order to sustain the arts and entertainment character of the 125th Street corridor, the provisions of this Section shall apply.

(a) The following #uses# shall be designated as entertainment #uses#: 
Auditoriums

Bookstores

Clubs, including music, dance or comedy clubs

Eating or drinking establishments, with table service only

Music stores

Studios, art, music, dancing or theatrical

Studios, radio, television or motion picture.

(b) The following uses shall be designated as visual or performing arts uses:

Art galleries

Historical exhibits

Literary arts spaces

Museums

Performance spaces

Primary rehearsal spaces

Theaters

Visual/Media arts spaces.

(6/29/11)

97-12
Arts and Entertainment Use Requirement

Within the Core Subdistrict, as shown on Map 1 in Appendix A of this Chapter, or for that portion of a zoning lot located within the Core Subdistrict, for buildings or portions of buildings developed or enlarged after April 30, 2008, that contain at least 60,000 square feet of floor area and are
located on #zoning lots# with frontage on 125th Street, an amount of space equivalent to a minimum of five percent of the #floor area# of the #development# or #enlargement# shall be occupied by one or more of the #uses# designated in Section 97-11 (Special Arts and Entertainment Uses).

(6/29/11)

97-13
Permitted Small Sidewalk Cafe Locations

#Small sidewalk cafes# shall be permitted in the #Special 125th Street District# as indicated on Map 2 (Permitted Small Sidewalk Cafe Locations) in Appendix A of this Chapter, subject to all applicable regulations of Article I, Chapter 4 (Sidewalk Cafe Regulations).

(11/30/17)

97-14
Transient Hotels Within the Park Avenue Hub Subdistrict

Within the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, the #development# or #enlargement# of a #building# containing a #transient hotel#, as listed in Section 32-14 (Use Group 5), or the #conversion# or change of #use# within an existing #building# to a #transient hotel#, shall only be allowed:

(a) upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the residential development goal, as set forth in this Section, has been met; or

(b) where such residential development goal, has not been met, by special permit by the City Planning Commission. To permit such a #transient hotel#, the Commission shall find that:

(1) sufficient sites are available in the area to meet the #residential development# goal; or
(2) a harmonious mix of residential and non-residential uses has been established in the area, and such transient hotel is consistent with the character of the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

For the purpose of applying the provisions of this Section, the residential development goal shall be met when at least 3,865 dwelling units within the combined areas of the Special East Harlem Corridors District, and the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, have received temporary or final certificates of occupancy subsequent to November 30, 2017.

(11/30/17)

97-20
LOCATION AND ACCESS REGULATIONS

Within the Core Subdistrict, as shown on Map 1 in Appendix A of this Chapter, and areas outside of a subdistrict, the provisions of Section 97-21 (Supplemental Use and Streetscape Regulations Along 125th Street), inclusive, shall apply.

Within the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, the provisions of Section 97-21, inclusive, shall apply to any zoning lot, or portion thereof, specified in Section 97-21, and the provisions of Section 97-22 (Supplemental Use and Streetscape Regulations Within the Park Avenue Hub Subdistrict), inclusive, shall apply to all other zoning lots, or portions thereof.

For the purposes of applying the provisions of this Section, defined terms shall include those set forth in Sections 12-10 (DEFINITIONS) and 37-311 (Definitions).

(11/30/17)

97-21
Supplemental Use and Streetscape Regulations Along 125th Street

Within the #Special 125th Street District#, for any #zoning lot# that fronts upon 125th Street, the #use# regulations of the underlying districts shall be modified by the requirements of this Section, inclusive. However, on #through lots# or #corner lots# with frontage along 125th Street, such requirements shall apply within the first 100 feet of the 125th Street #street line#.

(11/30/17)

97-211
Location of and Access to Arts and Entertainment Uses

Any arts and entertainment #uses# listed in Section 97-11 that are provided in order to comply with the requirements of Section 97-12 (Arts and Entertainment Use Requirement) or Section 97-422 (Floor area bonus for visual or performing arts uses) shall be subject to the following location and access requirements:

The designated #uses# listed in Section 97-11 may be located anywhere throughout a #building# that fronts on 125th Street, subject to the following conditions:

(a) any such designated #uses# within the Core Subdistrict required pursuant to Section 97-12 shall be accessed from 125th Street; and

(b) any #residential use# shall be located on a floor wholly above any #commercial use#; or

(c) any #commercial use# may be permitted on the same #story# as a #residential use#, provided that:

(1) no access exists between #commercial uses# and #residential uses# at any level; and

(2) #commercial uses# are not located directly over any #residential uses#.

Such #commercial use#, however, may be located over a #residential use# by authorization of the City Planning
Commission upon a finding that sufficient separation of #residential uses# from #commercial uses# exists within the #building#.

(11/30/17)

**97-212**

**Uses not permitted on the ground floor of buildings**

The following #uses# are not permitted within #stories# that have a floor level within five feet of #curb level# in #buildings developed# after April 30, 2008, or within #stories# that have a floor level within five feet of #curb level# within portions of #buildings enlarged# after April 30, 2008, where such #building# or portion of a #building# fronts upon 125th Street, or is within 100 feet from 125th Street. Entranceways and lobby space for access to such #uses# shall be permitted at the ground floor level, pursuant to the provisions of Section 97-213 (Access to non-ground floor uses).

From Use Group 2:

All #uses#.

From Use Groups 3A and 3B:

All #uses#, except for libraries, museums or non-commercial art galleries.

From Use Groups 4A and 4B:

All #uses#, except for houses of worship or playgrounds.

From Use Group 5A:

All #uses#.

From Use Groups 6A, 6B, 6C and 6E:

Banks (except for automated teller machines, provided the width of #street# frontage allocated for automated teller machines shall be no more than 25 feet or 40 percent of the frontage of the #zoning lot#, whichever is less, measured to a depth of 30 feet from 125th Street, except
that such frontage need not be less than 20 feet),
electrolysis studios, frozen food lockers, laundry
establishments, loan offices, offices or veterinary
medicine offices.

From Use Group 6D:

All #uses#.

From Use Group 7:

All #uses#, except for bicycle rental or repair shops.

From Use Groups 8A and 8B:

Automobile driving schools, ice vending machines, lumber
stores or pawn shops.

From Use Groups 8C, 8D and 8E:

All #uses#.

From Use Groups 9A, 9B and 9C:

All #uses#, except for gymnasiums, public auction rooms,
photographic developing or printing establishments for
the consumer, or art, music, dancing or theatrical
studios.

From Use Groups 10A, 10B and 10C:

Depositories for storage, and wholesale offices or
showrooms.

Use Group 11:

All #uses#.

Use Groups 12A and 12B:

Trade expositions.

Use Groups 12C and 12D:

All #uses#.

Use Group 14A and 14B:
All uses, except for bicycle sales, rental or repair shops.

Within the Special District, for such developments and enlargements that are no more than one story, a use permitted by the regulations of the underlying district shall be allowed.

(11/30/17)

97-213
Access to non-ground floor uses

The maximum ground floor street frontage on 125th Street allocated to entranceways or lobby space for non-ground floor uses listed in Section 97-22 shall be as set forth for Type 1 lobbies in Section 37-33 (Maximum Width of Certain Uses), except that for developments or enlargements with at least 200 linear feet fronting on 125th Street, the Type 2 lobby regulations shall apply.

Additionally, within the Core Subdistrict the residential portion of a development or enlargement may be accessed from an entrance on 125th Street only if such development or enlargement does not front upon a street other than 125th Street.

(11/30/17)

97-214
Transparency requirements along 125th Street

For all uses, other than houses of worship, libraries and primary rehearsal spaces, located on the ground floor of developments and enlargements that front upon that portion of 125th Street located within the Special 125th Street District, the ground floor street wall shall be glazed in accordance with the provisions set forth in Section 37-34 (Minimum Transparency Requirements).

(11/30/17)
97-22
Supplemental Use and Streetscape Regulations Within the Park Avenue Hub Subdistrict

Within the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, for zoning lots, or portions thereof, that are not subject to the provisions of Section 97-21 (Supplemental Use and Streetscape Regulations Along 125th Street), inclusive, the provisions of this Section, inclusive, shall apply.

(11/30/17)

97-221
Modification of supplemental use location regulations

The supplementary commercial use regulations of Section 32-421 (Limitation on floors occupied by commercial uses) shall be modified to permit commercial uses on any story, provided that at any level containing residences, no access exists between such commercial and residential uses and provided that such commercial uses are not located directly over any residential use.

(11/30/17)

97-222
Ground floor use and streetscape regulations

The provisions of this Section, inclusive, shall apply to developments or ground floor level enlargements. Any portion of a ground floor level allocated to a transit easement required by the MTA pursuant to the provisions of Article IX, Chapter 5 need not comply with the streetscape requirements of this Section.

For the purposes of applying the provisions of Section 37-30 (SPECIAL GROUND FLOOR LEVEL STREETSCAPE PROVISIONS FOR CERTAIN AREAS), any portion of a ground floor level street frontage along Park Avenue that is not subject to the provisions of Section 97-21 (Supplemental Use and Streetscape Regulations Along 125th Street), inclusive, as well as any narrow street#
frontage within 50 feet of Park Avenue, shall be considered #primary street frontages#. A #ground floor level street# frontage along any other #street# shall be considered a #secondary street frontage#.

(a) Along #primary street frontages#

For #buildings#, or portions thereof, with #primary street frontage#, #uses# on the #ground floor level#, to the minimum depth set forth in Section 37-32 (Ground Floor Depth Requirements for Certain Uses), shall be limited to non-#residential uses#, except for Type 2 lobbies and entrances and exits to #accessory# parking spaces provided in accordance with the applicable provisions of Section 37-33 (Maximum Width of Certain Uses). #Group parking facilities# located on the #ground floor level# shall be wrapped by #floor area# in accordance with the provisions of paragraph (a) of Section 37-35 (Parking Wrap and Screening Requirements). #Ground floor level street walls# shall be glazed in accordance with the provisions set forth in Section 37-34 (Minimum Transparency Requirements).

(b) Along #secondary street frontages#

For #buildings#, or portions thereof, with #secondary street frontage#, all #uses# permitted by the underlying district shall be permitted on the #ground floor level#, provided that any #group parking facilities# on the #ground floor level# shall be wrapped or screened in accordance with the provisions of Section 37-35.

The level of the finished floor of such ground floor shall be located not higher than five feet above nor lower than five feet below the as-built level of the adjoining #street#.

(4/30/08)

97-30
SPECIAL SIGN REGULATIONS

#Signs# for all #uses# within the #Special 125th Street District# shall be subject to the applicable #sign# requirements in Section 32-60, inclusive, subject to the modifications of Sections 97-31 through 97-34, inclusive.
# Marquee signs# for an arts #use# may be combined, subject to the requirements of Section 32-641 (Total surface area of signs).

In the event of a conflict between the provisions of this Section, 97-30, inclusive, and other regulations of the Administrative Code, the provisions of this Chapter shall apply.

(12/19/17)

97-31 Definitions

Marquee

A “marquee” is a permanent structure or canopy located above the primary entrance to an arts #use# fronting on 125th Street or Fifth Avenue, that projects over the sidewalk and is attached to, and entirely supported from, the #street wall# of the #building#. The location and dimensions of the #marquee# shall be determined by the requirements of Section 97-32.

All #marquees# shall comply with the construction and maintenance requirements of Title 27, Subchapter 4, Article 9, of the New York City Building Code, or its successor, pertaining to projecting #signs#.

Marquee sign

A “marquee sign” is a #sign#, other than an #advertising sign#, mounted on a #marquee# that identifies the arts #use# and provides informational displays about such #use#.

(12/19/17)

97-32 Location, Height and Width of Marquees and Marquee Signs
For the purposes of this Chapter, #marquees# shall be permitted only above the primary entrance to one of the following #uses# fronting upon 125th Street or Fifth Avenue:

Museums

Performance spaces

Theaters

#Marquees# shall project over the sidewalk no more than 15 feet from the #lot line# and shall be no nearer to the curb than two feet.

(a) Height of #marquees#

The minimum height of a #marquee# or a #marquee sign# shall be three feet; the maximum height for such structure and #sign# shall be five feet. No part of a #marquee# or a #marquee sign# shall be located at a height higher than three feet below any floor containing a #residential use#.

(b) Width of #marquees#

The width of a #marquee# or a #marquee sign# shall be no greater than 50 percent of the width of the #building# frontage to which it is attached or 40 feet, whichever is less.

(4/30/08)

97-33

Vertical Distance Above Sidewalk of Marquees and Marquee Signs

The minimum vertical distance from the sidewalk for a #marquee# shall be 12 feet; the maximum vertical distance above the sidewalk for such #marquee# shall be 20 feet.

Notwithstanding the provisions of paragraph (b) of Section 32-653 (Additional regulations for projecting signs), additional #signs# may be displayed on a #marquee#, provided such #sign# is no more than two feet above the #marquee#. 
No #marquee# or #marquee sign# shall be located at a height higher than three feet below any floor containing a #residential use#.

(12/19/17)

97-34
Accessory Signs for Visual or Performing Arts Uses

Notwithstanding the regulations of paragraph (b) of Section 32-653 (Additional regulations for projecting signs) and the relevant provisions of the Administrative Code, only the following visual or performing arts #uses# fronting on 125th Street or Fifth Avenue within the #Special 125th Street District# shall be permitted to erect a #marquee sign# on or above a #marquee#:

- Museums
- Performance spaces
- Theaters.

#Flashing signs# shall not be permitted as #accessory signs# for arts #uses#.

(12/19/17)

97-40
SPECIAL BULK REGULATIONS

Within the #Special 125th Street District#, for #developments# or enlargements#, the applicable #bulk# regulations of the underlying districts shall apply, except as modified by the provisions this Section, inclusive.

(11/30/17)

97-41
Special Floor Area Regulations
The maximum floor area ratio, open space ratio and lot coverage requirements of the applicable underlying district shall apply within the Special 125th Street District, unless modified by the following regulations.

(12/19/17)

97-411
Maximum floor area ratio within the Core Subdistrict and areas outside of a subdistrict

In C4-4D, C4-7 or C6-3 Districts in the Core Subdistrict, as shown on Map 1 in Appendix A of this Chapter, and in areas outside of a subdistrict, the maximum permitted floor area ratios shall be as listed in the following table for residential, commercial and community facility uses, and may only be increased pursuant to Section 97-42 (Additional Floor Area and Lot Coverage Regulations), inclusive.

(11/30/17)

97-412
Maximum floor area ratio in the Park Avenue Hub Subdistrict

Within the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, the maximum floor area ratio for zoning lots is set forth in paragraph (a) of this Section,
and is modified for certain zoning lots in accordance with paragraph (b) of this Section.

(a) Maximum floor area ratio

The maximum floor area ratio shall be 12.0. Where a development or enlargement contains residential floor area, such zoning lot shall satisfy the provisions of either:

(1) a minimum non-residential floor area ratio of 2.0 shall be provided on such zoning lot. Such floor area shall not include any floor area containing a transient hotel pursuant to the provisions of Section 97-14 (Transient Hotels Within the Park Avenue Hub Subdistrict); or

(2) a minimum floor area ratio of 0.5, or a minimum amount of floor space equivalent to such 0.5 floor area ratio, shall be provided on such zoning lot. Such floor area or equivalent floor space shall be exclusively used for those visual or performing arts uses, designated in paragraph (b) of Section 97-11 (Special Arts and Entertainment Uses), and shall be certified by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the conditions set forth in Section 97-423 (Certification for floor area bonus for visual or performing arts uses) have been met.

(b) Modified maximum floor area ratio for certain zoning lots

For zoning lots existing on or before November 30, 2017, with a lot area of less than 5,000 square feet, or for zoning lots subject to the provisions of paragraph (d)(4) of Section 23-154 (Inclusionary Housing), the maximum floor area ratios set forth in paragraph (a) of this Section shall be modified, as follows:

(1) the minimum non-residential floor area requirements set forth in paragraph (a) of this Section shall be optional for zoning lots existing on or before November 30, 2017, with a lot area of less than 5,000 square feet. For zoning lots utilizing the provisions of this paragraph, the
minimum non-residential floor area or visual or performing arts space requirements set forth in paragraph (a) of this Section shall not apply;

(2) for zoning lots, subject to the provisions of paragraphs (d)(4)(i) or (d)(4)(iii) of Section 23-154, the maximum residential floor area provision of the underlying district as specified in Section 23-153 (For Quality Housing buildings) shall apply; and

(3) for zoning lots utilizing the provisions of paragraph (b)(1) or (b)(2) of this Section, the maximum overall floor area ratio shall be 10.0, except that such maximum floor area ratio may be increased pursuant to the provisions of paragraph (b) of Section 97-422 (Floor area bonus for visual or performing arts uses).

(12/19/17)

97-413
Maximum floor area ratio in Subdistrict A

In Subdistrict A, the maximum residential floor area ratio shall be 9.0 and the maximum floor area ratio for non-residential uses shall be 10.0. Such maximum non-residential floor area may only be increased pursuant to paragraph (c) of Section 97-422 (Floor area bonus for visual or performing arts uses).

(12/19/17)

97-42
Additional Floor Area and Lot Coverage Regulations

Within Inclusionary Housing designated areas, as specified in APPENDIX F of this Resolution, the maximum floor area ratio may be increased pursuant to the floor area provisions of Section 97-421 (Inclusionary Housing) or paragraph (a) of Section 97-422 (Floor area bonus for visual or performing arts uses), which may be used concurrently.
Within #Mandatory Inclusionary Housing areas#, as specified in APPENDIX F of this Resolution, the maximum #floor area ratio# may be increased for certain #zoning lots# specified in paragraph (b) or (c), as applicable, of Section 97-412 (Maximum floor area ratio in the Park Avenue Hub Subdistrict) by the provisions of Section 97-422.

(12/19/17)

**97-421**

**Inclusionary Housing**

In #Inclusionary Housing designated areas# within C4-4D, C4-7 and C6-3 Districts in the Core Subdistrict or areas outside of a subdistrict, the #residential floor area ratio# may be increased by an Inclusionary Housing bonus, pursuant to the provisions of paragraph (b) of Section 23-154 (Inclusionary Housing), except that the maximum #residential floor area ratio# for C4-7 and C6-3 Districts in the Core Subdistrict shall be 7.2.

(12/19/17)

**97-422**

**Floor area bonus for visual or performing arts uses**

(a) In C4-4D, C4-7 or C6-3 Districts within the Core Subdistrict or areas outside of a subdistrict, for a #development# or #enlargement# with frontage on 125th Street, the maximum #floor area ratio# otherwise permitted for #residential# or #commercial uses# listed in Section 97-411 may be increased up to the maximum #floor area ratio# specified in the table in this Section, provided that for every four square feet of bonused #floor area#, an amount of space equivalent to one square foot of such bonused #floor area# shall be used for those visual or performing arts #uses# designated in paragraph (b) of Section 97-11 (Special Arts and Entertainment Uses). Such bonused #floor area# shall be permitted only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the conditions set forth in Section 97-423 have been met.

(b) In C6-4 Districts within the Park Avenue Hub Subdistrict, for a development or enlargement, the maximum floor area ratio permitted in paragraph (b) of Section 97-412 (Maximum floor area ratio in the Park Avenue Hub Subdistrict) may be increased up to a maximum floor area ratio of 12.0, provided that for every four square feet of bonused floor area, an amount of space equivalent to one square foot of floor area shall be used for those visual or performing arts uses designated in paragraph (b) of Section 97-11 (Special Arts and Entertainment Uses). Such bonused floor area shall be permitted only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the conditions set forth in Section 97-423 have been met.

(c) In C4-7 Districts within Subdistrict A, for a development or enlargement, the maximum floor area ratio permitted in Section 97-413 (Maximum floor area ratio in Subdistrict A) may be increased up to a maximum floor area ratio of 12.0, provided that for every four square feet of bonused floor area, an amount of space equivalent to one square foot of floor area shall be used for those visual or performing arts uses designated in paragraph (b) of Section 97-11 (Special Arts and Entertainment Uses). Such bonused floor area shall be permitted only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the conditions set forth in Section 97-423 have been met.
Certification for floor area bonus for visual or performing arts uses

The minimum non-residential floor area or equivalent floor space provisions of paragraph (a)(2) of Section 97-412 (Maximum floor area ratio in the Park Avenue Hub Subdistrict) or the floor area bonus provisions of Section 97-422 shall apply only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the following conditions have been met:

(a) Drawings have been provided that clearly designate all floor area permitted pursuant to the provisions of paragraph (a)(2) of Section 97-412, or all floor area that will result from the permitted increase in floor area ratio pursuant to Section 97-422, including the location of such floor area.

(b) Drawings also have been provided that clearly designate all floor area or below grade floor space for any new visual or performing arts uses provided for the purposes of satisfying the provisions of paragraph (a)(2) of Section 97-412, or for which a bonus is to be received pursuant to Section 97-422.

Such drawings shall be of sufficient detail to show that such designated space shall be designed, arranged and used for the new visual arts or performing arts uses, and shall also show that:

(1) all such visual or performing arts uses are located at or above the ground floor level of the building, except that performance space meeting the requirements of paragraph (b)(4) of this Section may be located below grade, and accessory uses may be located below grade, subject to the requirements of paragraph (b)(5) of this Section;

(2) all bonused floor area or below-grade space occupied by visual or performing arts uses is primarily accessed from 125th Street, except where such visual or performing arts floor area or floor space is provided pursuant to paragraphs (a)(2) of
Section 97-412 or (b)(2) of Section 97-422. However, all bonused floor area or below-grade floor space occupied by visual or performing arts uses within a development may be primarily accessed from Fifth Avenue, provided the following conditions are met:

(i) the zoning lot must have at least 150 feet of Fifth Avenue frontage where such primary entrance is provided; and

(ii) signage that identifies the visual or performing arts uses shall be provided at both the primary entrance on Fifth Avenue and on 125th Street;

(3) in the case of primary rehearsal space, where such space does not consist of accessory uses subject to the requirements of paragraph (b)(4), such space:

(i) can be adapted for rehearsals or performances open to the public;

(ii) is located on the first story of the building or on any higher story with a ceiling height not greater than 60 feet above grade;

(iii) has a street wall with at least 50 feet of frontage along 125th Street, except for visual or performing arts uses with primary entrances provided pursuant to paragraph (b)(2)(i) of this Section. In addition, where such primary rehearsal space is provided pursuant to paragraphs (a)(2) of Section 97-412 or (b)(2) of Section 97-422 such street wall with 50 feet of frontage need not be along 125th Street,

(iv) has a minimum area of 2,000 square feet, with a floor-to-ceiling height of not less than 9 feet, 6 inches; and

(v) complies with the following glazing requirements, except for visual or performing arts uses with primary entrances provided pursuant to paragraph (b)(2)(i) of this Section: at least 70 percent of the total
surface area of the street wall abutting the primary rehearsal space, measured from finished floor to ceiling shall be glazed. Furthermore, at least 90 percent of such area shall be transparent from within one foot of the finished floor level to at least eight feet above such level. For primary rehearsal spaces located at the corner of 125th Street and an intersecting street, the glazing requirements of this Section shall be applied separately for each street wall, and up to 100 feet along such intersecting street;

(4) for performance space which is exclusively designed and arranged for the presentation of live drama, music, dance and interactive or multidisciplinary performances open to the public, such space may be below grade provided it has a minimum area of 2,000 square feet of column-free space with a floor-to-ceiling height of not less than 16 feet;

(5) Accessory space

(i) For primary rehearsal spaces, no more than 25 percent of such minimum required floor area or equivalent below grade floor space, or such bonused floor area or below grade floor space shall be occupied by uses accessory to such primary rehearsal spaces. Accessory uses shall include but are not limited to educational and classroom space, administrative offices, circulation space, restrooms and equipment space;

(ii) For visual or performing arts uses other than a primary rehearsal space, no more than 40 percent of such minimum required floor area or equivalent below grade floor space, or such bonused floor area or below grade floor space shall be occupied by uses accessory to such visual or performing arts uses, provided no single accessory use occupies more than 25 percent of such total minimum required floor area or equivalent below-grade floor space, or bonused floor area or below grade floor space. Accessory uses shall include but are not limited to educational and classroom space,
non-primary rehearsal space, administrative offices, lobbies, circulation space, ticket offices, restrooms, dressing rooms, other backstage areas and equipment space; and

(6) Signage

(i) Signage that identifies the visual or performing arts facility shall be provided at the 125th Street entrance of the visual or performing arts facility, subject to the requirements of Section 97-30, inclusive, except where such visual or performing arts facility is provided pursuant to paragraphs (a)(2) of Section 97-412 or (b)(2) of Section 97-422; and

(ii) For below grade performance space subject to the requirements of paragraph (b)(4) of this Section, such sign, not including any frame or surrounding element, shall be utilized for the additional purpose of informing the public regarding the program of scheduled performances in such facility, and shall be no less than two feet in width and four feet in height, and shall be installed a minimum of 2 feet, 6 inches above grade;

(c) A letter from the Department of Cultural Affairs has been submitted to the Chairperson of the City Planning Commission, certifying that:

(1) a signed lease has been provided from the prospective operator of the visual or performing arts space, or a written commitment from the owner of such space in a form acceptable to the City, if such owner is also the operator, for occupancy of such space, and its operation as a visual or performing arts space for a period of not less than 15 years, with two five-year renewal options, pursuant to an operating plan and program therefor;

(2) the proposed operator of the visual or performing arts space is a non-profit organization;
(3) the proposed operator of the visual or performing arts space has the fiscal and managerial capacity to successfully operate such space;

(4) the proposed operator of the visual or performing arts space will have a program of regularly scheduled presentations or performances that are open to the public, provided that, in the case of a visual or performing arts space that is a primary rehearsal space, a program of regularly scheduled rehearsals or performances open to the public shall be required only where the proposed operator is the principal user of the primary rehearsal space. In the event that the proposed operator is not the principal user of the primary rehearsal space and such space is made available to multiple organizations or individuals on an hourly, weekly, monthly or similar basis, the proposed operator shall allow open rehearsals or performances open to the public to be sponsored by such organizations or individuals, upon request;

(5) preliminary design plans have been provided to the Department of Cultural Affairs for the visual or performing arts space, which shall include sufficient detail regarding core, shell, structural, mechanical, electrical, plumbing and HVAC systems necessary to ensure that such visual or performing arts space will operate efficiently for its intended use;

(6) a written commitment has been provided ensuring that there are financial resources available for the timely completion of the identified scope of work; and

(7) the proposed operator of the visual or performing arts space has a Community Engagement Plan that will effectively encourage public access and use of the visual or performing arts space, provide educational opportunities to the local community, and address new, undeveloped and/or underserved audience or participant groups. The Department of Cultural Affairs shall make its determination concerning the sufficiency of the Community Engagement Plan based upon consideration of the written recommendation of
the Bonused Space Local Arts Advisory Council with respect thereto.

(d) A legal commitment by the owner has been provided:

(1) for the operator of the visual or performing arts space to submit an annual program report, describing the use of the space during the previous year, to the Chairperson of the City Planning Commission, the Commissioner of the Department of Cultural Affairs, the Manhattan Borough President, the applicable Community Board and the local Council Member; and

(2) for inspection and ongoing maintenance of the visual or performing arts space to ensure its continued availability for use as a visual or performing arts space. Such inspection shall be conducted every five years by a licensed engineer or architect, and a report identifying the operator utilizing the space, describing the condition of the space and identifying any maintenance or repair work necessary to ensure the physical and operational soundness of such space, and establishing a plan and program for such work, including providing that adequate resources be made available to ensure timely completion of such maintenance or repair work, shall be submitted to the Chairperson of the City Planning Commission and the Commissioner of the Department of Cultural Affairs;

(e) A legal commitment by the owner has been provided for continued occupancy of all floor area or equivalent floor space provided for the purposes of satisfying minimum equivalent non-residential floor space provisions of paragraph (a)(2) of Section 97-412, or for which a bonus has been received pursuant to Section 97-422, as a visual or performing arts space only in accordance with the drawings and design plans provided pursuant to paragraphs (b) and (c)(5) of this Section, and providing further that in the event of a change of operator, the owner or operator shall obtain a new certification pursuant to this Section. An adult establishment use shall be prohibited for the life of the development or enlargement.

(1) notwithstanding the provisions of this paragraph (e), an owner shall not be in violation of such
legal commitment during a grace period consisting of:

(i) six (6) months from the date the visual or performing arts space is vacated by the operator, provided owner timely notifies the Departments of City Planning and Cultural Affairs of such vacancy in accordance with the requirements of the legal commitment;

(ii) the period of review by the Chairperson of the City Planning Commission and the Commissioner of the Department of Cultural Affairs with respect to a new operator and any associated change of design or use requirements pursuant to this Section, provided that application for certification pursuant to this Section is made no later than the expiration of the six month period set forth in paragraph (e)(1)(i) of this Section;

(iii) any period set forth in such certification as necessary to allow for the modification of design to accommodate a new operator; and

(iv) any event of force majeure;

(2) in the event that the Chairperson of the City Planning Commission determines that the requirements for certification pursuant to this Section with respect to a change of operator and associated change of design or use requirements are not satisfied, the grace period set forth in paragraph (e)(1) of this Section shall thereupon apply from the date of such determination;

(f) A legal commitment by the owner has been provided that all visual arts exhibitions or presentations of live drama, music, dance, interactive or multidisciplinary performances shall be open to the public in accordance with the terms of the letter issued by the Commissioner of Cultural Affairs, pursuant to paragraph (c) of this Section;

(g) A legal commitment by the owner has been provided that, in the event of an adjudicated violation of the provisions of paragraph (e) of this Section, requiring
the continued occupancy of all floor area or equivalent floor space provided for the purposes of satisfying minimum equivalent non-residential floor space provisions of paragraph (a)(2) of Section 97-412, or for which a bonus has been received, pursuant to Section 97-422, as a visual and performing arts space only, the owner shall not permit the occupancy of any floor area in the development or enlargement which is vacant as of the date of such adjudication or thereafter, or up to the amount of the increased floor area permitted under Section 97-422, as applicable, until such time as the Chairperson of the City Planning Commission has determined that the visual or performing arts space is occupied in accordance with the provisions of this Section.

Such legal commitments shall be in the form of a declaration of restrictions, filed and duly recorded in the Borough Office of the Register of the City of New York, binding upon the owner of the visual or performing arts space and their successors and assigns, a certified copy of which shall be submitted to the Chairperson. The filing of such declaration and the posting of any bond or other security required by the Chairperson under the terms of such declaration, and receipt of a certified copy of such declaration shall be preconditions to issuance of any building permit, including any foundation or alteration permit, for any development or enlargement.

The owner shall not apply for or accept a temporary certificate of occupancy for such portion of the development or enlargement identified under the terms of the declaration of restrictions as utilizing the floor area permitted pursuant to the provisions of paragraph (a)(2) of Section 97-412 or the increased floor area permitted pursuant to Section 97-422, and the Department of Buildings shall not issue a temporary certificate of occupancy for such portion of the development or enlargement, until the Commissioner of the Department of Cultural Affairs has certified that the visual or performing arts space is substantially complete. The owner shall not apply for or accept a permanent certificate of occupancy for such portion of the development or enlargement, nor shall the Department of Buildings issue a permanent certificate of occupancy for such portion of the development or
until the visual or performing arts space has been finally completed in accordance with the approved plans and such final completion has been certified by the Commissioner of the Department of Cultural Affairs. The declaration of restrictions shall be noted on any temporary or final certificate of occupancy for the #building#. The temporary or final certificate of occupancy for any portion of the #development# or #enlargement# identified under the terms of the declaration of restrictions as utilizing the #floor area# permitted pursuant to the provisions of paragraph (a)(2) of Section 97-412 or the increased #floor area# permitted pursuant to Section 97-422 shall include the provisions of paragraph (e) of this Section, requiring the continued occupancy of all #floor area# for which a bonus has been received as a visual or performing arts space only, as a condition of occupancy of such portion of the #development# or #enlargement#.

In granting the original certification, the Chairperson of the City Planning Commission may specify such changes in design or #use# that would not warrant further certification pursuant to this Section.

(12/19/17)

97-424
Special Lot Coverage Regulations

The maximum #lot coverage# for #residential use# in C6-3 Districts within the #Special 125th Street District# shall be 70 percent for #interior# or #through lots# and 100 percent for #corner lots#.

(12/19/17)

97-43
Special Height and Setback Regulations

Within the #Special 125th Street District#, the underlying height and setback regulations shall be modified in accordance with the provisions of this Section, inclusive.
97-431
Permitted obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

97-432
Height and setback regulations in the Core Subdistrict and in areas outside of a subdistrict

(a) Street wall location

In all Commercial Districts within the Core Subdistrict and areas outside of a subdistrict, the street wall shall be located on the street line of 125th Street and extend along the entire street frontage of the zoning lot up to at least the applicable minimum base height of the underlying district, or the height of the building, whichever is less.

The street wall location provisions of such Commercial Districts shall be modified, as follows:

(1) On Park Avenue, within 10 feet of its intersection with any street, the street wall may be located anywhere within 10 feet of the Park Avenue street line. However, to allow articulation of the street walls pursuant to the provisions of paragraph (b) of this Section, the street walls may be located anywhere within an area bounded by a street line, the street wall on Park Avenue and a line connecting these two lines 15 feet from their intersection.

(2) To allow articulation of street walls at the intersection of any two streets within the Special District, the street wall may be located anywhere
within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection.

(3) Recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#. Above the height of the second #story# and up to the applicable maximum base height, recesses are permitted for #outer courts# or balconies, provided that the aggregate width of such recesses does not exceed 30 percent of the width of the #street wall# at any level, and the depth of such recesses does not exceed five feet. No recesses shall be permitted within 20 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, except in compliance with corner articulation rules.

(4) The #street wall# location and minimum #street wall# height provisions of this Section shall not apply to any existing #buildings# that are to remain on the #zoning lot#.

(5) For any #development# or #enlargement# that is partially within the #Special Transit Land Use District# and located directly over the planned Second Avenue subway line tunnel, the #residential# portion of such #development# or #enlargement# may be constructed pursuant to the R8A #street wall# requirements and the #commercial# portion of such #development# or #enlargement# may be constructed pursuant to the C4-4D #street wall# requirements in lieu of the requirements of this Section.

(6) The requirements of this Section shall apply within the #Special Transit Land Use District# except that, for the area of the #Special Transit Land Use District# that is also within the #Special 125th Street District#, a #street wall# of a #development# or #enlargement# located on the #street line# of a #zoning lot# need not exceed 15 feet if that portion of the #development# or #enlargement# is located directly over the planned Second Avenue subway line tunnel.
(b) Maximum height of building and setback

The following modifications of the underlying district regulations shall apply for C4-7 and C6-3 Districts within the Core Subdistrict and areas outside of a subdistrict:

(1) The minimum and maximum base height of the street wall and the maximum height of a building or other structure shall be as set forth in the following table:

<table>
<thead>
<tr>
<th>District</th>
<th>Minimum Base Height</th>
<th>Maximum Base Height</th>
<th>Maximum Height of Building or Other Structure (in feet)</th>
</tr>
</thead>
<tbody>
<tr>
<td>C4-7</td>
<td>60</td>
<td>85</td>
<td>195</td>
</tr>
<tr>
<td>C6-3</td>
<td>60</td>
<td>85</td>
<td>160</td>
</tr>
</tbody>
</table>

All portions of buildings or other structures that exceed a height of 85 feet in C4-7 and C6-3 Districts shall be set back at least 15 feet from the street line, except that such setback depth may include the depth of any permitted recess in the street wall, according to the provisions of paragraph (a) of Section 97-432 (Height and setback regulations in the Core Subdistrict and in areas outside of a subdistrict).

(2) Special regulations for certain C4-7 Districts

(i) For the area located within 50 feet of the 126th Street frontage and between 200 feet east of Adam Clayton Powell Boulevard and 150 feet west of Lenox Avenue/Malcolm X Boulevard, the height of any portion of a building or other structure shall be limited to 80 feet.
(ii) For #zoning lots# bounded by 125th Street, Park Avenue and 124th Street, the maximum height of a #building or other structure# shall be 330 feet.

(iii) For Lots 1 and 7501 on Block 1910, the requirements of City Environmental Quality Review (CEQR) Environmental Designation Number (E-102) have been modified, as set forth in the Technical Memorandum to the Final Environmental Impact Statement for CEQR Number 07DCP030M, dated July 18, 2008.

(3) In C6-3 Districts, the maximum length of any #story# located above a height of 85 feet shall not exceed 150 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above a height of 85 feet. No side of such rectangle shall exceed a width of 150 feet.

(11/30/17)

97-433
Height and setback regulations in the Park Avenue Hub Subdistrict

In C6-4 Districts within the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, the following provisions shall apply.

(a) #Street wall# location

The applicable provisions of Section 35-651 shall be modified as follows:

(1) Along 125th Street

The minimum base height shall be 60 feet, or the height of the #building#, whichever is less, except that for #buildings# or portions thereof within 50 feet of Park Avenue, the minimum base height shall be 40 feet, or the height of the #building#, whichever is less. The street wall location
provisions of this paragraph shall be modified to allow a sidewalk widening pursuant to the provisions of paragraph (a)(2) of this Section; and

(2) Along Park Avenue and narrow streets

The provisions of paragraph (a) of Section 35-651 shall apply, except that the minimum base height shall be 40 feet, or the height of the building, whichever is less.

In addition, for zoning lots with frontage along Park Avenue between 124th Street and 125th Street, any development or horizontal enlargement shall provide a sidewalk widening along the street line of Park Avenue. Such sidewalk widening shall have a depth of 10 feet, be improved to Department of Transportation standards for sidewalks, and be at the same level as the adjoining public sidewalk.

(b) Basic maximum building height and setback regulations

The maximum height of buildings or other structures shall be as set forth in Sections 35-652 (Maximum height of buildings and setback regulations) or 35-654 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), as applicable, except that the minimum base height shall be as set forth in paragraph (a) of this Section, and the maximum base height for buildings or other structures along the street line of 125th Street and within 50 feet of such street line shall be 85 feet.

For the purposes of applying the provisions for qualifying ground floors, the provisions of Section 97-20 (LOCATION AND ACCESS REGULATIONS), inclusive, shall apply in lieu of the applicable provisions of paragraph (b)(2) of Section 35-652.

(c) Optional height and setback regulations

As an alternative to the provisions of paragraph (b) of this Section, the provisions of this paragraph (c) may be applied to zoning lots meeting the criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing
buildings or affordable independent residences for seniors), or zoning lots where 50 percent or more of the floor area is allocated to non-residential uses.

(1) Setbacks

At a height not lower than the minimum base height specified in paragraph (a) of this Section, nor higher than a maximum base height of 85 feet, a setback shall be provided in accordance with paragraph (c) of Section 23-662 (Maximum height of buildings and setback regulations). Above such required setback, any portion of a building or buildings on the zoning lot shall be considered a “tower.”

(2) Lot coverage requirements for towers

Each story of a tower containing residential floor area shall not exceed a maximum lot coverage of 40 percent, except that, for zoning lots less than 20,000 square feet, such lot coverage may be increased in accordance with the table in Section 23-65 (Tower Regulations). Each story of a tower allocated exclusively to non-residential floor area shall not exceed a maximum lot coverage of 50 percent. However, where dormers are provided within the required setback, such portions of buildings shall not count toward the maximum allowable lot coverage set forth in this paragraph.

(3) Maximum building height

No height limit shall apply to towers.

(12/19/17)

97-434
Height and setback regulations in Subdistrict A

Within Subdistrict A, as shown on Map 1 in Appendix A of this Chapter, the underlying height and setback regulations for Quality Housing buildings shall apply, except that in C4-7 Districts, the minimum and maximum base heights and the
overall maximum #building# height provisions of Section 35-65, inclusive, shall be modified in accordance with the following table: Maximum height of #buildings.

<table>
<thead>
<tr>
<th>District</th>
<th>#Street Wall# Height (in feet)</th>
<th>Minimum Base Height</th>
<th>Maximum Base Height</th>
<th>Maximum Height of #Building or Other Structure# (in feet)</th>
</tr>
</thead>
<tbody>
<tr>
<td>C4-7</td>
<td>60</td>
<td>85</td>
<td>245</td>
<td></td>
</tr>
</tbody>
</table>

Above the maximum base height, a setback shall be provided in accordance with the provisions of paragraph (c) of Section 23-662.

(12/19/17)

97-44
Special Provisions for Zoning Lots Divided by District Boundaries

The regulations of Article VII, Chapter 7 (Special Provisions for Zoning Lots Divided by District Boundaries) shall apply within the #Special 125th Street District#, except that for any #zoning lot# that is completely within the Core Subdistrict, #floor area# may be located anywhere on such #zoning lot# without regard to the requirements of Section 77-22 (Floor Area Ratio), subject to the applicable height and setback regulations.

(4/30/08)

97-50
SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

The underlying provisions of Article II, Chapter 5, Article III, Chapter 6 and Article IV, Chapter 4 (Accessory Off-street
Parking and Off-street Loading Regulations) shall apply within the Special 125th Street District#, subject to modification by the regulations of this Section, inclusive.

Enclosed parking spaces, or parking spaces covered by a building#, including such spaces accessory# to residences# shall be permitted to occupy the ground floor provided they are located beyond 30 feet of the street wall# of the building#.

The applicable district regulations for the location of accessory# off-street parking spaces along 125th Street within the Special District may be modified, so that such facilities may be provided off-site, within a Commercial District#, but at a distance no greater than 1,200 feet from the zoning lot#.

(11/30/17)

97-51
Accessory Off-street Parking Within the Core Subdistrict and Areas Outside of a Subdistrict

(11/30/17)

97-511
Required accessory off-street residential parking

#Accessory# off-street parking spaces, open or enclosed, shall be provided for all developments# or enlargements# within the Special 125th Street District# that contain residences#, according to the provisions of the underlying district, as modified by the provisions of Section 97-50 (SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS), inclusive.

(11/30/17)

97-512
Required accessory off-street commercial parking
In #Commercial Districts# within the Core Subdistrict, as shown on Map 1 in Appendix A of this Chapter, and areas outside of a subdistrict, #accessory# off-street parking spaces shall be provided if required by Section 36-21, as modified by the provisions of Section 97-50 (SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS), inclusive, except that no #accessory# parking spaces shall be required for #commercial uses# in C4-4D Districts.

(11/30/17)

97-52
Required Accessory Off-street Parking Within the Park Avenue Hub Subdistrict

In the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, no #accessory# off-street parking shall be required for #residences#. Off-street parking shall be permitted in accordance with the regulations of the underlying district.

(4/30/08)

97-53
Location of Access to the Street

Curb cuts for entrances and exits to #accessory# off-street parking facilities or for loading berths shall not be located on 125th Street or any other #wide street# that intersects with 125th Street, other than under the specific conditions of Sections 97-55 (Certification for Access to Required Uses) and 97-56 (Authorization for Access to Permitted Parking Facilities or Loading Berths).

Such certification or authorization shall not be required if parking and loading requirements can be met through the provisions of 97-54 (Parking Access Through Zoning Lots in Residence Districts).

(2/2/11)
97-54
Parking Access Through Zoning Lots in Residence Districts

For a zoning lot within a Residence District, which zoning lot fronts upon either 124th or 126th Street and the rear lot line abuts a zoning lot that fronts only on 125th Street, and such zoning lot has been vacant since April 30, 2008, access for parking and loading purposes may be provided through such zoning lot.

(12/19/17)

97-55
Certification for Access to Required Uses

If access to a required accessory residential parking facility or loading berth is not possible because of the requirements of Section 97-53 (Location of Access to the Street), or, for developments in Subarea A, of Section 36-683 (Restrictions on location of berths near Residence Districts), a curb cut may be allowed if the City Planning Commission certifies to the Commissioner of Buildings that such location is:

(a) the only possible location for the facility or loading berth;

(b) not hazardous to traffic safety;

(c) located not less than 50 feet from the intersection of any two street lines; and

(d) constructed and maintained so as to have a minimal effect on the streetscape.

Such curb cut, if granted, shall be no greater than 20 feet in width.

The Commissioner may refer such matter to the Department of Transportation, or its successor, for a report and may base the determination on such report.

(4/30/08)
Authorization for Access to Permitted Parking Facilities or Loading Berths

The City Planning Commission may authorize curb cuts for the following parking facility or loading berths:

(a) If access to a permitted accessory residential or public parking facility is not possible due to the requirements of Section 97-53, the Commission may authorize curb cuts for such uses, provided such curb cuts:

(1) will not create or contribute to serious traffic congestion or unduly inhibit vehicular and pedestrian movement; and

(2) will not interfere with the efficient functioning of public transit facilities.

(b) If access to a permitted loading berth is not possible due to the requirements of Section 97-53, the Commission may authorize curb cuts for such use, provided:

(1) such loading berths are adjacent to a fully enclosed maneuvering area on the zoning lot;

(2) such maneuvering area is at least equal in size to the area of the loading berth; and

(3) there is adequate space to permit head-in and head-out truck movements to and from the zoning lot.

Such curb cut, if granted, shall be no greater than 20 feet in width.

The Commission may refer such matter to the Department of Transportation, or its successor, for a report and may base the determination on such report.

Applications for authorizations shall be referred to the affected Community Board for a period of at least 30 days for comment. The Commission shall grant in whole or in part or deny the application within 60 days of the completion of the Community Board review period.
97-57
Public Parking Facilities

Notwithstanding the special permit regulations of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas), #public parking garages# with 150 spaces or less shall be permitted as-of-right in C4-7 and C6 Districts, subject to the requirements of Section 36-50, inclusive, pertaining to surfacing and screening, and Section 97-53 (Location of Access to the Street). #Public parking garages# with more than 150 spaces shall be subject to the requirements of Sections 74-512 and 74-52.

#Public parking lots# are not permitted on zoning lots with 125th Street frontage within the Special District.

Effective date of most recently amended section of Article IX Chapter 8: 8/24/17

Zoning Disclaimer - the Web version of the Zoning Resolution of the City of New York is provided for reference and the convenience of having the Resolution in an online format. Recent amendments to the Zoning Resolution also appear on the Web prior to being incorporated into the print version of the Resolution.
GENERAL PURPOSES

The "Special West Chelsea District" established in this Resolution, is designed to promote and protect public health, safety, general welfare and amenity. These general goals include among others, the following specific purposes:

(a) to encourage and guide the development of West Chelsea as a dynamic mixed use neighborhood;

(b) to encourage the development of residential uses along appropriate avenues and streets;

(c) to encourage and support the growth of arts-related uses in West Chelsea;

(d) to facilitate the restoration and reuse of the High Line elevated rail line as an accessible, public open space through special height and setback regulations, High Line improvement bonuses and the transfer of development rights from the High Line Transfer Corridor;

(e) to ensure that the form and use of new buildings relates to and enhances neighborhood character and the High Line open space;

(f) to create and provide a transition to the lower-scale Chelsea Historic District to the east;

(g) to create and provide a transition to the Hudson Yards area to the north; and

(h) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby protect the City's tax revenues, consistent with the foregoing purposes.
Definitions specifically applicable to this Chapter are set forth in this Section. The definitions of other defined terms are as set forth in Section 12-10 (DEFINITIONS).

High Line

The “High Line” shall, for the purposes of this Chapter, refer to the elevated rail line structure and associated elevated easement located between Gansevoort Street and West 30th Street.

High Line bed

The “High Line bed” is the highest level of the horizontal surface (platform) of the #High Line# elevated rail line structure as of June 23, 2005, as shown in Diagram 7 in Appendix C of this Chapter. For the purposes of this Chapter, the level of the #High Line bed# is the average level of the #High Line bed# on a #zoning lot# over which the #High Line# passes.

High Line frontage

“High Line frontage” is that portion of a #building# that faces and is located within 15 feet of the west side and 25 feet of the east side of the #High Line#.

High Line Transfer Corridor

The “High Line Transfer Corridor” is an area within which the #High Line# is located, as specified in Appendix B of this Chapter, where development rights may be transferred to receiving sites in certain subareas in the #Special West Chelsea District#, pursuant to the provisions of Section 98-30 (HIGH LINE TRANSFER CORRIDOR), inclusive.

General Provisions
The provisions of this Chapter shall apply to any zoning lot, or portion thereof, within the Special West Chelsea District, except that the provisions of Sections 98-11 (Special Regulations for Developments and Enlargements Above, Beneath or Adjacent to the High Line) and 98-16 (Air Space Over a Railroad or Transit Right-of-way or Yard) shall also apply to any zoning lot south of the Special West Chelsea District over which the High Line passes. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in flood zones, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

The provisions regarding the transfer of floor area set forth in Section 98-30 (HIGH LINE TRANSFER CORRIDOR), inclusive, and the High Line Improvement Bonus in Subareas D, E, F, G and I set forth in Section 98-25 shall be effective upon the issuance of a final and binding Certificate of Interim Trail Use (CITU) by the Federal Surface Transportation Board and the execution of a trail use agreement between the City and CSX Transportation, Inc., or its successor, with respect to the High Line, or upon a determination by the Office of the Corporation Counsel that the restoration and reuse of the High Line as an accessible, public open space has been obtained pursuant to an alternative mechanism that protects the interests of the city.

Upon transfer of the High Line to the City, pursuant to ULURP application C 050163 PCM, and in accordance with such CITU and trail use agreement, the following shall apply:

(a) the provisions regarding the issuance of building permits set forth in Section 98-11 shall be effective;

(b) any area within the tax lot located at Section 3, Block 8224, Lot 111, as of June 23, 2005, which is separated from other portions of such tax lot by bounding streets, shall be considered a separate zoning lot; and

(c) underlying use and bulk regulations shall not apply to uses and buildings and other structures constructed on
the #High Line# specifically in connection with its use as a public open space.

(11/13/12)

98-03
District Plan and Maps

The regulations of this Chapter are designed to implement the #Special West Chelsea District# Plan.

The District Plan includes the following maps and illustrative diagrams in Appendices A, B and C and the special regulations in Appendices D, E and F:

Appendix A - Special West Chelsea District and Subareas

Appendix B - High Line Transfer Corridor Location

Appendix C - Illustrative Diagrams of the High Line and Building Envelopes for Sites Adjacent to the High Line

Diagram 1 - Street Wall and High Line Frontage Regulations in Subareas C, F and G

Diagram 2 - Street Wall and High Line Frontage Regulations in Subarea A

Diagram 3 - Subarea H Requirements

Diagram 4 - High Line Improvement Area Boundaries for Zoning Lots Divided by District Boundaries in Subareas D, E and G

Diagram 5 - Subarea I Requirements between West 16th and West 17th Streets

Diagram 6 - High Line Access Easement Volume Parameters

Diagram 7 - High Line Bed and Frontages

Appendix D - Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus in Subarea H
Appendix E - Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus and Located Partially Within Subareas D, E, G or I

Appendix F - Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus and Located Within Subarea J.

The maps and diagrams are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of illustrating requirements or specifying locations where the special regulations and requirements set forth in this Chapter shall apply.

(11/13/12)

98-04
Subareas and High Line Transfer Corridor

In order to carry out the provisions of this Chapter, Subareas A through J and a #High Line Transfer Corridor# are established within the #Special West Chelsea District#.

Within each of the Subareas and the #High Line Transfer Corridor#, certain special regulations apply that do not apply within the remainder of the #Special West Chelsea District#. The locations of the Subareas are shown in Appendix A of this Chapter. The location of the #High Line Transfer Corridor# is shown in Appendix B of this Chapter.

The Subareas and the #High Line Transfer Corridor# are subject to all other regulations of the #Special West Chelsea District# and the underlying district regulations, except as otherwise specified in this Chapter.

(6/23/05)

98-05
Applicability of District Regulations

(3/28/12)
98-051
Applicability of Article I, Chapter 1

Within the #Special West Chelsea District#, Section 11-332 (Extension of period to complete construction) shall apply, except that notwithstanding the provisions of paragraph (a) of such Section, in the event that other construction for which a building permit has been lawfully issued and for which construction has been commenced but not completed on June 23, 2005, such other construction may be continued provided that the construction is completed and a temporary or permanent certificate of occupancy is obtained not later than June 23, 2006.

(6/23/05)

98-10
SPECIAL USE AND PARKING REGULATIONS WITHIN THE SPECIAL WEST CHELSEA DISTRICT

(3/22/06)

98-11
Special Regulations for Developments and Enlargements Above, Beneath or Adjacent to the High Line

The Commissioner of Buildings shall not issue any building permit for demolition, excavation or foundation work to be performed above or beneath the #High Line# or within 25 feet of support structures of the #High Line#, except by determination by such Commissioner that such work would not adversely affect the structural integrity of the #High Line# and by determination by the Commissioner of Parks that such work would not adversely affect the City's ability to inspect and maintain as necessary to ensure the structural integrity of the #High Line#.

(6/23/05)

98-12
Modification of Use Regulations in C6 Districts
98-121
In Subarea H

In Subarea H, the provisions of Section 32-25 (Use Group 16), paragraph D (Heavy Service, Wholesale or Storage Establishments) are modified to permit, in C6 Districts, warehouse uses only in cellars located wholly below curb level.

98-122
Location within buildings

In any C6 District in the Special West Chelsea District, the provisions of Section 32-422 (Location of floors occupied by commercial uses) are modified to permit commercial uses on the same story as a residential use or on a story higher than that occupied by residential uses, provided that the commercial uses:

(a) are located in a portion of the building that has separate direct access to the street with no access to the residential portion of the building at any story; and

(b) are not located directly over any portion of a building containing dwelling units, except this limitation shall not preclude the location of:

(1) residential lobby space below or on the same story as commercial uses; or

(2) a commercial use that fronts on the High Line and is located within five feet of the level of the High Line bed.

98-123
Adult establishments
The provisions of Section 52-77 (Termination of Adult Establishments) shall not apply to any adult establishment that located within the Special West Chelsea District after October 25, 1995 and prior to May 25, 2005, and which, as of May 25, 2005 and June 22, 2005, was an existing use and conformed to all provisions of Section 42-01 (Special Provisions for Adult Establishments) applicable to M1-5 Districts.

(6/23/05)

98-13
Modification of Use Regulations in M1 Districts

In the Special West Chelsea District, the provisions of Sections 42-10 (USES PERMITTED AS-OF-RIGHT) and 42-30 (USES PERMITTED BY SPECIAL PERMIT) are modified to permit, as-of-right, without limitation, in M1 Districts, museums and non-commercial art galleries as listed in Use Group 3.

(11/13/12)

98-14
Ground Floor Use and Transparency Requirements on Tenth Avenue

Except in Subarea J, the special ground floor use and glazing regulations of this Section apply to that portion of a building or other structure fronting on Tenth Avenue in the Special West Chelsea District. Ground floor uses in Subarea J shall be governed by the underlying use regulations as modified by Section 98-13 (Modification of Use Regulations in M1 Districts).

Uses within stories that have a floor level within five feet of curb level, and within 25 feet of the street line, shall be limited to commercial uses permitted by the underlying district or museums or non-commercial art galleries as listed in Use Group 3. A building’s street frontage shall be allocated exclusively to such uses, except for lobby space or entryways. No event shall the length of street frontage occupied by lobby space or entryways exceed, in total, 40 feet or 50 percent of the building’s total street frontage, whichever is less.

For any building or portion of a building developed or enlarged after June 23, 2005, each ground floor street wall shall be glazed with materials which may include show windows,
glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 70 percent of such ground floor street wall surface. The lowest point at any point of transparency that is provided to satisfy the requirements of this Section shall be no less than eight feet in height measured from such lowest point. Not less than 50 percent of such ground floor street wall surface shall be glazed with transparent materials, and up to 20 percent of such ground floor street wall may be glazed with translucent materials.

(2/2/11)

98-141
Transparency requirements within Subareas H and I

The transparency requirements of this Section shall apply to all portions of buildings developed or enlarged after June 23, 2005, within the High Line frontage of Subareas H and I, except for such portions that contain dwelling units. At least 70 percent of the area of such frontage, to be measured from a point not lower than four feet and not higher than eight feet above the level of the High Line bed shall be glazed and transparent and at least 75 percent of such glazed surface shall be fully transparent.

(11/13/12)

98-142
High Line level wall requirements within Subarea J

Any additions to the windows or other glazing located on the building wall separating the High Line from any building located on a zoning lot within Subarea J at the High Line level shall be designed to provide for a minimum of 30 dBA noise attenuation, and any general illumination fixtures in the adjoining interior portion of the building shall not exceed 50 foot-candles of illumination within four feet of such window or glazing and shall not be pointed directly at the High Line.

(3/22/16)
98-15

Signs

The #sign# regulations of the underlying districts in the Special West Chelsea District# shall not apply to #signs# located within 50 feet of the #High Line#, except for #signs# located entirely below the level of the #High Line bed#. In lieu thereof, the #sign# regulations of a C1 District shall apply, except that #accessory signs# located within the #High Line frontage# may have a maximum height of 20 feet above the level of the #High Line bed#.

No #signs# affixed to or resting upon the #High Line# shall be permitted, except as pursuant to a signage plan for the #High Line#, as authorized by the City Planning Commission, provided the Commission finds that such signage plan will:

(a) enhance the use of the #High Line# by providing signage that is consistent with the use of the #High Line# as a public open space;

(b) provide, at a minimum, directional, informational and interpretive signage consistent with the use of the #High Line# as a public open space;

(c) be integrated with the design of the #High Line# open space; and

(d) not adversely affect development adjacent to the #High Line# and in the surrounding neighborhood.

(3/22/16)

98-16

Air Space Over a Railroad or Transit Right-of-way or Yard

For the purposes of this Resolution, the #High Line# shall not be considered a railroad or transit right-of-way and the provisions of Sections 32-44 (Air Space Over a Railroad or Transit Right-of-way or Yard) and 42-462 (Use of railroad or transit air space) shall not apply.
(3/22/16)

98-17  
Parking Regulations in Subarea H

#Accessory# off-street parking spaces for existing or new governmental offices may be located on a #zoning lot# other than the same #zoning lot# as the #use# to which such spaces are #accessory#, provided that:

(a) such spaces are located within Subarea H and in a facility, or portion thereof, that is entirely below #curb level#;

(b) the portion of such facility beneath the required public plaza area shown on Diagram 3 in Appendix A of this Chapter is sufficiently below #curb level# so that trees may be planted at #curb level# within such public plaza but is in no case less than four feet below #curb level#; and

(c) no more than 377 spaces are provided within such facility.

For purposes of this Section, the governmental offices on #Block# 688, Lots 1001-1002, as of June 23, 2005, may have up to 377 #accessory# off-street parking spaces in such facility.

(3/22/16)

98-19  
Lighting

All exterior light sources located within the #High Line frontage# shall be shielded from direct view from the #High Line#.

(6/23/05)

98-20  
FLOOR AREA AND LOT COVERAGE REGULATIONS

The #floor area# provisions of this Section, inclusive, shall apply. Furthermore, special #floor area# transfer provisions are set forth in Section 98-30 (HIGH LINE TRANSFER CORRIDOR), inclusive.
98–21
**Maximum Floor Area Ratio Outside of Subareas**

For all #zoning lots#, or portions thereof, located outside of Subareas A through J, the maximum #floor area ratios# of the applicable underlying district shall apply.

98–22
**Maximum Floor Area Ratio and Lot Coverage in Subareas**

For all #zoning lots#, or portions thereof, located in Subareas A through J, the maximum #floor area ratios#, #open space ratios# and #lot coverages# of the applicable underlying district shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial#, #community facility# and #residential uses#, separately or in combination, shall be as specified in the table in this Section. For #residential use#, the maximum #lot coverage# shall be 70 percent for #interior# or #through lots# and no maximum #lot coverage# shall apply to any #corner lot#. For the #conversion# to #dwelling units# of non-#residential floor area# where the total #residential floor area# on the #zoning lot# will exceed the applicable basic maximum #floor area ratio# specified in the table in this Section, such excess #residential floor area# shall only be permitted pursuant to Section 98–26 (Modifications of Inclusionary Housing Program).

1 In Subareas A, B, and E, the applicable maximum basic #floor area ratio# of that portion of the #zoning lot# that is within the #High Line Transfer Corridor# may be increased up to a maximum of 1.0, and the applicable maximum permitted #floor area ratio# increased accordingly, by certification of the Chairperson of the City Planning Commission, pursuant to Section 98-35 (High Line Transfer Corridor Bonus)

2 For certain zoning lots located in Subareas D, E and G, the provisions of Section 98-25 (High Line Improvement Bonus) may apply in lieu of the provisions of Section 98-30, subject to the provisions of Section 98-241 (In Subareas D, E and G)

3 For #zoning lots# over which the #High Line# passes

4 Bonus contribution subject to provisions of Section 98-25 governing first contribution to Affordable Housing Fund

(11/13/12)

98-23

Special Floor Area and Lot Coverage Rules for Zoning Lots Over Which the High Line Passes
That portion of the #zoning lot# that lies directly beneath the #High Line# shall be exempt from #lot coverage# requirements below the level of the #High Line bed#. The remaining portion of the #zoning lot# shall be considered a separate #zoning lot# for the purposes of calculating maximum #lot coverage#. Easement volumes provided in accordance with the provisions of Section 98-60 (SPECIAL REGULATIONS FOR CERTAIN ZONING LOTS) and access structures constructed therein, as well as any structure required pursuant to Appendix D or E in relation to an increase in the basic maximum #floor area ratio# of a #zoning lot# pursuant to Section 98-25 (High Line Improvement Bonus), shall not be considered #floor area# or #lot coverage#.

However, at or above the level of the #High Line bed#, #lot coverage# requirements shall apply to the entire #zoning lot#.

Within Subarea J, any easement volumes and improvements located within such volumes dedicated or granted to the City in accordance with the provisions of Appendix F of this Chapter in connection with an increase in the basic maximum #floor area ratio# of a #zoning lot#, pursuant to Section 98-25, shall not be considered #floor area#.

(4/25/17)

98-24
Special Floor Area Rules for Zoning Lots Divided by District Boundaries

(4/25/17)

98-241
In Subareas D, E and G

For #zoning lots# fronting on West 18th Street and located partially in Subarea D, partially in Subarea E and partially in Subarea G, #floor area# may be transferred across zoning district and subarea boundaries without restriction. Either the provisions of Sections 98-25 (High Line Improvement Bonus) or 98-30 (HIGH LINE TRANSFER CORRIDOR) may apply to such #zoning lot#, as applicable, and the maximum permitted #floor area
ratio# specified in the table in Section 98-22 shall apply, as applicable, for each subarea.

(4/25/17)

98-242
Located partially within Subarea C and partially within M1-5 Districts

For #zoning lots# existing prior to June 23, 2005, and located partially within an M1-5 District and partially within a C6-3 District in Subarea C, the permitted #floor area ratio# for the C6-3 District portion of the #zoning lot# may be increased to the #floor area ratio# existing in the C6-3 District portion on June 23, 2005, up to a maximum #floor area ratio# of 7.5, provided that the Chairperson of the City Planning Commission has certified that a payment has been made to the #High Line Improvement Fund, established under Section 98-25, to be used at the discretion of the Chairperson to assure that the #High Line# is restored and reused as a public accessible open space. The amount of such contribution shall be determined in the manner prescribed in Section 98-35 (High Line Transfer Corridor Bonus). No building permit for any #development# or #enlargement# may be issued for any #building or other structure# on the #zoning lot# that will contain #floor area# made available to the #zoning lot# as a result of the application of this Section unless and until such certification has been made.

(4/25/17)

98-243
Located partially within Subarea D and partially within C6-3A Districts

For a #zoning lot# fronting on West 23rd Street and Eleventh Avenue, located partially within Subarea D and partially within a C6-3A District, #floor area# may be transferred from the portion of the #zoning lot# in the C6-3A District to the portion in Subarea D.

(8/24/17)
98-25
High Line Improvement Bonus

For #zoning lots# located between West 15th and West 19th Streets over which the #High Line# passes, the applicable basic maximum #floor area ratio# of the #zoning lot# may be increased up to the amount specified in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas), provided that:

(a) Prior to issuing a building permit for any #development# or #enlargement# on such #zoning lot# that would increase the applicable basic maximum #floor area ratio# by up to an amount specified in Section 98-22, or within Subarea J would cause the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012, the Department of Buildings shall be furnished with a certification by the Chairperson of the City Planning Commission that:

(1) a contribution has been deposited into an escrow account or similar fund established by the City (the #High Line# Improvement Fund), or such contribution is secured by a letter of credit or other cash equivalent instrument in a form acceptable to the City. For subareas other than Subarea J, such contribution shall be used at the direction of the Chairperson solely for improvements to the #High Line# within the #High Line# improvement area applicable to such #zoning lot#, with such contribution being first used for improvements within that portion of the #High Line# improvement area on such #zoning lot#. For #developments# or #enlargements# within Subarea J, such contribution shall be used for any use with respect to the improvement, maintenance and operation of the #High Line# or the #High Line# Support Easement Volumes provided for under Appendix F of this Chapter, at the Chairperson’s direction, provided that, in lieu of a deposit to the #High Line# Improvement Fund, the contribution for the first 80,000 square feet of #floor area# shall be deposited to the Affordable Housing Fund established under Section 98-262 (Floor area increase), paragraph (c), for use in accordance with the provisions of that Section. Such contribution shall be made in accordance with the provisions of Appendix D, E or F of this Chapter, as applicable;
(2) A declaration of restrictions executed by all “parties in interest” to the #zoning lot#, as defined in paragraph (f)(4) of the definition of #zoning lot# in Section 12-10 (DEFINITIONS), including and incorporating such other instruments as are necessary to assure that the City’s interest in the restoration and reuse of the #High Line# as an accessible public open space is protected, as determined by the Department of City Planning in consultation with the Office of the Corporation Counsel, is filed and recorded in the Office of the Register of the City of New York; and

(3) All additional requirements of Appendix D, E or F, as applicable with respect to issuance of a building permit, have been met. For #zoning lots# located between West 18th and West 19th Streets over which the #High Line# passes, in the event that a certification is initially made by the Chairperson on the basis that the requirements of paragraph (a)(1) of Appendix E with respect to Stairway and Elevator Access Work have been met, and the Commissioner of Parks and Recreation later elects to require #High Line# Service Facility Work in accordance with the provisions of paragraph (b)(4) of Appendix E, such initial certification shall no longer be effective. In lieu thereof, a certification by the Chairperson that the requirements of paragraph (a)(1) of Appendix E with respect to #High Line# Service Facility Work have been met shall be required. Notwithstanding the foregoing, the Department of Buildings may continue to issue a building permit pursuant to the initial certification made for Stairway and Elevator Access Work, all building permits issued pursuant to the initial certification made for Stairway and Elevator Access Work shall remain in effect, and construction may continue pursuant to such permits, provided that the provisions of paragraph (c)(4)(ii) of this Section shall apply with respect to the issuance of any temporary or permanent certificates of occupancy for the #development# or #enlargement# authorized by such permits under the provisions of paragraph (c)(4).

(b) Prior to issuing a certificate of occupancy for any portion of a #development# or #enlargement# on a #zoning lot# located between West 17th and West 18th Streets over which the #High Line# passes that would increase the applicable
basic maximum #floor area ratio# by up to an amount specified in Section 98-22, the Department of Buildings shall be furnished a certification by the Chairperson of the City Planning Commission that:

(1) if required pursuant to agreement with the City under Appendix D, #High Line# improvements within the #High Line# improvement area, as shown in Appendix C of this Chapter, for such #zoning lot#, have been performed in accordance with such agreement;

(2) if elected by the owner, structural and remediation work has been performed on the #High Line# within the #High Line# improvement area for such #zoning lot#, in accordance with Appendix D;

(3) At-Grade Plaza Work has been performed on such #zoning lot# in the area shown in Diagram 3 of Appendix C of this Chapter, except as otherwise provided in agreements and other instruments that provide for City construction of some or all of the At-Grade Plaza Work, in accordance with Appendix D;

(4) Stairway and Elevator Access Work has been performed on such #zoning lot# in the At-Grade Plaza area shown in Diagram 3 of Appendix C, or that an additional contribution to the #High Line# Improvement Fund to fund performance of such work has been made, except as otherwise provided in agreements and other instruments that provide for City construction of some or all of the Stairway and Elevator Access Work in the At-Grade Plaza, in accordance with Appendix D; and

(5) all other applicable requirements of Appendix D have been met.

For temporary certificates of occupancy, certification with respect to performance of work required of owner shall be of substantial completion of the work as determined by the Chairperson. For permanent certificates of occupancy, certification with respect to performance of work required of owner shall be of final completion of the work, as determined by the Chairperson. In the event of a failure to perform work timely or to otherwise satisfy the requirements of this paragraph (b), no temporary or permanent certificate of occupancy shall be issued for #floor area# above the applicable basic maximum #floor
area# for the #zoning lot# specified in Section 98-22, and
the City may perform all such work in accordance with the
provisions of Appendix D. In the event that the owner has
executed agreements and other instruments that provide for
City construction of some or all of the At-Grade Plaza Work
and for some or all of the Stairway and Elevator Access
Work, in accordance with Appendix D, certificates of
occupancy shall be issued if owner has substantially or
finally completed any aspects of the work required of owner
pursuant to such agreements and other instruments, as the
case may be, and is otherwise in full compliance with such
agreements and instruments, including with respect to
payment of all funds required pursuant to the terms thereof
and Appendix D.

(c) Prior to issuing a certificate of occupancy for any portion
of a #development# or #enlargement# on a #zoning lot#
located between West 16th and 17th Streets or between West
18th and 19th Streets over which the #High Line# passes
that incorporates #floor area# that would increase the
applicable basic maximum #floor area ratio# by up to an
amount specified in Section 98-22, the Department of
Buildings shall be furnished a certification by the
Chairperson, that:

(1) if required pursuant to agreement with the City under
Appendix E, #High Line# improvements within the #High
Line# improvement area, as shown in Appendix C of this
Chapter, for such #zoning lot#, have been performed in
accordance with such agreement;

(2) if elected by the owner, structural and remediation
work has been performed on the #High Line# within the
#High Line# improvement area for such #zoning lot#, in
accordance with Appendix E;

(3) for #zoning lots# located between West 16th and 17th
Streets over which the #High Line# passes:

   (i) Stairway and Elevator Access Work; and

   (ii) #High Line# Service Facility Work applicable to
        such #zoning lot# has been performed on such
        #zoning lot#, in accordance with Appendix E;

(4) for #zoning lots# located between West 18th and 19th
Streets over which the #High Line# passes, either:
(i) Stairway and Elevator Access Work; or

(ii) if elected by the Commissioner of Parks and Recreation, #High Line# Service Facility Work applicable to such #zoning lot#, has been performed on such #zoning lot#, in accordance with Appendix E; and

(5) all other applicable requirements of Appendix E have been met.

For temporary certificates of occupancy, certification with respect to performance of work shall be of substantial completion of the work as determined by the Chairperson. For permanent certificates of occupancy, certification with respect to performance of work shall be of final completion of the work, as determined by the Chairperson. In the event of a failure to perform work timely or to otherwise satisfy the requirements of this paragraph (c), no temporary or permanent certificate of occupancy shall be issued for #floor area# above the applicable basic maximum #floor area# for the #zoning lot# specified in Section 98-22, and the City may perform all such work in accordance with the provisions of Appendix E.

(d) Prior to issuing a certificate of occupancy for any portion of a #development# or #enlargement# on a #zoning lot# located within Subarea J over which the #High Line# passes that incorporates #floor area# that would cause the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012, the Department of Buildings shall be furnished a certification by the Chairperson, that:

(1) #High Line# Support Work has been performed on such #zoning lot#, in accordance with and to the extent required by Appendix F; and

(2) all other applicable requirements of Appendix F have been met.

For temporary certificates of occupancy, certification with respect to performance of work shall be of substantial completion of the work as determined by the Chairperson. For permanent certificates of occupancy, certification with
respect to performance of work shall be final completion of
the work, as determined by the Chairperson.

(7/29/09)

98-26
Modifications of Inclusionary Housing Program

Within the #Special West Chelsea District#, C6-3 and C6-4
Districts within Subareas A through D, and I, shall be
#Inclusionary Housing designated areas#, pursuant to Section 12-
10 (DEFINITIONS), for the purpose of making the Inclusionary
Housing Program regulations of Section 23-90, inclusive,
applicable as modified within the Special District.

(7/29/09)

98-261
Definitions

For the purposes of this Chapter, matter in italics is defined
in Sections 12-10 or in Section 23-90 (INCLUSIONARY HOUSING),
inclusive.

(2/2/11)

98-262
Floor area increase

For #developments# or #enlargements# that have increased their
permitted #floor area# through the transfer of development
rights from the #High Line Transfer Corridor# by the minimum
amount specified in the table in Section 98-22 (Maximum Floor
Area Ratio and Lot Coverage in Subareas), and for #conversions#
of non-#residential floor area# to #dwelling units# where the
total #residential floor area# on the #zoning lot# will exceed
the applicable basic maximum #floor area ratio# specified in the
table in Section 98-22, such maximum permitted #floor area# may
be increased through the provision of #affordable housing#
pursuant to the Inclusionary Housing Program as modified in
Section 98-26, inclusive, to the maximum amount specified in the table in Section 98-22, provided that:

(a) In C6-4 Districts:

(1) the amount of #low income floor area# is equal to at least 20 percent of the total #residential floor area# on the #zoning lot#;

(2) the amount of #low income floor area# is equal to at least 10 percent of the total #residential floor area# on the #zoning lot# and the amount of #moderate income floor area# is equal to at least 15 percent of the total #residential floor area# on the #zoning lot#; or

(3) the amount of #low income floor area# is equal to at least 10 percent of the total #residential floor area# on the #zoning lot# and the amount of #middle income floor area# is equal to at least 20 percent of the total #residential floor area# on the #zoning lot#.

(b) In C6-3 Districts:

(1) the amount of #low income floor area# is equal to at least 10 percent of the total #residential floor area# on the #zoning lot#;

(2) the amount of #low income floor area# is equal to at least five percent of the total #residential floor area# on the #zoning lot# and the amount of #moderate income floor area# is equal to at least 7.5 percent of the total #residential floor area# on the #zoning lot#; or

(3) the amount of #low income floor area# is equal to at least five percent of the total #residential floor area# on the #zoning lot# and the amount of #middle income floor area# is equal to at least 10 percent of the total #residential floor area# on the #zoning lot#.

For the purposes of this Section, #low income floor area# may be considered #moderate income floor area# or #middle income floor area#, and #moderate income floor area# may be considered #middle income floor area#.

However, in those subareas, or portions thereof, where the
Inclusionary Housing Program is applicable, and where the Chairperson of the Department of City Planning has certified that at least 90 percent of the total development rights within the #High Line Transfer Corridor# have been transferred pursuant to Section 98-30, no transfer of #floor area# pursuant to Section 98-30 shall be required, and the basic maximum #floor area ratio# of a #zoning lot# containing the #development# or #enlargement# may be increased by up to 2.5 in Subareas B, C and D and on any #zoning lot# located in Subarea I over which the #High Line# does not pass, and up to 5.5 in Subarea A, in accordance with the provisions of paragraph (c) of this Section.

(c) #Affordable Housing Fund#

Where the Chairperson of the City Planning Commission determines that more than 90 percent of the #floor area# eligible for transfer through the provisions of Section 98-30 have been transferred in accordance with such provisions, the Chairperson shall allow, by certification, an increase in #floor area# on any receiving site as specified in Section 98-33 (Transfer of Development Rights From the High Line Transfer Corridor), up to the amount that otherwise would have been permitted for such receiving site pursuant to Section 98-30, provided that instruments in a form acceptable to the City are executed ensuring that a contribution be deposited in the West Chelsea Affordable Housing Fund. Such fund shall be administered by the Department of Housing Preservation and Development and all contributions to such fund shall be used for the development, acquisition or rehabilitation of #low#, #moderate# or #middle income housing# located in Community District 4 in the Borough of Manhattan. The execution of such instruments shall be a precondition to the filing for or issuing of any building permit for any #development# or #enlargement# utilizing such #floor area# increase. Such contribution amount, by square foot of #floor area# increase, shall be determined, at the time of such Chairperson’s certification, by the Commission by rule, and may be adjusted by rule not more than once a year.

(6/23/05)

98-30
HIGH LINE TRANSFER CORRIDOR
98-31
Purposes

The #High Line Transfer Corridor#, established within the #Special West Chelsea District#, is intended to enable the transfer of development rights from properties over which and immediately to the west of where the #High Line# passes and thereby permit light and air to penetrate to the #High Line# and preserve and create view corridors from the #High Line bed#.

98-32
General Provisions

The location of the #High Line Transfer Corridor# is specified in Appendix B of this Chapter.

In the #High Line Transfer Corridor#, special regulations relating to the transfer of #floor area# are set forth in Sections 98-33 through 98-35, inclusive.

98-33
Transfer of Development Rights From the High Line Transfer Corridor

In the #Special West Chelsea District#, a “granting site” shall mean a #zoning lot#, or portion thereof, in the #High Line Transfer Corridor#. A “receiving site” shall mean a #zoning lot#, or portion thereof, in any subarea other than Subareas F, H and J. #Floor area# from a granting site may be transferred to a receiving site in accordance with the provisions of this Section.

(a) Notification

Prior to any transfer of #floor area#, the Department of
City Planning shall be notified in writing of such intent to transfer #floor area#. Such notification shall be made jointly by the owners of the granting and receiving sites and shall include:

1. #floor area# zoning calculations for the granting and receiving site;

2. a copy of the distribution instrument legally sufficient in both form and content to effect such a distribution; and

3. if applicable, a certified copy of the instrument creating a secondary #High Line# access easement volume, pursuant to the provisions of Section 98-63.

Notices of restrictions in a form acceptable to the Department of City Planning shall be filed by the owners of the granting and receiving sites in the Office of the Register of the City of New York, indexed against the granting and receiving sites, certified copies of which shall be submitted to the Department of City Planning. Notice by the Department of City Planning of its receipt of certified copies thereof shall be a pre-condition to issuance by the Commissioner of Buildings of any building permit for any #development# or #enlargement# on the receiving site.

(b) #Floor area#

The maximum amount of #floor area# transferred from a granting site located outside of a subarea shall not exceed the maximum #floor area ratio# permitted for a #commercial# or #residential use# on such granting site as of June 10, 2015, whichever is greater, less any existing #floor area# to remain on such granting site.

The maximum amount of #floor area# transferred from a granting site located in a subarea shall not exceed the basic maximum #floor area ratio# specified for the applicable subarea in the table in Section 98-22 (Maximum Floor Area Ratio and Lot Area in Subareas), less any existing #floor area# to remain on such granting site.

Each transfer, once completed, shall irrevocably reduce the amount of #floor area# that may be transferred from the
granting site by the amount of floor area transferred.

The amount of floor area transferred to a receiving site from a granting site in the High Line Transfer Corridor shall not exceed the floor area ratio permitted on the receiving site through such transfer, pursuant to the table in Section 98-22.

(c) Use

Floor area transferred from a granting site within the High Line Transfer Corridor may be used for any use allowed on the receiving site in accordance with the underlying zoning designation and the provisions of this Chapter.

(d) Stairway easement requirement

As a condition for the transfer of floor area, an easement volume to facilitate pedestrian access to the High Line via stairway shall be provided in accordance with the provisions of Sections 98-60 (SPECIAL REGULATIONS FOR CERTAIN ZONING LOTS) and 98-63 (Recording of High Line Access Easement Volume).

(e) Restrictive declaration

As a condition for the transfer of floor area, and in order to assure that the City’s interest in the restoration and reuse of the High Line as an accessible public open space is protected, a declaration of restrictions, executed by all “parties in interest” of the granting lot as defined in paragraph (f)(4) of the definition of zoning lot under Section 12-10 (DEFINITIONS), and including and incorporating such other instruments as are necessary to accomplish such purposes, as determined by the Department of City Planning in consultation with the Office of the Corporation Counsel, shall be filed and recorded in the Office of the Register of the City of New York. Notice by the Department of City Planning of receipt of certified copies of such recorded declaration shall be a pre-condition to issuance by the Commissioner of Buildings of any building permit, including any foundation or alteration permit, for any development or enlargement on the receiving site. Such recorded declaration shall be in addition to the Notice of Restrictions required pursuant to paragraph (a) of this Section.
98-34
Screening and Landscaping Requirements for Vacant Sites

Any zoning lot within the High Line Transfer Corridor that has transferred floor area pursuant to Section 98-33 (Transfer of Development Rights From the High Line Transfer Corridor), and is 50 percent or more vacant shall be screened from the street and/or landscaped in accordance with the provisions of this Section, except that zoning lots occupied by buildings that extend along at least 85 percent of the street frontage of the zoning lot and are located within five feet of the street line are not required to provide screening or landscaping.

Such open or vacant areas on zoning lots shall be screened from the street by a fence or gate with a surface that is at least 75 percent open, extending not less than six feet and not higher than eight feet above finished grade; or alternatively, by a planting strip at least four feet wide and densely planted with evergreen shrubs at least four feet high at the time of planting or of a variety expected to reach a height of six feet within three years, or by both. Chain link and fences containing barbed wire or razor wire shall be prohibited. For portions of zoning lots located beneath the High Line, planting strips shall be prohibited.

(2/2/11)

98-35
High Line Transfer Corridor Bonus

For zoning lots, or portions thereof, within the High Line Transfer Corridor, the applicable basic maximum floor area ratio of that portion of a zoning lot that is within the High Line Transfer Corridor may be increased up to a maximum of 1.0, for an amount of floor area equivalent to the area of that portion of the zoning lot located within the High Line Transfer Corridor, provided the Chairperson of the City Planning Commission has certified that:

(a) all the permitted floor area on that portion of the
that is within the High Line Transfer Corridor has been transferred to an eligible receiving site, in accordance with the provisions of Section 98-33; 

(b) that such granting site is vacant; and 

(c) a contribution has been deposited into the High Line Improvement Fund established under Section 98-25, to be used at the direction of the Chairperson to assure that the High Line is restored and reused as a publicly accessible open space.

No building permit for any development or enlargement that anticipates using such increased floor area may be issued unless and until such certification has been made.

Such contribution amount shall be $50.00 per square foot of floor area as of June 23, 2005, and shall be adjusted August 1 of each subsequent year, by the City or its designee, based on the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics.

Such bonus floor area shall only be used for a permitted commercial use, which shall be located in that portion of the zoning lot that is within the High Line Transfer Corridor; however, public parking lots and public parking garages at or above curb level shall not be permitted; and the height of any development or enlargement within the High Line Transfer Corridor shall not exceed a height of 3 feet, 6 inches above the level of the High Line bed.

(6/23/05)

98-40
SPECIAL YARD, HEIGHT AND SETBACK, AND MINIMUM DISTANCE BETWEEN BUILDINGS REGULATIONS

(3/22/16)

98-41
Special Rear Yard Regulations
The yard regulations of the underlying district shall apply, except as modified in this Section. In all districts, no rear yard regulations shall apply to any zoning lot that includes a through lot portion that is contiguous on one side to two corner lot portions and such zoning lot occupies the entire block frontage of the street. Where a rear yard equivalent is required by either Section 23-532 (Required rear yard equivalents) or Section 43-28 (Special Provisions for Through Lots), it shall be provided only as set forth in paragraph (a) of either Section, as applicable. However, in M1-5 Districts, a building existing prior to January 22, 2015, may be enlarged pursuant to Section 43-28, paragraph (b), provided that such building is on a zoning lot located entirely within 150 feet of the west side of the High Line. Where a rear yard equivalent is required by Section 23-533 (Required rear yard equivalents for Quality Housing buildings), the alternatives for through lots with a depth of 180 feet or less shall not apply.

(6/23/05)

98-42
Special Height and Setback Regulations

The height and setback regulations of the underlying district shall not apply, except as set forth in this Section, inclusive. Furthermore, for any zoning lot located adjacent to the High Line, the provisions of Section 98-50, inclusive, shall also apply. All heights shall be measured from the base plane, unless otherwise specified.

(11/13/12)

98-421
Obstruction over the High Line

Within the Special West Chelsea District, the High Line shall remain open and unobstructed from the High Line bed to the sky, except for improvements constructed on the High Line in connection with the use of the High Line as a public open space, and except where the High Line passes through and is covered by a building existing on November 13, 2012.
Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all buildings or other structures within the Special West Chelsea District, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts). However, dormers may not exceed the maximum building height in Subareas C, F and G where the maximum base height and maximum building height are the same.

All mechanical equipment located within 15 feet of the level of the High Line bed that is within 25 feet of the High Line, measured horizontally, or within the High Line frontage, as applicable, shall be screened and buffered with no intake or exhaust fans or vents facing directly onto the High Line.

Street wall location, minimum and maximum base heights and maximum building heights

The provisions set forth in paragraph (a) of this Section shall apply to all buildings or other structures. Such provisions are modified for certain subareas as set forth in paragraphs (b) through (g) of this Section.

(a) For all buildings

(1) Street wall location provisions

On wide streets, and on narrow streets within 50 feet of their intersection with a wide street, the street wall shall be located on the street line and extend along such entire street frontage of the zoning lot up to at least the minimum base height specified in the table in this Section. On narrow street frontages, beyond 50 feet of their intersection with a wide street, the street wall shall be
located on the #street line# and extend along at least 70 percent of the #narrow street# frontage of the #zoning lot# up to at least the minimum base height specified in the table in this Section.

Where #street walls# are required to be located on the #street line#, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#. Above a height of 12 feet, up to 30 percent of the #aggregate width of street walls# may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except that, to allow articulation of #street walls# at the intersection of two #street lines#, the #street wall# may be located anywhere within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection.

For #developments# that occupy the entire #block# frontage of a #street# and provide a continuous sidewalk widening along such #street line#, the boundary of the sidewalk widening shall be considered to be the #street line# for the purposes of this Section.

The #street wall# location provisions of this Section shall not apply along that portion of any #street# frontage:

(i) over which the #High Line# passes;

(ii) occupied by existing #buildings# to remain, unless such #buildings# are vertically #enlarged#; or

(iii) between the #High Line# and a #side lot line#, where such frontage measures less than 20 feet.

(2) Maximum #building# heights

(i) For C6-2A and C6-3A Districts

In C6-2A and C6-3A Districts, the maximum base
height, maximum building height and the maximum number of stories shall be as set forth in Section 23-662 (Maximum height of buildings and setback regulations) for the residential equivalent of an R8A and R9A District, respectively. For buildings meeting the criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), such maximum heights and number of stories may be modified in accordance with the provisions of paragraph (b) of Section 23-664 for such districts’ applicable residential equivalent. Separate maximum building heights are set forth within such Sections for Quality Housing buildings with qualifying ground floors and for those with non-qualifying ground floors.

(ii) For all other districts

All portions of buildings or other structures that exceed the applicable maximum base height specified in the table in this Section shall provide a setback at a height not lower than the applicable minimum base height. A setback with a depth of at least 10 feet shall be provided from any street wall fronting on a wide street, and a setback with a depth of at least 15 feet shall be provided from any street wall fronting on a narrow street, except such dimensions may include the depth of permitted recesses in the street wall.

No building or other structure shall exceed the maximum building height specified in the table in this Section.

(b) Subareas A and D

(1) Street wall location

In Subarea D, on corner lots between the north side of West 18th Street and the south side of West 22nd Street, a street wall with a minimum height of 15 feet shall be located on the narrow street line between 50 and 150 feet of its intersection with
Eleventh Avenue.

In Subarea D, for #buildings# that do not include towers as set forth in paragraph (b)(3) of this Section, the #street wall# location provisions set forth in paragraph (a) shall not apply to any #zoning lot# that occupies the entire Eleventh Avenue #block# front. In lieu thereof, #street walls# with a minimum base height of 60 feet shall be located within 10 feet of all #street lines# bounding such #zoning lot# and extend along at least 70 percent of each #street# frontage of the #zoning lot#.

(2) Setback provisions

The setback provisions for portions of #buildings# above the maximum base height set forth in paragraph (a) of this Section shall not apply. In lieu thereof, no portion of a #building or other structure# that exceeds the applicable maximum base height shall penetrate a #sky exposure plane# that begins above the #street line# at the maximum base height and rises over the #zoning lot# at a ratio of 2.7 feet of vertical distance to one foot of horizontal distance on a #narrow street#, and 5.6 feet of vertical distance to one foot of horizontal distance on a #wide street#.

(3) Tower provisions

Any #building#, or portion thereof, which in the aggregate occupies not more than 40 percent of the #lot area# of the #zoning lot# and penetrates the #sky exposure planes# set forth in paragraph (b)(2) of this Section, is hereinafter referred to as a “tower.” Such towers are permitted provided they are set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#, and provided no other portion of the #building# exceeds the applicable maximum base height. In addition, the following rules shall apply:

(i) For #zoning lots# with less than 20,000 square feet of #lot area#, such tower may occupy more than 40 percent of the #lot area# of the #zoning lot# in accordance with the provisions of Section 33-454 (Towers on small lots).
(ii) Any #story# within the highest 40 feet of such tower (the “penthouse portion”), shall not exceed 85 percent of the gross area of the highest #story# directly below such penthouse portion.

(iii) In Subarea A, such tower shall occupy at least 30 percent of the #lot area# of the #zoning lot#, except that such minimum #lot coverage# requirement shall be reduced to 25 percent above a height of 220 feet. However, no minimum #lot area# requirement shall apply to the highest four #stories# or 40 feet of such #building#, whichever is less.

(iv) In Subarea A, the maximum length of any #story# located above a height of 220 feet shall not exceed 150 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above a height of 220 feet. Any side of such rectangle shall not exceed 150 feet.

(v) In Subarea A, for any #zoning lot# with more than 75 feet of #narrow street# frontage in which a #side lot line# is located within an area bounded by a line 200 feet east of and parallel to Eleventh Avenue and a line 410 feet east of and parallel to Eleventh Avenue, no tower portion of a #building# shall be located closer than 25 feet to such #side lot lines#.

(vi) In Subarea D, the maximum #building# height shall be 250 feet, and the maximum length of any #story# located above the maximum base height shall not exceed 150 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# wholly or partially above the maximum base height. Any side of such rectangle shall not exceed 150 feet. However, for #zoning lots# that occupy the entire Eleventh Avenue #block# front, a portion of the #street wall# may rise above the maximum base height without setback from Eleventh Avenue, provided the #aggregate width of the street wall# for Eleventh Avenue does not exceed 100 feet.
(c) Subareas C, F and G

In Subareas C, F and G, for zoning lots with wide and narrow street frontage, no street wall is required beyond 50 feet of a wide street. Furthermore, for any development or enlargement that occupies at least one corner of the Tenth Avenue block front and extends along the Tenth Avenue frontage of the zoning lot for at least 170 feet, exclusive of existing buildings to remain, a lowered street wall shall be provided for any building that exceeds 45 feet in height. Such lowered street wall shall have a maximum height of 45 feet and a minimum height of 35 feet and extend along the Tenth Avenue frontage for a width not less than 25 percent and not more than 30 percent of the aggregate width of street walls facing Tenth Avenue. Such lowered street wall portion of the Tenth Avenue frontage shall be located at the intersection of Tenth Avenue and a narrow street. Such lowered street wall shall extend along such narrow street line for a distance of at least 50 feet from Tenth Avenue. Beyond 50 feet of Tenth Avenue, excluding the High Line frontage of a building, such portion of the building shall not exceed a height of 45 feet.

The provisions of this Section, relating to the location and height of the lowered street wall portion of the Tenth Avenue frontage of a building are illustrated in Diagram 1 (Street Wall and High Line Frontage Regulations in Subareas C, F and G) in Appendix C of this Chapter.

In Subarea C, for zoning lots with Tenth Avenue frontage between West 24th Street and West 28th Street, the maximum building height shall be 125 feet.

(d) Subarea E

The street wall location provisions set forth in paragraph (a) of this Section shall not apply on a zoning lot fronting on West 18th Street and located partially in Subareas D, E and G, where floor area has been transferred pursuant to Section 98-241. A maximum of 60 percent of the West 18th Street frontage within Subarea E may rise without setback to a maximum building height of 250 feet, and a minimum of 20 percent of the West 18th Street frontage within Subarea E shall rise without setback.
to a minimum height of 60 feet and a maximum height of 85 feet and be located within 10 feet of the #street line#.

(e) Subarea H

No #building or other structure# shall be located east of the #High Line#, unless otherwise specified in agreements and other instruments that provide for City construction of some or all of the At-Grade Plaza Work and some or all of the Stairway and Elevator Work, executed in accordance with Appendix D.

No portion of a #building or other structure# shall exceed a height of 85 feet except for two #buildings#, or portions of #buildings#, hereinafter referred to as “Tower East” and “Tower West.” At or above the base height, both such towers shall be set back at least 10 feet from any #street wall# facing a #wide street# and at least 15 feet from any #street wall# facing a #narrow street#. Such setbacks shall be provided at a height not lower than 60 feet, except that such setbacks may be provided at a height not lower than 40 feet, provided at least 65 percent of the #aggregate width of street walls# facing #narrow streets# and at least 60 percent of the #aggregate width of street walls# facing #wide streets# have a minimum base height of 60 feet.

Tower East shall be located in its entirety within 240 feet of the Tenth Avenue #street line#, and Tower West shall be located in its entirety within 200 feet of the Eleventh Avenue #street line#. Tower East shall not exceed a height of 290 feet and Tower West shall not exceed a height of 390 feet. No portion of Tower East shall be located closer than 25 feet to any portion of Tower West.

A maximum of 50 percent of the #street wall# of Tower West may rise without setback from a #narrow street line#. Such portion of the #street wall# shall be located a minimum of 15 feet and a maximum of 20 feet from the #narrow street line#.

(f) Subarea I

In that portion of Subarea I located within 300 feet of Tenth Avenue between West 16th Street and West 17th Street, the #street wall# location provisions set forth in paragraph (a) of this Section shall not apply along Tenth Avenue, as shown in Diagram 5 of Appendix C of this
Chapter, but shall apply along a minimum of 85 percent of
the West 16th Street and West 17th Street frontages. No
portion of a #building or other structure# located within
300 feet of Tenth Avenue shall exceed a height of 120 feet,
except for one #building# which may have a height not to
exceed 250 feet provided such #building# is located in its
entirety between 10 feet and 90 feet of West 17th Street
and has a length that does not exceed 175 feet when
measured parallel to the West 17th Street #street line#.

In all other portions of Subarea I, the provisions of
paragraph (a) shall apply.

(g) Subarea J

The provisions set forth in paragraph (a) of this Section
shall not apply to any #development# or #enlargement# that
utilizes the provisions of Section 98-25. In lieu thereof,
the provisions of this paragraph (g) shall apply.

(1) Midblock Zone

The Midblock Zone shall be that portion of Subarea J
located more than 150 feet west of the Ninth Avenue
#street line# and more than 200 feet east of the Tenth
Avenue #street line#. Within the Midblock Zone, a
#building# shall have a maximum #street wall# height
before setback of 110 feet, and shall have a maximum
#building# height of 130 feet.

(2) Ninth Avenue Zone

The Ninth Avenue Zone shall be that portion of Subarea
J within 150 feet of the Ninth Avenue #street line#.
Within the Ninth Avenue Zone, any portion of a
#building# shall have a maximum #street wall# height
of 130 feet before setback and a maximum #building#
height of 135 feet. Any #building# located above a
height of 130 feet shall be set back at least five
feet from the Ninth Avenue #street wall# and at least
15 feet from the West 15th Street and West 16th Street
#street walls#.

(3) Tenth Avenue Zone

The Tenth Avenue Zone shall be that portion of a
#zoning lot# within 200 feet of the Tenth Avenue
Within the Tenth Avenue Zone, any portion of a building shall have a maximum street wall height of 185 feet before setback and a maximum building height of 230 feet, provided that any portion of a building located above a height of 90 feet shall be set back not less than 15 feet from the Tenth Avenue street line#. Any portion of a building located above a height of 185 feet shall be set back at least 10 feet from the West 15th and West 16th Street street lines#, and at least 25 feet from the Tenth Avenue street line#. Any portion of a building above a height of 200 feet shall be set back at least 25 feet from the West 15th and West 16th Street street lines#, and at least 35 feet from the Tenth Avenue street line#, and any portion of a building located above a height of 215 feet shall be set back at least 75 feet from the Tenth Avenue street line#. Permitted obstructions allowed pursuant to Section 33-42 shall be permitted.

(3/22/06)

98–424
Authorization to modify certain bulk regulations
For #zoning lots# located entirely within 75 feet of the west side of the #High Line#, the City Planning Commission may authorize the modification of height and setback regulations set forth in Sections 98-40 and 98-50, inclusive, the transparency requirements set forth in Sections 98-141 and 98-54, and the underlying #rear yard# and minimum distance between #legally required windows# and walls or #lot lines# regulations. The Commission shall find that such modification will result in a better distribution of #bulk# on the #zoning lot# and will not adversely affect access to light and air for surrounding public areas.

The Commission may prescribe appropriate conditions and safeguards to enhance the character of the surrounding area.

(6/23/05)

98-43
Special Distance Between Buildings Regulations

The provisions of Section 23-70 (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) shall not apply.

(6/23/05)

98-50
SPECIAL HEIGHT AND SETBACK, OPEN AREA AND TRANSPARENCY REGULATIONS FOR ZONING LOTS ADJACENT TO THE HIGH LINE

(8/24/17)

98-51
Height and Setback Regulations on the East Side of the High Line

(a) Subarea A

At least 60 percent of the aggregate length of the eastern #High Line frontage# of a #building# shall set back at the level of the #High Line bed#. Not more than 40 percent of the aggregate length of such #High Line frontage# may rise
above the level of the #High Line bed#. No portion of such #High Line frontage# shall exceed a maximum height of 20 feet above the level of the #High Line bed#, as illustrated in Diagram 2 (Street Wall and High Line Frontage Regulations in Subarea A) in Appendix C of this Chapter.

(b) In C6-3A Districts and in Subareas C, F and G

For #zoning lots# extending less than 115 feet along the eastern side of the #High Line#, no portion of the eastern #High Line frontage# of a #building# shall exceed a height of 3 feet, 6 inches above the level of the #High Line bed#.

For #zoning lots# that extend for at least 115 feet along the eastern side of the #High Line#, no portion of the eastern #High Line frontage# of the #building# shall exceed a height of 3 feet, 6 inches above the level of the #High Line bed#, except that a maximum of 40 percent of such #High Line frontage# may rise without setback above a height of 3 feet, 6 inches above the level of the #High Line bed# provided such portion of the #building# is not located directly between the #High Line# and any #street wall# of a #building# that is subject to a maximum height of 45 feet in accordance with paragraph (c) (Subareas C, F and G) of Section 98-423 (Street wall location, minimum and maximum base heights and maximum building heights).

The portions of #buildings# in which #High Line# Service Facilities are provided in accordance with paragraph (b)(4) of Appendix E shall be considered permitted obstructions to the height and setback regulations of this paragraph (b).

However, the provisions of this paragraph (b) shall not apply to any #zoning lot# existing on June 23, 2005 where the greatest distance between the eastern side of the #High Line# and a #lot line# east of the #High Line# is 35 feet when measured parallel to the nearest #narrow street line#.

(6/23/05)

98-52
Height and Setback Regulations on West Side of High Line

In C6-2A, C6-3A and M1-5 Districts and in Subareas A, B and E, no portion of the western #High Line frontage# of a #building#,
including parapets, shall exceed a height of 3 feet, 6 inches above the level of the High Line bed.

For any zoning lot, or portion thereof, with more than 60 feet of width measured perpendicular to the west side of the High Line, the following rules shall apply to any building containing residences:

(a) At least 60 percent of the aggregate length of that portion of the building located above a height of 3 feet, 6 inches above the level of the High Line bed and facing the High Line shall be located between 15 and 20 feet of the west side of the High Line and extend up to at least the applicable minimum base height specified in the table in Section 98-423; and

(b) No building, or portion thereof, that exceeds the applicable maximum base height specified in the table in Section 98-423 shall be located within 30 feet of the High Line.

Chain link fences and razor wire shall not be permitted within the western High Line frontage.

(8/24/17)

98-53
Required Open Areas on the East Side of the High Line

For any development or enlargement on a zoning lot, or portion thereof, within C6-3A Districts or within Subareas A, C, F or G and over which the High Line passes or on a zoning lot adjacent to a zoning lot over which the High Line passes, a landscaped open area shall be provided in an amount equal to at least 20 percent of the lot area of the portion of the zoning lot that is within C6-3A Districts or within Subareas A, C, F or G, pursuant to the requirements of paragraphs (a) and (b) of this Section. Such open area shall be located directly adjacent to the High Line with its longest side adjacent to the High Line and shall be located at an elevation not to exceed a height of 3 feet, 6 inches above the level of the High Line bed adjacent to the zoning lot. At no point shall such open area be located within 50 feet of Tenth Avenue.
(a) Open area requirements

All required open areas shall:

(1) have no portion used as a driveway, vehicular access way or for parking, and shall be screened from off-street loading and service areas;

(2) be landscaped with shrubs, vines, flowers, ground cover, trees, and/or plants in planters over a minimum of 25 percent of the required open area;

(3) be maintained by the #building# owner who shall be responsible for the maintenance of the open area including, but not limited to, the repair of all amenities, litter control and the care and replacement of vegetation within the #zoning lot#;

(4) have all mechanical equipment which is located at the same elevation as the open area, or within 15 feet of the level of the open area, screened and buffered with no intake or exhaust fans facing directly onto the required open area; and

(5) for open area screening, required open areas may be screened from the public areas of the #High Line# by a wall, fence, or plantings extending not higher than eight feet above the average elevation of the open area. All screening materials must be substantially transparent. For the purposes of this Section, substantially transparent screening is defined as transparent, or non-opaque, in an evenly distributed fashion for at least 75 percent of its area. Chain link fences and razor wire shall not be permitted. Vegetated screening, such as shrubs, vines and other plantings, may be opaque if completely covered by vegetation, provided that any underlying surface is substantially transparent.

In addition, such screening material shall be maintained in good condition at all times, may be interrupted by normal entrances and/or exits, and shall have no signs hung or attached thereto, other than those permitted in Section 98-15.

(b) Permitted obstructions
Only the following shall be permitted to obstruct a required open area:

(1) any High Line access structure providing pedestrian access to the High Line by stairway or elevator;

(2) the portions of buildings in which High Line Service Facilities are provided in accordance with paragraph (b)(4) of Appendix E;

(3) those items listed in paragraph (a) of Section 37-726 (Permitted obstructions); and

(4) open air cafes and kiosks, provided that open air cafes may occupy in the aggregate no more than 75 percent of such required open area.

(2/2/11)

98-54
Transparency Requirements on the East Side of the High Line

The transparency requirements of this Section shall apply to the High Line frontage portion of buildings developed or enlarged after June 23, 2005, and located in C6-3A Districts and within Subareas A, C, F and G, except for such portions that contain dwelling units. At least 50 percent of the area of such frontage, to be measured from a point not lower than four feet and not higher than eight feet above the level of the High Line bed, shall be glazed and transparent and at least 75 percent of such glazed surface shall be fully transparent.

(11/13/12)

98-55
Requirements for Non-transparent Surfaces on the East Side of the High Line

Except in Subarea J, any portion of such High Line frontage that is 40 feet or more in length and contains no transparent element between the level of the High Line bed and an elevation of 12 feet above the level of the High Line bed, shall be planted with vines or other plantings or contain
artwork. Such elements shall substantially cover the applicable non-transparent portion of the #High Line frontage#.

(10/27/10)

98-60
SPECIAL REGULATIONS FOR CERTAIN ZONING LOTS

(11/13/12)

98-61
High Line Access or Support Easement Volumes Requirement

For all #developments# or #enlargements# within the #Special West Chelsea District#, an easement volume to facilitate public pedestrian access to the #High Line# via stairway and elevator (hereinafter referred to as “primary access”), shall be provided on any #zoning lot# over which the #High Line# passes that, on or after December 20, 2004, has more than 5,000 square feet of #lot area#. For all #developments# or #enlargements# within Subareas H, I and J that are developed pursuant to Section 98-25 (High Line Improvement Bonus), this provision does not apply.

In the #High Line Transfer Corridor#, an easement volume to facilitate public pedestrian access to the #High Line# via stairway (hereinafter referred to as “secondary access”), shall be provided on any #zoning lot# from which #floor area# has been transferred pursuant to Section 98-33 unless a primary access easement has been provided pursuant to this Section.

However, a primary access easement shall not be required if a primary access easement is already provided on the same #block# and a secondary access easement shall not be required if a primary or secondary access easement has already been provided on the same #block#. Furthermore, primary and/or secondary access easements shall not be required where the Chairperson of the City Planning Commission certifies that:

(a) the minimum dimensions required for the access easement volume pursuant to paragraph (a) of Section 98-62 cannot be accommodated within 33 feet, 6 inches of a #street line# for primary access easements and 40 feet of a #street line# for secondary access easements; or
(b) in the case of a primary easement, a secondary easement is already provided on the same #zoning lot# and such easement is sufficient in size, or has been enlarged to be sufficient in size, to accommodate the provisions for primary access easements as specified in Section 98-62; or

(c) for primary or secondary easements, access has already been constructed, or an access volume has been dedicated, on the same #block# or on the same #street# frontage, and that such access or access volume meets the location and access requirements for primary or secondary access easements, as specified in Section 98-62, paragraphs (a) and (b), and meets all standards, as applicable, for persons with disabilities; or

(d) for primary or secondary easements, construction documents for the #High Line# open space have been developed by the City that specify the same #street# frontage as an access location; or

(e) such #development# or #enlargement# is located wholly within an M1-5 District and no portion of such #development# or #enlargement# has more than 10,000 square feet of #floor area# and is located within five feet of the #High Line#; or

(f) such #development# or #enlargement# is located on a #zoning lot# that fronts on West 23rd Street.

(11/13/12)

98-62
High Line Access Easement Regulations

The provisions of this Section shall apply to any #zoning lot# providing an access easement volume, other than a #zoning lot# developed pursuant to Section 98-25 (High Line Improvement Bonus), as follows:

(a) Location and Minimum Dimensions

(1) Primary access easement volume

A primary access easement volume may be located within
a building or within open areas on the zoning lot, including open areas required pursuant to Section 98-53 (Required Open Areas on the East Side of the High Line), provided such volume is within 15 feet of a narrow street line. The minimum length of such volume shall be 18 feet, 6 inches, and the minimum width shall be 10 feet; however, the minimum area of such volume shall be 350 square feet. The height of such volume shall extend from a point at least 10 feet below curb level to a point at least 15 feet above the level of the High Line bed. A primary access easement volume may also replace a previously provided secondary access easement volume, and such secondary access easement volume may be terminated pursuant to Section 98-64. Such minimum dimensions are illustrated in Diagram 6 (High Line Access Easement Volume Parameters) of Appendix C of this Chapter.

(2) Secondary access easement volume

A secondary access easement volume shall be located within 15 feet of a narrow street line and directly adjacent to the High Line for a minimum length of 25 feet. Such volume shall have a minimum width of 10 feet. The height of such volume shall extend from curb level to a point at least 10 feet above the level of the High Line bed.

(b) Access

All access easement volumes shall be accessible either directly from a public sidewalk or through a publicly traversable way through the zoning lot directly connecting with a public sidewalk. Such publicly traversable way shall meet the following requirements:

(1) The required width of the publicly traversable way shall be a minimum of eight feet.

(2) No portion of the publicly traversable way shall be interrupted or occupied by an off-street parking or loading area.

(3) The access easement volume shall be visible from the public sidewalk or the publicly traversable way.
(4) The publicly traversable way shall be maintained by the property owner in good repair.

(5) The publicly traversable way shall be fully accessible to persons with disabilities.

(6) The publicly traversable way shall be open and accessible to the public at all times when a stairway and/or elevator located within the associated access easement volume is open and accessible to the public.

(c) Permitted obstructions

Any access structure within the access easement volume, or any weather protection provided by an overhang or roofed area over such access easement volume, accessory to the access structure, shall be considered permitted obstructions within required yards or open areas.

(d) Permitted uses

An access easement volume required on a zoning lot pursuant to the provisions of this Chapter may be temporarily used by the owner of such zoning lot for any permitted use until such time as required by the City of New York or its designee for access purposes. Such permitted use shall be limited to non-residential uses where such access easement volume is within a building. Where such access easement volume is within an open area, such area shall be landscaped, or may be improved in accordance with the provisions of Sections 37-726 (Permitted obstructions) and 37-73 (Kiosks and Open Air Cafes), except that in the case of open air cafes and kiosks, a certification shall not be required.

Improvements or construction of a temporary nature within the easement volume shall be removed by the owner of such zoning lot prior to the time at which public use of the easement areas is required. A minimum notice of six months in writing shall be given by the City of New York or its designee to the owner of the zoning lot, in order to vacate the tenants of such temporary uses.

(e) Legally required windows

The minimum distance between any legally required window in a portion of a building used for residential use and
an access easement volume shall be 30 feet, measured in a horizontal plane at the sill level of, and perpendicular to, such window for the full width of the rough window opening.

(6/23/05)

98-63
Recording of High Line Access Easement Volume

An instrument in a form acceptable to the Department of City Planning creating a #High Line# access easement volume shall be recorded in the Office of the City Register, a certified copy of which shall be submitted to the Department of City Planning.

Notice by the Department of City Planning of its receipt of a certified copy of an instrument establishing any access easements required pursuant to this Chapter shall be a precondition to issuance by the Commissioner of Buildings of any building permits including any foundation or alteration permit for any #development# of #enlargement# on a site pursuant to Section 98-60 for primary access easements. Receipt of a certified copy of an instrument creating a secondary access easement shall be provided in conjunction with notification, pursuant to Section 98-33, paragraph (a).

(11/13/12)

98-64
Termination of High Line Access Easement Volume

In the event that the City Planning Commission notifies the Department of Buildings and the owner in writing that a #High Line# access easement volume is not required on a #zoning lot# under the final construction plans for the restoration and reuse of the #High Line# as an accessible, public open space, the restrictions imposed on such #zoning lot# by the provisions of Section 98-61 (High Line Access or Support Easement Volumes Requirement) shall lapse, following receipt of notification thereof by the owner, and the owner shall have the right to record an instrument reciting the consent of the Commission to the extinguishment of the easement volume. On termination of the #High Line# access easement volume requirement which has been
certified pursuant to this Section, any area reserved for such easement within a building or other structure may be used for any use permitted pursuant to the provisions of this Chapter and such area shall not be considered floor area; and any open area reserved for such easement shall be maintained as an open area and shall be subject to the open area requirements of Section 98-53 (Required Open Areas on the East Side of the High Line).

(10/27/10)

98-65
Transit Facilities

The provisions of paragraph (b) of Section 93-65 (Transit Facilities) shall apply to any subway-related use on a zoning lot that includes the volume bounded by a line 37 feet east of and parallel to Eleventh Avenue, West 26th Street, a line 100 feet east of and parallel to Eleventh Avenue, and a line 95 feet south of and parallel to West 26th Street, up to a height of 60 feet, as illustrated on the District Map in Appendix A of this Chapter.

(3/22/16)

98-70
SUPPLEMENTAL REGULATIONS

(a) In the Special West Chelsea District, the provisions of paragraphs (a) through (d), inclusive, of Section 93-90 (HARASSMENT) shall apply as modified in this Section.

(b) In the Special West Chelsea District, the provisions of Section 93-91 (Demolition) shall apply.

For the purposes of this Section, the following definitions in Section 93-90 shall be modified:

Anti-harassment area

“Anti-harassment area” shall mean the Special West Chelsea District.
Referral date

“Referral date” shall mean December 20, 2004.

In addition, Section 93-90, paragraph (d)(3), is modified as follows:

No portion of the #low income housing# required under this Section shall qualify to:

(a) increase the #floor area ratio# pursuant to the provisions of the #Special West Chelsea District#, #Special Hudson Yards District#, #Special Garment Center District#, #Special Clinton District# or Section 23-154; or

(b) satisfy an eligibility requirement of any real property tax abatement or exemption program with respect to any #multiple dwelling# that does not contain such #low income housing#.

Appendix D
Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus in Subarea H

This Appendix sets forth additional requirements governing zoning lots located within Subarea H between West 17th and 18th Streets over which the High Line passes with respect to a development or enlargement which involves an increase in the applicable basic maximum floor area ratio of the zoning lot up to the amount specified in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas), with respect to: (1) the issuance of a building permit for such development or enlargement pursuant to paragraph (a) of Section 98-25 (High Line Improvement Bonus); and (2) the performance or funding of improvements as a condition of issuance of temporary or permanent certificates of occupancy, pursuant to paragraph (b) of Section 98-25, for floor area in such development or enlargement which exceeds the basic maximum floor area ratio of the zoning lot. The term “parties in interest” as used herein shall mean “parties-in-interest,” as defined in paragraph (f)(4) of the definition of zoning lot under Section 12-10.

(a) Requirements for issuance of building permit under paragraph (a) of Section 98-25

(1) As a condition of issuance of a building permit under paragraph (a) of Section 98-25:

(i) Owner shall, subject to reduction pursuant to the other provisions of this Appendix D, deposit into the High Line Improvement Fund, or secure by letter of credit or other cash equivalent
instrument in a form acceptable to the City, a contribution of $50.00 per square foot of floor area which exceeds the basic maximum floor area ratio of the zoning lot, up to the amount specified in Section 98-22, provided, that in the event the Owner has previously entered into agreements for construction of At-Grade Plaza Work and Stairway and Elevator Access Work by the City, pursuant to paragraph (a)(2) of this Appendix D, and has made a contribution pursuant thereto, the amount of contribution to the High Line Improvement Fund under this subparagraph for purposes of Section 98-25, paragraph (a) shall be reduced by such amount at the time it is made;

(ii) all parties-in-interest shall execute a restrictive declaration including easements to the City providing for: the location of and public access to and use of the At-Grade Plaza and the stairway and elevator that will provide access to the High Line, as shown in Diagram 3 of Appendix C, such easement area for the At-Grade Plaza to include the entire area of the zoning lot east of the High Line and such easement area as it relates to such stairway and elevator to be at least 2,500 square feet and in a location and configuration acceptable to the City; access for the potential performance by the City of work under the provisions set forth below; and maintenance and repair of the stairway and elevator. Such declaration shall incorporate by reference the maintenance and operating agreement referred to in paragraph (a)(1)(iii) of this Appendix D, provided that, in the event the Owner enters into agreements for construction of some or all of the At-Grade Plaza Work and Stairway and Elevator Access Work by the City pursuant to paragraph (a)(2) of this Appendix D, the provisions of such restrictive declaration shall be modified as deemed necessary by the City to effectuate such agreements; and

(iii) the Owner shall execute a maintenance and operating agreement for the At-Grade Plaza.
The easements and agreements described herein shall remain in force and effect irrespective of whether certificates of occupancy are issued pursuant to Section 98-25, paragraph (b).

(2) Upon the request of the Owner or the City, the City in its sole discretion, may enter into agreements with the Owner, in a form acceptable to the City, providing for construction by the City of some or all of the At-Grade Plaza Work described in paragraph (b)(2)(ii)(b) of this Appendix D, and some or all of the Stairway and Elevator Access Work described in paragraph (b)(3)(ii) by the City, including provisions with regard to the viability of retail space fronting the At-Grade Plaza. Pursuant to such agreements, the Owner shall make a contribution of $2,300,000 to a sub-account of the #High Line# Improvement Fund to fund such construction, which amount may be reduced in accordance with provisions of such agreements by an amount reflecting expenditures that the owner has reasonably incurred or shall reasonably incur with respect to remediation work for the At-Grade Plaza and any other work which is the responsibility of the Owner pursuant thereto. All parties in interest shall execute a Restrictive Declaration pursuant to paragraph (a)(1)(ii) of this Appendix D, with such modifications as deemed necessary by the City to effectuate such agreements.

(3) Upon the request of Owner, the City in its sole discretion, may elect to have Owner perform all #High Line# improvements (i.e., non-structural and non-remediation work) at its own expense within the #High Line# improvement area, as shown in Appendix C of this Chapter, on such #zoning lot# and over #streets# contiguous to such #zoning lot#. In that event, certification under Section 98-25, paragraph (a), shall also be made upon execution of an agreement by Owner, approved by the Chairperson of the City Planning Commission, to perform such improvements, the cost of which shall be refunded or credited from the contribution to the #High Line# improvement. Such agreement may require Owner to reimburse the City for the costs of a full-time resident engineer to supervise such work.
(4) The location of #floor area# which would exceed the basic maximum #floor area ratio# and be subject to the provisions of Section 98-25 shall be considered to be the topmost portion of the #development# or #enlargement# unless, at the time of certification pursuant to Section 98-25, paragraph (a), Owner designates, subject to the concurrence of the Chairperson of the City Planning Commission, an alternate location.

(b) Requirements for issuance of certificates of occupancy under paragraph (b) of Section 98-25

(1) Structural Remediation Work under paragraph (b)(2) of Section 98-25:

(i) Owner may, at its option, elect to perform Structural Remediation Work on the portion of the #High Line# within the #High Line# improvement area, as shown in Appendix C of this Chapter, on such #zoning lot# and over #streets# contiguous thereto in accordance with the provisions of this paragraph (b). Owner may exercise such option following receipt of the City’s specifications for the Structural Remediation Work or upon the City’s failure to provide such specifications, as set forth in paragraphs (b)(1)(iv) and (b)(1)(v) in this Section (unless such dates are extended by mutual agreement of the City and Owner), but in no event may exercise such option later than 90 days following receipt of a notice by the City of its intent to commence improvements to the #High Line# within the #High Line# improvement area applicable to the #zoning lot# within the next 24 months. In that event, the amount of contribution to the #High Line# Improvement Fund shall be reduced by $21.00 per square foot of #floor area# which exceeds the basic maximum #floor area ratio# of the #zoning lot# up to the amount specified in Section 98-22 and the City shall refund or credit the Owner, as applicable, for any excess from or against the #High Line# Improvement Fund. In the event of exercise of such option, certification pursuant to Section 98-25, paragraph (b)(2), with respect to the Structural Remediation Work, shall be of substantial completion with respect to issuance
of any temporary certificate of occupancy, and of final completion with respect to issuance of any final certificate of occupancy.

(ii) Such Structural Remediation Work shall include work on or under the #High Line# and above, at and below grade, which shall be of the same quality and performance standards (i.e., with respect to use, useful life and maintenance requirements) as required for the remainder of the #High Line# (recognizing that there may be different standards for portions of the #High Line# that will be exposed to public view versus those that will not be so exposed) and shall include, but not be limited to, the following:

(a) Removal and disposal of all lead-based products in accordance with specifications provided by the City, and disposal of all waste, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;

(b) Repair of all damaged portions of the entire steel structure, including but not limited to railings, columns and footings, in accordance with the specifications provided by the City and all applicable rules, including those pertaining to historic preservation;

(c) Recoating of the entire steel structure with the types of products and numbers of coats specified by the City;

(d) Repairs to damaged concrete; removal, disposal, and replacement of any concrete that is found to contain hazardous materials; and recoating of the entire concrete portion of the #High Line# as specified by the City, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;

(e) Removal of any or all portions of the ballast material on the #High Line#,
including but limited to gravel, railroad ties and steel rails, trash, plant material, and any other objectionable materials (including, but not limited to, asbestos and pigeon guano) that are found on or under the #High Line#, as specified by the City, and disposal of all such material in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities. In the event that the City directs that any or all ballast material is to remain on the #High Line#, it shall be capped, as necessary, in accordance with the specifications provided by the City and the rules and regulations of all appropriate agencies. Any ballast material that is to remain, but also remain uncapped, shall be cleared and grubbed in accordance with specifications of the City; and

(f) Any work required to be performed below-grade for the anticipated improvements of the #High Line# for reuse as open space.

(iii) Subject to the Not-To-Exceed Limit set forth in paragraph (c) of this Appendix D, if Owner exercises the option to perform the Structural Remediation Work, it shall reimburse the City for the reasonable cost of hiring or procuring the services of a full-time resident engineer to supervise the Structural Remediation Work, with associated costs (e.g., trailer, computer, telephone).

(iv) The City shall consult with Owner regarding the drafting of the specifications for the Structural Remediation Work, and then provide Owner with such specifications by January 31, 2006, subject to delays outside the reasonable control of the City (including, without limitation, litigation, but such delays shall not extend more than 180 days), unless such date is extended by mutual agreement between the City and Owner.

(v) In the event Owner exercises the option to perform the Structural Remediation Work, Owner shall have 12 months to complete such work
following June 23, 2005, or of the date of
exercise of such option, whichever is later,
unless such date is extended by mutual agreement
between the City and Owner, and subject to
reasonable extension for any delays beyond
Owner’s reasonable control and, in addition, for
any time during which Owner is unable to gain
access in order to perform the Structural
Remediation Work due to the actions of a tenant
occupying the #zoning lot#, or portion thereof,

(vi) In the event that the City does not provide the
specifications for the Structural Remediation
Work, within the timeframe set forth in paragraph
(iv) of this Section, Owner may exercise the
option to perform such work, and shall complete
it within 12 months of the exercise of such
option, unless such date is extended by mutual
agreement between the City and Owner, and subject
to reasonable extension for any delays as
described in paragraph (b)(1)(v), but may use its
own specifications, consistent with the
description of the Structural Remediation Work
set forth above and sound, high quality
engineering, construction and workmanship
standards and practices.

(2) At-Grade Plaza Work under paragraph (b)(3) of Section
98-25:

The following shall apply, except to the extent that
agreements and other instruments in a form acceptable
to the City have been executed pursuant to paragraph
(a)(2) of this Appendix D, that provide for
construction of some or all of the At-Grade Plaza Work
set forth in paragraphs (b)(2)(ii)(b) and
(b)(2)(ii)(c), by the City:

(i) Owner shall perform At-Grade Plaza Work within
the area on the #zoning lot# shown in Diagram 3
of Appendix C. For any temporary certificate of
occupancy, certification pursuant to Section 98-
25, paragraph (b)(3), shall be of substantial
completion of the At-Grade Plaza Work (i.e., the
At-Grade Plaza shall be open and accessible to
the public). For any permanent certificate of
occupancy, certification pursuant to Section 98-25, paragraph (b)(3), shall be of final completion of the At-Grade Plaza Work. Substantial completion of the At-Grade Plaza Work shall also require execution by all parties-in-interest of the declarations, easements and maintenance and operating agreement described in paragraph (a) of section (1) of this Appendix, if not previously provided in connection with issuance of a building permit.

(ii) At-Grade Plaza Work shall include, but not be limited to:

(a) remediation work; and

(b) all paving, plantings, surface treatments, lighting, trees, seating, fountains and other site amenities; and

(c) infrastructure work, including conduits, drainage, water line, electrical connections, and other utility work serving the At-Grade Plaza.

(iii) The At-Grade Plaza Work shall be performed by the Owner pursuant to construction documents provided by the City by January 31, 2008. The At-Grade Plaza Work shall be completed within one year following January 31, 2008, subject to reasonable extension for any delays beyond Owner’s reasonable control and to such extension as the City and the Owner may mutually agree, and, in addition, for any time during which Owner is unable to gain access in order to perform the At-Grade Plaza Work due to the actions of a tenant occupying the #zoning lot#, or portion thereof, upon October 17, 2007, or for any time needed to perform any necessary remediation work on the #zoning lot#.

(iv) In no event shall Owner be required to complete the At-Grade Plaza Work until the #High Line# improvements within the portion of the #High Line# Improvement Area, as shown in Appendix C of this Chapter, adjacent to the #zoning lot#.
(and, as applicable, over such Improvement Area, as shown on Diagram 3 of Appendix C), are substantially complete (i.e., open to the public but for the work needed to complete the At-Grade Plaza Work). Notwithstanding the foregoing, in no event shall Owner be entitled to certification pursuant to Section 98-25, paragraph (b)(3), until the Chairperson determines that the At-Grade Plaza Work is substantially complete.

(v) The cost to Owner of the At-Grade Plaza Work (inclusive of the Stairway and Elevator Access Work described in paragraph, (b)(3) of this Section) shall not exceed $2,300,000. The amount of contribution to the #High Line# Improvement Fund under subdivision (a) of section (1) of this Appendix made for purposes of Section 98-25, paragraph (a), shall be reduced by such amount at the time it is made. In addition to the costs of the At-Grade Plaza Work, subject to the Not-To-Exceed Limit set forth paragraph (c) of this Appendix D. Owner shall be required to reimburse the City for:

(a) the reasonable cost of developing the plans and construction documents for the At-Grade Plaza Work; and

(b) the reasonable cost of hiring or procuring the services of a full-time resident engineer to supervise the At-Grade Plaza Work, with associated costs (e.g., trailer, computers, telephone).

(vi) In the event that construction documents for the At-Grade Plaza Work (inclusive of the Stairway and Elevator Access Work described in paragraph (b)(3) of this Section) are not delivered to Owner within the timeframe set forth in paragraph (3) of this subsection, Owner shall not be required to perform the At-Grade Plaza Work (inclusive of the Stairway and Elevator Access Work described in paragraph (b)(3) of this Section) consistent with such documents. Instead, Owner shall perform Alternate At-Grade Plaza Work which shall include all necessary
remediation work, all necessary below-grade work (including related infrastructure work necessary to support the #High Line#), and at-grade improvements pursuant to the standards set forth in Sections 37-718, 37-726, 37-728, 37-741, 37-742, 37-743 and 37-76 of the Zoning Resolution, except that open-air cafes and kiosks shall not be permitted. Permitted obstructions, whether as described in the City’s specifications for the At-Grade Plaza Work or as specified in Section 37-726, for the Alternate At-Grade Plaza Work, shall not count towards #lot coverage#.

(vii) The cost to the Owner of the Alternate At-Grade Plaza Work shall not exceed $1,400,000. In addition, Owner shall, subject to the Not-To-Exceed Limit of paragraph (c) of this Appendix D, be required to reimburse the City for the reasonable cost of hiring or procuring the services of a full-time resident engineer to supervise the Alternate At-Grade Plaza Work, with associated costs (e.g., trailer, computers, telephone).

(viii) Upon substantial completion of the At-Grade Plaza and in any event as a condition of certification of substantial completion pursuant to Section 98-25, paragraph (b)(4), Owner shall provide the City with the declarations, easements and maintenance and operating agreement described in subsection (a) of section (1) of this Appendix, if not already provided in connection with the issuance of a building permit; such At-Grade Plaza shall be open and accessible to the public during at least the same hours during which the #High Line# is open and accessible to the public, subject to the terms of the maintenance and operating agreement; and Owner shall maintain the At-Grade Plaza pursuant to the terms of the maintenance and operating agreement.

(3) Stairway and Elevator Access Work under paragraph (b)(4) of Section 98-25:

The following shall apply except to the extent that agreements and other instruments in a form acceptable to the City have been executed pursuant to paragraph
(a)(2) of this Appendix D that provide for the construction of some or all of the Stairway and Elevator Access Work described in paragraph (b)(3)(ii) of this Appendix D by the City:

(i) Except as provided in paragraph (b)(3)(iii) of this Section, Owner shall perform Stairway and Elevator Access Work within the At-Grade Plaza area as shown in Diagram 3 of Appendix C in conjunction with performance of the At-Grade Plaza Work. For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (b)(4), shall be of substantial completion of the Stairway and Elevator Access Work (i.e., the stairway and elevator could be made open and accessible to the public). For permanent certificates of occupancy, certification pursuant to such Section shall be of final completion of the work.

(ii) The Stairway and Elevator Access Work shall consist of one stairway and one elevator, shall be included in the construction drawings for the At-Grade Plaza Work described above, and shall be performed by Owner within the time period for performance of the At-Grade Plaza Work described in paragraph (c) of this Section. The location for the stairway and elevator shall take into account the viability of any retail spaces fronting the At-Grade Plaza.

(iii) Owner shall not be responsible for performance of the Stairway and Elevator Access Work where it performs the Alternate At-Grade Plaza Work in accordance with paragraph (b) of this Section. In that event, prior to commencing the Alternate At-Grade Plaza Work and in any event as a condition of certification of substantial completion pursuant to Section 98-25, paragraph (b)(4):

(a) Owner shall deposit into the High Line Improvement Fund, a contribution of $900,000.00 (the Access Contribution), to be used at the direction of the Chairperson of the City Planning Commission for construction of stairway and elevator facilities on the #zoning lot#; and
(b) Owner shall provide the City with the declarations, easements, and maintenance and operating agreement described in paragraph (a)(1) of this Appendix D, if not previously provided in connection with issuance of a building permit.

(4) City performance of work in the event of failure to perform:

(i) In the event Owner has not completed any of the #High Line# Improvement Work (where an agreement for performance of such work has been executed under paragraph (a) of this Appendix D, Structural Remediation Work (where Owner has exercised the option under paragraph (b)(1) of this Appendix), the At-Grade Plaza Work or Alternate Plaza Work, as applicable, and the Stairway and Elevator Access Work (where required to do so under paragraphs (b)(2) and (b)(3) of this Appendix), by a time at which the City has completed portions of the #High Line# (i.e., such that such portions are open and accessible to the public) immediately on either side of the #High Line# improvement area, as shown in Appendix C of this Chapter, for the #zoning lot#, as shown on Diagram 3 of Appendix C, and a relevant deadline for performance of such work under paragraphs (b)(1), (b)(2) or (b)(3) has passed, subject to the provisions of such sections relating to extension by mutual agreement or delay, the City, at its sole option, may, upon written notice to Owner, notify Owner of its intent to proceed with performance and/or completion of the relevant work at its own expense.

(ii) The City may proceed with performance and/or completion of the work following such notice unless Owner:

(a) within 45 days following such notice, submits to the Department of City Planning a reasonable schedule (not to exceed 12 months in total), unless such date is extended by mutual agreement between the City and Owner, for completion of the relevant work, as
applicable, which schedule shall be subject to review and reasonable approval by the City; and

(b) completes the relevant work in accordance with such schedule, subject to reasonable extension for any delays beyond Owner’s reasonable control and, in addition, any time in which Owner is unable to gain access in order to perform the At-Grade Plaza Work or Alternate Plaza Work due to the actions of a tenant occupying the zoning lot, or portion thereof, upon December 20, 2004, or for any time during which remediation work is in progress on the zoning lot.

(iii) In the event Owner does not comply with the requirements of paragraph (b)(4)(ii):

(a) the City may proceed with performance and/or completion of relevant work, and may obtain access to perform such work pursuant to the easements described in paragraph (1) of section (a) of this Appendix;

(b) the City shall return to Owner any contribution made to the High Line Improvement Fund; and

(c) no building permit may be issued pursuant to Section 98-25, paragraph (a), nor any temporary or permanent certificate of occupancy may be issued pursuant to Section 98-25, paragraph (b), for floor area in a development or enlargement which exceeds the maximum floor area of the zoning lot.

(c) Reimbursement Not-To-Exceed Limits

Reimbursement of the City by Owner of costs pursuant to this Appendix shall not exceed a total of $450,000.00.

(8/24/17)
Appendix E
Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus and Located Partially Within Subareas D, E, G or I

This Appendix sets forth additional requirements governing zoning lots located partially within Subareas D, E and G or within Subarea I between West 16th and 17th Streets over which the High Line passes, with respect to a development or enlargement which involves an increase in the applicable basic maximum floor area ratio of the zoning lot up to the amount specified in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas), with respect to: (1) the issuance of a building permit for such development or enlargement pursuant to paragraph (a) of Section 98-25 (High Line Improvement Bonus); and (2) the performance or funding of improvements as a condition of issuance of temporary or permanent certificates of occupancy, pursuant to paragraph (c) of Section 98-25, for floor area in such development or enlargement which exceeds the basic maximum floor area ratio of the zoning lot. The term “parties in interest” as used herein shall mean “parties-in-interest,” as defined in paragraph (f)(4) of the definition of zoning lot in Section 12-10.

(a) Requirements for issuance of building permit pursuant to paragraph (a) of Section 98-25

(1) As a condition of certification:

(i) Owner shall, subject to reduction pursuant to the other provisions of this Appendix E, deposit into the High Line Improvement Fund, or secure by letter of credit or other cash equivalent instrument in a form acceptable to the City, a contribution of $50.00 per square foot of floor area which exceeds the basic maximum floor area ratio of the zoning lot, up to the amount specified in Section 98-22; and

(ii) all parties-in-interest shall execute a restrictive declaration including easements to the City providing for: the location of and public access to and from a stairway and elevator on the zoning lot that will provide access to the High Line and for maintenance and repair by the City of such stairway and elevator; and the potential performance by the City of work under
the provisions set forth below. In the case of #zoning lots# between West 16th and 17th Streets, Owner shall also provide the City with easements providing for City access to and from and for public use of the #High Line# Service Facilities on the #zoning lot# and for maintenance and repair by the City of such #High Line# Service Facilities. For #zoning lots# between West 18th and 19th Streets, in the event that the Commissioner of Parks and Recreation requires #High Line# Service Facility Work pursuant to paragraph (b)(4) of this Appendix, no easements shall be required relating to the location of and public access to a #zoning lot# nor from a stairway and elevator on the #zoning lot#. In such event, Owner shall instead provide the City with easements providing for City access to and from and for use of the #High Line# Service Facilities on the #zoning lot# and for maintenance and repair by the City of such #High Line# Service Facilities, as specified in paragraph (b)(4)(ii) of this Appendix, and any restrictive declaration previously executed under this paragraph (a)(1)(ii) in connection with an initial certification pursuant to paragraph (a) of Section 98-25 shall be amended to provide for such easements. All easements described herein shall be in a form acceptable to the City and shall remain in force and effect irrespective of whether certificates of occupancy are issued pursuant to Section 98-25, paragraph (c); and

(iii) submit plans for Stairway and Elevator Access Facilities and, where applicable, #High Line# Service Facilities that demonstrate compliance with the provisions of this Appendix E, and are consistent with New York City Department of Parks and Recreation standards and best practices governing materials life cycle and maintenance for review and approval by the Chairperson of the City Planning Commission.

(2) Upon the request of Owner, the City in its sole discretion, may elect to have Owner perform all #High Line# improvements (i.e., non-structural and non-remediation work) at its own expense within the #High Line# improvement area, as shown in Appendix C of this
Chapter, on such zoning lot and over streets contiguous to such zoning lot. In that event, certification under Section 98-25, paragraph (a), shall also be made upon execution of an agreement, approved by the Chairperson of the City Planning Commission, to perform such improvements, the cost of which shall be refunded or credited from the High Line Improvement Fund contribution to reflect the cost of such improvements. Such agreement may require Owner to reimburse the City for the costs of a full-time resident engineer to supervise such work.

(3) The location of floor area which would exceed the basic maximum floor area ratio and be subject to the provisions of Section 98-25 shall be considered to be the topmost portion of the development or enlargement unless, at the time of certification pursuant to Section 98-25, paragraph (a), Owner designates, subject to the concurrence of the Chairperson of the City Planning Commission, an alternate location.

(b) Requirements for issuance of certificates of occupancy pursuant to paragraph (c) of Section 98-25:

(1) Structural Remediation Work pursuant to paragraph (c)(2) of Section 98-25

(i) Owner may, at its option, elect to perform Structural Remediation Work on the portion of the High Line within the High Line improvement area, as shown in Appendix C of this Chapter, on such zoning lot and over streets contiguous thereto in accordance with the provisions of this paragraph. Owner may exercise such option following receipt of the City’s specifications for the Structural Remediation Work or upon the City’s failure to provide such specifications, as set forth in paragraphs (b)(1)(iv) and (b)(1)(v), (unless such dates are extended by mutual agreement of the City and Owner), but in no event may exercise such option later than 90 days following receipt of a notice by the City of its intent to commence improvements to the High Line within the High Line improvement area applicable to the zoning lot within the next 24 months. In that event, the amount of contribution
to the #High Line# Improvement Fund shall be reduced by $21.00 for each square foot of #floor area# which exceeds the basic maximum #floor area ratio# of the #zoning lot# up to the amount specified in Section 98-22 and the City shall refund or credit the Owner, as applicable, for any excess from or against the #High Line# Improvement Fund. In the event of exercise of such option, certification pursuant to Section 98-25, paragraph (c)(2), with respect to the Structural Remediation Work shall be of substantial completion with respect to issuance of temporary certificates of occupancy, and of final completion with respect to issuance of final certificates of occupancy.

(ii) Such Structural Remediation Work shall include work on or under the #High Line# and above, at and below grade, which shall be of the same quality and performance standards (i.e., with respect to use, useful life, and maintenance requirements) as required for the remainder of the #High Line# (recognizing that there may be different standards for portions of the #High Line# that will be exposed to the public versus those that will not be so exposed) and shall include, but not be limited to, the following:

(a) Removal and disposal of all lead-based products in accordance with specifications provided by the City, and disposal of all waste, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;

(b) Repair of all damaged portions of the entire steel structure, including, but not limited to, railings, columns and footings, in accordance with the specifications provided by the City and all applicable rules, including those pertaining to historic preservation;

(c) Recoating of the entire steel structure with the types of products and numbers of coats specified by the City;
(d) Repairs to damaged concrete; removal, disposal, and replacement of any concrete that is found to contain hazardous materials; and recoating of the entire concrete portion of the #High Line# as specified by the City, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;

(e) Removal of any or all portions of the ballast material on the #High Line#, including, but limited to gravel, railroad ties and steel rails, trash, plant material, and any other objectionable materials (including, but not limited to, asbestos and pigeon guano) that are found on or under the #High Line#, as specified by the City, and disposal of all such material in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities. In the event that the City directs that any or all ballast material is to remain on the #High Line#, it shall be capped, as necessary, in accordance with the specifications provided by the City and the rules and regulations of all appropriate agencies. Any ballast material that is to remain, but also remain uncapped, shall be cleared and grubbed in accordance with specifications of the City; and

(f) Any work required to be performed below grade for the anticipated improvements of the #High Line# for reuse as open space.

(iii) The City shall consult with Owner regarding the drafting of the specifications for the Structural Remediation Work, and then provide Owner with such specifications by January 31, 2006, subject to such delays as are outside the reasonable control of the City (including, without limitation, litigation, but such delays shall not extend more than 180 days), unless such date is extended by mutual agreement between the City and Owner.
(iv) In the event Owner exercises the option to perform the Structural Remediation Work, Owner shall have 12 months to complete such work following June 23, 2005, or of the date of exercise of such option, whichever is later, unless such date is extended by mutual agreement between the City and Owner, and subject to reasonable extension for any delays beyond Owner’s reasonable control.

(v) In the event that the City does not provide the specifications for the Structural Remediation Work within the timeframe set forth in paragraph (b)(1)(iii) of this Appendix, Owner may exercise the option to perform such work and proceed with the Structural Remediation Work, and shall complete it within 12 months of the exercise of such option, unless such date is extended by mutual agreement between the City and Owner, and subject to reasonable extension for any delays beyond Owner’s reasonable control, but may use its own specifications, consistent with the description of the Structural Remediation Work set forth above and sound, high quality engineering, construction and workmanship standards and practices.

(vi) If Owner exercises the option to perform the Structural Remediation Work, Owner shall reimburse the City for the reasonable cost of hiring or procuring the services of a full-time resident engineer to supervise the Structural Remediation Work, with associated costs (e.g., trailer, computer, telephone), such reimbursement not to exceed $115,000.

(2) Stairway and Elevator Access Work pursuant to paragraph (c)(3) and, except where the provisions of paragraph (b)(4) of this Appendix E apply, paragraph (c)(4) of Section 98-25:

(i) Owner shall perform Stairway and Elevator Access Work subject to the provisions of this paragraph (b)(2). For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (c)(3), shall be of substantial completion of the Stairway and Elevator Access
Work (i.e., the stairway and elevator could be made open and accessible to the public). For permanent certificates of occupancy, certification shall be of final completion of the work.

(ii) The Stairway and Elevator Access Work shall consist of one stairway and one elevator located directly adjacent to or below the #High Line#. Except as approved by the Chairperson of the City Planning Commission pursuant to paragraph (a)(1)(iii) of this Appendix, #curb level# entrances to such access facilities must be located at the #street line#. Such access facilities shall be harmonious with the design of the #High Line# on the #zoning lot# and shall be visible and identifiable as #High Line# access facilities when viewed from Tenth Avenue. Such access facilities may be unenclosed or enclosed. When such access facilities are enclosed and located at the #street line#, any wall or facade separating the access facility from the #street# shall be substantially glazed and fully transparent from ground level to the full height of the access facility. Any wall or facade separating the access facility from the #High Line# shall be substantially glazed and fully transparent from the level of the #High Line bed# to the full height of the access facility. Stairways shall have a clear path of not less than six feet in width. Such access facilities shall be identified with signage placed at the #High Line# level and at street level that is consistent with guidelines specified in the signage plan as authorized by the City Planning Commission pursuant to the provisions of Section 98-15.

(iii) The Stairway and Elevator Access Work shall be completed within one year following the later of June 23, 2005, or the Chairperson’s review and acceptance of the plans and specifications that demonstrate compliance with the provisions of paragraph (b)(2)(ii) of this Appendix, subject to reasonable extension for any delays beyond Owner’s reasonable control, unless such date is
extended by mutual agreement between the City and Owner.

(iv) In no event however shall Owner be required to complete the Stairway and Elevator Access Work until the High Line improvements in the portion of the High Line improvement area, as shown in Appendix C of this Chapter, adjacent to the zoning lot, as shown on Diagram 4 or 5 of Appendix C, are substantially complete. Notwithstanding the foregoing, in no event shall Owner be entitled to certification, pursuant to Section 98-25, paragraph (c)(3), until the Chairperson determines that the Stairway and Elevator Access Work is substantially complete.

(3) High Line Service Facility Work pursuant to paragraph (c)(3) of Section 98-25:

(i) For zoning lots located between West 16th and 17th Streets, Owner shall perform High Line Service Facility Work subject to the provisions of this Appendix. For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (c)(3), shall be of substantial completion of the work. For permanent certificates of occupancy, certification shall be of final completion of the work.

(ii) High Line Service Facilities shall consist of satellite maintenance and operations space for the High Line open space as well as public restrooms, in accordance with the following standards:

(a) Location

Such facilities shall have a component located at the level of the High Line bed, or within five feet of such level (hereinafter referred to as the “upper service facility”). Such facilities shall also have a component located no higher than curb level (hereinafter referred to as the “lower service facility”). The upper facility must be located directly above the lower facility to enable placement of a
trash chute connecting the upper and lower facilities. Where the upper facility is not located exactly at the level of the #High Line bed#, a fully accessible ramp must connect such level with the level of the upper facility. Where the lower facility is not located exactly at #curb level#, a means acceptable to the City of connecting the lower service facility to a #street# frontage shall be provided.

(b) Program and dimensions

(1) Lower service facilities

Lower service facilities shall contain a room which is accessible from #street# level and is no less than 50 square feet in area. Such facility shall contain the outlet of a trash chute from the upper service facility and shall also have a minimum of one electrical outlet furnishing a wattage consistent with its intended use within a maintenance and operations facility.

(2) Upper service facilities

Upper service facilities shall be no less than 350 square feet in area and shall contain, at a minimum, one public restroom not less than 250 square feet in area with separate restroom spaces for each gender, one storage room not less than 70 square feet in area, and one waste disposal room not less than 30 square feet in area and containing a trash chute to the lower service facility.

Each room within such upper service facilities shall have a minimum of one electrical outlet furnishing wattage consistent with its intended use within a maintenance and operations facility.
(iii) The #High Line# Facility Work shall be completed within one year following the later of June 23, 2005, or the Chairperson’s review and acceptance of the plans and specifications that demonstrate compliance with the standards of paragraph (b)(3)(ii) of this Appendix, subject to reasonable extension for any delays beyond Owner’s reasonable control, unless such date is extended by mutual agreement between the City and Owner.

(iv) In no event, however, shall Owner be required to complete the #High Line# Facility Work until the #High Line# improvements in the portion of the #High Line# improvement area, as shown in Appendix C of this Chapter, adjacent to the #zoning lot#, as shown on Diagram 5 of Appendix C, are substantially complete. Notwithstanding the foregoing, in no event shall Owner be entitled to certification pursuant to Section 98-25, paragraph (c)(3), until the Chairperson determines that the Stairway and Elevator Access Work is substantially complete.

(v) The cost to Owner of the #High Line# Facilities Work shall not exceed $1,150,000. The amount of contribution to the #High Line# Improvement Fund under paragraph (a)(1) of this Appendix E, made for purposes of Section 98-25, paragraph (a), shall be reduced by such at the time it is made.

(4) #High Line# Service Facility Work pursuant to paragraph (c)(4) of Section 98-25:

(i) For #zoning lots# located between West 18th and 19th Streets, in the event the Commissioner of Parks and Recreation elects to require improvements under this paragraph by providing Owner written notice thereof no later than 30 days following August 24, 2017, Owner shall perform #High Line# Service Facility Work subject to the provisions of this paragraph (b)(4). For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (c)(4), shall be of substantial completion of the work. For permanent
certificates of occupancy, certification shall be of final completion of the work.

(ii) #High Line# Service Facilities under this paragraph (b)(4) shall consist of facilities that the Commissioner of Parks and Recreation determines will provide significant support services to the #High Line# in accordance with the following minimum standards:

(a) Components, Size and Location

The #High Line# Service Facilities shall consist of a space on one or more levels, with no less than 1,900 square feet of such space at a floor level at, or within three vertical feet of, the level of the #High Line bed#; a walkway connecting such space to the #High Line# of sufficient width and with sufficient load-bearing capacity to accommodate the movement of service equipment to and from the #High Line# and which satisfies the additional obligations of the Americans with Disabilities Act of 1990; and a stairway with a clear path of not less than 44 inches in width providing access from the #street# to the portion of the #High Line# Service Facilities located above.

(b) Other Features

The #High Line# Service Facilities shall include plumbing, electrical and utility infrastructure, including HVAC, as reasonably necessary to perform the service functions identified by the Commissioner of Parks and Recreation. Portions of any wall separating the #High Line# Service Facilities from the #High Line# and extending from the level of the #High Line bed# to the full height of the #High Line# Service Facilities shall comply with the transparency requirements of Section 98-54.
(iii) The #High Line# Service Facility Work shall be completed within one year following the later of August 24, 2017, or the review and acceptance by the Chairperson of the City Planning Commission of the plans and specifications that demonstrate compliance with the standards of paragraph (b)(4)(ii) of this Appendix, subject to reasonable extensions for any delays beyond Owner's reasonable control, unless such date is extended by mutual agreement between the City and Owner. Notwithstanding the foregoing, in the event that, prior to an election by the Commissioner of Parks and Recreation under paragraph (b)(4)(i) of this Appendix, the City and Owner have agreed to an extension pursuant to paragraph (b)(2)(iii) of this Appendix, in connection with Stairway and Elevator Access Work, the #High Line# Facility Work shall be completed by such date, unless further extended by mutual agreement pursuant to this paragraph (b)(4)(iii).

(c) City performance in the event of failure to perform

(1) In the event Owner has not completed any of the #High Line# Improvement Work (where an agreement for performance of such work has been executed under paragraph (a)(1) of this Appendix), Structural Remediation Work (where Owner has exercised the option under paragraph (b)(1) of this Appendix) and the Stairway and Elevator Access Work (under paragraph (b)(3)), by a time at which the City has completed portions of the #High Line# (i.e., such that such portions are open and accessible to the public) immediately on either side of the #High Line# improvement area, as shown in Appendix C of this Chapter, for the #zoning lot#, as shown on Diagram 4 or 5 of Appendix C, and a relevant deadline for performance of such work under paragraphs (b)(1), (b)(2) or (b)(3) of this Appendix, as applicable, has passed, subject to the provisions of such paragraphs relating to extension by mutual agreement or delay, the City, at its sole option, may, upon written notice to Owner, notify Owner of its intent to proceed with performance and/or completion of the relevant work at its own expense.
(2) The City may proceed with performance and/or completion of the work following such notice unless Owner:

(i) within 45 days following such notice, submits to the Department of City Planning a reasonable schedule (not to exceed 12 months in total) for completion of the relevant work, as applicable, which schedule shall be subject to review and reasonable approval by the City, unless such date is extended by mutual agreement between the City and Owner; and

(ii) completes the relevant work in accordance with such schedule, subject to reasonable extension for any delays beyond Owner’s reasonable control.

(3) In the event Owner does not comply with the requirements of paragraph (c)(2) of this Appendix:

(i) the City may proceed with performance and/or completion of relevant work, and may obtain access to perform such work pursuant to the easements described in paragraph (a)(1) of this Appendix;

(ii) the City shall return to Owner any contribution made to the #High Line# Improvement Fund; and

(iii) no building permit may be issued pursuant to Section 98-25, paragraph (a), nor may any temporary or permanent certificates of occupancy be issued pursuant to Section 98-25, paragraph (d), for #floor area# in a #development# or #enlargement# which exceeds the maximum #floor area# of the #zoning lot#.

(11/13/12)

Appendix F
Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus and Located Within Subarea J

This Appendix sets forth additional requirements governing #zoning lots# located within Subarea J over which the #High
Line passes for any development or enlargement which involves an increase in the applicable basic maximum floor area ratio of the zoning lot up to the amount specified in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas). The additional requirements are set forth in this Appendix F, in paragraph (a), the issuance of a building permit for such development or enlargement pursuant to paragraph (a) of Section 98-25 (High Line Improvement Bonus); in paragraph (b), the performance of improvements as a condition of issuance of temporary or permanent certificates of occupancy pursuant to paragraph (d) of Section 98-25; and in paragraph (c), the option of the owner to offer to the City an additional High Line Support Easement Volume. The term “parties in interest” as used herein shall mean “parties-in-interest,” as defined in paragraph (f)(4) of the definition of zoning lot in Section 12-10.

(a) Requirements for issuance of a building permit pursuant to paragraph (a) of Section 98-25

(1) As a condition of certification:

(i) For each square foot of floor area which causes the floor area ratio of a zoning lot to exceed the floor area ratio of such zoning lot on November 13, 2012, up to the amount specified in Section 98-22, the owner shall:

(a) for the first 80,000 square feet of such floor area, deposit such contribution to the Affordable Housing Fund established under Section 98-262, paragraph (c), for use in accordance with the provisions of that Section; and

(b) for all such floor area which exceeds 80,000 square feet, subject to a deduction pursuant to other provisions of this Appendix F, deposit such contribution to the High Line Improvement Fund, or secure such contribution by letter of credit or other cash equivalent instrument in a form acceptable to the City.

Such contribution, in each case, shall be $59.07 per square foot of floor area as of November 13, 2012, which contribution rate shall be adjusted July 1 of the following year and each
(ii) All parties-in-interest shall execute that restrictive declaration, dated October 25, 2012, and on file at the Office of the Counsel, Department of City Planning, required in connection with environmental assessment (CEQR No. 11DCP120M) for the purpose of addressing historic resources and containing other provisions regarding the preservation of certain features of existing buildings and structures and related matters;

(iii) All parties-in-interest shall execute a restrictive declaration in a form acceptable to the City addressing the terms described in this paragraph (a)(1)(iii):

(a) Hotel use

No development or enlargement that utilizes the provisions of Section 98-25 shall include a transient hotel;

(b) Retail concourse

As a condition of any development or enlargement pursuant to Section 98-25, the owner shall provide a pedestrian passageway within any building located on the zoning lot connecting the Ninth Avenue sidewalk with the Tenth Avenue sidewalk, which passageway shall be open to the public during business hours. Not less than 60 percent of the length of the frontages of such passageway shall be occupied primarily by retail uses, and in addition may be occupied by service, wholesale, production and event space identified in Use Groups 6A, 6C, 7B, 7C, 8A, 9A, 9B, 10B, 11A, 12A, 12B, 16A, 17A and such spaces shall have access to the passageway;

(c) Locations and dimensions of the High Line Support Easement Volumes

year thereafter by the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics;
The #High Line# Support Easement Volumes shall be sized and located to accommodate the following amenities, all of which shall be located within the #buildings# located within the Tenth Avenue Zone, as described in Section 98-423, paragraph (g)(3):

1. exclusive easements for public restrooms for each gender with an aggregate area of no less than 560 square feet (and which need not be more than 700 square feet) located adjacent to the #High Line# with direct access to the #High Line# for each of the public restrooms;

2. exclusive easements for #High Line# support space with an aggregate area of no less than 2,400 square feet (and which need not be more than 3,000 square feet) of which up to 800 square feet may be located on a mezzanine level, such space to be located adjacent and accessible to the #High Line#;

3. exclusive easements for #High Line# support space located in the cellar level in an aggregate area no less than 800 square feet (but need not be more than 1,000 square feet);

4. exclusive use of a dedicated freight elevator that shall provide access to the cellar level, to a shared loading facility at #street# level, to the level of the #High Line# bed# and to the level of the #High Line# support space described in paragraph (a)(1)(iii)(c)(2) of this Appendix F; and

5. non-exclusive easements for:

   (i) access between the dedicated freight elevator and the shared
loading facility at grade level and the #High Line# support space located in the cellar level; and

(ii) use of the shared loading facility as more particularly set forth in paragraph (a)(1)(iii)(d) of this Appendix F;

(d) Use of the #High Line# Support Easement Volumes

The #High Line# Support Easement Volumes shall not be dedicated for use by the general public but rather for use by the City or its designee for storage, delivery of materials and support of uses within the #High Line# (and in connection therewith, the fitting-out, operating, maintaining, repairing, restoring and replacement of the #High Line# Support Easement Volumes), except that:

(1) the public may use the public restrooms;

(2) up to 650 square feet of space adjacent to the #High Line# may be used exclusively for educational and related programming that is at no cost to the public; and

(3) if dedicated to the City in accordance with paragraph (d) of this Appendix F, the optional additional #High Line# Support Easement Volume may be accessible to the public as part of concessions or other uses that relate to the #High Line#.

The City or its designee shall at all times use, operate and maintain the #High Line# Support Easement Volumes so as not to interfere with the use and enjoyment of the #buildings# located within Subarea J.

The #High Line# support spaces described in
paragraphs (a)(1)(iii)(c)(2) and (3) of this Appendix F, shall be accessible by a dedicated freight elevator that connects to non-exclusive portions of the #building#, including a loading facility at #curb level#, through which the City or its designee shall be provided with a non-exclusive easement to enable reasonable and customary access;

(e) Effective date of the #High Line# Support Easement Volumes

The City’s or its designee’s rights to utilize the #High Line# Support Easement Volumes shall commence on the date that the #High Line# Support Work has been completed in accordance with paragraph (b)(1) of this Appendix F, or in the event of default of the owner in accordance with paragraph (c) of this Appendix F, the date that the City has notified the owner that it intends to perform such #High Line# Support Work in accordance with paragraph (c); and

(f) Notice by the Department of City Planning of its receipt of certified copies of the recorded restrictive declarations required pursuant to paragraph (a) (1) (ii) and (iii) of this Appendix F, shall be a precondition to issuance by the Commissioner of Buildings of any building permits including any foundation or alteration permit for any #development# or #enlargement# which causes the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012;

(iv) The owner shall submit plans for the #High Line# Support Work described in paragraph (b)(1) of this Appendix F, that demonstrate compliance with the provisions of this Appendix and are consistent with New York City Department of Parks and Recreation standards and best practices governing material life cycle and maintenance, for review and approval by the Chairperson of the City Planning Commission;
(v) Solely in the event the initial certification made pursuant to Section 98-25, paragraph (a), is with respect to additional #floor area# to be added to a #building# or portion of a #building# located outside of the Tenth Avenue Zone as described in Section 98-423, paragraph (g)(iii), then the owner shall enter into agreements with the City or its designee, in a form reasonably acceptable to the City, to provide interim access, in accordance with such agreements, to the #High Line# through a non-exclusive loading facility and an existing freight elevator. Such agreements shall provide that any space within the existing #building# may be used by the City or its designee at no cost, except that the City or its designee shall be obligated to pay for the proportionate costs of utilities, maintenance and other building expenses associated with the use of such loading facility and elevator, and for any improvements or modifications to such space that may be requested by the City or its designee. Such interim access shall cease upon the date that the City or its designee commences utilization of the #High Line# Support Easement Volumes in accordance with paragraph (a)(1)(iii)(d) of this Appendix F;

(2) The location of #floor area# which would cause the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012, and be subject to the provisions of Section 98-25, shall be considered to be the topmost portion of the #development# or #enlargement# unless, at the time of certification pursuant to Section 98-25, paragraph (a), the owner designates on plans submitted to the Chairperson of the City Planning Commission, subject to the concurrence of the Chairperson, an alternate location.

(b) Requirements for issuance of certificates of occupancy pursuant to paragraph (d) of Section 98-25

(1) #High Line# Support Work pursuant to paragraph (d) of Section 98-25
(i) The owner shall perform #High Line# Support Work subject to the provisions of this paragraph (b)(1), inclusive. For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (d), shall be the substantial completion of the work. For permanent certificates of occupancy, certification shall be of final completion of the work.

(ii) The #High Line# Support Work shall consist of the following:

(a) the construction, fit-out and delivery in an operative condition of public restrooms described in paragraph (a)(1)(iii)(c)(1) of this Appendix F, furnished with restroom fixtures, including six toilet stalls for women, an aggregate of six toilet stalls and/or urinals for men and three sinks in each restroom, and provided with utility connections.

(b) the construction of the core and shell of the #High Line# support space described in paragraphs (a)(1)(iii)(c)(2) and (3) of this Appendix F including the provision of and access to separately metered gas, ventilation, water, sewer, electricity and telecommunications utilities systems commonly available in the #building# sufficient to support the anticipated uses of the support space. Within the portion of the #High Line# support space in the vicinity of the level of the #High Line bed#, the owner will install a kitchen exhaust duct from such support space to a suitable point of discharge and will provide access to the #building# sprinkler standpipe and fire alarm system. Such support space shall also include access to a storage mezzanine pursuant to a dedicated lift, and there shall be a clear path at least five feet wide from
the lift to the dedicated freight elevator described in paragraph (b)(1)(ii)(c) of this Appendix F. The owner will not be responsible for distributing any utility services within the #High Line# support space or for providing any ancillary equipment for the kitchen exhaust duct; and

(c) the construction of the dedicated freight elevator described in paragraph (a)(1)(iii)(c)(4) of this Appendix F, with a minimum capacity of 3,000 pounds;

(iii) Following the completion of the #High Line# Support Work described in paragraph (b)(1)(ii) of this Appendix F, all subsequent costs of operating, maintaining, repairing, replacing and additional fit-out of the #High Line# support space shall be exclusively the responsibility of the City and not the owner, provided that the owner shall be responsible for the repair and replacement of any defective #High Line# Support Work for a period of one year after completion thereof;

(iv) The cost to the owner of the #High Line# Support Work pursuant to the plans approved pursuant to this paragraph, (a)(1)(iv), shall be estimated at the time of such approval by a licensed engineer selected by the owner, such estimate to be in a form reasonably acceptable to the City, at an amount not to exceed $2,544,000, as adjusted at the time of such approval by changes in the construction cost index published by the Engineering News Record (ENR) for New York City commencing as of December 1, 2012. In the event that the City requests the owner to perform any additional work in conjunction with the #High Line# Support Work and the owner agrees to perform such additional work, then the cost of such additional work shall be the responsibility of the City and may be deducted in whole or
in part from the #High Line# Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix F;

(v) Except as set forth in paragraph (b)(1)(v) of this Appendix F no temporary or permanent certificates of occupancy may be issued pursuant to Section 98-25, paragraph (d), for #floor area# in a #development# or #enlargement# which causes the #floor area ratio# on a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012, until the #High Line# Support Work described in paragraph (b)(1) of this Appendix F has been substantially completed or finally completed, as applicable;

(vi) Notwithstanding anything to the contrary in this paragraph (b)(1), inclusive, if certification is initially made pursuant to Section 98-25, paragraph (a), with respect to additional #floor area# to be added to a #building# or portion of a #building# located outside of the Tenth Avenue Zone, as described in Section 98-423, paragraph (g)(iii), then the conditions for certification pursuant to Section 98-25, paragraph (d), for a permanent or temporary certificate of occupancy shall not apply to such #building# or portion of a #building# and the following conditions shall apply:

(a) the owner shall deliver a letter of credit or other security reasonably satisfactory to the City in an amount reasonably determined by the City as sufficient for the City to perform the #High Line# Support Work described in paragraph (b)(1) of this Appendix F which letter of credit or other security may be drawn or exercised by the City in the event of a default by the owner in accordance with paragraph (c)(ii) of this Appendix F; and
(b) the owner shall enter into an agreement with the City in a form reasonably acceptable to the City requiring the owner to commence the #High Line# Support Work described in paragraph (b)(1) of this Appendix F, no later than September 1, 2017, subject to force majeure as determined by the Chairperson, and shall thereafter diligently prosecute the same to completion, pursuant to an agreed-upon schedule, subject to force majeure as determined by the Chairperson.

(c) In the event the owner is in default of its obligations pursuant to the agreements required by paragraph (b)(1)(vi) of this Appendix F:

(1) The City shall be entitled to draw the letter of credit or exercise the other security described in paragraph (b)(1)(vi)(a) of this Appendix F and to take possession of the #High Line# Support Easement Volumes following delivery of notice to the owner that the City intends to perform the #High Line# Support Work in accordance with provisions to be set forth in the restrictive declaration described in paragraph (a)(1)(iii) of this Appendix F;

(2) The City shall return to the owner any contribution made to the #High Line# Improvement Fund with respect to additional #floor area# to be added to a #building# or portion of a #building# located within the Tenth Avenue Zone as described in Section 98-423, paragraph (g)(3);

(3) No additional building permit may be issued pursuant to Section 98-25, paragraph (a), with respect to a #development# or #enlargement# to be located within the Tenth Avenue Zone as described in Section 98-423, paragraph (g)(iii), nor may any temporary or permanent certificates of occupancy be issued pursuant to Section 98-25, paragraph (d), for #floor area# in such a #development# or #enlargement# which causes the #floor area ratio# on a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012.
(d) Option to offer an additional #High Line# Support Easement Volume:

(1) The owner, at its sole option, may elect to offer to the City an easement comprising up to 7,500 square feet of #floor area# within the #building# adjacent to the #High Line# and at the vicinity of the level of the #High Line bed# as an additional #High Line# Support Easement Volume by written notice to the Chairperson of the City Planning Commission, with a copy to the Commissioner of the Department of Parks and Recreation. Such written notice shall be delivered contemporaneously with the owner’s first request for certification by the Chairperson, described in paragraph (a) of Section 98-25, that relates to a #building# or portion of a #building# within the Tenth Avenue Zone, as described in Section 98-423, paragraph (g)(3);

(2) If the owner elects to exercise such option, the owner shall provide an appraisal from an appraiser reasonably acceptable to the City who is a member of the American Institute of Real Estate Appraisers (or its successor organization) establishing the fair market value of the additional #High Line# Support Easement Volume to be so dedicated. The term “fair market value” shall mean the price at which such additional #High Line# Support Easement Volume would change hands between a willing buyer and a willing seller, both acting rationally, at arm’s length, in an open and unrestricted market. The appraisal shall determine such fair market value of the additional #High Line# Support Easement Volume based on its highest and best as-of-right #uses#, valued in an unimproved core and shell physical condition (including any existing structural elements, such as the #building# wall separating the #High Line# from the additional easement volume) and considered unencumbered by any leases, mortgages or other matters that will be released or otherwise subordinate to the grant of such additional #High Line# Support Easement Volume to the City. The appraisal shall not assume that as-of-right #uses# of the additional #High Line# Support Easement Volume may enjoy any access to and from the #High Line#. Any other appraisal assumptions or instructions not set forth herein shall be subject to approval by the City.
(3) If such option is exercised by the owner, the City shall have up to 60 days from the delivery of the written notice described in paragraph (d)(1) of this Appendix F to irrevocably accept or decline the exercise of the option by written notice to the owner. If the City does not so accept or decline the option within said 60-day period, then the option shall be deemed declined and neither the City nor the owner shall have any further rights or obligations under this paragraph, (d), inclusive;

(4) If such option is exercised by the owner and accepted by the City, the restrictive declaration described in paragraph (a)(1)(ii) of this Appendix F shall provide or shall be amended to include the additional #High Line# Support Easement Volume within the grant to the City, and the value of the additional #High Line# Support Easement Volume as set forth in the appraisal shall be the responsibility of the City and may be deducted in whole or in part from the #High Line# Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix F;

(5) In the event that the City requests the owner to perform any work in conjunction with the dedication of the additional #High Line# Support Easement Volume and the owner agrees to perform such work, then the cost of such additional work shall be the responsibility of the City and may be deducted in whole or in part from the #High Line# Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix F. All costs of fitting-out, operating, maintaining, repairing and replacing the additional #High Line# Support Easement Volume shall be exclusively the responsibility of the City and not the owner.
Article IX: Special Purpose Districts
Chapter 9: Special Madison Avenue Preservation District

Effective date of most recently amended section of Article IX Chapter 9: 05/08/13
(12/20/73)

**Article IX - Special Purpose Districts**

**Chapter 9**  
**Special Madison Avenue Preservation District**

(12/20/73)

**99-00**  
**GENERAL PURPOSES**

The "Special Madison Avenue Preservation District" as established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include among others, the following specific purposes:

(a) to preserve and protect the unique character and architectural quality of Madison Avenue and its surrounding area;

(b) to preserve and enhance street life by promoting specialty shops at street level;

(c) to introduce amenities relating to the residential character of the area; and

(d) to promote the most desirable use of land in this area and thus to conserve the value of land and buildings and thereby protect the City's tax revenues.

(2/2/11)

**99-01**  
**Definitions**

**Development**

For purposes of this Chapter, a "development" includes the construction of a new building or other structure on a zoning lot, the relocation of an existing building on another zoning lot, and an enlargement.

**Landmark building**
A "landmark building" is any building designated as a landmark by the Landmarks Preservation Commission, pursuant to procedures set forth in Section 3020 of the New York City Charter and other applicable laws.

Style building

A "style building" is a building possessing an architectural style, as described in the Upper East Side Historic District Designation Report prepared by the New York City Landmarks Preservation Commission in 1981.

(12/20/73)

99-02
General Provisions

Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

(2/2/11)

99-03
Special Use Regulations

In order to retain the existing residential and retail character of the area, commercial uses shall occupy at least the first story that has a floor level within five feet of curb level. Such commercial uses shall be limited to uses listed in Section 99-031 (Use Group MP). Notwithstanding the provisions of Article V, Chapter 2, non-conforming uses may only be changed to uses listed in Section 99-031. Such commercial uses shall occupy a minimum linear frontage of 75 percent of the frontage of a zoning lot on Madison Avenue, except that lots with a frontage of 100 feet or less on Madison Avenue may have a commercial frontage of less than 75 percent in order to provide a maximum 25 foot wide entrance to the residential portion of the building.

The mandatory use regulations of this Section may be modified for a community facility, pursuant to the certification provisions of Section 99-032 ( Modifications of use regulations for a community facility).
99-031
Use Group MP

Use Group MP comprises a group of commercial establishments selected to promote and strengthen the existing commercial character of the Special District. The commercial uses listed in Table A of this Section are permitted in any portion of the Special District located within a C1 District. The commercial uses listed in Tables A and B of this Section are permitted in any portion of the Special District located within a C5 District.

Table A

A. Transient Accommodations

#Hotels, transient#

B. Retail or Service Establishments

Antique stores

Art galleries, commercial

Artist's supply stores

Bakeries, provided that floor area used for production shall be limited to 750 square feet per establishment

Banks (limited to 40 linear feet of street frontage)

Barber shops

Beauty shops

Bicycle sales

Book stores

Candy or ice cream stores

Carpet, rug, linoleum or other floor covering stores, limited to 10,000 square feet of floor area per establishment

Cigar and tobacco stores

Clothing or clothing accessory stores
Clothing rental establishments

Drug stores

Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of #floor area# per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and total aggregate dry load capacity of machines shall not exceed 60 pounds.

Dry goods or fabrics stores, limited to 10,000 square feet of #floor area# per establishment.

Eating or drinking establishments, including those which provide outdoor table service or have music for which there is no charge and no specified showtime.

Eating or drinking establishments with musical entertainment, but not dancing, with a capacity of 200 persons or fewer.

Electrolysis studios

Fishing tackle or equipment, rental or sales

Florist shops

Food stores, including supermarkets, grocery stores, meat markets, or delicatessen stores.

Furniture stores, limited to 10,000 square feet of #floor area# per establishment.

Furrier shops, custom

Gift shops

Hardware stores

Interior decorating establishments, provided that #floor area# used for processing, servicing, or repairs shall be limited to 750 square feet per establishment.

Jewelry or art metal craft shops

Laundry establishments, hand or automatic self-service.
Leather goods or luggage stores
Loan offices (limited to 40 linear feet of street frontage)
Locksmith shops
Medical or orthopedic appliance stores
Meeting halls
Millinery shops
Music stores
Newsstands, open or enclosed
Optician or optometrist establishments
Package liquor stores
Paint stores
Pet shops
Photographic equipment or supply stores
Photographic studios
Picture framing shops
Post offices
Record stores
Seed or garden supply stores
Sewing machine stores, selling household machines only
Shoe or hat repair shops
Shoe stores
Sporting or athletic stores
Stamp or coin stores
Stationery stores
Tailor or dressmaking shops, custom
Telegraph offices

Television, radio, phonograph or household appliance stores, limited to 10,000 square feet of floor area per establishment

Toy stores

Travel bureaus

Typewriter stores

Variety stores, limited to 10,000 square feet of floor area per establishment

Wallpaper stores

Watch or clock stores or repair shops

C. Offices

*Offices, businesses, professional or governmental

D. Public Service Establishments

*Court houses

*Clubs, non-commercial, without restrictions on activities or facilities

Table B

A. Retail or Service Establishments

*Blueprinting or photostatting establishments

*Business schools or colleges

Carpet, rug, linoleum or other floor covering stores, with no limitation on floor area per establishment

*Catering

*Clothing or costume rental establishments

Department stores

*Depositories for storage of office records, microfilm, or
computer tapes, or for data processing

Dry goods or fabric stores, with no limitation on floor area per establishment

Eating or drinking places, without restrictions on entertainment or dancing but limited to location in hotels

Furniture stores, with no limitation on floor area per establishment

*Gymnasiums, used exclusively for basketball, handball, squash and tennis

*Medical or dental laboratories for research or testing, or the custom manufacture of artificial teeth, dentures, or plates, not involving any danger of fire or explosion nor offensive noise, vibration, smoke or other particulate matter, odorous matter, heat, humidity, glare or other objectionable effects

*Motion picture production studios

Musical instrument repair shops

Office or business machine stores, sales or rental (limited to 40 linear feet of street frontage)

**Physical culture or health establishments, including gymnasiums (not listed under Use Group 9), reducing salons, massage establishments or steambaths, but other than adult physical culture establishments

Plumbing, heating, or ventilating equipment showrooms, without repair facilities (limited to 40 linear feet of street frontage)

*Printing establishments, limited to 2,500 square feet of floor area per establishment for production

Public auction rooms

*Radio or television studios

Studios, art, music, dancing or theatrical

Television, radio, phonograph, or household appliance stores, with no limitation on floor area per establishment

*Trade, or other schools for adults, not involving any
danger of fire or explosion nor of offensive noise, vibration, smoke or particulate matter, dust, odorous matter, heat, humidity, glare, or other objectionable effects

Typewriter or other small business machine sales, rental or repairs

Umbrella repair shops

Variety stores, with no limitation on #floor area# per establishment

*Wedding chapels or banquet halls

B. Wholesale Establishments

*Hair products for headwear, wholesaling including styling

*Photographic developing or printing establishments, limited to 2,500 square feet of #floor area# per establishment

*Ship chandlers

*Wholesale establishments, with #accessory# storage limited to 2,500 square feet of #floor area# per establishment

*Wholesale offices or showrooms, with storage restricted to samples

C. Manufacturing Establishments

*Art needle work, hand weaving, or tapestries

*Books, hand binding or tooling

*Ceramic products, custom manufacturing

*Clothing, custom manufacturing or altering for retail

*Hair products, custom manufacturing

*Jewelry manufacturing from precious metals

*Medical, dental, drafting instruments, optical goods, or similar precision instruments

*Musical instruments, except pianos and organs

*Orthopedic or medical appliances, custom manufacturing
*Printing, custom, limited to 2,500 square feet of #floor area# per establishment for production

*Watch making

D. #Accessory uses#

#Uses# marked with an asterisk (*) shall not be located within #stories# that have a floor level within five feet of #curb level# unless such #use# is at least 50 feet from the #street wall# of the #building# in which it is located, and with no #show window# facing on the #street#

#Uses# in Use Group MP marked with a double asterisk (**) are permitted only by special permit of the Board of Standards and Appeals, pursuant to the provisions of Section 73-36

(2/2/11)

99-032

Modifications of use regulations for a community facility

The mandatory #use# regulations of Section 99-03 (Special Use Regulations) may be modified for a #community facility# provided the City Planning Commission certifies that the treatment of the facade preserves and enhances street life on Madison Avenue compatible with the character of the surrounding area.

(5/12/94)

99-04

Special Bulk Provisions

For the purposes of this Chapter, the maximum #floor area ratio# on a #zoning lot# shall not exceed 10.0.

(5/12/94)

99-05

Special Height and Setback Regulations

The height and setback regulations of Sections 23-63, 23-64, 23-

(2/2/11)

99-051
Location, height and setback of street wall

(a) Street walls along Madison Avenue

For developments or enlarged portions of buildings with frontage on Madison Avenue or on a side street within 50 feet of its intersection with Madison Avenue, the following regulations shall apply:

(1) The street wall of the base of such building shall be located on the street line or, if there is an existing abutting building fronting on the same street line that is set back from such street line, the street wall of the base may be aligned with the street wall of the abutting building for a distance of not less than 10 feet measured horizontally from the side wall of such abutting building. However, such setback distance shall not exceed 15 feet from the street line. All street walls built pursuant to this paragraph shall extend along the full length of the street line and rise vertically without setback for:

(i) not less than 110 feet but not more than 120 feet above curb level; or

(ii) the full height of the building;

whichever is less.

(2) Above the base, a setback is required for all portions of a building which exceed a height of 120 feet above curb level. Such setback shall be provided at a height not lower than 110 feet above curb level, and shall have a minimum depth of 10 feet from a wide street line and a minimum depth of 15 feet from a narrow street line.

(3) No portion of a building may exceed the height limitations of Section 99-054 (Maximum building height).
(b) **Street walls** along side **streets**

For **developments** or **enlarged** portions of **buildings** with frontage on a side **street** beyond 50 feet of its intersection with Madison Avenue, the following regulations shall apply:

1. The **street wall** of the base of such **building** shall be located on the **street line** or, if there is an existing **abutting building** fronting on the same **street line** that is set back from such **street line**, the **street wall** of the base shall be aligned with the **street wall** of the **abutting building** for a distance of not less than 10 feet measured horizontally from the side wall of such **abutting building**. However, such setback distance need not exceed 10 feet from the **street line**. All **street walls** built pursuant to this paragraph shall extend along the full length of the **street line** and rise vertically without setback for:

   i. a height of 60 feet above **curb level**; or

   ii. the height of a **street wall** before setback, if applicable, of that portion of an existing **building** nearest the **development** or **enlargement**, fronting on the same **street line**, and located on the same or an adjoining **zoning lot**;

   whichever is higher.

2. Alternatively, the **street wall** location provisions of paragraph (a) of this Section may apply to the base of a **building** along a side **street** beyond 50 feet of its intersection with Madison Avenue, up to a distance of 70 feet from its intersection with Madison Avenue.

3. Above the base, a setback is required for all portions of a **building**. Such setback shall have a minimum depth of 10 feet from a **wide street line** and a minimum depth of 15 feet from a **narrow street line**.

4. No portion of a **building** may exceed the height limitations of Section 99-054 (Maximum building height).

(c) **Street walls** in Historic Districts
For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height and #street wall# location regulations of this Section shall be modified as follows:

(1) The minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Section.

(2) The location of the #street wall# of any #building# may vary between the #street wall# location requirements of this Section, and the location of the #street wall# of an adjacent #building# fronting on the same #street line#.

(2/2/11)

99-052
Recesses, balconies and dormers

(a) Recesses

Recesses are permitted to provide #outer courts#, balconies or articulation of #street walls# at the intersection of two #street lines#. In addition, recesses may be required or prohibited due to the width of the #zoning lot# or the location of the #street wall# of an adjacent #building#. For the purposes of this Section, the provisions of Section 23-842 (Wide outer courts) shall not apply. In lieu thereof, the width of any such #court# shall be at least one and one-third times its depth. All recesses shall be provided in accordance with the following provisions:

(1) Above a height of 20 feet above #curb level#, or above the level of the second #story#, whichever is lower, up to 30 percent of the #street wall# of a base may be recessed from the #street line#. However, no recesses shall be permitted within 30 feet of the intersection of two #street lines#, unless such recesses are provided within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection.

(2) Where the #development# or #enlarged# portion of a #building# is adjacent to an existing #building# located on a #zoning lot# having frontage on the same
no recesses shall be provided in the street wall of the development or enlargement for a distance of 10 feet from the adjacent corner of the existing building to a height equal to the height of the existing building.

(3) Except for a zoning lot with less than 50 feet of frontage, or a zoning lot with less than 100 feet of frontage and located entirely in a Historic District designated by the Landmarks Preservation Commission, recesses are required on the street walls of buildings facing Madison Avenue, in accordance with the following provisions:

(i) above a height of 20 feet above curb level, or above the level of the second story, whichever is lower, at least 25 percent of the length of the street wall of a base at the level of every story shall be recessed from the street line to a depth of at least five feet. Such recesses shall be unobstructed from their lowest level to the sky; and

(ii) above the base, the street wall shall be articulated with recesses that occupy at least 20 percent of the length of the street wall at the level of every story to a depth of at least five feet. Such recesses shall be unobstructed from their lowest level to the sky.

(b) Balconies

Balconies shall comply with the following provisions:

(1) No balconies shall be permitted to extend beyond the street wall of the base built in accordance with the height and setback regulations of Section 99-051 (Location, height and setback of street wall), paragraph (a).

(2) Balconies shall be permitted in recesses that are not required to be unobstructed from their lowest level to the sky.

(c) Dormers

For the purposes of this Section, a dormer shall be a vertical extension of the street wall of a base allowed as a permitted obstruction within a required setback area. A dormer may be located anywhere on a wide street, and on a
#narrow street# within 70 feet of its intersection with a #wide street#. However, a dormer shall not be located within 10 feet of a #side lot line# unless it fully abuts an adjoining #building#.

On any #street# frontage, the aggregate width of all dormers at the required setback level shall not exceed 60 percent of the width of the #street wall# of the highest #story# of the base. For each foot of height above the base, the aggregate width of all dormers at that height shall be decreased by one percent of the #street wall# width of the highest #story# of the base.

(2/2/11)

99-053
Special provisions for narrow buildings

If the width of a #street wall#, built pursuant to Section 99-051 or 99-052, is 45 feet or less, then the #building# shall comply with the provisions of Section 23-692 (Height limitations for narrow buildings or enlargements).

(2/2/11)

99-054
Maximum building height

The height of all #buildings or other structures# shall comply with the following provisions:

(a) Except as otherwise provided in paragraph (b) of this Section, the height of all #buildings or other structures# shall not exceed 170 feet above #curb level#. However, such #buildings or other structures# may exceed 170 feet, to a height of 19 #stories# or 210 feet, whichever is less, provided that the gross area of each #story# located above 170 feet does not exceed 80 percent of the gross area of the #story# directly below it.

(b) For the purposes of this Section, the Midblock Transition Portion shall be that portion of a #zoning lot# located within the area between 70 feet and 100 feet from the Madison Avenue #street line#, except for a #zoning lot# which has frontage on a #wide street# not located in a historic district. Within the Midblock Transition Portion, a
A #building or other structure# shall not penetrate an imaginary plane that begins above a line 100 feet from the Madison Avenue #street line# at a height of 20 feet above the height of a #street wall# built pursuant to Section 99-051, paragraph (b), and rises over the Midblock Transition Portion to a height of 120 feet above #curb level# at a distance of 70 feet from the Madison Avenue #street line#.

(5/8/13)

99-06
Off-street Parking Regulations

Within the portion of the #Special Madison Avenue District# located within the #Manhattan Core#, the provisions of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), inclusive, shall apply. For all other portions of the #Special Madison Avenue District#, the provisions of this Section shall apply.

Where #accessory# off-street parking is provided, in no case shall curb cuts for vehicular access be located on Madison Avenue or on a #street# within 50 feet of its intersection with the #street line# of Madison Avenue. No off-site #accessory# off-street parking facilities for any #use# shall be permitted within the Special parking facilities.

(2/2/11)

99-07
Authorization to Waive Midblock Transition Portion Height Limitation

For a #zoning lot# in the Upper East Side Historic District, which #zoning lot# also contains a #landmark building# or #style building# to be preserved or, where a #zoning lot# is not located in the Upper East Side Historic District and the #zoning lot# contains a #building# to be preserved which the Landmarks Preservation Commission has designated as a landmark or certifies in a report by the staff or the Commission to be comparable to a #style building#, the City Planning Commission may authorize the waiver of the requirements of Section 99-054 (Maximum building height), paragraph (b), provided the City Planning Commission finds that:

(a) the #development# or #enlargement# complies with the goals
and purposes of the #Special Madison Avenue Preservation District#, as specified in Section 99-00 (GENERAL PURPOSES);

(b) the #development# or #enlargement# will not alter either the character of the neighborhood or the character sought to be achieved by the Special District;

(c) the #development# or #enlargement# will have a harmonious relationship with the #building# to be preserved; and

(d) the Landmarks Preservation Commission reports that a program for continued maintenance of the #building# to be preserved has been established.
Article X: Special Purpose Districts
Chapter 1: Special Downtown Brooklyn District

Effective date of most recently amended section of Article X Chapter 1: 10/17/18

Administrative correction: 101-11, 101-75
Article X
Special Purpose Districts

Chapter 1
Special Downtown Brooklyn District

101-00
GENERAL PURPOSES

The "Special Downtown Brooklyn District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to strengthen the business core of Downtown Brooklyn by improving the working and living environments;

(b) to foster development in Downtown Brooklyn and provide direction and incentives for further growth where appropriate;

(c) to create and provide a transition between the Downtown commercial core and the lower-scale residential communities of Fort Greene, Boerum Hill, Cobble Hill and Brooklyn Heights;

(d) to encourage the design of new buildings that are in character with the area;

(e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the vitality of Downtown Brooklyn;

(f) to improve the quality of development in Downtown Brooklyn by fostering the provision of specified public amenities in appropriate locations;

(g) to improve visual amenity by establishing special sign regulations within the Fulton Mall and Atlantic Avenue Subdistricts; and

(h) to promote the most desirable use of land and building development for Downtown Brooklyn and thus conserve the
value of land and buildings and thereby protect the City's
tax revenues.

(12/10/12)

101-01
Definitions

For purposes of this Chapter, matter in italics is defined in
Section 12-10 (DEFINITIONS), Section 101-702 (Definitions
Specific to the Atlantic Avenue Subdistrict) or in this Section.

Automated parking facility

An “automated parking facility” shall refer to an #accessory#
off-street parking facility or #public parking garage# where
vehicular storage and retrieval within such facility is
accomplished entirely through a mechanical conveyance system, and
shall not refer to a parking facility with parking lift systems
that require an attendant to operate the vehicle that is to be
parked.

Development or to develop

For purposes of this Chapter, "development" includes a
#development#, an #enlargement# or an #extension#.

To "develop" is to create a #development#.

(2/2/11)

101-02
General Provisions

The provisions of this Chapter shall apply within the #Special
Downtown Brooklyn District#. The regulations of all other
Chapters of this Resolution are applicable, except as superseded,
supplemented or modified by the provisions of this Chapter. In
the event of a conflict between the provisions of this Chapter
and other regulations of this Resolution, the provisions of this
Chapter shall control.

Whenever a #zoning lot# is divided by the boundary of the
#Special Downtown Brooklyn District#, the requirements set forth
in this Chapter shall apply, and shall apply only to that portion
of the #zoning lot# within the #Special Downtown Brooklyn District#.

(9/7/17)

101-021
Applicability of Inclusionary Housing Program

In #Mandatory Inclusionary Housing areas#, as specified in APPENDIX F of this Resolution, the provisions of Sections 23-154 (Inclusionary Housing) and 23-90 (INCLUSIONARY HOUSING), shall apply, except as superseded, supplemented or modified by the provisions of this Chapter.

(4/30/08)

101-03
District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Downtown Brooklyn District# Plan.

The District Plan includes the following seven maps:

Map 1 Special Downtown Brooklyn District and Subdistricts
Map 2 Ground Floor Retail Frontage
Map 3 Ground Floor Transparency Requirements
Map 4 Street Wall Continuity and Mandatory Sidewalk Widenings
Map 5 Curb Cut Restrictions
Map 6 Height Limitation Areas
Map 7 Subway Station Improvement Areas

The maps are located within Appendix E (Special Downtown Brooklyn District Maps) of this Chapter and are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.
101-04
Subdistricts

In order to carry out the provisions of this Chapter, two subdistricts are established within the #Special Downtown Brooklyn District#. In each of these subdistricts, certain special regulations apply that do not apply within the remainder of the #Special Downtown Brooklyn District#. The subdistricts are outlined on Map 1 (Special Downtown Brooklyn District and Subdistricts) in Appendix E of this Chapter. Special regulations set forth in Sections 101-60 through 101-632, inclusive, shall apply to the Fulton Mall Subdistrict. Special regulations set forth in Sections 101-70 through 101-75 and Appendices A, B, C and D, inclusive, shall apply to the Atlantic Avenue Subdistrict. The subdistricts are also subject to all other regulations of the #Special Downtown Brooklyn District# and the underlying districts except as otherwise specified in the subdistrict regulations.

101-05
Applicability of Special Permits by the Board of Standards and Appeals

Within the #Special Downtown Brooklyn District#, Section 73-68 (Height and Setback and Yard Modifications) shall not be applicable.

101-10
SPECIAL USE REGULATIONS

101-11
Special Ground Floor Use Regulations

Map 2 (Ground Floor Retail Frontage), in Appendix E of this
Chapter, specifies locations where the special ground floor #use# regulations of this Section apply.

#Uses# within #stories# that have a floor level within five feet of #curb level#, and within 50 feet of the #street line#, shall be limited to #commercial uses# listed in Use Groups 5, 6A, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C, where such #uses# are permitted by the underlying district. Libraries, museums and non-commercial art galleries shall be permitted. In addition, all non-residential #uses# permitted by the underlying district shall be permitted for buildings fronting on Myrtle Avenue between Ashland Place and Fleet Place. However, this minimum depth requirement may be reduced, to the minimum extent necessary, to accommodate a vertical circulation core, or structural columns associated with upper #stories# of the #building#.

A #building’s street# frontage shall be allocated exclusively to such #uses#, except for Type 2 lobby space, entryways or entrances to subway stations provided in accordance with the provisions of Section 37-33 (Maximum Width of Certain Uses). However, loading berths serving any permitted #use# in the #building# may occupy up to 40 feet of such #street# frontage provided such #street# frontage is not subject to curb cut restrictions as shown on Map 5 (Curb Cut Restrictions) in Appendix E of this Chapter.

The regulations of this Section are modified as follows:

(a) Fulton Mall Subdistrict

For #buildings# in the Fulton Mall Subdistrict, Use Group 6A shall not include post offices, dry cleaning, laundry, or shoe and hat repair establishments. Use Group 6C shall not include automobile supply establishments, electrolysis studios, frozen food lockers, loan offices or locksmiths. Use Group 8A shall not include billiard parlors, pool halls, bowling alleys or model car hobby centers. Use Group 9 shall be prohibited except for typewriter stores. Use Group 10 shall not include depositories for office records, microfilm or computer tapes. Use Groups 6D, 7A, 7B, 8B, 8D, 11, 12A and 12C shall be prohibited. Furthermore, no bank or off-track betting establishment shall occupy more than 30 feet of frontage at the ground floor of any #building# along the #street line# of Fulton Street. Any establishment that fronts on the #street line# of Fulton Street for a distance greater than 15 feet shall provide an entrance on Fulton Street.

(b) Atlantic Avenue Subdistrict
Automotive service stations are not permitted. No bank, loan office, business or professional office or individual use in Use Group 9 shall occupy more than 50 feet of linear frontage on Atlantic Avenue. Moving and storage uses in Use Group 7 are permitted on the ground floor of a building only if such use is located at least 50 feet from the front wall of the building in which the use is located. Any buildings developed after June 28, 2004, or portions of buildings enlarged on the ground floor level after June 28, 2004, on a zoning lot of 3,500 square feet or more shall have a minimum of 50 percent of the ground floor area of the building devoted to permitted commercial uses in Use Groups 6, 7 or 9, except that this requirement shall not apply to any development occupied entirely by community facility use.

In any building within the Atlantic Avenue Subdistrict, the provisions of Section 32-421 (Limitation on floors occupied by commercial uses) restricting the location of non-residential uses listed in Use Groups 6, 7, 8, 9 or 14 to below the level of the first story ceiling in any building occupied on one of its upper stories by residential or community facility uses, shall not apply. In lieu thereof, such non-residential uses shall not be located above the level of the second story ceiling.

(3/22/16)

101-12
Transparency Requirements

Map 3 (Ground Floor Transparency Requirements) in Appendix E of this Chapter specifies locations where the following transparency requirements apply.

For any buildings developed after June 28, 2004, or portions of buildings enlarged on the ground floor level after June 28, 2004, each ground floor street wall shall be glazed in accordance with the provisions of Section 37-34 (Minimum Transparency Requirements).

(6/28/04)

101-13
Sign Regulations
In the #Special Downtown Brooklyn District#, except as modified by the provisions of Section 101-131 (Permitted projection), the regulations of Section 32-60, et seq., pertaining to #signs#, shall apply. Further regulations for the Fulton Mall Subdistrict and the Atlantic Avenue Subdistrict are set forth in Section 101-60, inclusive, and Section 101-70, inclusive.

(6/28/04)

101-131
Permitted projection

The provisions of Section 32-652 (Permitted projection in all other Commercial Districts) shall not apply. In lieu thereof, the provisions of this Section shall apply.

No permitted #sign# shall project across a #street line# more than 12 inches, except as otherwise provided in this Section.

Banners for theaters may project across a #street line# for a maximum distance of four feet, provided such banners are separated at least 25 feet apart, and further provided that such banners are located between 12 feet and 40 feet above #curb level#.

For each establishment located on the ground floor, non-#illuminated# double-faced #signs# may project perpendicularly across a #street line# for a maximum distance of 40 inches, provided that no more than two such #signs#, separated at least 25 feet apart, are permitted along each #street# on which such establishment fronts, and further provided that any such #sign# shall not exceed a #surface area# of 24 by 36 inches, and shall not be located above the sill level of the second #story# windows.

(10/31/17)

101-20
SPECIAL BULK REGULATIONS

The bulk regulations of the underlying districts shall apply, except as superseded, supplemented or modified by the provisions of this Section, inclusive.

Within #Mandatory Inclusionary Housing areas#, as shown on the
map in APPENDIX F of this Resolution, the provisions of Sections 23-154 (Inclusionary Housing) and 23-90 (INCLUSIONARY HOUSING) shall apply.

(9/26/18)

101-21
Special Floor Area and Lot Coverage Regulations

R7-1  C6-1  C6-4.5  C6-6  C6-9

(a) In R7-1 Districts

In R7-1 Districts, the floor area ratio and open space ratio provisions applicable to residential buildings and residential portions of mixed buildings pursuant to Sections 23-151 and 23-154 shall not apply. In lieu thereof, the maximum floor area ratio for residential buildings or residential portions of mixed buildings shall be 4.0. The maximum lot coverage for residential buildings or residential portions of mixed buildings shall be 65 percent for interior lots, except that for affordable independent residences for seniors the maximum lot coverage for interior lots shall be 70 percent. For all residential buildings or residential portions of mixed buildings, the maximum lot coverage for corner lots shall be 100 percent.

(b) In C6-1 Districts

In C6-1 Districts, the floor area ratio and open space ratio provisions applicable to residential buildings and residential portions of mixed buildings, pursuant to Sections 23-151 and 23-154, shall not apply. In lieu thereof, the maximum floor area ratio for residential buildings or residential portions of mixed buildings shall be 3.44. The maximum lot coverage for residential buildings or residential portions of mixed buildings shall be 65 percent for interior lots, except that for affordable independent residences for seniors the maximum lot coverage for interior lots shall be 70 percent. For all residential buildings or residential portions of mixed buildings, the maximum lot coverage for corner lots shall be 100 percent. For Quality Housing buildings, the underlying floor area ratio and lot coverage regulations shall apply.

(c) In C6-4.5 Districts
In C6-4.5 Districts, the maximum permitted #floor area ratio# for #commercial# or #community facility uses# shall be 12.0. No #floor area# bonuses for #commercial# or #community facility uses# shall be permitted.

(d) In C6-6 Districts

In C6-6 Districts, the maximum permitted #floor area ratio# for #commercial# or #community facility uses# shall be 15.0, and the maximum #residential floor area ratio# shall be 9.0. No #floor area# bonuses shall be permitted.

(e) In C6-9 Districts

In C6-9 Districts, the maximum permitted #floor area ratio# for #commercial# or #community facility uses# shall be 12.0, and the maximum #residential floor area ratio# shall be 9.0. No #floor area# bonuses shall be permitted. However, on a #zoning lot# with a minimum #lot area# of 50,000 square feet improved with public #schools# containing at least 100,000 square feet of floor space #developed# pursuant to an agreement with the New York City Educational Construction Fund, the maximum permitted #floor area ratio# for #commercial# or #community facility uses# shall be 15.0, and the maximum #residential floor area ratio# shall be 12.0. Up to 46,050 square feet of floor space within such public #schools# shall be exempt from the definition of #floor area# for the purposes of calculating the permitted #floor area ratio# for #commercial# or #community facility uses# and the total maximum #floor area ratio# of the #zoning lot#. In addition, any #building# containing #residences# may be #developed# in accordance with the Quality Housing Program and the regulations of Article II, Chapter 8 shall apply. In such instances, the #bulk# regulations of this Chapter shall be considered the applicable #bulk# regulations for #Quality Housing buildings#.

(2/2/11)

101-211

Special permit for subway station improvements

Within the #Special Downtown Brooklyn District#, the City Planning Commission may grant, by special permit, a #floor area# bonus for #buildings# that provide subway station improvements, pursuant to the provisions of Section 74-634 (Subway station improvements in Downtown Brooklyn and in Commercial Districts of 10 FAR and above in Manhattan).
The total additional floor area permitted on the zoning lot shall not exceed 20 percent of the basic maximum floor area ratio permitted by the underlying district regulations.

For the purposes of the Special District, the zoning lot for the development that will receive the floor area bonus shall be adjacent to a subway station where major improvements have been provided. Upon completion of the improvement, the zoning lot will physically adjoin a subway station mezzanine, platform, concourse or connecting passageway.

The subway stations where such improvements are permitted are listed in the following table and shown on Map 7 (Subway Station Improvement Areas) in Appendix E of this Chapter.

(9/26/18)

101-22
Special Height and Setback Regulations

The height of all buildings or other structures shall be measured from the base plane. The provisions of Section 101-221 (Permitted Obstructions) shall apply to all buildings within the Special Downtown Brooklyn District.

In R7-1, C5-4, C6-1, C6-4 and C6-9 Districts, except C6-1A Districts, the underlying height and setback regulations shall
not apply. In lieu thereof, all #buildings or other structures# shall comply with the provisions of Section 101-222 (Standard height and setback regulations) or, as an option where applicable, Section 101-223 (Tower regulations). #Buildings or other structures# within the Flatbush Avenue Extension and Schermerhorn Street Height Limitation Areas shall comply with the provisions of Section 101-30 (SPECIAL PROVISIONS WITHIN HEIGHT LIMITATION AREAS). However, the underlying height and setback regulations shall apply to any #Quality Housing building#, except that Quality Housing height and setback regulations shall not be applicable within any R7-1 District mapped within a C2-4 District.

(4/30/12)

101-221
Permitted Obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Brooklyn District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

(9/26/18)

101-222
Standard height and setback regulations

C2-4/R7-1  C6-1  C6-4.5  C6-6  C6-9

In the districts indicated, except C6-1A Districts, a #building or other structure# shall not exceed the applicable maximum #building# height set forth in the table in this Section. Furthermore, any portion of a #building or other structure# that exceeds the applicable maximum base height shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

MAXIMUM BASE HEIGHTS AND MAXIMUM BUILDING HEIGHTS IN C2-4/R7-1, C6-1, C6-4.5, C6-6 AND C6-9 DISTRICTS

<table>
<thead>
<tr>
<th></th>
<th>Maximum Base Height</th>
<th>Maximum #building# Height</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

In the districts indicated, the maximum height of a building or other structure and the maximum number of stories shall be as set forth in Section 23-662 (Maximum height of buildings and setback regulations) for an R10 District. For buildings meeting the criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), such maximum heights and number of stories may be modified in accordance with the provisions of paragraph (b) of Section 23-664 for an R10 District. Separate maximum building heights are set forth within such Sections for Quality Housing buildings with qualifying ground floors and for those with non-qualifying ground floors. Furthermore, any portion of a building or other structure that exceeds the applicable maximum base height shall be set back at least 10 feet from a wide street line and at least 15 feet from a narrow street line.

(9/26/18)

101-223
Tower regulations

C5-4 C6-1 C6-4 C6-6 C6-9

In the districts indicated, except C6-1A Districts, the provisions of this Section shall apply as an alternative to the provisions of Section 101-222 (Standard height and setback regulations).

(a) Setback requirements for residential towers

For buildings that contain residential floor area above a height of 85 feet, a setback is required for all portions of such buildings that exceed a height of 85 feet. Such
portions of #buildings# shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

(b) Setback requirements for #commercial# or #community facility# towers

For #buildings# that contain #commercial# or #community facility floor area# above a height of 85 feet, a setback is required for all portions of such #buildings# that exceed a height of 85 feet.

For #zoning lots# that do not exceed a #lot area# of 15,000 square feet, such portions of #buildings# shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. For #zoning lots# that exceed an area of 15,000 square feet, such portions shall be set back at least 20 feet from any #street line#.

However, setbacks shall not be required for any portion of a #building# fronting upon the south side of Willoughby Street between Gold Street and the Flatbush Avenue Extension, or upon that portion of the Flatbush Avenue Extension between Willoughby Street and DeKalb Avenue within 250 feet of Willoughby Street, or for any #building# fronting upon the north side of Willoughby Street between Gold Street and the Flatbush Avenue Extension, provided that this exemption shall not be applicable to portions of #buildings# above 85 feet that contain #residential floor area#.

(c) #Lot coverage# requirements for towers

All #buildings#, or portions thereof, shall have a maximum #lot coverage# of 65 percent of the #lot area# of the #zoning lot# above a height of 150 feet, up to a height of 300 feet. Above a height of 300 feet, all #buildings#, or portions thereof, shall have a maximum #lot coverage# of 50 percent of the #lot area# of the #zoning lot#. However, any portion of a #building# containing #residential floor area# above a height of 150 feet shall have a maximum #lot coverage# of 40 percent of the #lot area# of the #zoning lot# or, for #zoning lots# less than 20,000 square feet, the percentage set forth in the table in this Section:

<table>
<thead>

</tbody>
</table>

(d) Maximum #building# height

In C6-1 Districts, the maximum height of a #building or other structure# shall be 495 feet. No height limit shall apply within a C5-4, C6-4, C6-6 or C6-9 District.

(3/22/16)

101-30
SPECIAL PROVISIONS WITHIN HEIGHT LIMITATION AREAS

The provisions of this Section shall apply within the Flatbush Avenue Extension and Schermerhorn Street Height Limitation Areas, as shown on Map 6 in Appendix E of this Chapter.

(a) Flatbush Avenue Extension Height Limitation Area

Within the Flatbush Avenue Extension Height Limitation Area, no #building or other structure# shall exceed a height of 400 feet.

(b) Schermerhorn Street Height Limitation Area

Within the Schermerhorn Street Height Limitation Area, the provisions of this paragraph, (b), shall apply:

(1) #Public plaza# prohibition

No #public plazas# shall be permitted within Area B of Map 6.
(2) Height and setback regulations

The tower provisions of Section 101-223 shall not apply. The standard height and setback regulations of Section 101-222 shall apply within Area A of Map 6, and are modified to limit maximum #building# height to 140 feet within Area B, and to permit a maximum #building# height of 250 feet within Area C of Map 6. For #Quality Housing buildings#, the underlying height and setback regulations shall apply, except that the maximum height of a #building# shall be as specified on Map 6 or as specified pursuant to the Quality Housing Program, whichever is less.

(3) #Rear yard# modification

The provisions of Sections 23-532 (Required rear yard equivalents) or 23-533 (Required rear yard equivalents for Quality Housing buildings), as applicable, shall not apply to any #through lot#. In lieu thereof, an open area with a minimum depth of 60 feet, midway, or within 10 feet of being midway between the two #street lines# upon which such #through lot# fronts, shall be provided. Such #rear yard# shall be unobstructed from its lowest level to the sky, except as provided in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(6/28/04)

101-40
MANDATORY DISTRICT PLAN ELEMENTS

(11/16/16)

101-41
Special Street Wall Location Regulations

Map 4 (Street Wall Continuity and Mandatory Sidewalk Widenings) in Appendix E of this Chapter specifies locations where the special #street wall# location regulations of this Section apply. However, such regulations shall not apply along the #street# frontage of that portion of any #zoning lot# occupied by existing #buildings# to remain.

(a) Fulton Mall Subdistrict
Within the Fulton Mall Subdistrict, the #street wall# of any #building# shall be located on the #street line# and shall extend along the full length of the #street line# for that portion of the #building# within the Subdistrict, except that on #corner lots#, no #street wall# shall be required within 100 feet of the intersection of two #street lines# where the interior angle formed by such intersecting #street lines# is 45 degrees or less. Such required #street walls# shall extend to a minimum height of 60 feet above #curb level# or the height of the #building#, whichever is less, and a maximum height of 85 feet. Above a height of 85 feet, the provisions of Sections 101-222 (Standard height and setback regulations) or 101-223 (Tower regulations) shall apply.

(b) Atlantic Avenue Subdistrict

Within the Atlantic Avenue Subdistrict, the underlying height and setback regulations shall apply, except that the front wall of any #building# shall be coincident with the #street line# for a minimum height of 16 feet above #curb level# and, in a C2-4 District mapped within an R6A District, a maximum height of 50 feet above #curb level# or, in a C2-4 District mapped within an R7A District, a maximum height of 60 feet above #curb level#.

(c) Willoughby Square

For #buildings# fronting upon Willoughby Square, at least 70 percent of the #street wall# of that portion of the #building# fronting upon Willoughby Square shall be located on the #street line# and extend to a minimum height of 80 feet and a maximum height of 85 feet. Above a height of 85 feet, the provisions of Section 101-223 shall apply.

(d) All other areas

On all other #streets# shown on Map 4, at least 70 percent of the #aggregate width of street walls# of any #building# shall be located within eight feet of the #street line# and extend to at least a height of 40 feet in R7-1 Districts mapped within C2-4 Districts and at least a height of 60 feet in all other districts, or the height of the #building#, whichever is less, except that on #corner lots#, no #street wall# shall be required within 100 feet of the intersection of two #street lines# where the interior angle formed by such intersecting #street lines# is 45 degrees or less. However, such regulations shall not apply to any #building# fronting upon the north side of Willoughby Street.
between Gold Street and the Flatbush Avenue Extension.

(2/2/11)

101-42
Mandatory Sidewalk Widening

Map 4 (Street Wall Continuity and Mandatory Sidewalk Widening) in Appendix E of this Chapter specifies locations where the sidewalk widening regulations of this Section apply. Such regulations shall apply to all developments and to those horizontal enlargements where the enlarged portion of the building contains a floor area ratio of 3.0 or more.

All buildings that front upon the southerly street line of Willoughby Street between Adams Street and the Flatbush Avenue Extension shall provide a five foot deep sidewalk widening along the full frontage of the zoning lot along Willoughby Street. Such sidewalk widening shall be improved as a sidewalk to Department of Transportation standards, be at the same level as the adjoining public sidewalk and be accessible to the public at all times. For the purposes of applying the height and setback regulations of Section 101-22, inclusive, and the street wall location requirements of Section 101-41, the sidewalk widening line shall be considered to be the street line.

(2/2/11)

101-43
Off-street Relocation or Renovation of a Subway Stair

Where a development is constructed on a zoning lot that contains at least 5,000 square feet of lot area and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the street onto the zoning lot. For the purposes of this Section, a development shall not include an extension. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-40 (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR). The subway stations where such improvements are required are listed in the following table and shown on Map 7 (Subway Station Improvement Areas) in Appendix E of this Chapter.

<table>
<thead>
<tr>
<th>Station</th>
<th>Line</th>
</tr>
</thead>
</table>
(3/22/16)

101-50
OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

The provisions of Article II, Chapter 5, and Article III, Chapter 6 (ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS), shall apply, except that the accessory parking requirements of Section 25-23 (Requirements Where Group Parking Facilities Are Provided) shall be modified to require accessory off-street parking spaces for at least 20 percent of the total number of new dwelling units. However, such modification shall not apply in R6B Districts.

(3/22/16)

101-51
Curb Cut Restrictions

Along the streets specified on Map 5 (Curb Cut Restrictions) in Appendix E of this Chapter, no curb cuts for parking facilities or loading berths shall be permitted.

However, the City Planning Commission may, by authorization, permit a curb cut, on a street specified on Map 5, for parking facilities and loading berths on a zoning lot that does not have access or egress on another street, provided that such curb cut will not unduly inhibit surface traffic or result in conflict between pedestrian and vehicular circulation, and will...
result in a good overall site plan.

(3/22/16)

101-52
Reservoir Spaces

The provisions of this Section shall apply to parking facilities created after December 10, 2012, or for parking facilities enlarged by 50 or more spaces after December 10, 2012. For the purpose of determining required reservoir spaces, fractions equal to or greater than one-half resulting from the calculations in this Section shall be considered one reservoir space.

(a) Attended parking facilities

Attended #accessory# parking facilities, #public parking garages# or #public parking lots# with more than 25 parking spaces shall provide the following amount of off-street reservoir space at the vehicular entrance:

(1) for parking facilities with more than 25 parking spaces and up to 50 parking spaces: five percent of the total number of parking spaces;

(2) for parking facilities with more than 50 parking spaces and up to 100 parking spaces: 10 percent of the total number of parking spaces;

(3) for parking facilities with more than 100 parking spaces and up to 200 parking spaces: 10 parking spaces; and

(4) for parking facilities with more than 200 parking spaces: five percent of the total number of parking spaces. However, such number of reservoir spaces need not exceed 50.

(b) #Automated parking facilities#

For #automated parking facilities#, off-street reservoir space at the vehicle entrance shall be provided as set forth in paragraph (a) of this Section.

Each individual parking location where a driver is permitted to leave a vehicle for transfer to a mechanized automobile storage and retrieval unit shall constitute one reservoir space. Additional reservoir spaces may be located where
drivers queue to access such locations for vehicle transfer.

In addition, the number of reservoir spaces required pursuant to paragraph (a) of this Section may be reduced where the Commissioner of Buildings determines that the operational characteristics of such automated parking facility warrant such a reduction.

(c) Self-parking facilities

For self-parking accessory parking facilities, public parking garages and public parking lots, where entering vehicles are required to stop at a mechanically operated barrier before entering the parking facility, such barrier shall be placed a minimum of 20 feet beyond the street line.

(3/22/16)

101-53
Garages

(3/22/16)

101-531
Public parking garages

Public parking garages with 225 or fewer spaces shall be permitted as-of-right, provided that such garages are, except for entrances and exits, entirely below the level of any street or publicly accessible open area upon which such facility, or portion thereof, fronts. In addition to a maximum number of 225 public parking spaces, such garages may include required accessory parking spaces, which may be provided at any level. Any accessory parking spaces that are not required shall be included with all other public parking spaces in such public parking garage for the purpose of applying any regulations in this Resolution relating to the number or location of parking spaces in such public parking garage.

(3/22/16)

101-532
Off-site accessory parking spaces in public garages
Section 36-57 (Accessory Off-street Parking Spaces in Public Garages) shall be modified to allow accessory off-street parking spaces in any public parking garage developed after December 10, 2012, provided such off-site spaces comply with the provisions of Section 101-55 (Location of Off-site Parking Spaces).

(3/22/16)

101-533
Pedestrian safety

The provisions of this Section shall apply to parking facilities created after December 10, 2012, or for parking facilities enlarged by 50 or more spaces after December 10, 2012. For all accessory parking garages and public parking garages, the following safety features shall be provided at all vehicular exit points:

(a) a ‘stop’ sign which shall be clearly visible to drivers. Such signage shall comply with the standards set forth in the Manual of Uniform Traffic Control Devices (MUTCD) issued by the Federal Highway Administration (FHWA) for a conventional single lane road; and

(b) a speed bump, which shall be located within the exit lane of the parking facility. Such speed bump shall:

(1) span the entire width of such exit lane;

(2) have a minimum of two inches in height, as measured from the adjoining grade of the exit lane, and a maximum depth of 12 inches; and

(3) be located a minimum of four feet beyond the street line, as measured perpendicular to the street line.

(3/22/16)

101-534
Stackers in garages

Within an enclosed attended parking facility with parking lift systems, for individual lifted trays upon which a vehicle is stored, each tray upon which a vehicle is stored shall be
considered 153 square feet of #floor area#, except if located in portions of a #building# exempt from the definition of #floor area# pursuant to Section 12-10 (DEFINITIONS).

(3/22/16)

101-535
Automated parking facilities

For an #automated parking facility#, the minimum size of spaces regulated in Sections 25-62 (Size and Location of Spaces) and 36-521 (Size of spaces) shall not apply.

For the purpose of calculating parking spaces in #automated parking facilities#, each tray upon which a vehicle is stored shall constitute one off-street parking space. However, auxiliary parking trays may be exempted from constituting a parking space where the Commissioner of Buildings determines that such auxiliary parking trays are needed to routinely store and retrieve vehicles for the efficient operation of such #automated parking facility#.

Within an #automated parking facility#, each tray upon which a vehicle is stored shall be considered 153 square feet of #floor area#, except if located in portions of a #building# exempt from the definition of #floor area# pursuant to Section 12-10 (DEFINITIONS).

(3/22/16)

101-536
Special permit for public parking garages

Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas) shall not apply to #public parking garages#. In lieu thereof, the City Planning Commission may permit:

(a) a #public parking garage# that does not comply with the provisions of Section 101-531 (Public parking garages), provided that such garage complies with all other applicable regulations set forth in Section 101-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS); and

(b) floor space on one or more #stories#, up to a height of 23 feet above #curb level#, to be exempted from the definition
of floor area as set forth in Section 12-10.

In order to grant a special permit for such use or floor area exemption, the Commission shall find that:

(1) such use will be compatible with the surrounding area, and will not adversely affect the growth and development of uses comprising vital and essential functions in the general area within which such use is to be located;

(2) the proposed materials and articulation of the street wall of the parking facility are compatible with buildings in the surrounding area;

(3) the ground floor level of such parking facilities that front upon streets with a width of 60 feet or more, or that front upon public access areas, is occupied by commercial, community facility or residential uses that generate activity on all such adjoining streets or public areas, except at the entrances and exits to the parking facility. Where site planning constraints make such uses infeasible, the parking facility shall be screened from such adjoining streets or public access areas with a strip at least five feet deep, densely planted with shrubs or trees that are at least four feet high at the time of planting and that are of a type which may be expected to form a year-round dense screen, at least six feet high, within three years. Where such screening is not desirable, a total of at least 50 percent of the exterior building wall with adjacent parking spaces shall consist of opaque materials that include graphic or sculptural art, or living plant material;

(4) any floor space above the ground floor level utilized for parking is located, to the greatest extent feasible, behind commercial, community facility or residential floor area, so as to minimize the visibility of the parking facility from adjoining streets with a width of 60 feet or more, or public access areas. Any exterior wall of the parking facility visible from an adjoining street or public access area shall be articulated in a manner that is compatible with buildings in the surrounding area;

(5) such use will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic and pedestrian flow and that the streets providing access to such use will be adequate to handle the traffic generated thereby;

(6) such use and its vehicular entrances and exits are so located as to draw a minimum of vehicular traffic to and
through residential #streets# in nearby areas; and

(7) if any floor space is exempted from the definition of #floor area#, such additional floor space is necessary to prevent excessive on-street parking demand and relieve traffic congestion.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area including limitations on #signs#, or requirements for shielding of floodlights, or locations of entrances and exits.

(3/22/16)

101-54
Restrictions on Use of Accessory Off-street Parking Spaces

The provisions of Section 36-46 (Restrictions on Use of Accessory Off-street Parking Spaces) shall apply, provided that all #Commercial Districts# within the #Special Downtown Brooklyn District# shall be considered a C6 District for the purposes of such Section, inclusive. However, the provisions of this Section shall not apply within the Atlantic Avenue Subdistrict.

(3/22/16)

101-55
Location of Off-site Parking Spaces

Sections 25-50 and 36-40 (RESTRICTIONS ON LOCATION AND USE OF ACCESSORY OFF-STREET PARKING SPACES) shall apply, except that where the #use# generating the parking requirement and the #zoning lot# providing the parking spaces are both within the #Special Downtown Brooklyn District#, Sections 25-521 and 36-421 (Maximum distance from zoning lot) shall be modified to permit #accessory# parking spaces to be located up to 2,500 feet from the #zoning lot# occupied by the #residences# to which they are #accessory#.

(6/28/04)

101-60
FULTON MALL SUBDISTRICT
General purposes of the Fulton Mall Subdistrict

The general goals of the Fulton Mall Subdistrict include, among others, the following purposes:

(a) to foster and promote the orderly expansion of retail development so that Downtown Brooklyn will enhance its position as a major regional shopping center, provide an increasing number of employment opportunities and encourage the development of a desirable shopping and working environment;

(b) to complement public improvements in the area implemented either directly or indirectly by the City of New York by encouraging private investment in signs, facades and new development that will enhance the visual appearance and character of structures in the vicinity of Fulton Mall;

(c) to create an attractive shopping environment in the vicinity of the Fulton Mall, the construction of which will implement a plan for improved pedestrian and vehicular circulation; and

(d) to encourage a desirable urban design relationship between each building and the Fulton Mall.

General provisions for the Fulton Mall Subdistrict

Within the Fulton Mall Subdistrict, any change of use to another use listed in the same or another Use Group shall be subject to the special use regulations of Section 101-10, the special sign regulations of Section 101-61, inclusive, and the special transparency provisions of Section 101-12.

On application, the City Planning Commission may authorize minor modifications of the regulations of Sections 101-61, inclusive, and 101-12 and 101-62, inclusive, governing signs, transparency and facades within the Fulton Mall Subdistrict, upon the Commission's finding that the proposed modifications are in
conformity with the principles of good design and are not inconsistent with the purposes of this Chapter.

(6/28/04)

101-61
Special Sign Regulations for the Fulton Mall Subdistrict

Any erection of a new #sign#, or alteration (including a change in graphic representation on an existing #sign#), reconstruction or replacement of an existing #sign#, shall be subject to the special #sign# regulations of this Section, inclusive.

(6/28/04)

101-611
Area of permitted signs

Except for projecting #signs# that comply with the provisions of Section 101-131 (Permitted projection), all permitted #signs# in the Fulton Mall Subdistrict shall be subject to the applicable provisions of Section 32-64 (Surface Area and Illumination Provisions), Section 101-612 (Sign band) and this Section.

(2/2/11)

101-612
Sign band

(a) #Sign# located within the #sign# band

A #commercial# establishment located on the ground floor of a #building# may have one #sign# located on each #street# frontage within a #sign# band as defined in this Section.

The #sign# band shall have a lower limit of 10 feet above #curb level# and an upper limit coincident with the bottom of the lowest window sill on the second floor of a #building#, but in no event more than 15 feet above #curb level#. A #sign# located within the #sign# band may be applied directly to the surface of a #building# or to a #sign# board affixed to the surface of a #building#. If a #sign# board is employed, such #sign# board shall be entirely within the #sign# band, shall be mounted
horizontally, shall have a uniform color over its entire surface excluding perimeter frame or trim and shall extend the full length of the street wall of the establishment to which it is accessory, except that such sign board may be interrupted by vertical architectural elements such as columns, pilasters or other integral architectural elements. Any background material shall be considered as a sign board, unless it extends the full length of the street wall of a building (or that portion of a building occupied by the establishment) and the full height of the building up to the topmost cornice. On corner lots, a sign or sign boards shall be the same vertical dimension and shall be mounted at the same height above the curb level on both street frontages.

If more than one commercial establishment is located on the ground floor of a building, the signs located within the sign band accessory to each such establishment shall consist of letters and symbols of approximately the same size for each establishment, either applied directly to the surface of the building or to a common sign board affixed to the surface of a building.

As of March 16, 1978, the owner or lessee of a building with more than one ground floor establishment shall be responsible (unless the sign is applied directly to the surface of the building) for specifying the requirements of a common sign board, which shall include, but are not limited to, vertical dimension, mounting height, background color, material, whether illuminated and method of illumination (if applicable) which shall be the same for each establishment and shall be adhered to by each establishment employing a sign board.

A sign accessory to uses on the upper floors of a building may be located within the sign band when it directs attention to a ground floor entrance of an establishment located on the upper floors of a building.

(b) Signs located below the sign band

Signs accessory to commercial establishments located on the ground floor of a building may be located between curb level and 10 feet above curb level. Signs in show windows, on doors, or on transoms above doors, shall not occupy more than 20 percent of the total area of such show windows, doors or transoms above doors in which they are displayed, and are limited to writing (including letter, word or numeral) not more than eight inches high. Such sign shall be applied directly to show windows, doors or
transoms above doors, without background, or to a transparent panel hung behind the plane of the show window surface, door or transom above a door. Non-flashing illuminated signs (such as neon, etc.) shall be permitted providing that such signs are essentially transparent, i.e., without background or enclosure.

Incidental signs, identifying store name, address and hours of operation shall not exceed 10 square feet (including background) for an individual sign and shall not exceed, in aggregate (square feet), one-fifth the street frontage of the establishment but in no event more than 50 square feet for interior or through lots or 50 square feet on each frontage for corner lots.

An establishment located above the ground floor of a building that has an entrance on the ground floor may have one sign directing attention to the entrance.

(c) Signs located above the sign band

Signs accessory to commercial establishments which occupy space above the ground floor of a building may be located between 20 feet and 40 feet above curb level. Such establishments may have signs in windows provided that such sign does not occupy more than 30 percent of the window to which it is applied, that the remainder of the window is transparent, and that all such signs for an establishment have similar size and style of writing, pictorial representation, emblem or any other figure of similar character. Commercial establishments which occupy space above the ground floor may have one sign located above the sign band which is applied directly to the surface of a building or to a sign board affixed to the surface of a building. If a sign board is employed, such sign board shall be mounted horizontally, shall have a uniform color over its entire surface, excluding perimeter frame and trim, and shall not be located between windows. The total surface area of all signs located above the sign band shall not exceed three times the street frontage of the zoning lot (in feet) but in no event more than 200 square feet on each frontage.

No sign or sign board shall extend above the parapet wall or shall obscure any cornice or window.

(6/28/04)
101-613
Special sign content regulations

Except as further defined by the regulations of the #Special Downtown Brooklyn District#, permitted #signs# are limited to the following message:

store name;
symbol or logo;
address;
date of establishment; and
description of product or service offered.

(6/28/04)

101-614
Sign illuminations

#Signs# may be illuminated by either:

(a) internal illumination; or

(b) an external source that shall be so arranged that it projects no more than 12 inches from the #sign# it illuminates, and so that no direct rays of light are projected into adjoining #buildings# or the #street#. No #flashing signs# are permitted nor are flashing or rotating light sources except #illuminated signs# that indicate the time, temperature, weather or other similar information, pursuant to the definition of #flashing sign# in Section 12-10.

(6/28/04)

101-615
Temporary signs

Temporary #signs# relating to sales or events of limited duration not to exceed 45 days may be displayed in a #show window# of a #building#. Such #signs# must be removed after the last day of the sale or event to which they pertain. Temporary #signs# shall not occupy more than 20 percent of the surface area of the window
in which they are displayed.

(6/28/04)

101-616
Removal of existing signs with change of use

When a change of use or occupancy occurs within the Fulton Mall Subdistrict, all signs pertaining to the previous use or occupancy shall be removed within 45 days of the date such change takes place.

(6/28/04)

101-617
"For sale" or "for rent" signs

"For sale" or "for rent" signs, with an area not exceeding 12 square feet, are permitted.

(6/28/04)

101-618
Termination of certain non-conforming signs

In the Fulton Mall Subdistrict, Section 52-80 (REGULATIONS APPLYING TO NON-CONFORMING SIGNS) shall not apply. In lieu thereof, certain non-conforming signs may be continued until June 30, 1980, providing that after that date such non-conforming signs shall terminate and shall be removed in their entirety, including any supporting structure, frame or device. Such signs shall include:
  
  #advertising signs#
  
  #flashing signs#
  
  #signs# located more than 40 feet above curb level#
  
  roof #signs#
  
  #signs# extending above a parapet
  
  #signs# obscuring cornices and windows;
double or multi-faced #signs#; and

#signs# that project across a #street line# more than 12 inches.

Any #sign#, as of January 1, 1978, that forms an integral part of the surface of a #building or other structure# (such as a #sign# carved in stone, cast in metal or molded in terra cotta on a #building# whose facade is of such material) shall not be subject to the provisions of this Section.

(6/28/04)

101-62
Special Bulk Regulations

(6/28/04)

101-621
Special regulations concerning building facades

Any alteration to, or reconstruction of, the facade of an existing #building# shall be subject to the regulations of this Section, inclusive, but only to the extent of such work.

(6/28/04)

101-622
Special provisions for building facades above the ground floor

Any alteration, #incidental alteration# or minor work done to the #street wall# of any #building# or portion of any #building# shall be accomplished in such matter that:

(a) such #street wall# is treated with consistent materials, color and texture from the top of any ground floor windows or #sign# board to the top or the parapet, or to the bottom of a cornice if a cornice exists (access doors or panels, grilles or similar features shall be as inconspicuous as possible); and

(b) where such #street wall# treatment covers any window opening, it shall completely cover all window openings in
where window openings remain uncovered, all windows shall be treated in a similar manner or, if sealed, all windows shall be covered by a panel set at least two inches behind the plane of the wall. Except where the material used to seal window openings is the same as the wall of the building, the window panel shall have a single color over its entire surface. All such window panels shall have the same color.

(12/10/12)

101-63
Modification of Accessory Off-street Parking and Loading Requirements

The parking regulations of Section 101-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS) shall apply, except as set forth in this Section, inclusive.

(6/28/04)

101-631
Restricted access and prohibition on curb cuts

In no case shall vehicular access and egress for accessory off-street parking, public parking facilities, permitted or required accessory off-street loading berths or the service entrance to a building, be located within 50 feet of Fulton Street or DeKalb Avenue within the Fulton Mall Subdistrict. No curb cuts are permitted within the Fulton Mall Subdistrict within 50 feet of Fulton Street or DeKalb Avenue.

(6/28/04)

101-632
Waiver of off-street parking and loading requirements

The Commissioner of Buildings may waive any requirement in this Chapter that accessory off-street parking or loading berths be provided where the Commissioner finds that the required parking or loading cannot be provided consistent with Section 101-631 (Restricted access and prohibition on curb cuts).
101-70
ATLANTIC AVENUE SUBDISTRICT

101-701
General purposes

The general goals of the Atlantic Avenue Subdistrict include, among others, the following purposes:

(a) to protect the existing scale and form of development on Atlantic Avenue, characterized by three- and four-story attached buildings with shops, built in the 19th century;

(b) to preserve and enhance street life by maintaining a mix of residential and commercial uses, encouraging a variety of retail and service uses while limiting automotive service uses; and

(c) to protect desirable architectural features of certain buildings by establishing design guidelines for renovation or alteration.

101-702
Definitions specific to the Atlantic Avenue Subdistrict

For purposes of Sections 101-70 through 101-75, inclusive, concerning the Atlantic Avenue Subdistrict, matter in italics is defined in Section 12-10 (DEFINITIONS), Section 101-01 or in this Section.

Specified building type

Any building within the Atlantic Avenue Subdistrict erected prior to 1900, that has:

(a) a front wall for the full width of the zoning lot for a height of from two to five stories;

(b) a front wall of brick or stone, erected coincident with, or
within five feet of, the street line, with windows at each story and a cornice at the parapet level; and

(c) a storefront at the basement or ground floor.

A list of the buildings within the Atlantic Avenue Subdistrict that conform to the definition of specified building type appears in Appendix A of this Chapter.

Specified storefront type

Any storefront which is part of a building of the specified building type that has:

(a) show windows projecting beyond the front wall of the building, occupying a total area of at least 35 square feet and a sill height of not more than three feet and a total height of not less than eight feet, measured from curb level; and

(b) a projecting cornice above the storefront for its full width.

A list of buildings within the Atlantic Avenue Subdistrict having storefronts that conform to the definition of specified storefront type appears in Appendix B of this Chapter.

(6/28/04)

101-71
Sign Regulations

In order to enhance the visual quality of the Atlantic Avenue Subdistrict, the following additional regulations shall apply to all signs within the Subdistrict.

(6/28/04)

101-711
Total surface area of signs

The total surface area and number of all permitted signs, including non-illuminated and illuminated signs, shall not exceed the limitations set forth for non-illuminated signs in Section 101-712 (Area of non-illuminated signs).
101-712
Area of non-illuminated signs

The total surface area (in square feet) of non-illuminated signs on a zoning lot shall not exceed three times the street frontage of the zoning lot (in feet), and in no event shall exceed 150 square feet for interior or through lots or 150 square feet on each frontage for corner lots. Each commercial establishment shall be permitted not more than one sign. The vertical dimension of any sign shall not exceed three feet. The provisions of this Section shall not apply to projecting signs that comply with the provisions of Section 101-131 (Permitted projection).

101-713
Area of illuminated signs

The total surface area (in square feet) of illuminated signs on a zoning lot shall not exceed two times the street frontage of the zoning lot (in feet), and in no event shall exceed 50 square feet for interior or through lots or 50 square feet on each frontage for corner lots. The vertical dimension on any illuminated sign shall not exceed 2 feet, 6 inches, nor shall illuminated signs project more than 10 inches from the surface to which they are affixed.

101-714
Permanent window graphics

Permanent window graphics may not occupy more than 20 percent of the total area of the window in which they are displayed. If such a permanent window graphic has letters more than three inches high, it shall count as a sign.
Location of signs

If more than one commercial establishment is located on the same floor of a building, the signs accessory to all such establishments, except for projecting signs that comply with the provisions of Section 101-131 (Permitted projection), shall be of equal height and mounted or painted on a common sign board. All signs or common sign boards shall be located as follows:

(a) if accessory to uses on the ground floor of a building, the sign or common sign board shall be located within a band extending the full length of the street wall, which band shall have a lower limit of eight feet above the ground floor and an upper limit coincident with the bottom of the lowest window sill on the second floor, but in no event more than 16 feet above curb level;

(b) if accessory to uses on the upper floor of a building, the sign or common sign board shall be located between the highest window lintel of the floor on which the use is located and the lowest window sill of the floor above, but in no case more than 25 feet above curb level;

(c) no sign may be located so as to obscure any cornice, except that a non-illuminated sign may be attached to a cornice if such sign consists of individual letters, emblems or figures mounted on open metal mesh attached to the cornice and finished to match the cornice, provided that the cornice remains visible; and

(d) no sign or common sign board shall extend above the parapet wall or roof of the building on which it is displayed.

Sign materials and colors

Signs may be fabricated of any opaque material that does not have a glossy or reflective surface, except that glossy translucent material may be used:

(a) in areas where the intent is to imitate or replace glass, as in transoms; or
(b) for individual letters in internally lit #illuminated signs#.

Background colors for #signs# or common #sign# boards shall be limited to black, navy blue, dark green, maroon or bronze.

(6/28/04)

101-72
Modification of Bulk Regulations

(2/2/11)

101-721
Height and setback

The underlying height and setback regulations shall apply, except that the front wall of any #building# shall be coincident with the #street line# for a minimum height above #curb level# of 16 feet and, in a C2-4 District mapped within an R6A District, a maximum height above #curb level# of 50 feet or, in a C2-4 District mapped within an R7A District, a maximum height above #curb level# of 60 feet.

(6/28/04)

101-73
Special Provisions

(2/2/11)

101-731
Special provisions for certain existing buildings

Any alteration, #incidental alteration# or minor work (including any change in, addition to, or removal from, the parts or materials of a #building#, including finishes) done to the front wall of any #building# of the #specified building type# shall comply with the following standards:

(a) Alteration or reconstruction of storefronts shall comply
with the provisions of Section 101-734.

(b) Front walls which are replaced shall be erected to the same height and at the same location as the original walls. Replacement or repair of front walls shall be done with the same material as the original walls, except that stone may be replaced by another material finished in such a manner as to match the appearance of the original walls. Finishes and colors of front walls shall be of an approved type, as indicated in Appendix C of this Chapter.

(c) Front walls which are replaced shall have windows at each floor, the area of which shall comply with the provisions of Section 101-733 (Special provisions for development and enlargement). Such windows shall have stone or precast lintels and sills having a minimum height of six inches and extending at least four inches beyond the window opening on either side. Existing window openings above the ground floor may not be reduced in size but may be completely sealed if the window area provisions of Section 101-733 are met. Such openings shall be completely sealed with masonry recessed at least two inches behind the wall and finished to match the wall. New windows shall be double-hung, fixed or casement sash finished in an approved manner, as indicated in Appendix D of this Chapter.

(d) No existing cornice shall be removed unless required by the Department of Buildings. A cornice that must be removed shall be replaced by a new cornice having the same height, length and projection beyond the surface of the wall and finished in an approved color, as indicated in Appendix D of this Chapter.

(2/2/11)

101-732
Special provisions for other existing buildings

Any alteration, #incidental alteration# or minor work done to the front wall of any #building# not of the #specified building type#, shall comply with the following standards:

(a) alteration or replacement of storefronts shall comply with the provisions of Section 101-734; and

(b) alteration or replacement of front walls shall comply with the provisions of Sections 101-721 (Height and setback) and 101-733 (Special provisions for development and
Special provisions for development and enlargement

The front wall of any #development# or #enlargement#, or the front wall of any #building# where the height or width of a #street wall# is proposed to be increased, shall be built to comply with the following standards:

(a) The front wall shall extend along the full length of the Atlantic Avenue #street line#. It may be interrupted at the ground level by entrances or exits for off-street parking or loading spaces permitted pursuant to Section 101-744 (Special permit for public parking garages or public parking lots).

Front wall recesses are permitted for architectural purposes provided that the aggregate length at the level of any #story# does not exceed 25 percent of the length of the front wall where such recesses are permitted. The depth of such recesses shall not exceed three feet. No recesses are permitted within 20 feet of the intersections of two #street lines# forming an angle of 100 degrees or less.

(b) Windows shall occupy at least 35 percent of the wall area at the level of any #story# above the ground floor. (For the purposes of calculation, the wall height at any #story# shall be measured between the floor and ceiling of that #story#.)

(c) Window and door framing trim shall be finished in an approved color as indicated in Appendix D of this Chapter.

Special provisions for storefronts

No storefront of the #specified storefront type# shall be demolished unless its demolition is required by the Department of Buildings. Reconstruction or repair of storefronts of the #specified storefront type# shall be done in such a manner as to retain or restore the original design and materials, except that...
plate glass may be replaced by transparent plastic. Such storefronts shall be finished in an approved manner, as indicated in Appendix D of this Chapter.

New storefronts installed in any existing or new building shall comply with Section 101-12 (Transparency Requirements) and the following standards:

(a) A storefront installed in a building of the specified building type shall occupy at least the same area of the front wall as the original storefront. A storefront installed in any other building shall occupy the entire frontage of the front wall devoted to commercial uses.

(b) Storefront entrance doors shall be set back a minimum of two feet behind the vertical surface of the show windows. A minimum of 50 percent of the door area shall be transparent glazed.

(c) In the case of existing buildings, no existing cornice above a storefront shall be demolished unless required by the Department of Buildings. A cornice which is removed shall be replaced by a cornice having the same length, height and projection beyond the surface of the front wall. In any building of the specified building type where the original cornice above the storefront has been previously removed, any new storefront shall incorporate a cornice or fascia extending the full length of the store front and having a minimum height of two feet.

(d) All framing elements, trim elements, doors, etc., of the storefront shall be finished in an approved manner, as indicated in Appendix D.

(e) Any awning or canopy attached to a building with a storefront which incorporates a cornice shall be attached in such manner as not to obscure or cover the cornice.

(12/10/12)

101-74
Modification of Accessory Off-street Parking and Loading Requirements

The provisions of Section 101-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS), inclusive, shall not apply within the Atlantic Avenue Subdistrict.
101-741
Accessory off-street parking

No accessory off-street parking facilities are required for any residential or commercial development, or portion thereof, within the Atlantic Avenue Subdistrict. In no case shall the number of permitted accessory off-street parking spaces for residential use exceed 40 percent of the number of dwelling units. All accessory parking spaces shall be designed and operated exclusively for the long term storage of private passenger motor vehicles used by the occupants of such residences.

In no case shall curb cuts for vehicular access be located on Atlantic Avenue or on a street within 50 feet of its intersection with the street line of Atlantic Avenue. No off-site accessory off-street parking facilities for any use shall be permitted within the Atlantic Avenue Subdistrict.

The parking requirements set forth in Sections 25-31 or 36-21 shall not apply to any development for which the Commissioner of Buildings has certified that there is no way to provide the required parking spaces with access to a street in conformity with the provisions of this Section.

101-742
Screening

Any permitted accessory off-street parking area, regardless of size or location, shall be screened from all adjoining zoning lots and streets by screening that complies with the provisions of Section 36-56 (Screening) and which, in the case of a wall or barrier or uniformly painted fence, is finished in an approved color as indicated in Appendix D of this Chapter.

101-743
Accessory off-street loading
Curb cuts for vehicular access to accessory off-street loading berths shall not be located on Atlantic Avenue or on a street within 50 feet of its intersection with the street line of Atlantic Avenue. However, the City Planning Commission may, by authorization, permit a curb cut on Atlantic Avenue, provided that:

(a) such curb cut is a relocation of an existing curb cut on the zoning lot; and

(b) such curb cut will not unduly inhibit surface traffic and pedestrian flow along Atlantic Avenue.

The loading berth requirements of Section 25-72 or 36-62 shall not apply to any development for which the Commissioner of Buildings has certified that there is no way to provide the required loading berths with access to a street in conformity with the provisions of this Section.

All accessory off-street loading berths shall be enclosed within a building.

(2/2/11)

101-744
Special permit for public parking garages or public parking lots

The City Planning Commission may grant a special permit for public parking garages or public parking lots with a capacity of not more than 100 spaces, provided that the regulations set forth in Sections 36-53 (Width of Curb Cuts and Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening), are met and that no roof parking is permitted. The Commission may permit floor space on one or more stories, and up to a height of 23 feet above curb level, to be exempted from the definition of floor area set forth in Section 12-10 (DEFINITIONS). As a condition of permitting such use, the Commission shall make the following findings:

(a) such use is so located as to draw a minimum of vehicular traffic to and through local streets in nearby residential areas;

(b) such use has adequate reservoir space at the vehicular entrance to accommodate a minimum of 10 automobiles or 20 percent of the spaces so provided, whichever amount is less; and
(c) where any floor space is exempted from the definition of floor area, such additional floor space is needed in order to prevent excessive on-street parking demand and relieve traffic congestion.

(2/2/11)

101-75
Special Provisions for Demolition of Buildings

Except in the case of buildings that are unsafe and the demolition of which is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8, or its successor, of the New York City Administrative Code, no demolition permit shall be issued by the Department of Buildings for any development within the Subdistrict until:

(a) the owner of the property has obtained a building application approval for the new development or enlargement; and

(b) the owner shall have presented evidence of having a commitment from a domestic bank, insurance company or real estate investment company, for construction financing, which shall be in the form of a letter trust.

(6/17/13)

101-80
SPECIAL PERMITS

(3/22/16)

101-81
Special Permit for Use and Bulk Modifications for Cultural Use in Certain C6-2 Districts

In order to support a concentration of cultural uses and public open spaces in the C6-2 District bounded by Flatbush Avenue, Hanson Place, St. Felix Street and Lafayette Avenue, for buildings intended to be occupied in whole or in part by cultural uses, the City Planning Commission may permit the maximum community facility floor area ratio to be increased from 6.5 to 7.0, may permit modifications of the special street
wall location regulations of Section 101-41, and the height and setback regulations of Section 23-641 as applied to the residential portion of a building, and modifications of applicable sign regulations in accordance with this Section.

For the purposes of this Section, “cultural use” shall be defined as public or non-profit libraries, theaters, museums, visual or performing arts spaces, or art, music, dance, theatrical studios or other comparable uses and space occupied by such cultural use shall qualify as community facility floor area.

In order to grant such special permit, the conditions of paragraph (a) and the findings of paragraph (b) of this Section shall be met. In addition, special regulations pertaining to the certificate of occupancy of such building shall apply as set forth in paragraph (c).

(a) Conditions

(1) A letter from the Office of the Mayor shall be submitted certifying that:

(i) a preliminary agreement has been executed providing for a cultural facility consisting of at least 40,000 square feet of interior gross square feet in the building to be transferred for cultural uses and for the construction of the core and shell of such cultural facility by the applicant; and

(ii) floor plans have been provided to the Office of the Mayor which demonstrate that the cultural facility is well-suited for cultural uses; and

(2) A legal commitment in the form of a declaration of restrictions shall be executed and delivered to the City for recording upon the approval of the permit, restricting use of the floor area to cultural use for the life of the related development, provided that in the event the majority of the zoning lot containing such floor area is in the ownership of a not-for-profit corporation under contract with the City to provide economic development services at the time of the grant of such permit, execution and recordation of such declaration of restrictions shall be made at the time of the transfer of ownership of the majority of such zoning lot for purposes of facilitating the related development.
(b) In order to grant such permit, the Commission shall find that:

1. the building, including such cultural uses, is designed and arranged on the zoning lot in a manner that results in ample visibility of and access to the cultural uses from surrounding streets;

2. any street wall modifications will facilitate access to open space on the lot and result in a development that activates the pedestrian environment;

3. any bulk modifications will result in a better distribution of bulk on the zoning lot by providing for increased light and air to open space on the zoning lot;

4. the appearance of bulk is minimized through an enhanced articulation of the base and tower elements of the building, an enhanced relationship between the building and the open space on the zoning lot, and an enhanced amount and arrangement of the fenestration of the building; and

5. any modifications to sign regulations will result in greater visibility for the cultural uses provided on the zoning lot.

The Commission may prescribe appropriate additional conditions and safeguards in order to enhance the character of the development and to minimize adverse effects on the character of the surrounding area.

(c) Certificate of occupancy

The Commissioner of Buildings shall not issue a temporary or permanent certificate of occupancy for more than an amount of floor area in the building equal to the floor area to be occupied by non-cultural uses minus 40,000 square feet of floor area unless the Department of Buildings has received a letter from the Office of the Mayor certifying that a deed transferring ownership of a majority of the zoning lot has been recorded and that such deed or other recorded document provides for:

1. the construction by transferee of the core and shell of the cultural facility described in paragraph (a)(1)(i) of this Section;
(2) the creation of a condominium unit for such cultural facility and the transfer of ownership thereof to the City; and

(3) a right of the transferor to re-enter and re-acquire the zoning lot should the applicant fail to complete the construction of the core and shell of the cultural facility.

Should the certification by the Office of the Mayor not be issued within 30 days of the recording of the deed or other document with the stated provisions, a copy of such deed or document may be provided to the Department of Buildings in satisfaction of such certification.

(6/28/04)

Appendix A
Atlantic Avenue Subdistrict: Buildings Conforming to the Specified Building Type

The following is a list of addresses of buildings within the Atlantic Avenue Subdistrict of the Special Downtown Brooklyn District that conform to the definition of specified building type contained in Section 101-702.

Block 176
Atlantic Avenue (NS): 305, 311, 313, 315, 317, 321, 323, 325, 327, 329

Block 177
Hoyt Street (ES): 75, 77

Block 178
Atlantic Avenue (NS): 405, 407, 409

Block 179
Atlantic Avenue (NS): 455, 457, 477, 479, 481, 483, 485, 487, 491, 495, 497, 499, 501
Third Avenue (ES): 31-31A

Block 180
Atlantic Avenue (NS): 565, 567, 569, 571, 573
Times Plaza: 2, 6, 8, 10, 12
Flatbush Avenue: 112, 114, 116, 118, 122
Appendix B

Atlantic Avenue Subdistrict: Storefronts Conforming to the Specified Storefront Type

The following list of addresses of buildings within the Atlantic Avenue Subdistrict of the Special Downtown Brooklyn District that contain storefronts conforming to the definition of specified storefront type contained in Section 101-702.

Block 177
Atlantic Avenue (NS): 371, 375, 377, 377A
Hoyt Street (ES): 75, 77

Block 178
Atlantic Avenue (NS): 405, 407, 409
Atlantic Avenue (NS): 483, 501, (easterly of 2 storefronts)

Block 181
Atlantic Avenue (SS): 232

Block 182
Atlantic Avenue (SS): 302 (westerly of 2 storefronts), 322, 340

Block 183

Block 189
Atlantic Avenue (SS): 404, 406, 408, 410, 412, 416, 420, 426

Chapter 2: Special Scenic View District

Effective date of most recently amended section of Article X Chapter 2: 02/02/11
Article X - Special Purpose Districts

Chapter 2
Special Scenic View District

102-00
GENERAL PURPOSES

The "Special Scenic View District" (hereinafter also referred to as the "Special District"), established in this Resolution, is designed to promote and protect public health, safety, and general welfare. These general goals include, among others, the following specific purposes:

(a) to preserve, protect and prevent obstruction of outstanding scenic views as seen from a mapped public park or an esplanade or a mapped public place directly accessible to the public; and

(b) to promote the most desirable use of land and direction of building development, to assure the maintenance and enhancement of the aesthetic aspects of scenic views, to conserve the value of land and buildings and to protect the City's tax revenues.

102-01
Definitions

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are as set forth in Section 12-10 (DEFINITIONS).

Scenic view

A "scenic view" is an outstanding or unique view from a mapped public park or an esplanade or a mapped public place which is protected by the regulations of this Chapter. Scenic views shall be limited to:

(a) distant landscapes of scenic grandeur which contain natural features such as hills, palisades or similar features;
(b) outstanding views of large bodies of water such as rivers, streams, lakes, harbors, waterfalls or similar aquatic features; or

(c) panoramic views of the waterfront profile of the skyline formed by built and natural elements.

The minimum horizontal distance between the scenic view and a view reference line shall be at least 1,500 feet and shall not contain distractions which reduce the quality of such view. The specific view to be preserved under the regulation of this Special Scenic View District shall be described and made part of this Chapter.

View framing line

The "view framing line" is a line or lines which establish the outer edge of the scenic view to be protected. For each scenic view, the view framing line or lines and their elevation are to be located and identified and made part of this Chapter.

View plane

A "view plane" is an imaginary plane above which no obstruction shall be permitted within a Special Scenic View District unless authorized by the City Planning Commission. Position of the view plane may be conical surfaces. Such view plane or planes are established by joining the view reference line with the view framing lines as illustrated below:
#View planes# and their elevation, length and slopes applicable to each #Special Scenic View District# are to be located and identified and made part of this Chapter.

View reference line

The "view reference line" is a line within a mapped #public park# or an esplanade or a mapped public place from which at any point an outstanding #scenic view# may be observed. A #view reference line# and its elevation applicable to each #Special Scenic View District# are to be located and identified and made part of this Chapter.

The mapped #public park# or an esplanade or a mapped public place in which such #view reference line# is located shall be directly accessible from a #street#.

(2/2/11)

102-02
General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Scenic View District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. Except as so modified, all the applicable regulations of the underlying districts shall be in effect.

#Special Scenic View Districts# may be mapped only in areas where the control of the height of a #building or other structure#, including #signs#, is necessary to preserve outstanding #scenic views# from a mapped #public park# or an esplanade or a mapped public place.

(2/2/11)

102-021
Requirement for application

An application to the City Planning Commission for a special permit pursuant to Section 102-30, shall include maps, plans or other documents showing topography, elevations, and site plans showing arrangement and spacing of #buildings or other structures#, and other information necessary to determine the impact of the proposal on the #scenic view# to be protected.
102-023
Relationship to public improvement projects

In all cases, the City Planning Commission shall deny a special permit application whenever the proposal will interfere with a public improvement project (including highways, public #buildings# and facilities), redevelopment or renewal projects, or rights-of-way for sewers, transit, or other public facilities) which is approved by or pending before the Board of Estimate, the City Planning Commission, or the Site Selection Board as determined from the calendar of each such agency issued prior to the date of the public hearing on the application for a special permit.

102-10
HEIGHT REGULATIONS FOR BUILDINGS, SIGNS OR STRUCTURES

Notwithstanding any other provisions of this Resolution, no portion of any #building or other structure# hereafter constructed, or of any #sign# hereafter erected, or of any existing #building or other structure# hereafter relocated, #enlarged# or reconstructed, shall penetrate a #view plane# unless authorized by the City Planning Commission, pursuant to Section 102-30 (SPECIAL PERMIT PROVISIONS).

102-11
Damage, Destruction or Demolition

If an existing #building or other structure# which penetrates the #view plane# of a #Special Scenic View District# is damaged, destroyed or demolished by any means, such #building or other structure# may be reconstructed provided that such reconstruction shall not create a new #non-compliance# nor increase the pre-existing degree of #non-compliance#.
102-20
MANDATORY LANDSCAPING PLAN

The requirements of this Section shall apply to #zoning lots#, any portion of whose finished ground elevation is within 30 feet of the elevation of the #view plane# located above the #zoning lot#. At the time of filing with the Department of Buildings, for any application for an excavation permit or a building permit for a #development# or #enlargement# or site improvement on such #zoning lots# within a #Special Scenic View District#, a landscaping plan shall be submitted to the City Planning Commission indicating that future landscaping on the site will not impair #scenic views# from the #view reference line#. Such plan shall indicate existing topography, trees, shrubs, #buildings or other structures# and proposed landscaping. All future landscaping on the site shall be in accordance with the approved landscaping plan on file with the Commission. The Commission shall submit a copy of the approved landscaping plan to the Department of Buildings or other appropriate city agency having jurisdiction.

(2/2/11)

102-30
SPECIAL PERMIT PROVISIONS

On all #zoning lots# located entirely or partially within a #Special Scenic View District#, the City Planning Commission, by special permit, may allow penetration by a #sign# or #building or other structure# of a #view plane# and grant minor modifications of #open space#, #lot coverage#, #yards# and height and setback regulations of the underlying district. As a condition for such modifications, the Commission shall find:

(a) that any penetration of a #view plane# shall not significantly obstruct the #scenic view# which is to be protected by the provisions of this Chapter;

(b) that any penetration of a #view plane# will cause the minimal obstruction consistent with reasonable development and #bulk# distribution on the #zoning lot#; and

(c) that any #bulk# modifications on a #zoning lot# will not affect adversely any other #zoning lots#
outside the development, by restricting access of light and air.

In reaching a determination for such modifications, the Commission shall be guided by the description of the scenic view to be made part of this Chapter at the time of the designation of a Special Scenic View District.

The Commission may prescribe appropriate conditions and safeguards to protect the scenic view and to minimize the adverse effects on the character of the surrounding areas.

(10/24/74)

102-40
SPECIAL DISTRICT DESIGNATION ON PUBLIC PARKS

When a Special Scenic View District is designated on a public park or portion thereof, any future landscaping, erection of new signs or buildings or other structures, thereon, shall not penetrate a view plane unless authorized by the City Planning Commission. As a condition for such authorization, the Commission shall find that any penetration of a view plane shall not significantly obstruct the scenic view which is to be protected by the provisions of this Chapter.

(10/24/74)

102-50
SPECIAL PROVISIONS FOR CITY-OWNED LANDS

For any development or site improvement on a city-owned zoning lot located within a Special Scenic View District, the provisions of this Chapter shall apply except that modifications permitted under Section 102-30 (SPECIAL PERMIT PROVISIONS) may be approved by authorization of the City Planning Commission.

(10/24/74)

102-60
SPECIAL SCENIC VIEW DISTRICTS SPECIFIED
102-61
SV-1 Brooklyn Heights Scenic View District

The SV-1 "Brooklyn Heights Scenic View District" is hereby established. The regulations of Sections 102-00 to 102-50, inclusive, as well as the regulations of this Section, inclusive, shall be applicable in this Special District.

102-611
District boundary description

The boundaries of the SV-1 District as shown on the zoning maps shall be interpreted in accordance with the following description.

The SV-1 District is bounded by:

(a) the view reference line located along the westerly face of the Brooklyn Heights Promenade;

(b) the northwesterly edge of the view plane which forms an angle of 160 degrees measured in a horizontal plane with respect to the view reference line at point A;

(c) the southwesterly edge of the view plane which forms an angle of 145 degrees, measured in a horizontal plane, with respect to the view reference line at point A1; and

(d) the pierhead line which is located between the intersection of the northwesterly and southwesterly view framing lines and the pierhead line.

102-612
View reference line

The view reference line of the SV-1 Special District is a line at an elevation of 66 feet located along the westerly vertical face of the Brooklyn Heights Promenade and which is approximately four feet above the Promenade. The view reference line#
is formed by joining two end points, A and A1, as shown in Diagram 1.

Point A is located at the intersection of the westerly face of the Promenade and the prolongation of the north side of Orange Street.

Point A1 is located 50 feet north of the intersection of the westerly face of the Promenade and the prolongation of the north side of Remsen Street.

(10/24/74)

102-613
View framing line

The view framing line of the SV-1 Special District is a line which establishes the outer edge of the scenic view to be protected. The two extreme ends of the view framing line are points B1 and B4 (Diagram 1).

The elevation of the view framing line at all points between B1 and B4 is 2.5 feet as shown in Diagram 2.

(10/24/74)

102-614
View plane

The view plane of the SV-1 Special District is an imaginary plane formed by joining the elevation of the view reference line with the elevation of the view framing line as shown in Diagram 2. The horizontal distance between the view reference line and the view framing line is 2,300 feet. Those portions of the plane formed by points A, B3, B4 and A1, B1, B2 are conical surfaces.

(10/24/74)

102-615
Description of scenic view

The scenic view to be protected pursuant to the provisions of this Section includes: the panoramic view of the lower Manhattan skyline which includes such landmarks as the Brooklyn Bridge archway, the South Street Seaport, the Whitehall Ferry Terminal, and the vistas of the Statue of Liberty and Governors Island.

Article X - Special Purpose Districts

Chapter 3
Special Planned Community Preservation District

103-00
GENERAL PURPOSES

The "Special Planned Community Preservation District" (hereinafter referred to as the "Special District"), established in this Resolution, is designed to promote and protect the public interest, general welfare and amenity. These general goals include, among others, the following specific purposes:

(a) to preserve and protect the Special Districts as superior examples of town planning or large-scale development;

(b) to preserve and protect the character and integrity of these unique communities which, by their existing site plan, pedestrian and vehicular circulation system, balance between buildings and open space, harmonious scale of the development, related commercial uses, open space arrangement and landscaping add to the quality of urban life;

(c) to preserve and protect the variety of neighborhoods and communities that presently exist which contribute greatly to the livability of New York City;

(d) to maintain and protect the environmental quality that the Special District offers to its residents and the City-at-large; and

(e) to guide development within each of the Special Districts that is consistent with the existing character, quality and amenity of the Special Planned Community Preservation District.

103-01
Establishment of Special Planned Community Preservation District
The City Planning Commission has established the #Special Planned Community Preservation District# in areas that:

(a) have a land area of at least 1.5 acres;

(b) contain a minimum of three #buildings#;

(c) were designed and substantially #developed# as a unit under the regulations of the Zoning Resolution prior to December 15, 1961; and

(d) include considerable clustered #open space# and related #commercial uses# available to all residents of the District.

The Commission has found that existing site plans resulted in superior functional relationships of #buildings#, #open spaces#, pedestrian and vehicular circulation systems, including parking facilities, and other amenities all together creating an outstanding planned residential community.

(6/10/09)

103-02
Special Planned Community Preservation District Areas

The #Special Planned Community Preservation District# areas are as follows, and are each indicated by the letters "PC" on the #zoning maps#:

Fresh Meadows in the Borough of Queens

The Harlem River Houses in the Borough of Manhattan

Parkchester in the Borough of the Bronx

Sunnyside Gardens in the Borough of Queens.

(2/2/11)

103-10
GENERAL PROVISIONS

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Planned Community
Preservation District#, no #development#, #enlargement#, or substantial alteration of landscaping or topography, shall be permitted within the Fresh Meadows, Harlem River Houses and Parkchester areas, except by special permit of the City Planning Commission, pursuant to Sections 103-11 (Special Permit for Bulk and Parking Modifications) and 103-12 (Special Permit for Landscaping and Topography Modifications).

No demolition of #buildings# shall be permitted within the Fresh Meadows, Harlem River Houses and Parkchester areas, unless it is an unsafe #building# and demolition is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8, of the New York City Administrative Code, or its successor, except that such demolition may be permitted pursuant to a development plan for which a special permit has been granted under the provisions of Sections 103-11 and 103-12.

In a C8-4 District, however, a demolition permit may be issued for any #building# that is less than 10,000 square feet and was constructed after December 31, 1955, but prior to July 18, 1974.

Special regulations for the Sunnyside Gardens area are set forth in Section 103-20, inclusive.

(2/2/11)

103-11
Special Permits for Bulk and Parking Modifications

(a) For any #development# or #enlargement#, either of which may include demolition, within a #Special Planned Community Preservation District#, the City Planning Commission, by special permit, may allow:

(1) the unused total #floor area#, #dwelling units# or #rooming units# permitted by the applicable district regulations for all #zoning lots# within the development to be distributed without regard for #zoning lot lines#;

(2) the total #open space# or #lot coverage# required by the applicable district regulations for any #zoning lots# within the development to be distributed without regard for #zoning lot lines#;

(3) minor variations in the #yard# regulations required by the applicable district regulations;
(4) minor variations in the height and setback regulations required by the applicable district regulations;

(5) modifications of the minimum spacing requirements consistent with the intent of the provisions of Section 23-71 (Minimum Distance Between Buildings on a Single Lot); or

(6) permitted or required #accessory# off-street parking spaces, driveways or curb cuts to be located anywhere within the development, without regard to #zoning lot lines# or the provisions of Sections 25-621 (Location of parking spaces in certain districts) and 25-631 (Location and width of curb cuts in certain districts), subject to the findings of Section 78-41 (Location of Accessory Parking Spaces).

(b) In order to grant such special permits, the City Planning Commission shall make the following findings:

(1) that the #development# or #enlargement# relates to the existing #buildings or other structures# in scale and design, and that the #development# will not seriously alter the scenic amenity and the environmental quality of the community;

(2) that the #development# or #enlargement# be sited in such a manner as to preserve the greatest amount of #open space# and landscaping that currently exists, consistent with the scale and design of the existing development, the landscaping surrounding the new landscaping arrangement, and conditions of the community;

(3) that the #development# or #enlargement# be sited in such a manner that it will not require at that time, or in the foreseeable future, new access roads or exits, off-street parking or public parking facilities that will disrupt or eliminate major portions of #open space# and landscaping or will generate large volumes of traffic that will diminish the environmental quality of the community; and

(4) that minimal landscaping be removed during construction and such areas will be fully restored upon completion of construction.

(c) Notwithstanding the provisions of paragraph (a)(6) of this Section, where the requirement for #accessory# off-street parking spaces, driveways or curb cuts can only be
accommodated in such a manner that the functioning of the existing planned community is substantially injured, the Commission shall authorize waiver of all or part of the required parking.

The Commission may prescribe appropriate conditions and safeguards, including covenants running with the land which shall permit public or private enforcement reflecting terms, conditions and limitations of any special permit in order to minimize adverse effects on the character and quality of the community. The Commission may advise and recommend special conditions or modifications in the plans submitted by applicants in order to conform to the intentions of the #Special Planned Community Preservation District#.

(6/10/09)

103-12
Special Permit for Landscaping and Topography Modifications

No substantial modifications of existing topography or landscaping, including plantings, shall be permitted within the Special District except where such modifications are approved by special permit of the City Planning Commission.

(6/10/09)

103-13
Requirements for Application

An application to the City Planning Commission for the grant of a special permit respecting any #development# or #enlargement# or substantial modification of landscaping or topography to be made within the Special District, shall include the existing and proposed site plan showing the location and the scale of the existing and proposed #buildings or other structures#, the location of all vehicular entrances and exits and off-street parking facilities, the changes that will be made in the location and size of the #open space#, and such other information as may be required by the Commission. The submission shall include a landscaping plan, building sections and elevation and an appropriate model of the planned community.

(2/2/11)
103-14  
Recordation

At the time of any transfer of development rights which has been authorized by special permit under Section 103-11, the owners of zoning lots to which and from which development rights are transferred shall submit to the City Planning Commission a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer.

Notice of the restrictions upon further development of the lots to which development rights and from which development rights are transferred shall be filed by the owners of the respective lots in the place and county designated by law for the filing of deeds and restrictions on real property, a certified copy of which shall be submitted to the Commission.

Both the instrument of transfer and the notice of restrictions shall specify the total amount of floor area to be transferred, and shall specify, by lot and block numbers, the lots from which and the lots to which such transfer is made.

(6/10/09)

103-20  
SPECIAL REGULATIONS FOR SUNNYSIDE GARDENS

In order to further protect and enhance the character of the Sunnyside Gardens area within the Special Planned Community Preservation District, the regulations of this Section, inclusive, shall supersede the regulations of the Special Planned Community Preservation District and the underlying zoning districts, as applicable.

The special permit provisions of Sections 103-11 (Special Permit for Bulk and Parking Modifications) and 103-12 (Special Permit for Landscaping and Topography Modifications) shall not apply within the Sunnyside Gardens area of the Special District.

(2/2/11)

103-21  
Special Bulk Regulations

Notwithstanding any other provisions of this Resolution, bulk
regulations applicable to the underlying #Residence# and #Commercial Districts#, or modified within the Special District, are hereby further modified to the extent set forth in this Section, inclusive.

(2/2/11)

103-211
Special floor area regulations

In the Sunnyside Gardens area of the Special District, the #floor area# regulations of the underlying #Residence# and #Commercial Districts# shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #residential#, #commercial# and #community facility uses#, separately or in combination, shall be 0.75, which may be increased by up to 20 percent to a maximum #floor area ratio# of 0.9, provided that any such increase in #floor area# is located under a sloping roof which rises at least three and one half inches in vertical distance for each foot of horizontal distance, and the structural headroom of such #floor area# is between five and eight feet.

(2/2/11)

103-212
Special density regulations

In the Sunnyside Gardens area of the Special District, the density regulations of the underlying #Residence# and #Commercial Districts# shall not apply. In lieu thereof, the density factor for #dwelling units# shall be 900.

(2/2/11)

103-213
Special height regulations

In the Sunnyside Gardens area of the Special District, the height and setback regulations for R4 Districts as set forth in Article II, Chapter 3, shall apply in #Residence# and #Commercial Districts#.
103-214
Special yard regulations

In the Sunnyside Gardens area of the Special District, the yard regulations for R4 Districts as set forth in Article II, Chapter 3, shall apply in Residential and Commercial Districts.

(6/10/09)

103-22
Special Parking Regulations

In the Sunnyside Gardens area of the Special District, the off-street parking regulations of Article II, Chapter 5, pertaining to R4 Districts, shall be applicable for all residential and community facility uses, subject to the provisions of Section 103-23 pertaining to curb cuts.

(6/10/09)

103-23
Curb Cuts

Curb cuts shall not be permitted within the Sunnyside Gardens area of the Special District, except on the east side of 50th Street, within 100 feet of its intersection with 39th Avenue.

Article X - Special Purpose Districts

Chapter 4
Special Manhattanville Mixed Use District

104-00
GENERAL PURPOSES

The “Special Manhattanville Mixed Use District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to encourage the development of a mixed use neighborhood that complements a revitalized community-oriented waterfront;

(b) to support a variety of community facility, commercial and manufacturing uses;

(c) to provide opportunities for the expansion of large academic, scientific and mixed use facilities in a manner that benefits the surrounding community;

(d) to strengthen the retail and service character and economic vitality of the neighborhood by encouraging active ground floor uses along Broadway, West 125th Street and 12th Avenue;

(e) to facilitate the maximum amount of design flexibility while fulfilling the goals of the mixed use district;

(f) to improve the physical appearance of the streetscape by providing and coordinating harmonious open space, sidewalk amenities and landscaping within a consistent urban design;

(g) to strengthen the visual corridors along West 125th Street and other east-west corridors that connect the community to the waterfront;

(h) to expand local employment opportunities;
(i) to recognize, preserve and promote the existing historic transportation infrastructure of the neighborhood;

(j) to promote the most desirable use of land in this area and thus conserve the value of land and buildings, and thereby protect the City’s tax revenues.

(12/19/07)

104-01 Definitions

Definitions specifically applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Lower street wall

“Lower street wall” is that portion of the #street wall# of a #building# that extends from grade to the height set forth in Section 104-33, paragraph (a).

Mandatory widened sidewalk

A “mandatory widened sidewalk” is a paved area along the #front lot line# of a #zoning lot# at the same elevation as the adjoining sidewalk and directly accessible to the public at all times. #Mandatory widened sidewalks# are shown on Map 3 (Widened Sidewalk Lines) in Appendix A of this Chapter.

Mandatory widened sidewalk line

A “mandatory widened sidewalk line” is the line shown on Map 3 in Appendix A of this Chapter.

Upper street wall

“Upper street wall” is that portion of the #street wall# of a #building# that extends from the #lower street wall# to the maximum #building# height set forth for each Parcel in the Base Plane and
Building Height Table in Appendix B of this Chapter, or the height of the #building#, whichever is less.

(10/9/13)

104-02
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Manhattanville Mixed Use District#, the regulations of this Chapter shall apply within the Special District. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(12/19/07)

104-03
District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Manhattanville Mixed Use District# Plan.

The District Plan includes the following maps and illustrative diagrams in Appendix A of this Chapter:

- Map 1 Special Manhattanville Mixed Use District and Subdistricts
- Map 2 Subdistrict A Block Plan
- Map 3 Widened Sidewalk Lines
- Map 4 Street Wall Types and Locations
- Map 5 Parcel Designation and Maximum Building Heights
Map 6  Ground Floor Use and Frontage

Map 7  Mandatory Open Areas

The District Plan includes the following table in Appendix B of this Chapter:

Base Plane and Building Height Table

These maps, diagrams and table are hereby incorporated and made part of this Resolution for the purpose of illustrating requirements or specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

(12/19/07)

104-04  Subdistricts

In order to carry out the provisions of this Chapter, three subdistricts are established, as follows:

Subdistrict A – Academic Mixed Use Area

Subdistrict B – Waterfront Area

Subdistrict C – Mixed Use Development Area

The location of the subdistricts of the #Special Manhattanville Mixed Use District# is specified on Map 1 in Appendix A of this Chapter.

(12/19/07)

104-10  SPECIAL USE REGULATIONS

The #use# regulations of the underlying C6 Districts are modified in Sections 104-11 through 104-18, inclusive.

(2/2/11)
104-11
Residential Use Modifications

The #residential use# regulations of the underlying C6-1 District are modified, as follows.

In Subdistrict A, a #residential use# may locate in the same #building#, or #abut# a #building# containing a #use# listed in Section 104-132 (Use Groups 16, 17 and 18), only in accordance with the certification provisions of Section 104-14.

(3/22/16)

104-12
Community Facility Use Modifications

The #community facility use# regulations of the underlying C6-1 and M1-2 Districts are modified, as follows:

(a) in Subdistrict A, a #community facility use# with sleeping accommodations, as listed in this Section, may locate in the same #building#, or #abut# a #building# containing a #use# listed in Section 104-132 (Use Groups 16, 17 and 18), only in accordance with the certification provisions of Section 104-14:

   College or school student dormitories or fraternity or sorority student houses

   #Long-term care facilities#

   Monasteries, convents or novitiates

   Non-profit hospital staff dwellings without restriction as to location on the same #zoning lot#

   Non-profit or voluntary hospitals and related facilities

   Philanthropic or non-profit institutions with sleeping accommodations;

(b) in Subdistrict B, #uses# listed in Use Groups 3 and 4 permitted in the underlying M1-2 District, pursuant to Sections 42-10 (USES PERMITTED AS-OF-RIGHT) and 74-921 (Use Groups 3A and 4A
community facilities), shall be limited to 5,000 square feet of #floor area# per establishment.

(12/19/07)

104-13
Commercial and Manufacturing Use Modifications

In Subdistricts A and C, the #commercial# and #manufacturing use# regulations of the underlying C6 Districts are modified as set forth in Section 104-132 (Use Groups 16, 17 and 18).

In Subdistrict B, the #commercial use# regulations of the underlying M1 District are modified as set forth in Section 104-131 (Use Group 6A).

(12/19/07)

104-131
Use Group 6A

In Subdistrict B, the provisions of Section 42-12 (Use Groups 3A, 6A, 6B, 6D, 6F, 7B, 7C, 7D, 7E, 8, 9B, 9C, 10A, 10B, 10C, 11, 12A, 12C, 12D, 12E, 13, 14 and 16), shall be modified to permit food stores, including supermarkets, grocery stores or delicatessen stores, without limitation as to #floor area# per establishment.

(2/2/11)

104-132
Use Groups 16, 17 and 18

In Subdistricts A and C, the following #uses# in Use Groups 16, 17 and 18 are permitted, subject to the performance standards for an M1 District set forth in Section 42-20.

Such #uses# may locate in the same #building#, or in an #abutting building# containing a #residential use# or a #community facility use# with sleeping accommodations listed in Section 104-12 (Community Facility Use Modifications), only in accordance with the certification provisions of Section 104-14.
From Use Group 16A:

Animal hospitals or kennels

Automobile, motorcycle, trailer or boat sales, enclosed only

Carpentry, custom woodworking or custom furniture making shops

Motorcycle or motor scooter rental establishments, enclosed only

Trade schools for adults

From Use Group 16B:

Automobile, truck, motorcycle or #trailer# repairs

Automobile laundries, provided that the #zoning lot# contains reservoir space for not less than 10 automobiles per washing lane

#Automotive service stations#, open or enclosed, provided that facilities for lubrication, minor repairs or washing are permitted only if located within a #completely enclosed building#

From Use Group 16C:

Commercial or public utility vehicle storage, open or enclosed, including #accessory# motor fuel pumps

Public transit yards, open or enclosed, including #accessory# motor fuel pumps

From Use Group 16D:

Moving or storage offices, with no limitation as to storage or #floor area# per establishment

Warehouses

Wholesale establishments, with no limitation on #accessory# storage

From Use Group 17A:
Produce or meat markets

From Use Group 17B:

Advertising displays

Apparel or other textile products, from textiles or other materials, including hat bodies or similar products

Ceramic products, including pottery, small glazed tile or similar products

Food products, except slaughtering of meat or preparation of fish for packing

Leather products, including shoes, machine belting or similar products

Luggage

Musical instruments, including pianos or organs

Optical equipment, clocks or similar precision instruments

Perfumes or perfumed soaps, compounding only

Printing or publishing, with no limitation on #floor area# per establishment

Scenery construction

Textiles, spinning, weaving, manufacturing, dyeing, printing, knit goods, yarn, thread or cordage

Toys

Wood products, including furniture, boxes, crates, baskets, pencils, cooperage works or similar products

From Use Group 17C:

Public transit, railroad or electric utility substations, open or enclosed, with no limitation as to size

From Use Group 18A:

Manufacturing of beverages, alcoholic or breweries
In Subdistrict A, a use listed in Section 104-132 (Use Groups 16, 17 and 18) and a residential use or a community facility use with sleeping accommodations listed in Section 104-12 (Community Facility Use Modifications) may locate in the same building, or in an abutting building, only upon certification by a licensed architect or a professional engineer to the Department of Buildings stating that the commercial or manufacturing use:

(a) does not have a New York City or New York State environmental rating of “A,” “B” or “C” under Section 24-153 of the New York City Administrative Code for any process equipment requiring a New York City Department of Environmental Protection operating certificate or New York State Department of Environmental Conservation state facility permit; and

(b) is not required, under the City Right-to-Know Law, to file a Risk Management Plan for Extremely Hazardous Substances.

For the purposes of this Section, ground floor level shall mean the floor of a building, the level of which is located at, or within five feet of, the finished level of the adjacent sidewalk, or the adjacent mandatory widened sidewalk, as applicable. In the locations specified on Map 6 (Ground Floor Use and Frontage) in Appendix A of this Chapter, the ground floor use and frontage regulations of this Section shall apply to any development or change of use located on the ground floor level of a building or other structure, or any enlargement that increases the floor area of the ground floor level of a building by more than 25 percent.

A minimum of 75 percent of the length of a street wall on the ground floor level shall be limited to uses listed in Section 104-
16 (Use Group MMU) and shall comply with the minimum depth provisions of Section 37-32 (Ground Floor Depth Requirements for Certain Uses). Such uses shall be located at the street wall. In no event shall the length of street frontage occupied solely by lobby space or entryways exceed, in total, 40 feet.

All such developments, enlargements and changes of use on the ground floor of a building or other structure (other than a change of use on the ground floor of a building located on Parcels E2 or G2, as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A) shall comply with the transparency requirements of Section 104-41.

(12/19/07)

104-16
Use Group MMU

Use Group MMU comprises a group of uses selected from Use Groups 3, 4, 6, 7, 8, 9, 10, 12 and 17, as modified, including any of such uses that are accessory to a college or university and open to the public.

From Use Group 3:

Libraries, museums or non-commercial art galleries

From Use Group 4A:

Ambulatory diagnostic or treatment health care facilities
Community centers or settlement houses
Non-commercial recreation centers

From Use Group 6A:

Bakeries, provided that floor area used for production shall be limited to 750 square feet per establishment
Barber shops
Beauty parlors
Drug stores
Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of floor area per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and total aggregate dry load capacity of machines shall not exceed 60 pounds.

Eating or drinking establishments, including those which provide outdoor table service or have music for which there is no cover charge and no specified show time.

Food stores, including supermarkets, grocery stores, meat markets or delicatessen stores.

Hardware stores.

Laundry establishments, hand or automatic self-service.

Liquor stores, package.

Post offices.

Shoe or hat repair shops.

Stationery stores.

Tailor or dressmaking shops, custom.

Variety stores, limited to 10,000 square feet of floor area per establishment.

From Use Group 6B:

Veterinary medicine for small animals, provided all activities are conducted within a completely enclosed building.

From Use Group 6C:

Antique stores.

Art galleries, commercial.

Artists' supply stores.

Automobile supply stores, with no installation or repair services.
Banks

Bicycle sales

Book stores

Candy or ice cream stores

Carpet, rug, linoleum or other floor covering stores, limited to 10,000 square feet of #floor area# per establishment

Cigar or tobacco stores

Clothing or clothing accessory stores, limited to 10,000 square feet of #floor area# per establishment

Clothing rental establishments, limited to 10,000 square feet of #floor area# per establishment

Dry goods or fabrics stores, limited to 10,000 square feet of #floor area# per establishment

Eating or drinking establishments with entertainment, but not dancing, with a capacity of 200 persons or fewer

Eating or drinking establishments with musical entertainment, but not dancing, with a capacity of 200 persons or fewer

Electrolysis studios

Fishing tackle or equipment, rental or sales

Florist shops

Furniture stores, limited to 10,000 square feet of #floor area# per establishment

Furrier shops, custom

Gift shops

Interior decorating establishments, provided that #floor area# used for processing, servicing or repairs shall be limited to 750 square feet per establishment

Jewelry or art metal craft shops
Leather goods or luggage stores
Loan offices
Locksmith shops
Medical or orthopedic appliance stores
Millinery shops
Music stores
Newsstands, open or enclosed
Optician or optometrist establishments
Paint stores
Pet shops
Photographic equipment or supply stores
Photographic studios
Picture framing shops
Record stores
Seed or garden supply stores
Sewing machine stores, selling household machines only
Shoe stores
Sporting or athletic stores
Stamp or coin stores
Telegraph offices
Television, radio, phonograph or household appliance stores, limited to 10,000 square feet of #floor area# per establishment
Toy stores
Travel bureaus

Typewriter stores

Wallpaper stores

Watch or clock stores or repair shops

From Use Group 7B:

Bicycle rental or repair shops

Moving or storage offices, with storage limited to items for retail sale and to 1,500 square feet of floor area per establishment

Refreshment stands

Sign painting shops, limited to 2,500 square feet of floor area per establishment

Venetian blind, window shade or awning shops, custom, limited to 2,500 square feet of floor area per establishment

From Use Group 8A:

All uses

From Use Group 8B:

Lumber stores, limited to 5,000 square feet of floor area per establishment, exclusive of that floor area used for office and display areas, and provided that not more than 400 square feet of floor area shall be used for cutting of lumber to size

Television, radio, phonograph or household appliance repair shops

Upholstering shops dealing directly with consumers

From Use Group 9A:

Automobile, motorcycle, trailer or boat showrooms or sales, with no repair services and with no preparation of vehicles or boats for delivery
Clothing or costume rental establishments

Musical instrument repair shops

Plumbing, heating or ventilating equipment showrooms, without repair facilities

Printing establishments, limited to 2,500 square feet of floor area per establishment for production

Public auction rooms

Studios, art, music, dancing or theatrical

Typewriter or other small business machine sales, rental or repairs

Umbrella repair shops

From Use Group 10A:

Clothing or clothing accessory stores, limited to 20,000 square feet of floor area per establishment

Office or business machine stores, sales or rental

Variety stores, limited to 20,000 square feet of floor area per establishment

From Use Group 12B:

Antique stores

Art gallery, commercial

Book stores

Candy or ice cream stores

Cigar and tobacco stores

Delicatessen stores

Drug stores

Gift shops
Jewelry or art metal craft shops
Music stores
Newsstands
Photographic equipment stores
Record stores
Stationery stores
Toy stores

From Use Group 17A:

Produce or meat markets, wholesale

From Use Group 17B:

Ceramic products, including pottery, small glazed tile, or similar products

#Accessory uses# to all the above #uses# are permitted.

#Physical culture or health establishments# are subject to a special permit, pursuant to Section 73-36.

(12/19/07)

104-17
Modification of Article VII, Chapter 4 (Special Permits by the City Planning Commission)

The provisions of Section 74-48 (Scientific Research and Development Facility) shall not apply in the #Special Manhattanville Mixed Use District#.

(2/2/11)

104-20
SPECIAL BULK REGULATIONS
In Subdistricts A, B and C, the bulk regulations of the underlying C6 and M1 Districts, as modified in this Chapter, shall apply.

The floor area ratio, open space ratio and lot coverage regulations applicable in the underlying C6 Districts are modified as set forth in Sections 104-21 through 104-25.

The floor area ratio regulations applicable in the underlying M1 District are modified as set forth in Section 104-22. No floor area bonuses shall be permitted.

Special provisions regulating change of use in non-complying buildings are set forth in Section 104-26.

The height and setback regulations of the underlying C6 Districts are superseded as set forth in Sections 104-30 through 104-34, inclusive.

The special maximum building height regulations for the M1-2 District are set forth in Section 104-31.

Notwithstanding the special bulk regulations of this Chapter, any development containing dwelling units, or college or school student dormitories as listed in Use Group 3, on Parcel H, as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter, shall comply with the height and setback regulations for an R8A District as set forth in Article II of this Resolution.

(3/22/16)

104-21
Maximum Floor Area Ratio, Open Space Ratio and Lot Coverage for Residential Uses

In Subdistricts A and C, the bulk regulations for residential use are modified in accordance with the provisions of this Section.

For all zoning lots, or portions thereof, the maximum floor area ratio, open space ratio and lot coverage regulations shall not apply. In lieu thereof, the provisions of this Section shall apply.

In Subdistrict A, the maximum floor area ratio for residential use shall be 3.44.
In Subdistrict C, the maximum floor area ratio for residential use shall be 6.02.

For interior or through lots, or portions thereof, the maximum lot coverage shall not exceed 70 percent. For corner lots, the maximum lot coverage shall be 100 percent. The provisions of Section 23-70 (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) shall not apply.

(12/19/07)

104-22
Maximum Floor Area Ratio and Lot Coverage for Community Facility Uses

In Subdistricts A and C, the maximum floor area ratio permitted for community facility uses shall be 6.0. Lot coverage requirements for community facility uses shall not apply.

In Subdistrict B, the maximum floor area ratio permitted for community facility uses shall be 2.0.

(12/19/07)

104-23
Maximum Floor Area Ratio for Commercial Uses

In Subdistricts A and C, the maximum floor area ratio permitted for commercial uses shall be 6.0, except that the maximum floor area ratio for uses in Use Group 16 listed in Section 104-132 (Use Groups 16, 17 and 18) shall be 2.0.

(12/19/07)

104-24
Maximum Floor Area Ratio for Manufacturing Uses

In Subdistricts A and C, the maximum floor area ratio permitted for manufacturing uses shall be 2.0.
104-25
 Maximum Floor Area Ratio for Multiple Uses on a Zoning Lot

When more than one #use# is located on a #zoning lot#, the maximum #floor area ratio# permitted for any #use# on such #zoning lot# shall not exceed the maximum permitted for such #use#, as set forth in Sections 104-21 through 104-24, inclusive, provided that the total of all such #floor area ratios# does not exceed the greatest #floor area ratio# permitted for any such #use# on the #zoning lot#.

104-26
 Change of Use

(a) Change to #residential use#

Notwithstanding the provisions set forth in Section 34-222 (Change of use) and in the last paragraph of Section 35-31 (Maximum Floor Area Ratio) regarding the applicability of #floor area ratio# and #open space ratio# regulations to a change from a non-#residential use# to a #residential use# in a #building# in existence on December 15, 1961, such #conversions# of #non-residential buildings# shall be permitted only if such #buildings# comply with all of the #bulk# regulations for #residential# or #mixed buildings#.

(b) Change to non-#residential use#

In Subdistrict A, the provisions of Section 54-31 (General Provisions) shall not apply. In lieu thereof, a #use# listed in Use Groups 16, 17 or 18 located in a #non-complying building or other structure# may be changed to:

(1) a #use# listed in Section 104-132 (Use Groups 16, 17 and 18), subject to the performance standards for an M1 District set forth in Section 42-20, and subject to Section 104-14 (Certification Requirements), if applicable; or
(2) a community facility use, or an office use listed in Use Group 6B.

The bulk regulations of the underlying C6 District as modified by the Special Manhattanville Mixed Use District and the regulations set forth in Section 104-40 (SPECIAL URBAN DESIGN REGULATIONS) shall not apply to the changes of use set forth in paragraph (b) of this Section.

The provisions of paragraph (b) of this Section shall apply to Blocks A and C, as shown on Map 2 (Subdistrict A Block Plan) in Appendix A of this Chapter, and to Parcel D4, as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter, through December 31, 2015, and to all other Parcels and Blocks in Subdistrict A through December 31, 2030. Beginning on January 1, 2016, with respect to Blocks A and C and Parcel D4, and beginning on January 1, 2031, with respect to Parcels D1, D2, and D3, as shown on Map 5, and Blocks E, F, G, and H, as shown on Map 2, the provisions of paragraph (b) of this Section shall lapse, and the bulk regulations of the underlying C6 District as modified by the Special Manhattanville Mixed Use District and the requirements set forth in Section 104-40, shall apply to the changes of use set forth in paragraph (b) of this Section.

(10/9/13)

104-30
SPECIAL HEIGHT AND SETBACK REQUIREMENTS

In the Special Manhattanville Mixed Use District, the height and setback regulations of the underlying C6 Districts shall not apply. In lieu thereof, the height and setback provisions of this Section, inclusive, shall apply in C6 Districts. In Subdistrict B, special height regulations for the underlying M1-2 District are set forth in Section 104-31, et seq.

In Subdistrict A, the height of all buildings or other structures shall be measured from the base plane. However, the provisions for establishing base planes set forth in Section 12-10 (DEFINITIONS) shall not apply. In lieu thereof, base planes are specified for each Parcel as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter. The level of the base plane is designated for each such Parcel in Appendix B of
this Chapter. However, in #flood zones#, the level of the #base plane# shall be the #flood-resistant construction elevation#.

Wherever a #mandatory widened sidewalk line# is shown on Map 3 (Widened Sidewalk Lines) in Appendix A of this Chapter, such line shall be used instead of the #street line# for all purposes of Section 104-30, et seq.

The City Planning Commission may modify, by special permit, the special height and setback requirements of this Section pursuant to Section 104-60 (MODIFICATION OF SPECIAL BULK REQUIREMENTS AND TRANSFER OF FLOOR AREA BY SPECIAL PERMIT).

(2/2/11)

104-31
Maximum Building Height

In Subdistrict A, the maximum #building# height, by Parcel, is shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter and specified in Appendix B of this Chapter. In Subdistricts B, C and the Other Area east of Broadway, the maximum #building# heights are shown on Map 5. No #building# shall exceed the maximum #building# height set forth in such Map or Appendix B of this Chapter.

(12/19/07)

104-32
Rooftop Regulations

The special rooftop regulations of Section 104-32, inclusive, shall apply in Subdistricts A and C.

(2/2/11)

104-321
Mechanical equipment

Mechanical equipment, open or enclosed, may be located on the roof of a #building# in accordance with the following provisions:
(a) Mechanical equipment shall not exceed the maximum height of mechanical equipment specified for each Parcel as set forth in Appendix B of this Chapter and shall be measured from the roof level of the highest story of the building. Such mechanical equipment may penetrate the maximum building height specified for each Parcel as set forth in Appendix B.

(b) Such mechanical equipment shall be set back at least 10 feet from the upper street wall of the building. In addition, such equipment shall not penetrate a sky exposure plane that begins at the point of intersection of the roof and the upper street wall of the building, and rises over the building at a slope of 2.7 feet of vertical distance for each foot of horizontal distance, except for permitted obstructions set forth in Section 104-322. Where portions of the upper street wall are located at different distances from the street line or mandatory widened sidewalk line, whichever is applicable, the portion used to establish such reference line shall be the portion that occupies the greatest area of such upper street wall.

(c) Such mechanical equipment shall not overhang any recess in the building wall that is open to the sky.

(4/30/12)

104-322
Permitted Obstructions

The following shall not be considered obstructions and thus may penetrate the applicable maximum building height and the applicable maximum height for mechanical equipment set forth in Appendix B of this Chapter, and may also penetrate the sky exposure plane set forth in Section 104-321 (Mechanical equipment). Within 50 feet of the upper street wall, the width of such obstructions shall be limited in total to 10 percent of the aggregate width of street walls of a building, per street frontage, at any level above the maximum level of mechanical equipment as set forth in Section 104-321. Beyond 50 feet from the upper street wall, the permitted obstructions may occupy an area not to exceed 30 percent of the building coverage at the ground level. Where portions of the upper street wall are located at different distances from the street line or mandatory widened sidewalk line, whichever is applicable, the portion used to establish such reference line shall
be the portion that occupies the greatest area of such #upper street wall#. However, in no event shall such obstructions be located within 10 feet of the #upper street wall#.

(a) Antennae and structural support thereto;

(b) Chimneys, flues, intake and exhaust vents limited to a #lot coverage# of 900 square feet with neither length nor width of any single such obstruction, nor the total length or width of all such obstructions, greater than 30 feet;

(c) Decks, and other surfaces for recreational activities, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;

(d) Elevator and stair bulkheads to a maximum height of 15 feet above the permitted maximum height of mechanical equipment;

(e) Flagpoles or aerials;

(f) House of worship towers, ornamental, having no #floor area# in portion of tower penetrating such #sky exposure plane#;

(g) Parapet walls, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. A guardrail with a surface at least 70 percent open or with an opacity of not more than 30 percent (as viewed in elevation), shall be permitted above a parapet wall or within two feet of a parapet wall, provided such guardrail is not more than four feet above the accessible level of a roof. Such restriction on guardrail height shall not apply when located beyond two feet from a parapet wall;

(h) Pipes and supporting structures;

(i) Railings;

(j) Roof thickness, up to eight inches, to accommodate the addition of insulation, for #buildings# or portions of #buildings# constructed prior to April 30, 2012. For a #building# that has added roof thickness pursuant to this paragraph (j), an #enlargement# may align with the finished roof surface of such #building#, provided the #enlarged# portion does not exceed the maximum height limit by more than eight inches;
(k) Rooftop greenhouses, permitted pursuant to Section 75-01 (Certification for Rooftop Greenhouses);

(l) Skylights, clerestories or other daylighting devices, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. Such devices shall be limited to a #lot coverage# not greater than 10 percent of the #lot coverage# of the roof and be located at least eight feet from the #street wall# edge. However, such devices shall not be permitted obstructions above a roof with a slope greater than 20 degrees;

(m) Solar energy systems:

   (1) on the roof of a #building#, up to four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher;

   (2) on the roof of a #building#, greater than four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher, provided that all such portions above four feet are set back at least six feet from a #street wall#, limited to a #lot coverage# not greater than 25 percent of the #lot coverage# of the roof and do not exceed:

      (i) a height of 15 feet; and

      (ii) when located on a bulkhead or other obstruction, pursuant to paragraph (d) of this Section, a height of six feet;

   (3) on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects;

   However, any installation on a roof with a slope greater than 20 degrees shall be limited to 18 inches in height, as measured perpendicular to the roof surface;

(n) Spires or belfries;

(o) Vegetated roofs, not more than 3 feet, 6 inches in height excluding vegetation, as measured from the maximum height limit, or the finished level of the roof as it existed on April
30, 2012, whichever is higher. On roofs with slopes greater than 20 degrees, vegetated roofs shall be limited to a height of 12 inches measured perpendicular to such roof surface;

(p) Weirs, check dams and other equipment for stormwater management, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;

(q) Window washing equipment mounted on the roof;

(r) Wire, chain link or other transparent fences.

Mandatory Street Walls

Six types of mandatory street walls are established in the Special Manhattanville Mixed Use District, the regulations for which are set forth in Sections 104-331 through 104-336. Map 4 (Street Wall Types and Locations) and Map 5 (Parcel Designation and Maximum Building Heights), in Appendix A of this Chapter, specify locations where such regulations apply. The mandatory street wall requirements shall apply to any development and the enlarged portion of an existing building, except as set forth in paragraph (c) of this Section.

In Subdistrict A, the mandatory street walls specified as Street Wall Types 1, 3 and 4 consist of a lower street wall and an upper street wall, except that for buildings fronting on a wide street that do not exceed a height of 85 feet, and for buildings fronting on a narrow street that do not exceed a height of 60 feet, such street wall may in its entirety comply with the rules for an upper street wall.

(a) Lower street wall

(1) For Parcels D1, E1, F1, G1, G2 and H, the lower street wall is that portion of the street wall that extends from grade to a minimum height of 15 feet above the highest elevation of the street frontage of the building on Broadway and a maximum height of 55 feet above such elevation for each street frontage. For
buildings without frontage on Broadway, the lower street wall shall be measured from the highest elevation of each such street frontage of such building;

(2) For Parcels A, C1, C4, D4, E4 and F4, the lower street wall of each street frontage of a building is that portion of the street wall that extends from grade to a minimum height of 20 feet and a maximum height of 55 feet above the highest elevation of such street frontage of such building;

(3) For Parcels C2, C3, D2, E2, E3, F2 and F3, the lower street wall of each street frontage of a building is that portion of the street wall that extends from grade to a minimum height of 20 feet and a maximum height of 45 feet above the highest elevation of such street frontage of such building. For the purposes of this Section, Parcel C2 shall be considered to have frontage only on West 130th Street.

(b) Upper street wall

For all Parcels, the upper street wall is that portion of the street wall that extends from the lower street wall to the maximum building height set forth in Appendix B or the height of the building, whichever is less.

(c) The mandatory street wall requirements shall not apply to vertical enlargements of one story not exceeding 15 feet in height.

(d) Where a building is located on more than one Parcel, the requirements of Sections 104-331 through 104-336, with respect to the locations of the upper street wall and the lower street wall, may apply to the entire street frontage of the Parcels.

(e) On Parcels C3 and C4, the applicable lower street wall provision may be applied to the entire building.

(f) For a building within Subdistrict A, located on a portion of a Parcel where no required street wall is shown on Map 4, such building shall comply with the street wall requirements for a building on the same Parcel. For a building on Parcel C3, the street wall requirements shall be those provisions applicable to Parcel D2.
**104-331**

**Type 1 street wall location**

Type 1 street walls, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of this Section.

(a) The upper street wall shall be located anywhere within five feet of the street line for at least 70 percent of the street frontage of the Parcel and shall rise without setback to a minimum height of 85 feet above curb level, or the height of the building, whichever is less.

(b) The lower street wall shall be set back at least two feet but no more than 10 feet from the upper street wall required pursuant to paragraph (a) of this Section and shall extend along at least 70 percent of the street frontage of the Parcel. For Parcels D1, E1, F1, G1, G2 and H, the height of the lower street wall shall be not less than twice the depth of the setback of the lower street wall from the upper street wall, but not less than 15 feet.

(c) No street wall location regulation shall apply to the remaining 30 percent of the street frontage of a Parcel.

(d) At least 20 percent of the area of an upper street wall facing Broadway shall be recessed to a minimum depth of 10 feet.

(e) The street wall provisions of this Section may apply along a narrow street within 100 feet of its intersection of a wide street.

**104-332**

**Type 2 street wall location**

Type 2 street walls, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of either paragraph (a) or (b) of this Section.
(a) The #street wall# shall be located within two to five feet of the #street line# or the #mandatory widened sidewalk line#, whichever is applicable, and shall rise without setback to a minimum height of 45 feet. A #street wall# fronting on West 125th Street shall extend along at least 70 percent of the length of the #street line# of the Parcel; a #street wall# fronting on West 130th Street shall extend along at least 50 percent of the length of the #mandatory widened sidewalk line#. No #street wall# location regulation shall apply to the remaining 30 percent of the #street# frontage of the Parcel on West 125th Street, or to the remaining 50 percent of the #street# frontage of the Parcel on West 130th Street; or

(b) Where the #lower street wall# is set back from the #upper street wall#:

(1) the provisions of Section 104-334 (Type 4 street wall location) shall apply to #street walls# facing West 130th Street;

(2) the provisions of Section 104-331 (Type 1 street wall location) shall apply to #street walls# facing West 125th Street; and

(3) for #street walls# facing 12th Avenue, the #upper street wall# shall be located within five feet of the #mandatory widened sidewalk line# and the #lower street wall# shall be set back not more than 30 feet from the #upper street wall#.

(12/19/07)

104-333
Type 3 street wall location

Type 3 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of this Section.

(a) The #upper street wall# shall be located within two feet of the 12th Avenue #mandatory widened sidewalk line#, and shall extend along no more than 70 percent of the length of the #mandatory widened sidewalk line# of the Parcel. Any #upper street wall# located on the remaining portion of the #street# frontage of the Parcel shall be set back from the 12th Avenue #widened sidewalk line# by a minimum distance of either:
(1) 20 feet, if such setback area faces both 12th Avenue and a narrow street; or

(2) 10 feet, if such setback area faces only 12th Avenue.

(b) The lower street wall shall be located at the same distance from the mandatory widened sidewalk line, or set back not more than 10 feet from the upper street wall required pursuant to paragraph (a) of this Section, and shall extend along at least 80 percent of the length of such required upper street wall. No street wall location regulations shall apply to the remaining portion of the lower street wall frontage of a Parcel.

(c) The street wall provisions of this Section may apply along a narrow street within 100 feet of its intersection of a wide street.

(12/19/07)

104-334
Type 4 street wall location

Type 4 street walls, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of this Section.

(a) The upper street wall shall be located within five feet of the street line or mandatory widened sidewalk line, as applicable. Such street wall shall extend along at least 50 percent of the length of the street line or mandatory widened sidewalk line of the Parcel, as applicable, and shall rise without setback to a minimum height of 60 feet above curb level, or the height of the building, whichever is less.

(b) The lower street wall shall be set back at least two feet but no more than 10 feet from the upper street wall required pursuant to paragraph (a) of this Section and shall extend along at least 50 percent of the street line or mandatory widened sidewalk line of the Parcel, as applicable.

(c) No street wall location regulation shall apply to the remaining 50 percent of the street frontage of a Parcel.
104-335
Type 5 street wall location

Type 5 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of paragraph (a) or (b) of this Section:

(a) The #street wall# shall be located within two feet of the #street line# or the #mandatory widened sidewalk line#, as applicable, and shall rise without setback to a minimum height of 45 feet or the height of the #building#, whichever is less. Such required #street walls# shall extend along at least 50 percent of the length of the #street line# or the #mandatory widened sidewalk line# of the Parcel, as applicable; or

(b) Where the #lower street wall# is set back from the #upper street wall#, the provisions of Section 104-334 (Type 4 street wall location) shall apply.

No #street wall# location regulations shall apply to the remaining 50 percent of the #street# frontage of a Parcel.

(12/19/07)

104-336
Type 6 street wall location

Type 6 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall be located at or within 10 feet of the #street line# and shall extend along at least 70 percent of the length of the #street line# of the Parcel, and may rise to a maximum height of 120 feet. No #street wall# location regulations shall apply to the remaining 30 percent of the #street# frontage of a Parcel.

(12/19/07)

104-34
Street Wall Recesses
Recesses are permitted for architectural, decorative or functional purposes, provided that such recesses comply with the provisions of this Section.

For portions of the #lower street wall# required pursuant to the provisions of Section 104-33, the maximum area of recesses shall not exceed 30 percent of the area of such required #lower street wall# and the maximum depth of such recesses shall not exceed three feet.

For that portion of the #upper street wall# required pursuant to the provisions of Section 104-33, and located below a height of 85 feet on a #wide street# and 60 feet on a #narrow street#, the maximum area of recesses shall not exceed 30 percent of the area of such portion of the #upper street wall# and the maximum depth of such recesses shall not exceed three feet. However, the regulation limiting the maximum depth of such recesses to three feet, set forth in this paragraph, shall not apply to the recesses required in paragraph (d) of Section 104-331.

(12/19/07)

104-40
SPECIAL URBAN DESIGN REGULATIONS

The special urban design regulations of this Chapter include ground floor transparency requirements, and requirements for six different types of open areas that are accessible to the public, as described in Sections 104-42 and 104-43, inclusive, and shown on Maps 3 (Widened Sidewalk Lines) and 7 (Mandatory Open Areas) in Appendix A of this Chapter.

(12/19/07)

104-41
Street Wall Transparency Requirements

Within Subdistrict A, the transparency requirements of paragraph (a) of this Section, subject to the modifications of paragraph (b) of this Section, as applicable, shall apply to #developments#, changes of #use# on the ground floor of a #building or other structure#, and #enlargements# that increase the #floor area# of the ground floor by more than 25 percent, but shall not apply to a change of #use# on the ground floor of a #building# located on Parcels E2 or G2, as
shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter.

(a) On all streets, at least 70 percent of the surface of the street wall shall be glazed, and at least 50 percent of the area of each such street wall shall be transparent to a minimum height of the ceiling of the ground floor, or not less than 15 feet above the finished level of the adjacent sidewalk, whichever is lower. The glazing material shall be highly transparent, with low reflectivity. Above this height, and to the top of the lower street wall, the street wall surface shall be at least 50 percent glazed and at least 30 percent transparent. Door or window openings within such walls shall be considered as transparent. Each such opening shall have a minimum width of two feet.

(b) For street walls where the provisions of Section 104-332 (Type 2 street wall location) apply, the required glazing at the ground floor shall apply to the minimum height of the ceiling of the ground floor, or not less than 20 feet above the finished level of the adjacent sidewalk, whichever is lower.

(12/19/07)

104-42
Open Areas

All mandatory open areas as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter and all open areas adjacent thereto up to the street wall required pursuant to the provisions of Section 104-33 (Mandatory Street Walls) shall comply with the urban design regulations of Sections 104-42 through 104-43, inclusive, and shall be open and unobstructed except as specified.

(12/19/07)

104-421
Mandatory widened sidewalks and adjacent areas

(a) Map 3 (Widened Sidewalk Lines) in Appendix A of this Chapter specifies the locations of mandatory widened sidewalks. The depth of such mandatory widened sidewalks shall be as indicated on Map 3 and specified in this Section, and shall be
measured perpendicular to the street line. Mandatory widened sidewalks shall be constructed at the same level as the adjoining public sidewalks and shall be accessible to the public at all times. The portions of all mandatory widened sidewalks used for pedestrian circulation shall be improved as sidewalks to Department of Transportation standards.

(b) Within mandatory widened sidewalks, landscaping and other amenities shall be permitted. Mandatory widened sidewalks shall be considered streets for the purposes of applying the provisions of the New York City Building Code governing cornices, eaves, sills and other architectural elements that project over streets. However, no fences shall be permitted, no planters shall be higher than two feet above the finished level of the adjacent sidewalk, and all trees shall be planted flush to grade.

(c) Adjacent area at grade between lower street wall and sidewalk

Where the lower street wall, or the street wall if no lower street wall is required, is set back from the mandatory widened sidewalk line or the street line, whichever is applicable, the entire surface area of the ground located between the street wall and the public sidewalk shall comply with the standards of paragraphs (a) and (b) of this Section. Such areas may be covered and may include columns and other elements not specifically excluded pursuant to paragraph (b) of this Section.

(d) Additional regulations shall apply to the following areas and conditions:

(1) Narrow streets

The mandatory widened sidewalks located along narrow streets shall be five feet wide. A paved walking path not less than 10 feet wide, which may include the public sidewalk, shall be provided. The paving surface shall be of a non-skid material, whether wet or dry.

(2) 12th Avenue

The mandatory widened sidewalks located along 12th Avenue, as shown on Map 7 in Appendix A of this Chapter, shall be 30 feet wide and include a 15 foot wide area adjacent to the street line for the provision of an open market and a walking surface with a minimum clear path of
15 feet adjacent to the market area. The walking surface shall be of a non-skid material, whether wet or dry.

(i) Permanent, fixed elements, such as landscaping and seating, with a minimum coverage of five percent of the market area, shall be required.

(ii) The following obstructions shall be permitted:

Temporary, moveable elements with a maximum coverage of 30 percent of the market area per zoning lot, such as carts, kiosks or pavilions, open or enclosed; market umbrellas; retail structures, open; and seating and other street furniture.

(2/2/11)

104-422
Midblock Open Areas

Midblock Open Areas shall be provided as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter. However, no Midblock Open Area is required on any block that is not developed as a single zoning lot. The Midblock Open Areas shall have a minimum width of 50 feet clear and open to the sky.

All Midblock Open Areas shall have a minimum clear path of 15 feet and shall be improved as paved surfaces of a non-skid material, whether wet or dry. A minimum of 20 percent and a maximum of 50 percent of each Midblock Open Area shall be improved with landscape treatment, including planting and other amenities. No fences shall be permitted. No walls or planters shall be higher than two feet above the finished level of the nearest adjoining sidewalk.

The full width of each Midblock Open Area shall be improved and open to the public prior to applying for and receiving a temporary certificate of occupancy for any development adjacent to such area. However, up to 10 feet of the width of a Midblock Open Area may be temporarily enclosed within a construction fence for the shortest period of time reasonably necessary to permit construction in the adjacent area.

For buildings adjacent to the Midblock Open Areas, other than a building located on Parcel E2 as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this
Chapter, #building# walls fronting on such Midblock Open Areas shall be transparent for at least 50 percent of the area of each such wall, measured from the finished level of the adjacent pavement to the height of the ceiling of the second #story#.

(2/2/11)

104-423
East/West Open Area

An East/West Open Area shall be provided as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter. The East/West Open Area shall have:

(a) a minimum width of 60 feet and shall be open to the sky;

(b) a minimum clear path of 15 feet, which shall be improved as a paved surface of a non-skid material, whether wet or dry; and

(c) a minimum of 20 percent of its area improved with landscape treatment, including planting and other amenities. No walls or planters shall be higher than two feet above the finished level of the adjacent sidewalk.

Air intake grilles, flush to grade, shall be permitted, provided such intake grilles do not exceed 10 percent of the area of the East/West Open Area, and are concealed from public view by planting or other design features.

The full width of the East/West Open Area shall be improved and open to the public, prior to applying for and receiving a temporary certificate of occupancy for any #development# adjacent to such area.

(2/2/11)

104-424
The Square

Area of the Square

If Block D is developed as a single #zoning lot#, an open area known as “the Square,” with a minimum area of 40,000 square feet, shall be
provided, connecting West 130th and West 131st Streets, as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter. This minimum area shall not include either the Midblock Open Area on Block D, or the area of the mandatory widened sidewalks on the West 130th and 131st Street frontages adjacent to the Square.

The Square shall be used for open space accommodating both passive recreation and limited active recreation.

*Building* transparency

The bounding *building* wall on the west side of the Square shall be transparent for 50 percent of the area of such wall, measured from the finished level of the adjacent pavement to the height of the ceiling of the second *story*.

Circulation and access

No fences or gates shall be permitted anywhere in the Square.

An unimpeded pedestrian access, with a minimum width of 15 feet, shall be provided across the Square in a generally diagonal direction in the north/south orientation, connecting the two narrow streets, with both ends located a minimum of 100 feet from the Midblock Open Area on Block D.

The Square shall provide unobstructed access from the adjoining sidewalks for at least 50 percent of the length of each street frontage of the Square. No single fixed element, within 15 feet of the *street line* of the Square, shall have a dimension greater than 15 feet or be higher than 30 inches, measured from the finished level of the adjacent sidewalk. The clear path between obstructions shall be at least three feet; however, to qualify as an unobstructed access that contributes to the 50 percent requirement set forth in this paragraph, a minimum width of five feet is required.

Elevation of the Square

The elevation of the Square shall generally follow the adjacent topography. Within 15 feet of the *street line*, the elevation of the Square, for a minimum of 50 percent of the length of each frontage on a *street*, shall have a maximum slope of 1:15. Beyond 15 feet from the *street line*, all open areas in the Square, including rolling or bermed lawn areas, may vary but shall not be more than five feet above or one foot below the level of the nearest sidewalk or natural topography. Paved areas shall not be higher than two feet above the level of the nearest sidewalk.
Permitted obstructions

No walls or planters shall be higher than 2 feet, 6 inches above the finished level of the nearest adjoining sidewalk. No planters or planter walls shall be higher than 18 inches above the level of the adjacent grade.

Permanent structures, such as food or information kiosks, pavilions or public restrooms, may be placed in the Square, provided they do not exceed a height of 20 feet, or occupy more than three percent of the area of the Square.

Temporary or movable amenities, including elements such as trellises, movable tables, game tables, play equipment and performance facilities, are permitted, not to exceed 10 percent of the area of the Square.

Seating

A minimum of one linear foot of seating shall be provided for each 50 square feet of the Square. A minimum of 75 percent of the required seating shall be fixed; up to 25 percent may be movable. Every two and one-half linear feet of fixed seating shall be considered as seating for one person.

The following standards shall apply to all required seating:

(a) fixed seating may be provided in the form of double-sided benches, which shall be a minimum of 36 inches deep;

(b) 50 percent of the fixed seats shall have backs; such backs shall be not less than 14 inches high;

(c) fixed seating shall be between 16 inches and 18 inches in height, with a minimum depth of 18 inches measured from the edge to the back; and

(d) all seating shall be made of durable material and shall be comfortable to sit on, with rounded edges of at least one inch radius.

However, other types of seating, such as the edges of planters and fountains, may count toward the required amount of seating if such seating has a minimum depth of 22 inches and is between 16 and 18 inches in height.
At least 20 percent of the required seating shall be provided within 15 feet of the street line of the Square fronting all streets and the adjacent Midblock Open Area, and arranged to encourage a variety of uses. If such Midblock Open Area is provided with seating, that frontage of the Square may be exempt from this requirement.

General requirements for trees and planting

A minimum of 50 percent of the Square shall be landscaped with soft ground cover. Soft ground cover shall include trees, grasses, shrubs and other ornamental planting material. The remaining 50 percent of the Square may be paved as hard surface.

At least 30 percent of the area of the Square shall contain a continuous planting area, with minimum soil depth of five feet. Berming is allowed provided that the height of the berm is not greater than five feet above the level of the adjoining sidewalk.

Trees

A minimum of 38 trees is required. Such trees shall measure at least four inches in caliper at the time of planting, except that trees which are multi-stem varieties shall have a minimum height of eight feet. Trees shall be planted in continuous planted areas that have a minimum depth of four feet and a minimum area of 500 square feet of soil. All trees shall be planted flush to grade. The requirements of this paragraph, (a), shall be in addition to the requirements of Section 104-422 (Midblock Open Areas).

Planting

Seasonal planting is encouraged but not required. When planting beds are provided, they can be counted towards meeting the requirement for soft ground cover. Planting beds shall have a minimum soil depth of two feet for grass or other similar ground cover and three feet for shrubs.

Other required amenities

Racks shall be provided for a minimum of 16 bicycles. Such racks shall be located in the Square within 10 feet of the street line or, if outside the Square, on any open area facing the Square.

Four drinking fountains, two of which shall be fully accessible for children and people with disabilities, shall be provided in the
Square or on the sidewalks, \#mandatory widened sidewalks\# or Midblock Open Area adjacent to the Square.

Not less than 40 cubic feet of trash receptacles shall be provided. Individual containers shall not be smaller than 25 gallons each. There shall be 10 containers, at least three of which shall be for used for recycling paper, plastic and metal waste. Such recycling containers shall be located in the Square within 10 feet of the \#street line\# or, if outside the Square, on any open area facing the Square.

Permitted amenities

Permitted amenities include such elements as artwork and water features, which may occupy up to 10 percent of the area of the Square.

Public space signage

At least four entry and two information plaques shall be provided. The content and design of such \#signs\# shall comply with the standards for public space \#signs\# set forth in the Zoning Resolution. Information about the Square may be provided on the entry plaques.

Vents facing the square

On any \#building\# wall adjacent to and facing the Square, exhaust or air intake vents shall be located higher than 15 feet above the level of the Square.

Vents and stairs in the Square

Exhaust or air intake vents and stair bulkheads shall not be permitted in the Square, except as authorized by the City Planning Commission, subject to the following conditions:

(a) the top of the exhaust or intake vent shall be a minimum of 20 feet above the finished level of the adjacent grade;

(b) no single element shall be more than 200 square feet; and

(c) the aggregate area occupied by all vents and stair bulkheads shall not exceed one percent of the area of the Square.

In order to grant such authorization, the Commission shall find that:
placement of such elements cannot be reasonably accommodated elsewhere on the zoning lot; and

such vents and stair bulkheads are located so as to minimize impact on the visibility, accessibility and public use and enjoyment of the Square.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the Square.

104-425
The Small Square

If Block C is developed as a single zoning lot, an open area known as the “Small Square,” with a minimum area of 10,000 square feet, shall be provided as a passive open space, connecting West 129th and West 130th Streets. It shall be improved with paved surfaces of a non-skid material, whether wet or dry. No fences or walls shall be permitted in the Small Square.

The bounding building walls on all buildings abutting the Small Square shall be transparent for 50 percent of the area of the portion of each such wall measured from the finished level of the adjacent pavement to the height of the ceiling of the second story.

The Small Square shall be landscaped with a minimum of eight trees. Such trees shall measure at least four inches in caliper at the time of planting, except that trees which are multi-stem varieties shall have a minimum height of eight feet, and shall be planted in soil with a minimum depth of four feet. All trees shall be planted flush to grade.

A minimum of 30 moveable seats shall be provided at all times; additional moveable or fixed seating may be provided.

104-426
The Grove
If Block A is developed as a single zoning lot, an open area known as “the Grove,” with a minimum area of 400 square feet, shall be provided as a passive open space connecting West 125th and West 129th Streets. It shall contain seating at the western portion of the Block and a grove of trees with a minimum of four trees. Such trees shall measure at least four inches in caliper at the time of planting, except that trees which are multi-stem varieties shall have a minimum height of eight feet, and shall be planted in soil with a minimum depth of four feet.

The Grove shall be improved with paved surfaces of a non-skid material, whether wet or dry. It shall be landscaped with trees planted flush to grade and may include additional planting. The Grove may contain fixed or moveable seating.

No fences, walls or planters are permitted in the Grove.

(12/19/07)

104-43
Open Area Standards

(12/19/07)

104-431
Access and hours of public accessibility

All open areas shall be accessible directly from an adjoining public sidewalk, except as otherwise provided in this Chapter. No fences or gates shall be permitted anywhere within the open areas, except as permitted in Section 104-42 (Open Areas).

All open areas except the Square and the East/West Open Area shall be accessible to the public 24 hours per day, seven days a week.

The Square and the East/West Open Area shall be accessible to the public seven days per week, from the hours of 7:00 a.m. to 8:00 p.m., from November 1 through April 14, and from 7:00 a.m. to 11:00 p.m. from April 15 through October 31.

All open areas may be closed not more than one day each year, on a non-holiday weekend day in January, to preserve the private
ownership of such areas, except the Square and the East/West Open Area may each be closed by its respective owner for private events and activities for a maximum of 12 days in each calendar year, which days shall not include public holidays. Advance notice of such closing shall be posted at the perimeter of the Square and the East/West Open Area and shall be provided to the Chairperson of the City Planning Commission not less than 24 hours prior to each such closing.

(12/19/07)

104-432
Lighting

All paved areas shall be illuminated with a minimum level of illumination not less than two horizontal foot candles (lumens per foot) throughout. All other areas shall have a minimum level of illumination not less than 0.5 horizontal foot candles (lumens per foot). Such level of illumination shall be maintained from one hour before sunset to one hour after sunrise. Electrical power shall be supplied by one or more outlets furnishing a total of at least 1,200 watts of power for every 4,000 square feet, or fraction thereof, of the area of the open space.

(12/19/07)

104-433
Maintenance and operation

The owner of each open area within Subdistrict A shall be responsible for its maintenance and operation. Maintenance shall include, but not be limited to, necessary repairs, litter control and the care and replacement of vegetation. The owner of an open area may temporarily close the smallest portion reasonably necessary for the shortest period of time reasonably necessary to make repairs or to mitigate hazardous or emergency conditions, or in connection with construction on adjacent Parcels. The owner may establish and enforce rules of conduct for the use of the open areas and standards for permits for events and activities in an open area. Rules and regulations for the open areas will be subject to review and approval by the Chairperson of the City Planning Commission.

No vehicles shall be stored on any of the open areas.
104-44
Street Trees on Narrow Streets and Broadway

On narrow streets and Broadway, street trees with a minimum caliper of four inches shall be provided for the entire length of the street frontage of the zoning lot, except adjacent to the Midblock Open Areas and the Grove. Such trees shall be planted at maximum intervals of 25 feet on center. The location and/or spacing of trees may be waived by the Commissioner of Parks and Recreation to the extent that these requirements are determined to be infeasible. All trees shall be planted flush to grade and in accordance with the applicable standards of the Department of Parks and Recreations, and shall be located within a soft surface, landscaped strip at least five feet wide adjacent to the curb, which landscaped strips need not be continuous. Other planted landscape treatment and amenities may be permitted within such landscaped strip. Such trees shall be maintained by the owner of the adjacent development or enlargement.

(2/2/11)

104-50
PERMITTED TRANSFER OF FLOOR AREA

Transfers of floor area may be made from granting sites to receiving sites, within Subdistrict A, subject to the requirements of this Section.

For the purposes of this Section, a “granting site” shall mean any zoning lot in Subdistrict A that comprises a block as identified by letter on Map 2 (Subdistrict A Block Plan) in Appendix A of this Chapter, or the portion of the block identified as Block H on Map 2, from which floor area is to be transferred pursuant to the provisions of this Section, and a “receiving site” shall mean a zoning lot in Subdistrict A that comprises a block, as identified by letter on Map 2, or the portion of the block identified as Block H on Map 2, to which floor area is transferred.

Floor area may be transferred as follows:
(a) by notice, in accordance with the provisions of Section 104-52 (Transfer of Floor Area by Notice);

(b) by authorization, in accordance with the provisions of Section 104-53 (Transfer of Floor Area by Authorization); or

(c) by special permit, in accordance with the provisions of Section 104-60 (MODIFICATION OF SPECIAL BULK REQUIREMENTS AND TRANSFER OF FLOOR AREA BY SPECIAL PERMIT), where the proposed development or enlargement on the receiving site requires modification of the bulk regulations of Section 104-30 (SPECIAL HEIGHT AND SETBACK REQUIREMENTS).

(12/19/07)

104-51
General Requirements for Transfer

For any transfer of floor area by notice or by authorization pursuant to Section 104-50, inclusive, the requirements of this Section shall apply.

(a) Notification

Prior to any transfer of floor area, pursuant to Sections 104-52 (Transfer of Floor Area by Notice) or 104-53 (Transfer of Floor Area by Authorization), the owners of the granting site and the receiving site(s) shall jointly notify or apply to the Department of City Planning, as applicable, in writing, of such intent to transfer floor area. Such notification or application shall be signed by the owners of the granting site and the receiving site(s) and shall include site plans.

(b) Notices of restriction

Notices of restrictions shall be filed by the owners of the granting site and the receiving site(s) in the Office of the Register of the City of New York, indexed against the granting site and the receiving site(s), certified copies of which shall be submitted to the Department of City Planning. Notice by the Department of City Planning of its receipt of certified copies thereof shall be a condition to issuance by the Commissioner of Buildings of a building permit for a building on the receiving site containing any such transferred floor area.
(c) **Floor area**

The amount of **floor area** to be transferred from a granting site shall not exceed the maximum amount of **floor area** permitted on the **block** containing the granting site for **community facility uses**, pursuant to Section 104-12 (Community Facility Use Modifications), less the total floor area of all existing **buildings** on such **block**. The transfer of **floor area**, once completed, shall irrevocably reduce the maximum **floor area** permitted on the granting site for any **use** by the amount of **floor area** transferred.

(d) **Use**

**Floor area** transferred pursuant to the provisions of Section 104-50 through 104-53, inclusive, shall only be used for **community facility uses** and shall be in addition to the **floor area** permitted for **community facility uses** on the receiving site.

(e) **Height and setback**

Any **building** on a receiving site that uses the **floor area** so transferred shall comply with the special **bulk** regulations of this Chapter.

(12/19/07)

**104-52**

**Transfer of Floor Area by Notice**

For any transfer of **floor area** from a granting site which comprises any of Blocks A, C or D to one or more receiving sites on Blocks B, E, F, G or H, the general requirements of Sections 104-50 and 104-51 shall apply as well as the following:

(a) the site plan submitted for the granting site under the provisions of paragraph (a) of Section 104-51 shall show the conditions and **floor area** calculations for the granting site and the receiving site, before and after the transfer;

(b) no building permit shall be issued by the Department of Buildings for a **building** on a receiving site containing any such transferred **floor area** until the Chairperson of the City
Planning Commission has certified to the Department of Buildings that plans submitted to the Department of City Planning for the Square, the Small Square or the Grove, as applicable, on the granting site, conform with the requirements of Section 104-40 (SPECIAL URBAN DESIGN REGULATIONS); and

(c) no temporary certificate of occupancy shall be issued by the Department of Buildings for any portion of a #building# utilizing the transferred #floor area# unless and until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the public open area which is required to be provided on the granting site pursuant to the provisions of Sections 104-424 (The Square), 104-425 (The Small Square) or 105-426 (The Grove), as applicable, has been constructed substantially in accordance with the plan certified by the Chairperson pursuant to paragraph (a) of this Section and is substantially complete and may be opened to the public, and no permanent certificate of occupancy shall be issued by the Department of Buildings for any portion of a #building# utilizing the transferred #floor area# unless and until the Chairperson certifies to the Department of Buildings that construction of the public open space which is required to be provided on the granting site is complete.

(12/19/07)

104-53
Transfer of Floor Area by Authorization

Within Subdistrict A, the City Planning Commission may authorize the transfer of #floor area# from a granting site other than Blocks A, C or D to a receiving site, subject to the general requirements of Sections 104-50 and 104-51, provided the Commission finds that such transfer:

(a) will permit better site planning; and

(b) will not unduly increase the #bulk# of #buildings# in any #block# to the detriment of the occupants or users of #buildings# on #blocks# outside Subdistrict A.

In granting such authorization, the Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.
104-60
MODIFICATION OF SPECIAL BULK REQUIREMENTS AND TRANSFER OF FLOOR AREA
BY SPECIAL PERMIT

The City Planning Commission may, by special permit:

(a) modify the special height and setback requirements of Section 104-30 (SPECIAL HEIGHT AND SETBACK REQUIREMENTS), inclusive, provided the Commission finds that such modifications are necessary to:

(1) meet programmatic and mechanical requirements;

(2) achieve a better distribution of #bulk# on the zoning lot and will not adversely affect access to light and air for surrounding public access areas, #streets#, #buildings# and properties;

(3) provide flexibility of architectural design and encourage more attractive #building# forms; and

(4) result in a #development# or #enlargement# that is compatible with #development# in the surrounding area.

(b) permit the transfer of #floor area# from any granting site to a receiving site for a #development# that requires modification of the special height and setback requirements of Section 104-30, inclusive, provided the Commission finds:

(1) such transfer complies with the general requirements set forth in paragraphs (a), (b), (c) and (d) of Section 104-51;

(2) the distribution of #floor area# on the receiving site does not adversely affect the character of the surrounding area by unduly concentrating #floor area# in any portion of Subdistrict A; and

(3) where such transfer is from a granting site on Blocks A, C or D, it shall also comply with the provisions of paragraphs (b) and (c) of Section 104-52 (Transfer of Floor Area by Notice).
The Commission may prescribe additional conditions and safeguards to minimize adverse effects of the development or enlargement on the character of the surrounding area.

(12/19/07)

104-70
PARKING AND LOADING REGULATIONS AND CURB CUT LOCATIONS

In the Special Manhattanville Mixed Use District#, the accessory off-street parking and loading regulations of the underlying zoning districts shall apply, except as set forth in this Section, inclusive.

(12/19/07)

104-71
Accessory Off-street Parking

In Subdistrict B, the regulations regarding required accessory off-street parking spaces set forth in Section 44-20, shall not apply.

In Subdistrict A, the accessory off-street parking and loading regulations in Article III, Chapter 6, pertaining to the underlying C6 District shall be modified, as follows:

(a) accessory parking spaces at or above grade shall be completely enclosed;

(b) accessory parking garages at or above grade shall not be located:

(1) within 60 feet of the lot line# on Broadway of any zoning lot# or within 90 feet of the lot line# on 12th Avenue of any zoning lot#;

(2) on Parcels E2 or G2; or

(3) on any Mandatory Open Area as shown on Map 7 in Appendix A of this Chapter or within 10 feet of any such Mandatory Open Area, except that access to and egress from
parking garages shall be permitted in such areas; and

c) parking spaces provided below grade shall not be subject to the provisions of Section 36-12 (Maximum Size of Accessory Group Parking Facilities).

(12/19/07)

104-711
Accessory parking below grade

Required and permitted accessory off-street parking spaces may be located below grade, without regard to zoning lot lines.

(a) Such accessory group parking facilities shall not exceed the following maximum number of spaces:

Blocks C, D and E combined: up to 1,800 spaces in total
Block F: up to 1,000 spaces in total
Blocks G and H combined: up to 600 spaces in total

(b) Such accessory group parking facilities are subject to the following requirements:

(1) the location of the curb cuts shall be subject to the provisions of Section 104-73;

(2) such accessory off-street parking spaces shall not be located further than 1,000 feet from the nearest boundary of the zoning lot to which they are accessory; and

(3) such accessory off-street parking facilities shall provide adequate reservoir spaces at the vehicular entrances to accommodate either 10 automobiles or five percent of the total parking spaces provided by the use, whichever amount is greater, but in no event shall such reservoir spaces be required for more than 50 automobiles at each entrance.

(12/19/07)
104-72
Public Parking Garages

In Subdistrict A, #public parking garages# shall not be located:

(a) within 60 feet of the #lot line# on Broadway of any #zoning lot# or within 90 feet of the #lot line# on 12th Avenue of any #zoning lot#;

(b) on Parcels E2 or G2; or

(c) on any Mandatory Open Area as shown on Map 7 in Appendix A of this Chapter, or within 10 feet of any such Mandatory Open Area.

(12/19/07)

104-73
Permitted Curb Cut Locations

The following curb cut regulations shall apply to any #development# or #enlargement#:

(a) existing curb cuts on #wide streets# may remain until such time as a #community facility use# is located on that portion of the #zoning lot#;

(b) no new curb cuts are permitted on #wide streets# or within 50 feet of the intersection of any two #street lines#. Furthermore, no curb cuts are permitted on Block B. However, curb cuts may be permitted in such areas where the Commissioner of Buildings determines there is no alternative means of access to off-street parking spaces or required loading berths from other #streets# bounding the #block# or #zoning lot#;

(c) new curb cuts shall not be greater than 30 feet in width;

(d) there shall be no more than two new curb cuts per #street# frontage on a #zoning lot#, except on Block F where three curb cuts per #street# frontage are permitted, and except as provided in paragraph (f) of this Section;

(e) there shall be a minimum distance of 30 feet between curb cuts on a #street# frontage of a #zoning lot#; and
(f) in order to access the Square, as described in Section 104-424, one curb cut, not to exceed 15 feet in width, shall be permitted along each #street# frontage of the sidewalk adjacent to the Square. Such curb cuts shall be in addition to the two curb cuts permitted on Block D, pursuant to paragraph (d) of this Section.

Article X - Special Purpose Districts

(12/19/74)

Chapter 5
Special Natural Area District

(2/2/05)

105-00
GENERAL PURPOSES

The "Special Natural Area District" (hereinafter also referred to as the "Special District"), established in this Resolution, is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to guide development in areas of outstanding natural beauty in order to protect, maintain and enhance the natural features of such areas;

(b) to preserve land having qualities of exceptional recreational or educational value to the public;

(c) to protect aquatic, biologic, botanic, geologic and topographic features having ecological and conservation values and functions;

(d) to reduce hillside erosion, landslides and excessive storm water runoff associated with development by conserving vegetation and protecting natural terrain;

(e) to preserve hillssides having unique aesthetic value to the public; and

(f) to promote the most desirable use of land and the direction of building development in accordance with a well-considered plan, to promote stability of residential development, to promote the character of the district and its peculiar suitability for particular uses, to conserve the value of land and buildings and thereby protect the City's tax revenues.

(2/2/11)
105-01
Definitions

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Area of no disturbance

An "area of no disturbance" is an area designated on the site plan that is protected from all types of intrusion, including: site alteration#, operation of construction equipment, storage of construction materials, excavation or regrading, tunneling for utilities, removal of trees, #topsoil# or any living vegetation, or construction of driveways, #private roads#, parking areas, patios, decks, swimming pools, walkways or other impervious surfaces. #Areas of no disturbance# shall include #steep slopes#, #steep slope buffers# and the #critical root zone# of each tree proposed for preservation.

Average percent of slope

The "average percent of slope" of a #zoning lot# is the average slope of all portions of a #zoning lot# excluding #steep slopes# and shall be determined according to the following equation:

\[ S = \frac{IL}{A} \times 100 \]

Where:  
S - #average percent of slope#

I - contour interval in feet

L - combined length of contour lines in feet, excluding those portions bordering or lying within areas having a slope of 25 percent or greater and meeting the definition of #steep slope#

A - gross area in square feet of the #zoning lot#, excluding those portions of the #zoning lot# having a slope of 25 percent or greater and meeting the definition of #steep slope#. For a proposed #site alteration# on a tract of land not within a #zoning lot#, the portion of such tract of land owned by the applicant shall be considered to be part of the #zoning lot#

100 - factor which yields slope as a percentage
CALCULATING AREAS HAVING A SLOPE EQUAL TO OR GREATER THAN 25 PERCENT (ILLUSTRATIVE EXAMPLE)

Example:

\[
X = \frac{\text{Contour interval in feet}}{0.25} = \frac{2}{0.25} = 8.0 \text{ feet}
\]

Where: \( X \) - distance between contour lines which indicates a slope of 25 percent

In order to calculate the area having a slope equal to or greater than 25 percent, one can use a map with two-foot contour intervals and a scale of one inch equals 20 feet, as shown in the map in this Section. A 25 percent slope, on a map with two-foot contour intervals, is indicated by contour lines that are 8.0 feet apart, rounded to the nearest tenth (0.1) of a foot. On a map whose scale is one inch to 20 feet, 8.0 feet is represented by 0.4 of an inch, rounded to the nearest tenth (0.1) of an inch. Identify where the contour lines are 0.4 of an inch or less apart. Connect these contour lines (as indicated by the heavy lines on the map) and calculate the area.
Caliper (of a tree)

"Caliper" of a tree is the diameter of a tree trunk measured 4 feet, 6 inches from the ground. If a tree splits into multiple trunks below 4 feet, 6 inches from the ground, the trunk is measured at its most narrow point beneath the split.

Critical root zone

The "critical root zone" of a tree is the area containing the roots of a tree that must be maintained and protected to ensure the tree's survival. The area of the critical root zone is measured as one radial foot for every caliper inch of the tree, with a required minimum of four radial feet and maximum of 22 radial feet, measured from the surface of the tree trunk at grade.

Hillside

A "hillside" is ground where the ratio of change in elevation to horizontal distance results in a 10 percent or greater slope or average percent of slope.

Natural feature

A "natural feature" is a specific natural feature belonging to one of the types listed in Section 105-10 (NATURAL FEATURES) and existing within a Special Natural Area District.

Site alteration

A "site alteration" is an alteration on any vacant tract of land, land with minor improvements or any tract of land containing buildings or other structures which includes land contour work, topographic modifications, removal of topsoil, vegetation, excavating, filling, dumping, changes in existing drainage systems, improvements in public rights-of-way, relocation of erratic boulders or modification of any other natural features, whether or not a permit is required from the Department of Buildings, the Department of Transportation or other public agencies.

Staging area
A "staging area" is any area on a #zoning lot# used during the construction of a #development#, #enlargement# or #site alteration# for the purposes of stockpiling soil or construction materials; storing, cleaning or servicing construction equipment, vehicles or tools; or storing leachable construction products, gases or other materials used to clean or service vehicles, equipment or tools.

Steep slope

A "steep slope" is a portion of a #zoning lot# with an incline of 25 percent or greater. However, a portion of a #zoning lot# with an incline of 25 percent or greater shall not be considered a #steep slope# if it occupies an area of less than 200 square feet or has a dimension of less than 10 feet, measured along the horizontal plane, unless such portions in the aggregate equal 10 percent or more of the area of the #zoning lot#.

Steep slope buffer

A "steep slope buffer" is a 15-foot wide area having a slope of less than 25 percent that adjoins the entire length of the crest of a #steep slope#.

Tier I site

A "Tier I site" is a #zoning lot# or other tract of land having an #average percent of slope# of less than 10 percent.

Tier II site

A "Tier II site" is a #zoning lot# or other tract of land having an #average percent of slope# equal to or greater than 10 percent.

Topsoil

"Topsoil" is soil containing undisturbed humus and organic matter capable of sustaining vigorous plant growth and is generally the top six inches of soil.

Tree credit
A "tree credit" is a credit for preserving an existing tree of six-inch #caliper# or more that is counted towards a tree preservation requirement or a credit for a newly planted tree of three-inch #caliper# or more that is counted towards a tree planting requirement.

Tree protection plan

A "tree protection plan" is a plan that modifies the #area of no disturbance# around a tree proposed for preservation while protecting and preserving the tree during construction. A #tree protection plan# is prepared by an arborist certified by the International Society of Arborculturists (ISA) or equivalent professional organization that includes:

(a) a survey of the current condition and health of such trees of six-inch #caliper# or more;

(b) methods for tree protection and preservation based on best management practices, including the prevention of damage due to compaction, grade and drainage pattern changes and tunneling for utilities;

(c) a schedule for site monitoring during construction;

(d) a procedure to communicate protection measures to contractor and workers; and

(e) post-construction treatment.

(2/2/05)  

105-02  
General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Natural Area District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter, in order to protect outstanding #natural features# described herein. Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect. The provisions of this Chapter shall apply to:

(a) any #development#, #enlargement# or #site alteration#;
(b) any subdivision of a #zoning lot# existing on the effective
date of the Special District designation into two or more
#zoning lots#; and

(c) any public improvement projects located within the #Special
Natural Area District#, which shall be subject to the
provisions of Sections 105-92 (Special Provisions for City-
owned Land) and 105-93 (Inter-agency Coordination), except
for any such projects which were approved by the Board of
Estimate prior to the effective date of the Special District
designation.

Prior to issuance by the Department of Buildings or other City or
State agencies, of a permit for any #development#, #enlargement#
or #site alteration# within a #Special Natural Area District#, or
for any #site alteration# for which no permit is required by the
Department of Buildings or other City or State agencies, an
application shall be submitted to the City Planning Commission
for review and approval pursuant to Section 105-40 (SPECIAL
REVIEW PROVISIONS), except those #developments#, #enlargements#
and #site alterations# that are not subject to the provisions of
Section 105-40, as specified in Section 105-021 (Actions not
requiring special review).

Any authorization or special permit granted by the City Planning
Commission after July 18, 1995, pursuant to the provisions of
this Chapter, may be started or continued, in accordance with the
terms thereof, or as such terms may be subsequently modified,
pursuant to the regulations in effect at the time such
authorization or special permit was granted, subject to the
provisions of Sections 11-42 (Lapse of Authorization or Special
Permit Granted by the City Planning Commission Pursuant to the
1961 Zoning Resolution) and 11-43 (Renewal of Authorization or
Special Permit).

When a #zoning lot# existing on the effective date of the Special
District designation is subdivided into two or more #zoning
lots#, an application shall be submitted to the Commission for
review and approval pursuant to Section 105-90 (FUTURE
SUBDIVISION).

(2/2/05)

105-021
Actions not requiring special review

The special review requirements of Section 105-40 (SPECIAL REVIEW
PROVISIONS) of this Chapter shall not apply to the following:
(a) a #site alteration# on a #zoning lot# containing #buildings or other structures#, or a #development# or #enlargement# on any #zoning lot#, provided that such #zoning lots# shall have:

(1) not more than 10,000 square feet of #lot area#;

(2) an #average percent of slope# of less than 10 percent;

(3) no significant #natural features#, and the resulting #development#, #enlargement# or #site alteration# can satisfy the requirements of Section 105-30 (PRESERVATION OF NATURAL FEATURES), inclusive;

(4) the resulting #development#, #enlargement# or #site alteration# not exceed 2,500 square feet of #lot coverage#; and

(5) no Notice of Restriction or Restrictive Declaration recorded against the title of such property;

(b) any #site alteration#, on a #zoning lot# containing a #residential building# in existence on the effective date of the Special District designation, involving a structure that does not require a permit from the Department of Buildings, including, but not limited to swimming pools, garden sheds and fences, provided that:

(1) any modification of topography for the footprint, foundation or grading around the footprint of such structure shall not exceed two feet of cut or fill; and

(2) no tree of six-inch #caliper# or greater shall be removed and the #critical root zone# of such tree shall be an #area of no disturbance# on any #zoning lot#.

(2/2/11)

105-022
Requirements for application

An application to the City Planning Commission for certification, authorization or special permit and to the Department of Buildings respecting any #development#, #enlargement# or #site alteration#, to be made within any #Special Natural Area District#, shall include the following:
(a) a survey map prepared by a registered surveyor showing topography at two-foot contour intervals and indicating the average percent of slope, the existing slope of the land, as it occurs, in categories of 10-14 percent, 15-19 percent, 20-24 percent, 25 percent and greater; the location of existing buildings or other structures, patios, decks, swimming pools, walkways, driveways and private roads, including sidewalks and other impervious surfaces; and the location, caliper and species of all trees of six-inch caliper or more on the zoning lot and in the sidewalk area of the adjacent streets, location of geologic features, aquatic features and botanic environments, as enumerated in Section 105-11 (Description of Natural Features);

(b) photographs showing the location and condition of such natural features for verification with pre-existing aerial survey and/or other photographs for each Special Natural Area District;

(c) a site plan prepared by a registered architect or professional engineer indicating the location of all existing buildings or other structures; the location of all proposed buildings or other structures; the location of existing and proposed patios, decks, swimming pools, walkways, driveways and private roads, including sidewalks and other impervious surfaces; the location of any steep slopes, steep slope buffer areas and the staging area; and the location, caliper and species of all trees of six-inch caliper or more on the zoning lot and in the sidewalk area of the adjacent streets. The site plan shall identify those trees proposed to be removed and those trees proposed to be preserved, indicating, for the latter, the critical root zone and in addition, for Tier II sites, the location of any other area of no disturbance;

(d) a drainage plan and soil report prepared by a professional engineer, when necessary to assess whether or not there will be major impact on natural features. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of any proposed development, enlargement or site alteration and provide a description with supporting information of the
manner in which the proposed development, enlargement or site alteration complies with the requirements of Local Law 103 of 1989;

(e) a grading plan showing all existing and proposed contours at two-foot intervals, critical spot elevations, tops and bottoms of proposed slopes over 10 percent gradient and will indicate at least one longitudinal and one latitudinal cross-section showing both the original and proposed final ground surfaces, with grades, slopes and elevations noted;

(f) a landscaping and revegetation plan, prepared by a registered landscape architect, indicating the extent of vegetation and topsoil removal required for site preparation and development and the location and species of all new plantings;

(g) any other information necessary to evaluate the request; and

(h) for developments, enlargements and site alterations on Tier II sites, the application shall also include:

(1) an alignment and paving plan for any private road with a typical cross-section; and

(2) a construction plan prepared by a registered landscape architect, registered architect, licensed surveyor or professional engineer showing the proposed location for the staging area, the proposed method for protecting trees, understory shrubs and ground cover during construction, as well as a description of the equipment to be employed in processing and disposing of soil and other material to be removed from the site; and if the critical root zone is proposed to be modified, a tree protection plan for any tree proposed for preservation.

For a site alteration, enlargement or development within any Special Natural Area District, the Commission may modify one or more requirements set forth in paragraphs (a) through (h) of this Section, when such modification is requested by the applicant in writing and when the Commission determines that the requirements are unnecessary for evaluation purposes.

Appendix B of this Chapter should be used as a guide to assist in identifying the natural features on the survey required in this Section.

The applicant's submission shall also include a statement admitting authorized Department of City Planning personnel to the
site for the purposes of recording or verifying survey data.

Where a permit is required for a #development#, #enlargement# or #site alteration# within a #Special Natural Area District# from any City or State agency, an application for such permit shall be filed simultaneously with such agency and the Commission.

(2/2/05)

105-023
Relationship to public improvement projects

In all cases, the City Planning Commission shall deny an application, whenever the #development#, #enlargement# or #site alteration# will interfere with a public improvement project (including highways, public #buildings# or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) that has been approved by the City Council or the City Planning Commission.

(1/19/16)

105-03
District Plan

The regulations of this Chapter are designed to implement the #Special Natural Area District# Plan. The District Plan includes the following:

Appendix A - Special Natural Area District Plan Maps
Appendix B - Glossary
Appendix C - Selection List for Ground Covers and Shrubs
Appendix D - Tree Selection List for On-site Trees
Appendix E - Tree Selection List for Street Trees

These maps and lists are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter shall apply.
105-10
NATURAL FEATURES

105-11
Description of Natural Features

All natural features shall be significant in terms of age, size, composition, function, structure, history, association, location, ecological value or educational interest.

The protection of one natural feature may require the protection of another which is closely linked to it. The preservation of natural features may also be necessary to avoid such adverse conditions as flooding, erosion or hazards to private property. All vegetation is part of a botanic environment or part of an aquatic feature and shall be considered as a natural feature protected by the regulations of this District. For the purposes of this Chapter, vegetation includes all forms of plant material, including, but not limited to, trees, shrubs, vines, ferns, grasses, herbs and other plant life.

All natural features defined in this Section and further described in Appendix B of this Chapter shall be protected by the provisions of this Chapter.

(a) Geologic features

(1) Rock outcrop

A rock outcrop is the portion of a rock formation which appears at the surface of the earth.

(2) Geologic deposit

A geologic deposit is a mass of material which has been placed, shaped or created by the actions of wind, water, ice, gravity, vulcanism, pressure or temperature, either alone or in combination. Such deposits are to include erratic boulders, glacial formations, mineral deposits or semi-precious stones.

(b) Topographic features

(1) Steep slope
(2) Existing natural topography

Existing natural topography is the ground elevation of land.

(3) #Topsoil#

#Topsoil# is generally the top six inches of soil containing undisturbed humus and organic matter capable of sustaining vigorous plant growth.

(c) Aquatic features

Wetlands, including, but not limited to State and Federal, mapped or designated, freshwater or tidal wetlands:

(1) Laminarian zone

A laminarian zone is that land under the surface of salt water from the mean low tide mark to the depth of 15 fathoms. The portion of laminarian zone to be protected by the provisions of this Special District extends to the pierhead line or to the shore line where no pierhead line has been established.

(2) Beach

A beach is a tract of relatively flat, sandy or gravelly land, without visible vegetation, forming the shore of a large body of water.

(3) Tidal wetland and saltwater littoral zone

A tidal wetland or saltwater littoral zone is that land which is regularly covered by tidal waters and its spray.

(4) Swamp

A swamp is a wet woodland, the soil of which is typically waterlogged or often covered with water.

(5) Marsh

A marsh is a wet prairie that has waterlogged soil during the growing season (from last spring frost to first fall frost) and is often covered with shallow water.
(6) Bog

A bog is a tract of waterlogged land without natural drainage.

(7) Meadow

A meadow is a tract of land that is waterlogged to within a few inches of the surface and may have temporary ponds during the non-growing season (between the first fall frost and first spring frost).

(8) Creek, stream or brook

A creek, stream or brook is a free flowing fresh watercourse on soil, gravel or rock that drains a watershed.

(9) Lake or pond

A lake or pond is a body of fresh or salt water standing year round.

(10) Natural spring

A natural spring is a point source of water exiting from the surface of the earth or rock.

(d) Botanic environments

(1) Primary succession community area

A primary succession community area is a tract of land characterized by species that can tolerate extreme environmental conditions and provide initial protection for less tolerant forms of life. These species are usually annuals and herbaceous.

(2) Secondary succession community area

A secondary succession community area is a tract of land characterized by short-lived trees and shrubs as well as grasses and herbaceous material. These species are less tolerant than primary succession community species but provide a greater diversity and range of protection from the sun, wind and rain.

(3) Climax community area

A climax community area is a stable association of
plants and animals that will perpetuate itself indefinitely with minor variation in the group of associated plants. The climax community area in New York City is the glaciated oak-chestnut association, which is part of the eastern hardwood deciduous forest.

(4) Dune or heathland

A dune or heathland is a tract of windblown and wind- or water-shaped sandy land with such characteristic species as beach grass and beach heather.

(5) Wild grassland

A wild grassland is an area whose vegetation is primarily of wild grass species.

The natural features defined in this Section are described in Appendix B of this Chapter.

(2/2/05)

105-20

PROTECTION OF NATURAL FEATURES

All natural features within a Special Natural Area District shall be protected by the regulations of this Chapter in accordance with the provisions set forth in Sections 105-02 (General Provisions), 105-30 (PRESERVATION OF NATURAL FEATURES) and 105-50 (REGULATIONS FOR PROTECTION OF NATURAL FEATURES).

Except for any existing natural feature that is unsafe and the removal of which is required by the Department of Buildings to eliminate hazardous conditions, no natural features described in Section 105-11 (Description of Natural Features) shall be removed, destroyed or altered unless permitted by certification, authorization or special permit of the City Planning Commission, pursuant to Section 105-40 (SPECIAL REVIEW PROVISIONS), or allowed pursuant to Section 105-021 (Actions not requiring special review).

(2/2/05)

105-30

PRESERVATION OF NATURAL FEATURES

The provisions of this Section are applicable to all
#developments#, #enlargements# and #site alterations# within the #Special Natural Area District#, pursuant to Section 105-02 (General Provisions). When pursuant to Sections 105-41 (Certification) or 105-021 (Actions not requiring special review), it is not necessary for an applicant for a #development#, #enlargement# or a #site alteration# to apply for an authorization or special permit, such #development#, #enlargement# or #site alteration# shall nonetheless comply with the #natural feature# preservation requirements of this Section, inclusive.

(2/2/05)

105-31
Botanic Environment and Tree Preservation Requirements

To the maximum extent possible, existing trees and vegetation shall be retained. Trees of six-inch #caliper# or more and vegetation may only be removed or destroyed as a result of a #development#, #enlargement# or #site alteration#, provided that:

(a) such trees or vegetation are located in areas to be occupied by #buildings#, #private roads#, driveways, areas for required #accessory# parking, or within a distance of 15 feet of the exterior walls of such #building#, provided that it is not possible to avoid such removal by adjustments in the arrangement of such #buildings#, driveways or required parking areas;

(b) the continued presence of such tree would create special hazards or dangers to persons or property, which would not be possible or practical to eliminate by pruning;

(c) the continued presence of such tree would interfere with the growth or health of another tree of six-inch #caliper# or more, designated for preservation and belonging to a species listed in Appendix D (Tree Selection List for On-site Trees) of this Chapter; or

(d) an authorization pursuant to Section 105-425 (Modification of botanic environment and tree preservation and planting requirements) has been granted by the City Planning Commission approving the removal of such trees or vegetation.

Any tree of six-inch #caliper# or more that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# shall be replaced pursuant to the provisions of Section 105-32 (Botanic Environment and Tree Planting Requirements).
105-32
Botanic Environment and Tree Planting Requirements

Any vegetation that cannot be saved as a result of #site alteration#, #enlargement# or #development# shall be replaced with alternative vegetation to be approved by the City Planning Commission. All #developments#, #enlargements# and #site alterations# shall comply with the tree planting requirements set forth in this Section, whether or not existing trees are removed as a result of such #development#, #enlargement# or #site alteration#.

The replanting of elements of vegetation that are parts of an association or community shall be such as to reestablish, as rapidly as is reasonable, the vigor and character of the association. When necessary to establish ecological balance, the Commission may also require additional vegetation to be planted.

(a) Tree planting

For the purposes of this Section, the following minimum standard shall apply for tree planting:

(1) For any #development#, #enlargement# or #site alteration# within a #Special Natural Area District#, trees of at least three-inch #caliper#, pre-existing or newly planted, shall be provided on the #zoning lot# at the rate of one tree for each 1,000 square feet of #lot area# or portion thereof or shall equal a total of 51 percent of all #tree credits# for trees originally on site, whichever is greater.

(2) For any existing tree of at least six-inch #caliper# that is preserved, credit for one tree shall be given for the first six inches of #caliper# and, for each additional four inches of #caliper#, credit for an additional tree shall be given.

Single-trunk trees, newly planted to meet this requirement, shall be of at least three-inch #caliper# at the time of planting. Multiple-trunk trees and low-branching coniferous evergreens shall be at least 10 feet in height at the time of planting. Trees newly planted to meet this requirement shall be of a species selected from Appendix D of this Chapter, and acceptable from the standpoint of hardiness, appearance and habit of growth suitable to the site.
The Commission may grant a waiver of the tree planting requirements by certification to the Department of Buildings, where the Commission finds that the ecology of the site is such that the substitution of other plant material would be more appropriate than the tree planting requirements and a detailed plan for planting has been filed with the Commission for its approval.

(b) Botanic Environment Planting

For the purposes of this Section, the following minimum standard shall apply for the planting of vegetation.

Any vegetation or #topsoil# that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# and is not permitted to be removed pursuant to the regulations of Sections 105-31 (Botanic Environment and Tree Preservation Requirements) or 105-425 (Modification of botanic environment and tree preservation and planting requirements), shall be replaced as follows: for every square foot of #lot area# of removed vegetation or #topsoil#, plantings shall be provided of the size and number indicated in paragraphs (b)(1), (b)(2), (b)(3) and (b)(4) of this Section. The area of removed vegetation shall be measured so as to include any portions of the #zoning lot# that were located within the #critical root zone# of a removed tree of six-inch #caliper# or more. Species of ground cover and shrubs shall be selected from Appendix C (Selection List for Ground Covers and Shrubs) of this Chapter. Species of on-site trees shall be selected from Appendix D (Tree Selection List for On-site Trees) of this Chapter.

(1) Ground cover shall be planted one at one-foot-on-center and at the rate of one plant for every square foot of #lot area# of removed vegetation; and

(2) Large trees shall be planted at the rate of one three-inch #caliper# tree for every 500 square feet of #lot area# of removed vegetation; or

(3) Small trees shall be planted at a rate of one eight-foot high tree for every 100 square feet of #lot area# of removed vegetation; or

(4) #Shrubs# shall be planted at a rate of one gallon container-grown material for every 25 square feet of #lot area# of removed vegetation.
The planting of species shall not be limited to woody plant materials, but shall include trees, shrubs, vines, ferns, grasses, herbs, annuals, biennials, perennials, mosses and other associated vegetation. All vegetation to be planted shall be either of the species which characterized the area's biological community prior to #site alteration#, #enlargement# or #development#, or of an alternative biologic community found in the area. Species selection shall give particular attention to the relationship of the species to each other and to the surrounding plant community and to the quality of the soil and the vertebrate and invertebrate populations associated with and dependent upon the proposed plants.

(2/2/05)

105-33
Residential Lot Coverage Regulations on Tier II Sites or on Sites Granted an Authorization Pursuant to Section 105-422

The maximum permitted percentage of #lot coverage# for #residences# on a #zoning lot# shall be determined by Table I or Table II of this Section, as applicable.

TABLE I
PERMITTED PERCENTAGE OF LOT COVERAGE ON A TIER II ZONING LOT BY ZONING DISTRICT, AVERAGE PERCENT OF SLOPE AND RESIDENCE TYPE

105-34
Grading Controls for Tier II Sites

With the exception of #private roads# and driveways, no grading shall take place beyond 15 feet of the location of a #building# foundation, measured from the foundation perimeter. The following grading requirements shall apply to all #Tier II sites#.

(a) Cut slopes shall be no steeper than two horizontal to one vertical; subsurface drainage shall be provided as necessary for stability.

(b) Fill slopes shall be no steeper than two horizontal to one vertical; fill slopes shall not be located on natural slopes 2:1 or steeper, or where fill slope toes out within 12 feet horizontally of the top of an existing or planned cut slope.

(c) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Natural Area District#. 

TABLE II
PERMITTED PERCENTAGE OF LOT COVERAGE ON ANY ZONING LOT OR PORTION OF ANY ZONING LOT WITH A STEEP SLOPE GRANTED AN AUTHORIZATION PURSUANT TO SECTION 105-422
(d) Fills shall be compacted to at least 95 percent of maximum density, as determined by AASHTO T99 or ASTM D698.

(e) All retaining walls or cuts with a total vertical projection in excess of three feet and associated with cut or fill surfaces shall be designed as structural members keyed into stable foundations and capable of sustaining the design loads.

(f) The top and toe of any cut or fill slope, or where any excavation meets the grade existing on February 2, 2005, should be rounded in a vertical arc with a radius of not less than five feet.

(g) Tops and toes of cut and fill slopes and retaining walls shall be set back from lot lines for a horizontal distance of three feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of 10 feet; tops and toes of cut and fill slopes shall be set back from buildings and structures for a horizontal distance of six feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of 10 feet.

(2/2/11)

105-35
Tier II Site Requirements for Driveways and Private Roads

The provisions set forth in this Section and Section 105-34 (Grading Controls for Tier II Sites) shall apply to driveways and to private roads that provide access to buildings developed after February 2, 2005. The provisions for private roads set forth in Article II, Chapter 6, shall not apply.

(a) Driveways

(1) The maximum grade of a driveway shall not exceed 10 percent.

(2) The paved width of a driveway shall not exceed 18 feet.

(3) The maximum length of a driveway from a private road or street to an accessory parking space shall not exceed 80 feet.

(b) Private roads

(1) The maximum grade of a private road shall not exceed
10 percent.

(2) The width of the graded section beyond the curb back or edge of pavement of a private road shall extend no more than three feet beyond the curb back or edge of pavement on both the cut and the fill sides of the roadway. If a sidewalk is to be installed parallel to the roadway, the graded section shall be increased by the width of the sidewalk plus no more than one foot beyond the curb back.

(3) The paved width of a private road shall not exceed 34 feet.

(4) Curbs shall be provided along each side of the entire length of a private road and accessory parking spaces may be located between the required roadbed and curb.

(5) A curb cut, excluding splays, from a street to a private road may be as wide as such private road.

(6) Curb cuts providing access from private roads to parking spaces shall not exceed the width of the driveway served and in no event shall exceed a width of 18 feet, including splays.

(7) A minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts.

(8) Along the entire length of a private road, trees shall be provided and maintained at the rate of one tree for every 25 feet of private road frontage and shall comply with the requirements set forth in Section 105-32 (Botanic Environment and Tree Planting Requirements).

(9) No building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the development for fire safety. Such approval may include the modification of private road width as set forth in paragraph (b)(3) of this Section.

The City Planning Commission may by authorization pursuant to Section 105-434 (Modification of requirements for private roads and driveways), allow modifications to, or waivers of, the requirements of this Section. The prior approval of the Fire Department regarding the adequacy of vehicular access to and within the development for fire safety shall be a condition for any modification or waiver.
Controls During Construction

The following requirements must be met during construction and identified on the construction plan:

(a) No construction equipment of any kind shall operate beyond 15 feet of the perimeter of a building foundation except those vehicles engaged in the construction of private roads, driveways or required accessory parking areas. This provision may be waived by the Commissioner of Buildings should it be determined that the particular conditions of the site make a 15-foot limit infeasible or impractical.

(b) Construction fences shall be erected around all vegetation proposed for preservation and all areas of no disturbance, and those portions of the fence that are downhill from the construction site shall have hay bales placed adjacent to them.

(c) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the Special Natural Area District.

(d) The staging area shall be located in an area that would most minimize destruction of the natural features of the landscape. Such area shall be as close to the construction area on the zoning lot as practical, and shall be either on the flattest portion of the zoning lot or behind a containment wall where it will not erode any area of no disturbance or endanger any tree designated for preservation.

(e) Topsoil shall be used in the area to be replanted as soon as construction is complete.

(f) Any exposed earth area shall have straw, jute matting or geotextiles placed on it within two days of exposure and be seeded with annual rye grass during construction.
105-37
Special Erosion and Sedimentation Prevention Requirements for Authorizations for Tier II Sites

Any development, enlargement or site alteration that is on a Tier II site and requires an authorization shall be subject to the provisions of this Section. The requirements of this Section shall supplement any other requirements set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS) that also must be met.

Prior to construction, at least one of the erosion and sedimentation control measures described in paragraphs (a) through (e) of this Section shall be selected. A plan describing how the selected erosion and sedimentation control measure will be implemented and justifying its selection on the basis of the particular conditions of the site shall be prepared by a professional engineer or landscape architect and submitted to the City Planning Commission.

(a) Benches and berms

These are level terraces or ledges constructed across sloping land to provide a relatively flat construction site or reduce the length and grade of the slope. Benches and berms reduce runoff and erosion hazards by slowing down the velocity of water and providing greater intake opportunity.

(b) Diversion channels

These are earth channels with a supporting ridge on the lower side constructed across the slope lengths to break up concentration of runoff and move water to stable outlets at a non-erosive velocity.

(c) Debris or sediment basins

These consist of a dam or embankment, a pipe outlet and an emergency spillway situated at the low corner of the site to provide a temporary means of trapping and storing sediment while releasing the water. They protect property below the installation from damage by excessive sedimentation and debris.

(d) Retention ponds

These are impoundment-type ponds that temporarily store runoff water and release it at rates that minimize erosion and prevent flooding. They may be located above the site to
trap water before it enters the area or within the site to protect properties below the site.

(e) Grassed waterways or outlets

These are natural or excavated channels to dispose of excess runoff water from diversions, berms, benches and other areas at non-erosive velocities. Waterways or outlets are shaped or graded and established in suitable vegetation as needed, depending on the supplemental measure used to slow the velocity of runoff.

(2/2/11)

105-38
Special Submission Requirements for Authorizations on Tier II Sites

When a #development#, #enlargement# or #site alteration# is on a Tier II site, an application to the City Planning Commission for an authorization shall include the following submission requirements. These requirements shall be in addition to the requirements set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS).

(a) A drainage plan and soil report prepared by a professional engineer to protect #natural features#. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of proposed #developments#, #enlargements# or #site alterations# and provide a description with supporting information of the manner in which the proposed #development#, #enlargement# or #site alteration# complies with the requirements of Local Law 103 of 1989.

(b) An erosion and sedimentation plan as described in Section 105-37 (Special Erosion and Sedimentation Prevention Requirements for Authorizations for Tier II Sites).

(c) For any #development# or #site alteration# on a tract of land 40,000 square feet or greater, a landscape plan
prepared by a registered landscape architect that shows the location and species of all new plantings of trees, shrubs and ground covers and the proposed method of preserving existing trees, shrubs and ground covers.

(d) Any other information the Commission may deem necessary to evaluate the request.

The applicant's submission shall also include a statement admitting authorized Department of City Planning personnel to the site for the purposes of recording or verifying survey data.

(2/2/11)

105-40
SPECIAL REVIEW PROVISIONS

The provisions of this Section shall apply to all #developments#, #enlargements# or #site alterations# located within a #Special Natural Area District#.

Prior to the issuance by the Department of Buildings of any permit for a #development#, #enlargement# or #site alteration# within a #Special Natural Area District#, the City Planning Commission shall certify to the Department of Buildings that the #development#, #enlargement# or #site alteration# is approved pursuant to Sections 105-41, 105-42, 105-43 or 105-44, inclusive.

The provisions of Article VII, Chapter 8 (Special Regulations Applying to Large-scale Residential Developments), shall apply to a #large-scale residential development#, as modified by the provisions of Section 105-701 (Applicability of large-scale residential development regulations).

(2/2/05)

105-41
Certification

When it is not necessary for the applicant for a #development#, #enlargement# or #site alteration# to apply for an authorization or special permit, the City Planning Commission shall certify to the Department of Buildings that such #development#, #enlargement# or #site alteration# complies with the regulations of this Chapter, and that no authorization or special permit is required pursuant to this Chapter.
Where natural features are to be protected and maintained under Section 105-60 (MAINTENANCE OF NATURAL FEATURES), the Commission shall indicate in the certification specific conditions and safeguards appropriate to the designated area.

(2/2/05)

105-42
Authorizations to Alter Natural Features

For a development, enlargement or site alteration located within the Special Natural Area District, the City Planning Commission may authorize:

(a) modification of topographic features including existing natural topography and topsoil pursuant to Section 105-421 (Modification of topographic features on Tier I sites) and modification of steep slopes pursuant to Section 105-422 (Authorization of a development, enlargement or site alteration on a Tier II site or portion of a zoning lot having a steep slope or steep slope buffer);

(b) modification of geologic features including the relocation of erratic boulders, and the alteration of rock outcrops pursuant to Sections 105-423 and 105-424;

(c) modification of botanic environment, pursuant to Section 105-425;

(d) alteration of aquatic features, pursuant to Section 105-426 in NA-1, NA-2 and NA-3 Districts.

The Commission may prescribe appropriate additional conditions and safeguards to protect the character of the Special Natural Area District.

(2/2/05)

105-421
Modification of topographic features on Tier I sites

The topographic features, including natural topography and topsoil, existing at the time of designation of a Special Natural Area District may be modified by the City Planning Commission, provided that the Commission finds that:
(a) #development#, #enlargement# and #site alteration# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;

(b) such modification, including any removal of #topsoil#, will not disturb the drainage pattern and soil conditions in the area;

(c) such modification of topography has minimal impact on the existing topographic features of the surrounding area and blends harmoniously with it;

(d) such modification is the least modification required to achieve the purpose for which it is granted; and

(e) the #development#, #enlargement# or #site alteration# takes advantage of the natural characteristics of the site.

Where permits are required from a City agency, the Commission shall request a report from such agency, and the provisions of Section 105-93 (Inter-agency Coordination) shall apply.

(2/2/11)

105-422
Authorization of a development, enlargement or site alteration on a Tier II site or portion of a zoning lot having a steep slope or steep slope buffer

The City Planning Commission may authorize #developments#, #enlargements# and #site alterations# on a #Tier II site# or on portions of a #zoning lot# having a #steep slope# or #steep slope buffer#.

In order to grant such authorizations, the Commission shall find that:

(a) the #development#, #enlargement# or #site alteration# is not feasible without such modification, or that the modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;

(b) such modification is the least modification required to achieve the purpose for which it is granted;
(c) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;

(d) the modification will not disturb the drainage patterns and soil conditions of the area; and

(e) the #development#, #enlargement# or #site alteration# takes advantage of the natural characteristics of the site.

The #lot coverage# regulations of Table II of Section 105-33 (Residential Lot Coverage Regulations on Tier II Sites or on Sites Granted an Authorization Pursuant to Section 105-422) shall apply to any #residential development#, #enlargement# or #site alteration# granted an authorization pursuant to this Section.

Any #development#, #enlargement# or #site alteration# requiring an authorization pursuant to this Section shall be subject to all the requirements of this Chapter for which an authorization or special permit has not been obtained.

(2/2/05)

105-423
Relocation of erratic boulders

No erratic boulder with a diameter at any point of six feet or more may be moved from its location at the time of designation of a #Special Natural Area District# to another location within the Special District during #development#, #enlargement# or #site alteration# except in compliance with the provisions of this Section.

Prior to the moving of an erratic boulder from its present location to a location elsewhere within the #Special Natural Area District#, an application shall be filed with the City Planning Commission showing the present location and the proposed location. Moving of an erratic boulder will be permitted only by authorization of the Commission under the following circumstances:

(a) where such a boulder is located in an area to be occupied by #buildings#, driveways, parking areas or recreation areas and it is not possible to avoid such location by minor adjustments in the arrangement of such #buildings#, driveways, parking areas or recreation areas on the site;

(b) where the boulder's continued existence in its present location would create hazards or dangers; or
(c) where authorizations granted by the Commission under the provisions of this Chapter require or clearly contemplate the boulder's relocation from its present position.

In issuing an authorization under this Section, the Commission shall require an appropriate relocation site, visible, if possible, from a public street, park, or public place, preferably on the zoning lot or elsewhere within the Special Natural Area District. The Commission may prescribe appropriate conditions to enhance the setting of the relocated boulder.

(2/2/05)

105-424
Alteration of rock outcrops

The City Planning Commission may authorize the alteration of a rock outcrop, provided that:

(a) the development or enlargement is not feasible without such alteration, or that the requested alteration will permit a development or enlargement that satisfies the purposes of this Chapter; or

(b) such alteration is necessary to protect the health and safety of the site occupants; and

(c) such development or enlargement, as authorized, will result in the minimum natural feature interference that must be permitted in order to allow reasonable development or enlargement and bulk distribution under the regulations of the underlying district.

The Commission shall impose appropriate conditions and safeguards to assure protection of the portions of the area to be preserved in their natural state.

(2/2/05)

105-425
Modification of botanic environment and tree preservation and planting requirements

The City Planning Commission may authorize modifications to the provisions of Sections 105-31 (Botanic Environment and Tree
Preservation Requirements), 105-32 (Botanic Environment and Tree Planting Requirements) and paragraph (b)(8) of Section 105-35 (Tier II Requirements for Driveways and Private Roads).

In order to grant such authorizations, the Commission shall find that:

(a) the development, enlargement or site alteration is not feasible without such modifications, or that the requested modification will permit a development, enlargement or site alteration that satisfies the purposes of this Chapter;

(b) such modification is the least modification required to achieve the purpose for which it is granted;

(c) the ecology and soil conditions of the site are such that the substitution of other plant material would be as appropriate as the botanic preservation or planting requirements being modified; and

(d) in order to modify requirements relating to tree preservation, planting or removal, the Commission shall also find that:

(1) such tree is located in areas which require excessive cut or fill of land deemed inimical to plant survival; or

(2) the continued presence of such tree would create hazards or dangers (such as an area affected by storm or plant disease) to persons, property or other plant material which it would not be possible or practical to eliminate by pruning.

Where on-site replanting of vegetation would result in overcrowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more trees on adjoining public sidewalks or in a nearby public area within the Special Natural Area District. The Commission may also allow the substitution of other plant material, provided a detailed landscaping plan is filed with the Commission for approval and certification.

(2/2/05)

105-426
Alteration of aquatic features
No portion of an aquatic feature shall be altered or land operations affecting aquatic features undertaken by or on behalf of present or future applicants for permits except in compliance with the provisions of this Section. The City Planning Commission may permit the alteration of aquatic features, provided that:

(a) the development or enlargement is not feasible without such alteration or where such alteration will permit a development or enlargement that satisfies the purposes of this Chapter; or

(b) such alteration is necessary to protect the health and safety of the site occupants; and

(c) such development or enlargement, as authorized, will result in the minimum natural feature interference that must be permitted in order to allow reasonable development or enlargement and bulk distribution under the regulations of the underlying district; and

(d) such modification shall not disturb the drainage patterns in the area.

The Commission shall impose appropriate conditions and safeguards to assure protection of the portions of the area to be preserved in their natural state.

Where permits are required from a City agency for any work affecting natural features, the Commission shall request a report from such agency and the provisions of Section 105-93 (Inter-agency Coordination) shall apply.

In the event alteration of an aquatic feature is found inappropriate, the Commission may treat an application under this Section as an application for modification of yard and height and setback regulations under Section 105-432.

(1/19/16)

105-43
Authorizations to Modify Bulk, Parking, Grading and Private Roads Regulations

For a development, enlargement or site alteration located within the Special Natural Area District, the City Planning Commission may authorize:
105-431
Modification of lot coverage controls

For any development or enlargement on a Tier II site or within a steep slope or a steep slope buffer on a Tier I site, the City Planning Commission may authorize variations in the lot coverage controls set forth in Section 105-33.

In order to grant such authorization, the Commission shall find that:

(a) the development or enlargement is not feasible without such modification, or that the requested modification will permit a development or enlargement that satisfies the purpose of this Chapter;

(b) by allowing the permitted floor area in a building or buildings of lower height to cover more land, the preservation of hillsides having aesthetic value to the public would be assured, and that such preservation would not be possible by careful siting of a higher building containing the same permitted floor area on less land;

(c) such modification is the least modification required to achieve the purpose for which it is granted;

(d) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;

(e) the modification will not disturb the drainage pattern and soil conditions of the area; and
(f) the modification does not impair the essential character of the surrounding area.

(2/2/11)

105-432
Modification of yard, height and setback regulations, and parking location regulations

For any #development# or #enlargement# that does not qualify under provisions of Section 105-701 (Applicability of large-scale residential development regulations), the City Planning Commission may authorize variations in required #front#, #rear# or #side yards#, parking lot landscaping or maneuverability requirements, location of parking, driveways or curb cuts and required space between #buildings# on the same #zoning lot#, and may modify height and setback regulations for the purpose of preserving #natural features#, provided the Commission finds that:

(a) the proposed placement of #buildings# and arrangement of #open space# will not have significant adverse effects upon the light, air and privacy for existing #buildings# in adjacent areas or the opportunities therefore in future #development#; and

(b) will preserve significant #natural features#.

The Commission may condition such authorizations upon the joint submission of acceptable plans for #development# or #enlargement# of two or more adjacent #zoning lots# by the owners thereof.

(2/2/11)

105-433
Modification of grading controls

For any #development#, #enlargement# or #site alteration# on a #Tier II site#, the City Planning Commission may authorize variations in the grading controls set forth in Section 105-34.

In order to grant such authorization, the Commission shall find that:

(a) the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the
modifications will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;

(b) such modification is the least modification required to achieve the purpose for which it is granted;

(c) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;

(d) the modification will not disturb the drainage pattern and soil conditions of the area;

(e) the modification does not impair the essential character of the surrounding area; and

(f) the benefits to the surrounding area from the modification outweigh any disadvantages that may be incurred thereby in the area.

(1/19/16)

105-434
Modification of requirements for private roads and driveways

For any #development#, #enlargement# or #site alteration#:

(a) the City Planning Commission may authorize variations in the requirements for #private roads# and driveways on any #Tier II site# as set forth in Section 105-35 (Tier II Site Requirements for Driveways and Private Roads), as well as the requirements of Sections 25-621 (Location of parking spaces in certain districts) and 25-631 (Location and width of curb cuts in certain districts) provided that:

(1) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;

(2) such modification is the least modification required to achieve the purpose for which it is granted;

(3) the modification will not disturb the drainage pattern and soil conditions of the area;

(4) the modification has minimal impact on the existing
natural topography and vegetation and blends harmoniously with it; and

(5) such modification will enhance the quality of the design of the development, enlargement or site alteration; or

(b) located on a zoning lot containing historic buildings designated by the Landmarks Preservation Commission within the New York City Farm Colony-Seaview Hospital Historic District, as shown on Map 2 in Appendix A of this Chapter, the City Planning Commission may authorize modifications or waivers of the requirements for private roads as set forth in Section 26-20 (SPECIAL REQUIREMENTS FOR LOTS WITH PRIVATE ROADS) through Section 26-27 (Waiver of Bulk Regulations Within Unimproved Streets), inclusive, and Section 26-30 (SPECIAL REQUIREMENTS FOR LOTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS) through 26-35 (Screening), inclusive, provided that such modification or waiver:

(1) results in greater environmental conservation or preservation of existing natural features;

(2) results in a superior site and landscape plan that will not unduly disturb the drainage pattern and soil conditions of the area;

(3) results in greater preservation of historic buildings or other architectural elements of the Historic District designated by the Landmarks Preservation Commission;

(4) enhances vehicular and pedestrian connections between buildings on the site and the surrounding neighborhood;

(5) will not impair the essential character of the Historic District and the surrounding area;

(6) is the least required to achieve the purpose for which it is granted; and

(7) will not reduce the required minimum width of the private road to a width less than 34 feet unless the Fire Department has approved such reduction and determined that emergency vehicles can adequately access and move within the site.
For any development, enlargement or site alteration within the Special Natural Area District, the City Planning Commission may grant special permits for modification of the underlying district regulations in accordance with the provisions of Sections 105-441 and 105-442.

In addition to any use modifications which may be granted under the provisions of Section 105-701 (Applicability of large-scale residential development regulations), the City Planning Commission may permit semi-detached or attached single-family residences in R2 Districts and attached single- or two-family residences in R3-1 Districts.

Furthermore, except in the Special Natural Area District-1 (NA-1), the Commission may permit semi-detached or attached single-family residences in R1-2 Districts provided that the development or enlargement is on a tract of land of at least four acres, and provided the Commission finds that:

(a) the preservation of natural features requires the permitted development to be concentrated to the extent feasible in the remaining portion of the tract;

(b) for such concentration of development, better standards of privacy and usable open space can be and are achieved under the development plan by inclusion of the proposed residential building types;

(c) the change of housing type constitutes the most effective method of preserving natural features;

(d) the aggregate width of street walls of a number of residential buildings separated by party walls shall not exceed 100 feet;

(e) the proposed street system for the tract of land to be developed is so located as to draw a minimum of vehicular traffic to and through streets in the adjacent area; and
(f) the existing topography, vegetation and proposed planting effectively screen all attached single-family residences from the lot lines along the perimeter of the tract of land to be developed.

(2/2/05)

105-442
Natural area dedicated for public use

Where commonly or separately owned areas containing natural features of exceptional recreational, cultural or educational value to the public are dedicated to the City, without any cost to the City, pursuant to Section 105-701 (Applicability of large-scale residential development regulations), the City Planning Commission may by special permit allow, where appropriate, such portion of the zoning lot to be included in the zoning computation for floor area, open space, lot coverage and density regulations and other bulk computations.

(2/2/05)

105-45
Certification of Restoration Plans

On any zoning lot to which the provisions of Section 105-02 (General Provisions) apply, no natural features as described in Section 105-11 (Description of Natural Features) or any other vegetation shall be removed, altered, relocated or replaced without prior approval by the City Planning Commission, as set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS).

In the event that any such features are removed, altered, relocated or replaced from a zoning lot without prior approval by the Commission, the Commission may specify the manner of their replacement or restoration. If trees are to be planted, the Commission may require that they be three inches in caliper.

A copy of the restoration plan certified by the Commission specifying requirements for the replacement or restoration of the natural features shall be issued to the owner of the zoning lot containing such violations and to the Department of Buildings.

Upon receipt of the Commission's certified restoration

null
requirements, the Department of Buildings shall require the owner of the zoning lot to remove the violations in accordance with the requirements set forth by the Commission. If such violations have not ceased within 90 days of receipt of the Commission's requirements, the Department of Buildings shall institute such action as may be necessary to terminate the violations. For compliance with new planting requirements to remove violations, the Department of Buildings may allow an additional 90 days.

No building permit or certificate of occupancy shall be issued by the Department of Buildings for any development, enlargement, site alteration or use on such zoning lot until the violations are removed from the zoning lot in accordance with the restoration plan certified by the Commission.

(2/2/11)

105-50
REGULATIONS FOR PROTECTION OF NATURAL FEATURES

The provisions of this Section establish regulations for City Planning Commission review of development, enlargement or site alteration plans from the standpoint of the adequacy of protection for natural features within a Special Natural Area District. Plans that are deficient in this regard may be rejected or required to be modified, even though they comply with all other applicable regulations of this Chapter.

These regulations are to be used by the Commission in reaching a determination whether to approve development, enlargement or site alteration plans filed pursuant to Sections 105-41 (Certification), 105-42 (Authorizations to Alter Natural Features), 105-43 (Authorizations to Modify Bulk, Parking, Grading and Private Roads Regulations) or 105-44 (Special Permits).

The Commission, where appropriate, shall be guided by the reports from other city agencies involved in land contour work, storm water drainage systems and similar operations affecting natural features.

In determining the necessary alteration of natural features or extent of modifications involved in a development, enlargement or site alteration, the Commission shall be guided by the effect of any alteration of a natural feature on the total ecological process of the surrounding natural environment including the following: the effect of such alteration on the existing topography, soil conditions, erosion,
natural flow of water and drainage, water quality, and animal, plant and marine life.

Further guidelines for the protection of natural features are:

(a) No natural feature shall be moved, removed, covered, diminished, broken or disfigured, unless permitted pursuant to the provisions of Sections 105-30 (PRESERVATION OF NATURAL FEATURES) and 105-40 (SPECIAL REVIEW PROVISIONS). Furthermore, topsoil shall neither be removed from the surface of any zoning lot nor covered with inferior material unless permitted pursuant to Section 105-40. Where existing topography is altered without prior authorization of the Commission, the Commission may require new grading or other topographical modifications or surface improvement to reestablish the viability and function of the soil as a growing medium, and as a drainage surface, in order to permit the site to blend harmoniously with the surrounding area of the Special District.

(b) Filling, excavating, draining, dredging, grading and contouring shall be staged and controlled so as to minimally impair the function, composition, vitality and existence of natural features. When and where possible, such operations shall be done in a manner so as to maintain or improve the biological system and individual features on the site.

(c) All filling, excavating, draining, dredging, grading and contouring shall avoid creation of steep slopes or conditions causing erosion, loss of fertility of soil, health or safety hazards, and shall be done in conformance with the limits and nature of the soil involved.

(d) All land operations including filling, excavating, draining, dredging, grading and contouring shall be limited to those operations which maintain or restore natural drainage, cause a minimum disturbance of the natural features and their setting while providing for the development, enlargement or site alteration or permitted uses.

(e) No development, enlargement or site alteration shall be such as to impede or change the quality, turbidity, temperature or chemical composition of natural drainage or aquatic features.

(f) A development, enlargement or site alteration shall be permitted only in areas sufficiently removed from the natural features to avoid impairment of their existence, functions or beauty.
(g) There shall be maximum preservation of all natural vegetation in and adjacent to the #natural features# found on the site. Plant communities which have been substantially reduced in area or composition as a result of a #development#, #enlargement# or #site alteration# shall be restored, extended or replaced by alternative plant materials with an adequate maintenance program. In no case shall the site be allowed to be denuded and without vegetational cover upon completion of the #development#, #enlargement# or #site alteration#.

(h) Replacement of any #natural feature# and planting of new vegetation on a site in the Special District shall be such as to extend, reinforce, increase the diversity, function and vitality of an association or community in the area. Special attention shall be given to symbiotic relationships between plants and the relationship between vegetation to be planted and animal populations which are dependent upon or related to the proposed vegetation. Where appropriate, planting shall include trees, shrubs, vines, ferns, grasses, herbs, annuals, biennials, perennials, mosses, and other associated vegetation.

(i) Adequate provision shall be made for proper management and maintenance of #natural features# and their immediate surroundings to avoid pollution, loss of vigor, reduction in composition or function or other ecological damage.

(j) Where appropriate, when a portion of a #natural feature# or its function must be altered, such alteration shall not only reinforce the function, vitality and existence of the remaining portion of the #natural feature# but also improve conditions for other #natural features#. This shall apply particularly but not exclusively to the removal and replanting of plant materials.

(k) Where appropriate, a #development#, #enlargement# or #site alteration# shall be such as to leave #natural features# intact in their natural setting and, where feasible, visible from public #streets# or places.

(l) For a #steep slope#, these additional requirements apply:

(1) In all #Residence Districts#, for #residential developments# on individual #zoning lots# substantially within a #steep slope# area, the #lot area per dwelling unit# requirement shall not be less than 12,500 square feet. Except in R1 Districts located in #Special Natural Area District#-1 (NA-1), the Commission may, for a tract of land of at least four acres
substantially within the #steep slope# area, modify, by authorization, the #lot area per dwelling unit# requirement set forth in this paragraph, (1)(1), for the #steep slope# area, and may allow #development# to be concentrated in clusters to preserve the #steep slope# areas in their natural state, provided that such clusters are located to the extent feasible in areas of comparatively flat topography and will not require unnecessary grading on adjacent slopes or the creation of new #steep slopes#.

(2) In no event shall the #lot area per dwelling unit# requirement be less than the amount required by the underlying district regulations.

(3) Existing vegetational cover in steep areas shall not be removed, destroyed or damaged except pursuant to development and grading plans approved by the Commission. An objective of such plans shall be to fit #street# layouts and #building# designs to the natural terrain, limit grading to a practical minimum and provide for maximum preservation of the natural terrain and vegetational cover.

105-60
MAINTENANCE OF NATURAL FEATURES

For any #development#, #enlargement# or #site alteration# on a tract of land within a #Special Natural Area District#, the City Planning Commission may require a maintenance plan for a #natural feature#. Where a maintenance plan is required, approval of the development plan and the granting of any certification, authorization or special permit shall be conditioned upon the Commission's approval of the maintenance plan.

The maintenance plan shall specify what the maintenance is to consist of and whose responsibility it will be, and shall provide assurance that maintenance will be satisfactorily executed. The Commission, in considering the maintenance needs of a particular #natural feature# and the content of an acceptable maintenance plan shall, where appropriate, refer all relevant plans to the Landmarks Preservation Commission, Department of Parks or other City agency with primary responsibilities in natural areas conservation, for its report thereon. The Commission shall, in its determination, give due consideration to any such report submitted within one month from the date of referral. If such
City agency does not report within one month, the Commission may make a final determination without reference thereto.

For natural features for which the Commission determines that specialized maintenance and regulated public use are appropriate, the maintenance plan may provide for dedication of the natural feature to the City or an approved private conservation organization for responsible maintenance in the public interest.

(2/2/11)

105-70
SPECIAL REGULATIONS FOR RESIDENTIAL DEVELOPMENT

In order to carry out the purposes of this Chapter, all zoning lots developed predominantly for residential use may be subject to the provisions of this Section.

(2/2/11)

105-701
Applicability of large-scale residential development regulations

The provisions of Article VII, Chapter 8 (Special Regulations Applying to Large-Scale Residential Developments), shall apply except as modified by the provisions of this Section.

Any zoning lots developed, used predominantly for residential uses, may be treated as a large-scale residential development and authorizations or special permits for such zoning lot may be granted in accordance with the provisions of Article VII, Chapter 8, as modified herein or in Section 105-80 (JOINT APPLICATIONS), regardless of whether such zoning lot will have the area, number of buildings or number of dwelling units specified in the definition of large-scale residential development, as set forth in Section 12-10 (DEFINITIONS).

However, in R1 Districts located in the Special Natural Area District-1 (NA-1), no modification of minimum required lot area as set forth in Section 23-32 (Minimum Lot Area or Lot Width for Residences) shall be allowed for any development pursuant to paragraph (c) of Section 78-311 (Authorizations by the City Planning Commission) or Section 78-32 (Bonus for Good Site Plan) but modifications of required front or rear yards and height and setback regulations on the periphery of such
#zoning lot#, pursuant to paragraphs (c) and (d) of Section 78-312 (Special permits by the City Planning Commission), shall apply. Modification of #side yards# of all #zoning lots#, including #zoning lots# in R1 Districts, shall be subject to the provisions of Section 105-432 (Modification of yard, height and setback regulations, and parking location regulations).

Bonuses which may be granted for #large-scale residential developments#, pursuant to Section 78-32 through Section 78-35 (Special Bonus Provisions), may not be granted for #zoning lots# which have less than 10 acres and less than the number of #buildings# or number of #dwelling units# required by the definitions of a #large-scale residential development#.

Commonly or separately owned areas containing #natural features# may qualify as common #open space# for purposes of satisfying #open space# requirements.

Approval by the Commission of a development plan incorporating #natural features# as common #open space# shall be conditioned upon the findings required in Sections 78-313 (Findings) and 78-52 (Common Open Space) with respect to the qualification of areas as common #open space# and upon additional findings that appropriate safeguards are provided for the protection and preservation of such #natural features#. In the case of #natural features# that are determined to have qualities of exceptional recreational, cultural or educational value to the public and that are directly accessible to the public from a public right-of-way, the applicant may request the City to take title or a less than fee interest in the property occupied by such a #natural feature# without any cost to the City or its designee for #use# and enjoyment by the public subject to the provisions of Section 105-60 (MAINTENANCE OF NATURAL FEATURES).

(2/2/11)

105-702
Applicability of lower density growth management area regulations

The regulations for #developments# or #enlargements# within #lower density growth management areas# are modified as follows:

(a) Parking location regulations

#Accessory# parking spaces shall be permitted within a #front yard#.

(b) Private road regulations
The provisions of paragraph (b) of Section 105-35 (Tier II Requirements for Driveways and Private Roads) shall apply to Tier II sites accessed by private roads.

(12/19/74)

105-80
JOINT APPLICATIONS

Notwithstanding the provisions of Section 78-06 (Ownership), a tract of land which is the subject of an application for authorizations or special permits under the provisions of this Chapter may include adjacent property in more than one ownership, provided that the application is filed jointly by the owners of all property included. Any subdivision of the tract reflecting ownerships at the time of application or creating new ownerships before, during or after development shall be subject to the provisions of Section 78-51 (General Provisions).

(2/2/11)

105-90
FUTURE SUBDIVISION

Within a Special Natural Area District, any zoning lot existing on the effective date of the Special District designation may be subdivided into two or more zoning lots, provided that natural features are preserved to the greatest extent possible under future development options.

A plan for such subdivision shall be filed with the City Planning Commission and the Commission shall certify that such subdivision complies with this objective. The subdivision plan shall include a survey map indicating existing topography and other natural features within this area. When a zoning lot, existing on the effective date of the Special District designation, is more than 10 acres and is intended to be subdivided, an area plan of the entire zoning lot shall be filed with the Commission. The area plan shall include the proposed street system within the area, block layouts and any other information required by the Commission.

When any zoning lot is subdivided into two or more zoning lots, all resulting zoning lots that lie substantially within a steep slope area existing as of December 19, 1974, shall be
subject to the #steep slope# provisions of Section 105-50
(REGULATIONS FOR PROTECTION OF NATURAL FEATURES) and all other
provisions of this Chapter, as applicable.

In the event that #natural features# on any #zoning lot# subject
to the provisions of Section 105-02 (General Provisions) proposed
for subdivision have been removed, altered, relocated or replaced
from the #zoning lot# without prior approval by the Commission,
as set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS), the
Commission shall not approve the subdivision until violations are
removed from the #zoning lot# in accordance with the Commission's
requirements under Section 105-45 (Certification of Restoration
Plans).

(2/2/05)

105-91
Special District Designation on Public Parks

When a #Special Natural Area District# is designated on a #public
park# or portion thereof, any #natural features# existing on
December 19, 1974, within such area shall not be removed,
destroyed or altered unless authorized by the City Planning
Commission. As a condition for granting such authorization, the
Commission shall find that any alteration of #natural features# is
the least alteration required to achieve the purpose intended
and such authorization is consistent with the intent of the
#Special Natural Area District#.

(2/2/11)

105-92
Special Provisions for City-owned Land

The provisions of Section 105-40 (SPECIAL REVIEW PROVISIONS)
shall apply on City-owned land, except that modifications
permitted under Section 105-44 (Special Permits) may be approved
by the City Planning Commission.

Furthermore, provisions of Section 105-93 (Inter-agency
Coordination) shall apply on City-owned land. However, the
provisions of this Chapter shall not apply to any public
improvement project approved by the Board of Estimate prior to
the effective date of the Special District designation.
105-93
Inter-agency Coordination

Where an authorization or permit is required from the City Planning Commission pursuant to this Chapter and where a permit is required from the Departments of Transportation or Buildings for land contour work, by the Department of Environmental Protection for storm water drainage systems for buildings or adjacent areas or where construction of a public improvement project is undertaken by a City agency, the Department of City Planning and the agencies involved shall jointly determine the conditions under which such proposed development, enlargement or site alteration within a Special Natural Area District will best meet the purposes of the Special District. Applications for any required permit or authorizations shall be filed simultaneously with each agency requiring a permit.

105-94
Special Natural Area Districts Specified

105-941
Special Natural Area District-1:
Emerson Hill, Dongan Hills, Todt Hill, Lighthouse Hill and the Central Wetlands Area of Staten Island

The central, serpentine, hilly spine of Staten Island is composed of Emerson Hill, Dongan Hills, Todt Hill and Lighthouse Hill. These hills are richly endowed with steep slopes, rock outcrops, erratic boulders and ponds, lakes, swamps, creeks and many trees of the glaciated Oak-Chestnut association.

To the south and west of the serpentine hills are tidal wetlands, a habitat for marine life and water fowl. The wetlands include parts of Latourette Park, Fresh Kills Park and New Springville Park. The high and low wetlands of Latourette Park and New Springville Park and most of the low wetlands of Fresh Kills Park remain in their natural state. The purpose of this Special Natural Area District is to preserve and protect the
aforementioned #natural features# pursuant to the provisions of this Chapter.

(5/21/75)

105-942
Special Natural Area District-2:
Riverdale, Spuyten Duyvil and Fieldston, The Bronx

The Riverdale Ridge of The Bronx is composed of part of Riverdale, Spuyten Duyvil and Fieldston. This ridge contains steep slopes, rock outcrops, ponds, brooks, swampy areas and mature trees.

The western foot of the ridge contains marshes, feeding areas for water fowl. The shore line of the Hudson River estuary contains the aquatic food web necessary to sustain marine life.

The marshes and most of the Hudson River shore line are included in Riverdale Park. Much of the Riverdale Ridge and Riverdale Park are in their natural state. The purpose of this #Special Natural Area District# is to preserve and protect the aforementioned #natural features# pursuant to the provisions of this Chapter.

(12/1/77)

105-943
Special Natural Area District-3:
Shore Acres Area of Staten Island

The Shore Acres area of Staten Island owes its unique character to Shore Acres Pond, which is fed predominantly by springs percolating from an underground aquifer through Pleistocene strata of sand and gravel.

The Pond is a resting place for migratory and local fowl as well as a watering hole for opossums which are abundant along the wooded cliffs of the Narrows. The Pond has shaped its built environment, including the street layout, landscaping and orientation of neighboring homes. The surrounding area is distinguished by rolling topography with orientation of the northeastern edge toward Lower New York Bay and the Narrows.

The natural drainage area is in need of protection to ensure survival and maintenance of the Pond which in turn is essential to the preservation of this special area.
(3/22/16)

105-944
Special Fort Totten Natural Area District-4

(a) General purposes

The "Special Fort Totten Natural Area District"-4 (hereinafter referred to as the Special District), established in this Resolution, is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following general purposes:

(1) to preserve, protect and enhance the combination of historically significant buildings and other structures, public open spaces, outstanding scenic views and pedestrian and vehicular circulation system which by their siting create a unique balance between buildings and open spaces and which, together with the harmonious scale of development and landscaping, add to the quality of life in the area;

(2) to protect aquatic, biologic, geologic, topographic and other natural features having ecological and conservation values and functions;

(3) to improve the quality of new development in the area by fostering the provision of specified public amenities and recreational facilities in appropriate locations and by making these facilities directly accessible to the public; and

(4) to promote the desirable use of land improvements in accordance with the District Plan and in conformance with the character of the Fort Totten area and thus conserve the value of land and buildings and thereby protect the City's tax revenue.

(b) Definitions

(1) Designated open space

The "designated open space" is an open space as shown on the District Plan.

(2) Street
For the purpose of this Section, a "street" is a way existing within the #Special Fort Totten Natural Area District#-4 as shown on the District Plan (Appendix A) complying with the definition of #street# in Section 12-10, except that the #street# width shall be limited to existing dimensions. No modification of existing dimensions shall be permitted without prior certification of the City Planning Commission.

(c) General requirements

(1) Requirements for applications

An application to the Commission for any #development# within the Special District shall be subject to the requirements of Section 105-021 (Actions not requiring special review). In addition, an application for #development# within Area B shall include the existing and proposed site plan showing the location and the scale of the existing and proposed #buildings or other structures#, the location of all vehicular entrances and exits and off-street parking facilities, the changes that will be made in the location and size of the #open space#, and such other information as may be required by the Commission. The submission shall include a landscaping plan, #building# sections and elevation and an appropriate model of the planned community.

The Commission shall require, where relevant, a subdivision plan and, in the case of a site plan providing for common #open space# or common parking areas, a maintenance plan for such space or areas and surety for continued availability of such space or areas to the people they are intended to serve.

(2) Pier #development#

The Commission may permit, by special permit, pier #development#, only upon finding that the proposed #development# shall have no significant adverse impact on the Special District or surrounding environment. The Commission may prescribe appropriate conditions and safeguards to minimize possible adverse effects on the surrounding area.

(d) Special regulations

(1) Demolition
Except in Area E, no demolition permit or alteration permit for alterations which may affect the character or design of the facade of a building or other structure shall be issued by the Department of Buildings, except as permitted by the Commission, unless it is an unsafe building or other structure and demolition or alteration is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8, or its successor, of the New York City Administrative Code. An applicant for any such permit shall notify the Landmarks Preservation Commission of the application.

The Commission, by special permit, may allow:

(i) the alteration of such building or other structure, provided that such alteration treatment of the facade relates harmoniously to the character and materials of the original facade and to the adjoining buildings or other structures; or

(ii) the demolition of such buildings or other structures, other than those deemed unsafe as defined by the Department of Buildings, provided that the Commission finds that the existing building or other structures are not suitable for rehabilitation.

Where a building or other structure has been demolished pursuant to this Section, the Commission may, by special permit, allow the replacement of the demolished structure provided that the design of the new structure in terms of scale, lot coverage, building height and exterior treatment of the facade shall replicate as nearly as possible the design and site plan of the original building.

(2) Special height regulations

In order to preserve the unique character of the Special District and to protect the views of and to the water within the Special District, Section 23-631 (General provisions) shall apply except that the maximum height for any development or enlargement shall be 32 feet or three stories, whichever is less.

(3) Location of zoning district boundaries at the shore line
Zoning district boundary lines shall coincide with the shore line lawfully existing on April 28, 1983, or any natural or lawful alteration thereof.

A zoning district boundary line which intersects the shore line lawfully existing on April 28, 1983 shall be prolonged, in a straight line, to such naturally or lawfully altered shore line. Lawfully approved piers or other lawfully approved structural extensions of the shore line, as may be so altered, shall not generate development rights.

(4) Designated open space

Any development or site alteration on a zoning lot which contains designated open space as shown on the District Plan, shall require certification by the Commission that such designated open space shall not be reduced in size or altered in shape and shall be preserved in its natural state by the owner of the zoning lot.

Planting, landscaping or provision of footpaths or sitting areas are permitted in any part of designated open space, provided that such improvements do not involve removal of trees or alteration of existing topography, and do not obstruct pedestrian movement within the public pedestrian ways.

Designated open space may be used for active recreational facilities provided that the Commission certifies that such uses have minimal impact on tree removal, topographic alteration or drainage conditions.

All designated open spaces shall be directly accessible to the public from public rights-of-way between dawn and dusk. A prominent plaque or other permanent sign shall be displayed on all designated open spaces in a prominent location, designated by the Commission, visible from the adjacent public right-of-way. Such plaque or permanent sign shall have a surface area of not less than three nor more than six square feet, and shall contain the following statement:

"This area is open to the public between sunrise and sunset."

(5) District plan
The District Map for the #Special Fort Totten Natural Area District#-4 identifies specific areas comprising the District Plan in which special zoning regulations carry out the general purposes of the #Special Fort Totten Natural Area District#-4. The District Plan is set forth in Appendix A and is made an integral part hereof. These areas and the specific paragraphs of this Section which contain regulations pertaining thereto are as follows:

Area A - Historic Fort Area, paragraph (d)(6)
Area B - Planned Community Area, paragraph (d)(7)
Area C – Water Related Area, paragraph (d)(8)
Area D - Bay Area, paragraph (d)(9)
Area E - Development Area, paragraph (d)(10)

(6) Historic Fort Area (Area A)

Within Area A (Fort Area) there shall be no #development# nor #enlargement# of existing #buildings or other structures# except that the Commission may authorize necessary renovation to protect existing structures. In all cases the Commission shall refer all applications to the Landmarks Preservation Commission and Department of Parks and Recreation or other City agencies with primary responsibilities in the conservation area, for its report thereon.

(7) Planned Community Area (Area B)

In order to protect the unique scale, character and design relationships between the existing #buildings# and public #open spaces# and parade grounds, no #development#, #enlargement# nor alteration of landscaping or topography shall be permitted, except as set forth herein and as provided by paragraph (d)(1) of this Section.

(i) Special permit

For any #development#, #enlargement# or alteration of landscaping or topography, the Commission may, by special permit, allow:

(a) the unused total #floor area#, #dwelling units# or #rooming units# permitted by the
applicable district regulations for all zoning lots within the development to be distributed without regard for zoning lot lines;

(b) the total open space or lot coverage required by the applicable district regulations for any zoning lot within the development to be distributed without regard for zoning lot lines;

(c) minor variations in the yard and court regulations required by the applicable district regulations;

(d) minor variations in the height and setback regulations required by the applicable district regulations;

(e) modifications of the minimum spacing requirements consistent with the intent of the provisions of Section 23-71 (Minimum Distance Between Buildings on a Single Zoning Lot);

(f) permitted or required accessory off-street parking spaces to be located anywhere within the development without regard to zoning lot lines, or the provisions of Sections 25-621 (Location of parking spaces in certain districts) and 25-631 (Location and width of curb cuts in certain districts), subject to findings of Section 78-41 (Location of Accessory Parking Spaces), or where such requirement substantially injures the functioning of the existing area, authorize waiver of all or part of the required parking.

(ii) Findings

As a condition precedent to the granting of a special permit under the provisions of paragraph (d)(7)(i) of this Section, the Commission shall make the following findings:

(a) that the development, enlargement or said alteration is related to the existing buildings or other structures in the Planned Community Area (Area B) in scale and design, and that the development will not
seriously alter the scenic amenity and the environmental quality of the area;

(b) that the #development# or #enlargement# be sited in such a manner as to preserve the greatest amount of #open space# and landscaping that presently exists, consistent with the scale and design of the existing #buildings# and the landscaping surrounding the new landscaping arrangement and conditions of the community;

(c) that the #development# or #enlargement# is sited such that it will not require at the same time, or in the foreseeable future, new access roads or exits, off-street parking or public parking facilities that will disrupt or eliminate major portions of #open space# and landscaping or will generate large volumes of traffic which will diminish the environmental quality of the community;

(d) that minimal landscaping is to be removed during construction and such areas will be fully restored upon completion of construction.

The Commission may prescribe appropriate conditions and safeguards, including covenants running with the land which shall permit public or private enforcement reflecting terms, conditions, and limitations of any special permit hereunder to minimize adverse effects on the character and quality of the community.

(iii) Parade ground

Unless ownership is retained in a governmental agency, the parade ground #designated open space# shall be commonly owned with a #zoning lot# within Area B or Area E and the maintenance of the parade ground shall be the collective responsibility of said owner or owners. The parade ground shall be used for open recreational #uses# and may contain minor #accessory# structures to said #use#. The parade ground shall be directly accessible from the adjoining #streets# along its entire perimeter. There shall be no fences nor walls around or within the parade ground.
(8) Water Related Area (Area C)

In order to protect the unique aquatic and botanic characteristics of the area, there shall be no development in Area C except as provided by paragraph (d)(1) of this Section.

(9) Bay area (Area D)

In order to promote waterfront related activities, only the following uses of the C3 District shall be permitted in Area D:

(i) residential uses, which uses are permitted only above the ground floor of those buildings existing prior to April 28, 1983;

(ii) all uses of Use Group 14, except for boat showrooms or sales, and the storage, repair, or painting of boats other than crew sculls used for intercollegiate competition;

(iii) all retail or service establishment uses of Use Group 6, except automobile supply stores.

(10) Development area (Area E)

Any zoning lot developed predominantly for residential uses may be considered a large-scale residential development, and authorizations or special permits for such zoning lot may be granted in accordance with the provisions of Article VII, Chapter 8, except that the accessory uses of 78-22 (Accessory Uses in Large-Scale Residential Developments) shall not apply.

Any zoning lot developed predominantly for community facility uses may be treated as a large-scale community facility development, and authorizations or special permits for such zoning lot may be granted in accordance with the provisions of Article VII, Chapter 9.

In Area E, the Commission may authorize clustering of single-family and two-family residences and a modification of housing types in order to maximize the preservation of existing natural features in the area, and to provide adequate view protection, and to relate these new structures with the existing structures in the general vicinity. Clustering shall be
limited to a maximum #street wall# of 100 feet.

Any and all bonuses permitted in Sections 78-32 through 78-353, inclusive, shall not apply to #development# in Area E.

Map 2. New York City Farm Colony-Seaview Hospital Historic District, Borough of Staten Island
Appendix B
Glossary

Part I:

Certain botanic terms referred to in the text and Part II of this Appendix are explained below:
A "tree" is any woody plant with one trunk rising out of the earth and root system, from which branches then spring, usually at some distance from the earth. A tree may be deciduous or coniferous.

A "shrub" is a woody plant that has one or more trunks rising from the same root system instead of a single trunk. These trunks or stems may or may not branch at some distance from the earth. A shrub may be deciduous or coniferous.
A "herb" is a non-woody plant with a fleshy stem which dies back to the earth level at the end of the growing season. It may be annual, biennial, or perennial.

A "vine" is a woody plant whose trunk or stem must be supported by the general environment or other plants. It is unable to stand on its own.

A "grass" is a family of herbaceous plants, rarely woody, with hollow round stems.

An "annual" is a plant which completes its life cycle in the space of one growing season, that is, it goes from seed to full plant and flower and sets seed in a single season.

A "biennial" is a plant which requires two years to grow from seed to mature plant capable of producing seed and then dies.

A "perennial" is a plant which lives more than one or two years and usually produces seeds for more than a few years.

A "fern" is a perennial, flowerless plant which reproduces by spores.

An "association" is a grouping of many plant species over a wide area sharing a common habitat and similar geographic conditions.

A "community" is a series of plants, animals, algae, fungi, grasses, trees, shrubs, herbs and other life forms which characteristically grow and live together in harmony, creating a balanced biological environment.

Part II:

Description of Natural Features defined in Section 105-10 (NATURAL FEATURES):

(a) Geologic features

(1) Rock outcrop

A rock outcrop shows the type of rock underlying the area, the results of surface abrasion by glacier, waterborne or windborne matter, or the results of chemical or temperature weathering.

(2) Geologic deposits

Geologic deposits include:
Soils of different origins such as loess and mineral deposits such as artinite, garnets, zircon, topaz, beryl, tourmaline, algite, tremolite, serpentine, muscovite, amethyst, peridot, jadeite, geodes and other elements of the Precambrian, Odovician, Triassic, Cretaceous, Pleistocene and Holocene geology found in New York City.

An erratic boulder is a relatively large mass of rock which has been moved significant distances from its parent rock to be left amidst a geologic area which has a different history and origin than the parent.

(b) Topographic features

(1) **#Steep slope#**

A **#steep slope#** includes ground formation with sharp inclines such as hills and palisades.

(2) Existing natural topography

Existing natural topography includes terrain other than **#steep slope#** areas.

(3) **#Topsoil#**

**#Topsoil#** includes all of the A horizon, specifically, from top to bottom: the A1 litter layer where organic material, such as leaves and animal matter accumulate; the A2 fermentation layer where organic material is decomposed by fermentation, fungi, bacteria and soil organisms; the A3 humic layer where humus, resulting from the decomposition process, lies; and the B1 mixing layer where the humic substances become mixed with mineral matter.

(c) Aquatic features

(1) Laminarian zone

   (i) Rock bottom

   **Characteristic plants:**

   Green algae:
   Chaetomorphia melagonium
   Cladaphora gracilis
   Codium fragile
   Brown algae:
Asophyllum nodosum
Sargassum filipendula
Agarum cribrosum
Red algae:
Rhodymenia palmata (Dulse)
Ceramium robum
Ahnfeltia plicata
Polysiphonia lanosa
Seirospora griffithsiana
Callithamnion corymbosum

Characteristic animals:

Diadumene leucolena - Pallid sea anemone
Ceriantheopsis americanus - Worm sea anemone
Astrangia danae - Star coral
Crisia denticulata - Fringed moss animal
Bugula turrita - Turreted moss animal
Membranipora monostachys - Sea mat
Lepas fasticularis - Northern sea barnacle
Balanus balanoides - Rock barnacle
Littorina littorea - Common periwinkle
Littorina obtusata - Smooth periwinkle
Littorina irrorata - Salt marsh periwinkle
Crepidula fornicata - Common boatshell
Polinices dublicatus - Shark eye
Urosalpinx cinera - Oyster drill
Mytilus edulus - Blue mussel
Modiolus demissus - Ribbed mussel
Crassostrea virginica - Virginia oyster
Petricola pholadiformis - False angelwing

(ii) Mud or sand bottom

Characteristic plants:

Green algae:
Chaetomorphia melagonium
Cladophroa gracillis
Brown algae:
Sargassum filipendula
Laminaria agardhi
Agarum cribrosum
Red algae:
Rhodymenia palmata (Dulse)
Cystoclonium purpureum
Ahnfeltia plicata
Polysiphonia lanosa
Seirospora griffithsiana
Callithamnion corymbosum
Characteristic animals:

Ceriantheopsis americanus - Worm sea anemone
Littorina littorea - Common periwinkle
Littorina obtusata - Smooth periwinkle
Littorina irrorata - Salt march periwinkle
Crepidula fornicata - Common boatshell
Polinices dublicatus - Shark eye
Lunatia heros - Common moonshell
Mytilus edulus - Blue mussel
Modiolus demissus - Ribbed mussel
Nucula proxima - Atlantic nut clam
Aequipecten irradians - Bay scallop
Mercenaria mercenaria - Northern quahog
Macome baltica - Baltic macoma
Tagelus plebius - Stout razor
Mya arenaria - Soft shell clam
Corbulua contracta - Common basket clam

(2) Beach

Characteristic saltwater beach animals:

Beach flea:
Orchestia agilis
Talitrus longicornis
Sandworms or Bristleworms:
Nereis virens
Nereis limbata
Nephthys picata
Arabella opalina
Lumbriconereis tenuis
Glycera americana
Nerine agilis
Cirratulus grandis
Cistenides gouldii
Clymenella torquata
Maldane elongate
Ghost shrimp:
Penaeus brasilienensis
Laldemonetes vulgaris
Crangon vulgaris
Ghost crab, Horseshoe crab, Green crab:
Ocyypoda arenaria
Limulus polyphemus
Carcindes moenas
Blue crab:
Callinectes sapidus
Callinectes hastatus
Lady crab, Sand crab, Rock crab:  
Ovalipes ocellatus  
Platyonichus ocellatus  
Cancer irroratus  
Fiddler crabs:  
UCA minax  
Gelasimus minax  
UCA pubnax  
Gelasimus pugnax  
UCA pugilator  
Gelasimus pugilator  
Pinnotheres maculatum – Oyster crab  
Venus mercenaria – Hardshell clam  
Mya arenaria – Softshell clam  
Enis directus – Razor clam  
Tagelus gibbus – Clam  
Psilaster florae – Starfish  
Amphiura squamata – Brittlestars  
Echinarachncus parma – Sand dollar  
Snails:  
Haminae solitaria  
Scala lineata  
Scala multistiata  
Polynices heros  
Polynices triseriata  
Polynices duplicata  
Crepidula fornicata  
Crepidula plana  
Littorina littorea (Periwinkle)  
Urosalpinx linera (Oyster drill)  
Eupleura caudata  
Columbella avara  
Columbella similis  
Columbella anachis  
Columbella astyris  
Columbella lunata  
Nassa trivittata  
Nassa obsoleta

(3) Tidal wetland or saltwater littoral zone  

(i) Rock bottom  

Characteristic plants:  

Blue-green algae:  
Callothrix spp.  
Rivularia atra  
Green algae:  
Ulothrix flacca
Enteromorpha intestinalis
Ulva lactuca (Sea lettuce)
Monostroma oxyspermum
Codium fragile
Brown algae:
Fucus vesiculosis
Fucus vesiculosis var spiralis
Fucus spiralis
Ascophyllum nodosum
Red algae:
Hildenbrandia prototypus
Agardhiella tenera
Chrondrus crispus (Irish moss)
Bangia fuscopurpurea
Porhyra umbilicalis
Ceratium rubrum
Ahnfeltia plicata
Polysiphonis lanosa
Scirospora griffithsiana
Callithamnion corymbosum

Characteristic animals:

Lepas fascicularis - Northern sea barnacle
Balanus balanoides - Rock barnacle
Littorina littorea - Common periwinkle
Littorina obtusata - Smooth periwinkle
Littorina saxatilis - Rough periwinkle
Littorina irroration - Salt marsh periwinkle
Crepidula fornicata - Common boatshell

(ii) Mud or sand bottom

Characteristic plants:

Blue-green algae:
Callothrix spp.
Lyngbya majuscula
Rivularia atra (Mermaids hair)
Rhizoslonium fragile
Green algae:
Enteromorpha linza
Ulva lactuca (Sea lettuce)
Monostroma oxyspermum
Codium fragile
Red Algae:
Chrondrus crispis (Irish moss)
Bangia fuscopurpurea
Porhyra umbilicalis
Ceramium rubrum
Ahnfeltia plicata
Polysiphonia lanosa
Scirospora griffithsiana
Callithamnion corymbosum
Bacchairs halmilifolio - Groundsel tree
Distichlis spicata - Alkali grass
Hybiscus palustris - Marsh mallow
Iva frutescens - Marsh elder
Juncus gerardi - Black grass
Limonium carolinianum - Sea lavender
Phragmites communis - Reed
Ruppia maritima - Wigdeon grass
Salicornia spp. - Perennial saltwart
Spartina alternifolia - Smooth cordgrass
Spartina cynosuroides - Salt reedgrass
Spartina patens - Salt hay
Spartina pectinata - Freshwater cordgrass
Zostera pectinata - Eelgrass

Characteristic animals:

Ceriantheopsis americanus - Worm sea anemone
Littorina littorea - Common periwinkle
Littorina saxatilis - Rough periwinkle
Littorina littorea - Salt marsh periwinkle

(4) Swamp

Characteristic plants:

Acer rubrum - Red maple
Acer - Silver maple
Alnus spp. - Alder
Arisaema triphyllum - Jack in the pulpit
Cephalanthus occidentalis - Buttonbush
Cornus florida - Dogwood
Epilobium hirsutum - Willowherb
Hibiscus moscheutus - Rosemallow
Salix spp. - Willow
Smilax glauca - Catbrier
Smilax rotundifolia - Bulbrier
Quercus palustris - Pin oak

(5) Marsh

Characteristic plants:

Acnida - Waterhemp
Acorus calamus - Sweetflag
Cyperus spp. - Chufa
Echinochola - Wild millets
Eleocharis - Spikerushes
Impatiens pallida - Jewelweed
Leersia oryoides - Rise cutgrass
Phragmites communis - Reeds
Pontederia cordata - Pickerelweed
Polygonum - Smartweed
Sagittaria - Arrowhead
Scirpus cyperinus - Sedge bullrush
Typha latifolia - Cattails
Zizania aquatica - Wild rice

(6) Bog

Characteristic plants:

Andromeda folifolia - Bog rosemary
Arethusa bulbosa - Swamp pink
Caldopogon pulcherlus - Grass pink
Chamaedaphne calyculata - Leatherleaf, marsh cinquefoil
Drosera rotundifolia - Sundew plant
Eriophorum virginidum - Cottongrass
Iris versicolor - Blue flag, wild iris
Ledum groenlandicum - Labrador tea
Menyanthes trifoliata - Bogbean
Myrica gale - Sweetgale
Peltandra virginica - Snakes-mouth orchid
Rhododendron viscosum - Swamp azalea
Sarracenia purpurea - Pitcher plant
Solidago uliginosa - Bog goldenrod
Sphagnum - Sphagnum moss
Urtricularia conuta - Horned bladderword
Vaccinium macrocarpon - American cranberry
Vaccinium oxycoccus - Dwarf cranberry

(7) Meadow

Characteristic plants:

Amelanchier canadensis - Shadbush
Apios americana - Groundnut
Lilium supurbum - Turks cap lily
Impatiens pallida - Jewelreed
Lysmachia terrestris - Swamp-candles
Lythrum calicaria - Spiked loosestrife
Sambucus canadensis - Elderberry
Spirea tomentosa - Steeplebush

(8) Creek, stream or brook
Creeks, streams and brooks are often classified by the rate at which the water flows, a fast stream being a water flow of about two feet per second. Creeks, streams and brooks are valuable for their drainage function, the fish they contain both as a source of sport and for the other forms of life which relate to the animal and plant life dependent upon the stream.

(i) Fast creek, stream or brook

Characteristic plants:

- Fontalis - Water moss
- Ulothrix - Algae
- Diatoma - Diatoms
- Gomphonema

Characteristic animals:

- Caddisflies:
  - Trichoptera
  - Phyganea
  - Rhyacophila
  - Philopotamidae
  - Hydropsychidae
  - Hydropsyche
  - Pharyganeidae
  - Limnephilidae
  - Leptocerus
  - Leptocella
  - Anthrpsodes
  - Oecetis
  - Brachycentridae
  - Helicopsychidae
  - Simulium - Blackfly
  - Ple coptera - Stonefly
  - Tipulidae - Cranefly
  - Neuroptera - Dobsonfly
  - Ephemeroptera - Mayfly
  - Osonychia
  - Percina caprodes - Log perch
  - Salvelinus fortinalis - Brook trout
  - Salmo gairdneri - Steelhead trout
  - Salmo trutta - Brown trout
  - Salmo salar - Atlantic salmon

(ii) Slow creek, stream or brook

Characteristic plants are the same as those in a
lake or pond.

Characteristic animals:

Dragon Fly:
Anisoptera
Iodonata

Water striders:
Gerridae
Hemiptera
Odonata
Zygoptera - Damselflies
Oriixidae - Waterboatmen
Hexagenia - Mayfly
Sphaerium - Fingernail clam
Semotilus atromaculatus - Creek chub
Ictalurus punctatus - Channel catfish
Ictalurus catus - White catfish
Ictalurus melas - Black catfish
Cyprinus carpio - Carp
Esox lucius - Northern pike
Esox americanus - Little pickerel
Esox niger - Chain pickerel
Roccus americana - White perch
Roccus saxatilis - Striped bass

(9) Lake or pond

Characteristic plants:

Ceratophyllum demersum - Coontail

Duckweeds:
Lemna
Spirodella
Wolffia
Wolfflella
Myriophyllum - Watermillfois
Najas - Naiads
Nuphar - Cowlilies
Nymphaea - Waterlilies
Potamogeton - Pondweeds
Vallisneria spiralis - Wild celery

(10) Spring

Characteristic plants and animals are the same as those found in a swamp, marsh, bog, meadow, creek, stream, brook, lake or pond.
(d) Botanic environment

(1) Primary succession community area

Characteristic plants:

Achillea millefolium - Yarrow
Anagallis areensis - Scarlet pimpernel
Anaphalis margaritacea - Pearly everlasting
Antennaria plantaginifolia - Pussy's toes
Artemisia caudata - Tall wormwood
Asclepias syriaca - Common milkweed
Asclepias tuberosa - Orange milkwood
Asparagus officinalis - Garden asparagus
Aster ericoides - Heath aster
Aster linariifolius - Stiff-leaved aster
Brassica nigra - Black mustard
Chrysanthemum leucanthemum - Ox-eye daisy
Cichorium intybus - Chicory
Cirsium arvense - Canada thistle
Cirsium discolor - Field thistle
Convolulus sepium - Wild morning glory
Coreopsis lanceolata - Coreopsis
Cytisus scoparius - Scotch broom
Datura stramonium - Jimsonweed
Daucus carota - Queen Anne's lace
Dianthus armeria - Deptford jink
Dianthus plumarius - Garden pink
Epilobium angustifolium - Fireweed
Erodium cicutarium - Stork's bill
Eupatorium hyssopifolium - Hyssop-leaved boneset
Euphorbia cyparissia - Cypress spurge
Frageria virginiana - Wild strawberries
Gnaphalium obtusifolium - Sweet everlasting
Holcus lanatus - Velvetgrass
Hypericum gentianoides - Pineweed
Hypericum perforatum - Common St. Johnswort
Hypochoeris radicata - Cat's ear
Linaria canadensis - Old-field-toadflax
Linaria vulgaris - Butter-and-eggs
Lonicera japonica - Japanese honeysuckle
Lychnis alba - White campion
Matericaria matricariodes - Pineappleweed
Ooenothera biennis - Evening primrose
Opuntia humifusa - Prickly pear cactus
Oxalis stricta - Yellow woodsorrel
Phytolacca americana - Pokeweed
Plantago lanceolata - English plantain
Polygonum persicaria - Lady's thumb
Polygonum pennsylvanicum - Pinkweed
Potentilla canadensis - Old-field cinquefoil
Potentilla recta - Sulphur cinquefoil
Rana unculus repens - Creeping buttercup
Rosa virginiana - Virginia rose
Rudbeckia hirta - Black-eyed-susan
Saponaria officinalis - Bouncing-bet
Sedum acre - Stone crop
Solanum americanum - Black nightshade
Solanum dulcamara - Bitter nightshade
Solidago nemoralis - Grey goldenrod
Solidago puberula - Purple-stemmed goldenrod
Solidago tenuifolia - Grass-leaved goldenrod
Spergularia rubra - Pink sand-spurry
Tanacetum vulgare - Tansy
Taraxicum officinale - Dandelion
Trichostemma dichotomum - Blue curls
Trifolium arvense - Rabbitfood clover
Verbascum thapsus - Mullein
Yucca filamentos a - Yucca

(2) Secondary succession community area

Characteristic plants of a secondary succession community area include the species found in a primary succession community area, a swamp, a meadow and the following species:

Acer rubrum - Red maple
Amelanchier canadensis - Shadbush
Amelanchier obovalis - Serviceberry
Betula lenta - Black birch
Betula lutea - Yellow birch
Betula populifolia - Gray birch
Cornus florida - Flowering dogwood
Larix laricina - American larch
Lindera benzoin - Spice bush
Picea mariana - Black spruce
Pinus rigida - Pitch pine
Pinus strobus - White pine
Prunus serotina - Black cherry
Prunus virginiana - Choke cherry
Rhus copallina - Dwarf sumac
Rhus glasbra - Smooth sumac
Rhus typhina - Staghorn sumac
Rubus spp. - Blackberries
Salix spp. - Willow
Sambucus canadensis - Elderberry
Smilax rotunoifolia - Bull brier
Tilia americana - American basswood
Vaccinium - Blueberry
(3) Climax community area

Characteristic plants:

Acer rubru - Red maple
Acer saccharum - Sugar maple
Amelanchier obovalis - Serviceberry
Azalea spp. - Azalea
Betula lenta - Sweet birch
Betula lutea - Yellow birch
Betula populifolia - Grey birch
Carpinus caroliniana - Ironwood
Carya laciniosa - Shelbark hickory
Carya glabra - Pignut hickory
Carya ovata - Shagbark hickory
Carya tomentosa - Mockernut hickory
Castanea dentata - American chestnut
Celtis occidentalis - American hackberry
Chamaecyparis thyoides - Atlantic white cedar
Cornus florida - Flowering dogwood
Diospyros virginiana - Persimmon
Fagus grandifolia - American beech
Fraxinus americana - White ash
Gaylussacia - Huckleberry
Hamamelis virginiana - Witch hazel
Ilex opaca - Holly
Juglans cinera - Butternut
Juglans nigra - Black walnut
Juniperus virginiana - Red cedar
Kalmia latifolia - Laurel
Larix laricina - Larch
Liquidambar styraciflua - Sweet gum
Liriodendron tulipifera - Tulip-tree, Yellow poplar
Nyssa sylvatica - Sour gum
Ostrya virginiana - Hop hornbeam
Picea mariana - Black spruce
Pinus rigida - Pitch pine
Pinus strobus - White pine
Prunus serotina - Black cherry
Prunus virginiana - Choke cherry
Quercus prinus - Chestnut oak
Quercus alba - White oak
Quercus bicolor - Swamp oak
Quercus coccinea - Scarlet oak
Quercus palustris - Pin oak
Quercus rubra - Red oak
Quercus velutina - Black oak
Sambucus canadensis - Elderberry
Sassafras variifolium - Sassafras
Tilia americana - American basswood, linden
Tsuga canadensis - Hemlock
Ulmus americana - American elm
Vaccinium spp. - Blueberry

(4) Dune and heathland

Characteristic plants:

Aster undulatus - Skydrop aster
Ammophila Breviligulata - Beachgrass
Baptisia tinctoria - Wild indigo, rattle box
Corema couradii - Broom crowberry
Comptonia peregrina - Sweetfern
Deschampaia flexuosa - Wavyhair grass
Gaylussacia baccata - Black huckleberry
Helianthum canadense - Frostweed
Hieracium venosum - Rattlesnake weed
Hudsonia ericoides - Golden beachheather
Hudsonia tomentosa - Woolly beachheather
Hyrica pennsylvanica - Bayberry
Potentilla tridentata - Three toothed cinquefoil
Rubus spp. - Blackberries, raspberries
Vaccinium angustifolium - Low sweet blueberries

(5) Wild grassland

A wild grassland exists usually on poor soils and is composed of a mixture of native grasses, such as the following:

Dantonia spicata - Poverty oat grass
Andropogon virginicus - Broomsedge
Bromus spp. - Bromegrass

Article X - Special Purpose Districts

Chapter 6
Special Coney Island Mixed Use District

106-00
GENERAL PURPOSES

The "Special Coney Island Mixed Use District" established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to stabilize the residential future of this mixed residential and industrial area by permitting expansion and development of residential and light manufacturing uses where adequate environmental standards are assured;

(b) to promote the opportunity for people to work in the vicinity of their residences;

(c) to provide a safe circulation system in this area of mixed residential and manufacturing use;

(d) to retain adequate wage, job-intensive, seasonally stable industries within New York City;

(e) to provide an opportunity for the improvement of Coney Island in a manner consistent with the objectives of the Comprehensive Plan of the City of New York; and

(f) to promote the most desirable use of land and thus to conserve the value of land and buildings and thereby protect the City tax revenues.

106-01
General Provisions

In harmony with the general purpose and intent of this Resolution
and the general purpose of the #Special Coney Island Mixed Use District# and in accordance with the provisions of this Chapter, regulations of the #Special Coney Island Mixed Use District# shall replace and supersede the existing district regulations. In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

All #residences#, #community facilities# and Use Group 4B open #uses# shall be subject to all the provisions applicable in R5 Districts, except as otherwise specifically provided in this Chapter. The special regulations relating to #predominantly built-up areas#, as defined in Section 12-10 (DEFINITIONS), shall apply to all #buildings# containing #residences#, except that #front yards# shall not be required.

All #commercial# and #manufacturing uses# shall be subject to all the provisions applicable in M1-2 Districts, except as otherwise specifically provided in this Chapter.

The #use# of any #building# may be changed to another #use# listed within the same Use Group or as provided in Sections 106-12 (Special Permit Provisions for Residential Uses), 106-32 (Special Permit Provisions for Manufacturing and Commercial Uses) or 106-33 (Changes of Manufacturing or Commercial Use).

In the case of a #zoning lot# occupied partly by #residential uses# and partly by other #uses#, the maximum #floor area ratio# on the #zoning lot# shall not exceed 2.0. In no event shall the total #floor area# of #residential uses# on a #zoning lot# exceed 1.65.

In any #building# above the level of the first #story# ceiling, #residential uses# shall not be located on the same #story# as or below #manufacturing# or #commercial uses#, and #manufacturing uses# shall not be located on the same #story# as or above #residential uses#.

#Zoning lots# adjacent to the #Special Coney Island Mixed Use District# shall not be subject to the provisions of Sections 42-214 (Special provisions applying along district boundaries), 42-412 (In M2 or M3 Districts), 42-42 (Enclosure or Screening of Storage), 42-44 (Limitations on Business Entrances, Show Windows or Signs), 42-56 (Special Provisions Applying Along District Boundaries), 43-30 (SPECIAL PROVISIONS APPLYING ALONG DISTRICT BOUNDARIES) or 44-583 (Restrictions on location of berths near Residence Districts).

Special regulations for #residential uses# are listed in Sections
106-11 and 106-12 of this Chapter.

Special regulations for community facility uses are listed in Section 106-21 of this Chapter.

Special regulations for manufacturing and commercial uses are listed in Sections 106-31, 106-32, 106-33 and 106-34 of this Chapter.

Special regulations for buildings containing both residential and commercial uses are listed in Sections 106-41 and 106-42 of this Chapter.

(1/9/75)

106-10
SPECIAL REGULATIONS FOR RESIDENTIAL USES

(2/2/11)

106-11
Special Provisions for As-of-Right Residences

Developments or enlargements containing residences are allowed as-of-right, provided that:

(a) the zoning lot shares a common side lot line on at least one side with a residential or community facility use;

(b) the frontage along the street line of the zoning lot shall not exceed 60 feet, but in no event shall the total area of such zoning lot exceed 7,800 square feet;

(c) the zoning lot is not located within a continuous frontage of vacant zoning lots or land with minor improvements whose aggregate length exceeds 60 feet;

(d) the zoning lot is not located on Cropsey Avenue or on the east side of Stillwell Avenue; and

(e) no manufacturing uses or uses listed in Use Group 16 occupy the zoning lot.

(2/2/11)
Special Permit Provisions for Residential Uses

The City Planning Commission may permit within the #Special Coney Island Mixed Use District#:

(a) change of #commercial# or #manufacturing use# to #residential use#; and

(b) modification in #yard# and off-street parking regulations for #residential uses# in #developments# or #enlargements#;

provided that the following findings are made:

(1) that a change of #use# from #manufacturing# or #commercial# to #residential use# shall not displace any #building# or #use#; or preempt any #zoning lot# which is essential to the normal functioning and growth of existing #manufacturing# or #commercial uses# within the district; and

(2) that such #residential uses# shall not be exposed to inordinate noise, smoke, dust, noxious odor or other adverse influences from #manufacturing uses# and traffic.

The Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(1/9/75)

SPECIAL REGULATIONS FOR COMMUNITY FACILITY USES

(2/2/11)

Special Permit Provisions for Community Facility Uses

The City Planning Commission may permit within the #Special Coney Island Mixed Use District#:

(a) #development# of #community facility buildings#; and

(b) change of #use# of a #residential#, #manufacturing# or #commercial building# to a #community facility use#;
provided that the following finding are made:

(1) that such community facility is necessary to the growth and functioning of residential or manufacturing uses in the Special Coney Island Mixed Use District; and

(2) that a more suitable location for such use cannot be found outside the Special Coney Island Mixed Use District.

(1/9/75)

106-30
SPECIAL REGULATIONS FOR MANUFACTURING OR COMMERCIAL USES

(1/9/75)

106-31
Special Provisions for As-of-Right New Buildings for Use Group M or Commercial Use

New buildings for manufacturing uses listed in Use Group M (Section 106-311) or commercial uses are allowed as-of-right, provided that:

(a) the zoning lot shares a common side lot line with a manufacturing or commercial use;

(b) the frontage along the street line of the zoning lot shall not exceed 60 feet, but in no event shall the total area of such zoning lot exceed 7,800 square feet;

(c) the zoning lot is not located within a continuous frontage of vacant zoning lots whose aggregate length exceeds 60 feet;

(d) such manufacturing use is listed in Use Group M;

(e) such commercial use is listed in Use Groups 6, 7, 8, 9, 11 or 16 and is located on Neptune, Stillwell or Cropsey Avenues; and

(f) no residential uses occupy the zoning lot.
106-311
Use Group M

Apparel or other textile products from textiles or other materials, including hat bodies or similar products

Bottling work, for non-alcoholic beverages

Brushes or brooms

Cameras or other photographic equipment, except film

Canvas or canvas products

Cork products

Cosmetics or toiletries

Electrical appliances (small), including lighting fixtures, irons, fans, toasters, toys, or similar appliances

Electrical equipment assembly (small), including home radio or television receivers, home movie equipment, or similar products, but not including electrical machinery

Electrical supplies, including wire or cable assembly, switches, lamps, insulation, dry cell batteries or similar supplies

Fur goods, not including tanning or dyeing

Glass products from previously manufactured glass

Hair, felt or leather products, except washing, curing or dyeing

Hosiery

Ice, dry or natural

Laboratories, research, experimental or testing except those that involve dangerous or potentially explosive activities or animals

Leather products, including shoes, machine belting, or similar products

Luggage

Machine tools - small parts only
Machines, business, including typewriters, accounting machines, calculators, card-counting equipment, or similar products

Mattresses, including rebuilding or renovating

Musical instruments

Novelty products

Optical or precision instruments

Orthopedic or medical appliances, including artificial limbs, braces, supports, stretchers, or similar appliances

Printing or publishing

Sporting or athletic equipment, including balls, baskets, cues, gloves, bats, rods, or similar products

Statuary, mannequins, figurines, or religious art, excluding foundry operations

Textiles, spinning, weaving, manufacturing, printing, knit goods, yarn, thread or cordage, but not dyeing

Tobacco, including curing or tobacco products

Tools or hardware, including bolts, nuts, screws, doorknobs, drills or similar products

Toys

Umbrellas

Vehicles, children's (bicycles, etc.)

Venetian blinds, window shades or awnings

Wood products, cabinet-making, pencils, baskets and other small products

(2/2/11)

106-32
Special Permit Provisions for Manufacturing and Commercial Uses

The City Planning Commission may permit within the #Special Coney Island Mixed Use District#: 
(a) #uses# listed in Section 106-311 (Use Group M) or #commercial uses# in #developments# not permitted by the provisions of Section 106-31 (Special Provisions for As-of-Right New Buildings for Use Group M or Commercial Use);

(b) change of #use# from a #residential use# to Use Group M or #commercial use#; and

(c) modifications in #yard# regulations for Use Group M or #commercial uses# in #developments# or #enlargements#;

provided that the following findings are made:

(1) that such #use# will comply with the regulations on performance standards of M1 Districts;

(2) that additional truck traffic generated by such #use# or the modification of #yard# regulations will not create harmful, congested or dangerous conditions; and

(3) that a change of #use# from #residential# to Use Group M or #commercial use# shall not displace or preempt any #building# which is essential to the functioning and growth of existing residences within the district.

The City Planning Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effect on the character of the surrounding area.

(1/9/75)

106-33
Changes of Manufacturing or Commercial Use

Within the #Special Coney Island Mixed Use District#, the #use# of any #building# may be changed to another #use# listed within the same Use Group, or as follows:

106-34
Special Yard Regulations

Where a #side lot line# of a #zoning lot# containing #manufacturing# or #commercial uses# coincides with the #side# or #rear lot line# of a #zoning lot# containing #residential uses#, #enlargements# or #developments# shall provide an open area not at any point more than five feet above nor five feet below #curb level#, and at least 15 feet wide.

Where the #rear lot line# of a #zoning lot# containing #manufacturing# or #commercial uses# coincides with a #side lot line# of a #zoning lot# containing #residential uses#, #enlargements# or #developments# shall provide an open area not at any point more than five feet above nor five feet below #curb level#, and at least 20 feet in depth.

Where a #zoning lot# containing #manufacturing# or #commercial uses# shares a common #rear lot line# with a #zoning lot# containing #residential uses#, #enlargements# or #developments# shall provide an open area not at any point more than five feet above nor five feet below #curb level#, and at least 30 feet in depth. Such open areas shall not be used for #accessory# off-street parking, #accessory# off-street loading, or for storage or processing of any kind.

106-40
SPECIAL REGULATIONS FOR BUILDINGS CONTAINING BOTH RESIDENTIAL AND COMMERCIAL USE

106-41
Use Regulations

#Developments# containing both #residential# and #commercial uses# are allowed in the #Special Coney Island Mixed Use District#, provided that the regulations of this Chapter are met.
No #buildings#, however, shall contain both #residential uses# and #uses# listed in Use Group 16.

(1/9/75)

106-42
Modification of Yard Regulations

No #front# or #side yards# are required for #buildings# containing both #residential# and #commercial uses#. For the #residential# portion of such #buildings#, the #rear yard# may be provided at any level not higher than the floor level of the lowest #story# used for #residential use#.

(1/9/75)

106-50
ADMINISTRATION

(2/2/11)

106-52
Requirements for Applications

An application to the City Planning Commission for the grant of a special permit under the provisions of this Chapter shall include a site plan showing the location and proposed #use# of all #buildings or other structures# on the site, the location of all vehicular entrances and exits, and such other information as may be required by the Commission.

Special permit applications for #development# pursuant to Section 106-32 (Special Permit Provisions for Manufacturing and Commercial Uses) shall be referred to the Department of Transportation for its report, pursuant to Section 74-31, paragraph (d).

(1/9/75)

106-53
Relationship to Public Improvement
In all cases, the City Planning Commission shall deny any application whenever the development will interfere with a public improvement which has been approved by the Board of Estimate, the City Planning Commission, or the Site Selection Board.
Article X: Special Purpose Districts

Chapter 7: Special South Richmond Development District

Effective date of most recently amended section of Article X Chapter 7: 3/22/16

Administrative correction: 107-42

Date of file creation: Web version of Article X Chapter 7: 10/29/18

Zoning Disclaimer - the Web version of the Zoning Resolution of the City of New York is provided for reference and the convenience of having the Resolution in an online format. Recent amendments to the Zoning Resolution also appear on the Web prior to being incorporated into the print version of the Resolution.
Article X - Special Purpose Districts

Chapter 7
Special South Richmond Development District

107-00
GENERAL PURPOSES

The "Special South Richmond Development District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following purposes:

(a) to guide future development in accordance with the Land Use Plan for South Richmond and the Capital Improvement Plan for the Special District area;

(b) to promote balanced land use and development of future land uses and housing in the Special District area, including private and public improvements such as schools, transportation, water, sewers, drainage, utilities, open space and recreational facilities, on a schedule consistent with the City's Capital Improvement Plan and thereby provide public services and facilities in the most efficient and economic manner, and to ensure the availability of essential public services and facilities for new development within the area;

(c) to avoid destruction of irreplaceable natural and recreational resources such as lakes, ponds, watercourses, beaches and natural vegetation and to maintain the natural ecological balance of the area with minimum disruption of natural topography, trees, lakes and other natural features; and

(d) to promote the most desirable use of land in the South Richmond area and thus to conserve the value of land and buildings and thereby protect the City's tax revenues.

107-01
Definitions

Definitions specially applicable in this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Arterial

An "arterial" is a street designated as an arterial in Section 107-25 (Special Regulations Along Certain Streets or Railroads) whose function is primarily the accommodation of vehicular traffic and to which special provisions of this Chapter apply. All such arterials are shown on the District Plan, Map 2 in Appendix A, which is hereby incorporated as an integral part of the provisions of this Chapter.
Development

For the purposes of this Chapter, a "development" includes a development as defined in Section 12-10 (DEFINITIONS), the enlargement of a non-residential building, or the enlargement of a residential use that involves the addition of one or more dwelling units.

To "develop" is to create a development.

Designated open space

"Designated open space" is a portion of the open space network located on a zoning lot as shown on the District Plan (Map 3 in Appendix A), and is to be preserved in its natural state in accordance with the provisions of the Special South Richmond Development District.

Detached

For the purposes of this Chapter a "detached" building is a building surrounded by yards or other open area on the same zoning lot or is a building abutting a street line which is surrounded by yards or open area on the same zoning lot except where the building abuts the street line.

Drainage scheme

A "drainage scheme" is a plan for a system of storm sewers and/or sanitary sewers intended to serve a development which is submitted to the Department of Environmental Protection for review and approval.

Open space network

The "open space network" is a planned system of open spaces as shown on the District Plan (Map 3 in Appendix A), which includes public parks, park streets, designated open space and the waterfront esplanade.

Park street

A "park street" is a street designated as such in Section 107-25 (Special Regulations Along Certain Streets or Railroads) and whose primary function is to provide connecting links for pedestrians and cyclists between portions of the open space network and to which special provisions of this Chapter apply. Park streets shall be designated to provide limited vehicular access.

Sewer acceptance

A "sewer acceptance" is the acceptance by the Department of Environmental Protection of a system of storm and/or sanitary sewers which were built in accordance with an approved drainage scheme intended to serve a development.

Site alteration
A "site alteration" is an alteration on any vacant tract of land, land with minor improvements or any tract of land containing buildings or other structures, which includes land contour work, topographic modifications, removal of topsoil, removal of trees of six-inch caliper or more, excavating, filling, dumping, changes in existing drainage systems, improvements in public rights-of-way, whether or not a permit is required from the Department of Buildings, the Department of Transportation or other public agencies. A site alteration shall include any land operation within designated open space.

Waterfront esplanade

The "waterfront esplanade" is a pedestrian way to be provided for public use within the open space network along the Raritan Bay waterfront, as shown on the District Plan (Map 3 in Appendix A).

(10/9/13)

107-02 General Provisions

In harmony with the general purpose and intent of this Resolution and the general purpose of the Special South Richmond Development District, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. Except as modified by the express provisions of this Chapter, the regulations of the underlying districts remain in effect. In flood zones, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

In addition to applicability as provided in Section 11-10 (ESTABLISHMENT AND SCOPE OF CONTROLS, ESTABLISHMENT OF DISTRICTS, AND INCORPORATION OF MAPS), the provisions of this Chapter shall apply to site alterations or subdivision of zoning lots, except:

(a) public improvement projects for which preliminary design contracts were approved by the Board of Estimate prior to January 2, 1975, or for which title was vested by the City prior to September 11, 1975; and

(b) any large-scale development for which an authorization or special permit was granted prior to September 11, 1975. For the purposes of this Chapter, the City Planning Commission may extend such authorization or special permit for a renewable term of one year provided that the Commission finds that the facts upon which the authorization or special permit was granted have not substantially changed and that the adoption of this amendment shall not constitute a substantial change of fact.

For all developments located within areas D, F or K as shown on the District Plan (Map 4 in Appendix A), the applicant shall obtain from the Commission a certification indicating that the development complies with the approved South Richmond Development Plan. As a condition for such certification, the Commission shall find that:

1. the minimum lot area for any commercial development is
at least two acres;

(2) vehicular access and egress for the development is arranged so that it affords the best means of controlling the flow of traffic generated by such development; and

(3) due consideration has been given to relate the proposed development to the character of the surrounding area by providing suitable buffering, landscaping and building setbacks.

For such certification, the applicant shall submit to the Commission a site plan and drawings depicting the proposed buildings and location of off-street parking facilities, curb cuts and pedestrian walkways. For residential uses within Area K, the bulk and parking regulations of R3-2 Districts, as modified by this Chapter, shall apply.

(9/11/75)

107-03
Requirements for Certification, Authorization or Special Permit Application

An application to the City Planning Commission for a certification, authorization or special permit respecting a development or site alteration shall include a survey map prepared by a licensed land surveyor showing existing topography at two foot contour intervals, the location of all existing buildings or other structures, the location of all proposed buildings or other structures, the location of individual existing trees of six inch caliper or more, the location of any elements of the open space network on or adjacent to the zoning lot, and such other information as may be required by the Commission for its determination as to whether or not the certification, authorization or special permit is warranted.

(9/11/75)

107-05
Relationship to Public Improvement Projects

In all cases, the City Planning Commission shall deny a special permit, authorization or certification application whenever a development will interfere with a public improvement project (including, without limitation, housing, highways, public buildings or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) which is approved by or pending before the Board of Estimate, City Planning Commission or Site Selection Board.

(5/22/86)

107-06
District Plan (Appendix A)

The District Plan for the Special South Richmond Development District shows the open space network, designated open space, park streets, waterfront esplanade, and building setback lines. The elements of the District Plan are set forth in
Appendix A, which is hereby incorporated as an integral part of the provisions of this Chapter.

(9/11/75)

107-07
Tree Selection (Appendix B)

Where planting of trees is required by the provisions of this Chapter, the selection of trees for their planting shall be in accordance with the Tree Selection Table set forth in Appendix B, which is hereby incorporated as an integral part of the provisions of this Chapter.

(2/2/11)

107-08
Future Subdivision

Within the Special District, any #zoning lot# existing on September 11, 1975, may be subdivided into two or more #zoning lots# provided that the existing topography, all individual trees of six inch caliper or more and all land located within a #designated open space#, to the greatest extent possible, are preserved under future #development# options. Any subdivision that is proposed to take place within the Special District after September 11, 1975, shall be filed with the City Planning Commission, and the Commission shall certify that such subdivision complies with the approved South Richmond Plan and the above objective. In the case of a subdivision of a tract of land containing #designated open space#, a site plan indicating the distribution of #bulk# for the individual #zoning lots# shall be submitted to the Commission. Such approved subdivision shall then be recorded in the land records and indexed against all #zoning lots#. The subdivision plan shall include a survey map indicating existing topography at two foot contour intervals, all individual trees of six inch caliper or more, and the location of #designated open space# within the area. When a #zoning lot# existing on September 11, 1975, is more than five acres and is intended to be subdivided, an area plan of the entire subdivision shall be filed with the Commission. The area plan shall include the proposed vehicular circulation system within the area, #block# and lot layouts and any other information required by the Commission.

(4/22/09)

107-09
Applicability of Article VI, Chapter 2

The Chairperson of the City Planning Commission may, by certification, modify or waive a required #visual corridor#, as defined in Section 62-11, with respect to #developments#, including minor modifications thereto, that contain #designated open space# and a portion of the #waterfront esplanade#, where such #development# is conditioned upon a restrictive declaration that includes a site plan for such #development#, including provisions for public access to such #designated open space# and #waterfront esplanade#, provided that at least one required #visual corridor# continues to be provided pursuant to the
restrictive declaration.

(9/11/75)

107-10
GENERAL REQUIREMENTS

(9/11/75)

107-11
Special Requirements for Application

Prior to the approval of any application to the Department of Buildings for a #site alteration# or a #development#, the applicant shall file applications with the appropriate City agency requesting the certifications required in Section 107-12 (Public Facilities).

Any application to the Department of Buildings for a #site alteration# or #development# shall include a survey map or maps prepared by a licensed land surveyor showing, for the site, existing topography at two foot contour intervals and the locations, names and calipers of all existing trees of six inch caliper or more and; for any #development#, the application shall also include certifications from the appropriate City agencies as required by Section 107-12.

However, the requirements of a survey map at two foot contour intervals shall not apply to #zoning lots# 4,000 square feet or less owned separately and individually from all other adjoining #zoning lots# on September 11, 1975, and on the date of filing such application.

However, when a #zoning lot# which was owned separately and individually from all other adjoining #zoning lots# existing prior to January 2, 1975, is proposed to be #developed# with one #single-# or #two-family detached residence#, the certification reports of Section 107-12 shall not be required, but the provisions of local laws shall apply. When a permit for land contour work, storm water drainage systems or other #site alteration# work is required from the Department of Transportation or Department of Environmental Protection or when a public agency requires a #site alteration# on either privately or City-owned land, the public agency involved shall, prior to initiating or issuing a permit for such site work, notify the Department of Buildings.

The Department of Buildings and the public agency involved shall jointly determine that the proposed #site alteration# work is consistent with the provisions of Sections 107-31 (Topographic Regulations), 107-32 (Tree Regulations) and 107-25 (Special Regulations along Certain Streets and Railroads). In case of non-agreement, the provisions of Section 107-91 (Inter-agency Coordination) shall apply.

(9/11/75)

107-12
Public Facilities
For any development containing residential uses, the Department of Buildings shall be in receipt of a certification from the Chairperson of the City Planning Commission which certifies that sufficient school capacity exists to accommodate the anticipated primary and intermediate public school children of the development. All applications for certification pursuant to this Section shall be referred by the Chairperson of the Commission to the Board of Education.

The Board of Education shall issue a report concerning the availability of school capacity within 60 days after receipt of the application. The Chairperson of the Commission shall respond within 90 days after receipt of an application. The report shall specify the following:

(a) whether or not school space is available;
(b) if school space is not available, the report shall include:
   (1) the number of seats required;
   (2) the grade organization;
   (3) the location of the school;
   (4) the size of school (sq. ft. per pupil); and
   (5) the proposed financing mechanism.

For the purposes of this Section, sufficient school capacity shall be deemed to exist if:

(1) such capacity is available in existing schools; or
(2) construction funds have been authorized in the Capital Budget to accommodate anticipated primary and intermediate public school children from the development upon its completion or within three years from the date of the Chairperson's certification; or
(3) sufficient school space is to be provided by the applicant under a plan jointly approved by the Chairperson of the Commission and Board of Education.

After approval of the Chairperson of the Commission and Board of Education of the applicant's plan to provide the school building, the certification may be granted either upon approval of a financial agreement by the Board of Estimate or such guarantee of construction with provision for future school occupancy as may be accepted by the Board of Education and the Chairperson of the Commission.

However, the Chairperson of the Commission may grant such certification if capacity is not currently available and the Board of Education, after consulting with the Community School Board determines that the impact from the development will have a minimal effect on the concerned schools and includes such statement in their report.
A certification by the Chairperson of the Commission that sufficient capacity will be available in the public #schools#, as set forth in the above circumstances, shall automatically lapse if substantial construction of the foundations of the #development# in accordance with approved plans has not been completed within one year from the date of such certification.

No certification concerning the availability of #school# capacity shall be required for any #development# within a predominantly built up area or within an area for which #drainage schemes# were approved prior to January 1, 1975. For the purposes of this Chapter, a "predominantly built up area" is a #block# having a maximum of four acres which is #developed# with #buildings# on #zoning lots# comprising 75 percent or more of the area of the #block#. All such #buildings# shall have a certificate of occupancy or other evidence acceptable to the Commissioner of Buildings issued not less than three years prior to the date of application for a building permit.

(8/18/83)

107-20
DISTRICT PLAN ELEMENTS

All land in the #open space network# as shown on the District Plan (Map 3 in Appendix A), except #public parks#, is subject to the provisions of this Section.

(8/18/83)

107-21
Modification of Designated Open Space

The City Planning Commission may adjust the boundaries of a #designated open space# on a #zoning lot# provided that such adjustment will not place the new boundary closer than 60 feet to a watercourse. As a condition for such adjustment in the boundaries, the Commission shall find that:

(a) such adjustment shall:

(1) result in a substantial improvement in the quality and usefulness of the #designated open space#; and

(2) permit #development# which better satisfies the purpose of this Chapter and include new features in the #designated open space# which will be at least equal in quality to those which are displaced from it; and

(3) provide an equivalent area replacement for the area removed from the #designated open space#; or

(b) such adjustment shall:

(1) be permitted to exclude:

(i) a #zoning lot# which is contiguous to exempted #zoning lots# along at least two #lot lines#; or

(ii) a #zoning lot# which would otherwise be contiguous to exempted #zoning lots# along at least two #lot lines# but for the separation by a #street#; or
(iii) streets abutting exempted zoning lots;
and

(2) not substantially alter the utility and quality of the designated open space; or

(c) such adjustment shall:

(1) be in conjunction with a public improvement project approved by the City prior to September 11, 1975, for funding to exclude in whole or in part the bed of a mapped street and/or adjacent zoning lots or portions thereof; and

(2) not substantially alter the utility and quality of the open space network; or

(d) such adjustment shall:

(1) exclude, in whole or in part, private property contiguous with a public park which has been mapped since September 11, 1975; and

(2) not preclude the continuity to the designated open space or the public pedestrian way or the waterfront esplanade; and

(3) not substantially alter the utility and quality of the designated open space.

(9/11/75)

107-22
Designated Open Space

Any development or site alteration on a zoning lot which contains designated open space as shown on the District Plan (Map 3 in Appendix A), shall require certification by the City Planning Commission that:

(a) such designated open space shall be preserved in its natural state by the owner of the zoning lot; and

(b) where required by the Commission, the applicant has complied with the provisions of Section 107-222 (Public pedestrian ways); and

(c) where required by the Commission, as indicated on the District Plan, that the applicant has complied with Section 107-23 (Waterfront Esplanade).

Within any designated open space, removal of trees, alteration of topography, development of active recreational facilities or utility easements may be undertaken only in accordance with the provisions of this Section and Section 107-30 (TOPOGRAPHIC AND TREE REGULATIONS).

Planting, landscaping or provision of footpaths or sitting areas are permitted in any part of designated open space, provided that such improvements do not involve removal of trees or alteration of existing topography, and do not obstruct pedestrian movement within the public pedestrian ways.
Active recreational facilities

#Designated open space# may be used for active recreational facilities provided that the City Planning Commission certifies that such #uses# are compatible with the purposes of the network #open space# and have minimal impact on tree removal, topographic alterations or drainage conditions.

Active recreational facilities may include swimming pools, tennis courts or facilities and equipment normally found in playgrounds, and shall comply with the #use# regulations of the underlying district.

In the development of active recreational facilities, no individual trees of six-inch caliper or more shall be removed except by special authorization of the Commission in accordance with the provisions of Sections 107-64 (Removal of Trees) or 107-65 (Modification of Existing Topography). Active recreational facilities shall not be allowed within 60 feet of any watercourse in #designated open space# unless the Commission certifies that a location closer to such watercourse will not adversely affect the natural character of the watercourse or its drainage function. The Commission, where appropriate, shall be guided by the reports from other City agencies involved in land contour work, storm water drainage systems or similar operations.

If the City of New York acquires an easement for public access to any #designated open space# on which a #building# has been, is being or could be in the future, constructed in accordance with the provisions of this Chapter, the City’s acquisition of an easement shall not affect the qualifications of the #designated open space# for satisfying #lot area# requirements, #yard# requirements, #floor area# or #lot coverage# restrictions or #open space# requirements as provided in Section 107-224 (Qualification of designated open space as lot area for bulk computations) and shall not be deemed to create a #non-compliance#.

Public pedestrian ways

For any #site alteration# or #development# on a #zoning lot# which contains #designated open space#, the City Planning Commission shall certify whether or not the applicant shall be required to provide a public pedestrian way through a portion of the #designated open space#.

When a public pedestrian way is required, it shall be built and maintained by the owner of the #zoning lot# and shall be accessible to the public at all times. The public pedestrian way shall be improved at the time the #site alteration# or #development# takes place, except that for #site alterations# or #developments# on a tract of land less than 1.5 acres, the Commission may allow the applicant to delay the construction of the public pedestrian way if the applicant complies with Section 107-24 (Performance Bond).

The location and dimension of such pedestrian way shall be determined by the Commission. The owner of the #zoning lot# may
request the City to take an easement on the property. If the City of New York acquires an easement for public access to any designated open space on which a building has been, is being or could be in the future, constructed in accordance with the provisions of this Chapter, the City’s acquisition of an easement shall not affect the qualifications of the designated open space requirements as provided in Section 107-224 (Qualification of designated open space as lot area for bulk computations) and shall not be deemed to create a non-compliance.

(4/30/12)

107-223
Permitted obstruction in designated open space

The following shall not be considered as obstructions when located in designated open space:

(a) Awnings and other sun control devices, pursuant to Section 23-44 (Permitted Obstructions);
(b) Balconies, unenclosed, subject to the provisions of Section 23-13;
(c) Eaves, gutters or downspouts projecting into such designated open space not more than 16 inches;
(d) Fences or walls, conditioned upon certification by the City Planning Commission that:
   (1) such fences or walls will not obstruct or preclude public access or circulation of pedestrians, cyclists or horseback riders through the public easement within designated open space; and
   (2) the location, size, design and materials of such fences or walls are appropriate to the character of the designated open space;
(e) Exterior wall thickness, pursuant to Section 23-44;
(f) Solar energy systems on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the building wall (as viewed in elevation) from which it projects.

No accessory off-street parking facilities shall be permitted in designated open space. No building or other structure shall be erected in designated open space except as permitted by the provisions of Section 107-221 (Active recreational facilities). Any existing building or other structure located within the designated open space on September 11, 1975, and not complying with the provisions of this Section or the other Sections specified in the preceding paragraph, shall not be enlarged but may be continued as a non-conforming use or non-complying building subject to the applicable provisions of Article V (Non-conforming Uses and Non-complying Buildings) in accordance with the underlying district regulations.

(2/2/11)

107-224
Qualification of designated open space as lot area for bulk
computations

#Designated open space# on a #zoning lot# may count as #lot area# for the purposes of the applicable regulations on #yards#, #floor area ratio#, #open space ratio#, #open space#, #lot coverage#, #lot area# or density, provided that the area of the #designated open space# claimed as #lot area# does not exceed the area of the #zoning lot# located outside the designated space. For a #single-family residence#, any portion of a #zoning lot# occupied by #designated open space# shall count as #lot area# for the purposes of satisfying minimum density requirements only pursuant to this Section.

Where the area of the #designated open space# claimed as #lot area# exceeds the above permitted amount, the provisions of Section 107-72 (Qualification of Designated Open Space as Lot Area) shall apply.

Any #designated open space#, or portion thereof, claimed as required #open space# or used to satisfy the #lot coverage# restrictions for a #development# containing #residences# shall be accessible to and usable by all residents of the #zoning lot#.

In the case of a #large-scale residential development#, any #designated open space#, or portion thereof, that qualifies as #lot area# may be used as common space.

(2/2/11)

107-225
Special bulk regulations for developments containing designated open space

This section shall apply to any tract of land containing #designated open space# that is #developed# as a unit in single ownership and where the area of the #designated open space# claimed as #lot area# for zoning computation does not exceed the area of that portion of the tract of land not located within #designated open space#. Such a tract of land may contain a single #zoning lot# or two or more #zoning lots# which are contiguous or would be contiguous except for their separation by a #street#.

In all #Residence Districts#, except R1-1 Districts, for all permitted #residential uses# on such tract of land, the total #floor area# or #dwelling units# generated by that portion of the #designated open space# claimed as #lot area# by the applicable district regulations may be distributed without regard for #zoning lot lines#, for all #zoning lots# wholly within such tract of land. The total #open space# required or #lot coverage# permitted for such tract of land may be located anywhere within the tract of land without regard for #zoning lot lines#.

No transfer of #floor area# or #dwelling units# shall be permitted from a #zoning lot# not containing any #designated open space#.

The site plan and #bulk# distribution for the entire tract of land shall be recorded in the land records and indexed against all #zoning lots# in such tract of land.

Furthermore, the minimum #lot area# and #lot width# regulations, #yards# and spacing between #buildings# regulations shall not apply along portions of #streets# or #lot lines# wholly within such tract of land, provided that:
(a) the maximum lot coverage on any zoning lot shall not exceed 50 percent of the lot area;

(b) the minimum distance between buildings on the same or adjacent zoning lots across a common side lot line is not less than 10 feet; and

(c) the minimum distance between buildings on adjacent zoning lots across a common rear lot line shall not be less than 40 feet.

(2/2/11)

107-226
Zoning lots entirely or substantially within designated open space

When a zoning lot owned separately or individually from all adjoining zoning lots prior to January 2, 1975, is located entirely or substantially within designated open space and no reasonable development is possible on the zoning lot, the owner may request the City to provide, in exchange, a City-owned zoning lot.

The zoning lots may be exchanged only after an appraisal made by a body consisting of the following:

(a) one independent fee appraiser appointed by the City;

(b) one independent fee appraiser appointed by the private property owner, which appraiser may be the same as in paragraph (a) of this Section; and

(c) if needed to resolve a disagreement between the two appraisers appointed in paragraphs (a) and (b), one independent fee appraiser chosen by mutual agreement between the two individually appointed appraisers.

Such requests for exchange shall be filed by the owner of the zoning lot with the City Planning Commission.

If such exchange of zoning lots is not feasible under this Section or Section 384-7.0 of the New York City Administrative Code, the City may either acquire such zoning lot or permit development to proceed thereon with the minimal modification of the designated open space necessary to permit development containing residences.

(6/30/89)

107-23
Waterfront Esplanade

When a zoning lot containing a portion of the waterfront esplanade, as shown on the District Plan (Map 3 in Appendix A) is developed, the location and design of the waterfront esplanade shall be certified by the City Planning Commission and such waterfront esplanade shall conform to the guidelines and standards established by the Department of City Planning in consultation with the Department of Transportation and the Department of Parks and Recreation.
The #waterfront esplanade# shall be built and maintained by the owner of a #zoning lot# on which the esplanade is shown on the District Plan, except where such #zoning lot# has been #developed# prior to September 11, 1975. Where such #waterfront esplanade# is not accessible to the public, the Commission may require the owner of the #zoning lot# to provide public access to such a #waterfront esplanade# from a public right-of-way through the #zoning lot#.

The #waterfront esplanade# shall be either built at the same time that the #zoning lot# is #developed# or the Commission may allow the owner to comply with Section 107-24 (Performance Bond).

The owner of a #zoning lot# may request the City to take an easement on the property. If the City of New York acquires an easement for public access to any #designated open space# on which a #building# has been, is being or could be in the future constructed in accordance with the provisions of this Chapter, the City's acquisition of an easement shall not affect the qualifications of the #designated open space# for satisfying #lot area# requirements, #yard# requirements, #floor area# or #lot coverage# restrictions or #open space# requirements as provided in Section 107-224 (Qualification of designated open space as lot area for bulk computations) and shall not be deemed to create a #non-compliance#.

(2/2/11)

107-24
Performance Bond

When the provision of the required improvement is to be delayed for a period not to exceed five years from the date of the City Planning Commission certification, the owner of the #zoning lot# shall, prior to obtaining any certificate of occupancy, provide to the Comptroller of the City of New York a performance bond or City securities to ensure the future provision of either the #waterfront esplanade# or the public pedestrian way.

When the required improvement has been constructed, the Comptroller of the City of New York may release the bond or City securities posted to ensure such construction, provided an amount of the bond or City securities to ensure maintenance of the improvement, as set forth in the paragraph above, remains with the Comptroller.

The value of the bond or City securities tendered to ensure the future provision of the improvement shall be at the rate of $400 per 100 square feet of #waterfront esplanade# and at $200 per 100 square feet of public pedestrian way, if such bond or securities are tendered prior to January 1, 1980.

At five year intervals after January 1, 1980, the Commission, with the approval of the Board of Estimate, shall establish the new rates for the future provision (and maintenance) of the improvement.

(9/11/75)

107-25
Special Regulations Along Certain Streets or Railroads
Along the following #streets# designated as either #arterials# or #park streets# and identified as such on the District Plan, or along a designated railroad, special regulations relating to restriction of access, setback of #buildings#, and landscaping apply as set forth in this Section and shown on the District Plan (Map 2 in Appendix A).

Arterials

Hylan Boulevard
Woodrow Road
Amboy Road
Frontage roads for Richmond Parkway
Huguenot Avenue
Page Avenue
Arthur Kill Road
Service roads for West Shore Expressway
Richmond Avenue

Park Streets

Marcy Avenue from Richmond Parkway to Woodrow Road
Albee Avenue from Richmond Parkway to Amboy Road
Grantwood Avenue from Richmond Parkway to Woodrow Road
Miles Avenue from Arthur Kill Road to Barlow Avenue
Barlow Avenue from Miles Avenue to Colon Avenue

Railroads

The Staten Island Rapid Transit right-of-way.

(2/2/11)

107-251
Special provisions for arterials

Along those #streets# designated as #arterials#, the following regulations shall apply:

(a) Access restrictions

Curb cuts are not permitted along an #arterial street# on #zoning lots# with access to a non-#arterial street#. For #zoning lots# with access only to an #arterial street#, one curb cut is permitted along such #arterial street#. For purposes of this Section, adjoining #zoning lots# in the same ownership shall be treated as one #zoning lot#. Such access restrictions with regard to curb cuts shall not apply to #schools#, hospitals and related facilities, police stations or fire stations.

For #zoning lots# with access only to a #arterial street#, the City Planning Commission may, by certification, approve additional curb cuts for access to such #arterial street# when necessary to avoid adverse effects on the traffic flow of the #arterial#.

For #zoning lots# with access to both #arterial# and non-#arterial streets#, the Commission may authorize one or more curb cuts on the #arterial street#, pursuant to the provisions of Section 107-68 (Modification of Group Parking Facility and Access Regulations).

(b) #Building# setback
Along portions of the #arterials#, as indicated on the District Plan, a 20 foot #building# setback shall be provided for the full length of the #front lot line abutting# such #arterial#. The front #building# setback area shall be unobstructed from its lowest level to the sky except as permitted by this Section. Where a front #building# setback area at least 35 feet in depth is provided, such setback area may be used for required #accessory# off-street parking or loading facilities. No portion of such required setback area may be used for open storage.

In the case of the service roads of the West Shore Expressway, a 30 foot #building# setback shall be provided and required off-street parking and loading facilities are permitted within such setback. Within the required front #building# setback, there shall be provided one tree of three-inch caliper or more, pre-existing or newly planted, for each 400 square feet of such front open area. The trees shall be selected in accordance with the table set forth in Appendix B.

(2/2/11)

107-252
Special provisions for park streets

For those #streets# designated as #park streets#, the following regulations shall apply:

(a) Access restrictions

No curb cuts are permitted on such #streets# except that one curb cut is permitted for any #residential#, #community facility# or #commercial use# whose #zoning lot# has frontage only on a #park street#. For purposes of this Section, adjoining #zoning lots# in the same ownership shall be treated as one #zoning lot#.

For #zoning lots# with access to both #park streets# and non-#park streets#, the City Planning Commission may authorize one or more curb cuts on the #park street#, pursuant to the provisions of Section 107-68 (Modification of Group Parking Facility and Access Regulations).

(b) Landscaping

One tree of at least three inch caliper, pre-existing or newly planted, shall be provided for each 400 square feet of area of the #street# sidewalk area. Trees shall be selected in accordance with the table set forth in Appendix B and shall be planted in the #street# sidewalk area.

(c) Development and maintenance responsibility

The owner of each #development# abutting a #park street# shall have responsibility for landscaping and maintenance of that portion of the #park street# located between the #front lot line# and the curb.

Alternatively, maintenance responsibility may be vested in a properly constituted Home Association or other organization established for this purpose. Those segments of a #park street# which are abutted by land #developed# prior to the effective date of the Special District designation shall be
(9/11/75)

107-253
Building setbacks along railroad rights-of-way

For all developments on zoning lots immediately adjacent or directly opposite to the Staten Island Rapid Transit right-of-way, a building setback of at least 20 feet in depth, unobstructed from its lowest level to the sky, except as permitted herein, shall be provided along the lot line adjacent to or directly opposite the right-of-way of such railroad. Such building setback shall be measured perpendicular to such lot line, as indicated on the District Map. Within such building setback area, there shall be provided one tree of three-inch caliper or more, pre-existing or newly planted, for each 400 square feet of such open area. The trees shall be selected in accordance with the table set forth in Appendix B.

(9/11/75)

107-30
TOPOGRAPHIC AND TREE REGULATIONS

(9/11/75)

107-31
Topographic Regulations

Except for any existing topographic feature which is unsafe and the removal of which is required by the Department of Buildings to eliminate hazardous conditions, no topographic modifications may take place except as provided in this Section or as authorized by Section 107-65.

(9/11/75)

107-311
Areas within designated open space

Within designated open space on a zoning lot, any site alteration shall be permitted only by authorization of the City Planning Commission pursuant to Section 107-65 (Modifications of Existing Topography).

(2/2/11)

107-312
Areas not within designated open space

On any portion of a zoning lot not within designated open space, alteration of topography shall be permitted only in accordance with the provisions of this Section.
The ground elevation of land existing on September 11, 1975, may be modified by up to two feet of cut or fill, provided that such modification shall not result in the destruction of trees of six-inch caliper or more, unless authorized pursuant to other provisions of this Chapter. Modification of topography to a greater extent is permitted:

(a) in an area designated for #building# foundations, driveways or utilities for a proposed #building or other structure# whose location is approved by the Department of Buildings in accordance with the provisions of this Chapter; and

(b) in order to meet the legal mapped grades of a #street#, the existing topography of that portion of the #zoning lot# abutting such #street# may be modified to create a slope on the #zoning lot# of not less than one foot vertical to each two feet horizontal provided the slope is landscaped to prevent erosion.

Topographic modifications not permitted by the provisions of this Section may be permitted only by authorization of the City Planning Commission, pursuant to the provisions of Section 107-65.

(4/5/79)

107-32
Tree Regulations

The following regulations in Sections 107-321 through 107-323, inclusive, shall not apply to existing trees which are unsafe and the removal of which is required by the Department of Buildings.

(2/2/11)

107-321
Tree preservation

No trees of six-inch caliper or more shall be removed, or land operations affecting their survival undertaken, in connection with any #site alteration# or #development#, except in compliance with the provisions of this Section.

Prior to any such removal or land operations, plans shall be filed with the Department of Buildings showing the locations of all trees of six-inch caliper or more on the #zoning lot# and in the public sidewalk area of the #street# or #streets# adjacent thereto, and identifying those which are proposed to be removed. Removal of live trees of six-inch caliper or more will be permitted only under the following circumstances:

(a) where such trees are located in areas to be occupied by #buildings#, driveways, areas for required #accessory# parking, or within a distance of eight feet of the exterior walls of such #building#, provided that it is not possible to avoid such removal by adjustments in the arrangement of such #buildings#, driveways or required parking areas;

(b) where the continued presence of such trees would create special hazards or dangers to persons or property, which it would not be possible or practical to eliminate by pruning;
(c) where continued presence of the trees would interfere with another tree of six-inch caliper or more designated for preservation and belonging to a species listed in Appendix B (Tree Selection Tables); or

(d) where authorizations granted by the City Planning Commission under the provisions of this Chapter require or clearly contemplate the removal of such trees.

If an existing tree of six-inch caliper or more identified for preservation is removed without prior approval by the Department of Buildings or the City Planning Commission, any permit issued by the Department of Buildings for a #site alteration#, #development# or any #use# on the #zoning lot# shall be revoked.

In order to remove such violations, the owner of the #zoning lot# shall request the Commission to specify the tree restoration requirements and to certify such requirements to the Department of Buildings.

No building permit, reinstatement of such permit or issuance of a certificate of occupancy shall occur until the owner of the #zoning lot# either posts with the Comptroller of the City of New York a landscaping performance bond in an amount determined by the Commission or completes the replanting in accordance with the requirements set forth by the Commission in order to correct the planting violations.

Replacement trees to be planted shall be of a caliper no less than three inches and be of a species listed in Appendix B and the sum of whose calipers shall be at least equivalent to that of the trees removed.

In addition, the Commission may require a restrictive declaration specifying the terms of implementing the restoration plan.

Where on-site planting of such replacement trees would result in overcrowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more replacement trees on adjoining public sidewalks or in a nearby public area or substituting other planting material pursuant to Section 107-323.

(2/2/11)

107-322
Tree requirements

New trees shall be provided in accordance with the table set forth in Appendix B. For any existing tree of at least six-inch caliper which is preserved, credit for one tree shall be given for the first six inches of caliper and, for each additional four inches of caliper, credit for an additional tree shall be given.

(a) On site

In connection with any #development#, #site alteration# or #enlargement# involving the addition of at least 1,000 square feet of #floor area#, trees of at least three-inch caliper, pre-existing or newly planted, shall be provided on the #zoning lot# at the rate of one tree for each 1,000 square feet of #lot area# or portion thereof.

(b) Planting for open parking areas

Any #development# with open off-street parking areas with 10
spaces or more shall be subject to the tree planting and screening requirements of Section 107-483.

(9/9/99)

107-323
Substitution of other plant materials

For any development, site alteration or enlargement which is required to provide trees in accordance with the provisions of paragraph (a) of Section 107-322, the City Planning Commission may allow the substitution of other plant material for such required trees, provided a detailed landscaping plan is filed with the Commission for approval and certification. A copy of such approved landscaping plan shall be filed with the Department of Buildings by the Commission.

(8/12/04)

107-33
Preservation of Natural Features

For any development or enlargement, the Chairperson of the City Planning Commission may modify the applicable regulations governing the location of required parking spaces, driveways and curb cuts where the Chairperson certifies to the Commissioner of Buildings that such modifications are necessary so as to avoid the destruction of existing topography and trees of six-inch caliper or more.

(9/11/75)

107-40
SPECIAL USE, BULK AND PARKING REGULATIONS

(12/5/90)

107-41
Type of Residence

Semi-detached or attached single-family residences in R2 Districts and attached single- or two-family residences in R3-1 Districts may be permitted by special permit of the City Planning Commission in accordance with the provisions of Section 107-74 (Modification of Permitted Use Regulations). Such residences shall comply with the minimum lot area and lot width requirements as set forth in the table in Section 107-42.

Zero lot line buildings are not permitted in the Special South Richmond Development District.

(3/22/16)

107-411
Affordable independent residences for seniors in Area SH
In Area SH, as shown on the District Plan (Map 4 in Appendix A), any development or enlargement comprised of affordable independent residences for seniors shall be permitted upon certification of the Chairperson of the City Planning Commission that:

(a) such development or enlargement will contain not more than 250 dwelling units of affordable independent residences for seniors, individually or in combination with other developments or enlargements within Area SH that have received prior certification pursuant to this Section;

(b) a site plan has been submitted showing a detailed plan demonstrating compliance with the provisions of this Chapter; and

(c) such residences comply with the use and bulk regulations of R3-2 Districts, except that the maximum floor area ratio, maximum lot coverage and minimum required open space shall be as set forth for R3-2 Districts in Section 23-142 (Open space and floor area regulations in R1 and R2 Districts with a letter suffix and R3 through R5 Districts), as modified by this Chapter. The provisions of Section 23-144 (Affordable independent residences for seniors) shall not apply.

Any development or enlargement that results in a total of more than 250 dwelling units of affordable independent residences for seniors in Area SH shall be permitted only upon authorization of the City Planning Commission, pursuant to Section 107-672 (In Area SH).

(3/22/16)

107-412
Special bulk regulations for certain community facility uses in lower density growth management areas

The bulk regulations of this Chapter applicable to residential buildings shall apply to all zoning lots in lower density growth management areas containing buildings used for:

(a) ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), except where such zoning lot contains buildings used for hospitals, as defined in the New York State Hospital Code, or long-term care facilities; or

(b) child care services as listed under the definition of school in Section 12-10 (DEFINITIONS), except where such zoning lot contains buildings used for houses of worship or, for zoning lots that do not contain buildings used for houses of worship, where the amount of floor area used for child care services is equal to 25 percent or less of the amount of floor area permitted for community facility use on the zoning lot.

(3/22/16)

107-42
Minimum Lot Area and Lot Width for Residences
For all #zoning lots# containing #residences#, the minimum #lot area# and #lot width# requirements set forth in the table in this Section shall apply, which shall vary by #building# height. Where two or more #buildings# that are #single-# or #two-family detached# or #semi-detached residences# are located on a #zoning lot#, the applicable minimum #lot area# requirement shall be multiplied by the number of such #buildings# on the #zoning lot#.

The #lot width# requirements set forth in this Section shall be applied as set forth in the definition of #lot width# in Section 12-10 (DEFINITIONS), provided that the applicable #lot width#, in feet, set forth in the table shall be met along at least one #street line# of the #zoning lot#, or, for #corner lots#, along each intersecting #street line#. No #residence#, or portion thereof, shall be permitted between opposing #side lot lines# where such #lot lines# would be nearer to one another at any point where such #residence# is located than the applicable minimum lot width, in feet, set forth in the table.

However, one #single-family detached residence# or, where permitted, one #single# or #two-family residence#, may be built upon a #zoning lot# consisting entirely of a tract of land, that:

(a) has less than the minimum #lot area# or #lot width# required pursuant to this Section; and

(b) was owned separately and individually from all other adjoining tracts of land, both on December 8, 2005, and on the date of application for a building permit.

In all cases, the density regulations of the applicable district shall remain in effect, except that the factor for determining the maximum number of #dwelling units# shall be 1,000 in R3A and R4A Districts, 1,140 in R3X Districts, and 685 for #semi-detached residences# in R3-1 and R3-2 Districts.

(3/22/16)

### 107-421
Minimum lot area and lot width for zoning lots containing certain community facility uses

In R1, R2, R3-1, R3A, R3X, R4-1 and R4A Districts, the provisions of this Section shall apply to #zoning lots# containing #buildings# used for:

(a) ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), except where such #zoning lot# contains #buildings# used for hospitals, as defined in the New York State Hospital Code, or #long-term care facilities#; and

(b) child care service as listed under the definition of #school# in Section 12-10 (DEFINITIONS), except where:

(1) such #zoning lot# contains #buildings# used for houses of worship; or

(2) for #zoning lots# that do not contain #buildings# used for houses of worship, where the amount of #floor area# used for child care services is equal to 25 percent or less of the amount of #floor area# permitted for #community facility use# on the #zoning lot#.
The minimum lot area for such zoning lots containing ambulatory diagnostic or treatment health care facilities shall be 5,700 square feet, and the minimum lot area for such zoning lots containing child care services shall be 10,000 square feet. Where such uses are located on the same zoning lot#, the applicable lot area requirement shall be allocated separately to each such use#. In addition, each such zoning lot# shall have a minimum lot width# of 60 feet. Such lot width# shall be applied as set forth in the definition of lot width# in Section 12-10, provided that such lot width# shall also be met along at least one street line# of the zoning lot#. No building#, or portion thereof, shall be permitted between opposing side lot lines# where such side lot lines# would be nearer to one another at any point than 60 feet.

For such zoning lots# containing multiple buildings# used in any combination for ambulatory diagnostic or treatment health care facilities, child care services or residences#, the applicable minimum lot area# and lot width# requirements shall be allocated separately to each such building#.

(8/12/04)

107-43
Maximum Height for Buildings or Structures

Subject to the requirements for maximum height of walls and required setbacks in Sections 23-63, 24-52 or 33-43, no building# shall exceed a height of four stories# and no structures other than buildings# shall exceed a height of 50 feet, unless modified by a special permit of the City Planning Commission, pursuant to Section 107-73 (Exceptions to Height Regulations).

(10/17/07)

107-44
Maximum Floor Area Ratio for Community Facility Uses

The provisions of Sections 24-13 (Floor Area Bonus for Deep Front and Wide Side Yards) and 33-15 (Floor Area Bonus for Front Yards) shall not apply to any community facility uses# located in the Special District.

(2/2/11)

107-45
Required Open Space for Residences

Any required open space# on a zoning lot# which includes designated open space# is subject to the special regulations set forth in Section 107-22 (Designated Open Space).

For buildings# containing residences# on zoning lots# that include designated open space#, driveways, private streets, open accessory# parking spaces or open accessory# off-street loading berths may occupy not more than the area set forth for the following districts:
(a) in R1, R2, R3-1, R3-2 and R4 Districts, not more than 50 percent of the required #open space# not within the #designated open space#; or

(b) in R3A, R3X, R4A and R4-1 Districts, not more than 50 percent of the #lot area# not occupied by #buildings# containing #residences# and not within the #designated open space#.

However, in all districts, a greater percentage may be so occupied if authorized by the City Planning Commission in accordance with the provisions of Section 107-661 (Modification of permitted obstructions).

(9/11/75)

107-46
Yard and Court Regulations

(2/2/11)

107-461
Front yards

In all #Residence Districts#, the #front yard# requirements of the underlying districts shall apply, except that in R2 Districts without a letter suffix, R3-1, R3-2, R4 Districts without a letter suffix and R5 Districts without a letter suffix, #front yards# shall be at least 18 feet in depth. On #corner lots#, one #front yard# may have a lesser depth as permitted by the underlying district regulations.

(11/15/06)

107-462
Side yards

In all districts, except R1 Districts, for all #single-# or #two-family detached# and #semi-detached residences#, the #side yards# shall relate to the height of the #building# as set forth in the following table, except that in R1, R2, R3, R4A and R4-1 Districts, on a #corner lot#, one #side yard# shall be at least 20 feet in width:

<table>

</table>

REQUIRED SIDE YARDS
In Area LL, as shown on the District Plan (Map 4 in Appendix A) of this Chapter, two #side yards# with a total width of at least 16 feet shall be required for all #residences#, and each #side yard# shall have a minimum width of eight feet. However, the minimum #side yard# widths set forth in this table shall apply to any #development# on a #zoning lot# having an area of at least 1.5 acres for which applications for certifications pursuant to Sections 107-08 (Future Subdivision) and 107-121 (Public schools) have been filed prior to March 1, 2003.

In R1 Districts, the #side yard# regulations of Section 23-46 shall apply.

(2/2/11)

107-463
Side yard regulations for other residential buildings

For all #residential buildings# other than #single# or #two-family detached# or #semi-detached residences#, the provisions of Section 23-462 (Side yards for all other residential buildings) shall apply, except that no #side yard# shall have a width less than 10 feet.

Furthermore, for #attached residences# that #abut# an #attached building# on a separate #zoning lot# on one side and are bounded by open area on the other side, one #side yard# with a minimum width of nine feet shall be required for such one or two #story residences#, and one #side yard# with a minimum width of 15 feet shall be required for such three or four #story residences#.

(2/2/11)

107-464
Side yards for permitted non-residential use

For #community facility buildings# or other #buildings# used for permitted non-#residential uses# in #Residence Districts#, the provisions of Section 24-35 (Minimum Required Side Yards) shall apply to such #community facility buildings# or the provisions of Section 23-464 (Side yards for buildings used for permitted non-residential uses) shall apply to such other #non-residential buildings#, except that no #side yard# shall have a width less than 10 feet and, in the case of #buildings# more than three #stories# in height, the required total width of both #side yards# shall not be less than 25 feet.

Where greater widths of #side yards# are required by the provisions of Sections 23-464 or 24-35 than by the provisions of this Section, such requirement of greater width shall apply.

(2/2/11)

107-465
Modifications of special yard regulations for certain zoning lots

On application, the City Planning Commission may, by certification, modify the underlying #rear yard# regulations and
thereby allow single- or two-family residences to be built on the side or rear lot line, provided the following conditions are satisfied:

(a) When a building is located on the side lot line, the entire required side yard equivalent shall be provided along the other side lot line of the same zoning lot. On the adjacent zoning lot there shall be a side yard of at least 10 feet, abutting the building wall which is located on the side lot line.

(b) When a single- or two-family residence is located on the rear lot line, the zoning lots abutting the entire rear lot line shall provide a rear yard of at least 40 feet. If the building on either zoning lot has a height greater than two stories, then such building shall have a 10-foot rear setback above the height of the second story.

(c) When single- or two-family residences share a party wall along the rear lot line, if at any level either building is set back from the rear lot line, each building shall have a setback at the same height and such rear setback shall be at least 20 feet in depth.

The Commission shall also find that:

(1) such modifications of side or rear yards or equivalents blend harmoniously with the entire development;

(2) there is no adverse effect with regard to adequate light and air to the residences;

(3) such modification results in the maximum preservation of trees;

(4) there is an agreement which provides access for maintenance of the building wall located on the lot line; and

(5) a condition to the grant of any certification shall be that the requirements of Section 107-92 (Recordation) have been satisfied.

(2/2/11)

107-466 Court regulations

For any building containing residences not more than one story in height, the area of an inner court shall not be less than 225 square feet and the minimum dimension of such inner court shall not be less than 15 feet.

For any building containing residences more than one story in height, the area of an inner court shall not be less than 400 square feet and the minimum dimension of such inner court shall not be less than 20 feet.

No court regulations shall apply to single- and two-family detached residences.

(2/2/11)
107-467
Modifications of yard and court regulations

The yard and court regulations as set forth in Section 107-46 may be modified by authorization of the City Planning Commission in accordance with the provisions of Section 107-62 (Yard, Court and Parking Regulations).

(9/11/75)

107-47
Special Parking Regulations

(9/11/75)

107-471
For the purposes of this Chapter, the waiver provision set forth in Section 36-231 shall not apply to any development in the Special District.

(9/11/75)

107-472
Maximum size of group parking facility

For the purposes of this Chapter, no accessory group parking facility for non-residential uses shall contain more than 30 off-street parking spaces except as set forth in Section 107-68.

(9/11/75)

107-48
Special Landscaping and Buffering Provisions

(2/2/11)

107-481
Planting provisions along Residence District boundaries

For any commercial or manufacturing development on a zoning lot adjoining a Residence District boundary, there shall be in the open area required by the provisions of Sections 33-29 and 43-30 (SPECIAL PROVISIONS APPLYING ALONG DISTRICT BOUNDARIES) along the lot line adjoining the Residence District, a strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at the time of planting and complying with the provisions applicable to screening for parking areas as set forth in Section 107-483 (Planting and screening for open parking areas).

(2/2/11)

107-482
Landscaped buffer for manufacturing development adjacent to residences

Where an existing #residential use# is located adjacent to a proposed #manufacturing# or #commercial development#, the developer shall plant along that part of the #side# or #rear lot line# adjacent to a #residential use#, a row of evergreen shrubs at least four feet high at the time of planting and which are of a type which may be expected to form a year-round dense screen at least six feet high within three years, or trees selected from Appendix B and spaced at 10 feet on center. Such screening shall be maintained in good condition at all times.

(6/10/09)

107-483
Planting and screening for open parking areas

(a) Tree planting requirements

One tree, of three inch caliper or more, pre-existing or newly planted, shall be provided for each four parking spaces. Such trees may be located in the perimeter landscaped area of the parking area or in planting islands within the parking area.

However, where 30 or more parking spaces are provided, at least 50 percent of the required trees shall be located within planting islands within the parking area. Such planting islands shall have a minimum area of 150 square feet of pervious surface and comply with the requirements of paragraphs (a), (b) and (c) of Section 37-922 (Interior landscaping).

For open parking areas with at least 36 parking spaces, the total number of trees required pursuant to Section 37-922 (Interior landscaping) shall be superseded by the number of trees required pursuant to this Section.

(b) Screening requirements

The parking area shall be screened from all adjoining #zoning lots# by a landscaped area at least four feet in width, densely planted with shrubs maintained at a maximum height of three feet. Such parking area shall also be screened from all adjoining #streets# by a perimeter landscaped area at least seven feet in width. Such perimeter landscaped area may be interrupted only by vehicular entrances and exits. Sidewalks that provide a direct connection between the public sidewalk and a pedestrian circulation route within the parking area may also interrupt a perimeter landscaped area.

In addition, such screening shall be maintained in good condition at all times and may be interrupted by normal entrances and exits.

(c) Planting Waiver

Tree planting and screening requirements may be waived if the Commissioner of Buildings certifies that planting is unfeasible due to:

(1) unique geological conditions, such as excessive subsurface rock conditions or high water table;
(2) underground municipal infrastructure; or

(3) a City, State or Federal mandated brownfield remediation that requires the site to be capped.

Such waiver shall be based on a report prepared by a licensed engineer that such conditions exist.

For #developments# in #Residential Districts#, trees provided in accordance with the provisions of this Section may be counted for the purposes of meeting the requirements of Section 107-322, paragraph (a). Furthermore, for #developments# in #Commercial# or #Manufacturing Districts# which provide trees in accordance with the provisions of this Section, the requirements of Section 107-322, paragraph (a), shall not apply.

(8/17/95)

107-49
Special Regulations for Area M

In Area M, as shown on the District Plan (Map 4 in Appendix A) the regulations of the underlying districts and the Special District are supplemented or modified in accordance with the provisions of this Section. Except as modified by the express provisions of this Section, the regulations of the underlying districts and the Special District remain in effect.

(8/17/95)

107-491
Special use regulations for residential uses

(a) #Residential uses# existing prior to August 17, 1995 shall be considered conforming and when an existing #building# containing such #uses# is damaged or destroyed by any means, it may be reconstructed to its #bulk# prior to such damage or destruction or to R3X District #bulk# requirements, whichever is greater.

(b) #Residential extensions# shall be subject to all of the R3X District regulations and the applicable Special District regulations except that an existing #detached building# may contain non-#residential uses# in addition to not more than two #dwelling units#.

(c) Non-#residential uses# shall be located below the lowest #story# occupied in whole or in part by #residential uses#.

(d) #Floor area# in a #building# originally designed as one or more #dwelling units# that has been continuously vacant for two or more years prior to the date of filing an alteration application, may be re-occupied for #residential use#.

(e) #Residential enlargements# not to exceed 500 square feet shall be permitted subject to all of the R3X District regulations and the applicable Special District regulations, provided that there is no increase in the number of #dwelling units# and that there is no disturbance of the soil.

(f) #Residential developments#, and #residential enlargements# where there is a disturbance of the soil, shall be subject
to the provisions of Section 107-69 (Residential Uses in Area M).

(8/17/95)

107-492
Special bulk regulations

The maximum floor area ratio for two or more uses on a zoning lot shall be determined by the use that is permitted the greatest floor area ratio in Area M (Map 4 in Appendix A), provided that the floor area occupied by each use does not exceed the amount permitted by the floor area ratio for that use in Area M.

(2/2/11)

107-50
CERTIFICATIONS

Administrative certifications from the City Planning Commission are required, as set forth in various sections of this Chapter, in any one of the following circumstances:

(a) when a tract of land is subdivided, as set forth in Section 107-08 (Future Subdivision);

(b) when a development contains residential uses, as set forth in Section 107-121 (Public schools);

(c) when a zoning lot contains designated open space, as set forth in Section 107-22 (Designated Open Space);

(d) where required yards or equivalents are to be modified as set forth in Section 107-465 (Modifications of special yard regulations for certain zoning lots);

(e) where a zoning lot along an arterial requests more than one curb cut, as set forth in Section 107-251 (Special provisions for arterials);

(f) where plant material is substituted for required trees as set forth in Section 107-323 (Substitution of other plant materials);

(g) when development takes place within areas D, F, or K, as set forth in Section 107-02 (General Provisions); or

(h) when a zoning lot contains a portion of the proposed waterfront esplanade, as set forth in Section 107-23 (Waterfront Esplanade).

(9/11/75)

107-60
AUTHORIZATIONS

(11/15/06)
107-61
General Provisions

On application, the City Planning Commission may grant authorizations for modifications of specified regulations of this Chapter or of the underlying districts in accordance with the provisions of Sections 107-62 to 107-69, inclusive, relating to authorizations.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorizations.

(2/2/11)

107-62
Yard, Court and Parking Regulations

For any #zoning lots#, the City Planning Commission may authorize variations in the #yard# or #court# regulations as set forth in Section 107-46 or in the location of parking, driveway or curb cut regulations as set forth in Sections 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), 25-621 (Location of parking spaces in certain districts), 25-622 (Location of parking spaces in lower density growth management areas) and 25-631 (Location and width of curb cuts in certain districts) for the purpose of allowing proper arrangements of #buildings#, driveways or required parking areas so as to avoid the destruction of existing topography and individual trees of six-inch caliper or more. #Rear yard#, #side yard# or #side yard# equivalent variations shall not be authorized on the periphery of a #development# unless acceptable agreements are jointly submitted for #development# of two or more adjacent #zoning lots# by the owners thereof, incorporating the proposed #yard# or #side yard# equivalent variations along their common #lot lines#.

As a condition for granting such authorizations, the Commission shall find that the proposed placement of #buildings# and arrangement of #open spaces# will not have adverse effects upon light, air and privacy on adjacent #zoning lots#.

(2/2/11)

107-63
Minimum Distance Between Buildings

For any #development# containing #residences#, the City Planning Commission may authorize the location of #buildings#, on a single #zoning lot# without regard for spacing between #buildings# regulations, provided that the resultant spacing will not be reduced beyond an amount considered appropriate by the Commission and in no case by more than 15 percent of that required by Section 23-71 (Minimum Distance Between Buildings on a Single Zoning Lot).

(9/11/75)

107-64
Removal of Trees

For any #development#, the City Planning Commission may authorize
the removal of trees of six-inch caliper or more whose removal would otherwise be prohibited under the provisions of Section 107-32 (Tree Regulations), provided that the Commission makes one or more of the following findings:

(a) that the tree's retention would cause serious disadvantage in the arrangement of open areas on the lot, impairing the usefulness of such areas;

(b) that such tree is located in an area where more than two feet of cut or fill is required and measures for saving the tree would be extremely difficult and impractical; or

(c) that provision of a segment of the waterfront esplanade is not feasible without such tree's removal.

(2/2/11)

107-65
Modifications of Existing Topography

For any development or site alteration, the City Planning Commission may authorize modifications of the natural topography existing on September 11, 1975, beyond the amount specified in Section 107-31 (Topographic Regulations), provided that the Commission finds that:

(a) development on the zoning lot is not feasible without such modifications;

(b) such modification of topography is necessary to accommodate public amenities, such as public pedestrian ways, the waterfront esplanade or active recreational facilities within a designated open space as required under the provisions of this Chapter;

(c) such modification will not cause unnecessary disturbance of the drainage pattern in the area; and

(d) such modified topography will have minimal impact on the existing natural topography of the surrounding area and will blend harmoniously with it.

Where a permit for land contour work or topographic modification is required from the Department of Transportation or the Department of Buildings, the City Planning Commission and other such agencies shall jointly determine the conditions under which such topographic modification may be permitted so as best to serve the purposes of the Special District, in accordance with the provisions of Section 107-91 (Inter-agency Coordination).

(9/11/75)

107-66
Developments Partly Within Designated Open Space

(2/2/11)

107-661
Modification of permitted obstructions
For developments containing residences on zoning lots partly within designated open space, the City Planning Commission, on application, may modify the requirements of Section 107-45 (Required Open Space for Residences) to permit more than 50 percent of the required open space, not within the designated open space, to be occupied by driveways, private streets, open accessory off-street parking spaces or open accessory off-street loading berths, if the Commission finds that such facilities are so arranged and landscaped as to afford an acceptable standard of amenity for the development and its surroundings.

(2/2/11)

107-662
Modification of required yards of building setbacks

On application, the City Planning Commission may grant an authorization modifying the building setback requirements of Section 107-251 (Special provisions for arterials), provided that the Commission finds that:

(a) the area of that portion of the zoning lot which is designated as designated open space on the District Plan in Appendix A of this Chapter, is at least equal to the area of the required building setback front yard or yards, or portion thereof, which is waived;

(b) along any front lot line abutting an arterial, a front setback shall be provided having a depth to be determined by the Commission and which shall be improved in accordance with a landscape plan approved by the Commission; and

(c) building placement leaves adequate spaces for the provision of street trees.

(11/15/06)

107-67
Uses and Bulk Permitted in Certain Areas

(2/2/11)

107-671
In Areas F and K

In Areas F and K, as shown in the District Plan (Map 4 in Appendix A), the City Planning Commission may authorize one or more uses in the Use Groups specified in this Section not permitted by the underlying district regulations.

As a condition for such authorization, the Commission shall find that:

(a) such uses are so located as not to impair the essential character of the surrounding area for its future development;

(b) the minimum lot area of a zoning lot on which such
#uses# are located is at least 20 acres;

(c) vehicular access and egress for such proposed #uses# are located and arranged so as to draw a minimum of vehicular traffic to and through local #streets# in nearby residential areas; and

(d) where vehicular access and egress are located on an #arterial#, such location affords the best means for controlling the flow of traffic generated by such proposed #uses# to and from such #arterial#.

In each case the Commission may prescribe additional conditions and safeguards, including requirements for adequate screening, planting or landscaping.

(3/22/16)

107-672

In Area SH

The City Planning Commission may authorize #developments# that will result in more than 250 #dwelling units# of #affordable independent residences for seniors# in Area SH, as shown on the District Plan (Map 4 in Appendix A), provided such #developments# comply with the #use# and #bulk# regulations of R3-2 Districts, except that the maximum #floor area ratio#, maximum #lot coverage# and minimum required #open space# shall be as set forth for R3-2 Districts in Section 23-142 (Open space and floor area regulations in R1 and R2 Districts with a letter suffix and R3 through R5 Districts), as modified by this Chapter. The provisions of Section 23-144 (Affordable independent residences for seniors) shall not apply.

In order to grant such authorization, the Commission shall find that:

(a) such #developments# are part of a superior site plan;

(b) such #residences# are compatible with the character of the surrounding area; and

(c) the #streets# providing access to such #residences# are adequate to handle the traffic generated thereby or provision has been made to handle such traffic.

(2/2/11)

107-68

Modification of Group Parking Facility and Access Regulations

For a permitted #commercial#, #community facility# or #manufacturing use#, the City Planning Commission may authorize more than 30 #accessory# off-street parking spaces, and for any #use#, may modify access restrictions with regard to curb cuts as
set forth in paragraph (a) of Section 107-251 (Special provisions for arterials) or paragraph (a) of Section 107-252 (Special provisions for park streets). In order to grant such authorization, the Commission, upon a review of the site plan, shall find that:

(a) vehicular access and egress are located and arranged so as to draw a minimum of vehicular traffic to and through local streets in nearby residential areas;

(b) where vehicular access and egress are located on an arterial or park street, such location affords the best means for controlling the flow of traffic generated by such use to and from such arterial or park street, and does not unduly interfere with pedestrian traffic; and

(c) the location of such vehicular access and egress permits better site planning.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area and may, in appropriate cases, condition its authorization upon compliance with an approved site and landscaping plan. The Commission may also permit modifications to parking lot landscaping and maneuverability requirements only if such modifications preserve vegetation and natural topography.

(8/17/95)

107-69 Residential Uses in Area M

(a) The City Planning Commission may authorize developments, or enlargements of residential uses in excess of 500 square feet, or in any case where there would be a disturbance of the soil, for the following:

(1) zoning lots with residential or community facility uses existing on August 17, 1995; or

(2) zoning lots that have been vacant or land with minor improvements for at least two years immediately prior to the date of application for the authorization.

(b) No building shall be constructed for occupancy by both residential and manufacturing uses. All residential uses shall comply with the R3X District regulations and all commercial uses shall comply with the M1-1 District regulations. All developments or enlargements shall comply with the applicable Special District regulations:

(c) In authorizing new residential uses and residential enlargements, the Commission shall find that:

(1) the residential use will not be exposed to excessive noise, smoke, dust, noxious odor, toxic metals, safety hazards, or other adverse impacts from commercial or manufacturing uses;

(2) there are no open uses listed in Use Group 18 within 400 feet of the zoning lot;

(3) the residential use shall not adversely affect commercial or manufacturing uses in the Special District; and
the authorization shall not alter the essential character of the neighborhood or district in which the use is located, nor impair the future use or development of commercial and manufacturing uses on nearby zoning lots.

In granting such authorization, the Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

107-70 SPECIAL PERMITS

107-71 General Provisions

On application, the City Planning Commission, may grant special permits for modifications of specified regulations of this Chapter or of the underlying districts in accordance with the provisions of Sections 107-72 to 107-78, inclusive, relating to Special Permits.

107-72 Qualification of Designated Open Space as Lot Area

For any development containing designated open space, the City Planning Commission may allow the amount of designated open space to be counted as lot area for bulk computations to exceed the amount permitted under Section 107-224.

As a condition for granting a permit for such modifications, the Commission shall find that:

(a) that for the occupants of the site itself, the ill effects of concentration of buildings or accessory off-street parking are avoided or overcome by the manner in which the buildings are sited and yards and other open areas arranged; and

(b) that the concentration of buildings or activities will not adversely affect any other zoning lot outside the development by restricting access of light and air, impairing privacy or creating traffic congestion.

107-73 Exceptions to Height Regulations

For any development, the City Planning Commission may grant a special permit to modify the height regulations as set forth in
Section 23-631, paragraphs (b), (c) and (d) and Section 107-43, provided that the Commission finds that:

(a) such #development# is so located as not to impair the essential character of the surrounding area;

(b) by concentrating permitted #floor area# in a #building# or #buildings# of greater height covering less land, the preservation of existing topography, #designated open space# or the protection of an outstanding view from a public space, will be assured, and that such preservation would not be possible by careful siting of lower #buildings# containing the same permitted #floor area# and covering more land; and

(c) that the #development's# design proposals take full advantage of all special characteristics of the site.

(2/2/11)

107-74
Modification of Permitted Use Regulations

For any #development#, the City Planning Commission may grant special permits to allow #semi-detached# or #attached single-family residences# in R2 Districts and #attached single-# or #two-family residences# in R3-1 Districts. As a condition for granting such special permits, the Commission shall find that:

(a) only by modifying the #residential building# type, the preservation of trees over six-inch caliper and of existing topography can be assured;

(b) by inclusion of the proposed #residential building# types, better standards of privacy and usable #open space# can be achieved; and

(c) if the #zoning lot# is located in the #designated open space#, the prohibition of #development# on the #designated open space# requires the permitted #development# to be concentrated in the remaining portion of the tract.

(2/2/11)

107-75
Modification of Underlying R1-1 District Regulations

For any #development#, the City Planning Commission may grant special permits for the modifications of underlying R1-1 District regulations on #yards# or #courts# where such modifications are appropriate in order to:

(a) permit siting of a #building# or driveway so as to avoid destruction of a valuable tree of six-inch caliper or more; or

(b) allow a #building# to be arranged on a #zoning lot# that includes #designated open space# without encroaching on such #designated open space#.

As a condition for granting such modifications, the Commission shall find that:
(1) the siting of the #building# will not adversely affect adjacent properties by impairing privacy or access of light and air;

(2) the benefits to the surrounding area from the proposed arrangement of #buildings# and #open spaces# outweigh any disadvantages which may be incurred thereby in the area; and

(3) such modification is the least modification required to achieve the purpose for which it is granted.

The Commission may impose appropriate conditions or safeguards, such as special landscaping requirements, to minimize any adverse effects on the character of the surrounding area.

(9/11/75)

107-76
Boundary Adjustments in Designated Open Space

The City Planning Commission may grant special permits to allow adjustments in the boundaries of the #designated open space# on a #zoning lot# provided that such adjustment will not place the new boundary closer than 60 feet to a watercourse. As a condition for such adjustment in the boundaries, the Commission shall find that such adjustment will:

(a) result in a substantial improvement in the quality and usefulness of the #designated open space#; or

(b) permit #development# which better satisfies the purposes of this Chapter and that the new features which will be added to the #designated open space# will be at least equal in quality to those which are displaced from it; and

(c) provide an equivalent area replacement for the area removed from the #designated open space#.

(2/2/11)

107-77
Community Facility Buildings or Treatment Plants Permitted in Designated Open Space

The City Planning Commission may grant special permits for the construction of sewage disposal plants or pumping stations or #community facility uses# listed in Section 78-352 (Bonus for community facility space) in #designated open space# where such #uses# are permitted by the underlying district regulations provided the Commission finds that:

(a) an amount of open area outside the boundary of the #designated open space#, at least equal to the coverage of any #building or other structure# permitted under this Section, shall be added to the #designated open space#, and action shall be taken to change the boundary of the #designated open space# pursuant to Section 107-76 (Boundary Adjustments in Designated Open Space);

(b) such added open area forms a continuous part of the #open space network#, and does not interrupt or foreclose the continuity of a public pedestrian way;
(c) such added open area shall contain natural (aquatic, botanic, geologic or topographic) features that are equal or better in quality to those displaced by the \#development\; and

(d) such sewage disposal plants and sewage pumping stations meet the requirements of Section 74-73, inclusive.

The City Planning Commission may prescribe appropriate conditions and safeguards to enhance the character of the \#designated open space\.

(9/11/75)

107-78
Other Buildings Permitted in Designated Open Space

On any \#zoning lot\ located partially within the \#designated open space\, the City Planning Commission may grant a special permit to allow a \#building\ to encroach on the \#designated open space\ where \#development\ is not feasible without encroachment on the \#designated open space\%. As a condition for permitting such construction, the Commission shall find that the \#development\, as authorized, will result in the minimum interference with the \#designated open space\ that must be permitted in order to allow reasonable \#development\ and \#bulk\ distribution under the regulations of the underlying district or as such regulations are modified by the provisions of this Chapter.

The Commission may prescribe appropriate conditions and safeguards to enhance the character of the \#designated open space\.

(9/11/75)

107-80
LARGE-SCALE RESIDENTIAL DEVELOPMENT REGULATIONS

(9/11/75)

107-81
Applicability of Large-scale Residential Development Regulations

All regulations of Article VII, Chapter 8 (Special Regulations Applying to Large-scale Residential Development), are applicable in the Special District.

(9/11/75)

107-82
Applicability of Large-scale Residential Development Regulations to Parcels Containing Designated Open Space

Any \#development\ used predominantly for \#residential use\ on a \#zoning lot\ which includes \#designated open space\ may be treated as a \#large-scale residential development\, and special authorizations or special permits for such \#development\ may be granted in accordance with the provisions of Article VII, Chapter
8, as modified herein, regardless of whether such development will have the area, number of buildings, or number of dwelling units specified in the definition of large-scale residential development as set forth in Section 12-10 (DEFINITIONS), except as provided in Sections 107-821 to 107-823, inclusive.

(9/11/75)

107-821
Bonus provisions

Bonuses which may be granted for large-scale residential developments under the provisions of Sections 78-32 (Bonus for Good Site Plan), 78-33 (Bonus for Common Open Space) or 78-35 (Special Bonus Provisions), may not be granted for developments which have less than the minimum area, number of buildings or number of dwelling units required by the definition of a large-scale residential development.

(9/11/75)

107-822
Lot area restriction

Authorizations or special permits granted within the Special South Richmond Development District pursuant to this Resolution shall be consistent in all cases with the provisions of Section 107-224 (Qualification of designated open space as lot area for bulk computations).

(2/2/11)

107-823
Common open space

Approval by the City Planning Commission of a development plan incorporating designated open space as common open space shall be conditioned upon the findings required in Section 78-52 (Common Open Space), except that the Commission may waive or modify any requirements of paragraph (g) of Section 78-52.

Notwithstanding any provision in Article VII, Chapter 8, or elsewhere in this Zoning Resolution, if the City of New York acquires title or a less than fee interest in any designated open space which serves as required open space for a development and the acquisition occurs while the development is under construction or after it is completed, it shall not affect the area's qualifications for satisfying open space requirements for zoning lots in the development.

(9/11/75)

107-83
Modification of Minimum Required Lot Area for Residences

Modification of minimum required lot area for residences as set forth in Section 107-42 may be granted by the City Planning Commission, pursuant to Section 78-311, paragraph (c).
107-84  Joint Applications

Notwithstanding the provisions of Section 78-06 (Ownership), a tract of land which includes designated open space and which is the subject of an application under the provisions of Section 107-81 (Applicability of Large-scale Residential Development Regulations), may include adjacent properties in more than one ownership, provided that the application is filed jointly by the owners of all the properties included. Any subdivision of the tract reflecting ownerships at the time of application or creating new ownerships before, during or after development shall be subject to the provisions of Section 78-51 (General Provisions).

107-90  SPECIAL ADMINISTRATIVE PROVISIONS

107-91  Inter-agency Coordination

Where an authorization or permit for a site alteration or development is required from the City Planning Commission pursuant to this Chapter and where a permit is required from the Department of Transportation or Department of Buildings for land contour work, or from the Department of Environmental Protection for a storm water drainage system for buildings or adjacent areas, or where construction of a public improvement project is undertaken by a City agency, the Department of City Planning and the agencies involved shall jointly determine the conditions under which such proposed development or site alteration will best meet the purposes of the Special South Richmond Development District. Applications for any required permit or authorization shall be filed simultaneously with each agency from which the permit or authorization is required.

107-92  Recordation

When any yard requirement of the applicable district regulations is modified by the City Planning Commission pursuant to Section 107-46 (Yard and Court Regulations), prior to the filing of an application for any permit with the Department of Buildings, there shall be recorded in the Office of the County Clerk, County of Richmond, and indexed against such zoning lots to be developed as a unit, an instrument describing all conditions and restrictions required by the Commission for the development and use of such zoning lots. Recordation of instruments may be required in connection with any other zoning application hereunder. A certified copy of such instrument shall
be submitted to the City Planning Commission upon recordation thereof.

The Special South Richmond Development District Plan, individual District Plan Maps and Tree Selection Tables are incorporated as Appendices A and B of this Chapter.

Article X: Special Purpose Districts
Chapter 8: Special Hunts Point District

Effective date of most recently amended section of Article X Chapter 8: 12/20/18
Article X - Special Purpose Districts

Chapter 8
Special Hunts Point District

108-00
GENERAL PURPOSES

The “Special Hunts Point District” established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Hunts Point community. These goals include, among others, the following specific purposes:

(a) to provide a buffer of high-performance industrial and other commercial establishments around the residential area;

(b) to encourage the development of food-related businesses and other compatible businesses;

(c) to create a transition between the Hunts Point Food Market and related businesses and the adjacent neighborhood;

(d) to retain jobs in New York City;

(e) to promote the development of retail businesses in the neighborhood;

(f) to provide an opportunity for the physical improvement of Hunts Point; and

(g) to promote the most desirable use of land and thus conserve the value of land and buildings and thereby protect City tax revenues.

108-01
General Provisions
In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Hunts Point District#, the provisions of this Chapter shall apply to all #developments# and #enlargements# within the #Special Hunts Point District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(7/23/08)

108-02
District Plan and Maps

The District Plan for the #Special Hunts Point District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Hunts Point District#.

These areas shall include the Residential Buffer and the Food Industry Subdistricts.

The District Plan includes the #Special Hunts Point District# Map located in Appendix A to this Chapter.

The map is hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter shall apply.

(7/23/08)

108-10
USE REGULATIONS
108-11
Use Modifications in the Special Hunts Point District

In the Special Hunts Point District, hotels or motels shall not be permitted within the areas designated on the Special Hunts Point District Map in Appendix A. Within such areas, Section 74-803 (Transient hotels within M1 Districts) shall not be applicable.

108-12
Use Modifications in the Residential Buffer Subdistrict

(a) In the Special Hunts Point District, the use regulations of the underlying M1-2 District within the Residential Buffer Subdistrict shall be modified to permit the following uses:

From Use Group 3A

Libraries, museums or non-commercial art galleries

From Use Group 4A

Clubs

Community centers, not including settlement houses

Non-commercial recreational centers

From Use Group 6A, with no limitation as to floor area per establishment

Food stores, including supermarkets, grocery stores, meat markets or delicatessen stores

From Use Group 10A, with a limitation of 40,000 square feet of floor area per establishment within 500 feet of the center line of Garrison Avenue
Carpet, rug, linoleum or other floor covering stores
Clothing or clothing accessory stores
Department stores
Dry goods or fabric stores
Furniture stores
Television, radio, phonograph or household appliance stores
Variety stores.

(b) In the #Special Hunts Point District#, Use Group 18 #uses# shall not be permitted in the underlying M1-2 District within the Residential Buffer Subdistrict, except that breweries, limited to 10,000 square feet of #floor area# per establishment, shall be permitted.

(7/23/08)

108-13
Use Modifications in the Food Industry Subdistrict

In the #Special Hunts Point District#, in the underlying M1-2 District within the Food Industry Subdistrict, #uses# listed in Section 42-15 (Use Group 18) shall not be permitted, except for the following:

From Use Group 18A:

Beverages, alcoholic or breweries

Machinery, heavy, including electrical, construction, mining, or agricultural, including repairs

Metal or metal products, treatment or processing, including enameling, japanning, lacquering, galvanizing or similar processes

Plastic, raw
Steel, structural products, including bars, girders, rails, wire rope or similar products

From Use Group 18B:

Refrigerating plants.

(7/23/08)

108-14
Enclosure Regulations

In the #Special Hunts Point District#, all #uses# listed in Use Groups 16, 17 and 18 shall be located within completely enclosed #buildings#, except that building materials or contractors’ yards, listed in Use Group 17, may be open or enclosed.

(9/21/11)

108-15
Applicability of Article V, Chapter 2 (Non-conforming Uses)

In the #Special Hunts Point District#, a #non-conforming use# may be changed only to a #conforming use#.

The following sections pertaining to #non-conforming uses# in the #Special Hunts Point District# shall not apply:

Section 52-32  (Land With Minor Improvements)
Section 52-33  (Manufacturing or Related Uses in Residence Districts), inclusive
Section 52-34  (Commercial Uses in Residence Districts)
Section 52-35  (Manufacturing or Related Uses in Commercial Districts)
Section 52-36  (Non-conforming Commercial Uses in Commercial Districts)
Section 52-37  (Non-conforming Commercial Uses in Manufacturing Districts)
In the Residential Buffer Subdistrict, parking shall be provided at the rate of one space per 300 square feet of #floor area# for food stores, including supermarkets, grocery stores, meat markets or delicatessen stores. #Cellar# space used for retailing shall be included for the purpose of calculating requirements for #accessory# off-street parking spaces and #accessory# off-street loading berths.
108-30
MODIFICATION OF STREET TREE REQUIREMENTS

Notwithstanding the provisions of Section 43-02 (Street Tree Planting in Manufacturing Districts), all developments or enlargements within the Special Hunts Point District that include uses listed in Use Group 17 or 18 shall provide street trees in accordance with Section 26-41 (Street Tree Planting). The street frontage used to calculate the number of required trees may exclude the street frontage occupied by curb cuts serving uses listed in Use Groups 17 or 18.

Recent amendments to the Zoning Resolution also appear on the Web prior to being incorporated into the print version of the Resolution.
Article X - Special Purpose Districts

Chapter 9
Special Little Italy District

109-00
GENERAL PURPOSES

The "Special Little Italy District" established in this Resolution is designed to promote and protect public health, general welfare and amenity. These general goals include, among others, the following specific purposes:

(a) to preserve and strengthen the historical and cultural character of the community;

(b) to protect the scale of storefronts and character of the existing retail uses along Mulberry Street and other major shopping streets so that Little Italy will remain a unique regional shopping area, and thereby strengthen the economic base of the City;

(c) to preserve the vitality of street life by reducing conflict between pedestrian and vehicular traffic;

(d) to permit rehabilitation and new development consistent with the residential character and scale of the existing buildings in the area;

(e) to provide amenities, such as public open space, and street trees, to improve the physical environment;

(f) to discourage the demolition of noteworthy buildings which are significant to the character of the area; and

(g) to promote the more desirable use of land in the area and thus to preserve the value of land and buildings, and thereby protect and strengthen the City's tax revenues, consistent with the foregoing purposes.
109-01
Definitions

For the purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) or Section 109-01 (Definitions).

Open recreation space

"Open recreation space" is that part of a #zoning lot#, including #courts#, #yards# and roof areas, which is unobstructed from its lowest level to the sky except for landscaping and planting requirements pursuant to Sections 109-14, 109-34 and 109-42.

(3/22/16)

109-02
General Provisions

In harmony with the general purposes and intent of this Resolution and the general purposes of the #Special Little Italy District# and in accordance with the provisions of this Chapter, certain specified regulations of the districts on which the #Special Little Italy District# are superimposed are made inapplicable, and special regulations are substituted therefore in this Chapter.

Except as modified by the express provisions of this Special District, the regulations of the underlying zoning district remain in effect. For the purposes of this Chapter, the provisions of Sections 23-15, 23-20 and 33-13 are made inapplicable.

The use of the public #streets# and sidewalks for the maintenance of #sidewalk cafes#, outdoor cafes or any other structures shall require the separate approval of the Board of Estimate, which may be granted upon such terms and conditions as the Board of Estimate may deem appropriate.

Within the Special District, in accordance with a comprehensive survey of its structures, #buildings# of special significance to the community and City as a whole, have been identified and are listed in Appendix B. Such #buildings# are unique either because they are socially or traditionally significant or because they are important physical influences in the life and image of the community. Such #buildings# shall not be demolished or have their external architectural features altered except as set forth in Section 109-52 (Special Permit Provisions). No demolition permit or alteration permit for alterations which may affect the
The District Map for the Special Little Italy District (Appendix A) identifies specific areas comprising the Special District in which special zoning regulations carry out the general purposes of the Special Little Italy District. These areas and the sections of this Chapter which contain regulations pertaining thereto are as follows:

Area A  PRESERVATION AREA (Section 109-10)
Area A1 MULBERRY STREET REGIONAL SPINE (Section 109-20)
Area B  HOUSTON STREET CORRIDOR (Section 109-30)
Area C  BOWERY, CANAL, KENMARE STREET CORRIDOR (Section 109-40)

The District Map in Appendix A of this Chapter is hereby incorporated as an integral part of the Special Little Italy District.

Whenever a zoning lot is divided by the boundaries of an area as created by Section 109-03 (District Map) and as indicated on the District Map in Appendix A, the zoning lot shall be subject to the regulations of the area in which the greater portion of its frontage lies except that, in the case of any zoning lot having 15 feet or more frontage within Area A1 (Mulberry Street Regional Spine), the regulations of Area A1 shall apply to such zoning lot.
109-10
PRESERVATION AREA (Area A)

The provisions of this Section 109-10, inclusive, shall apply within Area A (Preservation Area) as shown on the District Map in Appendix A.

109-11
Special Use Regulations

109-111
Special regulations for existing commercial or manufacturing uses

The continuation, extension or change of use of existing commercial or manufacturing uses within Area A shall be governed by the underlying district use regulations.

109-112
Special use regulations for developments

For any building or portion of a building developed or enlarged after February 3, 1977, within Area A, uses listed in the underlying district regulations are permitted except that such uses shall not include those listed in Use Groups 6D, 8C, 10, and 12D, unless authorized by the City Planning Commission pursuant to Section 109-514 (Modifications by authorization).

109-12
Bulk Regulations
109-121
Floor area regulations

Within Area A, the maximum #floor area ratio# for a #zoning lot# shall not exceed the following:

<table>
<thead>
<tr>
<th>Lot Type</th>
<th>Maximum Permitted #Floor Area Ratio#</th>
</tr>
</thead>
<tbody>
<tr>
<td>#Corner lots#</td>
<td>4.8</td>
</tr>
<tr>
<td>#Interior or #through lots#</td>
<td>4.1</td>
</tr>
</tbody>
</table>

109-122
Lot coverage, through lot and rear yard regulations

Within Area A, the maximum #lot coverage# for a #zoning lot# shall not exceed the following percentages:

<table>
<thead>
<tr>
<th>Lot Type</th>
<th>Maximum #Lot Coverage# (in percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>#Corner lot#</td>
<td>100</td>
</tr>
<tr>
<td>#Interior lot#</td>
<td>60</td>
</tr>
<tr>
<td>#Through lot#, except as provided below</td>
<td>60</td>
</tr>
</tbody>
</table>

However, when a #through lot# is #developed# with more than one #building#, the maximum #lot coverage# on such #through lot# may be increased from 60 percent to 70 percent, provided that no portion of any #building# on such #zoning lot# penetrates the "Rear Height Limit Plane," as set forth in this Section. The Rear Height Limit Plane shall begin at a point 23 feet above #curb level# and shall be located 30 feet away from, and on both sides of, the line equidistant from the two #street lines#. The slope of the Rear Height Limit Plane shall be 2.7 feet vertical to 1
foot horizontal.

All buildings developed after February 3, 1977, shall have a rear yard with a depth of not less than 30 feet.

---

REAR HEIGHT LIMIT PLANE

(7/26/01)

109-123
Floor area per room regulations

For the purposes of this Chapter, the density requirements of Sections 23-22, 23-24 or 35-40 shall not apply to any development or enlargement. In lieu thereof, there shall be not more than one room for each 230 square feet of gross residential floor area.

(2/2/11)

109-124
Height and setback regulations

The maximum height of any building or other structure shall not exceed 75 feet or seven stories above the curb level, whichever is less, unless allowed by the City Planning Commission pursuant to Section 109-514.

However, the provisions of this Section shall not apply to enlargements if, prior to February 2, 2011, a building permit
has been lawfully issued authorizing such construction.

(2/3/77)

109-13
Special Front Wall Regulations

(2/2/11)

109-131
Building facades

The front building wall of any building shall extend along the full length of its front lot line not occupied by existing buildings to remain and shall rise without setback up to a height of six stories or 65 feet, or the height of the building, whichever is less. Above that height, the front building wall shall set back at least 10 feet. Front wall recesses are permitted provided that the aggregate length of such recesses, excluding window fenestration, at the level of any story does not exceed 25 percent of the length of the front wall where such recesses are permitted. In the event that a development occupies an entire block frontage, additional recesses are permitted provided that there are no front wall recesses within 10 feet of the intersection of two street lines. The exterior building materials of the front wall shall be predominantly of masonry.

(2/2/11)

109-132
Treatment of the ground level wall

For buildings developed after February 3, 1977, and for buildings enlarged on the ground floor level after February 3, 1977, at least 25 percent of the total surface area of the entire front wall of a development or the enlarged portion, up to a height of 12 feet above curb level or to the ceiling of the ground story, whichever is higher, shall be transparent. Transparent areas may include storefronts subject to Section 109-50. Door or window openings within such surface areas shall be considered transparent. Such opening shall have a minimum width of two feet. In addition, any portion of such building wall 20 feet or more in length, which contains no transparent areas at
ground floor level, shall be covered with vines or similar planting in permitted front wall recesses, or be treated so as to provide visual relief from large expanses of blank walls. Planting shall consist of shrubs, ivy or creepers and shall be planted in soil having a depth of not less than 2 feet, 6 inches, and a minimum width of 24 inches.

(2/3/77)

109-14
Open Recreation Space and Landscaping Regulations

(2/2/11)

109-141
Open recreation space regulations

For any #building# or portion of a #building developed# or #enlarged# after February 3, 1977, a minimum of 20 percent of the #lot area# of the #zoning lot# shall be provided as usable landscaped #open recreation space# accessible to the occupants of such #development# or #enlargement#. Such #open recreation space# may be accessible to the public.

Such #open recreation space# shall be located at the ground level and/or the roof level. However, if such #open recreation space# is located both at the ground level and at the roof level, not less than 40 percent may be located at either location. Such #open recreation space# shall be landscaped and properly maintained in accordance with the provisions of Section 109-142.

(2/2/11)

109-142
Landscaping regulations

The required #open recreation space#, as provided in Section 109-141, on a #zoning lot# containing a #development# or #enlargement# shall be landscaped and maintained in the following manner.

Ground level #open recreation space# shall:

(a) have a minimum dimension of 20 feet for a #development# and
10 feet for an #enlargement#, measured perpendicular to its perimeter;

(b) have no portion used as a driveway, vehicular access way or for parking, and shall be screened from off-street loading and service areas;

(c) have a minimum of one linear foot of seating for each 50 square feet of #open recreation space#, conforming to the following standards:

(1) seating shall have a minimum depth of 16 inches; seating with backs at least 12 inches high shall have a minimum depth of 14 inches; seating 30 inches or more in depth shall count double provided there is access to both sides;

(2) seating higher than 36 inches and lower than 12 inches above the level of the adjacent walking surface shall not count toward meeting the seating requirements;

(3) the tops of walls including but not limited to those which bound planting beds, fountains and pools may be counted as seating when they conform to the dimensional standards in paragraphs (c)(1) and (c)(2) of this Section;

(4) movable seating or chairs may be credited as 30 inches of linear seating per chair; and

(5) steps do not count toward the seating requirements;

(d) have paved areas paved with unit pavers, such as bricks or quarry tiles, or poured-in-place materials. If poured-in-place materials are selected, they shall be of decorative color and/or textures, through the use of dyes and/or exposed aggregates. All paving shall have a non-skid surface;

(e) be landscaped with shrubs, vines, ground cover or plants in planters over a minimum of 25 percent of the #open recreation space# area;

(f) be planted with one tree of not less than three and one-half inch caliper for every 1,000 square feet or portion thereof of required #open recreation space#. Such trees shall be planted in at least 100 cubic feet of soil of at least 3 feet, 6 inches in depth;

(g) have all mechanical equipment which is located at the same
elevation as the #open recreation space#, or on a wall of the #building# frontage upon such #open recreation space# within a height of 10 feet, 6 inches above the level of the #open recreation space#, screened and buffered with no intake or exhaust fans facing directly into the #open recreation space#; and

(h) be maintained by the #building# owner who shall be responsible for the maintenance of the #open recreation space# including, but not limited to, the repair and confinement of all amenities, litter control, and the care and replacement of vegetation within the #zoning lot# and in the #street# sidewalk area adjacent to the #zoning lot#, pursuant to Section 109-14 (Open Recreation Space and Landscaping Regulations).

#Open recreation space# at roof level shall:

(1) have all mechanical equipment which is located at the same elevation as the #open recreation space#, or on a wall of the #building# fronting upon such #open recreation space# within a height of 10 feet, 6 inches above the level of the #open recreation space#, screened and buffered with no intake or exhaust fans facing directly onto the #open recreation space#;

(2) have a minimum of one linear foot of seating for each 50 square feet of #open recreation space#, conforming to seating standards set forth for ground level #open recreation space#; and

(3) be landscaped with shrubs, vines, flowers, ground cover and/or plants in planters over a minimum of 25 percent of the #open recreation space# area.

(2/2/11)

109-15
Regulations for Rehabilitation or Conversion of Existing Buildings

When #residential buildings# or #residential# portions of #mixed buildings# are rehabilitated, the density regulations of the underlying districts shall not apply. In lieu thereof, there shall be not more than one #room# for each 230 square feet of gross #floor area# within the rehabilitated #residential building# or #residential# portion of a #mixed building#.
Furthermore, when a non-residential building, or portion thereof, is converted for residential use, the density regulations of the underlying districts shall not apply to that portion of the building containing dwelling units. In lieu thereof, there shall be not more than one room for each 230 square feet of gross floor area provided within the converted building or portion thereof.

(5/8/13)

109-16
Parking Regulations

No accessory off-street parking is permitted for any development or enlargement in Area A, except as set forth herein.

The City Planning Commission may allow accessory off-street parking facilities for any development or enlargement on a zoning lot pursuant to the applicable authorization or special permit in Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core).

(4/30/08)

109-17
Mandatory Street Trees

In addition to the applicable underlying street tree planting requirements, all changes of use within the same or to other Use Groups involving at least 50 percent of the floor area of an existing building, or alterations above 30 percent of the building value of an existing building pursuant to the applicable articles of the Building Code of the City of New York, within Area A, shall provide trees in accordance with Section 26-41 (Street Tree Planting).

(2/3/77)

109-20
MULBERRY STREET REGIONAL SPINE (AREA A1)

The provisions set forth in Sections 109-10 through 109-16 (Preservation Area--Area A) are applicable within Area A1.
(Mulberry Street Regional Spine) as shown on the District Plan (Appendix A), except as modified herein.

(2/2/11)

109-21
Use Regulations

The provisions of Section 109-11 (Special Use Regulations) shall apply, except that in order to retain the existing retail character of the area, the ground floor of any #building# shall be limited to #uses# listed in Section 109-211 (Use Group LI). Any #street# frontage occupied by entrances to other #uses# such as #residential# lobbies shall be no wider than 25 feet. A change of #use# on the ground floor of a #building# shall be subject to the provisions of this Section.

(2/2/11)

109-211
Use Group LI

Use Group LI comprises a group of specially selected #uses# to strengthen the existing #commercial# character of the area.

A. Convenience Retail Establishments

Bakeries

Barber shops

Beauty parlors

Drug stores

Dry cleaning or clothes pressing establishments, limited to 2,500 square feet of #floor area# per establishment on the ground floor

Eating or drinking establishments, including those which provide outdoor table service or have music for which there is no cover charge and no specified showtime

Eating or drinking establishments, with entertainment but not dancing, with a capacity of 200 persons or less

Eating or drinking establishments, with musical entertainment but not dancing, with a capacity of 200 persons or less

Food stores, including supermarkets, grocery stores, meat markets, delicatessen stores, limited to 5,000 square feet of #floor area# per establishment on the ground floor

Hardware stores

Package liquor stores

Post offices

Stationery stores

Tailor or dressmaking shops, custom

Variety stores, limited to 5,000 square feet of #floor area# per establishment on the ground floor

B. Retail or Service Establishments

Antique stores

Appliance stores, limited to 5,000 square feet of #floor area# per establishment on the ground floor

Art galleries

Artist supply stores

Bicycle sales and rental establishments

Book stores

Candy or ice cream stores

Carpet or rug stores, limited to 5,000 square feet of #floor area# per establishment on the ground floor

Cigar or tobacco stores

Clothing or clothing accessory stores, limited to 5,000 square feet of #floor area# per establishment

Clothing rental

Clubs, non-commercial, without restrictions on activities or facilities, limited to 2,500 square feet of #floor area# per
establishment on the ground floor

Dry goods or fabric stores, limited to 5,000 square feet on the ground floor

Florist shops

Furniture stores, limited to 5,000 square feet of floor area per establishment on the ground floor

Furrier shops, custom

Gift shops

Interior decorating establishments, limited to 750 square feet of floor area per establishment on the ground floor

Jewelry or art metal craft shops

Leather goods, crafts or luggage stores

Locksmiths shops

*Meeting halls, limited to 25-foot frontage

Millinery shops

Music stores

Newsstands, open or enclosed

Optician or optometrist

Paint stores

Pet shops

Photographic equipment or supply stores

Photographic studios

Picture framing shops

Record stores

Shoe stores

Stamp or coin stores

Telegraph offices
*Theaters, limited to 25-foot frontage
Toy stores
Travel bureaus
Watch or clock stores or repair shops

---

* A change of Use in a building constructed prior to February 3, 1977, which does not comply with the frontage requirements, is permitted provided the degree of non-compliance of the frontage is not increased

(2/3/77)

109-22
Bulk Regulations

(2/2/11)

109-221
Floor area regulations

Within Area A1, the maximum floor area ratio on a zoning lot shall not exceed the following:

<table>
<thead>
<tr>
<th>#Use#</th>
<th>#Floor Area Ratio#</th>
</tr>
</thead>
<tbody>
<tr>
<td>#Commercial#</td>
<td>5.1</td>
</tr>
<tr>
<td>#Community facility# or #residential#</td>
<td>4.1</td>
</tr>
</tbody>
</table>
The maximum #floor area# in a #mixed building# shall be the maximum #floor area# permitted for either the #commercial# portion of such #building#, or the #community facility# portion of such #building# or the #residential# portion of such #building#, as set forth in this Section, whichever permits the greatest amount of #floor area#.

(2/3/77)

109-222
Lot coverage regulations

The requirements set forth in Section 109-122 shall not apply to the ground floor portion of a #building#, provided that such portion contains only #commercial uses#, and provided that such portion is no more than 23 feet above #curb level#.

(2/2/11)

109-23
Storefronts in New Buildings and Alterations of Existing Storefronts

Storefronts in #buildings developed# after February 3, 1977, in portions of #buildings# located on the ground floor that are #enlarged# after February 3, 1977, and any existing storefronts that are altered, shall comply with the following standards:

(a) #show windows# shall have a sill height of not more than 2 feet, 6 inches above #curb level# and extend to a maximum height of between 8 feet and 10 feet above #curb level#.

(b) the storefront shall have transparent areas no more than 10 feet in width, measured horizontally, and which transparent areas shall be separated by a mullion of no less than six inches in width; and

(c) storefront entrance doors shall be set back a minimum of two feet behind the vertical surface of the #show windows#.
In addition to the underlying district sign regulations, the following regulations shall apply to all signs:

(a) signs may not occupy more than 25 percent of the total area of the storefront measured from curb level to 10 feet above curb level;

(b) all permitted signs which project from the front building wall shall be located not less than 10 feet above curb level; and

(c) signs may not cover columns, cornices or sills.

The provisions of this Section are applicable within Area B, as shown on the District Plan (Appendix A).
109-31
Special Use Regulations

109-311
Special regulations for existing commercial or manufacturing uses

The continuation, #enlargement#, #extension# or change of #use# of existing #commercial# or #manufacturing uses# within Area B, shall be governed by the underlying district regulations.

109-312
Special use regulations for new development

For any #building# or portion of a #building developed# or #enlarged# after February 3, 1977, within Area B, #uses# listed in the underlying district regulations are permitted, except that such #uses# shall not include those listed in Use Groups 6D, 8C and 12D.

109-32
Bulk Regulations

The #bulk# regulations of the underlying district shall apply to the Houston Street Corridor (Area B), except as set forth in this Section.

109-321
Floor area regulation
The maximum #floor area ratio# permitted on a #zoning lot# is 7.52 for #residential use#, 6.0 for #commercial use# and 7.5 for #community facility use#. In no event shall the total #floor area ratio# for all #uses# exceed 7.52.

(3/22/16)

109-322
Lot coverage regulations

For any #zoning lot# within Area B, the maximum #lot coverage# shall not exceed the following percentages:

<table>
<thead>
<tr>
<th>Lot Type</th>
<th>Maximum #Lot Coverage# (in percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>#Corner lot#</td>
<td>100</td>
</tr>
<tr>
<td>#Interior# or #through lot#</td>
<td>70</td>
</tr>
</tbody>
</table>

(2/2/11)

109-323
Height and setback regulations

The #street wall# of any #building# for the first two #stories# or 23 feet, whichever is greater, shall be located on the #street line# and extend the entire length of the #street line# of the #zoning lot# not occupied by existing #buildings# to remain. However, at the intersection of two #street lines#, the #street wall# may be located anywhere within an area bounded by the two #street lines# and lines parallel to, and 10 feet from each #street line#. No #street wall# shall be required along a #street line# bounding any portion of a #zoning lot# which is less than 25 feet in depth measured from the #street line# of a #wide street#.

For #street walls# above the level of the second #story# or 23 feet, whichever is greater, at least 50 percent of the aggregate length of the #street walls# shall be located on the #street line#. The remainder of the aggregate length of the mandatory #street walls# at each #story# may be recessed from the #street line# to a depth not exceeding 10 feet provided that the length of any such recess does not exceed 25 percent of the aggregate
length of the #street walls# at each #story#.

The mandatory minimum height above #curb level# of a required #street wall# without setback shall be 60 feet on a #wide street# and 23 feet on a #narrow street#, or the height of the #building#, whichever is less. No setback shall be permitted on a #narrow street# below a height of 55 feet.

The maximum permitted height of a #street wall# at the #street line# without setback shall not exceed 100 feet above #curb level# and, above this height, no portion of a #building or other structure# shall penetrate a #sky exposure plane# commencing at 100 feet and rising over the #zoning lot# at a ratio of 1.5 to 1.0.

In addition, no portion of a #building or other structure# shall penetrate a #rear sky exposure plane# commencing at a height of 100 feet above #curb level# and at a distance of 100 feet from and parallel to the #street line#, and rising over the #zoning lot# at a ratio of 1.5 to 1.0 along #wide streets# and at a ratio of 1.0 to 1.0 along #narrow streets#.

(2/3/77)

109-33
Special Front Wall Regulations

(11/16/89)

109-331
Building facades

For all #buildings# within Area B, the exterior materials of the front wall shall be predominantly of masonry.

(12/11/07)

109-332
Treatment of the ground level wall

For a #building# wall facing a #narrow street#, at least 25 percent of the total surface area of such #building# wall up to a height of 12 feet above #curb level# or to the ceiling of the ground floor, whichever is higher, shall be transparent.
Transparent areas may include storefronts subject to Section 109-50 (SPECIAL REVIEW PROVISIONS). Door or window openings within such surface areas shall be considered transparent. Such openings shall have a minimum width of two feet.

In addition, any portion of such #building# wall 20 feet or more in length, which contains no transparent area at ground floor level, shall be covered with vines or similar planting in permitted front wall recesses, or be treated so as to provide visual relief from large expanses of blank walls. Planting shall consist of shrubs, ivy or creepers and shall be planted in soil having a depth of not less than 2 feet, 6 inches, and a minimum width of 24 inches.

(2/2/11)

109-34
Open Recreation Space and Landscaping Requirements

For any #building developed# or #enlarged# after February 3, 1977, a minimum of 20 percent of the #lot area# of the #zoning lot# shall be provided as usable, landscaped #open recreation space#, accessible to the occupants of such #development# or #enlargement# or to the public. Such #open recreation space# shall be located either at the ground level and/or roof level, and shall be landscaped and properly maintained in accordance with the provisions of Section 109-142 (Landscaping regulations).

(5/8/13)

109-35
Curb Cuts

(5/8/13)

109-351
Curb cut regulations

There shall be not more than one curb cut on each #street line# frontage of a #zoning lot#.

(4/30/08)
Mandatory Street Trees

In addition to the applicable underlying street tree planting requirements, all changes of use within the same or to other Use Groups of at least 50 percent of the floor area of an existing building, or alterations above 30 percent of the building value of an existing building, pursuant to the applicable articles of the Building Code of the City of New York, within Area B, shall provide street trees as set forth in Section 26-41 (Street Tree Planting), except that for a zoning lot frontage on Houston Street such mandatory trees may alternatively be located on the median traffic island of Houston Street.

(3/22/16)

Noise Attenuation

For any residential or commercial use in a development within Area B:

(a) window wall attenuation of 35 dB(A) for residential uses or 30 dB(A) for commercial uses, shall be provided. However, upon application to the Office of Environmental Remediation (OER) by the owner of the affected building, consistent with its authority under the provisions of Section 11-15 (Environmental Requirements) with respect to (E) designations, OER may modify the requirements of this Section, based upon new information, additional facts or updated standards, as applicable, provided that such modification is equally protective. In such instances, OER shall provide the Department of Buildings with notice of such modification, stating that it does not object to the issuance of a building permit, or temporary or final certificate of occupancy; and

(b) alternative means of ventilation shall be provided, such as, but not limited to, central air conditioning or the provision of air conditioning sleeves, with such alternative means to conform to the provisions of Sections 27-752 to 27-756 of the Building Code of the City of New York.

(2/2/11)
109-40
BOWERY, CANAL, KENMARE STREET CORRIDOR (AREA C)

The provisions of this Section are applicable within Area C, as shown on the District Plan in Appendix A of this Chapter.

(2/3/77)

109-41
Bulk Regulations

(2/2/11)

109-411
Height and setback regulations

The maximum height of any building or other structure shall not exceed 85 feet or eight stories above curb level, whichever is less, unless authorized by the City Planning Commission pursuant to Section 109-514. The front building wall shall extend along the full length of the front lot line not occupied by existing buildings to remain and shall rise without setback.

(2/2/11)

109-412
Lot coverage regulations

Within Area C, the maximum lot coverage for any zoning lot shall be:

<table>
<thead>
<tr>
<th></th>
<th>Above Ground Floor (in percent)</th>
<th>At Ground Floor Only (in percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>#Residential Use#</td>
<td>60</td>
<td>60</td>
</tr>
<tr>
<td>#Commercial Use#</td>
<td>70</td>
<td>100</td>
</tr>
</tbody>
</table>

(2/2/11)
109-42
Open Recreation Space and Landscaping Requirements

All buildings developed after February 3, 1977, that contain residences shall provide a minimum of 20 percent of the lot area of the zoning lot as usable landscaped open recreation space in conformance with the requirements of Section 109-142 (Landscaping regulations).

(2/2/11)

109-43
Additional Requirements

Any zoning lots partially located within 100 feet of the street line of Mulberry Street (Area A1) shall comply with the requirements set forth in Sections 109-211 (Use Group LI), 109-23 (Storefronts in New Buildings and Alterations of Existing Storefronts) and 109-24 (Sign Regulations).

(2/3/77)

109-50
SPECIAL REVIEW PROVISIONS

The City Planning Commission may allow certain modifications of the provisions of this Chapter as set forth below.

(11/16/89)

109-51
Modification of the Provisions of the Special Little Italy District

(2/2/11)

109-514
Modifications by authorization

Modifications of the provisions of this Chapter may be authorized by the City Planning Commission based upon receipt of an
application, except that there shall be no modifications of any provision of Section 109-12, 109-22, 109-32 or 109-41 unless specifically allowed therein, provided that the Commission, after notification to the affected Community Board, certifies to the Commissioner of Buildings that there exists a compelling need for such modification and that such modifications are consonant with the objectives of the #Special Little Italy District#. The Commission may prescribe other appropriate conditions and safeguards to minimize adverse effects on the surrounding area.

Notwithstanding any other provisions of the Resolution, the Commission may, after notification to the affected Community Board, authorize a #non-complying inner court# within an existing #building# to be eliminated, and may modify the applicable provisions of this Chapter relating to an #enlargement#, provided that:

(a) the #building# is an existing old law or new law tenement, not higher than seven #stories#;

(b) any additional #floor area# created through such elimination of a #non-complying inner court# is not more than 10 percent of the existing #floor area# of the #building#, and the width of such #inner court# is not more than 20 feet;

(c) the renovation of such #building# will result in improved arrangements for adequate access of light and air, and for privacy between #dwelling units#, to the newly created #dwelling units# and to the surrounding developments;

(d) such #enlargement# will not increase the density of population or intensity of #use# to the detriment of the occupants of the #buildings# in the #block# or nearby #blocks#;

(e) the #enlargement# as proposed shall comply with the applicable provisions of Sections 109-14, 109-17, 109-25, 109-34 or 109-42, except as otherwise modified by the Commission; and

(f) the Commission is in receipt of a report from the Department of Buildings and the Fire Department concerning said #building#.

The City Planning Commission may prescribe other additional conditions and safeguards to enhance the character of the surrounding area.
109-521
Modification of accessory off-street parking facilities

The City Planning Commission may, by special permit, modify accessory off-street parking facilities for the residential portion of any development on a zoning lot as set forth in Section 109-16 or Section 109-351.

109-522
Special provisions for the preservation of certain existing buildings

Buildings listed in Appendix B of this Chapter, shall not be demolished or have their external architectural features altered, except as set forth in this Section.

The City Planning Commission, by special permit, may allow:

(a) in such buildings, for a change of a conforming use to another conforming use, the applicable underlying district, or Special Little Italy District, bulk regulations shall not apply to such change of use; or

(b) the alteration of such buildings, provided that such alteration and treatment of the facade relates harmoniously to the character and materials of the original facade and of adjoining buildings; and

(c) the demolition of such buildings, other than unsafe buildings, provided that the Commission finds that the existing building is not suitable for rehabilitation.

For the purposes of this Section, a change of use is a change to another use listed in the same or any other conforming Use Group; however, a change in ownership or occupancy shall not, by itself, constitute a change of use. Enlargements of such buildings shall be subject to all applicable district
regulations. The Commission may prescribe appropriate conditions and safeguards to ensure that any interim #uses# proposed on the site prior to any construction are in conformance with the purposes of the Special District.

(2/2/11)

109-523
Applications for special permit

An application to the City Planning Commission for the grant of a special permit respecting provisions of Sections 109-16 and 109-351 of this Chapter, shall include: a site plan showing the location and proposed #use# of all #buildings or other structures# on the site; the location of all vehicular entrances and exits and off-street parking and loading spaces; the amount and nature of traffic to be generated by such #development# or #enlargement# and an indication of the routes that will provide vehicular access to a #manufacturing#, #commercial# or #community facility# establishment; and such other information as may be required by the Commission.

An application to the Commission for the grant of a special permit respecting provisions of Section 109-522, shall include floor plans of all major floors; all major elevations; a site plan depicting all structures on the site, and all structures and major features within 100 feet of the site; and such other information as may be required by the Commission.

(2/3/77)

109-525
Relationship to public improvement projects

In all cases, the City Planning Commission shall deny an application for a special permit whenever the #development# or #enlargement# will interfere with a public improvement project (including housing, highways, public #buildings# or facilities) which is approved by the Board of Estimate or City Planning Commission, or Site Selection Board, as determined from the calendar of each such agency issued prior to the date of the public hearing on the application for a special permit.

(11/16/89)

Article XI: Special Purpose Districts
Chapter 1: Special Tribeca Mixed Use District

Effective date of most recently amended section of Article XI Chapter 1: 3/22/16

Date of file creation: Web version of Article XI Chapter 1: 10/29/18

Zoning Disclaimer- the Web version of the Zoning Resolution of the City of New York is provided for reference and the convenience of having the Resolution in an online format. Recent amendments to the Zoning Resolution also appear on the Web prior to being incorporated into the print version of the Resolution.
Article XI - Special Purpose Districts

Chapter 1
Special Tribeca Mixed Use District

111-00
GENERAL PURPOSES

The "Special Tribeca Mixed Use District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to retain adequate wage, job-producing, stable industries within the Tribeca neighborhood;

(b) to protect light manufacturing and to encourage stability and growth in the Tribeca neighborhood by permitting light manufacturing and controlled residential uses to coexist where such uses are deemed compatible;

(c) to provide housing opportunity of a type and at a density appropriate to this mixed use zone;

(d) to ensure the provision of safe and sanitary housing units in converted buildings; and

(e) to promote the most desirable use of land and building development in accordance with the Plan for Lower Manhattan as adopted by the City Planning Commission.

111-01
Definitions

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) and in this Section.

Special Tribeca Mixed Use District
The "Special Tribeca Mixed Use District" is a Special Purpose District designated by the letters "TMU" in which special regulations set forth in Article XI, Chapter 1, apply. The Special Tribeca Mixed Use District and its regulations supplement or supersede those of the districts on which it is superimposed.

111-02 General Provisions

The provisions of this Chapter shall apply to all developments, enlargements, extensions, alterations, accessory uses, open and enclosed and changes in uses within the Special District.

Except as modified by the express provisions of the District, the regulations of the underlying districts remain in effect. In flood zones, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

111-03 District Map

The District Map for the Special Tribeca Mixed Use District, in Appendix A, identifies special areas comprising the Special District in which special zoning regulations carry out the general purposes of the Special Tribeca Mixed Use District. These areas are as follows:

Area A1 - General Mixed Use Area
Area A2 - Limited Mixed Use Area
Area A3 - General Mixed Use Area
Area A4 - General Mixed Use Area
Area A5 - General Mixed Use Area
Area A6 - General Mixed Use Area

Area A7 - General Mixed Use Area

(4/9/81)

111-10
SPECIAL USE REGULATIONS

(10/13/10)

111-11
Residential Use Modification

(a) Loft dwellings

#Loft dwellings# created prior to October 13, 2010, shall be governed by the provisions for #loft dwellings# in Section 111-40 (REQUIREMENTS FOR LOFT DWELLINGS CONSTRUCTED PRIOR TO OCTOBER 13, 2010). Such #loft dwellings# may be #extended#, #enlarged#, or subdivided into two or more #loft dwellings# only in accordance with such provisions. No #loft dwellings# may be created after October 13, 2010, except as the result of a subdivision of a #loft dwelling# existing prior to October 13, 2010.

(b) Home occupations

A #home occupation# may occupy a #loft dwelling#, or a #dwelling unit# converted pursuant to Article I, Chapter 5 (Residential Conversion of Existing Non-Residential Buildings), as an #accessory use# pursuant to Section 15-13 (Special Home Occupation Provision), except that:

(1) businesses operated as #home occupations# may have up to three non-#residential# employees; and

(2) notwithstanding the limitation on #uses# listed in the definition of #home occupation# in Section 12-10, a #home occupation# may include a permitted #commercial# or permitted #manufacturing use#.

(10/13/10)

111-12
Ground Floor Use Restrictions

In all areas except Area A2, ground floor spaces in separate buildings may not be combined for uses in Use Groups 3, 4, 5 and 6, except in those buildings having frontage on Broadway, Chambers Street, Church Street, Greenwich Street, Hudson Street, Sixth Avenue, Varick Street, West Broadway or West Street.

(3/22/16)

111-13
Additional Use Regulations

(a) Areas A1 and A3

(1) Uses in Use Groups 16 and 17 shall be permitted, except the following uses are prohibited:

- within Use Group 16A: crematoriums, poultry or rabbit killing establishments, unenclosed automobile, boat, motorcycle or trailer sales, motorcycle rentals;

- all Use Group 16B uses, except automotive service stations by special permit pursuant to Section 73-21;

- all Use Group 16C uses;

- within Use Group 16D: dry cleaning or cleaning or dyeing establishments, with no limitation on type of operation, solvents, floor area or capacity per establishment;

- within Use Group 17B: manufacture of aircraft, automobiles, trucks, trailers, boats, motorcycles or chemicals; and

- all Use Group 17C uses, except agriculture.

(2) The following uses are prohibited in buildings that do not front on Chambers Street, Church Street, Greenwich Street, Hudson Street or West Broadway:

- all Use Group 8A uses;

- all Use Group 8D uses;

- all Use Group 10A uses, except depositories, photographic or motion picture studios, radio or
television studios; and
all Use Group 12A #uses#.

(3) In #buildings# fronting on Chambers Street, Church
Street, Greenwich Street, Hudson Street or West
Broadway, the following #uses# shall be limited to
20,000 square feet of #floor area# on a #zoning lot#,
including retail #cellar# space allotted to such
#uses#, except as otherwise provided in Section 111-32
(Special Permit for Certain Large Commercial
Establishments):
all #uses# in Use Groups 6A and 6C;
all #uses# in Use Group 10 with parking categories B or
B1; and
the above #uses# when listed in other use groups.

Separate #buildings# on separate #zoning lots# may not
be combined for #uses# in Use Groups 6A, 6C or all
#uses# with parking categories B or B1 in Use Group 10.

In addition, in #buildings# not fronting on the
#streets#, listed in paragraph (a)(3) of this Section,
#uses# listed in Use Groups 6A and 6C shall be limited
to 10,000 square feet of #floor area# on a #zoning
lot#, including retail #cellar# space allocated to such
#uses#, except as otherwise provided in Section 111-32.

(b) Areas A4, A5, A6 and A7

(1) All #uses# listed in Use Groups 16B, 16C or 16D shall
be permitted;

(2) The following #uses# listed in Use Group 16 shall be
permitted:
Carpentry, custom woodworking or custom furniture
making shops

Electrical, glazing, heating, painting, paper hanging,
plumbing, roofing or ventilating contractors’
establishments, open or enclosed, with open storage
limited to 5,000 sq. ft.

Household or office equipment or machinery repair shops

Machinery rental or sales establishments.

(3) All #uses# in Use Group 17 shall be permitted, except
that the following #uses# shall be prohibited:

Building materials or contractors' yards, open or enclosed

Produce or meat markets, wholesale

Adhesives, including manufacture of basic components

Food products, including slaughtering of meat or preparation of fish for packing

Laboratories, research, experimental or testing

Leather products, including shoes, machine belting, or similar products

Metal stamping or extrusion, including costume jewelry, pins and needles, razor blades, bottle caps, buttons, kitchen utensils, or similar products

Pharmaceutical products

Plastic products, including tableware, phonograph records, buttons, or similar products

Rubber products, such as washers, gloves, footwear, bathing caps, atomizers, or similar products, including manufacture of natural or synthetic rubber

Shoddy

Soap or detergents.

(4) For establishments with frontage on #wide streets#, #uses# listed in Use Groups 6A, 6C and 10 shall be limited to 10,000 square feet of #floor area#. For establishments that front only upon a #narrow street#, such #uses# shall be limited to 5,000 square feet of #floor area#. For the purposes of this Section, #floor area# shall include retail #cellar# space allocated to such #uses#.

The #floor area# requirements of this paragraph, (b)(4), may be modified only pursuant to Section 111-32.

(c) Eating or drinking establishments with entertainment and a capacity of more than 200 persons, or establishments of any capacity with dancing, as listed in Use Group 12A, in any
location within a building, shall be permitted only by special permit of the Board of Standards and Appeals as provided in Section 73-244. The Board of Standards and Appeals shall additionally find for establishments of any capacity with dancing, as listed in Use Group 12A, that primary ingress and egress for such uses may only be located on Broadway, Chambers Street, Church Street, Greenwich Street, Hudson Street, Sixth Avenue, Varick Street, West Broadway or West Street, with only fire or emergency egress on other streets, and that no portion of such use may be located more than 100 feet, measured perpendicularly, from the streets listed in this paragraph (c). Furthermore, such uses are restricted as provided in paragraph (a)(2) of this Section.

(d) Areas A4, A5, A6 and A7

Transient hotels shall be allowed, except that developments, enlargements, extensions or changes of use that result in a transient hotel with greater than 100 sleeping units shall only be allowed pursuant to Section 111-31 (Special Permit for Large Transient Hotels).

However, any transient hotel that received a special permit pursuant to Section 74-711, granted prior to October 13, 2010, may continue under the terms of such approval.

(e) Environmental conditions for Area A2

(1) All developments or enlargements shall be subject to Ambient Noise Quality Zone Regulations*. Uses listed in Use Group 11A shall be subject to the performance standards of an M1 District.

(2) All new dwelling units shall be provided with a minimum 35dB(A) of window wall attenuation in order to maintain an interior noise level of 45dB(A), or less, with windows closed. Therefore, an alternate means of ventilation is required. However, upon application to the Office of Environmental Remediation (OER) by the owner of the affected building, consistent with OER’s authority under the provisions of Section 11-15 (Environmental Requirements) with respect to (E) designations, OER may modify the requirements of this Section, based upon new information, additional facts or updated standards, as applicable, provided that such modification is equally protective. In such instances, OER shall provide the Department of Buildings with notice of such modification, stating that it does not object to the issuance of a building permit, or
temporary or final certificate of occupancy.

Ambient Noise Quality Regulations for an M2 District as set forth in the Noise Control Code for the City of New York, Article VI(B)

(3/22/16)

111-20
SPECIAL BULK PROVISIONS FOR AREAS A1 THROUGH A7

(a) Area A1

The regulations applicable to a C6-2A District shall apply to developments# and enlargements#, except as set forth herein.

(1) Maximum floor area ratio#

The maximum floor area ratio# permitted on a zoning lot# shall be 5.0.

(2) Special regulations for narrow buildings#

A building# or portion of a building# may be constructed above the maximum height of a street wall# permitted pursuant to Section 23-692 (Height limitations for narrow buildings or enlargements), provided the portion of a building# exceeding such height limitation does not exceed a height of one story# or 15 feet, whichever is less, and provided such portion is set back at least 10 feet from the street wall# of the building# facing a wide street#, and 15 feet from the street wall# of the building# facing a narrow street#.

(b) Area A2

The underlying regulations applicable to a C6-3 District shall apply to developments# and enlargements#, except as set forth herein.

(1) Maximum floor area ratio#

No floor area# bonuses shall be permitted in Area A2.

The maximum floor area ratio# permitted shall be 7.52. In no case shall the floor area ratio# of the
or community facility portion of the building be more than 6.0.

(2) Open space and lot coverage regulations

The open space and lot coverage regulations of Article II, Chapters 3 and 4, and Article III, Chapter 5, for a residential building, or the residential portion of a mixed building, are not applicable. In lieu thereof, the maximum permitted lot coverage on interior lots and through lots shall not exceed 80 percent of the lot area. The maximum permitted lot coverage on corner lots shall be 100 percent of the lot area. However, any permitted obstruction on a zoning lot pursuant to Sections 23-44, 24-12 or 33-23 shall not count as lot coverage.

(3) Yard, court and minimum distance between buildings regulations

The yard and court regulations of a C6-3 District shall apply, except that on a through lot the provisions of paragraphs (b) and (c) of Sections 23-532 and 24-382 (Required rear yard equivalents) and 23-71 (Minimum Distance Between Buildings on a Single Zoning Lot) shall not apply. On any single zoning lot within Area A2, if a development or enlargement results in two or more buildings or portions of buildings detached from one another at any level, such buildings or portions of buildings shall at no point be less than eight feet apart.

(4) Height factor, front height and setback regulations

The height factor, front height and setback, alternate front setback and tower regulations of a C6-3 District shall not apply. In lieu thereof, for the first two stories of any development or enlargement, the street wall shall be located on the street line and shall extend the entire width of the zoning lot, not occupied by existing buildings to remain, except that at the intersection of two street lines the street wall may be located within five feet of the street line. Above the ceiling of the second story for any development or enlargement, there shall be mandatory street walls extending the entire width of the zoning lot not occupied by existing buildings to remain, as set forth in this paragraph (b)(4). Along wide streets and along narrow streets, within 75 feet of the
intersection with #wide streets#, the #street wall# shall rise for a minimum of 60 feet above #curb level# but shall not exceed a height of 100 feet above #curb level#. Along a #narrow street#, beyond a distance of 75 feet from the intersection of a #wide street# and a #narrow street#, the #street wall# shall rise for a minimum of 60 feet above #curb level# but shall not exceed a height of 85 feet above #curb level#. Notwithstanding the above requirements, for the 25 feet of a #zoning lot# furthest from the intersection of a #wide street# and a #narrow street#, the height of the #street wall# shall be 60 feet or the height of the adjacent #building# fronting on the same #street line#, whichever is greater. Above the ceiling of the second #story#, 75 percent of the aggregate area of the mandatory #street walls# at each #story# shall be within five feet of the #street line#; the mandatory #street wall# shall abut the #street line# at least once every 25 feet; and at the intersection of two #street lines# the mandatory #street wall# shall be located within five feet of the #street line#, measured perpendicular to the #street line#. For #residential# and #community facility developments# or #enlargements#, recesses shall comply with the applicable #outer court# provisions of Sections 23-84 and 24-63.

For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Chapter.

For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the location of the #street wall# of any #building# may vary between the #street wall# location requirements of this Chapter and the location of the #street wall# of an adjacent #building# fronting on the same #street line#.

(5) Curb cuts

Curb cuts shall not be permitted on Greenwich Street, Murray Street and Chambers Street.

(c) Area A3
The regulations applicable to a C6-3A District shall apply to developments and enlargements, except as set forth herein.

(1) Height and setback regulations

The height and setback regulations of Section 35-65 (Height and Setback Requirements for Quality Housing Buildings) shall not apply. In lieu thereof, the following height and setback regulations shall apply:

(i) Permitted obstructions

Permitted obstructions for all buildings or other structures shall be as set forth in Section 33-42.

(ii) Measurement of height

Heights of all buildings or other structures shall be measured from the base plane.

(iii) Street wall location

The street wall of any development or enlargement shall be located on the street line and extend along the entire street frontage of the zoning lot not occupied by existing buildings, and shall rise to at least a height of 60 feet or the height of the building, whichever is less. However, to allow articulation of street walls at the intersection of two street lines, the street wall may be located anywhere within an area bounded by the two street lines and a line connecting such street lines at points 15 feet from their intersection. Recesses, not to exceed three feet in depth from the street line, shall be permitted on the ground floor where required to provide access to the building. At any level above the ground floor, but at least 12 feet above the level of the base plane, recesses shall be permitted in the street wall for outer courts or articulation of street walls at the intersection of two street lines as set forth in this Section. The aggregate width of such recesses shall not exceed 30 percent of the width of the street wall at any level.

(iv) Maximum height of street walls and required
setbacks

The maximum height of a #street wall# before setback shall be 85 feet or the height of an adjoining #building# fronting on the same #street line# with a height of at least 60 feet, whichever is less. Setbacks are required for all portions of #buildings# that exceed these maximum #street wall# heights. At a height not lower than 60 feet nor higher than 85 feet, or the height of an adjoining #building# fronting on the same #street line# which is less than 85 feet, a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street#, and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, except that such dimensions may include the depth of any permitted recesses in the #street wall#.

(v) Maximum #building# height

No #building or other structure# shall exceed a height of 135 feet.

(vi) Vertical #enlargements# of low #buildings#

Existing #buildings# with #street walls# less than 60 feet in height may be vertically #enlarged# by up to one #story# or 15 feet, whichever is less, without regard to the #street wall# location provisions of paragraph (c)(1)(iii) of this Section.

(2) Special regulations for narrow #buildings#

A #building# or portion of a #building# may be constructed above the maximum height of #street wall# permitted pursuant to Section 23-692 (Height limitations for narrow buildings or enlargements), provided such portion of a #building# exceeding such height limitation does not exceed a height of one #story# or 15 feet, whichever is less, and provided such portion of a #building# is set back at least 10 feet from the #street wall# of the #building# facing a #wide street#, and 15 feet from the #street wall# of a #building# facing a #narrow street#.

(d) Areas A4, A5, A6 and A7
Except as set forth in this Section, the #bulk# regulations of the underlying district shall apply.

(1) The applicable height and setback regulations, as set forth in Section 35–65 (Height and Setback Requirements for Quality Housing Buildings), inclusive, shall be modified, as follows:

<table>
<thead>
<tr>
<th>Area</th>
<th>Minimum Base Height (in ft.)</th>
<th>Maximum Base Height (in ft.)</th>
<th>Maximum #Building# Height (in ft.)</th>
</tr>
</thead>
<tbody>
<tr>

<td>60</td>
<td>85</td>
<td>120</td>
</tr>
</tbody>
</table>

For any #building# or portion thereof within Area A4, a penthouse portion of a #building#, not exceeding 10 feet in height, may be constructed within Area A4 above the maximum #building# height, provided that such penthouse portion is set back at least 25 feet from any #narrow street#.

However, for any #building# or portion thereof located within Area 4 and within an Historic District designated by the Landmarks Preservation Commission, the underlying height and setback regulations of Section 35–24 shall apply, except that the maximum height of such #buildings#, or portions thereof, shall be 160 feet and the 10 foot penthouse allowance set forth in this paragraph (d)(1) shall not apply.

(2) The provisions of Section 33–42 (Permitted Obstructions) shall apply to all #buildings#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23–621 (Permitted obstructions in certain districts).

(3) The maximum #floor area ratio# permitted on a #zoning lot# shall be as follows:

<table>

(4) Applicability of Inclusionary Housing Program
RBA Districts within Area A6 shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District. The base #floor area ratio# for any #zoning lot# containing #residences# shall be 5.4. Such base #floor area ratio# may be increased to a maximum of 7.2 through the provision of #affordable housing# pursuant to the provisions for #Inclusionary Housing designated areas# in Section 23-90, except that the height and setback regulations of Sections 23-951 (Height and setback for compensated developments in Inclusionary Housing designated areas) and 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) shall not apply. In lieu thereof, the height and setback regulations of this Chapter shall apply.

(5) #Buildings# that have received a certification from the Chairperson of the City Planning Commission pursuant to paragraph (c) of the former Section 111-20 (MINOR MODIFICATIONS), prior to October 13, 2010, to modify the rooftop open space requirements of the former Section 111-112 (Open space equivalent), shall be exempt from the rooftop open space requirements of Section 15-24 (Open Space Equivalent).

(6) Notwithstanding any of the provisions of Section 11-33 (Building Permits for Minor or Major Development or Other Construction Issued Before Effective Date of Amendment), the #development# of a #building# pursuant to a variance granted by the Board of Standards and Appeals under Calendar No. 231-09-BZ to modify #bulk# regulations, may be continued provided that a building permit has been issued, in accordance with the terms of said variance, within six years of the original granting of said variance.

(10/13/10)

111-30
SPECIAL PERMITS
111-31
Special Permit for Large Transient Hotels

In Areas A4 through A7, the City Planning Commission may permit transient hotels that are comprised of more than 100 sleeping units, provided the Commission shall find that such transient hotel, resulting from a development, enlargement, extension or change of use, is so located as not to impair the essential residential character of, or the future use or development of, the surrounding area. The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

111-32
Special Permit for Certain Large Commercial Establishments

The City Planning Commission may permit the total floor area of large commercial establishments to exceed the underlying floor area requirements set forth in Section 111-13, paragraphs (a)(3) and (b)(4), including the floor area requirements for cellar space, provided the Commission finds that:

(a) such development, enlargement, extension or change of use is so located as not to impair the essential character or the future use of, or development of, the surrounding area; and

(b) the streets providing access to the facility will be adequate to handle the vehicular and pedestrian traffic generated by such use.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

3/22/16

111-40
Requirements for Loft Dwellings Constructed Prior to October 13, 2010

The following is applicable to all existing loft dwellings,
created prior to October 13, 2010, within the Special Tribeca Mixed Use District.

(a) All loft dwellings shall have one or more windows which open into a street or a yard with a minimum depth of 30 feet.

(b)

(1) The minimum floor area contained within a loft dwelling shall be not less than 2,000 square feet, except that:

(i) where a loft dwelling occupies the entire usable area of a floor, there shall be no minimum floor area;

(ii) where a loft dwelling has a minimum clear width of 14 feet throughout and has windows opening onto both a street and a yard which has a depth of 10 percent of the depth of the loft dwelling, there shall be no minimum floor area;

(iii) where the ratio in a loft dwelling of the window area opening onto a street or a yard of 30 feet minimum depth to the floor area contained within the loft dwelling exceeds five percent, the minimum floor area contained within the loft dwelling may be reduced by 200 square feet for each additional percent, to a ratio of 10 percent; or

(iv) where the ratio in a loft dwelling of the window area opening onto a street or a yard of 30 feet minimum depth to the floor area contained within the loft dwelling equals or exceeds 10 percent, there shall be no minimum floor area.

(2) The minimum loft dwelling size and yard requirement may be replaced by the requirements of Section 15-024 (Special bulk regulations for certain pre-existing dwelling units, joint living-work quarters for artists and loft dwellings) for loft dwellings:

(i) for which a determination of residential occupancy on September 1, 1980 has been made;

(ii) that are registered Interim Multiple Dwellings or are found covered by the New York City Loft Board pursuant to Article 7C of the New York State Multiple Dwelling Law; or
(iii) that the Loft Board determines were occupied for residential use on September 1, 1980.

Loft dwellings existing on September 1, 1980, may not be subsequently divided into multiple loft dwellings that do not meet the requirements of paragraphs (a), (b)(1) and (c) of this Section, unless required by the Loft Board for the legalization of Interim Multiple Dwelling units in the implementation of Article 7C of the New York State Multiple Dwelling Law.

No building that meets the density requirements of paragraph (c) of this Section may subsequently add additional units or quarters except in accordance thereof. No building to which the regulations of Section 15-024 have been applied may subsequently add additional units or quarters except in accordance with the requirements of paragraph (c).

(c) The number of loft dwellings shall not exceed one per 1,000 square feet of floor area devoted to loft dwellings, except as a result of the application of paragraph (b)(2) of this Section.

(d) Mezzanines constructed pursuant to Chapter 26 of the Administrative Code shall be allowed within individual loft dwellings, provided that the gross floor area of each mezzanine does not exceed 33 and one-third percent of the floor area contained within such loft dwelling. Such mezzanines are permitted only in buildings with an existing floor area ratio of 12 or less and only between floors, or between a floor and a roof, existing on January 22, 1998, that are to remain. Such mezzanines shall not be included as floor area for the purpose of calculating the minimum required size of a loft dwelling or for calculating floor area devoted to loft dwellings.

(e) At least 30 percent of the gross roof area of a building containing 15 or more loft dwellings shall be provided for recreational use. For each additional loft dwelling, 100 square feet of additional roof area shall be developed for recreational use up to a maximum of 50 percent of the gross roof area. This recreational area shall be accessible to all the occupants of said loft dwellings and their guests for whom no fees are charged.

(f) Existing loft dwellings may be extended, enlarged, or subdivided into two or more loft dwellings only in accordance with the provisions of this Section. In addition,
#floor area# added to an existing #loft dwelling# shall not be subject to the provisions of Section 32-42 (Location Within Buildings).

Article XI - Special Purpose Districts

Chapter 2
Special City Island District

112-00
GENERAL PURPOSES

The "Special City Island District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

(a) to promote and strengthen the unique character of the Special City Island District for nautical and waterfront activities by limiting permitted uses to those which complement and enhance the existing character of the Special District;

(b) to maintain the existing low-rise residential and commercial character of the district by regulating the height of buildings;

(c) to maintain and protect the environmental quality and "village" character of City Island Avenue by imposing special controls on building setbacks and signs; and

(d) to promote the most desirable use of land in this area and thus to conserve the value of land and thereby protect the City's tax revenue.

112-01
Definitions

Development

For purposes of this Chapter, a "development" includes both #development# and #enlargement#, as defined in Section 12-10 (DEFINITIONS).
112-02
General Provisions

In harmony with the general purposes of the Special City Island District and in accordance with the provisions of this Chapter, certain specified regulations of the districts on which the Special City Island District is superimposed are made inapplicable and special regulations are substituted therefor. Except as modified by the express provisions of the Special District, the regulations of the underlying zoning districts remain in force.

112-04
Requirements for Application

An application to the City Planning Commission for the grant of a special permit under the provisions of this Chapter shall include a site plan showing the location and use of all buildings on the zoning lot and such other information as may be required by the Commission.

112-05
Relationship to Public Improvement Projects

In all cases, the City Planning Commission shall deny a special permit application whenever the development will interfere with a public improvement project (including housing, highways, public building or facilities redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) which has been approved by the Board of Estimate, City Planning Commission or Site Selection Board as determined from the calendar of each agency issued prior to the date of the public hearing on the application for a special permit.
112-06
District Plan
The District Plan for the Special City Island District identifies those areas within the Special District in which there are special height restrictions. The District Plan is set forth in Appendix A and is made an integral part hereof.

(2/2/11)

112-07
Special Use Regulations
Within the Special District, and notwithstanding the provisions of Article V, Chapter 2, where commercial or manufacturing uses are permitted by the underlying district regulations, such commercial or manufacturing uses shall be limited to those uses set forth in this Section. This Section shall apply to a new use in a development and to a change of use in an existing building to another use listed in the same or another Use Group.

(2/2/11)

112-071
Uses permitted in C1 Districts
Within a C1 District, all uses permitted in Use Groups 1, 2, 3, 4, 5 and 6, as listed in Sections 32-11 to 32-15, are permitted, except:

- Court houses
- Electric and gas substations
- Public utility stations
- Telephone exchanges.

Additional permitted uses are:

- Custom manufacturing and sale of jewelry, ceramics, art and needlework, limited to 10,000 square feet per establishment.
112-072  
Uses permitted in C2 Districts

Within a C2 District, all commercial uses listed in Section 112-071 (Uses permitted in C1 Districts) are permitted as well as all uses permitted as-of-right in C2 Districts, as set forth in Section 32-10, except:

- Automobile sales, including motorcycle and trailer
- Prisons
- Refreshment stands, drive-in
- Wholesale establishments.

112-073  
Uses permitted in C3 Districts

Within a C3 District, Use Groups 1, 2, 3 and 4 in Sections 32-11 to 32-13, and all commercial uses listed in Use Group 14 in Section 32-23, are permitted, as well as:

- Boatels
- Eating or drinking places, including those that provide outdoor table service or incidental musical entertainment.

112-074  
Ground floor use restrictions on certain blocks

For all buildings fronting on City Island Avenue between Bay Street and Carroll Street, only non-residential uses shall be permitted on the ground floor level or within stories that have a floor level within five feet of curb level, except for Type 1 lobbies provided in accordance with Section 37-33 (Maximum Width of Certain Uses).
112-075
Uses permitted in M1 Districts

Within an M1 District, all #uses# listed in Use Groups 4B, 5, 6, 7, 9, 10, 11, 12, 13, 14, 15, 16A and 17 are permitted, except:

- Automobile sales, including motorcycle and #trailer#
- Bottle works
- Cotton ginning or cotton wadding or linters
- Fuel, ice, coal or wood establishments with open storage
- Manufacturing of autos, trucks or #trailers#, including parts
- Motorcycle manufacturing, including parts
- Motorcycle or motor scooter rental
- Poultry or rabbit killing establishments
- Prisons
- Public transit or railroad substations
- Public utility stations
- Railroads, including rights-of-way
- Refreshment stands, drive-in
- Telephone exchanges
- Truck weighing scales
- Trucking terminals and motor freight stations.

112-08
Uses Permitted by Special Permit

In C1, C2 or C3 Districts, the City Planning Commission may permit #automotive service stations#, auto repair establishments,
#public parking garages# or #public parking lots#. As a condition for permitting such #use#, the Commission shall make the following findings:

(a) that such #use# is so located as to draw a minimum of vehicular traffic to and through local #streets# in nearby residential areas;

(b) that such #use# has adequate reservoir space at the vehicular entrance to accommodate a minimum of 10 cars or 20 percent of the spaces so provided, whichever amount is less; and

(c) that, where roof parking is permitted, such roof parking is so located as not to impair the essential character or future use or development of adjacent areas.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on #signs# or requirements for the shielding of floodlights or for setback of any roof parking areas from #lot lines#.

(1/20/77)

112-09
Sign Regulations

In addition to meeting the #sign# regulations of the applicable underlying zoning district, all #signs# within the Special District shall meet the following restrictions:

(a) #signs# attached to the #street wall# of a #building# shall have a vertical dimension of not more than three feet and shall have a horizontal dimension of not more than 75 percent of the #street# frontage; and

(b) outdoor #signs# may be illuminated by indirect means only.

(9/30/03)

112-10
SPECIAL BULK REGULATIONS
112-101
Special open space and lot coverage regulations

In C3 Districts, for a residential use, the maximum lot coverage shall be 65 percent and the minimum required open space shall be 35 percent.

112-102
Special floor area regulations for mixed buildings

In C1, C2 and C3 Districts, for buildings containing residences with frontage on City Island Avenue, not more than one story of commercial use may be provided in such buildings and such story shall be excluded from the definition of floor area.

112-103
Special height and setback regulations

The underlying height and setback regulations shall apply, except that no building or other structure shall exceed a height limit of 35 feet, and the height shall be measured from the base plane. Such height and setback regulations may be modified only by authorization or special permit of the City Planning Commission, as applicable, pursuant to Sections 112-106 or 112-107.

112-104
Special transparency requirements along City Island Avenue

For buildings with ground floor commercial or community facility uses fronting upon City Island Avenue, the provisions of Section 37-34 (Minimum Transparency Requirements) shall apply to any street wall of such building facing City Island Avenue.
112-106
Authorization for modification of height and setback regulations

The City Planning Commission may authorize, within Area B, as shown on the District Plan Map in Appendix A, modifications of the underlying height and setback regulations, provided the Commission finds that:

(a) the distribution of the #bulk# of the #building# on the #zoning lot# permits adequate access of light and air to the surrounding #streets# and properties and does not impair the views of and to the water;

(b) the modification of the height of the #building# permits better site planning and distribution of #open space#;

(c) the height of the #building# does not exceed 35 feet.

The Commission may prescribe appropriate conditions and safeguards to protect the views of and to the water and to minimize adverse effects on the surrounding area. That portion of any #zoning lot# used for boat sales, manufacture, storage or repair shall be exempt from the provisions of this Section.

112-107
Special permit for modification of height and setback regulations

The City Planning Commission may permit, within Area A, as shown on the District Plan Map in Appendix A, modifications of the underlying height and setback regulations, provided the Commission finds that:

(a) the distribution of the #bulk# of the #building# on the #zoning lot# permits adequate access of light and air to the surrounding #streets# and properties and does not impair the views of and to the water;

(b) the modification of the height of the #building# permits better site planning and distribution of #open space#;

(c) the height of the #building# does not exceed 50 feet.
The Commission may prescribe appropriate conditions and safeguards to protect the views of and to the water and to minimize adverse effects on the surrounding area. That portion of any #zoning lot# used for boat sales, manufacture, storage or repair shall be exempt from the provisions of this Section.

(4/30/08)

112-11
Special Parking Regulations

(2/2/11)

112-111
Accessory parking for commercial uses

For any #commercial# or mixed use #development# except for eating or drinking establishments, one off-street #accessory# parking space shall be provided for every 300 square feet of #commercial floor area#. The provisions of Section 73-45 (Modification of Off-site Parking Provisions) are hereby made inapplicable.

(3/22/16)

112-112
Accessory parking and floor area requirements for eating or drinking establishments

After July 10, 1985, for any #development#, #extension# or change of #use# involving an eating or drinking establishment that, in the aggregate, results in an increase of more than 150 square feet of #floor area#, one off-street #accessory# parking space shall be provided for each 150 square feet of the total of the existing and new #floor area#.

After July 10, 1985, any reduction in the number of existing off-street #accessory# parking spaces, either on-site or off-site that lowers the ratio of off-street #accessory# parking space per #floor area# to less than one space per 150 square feet of #floor area# is prohibited.

New off-site #accessory# parking for eating or drinking establishments in C1 or C2 Districts may be located only in C1 or
C2 Districts.

For the purposes of this Section, #floor area# shall also include #cellar# space, except for a room or rooms in the #cellar# used exclusively for storage, and outdoor table service areas used for eating or drinking establishments. The outdoor table service area shall be delineated and shown on the plans filed with the application for a building or work permit and used to determine the minimum requirement for #accessory# off-street parking. Such outdoor table service area shall be separated from the #accessory# off-street parking by a fence, wall, railing or planted screening.

For eating or drinking establishments, the provisions of Sections 36-23 or 44-23 (Waiver of Requirements for Spaces Below Minimum Number) or Sections 52-41 (General Provisions), with respect only to #enlargements# or #extensions# to provide off-street parking spaces, 73-43 (Reduction of Parking Spaces) and 73-45 (Modification of Off-site Parking Provisions) are hereby made inapplicable. For eating or drinking establishments with frontage on City Island Avenue, if less than 15 #accessory# off-street parking spaces are required, all such parking spaces shall be waived.

(2/2/11)

112-113
Reservoir space requirements for eating and drinking establishments

All #developments#, #extensions# or changes of #use# involving an eating or drinking establishment with attendant-operated parking services shall provide adequate on-site reservoir space at the vehicular entrances to accommodate automobiles equivalent in number to 10 percent of the total number of spaces, but in no event shall such reservoir space be required for more than 10 automobiles. Reservoir space shall be delineated by painted stripes or lines pursuant to the standards of the Department of Buildings.

Within one year of March 6, 1986, all existing eating or drinking establishments with attendant-operated parking services shall provide adequate reservoir space pursuant to this Section and shall file a site plan and documented evidence of compliance with the appropriate enforcement agency, either the Department of Buildings or Department of Ports and Terminals.
Screening and tree planting requirements for all parking lots with 10 or more spaces

All new or enlarged parking lots with 10 or more spaces shall comply with the screening requirement provisions of this Section.

Accessory parking spaces that adjoin zoning lots with residential uses shall be screened by an opaque wall or fence extending not less than six feet but not higher than eight feet above finished grade, or alternatively, by a planting strip at least five feet wide and densely planted with evergreen shrubs at least four feet high at time of planting, and of a variety expected to reach a height of six feet within three years, or by both. No chain link fences shall be permitted.

Accessory parking spaces that adjoin zoning lots with non-residential uses shall be screened by an opaque wall or fence extending at least four feet high but not higher than six feet above finished grade, or alternatively by a planting strip at least five feet wide and densely planted with evergreen shrubs at least two and one-half feet high at time of planting. Open chain link fences shall be permitted only within such planting strip, and such fences shall extend at least four feet but not more than six feet above finished grade.

Accessory parking spaces that front upon a street shall be screened in accordance with the provisions of paragraphs (a), (b) and (c) of Section 37-921 (Perimeter landscaping).

In addition, such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits and shall have no signs hung or attached thereto other than those permitted in Sections 32-62 (Permitted Signs), 32-63 (Permitted Advertising Signs) or 42-52 (Permitted Signs).

Location of parking spaces along City Island Avenue

No parking shall be permitted between the street line of City Island Avenue and the street wall of any building or its prolongation facing City Island Avenue. However, this provision shall not apply to waterfront zoning lots.
112-13
Zoning Applicability at the Shoreline

112-131
Location of zoning district boundary lines

Zoning district boundary lines shall coincide with the shoreline lawfully existing on November 13, 1981, or any natural or lawful alteration thereof.

112-132
Naturally or lawfully altered shorelines and development rights on piers

A zoning district boundary line which intersects the shoreline lawfully existing on November 13, 1981, shall be prolonged, in a straight line, to such naturally or lawfully altered shoreline. Lawfully approved piers or other lawfully approved structural extensions of the shoreline, as may be so altered, shall not generate development rights; however, uses accessory to the principal upland permitted use, except for off-street parking, shall be permitted.

112-14
Special Requirements for Waterfront Access

Except in R1 and R2 Districts, for developments containing residences on waterfront zoning lots of 65,000 square feet or more, a publicly accessible waterfront sitting area shall be provided. Such sitting area shall abut the shoreline, have a minimum area of 2,500 square feet, a minimum depth of 50 feet measured from the shoreline and contain at least one linear
foot of seating for every 100 square feet of public access area. Entrances of #buildings# may not front upon such sitting area.

Such sitting area shall be accessible by means of either a direct connection to a public sidewalk or a public way through the #zoning lot# directly connecting the sitting area with a public sidewalk. Such public way shall be comprised of a planting strip of at least four feet in width containing one tree of at least three-inch caliper for every 25 linear feet of length of such way, and a paved sidewalk of at least six feet in width or, for #developments# with #private roads#, sidewalks provided in accordance with the requirements for #private roads#, as set forth in Article II, Chapter 6.

Such public access areas shall comply with the provisions of Sections 62-74 (Requirements for Recordation), 62-70 (MAINTENANCE AND OPERATION REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), 62-651 (Guardrails, gates and other protective barriers), 62-652 (Seating) and 62-654 (Signage).

The Chairperson of the City Planning Commission shall certify to the Department of Buildings or Department of Business Services, as applicable, that a site plan has been submitted showing compliance with the provisions of this Section.

Article XI - Special Purpose Districts

Chapter 3
Special Ocean Parkway District

(1/20/77)

113-00
GENERAL PURPOSES

The "Special Ocean Parkway District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include among others the following specific purposes:

(a) to promote and strengthen the scenic landmark designation of Ocean Parkway by requiring landscaping along Ocean Parkway;

(b) to maintain the existing scale and character of the community by limiting the bulk of permitted community facilities;

(c) to protect the environmental quality of and improve circulation within the District by requiring enclosed parking for all uses along Ocean Parkway and by requiring off-street loading for certain community facilities throughout the District; and

(d) to promote the most desirable use of land in this area and thus to conserve the value of land and thereby protect the City's tax revenue.

(9/26/18)

113-01
General Provisions

In harmony with the general purposes of the #Special Ocean Parkway District# and in accordance with the provisions of this Chapter, certain specified regulations of the districts on which the #Special Ocean Parkway District# is superimposed are made inapplicable and special regulations are substituted therefor. Except as modified by the express provisions of the Special
District, the regulations of the underlying districts remain in force. In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

For the purpose of applying the Inclusionary Housing Program provisions set forth in Sections 23-154 and 23-90, inclusive, #Mandatory Inclusionary Housing areas# within the #Special Ocean Parkway District# are shown on the maps in APPENDIX F of this Resolution.

The Subdistrict of the #Special Ocean Parkway District# is identified in Appendix A of this Chapter. In addition to the requirements of Sections 113-10 through 113-40, inclusive, the special regulations set forth in Sections 113-50 through 113-57, inclusive, shall apply to the Subdistrict.

(9/26/18)

113-10
SPECIAL BULK REGULATIONS

The bulk regulations of the underlying districts shall apply, except as superseded, supplemented or modified by the provisions of this Section, inclusive.

(2/2/11)

113-11
Special Bulk Regulations for Community Facilities

In #Residence Districts# and #Commercial Districts# with residential equivalents, all #community facility buildings#, and portions of #buildings# containing #community facility uses#, shall be subject to the applicable underlying district #bulk# regulations of Article II, Chapter 3 (Residential Bulk Regulations in Residence Districts), except as provided below:

(a) in R2X Districts, the #residential bulk# regulations of an R3-1 District shall apply to #community facility buildings#;

(b) in R6 or R7 Districts with a letter suffix, the applicable #bulk# regulations set forth in Article II, Chapter 4 (Bulk Regulations for Community Facilities in Residence Districts) shall apply;
(c) in the Subdistrict, the #bulk# regulations of Article II, Chapter 3 shall apply, except as set forth in Section 113-503 (Special bulk regulations); and

(d) in R6 or R7 Districts without a letter suffix, the #community facility bulk# regulations of Article II, Chapter 4, may be made applicable by certification of the City Planning Commission, pursuant to Section 113-41 (Certification for Community Facility Uses on Certain Corner Lots).

(2/2/11)

113-12
Special Front Yard Regulations

For all #zoning lots# with frontage along Ocean Parkway, there shall be a 30 foot #front yard#. No obstructions including porches either open or enclosed, canopies or stairs are permitted within the #front yard#. Any driveway within such #front yard# shall be perpendicular to the #street line# or, in the case where the #street wall# is not parallel with the #street line#, the driveway shall be perpendicular to the #street wall#.

Balconies pursuant to Section 23-13 may, by a depth of not more than six feet, penetrate #front yards#, except along Ocean Parkway.

(1/20/77)

113-20
SPECIAL PARKING AND OFF-STREET LOADING REGULATIONS

(2/2/11)

113-21
Special Parking Regulations

For all #developments# having frontage on Ocean Parkway, all required or permitted #accessory# off-street parking spaces shall be #completely enclosed#. 
113-22
Special Off-street Loading Regulations

(a) For any #building# containing a #school# for children below grade 7, off-street loading facilities shall be provided in accordance with the requirements of this Section. Such off-street loading facilities shall be so situated and arranged to provide head-in and head-out movement of vehicles on two separate #streets#, and shall have a minimum dimension of 12 feet. All such off-street loading facilities shall be screened from adjacent #zoning lots# by a four foot buffer of shrubbery that is at least four feet high at the time of planting.

(b) For other #schools# with no children below grade 7, an off-street loading facility shall be provided with a minimum dimension of 12 by 18 feet.

(1/20/77)

113-30
SPECIAL LANDSCAPING REGULATIONS

Within the 30 foot #front yard# required along Ocean Parkway, landscaping in the form of grass, ground cover, trees or shrubs shall be provided at #curb level# or the natural grade level. Paving within the #front yard# shall be limited to the amount necessary for driveways or walkways. Fences are permitted along the #front# or #side lot line# provided that such fence is no higher than four feet above #curb level#.

(4/30/08)

113-31
Tree Planting Requirements

In addition to the applicable underlying #street# tree planting requirements, all changes of #use# on #zoning lots# having frontage on Ocean Parkway, shall provide #street# trees in accordance with the provisions of Section 26-41 (Street Tree Planting).
113-40
CERTIFICATIONS AND AUTHORIZATIONS FOR COMMUNITY FACILITIES

(2/2/11)

113-41
Certification for Community Facility Uses on Certain Corner Lots

Within the #Special Ocean Parkway District#, the City Planning Commission may allow, by certification, #community facility developments# or #enlargements# or changes of #use# containing #community facility uses#, to exceed the #bulk# regulations of Section 113-11 (Special Bulk Regulations for Community Facilities) when located on #corner lots#, one #lot line# of which is the #street line# of a #wide street#, provided that:

(a) the #community facility building# will comply with the #bulk# regulations of Article II, Chapter 4 (Bulk Regulations for Community Facilities in Residence Districts); and

(b) the scale of the proposed #community facility building# is appropriate to the scale of the surrounding #development#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(2/2/11)

113-42
Authorization for Enlargements of Community Facility Buildings

Within the #Special Ocean Parkway District#, the City Planning Commission may authorize #enlargements# that exceed the #bulk# limitations of Section 113-11 (Special Bulk Regulations for Community Facilities), provided:

(a) the existing #building# is a #community facility building developed# prior to December 19, 1996;

(b) the existing #community facility building# is located partially or wholly on a #corner lot#, one #lot line# of which is the #street line# of a #wide street#;
(c) the #enlarged community facility building# will comply with the #bulk# regulations of Article II, Chapter 4 (Bulk Regulations for Community Facilities in Residence Districts); and

(d) the scale of the proposed #community facility building# is appropriate to the scale of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(8/3/93)

113-50
THE SUBDISTRICT

(8/3/93)

113-501
General purposes

In order to preserve and enhance the character of the neighborhood, the Subdistrict within the Special Ocean Parkway District is established which encourages large single- or two-family detached and semi-detached residences.

(8/3/93)

113-502
Special use regulations

Within the Subdistrict, #single-# and #two-family detached# and #semi-detached residences# and #uses# listed in Use Groups 3 or 4 are the only permitted #uses#. #Non-conforming single-# or #two-family residences# may be #enlarged# or #extended# pursuant to the provisions of the Subdistrict provided that a 30 foot #rear yard# is maintained. All other #non-conforming uses# shall be subject to the provisions of Article V, Chapter 2 (Non-conforming Uses).
Special bulk regulations

For single- and two-family detached and semi-detached residences, and for zoning lots containing both community facility and residential uses, certain underlying district bulk regulations are set forth in Article II, Chapter 3 (Residential Bulk Regulations in Residence Districts), except as superseded by those set forth in Sections 113-51 through 113-55, inclusive. The regulations applicable to a predominantly built-up area shall not apply in the Subdistrict.

For community facility buildings, the bulk regulations of Article II, Chapter 3, are superseded by those set forth in Sections 113-51 (Maximum Permitted Floor Area Ratio), 113-542 (Minimum required front yards), 113-543 (Minimum required side yards), 113-544 (Minimum required rear yards) and 113-55 (Height and Setback Regulations). The provisions of Sections 24-01 (Applicability of this Chapter), 24-012 (Exceptions to the bulk regulations of this Chapter), paragraph (a), and 24-04 (Modification of Bulk Regulations in Certain Districts), pertaining to R4-1 Districts, shall not apply in the Subdistrict.

Maximum Permitted Floor Area Ratio

The maximum permitted floor area ratio shall be 1.50.

Density Regulations

The regulations set forth in Section 23-22 (Maximum Number of Dwelling Units) pertaining to R4-1 Districts shall apply.
Lot Area, Lot Width and Density Regulations

The regulations set forth in Section 23-32 (Minimum Lot Area or Lot Width for Residences) pertaining to R4-1 Districts shall apply to residential uses. The regulations set forth in Section 24-20 (APPLICABILITY OF DENSITY REGULATIONS TO ZONING LOTS CONTAINING BOTH RESIDENTIAL AND COMMUNITY FACILITY USES), pertaining to R4 Districts, shall apply to buildings used partly for residence and partly for community facility use.

(8/3/93)

113-54
Yard Regulations

(2/2/11)

113-541
Permitted obstructions in required yards or rear yard equivalents

For permitted residential uses, the provisions of Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) shall apply with the following modifications:

(a) open accessory off-street parking spaces shall not be located within a front yard unless such spaces are located in a permitted side lot ribbon;

(b) three-foot overhangs in a required 18-foot front yard in R4 or R5 Districts shall not be permitted; and

(c) balconies shall not be a permitted obstruction in rear yards or rear yard equivalents.

(8/3/93)

113-542
Minimum required front yards

The regulations set forth in Section 23-45 (Minimum Required Front Yards) pertaining to R4-1 Districts shall apply.
113-543
Minimum required side yards

The regulations set forth in Section 23-461 (Side yards for single- or two-family residences) pertaining to R4A Districts shall apply to detached buildings. The regulations in that Section pertaining to R4-1 Districts shall apply to semi-detached residences.

For an existing single- or two-family residence with a non-complying side yard, an enlargement involving a straight line extension of the existing building walls facing such non-complying side yard is permitted, provided that:

(a) the portion of the building which is enlarged complies with the height and setback regulations set forth in Section 113-55;

(b) the minimum distance between such building wall and the nearest building wall, or prolongation thereof, on an adjoining zoning lot across the common side lot line is eight feet;

(c) the enlarged building does not contain more than two dwelling units;

(d) there is no encroachment on the existing non-complying side yard, except as set forth in this Section; and

(e) the enlargement does not otherwise result in the creation of a new non-compliance with the applicable bulk regulations.

113-544
Minimum required rear yards

One rear yard with a depth of not less than 20 feet shall be provided on any zoning lot except a corner lot. The provisions of Section 23-52 (Special Provisions for Shallow Interior Lots) shall be inapplicable. The provisions of Section 23-53 (Special Provisions for Through Lots) pertaining to R4 Districts shall apply except that the provisions in Section 23-532 (Required rear yard equivalents) shall be modified to require 40 feet instead of 60 feet in paragraph (a), or 20 feet instead
of 30 feet in paragraphs (b) and (c).

(2/2/11)

113-545 Special provisions for side lot line walls

The regulations set forth in Section 23-49 (Special Provisions for Side Lot Line Walls) pertaining to R4-1 Districts shall apply.

(3/22/16)

113-55 Height and Setback Regulations

The height and setback regulations of a #building or other structure# in the Subdistrict shall be those applicable to R4A Districts in Section 23-631 (General provisions), except that paragraph (b)(2) shall be modified as follows:

Each perimeter wall of the #building or other structure# may have one or more apex points directly above it on the 35 foot high plane. (See Section 23-631, Figure B).

(8/3/93)

113-56 Parking Regulations

(8/3/93)

113-561 General provisions

Except as set forth in this Section, the regulations set forth in Article II, Chapter 5 (Accessory Off-street Parking and Loading Regulations), pertaining to R2X Districts, shall apply.
Parking requirements

One #accessory# off-street parking space shall be provided for each #dwelling unit# created after August 3, 1993. This requirement may be waived for a #single-family residence# on an #interior zoning lot# that has a width of less than 25 feet along a #street#.

Administration

Special provisions for zoning lots divided by district boundaries

For the purposes of applying the regulations of Article VII, Chapter 7 (Special Provisions for Zoning Lots Divided by District Boundaries), the Subdistrict shall be considered an R4-1 District.

Appendix A

Special Ocean Parkway District
114-00

GENERAL PURPOSES

The "Special Bay Ridge District" established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to preserve, protect and maintain the existing scale and character of the residential and commercial community;

(b) to encourage design of residential, commercial and community facility development which is in character with the neighborhood and surrounding community; and

(c) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby to protect the City's tax revenues.

114-01

General Provisions

In harmony with the general provisions and intent of this Resolution and the general purposes of the #Special Bay Ridge District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. The provisions of this Chapter shall apply to all #buildings#.

Except as modified by the provisions of this Chapter, the regulations of the underlying districts remain in effect.
114-10
SPECIAL BULK REGULATIONS

In the #Special Bay Ridge District#, the maximum #floor area ratio# and height and setback regulations shall apply as modified in this Section, inclusive.

(2/2/11)

114-11
Special Floor Area Regulations

In C8-2 Districts, for any #zoning lot#, the maximum #floor area ratio# for any #community facility use# shall not exceed 3.0.

In R4A, R4-1, R4B or R5B Districts, the #bulk# regulations of Article II, Chapter 4, shall apply only to a #building# that is used entirely for #community facility use#, except that the maximum #floor area ratio# shall not exceed 1.65. For a #building# that is used partly for #community facility use# and partly for #residential use#, the #bulk# regulations of Article II, Chapter 3, shall apply to all portions of such #building#, except that where:

(a) such #community facility use# has received tax-exempt status from the New York City Department of Finance, or its successor, pursuant to Section 420 of the New York State Real Property Tax Law; or

(b) such #building# has received an authorization pursuant to Section 24-04 (Modification of Bulk Regulations in Certain Districts); the #bulk# regulations of Article II, Chapter 4, shall apply to the #community facility# portion of such #building#, provided that the maximum #floor area ratio# for the #community facility use# shall not exceed 1.65.

(3/23/05)

114-12
Special Height and Setback Regulations
114-121 Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all buildings or other structures in R6A, R6B, R7A, R7B, C4-2A and C8-2 Districts in the Special Bay Ridge District, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

114-122 Maximum building height and setback

In the Special Bay Ridge District, the height and setback and maximum building height regulations of the underlying districts have been modified as follows:

(a) In C8-2 Districts

In C8-2 Districts, the maximum height of a building or other structure shall be 70 feet. Any portion of a building or other structure that exceeds a height of 60 feet shall be set back with a depth of at least 10 feet from a wide street line and at least 15 feet from a narrow street line.

(b) For community facilities in Residence Districts

In R3A, R3X, R3-2, R4A, R4-1, R4B and R5B Districts, the maximum height of a building or other structure containing community facility uses shall not exceed 32 feet.
Article XI: Special Purpose Districts
  Chapter 5: Special Downtown Jamaica District

Effective date of most recently amended section of Article XI Chapter 5: 3/22/16

Date of file creation: Web version of Article XI Chapter 5: 10/29/18

Zoning Disclaimer- the Web version of the Zoning Resolution of the City of New York is provided for reference and the convenience of having the Resolution in an online format. Recent amendments to the Zoning Resolution also appear on the Web prior to being incorporated into the print version of the Resolution.
115-00
GENERAL PURPOSES

The "Special Downtown Jamaica District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Downtown Jamaica community. These general goals include, among others, the following specific purpose:

(a) to strengthen the business core of Downtown Jamaica by improving the working and living environments;

(b) to foster development in Downtown Jamaica and provide direction and incentives for further growth where appropriate;

(c) to encourage the development of affordable housing;

(d) to expand the retail, entertainment and commercial character of the area around the transit center and to enhance the area’s role as a major transportation hub in the City;

(e) to provide transitions between the downtown commercial core, the lower-scale residential communities and the transportation hub;

(f) to improve the quality of development in Downtown Jamaica by requiring the provision of specified public amenities in appropriate locations;

(g) to encourage the design of new buildings that are in character with the area;
(h) to enhance the pedestrian environment by relieving
sidewalk congestion and providing pedestrian amenities;
and

(i) to promote the most desirable use of land and thus
conserve and enhance the value of land and buildings, and
thereby protect the City's tax revenues.

(2/2/11)

115-01
General Provisions

In harmony with the general purposes and content of this
Resolution and the general purposes of the #Special Downtown
Jamaica District#, the regulations of this Chapter shall apply
within the #Special Downtown Jamaica District#. The regulations
of all other chapters of this Resolution are applicable except
as modified, supplemented or superseded by the provisions of
this Chapter. In the event of a conflict between the provisions
of this Chapter and other regulations of this Resolution, the
provisions of this Chapter shall control.

Any special permit granted by the City Planning Commission
before September 10, 2007, may be started or continued, in
accordance with the terms thereof, or as such terms may be
subsequently modified, pursuant to the regulations in effect at
the time such special permit was granted, subject to the
provisions of Sections 11-42 (Lapse of Authorization or Special
Permit Granted by the City Planning Commission Pursuant to the
1961 Zoning Resolution) and 11-43 (Renewal of Authorization or
Special Permit).

(9/10/07)

115-02
District Plan and Maps

The regulations of this Chapter implement the #Special Downtown
Jamaica District# Plan.

The District Plan includes the following maps in the Appendix
to this Chapter:
The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

(9/10/07)

115-10 SPECIAL USE REGULATIONS

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying district shall apply except as modified in this Section, inclusive. The #use# regulations of the underlying C4-5X, C6 and M1-4 Districts relating to #public parking garages# are modified in Section 115-11. The #use# regulations of the underlying C6-4 District relating to Use Group 11B, are modified in Section 115-12. Special ground floor #use# and transparency regulations shall apply in the C4-5X and C6 Districts pursuant to Sections 115-13 (Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts) and 115-14 (Transparency Requirement in C4-5X and C6 Districts). The #use# regulations of the underlying M1-4 District, including Use Groups 3, 4, 6, 10, 16, 17 and 18, are modified as specified in Section 115-15.

(4/14/10)

115-11 Public Parking Garages
In the #Special Downtown Jamaica District#, the #use# regulations of the underlying C4-5X, C6-2, C6-3, C6-4 and M1-4 Districts shall be modified to permit #public parking garages# with a capacity of 150 spaces or less, as-of-right, subject to the provisions set forth for #accessory# off-street parking spaces in Sections 36-53 (Width of Curb Cuts and Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening). #Public parking garages# may be open or enclosed, provided that no portion of such #use# shall be located on a roof other than a roof which is immediately above a #cellar# or #basement#, except as provided by the special permit provisions of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas).

(9/10/07)

**115-12**

**Use Group 11B in C6-4 Districts**

In C6-4 Districts, the provisions of Section 32-20 (Use Group 11), paragraph B (Wholesale or Similar Establishments), shall be modified to allow wholesale establishments with no limitation on #accessory# storage.

(3/22/16)

**115-13**

**Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts**

On designated #streets#, as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in Appendix A of this Chapter, the special ground floor #use#, frontage and major #building# entrance regulations of this Section shall apply to any #building or other structure# fronting on such #streets#.

#Uses# within #stories# on the ground floor or with a floor level within five feet of the level of the adjoining sidewalk, shall be limited to #community facility uses# without sleeping accommodations, as listed in Section 115-15 (Modification of Use Regulations in M1-4 Districts), and #uses# listed in Use
Groups 5, 6A, 6B, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C. A building’s street frontage shall be allocated exclusively to such uses, except for Type 2 lobby space, entryways or entrances to subway stations provided in accordance with Section 37-33 (Maximum Width of Certain Uses). Such non-residential uses shall comply with the minimum depth provisions of Section 37-32 (Ground Floor Depth Requirements for Certain Uses).

For buildings developed or enlarged after September 10, 2007, where the ground floor of such development or enlarged portion of the building fronts upon such designated street, such development or enlargement shall provide a major building entrance onto such street. However, developments or enlargements on zoning lots with frontage on more than one designated street, may provide a major building entrance on only one designated street.

(3/22/16)

115-14
Transparency Requirement in C4-5X and C6 Districts

For buildings developed or enlarged after September 10, 2007, where the ground floor of such development or enlarged portion of the building fronts upon designated streets as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in Appendix A of this Chapter, each ground floor street wall shall be glazed in accordance with Section 37-34 (Minimum Transparency Requirements).

(2/2/11)

115-15
Modification of Use Regulations in M1-4 Districts

The use regulations of the underlying M1-4 District shall apply, except as modified as follows:

Use Groups 3A and 4A

The following community facility uses as listed in Sections 22-13 (Use Group 3) and 22-14 (Use Group 4) shall be permitted
as-of-right, provided that such #uses# are without sleeping accommodations:

From Use Group 3A:

College or universities, including professional schools but excluding business colleges or trade schools

Libraries, museums or non-commercial art galleries, without limitation

#Schools#

From Use Group 4A:

Ambulatory diagnostic or treatment health care facilities, limited to public, private, for-profit or not-for-profit medical, health and mental health care facilities in which patients are diagnosed or treated by health care professionals, licensed by the New York State Department of Education or successor agency, for medical, health or mental health conditions, and where such patients are ambulatory rather than admitted. Such facilities shall not include the practice of veterinary medicine, #physical culture or health establishments# or ophthalmic dispensing

Clubs, except:

(a) clubs, the chief activity of which is a service predominantly carried on as a business;

(b) non-commercial outdoor swimming pool clubs;

(c) any other non-commercial clubs with outdoor swimming pools located less than 500 feet from any #lot line#;

or

(d) any activity or #use# listed within the definitions of either #adult physical culture establishments# or #physical culture or health establishments# in Section 12-10 (DEFINITIONS)

Community centers or settlement houses

Non-commercial recreation centers
Philanthropic or non-profit institutions, without limitation on central office functions

Rectories and parish houses

Seminaries

Welfare centers

Use Groups 6 and 10

All #uses# listed in Sections 32-15 (Use Group 6) and 32-19 (Use Group 10), shall be permitted and shall not be subject to the limitations specified in Section 42-12 (Use Groups 3A, 6A, 6B, 6D, 6F, 7B, 7C, 7D, 7E, 8, 9B, 9C, 10A, 10B, 10C, 11, 12A, 12C, 12D, 12E, 13, 14 and 16).

Use Groups 16, 17 and 18

The following #uses# from Sections 32-25 (Use Group 16), 42-14 (Use Group 17) and 42-15 (Use Group 18) shall be permitted, provided that such #uses# are in #completely enclosed buildings#, except as specifically modified in this Section.

From Use Group 16A (Retail or Service Establishments):

Animal hospitals or kennels

Automobile, motorcycle, trailer or boat sales

Building materials sales, limited to 10,000 square feet of #lot area# per establishment

Carpentry, custom woodworking or custom furniture making shops

Electrical, glazing, heating, painting, paper hanging, plumbing, roofing or ventilating contractors' establishments

Fuel, ice, oil, coal or wood sales, limited to 5,000 square feet of #lot area# per establishment

Household or office equipment or machinery repair shops, such as refrigerators, washing machines, stoves, deep freezers or air conditioning units
Machinery rental or sales establishments

Mirror silvering or glass cutting shops

Motorcycle or motor scooter rental establishments

Sign painting shops, with no limitation on floor area per establishment

Silver plating shops, custom

Soldering or welding shops

Tool, die or pattern making establishments, or similar small machine shops

Trade schools for adults

From Use Group 16B (Automotive Service Establishments):

Automotive service stations, open or enclosed, provided that facilities for lubrication, minor repairs or washing are permitted only if located within a completely enclosed building

From Use Group 16C (Vehicle Storage Establishments):

Commercial or public utility vehicle storage, including accessory motor fuel pumps

From Use Group 16D (Heavy Service, Wholesale or Storage Establishments):

Carpet cleaning establishments

Dry cleaning or cleaning and dyeing establishments, with no limitation on type of operation, solvents, floor area or capacity per establishment

Laundries, with no limitation on type of operation

Linen, towel or diaper supply establishments

Moving or storage offices, with no limitation as to storage or floor area per establishment

Packing or crating establishments
Photographic developing or printing, with no limitation on floor area per establishment

Warehouses

Wholesale establishments, with no limitation on accessory storage

From Use Group 17A (Service or Wholesale Establishments):

Building materials or contractors' yards, including sales, storage, or handling of building materials, with no limitation on lot area per establishment, except that lumber yards shall be limited to 20,000 square feet of lot area per establishment

Produce or meat markets, wholesale

From Use Group 17B (Manufacturing Establishments):

Advertising displays

Aircraft, including parts

Apparel or other textile products from textiles or other materials, including hat bodies, or similar products

Beverages, non-alcoholic

Bottling work, for all beverages

Brushes or brooms

Cameras or other photographic equipment, except film

Canvas or canvas products

Carpets

Ceramic products, including pottery, small glazed tile, or similar products

Chemicals, compounding or packaging

Cork products
Cosmetics or toiletries

Cotton ginning, or cotton wadding or linters

Electrical appliances, including lighting fixtures, irons, fans, toasters, electric toys, or similar appliances

Electrical equipment assembly, including home radio or television receivers, home movie equipment, or similar products, but not including electrical machinery

Electrical supplies, including wire or cable assembly, switches, lamps, insulation, dry cell batteries, or similar supplies

Film, photographic

Food products, except slaughtering of meat or preparation of fish for packing

Fur goods, not including tanning or dyeing

Glass products from previously manufactured glass

Hair, felt or feather products, except washing, curing or dyeing

Hosiery

Ice, dry or natural

Ink or inked ribbon

Jute, hemp, sisal or oakum products

Laboratories, research, experimental or testing

Leather products, including shoes, machine belting, or similar products

Luggage

Machines, business, including typewriters, accounting machines, calculators, card-counting equipment, or similar products
Machinery, miscellaneous, including washing machines, firearms, refrigerators, air-conditioning, commercial motion picture equipment, or similar products

Machine tools, including metal lathes, metal presses, metal stamping machines, woodworking machines, or similar products

Mattresses, including rebuilding or renovating

Metal finishing, plating, grinding, sharpening, polishing, cleaning, rust-proofing, heat treatment, or similar processes

Metal stamping or extrusion, including costume jewelry, pins and needles, razor blades, bottle caps, buttons, kitchen utensils, or similar products

Motorcycles, including parts

Musical instruments, including pianos or organs

Novelty products

Optical equipment, clocks, or similar precision instruments

Orthopedic or medical appliances, including artificial limbs, braces, supports, stretchers, or similar appliances

Paper products, including envelopes, stationery, bags, boxes, shipping containers, bulk goods, tubes, wallpaper printing, or similar products

Perfumes or perfumed soaps, compounding only

Pharmaceutical products

Plastic products, including tableware, phonograph records, buttons, or similar products

Printing or publishing, with no limitation on #floor area# per establishment

Rubber products, such as washers, gloves, footwear, bathing caps, atomizers, or similar products, excluding manufacture of natural or synthetic rubber
Scenery construction

Silverware, plate or sterling

Soap or detergents, packaging only

Sporting or athletic equipment, including balls, baskets, cues, gloves, bats, racquets, rods, or similar products

Statuary, mannequins, figurines, or religious art goods, excluding foundry operations

Steel products, miscellaneous fabrication or assembly, including steel cabinets, doors, fencing, metal furniture, or similar products

Textiles, spinning, weaving, manufacturing, dyeing, printing, knit goods, yarn, thread or cordage

Tobacco, including curing or tobacco products

Tools or hardware, including bolts, nuts, screws, doorknobs, drills, hand tools or cutlery, hinges, house hardware, locks, non-ferrous metal castings, plumbing appliances, or similar products

Toys

Umbrellas

Upholstering, bulk, excluding upholstering shops dealing directly with consumers

Vehicles, children's, including bicycles, scooters, wagons, baby carriages, or similar vehicles

Venetian blinds, window shades, or awnings, with no limitation on production or on #floor area# per establishment

Wax products

Wood products, including furniture, boxes, crates, baskets, pencils, cooperage works, or similar products

From Use Group 17C (Miscellaneous #Uses#):
Public transit, railroad or electric utility substations, open or enclosed, subject to the special permit provisions of Sections 73-16 or 74-61 (Public Transit, Railroad or Electric Utility Substations)

Railroads, including rights-of-way, freight terminals, yards or appurtenances, or facilities or services used or required in railroad operations, but not including passenger stations

From Use Group 18:

Breweries, limited to 10,000 square feet of #floor area# per establishment

#Uses accessory# to the preceding listed #uses#

(9/10/07)

115-16
Modification of Article V, Chapter 2

Within the #Special Downtown Jamaica District#, for any #zoning lot# in a C8-1 District prior to September 10, 2007, the provisions of paragraph (b) of Section 52-332 (Other buildings or structures in Residence Districts) and the provisions of paragraph (b) of Section 52-35 (Manufacturing or Related Uses in Commercial Districts) shall be modified as follows: A #non-conforming use# listed in Use Group 16 may not be changed to a #use# listed in Use Group 17.

(9/10/07)

115-20
SPECIAL BULK REGULATIONS

(3/22/16)

115-21
Floor Area Ratio, Open Space and Lot Coverage
(a) Maximum #floor area ratio# for #zoning lots# containing non-#residential uses#

In C6-2 and C6-3 Districts, the underlying #floor area ratio# and #open space# provisions shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial# and #community facility uses#, separately or in combination, shall not exceed 6.0 in C6-2 Districts and 8.0 in C6-3 Districts. No #floor area# bonuses shall be permitted.

In C6-4 Districts, the underlying #floor area ratio# provisions, including #floor area# bonus provisions, shall apply to #community facility uses#. For #commercial uses#, the maximum #floor area ratio# shall be 12.0, and no #floor area# bonuses shall apply.

In M1-4 Districts, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 2.0.

(b) Maximum #floor area ratio# for #zoning lots# containing #residential uses#

The maximum #floor area ratio# for any #zoning lot# containing a #residential use# shall not exceed the #floor area ratio# set forth in Section 115-211 (Special Inclusionary Housing regulations) for the applicable district.

(c) #Lot coverage#

In C4 and C6 Districts, for #residential buildings# or the #residential# portion of a #mixed building#, the maximum #lot coverage# shall be 100 percent on a #corner lot# and 70 percent on an #interior# or #through lot#.

(3/22/16)

115-211
Special Inclusionary Housing regulations
(a) Applicability

R7A, R7X, C4-4A, C4-5X, C6-2, C6-3 and C6-4 Districts within the #Special Downtown Jamaica District# shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90 (INCLUSIONARY HOUSING), inclusive, applicable as modified, within the Special District.

(b) Maximum #floor area ratio#

The maximum #floor area ratio# for any #zoning lot# containing a #residential use# shall not exceed the base #floor area ratio# set forth in the table in this Section, except that such base #floor area ratio# may be increased to the maximum #floor area ratio#, set forth in Section 23-154 (Inclusionary Housing), through the provision of #affordable housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Section 23-90, inclusive.

(c) Modification of location requirements

The requirements of paragraph (a) of Section 23-96 (Requirements for Generating Sites or MIH Sites) shall be modified as follows: a #generating site# may be located in any #Inclusionary Housing designated area# within the #Special Downtown Jamaica District#.

(d) Height and setback

The height and setback regulations of Sections 23-951 (Height and setback for compensated developments in Inclusionary Housing designated areas) and 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) shall be modified by the special height and setback regulations of Section 115-23, inclusive.
115-22
Modification of Rear Yard Regulations

#Rear yard# requirements shall not apply to non-#residential uses# along such portion of a #lot line# that coincides with a boundary of a railroad right-of-way, or in any portion of a C6-4 District.

115-23
Height and Setback Regulations

In M1-4 Districts, the underlying height and setback regulations shall apply except as modified in Section 115-231 (Permitted obstructions).

In C4 and C6 Districts, the underlying height and setback regulations are modified as set forth in Sections 115-231 through 115-235, inclusive.

For #zoning lots# subject to the sidewalk widening requirements of Section 115-31, the boundary of the sidewalk widening furthest from the #street line# shall be considered the #street line# for the purposes of applying all height and setback regulations.

All heights shall be measured from the #base plane#.

115-231
Permitted obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Jamaica District#, except that dormers may penetrate a maximum base
height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

(2/2/11)

115-232
Street wall location

C4 C6

In the districts indicated, #street walls# shall be provided in accordance with the provisions of this Section.

(a) For all locations, except as specified on Map 3 (Street Wall Location) in Appendix A of this Chapter, the #street wall# of a #building# shall be located on the #street line# and extend along at least 70 percent of the #street# frontage of the #zoning lot#. No #street wall# location rules shall apply to the remaining portion of the #street frontage# of the #zoning lot#; however, any #street walls# provided in such portion shall be located on the #street line# or recessed within an #outer court#. All required #street walls# shall rise without setback to at least the minimum base height specified in Section 115-233 (Street wall height), or the height of the #building#, whichever is less. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall apply on all such #street lines#.

(b) Map 3 (Street Wall Location) in Appendix A of this Chapter, specifies the #street# frontages where the regulations set forth in this paragraph (b) apply.

(1) The #street wall# shall be located on the #street line# and extend along the entire #street# frontage as specified on Map 3, and shall rise without setback to at least the minimum base height specified in Section 115-233, or the height of the #building#, whichever is less. This requirement shall also apply along that portion of any #street line# that intersects such #street# frontage, specified on Map 3, within 50 feet of such intersection.

(2) To allow articulation of #street walls# at the intersection of two #street lines# with mandatory
#street wall# requirements, up to 50 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines# may be unoccupied by a #building#.

(3) Where corner articulation is specified on Map 3, the following regulations shall apply:

(i) Where base corner articulation is specified, the #building# shall occupy, at every level up to the level of the setback provided pursuant to Section 115-233, not less than 50 percent and not more than 75 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines#.

(ii) Where tower corner articulation is specified, no articulation is required where all portions of the #building# that exceed a height of 60 feet are located at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. Where a #building# rises without setback along those #street lines# where no setback is required, as specified on Map 4 (Street Wall Height), in Appendix A of this Chapter, the #building# shall cover, at every level above the setback provided pursuant to Section 115-233, not less than 50 percent and not more than 75 percent of the area bounded by:

(a) the #street line# of the #street# where no setback is required;

(b) a line 10 feet from and parallel to a #wide street# with a setback requirement or 15 feet from and parallel to a #narrow street# with a setback requirement; and

(c) lines parallel to and 20 feet from such lines.

(4) No #street wall# location requirements shall apply to any open space fronting on Sutphin Boulevard between 94th and 95th Avenues provided pursuant to the Jamaica Gateway Urban Renewal Plan, as shown on Map 3.
(5) For building walls facing Archer Avenue on Blocks 9988 and 9994, the street walls required pursuant to this paragraph (b) shall not be located along the Archer Avenue street line, but shall instead be located along the northern boundary of the Public Place mapped on each such block. However, if the Public Place is not mapped on Block 9994, then the street wall shall be located on a line perpendicular to 147th Place and passing through a point 51.77 feet distant (as measured along the southwesterly street line of 147th Place) from the corner of the northeasterly street line of Archer Avenue and the southwesterly street line of 147th Place. To accommodate the development of a one story building which may be located within each Public Place, such street walls shall have no building entrances or windows up to a height of 30 feet within 100 feet of 147th Place on Block 9994 and within 100 feet of 146th Street on Block 9988.

(c) In all locations where street walls are required, recesses, not to exceed three feet in depth from the street line, shall be permitted on the ground floor where required to provide access to the building.

Above a height of 12 feet, up to 30 percent of the aggregate width of required street walls may be recessed beyond the street line, provided any such recesses deeper than 10 feet along a wide street, or 15 feet along a narrow street, are located within an outer court. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two street lines except to articulate the street walls as set forth in this Section.

Existing buildings may be vertically enlarged by up to one story or 15 feet, without regard to the street wall location requirements of this Section.

(3/22/16)

115-233
Street wall height

C4 C6
Except in the locations indicated on Map 4 (Street Wall Height) in Appendix A of this Chapter, the minimum and maximum heights before setback of a #street wall# required pursuant to Section 115-232 (Street wall location), shall be as set forth in the following table:

<table>
<thead>
<tr>
<th>District</th>
<th>Minimum #Street Wall# Height</th>
<th>Maximum #Street Wall# Height</th>
</tr>
</thead>
<tbody>
<tr>
<td>C4-4A</td>
<td>40 feet</td>
<td>65 feet</td>
</tr>
<tr>
<td>C4-5X</td>
<td>40 feet</td>
<td>85 feet</td>
</tr>
<tr>
<td>C6</td>
<td>40 feet</td>
<td>60 feet</td>
</tr>
</tbody>
</table>

However, in C4-4A and C4-5X Districts, the maximum #street wall# height may be modified for #Quality Housing buildings# with #qualifying ground floors# in accordance with Section 23-662 (Maximum height of buildings and setback regulations) for the applicable residential equivalent set forth in the tables in Section 35-23 (Residential Bulk Regulations in Other C1 or C2 Districts or in C3, C4, C5 or C6 Districts). In addition, for #buildings# meeting the criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), such maximum #street wall# heights may be modified in accordance with the provisions of paragraph (b) of Section 23-664 for the applicable residential equivalent of such districts.

Any portion of a #building# that exceeds the maximum height of a #street wall# shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4, required #street walls# shall rise without setback to the minimum height specified for that location on Map 4 or the height of the #building#, whichever is less. Any portion of a #building# that exceeds the maximum #street wall# height specified for that location shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

However, in the locations indicated on Map 4 where no maximum #street wall# height or setback is required, #street walls# required pursuant to Section 115-232 shall rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less. Above a height of 40 feet, no setbacks are required for any portion of such #street wall#.
115-234
Maximum building height

C4 C6

In C4-4A and C4-5X Districts, the maximum height of a building or other structure and the maximum number of stories shall be as set forth in Section 23-662 (Maximum height of buildings and setback regulations) for the applicable residential equivalent set forth in the tables in Section 35-23 (Residential Bulk Regulations in Other C1 or C2 Districts or in C3, C4, C5 or C6 Districts). For buildings meeting the criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), such maximum heights and number of stories may be modified in accordance with the provisions of paragraph (b) of Section 23-664 for the applicable residential equivalent of such districts. Separate maximum building heights are set forth within such Sections for Quality Housing buildings with qualifying ground floors and for those with non-qualifying ground floors.

In C6-2 and C6-3 Districts, no building or other structure shall exceed a height of 250 feet. In C6-4 Districts, no building or other structure shall exceed a height of 290 feet. However, no maximum building height limitation shall apply on Block 9993, shown on Map 5 (Maximum Building Height) in Appendix A of this Chapter, if such block is developed or if a building on such block is enlarged, pursuant to the Jamaica Gateway Urban Renewal Plan.

115-235
Transition area

R6 R7 R8 R9 R10

In the districts indicated, and in Commercial Districts where such Residence District bulk regulations are applicable, that
portion of a building located within 25 feet of an adjacent zoning lot in an R1, R2, R3, R4 or R5 District shall not exceed a maximum height of 35 feet. In addition, an open area not higher than curb level shall be provided within eight feet of such adjacent zoning lot. Such open area may be used for accessory parking.

(9/10/07)

115-30
MANDATORY IMPROVEMENTS

(4/9/13)

115-31
Sidewalk Widening

The provisions of this Section shall apply to all developments fronting upon locations requiring sidewalk widenings as shown on Map 6 (Sidewalk Widening) in Appendix A of this Chapter. A sidewalk widening is a continuous, paved open area along the street line of a zoning lot having a depth of two feet or five feet, as set forth on Map 6. Such depth shall be measured perpendicular to the street line. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalk and directly accessible to the public at all times. No enlargement shall be permitted to decrease the depth of such sidewalk to less than such minimum required total sidewalk depth.

All mandatory sidewalk widenings must provide lighting in accordance with the requirements of Section 37-743, except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.

(3/22/16)

115-32
Refuse Storage, Recreation Space and Planting Areas
All buildings containing residences shall provide refuse storage space, recreation space and planting areas in accordance with the provisions of Sections 28-12 (Refuse Storage and Disposal) and 28-20 (RECREATION SPACE AND PLANTING AREAS), whether or not they are Quality Housing buildings.

(2/2/11)

115-40
RESIDENTIAL CONVERSIONS

In all Commercial Districts, the conversion to dwelling units of non-residential buildings, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (MINOR MODIFICATIONS), paragraph (b).

Uses in buildings erected prior to January 1, 1977, containing both residential and non-residential uses shall not be subject to the provisions of Section 32-42 (Location Within Buildings).

(9/10/07)

115-50
SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

(2/2/11)

115-51
Parking and Loading Regulations

Within the Special Downtown Jamaica District, the off-street parking and loading regulations shall be modified, as follows:

(a) Commercial and manufacturing uses In C4, C6 and M1 Districts, the off-street parking and loading regulations of a C4-4 District shall apply, except as modified in this Section.
(1) For any #use# that is not allowed in a C4 District, the underlying off-street parking requirements of the applicable C6-2, C6-3, C6-4 or M1-4 District shall apply.

(2) In C4, C6 and M1 Districts, the provisions of Sections 36-12 and 44-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an #accessory group parking facility# to contain up to 300 off-street parking spaces. Pursuant to the provisions of Sections 36-13 and 46-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the Commissioner of Buildings may permit such #group parking facility# to contain up to 150 additional spaces.

(3) In C4, C6 and M1 Districts, the provisions of Section 36-21 (General Provisions) pertaining to #accessory# off-street parking spaces for #commercial# or #community facility uses# shall be modified as follows: #uses# in Use Groups 6B (Offices), 10B (Wholesale Establishments) and 11B (Wholesale or Similar Establishments), with parking requirement category B1, shall be required to provide one parking space per 2,000 square feet of #floor area#.

(4) Modification of Waiver of Parking Requirements

(i) In C4, C6 and M1 Districts, the provisions of Sections 36-23 and 44-23 (Waiver of Requirements for Spaces Below Minimum Number) shall only apply to #zoning lots# existing both on September 10, 2007 and on the date of application for a building permit.

(ii) In C4, C6 and M1 Districts, for any #commercial use# permitted in a C4 or C6 District, the waiver provisions for a C4-4 District set forth in Section 36-232 (In districts with very low parking requirements) shall not apply. In lieu thereof, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be 15 spaces, pursuant to the waiver provisions for a C4-2 District set forth in Section 36-231 (In districts with high, medium or low parking requirements).
(iii) The provisions of Sections 36-342 (Reduced requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) and 36-344 (Waiver of requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply in the Special Downtown Jamaica District.

(b) Residential uses

(1) The provisions of Section 25-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an accessory group parking facility to contain up to 300 off-street parking spaces. Pursuant to the provisions of Section 25-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the Commissioner of Buildings may permit such group parking facility to contain up to 150 additional spaces.

(2) The required accessory off-street parking space regulations of the underlying districts in the Special Downtown Jamaica District shall be modified as follows: The regulations set forth for an R6A District in Section 25-20 shall apply. The regulations set forth for an R6 District in Sections 25-50 (RESTRICTIONS ON LOCATION OF ACCESSORY OFF-STREET PARKING SPACES), inclusive, and 25-60 (ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF-STREET PARKING SPACES), inclusive, shall apply except as modified in paragraphs (b)(3) and (b)(4) of this Section.

(3) In all Residence Districts, the provisions of Section 25-26 (Waiver of Requirements for Small Number of Spaces) are modified, as follows:

(i) The provisions of Section 25-26 shall only apply to zoning lots existing both on September 10, 2007, and on the date of application for a building permit.

(ii) For all developments or enlargements containing residences, the maximum number of accessory off-street parking spaces for which requirements are waived shall be five spaces.
(4) The provisions of Section 25-52 (Off-site Spaces for Residences) and 25-521 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces accessory to residences on a zoning lot other than the same zoning lot as the residences, provided that such zoning lot is no more than 1,500 feet from the nearest boundary of the zoning lot occupied by the residences to which they are accessory.

(5) The provisions of Section 36-42 (Off-site Spaces for Residences) and 36-421 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces accessory to residences on a zoning lot other than the same zoning lot as the residences, provided that such zoning lot is no more than 1,500 feet from the nearest boundary of the zoning lot occupied by the residences to which they are accessory.

(9/10/07)

115-52
Location of Access to the Street

Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in Appendix A of this Chapter specifies locations where curb cuts shall be prohibited within the Special Downtown Jamaica District.

However, where permitted or required accessory off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such zoning lot has access only to such prohibited location and that such curb cut shall be no greater than 20 feet in width.

An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one sixteenth inch to a foot, showing the size and location of the proposed curb cut.
The waiver provisions of Article III, Chapter 6 (Accessory Off-street Parking and Loading Regulations), shall not apply to the special location of access requirements of this Section.

(2/2/11)

115-60
SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any zoning lot within the Special Downtown Jamaica District, the City Planning Commission may permit modification of the use or bulk regulations, except floor area ratio provisions, provided the Commission shall find that such:

(a) use or bulk modification will aid in achieving the general purposes and intent of the Special District;

(b) use modification will encourage a lively pedestrian environment along the street or mandatory sidewalk widening, or is necessary for, and the only practicable way to achieve, the programmatic requirements of the development;

(c) bulk modifications will enhance the distribution of bulk on the zoning lot;

(d) bulk modifications will permit adequate access of light and air to surrounding streets and properties; and

(e) use or bulk modification will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Article XI: Special Purpose Districts
Chapter 6: Special Stapleton Waterfront District

Effective date of most recently amended section of Article XI Chapter 6: 7/20/17
Article XI – Special Purpose Districts

Chapter 6
Special Stapleton Waterfront District

116-00
GENERAL PURPOSES

The "Special Stapleton Waterfront District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes:

(a) encourage design of development that is in character with the neighborhood and surrounding community;

(b) maintain and reestablish physical and visual public access to and along the waterfront;

(c) strengthen the traditional town center of Stapleton by allowing the development of residential and commercial uses;

(d) encourage the creation of a lively and attractive environment that will provide daily amenities and services for the use and enjoyment of the working population and the new residents;

(e) take maximum advantage of the beauty of the New York Harbor waterfront, thereby best serving the business community, the residential population and providing regional recreation; and

(f) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect City tax revenues.
116-01
Definitions

For the purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) or in this Section.

Esplanade

The "Esplanade" is a park extending along portions of the waterfront edges of the #Special Stapleton Waterfront District#. The #Esplanade# is shown in the District Plan, Map 1 (Special Stapleton Waterfront District, Subareas and Public Spaces), in Appendix A of this Chapter.

Mandatory front building wall

A "mandatory front building wall" is the front wall of a #building# that generally coincides with a #mandatory front building wall line#, as provided in Section 116-232 (Street wall location).

Mandatory front building wall line

"Mandatory front building wall lines" are imaginary lines extending through Subarea B of the #Special Stapleton Waterfront District# which are shown on Map 3 (Mandatory Front Building Wall Lines) in Appendix A of this Chapter, and with which #building# walls must generally coincide, as provided in Section 116-232.

Pier Place, the Cove

"Pier Place" and the "Cove" are designated open spaces accessible to the public, located within the #Special Stapleton Waterfront District# as shown in the District Plan, Map 1, in Appendix A of this Chapter.

Shore public walkway

A "shore public walkway" is a linear public access area along the shore or water edges of a #platform# on a #waterfront zoning lot#.

Upland connection

An "upland connection" is a pedestrian way which provides a public access route from the #Esplanade# or a #shore public
walkway# to a public sidewalk within a public #street#.
Required #upland connections# are shown in the District Plan,
Map 5 (Upland Connections and Visual Corridors), in Appendix A
of this Chapter.

Visual corridor

A "visual corridor" is a public #street# or tract of land
within a #block# that provides a direct and unobstructed view
to the water from a vantage point within a public #street#.
Required #visual corridors# are shown in the District Plan, Map
5 and Map 6 (Location of Visual Corridor in Subarea E) in
Appendix A of this Chapter.

(7/20/17)

116-02
General Provisions

In harmony with the general purposes and content of this
Resolution and the general purposes of the #Special Stapleton
Waterfront District#, the provisions of this Chapter shall
apply to all #developments#, #enlargements# and changes of
#use# within the #Special Stapleton Waterfront District#. The
regulations of all other Chapters of this Resolution are
applicable except as modified, supplemented or superseded by
the provisions of this Chapter. In the event of a conflict
between the provisions of this Chapter and other regulations of
this Resolution, the provisions of this Chapter shall control.
However, in #flood zones#, in the event of a conflict between
the provisions of this Chapter and the provisions of Article
VI, Chapter 4 (Special Regulations Applying in Flood Hazard
Areas), the provisions of Article VI, Chapter 4, shall control,
except in Subarea E of this Chapter.

Within the #Special Stapleton Waterfront District#, the
regulations of the underlying R6, C2-2, C4-2A and M2-1
Districts shall apply, as modified in this Chapter.

(7/20/17)

116-03
District Plan and Maps

The District Plan for the #Special Stapleton Waterfront District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Stapleton Waterfront District#.

These areas shall include Subareas A, B1, B2, B3, B4, B5, C, D and E, the #Esplanade# and two designated public open spaces: #Pier Place# and the #Cove#. In addition, Subareas B and E shall include #upland connections# and Subarea E shall include a #shore public walkway#.

The District Plan includes the following maps in Appendix A of this Chapter.

Map 1 Special Stapleton Waterfront District, Subareas and Public Spaces
Map 2 Ground Floor Use and Frontage Requirements
Map 3 Mandatory Front Building Wall Lines
Map 4 Restricted Curb Cut and Off-Street Loading Locations
Map 5 Upland Connections and Visual Corridors
Map 6 Location of Visual Corridor in Subarea E

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter shall apply.

(7/20/17)

116-04
Subareas

In order to carry out the purposes and provisions of this Chapter, the following subareas are established within the #Special Stapleton Waterfront District#: Subarea A, Subarea B, comprised of Subareas B1, B2, B3, B4 and B5, Subareas C, D and E, the #Esplanade#, #Pier Place# and the #Cove#. In each of
these subareas, special regulations apply that may not apply in other subareas.

(7/20/17)

116-05
Applicability

In Subareas A, B and C, the #Esplanade#, #Pier Place# and the #Cove#, the provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall not apply. In lieu thereof, the special #use#, #bulk#, #accessory# off-street parking, public access and urban design regulations of Sections 116-10 through 116-50 shall apply.

In Subarea D, the provisions of Article VI, Chapter 2 shall apply pursuant to the underlying M2-1 District regulations.

In Subarea E, the underlying provisions of Article VI, Chapter 2 shall apply, except as modified in Section 116-60 (SPECIAL REGULATIONS IN SUBAREA E), inclusive. In addition, the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), shall not apply. In lieu thereof, the provisions of Section 116-623 (Height and setback regulations), shall apply.

#Lower density growth management area# regulations shall not apply in the #Special Stapleton Waterfront District#.

(7/20/17)

116-10
SPECIAL USE REGULATIONS FOR SUBAREAS A, B AND C, THE ESPLANADE, PIER PLACE AND THE COVE

In Subareas A, B and C, the #Esplanade#, #Pier Place# and the #Cove#, the following special #use# regulations shall apply. The #use# regulations of the underlying C4-2A District shall be modified by Sections 116-101 through 116-13, inclusive.

(7/20/17)
116-101
Use Groups 12 and 14

The uses listed in Section 32-21 (Use Group 12) shall not be permitted in Subarea C.

The uses listed in Section 32-23 (Use Group 14) shall be permitted in Subareas A, B and C, the Esplanade, Pier Place and the Cove; boat storage, repair or painting, however, shall be allowed without restriction relating to boat length.

(10/25/06)

116-102
Special permit uses

Physical culture or health establishments shall be permitted in Subarea B2. The special permit provisions of Section 73-36 shall not apply.

(10/25/06)

116-103
Supplementary use regulations

The provisions of Section 32-41 (Enclosure within Buildings) shall be modified as follows: In Subarea B3, a farmers’ market may be unenclosed.

The provisions of Section 32-423 (Limitation on ground floor location) shall be modified as follows: In Subareas B1 and B2, the uses listed in Section 32-18 (Use Group 9) may be located on the ground floor and within 50 feet of any street wall of the building and with show windows facing on the street.

(7/20/17)

116-11
Special Sign Regulations
The sign regulations of the underlying C4-2 District in Section 32-60 (Sign Regulations) shall be modified as follows: flashing signs shall not be permitted in Subareas A, B and C, the Esplanade, Pier Place and the Cove.

(7/20/17)

116-12
Mandatory Ground Floor Use and Frontage Requirements

The provisions of Section 32-433 (Ground floor use in C1, C2 and C4 Districts in the Borough of Staten Island) shall not apply in Subareas A, B and C. However, on designated streets and mandatory front building wall lines in Subareas B3 and C, as shown on Map 2 in Appendix A of this Chapter, the special ground floor use and frontage regulations of this Section shall apply to any building developed or enlarged after October 25, 2006.

Uses located on the ground floor level or within two feet of the as-built level of the adjoining sidewalk shall be exclusively limited to the permitted non-residential uses as modified by the special use provisions of this Chapter. Such ground floor uses shall extend along the entire width of the building, except for lobbies or entrances to accessory parking spaces and shall have a depth provided in accordance with Section 37-32 (Ground Floor Depth Requirements for Certain Uses).

In no event shall lobbies and entrances to accessory parking spaces occupy more than 50 percent of the building's total frontage along such street or mandatory front building wall line, or 35 feet, whichever is less. However, the total length of such frontage occupied by such lobbies and entrances need not be less than 25 feet.

(7/20/17)

116-13
Transparency Requirements

In Subareas A, B and C, the transparency requirements of Section 37-34 (Minimum Transparency Requirements) shall apply to any development or an enlargement where the enlarged#
portion of the ground floor of the building is within eight feet of the street line and where non-residential uses are located on the ground floor level or within two feet of the as-built level of the adjoining sidewalk.

(7/20/17)

116-20
SPECIAL BULK REGULATIONS FOR SUBAREAS A, B AND C, THE ESPLANADE, PIER PLACE AND THE COVE

The special bulk regulations of Section 116-20, inclusive, shall apply to Subareas A, B and C, the Esplanade, Pier Place and the Cove.

(10/25/06)

116-21
Residential Bulk Regulations in C4-2A Districts

The provisions of Sections 34-112 and 35-23 (Residential Bulk Regulations in other C1 or C2 Districts or in C3, C4, C5 or C6 Districts) are modified as follows:

The applicable bulk regulations for residential uses in C4-2A Districts shall be those for R6B Districts.

(10/25/06)

116-22
Maximum Floor Area Ratio

The maximum floor area ratio for all uses shall be 2.0.

(10/9/13)

116-221
Special floor area regulations for mixed buildings
For buildings containing residences, the area in such buildings occupied by non-residential uses on the ground floor, or within two feet of the as-built level of the adjoining sidewalk, shall be excluded from the calculation of permitted floor area in the building. However, the area occupied by non-residential uses on the ground floor shall be included as floor area for other purposes including calculating:

(a) requirements for accessory off-street parking spaces;

(b) accessory off-street loading berths; and

(c) limitations on floor area occupied by certain uses.

In flood zones, the floor area exclusion permitted by this Section shall also apply to the area occupied by non-residential uses on the lowest occupiable floor, as defined in Section 64-11.

(10/25/06)

116-23
Special Height and Setback Regulations

The special height and setback regulations set forth in this Section shall apply.

(7/20/17)

116-231
Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all buildings or other structures in Subareas A, B and C, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

(7/20/17)
In Subarea A, the underlying street wall location regulations shall apply.

In Subareas B and C, the underlying street wall location regulations of a C4-2A District or an R6B District, as applicable, shall be modified as set forth in this Section. Map 3 (Mandatory Front Building Wall Lines) in Appendix A of this Chapter, specifies locations in Subareas B and C where mandatory front building wall requirements apply as follows:

(a) Type 1: Front building walls shall be coincident with and extend along the entire length of the mandatory front building wall line, except, to allow articulation at the intersection of two such lines, the front building wall may be located anywhere within 15 feet of their point of intersection.

(b) Type 2: Front building walls shall be located within eight feet of and extend along at least 70 percent of the length of the mandatory front building wall line. For phased development, this requirement may be satisfied by more than one building, provided that upon completion 70 percent of the length of the mandatory front building wall line is occupied by such front building walls.

(c) Wherever Map 3 does not indicate a mandatory front building wall line, the underlying street wall location rules shall apply.

If more than one building is developed in Subareas B1, B2, B3 or B4, the first building shall be located along a Type 1 mandatory front building wall line. Subsequent buildings shall locate along a Type 2 mandatory front building wall line until 70 percent of the length of the mandatory front building wall line is occupied.

All mandatory front building walls shall rise without setback to a maximum height of 40 feet or the height of the building, whichever is less. A building may exceed a height of 40 feet, up to the maximum building height specified in Section 116-233, if a setback is provided at a minimum height of 35 feet. Such setback shall have a minimum depth of 10 feet and shall be measured from the front building wall. Recesses shall be permitted on the ground floor where required to provide access.
to the #building#. Above the ground floor, up to 30 percent of the aggregate width of the front #building# wall may be recessed.

However, in Subarea B2, the #mandatory front building wall# may rise without setback to the permitted maximum height of the #building#.

(7/20/17)

116-233
Maximum building height

In Subareas A, B and C, the maximum height of a #building or other structure# outside of Subarea B2 shall not exceed 50 feet. However, where the ground floor level of a #building# provides a #qualifying ground floor# in accordance with the supplemental provisions set forth in paragraph (b)(2) of Section 35-652 (Maximum height of buildings and setback regulations), the maximum height of a #building or other structure# may be increased to 55 feet.

Within Subarea B2, the maximum height of a #building or other structure# shall not exceed 60 feet.

(7/20/17)

116-30
SPECIAL ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS FOR SUBAREAS A, B AND C

In Subareas A, B and C, the parking and loading regulations of the underlying C4-2A District shall apply, except as modified in this Section.

(4/22/09)

116-31
Modification of Required Accessory Off-Street Parking Space Regulations for Certain Commercial Uses
The following uses listed in Section 32-23 (Use Group 14) shall be subject to the parking requirements applicable to a C4-2 District pursuant to Section 62-43 (Parking Requirements for Commercial Docking Facilities):

Boat rentals, open or enclosed [PRC-H]

Docks for ferries, other than gambling vessels, limited to an aggregate operational passenger load, per zoning lot#, of 150 passengers per half hour [PRC-H]

Docks for sightseeing, excursion or sport fishing vessels, other than gambling vessels#

Docks or mooring facilities for non-commercial pleasure boats [PRC-H].

(2/2/11)

116-32
Modification of Waiver of Requirements

The provisions of Section 36-362 (In other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply.

All other waivers of parking requirements shall only apply to zoning lots# existing both on October 25, 2006, and on the date of application for a building permit.

(10/25/06)

116-33
Modification of Location of Parking Spaces

For all zoning lots# with frontage on Front Street, no accessory off-street parking spaces shall be located in any open area that is between the street wall# of the building# and the Front Street street line#, except that such spaces may be located between the street wall# of the building# and the Front Street street line# in Subarea B5.
116-34
Location and Width of Curb Cuts

Curb cuts are prohibited in the locations shown on Map 4 (Restricted Curb Cut and Off-Street Loading Locations) in Appendix A of this Chapter.

In Subarea C, for #zoning lots# with access only to Front Street, only one curb cut shall be permitted along Front Street.

In Subareas A, B and C, the maximum width of curb cuts shall not exceed 25 feet, including splays.

116-35
Screening and Tree Planting Requirements for Parking Facilities

The provisions of this Section shall apply to any new or #enlarged# open off-street parking facility with ten spaces or more, except where the provisions of Section 37-90 (PARKING LOTS), inclusive, apply.

(a) Screening

Such off-street parking facilities shall be screened, in accordance with the provisions of this Section, from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, and from any designated open space accessible to the public situated on the same #zoning lot#, including the #Esplanade#.

Such screening shall consist of a strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at the time of planting and which are of a type which may be expected to form a year-round dense screen at least six feet high within three years.

#Accessory# parking spaces that front upon a #street# shall be screened by a strip at least four feet wide and densely planted with evergreen shrubs to be maintained at all times at a height not less than two and one-half feet
and not more than four feet.

In addition, a wall or barrier or uniformly-painted fence of fire-resistant material at least four feet high but not more than eight feet above finished grade may be provided. Such wall, barrier or fence must be 100 percent opaque up to a height of four feet above the finished grade of the parking facility and not more than 35 percent opaque above four feet. No chain link fences shall be permitted. All permitted fences shall be located behind landscaped areas when viewed from the street.

Such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits, and shall have no signs hung or attached thereto other than those permitted in Sections 32-60, inclusive, or 62-654.

(b) Tree planting requirements

Trees, pre-existing or newly-planted, shall be provided at the rate of one tree for every eight open parking spaces within the off-street parking facility and may be located on the perimeter of the parking facility or in planting islands within the parking area. For parking facilities with more than 25 open parking spaces, at least 30 percent of trees provided to meet this requirement shall be located in planting islands within the parking area. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

(7/20/17)

116-40
UPLAND CONNECTIONS AND VISUAL CORRIDORS FOR SUBAREAS A, B AND C

(7/20/17)

116-41
Upland Connections

In the locations shown on Map 5 (Upland Connections and Visual Corridors) in Appendix A of this Chapter, upland connections#
shall be provided. An #upland connection# traversing a #zoning lot# in Subareas A, B and C shall consist of a single circulation path bordered continuously along both sides by buffer zones.

(a) Required dimensions

The minimum width of the #upland connection# shall be 30 feet. When an #upland connection#, or a portion thereof, abuts a private driveway, no buffer zone is required.

(b) Buffer zone

The buffer zone is a landscaped area running along the edge of the #upland connection# that bounds the boundary of the non-public portions of the #zoning lot#; each buffer zone shall have a minimum width of seven feet. The buffer zone shall be improved entirely as planting area, except at locations:

(1) occupied by permitted obstructions; or

(2) where there is ground floor #commercial use# frontage on the #upland connection#, in which case that portion of the buffer zone may be paved.

(c) Permitted obstructions

The provisions of Section 62-611 (Permitted obstructions) shall apply to #upland connections# within Subarea B, the #Esplanade#, #Pier Place# and the #Cove#. The permitted obstructions listed in paragraph (b)(2) of Section 62-611 are further subject to the tree and planting requirements of Section 62-655. Water-Dependent (WD) #uses# referenced in paragraph (a)(6) of Section 62-611 shall be as listed in Section 62-211.

(7/20/17)

116-42
Visual Corridors

#Visual corridors# shall be provided in the locations shown on Map 5 in Appendix A of this Chapter. Such #visual corridors#
shall be subject to the requirements of Section 116-512 (Design requirements for visual corridors).

(7/20/17)

116-50
SPECIAL URBAN DESIGN REQUIREMENTS FOR SUBAREAS A, B AND C, THE ESPLANADE, PIER PLACE AND THE COVE

The special urban design requirements of Section 116-50, inclusive, shall apply to all developments and enlargements within Subareas A, B and C, the Esplanade, Pier Place and the Cove.

(4/30/08)

116-51
Design Requirements for Upland Connections and Visual Corridors

(4/22/09)

116-511
Design requirements for upland connections

(a) Circulation and access

(1) Where an upland connection abuts a private driveway, a circulation path with a minimum clear width of six feet shall be provided along both sides of the driveway. The remaining area shall be planted pursuant to the provisions of paragraph (c) of this Section.

(2) All other upland connections through zoning lots shall have a circulation path with a minimum clear width of 16 feet.

(b) Seating

A minimum of 12 linear feet of seating shall be provided for every 100 linear feet of upland connection.
(c) Planting

Where an #upland connection# abuts a private driveway, a single row of shade trees shall be planted adjoining a required circulation path in accordance with the standards of Section 62-655 (Planting and trees). Within all #upland connections#, any unpaved area shall be planting area.

(7/20/17)

116-512
Design requirements for visual corridors

The requirements of this Section shall apply to all #visual corridors# within Subarea B, the #Esplanade#, #Pier Place# and the #Cove#. When a #visual corridor# coincides with an #upland connection#, the provisions of Section 116-511 (Design requirements for upland connections) shall also apply.

No #building or other structure# shall be erected within the width of a #visual corridor#, except as provided in this Section. #Visual corridors# shall be the width 1f the #street# but shall not be less than 50 feet wide.

Permitted obstructions within #visual corridors# shall be limited to:

(a) boats, ships or other vessels, and #floating structures# permitted as-of-right by paragraph (a) of Section 62-25 (Uses on Floating Structures);

(b) any moving or parked vehicles or street furniture, including, but not limited to, benches, seats, kiosks, carts and open display booths, lighting fixtures, flagpoles, trash receptacles, drinking fountains and public telephones;

(c) guardrails and fences, provided they comply with the design standards of Section 62-651 (Guardrails, gates and other protective barriers), except that fences may be eight feet high;

(d) sculpture;
(e) planting areas, provided that no shade trees are planted within a 15 foot wide area along both sides of the center line of the visual corridor; and

(f) those obstructions permitted in rear yards as listed in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), except walls exceeding four feet in height shall not be permitted.

(7/20/17)

116-52
Waterfront Public Access Signage

The New York City Waterfront Symbol Plaque shall be used to direct the public to waterfront public access areas including the Esplanade and upland connections within Subarea B, Pier Place and the Cove, and to identify the entry points of these areas. Such signage shall be provided in accordance with requirements of Section 62-654.

(7/20/17)

116-53
Refuse Storage Areas

Refuse shall be stored within a completely enclosed building.

(7/20/17)

116-60
SPECIAL REGULATIONS IN SUBAREA E

The special use, bulk, visual corridor and waterfront public access area requirements of Section 116-60, inclusive, shall apply to Subarea E.

(7/20/17)

116-61
Special Use Regulations

The use regulations of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall apply, modified as follows:

(a) the provisions of Section 32-433 (Ground floor use in C1, C2 and C4 Districts in the Borough of Staten Island) shall not apply;

(b) the provisions of Section 62-29 (Special Use Regulations for R6, R7, R8, R9 and R10 Districts) are modified to allow uses listed in Section 62-212 (Waterfront-Enhancing (WE) uses) to be located anywhere within a building existing prior to July 20, 2017, provided that no commercial floor area is located above a dwelling unit; and

(c) physical culture or health establishments shall be permitted as-of-right. The special permit provisions of Section 73-36 shall not apply.

(7/20/17)

116-62
Special Bulk Regulations

The bulk regulations of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall apply, except as modified in Section 116-62, inclusive.

(7/20/17)

116-621
Floor area

Subarea E of the Special Stapleton Waterfront District shall be a Mandatory Inclusionary Housing area for the purpose of applying the Inclusionary Housing Program provisions of Section 23-90 (INCLUSIONARY HOUSING), inclusive.

The floor area regulations of Article VI, Chapter 2, shall not apply. In lieu thereof, the floor area regulations of Section 23-154 (Inclusionary Housing), as applicable to
Mandatory Inclusionary Housing areas, shall apply, except in R6 Districts:

(a) for zoning lots, or portions thereof, within 100 feet of a wide street, the maximum floor area ratio shall be 3.6; and

(b) for zoning lots, or portions thereof, beyond 100 feet of a wide street, the maximum floor area ratio shall be 2.42.

(7/20/17)

116-622
Required yards

The special yard provisions of 62-332 (Rear yards and waterfront yards) shall apply, except the 40 foot minimum depth requirement for a waterfront yard may be reduced by up to five feet, to a minimum depth of 35 feet, along those portions of the landward edge of the stabilized shore, bulkhead or natural shoreline where the depth of the landward portions of the zoning lot is less than 150 feet, as measured perpendicular and landward from such edge.

(7/20/17)

116-623
Height and setback regulations

The provisions of Section 62-341 (Developments on land and platforms) shall apply, except as modified in this Section.

(a) Initial setback distance

The provisions of paragraph (a)(2) of Section 62-341 shall be modified for buildings located on portions of a zoning lot where the distance between the edge of the stabilized shore and a landward zoning lot line is less than 150 feet. The depth of such initial setback distance from the boundary of a shore public walkway may be reduced to five feet, provided that at least 40 percent of the width of each story required to be set back above the minimum base height is set back no less
than 10 feet from the boundary of the #shore public walkway#.

(b) Measurement of height

The provisions of paragraph (a)(3) of Section 62-341 shall apply, except for the purpose of this Section, #base plane# shall refer to an elevation of 16.8 feet above Richmond Datum.

(c) Permitted obstructions

The provisions of paragraphs (a)(4)(i) and (ii) of Section 62-341 shall not apply. Dormers and penthouse portions of a #building# shall not be considered permitted obstructions above a maximum base height.

(d) Maximum base height

The maximum base height provisions of paragraph (c)(1) of Section 62-341 shall apply, except a #building or other structure#, or a portion thereof, located within an #initial setback distance#, shall rise to a height of at least 25 feet or two #stories#, whichever is less, and may not exceed a maximum base height of 55 feet or five #stories#, whichever is less.

(e) Maximum #building# height and tower size

The maximum #residential# tower size provisions of paragraph (c)(4) of Section 62-341 shall not apply. For the purposes of this paragraph (e), any portion of a #building# that exceeds a height of 55 feet or five #stories#, whichever is less, shall be considered a tower. #Buildings# with tower portions fronting on Edgewater Street shall not exceed a height of 120 feet above the #base plane# or 12 #stories#, whichever is less. The height of any other #building# with tower portions shall not exceed a height of 110 feet above the #base plane#, or 11 #stories#, whichever is less. Each #story# within a tower portion of a #building# shall not exceed a gross area of 10,000 square feet up to a height of 90 feet or nine #stories#, whichever is less, and each #story# above a height of 90 feet or nine #stories#, whichever is less, shall not exceed a gross area of 8,100 square feet. All #stories# within the tower portions of #buildings# shall be bounded on all sides by open areas on the #zoning lot#.
For #zoning lots# with three or more #buildings#, no more than two #buildings# shall contain towers.

(f) #Floor area# distribution

The provisions of paragraph (c)(3) of Section 62-341 shall not apply.

(g) #Street wall# articulation facing #shore public walkways#

The provisions of paragraph (c)(5) of Section 62-341 shall apply. In addition, for portions of #buildings# fronting on a #shore public walkway# with an #aggregate width of street wall# greater than 200 feet, such #street walls# shall provide a recess at least five feet deep and 55 feet wide, unobstructed from the lowest level of the #building# to the sky. In no event shall a #street wall# extend along a #shore public walkway# for a distance greater than 130 feet without providing such a recess. Furthermore, above the height of the second #story#, such #street walls# shall provide at least one additional recess with a minimum depth of five feet and a minimum width or, where applicable, an aggregate width, of at least 40 feet.

(h) Streetscape provisions

The streetscape provisions of paragraph (c)(6) of Section 62-341 shall not apply. In lieu thereof, the following provisions shall apply:

(1) Lobbies

A #residential# lobby, extending along at least 30 percent of the #aggregate width of street walls# shall be provided, but need not be wider than 35 feet. Transparent glazing materials shall occupy at least 40 percent of the surface area of the #street wall# of the lobby, measured between a height of two and 10 feet above the level of the adjoining grade.

A lobby to a #commercial# or #community facility use# shall have a minimum width of 20 feet. Transparent glazing materials shall occupy at least 50 percent of the surface area of the #street wall# of the lobby, measured between a height of two feet above the level of the adjoining grade and a height 12 feet above the level of the first finished floor.
In the event of a conflict between the provisions of this paragraph (h)(1) and the construction standards of the Federal government or Appendix G of the New York City Building Code, the requirements of this paragraph shall not apply.

(2) Parking garage wall treatment

For any level within a #building# where #accessory# off-street parking is provided, such parking shall be screened from the #street line# or #waterfront public access area# with a #street wall# that is at least 50 percent opaque. Each one-foot square portion of such #street wall# shall comply individually with this requirement. Such required wall treatment may be interrupted by vehicular or pedestrian entrances. In addition to the wall treatment, the screening requirements of Section 62-655 (Planting and trees) shall apply.

For #buildings# with #street walls# that are more than 50 feet in width and located within 50 feet of a #waterfront public access area# or #street#, at least 70 percent of the width of such #street walls# shall contain #floor area# at the first #story# located completely above the #base plane#.

(7/20/17)

116-63
Requirements for Visual Corridors and Waterfront Public Access Areas

(7/20/17)

116-631
Visual corridors

The provisions of Section 62-51 (Applicability of Visual Corridor Requirements) shall apply, except as modified in this Section. The minimum width of the required #visual corridor# shall be 60 feet. The location of such #visual corridor# shall be as shown on Maps 5 and 6 in Appendix A of this Chapter. Such
visual corridor shall be located such that the northern boundary of the visual corridor shall intersect with the easterly street line of Edgewater Street at a point 22 feet south of the following intersection: the easterly prolongation of the northerly street line of Lynhurst Avenue and the easterly street line of Edgewater Street. Such visual corridor shall extend to the pierhead line at an angle of 89.35 degrees, as measured between the northern boundary of such visual corridor and the portion of the easterly street line of Edgewater Street north of such visual corridor.

(7/20/17)

116-632 Waterfront Public Access Area

The provisions of Section 62-52 (Applicability of Waterfront Public Access Area Requirements) shall apply, except that no supplemental public access area, as set forth in Section 62-57 (Requirements for Supplemental Public Access Areas), shall be required. However, a shore public walkway and an upland connection must be provided as modified in this Section and shown on Maps 1, 5 and 6 in Appendix A of this Chapter.

(a) Shore public walkway

The provisions of paragraph (a)(3) of Section 62-53 (Requirements for Shore Public Walkways) shall apply, except that the minimum width of a shore public walkway on shallow portions of a zoning lot set forth on such Section shall be modified to be no less than 35 feet.

If there is an existing building or other structure to remain on the zoning lot, the entire area between such existing building and the shoreline shall be entirely occupied by the shore public walkway, with a required circulation path of at least eight feet.

(b) Upland connections

The requirement for a “transition area” within a Type 2 upland connection in paragraph (b)(2) of Section 62-561 (Types of upland connections) shall not apply. In addition, the minimum width requirement of 10 feet for the upland connection abutting such turnaround shall be modified to five feet, provided that the entire area of
the vehicular turnaround is paved with the same paving material as the upland connection.

(7/20/17)

116-633
Phased development of Waterfront Public Access Area

For the purposes of applying for an authorization for phased development of a waterfront public access area in paragraph (c)(1) of Section 62-822 (Modification of waterfront public access area and visual corridor requirements), the lot area shall be the portion of the zoning lot above water.

Article XI - Special Purpose Districts

Chapter 7
Special Long Island City Mixed Use District

117-00
GENERAL PURPOSES

The "Special Long Island City Mixed Use District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Long Island City community. These general goals include, among others, the following specific purposes:

(a) to support the continuing growth of a mixed residential, commercial and industrial neighborhoods by permitting expansion and development of residential, commercial, community facility and light manufacturing uses where adequate environmental standards are assured;

(b) to encourage the development of moderate to high density commercial uses within a compact transit-oriented area;

(c) to strengthen traditional retail streets in Hunters Point by allowing the development of new residential and retail uses;

(d) to encourage the development of affordable housing;

(e) to promote the opportunity for people to work in the vicinity of their residences;

(f) to retain jobs within New York City;

(g) to provide an opportunity for the improvement of Long Island City; and

(h) to promote the most desirable use of land and thus conserve the value of land and buildings and thereby protect City tax revenues.
117-01
Definitions

Definitions specifically applicable to this Chapter are set forth in this Section. Other defined terms are set forth in Section 12-10 (DEFINITIONS).

Mixed use building or development

For the purposes of this Chapter, a "mixed use building" or a "mixed use development" shall be any #building# or #development# used partly for #residential use# and partly for #community facility#, #commercial# or #manufacturing use#.

(3/22/16)

117-02
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Long Island City Mixed Use District#, the regulations of this Chapter shall apply within the #Special Long Island City Mixed Use District#. The regulations of all other Chapters of this Resolution are applicable, except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(a) Notwithstanding the provisions of Section 54-40 (DAMAGE OR DESTRUCTION IN NON-COMPLYING BUILDINGS), when a #building# that existed on October 25, 1995, within the Hunters Point or Court Square Subdistricts, is damaged or demolished by any means, it may be reconstructed to its #bulk# prior to such damage or destruction or to the #bulk# permitted by this Chapter, whichever is greater.

(b) For #mixed use buildings#, #dwelling units# shall be located on a #story# or #stories# above the highest #story# occupied, in whole or in part, by a #commercial# or #manufacturing use#. #Commercial# or #manufacturing uses# may, however, be located on the same #story#, or on a #story# higher than that occupied by #dwelling units#,
provided that the #commercial# or #manufacturing uses#:

(1) are located in a portion of the #mixed use building# that has separate direct access to the #street# with no access to the #residential# portion of the #building# at any #story#; and

(2) are not located directly over any portion of the #building# containing #dwelling units#.

(c) Regulations relating to #accessory# parking facilities, #public parking lots# and #public parking garages# within the Hunters Point Subdistrict, the Court Square Subdistrict and the Queens Plaza Subdistrict are set forth in Article I, Chapter 6 (Comprehensive Off-street Parking Regulations in the Long Island City Area), and such provisions are further modified by Section 117-54 (Off-street Parking and Loading Regulations).

(d) In the granting of special permits or authorizations within the #Special Long Island City Mixed Use District#, the City Planning Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding uses.

(e) Where references are made to #block# numbers within this Chapter, such numbers are to be found on the maps appended to this Chapter.

(f) In areas within the #Special Long Island City Mixed Use District# that are not within a Subdistrict, the regulations of the underlying zoning district shall apply.

(8/13/15)

117-03  
**District Plan and Maps**

The regulations of this Chapter implement the #Special Long Island City Mixed Use District# Plan.

The District Plan includes the following maps in Appendices A, B and C:

| Appendix A | Special Long Island City Mixed Use District and Subdistricts Plan Map, including Permitted Sidewalk Cafe Locations |
Appendix B  Court Square Subdistrict Plan Map and Description of Improvements

Appendix C  Queens Plaza Subdistrict Plan Maps:

Map 1 – Designated Districts within the Queens Plaza Subdistrict

Map 2 – Ground Floor Use and Frontage

Map 3 – Sidewalk Widening and Street Wall Location.

The maps are hereby incorporated and made part of this Resolution for the purposes of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

(10/7/08)

117-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four subdistricts are established within the #Special Long Island City Mixed Use District#. In each of these subdistricts, special regulations apply that do not apply elsewhere within the #Special Long Island City Mixed Use District# and supplement or supersede the provisions of Sections 117-00 through 117-03, inclusive.

Sections 117-10 through 117-30, inclusive, shall apply to the Hunters Point Subdistrict.

Sections 117-40 through 117-45, inclusive, shall apply to the Court Square Subdistrict.

Sections 117-50 through 117-57, inclusive, shall apply to the Queens Plaza Subdistrict.

Sections 117-60 through 117-64, inclusive, shall apply to the Dutch Kills Subdistrict.

(5/22/13)

117-05
Permitted Sidewalk Cafe Locations

Unenclosed sidewalk cafes, including small sidewalk cafes, shall be permitted in the Special Long Island City Mixed Use District only on the streets indicated on the map in Appendix A (Special Long Island City Mixed Use District and Subdistricts Plan Map, including Permitted Sidewalk Cafe Locations) of this Chapter, except that such unenclosed sidewalk cafes may also extend up to 100 feet along the non-designated street frontage of a corner lot, subject to all other applicable regulations of Article I, Chapter 4.

(8/12/04)

117-10
HUNTERS POINT SUBDISTRICT

In the Special Long Island City Mixed Use District, the special regulations of Sections 117-10 through 117-30, inclusive, shall apply within the Hunters Point Subdistrict and, where noted in Sections 117-40 through 117-45, inclusive, shall also apply within the Court Square Subdistrict.

(8/12/04)

117-11
General Provisions

In special areas of the Hunters Point Subdistrict of the Special Long Island City Mixed Use District, an M1 District is paired with a Residence District. For the purposes of this Chapter, such Residence and M1 Districts are referred to as the “designated districts”. The designated districts within the Hunters Point Subdistrict are indicated on the zoning map and are as follows:

- M1-4/R6A
- M1-4/R6B
- M1-4/R7A
- M1-5/R7X
- M1-5/R8A

(8/12/04)
117-20
SPECIAL PROVISIONS IN THE DESIGNATED DISTRICTS

(8/12/04)

117-21
Special Provisions for Use, Bulk and Parking

The special #use#, #bulk# and parking provisions of Article XII, Chapter 3, of the #Special Mixed Use District# shall apply to the designated districts within the Hunters Point Subdistrict, except where modified by the provisions of this Section, and shall supplement or supersede the provisions of the designated #Residence# or M1 District, as applicable.

(8/12/04)

117-22
Modification of Use Group 6A

The provisions of Section 42-12 (Use Groups 3A, 6A, 6B, 6D, 6F, 7B, 7C, 7D, 7E, 8, 9B, 9C, 10A, 10B, 10C, 11, 12A, 12C, 12D, 12E, 13, 14 and 16) pertaining to Use Group 6A shall be modified as follows:

    Food stores, including supermarkets, grocery stores or delicatessen stores, shall not be limited as to #floor area# per establishment.

(2/2/11)

117-23
Street Wall Location in Certain Designated Districts

In the districts indicated, the #street wall# of any #building# containing #residences# shall be located no closer to, nor further from, the #street line# than the #street wall# of an
adjacent existing building. However, the street wall of a building need not be located further from a street line than 15 feet. On corner lots, the street wall along one street line need not be located further from the street line than five feet. Recesses, not to exceed three feet in depth from the street line, or eight feet in depth where ramps for the physically disabled are required, shall be permitted on the ground floor where required to provide access to the building.

Existing buildings may be vertically enlarged by up to one story or 15 feet without regard to the street wall location provisions of this Section.

(10/25/95)

117-30
SPECIAL PROVISIONS FOR C1 AND C2 DISTRICTS

(2/2/11)

117-31
Special Use Regulations

For buildings containing residences, uses on the ground floor shall be limited to non-residential uses and lobby space. Not more than 8,000 square feet of the ground floor shall be devoted to uses listed in Use Group 6B.

(2/2/11)

117-32
Special Bulk Regulations

All street walls shall be built coincident with the street line.

(10/25/95)

117-40
COURT SQUARE SUBDISTRICT
117-401
General provisions

The regulations governing the Court Square Subdistrict of the #Special Long Island City Mixed Use District# are contained within Sections 117-40 through 117-45, inclusive. These regulations supplement the provisions of Sections 117-01 through 117-03, inclusive, of the #Special Long Island City Mixed Use District# and supersede the underlying districts.

Mandatory subway improvements are elements of the Subdistrict Plan, which shall be built by the developer of the #zoning lot# to which they apply.

117-41
Court Square Subdistrict Plan

The Subdistrict Plan for the Court Square Subdistrict specifies the location of Blocks 1, 2 and 3 and identifies the improvements to be provided in the District under the provisions of this Chapter. The elements of the Subdistrict Plan are set forth in Appendix B of this Chapter, which consists of the Subdistrict Plan Map and Description of Improvements, and is incorporated into the provisions of this Chapter.

117-42
Special Bulk and Use Regulations in the Court Square Subdistrict

#Zoning lots# of at least 10,000 square feet with #buildings# containing at least 70,000 square feet of #floor area# are subject to the provisions of the underlying C5-3 District, as modified by Sections 117-40 through 117-45, inclusive.

All other #zoning lots# are subject to the #use# provisions of the underlying C5-3 District and the #bulk# provisions of an M1-4/R6B designated district, pursuant to the regulations of Article XII, Chapter 3 (Special Mixed Use District), as modified by Sections 117-00 through 117-22, inclusive.
117-421
Special bulk regulations

(a) Developments or enlargements on zoning lots that meet the standards of Section 117-44 and provide mandatory subway improvements as required by Section 117-44, may be developed or enlarged to a floor area ratio of 15.0. Developments or enlargements on zoning lots that do not meet the minimum standards of Section 117-44 shall not exceed the maximum floor area ratio of the M1-4/R6B designated district for the applicable use.

(b) The following provisions shall not apply within the Court Square Subdistrict:

Section 33-13 (Floor Area Bonus for a Public Plaza)
Section 33-14 (Floor Area Bonus for Arcades)
Section 33-26 (Minimum Required Rear Yards)
Section 34-223 (Floor area bonus for a public plaza)
Section 34-224 (Floor area bonus for an arcade)
Section 34-23 (Modification of Yard Regulations).

(c) The height and setback regulations of the underlying C5-3 District shall apply, except that:

(1) no building or other structure shall exceed a height of 85 feet above the base plane within the area bounded by 23rd Street, 44th Road, a line 60 feet east of and parallel to 23rd Street, and a line 75 feet north of and parallel to 45th Road; and

(2) on Blocks 1 and 3, the street wall of a building or other structure shall be located on the street line or sidewalk widening line, where applicable, and extend along the entire street frontage of the zoning lot up to at least a height of 60 feet and a maximum height of 85 feet before setback. Recesses, not to exceed three feet in depth from the street line, shall be permitted on the ground floor where required to provide access to the building. Above the level of the second
#story#, up to 30 percent of the #aggregate width of street walls# may be located beyond the #street line#, provided no such recesses are within 15 feet of an adjacent #building#.

Above a height of 85 feet, the underlying height and setback regulations shall apply. However, the underlying tower regulations shall be modified to permit portions of #buildings# that exceed a height of 85 feet to be set back at least five feet from a #wide street line#, provided no portion of such #building# that exceeds a height of 85 feet is located within 15 feet of a #side lot line#. The provisions of this paragraph (c)(2) shall not apply to #enlargements# on #zoning lots# existing on June 30, 2009, where such #zoning lot# includes an existing #building# to remain with at least 300,000 square feet of #floor area#.

(5/28/03)

117-422
Sign regulations

All requirements of Section 32-60 (SIGN REGULATIONS) shall apply, except for Sections 32-642 (Non-illuminated signs), 32-644 (Illuminated or flashing signs in C4, C5-4, C6 or C7 Districts) and 32-655 (Height of signs in all other Commercial Districts).

Non-#illuminated#, #illuminated# or #flashing signs# are permitted with a total #surface area# (in square feet) not exceeding five times the #street# frontage of the #zoning lot#, in feet, but in no event shall the total #surface area# exceed 500 square feet for #interior# or #through lots# or 500 square feet on each frontage for #corner lots#.

No permitted #sign# shall extend above #curb level# at a height greater than 60 feet.

A #non-conforming sign# may be replaced pursuant to Section 52-82 (Non-conforming Signs Other Than Advertising Signs), except that the height, location or position of the replacement #sign# may be changed by up to 10 feet, measured from the perimeter of the original #non-conforming sign#.

(2/2/11)
Sidewalk widening

For any development or enlargement on Block 3 with a building wall facing 45th Road, a sidewalk widening of five feet shall be provided on 45th Road between 23rd Street and Jackson Avenue. Such sidewalk widening shall be a continuous, paved open area along the front lot line of the zoning lot at the same elevation as the adjoining sidewalk and directly accessible to the public at all times. Such sidewalk widening shall be unobstructed from its lowest level to the sky except for temporary elements of weather protection, such as awnings or canopies, provided that the total area (measured on the plan) of such elements does not exceed 20 percent of the sidewalk widening area, and that such elements and any attachments thereto are at least eight feet above curb level, and that any post or other support for such element, or any attachment to the support, has a maximum horizontal dimension of six inches. No street trees, vehicle storage, parking or trash storage is permitted on such sidewalk widening.

(2/2/11)

Mandatory Subway Improvements

For the purposes of mandatory subway improvements, any tract of land consisting of two or more contiguous lots of record under single ownership or control as of March 1, 1986, shall be considered a single zoning lot.

Subway improvements are required for qualifying developments or enlargements, as follows:

(a) Zoning lots with at least 5,000 square feet of lot area

Developments or enlargements on zoning lots with 5,000 square feet or more of lot area located on Block 1 and fronting on a sidewalk containing a sidewalk entrance to the Queens Boulevard Line, Court Sq-23 St Station, shall relocate the stairway or entrance(s) to such subway onto the zoning lot, in accordance with the provisions of Section 37-40 (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR), with the exception that, in addition to the waivers provided by Section 37-44, the additional standards for location, design and hours of public accessibility contained in Section 37-41 may be waived upon a finding by the Metropolitan Transportation Authority that such standards
are undesirable or unnecessary to ensure a good overall design.

(b) #Zoning lots# with at least 10,000 square feet of #lot area#

For the purposes of this paragraph (b), the #floor area# of the #development# or #enlargement# shall be the total amount of #floor area# constructed after August 14, 1986.

#Developments# or #enlargements# on Blocks 1, 2 or 3, identified in Appendix B (Court Square Subdistrict Plan Map and Description of Improvements) of this Chapter, containing at least 70,000 square feet of #floor area# on #zoning lots# of at least 10,000 square feet of #lot area# shall provide mandatory subway improvements as described, in Appendix B, in paragraph (a) for Block 1, paragraph (b) for Block 2 and paragraph (c)(1) for Block 3.

In addition, on Block 3, any #development# or #enlargement# containing at least 300,000 square feet of #floor area# or any #development# or #enlargement# on a #zoning lot# of at least 30,000 square feet of #lot area# shall provide all the mandatory subway improvements for the Block, as described in paragraphs (c)(1) and (c)(2) for Block 3.

(6/30/09)

117-441
Standards and procedures for mandatory subway improvements

(a) Compliance with Transit Authority design standards

The subway station improvements shall comply with all applicable design standards of the current station planning guidelines of the Transit Authority.

(b) Procedure

(1) Pre-application

The applicant shall submit schematic or concept plans for the proposed improvements to the Metropolitan Transportation Authority, the Transit Authority and the Chairperson of the City Planning Commission.

(2) Application pre-certification

After review and agreement on the concept by the
Metropolitan Transportation Authority, Transit Authority and Chairperson of the City Planning Commission, the applicant shall submit documentation deemed necessary by the reviewing agencies.

(3) Prior to the granting of certification by the Chairperson of the City Planning Commission pursuant to Section 117-45 (Developer's Notice), the Transit Authority shall have submitted a letter to the Chairperson stating the drawings and other documents submitted by the applicant have been determined by the Transit Authority to be of sufficient scope and detail to fix and describe the size and character of the subway improvement as to architectural, structural, mechanical and electrical systems; materials; relationship to existing site conditions; and other such elements as may be appropriate.

(4) The owner shall sign a legally enforceable instrument running with the land containing complete drawings of the improvement and setting forth the obligations of owner and developer, their successors and assigns, to construct and maintain all parts of the improvement, whether on-site or off, and to establish a construction schedule.

Any such instrument shall be recorded against the #zoning lot# in the Office of the Register of the City of New York for Queens County and a certified copy of the instrument shall be submitted to the Chairperson of the City Planning Commission and the Transit Authority.

The owner shall not apply for or accept a temporary certificate of occupancy for the #development# or #enlargement#, and the Department of Buildings shall not issue a temporary certificate of occupancy, until the Transit Authority has determined that the subway improvement is substantially complete, which shall, for this purpose, mean usable by the public.

The owner shall not apply for or accept a permanent certificate of occupancy for the #development# or #enlargement#, nor shall the Department of Buildings issue a permanent certificate of occupancy until the subway improvement has been completed in accordance with the approved plans and completion has been certified by the Transit Authority.

(5) Where the mandatory subway improvement includes the preparation of drawings for off-site subway
improvements, such drawings including, but not limited to, plans, sections, elevations, three-dimensional projections and other drawings deemed necessary or relevant by the Transit Authority or the Chairperson of the City Planning Commission, shall be in conformance with the current guidelines for submission of outside projects of the Transit Authority. Prior to approval by the Chairperson, the Transit Authority shall provide a letter to the Chairperson containing conceptual approval of the improvements as indicated in the drawings.

(2/2/11)

117-45
Developer's Notice

As a condition to the issuance by the Department of Buildings of an excavation or building permit for a #development# or #enlargement# on a #zoning lot# requiring a mandatory subway improvement:

(a) the developer shall have submitted to the Chairperson of the City Planning Commission:

(1) written notice of its intention to #develop# or #enlarge# on a #zoning lot# in the Court Square Subdistrict, the #floor area# of such #development# or #enlargement#, and the mandatory subway improvements which the developer shall construct;

(2) drawings, including, but not limited to, plans, sections, elevations, three-dimensional projections or other drawings deemed necessary or relevant by the Chairperson, for the mandatory subway improvements within the designated #zoning lot#; and

(3) waivers, consents, agreements or other legal instruments obligating the developer, its heirs and devisees, successors and assigns, to develop its property in accordance with the Subdistrict Plan and the provisions of this Chapter; and

(b) within 90 days of such submission by the developer, the Chairperson of the City Planning Commission shall certify to the Department of Buildings and the developer receipt of the aforesaid documents and the developer's compliance, or non-compliance, with the requirements of the Subdistrict Plan.
117-50
QUEENS PLAZA SUBDISTRICT

117-501
General provisions

In Areas A-1, A-2, B and C of the Queens Plaza Subdistrict of the Special Long Island City Mixed Use District#, an M1 District is paired with a #Residence District#, as indicated on Map 1 in Appendix C of this Chapter. For the purposes of this Chapter, such #Residence# and M1 Districts are referred to as the "designated districts."

For the purposes of this Chapter, in the Queens Plaza Subdistrict, the area referred to as the "Sunnyside Yard" shall include: Yard A, the Arch Street Yard and the Sunnyside Yard, which are located generally between Crane Street, Jackson Avenue, 21st Street, 49th Avenue, Skillman Avenue, 43rd Street and the North Railroad property line.

117-502
Queens Plaza Subdistrict Plan

The Queens Plaza Subdistrict Plan partly consists of the following three maps located within Appendix C of this Chapter:

Map 1 (Designated Districts within the Queens Plaza Subdistrict) of the Queens Plaza Subdistrict Plan identifies special areas comprising the Queens Plaza Subdistrict in which an M1 District is paired with a #Residence District# as indicated on the Subdistrict Map. These areas are as follows:

<table>
<thead>
<tr>
<th>Area</th>
<th>Designated Districts</th>
</tr>
</thead>
<tbody>
<tr>
<td>A-1 A-2</td>
<td>M1-6/R10</td>
</tr>
</tbody>
</table>
Map 2 (Ground Floor Use and Frontage) of the Queens Plaza Subdistrict Plan specifies locations where the special ground floor use and frontage regulations, as set forth in Section 117-512, apply.

Map 3 (Sidewalk Widening and Street Wall Location) of the Queens Plaza Subdistrict Plan specifies the locations where special street wall and mandatory sidewalk widening regulations, as set forth in Section 117-531, apply.

(2/2/11)

117-503 Definitions

Definitions specifically applicable to the Queens Plaza Subdistrict of the Special Long Island City Mixed Use District are set forth in this Section. Other defined terms are set forth in Section 117-01 (Definitions) of the Special Long Island City Mixed Use District and Section 12-10 (DEFINITIONS).

Accessory use

In addition to those accessory uses listed in Section 12-10, for the purposes of this Section, an accessory use shall also include a dwelling unit in connection with any commercial, manufacturing or community facility establishment permitted in the Queens Plaza Subdistrict of the Special Long Island City Mixed Use District, pursuant to Section 117-51 (Queens Plaza Subdistrict Special Use Regulations), provided that no more than one such unit shall be permitted in connection with any establishment, and provided further that each such unit shall not exceed a gross area of 1,200 square feet or contain more than one kitchen.

Home occupation

Within the Queens Plaza Subdistrict, the home occupation provisions of Section 12-10 shall apply, except that:

(a) up to 49 percent of the total floor area of a dwelling unit may be used for a home occupation;
(b) such #home occupation# may occupy more than 500 square feet of #floor area#; and

(c) businesses operated as #home occupations# may have up to three employees not residing in the #dwelling unit#.

(7/26/01)

117-51
Queens Plaza Subdistrict Special Use Regulations

The special #use# provisions of Sections 123-20 through 123-50, inclusive, of the #Special Mixed Use District# shall apply in the Queens Plaza Subdistrict except where modified by the provisions of this Section and shall supplement or supersede the provisions of the designated #Residence# or M1 District, as applicable.

(7/26/01)

117-511
Large retail establishments

The following #uses# as listed in Section 42-30 (USES PERMITTED BY SPECIAL PERMIT) shall be permitted as-of-right in the Queens Plaza Subdistrict with no limitation on #floor area# per establishment:

- Carpet, rug, linoleum or other floor covering stores;
- Clothing or clothing accessory stores;
- Department stores;
- Dry goods or fabric stores;
- Food stores;
- Furniture stores;
- Television, radio, phonograph or household appliance stores;
- Variety stores.
(3/22/16)

117-512
Ground floor use and frontage regulations

On designated streets in the Queens Plaza Subdistrict, as shown on Map 2 in Appendix C of this Chapter, the special ground floor use and frontage regulations of this Section shall apply to any building or other structure fronting on such streets.

Uses within stories on the ground floor or with a floor level within five feet of curb level shall be limited exclusively to permitted commercial, manufacturing or community facility uses as modified by the special use provisions of Sections 117-51 and 117-511, except for lobby space or entrance space.

In no event shall the length of street frontage occupied by lobby space, entrance space and/or a building entrance recess exceed in total 50 percent of the building's total street frontage or 30 feet, whichever is less. However, the total length of street frontage occupied by lobby space and/or entrance space need not be less than 25 feet.

(3/22/16)

117-513
Transparency requirement

Within the Queens Plaza Subdistrict, the transparency requirements of Section 37-34 (Minimum Transparency Requirements) shall apply to all developments and to enlargements where the enlarged portion of the ground floor of the building is within eight feet of the street line. However, the provisions establishing the maximum width of ground floor level street wall without transparency shall not apply. In lieu thereof, any portion of such building wall that is 50 feet or more in length and contains no transparent element between curb level and 14 feet above curb level or the ceiling of the ground floor, whichever is higher, or to its full height if such wall is less than 14 feet in height, shall be covered with vines or similar planting or contain artwork or be treated so as to provide visual relief. Plantings shall be planted in soil having a depth of not less than 2 feet, 6 inches, and a minimum width of 24 inches.

The transparency requirements of this Section shall not apply to any building where the ground floor is occupied by uses listed in Use Groups 16 or 17.
117-514
Special sign regulations

Within the Queens Plaza Subdistrict, the #sign# regulations of Section 123-40 shall apply, except that such #sign# regulations may be modified to permit a non-#flashing sign# on the rooftop of a #non-residential building#, provided that such #sign# directs attention to a business conducted within such #building#, where such business occupies at least 20 percent of the #floor area# within such #building#, or a minimum of 50,000 square feet of #floor area# within such #building#, whichever is less. In addition, the following rules shall apply:

(a) such #sign# shall be located on the rooftop of a #building# with frontage on Queens Plaza South, Queens Boulevard, Queens Plaza East or Queens Plaza North, and the height of the rooftop on which the #sign# is affixed shall be at least 70 feet but not more than 150 feet above #curb level#;

(b) there shall be no more than one such #sign# on a #zoning lot#, and no more than one such #sign# per establishment on any #sign# structure;

(c) such #signs# shall be affixed to an open frame structure with maximum dimensions that shall not exceed 45 feet in height, as measured from the surface of the roof to its uppermost point, and 150 feet in width, as measured along its widest dimension;

(d) all writing, pictorial representations, emblems, flags, symbols or any other figure or character comprising the design of such #sign# shall be separate elements, individually cut and separately affixed to the open frame structure. No perimeter or background surfaces shall be applied or affixed to the open frame structure in addition to such separate elements. No portion of such separate elements shall extend beyond the maximum dimensions allowed for an open frame structure. The area of such separate elements of a rooftop #sign# shall not count towards the maximum #surface area# of a #sign# permitted in Section 32-644 (Illuminated or flashing signs in C4, C5-4, C6 or C7 Districts); and

(e) any illumination from a rooftop #sign# located within 100 feet of any #building# containing #residences#, where such #residences# legally existed at the time of the application
for a permit for such sign#, shall not project into or reflect onto any residential portion of such building.

(7/26/01)

117-52
Queens Plaza Subdistrict Special Bulk Regulations

(7/26/01)

117-521
General provisions

All buildings and other structures within the Queens Plaza Subdistrict shall comply with the bulk regulations of this Section. The regulations of the designated Residence and M1 Districts shall apply as set forth below.

In Areas A-1, A-2, B and C of the Queens Plaza Subdistrict, the bulk regulations set forth in Article II, Chapter 3, shall apply to all residential uses in a building or other structure in accordance with the regulations of the designated Residence District, and the bulk regulations set forth in Article IV, Chapter 3, shall apply to all manufacturing, community facility and commercial uses in a building or other structure in accordance with the regulations of the designated M1 District, except as modified in the special bulk regulations of Sections 117-522 through 117-533, inclusive.

When two or more buildings on a single zoning lot are used in any combination for uses which, if located in a single building, would make it a mixed use building, the regulations set forth in this Section shall apply as if such buildings were a single mixed use building.

(7/26/01)

117-522
Maximum floor area ratio for all uses

The maximum floor area ratio permitted for commercial, community facility, manufacturing and residential uses in accordance with the applicable designated district shall not apply. In lieu thereof, the maximum floor area ratio permitted
for commercial, community facility, manufacturing or residential uses, separately or in combination, is specified in the following table:

MAXIMUM FLOOR AREA RATIO FOR ALL USES IN THE QUEENS PLAZA SUBDISTRICT

<table>
<thead>
<tr>
<th>Area</th>
<th>Maximum #Floor Area Ratio#</th>
</tr>
</thead>
<tbody>
<tr>
<td>A-1 A-2</td>
<td>12.0</td>
</tr>
<tr>
<td>B</td>
<td>8.0</td>
</tr>
<tr>
<td>C</td>
<td>5.0</td>
</tr>
</tbody>
</table>

(3/22/16)

117-523
Lot coverage and open space ratio requirements

(a) Lot coverage requirements for residential buildings

In the Queens Plaza Subdistrict, where the designated Residence District is an R7 or R9 District, the provisions of Section 23-151 (Basic regulations for R6 through R9 Districts), regulating minimum required open space ratios, and maximum floor area ratios, shall not apply. In lieu thereof, all residential buildings, regardless of whether they are required to be Quality Housing buildings, shall comply with the lot coverage requirements set forth for the designated district in Section 23-153 (For Quality Housing buildings).

Where the designated district is an R7-3 District, the maximum lot coverage shall be 70 percent on an interior or through lot and 100 percent on a corner lot.

(b) Lot coverage and open space ratio requirements for mixed use buildings

Lot coverage and open space ratio requirements shall not apply to any portion of a mixed use building in the Queens Plaza Subdistrict.

(10/17/07)
117-524
Floor area bonus for a public plaza or arcade

Any #floor area# bonus for a #public plaza# or #arcade# permitted under the regulations of the designated #Residence# or M1 District shall not apply in the Queens Plaza Subdistrict.

(2/2/11)

117-525
Special yard regulations

The #yard# regulations of the underlying districts shall apply, except as specified in this Section.

(a) #Mixed use buildings#

For a #residential# portion of a #mixed use building#, the required #rear yard# shall be provided at the floor level of the lowest #story# containing #dwelling units# or #rooming units#, where any window of such #dwelling units# or #rooming units# faces onto such #rear yard#.

(b) #Manufacturing# or #commercial buildings#

The #rear yard# provisions of the designated M1 District shall apply, except that such #rear yard# provisions shall not apply to #manufacturing# or #commercial buildings# on #through lots#.

(c) #Zoning lots# adjacent to the Sunnyside Yard

On a #zoning lot# sharing a #lot line# with the Sunnyside Yard, no #yards# are required for any #building# within a distance of 100 feet from the shared #lot line#.

(d) For #zoning lots# occupying an entire #block#

No #rear yard# or #rear yard equivalent# shall be required for a #zoning lot# occupying an entire #block#.

(7/26/01)

117-53
Height and Setback and Street Wall Location Regulations
The height and setback regulations of the designated Residence and M1 Districts shall not apply, except for permitted obstructions pursuant to Sections 23-62 or 43-42, as applicable. In lieu thereof, all buildings or other structures shall comply with the regulations set forth in Sections 117-531 (Street wall location) and 117-532 (Setback regulations for buildings that exceed the maximum base height). Such regulations, however, shall not apply along the street frontage of that portion of a zoning lot occupied by existing buildings, unless the street walls of such existing buildings are vertically extended by more than 15 feet. The height of all buildings or other structures shall be measured from the base plane.

(8/13/15)

117-531
Street wall location

(a) On a wide street, and on a narrow street within 50 feet of its intersection with a wide street, the street wall of a building shall be located on the street line and extend along the entire width of the street frontage of the zoning lot and rise without setbacks up to at least the applicable minimum base height specified in the table in Section 117-532 (Setback regulations for buildings that exceed the maximum base height), or the height of the building, whichever is less. Recesses, not to exceed three feet in depth from the street line, shall be permitted on the ground floor where required to provide access to the building.

(b) On a narrow street between 50 and 100 feet of its intersection with a wide street, the street wall of a building shall extend along the entire width of the narrow street frontage of the zoning lot and rise without setbacks up to at least the applicable minimum base height specified in the table, or the height of the building, whichever is less.

Beyond 100 feet of the intersection of a wide street, street walls shall extend along at least 70 percent of the width of the narrow street frontage of the zoning lot and rise without setbacks up to at least the applicable minimum base height specified in the table, or the height of the building, whichever is less.

Beyond 50 feet of the intersection of a wide street, all
street walls required pursuant to this paragraph (b) shall be located within eight feet of the street line.

(c) On a wide street above the ground floor level, up to 30 percent of the aggregate width of street walls may be located beyond the street line, in compliance with outer court regulations.

(d) On a narrow street, recesses are permitted at any level in the street wall of a base for outer courts or balconies. The aggregate length of such recesses shall not exceed 50 percent of the length of the entire street wall at any level. However, not more than 30 percent of the aggregate length of such recesses shall exceed a depth of eight feet.

(e) In the locations specified on Map 3 (Sidewalk Widening and Street Wall Location) in Appendix C of this Chapter, a building shall comply with the provisions of paragraphs (a) through (d) of this Section, as applicable, except that street walls shall be located as specified on Map 3. The street wall of a building may be set back only in the areas indicated on Map 3 as "Permitted Street Wall Setback Locations," provided that the additional sidewalk widening resulting from such setback is accessible to the public, in accordance with the provisions of Section 117-554, and located adjacent to a public sidewalk or mandatory sidewalk widening.

(f) For any building fronting on Queens Plaza South in Area A-1 or Area B as shown on Map 1 (Designated Districts within the Queens Plaza Subdistrict) of Appendix C, any street wall along Queens Plaza South shall be set back five feet from the street line, except as otherwise specified on Map 3.

(g) For any building on a zoning lot located on Jackson Avenue between 42nd Road and Queens Plaza South, the street wall fronting on Jackson Avenue may be set back five feet from the street line only upon certification of the Chairperson of the City Planning Commission to the Department of Buildings that the Jackson Avenue sidewalk adjacent to the zoning lot will be landscaped in accordance with a plan acceptable to the Department of Transportation and the Chairperson. Such plan shall include five planting beds that shall contain a mixture of deciduous and evergreen shrubs, ground covers and flowers. Such planting beds shall be installed and maintained by the owner of the building. The street wall of any subsequent development or enlargement shall be located no closer to nor further from the street line than the street wall of
an adjacent existing #building#.

(5/22/13)

117-532
Setback regulations for buildings that exceed the maximum base height

All portions of #buildings or other structures# that exceed the maximum base height specified in the table in this Section shall comply with the following provisions:

(a) At a height not lower than the minimum base height or higher than the maximum base height specified in the table for the applicable area, a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street# and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, except such dimensions may include the depth of any permitted recesses in the #street wall#.

* for #buildings or other structures# on Davis Street located 75 feet or more from Jackson Avenue, the minimum base height shall be 40 feet.

(b) In Area A-1, no setbacks are required above the applicable minimum base height specified in the table in paragraph (a) of this Section. However, if a setback is provided, it shall comply with the provisions of paragraph (a).

(c) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Section.
117-533
Special permit to modify use or bulk regulations

For any zoning lot within the Queens Plaza Subdistrict of the Special Long Island City Mixed Use District, the City Planning Commission may permit modification of the use or bulk regulations, except floor area ratio requirements, provided the Commission shall find that:

(a) such use or bulk modification will aid in achieving the general purposes and intent of the Special District;

(b) such use modification will encourage a lively pedestrian environment along the street or mandatory sidewalk widening, or is necessary for the programmatic requirements of the development;

(c) such bulk modifications will enhance the distribution of bulk on the zoning lot;

(d) such bulk modifications will permit adequate access of light and air to surrounding streets and properties; and

(e) such use or bulk modification will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(5/8/13)

117-54
Off-street Parking and Loading Regulations

(a) The off-street parking provisions of Article I, Chapter 6, shall apply, except that:

(1) the prohibition of curb cuts accessing entrances and exits to accessory off-street parking facilities on certain streets, as set forth in paragraphs (b) and (c) of Section 16-23 (Curb Cut Restrictions), shall also apply to Northern Boulevard, Crescent Street and
23rd Street; and

(2) the provisions of paragraph (c) of Section 16-12 (Permitted Parking for Non-residential Uses) shall be modified as follows: the maximum number of accessory off-street parking spaces permitted for a development or enlargement shall not exceed one space per 2,000 square feet of floor area or 250 spaces, whichever is less.

(b) Curb cuts shall not be permitted within 40 feet of a zoning lot line that abuts the Sunnyside Yard.

(c) Public parking garages shall be permitted on Blocks 86/72 and 403 pursuant to Section 117-56 (Special Permit for Bulk Modifications on Blocks 86/72 and 403).

(d) For public parking garages permitted on Block 420 pursuant to Section 74-50 (OFF-STREET PARKING ESTABLISHMENTS), the floor space on one or more stories of the public parking garage, up to a height of 23 feet above curb level, shall be exempt from the definition of floor area as set forth in Section 12-10.

(7/26/01)

117-55
Mandatory Plan Elements for the Queens Plaza Subdistrict

(8/13/15)

117-551
General provisions

Within the Queens Plaza Subdistrict, the provisions of Section 117-552 (Central refuse storage area) shall apply to any development, enlargement, alteration or change of use, except where more than 50 percent of the floor area of such development, enlargement, alteration or change of use is occupied by a use listed in Use Groups 16 or 17.

The provisions of Sections 117-553 (Mandatory sidewalk widening) and 117-554 (Mandatory sidewalk widening design requirements) apply to those locations identified on Map 3 in Appendix C of this Chapter.
117-552
Central refuse storage area

The provisions of Section 28-12 (Refuse Storage and Disposal) shall apply.

117-553
Mandatory sidewalk widening

The sidewalk widening provisions of this Section shall apply to all developments or enlargements with ground floor street walls with a ratio of floor area to lot area of 3.0 or more.

Sidewalk widening accessible to the public must be provided in the locations specified on Map 3 (Sidewalk Widening and Street Wall Location) in Appendix C of this Chapter. Such mandatory sidewalk widening is subject to the design requirements of Section 117-554.

117-554
Mandatory sidewalk widening design requirements

(a) Access

All mandatory sidewalk widenings shall be accessible directly from an adjoining public sidewalk and unobstructed along at least 50 percent of the total street frontage. Driveways and vehicular accessways included as part of the total street frontage may not be counted as providing access. All mandatory sidewalk widenings shall be accessible to the public at all times.

There shall be at least one unobstructed pedestrian path of travel providing access to each of the following:

(1) at least 70 percent of the mandatory sidewalk widening's total area;
(2) any #building# lobby accessible to the mandatory sidewalk widening; and

(3) any #use# that may be present on, or adjacent to and having an entrance on, the mandatory sidewalk widening.

(b) Access for persons with disabilities

The mandatory sidewalk widening shall be accessible to persons with disabilities in accordance with the Americans with Disabilities Act and the American National Standards Institute (ANSI) design standards.

(c) Elevation

All mandatory sidewalk widenings shall be located at an elevation not more than three feet above or below the #curb level# of the nearest adjoining sidewalk.

A mandatory sidewalk widening shall be at the same elevation as the adjoining public sidewalk along the #street# frontage providing access, pursuant to paragraph (a) of this Section, for a minimum depth of 10 feet measured perpendicular to the #street line#.

When the size of a mandatory sidewalk widening is 8,000 square feet or more, a maximum of 25 percent of its area may be located at an elevation more than three feet above or below the nearest adjoining sidewalk, which area, however, may not be located within a depth of 10 feet from the sidewalk measured perpendicular to the #street line#.

Where an existing subway station entry is located on the sidewalk area adjacent to a mandatory sidewalk widening, the mandatory sidewalk widening shall be provided at the same elevation as the adjoining sidewalk for a distance of at least 15 feet in all directions from the entry except as required for drainage. No obstruction shall be permitted within such portion of the mandatory sidewalk widening.

(d) Permitted obstructions

The provisions of Sections 37-726 and 37-73 shall apply, except that in the case of kiosks, the provisions of Section 37-73 shall be modified as follows: the aggregate area occupied by such kiosks shall not exceed 60 square feet or 1.5 percent of the area occupied by the sidewalk widening.

(e) Driveways, parking spaces, loading berths, exhaust vents and #building# trash storage facilities
The provisions of Section 37-726, paragraph (d), shall apply.

(f) Trees

One tree per 500 square feet of sidewalk widening is required. Each tree shall measure at least 2.5 inches in caliper at the time of planting. Each tree shall be planted in at least 200 cubic feet of soil with a depth of at least 3 feet, 6 inches.

(g) Paving

The provisions of Section 37-718 shall apply.

(h) Seating

One linear foot of seating for every 150 square feet of mandatory sidewalk widening shall be provided. In addition, the provisions of Section 62-672 shall apply.

(i) Bicycle parking facilities

The provisions of Section 37-745 shall apply.

(j) Drinking fountains

The provisions of Section 37-746 shall apply.

(k) Aesthetic amenities

One of the following amenities shall be provided:

(1) prominent lighting that enhances the architectural features of the upper #stories# of the #building#;

(2) an ornamental water feature within the mandatory sidewalk widening; or

(3) artwork, such as sculpture, within the mandatory sidewalk widening.

(l) Lighting

The provisions of Section 37-743 shall apply, except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.
(m) Sidewalk widening signs

The provisions of Section 37-751, paragraph (b) shall apply.

(n) Maintenance

The provisions of Sections 37-744 and 37-77 shall apply.

(5/22/13)

117-56
Special Permit for Bulk Modifications on Blocks 86/72 and 403

For any #development# or #enlargement# on a #zoning lot# that has at least 50,000 square feet of #lot area# located on #Block# 86/72 or #Block# 403 in Area C as shown on Map 1 (Designated Districts within the Queens Plaza Subdistrict) in Appendix C of this Chapter, the City Planning Commission may increase the #floor area ratio# up to a maximum of 8.0 and may modify the #street wall# regulations of paragraphs (a) and (b) of Section 117-531 (Street wall location) and paragraph (a) of Section 117-532 (Setback regulations for buildings that exceed the maximum base height), provided that:

(a) a public open area of not less than 20,000 square feet and a #public parking garage# containing no fewer than 250 spaces shall be included on the #zoning lot#, and further provided the Commission finds that:

(1) the public open area is designed so that it provides recreational opportunities for the community;

(2) the portion of the #development# or #enlargement# adjacent to the public open area shall be either a retail #use#, other #use# or treatment that complements the open area;

(3) such modification of the #street wall# requirements is necessary to accommodate the public open area or the #public parking garage# and will result in a better site plan;

(4) the #public parking garage# is located and designed in such a way so that it shall not adversely affect the quality of the design, access to, or use of the public open area; and

(5) where the Commission permits parking on the roof of
such public parking garage, such roof parking shall be so located as not to impair the essential character or future use or development of adjacent areas.

Design elements of the open area including lighting, paving, seating, signs and planting areas shall be specified in the application. The provisions of Section 37-751 (Public space signage systems) and 37-77 (Maintenance) shall apply.

(b) The public parking garage shall be subject to the following conditions:

1. the floor space on one or more stories of the public parking garage, up to a height of 23 feet above curb level shall be exempt from the definition of floor area as set forth in Section 12-10 (DEFINITIONS);

2. the entrances and exits shall be located so that they will not be hazardous to traffic safety nor likely to unduly inhibit pedestrian movement; and

3. at the vehicular entrances, a minimum of 12 reservoir spaces shall be provided and the total number of reservoir spaces shall be equivalent to five percent of any spaces in excess of 250, up to a maximum of 50 reservoir spaces.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including requirements for sanitation and security, which may include conditions for lighting and landscaping or limitations on the manner and/or hours of operation.

Any building on Block 86/72 for which an application for a special permit for bulk modifications has been filed with the Department of City Planning, pursuant to this Section, prior to May 22, 2013, may be started or continued pursuant to the regulations in effect at the time of such application and, if such application is granted by the City Planning Commission and the City Council, may be developed or enlarged pursuant to the terms of such permit, including minor modifications thereto and, to the extent not modified under the terms of such permit, in accordance with the regulations in effect at the time of such application.

(2/2/11)
117-57
Modification of Article V, Chapter 4

In Article V, Chapter 4 (Non-complying Buildings), Section 54-311 (Buildings containing rooming units) shall not apply.

(10/7/08)

117-60
DUTCH KILLS SUBDISTRICT

In the #Special Long Island City Mixed Use District#, the special regulations of Sections 117-60 through 117-64, inclusive, shall apply within the Dutch Kills Subdistrict.

(10/7/08)

117-61
General Provisions

In specified areas of the Dutch Kills Subdistrict of the #Special Long Island City Mixed Use District#, an M1 District is paired with a #Residence District#. For the purposes of Section 117-60, inclusive, regulating the Dutch Kills Subdistrict, such #Residence# and M1 #Districts# are referred to as the “designated districts.” The designated districts within the Dutch Kills Subdistrict are indicated on the #zoning map# and are as follows:

- M1-2/R5B
- M1-2/R5D
- M1-2/R6A
- M1-3/R7X.

The special provisions of Article XII, Chapter 3, of the #Special Mixed Use District# shall apply to the designated districts within the Dutch Kills Subdistrict except where modified by the provisions of the Subdistrict, and shall supplement or supersede the provisions of the underlying designated #Residence# or M1 #District#, as applicable.

(10/7/08)
117-62
Special Use Regulations

In the Dutch Kills Subdistrict, the provisions of Section 42-12 (Use Groups 3A, 6A, 6B, 6D, 6F, 7B, 7C, 7D, 7E, 8, 9B, 9C, 10A, 10B, 10C, 11, 12A, 12C, 12D, 12E, 13, 14 and 16) shall be modified to permit food stores, including supermarkets, grocery stores or delicatessen stores, without limitation as to #floor area# per establishment.

(10/7/08)

117-63
Special Bulk Regulations in the Designated Districts

Maximum #floor area ratio#, #lot coverage# and #street wall# provisions in the designated districts are modified as set forth in Sections 117-631 through 117-633, inclusive.

(3/22/16)

117-631
Floor area ratio and lot coverage modifications

(a) In the Dutch Kills Subdistrict, the #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided in any #story# located not more than 33 feet above #curb level#, in any #building#, except where such floor space used for #accessory# parking is contained within a #public parking garage#.

(b) Maximum #floor area ratio# and #lot coverage# for #residential uses#

(1) M1-2/R5B designated district

The maximum #floor area ratio# for #residential use# shall be 1.65.

The maximum #lot coverage# for the #residential# portion of a #building# shall be 60 percent on an #interior lot# or #through lot# and 80 percent on a #corner lot#.
(2) M1-3/R7X designated district

(i) Inclusionary Housing Program

Where the designated district is M1-3/R7X within the Dutch Kills Subdistrict, such district shall be an Inclusionary Housing designated area, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

(ii) Maximum floor area ratio

Within such Inclusionary Housing designated area, the maximum floor area ratio for any zoning lot containing a residential use shall not exceed the base floor area ratio of 3.75, except that such base floor area ratio may be increased to the maximum floor area ratio of 5.0, as set forth in Section 23-154 (Inclusionary Housing), through the provision of affordable housing, pursuant to the provisions relating to Inclusionary Housing designated areas in Section 23-90.

(c) Maximum floor area ratio for certain commercial and manufacturing uses

In M1-2 designated districts, the maximum floor area ratio shall be increased to 3.0 when paired with an R5B or R5D District and 4.0 when paired with an R6A District, provided that such additional floor area is limited to the following uses: photographic or motion picture production studios and radio or television studios listed in Use Group 10A; and uses listed in Use Groups 16A, 16D, 17A and 17B as set forth in Section 123-22 (Modification of Use Groups 16, 17 and 18), except for automobile, motorcycle, trailer or boat sales, motorcycle or motor scooter rental establishments, poultry or rabbit killing establishments, riding academies, stables for horses and trade schools for adults.

(2/2/11)

117-632
Street wall location
In the Dutch Kills Subdistrict, the street wall of any residential or mixed use building shall be located no closer to, nor further from, the street line than the street wall of an adjacent existing building. For all zoning lots, the street wall of a building need not be located further from the street line than 15 feet.

(10/7/08)

117-633
Maximum street wall height

In M1-2/R5B designated districts, for residential buildings, the maximum height of a street wall above the base plane shall be 33 feet or three stories, whichever is less.

(3/22/16)

117-634
Maximum building height for mixed use buildings in designated R5 Districts

The provisions regarding the maximum height of mixed use buildings within 25 feet of a street line, as set forth in Section 123-661 (Mixed use buildings in Special Mixed Use Districts with R3, R4 or R5 District designations), shall be modified in the Dutch Kills Subdistrict, where the designated Residence District is an R5 District, as follows:

(a) in designated R5B Districts, no building or other structure shall exceed a height of 33 feet within 25 feet of a street line;

(b) in designated R5D Districts, no building or other structure shall exceed a height of 45 feet within 25 feet of a street line.

(2/2/11)

117-64
Special Parking Regulations

The provisions of Section 123-70 (PARKING AND LOADING) and the
underlying accessory off-street parking and loading regulations for the designated district are modified, as follows:

(a) Commercial and community facility uses#

(1) The accessory off-street parking and loading requirements of a C8-2 District, as set forth in Article III, Chapter 6, shall apply to all commercial and community facility uses#, except that this modification shall not apply to uses# listed in Use Group 5. The accessory off-street parking and loading requirements applicable to the designated M1 District, set forth in Article IV, Chapter 4, and Section 123-70, shall apply to Use Group 5.

(2) For Use Group 5 uses#, the provisions of Section 44-23 (Waiver of Requirements for Spaces Below Minimum Number) shall be modified as follows: the maximum number of accessory off-street parking spaces for which requirements are waived shall be five spaces.

(b) Residential uses#

(1) The provisions of Section 25-241 (Reduced requirements) shall not apply in the designated M1-3/R7X District.

(2) In the applicable designated Residence Districts#, the provisions of Section 25-26 (Waiver of Requirements for Small Number of Spaces) are modified, as follows:

(i) in the designated M1-2/R6A and M1-3/R7X Districts, the provisions of Section 25-26 shall only apply to zoning lots# existing both on October 7, 2008, and on the date of application for a building permit.

(ii) for all developments# or enlargements# in the designated M1-3/R7X District, the maximum number of accessory off-street parking spaces for which requirements are waived shall be five spaces.

(3) Where the designated district is a M1-2/R5B District, the provisions of paragraph (c) of Section 25-631 (Location and width of curb cuts in certain districts) shall not apply.
Appendix A
Special Long Island City Mixed Use District and Subdistricts Plan
Map, including Permitted Sidewalk Cafe Locations

District and Subdistricts
Permitted Sidewalk Cafe Locations
Description of Improvements

This Appendix describes the mandatory lot improvements that are designated on the District Plan Map in Appendix B for the Court Square Subdistrict. Descriptions refer to the text for requirements and standards for the following improvements.

(a) Block 1

A subway improvement, to consist of a connection between the
Crosstown and Flushing Lines and maintenance of glass partitions in the control area of the Queens Boulevard Line, Court Sq-23 St Station mezzanine and near the control area of the Crosstown Line, Court Sq Station mezzanine which are to be installed by the developer of Block 2. The developer shall notify the Chairperson of the City Planning Commission upon both application for, and issuance of, a first building permit for the development on this Block.

(b) Block 2

A subway improvement, to consist of a connection between the Queens Boulevard and Crosstown Lines, preparation of preliminary plans for a Crosstown Line, Court Sq Station and Flushing Line, Court Sq Station connection and installation of glass partitions in the control area of the Court Sq-23 St Station mezzanine and near the control area of the Court Sq Station mezzanine, upon receipt of a written request by the Chairperson of the City Planning Commission, which shall occur only after the issuance of a first building permit for the development on Block 1.

(c) Block 3

(1) The first development or enlargement to meet the criteria for a subway improvement shall construct new entrances at the intersection of 44th Drive and 23rd Street for the Flushing Line, Court Sq Station, in consultation with the Metropolitan Transportation Authority and the Department of City Planning.

(2) For subsequent developments or enlargements, a subway improvement to the north end of the Flushing Line, Court Sq Station, shall be required. Such improvement shall be determined in consultation with the Metropolitan Transportation Authority and the Department of City Planning.

Article XI: Special Purpose Districts
  Chapter 8: Special Union Square District

Effective date of most recently amended section of Article XI Chapter 8: 3/22/16

Date of file creation: Web version of Article XI Chapter 8: 10/29/18

Zoning Disclaimer - the Web version of the Zoning Resolution of the City of New York is provided for reference and the convenience of having the Resolution in an online format. Recent amendments to the Zoning Resolution also appear on the Web prior to being incorporated into the print version of the Resolution.
118-00
GENERAL PURPOSES

The "Special Union Square District" established in this Resolution is designated to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

(a) to promote a revitalized mixed-use area around Union Square by encouraging controlled development on vacant and under-utilized sites within the District;

(b) to stimulate such growth while providing guidelines which will ensure urban design compatibility between new development, existing buildings and Union Square and which will preserve and enhance the special character of the Square;

(c) to stabilize the area through residential development and thereby encourage active utilization of Union Square Park;

(d) to enhance the retail and service nature and economic vitality of 14th Street by mandating appropriate retail and service activities;

(e) to improve the physical appearance and amenity of the streets within the District by establishing streetscape and signage controls which are compatible to Union Square Park;

(f) to improve access, visibility, security and pedestrian circulation in and around the 14th Street/Union Square Station; and

(g) to promote the most desirable use of land in this area and thus conserve the value of land and buildings and thereby protect the City's tax revenues.
118-01
General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Union Square District# and in accordance with the provisions of this Chapter, certain specified #use#, #bulk# and #sign# regulations of the underlying district are made inapplicable and are superseded by the #use#, #bulk# and #sign# regulations of the #Special Union Square District# as set forth in this Chapter. In addition, special #street wall# transparency and location of entrance requirements are set forth in this Chapter. Except as modified by the express provisions of this Chapter, the underlying district regulations remain in effect.

118-02
Incorporation of Appendix A

The District Plan of the #Special Union Square District# is set forth in Appendix A and is incorporated as an integral part of the provisions of this Chapter.

118-10
USE REGULATIONS

118-11
Ground Floor Uses

#Uses# within #stories# that have a floor level within five feet of #curb level# along 14th Street shall be limited to the #uses# listed in this Section, except that entrances to above-grade or below-grade #uses# are permitted, subject to the regulations set forth in Section 118-41 (Entrances on 14th Street).
These regulations shall apply to developments, enlargements, extensions and changes of use.

Antique stores
Art galleries, commercial
Artists' supply stores
Automobile rental offices

Bakeries, provided that floor area used for production shall be limited to 750 square feet per establishment

Banks
Barber shops
Beauty parlors
Bicycle sales, rental or repair shops
Book stores
Candy or ice cream stores

Carpet, rug, linoleum, or other floor covering stores, with no limitation on floor area per establishment

Cigar or tobacco stores
Clothing or clothing accessory stores, with no limitation on floor area per establishment

Clothing rental establishments, limited to 10,000 square feet on floor area per establishment

Department stores
Drug stores

Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of floor area per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and a total aggregate load capacity of machines shall not exceed 60 pounds

Dry goods or fabric stores, with no limitation of floor
area per establishment

Eating or drinking establishments including those which provide outdoor table service, or have music for which there is no cover charge and no specified showtime

Eating or drinking establishments, with entertainment but not dancing, with a capacity of 200 persons or fewer

Eating or drinking establishments, with musical entertainment but not dancing, with a capacity of 200 persons or fewer

Eating or drinking places without restrictions on entertainment or dancing, but limited to locations in hotels

Fishing tackle or equipment, rental or sales

Florist shops

Food stores, including supermarkets, grocery stores, meat markets or delicatessen stores

Furniture stores, with no limitation on area per establishment

Furrier shops, custom

Gift shops

Hardware stores

Interior decorating establishments, provided that area used for processing, servicing or repairs shall be limited to 750 square feet per establishment

Jewelry or art metal craft shops

Laundry establishments, hand or automatic self-service

Leather goods or luggage stores

Medical or orthopedic appliance stores

Millinery shops

Music stores

Newsstands, open or enclosed
Office or business machine stores with no limitations on #floor area# per establishment

Optician or optometrist establishments

Package liquor stores

Paint stores

Pet shops

Photographic developing or photographic printing establishments limited to 2,500 square feet per establishment

Photographic equipment or supply stores

Photographic studios

Picture framing shops

Record stores

Seed or garden supply stores

Sewing machine stores, selling household machines only

Shoe or hat repair shops

Shoe stores

Sporting or athletic stores

Stamp or coin stores

Telegraph offices

Television, radio, phonograph or household appliance stores with no limitation on #floor area# per establishment

Toy stores

Travel bureaus

Typewriter stores

Variety stores, with no limitation on #floor area# per establishment

Wallpaper stores
Watch or clock stores or repair shops

(3/22/16)

118-12
Sign Regulations

On street walls fronting on 14th Street, no sign may be located more than 25 feet above curb level.

Signs on street walls fronting on all other streets within the Special District shall be subject to the provisions of paragraph (e) of Section 32-435 (Ground floor use in high density Commercial Districts).

Flashing signs are not permitted within the Special District.

(1/10/85)

118-20
BULK REGULATIONS

(3/22/16)

118-21
Floor Area Regulations

The maximum floor area ratio permitted on property bounded by:

(a) Broadway, a line midway between East 14th Street and East 13th Street, a line 100 feet west of University Place, Union Square West and Broadway, a line midway between East 17th Street and East 18th Street, a line 100 feet east of Park Avenue South and Union Square East, East 15th Street, Union Square East, East 17th Street, Union Square West and East 14th Street is 8.0; and

(b) Broadway, a line midway between East 13th Street and East 14th Street, south prolongation of the center line of Irving Place and Irving Place, East 15th Street, Union Square East, Fourth Avenue, and East 14th Street is 10.0, except as provided in Section 118-60 (SUBWAY STATION IMPROVEMENTS WITHIN THE SPECIAL UNION SQUARE DISTRICT).
In no event, shall the commercial floor area ratio exceed 6.0.

(3/22/16)

118-22
Residential Density Regulations

The density regulations of Section 23-20 shall not apply. Instead, for every 750 square feet of residential floor area permitted on a zoning lot, there shall be no more than one dwelling unit.

However, the conversion of non-residential buildings to residential use shall be subject to the provisions of Article I, Chapter 5 (Residential Conversion Within Existing Buildings).

(3/22/16)

118-30
STREET WALL, HEIGHT AND SETBACK REGULATIONS

The location and height above curb level of the street wall of any development or enlargement shall be as shown in the District Plan (Appendix A). However, if a development or enlargement is adjacent to one or more existing buildings fronting on the same street line, the street wall of such development or enlargement shall be located neither closer to nor further from the street line than the front wall of the adjacent building which is closest to the same street line.

Street wall recesses are permitted below the level of the second story ceiling for subway stair entrances required under Section 118-50 (OFF STREET RELOCATION OF A SUBWAY STAIR WITHIN THE SPECIAL UNION SQUARE DISTRICT). Such recesses shall be no longer than 15 feet and no deeper than eight feet or the width or length of the relocated subway stair, whichever is greater.

Street wall recesses are also permitted below the level of the second story ceiling for building or store entrances only.

A sky exposure plane of 2.5 to 1 shall begin at a height above curb level of 125 feet on all streets within the Special District, except that on a narrow street beyond 100 feet from any street line opposite a public park or from the intersection of such narrow street with a wide street, the
#sky exposure plane# shall begin at a height above #curb level# of 85 feet.

No #development# or #enlargement# shall penetrate such #sky exposure plane# except pursuant to Section 33-45 (Tower Regulations). However, Section 33-45 shall not be applicable to any portion of a #building# located within 100 feet of a #street line# opposite a #public park#.

(2/2/11)

118-31
Modification of Street Wall Requirements

(a) On a #zoning lot# where there is an existing #building# to remain, the requirements governing height and location of #street walls# shall not apply within a volume defined by the rear wall of the existing #building# (W2), the #front lot line# (W1), the prolongations of the side walls (L) and a height of 125 feet above #curb level#

If, after January 10, 1985, any demolition or destruction occurs within the volume defined, the requirements governing #street wall# height shall apply.
EXISTING BUILDING VOLUME FOR MODIFICATION OF STREET WALL REQUIREMENTS

(b) The City Planning Commission may authorize modifications in the required street wall location if the Commission finds that the existing buildings, or existing open areas serving existing buildings to remain on the zoning lot, would be adversely affected by the location of the street walls of the development, enlargement or alteration in a manner prescribed in paragraph (a) of this Section.

(2/2/11)

118-40 ENTRANCE AND STREET WALL TRANSPARENCY REQUIREMENTS

All buildings developed or portions of buildings enlarged after January 10, 1985, that front on 14th Street, Union Square East, Union Square West or 17th Street shall be subject to the requirements set forth below.

(2/2/11)

118-41 Entrances on 14th Street

Each permitted use within a story that has a floor level within five feet of curb level in buildings or portions of buildings with frontage on 14th Street, shall be entered directly from 14th Street. Entrances to uses located above or below such stories are permitted, provided that such entrances, in aggregate, shall not exceed 30 linear feet of street wall frontage on 14th Street.

(2/2/11)

118-42 Entrances on Union Square East, Union Square West and 17th Street

If a use occupies at least 40 percent of the floor area of a building or portion of a building, as applicable, pursuant to
Section 118-40 (ENTRANCE AND STREET WALL TRANSPARENCY REQUIREMENTS), that fronts on Union Square East, Union Square West or 17th Street between Broadway and Park Avenue South, then the principal entrance to that #use# shall be located on such #street#. However, if more than one #use# meets these criteria, the principal entrance to only one of them is required to be so located.

(3/22/16)

118-43
Street Wall Transparency

When the #street wall# of any #development# or #enlargement# is located on 14th Street, Union Square East, Union Square West or 17th Street, such #street wall# shall be glazed in accordance with the provisions of Section 37-34 (Minimum Transparency Requirements).

(3/22/16)

118-50
OFF-STREET RELOCATION OF A SUBWAY STAIR WITHIN THE SPECIAL UNION SQUARE DISTRICT

Where a #development# or #enlargement# is constructed on a #zoning lot# of at least 5,000 square feet which fronts on a portion of sidewalk containing a stairway entrance or entrances into the 14th Street/Union Square Station, the #development# or #enlargement# shall be subject to the regulations of Section 37-40 (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR).

(3/22/16)

118-60
SUBWAY STATION IMPROVEMENTS WITHIN THE SPECIAL UNION SQUARE DISTRICT

The City Planning Commission may, by special permit, grant #residential floor area# bonuses for #developments# or #enlargements# that provide major improvements on the 14th Street/Union Square Subway Station in accordance with the provisions of Section 74-634. The #zoning lot# for the
#development# or #enlargement# on which such #floor area# bonus is requested shall be adjacent to the 14th Street/Union Square Subway Station or to an existing passageway to the station.

As part of the special permit, the Commission may modify the #street wall# regulations of Section 118-30 (STREET WALL HEIGHT AND SETBACK REGULATIONS) if it finds that such major improvements cannot be provided without modifications of these provisions.

(1/10/85)

Appendix A
UNION SQUARE DISTRICT PLAN

#Street walls# shall be coincident with #street lines#.
Article XI: Special Purpose Districts
Chapter 9: Special Hillsides Preservation District

Effective date of most recently amended section of Article XI Chapter 9: 3/22/16

Zoning Disclaimer - the Web version of the Zoning Resolution of the City of New York is provided for reference and the convenience of having the Resolution in an online format. Recent amendments to the Zoning Resolution also appear on the Web prior to being incorporated into the print version of the Resolution.
Article XI - Special Purpose Districts

Chapter 9
Special Hillsides Preservation District

119-00
GENERAL PURPOSES

The "Special Hillsides Preservation District" (hereinafter also referred to as the "Special District") established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following special purposes:

(a) to reduce hillside erosion, landslides and excessive storm water runoff associated with development by conserving vegetation and protecting natural terrain;

(b) to preserve hillsides having unique aesthetic value to the public;

(c) to guide development in areas of outstanding natural beauty in order to protect, maintain and enhance the natural features of such areas; and

(d) to promote the most desirable use of land and to guide future development in accordance with a comprehensive development plan, and to protect the neighborhood character of the district.

119-01
Definitions

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Area of no disturbance
An "area of no disturbance" is an area designated on the site plan that is protected from all types of intrusion, including: #site alteration#, operation of construction equipment, storage of construction materials, excavation or regrading, tunneling for utilities, removal of trees, #topsoil# or any living vegetation, or construction of driveways, #private roads#, parking areas, patios, decks, swimming pools, walkways or other impervious surfaces. #Areas of no disturbance# shall include #steep slopes#, #steep slope buffers# and the #critical root zone# of each tree proposed for preservation.

Average percent of slope

The "average percent of slope" of a #zoning lot# is the average slope of all portions of a #zoning lot# excluding #steep slopes# and shall be determined according to the following equation:

\[
S = \frac{IL}{A} \times 100
\]

Where:

- **S** - average percent of slope
- **I** - contour interval in feet
- **L** - combined length of contour lines in feet, excluding those portions bordering or lying within areas having a slope of 25 percent or greater and meeting the definition of #steep slope#
- **A** - gross area in square feet of the #zoning lot#, excluding those portions of the #zoning lot# having a slope of 25 percent or greater and meeting the definition of #steep slope#. For a proposed #site alteration# on a tract of land not within a #zoning lot#, the portion of such tract of land owned by the applicant shall be considered to be part of the #zoning lot#.

100 - factor which yields slope as a percentage

CALCULATING AREAS HAVING A SLOPE EQUAL TO OR GREATER THAN 25 PERCENT (illustrative example)
Example:

\[
X = \frac{\text{contour interval}}{\text{in feet}} = \frac{2}{0.25} = 8.0 \text{ feet}
\]

Where:

\(X\) - distance between contour lines which indicates a slope of 25 percent

In order to calculate the area having a slope equal to or greater than 25 percent, one can use a map with two-foot contour intervals and a scale of one inch equals 20 feet, such as the map pictured above. A 25 percent slope, on a map with two-foot contour intervals, is indicated by contour lines which are 8.0 feet apart, rounded to the nearest tenth (0.1) of a foot. On a map whose scale is one inch to 20 feet, 8.0 feet is represented by 0.4 of an inch, rounded to the nearest tenth (0.1) of an inch. Identify where the contour lines are 0.4 of an inch or less apart. Connect these contour lines (as indicated by the heavy lines on the map) and calculate the area.

Buildable area

A "buildable area" is a portion of a zoning lot excluding steep slopes.

Caliper (of a tree)
"Caliper" of a tree is the diameter of a tree trunk measured 4 feet, 6 inches from the ground. If a tree splits into multiple trunks below 4 feet, 6 inches from the ground, the trunk is measured at its most narrow point beneath the split.

Critical root zone

The "critical root zone" of a tree is the area containing the roots of a tree that must be maintained and protected to ensure the tree's survival. The area of the #critical root zone# is measured as one radial foot for every #caliper# inch of the tree, with a required minimum of four radial feet and maximum of 22 radial feet, measured from the surface of the tree trunk at grade.

Hillside

A "hillside" is defined as ground where the ratio of change in elevation to horizontal distance results in a 10 percent or greater slope or #average percent of slope#.

Site alteration

For the purposes of this Chapter, a "site alteration" is an alteration on any vacant tract of land, #land with minor improvements# or any tract of land containing #buildings or other structures#. #Site alterations# shall include the following:

(a) removal of #topsoil#;

(b) excavating, filling, land contour work and other topographic modifications where the ground elevation of the land existing on June 30, 1987, is modified by two feet or more;

(c) dumping, changes in existing drainage systems and changes in grade, alignment or width of public rights-of-way; or

(d) removal of vegetation beyond 15 feet of the foundation of an existing #building#, except when the plant materials' continued presence would create hazards or dangers (such as an area affected by storm or plant disease) to persons, property or other plant material which it would not be possible or practical to eliminate by pruning or routine maintenance.

Staging area
A "staging area" is any area on a #zoning lot# or other tract of land used during the construction of a #development#, #enlargement# or #site alteration# for the purposes of stockpiling soil or construction materials; storing, cleaning or servicing construction equipment, vehicles or tools; or storing leachable construction products, gases or other materials used to clean or service vehicles, equipment or tools.

Steep slope

A "steep slope" is a portion of a #zoning lot# or other tract of land with an incline of 25 percent or greater. However, a portion of a #zoning lot# or other tract of land with an incline of 25 percent or greater shall not be considered a #steep slope# if it occupies an area of less than 200 square feet or has a dimension of less than 10 feet, measured along the horizontal plane, unless such portions in the aggregate equal 10 percent or more of the area of the #zoning lot#.

Steep slope buffer

A "steep slope buffer" is a 15-foot wide area having a slope of less than 25 percent that adjoins the entire length of the crest of a #steep slope#.

Tier I site

A "Tier I site" is a #zoning lot# or other tract of land having an #average percent of slope# of less than 10 percent.

Tier II site

A "Tier II site" is a #zoning lot# or other tract of land having an #average percent of slope# equal to or greater than 10 percent.

Topsoil

"Topsoil" is soil containing undisturbed humus and organic matter capable of sustaining vigorous plant growth and is generally the top six inches of soil.

Tree credit
A "tree credit" is a credit for preserving an existing tree of six-inch caliper or more which is counted toward a tree preservation requirement, or a credit for a newly planted tree of three-inch caliper or more which is counted toward a tree planting requirement.

Tree protection plan

A "tree protection plan" is a plan that modifies the area of no disturbance around a tree proposed for preservation while protecting and preserving the tree during construction. A tree protection plan is prepared by an arborist certified by the International Society of Arborculturists (ISA) or equivalent professional organization that includes:

(a) a survey of the current condition and health of such trees of six-inch caliper or more;

(b) methods for tree protection and preservation based on best management practices, including the prevention of damage due to compaction, grade and drainage pattern changes and tunneling for utilities;

(c) a schedule for site monitoring during construction;

(d) a procedure to communicate protection measures to contractor and workers; and

(e) post-construction treatment.

(2/2/11)

119-02

General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the Special Hillsides Preservation District, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. Except as modified by the express provisions of this Chapter, the regulations of the underlying districts remain in effect.

Any development, enlargement or site alteration on the buildable area of a zoning lot where the average percent of slope is less than 10 percent shall be regulated by the
Provisions set forth in Section 119-10 (Provisions Regulating Tier I Sites). Any development, enlargement or site alteration on the buildable area of a zoning lot having an average percent of slope equal to or greater than 10 percent shall be governed by the provisions set forth in Section 119-20 (Provisions Regulating Tier II Sites).

No development, enlargement or site alteration is permitted within any area of no disturbance on a zoning lot or other tract of land. Areas of no disturbance shall remain in their natural state, except:

(a) for steep slopes or steep slope buffers, an authorization may be granted by the City Planning Commission, pursuant to Section 119-30 (Special Review Provisions);

(b) vegetation and topsoil may be removed from a steep slope buffer during construction on a Tier I site, provided that the development, enlargement or site alteration complies with the requirements of Sections 119-215 (Landscaping controls to preserve trees, shrubs and ground cover), 119-217 (Tier II controls during construction) and 119-22 (Tier II Submission Requirements); or

(c) in accordance with a tree protection plan.

Those portions of a zoning lot having areas of no disturbance, however, may count as lot area for the purposes of the applicable regulations on yards, floor area ratio, open space ratio or maximum number of dwelling units or rooming units.

The following uses, including enlargements to such uses, shall not be permitted within the Special Hillsides Preservation District unless an authorization is granted by the Commission pursuant to Section 119-30: community facility uses, group parking facilities of 30 cars or more, whether or not they are necessary to satisfy parking requirements.

When the Special Hillsides Preservation District is designated on a public park, or portion thereof, site alterations, the construction of new park-related facilities such as, but not limited to, roadways, parking lots, comfort stations, storage facilities, swimming pools, eating establishments, tennis courts, amphitheaters and stadiums, and improvements to existing park-related facilities, shall not be subject to the provisions of Sections 119-10 or 119-20 but shall require an authorization from the Commission, pursuant to Section 119-31 (Authorizations).
119-03
Applicability of Large-scale Residential Development Regulations

Any development on a zoning lot having an average percent of slope of 10 percent or greater, which is used predominantly for residential use, may be treated as a large-scale residential development and special authorizations or special permits for such developments may be granted in accordance with the provisions of Article VII, Chapter 8, as modified herein, regardless of whether such development will have the area, number of buildings or number of dwelling units specified in the definition of large-scale residential developments as set forth in Section 12-10 (DEFINITIONS). However, bonuses that may be granted for large-scale residential developments under the provisions of Sections 78-32 (Bonus for Good Site Plan), 78-33 (Bonus for Common Open Space) or 78-35 (Special Bonus Provisions) may not be granted for developments that have less than the minimum area, number of buildings or number of dwelling units required by the definition of a large-scale residential development.

Notwithstanding the provisions of Section 78-06 (Ownership), a zoning lot having an average percent of slope of 10 percent or greater that is the subject of an application under this Section may include adjacent properties in more than one ownership, provided that the application is filed jointly by the owners of all the properties included. Any subdivision of the tract before, during or after development shall be subject to the provisions of Section 78-51 (General Provisions).

119-04
Future Subdivision

Within the Special Hillsides Preservation District, no zoning lot existing on June 30, 1987, may be subdivided without certification by the City Planning Commission that the proposed subdivision complies with the regulations of the Special Hillsides Preservation District and that all hillsides are preserved to the greatest extent possible under future development options.

A plan for such subdivision shall be filed with the Commission.
and shall include a survey map indicating existing topography at two-foot contour intervals and all individual trees of six-inch caliper or more.

When a zoning lot existing on June 30, 1987, is intended to be subdivided and is more than five acres, a site plan of the entire subdivision shall be filed with the Commission. The site plan shall include the proposed vehicular circulation system within the area, block and zoning lot layouts and any other information required by the Commission.

In the event that any zoning lot proposed for subdivision contains a development, enlargement or site alteration that has been undertaken contrary to the provisions of this Chapter, the Commission shall not approve the subdivision until violations are removed from the zoning lot, in accordance with the Commission's requirements under Section 119-40 (COMPLIANCE).

(2/2/11)

119-05
Applicability of Parking Location Regulations

The parking regulations applicable to lower density growth management areas are modified to allow required accessory parking spaces to be located in a front yard.

(2/2/11)

119-10
PROVISIONS REGULATING TIER I SITES

Tier I sites shall be regulated by the provisions set forth in this Section, inclusive.

(2/2/11)

119-11
Tier I Requirements

(2/2/11)
119-111
Tier I tree preservation requirements

To the maximum extent possible, existing trees shall be retained. Trees of six-inch #caliper# or more may only be removed or destroyed as a result of a #development#, #enlargement# or #site alteration#, provided that:

(a) such trees are located in areas to be occupied by #buildings#, #private roads#, driveways, areas for required #accessory# parking, or within a distance of 15 feet of the exterior walls of such #building#, provided that it is not possible to avoid such removal by adjustments in the arrangement of such #buildings#, driveways or required parking areas;

(b) the continued presence of such tree would create special hazards or dangers to persons or property, which would not be possible or practical to eliminate by pruning;

(c) the continued presence of such tree would interfere with the growth or health of another tree of six-inch #caliper# or more designated for preservation and belonging to a species listed in Appendix B (Selection List for On-site Trees); or

(d) an authorization pursuant to Section 119-313 (Modification of landscaping, tree preservation and tree planting requirements) has been granted by the City Planning Commission approving the removal of such trees.

Any tree of six-inch #caliper# or more that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# shall be replaced pursuant to the provisions of Section 119-112 (Tier I tree planting requirements).

(2/2/11)

119-112
Tier I tree planting requirements

All #developments#, #enlargements# and #site alterations# on #Tier I sites# shall comply with the tree planting requirements set forth in this Section, whether or not existing trees are removed as a result of such #development#, #enlargement# or #site alteration#. However, the requirements set forth herein shall not apply to any #enlargement# of an existing #building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#.
On-site trees, pre-existing or newly planted, shall be provided on the #zoning lot# at the rate of one tree for each 1,000 square feet of #lot area#, or portion thereof, or shall equal a total of 51 percent of all #tree credits# for trees originally on site, whichever is greater.

For any existing tree of at least six-inch #caliper# that is preserved, credit for one tree shall be given for the first six inches of #caliper# and, for each additional four inches of #caliper#, credit for an additional tree shall be given.

Single-trunk trees, newly planted to meet this requirement, shall be of at least three-inch #caliper# at the time of planting. Multiple-trunk trees and low-branching coniferous evergreens shall be at least 10 feet in height at the time of planting. On-site trees shall be of a species selected from Appendix B (Selection List for On-site Trees).

(12/7/99)

119-113

Tier I controls during construction

The following requirements must be met during construction:

(a) Construction fences shall be erected around all #areas of no disturbance#.

A #tree protection plan# is required to modify the #area of no disturbance# around trees proposed for preservation.

(b) The #staging area# shall be located in an area that would most minimize destruction of the natural features of the landscape. Such area shall be as close to the construction area on the #zoning lot# as practical, and shall be either on the flattest portion of the #zoning lot# or behind a containment wall where it will not erode any #area of no disturbance# or endanger any tree designated for preservation.

(c) #Topsoil# shall be used in the area to be revegetated as soon as construction is complete.

(d) Any exposed earth area shall have straw, jute matting or geotextiles placed on it within two days of exposure and be seeded with annual rye grass during construction.
119-12
Tier I Submission Requirements

For all developments, enlargements or site alterations on Tier I sites, the following materials shall be submitted to the Department of Buildings. However, the submission requirements set forth herein shall not apply to an enlargement of an existing residential building, provided that such enlargement does not increase the lot coverage of said building. No building permit shall be issued until the Department of Buildings determines that the requirements of the Special Hillsides Preservation District have been met.

(a) A survey map prepared by a licensed surveyor showing topography at two-foot contour intervals and indicating the existing slope of the land, as it occurs, in categories of 10-14 percent, 15-19 percent, 20-24 percent, 25 percent and greater; the location of existing buildings or other structures, patios, decks, swimming pools, walkways, driveways and private roads, including sidewalks and other impervious surfaces; and the location, caliper and species of all trees of six-inch caliper or more on the zoning lot and in the sidewalk area of the adjacent streets.

(b) A site plan prepared by a registered architect or professional engineer indicating the location of all existing buildings or other structures; the location of all proposed buildings or other structures; the location of existing and proposed patios, decks, swimming pools, walkways, driveways and private roads, including sidewalks and other impervious surfaces; the location of any steep slopes, steep slope buffer areas and the staging area; and the location, caliper and species of all trees of six-inch caliper or more on the zoning lot and in the sidewalk area of the adjacent streets. The site plan shall identify those trees proposed to be removed and those trees proposed to be preserved, indicating, for the latter, the critical root zone.

(c) A tree-planting plan, prepared by a registered landscape architect, indicating the location and species of all new plantings, and indicating the location of and the critical root zone around all trees proposed for preservation.
119-13
Administration of Tier I Requirements

No permanent certificate of occupancy shall be issued by the Department of Buildings unless an inspection report, verifying that the requirements of Section 119-10 (PROVISIONS REGULATING TIER I SITES) have been met, is filed with the Department of Buildings by a registered landscape architect, licensed surveyor, registered architect or professional engineer.

119-20
PROVISIONS REGULATING TIER II SITES

All #Tier II sites# shall be regulated by the provisions set forth in this Section. However, any #enlargement# on #Tier II sites# of an existing #building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#, shall be exempted from the provisions of Sections 119-211 (Lot coverage, floor area and density regulations), 119-213 (Grading controls) to 119-217 (Tier II controls during construction), inclusive, 119-22 (Tier II Submission Requirements), and 119-23 (Administration of Tier II Requirements).

119-21
Tier II Requirements

119-211
Lot coverage, floor area and density regulations

The area of a #private road# shall be excluded from the area of the #zoning lot# for the purposes of applying the applicable requirements of Sections 23-14 (Open Space and Floor Area Regulations in R1 Through R5 Districts) or 23-15 (Open Space and Floor Area Regulations in R6 Through R10 Districts) as modified
by this Section, and Sections 23-21 (Required Floor Area per Dwelling Unit) and 33-10 (FLOOR AREA REGULATIONS). For the purposes of this Section, the area of the #private road# shall include the area of the paved roadbed plus a seven-foot wide area adjacent to and along the entire length of the required curbs.

The maximum permitted percentage of #lot coverage# on a #zoning lot# shall be determined by Table I or Table II of this Section, as applicable.

TABLE I

PERMITTED PERCENTAGE OF LOT COVERAGE ON A ZONING LOT BY ZONING DISTRICT, AVERAGE PERCENT OF SLOPE AND RESIDENCE TYPE

<table>
<thead>
<tr>
<th>#Residence District#</th>
<th>R6</th>

<tr>
<td>10–14.9</td>
<td>22.5</td>
</tr>
<tr>
<td>15–19.9</td>
<td>20.0</td>
</tr>
<tr>
<td>20–24.9</td>
<td>17.5</td>
</tr>
</tbody>
</table>

If an authorization is granted for a #development#, #enlargement# or #site alteration# on a #zoning lot# or portion of a #zoning lot# having a #steep slope# or #steep slope buffer# pursuant to Section 119-311, the maximum permitted percentage of #lot coverage# for said #zoning lot# shall not exceed the maximum set forth in Table II of this Section.

TABLE II

PERMITTED PERCENTAGE OF LOT COVERAGE ON A ZONING LOT OR PORTION OF A ZONING LOT WITH A STEEP SLOPE, BY ZONING DISTRICT AND RESIDENCE TYPE

However, the maximum permitted percentage of #lot coverage# on a #zoning lot#, as determined by Table I or Table II, shall not apply to any #development#, #enlargement# or #site alteration# that receives an authorization pursuant to Section 119-312 (Authorization of certain uses within the Special Hillsides Preservation District) and is located in a #Commercial District#.

(3/22/16)

119-212
Height and setback regulations

The height and setback regulations set forth in Sections 23-63 (Height and Setback Requirements in R1 Through R5 Districts), 23-64 (Basic Height and Setback Requirements), 34-24 (Modification of Height and Setback Regulations), 35-62 (Commercial Districts With an R1 Through R5 Residential Equivalent) and 35-63 (Basic Height and Setback Modifications) shall not apply to #buildings or other structures# on #Tier II sites# within the #Special Hillsides Preservation District#. In lieu thereof, the height and setback regulations set forth in this Section shall apply.

No portion of a #building or other structure# shall penetrate a plane drawn parallel to the #base plane# at a height that is shown in Table III of this Section. For #buildings# with pitched roofs, height shall be measured to the midpoint of such pitched roof. For the purposes of this Section, the #base plane#, which is a plane from which the height of a #building or other structure# is measured in R2X, R3, R4 and R5 Districts, shall also be established in accordance with the provisions of Section 12-10 (DEFINITIONS) for #buildings or other structures# in R1, R2 and R6 Districts.

</table>
or #Residence District# equivalent when the #zoning lot# is located within a #Commercial District#

** #buildings# that utilize the regulations of Section 23-143, applying to a #predominantly built-up area#, shall not exceed a maximum height of 32 feet above the #base plane#.

(2/2/11)

119-213
Grading controls

With the exception of #private roads# and driveways, no grading shall take place beyond 15 feet of the location of a #building# foundation, measured from the foundation perimeter. The following grading requirements shall apply to all #Tier II sites#.

(a) Cut slopes shall be no steeper than two horizontal to one vertical; subsurface drainage shall be provided as necessary for stability.

(b) Where two cut slopes intersect, the corners shall be rounded with a minimum radius of 25 feet.

(c) Fill slopes shall be no steeper than two horizontal to one vertical; fill slopes shall not be located on natural slopes 2:1 or steeper, or where fill slope toes out within 12 feet horizontally of the top of an existing or planned cut slope.

(d) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Hillsides Preservation District#.

(e) Fills shall be compacted to at least 95 percent of maximum density, as determined by AASHTO T99 or ASTM D698.

(f) All retaining walls or cuts with a total vertical projection in excess of three feet and associated with cut or fill surfaces shall be designed as structural members keyed into stable foundations and capable of sustaining the design loads.

(g) The edge of any cut or fill slope meeting the grade existing on June 30, 1987, should be blended into such grade in a
vertical or horizontal arc with a radius of not less than 25 feet.

(h) The top and toe of any cut or fill slope, or where any excavation meets the grade existing on June 30, 1987, should be rounded in a vertical arc with a radius of not less than five feet.

(i) Tops and toes of cut and fill slopes shall be set back from lot lines for a horizontal distance of three feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of 10 feet; tops and toes of cut and fill slopes shall be set back from buildings and structures a horizontal distance of six feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of 10 feet.

(2/2/11)

119-214
Tier II requirements for driveways and private roads

The provisions set forth in this Section and Section 119-213 (Grading controls) shall apply to driveways and to private roads that provide access to buildings developed after December 11, 1999. The provisions for private roads set forth in Section 26-20, inclusive, shall not apply. However, the provisions of Sections 26-31 through 26-34 shall apply for private roads in lower density growth management areas.

(a) Driveways

(1) the maximum grade of a driveway shall not exceed 10 percent;

(2) the paved width of a driveway shall not exceed 18 feet; and

(3) the maximum length of a driveway from a private road or street to an accessory parking space shall not exceed 80 feet.

(b) Private roads

(1) the maximum grade of a private road shall not exceed 10 percent;

(2) the width of the graded section beyond the curb back or
edge of pavement of a #private road# shall extend no more than three feet beyond the curb back or edge of pavement on both the cut and the fill sides of the roadway. If a sidewalk is to be installed parallel to the roadway, the graded section shall be increased by the width of the sidewalk plus no more than one foot beyond the curb back;

(3) the paved width of a #private road# shall not exceed 30 feet;

(4) curbs shall be provided along each side of the entire length of a #private road# and #accessory# parking spaces may be located between the required roadbed and curb;

(5) a curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#;

(6) curb cuts providing access from #private roads# to parking spaces shall not exceed the width of the driveway served and in no event shall exceed a width of 18 feet, including splays;

(7) a minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts;

(8) no building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the development for fire safety. Such approval may include the modification of #private road# width as set forth in paragraph (b)(3) of this Section; and

(9) for the purposes of applying the #yard# regulations of Section 26-31, the curb of the #private road# shall be considered to be the #street line#.

The City Planning Commission may by authorization or special permit, as applicable, pursuant to Section 119-30 (SPECIAL REVIEW PROVISIONS), allow modifications to, or waivers of, the requirements of this Section. The approval of the Fire Department regarding the adequacy of vehicular access to and within the development for fire safety shall be a condition precedent for any modification or waiver.

(2/2/11)
Landscaping controls to preserve trees, shrubs and ground cover

(a) In any area of no disturbance, existing vegetation and topsoil shall not be removed, except in accordance with a tree protection plan or as authorized by the City Planning Commission, pursuant to the provisions of Section 119-313 (Modification of landscaping, tree preservation and tree planting requirements).

(b) To the maximum extent possible, existing trees, shrubs and ground cover shall be retained. Vegetation may only be removed or destroyed as a result of a development, enlargement or site alteration, provided that:

1. it is located in areas to be occupied by buildings, private roads, driveways, areas for required accessory parking or within a distance of 15 feet of a building foundation and, provided that it is not practical to avoid such removal by adjustments in the arrangement of such buildings, private roads, driveways or required parking areas;

2. the continued presence of the vegetation would interfere with the growth or health of trees of six-inch caliper or more designated for preservation and belonging to a species listed in Appendices A, B or C;

3. the continued presence of the vegetation would create special hazards or dangers to persons or property, which would not be possible or practical to eliminate by pruning or routine maintenance; or

4. an authorization has been granted by the City Planning Commission under the provisions of Section 119-313 approving the removal of such vegetation.

(c) Any vegetation or topsoil that cannot be preserved as a result of a proposed development, enlargement or site alteration and is not permitted to be removed under paragraph (b) of this Section shall be replaced as follows: for every square foot of lot area of removed vegetation or topsoil, there shall be provided the following plantings of the size and number indicated in paragraphs (c)(1) through (c)(4) of this Section. The area of removed vegetation shall be measured so as to include any portions of the zoning lot that were located within the critical root zone of a removed tree of six-inch caliper or more. Species of ground cover and shrubs shall be selected from Appendix A (Selection List for Ground Covers and Shrubs).
Species of on-site trees shall be selected from Appendix B (Selection List for On-site Trees).

(1) Ground cover shall be planted one at one foot on center and at the rate of one plant for every square foot of lot area of removed vegetation; and

(2) Large trees shall be planted at the rate of one three-inch caliper tree for every 500 square feet of lot area of removed vegetation; or

(3) Small trees shall be planted at a rate of one eight-foot high tree for every 100 square feet of lot area of removed vegetation; or

(4) Shrubs shall be planted at a rate of one gallon container-grown material for every 25 square feet of lot area of removed vegetation.

119-216
Tier II tree planting requirements

All developments, enlargements and site alterations on Tier II sites shall comply with the following tree planting requirements, whether or not existing vegetation is removed as a result of such development, enlargement or site alteration. However, the requirements set forth herein shall not apply to an enlargement of an existing building, provided that such enlargement does not increase the lot coverage of said building.

On-site trees, pre-existing or newly-planted, shall be provided on the zoning lot at the rate of one tree for each 1,000 square feet of lot area, or portion thereof, or shall equal a total of 51 percent of all tree credits for trees originally on site, whichever is greater.

For any existing tree of at least six-inch caliper that is preserved, credit for one tree shall be given for the first six inches of caliper and, for each additional four inches of caliper, credit for an additional tree shall be given.

Single-trunk trees newly planted to meet this requirement shall be of at least three-inch caliper at the time of planting. Multiple-trunk trees and low-branching coniferous evergreens shall be at least 10 feet in height at the time of planting. On-
site trees shall be of a species selected from Appendix B (Selection List for On-site Trees).

(12/7/99)

119-217

Tier II controls during construction

The following requirements must be met during construction:

(a) No construction equipment of any kind shall operate beyond 15 feet of the perimeter of a building foundation except those vehicles engaged in the construction of private roads, driveways or required accessory parking areas. This provision may be waived by the Commissioner of Buildings should it be determined that the particular conditions of the site make a 15 foot limit infeasible or impractical.

(b) Construction fences shall be erected around all vegetation proposed for preservation and all areas of no disturbance, and those portions of the fence that are downhill from the construction site shall have hay bales placed adjacent to them.

(c) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the Special Hillsides Preservation District.

(d) The staging area shall be located in an area that would most minimize destruction of the natural features of the landscape. Such area shall be as close to the construction area on the zoning lot as practical, and shall be either on the flattest portion of the zoning lot or behind a containment wall where it will not erode any area of no disturbance or endanger any tree designated for preservation.

(e) Topsoil shall be used in the area to be revegetated as soon as construction is complete.

(f) Any exposed earth area shall have straw, jute matting or geotextiles placed on it within two days of exposure and be seeded with annual rye grass during construction.
Tier II Submission Requirements

For all developments, enlargements or site alterations on Tier II sites, the following materials shall be submitted to the Department of Buildings. However, the submission requirements set forth herein shall not apply to an enlargement of an existing building, provided that such enlargement does not increase the lot coverage of said building. No building permit shall be issued until the Department of Buildings determines that the requirements of the Special Hillsides Preservation District have been met.

(a) A survey map prepared by a licensed surveyor showing topography at two-foot contour intervals and indicating the existing slope of the land as it occurs in categories of 10-14 percent, 15-19 percent, 20-24 percent, 25 percent and greater; the location of existing buildings or other structures, patios, decks, swimming pools, walkways, driveways and private roads, including sidewalks and other impervious surfaces; and the location, caliper and species of all trees of six-inch caliper or more on the zoning lot and in the sidewalk area of the adjacent streets.

(b) A site plan prepared by a registered architect or professional engineer indicating the location of all existing buildings or other structures; the location of all proposed buildings or other structures; the location of existing and proposed patios, decks, swimming pools, walkways, driveways and private roads, including sidewalks and other impervious surfaces; the location of all understory, including shrubs and ground cover; and the location, caliper and species of individual trees of six-inch caliper or more on the zoning lot and in the sidewalk area of the adjacent streets. The site plan shall identify those trees proposed to be removed and those trees proposed to be preserved, indicating for the latter the critical root zone, the location of any other area of no disturbance and the location of the staging area.

(c) A grading plan that will show all existing and proposed contours at two-foot intervals, critical spot elevations, tops and bottoms of proposed slopes over 10 percent gradient and will indicate at least one longitudinal and one latitudinal cross-section showing both the original and proposed final ground surfaces, with grades, slopes and elevations noted.
(d) An alignment and paving plan for any #private road# with a typical cross-section.

(e) A landscaping and revegetation plan, prepared by a registered landscape architect, indicating the extent of vegetation and #topsoil# removal required for site preparation and development and the location and species of all new plantings.

(f) A construction plan prepared by a registered landscape architect, registered architect, licensed surveyor or professional engineer showing the proposed location for the #staging area#, the proposed method for protecting trees, understory shrubs and ground cover during construction, as well as a description of the equipment to be employed in processing and disposing of soil and other material to be removed from the site. A #tree protection plan# for any tree proposed for preservation where the #area of no disturbance# is proposed to be modified.

(g) An affidavit prepared by a registered landscape architect, registered architect, licensed surveyor or professional engineer stipulating the following:

1. prior to construction, no grading, filling, clearing or excavation of any kind shall be initiated until approval of a final grading plan by the Department of Buildings;

2. no construction equipment of any kind shall pass over areas to be preserved, according to the approved plans;

3. construction fences meeting the requirements of Section 119-217, paragraph (b), shall be erected around all vegetation proposed for retention; and

4. construction controls (erosion protection, drainage measures, etc.) shall be implemented according to the approved plan.

(h) A drainage plan and soil report prepared by a professional engineer to protect natural features. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and
protective devices. Such report shall include an estimate of runoff from the site after completion of any proposed #development#, #enlargement# or #site alteration# and provide a description with supporting information of the manner in which the proposed #development#, #enlargement# or #site alteration# complies with the requirements of Local Law 103 of 1989.

(2/2/11)

119-23
Administration of Tier II Requirements

All #developments#, #enlargements# or #site alterations# that are subject to the requirements of Section 119-22 (Tier II Submission Requirements) shall file directly with the Department of Buildings.

No permanent certificate of occupancy shall be granted unless an inspection report, verifying that the requirements of Section 119-20 have been met, is filed with the Department of Buildings by a registered landscape architect, registered architect, licensed surveyor or professional engineer.

(6/30/87)

119-30
SPECIAL REVIEW PROVISIONS

(2/2/11)

119-31
Authorizations

Upon application, the City Planning Commission may grant authorizations for modifications of specified regulations of this Chapter and for the underlying district regulations in accordance with the provisions of Sections 119-311 (Authorization of a development, enlargement or site alteration on a steep slope or steep slope buffer) through 119-319 (Authorization to allow site alterations, the construction of new park-related facilities and improvements to existing park-related facilities within public parks), inclusive.
In addition, all developments, enlargements and site alterations that require an authorization pursuant to Sections 119-311 through 119-318, inclusive, shall be subject to the provisions of Sections 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).

The Commission may prescribe appropriate conditions and safeguards, including covenants running with the land which shall permit public or private enforcement reflecting terms, conditions and limitations, of any authorizations hereunder, to minimize adverse effects on the hillsides and the character and quality of the community.

(2/2/11)

119-311
Authorization of a development, enlargement or site alteration on a steep slope or steep slope buffer

The City Planning Commission may authorize developments, enlargements and site alterations on a steep slope or steep slope buffer.

In order to grant such authorizations, the Commission shall find that:

(a) the development, enlargement or site alteration is not feasible without such modification, or that the requested modification will permit a development, enlargement or site alteration that satisfies the purposes of this Chapter;

(b) such modification is the least modification required to achieve the purpose for which it is granted;

(c) the modification requested has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;

(d) the requested modification will not disturb the drainage patterns and soil conditions of the area; and

(e) the development, enlargement or site alteration takes advantage of the natural characteristics of the site.

Any development, enlargement or site alteration requiring
an authorization pursuant to this Section shall be subject to all the requirements of Section 119-20 (PROVISIONS REGULATING TIER II SITES) for which an authorization or special permit has not been obtained.

(2/2/11)

119-312
Authorization of certain uses within the Special Hillsides Preservation District

Any group parking facility with 30 cars or more and, in Residence Districts, any community facility use or enlargement thereof, shall be allowed only by authorization of the City Planning Commission. In order to grant such authorizations, the Commission, upon review of a site plan, shall find that:

(a) the proposed development, enlargement or site alteration will not adversely affect the drainage pattern and soil conditions of the area;

(b) the proposed development, enlargement or site alteration has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;

(c) such development, enlargement or site alteration is so located as not to impair the essential character of the surrounding area;

(d) the design of such development, enlargement or site alteration takes full advantage of all special characteristics of the site;

(e) vehicular access and egress for such development, enlargement or site alteration is located and arranged so as to draw a minimum of vehicular traffic to and through local streets in nearby residential areas; and

(f) where vehicular access and egress is located on an arterial, such location affords the best means for controlling the flow of traffic generated by such development to and from such arterial.

The Commission may permit modifications to parking lot landscaping and maneuverability requirements for applications for such authorizations of group parking facilities for over 30 cars or for enlargements to group parking facilities, if such
_modifications preserve vegetation and natural topography._

(12/7/99)

**119-313**  
**Modification of landscaping, tree preservation and tree planting requirements**

The City Planning Commission may authorize modifications to Sections 119-111 (Tier I tree preservation requirements), 119-112 (Tier I tree planting requirements), paragraph (b)(8) of Section 119-214 (Tier II requirements for driveways and private roads), 119-215 (Landscaping controls to preserve trees, shrubs and ground cover) and 119-216 (Tier II tree planting requirements).

In order to grant such authorizations, the Commission shall find that:

(a) the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;

(b) such modification is the least modification required to achieve the purpose for which it is granted; and

(c) the ecology and soil conditions of the site are such that the substitution of other plant material would be as appropriate as the tree preservation or planting requirements being modified.

Where on-site restoration of vegetation would result in overcrowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more trees on adjoining public sidewalks or in a nearby public area within the #Special Hillsides Preservation District#. The Commission may also allow the substitution of other plant material, provided a detailed landscaping plan is filed with the Commission for approval and certification.

(2/2/11)

**119-314**  
**Modification of lot coverage controls**
For any development or enlargement subject to Section 119-211 (Lot coverage, floor area and density regulations), the City Planning Commission may authorize variations in the lot coverage controls.

In order to grant such authorization, the Commission shall find that:

(a) the development or enlargement is not feasible without such modification, or that the requested modification will permit a development or enlargement that satisfies the purpose of this Chapter;

(b) by allowing the permitted floor area in a building or buildings of lower height to cover more land, the preservation of hillsides having aesthetic value to the public would be assured, and that such preservation would not be possible by careful siting of a higher building containing the same permitted floor area on less land;

(c) such modification is the least modification required to achieve the purpose for which it is granted;

(d) the modification requested has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;

(e) the requested modification will not disturb the drainage pattern and soil conditions of the area; and

(f) the proposed modification does not impair the essential character of the surrounding area.

(2/2/11)

119-315
Modification of height and setback regulations

For any Tier II site, the City Planning Commission may authorize variations in the height and setback regulations set forth in Section 119-212 (Height and setback regulations).

In order to grant such authorizations, the Commission shall find that:

(a) the development or enlargement is not feasible without such modification, or that the requested modification will permit a development or enlargement that satisfies the
purpose of this Chapter;

(b) by concentrating permitted floor area in a building or buildings of greater height covering less land, the preservation of existing topography and vegetation and the preservation of hillsides having aesthetic value to the public will be assured, and that such preservation would not be possible by careful siting of lower buildings containing the same permitted floor area and covering more land;

(c) such modification is the least modification required to achieve the purpose for which it is granted;

(d) the requested modification will not disturb the soil conditions of the area;

(e) the proposed modification does not impair the essential character of the surrounding area; and

(f) the proposed modification will not have adverse effects upon light, air and privacy of adjacent properties.

(2/2/11)

119-316
Modification of grading controls

For any development, enlargement or site alteration on a Tier II site, the City Planning Commission may authorize variations in the grading controls set forth in Section 119-213.

In order to grant such authorization, the Commission shall find that:

(a) the development, enlargement or site alteration is not feasible without such modifications, or that the requested modifications will permit a development, enlargement or site alteration that satisfies the purposes of this Chapter;

(b) such modification is the least modification required to achieve the purpose for which it is granted;

(c) the requested modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
(d) the requested modification will not disturb the drainage pattern and soil conditions of the area;

(e) the proposed modification does not impair the essential character of the surrounding area; and

(f) the benefits to the surrounding area from the proposed modification outweigh any disadvantages that may be incurred thereby in the area.

(2/2/11)

119-317
Modification of requirements for private roads and driveways

For any development, enlargement or site alteration, the City Planning Commission may authorize variations in the requirements for private roads and driveways on any Tier II site as set forth in Section 119-214 (Tier II requirements for driveways and private roads) as well as the requirements of Sections 25-621 (Location of parking spaces in certain districts), 25-624 (Special parking regulations for certain community facility uses in lower density growth management areas) and 25-631 (Location and width of curb cuts in certain districts).

In order to grant such authorizations, the Commission shall find that:

(a) the development or enlargement is not feasible without such modification, or that the requested modification will permit a development, enlargement or site alteration that satisfies the purposes of this Chapter;

(b) such modification is the least modification required to achieve the purpose for which it is granted;

(c) the requested modification will not disturb the drainage pattern and soil conditions of the area;

(d) the requested modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it; and

(e) such modification will enhance the quality of the design of the development, enlargement or site alteration.
119-318
Modifications of certain bulk regulations

For any #development# or #enlargement# subject to Section 119-20 (PROVISIONS REGULATING TIER II SITES), the City Planning Commission may authorize variations in required #front#, #rear# or #side yards#, variations in required space between #buildings# on the same #zoning lot# and modifications in the underlying district height and setback regulations.

In order to grant such authorizations, the Commission shall find that:

(a) #development# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that better satisfies the purposes of this Chapter;

(b) such modification is the least modification required to achieve the purpose for which it is granted; and

(c) the proposed #bulk# and placement of #buildings# and the proposed arrangement of #open spaces# will not have significant adverse effects upon the light, air and privacy for existing development in adjacent areas or the opportunities therefor in future development.

119-319
Authorization to allow site alterations, the construction of new park-related facilities and improvements to existing park-related facilities within public parks

Upon application, the City Planning Commission may authorize #site alterations#, the construction of new park-related facilities such as, but not limited to, roadways, parking lots, comfort stations, storage facilities, swimming pools, eating establishments, tennis courts, amphitheaters and stadiums, and improvements to existing park-related facilities.

In order to grant such authorizations, the Commission shall find that the proposed action:

(a) will have a minimal impact on the existing natural
topography of the surrounding area and will blend harmoniously with it;

(b) will have minimal impact on the drainage pattern and soil conditions in the area;

(c) will preserve to the greatest extent possible the trees and vegetation within the park; and

(d) is compatible with the neighborhood character of the area.

An application to the Commission for an authorization pursuant to this Section shall include the following:

(1) a survey map prepared by a licensed surveyor showing existing topography at the two-foot contour intervals;

(2) a site plan prepared by a registered architect, registered landscape architect or professional engineer indicating the location of all existing #buildings or other structures#, the location of all proposed #buildings or other structures#, the location of all understory including shrubs and ground cover, and the #caliper# and species of all individual trees of six-inch #caliper# or more; and

(3) any other information necessary to evaluate the request.

In issuing authorizations under this Section, the Commission may impose conditions or safeguards, such as special landscape requirements, to minimize adverse effects on the character of the #Special Hillsides Preservation District#.

(12/7/99)

119-32
Special Permits

The City Planning Commission may grant special permits for modification of the underlying district regulations in accordance with the provisions of Section 119-321 (Modification of use regulations).

(2/2/11)

119-321
Modification of use regulations
For any #Tier II site#, the City Planning Commission may grant special permits to allow #single-family semi-detached residences# in R1 and R2 Districts, #single-family attached residences# in R1, R2 and R3-1 Districts or #two-family attached residences# in R3-1 Districts.

As a condition for granting such special permits, the minimum required #lot area# of the underlying district shall not be reduced, and the #aggregate width of street walls# of a #building#, or a number of #buildings# separated by party walls, shall not exceed 100 feet.

In order to grant such special permits, the Commission shall find that:

(a) #development# is not feasible without such modifications, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that better satisfies the purposes of this Chapter;

(b) the change of housing type requested constitutes the most effective method of preserving the existing topography and vegetation;

(c) the preservation of existing topography and vegetation requires the permitted development to be concentrated, to the extent feasible, in the remaining portion of the tract;

(d) for such concentration of development, better standards of privacy and usable #open space# can be and are achieved under the development plan by inclusion of the proposed #building# type;

(e) such modification is the least modification required to achieve the purpose for which it is granted;

(f) the proposed #street# or #private road# system for the development is so located as to draw a minimum of vehicular traffic to and through #streets# in the adjacent area;

(g) the siting of the #building# or #buildings# will not adversely affect adjacent properties by impairing privacy or access of light and air; and

(h) the existing topography and vegetation and the proposed planting effectively screen all #attached# one-family #residences# from the #lot lines# along the development perimeter.
The Commission may impose appropriate conditions or safeguards, such as special landscaping requirements, to minimize any adverse effects on the character of the surrounding area.

All developments, enlargements or site alterations that require a special permit pursuant to this Section shall also be subject to the provisions of Sections 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).

(2/2/11)

119-33
Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits

Any development, enlargement or site alteration that requires an authorization or special permit and that is subject to the provisions of Section 119-20 (PROVISIONS REGULATING TIER II SITES), shall be subject to the provisions of this Section. The requirements of this Section shall supplement any other requirements that also must be met.

Prior to construction, at least one of the erosion and sedimentation control measures described in paragraphs (a) through (e) of the Section shall be selected. A plan describing how the selected erosion and sedimentation control measure will be implemented and justifying its selection on the basis of the particular conditions of the site shall be prepared by a professional engineer and submitted to the City Planning Commission.

(a) Benches and berms

These are level terraces or ledges constructed across sloping land to provide a relatively flat construction site or to reduce the length and grade of the slope. Benches and berms reduce runoff and erosion hazards by slowing down the velocity of water and providing greater intake opportunity.

(b) Diversion channels

These are earth channels with a supporting ridge on the lower side constructed across the slope lengths to break up concentration of runoff and move water to stable outlets at a non-erosive velocity.
(c) Debris or sediment basins

These consist of a dam or embankment, a pipe outlet and an emergency spillway situated at the low corner of the site to provide a temporary means of trapping and storing sediment while releasing the water. They protect property below the installation from damage by excessive sedimentation and debris.

(d) Retention ponds

These are impoundment-type ponds that temporarily store runoff water and release it at rates that minimize erosion and prevent flooding. They may be located above the site to trap water before it enters the area or within the site to protect properties below the site.

(e) Grassed waterways or outlets

These are natural or excavated channels to dispose of excess runoff water from diversions, berms, benches and other areas at non-erosive velocities. Waterways or outlets are shaped or graded and established in suitable vegetation as needed, depending on the supplemental measure used to slow the velocity of runoff.

(2/2/11)

119-34 Special Submission Requirements for Certain Authorizations and Special Permits

When a #development#, #enlargement# or #site alteration# is subject to the provisions of Section 119-20 (PROVISIONS REGULATING TIER II SITES), an application to the City Planning Commission for an authorization or special permit shall include the following submission requirements. These requirements shall be in addition to the requirements set forth in Section 119-22 (Tier II Submission Requirements).

(a) A drainage plan and soil report prepared by a professional engineer to protect natural features. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and
retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of proposed developments, enlargements or site alterations and provide a description with supporting information of the manner in which the proposed development, enlargement or site alteration complies with the requirements of Local Law 103 of 1989.

(b) An erosion and sedimentation plan as described in Section 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits).

(c) For any development or site alteration on a tract of land 40,000 square feet or greater, a landscape plan prepared by a registered landscape architect that shows the location and species of all new plantings of trees, shrubs and ground covers and the proposed method of preserving existing trees, shrubs and ground covers.

(d) Any other information the Commission may deem necessary to evaluate the request.

The applicant's submission shall also include a statement admitting authorized Department of City Planning personnel to the site for the purposes of recording or verifying survey data.

(2/2/11)

119-35
Administration of Special Review Provisions

Where a permit other than a building permit is required for a development, enlargement or site alteration within the Special Hillsides Preservation District from any City agency, an application for such permit shall be filed simultaneously with such agency and the City Planning Commission.

No permanent certificate of occupancy shall be granted unless an inspection report, verifying that the requirements of Sections 119-20 (PROVISIONS REGULATING TIER II SITES) and 119-30 (SPECIAL REVIEW PROVISIONS) have been met, is filed with the Department of Buildings by a registered landscape architect, licensed surveyor or professional engineer.
119-40
COMPLIANCE

In the event that a development, enlargement or site alteration is undertaken, or has been undertaken, contrary to the provisions of this Chapter, any permit issued by the Department of Buildings for any use, development, enlargement or site alteration on the affected zoning lot shall be revoked.

No building permit or permanent certificate of occupancy shall be issued by the Department of Buildings for any use, development, enlargement or site alteration on such zoning lot until the violations are removed from the zoning lot, pursuant to a restoration plan certified by the City Planning Commission.

If such violations have not ceased within 90 days of receipt of the Commission's requirements, the Department of Buildings shall institute such action as may be necessary to prosecute the violations. For compliance with restoration requirements to remove violations, the Department of Buildings may allow an additional 90 days.

Where on-site restoration of vegetation would result in overcrowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more trees on adjoining public sidewalks or in a nearby public area within the Special Hillsides Preservation District. The Commission may also allow the substitution of other plant material, provided a detailed landscaping plan is filed with the Commission for approval and certification.

Article XII - Special Purpose Districts

Chapter 1
Special Garment Center District

121-00
GENERAL PURPOSES

The "Special Garment Center District" established in this Resolution is designed to promote and protect public health, safety, and general welfare. These general goals include, among others, the following specific purposes:

(a) to retain adequate wage and job-producing industries within the Garment Center;

(b) to provide an opportunity for apparel production and showroom space in designated areas of the Garment Center;

(c) to preserve a variety of types of space for a diversity of businesses that service the Garment Center and the city;

(d) to recognize the unique character of the western edge of the Special District as integral to the adjacent Special Hudson Yards District;

(e) to establish an appropriate urban scale and visual character within the Garment Center; and

(f) to promote the most desirable use of land within the district, to conserve the value of land and buildings, and thereby protect the City's tax revenues.

121-01
General Provisions

The provisions of this Chapter shall apply within the #Special Garment Center District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In
the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(12/20/18)

121-02
District Plan

The regulations of this Chapter are designed to implement the #Special Garment Center District# Plan. The District Plan includes the following map:

Special Garment Center District and Subdistricts

The map is located in Appendix A of this Chapter and is hereby incorporated and made an integral part of this Resolution. It is incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

(12/20/18)

121-03
Subdistricts

In order to carry out the purposes and provisions of this Chapter, two Subdistricts, A1 and A are established within the #Special Garment Center District#. The location of the Subdistricts is shown on the map (Special Garment Center District and Subdistricts) in Appendix A of this Chapter.

(12/20/18)

121-10
SPECIAL USE REGULATIONS

The #use# regulations of the applicable underlying district shall apply except as set forth in this Section.

(12/20/18)
In the #Special Garment Center District#, #transient hotels#, as listed in Section 32-14 (Use Group 5), and #motel#, #tourist cabins# or #boatels#, as listed in Section 32-16 (Use Group 7A), shall be permitted only by special permit of the City Planning Commission pursuant to Section 121-70 (Special Permit for Transient Hotels).

However, a special permit shall not be required for a #transient hotel# operated exclusively for the public purpose of temporary housing assistance by the City or State of New York, or operated by a non-governmental entity pursuant to an active contract or other written agreement with an agency of the City or State specifying such public purpose.

Furthermore, for a #building# subject to the provisions of Section 121-60 (ANTI-HARASSMENT AND DEMOLITION REGULATIONS IN SUBDISTRICT A-2) and for which #HPD# issued a #certification of no harassment# that was in effect on June 11, 2018, a special permit shall not be required where such #building# is #enlarged# and a portion of which is subsequently converted to #residences# pursuant to Article I, Chapter 5 (Residential Conversions Within Existing Buildings), provided all new #transient hotel# rooms shall be located in the #enlarged# portion of such #building#, and except for #transient hotel# lobbies and #accessory uses# located below the floor level of the second #story#, the non-#enlarged# portion of such #building# shall contain only permanently affordable #residences# pursuant to a #regulatory agreement# enforceable by #HPD#.

Any #transient hotel# existing prior to December 20, 2018, within the #Special Garment Center District#, shall be considered a conforming #use#. Any #enlargement# or #extension# of such existing conforming #use# shall not require a special permit. In the event a casualty damages or destroys a #building# within the #Special Garment Center District# that was used as a #transient hotel# as of December 20, 2018, such #building# may be reconstructed and continue as a #transient hotel# without obtaining a special permit, provided the #floor area# of such reconstructed #building# does not exceed the #floor area# permitted pursuant to the provisions of Section 121-31 (Maximum Permitted Floor Area Within Subdistrict A-1) or Section 121-41 (Maximum Permitted Floor Area Within Subdistrict A-2), as applicable.

In Subdistrict A-2, any #development# or #enlargement# that includes offices, as listed in Section 32-15 (Use Group 6B) #developed# or #enlarged# after January 19, 2005, shall be
permitted only pursuant to Section 93-13 (Special Office Use Regulations).

(12/20/18)

121-12
C6-4M Districts in Subdistrict A-2

In the C6-4M District located within Subdistrict A-2, for buildings existing on January 19, 2005, the use regulations of the underlying district shall be modified as follows:

(a) For buildings with less than 70,000 square feet of floor area, the provisions of Section 15-20 (REGULATIONS GOVERNING RESIDENTIAL CONVERSIONS WITHIN EXISTING BUILDINGS IN C6-2M, C6-4M, M1-5M AND M1-6M DISTRICTS), inclusive, shall not apply to the conversion of non-residential floor area to residences. In lieu thereof, Section 15-10 (REGULATIONS GOVERNING RESIDENTIAL CONVERSIONS WITHIN EXISTING BUILDINGS IN RESIDENCE AND COMMERCIAL DISTRICTS, EXCEPT C6-2M AND C6-4M DISTRICTS), inclusive, shall apply; and

(b) for buildings with 70,000 square feet or more of floor area, the conversion of non-residential floor area to residences, or to college or school student dormitories and fraternity or sorority student houses shall not be permitted.

(c) The following uses and uses accessory to such uses shall be allowed:

(1) From Use Group 16A:

Household or office equipment or machinery repair shops, such as refrigerators, washing machines, stoves, deep freezers or air conditioning units

Tool, die or pattern making establishments or similar small machine shops

(2) From Use Group 16D:

Packing or crating establishments

Trucking terminals or motor freight stations, limited to 20,000 square feet of lot area per establishment
Warehouses

Wholesale establishments, with no limitation on accessory storage

(3) From Use Group 17B:

All uses

(12/20/18)

121-13
M1-6 District in Subdistrict A-1

In the M1-6 District located within Subdistrict A-1, uses listed in Use Group 18 shall not be permitted.

(12/20/18)

121-20
SIGN REGULATIONS

In the Special Garment Center District, all signs shall be subject to the regulations applicable in C6-4 Districts, as set forth in Section 32-60 (SIGN REGULATIONS). However, in Subdistrict A-2, flashing signs shall not be permitted.

(12/20/18)

121-30
SPECIAL BULK REGULATIONS WITHIN SUBDISTRICT A-1

The following special bulk regulations shall apply within Subdistrict A-1, as shown in Appendix A of this Chapter.

(12/20/18)

121-31
Maximum Permitted Floor Area Within Subdistrict A-1

The basic maximum floor area ratio of a zoning lot shall be as
specified for the underlying district in Section 43-12 (Maximum Floor Area Ratio) and may be increased only pursuant to Section 43-13 (Floor Area Bonus for Public Plazas). No #public plaza#, or any part thereof, shall be permitted on or within 100 feet of a #wide street#. The provisions of Section 43-14 (Floor Area Bonus for Arcades) shall not apply.

(12/20/18)

121-32
Height of Street Walls and Maximum Building Height Area Within Subdistrict A-1

In Subdistrict A-1, the underlying height and setback regulations set forth in Sections 43-43 (Maximum Height of Front Wall and Required Front Setbacks) and 43-44 (Alternate Front Setbacks) shall not apply. In lieu thereof, the following provisions shall apply:

(a) Street wall location

The street wall of any building shall be located on the street line and extend along the entire street frontage of the zoning lot up to at least the maximum base height specified in paragraph (b) of this Section. On the ground floor, recesses shall be permitted where required to provide access to the building, provided such recesses do not exceed three feet in depth as measured from the street line. In addition, the street wall location provision of this paragraph shall not apply along such street line occupied by a public plaza as set forth in Section 37-70 (PUBLIC PLAZAS).

(b) Base height

(1) Along #wide streets#

On #wide streets#, and on #narrow streets# within 50 feet of their intersection with a #wide street#, the street wall of a building shall rise without setback to a minimum base height of 125 feet and may rise to a maximum base height of 155 feet.

However, where the height of an existing adjacent street wall fronting on the same street line rises to a height exceeding 155 feet before setback, the maximum base height may be increased to the height of such existing adjacent street wall but shall not
exceed a base height of 205 feet. In addition, where existing adjacent street walls on both sides of the building rise to a height exceeding 155 feet before setback, the maximum base height of such building may be increased to the higher of the two existing adjacent street walls, except in no instance shall the base height of such building exceed 205 feet.

(2) Along narrow streets

On narrow streets, beyond 50 feet of their intersection with a wide street, the street wall of a building shall rise without setback to a minimum base height of 85 feet and may rise to a maximum base height of 135 feet.

As an alternative, the minimum and maximum base heights applicable to a wide street may be applied along a narrow street beyond 50 feet of a wide street, up to a maximum of 100 feet from such wide street.

(c) Required setbacks

(1) Along wide streets

For buildings, or portions thereof, located on wide streets and on narrow streets within 100 feet of a wide street, the portion of such building above the applicable maximum base height set forth in paragraph (b)(1) of this Section, shall be set back from the street wall of the building at least 10 feet along a wide street and at least 15 feet along a narrow street, except such dimensions may include the depth of any permitted recesses in the street wall. Above such required setback, any portion of a building on the zoning lot shall be considered a “tower.”

(2) Along narrow streets

For buildings, or portions thereof, located on narrow streets beyond 100 feet of a wide street, the portion of such building above the applicable maximum base height set forth in paragraph (b)(2) of this Section shall be set back from the street wall of the building at least 15 feet along a narrow street, except such dimensions may include the depth of any permitted recesses in the street wall. Above such required setback, any portion of a building on
the zoning lot shall be considered a “tower.”

(d) Tower Regulations

Each story of a tower above the required setback shall not exceed a maximum lot coverage of 40 percent of the lot area of a zoning lot or, for zoning lots of less than 20,000 square feet, the percent set forth in Section 43-451 (Towers on small lots).

(e) Maximum building height

No height limit shall apply to towers.

(12/20/18)

121-40
SPECIAL BULK REGULATIONS WITHIN SUBDISTRICT A-2

The following special bulk regulations shall apply within Subdistrict A-2, as shown on the map in Appendix A of this Chapter.

(12/20/18)

121-41
Maximum Permitted Floor Area Within Subdistrict A-2

The basic maximum floor area ratio of a zoning lot containing non-residential buildings shall be 10.0 and may be increased to a maximum floor area ratio of 12.0 only pursuant to Section 93-31 (District Improvement Fund Bonus). Such zoning lot may also contain residences within buildings existing on January 19, 2005, provided that such buildings are not enlarged after such date. For zoning lots containing residences within a building that is developed or enlarged on or after January 19, 2005, the basic maximum floor area ratio shall be 6.5. The floor area ratio of any such zoning lot may be increased from 6.5, pursuant to Section 93-31, and pursuant to Section 23-90 (INCLUSIVE HOUSING), as modified by Section 93-23 (Modifications of Inclusionary Housing Program), provided that for every five square feet of floor area increase pursuant to Section 93-31, there is a floor area increase of six square feet pursuant to Section 23-90, as modified by Section 93-23, inclusive. The maximum residential floor area ratio shall be 12.0.
For the conversion to dwelling units of non-residential buildings, or portions thereof, where the total floor area on the zoning lot to be converted to residential use exceeds a floor area ratio of 12.0, such excess floor area shall be permitted only pursuant to Section 93-31.

(12/20/18)

121-42 Height of Street Walls and Maximum Building Height Within Subdistrict A-2

(a) Height of street walls

The street wall of any building shall be located on the street line and extend along the entire street frontage of the zoning lot not occupied by existing buildings to remain. Such street wall shall rise without setback to a minimum base height of 80 feet and a maximum base height of 90 feet before setback. However, if the height of an adjacent street wall fronting on the same street line is higher than 90 feet before setback, the street wall of the new or enlarged building may rise without setback to the height of such adjacent street wall, up to a maximum height of 120 feet.

For zoning lots, or portions thereof, with street frontage of 25 feet or less and existing on June 29, 2010, a minimum base height lower than 80 feet shall be permitted along such street frontage in accordance with the following provisions:

(1) where the height of an adjacent street wall fronting on the same street line is at least 60 feet and less than 80 feet, the street wall of the new or enlarged building may rise without setback to the height of such adjacent street wall; or

(2) where the height of an adjacent street wall fronting on the same street line is less than 60 feet, the street wall of the new or enlarged building may rise without setback to a minimum street wall height of 60 feet.

The street wall of any building may rise to a height less than the minimum base height required pursuant to this paragraph (a), provided that no building on the zoning lot exceeds such height, except where such building is located on a zoning lot with multiple buildings, one or more of which is developed, enlarged or altered after February 2,
2011, to a height exceeding the minimum base height required pursuant to this paragraph (a).

(b) Maximum #building# height

Above a height of 90 feet or the height of the adjacent #street wall# if higher than 90 feet, no portion of a #building or other structure# shall penetrate a #sky exposure plane# that begins at a height of 90 feet above the #street line#, or the height of the adjacent #street wall# if higher than 90 feet, and rises over the #zoning lot# at a slope of four feet of vertical distance for each foot of horizontal distance to a maximum height limit of 250 feet, except as provided below:

(1) any portion of the #building or other structure developed# or #enlarged# pursuant to the tower regulations of Sections 33-45 (Tower Regulations) or 35-64 (Special Tower Regulations for Mixed Buildings), as applicable, may penetrate the #sky exposure plane#, provided no portion of such #building or other structure# exceeds the height limit of 250 feet; and

(2) permitted obstructions, as listed in Section 33-42, may penetrate the #sky exposure plane# and the height limit of 250 feet. In addition, a dormer, as listed in paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts), may penetrate the #sky exposure plane#.

On a #zoning lot# with frontage of at least 200 feet along at least one #street#, up to 20 percent of the #aggregate width of the street wall# facing such #street#, for a maximum width of 50 feet, may be recessed to a maximum depth of 15 feet from the #street line#, provided the recessed area is located a minimum of 20 feet from an adjacent #building# and that a minimum of 60 percent of such area is planted with any combination of grass, ground cover, shrubs, trees or other living plant material in the ground or in planters permanently affixed to the ground.

(12/20/18)

121-50
PARKING PROVISIONS FOR SUBDISTRICT A-2

Within Subdistrict A-2, as shown on the map in Appendix A of this
Chapter, the underlying parking provisions shall not apply. In lieu thereof, the parking regulations of the #Special Hudson Yards District#, as set forth in Section 93-80 (OFF-STREET PARKING REGULATIONS) shall apply.

(12/20/18)

121-60
ANTI-HARASSMENT AND DEMOLITION REGULATIONS IN SUBDISTRICT A-2

In Subdistrict A-2, the provisions of Section 93-90 (HARASSMENT) and Section 93-91 (Demolition), inclusive, shall apply.

(12/20/18)

121-70
SPECIAL PERMIT FOR TRANSIENT HOTELS

In the #Special Garment Center District#, the City Planning Commission may permit a #transient hotel# as listed in Use Group 5, including #motels#, #tourist cabins# or #boatels# as listed in Use Group 7, that is not otherwise permitted pursuant to Section 121-10 (SPECIAL USE REGULATIONS), provided that:

(a) the location of such proposed #transient hotel# within the Special District will not impair the achievement of a diverse and harmonious mix of #commercial#, #manufacturing# and #community facility uses# within Subdistrict A-1 and of #residential#, #commercial#, #manufacturing# and #community facility uses# in Subdistrict A-2, consistent with the applicable district regulations;

(b) the site plan for such #transient hotel# demonstrates that the design is appropriate, does not impair the character of the area and incorporates elements that are necessary to address any potential conflicts between the proposed #use# and adjacent #uses# such as the location of the proposed access to the #building#, the orientation of the #building# and landscaping;

(c) such #transient hotel use# will not cause undue vehicular or pedestrian congestion on local #streets; and

(d) such #transient hotel use# is consistent with the planning objectives of the Special District.

The Commission may prescribe additional conditions and safeguards
to minimize adverse effects on the character of the surrounding area.

Article XII - Special Purpose Districts

Chapter 2
Special Grand Concourse Preservation District

122-00
GENERAL PURPOSES

The "Special Grand Concourse Preservation District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following purposes:

(a) to protect the existing scale and form of development and the traditional residential character of the Grand Concourse including desirable design features of certain buildings through the establishment of design guidelines for renovation or alteration;

(b) to encourage new development which is in keeping with the scale and character of the area by providing for street wall continuity and bulk regulations consistent with existing development along the Grand Concourse;

(c) to preserve and enhance the residential character of the Grand Concourse by limiting ground floor retail and commercial uses to certain specified locations;

(d) to regulate the location of retail and commercial signage; and

(e) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby to protect the City's tax revenues.

122-01
Definitions

Display window
A "display window" is a window or opening in the exterior wall of any portion of a building which is glazed with tinted or transparent material and which is used to display merchandise, services or business.

Sign band

A "sign band" is a horizontal band which extends the full length of the street wall of a building, and is located between 8 feet and 14 feet above curb level.

(9/28/89)

122-02
General Provisions

Except as modified by the express provisions of the Special Grand Concourse Preservation District, the regulations of the underlying zoning districts shall remain in effect.

(3/26/92)

122-03
District Plan

(a) In the District Plan as shown in Appendix A, the following areas have been designated as the Residential Preservation Area:

(1) all areas in R8 Districts including areas mapped C1 within these R8 Districts which are:

   (i) within 100 feet of the westerly street line of the Grand Concourse between East 153rd Street and Mosholu Parkway; and

   (ii) within 100 feet of the easterly street line of the Grand Concourse between East 153rd Street and a point parallel to and 150 feet north of East 166th Street, and between McClellan Street and Mosholu Parkway;

(2) an area partly in R8 and C1 Districts with a depth of 100 feet from the west side of the street line of...
Walton Avenue between East 161st and East 164th Streets; and

(3) an area in R8 Districts with a depth of 100 feet from the east side of the street line of Anthony Avenue between East 181st Street and East 182nd Street.

Within the Residential Preservation Area in R8 Districts, the following three commercial sub-areas have special use and bulk regulations:

(i) Limited Commercial Areas

(ii) Commercial Extension Areas

(iii) Commercial Infill Sites

(b) The location of these sub-areas is described below:

(1) Limited Commercial Areas

The following areas with a depth of 50 feet from the street line of the Grand Concourse are designated on the District Plan (Appendix A) as Limited Commercial Areas:

(i) on the west side of the Grand Concourse from the south side of East 176th Street to a point 25 feet north of Henwood Place;

(ii) on the west side of the Grand Concourse from a point 40 feet north of Bush Street to the south side of Burnside Avenue;

(iii) on the west side of the Grand Concourse from 100 feet north of East 180th Street to a point 180 feet south of East 183rd Street; and

(iv) on the east side of the Grand Concourse from the north side of East 182nd Street to a point 180 feet south of East 183rd Street.

(2) Commercial Extension Areas

Along certain cross-streets within the Residential Preservation Area, extensions of existing Commercial Districts up to the Grand Concourse to a depth of 100 feet measured perpendicularly from the street line of such cross-streets, are designated as Commercial Extension Areas on the District Plan (Appendix A).
These extension areas are located along the following streets:

(i) the north and south sides of East 165th Street, west of the Grand Concourse;

(ii) the north and south sides of East 167th Street, east of the Grand Concourse;

(iii) the north and south sides of East 170th Street, east and west of the Grand Concourse; and

(iv) the north and south sides of Mount Eden Avenue, west of the Grand Concourse.

(3) Commercial Infill Sites

All tax lots listed in Table A in Section 122-10 which contain buildings designed for non-residential uses in Use Groups 6 or 7 or where such buildings existed as of July 1, 1981 are designated as Commercial Infill Sites on the District Plan (Appendix A).

(2/2/11)

122-10
SPECIAL USE REGULATIONS

In order to preserve the residential character of the Special District, the applicable use regulations of the underlying districts are modified, as follows:

(a) Within the Limited Commercial Areas, commercial uses listed in Section 32-15 (Use Group 6) are permitted, provided they are located only on the ground floor of an existing or new building containing residential or community facility uses. All existing or new commercial uses shall be directly accessible only from the street. Any existing commercial use which fails to provide direct access from a street shall be terminated one year after September 28, 1989.

(b) On a cross-street within the Commercial Extension Areas, commercial uses listed in Section 32-15 are permitted to occupy the ground floor of an existing or new building containing residential or community facility uses. Such ground floor commercial uses may be permitted to extend up to the Grand Concourse on the basement level of a
provided that such commercial uses are accessible only from a cross-street which intersects the Grand Concourse. No direct or indirect access to such commercial uses is permitted from the Grand Concourse.

(c) Any commercial use which lawfully existed on or before July 1, 1981, on any Commercial Infill Site listed in Table A, shall be considered conforming and may be changed to a Use Group 6 use or to a use which previously occupied the space lawfully on or before July 1, 1981, except that expansion or re-occupancy of floor area to a retail use in Use Group 6A or 6C is restricted to the ground floor of the building.

However, if a building on a Commercial Infill Site contains an entrance from the Grand Concourse as well as from the cross-street running underneath the Concourse, such entrance floors at both street levels may be occupied by retail uses listed in Use Group 6 if they were in existence prior to July 1, 1981, as a lawful use. In those cases, the use of the remaining stories of such building shall be limited to business, professional or governmental offices or to ambulatory diagnostic or treatment health care facilities as set forth in Use Group 4A or Use Group 6B, regardless of the locational restrictions in Use Group 4.

(d) For the purposes of this Chapter, any non-residential uses permitted pursuant to paragraphs (a) through (c) of this Section shall be located only on a story below the lowest story occupied by a residential use, except that this limitation shall not preclude the location of any such non-residential use below the level of the first story ceiling.

(9/14/16)

122-20
SPECIAL SIGN REGULATIONS

In order to enhance the visual quality of the Special District, the applicable sign regulations of the underlying districts are modified, as follows:

(a) Within the Limited Commercial Areas, only one sign, other than an advertising sign, with a surface area not exceeding 12 square feet, shall be permitted per commercial
Such signs shall be located in a sign band, on the flap of a canopy, or as allowed under paragraph (d) of this Section. The height of such signs shall be not more than 24 inches and the letter sizes shall be restricted to a height of 12 inches. Except as provided in paragraph (d), all such signs may not project from the vertical surface of a building more than 18 inches.

(b) Within the Commercial Extension Areas, no signs and no display windows shall be permitted on a building or other structure within 50 feet of the Grand Concourse. Commercial uses which are located on a cross-street beyond a distance of 50 feet from the Grand Concourse street line, shall comply with the sign regulations applicable to the underlying Commercial District.

(c) On Commercial Infill Sites, the maximum surface area to be occupied by a sign, other than an advertising sign, shall be three square feet for every five feet of store frontage or 12 square feet, whichever is greater. Such signs shall be located in a sign band or on the flap of a canopy, or as allowed under paragraph (d). On portions of Commercial Infill Sites more than 50 feet from the Grand Concourse, the signage regulations of a C1 District shall apply.

(d) Except in C1 Districts, no sign may be located so as to obscure any decorative lintel, cornice or other architectural detail. In the event that compliance with this requirement does not provide adequate surface area for the allowable sign, as defined in paragraph (a) of this Section, a projecting sign may be permitted by the Commissioner of Buildings provided that no such sign shall project from the vertical surface of a building more than 18 inches.

(e) Except in C1 Districts, no banners, pennants, flashing or illuminated signs shall be permitted anywhere within the Special District. In addition, within Commercial Infill Sites north of the Cross Bronx Expressway, as shown on the map in Appendix A of this Chapter, signs with indirect illumination shall be permitted on the Grand Concourse street frontage of a building.

(f) Within the Limited Commercial Areas, Commercial Infill Sites, and Commercial Extension Areas within 50 feet of the Grand Concourse, window graphics shall occupy not more than 20 percent of a window. Display lettering more than three inches high shall be considered as a sign.
(g) All lawfully existing non-conforming signs located within the Special District shall be terminated one year after September 28, 1989.

(2/2/11)

122–30
SPECIAL BULK REGULATIONS

In order to preserve the scale and character of the Grand Concourse, the bulk regulations of the underlying R8 District and the C1 or C2 Districts mapped within such R8 District shall be inapplicable to any residential or community facility developments or enlargements located within the Special District.

In lieu thereof, such developments or enlargements shall comply with the regulations of an R8X District, including Article II, Chapter 8.

If a commercial development is constructed on a vacant Commercial Infill Site previously occupied by a commercial building on or before July 1, 1981, or an existing commercial building located on a Commercial Infill Site is replaced by a commercial development, the height, lot coverage and floor area of the commercial development shall not exceed the height, lot coverage and floor area of the building it replaced. However, if a residential or community facility building is constructed on any Commercial Infill Site or when such sites become a part of the adjoining zoning lot, it shall be subject to the R8X District regulations. No mixed buildings or enlargement of existing buildings shall be permitted on any Commercial Infill Sites.

(9/28/89)

122–40
SPECIAL REGULATIONS FOR LOCATION OF NEW DOORS AND WINDOWS

If any new doors or windows are installed on the exterior walls of a building, they shall be uniform in width and shall be aligned with existing doors and windows.

(2/2/11)
122-50
SPECIAL PROVISIONS FOR PLANTING STRIPS

For developments or enlargements, there shall be a strip of continuous planting at grade of not less than three feet in width along the entire front wall of such development or such building that is enlarged. In the event a building is constructed within three feet of the street line, the owner of the building shall apply to the Bureau of Highway Operations for permission to locate a portion of such planting strips on a public sidewalk within the street line. A copy of such application shall be submitted with the new building application when filed at the Department of Buildings. Such sidewalk planting requirement may be waived by the Department of Buildings only upon receipt of written disapproval by the Department of Transportation.

(2/2/11)

122-60
SPECIAL ACCESSORY OFF-STREET PARKING REGULATIONS

In the Residential Preservation Area, the parking requirements of the underlying districts shall be inapplicable. In lieu thereof, the accessory off-street parking regulations of R8X Districts shall apply to developments or enlargements.

If a commercial development is constructed on a vacant Commercial Infill Site previously occupied by a commercial building on or before July 1, 1981, or an existing commercial building located on a Commercial Infill Site is replaced by a commercial development, the number of accessory off-street parking spaces provided by the commercial development shall be equal to or greater than the number of accessory off-street parking spaces provided by the building it replaced.

(9/28/89)

122-70
SPECIAL PROVISIONS FOR ZONING LOTS DIVIDED BY DISTRICT BOUNDARIES

Notwithstanding any other provisions of this Resolution, whenever a zoning lot existing on September 28, 1989, is divided by a boundary between a district to which R8X District regulations apply and one to which R8 District regulations apply, the
provisions of an R8X District shall apply to the entire #zoning lot#.

(9/28/89)

122-80
EXCLUDED AREAS

The regulations set forth in this Chapter shall not apply to C4 Districts and C8 Districts located within the #Special Grand Concourse Preservation District#.

Article XII - Special Purpose Districts

Chapter 3
Special Mixed Use District

123-00
GENERAL PURPOSES

The "Special Mixed Use District" regulations established in this Chapter of the Resolution are designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to encourage investment in mixed residential and industrial neighborhoods by permitting expansion and new development of a wide variety of uses in a manner ensuring the health and safety of people using the area;

(b) to promote the opportunity for workers to live in the vicinity of their work;

(c) to create new opportunities for mixed use neighborhoods;

(d) to recognize and enhance the vitality and character of existing and potential mixed use neighborhoods; and

(e) to promote the most desirable use of land in accordance with a well-considered plan and thus conserve the value of land and buildings and thereby protect City tax revenues.

123-10
GENERAL PROVISIONS

The provisions of this Chapter shall apply within the #Special Mixed Use District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this
Chapter shall control. However, in flood zones, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

In Special Mixed Use Districts, an M1 District is paired with a Residence District, as indicated on the zoning maps.

The designated Residence Districts in Special Mixed Use Districts shall not include either an R1 or an R2 District.

(2/2/11)

### 123-11 Definitions

Definitions specifically applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

**Accessory use**

In addition to those "accessory uses" listed in Section 12-10 (DEFINITIONS), for the purposes of this Chapter, an accessory use shall also include a dwelling unit in connection with any commercial, manufacturing or community facility establishment permitted in Special Mixed Use Districts, pursuant to Section 123-20 (SPECIAL USE REGULATIONS), provided that no more than one such unit shall be permitted in connection with any establishment, and provided further that each such unit shall not exceed a gross area of 1,200 square feet or contain more than one kitchen.

**Home occupation**

For the purposes of this Chapter, the home occupation provisions of Section 12-10 shall apply, except that:

(a) up to 49 percent of the total floor area of a dwelling unit may be used for a home occupation;

(b) such home occupation may occupy more than 500 square feet of floor area; and

(c) businesses operated as home occupations may have up to three employees not residing in the dwelling unit.
Mixed use building

For the purposes of this Chapter, a "mixed use building" is a building in the Special Mixed Use District used partly for manufacturing, commercial or community facility use and partly for residential use.

(12/10/97)

123-20
SPECIAL USE REGULATIONS

In Special Mixed Use Districts, all uses permitted in the designated Residence District and all uses permitted in the designated M1 District, as set forth in any other provision of this Resolution other than Special Purpose Districts, shall be permitted, except as superseded, modified or supplemented by this Section and provided that signs shall comply with the requirements of Section 123-40 (SIGN REGULATIONS).

(3/22/16)

123-21
Modification of Use Groups 2, 3 and 4

The uses listed in Use Group 2, and the following uses listed in Use Groups 3 and 4: college or school student dormitories and fraternity or sorority student houses, long-term care facilities, philanthropic or non-profit institutions with sleeping accommodations, monasteries, convents or novititates, non-profit hospital staff dwellings without restriction on location, and non-profit or voluntary hospitals, may only locate in the same building as, or share a common wall with a building containing, an existing manufacturing or commercial use, upon certification by a licensed architect or engineer to the Department of Buildings that such manufacturing or commercial use:

(a) does not have a New York City or New York State environmental rating of "A", "B" or "C" under Section 24-153 of the New York City Administrative Code for any process equipment requiring a New York City Department of Environmental Protection operating certificate or New York State Department of Environmental Conservation state facility permit; and
is not required, under the City Right-to-Know Law, to file a Risk Management Plan for Extremely Hazardous Substances.

(12/10/97)

123-22
Modification of Use Groups 16, 17 and 18

The uses in Use Groups 16, 17 and 18 shall be permitted in the Special Mixed Use District in accordance with the applicable district use regulations, subject to the modifications of Sections 123-221 (Uses permitted as-of-right), 123-222 (Uses permitted with restrictions) and 123-223 (Excluded uses).

(12/10/97)

123-221
Uses permitted as-of-right

From Use Group 16A:

- Automobile, motorcycle, trailer or boat sales, open or enclosed

- Building materials sales, open or enclosed, limited to 10,000 square feet of lot area per establishment, provided that not more than 5,000 square feet of such lot area is used for open storage

- Electrical, glazing, heating, painting, paper hanging, plumbing, roofing, or ventilating contractors' establishments, open or enclosed, with open storage limited to 5,000 square feet of lot area per establishment

- Glass cutting shops

- Household or office equipment or machinery repair shops, such as refrigerators, washing machines, stoves, deep freezers or air conditioning units

- Ice or wood sales, open or enclosed, limited to 5,000 square feet of lot area per establishment

- Machinery rental or sales establishments

- Motorcycle or motor scooter rental establishments
Poultry or rabbit killing establishments, for retail sale on the same #zoning lot# only

Riding academies, open or enclosed

Stables for horses

Trade schools for adults, except those using substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances

From Use Group 16B:

Automobile, truck, motorcycle or #trailer# repairs, excluding body repair

Automobile laundries, provided that the #zoning lot# contains reservoir space for not less than 10 automobiles per washing lane

#Automotive service stations#, open or enclosed, provided that facilities for lubrication, minor repairs or washing are permitted only if located within a #completely enclosed building#

From Use Group 16C:

Commercial or public utility vehicle storage, open or enclosed, including #accessory# motor fuel pumps

Dead storage of motor vehicles

From Use Group 16D:

Diaper supply establishments

Laundries, except medical or laboratory

Linen or towel supply establishments, where cleaning is done on a separate #zoning lot#

Moving or storage offices, with no limitation as to storage or #floor area# per establishment

Packing or crating establishments, except for the packing or crating of substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances
Trucking terminals or motor freight stations, limited to 20,000 square feet of lot area per establishment

Warehouses, except for the warehousing of substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances

Wholesale establishments, with no limitation on accessory storage, except for wholesale establishments selling, as part of their stock, substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances, if they are stored on the same zoning lot

From Use Group 17A:

Building materials or contractor's yards, open or enclosed, including sales, storage or handling of building materials, with no limitation on lot area per establishment, except that lumber yards shall be limited to 20,000 square feet of lot area per establishment, and provided that any yard in which such use is conducted is completely enclosed on all sides by a solid opaque fence or wall (including opaque solid entrance and exit gates) of suitable uniform material and color, at least eight feet in height and constructed in accordance with rules and regulations to be promulgated by the Commissioner of Buildings

Produce or meat markets, wholesale

From Use Group 17B (Manufacturing Establishments):

Apparel or other textile products from textiles or other materials, including hat bodies or similar products

Bottling work, for all beverages

Canvas products, not involving the manufacturing of canvas

Cork products

Fur goods, not including tanning or dyeing

Glass products from previously manufactured glass

Hair, felt or feather products, except washing, curing or dyeing

Hosiery
Ice, natural

Jute, hemp, sisal or oakum products

Mattresses, including rebuilding or renovating

Scenery construction

Shoddy

Soap or detergents, packaging only

Textiles, spinning, weaving, manufacturing, knit goods, yarn, thread or cordage, not involving printing or dyeing

Upholstering, bulk, excluding upholstering shops dealing directly with consumers

Wax products

From Use Group 17C:

Agriculture, including greenhouses, nurseries or truck gardens

Docks for passenger ocean vessels

Docks for sightseeing, excursion or sport fishing vessels, with no limitation on vessel or dock capacity

Docks for vessels not otherwise listed

Public transit, railroad or electric utility substations, open or enclosed, with no limitations as to size

Railroads, including rights-of-way, freight terminals, yards or appurtenances, or facilities or services used or required in railroad operations, but not including passenger stations

Truck weighing stations, open or enclosed

Trucking terminals or motor freight stations, with no limitation on #lot area# per establishment

From Use Group 18:

Breweries, limited to 10,000 square feet of #floor area# per establishment

#Uses accessory# to the preceding listed #uses#
123-222

Uses permitted with restrictions

The following uses from Use Groups 16 and 17 are permitted in Special Mixed Use Districts subject to the certification requirements and locational restrictions of this Section:

From Use Group 16A:

- Animal hospitals or kennels
- Blacksmith shops
- Carpentry, custom woodworking or custom furniture making shops
- Fuel, oil, or coal sales, open or enclosed, limited to 5,000 square feet of lot area per establishment
- Mirror silvering shops
- Sign painting shops, with no limitation on floor area per establishment
- Silver plating shops, custom
- Soldering or welding shops
- Tool, die, or pattern-making establishments, or similar small machine shops
- Trade schools for adults, that use substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances

From Use Group 16B:

- Automobile, truck, motorcycle or trailer body repairs, provided such use is conducted within a completely enclosed building

From Use Group 16D:

- Carpet cleaning establishments
Dry cleaning or cleaning and dyeing establishments, with no limitation on type of operation, solvents, #floor area# or capacity per establishment

Laundries, medical or laboratory

Linen or towel supply establishments, where cleaning is done on the same #zoning lot#

Packing or crating establishments for substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances

Photographic developing or printing, with no limitation on #floor area# per establishment

Warehouses for substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances

Wholesale establishments selling, as part of their stock, substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances, with no limitation on #accessory storage#

From Use Group 17B (Manufacturing Establishments):

Adhesives, excluding manufacture of basic components

Advertising displays

Aircraft, including parts

Automobiles, trucks or #trailers#, including parts or rebuilding of engines

Beverages, non-alcoholic

Boats less than 200 feet in length, building or repair, open or enclosed, provided that such #use# or portion thereof may be conducted outside a #completely enclosed building# only if located at a distance greater than 200 feet from a #Residence District# boundary, or if effectively screened by a wall or fence at least eight feet in height with no boat building located less than 30 feet from a #Residence District# boundary

Brushes or brooms
Cameras or other photographic equipment, except film

Canvas

Carpets

Ceramic products, including pottery, small glazed tile, or similar products

Chemicals, compounding or packaging

Cosmetics or toiletries

Cotton ginning, or cotton wadding or linters

Electrical appliances, including lighting fixtures, irons, fans, toasters, electric toys, or similar appliances

Electrical equipment assembly, including home radio or television receivers, home movie equipment, or similar products, but not including electrical machinery

Electrical supplies, including wire or cable assembly, switches, lamps, insulation, dry cell batteries, or similar supplies

Film, photographic

Food products, except slaughtering of meat or preparation of fish for packaging

Ice, dry

Ink or inked ribbon

Laboratories, research, experimental or testing

Leather products, including shoes, machine belting, or similar products

Luggage

Machines, business, including typewriters, accounting machines, calculators, card-counting equipment, or similar products

Machinery, miscellaneous, including washing machines, firearms, refrigerators, air-conditioning, commercial motion picture equipment, or similar products
Machine tools, including metal lathes, metal presses, metal stamping machines, woodworking machines, or similar products

Metal finishing, plating, grinding, sharpening, polishing, cleaning, rust-proofing, heat treatment, or similar products

Metal stamping or extrusion, including costume jewelry, pins and needles, razor blades, bottle caps, buttons, kitchen utensils, or similar products

Motorcycles, including parts

Musical instruments, including pianos or organs

Novelty products

Optical equipment, clocks or similar precision instruments

Orthopedic or medical appliances, including artificial limbs, braces, supports, stretchers, or similar appliances

Paper products, including envelopes, stationery, bags, boxes, shipping containers, bulk goods, tubes, wallpaper printing, or similar products

Perfumes or perfumed soaps, compounding only

Pharmaceutical products

Plastic products, including tableware, phonograph records, buttons, or similar products

Printing or publishing, with no limitation on #floor area# per establishment

Rubber products, such as washers, gloves, footwear, bathing caps, atomizers, or similar products, excluding manufacture of natural or synthetic rubber

Silverware, plate or sterling

Sporting or athletic equipment, including balls, baskets, cues, gloves, bats, racquets, rods, or similar products

Statuary, mannequins, figurines, or religious art goods, excluding foundry operations

Steel products, miscellaneous fabrication or assembly, including steel cabinets, doors, fencing, metal furniture, or similar products
Textiles, dyeing or printing

Tobacco, including curing, or tobacco products

Tools or hardware, including bolts, nuts, screws, doorknobs, drills, hand tools or cutlery, hinges, house hardware, locks, non-ferrous metal castings, plumbing appliances, or similar products

Toys

Umbrellas

Vehicles, children's, including bicycles, scooters, wagons, baby carriages, or similar vehicles

Venetian blinds, window shades, or awnings, with no limitation on production or on floor area per establishment

Wood products, including furniture, boxes, crates, baskets, pencils, cooperage works, or similar products

Uses accessory to the preceding listed uses

Any use from Use Group 16 or 17, listed in this Section, may only locate in a building enlarged or developed after December 10, 1997, containing a use listed in Section 123-21 (Modification of Use Groups 2, 3 and 4), or share a common wall with such building, upon certification by a licensed architect or engineer to the Department of Buildings that any such use listed in Use Group 16 or 17:

(a) does not have a New York City or New York State environmental rating of "A", "B" or "C" under Section 24-153 of the New York City Administrative Code for any process equipment requiring a New York City Department of Environmental Protection operating certificate or New York State Department of Environmental Conservation state facility permit; and

(b) is not required, under the City Right-to-Know Law, to file a Risk Management Plan for Extremely Hazardous Substances.

(12/10/97)

123-223
Excluded uses

The following uses listed in Use Groups 16 and 18 shall not be allowed in Special Mixed Use Districts:

From Use Group 16A:

Animal pounds or crematoriums

Crematoriums, human

From Use Group 16C:

Public transit yards, open or enclosed, including accessory motor fuel pumps

From Use Group 18:

Any use listed in Use Group 18, except that breweries limited to 10,000 square feet of floor area shall be permitted as-of-right

Uses accessory to the preceding listed uses

(12/10/97)

123-23
Modification of Special Permit Requirements

In the event that provisions of this Resolution permit a use by special permit, authorization or certification in both designated M1 and Residence Districts, no more than one special permit, authorization or certification is required to permit any such use in the Special Mixed Use District.

In the event that a provision of this Resolution permits a use by special permit, authorization or certification in either a designated M1 or Residence District and another provision permits such use without a special permit, authorization or certification in the other designated district, no special permit, certification or authorization shall be required in the Special Mixed Use District. In such case, the bulk regulations of the district allowing the use as-of-right shall control.

(12/10/97)
123-30
SUPPLEMENTARY USE REGULATIONS

(3/22/16)

123-31
Provisions Regulating Location of Uses in Mixed Use Buildings

In #Special Mixed Use Districts#, in any #building# or portion of a #building# occupied by #residential uses#, #commercial# or #manufacturing uses# may be located only on a #story# below the lowest #story# occupied by #dwelling units#, except that this limitation shall not preclude the:

(a) extension of a permitted #business sign#, #accessory# to such non-#residential use#, to a maximum height of two feet above the level of a finished floor of the second #story#, but in no event higher than six inches below the lowest window sill on the second #story#;

(b) location of #commercial# or #manufacturing uses# on the same #story#, or on a #story# higher than that occupied by #dwelling units#, in #buildings# in existence on or prior to December 10, 1997, that are partially #converted# to #residential use# pursuant to paragraph (a) of Section 123-67 (Residential Conversion), or were previously so #converted# pursuant to Article I, Chapter 5 (Residential Conversion Within Existing Buildings); or

(c) location of #commercial# or #manufacturing uses# on the same #story#, or on a #story# higher than that occupied by #dwelling units#, provided that the #commercial# or #manufacturing uses# are:

(1) located in a portion of the #mixed use building# that has separate direct access to the #street# with no access to the #residential# portion of the #building# at any #story#; and

(2) not located directly over any portion of a #building# containing #dwelling units#.

(3/22/16)

123-32
Environmental Conditions

In #Special Mixed Use Districts#, all new #dwelling units# shall be provided with a minimum 35dB(A) of window wall attenuation to maintain an interior noise level of 45dB(A) or less, with windows closed, and shall provide an alternate means of ventilation. However, upon application to the Office of Environmental Remediation (OER) by the owner of the affected #building#, consistent with its authority under the provisions of Section 11-15 (Environmental Requirements) with respect to (E) designations, OER may modify the requirements of this Section, based upon new information, additional facts or updated standards, as applicable, provided that such modification is equally protective. In such instances, OER shall provide the Department of Buildings with notice of such modification, stating that it does not object to the issuance of a building permit, or temporary or final certificate of occupancy.

(8/16/06)

123-40
SIGN REGULATIONS

In #Special Mixed Use Districts#, the provisions regulating #signs# in C6-1 Districts, as set forth in Section 32-60 (SIGN REGULATIONS), shall apply for any #sign#. For the purposes of applying such regulations in #Special Mixed Use Districts#, all references to #mixed buildings# shall include #mixed use buildings#.

In MX-9 Districts, the provisions of this Section shall apply, except that the City Planning Commission may permit the modification of the applicable provisions of Sections 32-64 (Surface Area and Illumination Provisions) and 32-65 (Permitted Projection or Height of Signs), provided the Commission finds that such #signs# are consistent with the character of the surrounding area. However, no modification shall be made to the applicable provisions of Section 32-644 (Illuminated or flashing signs in C4, C5-4, C6 or C7 Districts) relating to #flashing signs#.

(12/10/97)

123-50
MODIFICATION OF ARTICLE V, CHAPTER 2 (NON-CONFORMING USES)
In Special Mixed Use Districts, a non-conforming use may be changed only to a conforming use.

The following Sections of Article V, Chapter 2 (Non-conforming Uses), shall not apply: Sections 52-32 through 52-37, inclusive; Sections 52-43 through 52-46, inclusive; Sections 52-54, 52-56, 52-62, 52-72, 52-731, 52-732, 52-74, and 52-75.

(12/10/97)

123-60
SPECIAL BULK REGULATIONS

(3/22/16)

123-61
General Provisions

All buildings or other structures on zoning lots within the Special Mixed Use District shall comply with the bulk regulations of this Chapter.

In Special Mixed Use Districts, the bulk regulations set forth in Article II, Chapter 3, shall apply to all residential uses in a building or other structure, and the bulk regulations set forth in paragraph (a) of Section 24-013 (Special provisions for certain community facility uses) shall apply to buildings, or portions thereof, containing long-term care facilities. The bulk regulations set forth in Article IV, Chapter 3, shall apply to all manufacturing, commercial and other community facility uses in a building or other structure. Exceptions to the applicability of such underlying bulk regulations are set forth in Sections 123-60 through 123-66, inclusive. Where, pursuant to paragraph (a) of Section 24-013, buildings containing long-term care facilities are required to utilize the bulk provisions applicable to affordable independent residences for seniors, the exceptions to the underlying bulk regulations set forth in this Chapter applicable to affordable independent residences for seniors shall also apply to long-term care facilities.

When two or more buildings on a single zoning lot are used in any combination for uses which, if located in a single building, would make it a mixed use building, the regulations set forth in this Section shall apply as if such buildings were a single mixed use building.
123-62
Maximum Floor Area Ratio for Community Facilities

The maximum floor area ratio permitted for a community facility use pursuant to Article IV, Chapter 3, shall not apply. In lieu thereof, the maximum floor area ratio permitted for a community facility use shall be the maximum floor area ratio allowed for a community facility use pursuant to the designated Residence District regulations set forth in Section 24-10 (FLOOR AREA AND LOT COVERAGE REGULATIONS), inclusive. Lot coverage requirements shall not apply.

When the designated district is an R7-3 District, the maximum floor area ratio for a community facility use shall be 5.0.

When the designated district is an R9-1 District, the maximum floor area ratio for a community facility use shall be 9.0.

The provisions of this Section shall not apply on waterfront blocks, as defined in Section 62-11. In lieu thereof, the applicable maximum floor area ratio set forth for community facility uses in Section 62-30 (SPECIAL BULK REGULATIONS) through 62-32 (Maximum Floor Area Ratio and Lot Coverage on Waterfront Blocks), inclusive, shall apply.

123-63
Maximum Floor Area Ratio and Lot Coverage Requirements for Zoning Lots Containing Only Residential Buildings in R6, R7, R8 and R9 Districts

Where the designated Residence District is an R6, R7, R8 or R9 District, the minimum required open space ratio and maximum floor area ratio provisions of Section 23-151 (Basic regulations for R6 through R9 Districts) shall not apply. In lieu thereof, all residential buildings, regardless of whether they are required to be developed or enlarged pursuant to the Quality Housing Program, shall comply with the maximum floor area ratio and lot coverage requirements set forth for the designated district in Sections 23-153 (For Quality Housing buildings) or 23-155 (Affordable independent residences for seniors), as applicable.
Where the designated district is an R7-3 District, the maximum floor area ratio shall be 5.0 and the maximum lot coverage shall be 70 percent on an interior or through lot and 100 percent on a corner lot.

Where the designated district is an R9-1 District, the maximum floor area ratio shall be 9.0, and the maximum lot coverage shall be 70 percent on an interior or through lot and 100 percent on a corner lot.

The provisions of this Section shall not apply on waterfront blocks, as defined in Section 62-11. In lieu thereof, the applicable maximum floor area ratio and lot coverage requirements set forth for residential uses in Sections 62-30 (SPECIAL BULK REGULATIONS) through 62-32 (Maximum Floor Area Ratio and Lot Coverage on Waterfront Blocks), inclusive, shall apply.

However, in Inclusionary Housing designated areas and Mandatory Inclusionary Housing areas, as listed in the table in this Section, the maximum permitted floor area ratio shall be as set forth in Section 23-154 (Inclusionary Housing). The locations of such districts are specified in APPENDIX F of this Resolution.

(4/20/16)

123-64
Maximum Floor Area Ratio and Lot Coverage Requirements for Zoning Lots Containing Mixed Use Buildings

For #zoning lots# containing #mixed use buildings#., the following provisions shall apply.

(a) Maximum #floor area ratio#

   (1) #Manufacturing# or #commercial uses#

       The maximum #floor area ratio# permitted for #manufacturing# or #commercial uses# shall be the applicable maximum #floor area ratio# permitted for #manufacturing# or #commercial uses# under the provisions of Section 43-12, in accordance with the designated M1 District.

   (2) #Community facility uses#

       The maximum #floor area ratio# permitted for #community facility uses# shall be the applicable maximum #floor area ratio# permitted for #community facility uses# in #Residence Districts# under the provisions of Section 24-10 (FLOOR AREA AND LOT COVERAGE REGULATIONS), inclusive, in accordance with the designated #Residence District#.

   (3) #Residential uses#

       Where the #Residence District# designation is an R3, R4 or R5 District, the maximum #floor area ratio# permitted for #residential uses# shall be the applicable maximum #floor area ratio# permitted for #residential uses# under the provisions of Section 23-14, inclusive, in accordance with the designated #Residence District#.

       Where the #Residence District# designation is an R6, R7, R8, R9 or R10 District, the maximum #floor area ratio# permitted for #residential uses# shall be the applicable maximum #floor area ratio# permitted for #residential uses# under the provisions of Section 123-
63, in accordance with the designated #Residence District#.

(4) Maximum #floor area# in #mixed use buildings#

The maximum total #floor area# in a #mixed use building# shall be the maximum #floor area# permitted for either the #commercial#, #manufacturing#, #community facility# or #residential use#, as set forth in this Section, whichever permits the greatest amount of #floor area#.

However, in #Inclusionary Housing designated areas#, except within Waterfront Access Plan BK-1, the maximum #floor area ratio# permitted for #zoning lots# containing #residential# and #commercial#, #community facility# or #manufacturing uses# shall be the base #floor area ratio# set forth in Section 23-154 (Inclusionary Housing) for the applicable district. Such base #floor area ratio# may be increased to the maximum #floor area ratio# set forth in such Section only through the provision of #affordable housing#, pursuant to Section 23-90, inclusive.

(b) #Lot coverage# requirements

#Lot coverage# requirements shall not apply.

(2/2/11)

123-641

Floor area bonus for a public plaza or arcade in connection with mixed use buildings

Any #floor area# bonus for a #public plaza# or #arcade#, permitted under the applicable district regulations, shall apply to a #zoning lot# containing a #mixed use building#, provided that any given #public plaza# or #arcade# shall be counted only once in determining a bonus.

However, on #waterfront blocks#, as defined in Section 62-11, #floor area# bonuses for a #public plaza# or #arcade# shall not apply.

(7/26/01)
123-65
Special Yard Regulations

(7/26/01)

123-651
Special yard regulations for residential buildings

No front yards or side yards are required in Special Mixed Use Districts. However, for residential buildings other than single- or two-family residences, if any open area extending along a side lot line is provided at any level, such open area shall have a minimum width of eight feet.

(3/22/16)

123-652
Special yard regulations for mixed use buildings

No front yards or side yards are required in Special Mixed Use Districts. However, if any open area extending along a side lot line is provided at any level, such open area shall have a minimum width of eight feet; except, if the mixed use building contains no more than two dwelling units, the open area extending along a side lot line may be less than eight feet in width at the level of the dwelling unit. For a residential portion of a mixed use building, the required rear yard shall be provided at the floor level of the lowest story containing dwelling units where any window of such dwelling unit faces onto such rear yard.

(4/22/09)

123-653
Special yard regulations applying on waterfront blocks

On waterfront blocks, as defined in Section 62-11, the rear yard regulations of Section 62-33 (Special Yard Regulations on Waterfront Blocks) shall apply. However, for mixed use buildings, the special yard regulations of Section 123-652 shall apply.
123-654
Special provisions applying along district boundaries

Along such portion of the #Special Mixed Use District# boundary that coincides with a #side lot line# of a #zoning lot# within an R1, R2, R3, R4 or R5 District, an open area not higher than #curb level# and with a width of at least eight feet shall be required within the #Special Mixed Use District#.

123-655
Special permitted obstructions in required yards or rear yard equivalents for affordable independent residences for seniors

A portion of a #building# used for #residential uses# other than #dwelling units# in #Quality Housing buildings# containing #affordable independent residents for seniors# on #zoning lots# meeting the criteria set forth in paragraph (a)(4) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) shall be a permitted obstruction within a #rear yard# or #rear yard equivalent# on #zoning lots# in #Special Mixed Use Districts# with R6 through R10 District designations, provided that the height of such #building# portion does not exceed one #story#, or 15 feet above the adjoining grade, whichever is less, and provided that such space shall be accessible to all residents of the #building#.

123-66
Height and Setback Regulations

The height of all #buildings or other structures# in #Special Mixed Use Districts# shall be measured from the #base plane#.

The following modifications of height and setback regulations set forth in paragraphs (a) and (b) apply in Historic Districts designated by the Landmarks Preservation Commission:

(a) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height of a #street wall# may vary between the
height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Chapter.

(b) In #Special Mixed Use District# 2 in the Borough of Brooklyn, where the designated #Residence District# is an R8X District, the maximum base height of a #street wall# may vary between the maximum base height set forth in this Chapter, and the height of the #street wall# of an adjacent #building# before setback, if such height is higher than the maximum base height set forth in this Chapter. For the purposes of this paragraph (b), a #building# situated directly across a #street# from a #development# shall be considered an adjacent #building#.

On #waterfront blocks#, as defined in Section 62-11, where the designated #Residence District# is R3, R4 or R5, the height and setback regulations of Section 62-34, inclusive, shall apply to #buildings and other structures#, except that for #mixed use buildings#, the height and setback regulations set forth in Section 123-661 (Mixed use buildings in Special Mixed Use Districts with R3, R4 or R5 District designations) shall apply.

(7/26/01)

123–661
Mixed use buildings in Special Mixed Use Districts with R3, R4 or R5 District designations

In #Special Mixed Use Districts# where the designated #Residence District# is an R3, R4 or R5 District, the height and setback regulations of Sections 23-60 and 43-40 shall not apply to #mixed use buildings#. In lieu thereof, no #building or other structure# shall exceed a height of 35 feet within 25 feet of a #street line#. Beyond 25 feet of a #street line#, no #building or other structure# shall exceed a height of 60 feet. Notwithstanding the foregoing, the provisions of Sections 23-62, 24-51 and 43-42 (Permitted Obstructions) shall apply to any #mixed use building#.

(12/20/18)

123–662
All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations
In #Special Mixed Use Districts# where the designated #Residence District# is an R6, R7, R8, R9 or R10 District, the height and setback regulations of Sections 23-60 and 43-40 shall not apply. In lieu thereof, all #buildings or other structures# shall comply with the height and setback regulations of this Section.

(a) Medium and high density non-contextual districts

(1) In #Special Mixed Use Districts# where the designated #Residence District# is an R6, R7, R8, R9 or R10 District without a letter suffix, the height of a #building or other structure#, or portion thereof, located within 10 feet of a #wide street# or 15 feet of a #narrow street#, may not exceed the maximum base height specified in Table A of this Section, except for dormers permitted in accordance with paragraph (c) of this Section. Beyond 10 feet of a #wide street# and 15 feet of a #narrow street#, the height of a #building or other structure# shall not exceed the maximum #building# height specified in Table A. However, a #building or other structure# may exceed such maximum #building# height by four #stories# or 40 feet, whichever is less, provided that the gross area of each #story# located above the maximum #building# height does not exceed 80 percent of the gross area of that #story# directly below it.

(2) In #Special Mixed Use District# 15 in the Borough of Manhattan, where the designated #Residence District# is an R7-2 District, the height and setback regulations of paragraph (a)(1) of this Section shall not apply. In lieu thereof, the height and setback regulations of this paragraph (a)(2) shall apply.

(i) A #building or other structure#, or portion thereof, located within 10 feet of a #wide street#
or 15 feet of a narrow street, shall rise to a minimum height of 60 feet, and may rise to a maximum height of 85 feet, except for dormers permitted in accordance with paragraph (c) of this Section.

(ii) At least 70 percent of the aggregate width of street walls shall be located on the street line and shall extend to the minimum base height of 60 feet or the height of the building, whichever is less. The remaining 30 percent of the aggregate width of street walls shall be located within eight feet of the street line.

(iii) Existing buildings may be vertically enlarged by up to one story or 15 feet without regard to the street wall location provisions of this paragraph (a)(2). Beyond 10 feet of a wide street and 15 feet of a narrow street, the height of a building or other structure shall not exceed a maximum building height of 135 feet. However, a building or other structure may exceed a height of 135 feet by four stories or 40 feet, whichever is less, provided that the gross area of each story located above 135 feet does not exceed 80 percent of the gross area of that story directly below it.

(b) Medium and high density contextual districts

In Special Mixed Use Districts where the Residence District designation is an R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9X, R10A or R10X District, the height and setback provisions of Section 23-662 shall apply. However, where the Residence District designation is an R6A, R6B, R7A, R7D, R8A or R8X District located outside the Manhattan Core, for buildings with qualifying ground floors utilizing the additional heights set forth in paragraph (b) of Section 23-662, the supplemental ground floor provisions set forth in paragraph (b)(2) of such Section shall be modified so that any permitted non-residential use in the Manufacturing District that is paired with such Residence District may be utilized to satisfy the ground floor use and depth requirements of Section 26-52 (Ground Floor Use and Depth Requirements). Where the Residence District designation is an R10X District, a tower may be provided in accordance with the provisions of Section 23-663. In addition, in all applicable districts, for buildings meeting the criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback
regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), the height and setback provisions of paragraph (b) of Section 23-664 shall apply. Separate maximum building heights are set forth within Sections 23-662 and 23-664 for Quality Housing buildings with qualifying ground floors as well as for those with non-qualifying ground floors. In R8X Districts within Special Mixed Use District 2, the maximum building height for any development or enlargement that is not predominantly commercial, manufacturing, or a combination of commercial and manufacturing, shall be governed by the maximum building height and setback regulations applicable to an R8A District. For the purposes of this provision, ‘predominantly’ shall mean at least 75 percent of the floor area of a building.

(c) Permitted obstructions and dormer provisions

Obstructions shall be permitted pursuant to Sections 23-62, 24-51 or 43-42. In addition, in all Districts, within a required setback area, a dormer may be provided in accordance with the provisions of paragraph (c)(1) of Section 23-621.

However, all buildings or other structures on waterfront blocks, as defined in Section 62-11, shall comply with the height and setback regulations set forth for the designated Residential District as set forth in Section 62-34 (Height and Setback Regulations on Waterfront Blocks), inclusive.

(2/2/11)

123-67
Residential Conversion

(a) The provisions of Article I, Chapter 5 (Residential Conversion Within Existing Buildings) shall not apply in Special Mixed Use Districts, except as expressly set forth herein.

In Special Mixed Use Districts, in any community district in the City, the conversion to residences of non-residential portions of buildings, in existence on or prior to December 10, 1997, shall be permitted subject to Sections 15-11, 15-12 and 15-30, paragraph (b).

Uses in buildings in existence on or prior to December 10, 1997, containing both residential and non-residential
uses#, shall not be subject to the provisions of Section 123-31 (Provisions Regulating Location of Uses in Mixed Use Buildings).

For the purposes of applying paragraph (a) of Section 15-111 to #Special Mixed Use Districts# where the designated #Residence District# is an R3 District, the minimum #floor area# per #dwelling unit# applicable to R4 Districts shall apply.

(b) The #conversion# to #residences# of non-#residential# portions of #buildings# constructed after December 10, 1997, shall comply with the special #bulk# regulations of this Chapter for new #residential development#.

(5/8/13)

123-70
PARKING AND LOADING

For #Special Mixed Use Districts# located within the #Manhattan Core#, the provisions of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), inclusive, shall apply, and for #Special Mixed Use Districts# located within the #Long Island City area#, as defined in Section 16-02 (Definitions), the provisions of Article I, Chapter 6 (Comprehensive Off-street Parking Regulations in the Long Island City Area), inclusive, shall apply. For all other #Special Mixed Use Districts#, the provisions of this Section, inclusive, shall apply.

(12/10/97)

123-71
Manufacturing and Commercial Uses

For #manufacturing# and #commercial uses#, the #accessory# off-street parking and loading regulations of the designated M1 District, as set forth in Article IV, Chapter 4 (Accessory Off-street Parking and Loading Regulations), shall apply.

(4/14/10)

123-72
Residential and Community Facility Uses

For residences and community facility uses, the accessory off-street parking and loading regulations of the designated Residence District, as set forth in Article II, Chapter 5, shall apply, except that:

(a) the provisions of Section 25-50 (RESTRICTIONS ON LOCATION OF ACCESSORY OFF-STREET PARKING SPACES) shall not apply. In lieu thereof, the provisions of Section 44-30 (RESTRICTIONS ON LOCATION AND USE OF ACCESSORY OFF-STREET PARKING SPACES) shall apply to such uses; and

(b) for buildings containing residences in Special Mixed Use Districts, in addition to the applicable accessory off-street parking and loading regulations set forth in Article II, Chapter 5, the provisions of Sections 44-46 (Accessory Off-street Parking Spaces in Public Parking Garages), 44-47 (Parking Lot Maneuverability and Curb Cut Regulations) and 44-48 (Parking Lot Landscaping) shall apply.

(2/2/11)

123-73
On Waterfront Blocks

For uses on waterfront blocks, as defined in Section 62-11, the special accessory off-street parking and loading regulations set forth in Section 62-40, inclusive, shall apply. When any use is permitted in both the designated Residence District and the designated M1 District, the accessory off-street parking and loading requirements applicable to the designated M1 District shall apply to such use.

(3/22/16)

123-80
MODIFICATION OF ARTICLE V, CHAPTER 4

In Article V, Chapter 4 (Non-complying Buildings), Section 54-311 (Buildings containing rooming units), shall not apply.

(4/30/08)
Modification of Planting Strips

In #Special Mixed Use Districts#, the provisions of Section 26-42 (Planting Strips) shall not apply.

(3/22/18)

SPECIAL MIXED USE DISTRICTS SPECIFIED

The #Special Mixed Use District# is mapped in the following areas:

#Special Mixed Use District# - 1:  (12/10/97)
Port Morris, The Bronx

    The #Special Mixed Use District# - 1 is established in Port Morris in The Bronx as indicated on the #zoning maps#.

#Special Mixed Use District# - 2:  (7/29/09)
DUMBO, Brooklyn

    The #Special Mixed Use District# - 2 is established in DUMBO in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 4:  (5/9/01)
Flushing/Bedford, Brooklyn

    The #Special Mixed Use District# - 4 is established in Flushing/Bedford in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 5:  (1/30/02)
Red Hook, Brooklyn

    The #Special Mixed Use District# - 5 is established in Red Hook in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 6:  (7/23/08)
Hudson Square, Manhattan

    The #Special Mixed Use District# - 6 is established in Hudson Square in Manhattan as indicated on the #zoning maps#.

#Special Mixed Use District# - 7:  (8/19/03)
Morrisania, the Bronx

The #Special Mixed Use District# - 7 is established in Morrisania in the Bronx as indicated on the #zoning maps#.

#Special Mixed Use District# - 8:  (5/11/05)
Greenpoint-Williamsburg, Brooklyn

The #Special Mixed Use District# - 8 is established in Greenpoint-Williamsburg in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 9:  (8/16/06)
Northern Hunters Point Waterfront, Queens

The #Special Mixed Use District# - 9 is established in the Northern Hunters Point Waterfront in Queens as indicated on the #zoning maps#.

#Special Mixed Use District# - 10:  (10/29/07)
Atlantic and Howard Avenues, Brooklyn

The #Special Mixed Use District# - 10 is established on Atlantic and Howard Avenues in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 11:  (3/11/09)
Gowanus, Brooklyn

The #Special Mixed Use District# - 11 is established in Gowanus in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 12:  (10/27/10)
Borough Park, Brooklyn

The #Special Mixed Use District# - 12 is established in Borough Park in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 13:  (6/30/09)
Lower Concourse, the Bronx

The #Special Mixed Use District# - 13 is established in the Lower Concourse in The Bronx as indicated on the #zoning maps#.

#Special Mixed Use District# - 14:  (10/13/10)
Third Avenue/Tremont Avenue, the Bronx

The #Special Mixed Use District# - 14 is established along Third Avenue in the Bronx as indicated on the #zoning maps#. 
Special Mixed Use District - 15:  (11/13/12)
West Harlem, Manhattan

The Special Mixed Use District - 15 is established in West Harlem in Manhattan as indicated on the zoning maps.

Special Mixed Use District - 16:  (4/20/16)
Ocean Hill/East New York, Brooklyn

The Special Mixed Use District - 16 is established in Ocean Hill and East New York in Brooklyn as indicated on the zoning maps.

Special Mixed Use District - 17:  (3/22/18)
Hunts Point, the Bronx

The Special Mixed Use District - 17 is established in Hunts Point in The Bronx as indicated on the zoning maps.

GENERAL PURPOSES

The “Special Willets Point District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to transform Willets Point into a diverse and sustainable community that enhances connections to its surroundings through a unique combination of uses;

(b) to create a retail and entertainment destination that catalyzes future growth and strengthens Flushing’s role as a nexus of economic, social and cultural activity;

(c) to encourage a mix of uses that complement sporting venues within Flushing Meadows-Corona Park;

(d) to maximize utilization of mass transit, reducing the automobile dependency of the redevelopment;

(e) to create a livable community combining housing, retail and other uses throughout the district;

(f) to create a walkable, urban streetscape environment with publicly accessible open spaces;

(g) to encourage the pedestrian orientation of ground floor uses;

(h) to build upon the diversity of the Borough of Queens as well as the proximity of regional transportation facilities, including the Van Wyck and Whitestone Expressways, LaGuardia and JFK Airports and the Long Island Railroad;
(i) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms; and

(j) to promote the most desirable use of land and building development in accordance with the District Plan and Urban Renewal Plan for Willets Point and thus improve the value of land and buildings and thereby improve the City’s tax revenues.

(10/9/13)

124-01 General Provisions

The provisions of this Chapter shall apply within the #Special Willets Point District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(11/13/08)

124-02 Definitions

For the purposes of establishing #blocks# and applying the #use#, #signage#, #street# tree, height and setback, #court#, publicly accessible open space and curb cut regulations of this Chapter, #connector streets#, the #eastern perimeter street#, the #primary retail street#, #residential streets#, #retail streets# and #service streets# shall be considered #streets#, and their boundaries shall be treated as #street lines#.

Connector street
A “connector street” shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31 (Standards for Streets and Blocks), inclusive.

Eastern perimeter street

The “eastern perimeter street” shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

Primary retail street

The “primary retail street” shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

Residential street

A “residential street” shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

Retail street

A “retail street” shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

Service street

A “service street” shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

(11/13/08)

124-03
District Plan and Maps

District Plan Maps are located within the Appendix to this Chapter and are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.
The District Plan includes the following five maps:

Map 1 – Special Willets Point District Plan

Map 2 - Location Requirements for Convention Center, Cinema and Office Tower

Map 3 - Height Limits

Map 4 - Locations of Tower Walls without Setbacks

Map 5 - Mandatory Intersections

(11/13/08)

124-04
Applicability of District Regulations

(3/28/12)

124-041
Applicability of Article III, Chapter 6

The provisions of Section 36-76 (Waiver or Reduction of Spaces for Subsidized Housing) shall not apply in the #Special Willets Point District#.

(3/28/12)

124-042
Applicability of Article VII, Chapter 3

The following special permit by the Board of Standards and Appeals shall not be applicable:

Section 73-16 (Public Transit, Railroad or Electric Utility Substations) shall not apply to electrical utility substations. In lieu thereof, such #use# shall be allowed within the #Special Willets Point District# upon authorization of the City Planning Commission, pursuant to Section 124-16.
124-043
Applicability of Article VII, Chapter 4

The following special permit by the City Planning Commission shall not be applicable:

Section 74-61 (Public Transit, Railroad or Electric Utility Substations) shall not apply to electrical utility substations. In lieu thereof, such use shall be allowed within the Special Willets Point District upon authorization of the City Planning Commission, pursuant to Section 124-16.

124-05
Certification for Large Developments

The requirements of this Section shall apply to zoning lots of at least 200,000 square feet of lot area, containing developments or enlargements resulting in at least 100,000 square feet of floor area on such zoning lots.

No building permit shall be issued until the Chairperson of the City Planning Commission certifies to the Department of Buildings that such developments or enlargements comply with the provisions of this Section.

A set of drawings of sufficient scope and detail shall be submitted, showing that:

(a) all streets and private streets within or abutting the proposed development or enlargement comply with the provisions of Section 124-31 (Standards for Streets and Blocks), inclusive;

(b) all streets and private streets within or abutting the proposed development or enlargement are constructed to grades acceptable to the Commissioner of Buildings and the Commissioner of Transportation;
(c) all publicly accessible open spaces within or abutting the proposed #development# or #enlargement# comply with the provisions of Section 124-40 (PUBLICLY ACCESSIBLE OPEN SPACE REQUIREMENTS), inclusive; and

(d) for any portion of the #Special Willets Point District# not within the area proposed for #development# or #enlargement# and for which a certification pursuant to this Section has not been obtained, plans shall be submitted showing that the #development# or #enlargement# that is the subject of this certification shall not preclude such portions of the #Special Willets Point District# from complying with the provisions of Sections 124-31 and 124-40 under future certifications pursuant to this Section.

The Chairperson may allow for phased development upon certification to the Commissioner of Buildings that a plan has been submitted that provides for the completion of any private streets and publicly accessible open spaces that are integral to the #development# or #enlargement# of a #building# or #buildings# within each phase.

The Chairperson shall modify the provisions of Section 124-31, inclusive, to the minimum extent necessary, in the event that the Fire Department determines in writing that such modifications are required under law or regulation governing adequate fire access.

All required private streets and publicly accessible open spaces, once certified in accordance with the provisions of this Section, shall be duly recorded in the form of a signed declaration of restrictions, including a maintenance and operation agreement, indexed against the property, binding the owners, successors and assigns to provide such private streets and publicly accessible open spaces and public access thereto in accordance with the plans certified by the Chairperson of the City Planning Commission. Such declaration or maintenance and operation agreement shall require that a bond be posted that would ensure that the private streets and public access areas are maintained in accordance with the declaration or maintenance and operation agreement and are closed only at authorized times. The filing of such declaration in the Borough Office of the Register of the City of New York shall be a precondition for the issuance of a building permit.

In addition, the private streets and publicly accessible open spaces integral to the #development# or #enlargement# of a
#building# or #buildings# shall be recorded on the certificate of occupancy for such #building# or #buildings# by the Department of Buildings and shall be a condition of issuance of such certificate of occupancy.

(11/13/08)

124-10
SPECIAL USE REGULATIONS

The #use# regulations of the underlying district are modified as set forth in this Section, inclusive.

(11/13/08)

124-11
Regulation of Residential Uses

(3/22/16)

124-111
Location of residential use within buildings

The provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified to permit #dwelling units# on the same #story# as a #commercial use# provided no access exists between such #uses# at any level containing #dwelling units# and provided any #commercial uses# are not located directly over any #dwelling units#. However, such #commercial uses# may be located over #dwelling units# by authorization of the City Planning Commission upon a finding that sufficient separation of #residential uses# from #commercial uses# exists within the #building#.

(11/13/08)

124-112
Residential entrances on residential streets
Each ground floor dwelling unit on a residential street shall be directly accessible from such residential street. No more than one entrance to a residential street shall be required for any one ground floor dwelling unit.

(11/13/08)

124-12
Regulation of Commercial Uses in Area B

(a) Within Area B, as shown on Map 1 in the Appendix to this Chapter, commercial and special permit uses shall be limited to those uses permitted in a C1-4 District and physical culture or health establishments pursuant to Section 73-36, provided that commercial uses shall be located no more than 100 feet from a connector street, the present or former 34th Avenue or Willets Point Boulevard, or Area A, as shown on Map 1 in the Appendix to this Chapter.

(b) Within Area B, uses permitted in the underlying district shall be permitted within an area east and south of the present or former Willets Point Boulevard and contiguous with Area A, provided that such area shall be limited to 115,000 square feet in land area.

(11/13/08)

124-13
Uses Permitted As-of-Right

The following special permits shall not apply. In lieu thereof, such uses shall be permitted as-of-right:

Section 74-41 (Arenas, Auditoriums, Stadiums or Trade Expositions) shall not apply for trade expositions with a capacity in excess of 2,500 persons, provided that the facility has a floor area of no more than 400,000 square feet;

Section 73-482 (In Commercial or Manufacturing Districts) shall not apply for group parking facilities exceeding 225 spaces, provided such facilities comply with the regulations set forth in Section 124-50 (OFF-
STREET PARKING REGULATIONS), inclusive.

In buildings with frontage on 126th Street, the following special permits shall not apply. In lieu thereof, such uses shall be permitted as-of-right:

Section 73-244 (In C2, C3, C4*, C6-4**, M1-5A, M1-5B, M1-5M and M1-6M Districts, the Special Hudson Square District and the Special Tribeca Mixed Use District) shall not apply for eating and drinking establishments with a capacity of more than 200 persons, which shall be permitted as-of-right within 100 feet of a Residence District boundary.

Section 73-35 (Amusement Arcades)
Section 73-36 (Physical Culture or Health Establishments)
Section 74-46 (Indoor Interactive Entertainment Facilities)
Section 74-47 (Amusement Arcades)

(3/22/16)

124-14
Retail Continuity

The following regulations shall apply within Area A, as shown on Map 1 in the Appendix to this Chapter, to all portions of buildings with frontage on 126th Street, the primary retail street, retail streets, connector streets and, in the event that a utility easement is retained on the block bounded by Roosevelt Avenue and 126th Street, along the frontage of the publicly accessible open space required by paragraph (d) of Section 124-42.

(a) Ground floor uses

Uses within stories on the ground floor or with a floor level within five feet of base flood elevation shall be limited to commercial uses permitted by the underlying district, except uses listed in Use Groups 6B, 6E, 8C, 8D, 9B, 10B or 12D. A building’s frontage shall be allocated exclusively to such uses, except for Type 2 lobby space or entryways, provided in accordance with Section 37-33.
(Maximum Width of Certain Uses), parking pursuant to Section 124-50, inclusive, and vehicular access pursuant to Section 124-53 (Curb Cut Restrictions). Such #uses# shall have a minimum depth of 50 feet measured from any #street wall# facing 126th Street, the #primary retail street# or #connector streets#.

(b) Maximum length of establishments facing 126th Street and the #primary retail street#

The length of ground floor frontage occupied by any establishment shall not exceed 110 feet along 126th Street and 65 feet along the #primary retail street#. Such maximum lengths shall apply within 50 feet of any #street wall# facing 126th Street and the #primary retail street#. However, the provisions of this paragraph, (b), shall not apply within 300 feet of Northern Boulevard.

(c) Access

Access to each ground floor establishment shall be provided directly from a #street#.

(d) Transparency

For any #building#, or portion thereof, #developed# or #enlarged# after November 13, 2008, each ground floor #street wall# shall be glazed in accordance with Section 37-34 (Minimum Transparency Requirements).

However, in locations where such ground floor #street wall# above the level of the adjoining sidewalk or public access area is below #base flood elevation#, the required glazed area shall occupy an area measured from #base flood elevation#.

(11/13/08)

124-15 Modification of Sign Regulations

The height of all #signs# shall be measured from #base flood elevation#. The underlying #sign# regulations shall apply, except as set forth in this Section.
(a) Within Area A, as shown on Map 1 in the Appendix to this Chapter, the #sign# regulations of a C4 District shall apply, except for #street walls# facing Roosevelt Avenue, Northern Boulevard and 126th Street.

(b) Within Area B, as shown on Map 1, the #sign# regulations of a C1 District shall apply, except that within the area described in paragraph (b) of Section 124-12, the sign regulations of a C4 District shall apply.

(c) Within Area A, for #street walls# facing Roosevelt Avenue or Northern Boulevard, the #sign# regulations of a C4 District shall apply, except that #signs# shall be limited to 85 feet in height.

(d) For #street walls# facing 126th Street to a height of 35 feet, the #sign# regulations of a C4 District shall apply, provided that the maximum projection of any #sign# from the exterior wall of a #building# shall be four feet, and the transparency requirements of paragraph (d) of Section 124-14 are met.

(e) For #street walls# facing 126th Street above 35 feet in height, the #sign# regulations of a C4 District shall apply except that all permitted #signs#, including #illuminated signs# and #flashing signs#, shall be permitted without limitation on #surface area#, provided that:

   (1) no such #signs# are higher than 85 feet;

   (2) the maximum projection of any #sign# from the exterior wall of a #building# shall be four feet, except that projections not exceeding six feet are permitted, provided that such projections beyond four feet shall comprise not more than 20 percent of the #surface area# of all such #signs# on the establishment; and

   (3) no #sign# attached to a #building or other structure# shall extend above any parapet wall or roof of such #building or other structure#.

(f) Within 150 feet of the neighborhood park required pursuant to Section 124-42 (Types and Standards of Publicly Accessible Open Space), paragraph (a), #flashing signs# whose message is visible from such park shall not be permitted.
(g) The provisions of Section 32-67 (Special Provisions Applying Along District Boundaries) shall not apply in the #Special Willets Point District#.

(11/13/08)

124-16
Authorization for Electrical Utility Substations

The City Planning Commission may authorize electrical utility substations in the #Special Willets Point District# in order to serve the needs of the Special District, and the regulations thereof shall be modified as necessary to accommodate the operational needs of the substation, upon authorization of the City Planning Commission, provided the Commission finds that:

(a) the architectural and landscaping treatment of such #use# shall blend harmoniously with the abutting area to the extent reasonably permitted by the operational needs of the substation; and

(b) if the site proposed for such #use# is within Area A, as shown on Map 1 in the Appendix to this Chapter, that there are difficulties in locating such #use# within Area B, as shown on Map 1.

The Commission may, consistent with cost-effective operations and capital planning, and the operational needs of the substation, prescribe appropriate conditions and safeguards on matters necessary to effectuate the provisions of paragraph (a) of this Section that are not regulated by other applicable codes, laws, rules or regulations. The applicant shall provide the Department of City Planning with a general description of such codes, laws, rules or regulations and a certification that the proposed substation shall comply therewith.

(2/2/11)

124-17
Special Permit for Cogeneration Power Plant

The Board of Standards and Appeals may permit a combined heat and power cogeneration plant not to exceed 100,000 square feet in
#floor area#, provided that:

(a) the power plant is designed to maximize both electric and thermal cogeneration system efficiency to the greatest extent feasible;

(b) a detailed energy analysis is submitted to the Board demonstrating that the system as designed shall operate with maximum efficiency and perform more effectively than a traditional, power-purchased-from-grid system; and

(c) the power plant is designed primarily to serve the #Special Willets Point District#.

In addition, the Board shall refer such application to the Department of Environmental Protection for a report to ensure that the power plant is designed to maximize cogeneration efficiency to the greatest extent feasible and that the system as designed shall operate with maximum efficiency and perform more effectively than a traditional, power-purchased-from-grid system.

The Board may prescribe appropriate conditions or safeguards to minimize adverse effects on the character of the surrounding area including safety devices, emissions limits and the concealment of such #use# with #building# enclosures, landscaping, buffer zones or other methods.

(2/2/11)

124-18
Special Permit for Wastewater Treatment Plant

The Board of Standards and Appeals may permit an enclosed membrane bio-reactor wastewater treatment plant not to exceed 100,000 square feet in #floor area# on a site not to exceed 40,000 square feet in area, provided that the following findings are made:

(a) that in all cases the proposed plant promotes and protects the public health, safety and general welfare;

(b) the proposed plant shall be adequate for anticipated #development# in the area to be served;

(c) the proposed plant is designed primarily to serve the
(d) the site for such #use# is so located as to minimize the adverse effects on the integrity of existing and future development, and to minimize the interruption of the continuity of retail frontage;

(e) the architectural and landscaping treatment of such #use# shall blend harmoniously with the rest of the area; and

(f) that such #use# shall conform to the performance standards applicable to M1 Districts.

In addition, the Board shall refer such application to the Department of Health and the Department of Environmental Protection for a report to ensure that the site-specific design of the enclosed membrane bio-reactor waste water treatment plant meets all City and State health and effluent standards.

The Board may prescribe appropriate conditions or safeguards to minimize adverse effects on the character of the surrounding area including requirements for soundproofing, safety devices, and the concealment of such #use# with #building# enclosures, landscaping, buffer zones or other methods.

(11/13/08)

124-19
Location and Other Requirements for Specific Uses

(11/13/08)

124-191
Convention center

A trade exposition center, hereinafter referred to as a convention center, is permitted in the #Special Willets Point District# only in accordance with this Section and shall be located on a #connector street#. A convention center may only be located in the area as depicted on Map 2 (Location Requirements for Convention Center, Cinema and Office Tower) in the Appendix to this Chapter, being entirely within 650 feet of Northern Boulevard.
Furthermore, a convention center may not be located within 200 feet of 126th Street, and any portion of a convention center located between 200 feet and 450 feet of 126th Street shall be limited to no more than 50,000 square feet of floor area.

Section 124-14 (Retail Continuity) shall not be applicable to a convention center. In lieu thereof, the transparency requirements of this Section shall apply to the street wall of a convention center facing a connector street. Such street wall shall be glazed with materials which may include show windows, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of such street wall, measured to a height of 15 feet above the level of the adjoining sidewalk or public access area. Not less than 40 percent of such area shall be glazed with transparent materials.

The main entrance(s) of such convention center shall be on a connector street.

(11/13/08)

124-192
Location of theaters

Theaters comprising over 10,000 square feet in floor area shall be located entirely within 600 feet of the intersection of Roosevelt Avenue and 126th Street, as depicted on Map 2 (Location Requirements for Convention Center, Cinema and Office Tower) in the Appendix to this Chapter.

(11/13/08)

124-193
Location of office uses in towers

Use Group 6B office uses, pursuant to Section 32-15, located on any story entirely above 120 feet in height shall be located entirely within 600 feet of the intersection of Roosevelt Avenue and 126th Street, as depicted on Map 2 (Location Requirements for Convention Center, Cinema and Office Tower) in the Appendix to this Chapter.
124-20
BULK REGULATIONS

In the #Special Willets Point District#, bulk regulations shall be as set forth in this Section, inclusive.

124-21
Floor Area Regulations

#Zoning lots# containing less than 200,000 square feet of #lot area# shall not exceed a #floor area ratio# of 2.0.

#Zoning lots# containing at least 200,000 square feet of #lot area# shall have a maximum #floor area ratio# as follows:

(a) Within Area A, as shown on Map 1 in the Appendix of this Chapter:

(1) #Zoning lots# of at least 28 acres of #lot area# shall have a maximum #commercial floor area ratio# of 2.0 and a maximum total #floor area ratio# of 4.6.

(2) For #zoning lots# less than 28 acres:

(i) north of the centerline of the present or former 34th Avenue, the maximum #commercial floor area ratio# shall be 2.0 and the maximum total #floor area ratio# shall be 3.4.

(ii) south of the centerline of the present or former 34th Avenue, the maximum #commercial floor area ratio# shall be 2.0 and the maximum total #floor area ratio# shall be 5.0.

(b) Within Area B, as shown on Map 1:

(1) #Zoning lots# of at least 33 acres of #lot area# shall have a maximum #commercial floor area ratio# of 2.0 and a maximum total #floor area ratio# of 2.25.
(2) For #zoning lots# less than 33 acres:

(i) north of the centerline of the present or former 34th Avenue, the #floor area ratio# shall not exceed 2.0.

(ii) south of the centerline of the present or former 34th Avenue, and north and west of the centerline of the present or former Willets Point Boulevard, the maximum #commercial floor area ratio# shall be 2.0 and the maximum total #floor area ratio# shall be 3.0.

(iii) south and east of the centerline of the present or former Willets Point Boulevard, the maximum #commercial floor area ratio# shall be 2.0 and the maximum total #floor area ratio# shall be 4.0.

(2/2/11)

124-22
Height and Setback Regulations

The height and setback regulations of this Section shall apply throughout the #Special Willets Point District#, except that #developments# or #enlargements# that result in less than 100,000 square feet of #floor area# on #zoning lots# of less than 200,000 square feet shall be limited to the height and setback regulations of an R6B District. The height of all #buildings or other structures# shall be measured from the level of the adjoining sidewalk or other publicly accessible open space. For the purposes of this Section, the present or former 34th Avenue and Willets Point Boulevard shall be considered to be #connector streets#, 127th Street shall be considered to be a #residential street#, and public access areas provided pursuant to paragraph (d) of Section 124-42 (Types and Standards of Publicly Accessible Open Space) shall be considered a #connector street#.

(a) Street wall location and base heights

(1) Except along 126th Street, Northern Boulevard and #residential streets#, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# or public access
area and shall extend without setback to a minimum base height of 60 feet or the height of the #building#, whichever is less. The maximum height of a #building or other structure# before setback shall be 85 feet. However, the minimum base height of a convention center shall be 40 feet or the height of the #building#, whichever is less.

(2) Along 126th Street, at least 80 percent of the #aggregate width of street walls# shall be located within 60 feet of the #street line# of 126th Street and shall extend to a minimum base height of 60 feet or the height of the #building#, whichever is less. The maximum height of a #building or other structure# before setback shall be 85 feet. However, for #buildings# directly opposite Citi Field Stadium, a setback lower than 60 feet shall be permitted, provided that:

(i) for #buildings# greater than 85 feet in height, an additional setback is provided between a height of 60 and 85 feet; and

(ii) eating and drinking establishments with outdoor seating on terraces overlooking 126th Street are provided on the second #story#. Such terraces shall be located on the roof level above the ground floor level of the #building#, at a height not lower than 20 feet or higher than 30 feet above the level of the sidewalk fronting the 126th Street #street wall# of the #building#, and shall have a minimum depth of 15 feet.

(3) Along #residential streets#, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# or public access area and shall extend without setback to a minimum base height of 40 feet or the height of the #building#, whichever is less. The maximum height of a #building or other structure# before setback shall be 85 feet. Where #street walls# facing #residential streets# contain ground floor #dwelling units#, such #street walls# shall be set back at least four feet from the #street line#. The #building# may project into the required setback area, provided that:

(i) any such projection does not exceed 20 feet in
(ii) any such projection does not exceed 25 feet in height;

(iii) the aggregate width of all such projections at the level of any #story# shall not exceed 50 percent of the width of the #street wall# of the #building#; and

(iv) all such projections are at least 10 feet apart.

(4) Along Northern Boulevard, no portion of a #street wall# shall be located closer to Northern Boulevard than eight feet. At least 70 percent of the #aggregate width of street walls# shall be located between eight and 15 feet of the Northern Boulevard #street line# and shall extend without setback to a minimum base height of 60 feet or the height of the #building#, whichever is less. The maximum height of a #building or other structure# before setback shall be 85 feet.

(5) Wherever an open area is provided between the #street wall# of a #building# and the #street line#, such area shall be planted, except at entrances to and exits from the #building#, and except where non-#residential uses# are provided at the ground floor level of the #building#.

(b) Required setbacks and maximum #building# height

Except as provided in paragraph (c)(6) of this Section, setbacks are required for all portions of #buildings or other structures# that exceed a height of 85 feet. Such setbacks shall be provided at a height not lower than 60 feet. The depth of the required setback shall be at least 10 feet measured from any required #street wall# fronting on a #wide street#, and at least 15 feet from any required #street wall# fronting on a #narrow street#. Where portions of #buildings or other structures# that exceed a height of 85 feet are not located above a required #street wall#, such portions shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. However, dormers may penetrate a height of 85 feet in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts). Within the area limited to 232 feet above mean sea level, as shown
on Map 3 in the Appendix to this Chapter, no portion of a building or other structure shall exceed a height of 120 feet except in accordance with the tower provisions of paragraph (c) of this Section.

(c) Towers

Within the area limited to 232 feet above mean sea level, as shown on Map 3, any story of a building located above a height of 120 feet shall comply with the provisions of this paragraph (c). Such portions of a building are hereinafter referred to as “towers.”

(1) Maximum tower size

Each residential story of a tower located entirely above a height of 120 feet shall not exceed a gross area of 11,000 square feet.

(2) Maximum tower length

The maximum length of any residential story located entirely above a height of 120 feet shall not exceed 170 feet. Such length shall be measured by inscribing within a rectangle the outermost walls of the tower at the level of each story entirely above a height of 120 feet. No side of such rectangle shall exceed a length of 170 feet.

(3) Orientation

The length of any residential story located entirely above a height of 120 feet shall be at least 1.5 times its width and oriented so that the long side of such tower faces within 25 degrees of geographical south. Such length shall be measured by inscribing within a rectangle the outermost walls of the tower at the level of each story entirely above a height of 120 feet. The orientation provisions of this paragraph, (c)(3) need not apply if at least 75 percent of all towers in the Special Willets Point District for which building permits have been issued comply with such provisions.

(4) Tower top articulation

For towers containing residences, the highest three stories, or as many stories as are located entirely
above a height of 120 feet, whichever is less, shall have a lot coverage of at least 50 percent of the story immediately below such stories, and a maximum lot coverage of 80 percent of the story immediately below such stories. Such reduced lot coverage shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph (c)(4), each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest story not subject to the reduced lot coverage provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the building facing each tower face. Required setback areas may overlap.

(5) Distance between towers

The minimum distance between all towers shall be 60 feet.

(6) Tower walls without setbacks

To permit a building to rise from grade to a tower portion without setback, the setback provisions of paragraph (b) of this Section shall not apply to any portion of a building located within the tower wall location areas shown on Map 4 in the Appendix to this Chapter, provided that this exception from paragraph (b) of this Section shall not apply to more than one tower for each block.

(d) Maximum total height

Notwithstanding any other provisions of this Chapter, no building or other structure shall exceed the height limits depicted on Map 3. The height limits established in Map 3 include reference points for two airport approach surface areas that are continuous planes, and one area with a maximum height limitation of 232 feet above mean sea level (AMSL). The coordinates of the points are:

Point 1  73°50'42.9"W  40°45'38.1"N
Point 2  73°50'36.8"W  40°45'45.6"N
Point 3  73°50'26.6"W  40°45'39.3"N
Point 4  73°50'33.6"W  40°45'30.7"N

The height limits hereby established supersede the height limits described in Article VI, Chapter 1 (SPECIAL REGULATIONS APPLYING AROUND MAJOR AIRPORTS). Application may be made to the Board of Standards and Appeals pursuant to Section 73-66 (Height Regulations Around Airports) for a permit to construct a #building or other structure# in excess of what is permitted pursuant to this paragraph (d), provided that such application is also referred to the Port Authority of New York and New Jersey.

(11/13/08)

124-30
MANDATORY IMPROVEMENTS

(11/13/08)

124-31
Standards for Streets and Blocks

#Developments# or #enlargements# that result in a total of at least 100,000 square feet of #floor area# on #zoning lots# of at least 200,000 square feet, shall front upon #streets# that comply with the requirements of this Section, inclusive.

(11/13/08)

124-311
Maximum length of blocks

The maximum length of a #block# shall be 450 feet, except that:

(a) where a #block# includes a convention center, such length shall be unlimited;
(b) where a #block# bounds the intersection of 126th Street and Northern Boulevard, such length shall be limited to 675 feet;

(c) where a #block# bounds the intersection of 126th Street and Roosevelt Avenue, such length shall be limited to 575 feet; and

(d) #blocks# or portions of #blocks# east of a line 600 feet east of and parallel to 126th Street and west of a line 1,350 feet east of and parallel to 126th Street shall have a maximum distance between intersections on a #connector street# of 218 feet, except where a #block# includes a convention center or the minimum two-acre park required pursuant to Section 124-40 (PUBLICLY ACCESSIBLE OPEN SPACE REQUIREMENTS). Where public pedestrian access between a #connector street# and another #street# on the same #block# is located no less than 218 feet from both intersections on a #connector street# through provision of open space pursuant to Section 124-40, inclusive, such #block# or a portion of a #block# east of a line 600 feet east of and parallel to 126th Street and west of a line 1,350 feet east of and parallel to 126th Street may have a maximum distance between intersections on a #connector street# that does not exceed 400 feet, provided that there is only one such #block# in the Special District.

(2/2/11)

124-312
New streets

The provisions of this Section shall apply to all private streets constructed after November 13, 2008.

(a) #Primary retail street#

One #primary retail street# shall be provided parallel to, or generally parallel to, 126th Street and comply with the following requirements:

(1) The western boundary of such #street# shall be not less than 220 feet and not more than 320 feet from 126th Street.
(2) Such street shall intersect two retail streets and two connector streets.

(3) The width of such street shall be a minimum of 70 feet and a maximum of 80 feet, comprised of:

(i) two 15 foot wide sidewalks, one adjacent to each curb;

(ii) two nine foot wide strips, one adjacent to each sidewalk which can be used as either parking lanes or pedestrian amenity areas that may include landscaping, seating and walkways;

(iii) two travel lanes in the center of the street totaling 22 feet in width; and

(iv) one optional eight to 10 foot wide landscaped median located on the centerline of the street between the two travel lanes provided that the street width shall not exceed 72 feet without such median.

(b) Connector streets

Two connector streets shall be provided, as follows:

(1) One connector street shall intersect 126th Street as shown on Map 5 in the Appendix to this Chapter.

(2) One connector street shall intersect 126th Street opposite the south side of Citi Field Stadium within the 125 foot area shown on Map 5.

(3) Both connector streets shall intersect with the primary retail street and with each other at a point east of the primary retail street.

(4) The width of each connector street shall be at least 75 feet and no more than 86 feet, comprised of:

(i) two 15 foot wide sidewalks, one adjacent to each curb;

(ii) two nine foot wide strips, one adjacent to each sidewalk that can be used as either parking lanes or pedestrian amenity areas that may include
(iii) at least two travel lanes and not more than three travel lanes totaling at least 22 feet and not more than 33 feet in width, and one bike lane at least five feet wide.

(5) Where a convention center fronts upon a connector street, the requirements set forth in this paragraph (b) shall be modified to eliminate the nine foot wide strip and, in lieu thereof, require a 12 foot wide drop off lane that, in the aggregate, shall not exceed 300 feet.

(c) #Retail streets#

A minimum of two and maximum of three #retail streets# shall be provided, as follows:

(1) One #retail street# shall intersect 126th Street opposite the entrance to Citi Field stadium, within the area shown on Map 5;

(2) One #retail street# shall intersect 126th Street opposite the north side of Citi Field Stadium within the area shown on Map 5;

(3) Two #retail streets# shall intersect with the #primary retail street#;

(4) The width of each #retail street# shall be no more than 68 feet wide, comprised of:

   (i) two 13 foot wide sidewalks, one adjacent to each curb;

   (ii) two 10 foot wide strips, one adjacent to each sidewalk that can be used as pedestrian amenity areas that may include landscaping, seating and walkways; and

   (iii) two travel lanes totaling at least 22 feet in width.

(d) #Eastern perimeter street#

One #eastern perimeter street# shall be provided as follows:
(1) The eastern boundary of such street shall be within 20 feet of the eastern boundary of the Special Willets Point District, extending between Roosevelt Avenue and a connector street.

(2) The width of such street shall be at least 62 feet and no more than 75 feet, comprised of:

(i) a 13 foot wide sidewalk along its western boundary and a sidewalk at least five feet wide along its eastern boundary;

(ii) two eight foot wide strips, one adjacent to each sidewalk that can be used as either a parking lane or as pedestrian amenity areas that may include landscaping, seating and walkways; and

(iii) at least two and no more than three travel lanes totaling at least 20 feet and not more than 33 feet in width.

(e) Residential streets

All streets, other than those listed in paragraphs (a) through (d) of this Section, that have one or more ground floor dwelling units fronting on the street shall be considered residential streets, except where such street is designated a service street pursuant to paragraph (f) of this Section. Residential streets shall be provided, as follows:

(1) A residential street shall be a minimum of 62 feet wide and a maximum of 64 feet wide, comprised of:

(i) two 13 foot wide sidewalks, one adjacent to each curb;

(ii) two eight foot wide strips, one adjacent to each sidewalk that can be used as either a parking lane or as pedestrian amenity areas that may include landscaping, seating and walkways; and

(iii) two travel lanes totaling between 20 and 22 feet in width.

(f) Service streets
All newly constructed streets, other than those listed in paragraphs (a) through (e) of this Section, shall be improved as a service street. A minimum of 50 percent of the uses within stories on the ground floor or with a floor level within five feet of base flood elevation fronting a service street shall contain non-residential uses. Service streets shall be provided, as follows:

(1) A service street may only be located as one of the streets bounding:

(i) a block that bounds the intersection of 126th Street and Northern Boulevard; and

(ii) a block that bounds the intersection of 126th Street and Roosevelt Avenue.

(2) A service street shall be a minimum of 62 feet wide and a maximum of 64 feet wide, comprised of:

(i) two 13 foot wide sidewalks, one adjacent to each curb;

(ii) two eight foot wide strips, one adjacent to each sidewalk that can be used as either a parking lane or as pedestrian amenity areas that may include landscaping, seating and walkways; and

(iii) two travel lanes totaling between 20 and 22 feet in width.

(2/2/11)

124-32
Street Tree Planting

All developments or enlargements shall provide and maintain trees of not less than three-inch caliper at the time of planting in the sidewalk adjacent to the building on the side of the sidewalk closest to the travel lane. All such trees shall be provided for the entire length of the frontage of the building, for every 25 feet of such frontage, except where curb cuts or utilities make such planting infeasible. Species shall be selected, installed and maintained in accordance with
specifications established by the Department of Parks and Recreation. However, #street# trees need not be provided where such trees may interfere with truck movements in the loading area for a convention center.

(11/13/08)

124-33
Mandatory Sidewalk Widening

In the event that 34th Avenue remains a mapped street, all #developments# or #enlargements# on 34th Avenue shall provide a sidewalk widening of no less than 13 feet in width. No obstructions shall be permitted from the lowest level to the sky except for those permitted pursuant to Section 37-53 (Design Standards for Pedestrian Circulation Spaces), paragraph (f)(3). When one end of the sidewalk widening abuts an existing #building#, the special design treatment specified in Section 37-53, paragraph (f)(5), shall be required.

(11/13/08)

124-34
Roof Design Requirements

Any roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet shall be landscaped. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is fully enclosed, except that openings in such enclosure shall be permitted only to the extent necessary for ventilation and exhaust, and that it is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent #dwelling unit# and the remaining roof area shall be accessible for the recreational use of the occupants of the #building# in which it is located. Hard surfaced areas shall not cover more than 50 percent of such roof area.

(11/13/08)
124-40
PUBLICLY ACCESSIBLE OPEN SPACE REQUIREMENTS

Publicly accessible open spaces shall be provided as specified in Section 124-40, inclusive. In the event of a conflict between the provisions of this Section, inclusive, and any underlying regulation, the provisions of this Section shall govern.

(11/13/08)

124-41
Amount of Publicly Accessible Open Space

Publicly accessible open space within the #Special Willets Point District# shall total not less than eight acres. Such required amounts shall be open to the sky and shall not include any sidewalks required pursuant to this Section or sidewalk widenings pursuant to Section 124-33.

For #developments# or #enlargements# that result in a total of at least 100,000 square feet of #floor area# on #zoning lots# of at least 200,000 square feet, the following amount of publicly accessible open space shall be provided for each 1,000 square feet of #floor area#:

Within Area A: 30 square feet
Within Area B: 50 square feet.

Such publicly accessible open space may be transferred from the #zoning lot# containing the #development# or #enlargement# to any other #zoning lot# in the #Special Willets Point District#, provided that such publicly accessible open space meets the requirements of Section 124-42, inclusive.

(11/13/08)

124-42
Types and Standards of Publicly Accessible Open Space

The following types and standards of publicly accessible open space shall apply:
(a) Park

At least one park not less than two acres in area shall be provided. Such park shall be bounded on all sides by streets or a school, and at least one of the streets bounding the park shall be a connector street. No portion of such park shall be closer than 200 feet from the boundaries of the Special Willets Point District. Up to five percent of the area of such outdoor park may be covered by a building or other structure. A minimum of 50 percent of such park shall be planted, except that the planted area may be reduced to 40 percent if a playground acceptable to the Department of Parks and Recreation is provided within such park.

(b) 126th Street

The provisions of this paragraph (b) shall apply along the western boundary of blocks bounding 126th Street:

(1) a sidewalk with a minimum width of 15 feet shall be located adjacent to the curb, and have an elevation not higher than one foot above the level of the road bed;

(2) a pedestrian amenity area at least 20 feet wide and no more than 35 feet wide shall be located between such sidewalk and the street wall of any building fronting upon 126th Street. Pedestrian circulation space at least five feet wide shall be provided within such area within 1.5 feet of the ground floor elevation of such street walls to allow pedestrian movement in a direction parallel with the street and connecting with sidewalks of streets intersecting 126th Street;

(3) on each such block there shall be a minimum of two ramps connecting the sidewalk along 126th Street and the pedestrian circulation space. In addition, stairways shall be provided linking the sidewalk and pedestrian circulation space so that each establishment on the block with entrances facing 126th Street is readily accessible by such stairs or ramps; and

(4) all publicly accessible open spaces shall comply with the provisions of Sections 37-725 (Steps), 37-726 (Permitted obstructions), 37-728 (Standards of accessibility for persons with disabilities), 37-73
(Kiosks and Open Air Cafes) and 37-74 (Amenities), except for the following modifications:

(i) Section 37-73, paragraph (b), shall be modified to permit open air cafes to be at a different elevation from adjoining public access areas and from adjoining sidewalks;

(ii) Section 37-73, paragraphs (c)(4) and (d), shall not apply to the certification of open air cafes in the Special District, and the filing of plans for open air cafes in the Borough Office of the City Register shall not be required;

(iii) for publicly accessible open space on the western boundary of #blocks# facing Citi Field Stadium, Section 37-73, paragraph (b), shall be modified to limit the aggregate area of open air cafes to no more than 50 percent of the public access area, and to allow open air cafes to occupy up to 75 percent of #street# frontage;

(iv) in Section 37-741, the requirement for a minimum of one linear foot of required seating for every two linear feet of #street# frontage within 15 feet of the #street line# shall not apply;

(v) for public access areas on the western boundary of #blocks# facing Citi Field Stadium, Section 37-741 shall be modified so that seating for open air cafes may count toward the seating requirement, in the category of moveable seating, provided that 25 percent of the linear seating capacity is provided through other seating types;

(vi) for publicly accessible open space not on the western boundary of #blocks# facing Citi Field Stadium, Section 37-742 shall be modified to require planters, planting beds and accessible lawns at a rate of 200 square feet for every 1,000 square feet of publicly accessible open space; and

(vii) Section 37-747 (Public space signage) shall not apply; in lieu thereof, paragraph (i) (Hours of access) of this Section shall apply.

(c) Roosevelt Avenue
Along the south side of #blocks# bounding Roosevelt Avenue, the following provisions shall apply:

(1) a bike lane with a minimum width of five feet shall be located no more than 16 feet from the curb line; and

(2) a pedestrian amenity area at least 20 feet in width and not more than 45 feet in width shall be provided between the bike lane and the #street wall# of a #building#:

(i) within the pedestrian amenity area, there shall be a sidewalk with a minimum width of 13 feet, generally parallel to Roosevelt Avenue, linking the sidewalk along 126th Street to either a sidewalk along the #eastern perimeter street#, if built, or the sidewalk leading to the Roosevelt Avenue Bridge; and

(ii) a minimum of 50 percent of the pedestrian amenity area shall be planted.

(d) #Block# at Roosevelt Avenue and 126th Street

In the event that a utility easement is retained on the #block# bounded by Roosevelt Avenue and 126th Street, the following improvements shall be provided:

(1) an entry plaza of at least 7,000 square feet shall be provided adjacent to the intersection of 126th Street and Roosevelt Avenue, as follows:

(i) the plaza shall include no less than 60 feet and no more than 80 feet of frontage along 126th Street;

(ii) each #use# or establishment with frontage on the plaza shall include at least one entrance to such plaza;

(iii) at least two amenities shall be provided from among those listed in Section 37-748, except that a kiosk that provides information instead of food service shall also be permitted; and

(iv) the area of such plaza shall not overlap with the
requirements of paragraph (c) of this Section for Roosevelt Avenue;

(2) a central plaza of at least 20,000 square feet shall be provided, as follows:

(i) the plaza shall have at least 100 feet of frontage on a #connector street#;

(ii) the prolongation of the centerline of the #primary retail street# shall intersect with such plaza;

(iii) such plaza shall meet the pedestrian amenity standards of paragraph (b)(4) of this Section for 126th Street; and

(iv) a minimum of 15 percent of such plaza shall be planted; and

(3) a pedestrian corridor area shall be provided linking the entry plaza required pursuant to paragraph (d)(1) of this Section and the central plaza required pursuant to paragraph (d)(2) of this Section, as follows:

(i) such corridor shall be at least 60 feet in width and include, within such width, a 40 foot utility easement;

(ii) such corridor shall be at least 150 feet in length;

(iii) each #use# or establishment with frontage on such corridor shall include at least one entrance to such corridor; and

(iv) each side of such corridor area shall be planted with #street# trees of not less than three-inch caliper at the time of planting for the entire length of such corridor, at a rate of one tree for every 25 feet of the length of each side of such corridor.

(e) Northern Boulevard

Along the north side of #blocks# bounding Northern Boulevard, the following provisions shall apply:
(1) a sidewalk with a minimum width of 13 feet shall be located adjacent to the curb and have an elevation not higher than one foot above the road bed of Northern Boulevard;

(2) an open area at least eight feet wide and no more than 15 feet wide shall be located between the sidewalk and the street wall of a building, except that such area need not be provided where such areas may interfere with truck movements in the loading area for a convention center located on any such block; and

(3) a minimum of 70 percent of such open area shall be planted.

(f) Eastern perimeter street

Along the eastern perimeter street between the required sidewalk and the eastern boundary of the Special Willets Point District, an open area with a minimum depth of eight feet and a maximum depth of 15 feet shall be provided. At least 70 percent of such open area shall be planted.

(g) Convention center

If a convention center is provided, a pedestrian amenity area shall be required between the street line and the street wall of the convention center. The pedestrian amenity area shall have a depth of at least 10 feet and not more than 22 feet and shall meet the standards of paragraph (b)(4) of this Section for 126th Street.

(h) Standards for additional areas

If the amount of public access areas required pursuant to paragraphs (a) through (g) of this Section does not total eight acres, the difference shall be provided in the form of one or more public access areas located not closer than 100 feet to the boundary of the Special Willets Point District.

(i) Hours of access

All publicly accessible open space shall be accessible to the public from sunrise to one hour after sunset. Entry plaques for public access areas over one-half acre in size shall be provided as described in paragraph (a) of Section
37-751, except that the number of such plaques shall be provided so that one such plaque is located at each point of entry to such publicly accessible open space, and lettering at least one inch in height shall be provided stating the words, “Open to the public:” followed by hours permitted pursuant to this paragraph (i).

(j) Active recreation

A minimum of one-half acre of public access area shall be designed for active recreational use. This area may be located anywhere within the eight acres of publicly accessible open space required within the Special Willets Point District. Such area may include rooftop areas, provided that adequate public access is provided to the general public and that, regardless of the size of such rooftop area, entry plaques are provided for each point of entry pursuant to paragraph (i) of this Section. Access to such areas shall comply with the Americans with Disabilities Act of 1990.

(11/13/08)

124-50
OFF-STREET PARKING REGULATIONS

Off-street parking shall be provided for all required parking spaces and loading berths as specified by the underlying district, except as modified by the special regulations of this Section, inclusive.

(3/22/16)

124-51
Use and Location of Parking Facilities

The provisions of this Section shall apply to all off-street parking spaces within the Special Willets Point District.

Floor space used for parking shall be exempt from the definition of floor area.

Parking facilities with over 225 parking spaces shall provide
adequate reservoir space at the vehicular entrances to accommodate either 10 automobiles or five percent of the total parking spaces provided in such facility, whichever amount is greater, but in no event shall such reservoir space be required for more than 50 automobiles.

(a) All off-street parking spaces shall be located within facilities that, except for entrances and exits, are located:

(1) entirely below the level of any street or publicly accessible open space upon which such facility, or portion thereof, fronts;

(2) in a cellar no more than four feet above grade within Area B, as shown on Map 1 in the Appendix to this Chapter, provided that the street wall is set back at least four feet from the street line except for projections permitted pursuant to Section 124-22, paragraph (a)(3), and planted areas are provided pursuant to Section 124-22, paragraph (a)(5), and further provided that 50 percent of such street wall with adjacent parking spaces consists of opaque materials;

(3) at every level above-grade, wrapped by floor area provided in accordance with paragraph (a) of Section 37-35 (Parking Wrap and Screening Requirements); or

(4) above-grade and adjacent to a street wall or public access area, and screened in accordance with the provisions set forth in paragraphs (b)(1) through (b)(3) of Section 37-35. A parking structure so screened shall be permitted only in the following locations:

(i) except within blocks that bound the intersection of 126th Street and Northern Boulevard or 126th Street and Roosevelt Avenue, a parking facility may be located adjacent to a street wall facing 126th Street above a height of 35 feet and limited to a height of 85 feet. At least 30 feet of floor area containing permitted uses shall separate such parking spaces from any other adjacent street;

(ii) a parking facility may be located adjacent to a
#street wall# limited to a height of 85 feet on a #block# that bounds the intersection of 126th Street and Northern Boulevard, provided that such #street wall# is on Northern Boulevard and is more than 100 feet from 126th Street. At least 30 feet of #floor area# containing permitted #uses# shall separate such parking spaces from adjacent #residential#, #connector# or #primary retail streets#;

(iii) a parking facility not on a #block# that bounds the intersection of 126th Street and Northern Boulevard may be located adjacent to a #street wall# limited to a height of 40 feet facing Northern Boulevard, provided that such #street wall# with adjacent parking spaces is on Northern Boulevard and is more than 100 feet from 126th Street. At least 30 feet of #floor area# containing permitted #uses# shall separate such parking spaces from any other adjacent #street#;

(iv) a parking facility may be located adjacent to a #street wall# on a #block# that bounds the intersection of 126th Street and Roosevelt Avenue, provided that such #street wall# with adjacent parking spaces is more than 100 feet from 126th Street, Roosevelt Avenue and at least 30 feet from any #connector street#;

(v) a parking facility may be located adjacent to a #street wall# limited to a height of 40 feet facing the eastern boundary of the #Special Willets Point District#, within 200 feet of such eastern boundary, so that such parking facility is not visible from a #connector street#. At least 30 feet of permitted #floor area# containing #uses# shall separate such parking spaces from adjacent #residential# and #connector streets#; and

(vi) a parking facility may be located adjacent to a #street wall# where such #street wall# is on a #service street#, provided that at least 30 feet of #floor area# containing permitted #uses# shall separate such parking spaces from adjacent #residential#, #connector#, #retail# or #primary retail streets#.
(b) All parking facilities with parking spaces adjacent to an exterior building wall that is not a street wall shall provide screening in accordance with the provisions set forth in paragraphs (b)(1) through (b)(3) of Section 37-35.

(c) All parking facilities shall not be open to the sky, and all parking facilities shall have a roof that meets the design requirements of Section 124-34.

(d) All accessory off-street parking spaces may be made available for public use. However, any such space shall be made available to the occupant of a residence to which it is accessory within 30 days after written request therefore is made to the landlord. Furthermore, if accessory and public parking spaces are provided on the same block, all such spaces shall be located within the same parking facility.

(e) All accessory off-street parking spaces may be provided within parking facilities in buildings other than the same building as the uses to which they are accessory, provided that:

(1) the off-street parking space within such facility is counted only once in meeting the parking requirements for a specific building; and

(2) such parking facilities are located within the Special Willets Point District; or

(3) such parking facilities are located within distances specified by Sections 36-421 (Maximum distance from zoning lot) and 36-43 (Off-site Spaces for Commercial or Community Facility Uses), as applicable.

(11/13/08)

124-52
Loading Restrictions

Loading areas shall not be permitted within 75 feet of 126th Street or within 50 feet of the primary retail street. Loading areas for a convention center use shall not be permitted within 100 feet of a connector street.
124-53
Curb Cut Restrictions

No driveway curb cuts for parking facilities or loading berths shall be permitted along 126th Street, the primary retail street, the connector streets, across from public open space of two or more acres, and within 50 feet of the intersection of any streets, except for a convention center or a transient hotel with a minimum of 50,000 square feet of floor area, and except that the City Planning Commission may authorize curb cuts, provided the Commission finds that such curb cuts are needed, do not unduly inhibit surface traffic or pedestrian flow and do not impair the essential character of the surrounding area.

Where permitted, the maximum aggregate width of curb cuts on any frontage shall be limited to 24 feet for residential streets and 60 feet for all other streets, except that the maximum width shall be 100 feet for blocks that bound the intersection of 126th Street and Northern Boulevard or 126th Street and Roosevelt Avenue and for blocks that contain a transient hotel with a minimum of 50,000 square feet of floor area. For a convention center, the maximum aggregate width of curb cuts on any frontage shall be limited to 100 feet, except that curb cuts shall be unlimited when located directly adjacent to the loading area of the convention center. All curb cuts shall be achieved with minimal reduction to the grade of the sidewalk over which they pass.

124-60
SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any zoning lot within the Special Willets Point District, the City Planning Commission may permit modification of the use or bulk regulations, except floor area ratio provisions, provided the Commission shall find that such:

(a) #use# or #bulk# modification shall aid in achieving the general purposes and intent of the Special District;
(b) #use# modification shall encourage a lively pedestrian environment along the street, or is necessary for, and the only practicable way to achieve, the programmatic requirements of the development;

(c) #bulk# modifications shall enhance the distribution of #bulk# within the Special District;

(d) #bulk# modifications shall permit adequate access of light and air to surrounding streets; and

(e) #use# or #bulk# modification shall relate harmoniously to the character of the surrounding area.

Notwithstanding the foregoing, a #use# modification may include a #use# proposed as part of a phased development within the Special District, where the Commission finds that such #use# is reasonably necessary for transitional purposes to assist in achievement of the goals of the Special District, provided the findings of paragraphs (a), (b) and (e) of this Section are met to the maximum extent possible, taking into account the nature of such #use#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Chapter 5
Special Southern Hunters Point District

125-00
GENERAL PURPOSES

The "Special Southern Hunters Point District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to encourage well-designed buildings that complement the built character of the Hunters Point neighborhood;

(b) to maintain and reestablish physical and visual public access to and along the waterfront;

(c) to broaden the regional choice of residences by introducing new affordable housing;

(d) to achieve a harmonious visual and functional relationship with the adjacent neighborhood;

(e) to create a lively and attractive built environment that will provide daily amenities and services for the use and enjoyment of area residents, workers and visitors;

(f) to take maximum advantage of the beauty of the East River waterfront and provide an open space network comprised of public parks, public open space and public access areas;

(g) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms; and

(h) to promote the most desirable use of land in accordance with the district plan for Southern Hunters Point, thus conserving the value of land and buildings, thereby
125-01
General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Southern Hunters Point District#, the regulations of this Chapter shall apply within the #Special Southern Hunters Point District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

125-02
District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Southern Hunters Point District# Plan.

The District Plan, in Appendix A of this Chapter, includes the following maps:

- Map 1. Special Southern Hunters Point District, Subdistricts and Parcels
- Map 2. Special Ground Floor Use Regulations
- Map 3. Street Wall Location
- Map 4. Minimum Base Heights of 40 Feet
- Map 5. Maximum Base Heights Other Than 70 Feet
- Map 6. Tower Areas
125-03
Subdistricts

In order to carry out the purposes and provisions of this Chapter, the #Special Southern Hunters Point District# is divided into two subdistricts: the East River Subdistrict and the Newtown Creek Subdistrict. The East River Subdistrict is further subdivided into parcels A through G. The location and boundaries of the subdistricts and parcels are shown on Map 1 (Special Southern Hunters Point District, Subdistricts and Parcels), in Appendix A of this Chapter.

125-04
Applicability of District Regulations

125-041
Modification of use and bulk regulations for zoning lots bounding parks

Where the #lot line# of a #zoning lot# coincides with the boundary of a #public park#, such #lot line# shall be considered to be a #street line# for the purposes of applying all #use# and #bulk# regulations of this Resolution.
125-042
Applicability of Article II, Chapter 5

The provisions of Section 25-86 (Waiver or Reduction of Spaces for Subsidized Housing) shall not apply in the #Special Southern Hunters Point District#.

125-043
Modification of Article VI, Chapter 2

The provisions of Sections 62-52 (Applicability of Waterfront Public Access Area Requirements) and 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS) are modified as set forth in Section 125-46 (Newtown Creek Waterfront Access Plan).

125-10
USE REGULATIONS

125-11
Ground Floor Use Along Designated Streets

Map 2 (Special Ground Floor Use Regulations), in Appendix A of this Chapter, specifies locations where the special ground floor #use# regulations of this Section apply. Such regulations shall apply along the entire #street# frontage of the #building#, as indicated on Map 2.

#Uses# located on the ground floor level or within five feet of #curb level#, and within 30 feet of the #street wall#, shall be limited to #commercial# or #community facility uses# permitted by the underlying district. A #building’s street# frontage shall
be allocated exclusively to such #uses#, except for lobby space. In no event shall the length of #street# frontage occupied by lobby space exceed, in total, 40 feet or 25 percent of the building’s total #street# frontage, whichever is less, except that the length of lobby frontage need not be less than 20 feet.

(11/13/08)

125-12
Transparency Requirements

The ground floor #street wall# bounding any #community facility use# other than a #school# shall be glazed with transparent materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk or public access area, and the maximum sill height of all #show windows# shall be 2 feet, 6 inches above the adjoining sidewalk or public access area.

The ground floor #street wall# bounding any #commercial use# shall be glazed with transparent materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 70 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk or public access area. Not less than 50 percent of such area shall be glazed with transparent materials and up to 20 percent of such area may be glazed with translucent materials. Furthermore, the maximum sill level of all #show windows# shall be 2 feet, 6 inches above the adjoining sidewalk or public access area.

(3/22/16)

125-13
Location of Uses in Mixed Buildings

The provisions of Section 32-422 (Location of floors occupied by commercial uses) are modified to permit #dwelling units# on the same #story# as a #commercial use#, provided no access exists between such #uses# at any level containing #dwelling units# and provided any #commercial uses# are not located directly over any
dwellings. However, such commercial uses may be located over dwellings by authorization of the City Planning Commission upon a finding that sufficient separation of residential uses from commercial uses exists within the building.

(11/13/08)

125-20
FLOOR AREA REGULATIONS

(11/13/08)

125-21
East River Subdistrict

In the East River Subdistrict, the maximum residential floor area ratio shall be as set forth in the following table, and no floor area bonuses shall apply.

<table>
<thead>
<tr>

(3/22/16)

125-22
Newtown Creek Subdistrict

In the Newtown Creek Subdistrict, the maximum floor area ratio shall be 2.75, and may be increased only as set forth in this Section.

(a) Floor area bonus for public amenities
For developments located within the Newtown Creek Subdistrict that provide a publicly accessible private street and open area, the floor area ratio may be increased from 2.75 to a maximum permitted floor area ratio of 3.75, provided that the Chairperson of the City Planning Commission has certified that such publicly accessible private street and open area comply with the design standards of Sections 125-44 (Private Street Requirements in Newtown Creek Subdistrict) and 125-45 (Publicly Accessible Open Area in Newtown Creek Subdistrict).

(b) Floor area increase for Inclusionary Housing

(1) Within the Special Southern Hunters Point District, the Newtown Creek Subdistrict shall be an Inclusionary Housing designated area, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, and this Section, applicable within the Special District.

(2) In the Newtown Creek Subdistrict, for developments that provide a publicly accessible private street and open area that comply with the provisions of paragraph (a) of this Section, the floor area ratio for any zoning lot with buildings containing residences may be increased from 3.75 to a maximum floor area ratio of 5.0 through the provision of affordable housing, pursuant to the provisions relating to Inclusionary Housing designated areas in Section 23-90 (INCLUSIONARY HOUSING), except that:

(i) the height and setback regulations of Section 23-951 (Height and setback for compensated developments in Inclusionary Housing designated areas) or Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) shall not apply. In lieu thereof, the special height and setback regulations of Section 125-30, inclusive, of this Chapter shall apply; and

(ii) the provisions of Section 23-96 (Requirements for Generating Sites or MIH Sites) shall be modified to require that in the event the affordable
housing is not located within the same Community District as the compensated zoning lot, it shall be located within a one-half mile radius of the compensated zoning lot in an adjacent Community District in the Borough of Queens.

(11/13/08)

125-30
HEIGHT AND SETBACK REGULATIONS

The underlying height and setback regulations shall not apply, except as set forth in this Section. In lieu thereof, the height and setback regulations of this Section, inclusive, shall apply. All heights shall be measured from the base plane.

(4/30/12)

125-31
Rooftop Regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all buildings within the Special Southern Hunters Point District, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

(11/13/08)

125-32
Balconies

Balconies shall not be permitted below a height of 70 feet. Above a height of 70 feet, balconies are permitted provided that at least 50 percent of the perimeter of the balcony is bounded by building walls, exclusive of parapet walls.
125-33
Required Street Walls

(a) Street wall location

All street walls of buildings shall be located on street lines of zoning lots as shown on Map 3 (Street Wall Location) in Appendix A of this Chapter. For the purposes of applying the height and setback regulations of this Section, wherever a building fronts upon any public park, or any sidewalk widening, publicly accessible open area or private street provided in accordance with the design requirements of Sections 125-41 through 125-46, inclusive, the boundary of such public park, sidewalk widening, publicly accessible open area or private street shall be considered to be a wide street line.

(b) Minimum base heights

All street walls shall extend up to at least a minimum base height of 50 feet or the height of the building, whichever is less, except that a minimum base height of 40 feet shall be permitted in the locations specified on Map 4 (Minimum Base Heights of 40 Feet) in Appendix A of this Chapter.

(c) Maximum base heights

The maximum height of a street wall before setback shall be 70 feet, except in the locations specified on Map 5 (Maximum Base Heights Other Than 70 Feet) in Appendix A of this Chapter.

(d) Recesses

Recesses, not to exceed three feet in depth, shall be permitted on the ground floor where required to provide access to the building, and recesses, not to exceed five feet in depth, shall be permitted on the ground floor where required to provide access to utilities. Above the height of the second story or 30 feet above adjoining grade, whichever is greater, up to 30 percent of the aggregate width of street walls may be recessed beyond the street line.
(e) Required setbacks and maximum building heights

Setbacks are required for all portions of buildings that exceed the applicable maximum base height, except schools. All required setbacks shall be provided at a height not lower than the applicable minimum base height. A setback with a depth of at least 10 feet shall be provided from any street wall fronting on a wide street, and a setback with a depth of at least 15 feet shall be provided from any street wall fronting on a narrow street, except that the depth of such setbacks may include the depth of any permitted recesses in the street wall. For the purposes of this paragraph (c), the following shall be considered wide streets:

1. Second Street between 54th Avenue and Borden Avenue
2. 55th Avenue between Center Boulevard and Second Street
3. Center Boulevard between 50th Avenue and 57th Avenue.

Above the applicable maximum base height, the maximum height of a building or other structure shall be 125 feet, except where towers are permitted, pursuant to Section 125-34.

(11/13/08)

125-34
Towers

Any portion of a building that exceeds a height of 125 feet shall comply with the following provisions:

(a) Tower location and maximum tower height

All towers shall be located entirely within a Tower Area as designated on Map 6 (Tower Areas), in Appendix A of this Chapter. The maximum height of such towers shall be as indicated for the specified location on Map 6. For buildings higher than 165 feet, the stories entirely within 40 feet of the highest roof level of the building shall have a lot coverage of at least 50 percent of the story immediately below such stories, and a maximum lot coverage of 80 percent of the story immediately
below such #stories#. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph, each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(b) Orientation and maximum tower size

The outermost walls of each #story# located entirely above a height of 125 feet shall be inscribed within a rectangle. The maximum length of any side of such rectangle that is parallel or within 45 degrees of being parallel to Second Street or Center Boulevard, whichever is closest, shall be 95 feet. The maximum length of any other side of such rectangle shall be 170 feet. Each #story# of a tower located entirely above a height of 125 feet shall not exceed a gross area of 11,000 square feet.

However, on Parcel G in the East River Subdistrict, the maximum length of the side of such rectangle that is parallel or within 45 degrees of being parallel to Second Street shall not exceed 170 feet.

(c) Tower and base integration

Notwithstanding the setback provisions of paragraph (c) of Section 125-33, up to 50 percent of the #street wall# width of a tower may rise sheer from grade without setback.

(2/2/11)

125-35
Authorization for Height and Setback Modifications

Within the #Special Southern Hunters Point District#, for any #development# or #enlargement#, the City Planning Commission may modify the regulations set forth in Section 125-30, inclusive,
provided the Commission finds that such modifications:

(a) will result in a better distribution of #bulk# on the #zoning lot# and will not adversely affect access to light and air for surrounding public access areas, #streets# and properties;

(b) are consistent with the goals of the Special District to provide flexibility of architectural design and encourage more attractive #building# forms; and

(c) will result in a #development# or #enlargement# that enhances the streetscape and is compatible with development in the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects of the #development# or #enlargement# on the character of the surrounding area.

(11/13/08)

125-40
DISTRICT PLAN ELEMENTS

(11/13/08)

125-41
Sidewalk Widenings

Map 7 (Mandatory Sidewalk Widenings and Publicly Accessible Open Area), in Appendix A of this Chapter, shows locations of mandatory sidewalk widenings in the East River Subdistrict. The depth of such sidewalk widenings shall be as indicated on Map 7 and shall be measured perpendicular to the #street line# unless otherwise indicated. All sidewalk widenings shall be improved to Department of Transportation standards for sidewalks, shall be at the same level as the adjoining public sidewalk, and shall be accessible to the public at all times.

(11/13/08)
Publicly Accessible Open Area Requirements on Parcels B, D, E and F

Map 7 (Mandatory Sidewalk Widenings and Publicly Accessible Open Area), in Appendix A of this Chapter, shows locations where open areas are permitted or required on Parcels B, D, E and F in the East River Subdistrict. Where any such area is provided, it shall be publicly accessible and comply with the standards of Sections 37-741 (Seating), 37-743 (Lighting and electrical power), 37-744 (Litter receptacles), 37-745 (Bicycle parking), 37-746 (Drinking fountains), 37-747 (Public space signage), 37-76 (Mandatory Allocation of Frontages for Permitted Uses) and 37-77 (Maintenance).

In addition, the provisions of Section 37-742 (Planting and trees) shall apply to such open areas, and shall be modified to require that:

(a) at least 30 percent of each open area be comprised of planting beds;

(b) at least two four-inch caliper trees or three ornamental trees be provided within such open areas on Parcels D and F; and

(c) no trees shall be required within the open areas on Parcels B and E.

(11/13/08)

Publicly Accessible Open Area Requirements on Parcel G

A publicly accessible private open area shall be provided within the area of Parcel G in the East River Subdistrict as shown on Map 7 (Mandatory Sidewalk Widenings and Publicly Accessible Open Area) in Appendix A of this Chapter. No excavation or building permit shall be issued for any development on such parcel until the Chairperson of the City Planning Commission certifies to the Department of Buildings that a site plan for such open area has been submitted that is consistent with the Department of Parks and Recreation design standards used for the development of the adjacent public park. A certification under this paragraph shall be granted on condition that an acceptable
restrictive declaration is executed and filed, binding the owners, successors and assigns to develop such publicly accessible private open area in accordance with the approved site plan and to maintain such open area in accordance with maintenance standards acceptable to the Department of Parks and Recreation.

In the event that Parcel G is not owned by the City, then, prior to design and development of the publicly accessible open area, the owner of Parcel G may make a request directed to the Office of the Mayor to transfer to the City its fee simple absolute interest, free and clear of any encumbrances in the open area. The City may accept the transfer request, provided that development of the open area is made in accordance with guidelines established by the Chairperson of the City Planning Commission and the Commissioner of the Department of Parks and Recreation, and transfer is made pursuant to such instruments as are necessary for implementation. In the event of a transfer, the bulk and parking computations for the zoning lot shall include the transferred property and such transfer shall not be deemed a non-compliance.

(11/13/08)

125-44
Private Street Requirements in Newtown Creek Subdistrict

In the Newtown Creek Subdistrict, where a private street is provided pursuant to paragraph (a) of Section 125-22, such private street shall be constructed to minimum Department of Transportation standards for public streets, including lighting, curbs and curb drops. Such private street shall consist of a paved road bed with a minimum width of 34 feet from curb to curb with 13 foot wide sidewalks on each side along its entire length. Such private street shall be located as shown on Map 8 (Publicly Accessible Private Street and Open Area in Newtown Creek Subdistrict) in Appendix A of this Chapter. One tree shall be planted for every 25 feet of curb length of the private street. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire length of the curb of the private street.
125-45
Publicly Accessible Open Area in Newtown Creek Subdistrict

Where a publicly accessible private open area is provided pursuant to paragraph (a) of Section 125-22, such open area shall be located as shown on Map 8 (Publicly Accessible Private Street and Open Area in Newtown Creek Subdistrict) in Appendix A of this Chapter. No excavation or building permit shall be issued for any #development# or #enlargement# on such parcel until the Chairperson of the City Planning Commission certifies to the Department of Buildings that a site plan for such open area has been submitted that is either:

(a) consistent with the Department of Parks and Recreation design standards for the #public park# located on 55th Avenue between Center Boulevard and Second Street; or

(b) in the event that design standards have not been developed for the #public park# located on 55th Avenue between Center Boulevard and Second Street, acceptable to the Chairperson of the City Planning Commission and the Department of Parks and Recreation.

A certification under this Section shall be granted on condition that an acceptable restrictive declaration is executed and filed, binding the owners, successors and assigns to develop such publicly accessible private open area in accordance with the approved site plan and to maintain such open area in accordance with maintenance standards acceptable to the Department of Parks and Recreation. Such approved plan shall allow for pedestrian access from 55th Avenue to the #residential# entrance of a #building# bounding the publicly accessible private open area. The paved width of such access shall not exceed 13 feet, and its location shall be within the area shown on Map 8.

(4/22/09)

125-46
Newtown Creek Waterfront Access Plan
Map 9, in Appendix A of this Chapter, shows the boundaries of the area comprising the Newtown Creek Waterfront Access Plan and the location of certain features mandated or permitted by the Plan. The plan area consists of Block 11, Lot 1, as established on November 13, 2008.

(a) Modification of #use# requirements

Docks for water taxis and docks or mooring facilities for non-commercial pleasure boats, listed in Section 32-16 (Use Group 6), shall be permitted #uses# within the Newtown Creek Waterfront Access Plan.

(b) Area-wide modifications

The requirements for #waterfront public access area#, as defined in Section 62-11, pursuant to Sections 62-53 through 62-57, inclusive, are modified at the following designated locations:

(1) #Upland connection#

An #upland connection#, as defined in Section 62-11, shall be provided through Block 11, Lot 1, abutting the prolongation of 5th Street and extending from the #shore public walkway#, as defined in Section 62-11, northerly to 54th Avenue.

(2) #Supplemental public access area#

#Supplemental public access areas#, as defined in Section 62-11, shall be provided as indicated on Map 9.

(2/2/11)

125-47
Phased Implementation of Publicly Accessible Areas

In the Newtown Creek Subdistrict, the Chairperson of the City Planning Commission shall allow for the phased implementation of all required publicly accessible areas upon certification to the Commissioner of Buildings that a plan has been submitted that provides for an amount of public access area proportionate to the amount of #floor area# being #developed# or #enlarged# in
each phase. For any #development# or #enlargement# located within 100 feet of a #shoreline#, the initial phase shall provide, at a minimum, the required #shore public walkway# and any adjacent #supplemental public access areas# located between such #development# or #enlargement# and such #shore public walkway#, as defined in Section 62-11. For any #development# or #enlargement# that fronts upon 54th Avenue, the initial phase shall provide, at a minimum, the required publicly accessible private street.

(5/8/13)

125-50
PARKING REGULATIONS

The regulations governing permitted and required #accessory# off-street parking spaces of Article I, Chapter 6 (Comprehensive Off-street Parking Regulations in the Long Island City Area) and Article II, Chapter 5; Article III, Chapter 6; and Article IV, Chapter 4 (Accessory Off-street Parking and Loading Regulations) shall apply, except as set forth in this Section.

(11/13/08)

125-51
General Regulations

For the purposes of Section 125-50 (PARKING REGULATIONS), inclusive, the #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided in any #story# located not more than 33 feet above #curb level#.

No #public parking garages# or #public parking lots# shall be permitted.

(2/2/11)

125-52
Location of Off-street Parking Spaces
(a) Enclosure of spaces

All off-street parking spaces shall be located within facilities that, except for entrances and exits, are entirely below the level of any street or publicly accessible open area upon which such facility or portion thereof fronts, or shall be located, at every level above-grade, behind commercial, community facility or residential floor area so that no portion of such parking facility is visible from adjoining streets or publicly accessible open areas. Such floor area shall have a minimum depth of 30 feet.

(b) Rooftop landscaping

Any roof area of a parking garage not otherwise covered by a building and larger than 400 square feet shall be landscaped. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent dwelling unit and the remaining roof area shall be accessible for the recreational use of the occupants of the building in which it is located. Hard surfaced areas shall not cover more than 50 percent of such roof area. Schools shall be exempt from the provisions of this paragraph (b).

(5/8/13)

125-53
Maximum Size of Permitted Accessory Group Parking Facilities

In the East River Subdistrict, Section 16-13 (Permitted Parking for Zoning Lots With Multiple Uses) shall apply, except that the maximum number of spaces shall be 780. Section 16-21 (Off-site Parking) shall not apply.

In the Newtown Creek Subdistrict, Section 16-13 shall apply except that the maximum number of spaces shall not exceed 40 percent of the number of dwelling units within the development or enlargement.

(11/13/08)
125-54
Off-site Facilities in the East River Subdistrict

In the East River Subdistrict, all accessory off-street parking spaces may be provided within parking facilities on zoning lots other than the same zoning lot as the uses to which they are accessory, provided such parking facilities are located within the Special Southern Hunters Point District, and the number of parking spaces within such facility shall not exceed the combined maximum number of spaces permitted on each off-site zoning lot using such facility, less the number of any spaces provided on such zoning lots.

(2/2/11)

125-55
Location of Curb Cuts

Curb cuts are permitted only in the locations indicated on Map 10 (Permitted Curb Cut Locations) in Appendix A of this Chapter. The aggregate width of all curb cuts provided for any building shall not exceed 50 feet.

Chapter 6
Special College Point District

126-00
GENERAL PURPOSES

The "Special College Point District" established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to encourage and retain high performance manufacturing establishments in New York City;

(b) to maintain the high quality business campus environment with landscaped yards within the area known as the College Point Corporate Park; and

(c) to promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

126-01
General Provisions

The provisions of this Chapter shall apply within the #Special College Point District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.
District Plan and Map

The District Map is located within the Appendix to this Chapter and is hereby incorporated and made part of this Resolution. It is incorporated for the purpose of specifying locations where special regulations and requirements set forth in this Chapter apply.

126-10
SPECIAL USE REGULATIONS

The regulations of the underlying district are modified as set forth in this Section, inclusive.

126-11
Recreational Uses

The regulations of Section 42-10 (USES PERMITTED AS-OF-RIGHT), shall be modified to allow the following uses as-of-right within the Special College Point District:

From Use Group 4A:

Non-commercial recreation centers

From Use Group 4B:

Golf courses

Outdoor tennis courts or ice skating rinks, provided that all lighting shall be directed away from nearby residences

Public parks, playgrounds or private parks

From Use Group 4C:
126-12
Performance Standards

Section 42-20 (PERFORMANCE STANDARDS) shall be modified so that the performance standards of an M1 District apply throughout the Special College Point District.

126-13
Enclosure Regulations

The following provisions supersede Sections 42-41 (Enclosure of Commercial or Manufacturing Activities) and 42-42 (Enclosure or Screening of Storage).

All commercial or manufacturing uses established by a development, enlargement, extension, or change of use, including storage of materials or products, shall be subject to the provisions of this Section, inclusive. With respect to the enlargement or extension of an existing use or storage of materials or products, such provisions shall apply to the enlarged or extended portion of such use or storage. In addition, new accessory open storage or any increase in the portion of a zoning lot used for accessory open storage shall conform to the provisions of this Section.

However, these provisions shall not apply to open parking and loading areas as specifically provided in Sections 44-11 (General Provisions) and 44-51 (Permitted Accessory Off-street Loading Berths).

126-131
Special enclosure regulations for specific uses previously prohibited under the former College Point Urban Renewal Plan

The following uses, including all storage of materials or products, shall be located within a completely enclosed
building#:

From Use Group 17 A:

Produce or meat markets, wholesale.

From Use Group 18A:

Incineration or reduction of garbage, offal or dead animals

Radioactive waste disposal services involving the handling or storage of radioactive waste

Sewage disposal plants

Stock yards or slaughtering of animals or poultry.

From Use Group 18B:

Dumps, marine transfer stations for garbage or slag piles

Electric power or steam generating plants

Explosives storage, when not prohibited by other ordinances

Junk or salvage establishments, including auto wrecking or similar establishments

Scrap metal, junk, paper or rags storage, sorting, or baling.

All commercial or manufacturing uses specified in this Section shall be permitted, provided the City Planning Commission certifies that such uses comply with the provisions of this Chapter. A site plan indicating the distribution of bulk, uses, planting areas and planting types shall be submitted to the Commission. Such submission shall be referred to the applicable Community Board and Borough President for review and comment for a period of no less than 45 days prior to such certification.

(7/29/09)

126-132
Enclosure regulations in M1-1 Districts
All #uses#, except storage of materials or products, shall be located within #completely enclosed buildings#; however, #commercial uses# may be located within #buildings# which are #completely enclosed# except for store fronts or store windows which may be opened to serve customers outside the #building#. Recreational uses permitted pursuant to Section 126-11 (Recreational Uses) shall be permitted as open or enclosed #uses#.

(7/29/09)

126-133 Enclosure regulations in M2-1 Districts near Residence Districts

Within 300 feet of a #Residence District# boundary, all #uses#, except storage of materials or products, shall be located within #completely enclosed buildings#. However, #commercial uses# may be located within #buildings# which are #completely enclosed# except for store fronts or store windows which may be opened to serve customers outside the #building#. Recreational uses permitted pursuant to Section 126-11 (Recreational Uses) shall be permitted as open or enclosed #uses#.

(7/29/09)

126-134 Enclosure of storage in M1-1 Districts near Residence Districts

All storage of materials or products within 200 feet of a #Residence District# boundary shall be located within #completely enclosed buildings#.

(7/29/09)

126-135 Screening of storage in M2-1 Districts near Residence Districts

Within 200 feet of a #Residence District# boundary, open storage of materials or products shall be permitted only if effectively screened by a solid wall or fence (including solid entrance and exit gates) at least eight feet in height.

In addition, such solid wall or fence:
(a) shall not be located within a #front yard#;

(b) shall be maintained in good condition at all times; and

(c) shall have no #signs# hung or attached thereto other than those permitted in Sections 42-52 (Permitted Signs), and 126-14 (Sign Regulations), inclusive.

(7/29/09)

126-136
Screening of storage

(a) At a distance greater than 200 feet from a #Residence District# boundary, the open storage of materials or products, where permitted, shall be screened from all adjoining #zoning lots#, including #zoning lots# situated across a #street#, by either:

(1) a strip at least four feet wide, densely planted with shrubs or trees which are at least four feet high at the time of planting and which are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or

(2) a wall or barrier or uniformly painted fence of fire-resistant material, at least six feet but not more than eight feet above finished grade. Such wall, barrier, or fence may be opaque or perforated, provided that not more than 50 percent of the face is open.

(b) In addition, such screening provided pursuant to paragraphs (a)(1) or (a)(2) of this Section:

(1) shall not be located within a #front yard#;

(2) shall be maintained in good condition at all times;

(3) may be interrupted by normal entrances or exits; and

(4) shall have no #signs# hung or attached thereto other than those permitted in Sections 42-52 (Permitted Signs) and 126-14 (Sign Regulations).

(7/29/09)
126-14
Sign Regulations

Within the #Special College Point District#, no #advertising signs# shall be permitted. #Signs# may be #illuminated# but not #flashing#. The provisions of Section 32-67 (Special Provisions Applying Along District Boundaries) shall not apply for #zoning lots# with frontage on the Whitestone Expressway.

No #sign# displayed from the wall of a #building or other structure# shall extend above the parapet wall or roof of such #building or other structure#, and no #signs# shall be permitted on the roof of any #building#.

(7/29/09)

126-141
Special sign regulations in M2-1 Districts

In M2-1 Districts, only non-#illuminated signs# and #signs with indirect illumination# are permitted. The surface area of all #signs# on a #zoning lot# shall be limited to:

(a) one #sign# displayed from the wall of a #building# limited to 1.5 square feet of #surface area# for each linear foot of #street wall# or 150 square feet, whichever is less, and further provided that such #signs# shall not exceed a height of eight feet, and shall not extend to a height greater than 20 feet above #curb level#; and

(b) one #sign# not affixed to a #building# limited to one square foot of #surface area# for each 200 square feet of #street wall# or 30 square feet, whichever is less, and further provided that such #signs# shall not exceed a height of five feet above #curb level#.

(7/29/09)

126-20
SPECIAL BULK REGULATIONS

The #bulk# regulations of the underlying district are modified as set forth in this Section, inclusive.
126-21
Street Tree Planting

Within the #Special College Point District#, all #developments#, or #enlargements# of 20 percent or more in #floor area#, shall provide #street# trees in accordance with Section 26-41 (Street Tree Planting). In addition, any #building# where 20 percent or more of the #floor area# is #converted# shall provide #street# trees in accordance with Section 26-41. The #street# frontage used to calculate the number of required trees may exclude the #street# frontage occupied by curb cuts serving #uses# listed in Use Groups 16B, 16C, 16D, 17 and 18.

126-22
Floor Area Ratio

Within the #Special College Point District#, the #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 1.0. However, within the M2-1 District south of 30th Avenue and its prolongation, the maximum #floor area ratio# for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be as permitted in the underlying district, for:

(a) portions of #zoning lots# within 600 feet of College Point Boulevard, where such #zoning lot# has frontage on College Point Boulevard; or

(b) #zoning lots# with frontage on the Whitestone Expressway.

126-23
Modification of Yard Regulations

(7/29/09)
126-231
Minimum required front yards

#Front yards# shall be provided with a depth of 15 feet, except for:

(a) #zoning lots# with frontage along the Whitestone Expressway, where #front yards# shall be provided with a depth of 20 feet; and

(b) #corner lots#, where one #front yard# may have a depth of 10 feet.

(7/29/09)

126-232
Minimum required side yards

#Side yards# shall be provided with a width of 10 feet.

(4/14/10)

126-233
Special provisions along district boundaries

The following regulations shall modify the provisions of Section 43-30 (SPECIAL PROVISIONS APPLYING ALONG DISTRICT BOUNDARIES).

(a) Sections 43-301 (Required yards along district boundary coincident with side lot line of zoning lot in an R1, R2, R3, R4 or R5 District) and 43-303 (Required yards along district boundary coincident with side lot line of zoning lot in a Manufacturing District) shall be modified so that an open area not higher than #curb level# and at least 20 feet wide shall be provided within the #Manufacturing District# on any #zoning lot# which is within 25 feet of a #Residence District#.

(b) Within the areas depicted on the #Special College Point District# Map as 60-foot buffer areas, an open area not higher than #curb level# shall be provided within the #Manufacturing District#, as follows:

(1) where such buffer area is adjacent to a #street#, a #front yard# at least 60 feet in depth shall be provided; or
(2) Where such buffer area is not adjacent to a street, an open area at least 60 feet wide shall be provided along the boundary of the Manufacturing District. Such open area may be reduced to a width of not less than 25 feet where there is an open area in an adjacent Residence District so that, in combination with the open area within the Manufacturing District, there is an open area totaling at least 60 feet in width. The open area in the Residence District shall be subject to a restrictive declaration requiring that such area be maintained pursuant to the standards of this Section, in a form approved by the New York City Department of Buildings, and subsequently recorded in the Office of the City Register of the City of New York against all tax lots comprising such restricted open area. Proof of recordation of the restrictive declaration in a form acceptable to the New York City Department of Buildings shall be submitted.

All such open areas shall not be used for accessory off-street parking, accessory off-street loading, or for storage or processing of any kind.

(c) All open areas required pursuant to this Section and Section 43-30 shall be planted, except at entrances to and exits from the building and except for access driveways to accessory parking and loading areas. In addition, except within front yards, there shall be a planting strip at least four feet wide, along the portion of the lot line adjoining the Residence District, complying with the provisions applicable to Section 126-136 (Screening of storage), provided that the option described in paragraph (a)(2) of Section 126-136 shall not be a permitted form of screening.

(7/29/09)

126-234
Planting requirement in front yards

Front yards shall be planted, except at entrances to and exits from the building and except for access driveways to accessory parking and loading areas. Front yards shall not be used for accessory off-street parking, accessory off-street loading, or for storage or processing of any kind.
126-235
Storage of materials within yards
Within #side# and #rear yards#, the maximum height of the open storage of materials, where permitted, shall be 12 feet.

126-24
Height and Setback Regulations
Within the #Special College Point District#, the height and setback regulations of an M1-1 District shall apply.

However, within the M2-1 District south of 30th Avenue and its prolongation, the height and setback regulations shall be as permitted in the underlying district, for:

(a) portions of #zoning lots# within 600 feet of College Point Boulevard, where such #zoning lot# has frontage on College Point Boulevard; or

(b) #zoning lots# with frontage on the Whitestone Expressway.

126-30
SPECIAL OFF-STREET PARKING AND LOADING REGULATIONS
The off-street parking and loading regulations of the underlying district are modified as set forth in this Section, inclusive.

126-31
Parking Regulations
(a) #Accessory# off-street parking shall not be permitted within a required #front yard#.
(b) The provisions of Section 44-21 (General Provisions) pertaining to accessory off-street parking spaces for commercial uses shall be modified as follows:

Hotels, for the floor area used for sleeping accommodations, shall be required to provide one parking space per two guest rooms or suites and, for the floor area used for meeting halls, auditoriums, eating or drinking places, wedding chapels or banquet halls, or radio or television studios, shall be required to provide one parking space per four persons-rated capacity.

Places of Assembly, for uses in parking requirement category D in Use Group 6, 8, 9, 10 or 12, or when permitted by special permit, shall be required to provide one parking space per four persons-rated capacity.

(c) For commercial uses within the commercial areas identified on the Special College Point District Map, the parking requirements of a C4-1 District shall apply.

(d) Section 37-90 (PARKING LOTS), inclusive, shall apply to all open parking areas accessory to manufacturing uses listed in Use Group 17. Perimeter landscaping, required pursuant to Section 37-921, may overlap with required yards, pursuant to Section 126-231.

(e) The provisions of Section 44-23 (Waiver of Requirements for Spaces Below Minimum Number) shall only apply to zoning lots existing both on July 29, 2009, and on the date of application for a building permit.

(7/29/09)

126-32
Loading Regulations

(a) Off-street loading berths shall not be permitted between a street wall and a street line. However, the City Planning Commission may authorize off-street loading berths located between a street wall and a street line, provided that the Commission finds that such loading berths can not be located elsewhere on the zoning lot and that such loading berths shall be enclosed or screened to the greatest extent practicable.
(b) All open off-street loading berths shall be screened from all adjoining zoning lots pursuant to the standards of Section 44-585 (Screening).

(7/29/09)

126-33
Curb Cut Restrictions on 15th Avenue

Within the Special College Point District, curb cuts shall be prohibited on 15th Avenue.

However, where permitted or required accessory off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such zoning lot has access to the street only through such prohibited location and that such curb cut shall be no greater than 20 feet in width.

An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one-sixteenth inch to a foot, showing the size and location of the proposed curb cut.

(7/29/09)

126-40
SPECIAL APPROVALS

(7/29/09)

126-41
Modification of Planting Requirements

The requirements of Section 126-234 (Planting requirement in front yards) and paragraph (c) of Section 126-233 (Special provisions along district boundaries) may be waived in whole or in part if the Commissioner of Buildings certifies that such requirements are infeasible due to unique geological conditions such as excessive subsurface rock conditions, underground municipal infrastructure, or a City, State or Federal mandated brownfield remediation that requires the site to be capped.
Such waiver shall be based on a report prepared by a licensed engineer that such conditions exist.

(7/29/09)

126-42
Authorization for Reduction of Required Parking

Within the commercial areas identified on the #Special College Point District# Map, the City Planning Commission may authorize a reduction of the parking requirement of Section 44-21 (General Provisions) and paragraphs (b) and (c) of Section 126-31 (Parking Regulations) by an amount not to exceed 50 percent, provided that the Commission finds that the proposed parking is sufficient for the #use# proposed.

(2/2/11)

126-43
Special Permit to Modify Use or Bulk Regulations

For any #zoning lot# within the #Special College Point District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission finds that such:

(a) #use# or #bulk# modification will aid in achieving the general purposes and intent of the Special District;

(b) #use# modification is necessary for, and the only practicable way to achieve, the programmatic requirements of the development;

(c) #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;

(d) #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and

(e) #use# or #bulk# modification will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Article XII: Special Purpose Districts
Chapter 8: Special St. George District

Effective date of most recently amended section of Article XII Chapter 8: 3/22/16

Date of file creation: Web version of Article XII Chapter 8: 10/16/18

Zoning Disclaimer - the Web version of the Zoning Resolution of the City of New York is provided for reference and the convenience of having the Resolution in an online format. Recent amendments to the Zoning Resolution also appear on the Web prior to being incorporated into the print version of the Resolution.
128-00
GENERAL PURPOSES

The "Special St. George District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes:

(a) to build upon St. George’s existing strengths as a civic center, neighborhood and transit hub by providing rules that will bolster a thriving, pedestrian-friendly business and residence district;

(b) to establish zoning regulations that facilitate continuous ground floor retail and the critical mass needed to attract and sustain a broader mix of uses;

(c) to require a tall, slender building form that capitalizes on St. George’s hillside topography and maintains waterfront vistas;

(d) to encourage the reuse and reinvestment of vacant office buildings;

(e) to accommodate an appropriate level of off-street parking while reducing its visual impact; and

(f) to promote the most desirable use of land and building development in accordance with the District Plan for St. George and thus conserve the value of land and buildings and thereby protect the City’s tax revenues.
Definitions specifically applicable to this Chapter are set forth in this Section and may modify definitions set forth in Section 12-10 (DEFINITIONS). Where matter in italics is defined both in Section 12-10 and in this Chapter, the definitions in this Chapter shall govern.

Commercial street

A “commercial street” shall be a #street#, or portion thereof, where special regulations pertaining to ground floor #uses# on #commercial streets#, pursuant to Section 128-11, apply to #zoning lots# fronting upon such #streets#. #Commercial streets# are designated on Map 2 in the Appendix to this Chapter.

(10/30/13)

128-02
General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special St. George District#, the regulations of this Chapter shall apply within the #Special St. George District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

However, the regulations of this Chapter shall not apply to any property that is the subject of a site selection for a court house and #public parking garage# pursuant to application C080379 PSR. Such property shall be governed by the underlying regulations of this Resolution.

Furthermore, any property that is the subject of a site selection and acquisition for the use of a lot for open parking pursuant to application C080378 PCR may be governed by the regulations of this Chapter or the underlying regulations of this Resolution for a period of two years after October 23, 2008. After October 23, 2010, such property shall be subject to the regulations of this Chapter.

In the North Waterfront Subdistrict, “publicly accessible waterfront open space” shall include on-site and off-site areas, as applicable,
as set forth in the approved Proposed Plans, pursuant to Section 128-61 (Special Permit for North Waterfront Sites).

(10/30/13)

128-03
District Plan and Maps

The regulations of this Chapter are designed to implement the #Special St. George District# Plan.

The District Plan includes the following five maps:

- Map 1. Special St. George District and Subdistricts
- Map 2. Commercial Streets
- Map 3. Minimum and Maximum Base Heights
- Map 4. Tower Restriction Areas
- Map 5. Visual Corridors and Parcels

The maps are located in the Appendix to this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in this Chapter apply.

(10/30/13)

128-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, the #Special St. George District# shall include three subdistricts: the Upland Subdistrict, the North Waterfront District and the South Waterfront Subdistrict, as shown on Map 1 (Special St. George District and Subdistricts) in the Appendix to this Chapter.

(10/23/08)

128-05
Applicability of District Regulations
Applicability of Article I, Chapter 2

The definition of “lower density growth management area” in Section 12-10 (DEFINITIONS) shall be modified to exclude all districts within the Special St. George District.

Applicability of Article I, Chapter 5

The provisions of Article I, Chapter 5 (Residential Conversion Within Existing Buildings), shall apply in the Special St. George District, as modified in this Section. The change of non-residential floor area to residences in buildings, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (MINOR MODIFICATIONS), paragraph (b). Uses in buildings erected prior to January 1, 1977, containing both residential and non-residential uses shall not be subject to the provisions of Section 32-42 (Location Within Buildings).

Applicability of Article III, Chapter 6

The provisions of Section 36-76 (Waiver or Reduction of Spaces for Subsidized Housing) shall not apply in the Special St. George District.

Applicability of Article VI, Chapter 2
The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall apply in the North Waterfront Subdistrict of the #Special St. George District#, as modified in this Chapter. In such Subdistrict, such provisions shall not apply to improvements to the publicly accessible waterfront open space, or to #developments#, #enlargements#, alterations and changes of #use# permitted pursuant to Section 128-61 (Special Permit for North Waterfront Sites). However, the regulations of Section 62-31 (Bulk Computations on Waterfront Zoning Lots) shall apply to such #developments#, #enlargements#, alterations and changes of #use#, as modified pursuant to such special permit. In addition, the special requirements for #visual corridors# set forth in Section 128-43 (Visual Corridors in the North Waterfront Subdistrict) shall apply.

(10/30/13)

128-055
Applicability of Article VII, Chapter 4

Within the North Waterfront Subdistrict of the #Special St. George District#, the following special permits shall not apply:

Section 74-512 (In other Districts)

Section 74-68 (Development Within or Over a Right-of-way or Yards)

Section 74-922 (Certain large retail establishments).

In addition, the provisions of the following special permits, as applicable, shall be deemed to be modified when an application pursuant to Section 128-61 (Special Permit for North Waterfront Sites) for Parcel 1 or Parcel 2, as shown on the maps in the Appendix to this Chapter, under application numbers C130317ZSR or C130318ZSR, as applicable, has been approved:

C000012ZSR
C000013ZSR
C000014ZSR
C000016(A)ZSR

(10/23/08)
128-10
USE REGULATIONS

128-11
Ground Floor Uses on Commercial Streets

Map 2 (Commercial Streets) in the Appendix to this Chapter specifies locations where the special ground floor #use# regulations of this Section apply.

#Uses# on the ground floor of a #building# shall be limited to #commercial uses#, except for Type 1 lobbies and entrances to #accessory# parking spaces provided in accordance with Section 37-33 (Maximum Width of Certain Uses). Such #commercial uses# shall comply with the minimum depth provisions of Section 37-32 (Ground Floor Depth Requirements for Certain Uses). In addition, #accessory# parking spaces, including such spaces #accessory# to #residences#, shall be permitted on the ground floor, provided they comply with the provisions of Section 37-35 (Parking Wrap and Screening Requirements). The level of the finished floor of such ground floor shall be located not higher than two feet above nor lower than two feet below the as-built level of the adjoining #street#.

128-12
Transparency Requirements

Any #street wall# of a #building developed# or #enlarged# after October 23, 2008, where the ground floor level of such #development# or #enlarged# portion of the #building# contains #commercial# or #community facility uses#, shall be glazed in accordance with the provisions of Section 37-34 (Minimum Transparency Requirements).

For the purposes of this Section, Bank Street shall be considered a #street#. However, this Section shall not apply to a stadium #use# within the North Waterfront Subdistrict.

128-13
Location of Uses in Mixed Buildings

The provisions of Section 32-422 (Location of floors occupied by commercial uses) are modified to permit #dwelling units# on the same #story# as a #commercial use# provided no access exists between such #uses# at any level containing #dwelling units# and provided any #commercial uses# are not located directly over any #dwelling units#. However, such #commercial use# may be located over #dwelling units# by authorization of the City Planning Commission upon a finding that sufficient separation of #residential uses# from #commercial uses# exists within the #building#.

(10/23/08)

128-20
FLOOR AREA, LOT COVERAGE AND YARD REGULATIONS

(10/23/08)

128-21
Maximum Floor Area Ratio

In C4-2 Districts within the Upland Subdistrict, the underlying #floor area ratio# and #open space# regulations shall not apply. In lieu thereof, the maximum #floor area ratio# for any #use#, separately or in combination, shall be 3.4, and no #floor area# bonuses shall apply, except that for #zoning lots# with less than 10,000 square feet of #lot area# without frontage on a #commercial street#, the maximum #floor area ratio# for any #use#, separately or in combination, shall be 2.2, and no #floor area# bonuses shall apply.

(3/22/16)

128-22
Maximum Lot Coverage

In C4-2 Districts within the Upland Subdistrict, the underlying #open space ratio# provisions shall not apply. In lieu thereof, the maximum permitted #lot coverage# for a #residential building#, or portion thereof, shall be 70 percent for an #interior# or #through lot# and 100 percent for a #corner lot#.
128-23
Rear Yard Equivalents

In C4-2 Districts within the Upland Subdistrict, the #rear yard equivalent# regulations for #residential uses# on #through lots#, or the #through lot# portion of a #zoning lot#, are modified as set forth in this Section. Such #yards# shall be provided within 45 feet of the centerline of the #through lot# or #through lot# portion, and the level of such #yards# may be provided at any level not higher than the floor level of the lowest #story# containing #dwelling units# that face such #yards#. Furthermore, no #rear yard equivalent# regulations shall apply to any #through lot# or #through lot# portion of a #zoning lot# on which a tower is #developed# or #enlarged#, pursuant to Section 128-35.

128-30
HEIGHT AND SETBACK REGULATIONS

The provisions of this Section, inclusive, shall apply to all #buildings or other structures# within the Upland Subdistrict.

In C1-2 Districts mapped within R3-2 Districts, all #buildings or other structures# shall comply with the height and setback regulations of R4 Districts, except that the maximum perimeter wall height shall be 26 feet, and the #street wall# location provisions of Section 128-32 (Street Wall Location) shall apply.

The underlying height and setback regulations of C4-2 Districts within the Upland Subdistrict shall not apply. In lieu thereof, the height and setback regulations of this Section, inclusive, shall apply.

In the South and North Waterfront Subdistricts, the underlying height and setback regulations of Section 62-34 (Height and Setback Regulations on Waterfront Blocks) shall apply, except that:

(a) in the South Waterfront Subdistrict, rooftop regulations shall be as modified in Section 128-31 (Rooftop Regulations); and

(b) in the North Waterfront Subdistrict, #developments#, #enlargements#, alterations and changes of #use# permitted pursuant to Section 128-61 (Special Permit for North Waterfront Sites) shall instead be subject to the Proposed Plans, as set
forth in Section 128-61, as approved pursuant to such special permit.

All heights shall be measured from the base plane, except that wherever a minimum or maximum base height is specified for zoning lots with multiple street frontages, such heights shall be determined separately for each street frontage, with each height measured from the final grade of the sidewalk fronting such street wall.

(4/30/12)

128-31
Rooftop Regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all buildings, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

(2/2/11)

128-32
Street Wall Location

(a) Street walls along commercial streets

For zoning lots with commercial street frontage, the street wall shall extend along at least 70 percent of the commercial street frontage of the zoning lot and be located within eight feet of the street line of the commercial street, or sidewalk widening line, whichever is applicable.

(b) Street walls along non-commercial streets

For zoning lots without commercial street frontage, the street wall shall extend along at least 50 percent of the street frontage of the zoning lot and be located within eight feet of the street line or sidewalk widening line, whichever is applicable.

In C4-2 Districts within the Upland Subdistrict, such street walls shall rise without setback to the minimum height specified on Map 3 (Minimum and Maximum Base Heights) in the Appendix to this Chapter, or the height of the building, whichever is less. When a
#building# fronts on two intersecting #streets# for which different minimum base heights apply, the higher base height may wrap around to the #street# with the lower base height, for a distance of up to 100 feet.

(3/22/16)

128-33
Maximum Base Height

The maximum height of a #building or other structure# before setback shall be as specified on Map 3 (Minimum and Maximum Base Heights) in the Appendix to this Chapter. Where a maximum base height of 65 feet applies as shown on Map 3, such maximum base height shall be reduced to 40 feet for #zoning lots developed# or #enlarged# pursuant to the tower provisions of Section 128-35. When a #building# fronts on two intersecting #streets# for which different maximum base heights apply, the higher base height may wrap around to the #street# with the lower base height for a distance of up to 100 feet. All portions of #buildings or other structures# above such maximum base heights shall provide a setback at least 10 feet in depth measured from any #street wall# facing a #wide street# and 15 feet in depth from any #street wall# facing a #narrow street#.

In C4-2 Districts within the Upland Subdistrict, dormers may exceed the maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts). However, on any #zoning lot# that includes a tower #developed# or #enlarged# pursuant to Section 128-35, dormers shall not be permitted.

(3/22/16)

128-34
Maximum Building Height

In C4-2 Districts within the Upland Subdistrict, for #buildings# that are not #developed# or #enlarged# pursuant to the tower provisions of Section 128-35 (Towers), the maximum height of a #building or other structure# and the maximum number of #stories#, as applicable, shall be as set forth in Section 23-662 (Maximum height of buildings and setback regulations) for a residential equivalent of an R6 District. Separate maximum #building# heights are set forth within such Section for #developments# or #enlargements# with #qualifying ground floors# and for those with #non-qualifying ground floors#. However, on Bay Street where there
is a maximum base height of 85 feet, the maximum height of a building or other structure also shall be 85 feet.

In C4-2 Districts within the Upland Subdistrict for buildings that are developed or enlarged pursuant to the tower provisions of Section 128-35, the maximum height of the tower portion of a building shall be 200 feet, and the height of all other portions of the building shall not exceed the applicable maximum base height. Where a maximum base height of 65 feet applies as shown on Map 3 in the Appendix to this Chapter, such maximum base height shall be reduced to 40 feet for zoning lots developed or enlarged pursuant to the tower provisions of Section 128-35.

(3/22/16)

128-35
Towers

The tower provisions of this Section shall apply, as an option, to any zoning lot with a lot area of at least 10,000 square feet. Any portion of a building developed or enlarged on such zoning lots that exceeds the applicable maximum base height shall be constructed as either a point tower or a broad tower, as follows:

(a) Point tower

(1) Tower lot coverage and maximum length

Each story located entirely above a height of 75 feet shall not exceed a gross area of 6,800 square feet. The outermost walls of each story shall be inscribed within a rectangle, and the maximum length of any side of such rectangle shall be 85 feet.

(2) Tower top articulation

The highest three stories, or as many stories as are located entirely above a height of 75 feet, whichever is less, shall have a lot coverage of at least 50 percent of the story immediately below such stories, and a maximum lot coverage of 80 percent of the story immediately below such stories. Such reduced lot coverage shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph (a)(2), each
tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(b) Broad tower

Each #story# located entirely above a height of 75 feet shall not exceed a gross area of 8,800 square feet. The outermost walls of each such #story# shall be inscribed within a rectangle, and the maximum length of any side of such rectangle shall be 135 feet. The upper #stories# shall provide setbacks with a minimum depth of 15 feet measured from the east facing wall of the #story# immediately below. Such setbacks shall be provided at the level of three different #stories#, or as many #stories# as are located entirely above a height of 75 feet, whichever is less. For towers with at least six #stories# located entirely above a height of 75 feet, the lowest level at which such setbacks may be provided is 100 feet, and the highest #story# shall be located entirely within the western half of the tower.

(c) Orientation of all towers

The maximum length of the outermost walls of any side of each #story# of a #building# facing the #shoreline# that is entirely above a height of 75 feet shall not exceed 80 feet. For the purposes of this Section, the #street line# of St. Marks Place shall be considered to be a line parallel to the #shoreline#, and any side of such rectangle facing St. Marks Place from which lines perpendicular to the #street line# of St Marks Place may be drawn, regardless of intervening structures, properties or #streets#, shall not exceed 80 feet.

(d) Location of all towers

Any portion of a #building# that exceeds a height of 70 feet shall be no closer to a #side lot line# than eight feet, and any #story# of a #building# that is entirely above a height of 70 feet shall be located within 25 feet of a #street line# or sidewalk widening line, where applicable.

(e) Maximum tower height

The maximum height of any #building# utilizing the tower provisions of this Section shall be 200 fet. The height of the tower portion of the #building# shall be measured from the
(f) Tower and base integration

All portions of a #building# that exceed the applicable maximum base height set forth in Section 128-33 shall be set back at least 10 feet from the #street wall# of a #building# facing a #wide street# and at least 15 feet from the #street wall# of a #building# facing a #narrow street#. However, up to 50 percent of the #street wall# of the portion of the #building# located above a height of 75 feet need not be set back from the #street wall# of the #building#, and may rise without setback from grade, provided such portion of the #building# is set back at least 10 feet from a #wide street line# or sidewalk widening line, where applicable, and at least 15 feet from a #narrow street line# or sidewalk widening line, where applicable.

(g) Tower exclusion areas

No #building or other structure# may exceed a height of 75 feet within the areas designated on Map 4 (Tower Restriction Areas) in the Appendix to this Chapter.

(10/23/08)

128-40
MANDATORY IMPROVEMENTS

(10/23/08)

128-41
Sidewalks

Sidewalks with a depth of at least 12 feet, measured perpendicular to the curb of a #street#, shall be provided along the entire #street# frontage of a #zoning lot#. In locations where the width of the sidewalk within the #street# is less than 12 feet, a sidewalk widening shall be provided on the #zoning lot# so that the combined width of the sidewalk within the #street# and the sidewalk widening equals 12 feet. However, existing #buildings# to remain on the #zoning lot# need not be removed in order to comply with this requirement. All sidewalk widenings shall be improved to Department of Transportation standards for sidewalks, shall be at the same level as the adjoining public sidewalks, and shall be accessible to the public at all times.
128-42
Planting Areas

The entire area of the zoning lot between the street line or sidewalk widening line, where applicable, and all street walls of the building and their prolongations, shall be planted at ground level, or in raised planting beds that are permanently affixed to the ground, except that such plantings shall not be required at the entrances to, and exits from, the building, within driveways accessing off-street parking spaces located within, to the side, or rear of such building, or between commercial uses and the street line. No zoning lot shall be altered in any way that will either create a new non-compliance or increase the degree of non-compliance with the provisions of this Section.

128-43
Visual Corridors in the North Waterfront Subdistrict

The designated locations for visual corridors, as defined in Article VI, Chapter 2, are shown on Map 5 in the Appendix to this Chapter. Such visual corridors shall be provided in accordance with the standards of Sections 62-512 (Dimensions of visual corridors) and 62-513 (Permitted obstructions in visual corridors), except that:

(a) lighting fixtures in visual corridors shall be considered permitted obstructions; and

(b) within the visual corridor provided through Parcel 2 to the Pierhead line within the flexible location zone indicated on Map 5, a portion of a building shall be a permitted obstruction, provided that such obstruction is located no more than 14 feet above the reference plane of the visual corridor, and that such obstruction occupies no more than 185,000 cubic feet in total above the reference plane of the visual corridor.
PARKING REGULATIONS

In the #Special St. George District#, the underlying regulations governing permitted and required #accessory# off-street parking spaces are modified as set forth in this Section.

(3/22/16)

128-51
Required Off-street Parking and Loading

In C4-2 Districts, the following special regulations shall apply:

(a) #Residential uses#

One off-street parking space shall be provided for each #dwelling unit# created after October 23, 2008, including any #dwelling units# within #buildings converted# pursuant to Article I, Chapter 5 (Residential Conversion Within Existing Buildings), except that the provisions of Section 25-25 (Modification of Requirements for Income-restricted Housing Units, Affordable Independent Residences for Seniors or Other Government-assisted Dwelling Units) shall apply to #income-restricted housing units#. However, where the total number of required spaces is five or fewer or, for #conversions#, where the total number of required spaces is 20 or fewer, no parking shall be required, except that such waiver provision shall not apply to any #zoning lot# subdivided after October 28, 2008. The provisions of Section 73-46 (Waiver of Requirements for Conversions) shall apply to #conversions# where more than 20 parking spaces are required.

(b) #Commercial uses#

For #commercial uses#, the off-street parking and loading requirements of a C4-3 District shall apply, except that food stores with 2,000 or more square feet of #floor area# per establishment shall require one parking space per 400 square feet of #floor area# and, for places of assembly and hotels, the off-street parking and loading requirements of a C4-2 District shall apply.

(c) #Community facility use#

For ambulatory diagnostic or treatment health care facilities listed in Use Group 4, the off-street parking requirements of a C4-3 District shall apply.
128-52
Special Floor Area Regulations

The floor area of a building shall not include floor space used for off-street parking spaces provided in any story that complies with the provisions of Section 128-54 (Location of Accessory Off-street Parking Spaces).

128-53
Use of Parking Facilities

All accessory off-street parking spaces may be provided within parking facilities, including public parking garages, on zoning lots other than the same zoning lot as the use to which they are accessory, provided:

(a) such parking facilities are located within the Special St. George District;

(b) the off-street parking space within such facility is counted only once in meeting the parking requirements for a specific zoning lot; and

(c) the number of accessory parking spaces within such facility shall not exceed the combined number of spaces permitted on each zoning lot using such facility, less the number of spaces provided on each zoning lot using such facility.

128-54
Location of Accessory Off-street Parking Spaces

No open parking areas shall be located between the street wall of a building and the street line, and no open parking area shall front upon a commercial street. All open parking areas, regardless of the number of parking spaces, shall comply with the perimeter screening requirements of Section 37-921.
All off-street parking spaces within structures shall be located within facilities that, except for entrances and exits, are:

(a) entirely below the level of each street upon which such facility fronts; or

(b) located, at every level above-grade, behind floor area or screening in accordance with the provisions of Section 37-35 (Parking Wrap and Screening Requirements). For the purpose of applying such provisions, commercial streets designated on Map 2 in Appendix A of this Chapter shall be considered designated retail streets; and

(c) no parking shall be permitted on the roof of such facilities.

(2/2/11)

128-55
Special Requirements for Roofs of Parking Facilities

The roof of a facility containing off-street parking spaces, not otherwise covered by a building, which is larger than 400 square feet, shall be landscaped. No parking spaces shall be provided on the roof of such facility. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. No less than 75 percent of such roof area shall be accessible for the recreational use of the occupants of the building in which it is located; and no more than 25 percent may be accessible solely from an adjacent dwelling unit. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(10/23/08)

128-56
Curb Cuts on Commercial Streets

No curb cuts shall be permitted on commercial streets as shown on Map 2 in the Appendix to this Chapter. However, if access to a required accessory parking facility or loading berth is not possible because of such restriction, a curb cut may be allowed if the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that such location is the only possible
location for the facility or loading berth, is not hazardous to traffic safety, is at least 50 feet from the intersection of two #street lines#, and is constructed so as to have minimal effect on the streetscape.

(10/30/13)

128-60
SPECIAL APPROVALS

The special permit for North Waterfront sites set forth in Section 128-61 is established in order to guide and encourage appropriate #use# and #development# in a unique location within the #Special St. George District# that serves as a gateway between Staten Island and Manhattan for both visitors and daily commuters. Redevelopment of the North Waterfront sites pursuant to this special permit provides an appropriate means to address the special characteristics of these sites, while accommodating their continuing transportation function, as part of their transformation into a regional destination that will contribute to the revitalization of the #Special St. George District# and surrounding area.

(10/30/13)

128-61
Special Permit for North Waterfront Sites

In the North Waterfront Subdistrict, for Parcels 1 and 2, and for improvements to the publicly accessible waterfront open space, provided in connection with the #development# of such parcels, as applicable, the City Planning Commission may approve, by special permit, a development plan for each such parcel and an improvement plan for the publicly accessible waterfront open space. For any application for such special permit, the applicant shall provide plans to the Commission, including but not limited to a site plan, interim parking plan, signage plan, lighting plan and an improvement plan for the publicly accessible waterfront open space (the “Proposed Plans”). Such Proposed Plans shall be subject to the conditions set forth in paragraphs (a) through (e) and the findings set forth in paragraph (f) of this Section.

Pursuant to such Proposed Plans, the Commission may:

(a) permit the following #uses#:

   (1) #commercial uses# as set forth in Section 42-12 (Use
Groups 3A, 6A, 6B, 6D, 6F, 7B, 7C, 7D, 7E, 8, 9B, 9C, 10A, 10B, 10C, 11, 12A, 12C, 12D, 12E, 13, 14 and 16) with no limitation on #floor area# per establishment;

(2) #uses# specified in Section 32-24 (Use Group 15);

(3) #public parking garages# with more than 150 spaces;

(4) temporary #public parking lots# or #public parking garages# with more than 150 spaces, supplied in connection with an interim parking plan, provided that:

(i) the applicable findings of Section 74-51 (Public Parking Garages or Public Parking Lots Outside High Density Central Areas) are met by each such temporary public parking facility;

(ii) such temporary #public parking lots# or #public parking garages# with more than 150 spaces, may be located off-site or beyond the boundaries of the #Special St. George District# only as set forth in the interim parking plan. Any change in the location of such temporary #public parking# facility with more than 150 spaces, or any increase in the number of spaces in a temporary #public parking# facility to more than 150 spaces, or any addition of a #public parking# facility with more than 150 spaces provided in connection with such interim parking plan, shall be subject to further approval by the City Planning Commission and referred to the applicable Community Board(s) for review; and

(iii) the permit to operate such #public parking lots# or #public parking garages# shall expire 30 days after the Department of Buildings issues a certificate of occupancy for all permanent public parking facilities on Parcel 2;

(b) where such #development# is located partially or entirely within a railroad or transit right-of-way or yard or in #railroad or transit air space#:

(1) permit that portion of the railroad or transit right-of-way or yard which will be completely covered over by a permanent platform to be included in the calculations of #lot area# for such #development#; and

(2) establish, in lieu of #base plane#, an appropriate level or levels as the reference plane for the entire #zoning lot# for the applicable regulations pertaining to, but not
limited to, height and setback, #floor area# and #yards#;

(c) permit #signs# pursuant to a signage plan, subject to the following conditions:

(1) the #sign# regulations of a C4 District, as set forth in Section 32-60, shall apply, except as specifically modified by the conditions set forth in paragraphs (c)(2) through (c)(7), inclusive, of this Section;

(2) #flashing signs# shall not be permitted;

(3) the height of #signs# shall be measured from the #base plane#;

(4) flags, banners or pennants, other than those that are #advertising signs#, shall be permitted without limitation;

(5) on Parcel 1:

(i) the total #surface area# of a #sign# affixed to a #building# frontage facing the #shoreline# or affixed to the base of a structure facing the #shoreline# shall not exceed 1,120 square feet, provided that for a #sign# with a #surface area# larger than 500 square feet, all writing, pictorial representations, emblems, flags, symbols or any other figure or character comprising the design of such #sign#, shall be separate elements, individually cut and separately affixed to the structure. No perimeter or background surfaces shall be applied or affixed to the structure in addition to such separate elements. No portion of such separate elements shall extend beyond the maximum dimensions allowed for the structure; and

(ii) #signs# shall be permitted to be located on the deck of the railroad right-of-way, provided that the #surface area# of such #signs# shall be included in the calculations of total #surface area# of #signs#;

(6) on Parcel 2:

(i) open pedestrian pathways of at least 20 feet in width shall be considered #streets# for the purposes of #sign# regulations;

(ii) #signs# shall not extend to a height greater than 60 feet above the #base plane#; and
(iii) the total surface area of signs on the building frontage facing Richmond Terrace, the prolongation of Wall Street, or on the building frontage or other structure facing the access route into the Ferry Terminal for buses, may exceed the limitations for total surface area for signs permitted in a C4 District, pursuant to an approved signage plan; and

(7) the total surface area of all signs on Parcel 2 facing the shoreline, or that are within 15 degrees of being parallel to the shoreline, shall not exceed:

(i) 500 square feet for signs located above the level of the first story ceiling of buildings; or

(ii) 250 square feet for signs located below the level of the first story ceiling of buildings;

(d) through approval of the Proposed Plans, establish appropriate requirements in lieu of the following Special St. George District regulations:

Section 128-12 (Transparency Requirements);

Section 128-42 (Planting Areas);

Section 128-54 (Location of Accessory Off-street Parking Spaces) to the extent necessary to accommodate demand for parking within the North Waterfront Subdistrict;

Section 128-55 (Special Requirements for Roofs of Parking Facilities); and

(e) through approval of the Proposed Plans:

(1) establish appropriate requirements for the height and setback of buildings or other structures, permitted obstructions in yards, off-street parking and loading; and

(2) permit floor area to be distributed within the North Waterfront Subdistrict without regard for zoning lot lines, provided that if distribution is made to a zoning lot, subject to a special permit granted under this Section, from a zoning lot not subject to such special permit, Notices of Restriction in a form acceptable to the Department of City Planning shall be filed against such zoning lots setting forth the increase and decrease in the floor area on such zoning lots, respectively.
(f) The Commission shall find that the Proposed Plans:

(1) include uses that are appropriate, considering the unique location of the site in relation to the Staten Island Ferry Terminal, the Staten Island Rail Road, and the land uses in and around the Special St. George District;

(2) provide a distribution of floor area, locations and heights of buildings or other structures, primary business entrances and open areas, that will result in a superior site plan, providing a well-designed relationship between buildings and other structures and open areas on the zoning lot; and shall also provide a well-designed relationship between the site and adjacent streets, surrounding buildings, adjacent off-site open areas and shorelines and will thus benefit the users of the site, the neighborhood and the City as a whole;

(3) provide a distribution of floor area and locations and heights of buildings or other structures that will not unduly increase the bulk of buildings or other structures in the North Waterfront Subdistrict or unduly obstruct access of light and air to the detriment of the users of the site or nearby blocks or of people using the public streets, and that will provide waterfront vistas from nearby streets and properties on nearby blocks;

(4) provide useful and attractive publicly accessible open space, with sufficient public amenities, including but not limited to seating, landscaping and lighting, that results in a superior relationship with surrounding neighborhood destinations, streets, buildings, open areas, public facilities and the waterfront;

(5) improve public access to the waterfront;

(6) improve, as applicable, the publicly accessible waterfront open space sufficiently to ensure that emergency vehicles will have adequate access to the waterfront and adjacent developments;

(7) in connection with the improvement of the applicable portions of the publicly accessible waterfront open space, restore planted areas, trees and lighting in a way that is attractive and compatible with the design of the Waterfront Esplanade existing on October 30, 2013;

(8) provide adequate parking and loading to meet the demand
for all users during peak utilization;

(9) provide adequate parking for commuters at locations convenient and accessible to the Staten Island Ferry Terminal at all times and during all phases of construction;

(10) provide signage and lighting that are compatible with the scenic and historic character of the harbor and that will not adversely affect the character of the surrounding neighborhood;

(11) for a #public parking garage# with more than 150 parking spaces, will ensure that:

(i) entrances are proposed in locations and with design features that minimize traffic congestion and conflicts with pedestrians;

(ii) adequate reservoir space has been provided at the vehicular entrances; and

(iii) the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby; and

(12) for a #development# located partially or entirely within a railroad or transit right-of-way or yard and/or in #railroad or transit air space#, that:

(i) the distribution of #floor area# does not adversely affect the character of the surrounding area by being unduly concentrated in any portion of such #development#, including any portion of the #development# located beyond the boundaries of such railroad or transit right-of-way or yard; and

(ii) if such railroad or transit right-of-way or yard is deemed appropriate for future transportation #use#, the site plan and structural design of the #development# do not preclude future use of, or improvements to, the right-of-way for such transportation #use#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area. In addition, for a #development# located partially or entirely within a railroad or transit right-of-way or yard, or in #railroad or transit air space#, the Commission may require that the structural design of such #development# makes due allowance for changes within the layout of tracks or other structures within any
Prior to granting a special permit, the Commission shall request the Metropolitan Transportation Authority to indicate whether said agency has any plan to use that portion of any railroad or transit air space or railroad or transit right-of-way or yard where the railroad or transit use has been discontinued.

The execution and recordation of a restrictive declaration acceptable to the Commission, binding the owners, successors and assigns to maintain such developments, enlargements, alterations, changes of use, and any temporary parking facilities, in accordance with the approved Proposed Plans, and in a manner consistent with any additional conditions and safeguards prescribed by the Commission, shall be a condition to exercise of the special permit. Such restrictive declaration shall be recorded in the Office of the County Clerk. A copy of such declaration shall be provided to the Department of Buildings upon application for any building permit related to a development, enlargement or change of use.

Article XIII: Special Purpose Districts
Chapter 1: Special Coney Island District

Effective date of most recently amended section of Article XIII Chapter 1: 3/22/16
Article XIII - Special Purpose Districts

Chapter 1
Special Coney Island District

(7/29/09)

131-00
GENERAL PURPOSES

The “Special Coney Island District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to preserve, protect and enhance the character of the existing amusement district as the location of the city’s foremost concentration of amusements and an area of diverse uses of a primarily entertainment and entertainment-related nature;

(b) to facilitate and guide the development of a year-round amusement, entertainment and hotel district;

(c) to facilitate and guide the development of a residential and retail district;

(d) to provide a transition to the neighboring areas to the north and west;

(e) to provide flexibility for architectural design that encourages building forms that enhance and enliven the streetscape;

(f) to control the impact of development on the access of light and air to streets, the Boardwalk and parks in the district and surrounding neighborhood;

(g) to promote development in accordance with the area’s District Plan and thus conserve the value of land and buildings, and thereby protect the City’s tax revenues.
131-01
General Provisions

The provisions of this Chapter shall apply within the #Special Coney Island District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

NOTE: Self-certification of sewer connection applications will not be permitted by the Department of Buildings or Department of Environmental Protection in connection with any proposed #development# or #enlargement# in the #Special Coney Island District# for which sewer connection approval is required. Prior to filing a House or Site Connection application, all applicants will be required to submit a site-specific hydraulic analysis to the Department of Environmental Protection for its review and approval, to establish the adequacy of existing sanitary and storm sewers to serve the proposed #development# or #enlargement#.

(7/29/09)

131-02
District Plan and Maps

The District Plan for the #Special Coney Island District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Coney Island District#. The District Plan includes the following maps in the Appendix to this Chapter.

Map 1. Special Coney Island District and Subdistricts

Map 2. Mandatory Ground Floor Use Requirements

Map 3. Coney East Subdistrict Floor Area Ratios
Subdistricts

In order to carry out the purposes and provisions of this Chapter, four subdistricts are established as follows:

- Coney East Subdistrict (CE)
- Coney North Subdistrict (CN)
- Coney West Subdistrict (CW)
- Mermaid Avenue Subdistrict (MA)

In each of these subdistricts, certain special regulations apply which do not apply within the remainder of the #Special Coney Island District#. The subdistricts are specified on Map 1 in the Appendix to this Chapter.

Applicability

The provisions of Article I, Chapter 5 (Residential Conversion Within Existing Buildings), shall apply in the #Special Coney Island District#, as modified in this Section. The change of
non-residential floor area to residences in buildings, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (MINOR MODIFICATIONS), paragraph (b). Uses in buildings erected prior to January 1, 1977, containing both residential and non-residential uses shall not be subject to the provisions of Section 32-42 (Location Within Buildings).

(3/28/12)

131-042
Applicability of Article VI, Chapter 2

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall not apply in the Special Coney Island District.

(3/28/12)

131-043
Applicability of Article VII, Chapter 4

The provisions of Section 74-513 (In C7 Districts) shall not apply in the Special Coney Island District. In lieu thereof, public parking lots shall not be permitted, and public parking garages of any size shall be permitted as-of-right, provided such garages comply with the provisions of Section 131-52 (Use and Location of Parking Facilities).

(3/28/12)

131-044
Physical culture or health establishments

The provisions of Section 73-36 (Physical Culture or Health Establishments) shall not apply in the Coney East, Coney North or Coney West Subdistricts. In lieu thereof, physical culture or health establishments shall be allowed as-of-right.
Modification of use and bulk regulations

(a) For zoning lots fronting upon Riegelmann Boardwalk, KeySpan Park and Highland View Park

Where the lot line of a zoning lot coincides or is within 20 feet of the boundary of Riegelmann Boardwalk, KeySpan Park or Highland View Park, such lot line shall be considered to be a street line for the purposes of applying all use and bulk regulations of this Resolution.

(b) For multiple buildings on the same zoning lot

For the purposes of applying the special use and bulk regulations of this Chapter, abutting buildings on the same zoning lot may be considered one building.

SPECIAL USE REGULATIONS

The special use regulations set forth in this Section, inclusive, shall modify the underlying Commercial Districts, as applicable.

For the purposes of this Chapter, “ground floor level” shall mean the finished floor level within five feet of an adjacent public sidewalk or any other publicly accessible open space.

Use Group 5

For the purposes of this Chapter, the definition of transient hotel shall be modified to allow only such hotels used exclusively for transient occupancy. Such transient hotels
used exclusively for transient occupancy shall be permitted only in specified locations as set forth in this Chapter.

(7/29/09)

131-12
Use Groups A, B and C

Special Use Groups are established as set forth in this Section, to promote and strengthen the commercial and entertainment character of the Special District.

(7/29/09)

131-121
Use Group A: Amusements

Use Group A consists of a group of uses, selected from Use Groups 12, 13 and 15, as modified in this Section, and may be open or enclosed:

Use Group A1

Amusement arcades

Amusement parks, with no limitation on floor area per establishment

Animal exhibits, circuses, carnivals or fairs of a temporary nature

Camps, overnight or day, commercial beaches or swimming pools

Dark rides, electronic or computer-supported games, including interactive entertainment facilities, laser tag and motion simulators

Ferris wheels, flume rides, roller coasters, whips, parachute jumps, dodgem scooters, merry-go-rounds or similar midway attractions

Fortune tellers, freak shows, haunted houses, wax museums,
or similar midway attractions

Miniature golf courses and model car hobby centers, including racing

Open booths with games of skill or chance, including shooting galleries

Water parks

Use Group A2

Arenas or auditoriums, with capacity limited to 2,000 seats

Billiard parlors or pool halls, table tennis halls or bowling alleys, with no limitation on number of bowling lanes per establishment

Gymnasiums or recreational sports facilities including, but not limited to, indoor golf driving ranges, batting cages, basketball, volleyball, squash and other courts, without membership requirements

Skateboard parks, roller or ice skating rinks

Theaters, including movie theaters, provided such #use# does not occupy the ground floor level of a #building#, except for lobbies limited to a maximum #street# frontage of 30 feet, except that on #corner lots# one #street# frontage may extend up to 100 feet.

#Accessory uses# to the amusements listed in this Section, including the display and sale of goods or services, provided:

(a) such #accessory uses# are limited to not more that 25 percent of the #floor area# of the amusement establishment or, for open #uses#, not more than 25 percent of the #lot area#;

(b) such #accessory uses# shall be entered only through the principal amusement establishment;

(c) such #accessory uses# shall share common cash registers with the principal amusement #use#;
(d) such accessory uses shall have the same hours of operation as the principal amusement use; and

(e) the principal amusement use shall occupy the entire street frontage of the ground floor level of the establishment and shall extend to a depth of at least 30 feet from the street wall of the building or, for open uses, at least 30 feet from the street line.

(7/29/09)

131-122
Use Group B: Amusement and entertainment-enhancing uses

Use Group B consists of a group of uses, selected from Use Groups 6, 9, 12, 13 and 18, as modified in this Section:

Art gallery, commercial

Banquet halls

Breweries

Eating or drinking establishments of any size, including those with entertainment or dancing

Historical exhibits

Spas and bathhouses

Studios, art, music, dancing or theatrical

Tattoo parlors

Radio or television studios

Wedding chapels

(7/29/09)

131-123
Use Group C: Retail and service uses
Use Group C consists of a group of retail and service uses, selected from Use Groups 6, 7, 12 and 14, as modified in this Section:

Arts and crafts production and sales, including but not limited to ceramics, art needlework, hand weaving or tapestries, book binding, fabric painting, glass blowing, jewelry or art metal craft and wood carving

Bicycle sales, rental or repair shops

Bookstores

Candy or ice cream stores

Clothing or clothing accessory

Clothing, custom manufacturing or altering for retail, including costume production and hair product manufacturing

Delicatessen stores

Fishing tackle or equipment, rental or sales

Gift shops

Jewelry manufacturing from precious metals

Musical instrument stores

Music stores

Newsstands

Patio or beach furniture or equipment

Photographic equipment stores and studios

Sporting goods or equipment, sale or rental, including instruction in skiing, sailing or skin diving

Toy stores

(7/29/09)
131-13
Special Use Regulations in Subdistricts

(3/22/16)

131-131
Coney East Subdistrict

The use regulations of the underlying C7 District are modified as set forth in this Section. The locations of the mandatory ground floor use regulations of paragraphs (b), (c), (d) and (f) of this Section are shown on the streets, or portions of streets, specified on Map 2 in the Appendix to this Chapter. Transient hotels and Use Groups A, B and C, as set forth in Sections 131-11 through 131-123, inclusive, and public parking garages, shall be the only uses allowed in the Coney East Subdistrict, and shall comply with the following regulations:

(a) Use Group C

Use Group C uses shall be limited to 2,500 square feet of floor area and 30 feet of street frontage, except that on corner lots one street frontage may extend up to 100 feet.

(b) Bowery and Wonder Wheel Way

At least 50 percent of Bowery and Wonder Wheel Way street frontage of any zoning lot shall be occupied by open uses listed in Use Group A1 or, if enclosed, by Use Group A1 uses at the ground floor level, and not more than 50 percent of the Bowery and Wonder Wheel Way street frontage of any zoning lot shall be occupied by Use Group C uses at the ground floor level.

(c) Surf Avenue

At least 15 percent of the street frontage of each block front bounding the south side of Surf Avenue between West 16th Street and West 10th Street shall be occupied by open uses listed in Use Group A1 or, if enclosed, by Use Group A1 uses at the ground floor level.
There shall be separate open establishments or enclosed ground floor establishments fronting upon each block front bounding Surf Avenue, as follows:

(1) on the block front bounding the southerly street line of Surf Avenue between Stillwell Avenue and West 12th Street there shall be at least six establishments;

(2) on the block front bounding the southerly street line of Surf Avenue between West 12th Street and West 10th Street there shall be at least six establishments;

(3) on all other block fronts there shall be at least four establishments;

(4) the provisions of this paragraph (c) shall not apply along the southerly street line of Surf Avenue east of West 10th Street.

There may be fewer establishments fronting upon such block fronts than required pursuant to this paragraph (c), where the Chairperson of the Department of City Planning certifies to the Department of Buildings that such modification is necessary to accommodate an amusement use listed in Use Group A1.

(d) Stillwell Avenue and West 10th Street

At least 15 percent of the Stillwell Avenue and West 10th Street street frontage of any zoning lot shall be occupied by open uses listed in Use Group A1 or, if enclosed, by Use Group A1 uses at the ground floor level.

(e) #Transient hotels#

(1) Transient hotels shall be permitted only on blocks with Surf Avenue frontage, except that no transient hotels shall be permitted on that portion of the block bounded by West 15th and West 16th Streets south of the prolongation of the centerline of Bowery.

(2) Transient hotel use shall not be permitted within
50 feet of Bowery on the ground floor level of a building, except that where a zoning lot has frontage only on Bowery, a transient hotel lobby may occupy up to 30 feet of such frontage.

(3) For transient hotels located on zoning lots with at least 20,000 square feet of lot area, an amount of floor area or lot area of Use Group A1 uses equal to at least 20 percent of the total floor area permitted on such zoning lot shall be provided either onsite or anywhere within the Coney East Subdistrict.

(4) The street wall of the ground floor level of a transient hotel shall be occupied by active accessory uses including, but not limited to, lobbies, retail establishments, eating and drinking establishments and amusements.

(5) Accessory retail establishments within a transient hotel shall be limited to 2,500 square feet of floor area.

(f) Depth of ground floor uses

All ground floor uses within buildings shall have a depth of at least 15 feet measured from the street wall of a building, located on streets, or portions of streets, shown on Map 2. However, such minimum depth requirement may be reduced where necessary in order to accommodate vertical circulation cores or structural columns associated with upper stories of the building.

(g) Parcel 2

On Parcel 2, as shown on Map 2, only uses listed in Use Group A, and public parking garages of any size, shall be permitted, provided such garages comply with the provisions of Section 131-52 (Use and Location of Parking Facilities).

(h) Parcel 3

On Parcel 3, as shown on Map 2, the provisions of the underlying C7 District shall apply, except as modified in this paragraph, (h). Only open amusement uses listed in Use Groups 13A and 15, as set forth in Sections 32-22 and
32-24, respectively, shall be permitted.

(3/22/16)

131-132
Coney North and Coney West Subdistricts

In the Coney North and Coney West Subdistricts, #uses# allowed by the underlying district regulations shall apply, except as modified in this Section for #uses# fronting upon #streets# specified on Map 2 (Mandatory Ground Floor Use Requirements) in the Appendix to this Chapter. For the purposes of this Section, the “building line” shown on Parcel F on Map 2 shall be considered a #street line# of Ocean Way or Parachute Way, as applicable. Furthermore, an open or enclosed ice skating rink shall be a permitted #use# anywhere within Parcel F in the Coney West Subdistrict.

(a) Mandatory ground floor level #uses# along certain #streets#

Any #use# listed in Use Groups A, B and C, as set forth in Section 131-12, inclusive, not otherwise allowed by the underlying district regulations, shall be permitted within 70 feet of Riegelmann Boardwalk and within 100 feet of all other designated #streets#, as shown on Map 2.

(1) Riegelmann Boardwalk

Only #uses# listed in Use Groups A, B and C and #transient hotels# located above the ground floor level are permitted within 70 feet of Riegelmann Boardwalk, except that a #transient hotel# lobby may occupy up to 30 feet of such ground floor frontage along Riegelmann Boardwalk. Use Group C #uses# shall be limited to 2,500 square feet of #floor area# and 30 feet of #street# frontage for each establishment. All other establishments shall be limited to 60 feet of #street# frontage, except that for any establishment on a corner, one #street# frontage may extend up to 100 feet. All ground floor #uses# within #buildings# shall have a depth of at least 15 feet measured from the #street wall# of the #building#. However, such minimum depth requirement may be reduced where necessary in order to accommodate
vertical circulation cores or structural columns associated with upper #stories# of the #building#.

(2) #Streets# other than Riegelmann Boardwalk

At least 20 percent of the frontage of a #building# or of an open #use#, on a #street# specified on Map 2, shall be allocated exclusively to #uses# listed in Use Groups A, B or C. The remaining frontage of such #building# or open #use#, on a specified #street#, shall be allocated to #commercial uses# permitted by the underlying district regulations or, where permitted, a #transient hotel#. In addition, a #residential# lobby may occupy up to 40 feet of frontage along a specified #street# frontage.

There shall be at least four separate ground floor or open #commercial# establishments fronting upon each #block# fronting on Surf Avenue.

All ground floor #commercial uses# within #buildings# shall have a depth of at least 50 feet measured from the #street wall# of the #building#. Such minimum 50 foot depth requirement may be reduced where necessary in order to accommodate a #residential# lobby, vertical circulation cores or structural columns associated with upper #stories# of the #building#.

(b) Prohibited ground floor level #uses# along #streets# other than Riegelmann Boardwalk

No #use# listed in this paragraph, (b), shall be permitted within 50 feet of a #street# specified on Map 2. Lobbies or entryways to non-ground floor level #uses# are permitted, provided the length of #street# frontage occupied by such lobbies or entryways does not exceed, in total, 60 feet.

From Use Group 2:

All #uses#

From Use Groups 3A and 3B:

All #uses#, except for libraries, museums or non-commercial art galleries
From Use Groups 4A and 4B:

All #uses#, except for houses of worship or playgrounds

From Use Group 5A:

All #uses#, except that #transient hotels# shall be permitted within 200 feet of Surf Avenue between Stillwell Avenue and West 16th Street

From Use Groups 6B, and 6E:

Offices, veterinary medicine offices or non-commercial clubs

From Use Group 6C:

Banks (except for automated teller machines, provided the length of #street# frontage allocated for automated teller machines shall be no more than 25 feet or 40 percent of the frontage of the #zoning lot#, whichever is less, except such frontage need not be less than 20 feet), except that this prohibition shall not apply along Stillwell Avenue

Electrolysis studios, frozen food lockers and loan offices

From Use Group 6D:

All #uses#

From Use Group 7:

All #uses#, except for bicycle rental or repair shops

From Use Groups 8A and 8B:

Automobile driving schools, ice vending machines, lumber stores or pawn shops

From Use Groups 8C, 8D and 8E:

All #uses#

From Use Groups 9A, 9B and 9C:

All #uses#, except for gymnasiums, public auction rooms,
photographic developing or printing establishments for the consumer, or art, music, dancing or theatrical studios

From Use Groups 10A, 10B and 10C:

- Depositories for storage, and wholesale offices or showrooms

Use Group 11:

- All uses

Use Groups 12A and 12B:

- Trade expositions

Use Groups 12C and 12D:

- All uses

Use Group 14A and 14B:

- All uses, except for bicycle sales, rental or repair shops.

(3/22/16)

**131-14 Location of Uses Within Buildings**

The provisions of Section 32-42 are modified to permit:

(a) residential uses on the same story as a commercial use or directly below a commercial use, provided no access exists between such uses at any level containing residences, and separate elevators and entrances from the street are provided; and

(b) in the Coney North and Coney West Subdistricts, any commercial use permitted by this Chapter shall be permitted on the second story of a mixed building. Furthermore, a public parking garage may occupy any story of a mixed building provided such garage complies with the provisions of Section 131-52 (Use and Location of Parking Facilities).
131-15
Transparency

Each ground floor level #street wall# of a #commercial# or #community facility use# other than a #use# listed in Use Group A, as set forth in Section 131-121, shall be glazed in accordance with the provisions of Section 37-34 (Minimum Transparency Requirements).

However, in the Coney East Subdistrict and along Riegelmann Boardwalk and boundary of KeySpan Park in the Coney West Subdistrict, in lieu of the transparency requirements of this Section, at least 50 percent of the area of the ground floor level #street wall# of a #commercial use#, measured to a height of 12 feet above the level of the adjoining sidewalk, public access area or #base plane#, whichever is higher, may be designed to be at least 50 percent open during seasonal business hours.

131-16
Authorization for Use Modifications

Along #streets# specified on Map 2 (Mandatory Ground Floor Use Requirements) in the Appendix to this Chapter, other than Riegelmann Boardwalk, the City Planning Commission may authorize establishments containing Use Group A, B or C #uses# within #buildings# with a ground floor depth of less than 50 feet upon a finding that the design and operation of such establishments result in an effective and compelling amusement, entertainment or retail space that furthers the goals of the Special District.
(a) In the Coney East Subdistrict, the underlying C7 #sign# regulations shall apply, except that:

(1) no #advertising signs# shall be permitted above a height of 40 feet; and

(2) the provisions of Sections 32-66 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways), inclusive, and 32-67 (Special Provisions Applying Along District Boundaries) shall not apply.

(b) In the Coney North and Coney West Subdistricts, the underlying C2-4 District #sign# regulations shall apply, except that the height restrictions of Section 32-655 shall be modified to allow permitted #signs# at the level of any #story# occupied by a #commercial use#.

(2/2/11)

131-30
FLOOR AREA, LOT COVERAGE AND YARD REGULATIONS

The #floor area ratio# regulations of the underlying districts shall be modified as set forth in this Section, inclusive.

(2/2/11)

131-31
Coney East Subdistrict

(a) Except on Parcel 3, as shown on Map 3 (Coney East Subdistrict Floor Area Ratios) in the Appendix to this Chapter, the maximum #floor area ratio# of the underlying C7 District shall not apply. In lieu thereof, the maximum #floor area ratio# is specified for each #block#, or portion thereof, as shown on Map 3. On Parcel 2, as shown on Map 3, the maximum #floor area ratio# for a #public parking garage# shall be 4.0.

On Parcel 3, the maximum #floor area ratio# of the underlying C7 District shall apply. Furthermore, #floor
area# attributable to Parcel 3 shall be used exclusively within Parcel 3.

(b) In the Coney East Subdistrict, no #rear yards# shall be required.

(7/29/09)

131–32
Coney West, Coney North and Mermaid Avenue Subdistricts

(3/22/16)

131–321
Special floor area regulations for residential uses

R7A R7D R7X

(a) Applicability of Inclusionary Housing Program

R7A, R7D and R7X Districts within the #Special Coney Island District# shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

(b) Maximum #floor area ratio#

The base #floor area ratio# for any #zoning lot# containing #residences# shall be as set forth in the table in this Section. Such base #floor area ratio# may be increased to the maximum #floor area ratio# set forth in the table through the provision of #affordable housing#, pursuant to the provisions for #Inclusionary Housing designated areas#, as set forth in Section 23-90 (INCLUSIONARY HOUSING), inclusive. Parcels A through F within R7D Districts are shown on Map 1 (Special Coney Island District and Subdistricts).

FLOOR AREA RATIO FOR BUILDINGS CONTAINING RESIDENCES

<table>
<thead>
<tr>
<th>Subdistrict/Parcels</th>
<th>Zoning</th>
<th>Base</th>
<th>Maximum</th>
</tr>
</thead>
</table>

## Coney West #floor area# distribution

In the Coney West Subdistrict, #floor area# attributable to #zoning lots# within the following sets of parcels, as shown on Map 1 in the Appendix to this Chapter, may be distributed anywhere within such sets of parcels:

- Parcels A and B
- Parcels C and D
- Parcels E and F.

In addition, #floor area# attributable to #block# 7071, lot 130, within Parcel B may be distributed anywhere within Parcels C or D.

## Height and setback

For all #zoning lots#, or portions thereof, located in the Coney West or Coney North Subdistricts, the height and setback regulations of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) shall not apply. In lieu thereof, the height and setback regulations of this Chapter shall apply.

(7/29/09)

### 131-322

**Special floor area regulations for community facility uses**

In the Coney West and Coney North Subdistricts, the maximum permitted #floor area ratio# for #community facility uses#
shall be 2.0.

(7/29/09)

131-323
Special floor area ratio regulations for hotel uses

In the Coney North Subdistrict, for #transient hotels# located within 200 feet of Surf Avenue between Stillwell Avenue and West 16th Street, the maximum permitted #floor area ratio# shall be 3.75.

(3/22/16)

131-324
Lot coverage

In the #Special Coney Island District#, the level of any #building# containing #accessory# parking spaces or non-#residential uses# shall be exempt from #lot coverage# regulations.

(7/29/09)

131-40
HEIGHT AND SETBACK REGULATIONS

The underlying height and setback regulations shall not apply. In lieu thereof, the height and setback regulations of this Section shall apply. The height of all #buildings or other structures# shall be measured from the #base plane#.

(4/30/12)

131-41
Rooftop Regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Coney Island
District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts) only in the Mermaid Avenue Subdistrict.

(2/2/11)

131-42
Coney East Subdistrict

The regulations of this Section, inclusive, shall apply to all buildings or other structures in the Coney East Subdistrict. Street wall location rules and maximum base height rules shall apply only to buildings. Maximum heights shall apply to all buildings or other structures.

For the purposes of applying the height and setback regulations of this Section, Jones Walk shall not be considered a street. Maps 4 (Street Wall Location) and 5 (Minimum and Maximum Base Heights) in the Appendix to this Chapter, illustrate the street wall location provisions and minimum and maximum base height provisions of this Section.

A building or other structure that exceeds a height limit shall be permitted where the Chairperson of the Department of City Planning certifies to the Department of Buildings that such additional height is necessary to accommodate an amusement use listed in Use Group A1.

(3/22/16)

131-421
Coney East Subdistrict, south side of Surf Avenue

The following regulations shall apply along the south side of Surf Avenue and along those portions of streets intersecting Surf Avenue located north of a line drawn 50 feet north of and parallel to the northern street line of Bowery and its westerly prolongation.

(a) Street wall location

The street wall of a building shall be located within
five feet of the #street line# and extend along the entire
frontage of the #zoning lot#, except that:

(1) a sidewalk widening shall be required at the
intersection of Surf Avenue and West 10th Street,
extending from a point on the Surf Avenue #street
line# 125 feet west of West 10th Street to a point on
the West 10th Street #street line# 20 feet south of
Surf Avenue. Such area shall be improved as a
sidewalk to Department of Transportation standards,
be at the same level as the adjoining sidewalks, and
be accessible to the public at all times. Such
sidewalk widening line shall be considered a #street
line# for the purposes of applying the #use# and
height and setback regulations of this Chapter;

(2) ground floor level recesses up to three feet deep
shall be permitted for access to #building#
entrances. However, for #building# entrances
providing direct access to the lowest #story# located
above the #base flood elevation#, such recesses shall
be permitted to have a depth of up to 10 feet
provided the width of such recesses does not exceed
20 feet and the height of such recessed area is not
less than 15 feet at any point as measured from the
#base flood elevation#;

(3) to allow for corner articulation, the #street wall#
may be located anywhere within an area bounded by
intersecting #street lines# and lines 15 feet from
and parallel to such #street lines#;

(4) to allow for portions of towers to rise without
setback from grade, a portion of a #building# base
below a tower may be set back 10 feet from the
#street line#, provided the width of such setback
area is not greater than 40 percent of the width of
the #street wall# of the tower, and provided such
setback area complies with the provisions of Section
131-47 (Design Requirements for Ground Level
Setbacks).

(b) #Building# base

(1) Surf Avenue, west of West 12th Street

West of West 12th Street, the #street wall# of a
(a) Building height

Any portion of a building shall rise without setback to a minimum base height of 35 feet or the height of the building, whichever is less, and a maximum base height of 45 feet. If a tower is provided, in accordance with the requirements of paragraph (d) of this Section, the maximum base height shall be 65 feet. At a height no lower than the minimum base height and no higher than the maximum base height, a setback shall be required, pursuant to the provisions set forth in paragraph (c) of this Section.

Any portion of a street wall which exceeds a height of 60 feet shall be located within 150 feet of the intersection of two street lines and shall coincide with the location of a tower. Towers shall comply with the location requirements of paragraph (d) of this Section.

(2) Surf Avenue, east of West 12th Street

East of West 12th Street, the street wall of a building shall rise without setback to a minimum base height of 35 feet or the height of the building, whichever is less, and a maximum base height of 45 feet. At a height no lower than the minimum base height and no higher than the maximum base height, a setback is required that shall comply with the provisions set forth in paragraph (d) of this Section.

For the base of any building located on the south side of Surf Avenue, above the level of the second story, up to 30 percent of the aggregate width of street walls may be recessed, provided no recesses are located within 15 feet of an adjacent building or within 30 feet of the intersection of two street lines, except where corner articulation is provided as set forth in paragraph (a)(3) of this Section.

(c) Transition height

All portions of a building that exceed the applicable maximum base height specified in paragraph (b) of this Section shall be set back from the street line at least 20 feet except that, where towers are provided, the minimum setback depth from the street line shall be 10 feet.
(1) West of West 12th Street

All portions of a #building# that exceed the maximum base height set forth in paragraph (b)(1) of this Section shall comply with the tower provisions of paragraph (d) of this Section.

(2) East of West 12th Street

The maximum transition height shall be 65 feet, and all portions of #buildings# that exceed such height shall comply with the tower provisions of paragraph (d) of this Section, except that within 100 feet of Jones Walk on the easterly side, the maximum #building# height after the required setbacks shall be 85 feet.

(3) Special Regulations for Use Group A

The transition height regulations of paragraphs (c)(1) and (c)(2) of this Section shall not apply to #buildings# that rise to a maximum height of 85 feet to accommodate a Use Group A #use# or to #buildings# where the Chairperson of the Department of City Planning certifies to the Department of Buildings that additional height is necessary to accommodate an amusement #use# listed in Use Group A1.

(d) Towers

All #stories# of a #building# located partially or wholly above a height of 65 feet shall be considered a “tower” and shall comply with the provisions of this paragraph (d).

(1) Maximum floorplate

Each #story# of a tower shall not exceed a gross area of 8,500 square feet.

(2) Maximum length and height

The outermost walls of all tower #stories# shall be inscribed within a rectangle, and no side of such rectangle shall exceed a length of 165 feet.
The maximum height of a building located between West 12th Street and Jones Walk shall be 150 feet between West 12th Street and Jones Walk. The maximum height of a building located between West 12th Street and West 16th Street on zoning lots with less than 50,000 square feet of lot area shall be 220 feet; on zoning lots with 50,000 square feet or more of lot area, the maximum height of a building shall be 270 feet. All towers that exceed a height of 150 feet shall provide articulation in accordance with Section 131-46.

(3) Tower location

All towers shall be located within 25 feet of Surf Avenue and entirely within 100 feet of an intersecting street.

(7/29/09)

131-422
Coney East Subdistrict, north side of Surf Avenue

Any building or other structure fronting upon the north side of Surf Avenue shall not exceed a height of 85 feet. Furthermore, in order to protect the view from the elevated subway to the Coney East Subdistrict, no portion of such building or other structure, including permitted obstructions or signs, shall be located between a height of five feet below the upper level of the elevated subway tracks and a level 25 feet above such level, except for a vertical circulation core, supporting structural elements and related appurtenances. In no event shall more than 30 percent of the Surf Avenue frontage of the zoning lot be obstructed with such elements.

(3/22/16)

131-423
Along all other streets

The following regulations shall apply along Wonder Wheel Way, Bowery, and all other streets, and portions thereof, located south of a line drawn 50 feet north of and parallel to the
northern #street# line of Bowery and its westerly prolongation.

(a) #Street wall# location

The #street wall# of the #building#, or portion thereof, shall be located within five feet of the #street line#. However, for #building# entrances providing direct access to the lowest #story# located above the #base flood elevation#, a recess shall be permitted to have a depth of up to 10 feet as measured from the #street line#, provided the width of such recess does not exceed 20 feet and the height of such recessed area is not less than 15 feet at any point as measured from the #base flood elevation#;

(b) Maximum height

The #street wall# of a #building#, or portion thereof, shall rise to a minimum height of 20 feet and a maximum height of 40 feet before setback. The maximum height of a #building or other structure# shall be 60 feet, provided any portion of a #building# that exceeds a height of 40 feet shall be set back from the #street wall# of the #building# at least 20 feet.

West of West 12th Street, along the northern #street line# of Bowery, the maximum #building# height shall be 40 feet. If a tower is provided along the Surf Avenue portion of the #block#, 40 percent of the #aggregate width of street walls# may rise above the maximum #street wall# height of 40 feet, provided that such portion is located within 150 feet of the intersection of two #street lines#. However, where the portion of the #block# that fronts on Surf Avenue is #developed# or #enlarged# pursuant to the special regulations for Use Group A in paragraph (c)(3) of Section 131-421 (Coney East Subdistrict, south side of Surf Avenue), the #street wall# may rise after a setback of 20 feet to a maximum height of 60 feet for the entire length of the Bowery #street line#, or may extend beyond the 40 percent of the #aggregate width of street wall# for the length of the #street wall# of such Use Group A #development# or #enlargement# which fronts along Surf Avenue, whichever is less.

(7/29/09)
Coney West Subdistrict

The regulations of this Section shall apply to all buildings or other structures in the Coney West Subdistrict. Map 4 (Street Wall Location), Map 5 (Minimum and Maximum Base Heights) and Map 6 (Coney West Subdistrict Transition Heights), in the Appendix to this Chapter, illustrate the street wall location provisions, minimum and maximum base height provisions and transition height provisions of this Section, inclusive. For the purposes of this Section, the “building line” shown on Parcel F shall be considered a street line of Ocean Way or Parachute Way, as indicated on such maps.

Coney West District, Surf Avenue

The regulations of this Section shall apply along Surf Avenue. The street wall location provisions of paragraph (a) of this Section shall also apply along streets intersecting Surf Avenue within 50 feet of Surf Avenue, and the building base regulations of paragraph (b) of this Section shall also apply along streets within 100 feet of Surf Avenue.

(a) Street wall location

The street wall of a building base shall be located on the Surf Avenue street line and extend along the entire Surf Avenue frontage of the zoning lot, except that:

(1) ground floor level recesses up to three feet deep shall be permitted for access to building entrances, except that for building entrances providing direct access to the lowest story located above the base flood elevation, such recesses shall be permitted to have a depth of up to 10 feet provided the width of such recess does not exceed 20 feet and the height of such recessed area is not less than 15 feet at any point as measured from the base flood elevation;

(2) to allow for corner articulation, the street wall may be located anywhere within an area bounded by
intersecting street lines and lines 15 feet from and parallel to such street lines; and

(3) to allow for portions of towers to rise without setback from grade, a portion of a building base below a tower may be set back 10 feet from a street line, provided the width of such setback area is not greater than 40 percent of the width of the street wall of the tower and provided such setback area complies with the provisions of Section 131-47 (Design Requirements for Ground Level Setbacks).

(b) Building base

A street wall fronting on Surf Avenue shall rise without setback to a minimum height of six stories or 65 feet, or the height of the building, whichever is less, and a maximum height of eight stories or 85 feet, whichever is less, before a setback is required. However, on the block front bounded by West 21st Street and West 22nd Street, the minimum height of a street wall shall be 40 feet and the maximum height of a street wall shall be six stories or 65 feet, whichever is less, before a setback is required.

Above the level of the second story, up to 30 percent of the aggregate width of street walls may be recessed, provided no recesses are located within 15 feet of an adjacent building or within 30 feet of the intersection of two street lines, except where corner articulation is provided as set forth in paragraph (a)(2) of this Section.

All portions of a building or other structure that exceed the maximum heights set forth in this paragraph, (b), shall be set back from the street line at least 10 feet.

(c) Transition height

Above the maximum base height, a street wall may rise to a maximum transition height of nine stories or 95 feet, whichever is less, provided that such street walls are set back a minimum distance of 10 feet from the Surf Avenue street line. All portions of buildings or other structures that exceed a transition height of 95 feet shall comply with the tower provisions of Section 131-434 (Coney West Subdistrict towers).
131-432
Along all other streets, other than Riegelmann Boardwalk

The following regulations shall apply along all other streets in the Coney West Subdistrict, except within 70 feet of Riegelmann Boardwalk.

(a) Street wall location

The street wall of a building base, or portion thereof, beyond 50 feet of Surf Avenue, shall be located within eight feet of the street line except that, to allow portions of towers to rise without setback from grade, a portion of a building base below a tower may be set back 10 feet from the street line, provided the width of such setback area is not greater than 40 percent of the width of the street wall of the tower. In addition, for street walls facing Ocean Way, building entrances providing direct access to the lowest story located above the base flood elevation may be recessed up to a depth of 10 feet as measured from the street line, provided the width of such recess does not exceed 20 feet and the height of such recessed area is not less than 15 feet at any point as measured from the base flood elevation.

The entire area of the zoning lot between the street line and all street walls of the building and their prolongations shall be planted at ground level, or in raised planting beds that are permanently affixed to the ground, except that such plantings shall not be required at the entrances to and exits from the building, within driveways accessing off-street parking spaces located within, to the side, or rear of such building, or between commercial uses and the street line. No zoning lot shall be altered in any way that will either create a new non-compliance or increase the degree of non-compliance with the provisions of this Section.

(b) Building base

The street wall of a building base, or portion
thereof, located beyond 100 feet of Surf Avenue, shall rise without setback to a minimum height of 40 feet or the height of the \#building\#, whichever is less, and a maximum height of six \#stories\# or 65 feet, whichever is less. Up to 30 percent of the \#aggregate width of street walls\# may be recessed for \#outer courts\# or balconies, provided no recesses are located within 15 feet of an adjacent \#building\# or within 30 feet of the intersection of two \#street lines\#, and provided the maximum depth of such recesses is 15 feet, as measured from the \#street line\#. All portions of a \#building or other structure\# that exceed a height of 65 feet shall be set back from the \#street wall\# at least 10 feet, except such setback distance may include the depth of any permitted recesses.

(c) Transition heights

Beyond 100 feet of Surf Avenue, a \#street wall\# may rise to a maximum transition height of nine \#stories\# or 95 feet, whichever is less, provided that:

(1) above the maximum base height, \#street walls\# are set back a minimum distance of 10 feet from the \#street line\#, except that for \#blocks\# north of the Ocean Way \#street line\#, along a minimum of one \#street line\# bounding the \#block\# (except for Surf Avenue), at least 40 percent of the \#aggregate width of street walls\# shall remain open to the sky for a minimum depth of 100 feet from the \#street line\#;

(2) for \#blocks\# bounding the southern \#street line\# of Ocean Way, any portion of a \#building or other structure\# that exceeds a height of six \#stories\# or 65 feet, whichever is less, shall be located within 80 or 100 feet of a \#street line\#, as indicated on Map 6 in the Appendix to this Chapter;

(3) for portions of \#buildings\# higher than six \#stories\# or 65 feet that are within 100 feet of Riegelmann Boardwalk, each \#story\# within such portion shall provide a setback with a depth of at least 10 feet, measured from the south-facing wall of the \#story\# directly below.

A \#building or other structure\# may exceed such transition heights only in accordance with the tower provisions of Section 131-434.
131-433
Riegelmann Boardwalk and building line of Parcel F

A street wall shall be located on Riegelmann Boardwalk street line and extend along the entire Riegelmann Boardwalk frontage of the zoning lot to a minimum height of 20 feet, as shown on Map 5 (Minimum and Maximum Base Heights). Any building or other structure within 70 feet of Riegelmann Boardwalk shall not exceed a height of 40 feet above the level of Riegelmann Boardwalk.

In addition, on Parcel F, a street wall shall be located on the Parachute Way building line and the portion of the Ocean Way building line that is within 100 feet of the Parachute Way building line, as shown on Map 4 (Street Wall Location). Such street walls shall extend along such entire frontages of Parcel F to a minimum height of 20 feet.

131-434
Coney West Subdistrict towers

All stories of a building or portions of other structures located partially or wholly above an applicable transition height shall be considered a “tower” and shall comply with the provisions of this Section.

(a) Maximum floorplate

Each story of a tower shall not exceed a gross area of 8,500 square feet.

(b) Maximum length and height

On blocks bounding Surf Avenue, the maximum height of a building or other structure shall be 220 feet, and on blocks bounding the southerly street line of Ocean Way, the maximum height of a building or other structure shall be 170 feet. Furthermore, the outermost walls of all
tower #stories# shall be inscribed within a rectangle, and no side of such rectangle shall exceed a length of 165 feet.

Where #affordable housing# is provided pursuant to Section 131-321 (Special floor area regulations for residential uses), the maximum height of a #building# shall be increased to 270 feet, provided either:

(1) the outermost wall of all tower #stories# are inscribed within a rectangle where no side of such rectangle exceeds a length of 100 feet; or

(2) the outermost wall of all tower #stories# below a height of 120 feet are inscribed within a rectangle where no side of such rectangle exceeds a length of 130 feet and, above such height, no side of such rectangle shall exceed a length of 100 feet. In addition, above a height of 120 feet, the maximum floor plate shall be 80 percent of the #story# immediately below such height, or 6,800 square feet, whichever is greater. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least five feet and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of each respective tower face.

All #buildings# that exceed a height of 170 feet shall provide articulation in accordance with Section 131-46 (Tower Top Articulation).

(c) Tower location

All towers shall be located entirely within 100 feet of Parachute Way, West 20th Street, West 21st Street or West 22nd Street and within 25 feet of the intersection of two #street lines#. When a #zoning lot# fronting upon Surf Avenue contains a tower, such tower shall be located within 25 feet of Surf Avenue. No more than one tower shall be permitted on any #zoning lot#, except that where #affordable housing# is provided pursuant to Sections 23-90 and 131-321, no more than two towers shall be permitted on any #zoning lot#, and the second tower shall be located within 25 feet of Ocean Way. However, Parcel E may include two towers and, where #affordable housing# is provided
pursuant to Section 131-321, a third tower shall be permitted to be located anywhere on such parcel along Parachute Way.

(2/2/11)

131-44
Coney North Subdistrict

The regulations of this Section shall apply to all buildings or other structures in the Coney North Subdistrict. Maps 4 (Street Wall Location) and 5 (Minimum and Maximum Base Heights), in the Appendix to this Chapter, illustrate the street wall location provisions, minimum and maximum base height provisions and maximum building height provisions of this Section, inclusive.

(3/22/16)

131-441
Coney North Subdistrict, Surf Avenue

The regulations of this Section shall apply along Surf Avenue. The street wall location provisions of paragraph (a) of this Section shall also apply along streets intersecting Surf Avenue within 50 feet of Surf Avenue, and the building base regulations of paragraph (b) of this Section shall also apply along streets within 100 feet of Surf Avenue.

(a) Street wall location

The street wall of a building base shall be located on the Surf Avenue street line and extend along the entire Surf Avenue frontage of the zoning lot, except that:

(1) ground floor level recesses up to three feet deep shall be permitted for access to building entrances. However, for building entrances providing direct access to the lowest story located above the base flood elevation, such recesses shall be permitted to have a depth of up to 10 feet provided the width of such recess does not exceed 20 feet and the height of such recessed area is not less
than 15 feet at any point as measured from the base flood elevation;

(2) to allow for corner articulation, the street wall may be located anywhere within an area bounded by intersecting street lines and lines 15 feet from and parallel to such street lines; and

(3) to allow for portions of towers to rise without setback from grade, a portion of a building base below a tower may be set back 10 feet from a street line, provided the width of such setback area is not greater than 40 percent of the width of the street wall of the tower and provided such setback area complies with the provisions of Section 131-47 (Design Requirements for Ground Level Setbacks).

(b) Building base

The street wall of a building base fronting on Surf Avenue shall rise without setback to a minimum height of six stories or 65 feet, or the height of the building, whichever is less, and a maximum height of eight stories or 85 feet, whichever is less, before a setback is required. However, on the portion of the block bounded by Stillwell Avenue and West 15th Street, for buildings that exceed a height of 85 feet, all street walls of such building fronting on Surf Avenue shall rise without setback to a height of 85 feet.

Above the level of the second story, up to 30 percent of the aggregate width of street walls may be recessed, provided no recesses are located within 15 feet of an adjacent building or within 30 feet of the intersection of two street lines, except where corner articulation is provided, as set forth in paragraph (a)(2) of this Section.

All portions of a building or other structure that exceed a height of 85 feet shall be set back from the street line at least 10 feet, and shall comply with the tower provisions of Section 131-444 (Coney North Towers).

(c) Transition height

Above the maximum base height, a street wall may rise to a maximum transition height of nine stories or 95 feet,
whichever is less, provided that such street walls are set back a minimum distance of 10 feet from the Surf Avenue street line. All portions of buildings or other structures that exceed a transition height of 95 feet shall comply with the tower provisions of Section 131-444 (Coney North Subdistrict towers).

(3/22/16)

131-442
Along all other streets, other than Stillwell Avenue

The following regulations shall apply along all other streets in the Coney North Subdistrict, other than Stillwell Avenue.

(a) Street wall location

The street wall of a building base, or portion thereof, beyond 50 feet of Surf Avenue, shall be located within eight feet of the street line except that, to allow portions of towers to rise without setback from grade, a portion of a building base below a tower may be recessed 10 feet from the street line, provided the width of such recess area is not greater than 40 percent of the width of the street wall of the tower.

The entire area of the zoning lot between the street line and all street walls of the building and their prolongations shall be planted at ground level, or in raised planting beds that are permanently affixed to the ground, except that such plantings shall not be required at the entrances to, and exits from, the building, within driveways accessing off-street parking spaces located within, to the side, or rear of such building, or between commercial uses and the street line. No zoning lot shall be altered in any way that will either create a new non-compliance or increase the degree of non-compliance with the provisions of this Section.

(b) Building base

The street wall of a building base, or portion thereof, located beyond 100 feet of Surf Avenue, shall rise without setback to a minimum height of 40 feet, or the height of the building, whichever is less, and a
maximum height of six #stories# or 65 feet, whichever is less. Up to 30 percent of the #aggregate width of street walls# may be recessed for #outer courts# or balconies, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, and provided the maximum depth of such recesses is 15 feet, as measured from the #street line#.

All portions of a #building or other structure# that exceed a height of 65 feet shall be set back from the #street wall# of the #building# at least 10 feet, except such setback distance may include the depth of any permitted recesses.

(c) Transition height

In all portions of #blocks# located beyond 100 feet of Surf Avenue, a #street wall# may rise above the maximum base height to a maximum transition height of eight #stories# or 85 feet, whichever is less, provided that such #street walls# are set back a minimum distance of 10 feet from the #street line#. All portions of #buildings or other structures# that exceed a transition height of 85 feet shall comply with the tower provisions of Section 131-444 (Coney North Subdistrict towers).

(2/2/11)

131-443
Mermaid and Stillwell Avenues

Within 100 feet of Mermaid Avenue and within 100 feet of Stillwell Avenue, except within 100 feet of Surf Avenue, all portions of a #building or other structure# shall comply with the height and setback regulations of a C2 District mapped within an R7A District, except that the #street wall# of a #building# shall be located on the #street line# and rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less, except that:

(a) ground floor level recesses up to three feet deep shall be permitted for access to #building# entrances. However, for #building# entrances providing direct access to the lowest #story# located above the #base flood elevation#, such
recesses shall be permitted to have a depth of up to 10 feet provided the width of such recess does not exceed 20 feet and the height of such recessed area is not less than 15 feet at any point as measured from the base flood elevation;

(b) to allow for corner articulation, the street wall may be located anywhere within an area bounded by intersecting street lines and lines 15 feet from and parallel to such street lines; and

(c) above the level of the second story, up to 30 percent of the aggregate width of street walls may be recessed, provided no recesses are located within 15 feet of an adjacent building or within 30 feet of the intersection of two street lines, except where corner articulation is provided as set forth in paragraph (b) of this Section.

(3/22/16)

131-444
Coney North Subdistrict towers

All stories of a building or portions of other structures located partially or wholly above a height of 85 feet within 175 feet of Surf Avenue and above a height of 65 feet beyond 175 feet of Surf Avenue shall be considered a “tower” and shall comply with the provisions of this Section.

(a) Maximum floorplate

Each story of a tower shall not exceed a gross area of 8,500 square feet.

(b) Maximum length and height

On blocks bounding Surf Avenue, the maximum height of a building or other structure shall be 220 feet and beyond 175 feet of Surf Avenue the maximum height of a building or other structure shall be 170 feet. Furthermore, the outermost walls of all tower stories shall be inscribed within a rectangle and no side of such rectangle shall exceed a length of 165 feet.

Where affordable housing is provided pursuant to Section
131-321 (Special floor area regulations for residential uses), the maximum height of a building shall be increased to 270 feet, provided that either:

(1) the outermost wall of all tower stories are inscribed within a rectangle, where no side of such rectangle shall exceed a length of 100 feet; or

(2) the outermost wall of all tower stories, below a height of 120 feet, are inscribed within a rectangle, where no side of such rectangle shall exceed a length of 130 feet, and above such height, no side of such rectangle shall exceed a length of 100 feet. In addition, above a height of 120 feet, the maximum floorplate shall be 80 percent of the story immediately below such height or 6,800 square feet, whichever is greater. Such reduced lot coverage shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least five feet and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of each respective tower face.

All buildings that exceed a height of 170 feet shall provide articulation in accordance with Section 131-46 (Tower Top Articulation).

(c) Tower location

Towers shall be located within 25 feet of Surf Avenue and entirely within 100 feet of an intersecting street. No more than one tower shall be permitted on any zoning lot, except that where affordable housing is provided pursuant to Sections 23-90 and 131-321, a second tower shall be permitted anywhere on the zoning lot where such tower is entirely beyond 175 feet of Surf Avenue and 10 feet from any other street. All towers shall be located at least 10 feet from a side lot line.

(2/2/11)

131-45
Mermaid Avenue Subdistrict
All portions of a building or other structure shall comply with the height and setback regulations of a C2 District mapped within an R7A District, except that on Mermaid Avenue, and on intersecting streets within 50 feet of Mermaid Avenue, the street wall of a building shall be located on the street line and rise without setback to a minimum base height of 40 feet or the height of the building, whichever is less, except that:

(a) ground floor level recesses up to three feet deep shall be permitted for access to building entrances. However, for building entrances providing direct access to the lowest story located above the base flood elevation, such recesses shall be permitted to have a depth of up to 10 feet, provided the width of such recess does not exceed 20 feet and the height of such recessed area is not less than 15 feet at any point as measured from the base flood elevation;

(b) to allow for corner articulation, the street wall may be located anywhere within an area bounded by intersecting street lines and lines 15 feet from and parallel to such street lines; and

(c) above the level of the second story, up to 30 percent of the aggregate width of street walls may be recessed, provided no recesses are located within 15 feet of an adjacent building or within 30 feet of the intersection of two street lines, except where corner articulation is provided as set forth in paragraph (b) of this Section.

(7/29/09)

131-46
Tower Top Articulation

All buildings that exceed a height of 170 feet shall provide articulation in accordance with at least one of following provisions:

(a) Setbacks on each tower face

The highest three stories, or as many stories as are located entirely above a height of 170 feet, whichever is less, shall have a lot coverage of at least 50 percent
of the #story# immediately below such #stories#, and a maximum #lot coverage# of 80 percent of the #story# immediately below such #stories#. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph (a), each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(b) Three setbacks

Setbacks shall be provided at the level of three different #stories#, or as many #stories# as are located entirely above a height of 170 feet, whichever is less. Such setbacks shall be located on either the north-facing or south-facing side of the #building#, but not both. Such setbacks shall have a minimum depth of 15 feet measured, as applicable, from the north-facing or south-facing wall of the #story# immediately below. For towers with at least six #stories# located entirely above a height of 170 feet, the lowest level at which such setbacks may be provided is 170 feet, and the highest #story#, therefore, shall be located entirely within the northern or southern half of the tower, as applicable.

(c) Reverse setbacks

A minimum of 15 percent of the area of the plane surface of #street walls# enclosing #floor area# of the tower and a maximum of 50 percent of the area of the plane surface of the #street walls# enclosing #floor area# of the tower shall project at least 18 inches but not more than five feet from the remaining plane surface of the #street walls# enclosing any #floor area# of the tower. No projections, including balconies, shall be permitted from the lowest two #stories# of the tower.
131-47
Design Requirements for Ground Level Setbacks

Wherever a #building# base below a tower is set back from the #street line#, and the #building# walls bounding such setback area are occupied by non-#residential uses#, such setback area shall comply with the provisions of this Section. Where two such setback areas adjoin one another at the intersection of two #streets#, the combined area of such spaces shall determine the applicability of such provisions.

(a) Minimum and maximum areas

No such setback area shall be less than 240 square feet nor greater than 1,000 square feet.

(b) Pavement

The setback area shall be paved with materials distinctive from the adjoining public sidewalk.

(c) Wall treatments

All ground floor level #building# walls bounding such setback area not otherwise subject to the transparency requirements of Section 131-15, shall comply with the provisions of either paragraphs (c)(1) or (c)(2) of this Section.

(1) If such #building# wall is a #street wall# wider than 10 feet, such #street wall# shall comply with the provisions of Section 131-15.

(2) All other #building# walls shall comply with one of the following provisions:

(i) such #building# walls shall be glazed with transparent materials in accordance with the transparency provisions of Section 37-34 (Minimum Transparency Requirements), except that such transparency shall be measured from the level of the adjoining sidewalk, public access area or #base plane#, whichever is higher; or

(ii) such #building# walls shall be articulated with
artwork or landscaping to a height of at least 10 feet.

(d) Building entrances

A public entrance to a building shall front upon such setback area. No ramps shall be permitted within the setback area.

(e) Landscaping

A minimum of 20 percent of such setback area shall be planted with, at a minimum, evergreen ground cover or shrubs in planting beds, with a minimum of six inches in height and a maximum height of four feet. Such planting beds may not occupy more than 50 percent of the width of the setback area, as measured along the street line.

(f) Additional amenities

For setback areas of 500 square feet or more, there shall be the following additional amenities:

(1) an additional public entrance to the building that fronts upon such setback area; and

(2) a minimum of one linear feet of seating for every 20 square feet of setback area shall be provided. At least 40 percent of such seating shall be fixed, of which at least half shall have backs with a minimum height of 14 inches. All fixed seating shall have a minimum depth of 18 inches and a maximum depth of 24 inches, and a minimum seat height of 16 inches and a maximum seat height of 20 inches. At least 50 percent of required seating shall be moveable chairs.

(7/29/09)

131-48
Street Trees

The provisions of Section 33-03 (Street Tree Planting in Commercial Districts) shall not apply in the Coney East Subdistrict.
Authorization for Exterior Ramps

The City Planning Commission may authorize modifications of the street wall location provisions of this Chapter to allow exterior ramps for access from the public sidewalk to the lowest story above the base flood elevation provided the Commission finds that the design of such ramps:

(a) maximizes visibility of interior ground floor space within the building from the public sidewalk;

(b) incorporates amenities such as seating and planting as the Commission may find appropriate; and

(c) relates harmoniously with the design and materials of the adjacent building and the surrounding streetscape.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

OFF-STREET PARKING AND LOADING REGULATIONS

The special provisions of this Section shall apply to all off-street parking spaces and loading facilities within the Special Coney Island District.

Amount of Required and Permitted Parking

(a) Residential and community facility parking

The underlying regulations shall apply, except that the
number of #accessory# off-street parking spaces required pursuant to Section 36-33 (Requirements Where Group Parking Facilities Are Provided) shall be modified to require off-street parking spaces for at least 60 percent of #dwelling units# or #rooming units developed#, under single ownership or control, where group parking facilities are provided.

(b) #Commercial# parking

The underlying regulations shall apply, except that:

(1) For Use Group A #uses#

One off-street parking space shall be provided for every 2,000 square feet of #floor area# or #lot area# for open #uses#, except that for a water park, two off-street parking spaces per 1,000 square feet of #floor area# shall be provided.

(2) For #transient hotels#

One off-street parking space shall be provided for every six guest rooms or suites.

(c) Public parking facilities

In accordance with the provisions of Section 131-043 (Applicability of Article VII, Chapter 4), #public parking lots# shall not be permitted, and #public parking garages# of any size shall be permitted as-of-right, provided such garages comply with the provisions of Section 131-52 (Use and Location of Parking Facilities).

(3/22/16)

131-52
Use and Location of Parking Facilities

The following provisions shall apply to all parking facilities:

(a) All #accessory# off-street parking spaces may be made available for public use. However, any such space shall be made available to the occupants of a #residence# to which it is #accessory# within 30 days after written request is
made to the landlord. Furthermore, if accessory parking spaces and spaces within a public parking garage are provided on the same zoning lot, all such spaces may be provided within the same parking facility.

(b) The off-site parking space provisions of Sections 36-42 and 36-43 shall not apply. In lieu thereof, all permitted or required off-street parking spaces may be provided on a zoning lot other than the same zoning lot to which such spaces are accessory, provided that:

(1) In the Coney East Subdistrict, such spaces are located anywhere within an area bounded on the east by Ocean Parkway, on the south by Riegelmann Boardwalk, on the west by West 27th Street and on the north by Coney Island Creek and the Belt Parkway, in accordance with all applicable underlying parking regulations.

(2) In the Coney West Subdistrict, such parking spaces accessory to the following sets of parcels, as shown on Map 1 in the Appendix to this Chapter, shall be located anywhere on such sets of parcels:

   Parcels A and B
   Parcels C and D
   Parcels E and F.

(3) In the Coney North and Mermaid Avenue Subdistricts, such spaces shall be located anywhere on the same block.

(c) All off-street parking facilities shall be located within facilities that, except for entrances and exits, are:

(1) entirely below the level of any street or publicly accessible open area upon which such facility, or portion thereof, fronts; or

(2) wrapped by floor area or screened in accordance with the provisions of Section 37-35 (Parking Wrap and Screening Requirements). For the purpose of applying such provisions, Surf Avenue, Stillwell Avenue, Ocean Way, Parachute Way and Riegelmann Boardwalk shall be considered designated retail streets, and the wrapping provisions of paragraph (a) of Section 37-35 shall apply to such street.
frontages at all levels above grade. All such parking facilities shall be exempt from the definition of #floor area#.

(d) Any roof of a facility containing off-street parking spaces not otherwise covered by a #building#, which is larger than 400 square feet, shall be landscaped. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent #dwelling unit# and the remaining roof area shall be accessible for the recreational use of the occupants of the #building# in which it is located. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(2/2/11)

131-53
Curb Cuts

No curb cuts shall be permitted on Surf Avenue, Wonder Wheel Way or Bowery except on a #zoning lot# with no frontage on any other #street#. The curb cut provisions of paragraph (c) of Section 36-58 shall apply.

(12/19/13)

131-60
SPECIAL PERMIT FOR AUDITORIUMS

The special permit set forth in this Section is established to allow outdoor entertainment #uses# on a limited-term basis in a unique beachfront location within the #Special Coney Island District#. The development of such #uses# on a temporary basis pursuant to this special permit provides for the opportunity for a valuable public amenity to exist within an area that, while approved for future #residential development# pursuant to the #Special Coney Island District# plan, is currently underutilized and does not exhibit the characteristics of a
well-developed residential neighborhood. Any special permit granted under this Section shall be subject to a term of years, in order to ensure that such uses are consistent with, and do not impede, the goal of long-term revitalization of the surrounding area, pursuant to the Special Coney Island District plan.

In the Coney West Subdistrict, for Parcels B and G, the City Planning Commission may approve, by special permit, open-air auditoriums with greater than 2,000 seats, for a term no greater than 10 years from the date a certificate of occupancy, including a temporary certificate of occupancy, has been issued, provided that the proposed auditorium meets the conditions of paragraph (a) and the findings of paragraph (b) of this Section, in addition to the sign provisions of paragraph (c) and parking provisions of paragraph (d) of this Section.

For any application for such special permit, the applicant shall provide plans to the Commission including, but not limited to, a site plan, signage plan, parking and loading plan, lighting plan and an operations plan (the "Proposed Plans").

(a) The Commission may permit open-air auditoriums with a maximum of 5,100 seats, provided the Proposed Plans demonstrate that:

(1) at all times when Riegelmann Boardwalk is open to the public, all publicly accessible space, as shown on the Proposed Plans, will remain accessible to the public, except that access may be restricted as necessary during scheduled events, for the setup and takedown for such events, and in connection with maintenance activities. Any barriers erected for the purpose of restricting access or visibility during such events shall be completely removed at all other times;

(2) the height of all structures, temporary or fixed, does not exceed 70 feet in height, as measured from the level of Riegelmann Boardwalk;

(3) any roof or structural canopy above the open-air auditorium seating area will be removed prior to the month of November and shall remain removed during the entire off-season period between November through
April, as well as in advance of severe weather events;

(4) the signage plan and parking and loading plan comply with the provisions of paragraphs (c) and (d) of this Section, respectively; and

(5) the City and applicant will enter into an agreement under which Parcel G will be returned to the City as of the expiration of the term of the special permit in a condition set forth in such agreement appropriate for #use# as a #public park#.

(b) In granting such permit, the Commission shall find that:

(1) such open-air auditorium will not unduly impair the essential character or the future #use# or #development# of the surrounding area, pursuant to the goals and objectives of the #Special Coney Island District# plan;

(2) the outdoor lighting for such open-air auditorium is located and arranged so as to minimize any negative effects on nearby #residences# and #community facilities#, and that the Proposed Plans include noise attenuation features and measures which serve to reduce the effect of noise from the open-air auditorium on the surrounding area, including nearby #residences# and #community facilities#;

(3) the construction of a stage as part of any #building# on Parcel B, for the purpose of accommodating an open-air auditorium #use#, will:

(i) enable the stage area to be closed to the outdoor portion of the open-air auditorium during the off-season when the open-air auditorium is not in use, so as to be operated for indoor entertainment #uses# with an eating and drinking establishment or other #use# permitted on Parcel B; and

(ii) allow for such #building# to be operated, subsequent to the expiration of the special permit, for #uses# permitted on Parcel B, such as eating or drinking establishments with entertainment;
appropriate visual and pedestrian connections are maintained in the general area of the former street bed from the termination of West 22st Street to Riegelmann Boardwalk;

the portions of the site not dedicated to the stage area or event seating are so designed to serve as a full time park-like resource for the public, and the portions of the site designed for open-air auditorium use serve as a high-quality open space resource when not in auditorium use;

any roof or structural canopy above the open-air auditorium seating area will be visually unobtrusive, and maximize openness and visibility between the site and Riegelmann Boardwalk;

the operations plan, which shall include a protocol for queuing for concertgoers, demonstrates that there would be no interference with the public use and enjoyment of adjacent public facilities; and

the site plan, signage plan and lighting plan incorporate good design, effectively integrate the site with surrounding streets and Riegelmann Boardwalk, and are consistent with the purposes of the #Special Coney Island District#.

(c) The Commission may, through approval of the Proposed Plans, permit #signs# notwithstanding the applicable #sign# regulations, except that #flashing signs# shall not be permitted and only #advertising signs# that are oriented toward the interior of the open-air auditorium and not visible from Riegelmann Boardwalk or other public area shall be permitted.

In order to permit such #signs#, the Commission shall find that proposed signage is appropriate in connection with the permitted open-air auditorium use, is not unduly concentrated within one portion of the site, and will not negatively affect the surrounding area.

(d) The Commission may, through approval of the Proposed Plans, reduce or waive required parking or loading requirements, provided the Commission finds that the open-air auditorium will be adequately served by a combination
of surrounding public parking facilities and mass transit. In addition, the Commission shall find that the proposed loading facilities on the site are located so as not to adversely affect the movement of pedestrians or vehicles on the streets surrounding the auditorium.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area. Such conditions and safeguards may include, but are not limited to, restrictions on signage or requirements for soundproofing of auditoriums, shielding of floodlights or screening of open uses.

Upon the first issuance of this permit for an open-air auditorium, the effective period of the permit shall be 10 years from the date a certificate of occupancy, including a temporary certificate of occupancy, has been issued. To establish the term of years for subsequent applications for this special permit, the Commission shall, in determining whether the finding of paragraph (b)(1) of this Section is met, take into account the existing character of the surrounding area, as well as residential and community facility development proposed or under construction on surrounding blocks, and shall also consider whether continuation of such auditorium use within a proposed term of years would be compatible with or may hinder achievement of the goals and objectives of the Special Coney Island District plan. Subsequent applications for this special permit shall be filed no later than one year prior to expiration of the term of the permit then in effect.

Article XIII: Special Purpose Districts
Chapter 2: Special Enhanced Commercial District

Effective date of most recently amended section of Article XIII Chapter 2: 4/20/16
The “Special Enhanced Commercial District,” established in this Resolution, is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the promotion and maintenance of a lively and engaging pedestrian experience along commercial avenues and the following specific purposes:

(a) in “Special Enhanced Commercial District” 1, to enhance the vitality of emerging commercial districts ensuring that a majority of the ground floor space within buildings is occupied by commercial establishments that enliven the pedestrian experience along the street;

(b) in “Special Enhanced Commercial District” 2, to enhance the vitality of well-established commercial districts by ensuring that ground floor frontages continue to reflect the multi-store character that defines such commercial blocks;

(c) in “Special Enhanced Commercial District” 3, to enhance the vitality of well-established commercial districts by limiting the ground floor presence of inactive street wall frontages;

(d) in “Special Enhanced Commercial District” 4, to enhance the vitality of commercial districts by limiting the ground floor presence of inactive street wall frontages;

(e) in “Special Enhanced Commercial District” 5, to enhance the vitality of emerging commercial districts by limiting the ground floor presence of inactive street wall frontages;

(f) in “Special Enhanced Commercial District” 6, to enhance the
vitality of well-established commercial districts by ensuring that ground floor frontages continue to be occupied by active uses that enliven the pedestrian experience along the street; and

(g) to promote the most desirable use of land in the area and thus preserve, protect and enhance the value of land and buildings and thereby protect City tax revenues.

(6/28/12)

132-10
GENERAL PROVISIONS

The provisions of this Chapter shall apply to all #buildings# with #street# frontage along a #designated commercial street#.

The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(4/20/16)

132-11
Special Enhanced Commercial Districts Specified

The #Special Enhanced Commercial District# is mapped in the following areas:

(a) #Special Enhanced Commercial District# 1

The #Special Enhanced Commercial District# 1 (EC-1) is established on November 29, 2011, on the following #designated commercial streets# as indicated on #zoning maps# 16c and 16d:

(1) Fourth Avenue, in the Borough of Brooklyn, generally between 24th Street and Atlantic Avenue.

(b) #Special Enhanced Commercial District# 2
The #Special Enhanced Commercial District# 2 (EC-2) is established on June 28, 2012, on the following #designated commercial streets# as indicated on #zoning maps# 5d and 8c:

1. Amsterdam Avenue, in the Borough of Manhattan, generally between West 73rd and West 110th Streets; and

2. Columbus Avenue, in the Borough of Manhattan, generally between West 72nd and West 87th Streets.

(c) #Special Enhanced Commercial District# 3

The #Special Enhanced Commercial District# 3 (EC-3) is established on June 28, 2012, the following #designated commercial streets# as indicated on #zoning maps# 5d and 8c:

1. Broadway, in the Borough of Manhattan, generally between West 72nd and West 110th Streets.

(d) #Special Enhanced Commercial District# 4

The #Special Enhanced Commercial District# 4 (EC-4) is established on October 11, 2012, the following #designated commercial streets# as indicated on #zoning maps# 13b and 17a:

1. Broadway, in the Borough of Brooklyn, on the south side of the street generally between Sumner Place and Monroe Street.

(e) #Special Enhanced Commercial District# 5

The #Special Enhanced Commercial District# 5 (EC-5) is established on April 20, 2016, on the following #designated commercial streets# as indicated on #zoning map# 17c:

1. Atlantic Avenue, in the Borough of Brooklyn, generally between Sheffield Avenue and Euclid Avenue;

2. Pitkin Avenue, in the Borough of Brooklyn, generally between Sheffield Avenue and Crescent Avenue;

3. Fulton Street, in the Borough of Brooklyn, generally between Eastern Parkway and Van Sinderen Avenue; and
Pennsylvania Avenue, in the Borough of Brooklyn, generally between Fulton Street and Atlantic Avenue.

(f) #Special Enhanced Commercial District# 6

The #Special Enhanced Commercial District# 6 (EC-6) is established on April 20, 2016, on the following #designated commercial streets# as indicated on #zoning map# 17c:

(1) Fulton Street, in the Borough of Brooklyn, between Sheffield Avenue and Euclid Avenue.

(6/28/12)

132-12
Definitions

Ground floor level

For the purposes of this Chapter, “ground floor level” shall mean a #building’s# lowest #story# located within 30 feet of the #building’s street wall# along a #designated commercial street#.

Designated commercial street

For the purposes of this Chapter, a “designated commercial street” shall be the portion of those #streets# specified in Section 132-11.

(4/20/16)

132-13
Applicability of Special Use, Transparency, Street Wall and Parking Regulations

The special #use#, transparency, street wall and parking regulations of this Chapter shall apply to #buildings# in #Special Enhanced Commercial Districts# as designated in the following table, except as otherwise provided in Sections 132-21, 132-31 and 132-41.

132-20
SPECIAL USE REGULATIONS

The special use regulations of this Section, inclusive, shall apply to buildings in the Special Enhanced Commercial Districts designated in Section 132-13 (Applicability of Special Use, Transparency, Street Wall and Parking Regulations), except as otherwise provided in Section 132-21 (Applicability of Use Regulations).

In all Special Enhanced Commercial Districts:

(a) the finished floor of the ground floor level, for developments or ground floor level enlargements, shall be located not higher than two feet above, nor lower than two feet below, the as-built level of the adjacent sidewalk along a designated commercial street; and

(b) where regulations apply to existing buildings in Special Enhanced Commercial Districts 2 and 3, constructed prior to June 28, 2012, the finished floor of the ground floor level shall be located not higher than five feet above, nor lower than five feet below, the as-built level of the adjacent sidewalk along a designated commercial street.

132-21
Applicability of Use Regulations

In Special Enhanced Commercial Districts, the applicable special use provisions set forth in Section 132-13 (Applicability of Special Use, Transparency, Street Wall and Parking Regulations) shall apply as follows:

(a) Special Enhanced Commercial Districts 1, 4, 5 and 6

In the Commercial Districts located within Special Enhanced Commercial Districts 1, 4, 5 and 6...
Enhanced Commercial Districts #1, 4, 5 and 6, the applicable special use provisions indicated in the table in Section 132-13 shall apply to developments and to buildings enlarged on the ground floor level, where such ground floor level fronts upon a designated commercial street, except that such provisions shall not apply to zoning lots with a width of less than 20 feet, as measured along the street line of the designated commercial street, provided such zoning lot existed on:

(1) November 29, 2011, in Special Enhanced Commercial District #1;

(2) October 11, 2012, in Special Enhanced Commercial District #4;

(3) April 20, 2016, in Special Enhanced Commercial District #5; and

(4) April 20, 2016, in Special Enhanced Commercial District #6.

(b) Special Enhanced Commercial Districts #2 and 3

In Special Enhanced Commercial Districts #2 and 3, the applicable special use provisions indicated in the table in Section 132-13 shall apply to all buildings with frontage along a designated commercial street, except that such provisions shall not apply to:

(1) the portion of a ground floor level of a building containing a commercial use continuously existing since June 28, 2012, where the average depth of such commercial use is less than 30 feet, as measured from the street wall of the building fronting upon the designated commercial street;

(2) any establishment which has been lawfully issued a building permit on or before June 28, 2012, authorizing “other construction,” as set forth in paragraph (c)(3) of Section 11-31 (General Provisions), that would create a street wall width exceeding the maximum street wall width set forth in Section 132-24, provided that such “other construction” is completed by December 28, 2012. However, where such establishment is located within a landmark building or within an Historic District
designated by the Landmarks Preservation Commission, and a completed application has been filed at the Landmarks Preservation Commission on or before June 28, 2012, such “other construction” shall be completed within six months after a Certificate of Appropriateness or other permit approving the building design was obtained from the Landmarks Preservation Commission.

In the event that such “other construction” has been commenced but not completed before the applicable date set forth in this paragraph (b)(2), the building permit shall automatically lapse and the right to continue construction shall terminate. An application to renew the building permit may be made to the Board of Standards and Appeals not more than 30 days after the lapse of such building permit. The Board may renew the building permit pursuant to the provisions set forth in paragraph (b) of Section 11-332 (Extension of period to complete construction); and

(3) in Special Enhanced Commercial District# 2, the portion of a ground floor level# of a building containing a food store, as listed in Use Group 6A, where at least 6,000 square feet of floor area#, or cellar# space utilized for retailing, is utilized for the sale of a general line of food and non-food grocery products, such as dairy, canned and frozen foods, fresh fruits and vegetables, fresh and prepared meats, fish and poultry, intended for home preparation, consumption and utilization. Such retail space utilized for the sale of a general line of food and non food grocery products shall be distributed as follows:

(i) at least 3,000 square feet or 50 percent of such retail space, whichever is greater, shall be utilized for the sale of a general line of food products intended for home preparation, consumption and utilization; and

(ii) at least 2,000 square feet or 30 percent of such retail space, whichever is greater, shall be utilized for the sale of perishable goods that shall include dairy, fresh produce, frozen foods and fresh meats, of which at least 500 square feet of such retail space shall be designated for
the sale of fresh produce.

(6/28/12)

132-211
Non-conforming uses

In #Special Enhanced Commercial Districts# 2 and 3, the regulations of Article V, Chapter 2, shall be modified, as follows:

(a) For the purposes of this Chapter, #non-conforming uses# shall include #ground floor level uses# exceeding the applicable maximum #street wall# widths set forth in Section 132-24.

(b) Any #ground floor level use# with a #non-conforming street wall# width may be continued or changed to another #use# permitted by the applicable district regulations, provided that such change of #use# does not create a new #non-conformance# or increase the degree of #non-conformance# with regard to the permitted #street wall# width of such proposed #use#. The discontinuance provisions of Section 52-60 shall not apply to such change of #use# within establishments with #non-conforming street wall# widths.

(4/20/16)

132-22
Mandatory Ground Floor Uses

In the applicable #Special Enhanced Commercial Districts# indicated in the table in Section 132-13 (Applicability of Special Use, Transparency, Street Wall and Parking Regulations), the following provisions shall apply to the #ground floor level street walls# of #buildings# fronting along a #designated commercial street#. For #buildings# fronting along multiple #streets#, the required percentage of #ground floor level street wall# allocated to certain #uses#, as set forth in this Section, shall apply only to the portion of the #building’s ground floor level# fronting upon a #designated commercial street#.

(a) Minimum percentage of #commercial uses#
Mandatory #commercial use# regulations shall apply to an area of a #building’s ground floor level# defined by an aggregate width equal to at least 50 percent of a #building’s street wall# along a #designated commercial street# and a depth equal to at least 30 feet, as measured from the #street wall# along the #designated commercial street#. Such an area on the #ground floor level# shall be occupied by #commercial uses# listed in Use Groups 5, 6A, 6C excluding banks and loan offices, 7B, 8A, 8B or 9A.

The remaining portion of the #ground floor level# shall be occupied by any non-#residential use# permitted by the underlying district regulations, or by other #uses# permitted pursuant to paragraph (c) of this Section.

(b) Mandatory non-#residential uses#

In the applicable #Special Enhanced Commercial Districts#, the #ground floor level# of a #building# fronting along a #designated commercial street# shall be occupied by any non-#residential use# permitted by the underlying district regulations or by other #uses# permitted pursuant to paragraph (c) of this Section.

(c) Other permitted #uses#

In the applicable #Special Enhanced Commercial Districts#, Type 1 lobbies, entrances and exits to #accessory# parking facilities and entryways to subway stations, where applicable, shall be permitted on the #ground floor level# of a #building# along a #designated commercial street#, in accordance with the provisions of Section 37-33 (Maximum Width of Certain Uses).

(4/20/16)

132-23
Minimum Number of Establishments

In the applicable #Special Enhanced Commercial Districts# indicated in the table in Section 132-13 (Applicability of Special Use, Transparency, Street Wall and Parking Regulations), the following provisions shall apply to the #ground floor level# of all #buildings# with #street# frontage along a #designated
commercial street#.

For #zoning lots# with a #lot width# of 50 feet or more, as measured along the #street line# of the #designated commercial street#, a minimum of two non-#residential# establishments shall be required for every 50 feet of #street# frontage. In addition, each such #ground floor level# establishment shall comply with the minimum depth requirements of Section 37-32 (Ground Floor Depth Requirements for Certain Uses).

(4/20/16)

132-24
Maximum Street Wall Width

In the applicable #Special Enhanced Commercial Districts# indicated in the table in Section 132-13 (Applicability of Special Use, Transparency, Street Wall and Parking Regulations), the following provisions shall apply to the #ground floor level# of all #buildings# with #street# frontage along a #designated commercial street#.

(a) Banks and loan offices

In the applicable #Special Enhanced Commercial Districts#, within 30 feet of a #building’s street wall# along a #designated street#, the maximum #street wall# width of a bank or loan office, as listed in Use Group 6C, on a #ground floor level# shall not exceed 25 feet.

(b) Other non-#residential# establishments

In the applicable #Special Enhanced Commercial Districts#, the maximum #street wall# width of any non-#residential ground floor level# establishment, other than a bank or loan office, shall not exceed 40 feet, as measured along the #street line# of a #designated commercial street#.

(4/20/16)

132-30
SPECIAL TRANSPARENCY AND STREET WALL LOCATION REGULATIONS

The special transparency regulations of this Section, inclusive,
shall apply to #buildings# in the #Special Enhanced Commercial Districts# indicated in the table in Section 132-13 (Applicability of Special Use, Transparency, Street Wall and Parking Regulations), except as otherwise provided in Section 132-31.

(4/20/16)

132-31
Applicability of Transparency Regulations

In #Special Enhanced Commercial Districts#, the special transparency provisions indicated in the table in Section 132-13 (Applicability of Special Use, Transparency, Street Wall and Parking Regulations) shall apply to #developments# and to #buildings enlarged# on the #ground floor level#, where such #ground floor level# fronts on a #designated commercial street#, except that such provisions shall not apply:

(a) to #zoning lots# in #Commercial Districts# with a width of less than 20 feet, as measured along the #street line# of a #designated commercial street#, provided such #zoning lots# existed on:

(1) November 29, 2011, for #Special Enhanced Commercial District# 1;

(2) June 28, 2012, for #Special Enhanced Commercial Districts# 2 and 3;

(3) October 11, 2012, for #Special Enhanced Commercial District# 4; and

(4) April 20, 2016, for #Special Enhanced Commercial Districts# 5 and 6;

(b) in #Special Enhanced Commercial Districts# 1, 4, 5 and 6, to #buildings# in #Residence Districts# where the #ground floor level# contains #dwelling units#.

(4/20/16)

132-32
Ground Floor Level Transparency Requirements

In the applicable #Special Enhanced Commercial Districts#, as indicated in the table in Section 132-13 (Applicability of Special Use, Transparency, Street Wall and Parking Regulations), the special transparency regulations of Section 37-34 (Minimum Transparency Requirements) shall apply to the #ground floor level street walls# of #buildings# fronting along a #designated commercial street#.

However, in #Special Enhanced Commercial Districts# 5 and 6, for #buildings# containing Use Groups 16, 17 and 18 at the #ground floor level#, up to 50 percent of the length of a #street wall# may be exempt from such regulations. Where the exempted portion is 50 feet or more in length and contains no transparent element between #curb level# and 12 feet above #curb level# or the ceiling of the ground floor, whichever is less, such exempted portion shall be covered with vines or similar planting or contain artwork or be treated so as to provide visual relief. Plantings shall be planted in soil having a depth of not less than 2 feet, 6 inches, and a minimum width of 24 inches. Where an #extension# or a #conversion# of the #ground floor level# results in a reduction of the exempted portion, provisions set forth in Section 37-34 shall apply to such reduced portion.

(4/20/16)

132-33
Street Wall Location

In the applicable #Special Enhanced Commercial Districts# indicated in the table in Section 132-13 (Applicability of Special Use, Transparency, Street Wall and Parking Regulations), the following provisions shall apply to a #street wall# or its prolongation fronting along a #designated commercial street#. The open area between the #street line# and #street wall#, or its prolongation, resulting from requirements set forth in this Section, shall be improved to Department of Transportation standards for sidewalks, be at the same level as the adjoining public sidewalk and be accessible to the public at all times. When applying requirements set forth in this Section, two or more adjacent #developments# or #enlargements# under common ownership or control shall be considered a single #development# or #enlargement#.
In #Commercial# and #Manufacturing Districts#, other than C4-4L Districts, mapped within #Special Enhanced Commercial District# 6, for #developments# or horizontal #enlargements# at the ground level, resulting in a #street wall# of 40 feet or wider, as measured along the #street line# of the #designated commercial street#, a sidewalk widening of five feet shall be provided along such #street wall# and its prolongation. A line parallel to and five feet from the #street line# of such #street#, as measured within the #zoning lot#, shall be considered the #street line# for the purpose of applying any applicable #street wall# provision.

(4/20/16)

132-40
SPECIAL PARKING REGULATIONS

The special parking regulations of this Section, inclusive, shall apply to all #buildings# in the #Special Enhanced Commercial Districts# indicated in the table in Section 132-13 (Applicability of Special Use, Transparency, Street Wall and Parking Regulations).

(4/20/16)

132-41
Applicability of Parking Regulations

In #Special Enhanced Commercial Districts#, the applicable special parking provisions indicated in the table in Section 132-13 (Applicability of Special Use, Transparency, Street Wall and Parking Regulations) shall apply to all #buildings# with frontage along a #designated commercial street#.

(4/20/16)

132-42
Locations of Parking Spaces

In the applicable #Special Enhanced Commercial Districts#, as indicated in the table in Section 132-13 (Applicability of
Special Use, Transparency, Street Wall and Parking Regulations), the following provisions shall apply to the ground floor of all buildings with street frontage along a designated commercial street.

All off-street parking spaces shall be located within a completely enclosed building and shall be wrapped by floor area or screened in accordance with the provisions of Section 37-35 (Parking Wrap and Screening Requirements), as applicable.

Entrances to such spaces along a designated commercial street shall be permitted only where a curb cut is allowed in accordance with the provisions of Section 132-43.

(4/20/16)

132-43 Curb Cut Requirements

In the applicable Special Enhanced Commercial Districts, as indicated in the table in Section 132-13 (Applicability of Special Use, Transparency, Street Wall and Parking Regulations), the following provisions shall apply to the ground floor of all buildings with street frontage along a designated commercial street.

For zoning lots with frontage along a designated commercial street and another street, curb cuts accessing off-street parking spaces shall not be permitted along a designated commercial street.

Curb cuts accessing off-street parking spaces shall be permitted on a designated commercial street only where such curb cut is located on a zoning lot that:

(a) is an interior lot fronting along a designated commercial street;

(b) existed on:

(1) November 29, 2011, in Special Enhanced Commercial District #1;

(2) October 11, 2012, in Special Enhanced Commercial District #4;
(3) April 20, 2016, in #Special Enhanced Commercial District# 5; or

(4) April 20, 2016, in #Special Enhanced Commercial District# 6;

(c) has a width of at least 60 feet, as measured along the #street line# of the #designated commercial street#; and

(d) has a #lot area# of at least 5,700 square feet.

(6/28/12)

132-50
CERTIFICATIONS AND AUTHORIZATIONS

(6/28/12)

132-51
Certification to Allow a Limited Increase in Street Wall Width

In #Special Enhanced Commercial District# 2, an establishment may #extend#, thereby exceeding the maximum #street wall# width for non-#residential# establishments set forth in paragraph (b) of Section 132-24, and may reduce the number of establishments required pursuant to 132-23 upon certification by the Chairperson of the City Planning Commission to the Department of Buildings that:

(a) the proposed establishment does not exceed a maximum #street wall# width of 60 feet; and

(b) the applicant has submitted an affidavit attesting to and including information that:

(1) at the time of application for #extension#, the #use# has existed within such #building# for a period of one year; and

(2) such existing establishment cannot #extend# without increasing the #street wall# width for such establishment because of:
(i) physical restrictions created by the building design, including, but not limited to, the location of existing structural walls and vertical circulation cores;

(ii) the presence of other uses with ongoing or expected occupancy within such building; or

(iii) regulatory limitations; and

(c) the applicant has demonstrated that at the time of application not more than one non-residential establishment, either existing, or with an approved certification or authorization pursuant to Section 132-50 that has not lapsed, has a street wall width exceeding 40 feet on either the same block frontage containing the applicant’s establishment, or on the block frontage directly across the street from the block containing such establishment, or on the blocks fronting on the commercial street immediately adjacent to the north and south of the block containing such applicant’s establishment.

In order to demonstrate such conditions, the applicant shall:

(1) submit photographs or dimensioned elevation drawings to verify compliance with the conditions specified in this paragraph (c); and

(2) provide at the time of application, pursuant to Section 132-50, evidence of any other approved applications for certifications or authorizations that have not lapsed in the geographic boundaries set forth in this paragraph (c).

A copy of an application for certification pursuant to this Section shall be sent by the Department of City Planning to the affected Community Board, which may review such proposal and submit comments to the Chairperson of the City Planning Commission. If the Community Board elects to comment on such application, it must be done within 30 days of receipt of such application. The Chairperson will not act on such application until the Community Board’s comments have been received, or the 30 day comment period has expired, whichever is earlier.
A certification granted pursuant to this Section shall automatically lapse if substantial construction in accordance with the plans for which such certification was granted, has not been completed within one year from the effective date of such certification.

(6/28/12)

132-52
Authorization to Modify Maximum Street Wall Widths of Establishments

In #Special Enhanced Commercial Districts# 2 and 3, the City Planning Commission may authorize a modification of the maximum #street wall# width of non-#residential# establishments, as set forth in paragraphs (a) and (b) of Section 132-24, provided the Commission finds that:

(a) such additional frontage space is required for the operation of such proposed #use#, and such #use# cannot be reasonably configured within the permitted #street wall# width; or

(b) a high ground floor vacancy rate exists within a reasonable distance of the proposed #use#, and such high vacancy rate is a consequence of adverse market conditions.

The land use application for an authorization pursuant to this Section shall be sent to the applicable Community Board. If the Community Board elects to comment on such application, it must be done within 30 days of receipt of such application. The Chairperson will not act on such application until the Community Board’s comments have been received, or the 30 day comment period has expired, whichever is earlier.

Article XIII - Special Purpose Districts

Chapter 3
Special Southern Roosevelt Island District

(5/8/13)

133-00
GENERAL PURPOSES

The “Special Southern Roosevelt Island District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to provide opportunities for the development of an academic and research and development campus in a manner that benefits the surrounding community;

(b) to allow for a mix of residential, retail and other commercial uses to support the academic and research and development facilities and complement the urban fabric of Roosevelt Island;

(c) to establish a network of publicly accessible open areas that take advantage of the unique location of Roosevelt Island and that integrate the academic campus into the network of open spaces on Roosevelt Island and provide a community amenity;

(d) to strengthen visual and physical connections between the eastern and western shores of Roosevelt Island by establishing publicly accessible connections through the Special District and above-grade view corridors;

(e) to encourage alternative forms of transportation by eliminating required parking and placing a maximum cap on permitted parking;

(f) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street and surrounding waterfront open areas, and thus to encourage more attractive and innovative building forms;
and

(g) to promote the most desirable use of land in this area and thus conserving the value of land and buildings, and thereby protecting the City’s tax revenues.

(5/8/13)

133-01 Definitions

Definitions specifically applicable to this Chapter are set forth in this Section and may modify definitions set forth in Section 12-10 (DEFINITIONS). Where matter in italics is defined both in Section 12-10 and in this Chapter, the definitions in this Chapter shall govern.

Base plane

The definition of base plane is hereby modified to mean elevation 19.0, which elevation reflects the measurement in feet above Belmont Island Datum, which is 2.265 feet below the mean sea level at Sandy Hook, N.J.

Development parcel

The “development parcel” is all of the property located within the boundaries of the #Loop Road#, as shown in the Appendix to this Chapter. The development parcel shall be deemed a single zoning lot for the purpose of applying all regulations of this Resolution.

Loop Road - East Loop Road, North Loop Road, South Loop Road, West Loop Road

The “Loop Road” shall be comprised of the “East Loop Road”, the “North Loop Road”, the “South Loop Road”, and the “West Loop Road”, as shown in the Appendix to this Chapter. All such roads shall be deemed separate streets for the purpose of applying all regulations of this Chapter and shall not generate floor area.

(5/8/13)
133-02
General Provisions

The provisions of this Chapter shall apply within the #Special Southern Roosevelt Island District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(5/8/13)

133-03
District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Southern Roosevelt Island District# Plan.

The District Plan includes the following maps:

Map 1 – Special Southern Roosevelt Island District, Development Parcel and Loop Road

Map 2 – Public Access Areas.

The maps are located in Appendix A of this Chapter and are hereby incorporated and made part of this Resolution. The maps are incorporated for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply.

(5/8/13)

133-04
Applicability of Article III, Chapter 6

The provisions of Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations) shall not apply in the #Special Southern Roosevelt Island District#. In lieu thereof, a maximum of 500 #accessory# parking spaces shall be permitted, which may be made available for public use.
However, bicycle parking shall be provided in accordance with the provisions of Section 36-70.

(5/8/13)

133-05
Applicability of Special Regulations Applying in the Waterfront Area

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall not apply in the #Special Southern Roosevelt Island District#. In lieu thereof, the area between the #shoreline# and the western #street line# of the #West Loop Road# and the area between the #shoreline# and the eastern #street line# of the #East Loop Road# shall be used exclusively for open recreational uses, and shall be accessible to the public at all times.

(5/8/13)

133-10
SPECIAL USE REGULATIONS

(5/8/13)

133-11
Additional Uses

Within the #development parcel#, the provisions of Section 32-10 (USES PERMITTED AS-OF-RIGHT) are modified to permit Use Group 17B research, experimental or testing laboratories. Any Use Group 17B #uses# within the #development parcel# shall conform with the performance standards of Section 42-20, inclusive, applicable to such #use# in an M1 District.
Location Within Buildings

Within the #development parcel#, the provisions of Section 32-422 (Location of floors occupied by commercial uses) shall not apply.

(5/8/13)

133-20
SPECIAL BULK REGULATIONS

Within the #development parcel#, the special #bulk# regulations of this Section, inclusive, shall apply.

(3/22/16)

133-21
Floor Area Ratio

The #floor area# provisions of Section 23-15 (Open Space and Floor Area Regulations in R6 Through R10 Districts) shall be modified to permit a maximum #residential floor area ratio# of 3.44 without regard to a #height factor#. In addition, the maximum permitted #floor area ratio# for a Use Group 17B research, experimental or testing laboratory shall be 3.40.

(3/22/16)

133-22
Lot Coverage

The #open space ratio# requirements of Section 23-15 (Open Space and Floor Area Regulations in R6 Through R10 Districts) and the #lot coverage# requirements of Sections 23-15 and 24-11 (Maximum Floor Area Ratio and Percentage of Lot Coverage) shall not apply. In lieu thereof, the aggregate #lot coverage# for all #buildings# shall comply with the following requirements:

(a) The maximum #lot coverage# from the #base plane# to a height that is 20 feet above the #base plane# shall be 70 percent.

(b) The maximum #lot coverage# from a height that is more than
20 feet above the base plane to a height that is 60 feet above the base plane shall be 60 percent.

(c) The maximum lot coverage from a height that is more than 60 feet above the base plane to a height that is 180 feet above the base plane shall be 45 percent.

(d) The maximum lot coverage above a height of 180 feet above the base plane shall be 25 percent.

The City Planning Commission may authorize an increase in the maximum lot coverage as set forth in paragraph (c) of this Section to up to 55 percent, upon finding that such increase is necessary to achieve the programmatic requirements of the development, and will not unduly restrict access of light and air to publicly accessible areas and streets.

(5/8/13)

133-23
Height and Setback

The height and setback regulations of Sections 23-60, 24-50 and 33-40 shall apply, except as modified by this Section. All heights shall be measured from the base plane.

(5/8/13)

133-231
Modification of height and setback controls

Buildings or other structures may exceed the underlying height and setback regulations for a percentage of the length of each street line of the Loop Road, as follows:

(a) North Loop Road - 65 percent

(b) East Loop Road - 35 percent

(c) West Loop Road - 35 percent

(d) South Loop Road - 65 percent.
Furthermore, the street line length percentages set forth in paragraphs (a) through (d) of this Section may be exceeded by one percentage point for every two percentage points that the lot coverage within 50 feet of a street line is less than the following percentage:

(1) North Loop Road - 50 percent
(2) East Loop Road - 30 percent
(3) South Loop Road - 50 percent
(4) West Loop Road - 30 percent.

All portions of buildings or other structures that exceed the underlying height and setback regulations in accordance with this Section shall comply with the height regulations of Section 133-232.

(5/8/13)

133-232 Height regulations

For the portion of any building or other structure exceeding the height and setback regulations set forth in Section 133-231, the maximum height of such portion located within 500 feet of the North Loop Road shall be 320 feet, exclusive of permitted obstructions allowed by the underlying height and setback regulations, and the maximum height for any such portion on the remainder of the development parcel shall be 280 feet, exclusive of such permitted obstructions.

(5/8/13)

133-233 Maximum area of stories above a height of 180 feet

The gross area of any story located entirely above a height of 180 feet shall not exceed 15,000 square feet. Where a single building has two or more portions located above 180 feet that are entirely separate from one another above such height, each
such portion shall not exceed a gross area of 15,000 square feet for any #story# located in whole or part above 180 feet.

(5/8/13)

133-234
Permitted obstructions

Sections 23-62, 24-51 and 33-42 (Permitted Obstructions) shall be modified to allow #accessory# energy generating systems on the roof of a #building#, or any other structures supporting such systems, as permitted obstructions, without limitations.

(5/8/13)

133-24
Distance Between Buildings

The requirements of Sections 23-70 (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) and 23-82 (Building Walls Regulated by Minimum Spacing Requirements) shall not apply, provided that if two or more #buildings# or portions of #buildings# are detached from one another at any level, such #buildings#, or such detached portions of #buildings#, shall at no point be less than eight feet apart at or below a height of 180 feet, and shall at no point be less than 60 feet apart above a height of 180 feet.

(5/8/13)

133-25
Modification of Bulk Regulations

Within the #Special Southern Roosevelt Island District#, the City Planning Commission may, by special permit, allow a modification of the #bulk# regulations of this Chapter and the underlying #bulk# regulations, except #floor area# regulations, provided the Commission finds that:

(a) such modifications are necessary to achieve the programmatic requirements of the academic and research and development
such distribution of #bulk# will result in better site planning and will thus benefit both the residents, occupants or users of the #Special Southern Roosevelt Island District# and the surrounding neighborhood;

(c) such distribution of #bulk# will permit adequate access of light and air to surrounding public access areas, #streets# and properties; and

(d) such distribution of #bulk# will not unduly increase the #bulk# of #buildings# in the #Special Southern Roosevelt Island District# to the detriment of the occupants or users of #buildings# in the Special District or on nearby #blocks#.

133-30
PUBLIC ACCESS AREAS

At least 20 percent of the #lot area# of the #development parcel# shall be publicly accessible and shall include, but need not be limited to, a Central Open Area, a North-South Connection, and a Waterfront Connection Corridor, for which the size and location requirements are set forth in Section 133-31. Any supplemental public access areas provided in order to meet the minimum public access #lot area# requirements of this Section shall comply with the requirements of paragraph (d) of Section 133-31. Design and operational standards for such public access areas are set forth in Section 133-32.

133-31
Size and Location of Public Access Areas

(a) Central Open Area

A Central Open Area shall front upon the #West Loop Road# for a minimum linear distance of 150 feet and be located at least 300 feet south of the #North Loop Road#, and at least 300 feet north of the #South Loop Road#. The Central Open
Area shall be at least 30,000 square feet in area, with no portion having a dimension less than 20 feet in all directions counting toward such minimum area.

(b) North-South Connection

A continuous pedestrian connection shall be provided through the development parcel from the North Loop Road, or from the West Loop Road or East Loop Road within 200 feet of the North Loop Road, to the South Loop Road, or to the West Loop Road or East Loop Road within 200 feet of the South Loop Road. Such North-South Connection shall have a minimum width of 50 feet throughout its required length. The North-South Connection shall include at least one segment with a minimum length of 300 feet located more than 100 feet from both the West Loop Road and East Loop Road.

The North-South Connection shall connect to the Central Open Area either directly, or through a supplemental public access area having a minimum width of 30 feet. In the event that the North-South Connection traverses the Central Open Area, the area within the North-South Connection, as determined by its length and minimum required width, shall not be included in the 30,000 square foot minimum area of the Central Open Area.

There shall be at least one publicly accessible connection from the East Loop Road and from the West Loop Road to the North-South Connection. Such connections shall have a minimum width of 30 feet, and shall be located a minimum of 300 feet south of the North Loop Road and a minimum of 300 feet north of the South Loop Road. In addition, such connections may be coterminous with the Waterfront Connection Corridor required by paragraph (c) of this Section.

(c) Waterfront Connection Corridor

A Waterfront Connection Corridor shall be provided through the development parcel allowing for pedestrian access between the western boundary of the East Loop Road and either the eastern boundary of the West Loop Road or the eastern boundary of the Central Open Area. Such corridor shall be located in its entirety in the area located 300 feet south of the North Loop Road and 300 feet north of the South Loop Road. The Waterfront Connection Corridor shall have a minimum width of 30 feet.
(d) Supplemental Public Access

Supplemental public access areas may be located anywhere within the #development parcel#, provided such areas have a minimum dimension of 20 feet in all directions and connect directly to one or more of the #Loop Roads#, the North-South Connection, the Central Open Space and the Waterfront Connection Corridor.

(5/8/13)

133-32
Design Requirements for Public Access Areas

(a) Level of public access areas and limits on coverage

At least 80 percent of publicly accessible areas shall be located at grade level, or within five feet of grade level, as such grade level may change over the #development parcel#, and shall be open to the sky. The remainder of such publicly accessible areas may be enclosed, covered by a structure, or located more than five feet above or below grade level, provided that such publicly accessible areas are directly accessible from public access areas that are at grade level or within five feet of grade level, and in all cases have a minimum clear height of 15 feet.

At least 50 percent of the linear #street# frontage for the Central Open Area required under Section 133-31, paragraph (a), shall be located at the same elevation as the adjoining sidewalk of the #West Loop Road#. At least 80 percent of the area of the Central Open Area shall be open to the sky, and the remainder may be open to the sky or covered by a #building or other structure#. A minimum clear height of 30 feet shall be provided in any area of the Central Open Area covered by a #building or other structure#.

The northern and southern access points to the North-South Connection shall be located at the same elevation as the adjoining public sidewalk. The elevation of the North-South Connection may vary over the remainder of its length. At least 70 percent of the area of the North-South Connection shall be open to the sky, and the remainder may be open to the sky or covered by a #building or other structure#. A minimum clear height of 15 feet shall be provided in any
area of the North-South Connection covered by a building or other structure.

Any portion of the Waterfront Connection Corridor that is covered by a building or located within a building shall have a minimum clear height of 30 feet, provided that overhead walkways, structures and lighting occupying in the aggregate no more than 10 percent of the area of the Waterfront Connection Corridor, as determined by the minimum required width, shall be permitted within the required clear height.

(b) Clear paths

The North-South Connection and the Waterfront Connection Corridor shall each have a clear path of 12 feet throughout their entire required lengths, including those connections required between the North-South Connection and the East and West Loop Roads. All such clear paths shall be accessible to persons with disabilities.

(c) Permitted obstructions

Permitted obstructions allowed under paragraph (a) of Section 62-611 may be located within any required public access area, provided that no such permitted obstructions shall be located within a required clear path. Furthermore, kiosks may be up to 500 square feet in area, and open air cafes may occupy not more than five percent of any required public access area.

(d) Seating

A minimum of one linear foot of seating shall be provided for each 200 square feet of required public access areas. Required seating types may be moveable seating, fixed individual seats, fixed benches with or without backs, and design-feature seating such as seat walls, planter edges or steps. All required seating shall comply with the following standards:

(1) Seating shall have a minimum depth of 18 inches. Seating with 36 inches or more in depth may count towards two seats, provided there is access to both sides. When required seating is provided on a planter ledge, such ledge must have a minimum depth of 22 inches.
(2) Seating shall have a height not less than 16 inches or greater than 20 inches above the level of the adjacent walking surface. However, as described in paragraph (d)(5) of this Section, seating steps may have a height not to exceed 30 inches and seating walls may have a height not to exceed 24 inches.

(3) At least 50 percent of the linear feet of fixed seating shall have backs at least 14 inches high and a maximum seat depth of 20 inches. Walls located adjacent to a seating surface shall not count as seat backs. All seat backs must either be contoured in form for comfort or shall be reclined from vertical between 10 to 15 degrees.

(4) Moveable seating shall be credited as 24 inches of linear seating per chair. All moveable seats must have backs and a maximum seat depth of 20 inches. Moveable chairs shall not be chained, fixed, or otherwise secured while the public access area is open to the public.

(5) Seating steps and seating walls may be used for required seating if such seating does not, in aggregate, represent more than 15 percent of the linear feet of all required seating. Seating steps shall not include any steps intended for circulation and must have a height not less than six inches nor greater than 30 inches and a depth not less than 18 inches. Seating walls shall have a height not greater than 18 inches; such seating walls, however, may have a height not to exceed 24 inches if they are located within 10 feet of an edge of a public access area.

Seating shall be provided in the Central Open Area in an amount equal to a minimum of one linear foot for every 100 square feet of the Central Open Area. Such seating shall include at least one moveable chair for every 500 square feet of the Central Open Area, and at least one other seating type. One table shall be provided for every four moveable chairs. At least 15 percent of the required seating shall be located within 20 feet of any #Loop Road#, and at least 10 percent of such required seating shall be located within 20 feet of the North-South Connection or any supplemental public access area that connects the Central Open Area to the North-South Connection.
Seating shall be provided in the North-South Connection in an amount equal to at least one linear foot for every 150 square feet of the North-South Connection. At least 20 linear feet of such seating shall be located within 20 feet of its northern entrance and an additional 20 linear feet of such seating shall be located within 20 feet of its southern entrance. There shall be at least two types of seating in the North-South Connection.

Seating for open air cafes may be used by members of the public regardless of whether such persons are patrons of a cafe when not being used for service.

(e) Planting

At least 20 percent of the required public access areas on the development parcel shall be comprised of planted areas, including planting beds and lawns.

At least 30 percent of the Central Open Area shall be planted with lawns, planting beds or a combination thereof.

(f) Hours

All required public access areas shall be open daily from 6:00 a.m. to 10:00 p.m. Signs stating that the North-South Connection is publicly accessible shall be posted at its northern and southern entrances. Signs indicating that the Central Open Space is publicly accessible shall be posted at its entrance from the West Loop Road and the North-South Connection.

(5/8/13)

133-40
BUILDING PERMITS

The Department of Buildings shall not approve any application for a building permit for a development or enlargement unless such application shows the location of the Central Open Area, the North-South Connection and the Waterfront Connection Corridor, and any supplemental public access areas, for the purpose of demonstrating that the required amount of public access area, as set forth in Sections 133-30 and 133-31, is able to be
accommodated on the development parcel.

(5/8/13)

133-50
PHASING

The public access areas required pursuant to Section 133-30, inclusive, may be built out in phases on the development parcel in accordance with this Section.

No temporary or permanent certificate of occupancy from the Department of Buildings may be issued for more than 300,000 square feet of floor area developed or enlarged on the development parcel until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that at least 25,000 square feet of public access area is substantially complete and open to the public.

No temporary or permanent certificate of occupancy from the Department of Buildings may be issued for more than 500,000 square feet of floor area developed or enlarged on the development parcel until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that at least 40,000 square feet of public access area is substantially complete and open to the public. The Central Open Area shall be part of the public access area required to be substantially completed and open to the public under this paragraph.

No temporary or permanent certificate of occupancy from the Department of Buildings may be issued for each additional 200,000 square feet of floor area developed or enlarged on the development parcel until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that an additional 12,000 square feet of public access area is substantially completed and open to the public. A portion of the North-South Connection connecting at least one of the Loop Roads and the Central Open Area shall be substantially completed and open to the public prior to obtaining a temporary or permanent certificate of occupancy for more than 750,000 square feet of floor area developed or enlarged on the development parcel. The Waterfront Connection shall be substantially completed and open to the public prior to obtaining a temporary or permanent certificate of occupancy for more than 900,000 square feet of floor area developed or enlarged on the
Except as set forth above, the open space provided pursuant to this Section may include interim open space areas, provided that no temporary or permanent certificate of occupancy from the Department of Buildings may be issued for more than 1,700,000 square feet of #floor area developed# or #enlarged# on the #development parcel# until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that all of the Central Open Area, the North-South Connection and the Waterfront Connection are substantially complete and open to the public.

Not more than 20 percent of the #lot area# of the #development parcel# shall be required to be improved as public access areas, and the obligation to provide public access areas, in accordance with paragraphs (a), (b), (c) and (d) of this Section, shall terminate at such time as 20 percent of the #lot area# of the #development parcel# has been improved as public access areas and has been opened to the public.

(5/8/13)

133-60
MODIFICATION OF PUBLIC ACCESS AREAS

Any public access area may be modified, eliminated or reconfigured over time, provided that such modification, elimination or reconfiguration does not reduce the amount of public access area required under Section 133-60 (PHASING) for the amount of #floor area# located on the #development parcel# at the time of such activity. Any modified or reconfigured public access area shall comply with the applicable provisions of Section 133-30, inclusive.

(5/8/13)

133-70
NO-BUILD VOLUME

A volume shall be established on the #development parcel# between a line that is 300 feet south of the #North Loop Road# and a line that is 300 feet north of the #South Loop Road#. Such volume
shall extend from the #East Loop Road# to the #West Loop Road# along a line that is within 30 degrees of the line connecting true east and true west. The minimum width of such volume shall be 50 feet, with its lowest level 60 feet above the #base plane#. Such volume shall be open to the sky. No obstructions of any kind shall be permitted within such volume.

(5/8/13)

APPENDIX A
Special Southern Roosevelt Island District Plan

Map 1 – Special Southern Roosevelt Island District, Development Parcel and Loop Road
Map 2 - Public Access Areas
NOTE:
FOR ILLUSTRATIVE PURPOSES ONLY. ACTUAL LOCATIONS OF PUBLIC ACCESS AREAS MAY VARY PURSUANT TO SECTION 133-30.
Article XIII: Special Purpose Districts
Chapter 4: Special Governors Island District

Effective date of most recently amended section of Article XIII Chapter 4: 07/24/13
134-00
GENERAL PURPOSES

The "Special Governors Island District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These goals include, among others, the following specific purposes:

(a) to promote public use and enjoyment of the Island as a recreational destination that draws upon its location in New York Harbor with singular views and natural beauty;

(b) to encourage educational and cultural uses such as the arts, music and dance which bring the public to the Island to enjoy cultural events in a unique setting of historic buildings and green spaces;

(c) to promote public use of the Island for water-related recreational and educational activities that benefit from the unique Island setting;

(d) to preserve historic buildings in the historic district and encourage their renovation and redevelopment for appropriate educational, cultural and commercial uses;

(e) to facilitate commercial uses including, but not limited to, hotels, restaurants, retail, arts and crafts galleries and related uses that are compatible with the educational, cultural and recreational uses of the Island and with the primary use of the Island by the public as a recreational resource; and

(f) to promote the most desirable use of land and thus conserve the value of land and buildings, and thereby protect the City’s tax revenues.
134-01
General Provisions

For the purposes of this Chapter, the area within the boundaries of the #Special Governors Island District# shall be considered a single #zoning lot#.

Development rights may not be transferred across the boundary of the #Special Governors Island District#.

Except as modified by the express provisions of the #Special Governors Island District#, the regulations of the underlying zoning district shall remain in effect.

134-02
Applicability of Parking and Loading Regulations

The off-street parking and loading regulations of the underlying zoning district and Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), shall not apply. In lieu thereof, off-street parking and loading berths #accessory# to any #use# permitted within the #Special Governors Island District# shall be allowed.

134-03
Applicability of Special Regulations Applying in the Waterfront Area

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall not apply, except as set forth in Section 134-22 (Special Height and Setback Regulations).
SPECIAL USE REGULATIONS

(7/24/13)

Commercial Uses

The following commercial uses shall be allowed

From Use Group 5:

All uses.

From Use Groups 6A, 6B, 6D, 6E and 6F:

All uses.

From Use Group 6C:

All uses, except automobile supply stores, drive-in banks, carpet, rug, linoleum or other floor covering stores, furniture stores, loan offices, medical or orthopedic appliance stores, paint stores, sewing machine stores or typewriter stores.

From Use Groups 7A and 7E:

All uses.

From Use Group 7B:

Bicycle rental or repair shops

Sailmaking establishments

Sign painting shops, limited to 2,500 square feet of floor area per establishment.

From Use Groups 8A and 8E:

All uses.

From Use Group 9A:
All uses, except for automobile, motorcycle, trailer or boat showrooms or sales, with no repair services and with no preparation of vehicles or boats for delivery, blueprinting or photostatting establishments, musical instrument repair shops, plumbing, heating or ventilating equipment showrooms, without repair facilities, typewriter or other small business machine sales, rental or repairs, or umbrella repair shops.

From Use Group 9C:

All uses.

From Use Group 10A:

Docks for ferries, other than gambling vessels, with no restriction on passenger load

Eating or drinking places, without restrictions on entertainment or dancing, but limited to location in hotels

Photographic or motion picture production studios

Radio or television studios.

From Use Group 10C:

All uses.

From Use Group 11A and 11C:

All uses, except for medical, dental, drafting instruments, optical goods, or similar precision instruments, or orthopedic or medical appliances, or custom manufacturing.

From Use Group 12A:

All uses, except for eating or drinking establishments with entertainment and a capacity of more than 200 persons, or establishments of any capacity with dancing, stadiums or trade expositions.

From Use Groups 12B, 12C and 12E:
All uses.

From Use Group 13:

All uses.

From Use Group 14:

All uses.

From Use Group 15:

Merry-go-rounds.

Any commercial use or physical culture or health establishment larger than 7,500 square feet in floor area shall be permitted provided that, prior to the establishment of such use, the applicant shall submit a written description of such use to the local community board, together with information to demonstrate that such use will promote the goals of the Special Governors Island District, complement existing uses within the special district, and be compatible with the nature, scale and character of other uses within the special district.

The local community board shall have the opportunity to respond to such submission with written comments within forty-five (45) days of receipt and the applicant shall thereafter provide the local community board with a written response to such comments, including a description of any modifications to the proposal or, if a recommendation of the local community board has not been adopted, the reasons such modification has not been made.

No building permit shall be issued with respect to a commercial use or physical culture or health establishment larger than 7,500 square feet unless the Chairperson of the City Planning Commission shall have certified to the Department of Buildings that the applicant has complied with the provisions of this Section.

The provisions of this Section shall not apply to commercial uses permitted pursuant to Section 134-12 (Authorization for Certain Commercial Uses).

(7/24/13)
134-12
Authorization for Certain Commercial Uses

The City Planning Commission may authorize any commercial use not allowed pursuant to Section 134-11 to locate within the Special Governors Island District, provided that such commercial use:

(a) will promote the goals of the Special Governors Island District;

(b) will complement existing uses within the special district; and

(c) is compatible with the nature, scale and character of other uses within the special district.

(7/24/13)

134-13
Physical Culture or Health Establishments

Physical culture or health establishments shall be permitted in the Special Governors Island District, subject to the requirements of Section 134-11. The special permit provisions of Section 73-36 shall not apply.

(7/24/13)

134-14
Signs

For commercial uses and physical culture or health establishments, the sign regulations of a C1 District mapped within an R3-2 District shall apply.

(7/24/13)

134-20
SPECIAL BULK REGULATIONS
(7/24/13)

134-21  
Special Regulations for Commercial Uses

For #commercial uses# and #physical culture or health establishments#, the #floor area# regulations of a C1 District mapped within an R3-2 District shall apply.

(7/24/13)

134-22  
Special Height and Setback Regulations

The provisions of Section 62-341 (Developments on land and platforms) shall apply to all #buildings# in the #Special Governors Island District#.
Article XIII: Special Purpose Districts
Chapter 6: Special Downtown Far Rockaway District

Article XIII - Special Purpose Districts

Chapter 6
Special Downtown Far Rockaway District

136-00
GENERAL PURPOSES

The “Special Downtown Far Rockaway District” established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Downtown Far Rockaway community. These general goals include, among others, the following specific purposes:

(a) to strengthen the commercial core of Downtown Far Rockaway by improving the working and living environments;

(b) to support the development of vacant and underutilized parcels in Downtown Far Rockaway with a mix of residential, commercial and community facility uses;

(c) to encourage the design of new buildings to blend into the existing neighborhood fabric by providing a transition in height between the downtown commercial core and the lower-scale residential communities;

(d) to establish a center to the downtown with lively new gathering and civic spaces along Mott Avenue that complement and strengthen the existing neighborhood;

(e) to encourage the development of affordable housing;

(f) to expand the retail, entertainment and commercial character of areas around transit nodes to enhance the area’s role as a local transportation hub;

(g) to integrate new roadways into an improved pedestrian and vehicular network with key north-south and east-west connections;

(h) to ensure the provision of adequate accessory parking that
reflects both the automobile ownership patterns of the neighborhood and public transit access;

(i) to enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities; and

(j) to promote the most desirable use of land and building development and thus conserve and enhance the value of land and buildings, and thereby protect the City’s tax revenues.

(9/7/17)

136-01 General Provisions

The regulations of this Chapter shall apply within the #Special Downtown Far Rockaway District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(9/7/17)

136-02 Definitions

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) and in this Section.

Open Space A

“Open Space A” shall be a publicly accessible open space designed and constructed pursuant to the provisions of Section 136-324 (Publicly accessible open space requirements) and located within the area designated as “Flexible Open Space A Location” on Map 7 (Mandatory Street Walls and Flexible Public Open Space Locations) in the Appendix to this Chapter.

Open Space B

“Open Space B” shall be a publicly accessible open space
designed and constructed pursuant to the provisions of Section 136-324 (Publicly accessible open space requirements) and located within the area designated as “Flexible Open Space B Location” on Map 7 (Mandatory Street Walls and Flexible Public Open Space Locations) in the Appendix to this Chapter.

(9/7/17)

136-03
District Plan and Maps

The regulations of this Chapter implement the #Special Downtown Far Rockaway District# Plan.

The District Plan includes the following maps in the Appendix to this Chapter:

- Map 1 - Special Downtown Far Rockaway District and Subdistrict
- Map 2 - Commercial Core
- Map 3 - Ground Floor Use and Transparency Requirements
- Map 4 - Maximum Building Height
- Map 5 - Maximum Building Height Within Subdistrict A
- Map 6 - Publicly Accessible Private Streets
- Map 7 - Mandatory Street Walls and Flexible Public Open Space Locations
- Map 8 - Sidewalk Widenings

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply.

(9/7/17)

136-04
Subdistricts

In order to carry out the purposes and provisions of this Chapter, Subdistrict A is established. The location of Subdistrict A is shown on Map 1 in the Appendix to this Chapter.

(9/7/17)

136-05
Applicability of District Regulations

(9/7/17)

136-051
Applicability of the Quality Housing Program

R6 R7-1

In the districts indicated, and in C2 Districts mapped within these districts, any building containing residences, long-term care facilities or philanthropic or non-profit institutions with sleeping accommodations that is constructed in accordance with the bulk regulations of this Chapter shall be considered a Quality Housing building and shall comply with the provisions of Article II, Chapter 8 (The Quality Housing Program) of this Resolution.

(9/7/17)

136-052
Applicability of the Mandatory Inclusionary Housing Program

R6 R7-1

In the districts indicated, and in C2 Districts mapped within these districts, the regulations for a Mandatory Inclusionary Housing area shall apply. The locations of Mandatory Inclusionary Housing areas are shown on the maps in APPENDIX F of this Resolution.
136-06
Private Streets and Publicly Accessible Open Spaces

Except as otherwise provided herein, private streets that are in accordance with the provisions of this Chapter within the locations shown on Map 6 (Publicly Accessible Private Streets) in Appendix A of this Chapter, and publicly accessible open spaces that are in accordance with the provisions of this Chapter within the locations shown on Map 7 (Mandatory Street Walls and Flexible Public Open Space Locations) in Appendix A, shall be considered streets for the purposes of establishing the use, bulk and parking regulations of this Resolution. However, for the purposes of floor area regulations, such private streets and publicly accessible open spaces shall be considered part of a zoning lot. In addition, for the purpose of determining minimum and maximum base heights and minimum setback depth pursuant to paragraph (a) of Section 136-313 (Minimum and maximum base height), private streets and publicly accessible open spaces shall be distinguished from streets.

136-10
SPECIAL USE REGULATIONS

The use regulations of the underlying district shall apply except as modified in Section 136-10, inclusive.

136-11
Location Within Buildings

Within the locations shown on Map 2 (Commercial Core) in the Appendix to this Chapter, the provisions of Section 32-421 (Limitation on floors occupied by commercial uses) shall not apply. In lieu thereof, the provisions of Section 32-422 (Location of floors occupied by commercial uses) shall apply.
136-12
Use Groups 10A and 12 in C2 Districts

Within the locations shown on Map 2 (Commercial Core) in the Appendix to this Chapter, the provisions of Sections 32-19 (Use Group 10) and 32-21 (Use Group 12) shall be modified to allow Use Groups 10A and 12 in C2 Districts.

136-13
Ground Floor Use Regulations

The special ground floor #use# provisions of this Section shall apply to any portion of a #building#:

(a) fronting on a designated #street#, as shown on Map 3 (Ground Floor Use and Transparency Requirements); or

(b) located within 175 feet of Mott Avenue and fronting on #Open Space A#.

#Uses# within #stories# on the ground floor or with a floor level within five feet of the level of the adjoining sidewalk, shall be limited to non-#residential uses#. The #street# frontage of a #building# shall be allocated exclusively to such #uses#, except for Type 1 lobby space, entrances and exits to #accessory# off-street parking facilities, and entryways or entrances to subway stations in accordance with Section 37-33 (Maximum Width of Certain Uses). Such non-#residential uses# shall comply with the minimum depth provisions of Section 37-32 (Ground Floor Depth Requirements for Certain Uses).

136-14
Transparency and Parking Wrap Requirements

The provisions of this Section shall apply to #buildings developed# or #enlarged# after September 7, 2017, where the ground floor of such #development# or #enlarged# portion of the
#building# fronts upon designated #streets# as shown on Map 3 (Ground Floor Use and Transparency Requirements) in the Appendix to this Chapter. These provisions shall also apply to the frontage of #buildings# located along #Open Space A#. The ground floor #street wall# of such #building# or portion thereof shall be glazed in accordance with Section 37-34 (Minimum Transparency Requirements).

The provisions of Section 37-35 (Parking Wrap and Screening Requirements) shall apply along designated #streets# as shown on Map 3 and along #Open Space A#. In addition, the screening requirements of paragraph (b) of Section 37-35 shall apply along intersecting #streets# within 50 feet of designated #streets#, and along intersecting #streets# or private streets within 50 feet of #Open Space A#.

(9/7/17)

136-15
Special Use Regulations Within Subdistrict A

The following additional special #use# provisions of Section 136-15, inclusive, shall apply within Subdistrict A, as shown on Map 1 (Special Downtown Far Rockaway District and Subdistrict) in the Appendix to this Chapter.

(9/7/17)

136-151
Modification of Supplemental Use Provisions

For #mixed buildings#, the underlying provisions of Section 32-421 (Limitation on floors occupied by non-residential uses) shall not apply. In lieu thereof, Use Groups 6, 7, 8, 9 or 14, other than offices listed in Use Group 6B, shall not be located above the level of the second #story# ceiling. Offices shall be permitted above the level of the second #story#, provided that where any floor space allocated to such offices is located on the same #story# as a #dwelling unit#, no access exists between such #uses#, and further provided that no floor space allocated to such offices is located directly over #dwelling units#.
136-152
Location of entrances

(a) Non-residential entrances

Within Subdistrict A, on designated streets, as shown on Map 3 (Ground Floor Use and Transparency Requirements) in the Appendix to this Chapter, the requirements of this paragraph (a) shall apply to any building or other structure fronting on such streets. These provisions shall also apply to the frontage of buildings along Open Space A. Access to each ground floor commercial establishment or community facility establishment shall be provided directly from a street or from Open Space A.

(b) Residential entrances

Eighty percent of all ground floor dwelling units with frontage only on Redfern Avenue shall have a primary entrance directly accessible from Redfern Avenue.

136-20
SPECIAL BULK REGULATIONS

The bulk regulations of the underlying district shall apply except as modified in Section 136-20, inclusive.

136-21
Lot Coverage

The residential portion of a building shall comply with the maximum lot coverage provisions of the underlying district applicable to Quality Housing buildings.
136-22
Height and Setback Regulations

For #residential buildings#, #mixed buildings# and #commercial buildings#, the height and setback regulations of the underlying district shall be modified by the regulations of Section 136-22, inclusive. The provisions of Sections 23-952 (Height and setback in Mandatory Inclusionary Housing areas) and 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) shall not apply within the #Special Downtown Far Rockaway District#.

All heights shall be measured from the #base plane#.

136-221
Street wall location

In C2 Districts, the #street wall# location regulations of the underlying district shall apply except as modified in this Section.

(a) In C2 Districts mapped within R6 and R7-1 Districts, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least the minimum base height specified in Section 136-222 (Minimum and maximum base height), or the height of the #building#, whichever is less. Up to 30 percent of the #aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall be mandatory on only one #street line#.

(b) In C2 Districts mapped within R5 Districts, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to a height of 30 feet, or the height of the #building#, whichever is less. Up to 30 percent of the
#aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall be mandatory on only one #street line#.

(c) Below a height of 15 feet or the height of the second #story# floor, whichever is lower, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except recesses that do not exceed a depth of 12 inches.

The underlying allowances for #street wall# articulation, set forth in paragraph (e) of Section 35-651 (Street wall location) shall be permitted to project or recess beyond the #street wall# locations established in paragraphs (a) and (b) of this Section.

Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet, without regard to the #street wall# location requirements of this Section.

(9/7/17)

136-222
Minimum and maximum base height

R6  R7-1

In the districts indicated, and in C2 Districts mapped within these districts, the minimum and maximum heights before setback of a #street wall# required pursuant to Section 136-221 (Street wall location) shall be as set forth in the following table:

<table>
<thead>
<tr>
<th>District</th>
<th>Minimum Base Height (feet)</th>
<th>Maximum Base Height (feet)</th>
</tr>
</thead>
<tbody>
<tr>
<td>R6</td>
<td>30</td>
<td>55</td>
</tr>
<tr>
<td>R7-1</td>
<td>40</td>
<td>55</td>
</tr>
</tbody>
</table>

At a height not lower than the minimum base height nor higher than the maximum base height specified for the applicable district in this Section, a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street#, and a setback with a depth of at least 15 feet
shall be provided from any #street wall# fronting on a #narrow street#. The underlying provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to such setbacks.

(9/7/17)

136-223
Maximum building height

R6 R7-1

In the districts indicated, and in C2 Districts mapped within these districts, the height of a #building or other structure# shall not exceed the maximum height or the maximum number of #stories#, whichever is less, as shown on Map 4 (Maximum Building Height) in the Appendix to this Chapter.

(9/7/17)

136-30
SPECIAL REGULATIONS WITHIN SUBDISTRICT A

The regulations of Section 136-30, inclusive, shall apply within Subdistrict A, as shown on Map 1 (Special Downtown Far Rockaway District and Subdistrict) in the Appendix to this Chapter. The regulations of the #Special Downtown Far Rockaway District# shall apply, except as modified by the regulations of Section 136-30, inclusive.

(9/7/17)

136-31
Special Height and Setback Regulations Within Subdistrict A

(9/7/17)

136-311
Street wall location
The provisions of Section 136-221 (Street wall location) shall apply within Subdistrict A, except as provided in this Section.

(a) For portions of #buildings# or #building segments# with frontage on Redfern Avenue located between the prolongation of the northerly #street line# of Dix Avenue and a line 150 feet south of and parallel to Nameoke Street, the #street wall# location rules of Section 136-221 shall not apply. In lieu thereof, paragraph (b) of Section 23-661 (Street wall location) shall apply.

(b) For Street Wall A and Street Wall B, as shown on Map 7 (Mandatory Street Walls and Flexible Public Open Space Locations) in the Appendix to this Chapter, the provisions of Section 136-221 shall not apply. In lieu thereof, the provisions of this Section shall apply.

(1) Street Wall A

#Buildings# on the west side of #Open Space A# shall have a #street wall# located along the required sidewalk widening on Mott Avenue, shown as a line designated A1 on Map 7, except that #street wall# articulation set forth in paragraph (e) of Section 35-651 (Street wall location) shall be permitted. Beyond 112 feet of Redfern Avenue, the #street wall# shall be located no closer to Central Avenue than the line designated A2 as shown on Map 7.

(2) Street Wall B

#Street walls# fronting #Open Space A# shall be located no closer to Redfern Avenue than as shown as a line designated B1 on Map 7. The #street walls# of #buildings# on the east side of #Open Space A# with frontage on Mott Avenue shall be located no closer to Mott Avenue than as shown as lines designated B2 and B3 on Map 7. Portions of #street walls# with frontage on Mott Avenue, located so that a line drawn perpendicular to the line designated B3 intersects such #street walls#, shall be located no further than 30 feet from B3. #Street walls# fronting Central Avenue shall be located no closer to Central Avenue than as shown for the line designated B4 on Map 7, and shall be located no further than 30 feet from B4.
(c) For blocks with a dimension of less than 100 feet between streets or private streets that are parallel or do not intersect, the provisions of Section 136-221 shall be modified to require a minimum of 40 percent of the aggregate width of street walls to be located within eight feet of the street line and to extend to at least the minimum base height specified in Section 136-222 (Minimum and maximum base height), or the height of the building, whichever is less.

All street walls governed by this Section shall extend to the minimum base height specified in Section 136-313 (Minimum and maximum base height), or the height of the building, whichever is less.

(9/7/17)

136-312
Street wall recesses

For each building within Subdistrict A, where the aggregate width of street walls is greater than 90 feet, a minimum of 20 percent of the surface area of street walls below the maximum base height and above the level of the first story shall be recessed beyond three feet of the street line. Portions of street lines with no street walls may be counted towards the recess requirements of this Section. No portion of such minimum recessed area shall be located within 30 feet of the intersection of two street lines. However, such minimum recessed area shall be permitted within 30 feet of Redfern Avenue, except at the intersection of Redfern Avenue and Mott Avenue.

(9/7/17)

136-313
Minimum and maximum base height

Within Subdistrict A, the provisions of Section 136-222 (Minimum and maximum base height) shall not apply. In lieu thereof, for residential buildings, mixed buildings and commercial buildings, the provisions of this Section shall apply. The street wall height and setback regulations of the underlying
district shall apply except as modified in this Section.

(a) The minimum and maximum heights before setback of a street wall required pursuant to Section 136-221 (Street wall location), shall be as set forth in the following table:

<table>
<thead>
<tr>
<th>Condition</th>
<th>Minimum Base Height (feet)</th>
<th>Maximum Base Height (feet)</th>
<th>Minimum Setback Depth (feet)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fronting on, or within 100 feet of, a street, other than a private street or publicly accessible open space</td>
<td>40&lt;sup&gt;1&lt;/sup&gt;</td>
<td>65</td>
<td>10</td>
</tr>
<tr>
<td>Fronting on a private street or a publicly accessible open space and beyond 100 feet of a street that is not a private street or publicly accessible open space</td>
<td>40&lt;sup&gt;1&lt;/sup&gt;</td>
<td>85</td>
<td>7</td>
</tr>
<tr>
<td>Fronting on Redfern Avenue</td>
<td>30&lt;sup&gt;1&lt;/sup&gt;</td>
<td>45&lt;sup&gt;2&lt;/sup&gt;</td>
<td>10</td>
</tr>
</tbody>
</table>

<sup>1</sup> Within 300 feet of Mott Avenue, the minimum base height shall be 20 feet

<sup>2</sup> The maximum base height for the portion of a building subject to the 65 foot or six story maximum height provisions of Section 136-314 shall be 65 feet

(b) Dormers

The provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts) shall be modified to allow dormers as a permitted obstruction within the required front setback distance above a maximum base height, as follows:
Within 75 feet of intersecting streets, dormers shall be permitted without limitation on width.

Where dormers are provided pursuant to paragraph (b)(1) of this Section, and such dormers exceed the maximum width permitted pursuant to paragraph (c) of Section 23-621, for any portion of a building with an aggregate width of street walls greater than 75 feet, a setback shall be provided above the maximum base height between such dormer and any other dormer for a width of at least 20 feet, or the remaining width of such street wall, as applicable.

Beyond 75 feet of intersecting streets, the provisions of paragraph (c) of Section 23-621 shall apply. The width of any dormers provided pursuant to the provisions of paragraph (b)(1) of this Section shall be included in the aggregate width of all dormers.

However, the provisions of this paragraph (b) shall not apply to portions of buildings with frontage on Redfern Avenue, except that these provisions shall apply to portions of buildings with frontage on both Redfern Avenue and Mott Avenue.

(9/7/17)

136-314
Maximum building height

The height of a building or other structure shall not exceed the maximum building height or the maximum number of stories, whichever is less, as shown on Map 5 (Maximum Building Height Within Subdistrict A) in the Appendix to this Chapter. However, within 75 feet of the intersection of the southerly cross street with Redfern Avenue, and within 75 feet of the intersection of the northerly cross street with Redfern Avenue, the maximum height for buildings or other structures shall be six stories or 65 feet, whichever is less. Any such 65 foot or six story maximum building height limit falling within 300 feet of Mott Avenue shall only extend to a depth of 25 feet from Redfern Avenue, after which the maximum building height and maximum number of stories shown on Map 5 shall apply.
136-315
Maximum building height and horizontal dimension for tall buildings

Within the Tower Location Area shown on Map 5 (Maximum Building Height Within Subdistrict A) in the Appendix to this Chapter, the height of a building may exceed the height limits specified in Section 136-314 (Maximum building height) only as set forth in this Section. Any portion of a building above a height of 125 feet shall hereinafter be referred to as a “tower.”

(a) Towers shall be located within portions of zoning lots bounded by intersecting street lines and lines parallel to and 200 feet from each intersecting street line.

(b) Towers shall be separated from one another by a minimum distance of 60 feet, measured in all horizontal directions.

(c) The outermost walls of each story of a building located entirely above a height of 125 feet shall be measured in plan view and inscribed within a rectangle. The maximum length of such rectangle shall be 170 feet. The maximum length of any other side of such rectangle shall be 100 feet. For the purposes of this Section, abutting portions of buildings above a height of 125 feet shall be considered a single tower.

(d) To permit portions of a building to rise from grade to a tower portion without setback, the setback provisions of Section 136-313 (Minimum and maximum base height) shall not apply to any portion of a building located within 100 feet of intersecting street lines.

(e) The maximum height of a tower shall be 155 feet or 15 stories, whichever is lower.

(f) No more than two towers shall be permitted within Subdistrict A.
136-316
Maximum length of buildings

The outermost walls of each #story# of a #building# located entirely above a height of 95 feet shall be measured in plan view and inscribed within a rectangle. The maximum length of any side of such rectangle shall be 170 feet. For the purposes of this Section, #abutting# portions of #buildings# above a height of 95 feet shall be considered a single #building#.

(9/7/17)

136-32
Streets and public open spaces

(9/7/17)

136-321
Certification

The requirements of this Section shall apply to #zoning lots# containing #developments# or #enlargements# within the current or former Downtown Far Rockaway Urban Renewal Area.

No building permit shall be issued for any #development# or #enlargement# until the Chairperson of the City Planning Commission certifies to the Department of Buildings that such #development# or #enlargement# complies with the provisions of this Section.

The Chairperson shall certify that:

(a) all publicly accessible open spaces adjacent to the proposed #development# or #enlargement# comply with the provisions of Section 136-324 (Publicly accessible open space requirements);

(b) the location of private streets adjacent to the proposed #development# or #enlargement# complies with the provisions of Section 136-323 (Private streets); and

(c) for any portion of Subdistrict A outside the area of the
proposed development or enlargement for which a certification pursuant to this Section has not been obtained, the applicant has submitted sufficient documentation showing that the development or enlargement that is the subject of this certification, and any associated private streets and publicly accessible open spaces required to be constructed in conjunction with such development or enlargement, shall not preclude such undeveloped portions of Subdistrict A from complying with the provisions of Sections 136-323 and 136-324 under future certifications pursuant to this Section.

All required private streets and publicly accessible open spaces, once certified in accordance with the provisions of this Section, shall be duly recorded in the form of a signed declaration of restrictions, including provisions for the maintenance and operation of such private streets and publicly accessible open spaces, indexed against the property, binding the owners, successors and assigns to provide and maintain such private streets and publicly accessible open spaces in accordance with the plans certified by the Chairperson. Such declaration, or any maintenance and operation agreement with the City or its designee executed in connection with such declaration, shall require that adequate security be provided to ensure that the private streets and public access areas are maintained in accordance with the declaration and any related maintenance and operation agreement and are closed only at authorized times. The filing of such declaration in the Borough Office of the Register of the City of New York shall be a precondition for the issuance of a building permit.

In addition, the private streets and publicly accessible open spaces integral to the development or enlargement of a building, as indicated in the plans certified by the Chairperson, shall be recorded on the certificate of occupancy for such building by the Department of Buildings. The recording information of the declaration of restrictions shall be included on the certificate of occupancy for any building, or portion thereof, issued after the recording date.

The property owner shall be responsible for the construction and maintenance of all required private streets and publicly accessible open spaces on the zoning lot. No temporary or final certificate of occupancy shall be issued for any building adjacent to such private street or publicly accessible open space until all required improvements are completed, except as set forth in a phasing plan that has been
incorporated in a signed and duly recorded declaration of restrictions, and that has provided for interim improvements and access where these do not present conflicts with construction, staging or public safety.

(9/7/17)

136-322
Sidewalk widening

For #buildings developed# or #enlarged# after September 7, 2017, where the #development# or horizontal #enlargement# fronts upon designated #streets# as shown on Map 8 (Sidewalk Widenings) in the Appendix to this Chapter, the provisions of this Section shall apply.

A sidewalk widening is a continuous, paved open area along the #street line# of a #zoning lot#, located within the #zoning lot#. A sidewalk widening shall be provided along #streets# as shown on Map 8, to the extent necessary, so that a minimum sidewalk width of 13 feet or 18 feet, as applicable, is achieved, including portions within and beyond the #zoning lot#. Such depth shall be measured perpendicular to the #street line#. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalk and shall be directly accessible to the public at all times. No #enlargement# shall be permitted to decrease the depth of such sidewalk widening to less than such minimum required depth.

Lighting shall be provided with a minimum level of illumination of not less than two horizontal foot candles throughout the entire mandatory sidewalk widening. Lighting fixtures installed by the Department of Transportation within the #street# adjacent to such sidewalk widening shall be included in the calculation of the required level of illumination.

Where a continuous sidewalk widening is provided on the #zoning lot#, along the entire #block# frontage of a #street#, the boundary of the sidewalk widening within the #zoning lot# shall be considered to be the #street line# for the purposes of Sections 136-22 (Height and Setback Regulations) and 136-31 (Special Height and Setback Regulations Within Subdistrict A).
136-323
Private streets

In Subdistrict A, private streets shall be accessible to the public at all times, except when required to be closed for repairs, and for no more than one day each year in order to preserve the private ownership of such area. Private streets shall have a minimum width of 60 feet. Private streets shall be constructed to Department of Transportation standards for public streets. Sidewalks shall have a minimum clear path of seven feet on each side of such private streets along their entire length. Such private streets shall be located as shown on Map 6 (Publicly Accessible Private Streets) in the Appendix to this Chapter. One street tree shall be planted for every 25 feet of curb length of each private street. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire length of the curb of the private street.

The private street network shall be established as follows:

(a) a central street shall connect #Open Space A# with Nameoke Avenue, as shown on Map 6. However, if the centerline of the new street is not within five feet of the extended centerline of Brunswick Avenue, then the easterly curb of the new street shall be greater than 50 feet from the extended line of the westerly curb of Brunswick Avenue;

(b) a southerly cross street shall connect Redfern Avenue with the central street, intersecting Redfern Avenue within the area shown on Map 6. However, if the centerline of the new street is not within five feet of the extended centerline of Dix Avenue, then the northerly curb of the new street shall be greater than 50 feet from the extended line of the southerly curb of Dix Avenue;

(c) a northerly cross street shall connect Birdsall Avenue with Bayport Place, intersecting Redfern Avenue so that the centerline of the new street is within five feet of the extended centerline of Birdsall Avenue and within five feet of the centerline of Bayport Place.
136-324
Publicly accessible open space requirements

Publicly accessible open spaces shall be provided within Flexible Open Space A Location and Flexible Open Space B Location, as applicable, as shown on Map 7 (Mandatory Street Walls and Flexible Public Open Space Locations) in the Appendix to this Chapter. #Open Space A# shall contain a minimum of 23,000 square feet, and #Open Space B# shall contain a minimum of 7,000 square feet.

(a) A portion of the required publicly accessible open space located within #Open Space A# shall have a minimum width of 80 feet within 55 feet of Mott Avenue. #Open Space A# shall extend from Mott Avenue to the nearest private street required pursuant to Section 136-323 (Private streets), and shall maintain a minimum width of 60 feet.

(b) Publicly accessible open spaces shall comply with the provisions of Sections 37-725 (Steps), 37-726 (Permitted obstructions), 37-727 (Hours of access) 37-728 (Standards of accessibility for persons with disabilities), 37-73 (Kiosks and Open Air Cafes), 37-74 (Amenities) and 37-75 (Signs), except for the following modifications:

(1) Section 37-73 (Kiosks and Open Air Cafes) shall be modified as follows:

(i) paragraph (a) of Section 37-73 shall be modified to permit a kiosk to occupy an area no greater than 400 square feet within #Open Space A#, provided that such kiosk has a maximum width, measured along the same axis as the minimum width of #Open Space A# pursuant to paragraph (a) of this Section, of 20 feet, and provided that any canopies, awnings or other sun control devices extending from such kiosk shall be limited to a distance of five feet from such kiosk;

(ii) paragraph (b) of Section 37-73 shall be modified to limit the aggregate area of open air cafes to no more than 40 percent of the publicly accessible open space, to allow open air cafes to occupy up to 50 percent of #street# frontage along Mott Avenue, and to eliminate the
requirement that open air cafes be located along the edge of the publicly accessible open space; and

(iii) paragraphs (c) and (d) of Section 37-73 shall not apply to the certification of open air cafes in the Special District, and the filing of plans for open air cafes in the Borough Office of the City Register shall not be required;

(2) Section 37-741 (Seating) shall be modified as follows:

(i) the requirement for a minimum of one linear foot of required seating for every two linear feet of street frontage within 15 feet of the street line shall not apply;

(ii) the requirement of one linear foot of seating for each 30 square feet of public plaza area shall be modified to one linear foot of seating for each 60 square feet of publicly accessible open space; and

(iii) seating for open air cafes may count toward the seating requirement, in the category of moveable seating, provided that 50 percent of the linear seating capacity is provided through other seating types;

(3) For Open Space A, Section 37-742 (Planting and trees) shall be modified to require that at least 15 percent of the area of the publicly accessible open space shall be comprised of planting beds with a minimum dimension of two feet, exclusive of any bounding walls. For Open Space B, Section 37-742 (Planting and trees) shall be modified to eliminate the requirement for such planting beds;

(4) Section 37-743 (Lighting) shall be modified to provide that for publicly accessible open spaces fronting on Mott Avenue, the lighting fixtures installed by the Department of Transportation within the street shall be included in the calculation of the required level of illumination;

(5) Section 37-744 (Litter receptacles) shall be modified to require a minimum of one litter receptacle per
5,000 square feet of publicly accessible open space;

(6) Entry plaques for publicly accessible open spaces shall be provided as described in paragraph (a) of Section 37-751 (Public space signage systems), except that one such plaque shall be located at each point of entry from a #street# to such publicly accessible open space; and

(7) Section 37-753 (Accessory signs) shall be modified as follows:

(i) paragraphs (a), (c) and (d) shall not apply;

(ii) paragraph (b) shall be modified to permit non-#illuminated# or #illuminated accessory signs#, and the permitted #surface area# of such #signs# shall be as permitted by the underlying district, as if the publicly accessible open space were a #street#; and

(iii) paragraph (e) shall be modified to permit any number of #accessory signs# within the publicly accessible open space, subject to the remaining provisions of such paragraph (e).

(9/7/17)

136-40
SPECIAL OFF-STREET PARKING REGULATIONS

(9/7/17)

136-41
Parking Regulations

The off-street parking regulations shall be modified, as follows:

(a) The regulations of Section 25-027 (Applicability of regulations in Community District 14, Queens) shall not apply. In lieu thereof, the regulations of the applicable underlying district shall apply, as modified by the provisions of this Section.
(b) In a C2 District mapped within an R7-1 District, the regulations of Section 25-251 (Income-restricted housing units) shall be modified to require an accessory off-street parking requirement of 25 percent per income-restricted housing unit.

(c) For commercial uses in Parking Requirement Categories PRC-A, PRC-B, PRC-B1 and PRC-C, the provisions of Section 36-21 (General Provisions) shall be modified to require accessory off-street parking spaces at a rate of one parking space per 750 square feet of floor area.

For ambulatory diagnostic or treatment health care facilities listed in Use Group 4, the provisions of Sections 25-31 (General Provisions) and 36-21 shall be modified to require accessory off-street parking spaces at a rate of one parking space per 750 square feet of floor area.

(d) Within Subdistrict A, parking spaces provided on private streets shall count towards the number of accessory off-street parking spaces required by the provisions of Sections 36-20 (REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR COMMERCIAL OR COMMUNITY FACILITY USES) and 36-30 (REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR RESIDENCES WHEN PERMITTED IN COMMERCIAL DISTRICTS). For such parking spaces located within private streets, the provisions of Section 28-40 (PARKING FOR QUALITY HOUSING) shall not apply.

(9/7/17)

136-50
AUTHORIZATIONS

(9/7/17)

136-51
Authorization to Modify Provisions for Publicly Accessible Open Spaces and Private Streets

The City Planning Commission may authorize modification of the
provisions of Sections 136-323 (Private streets) and 136-324 (Publicly accessible open space requirements), provided that the Commission shall find that:

(a) the usefulness and attractiveness of the publicly accessible open space will be improved by the proposed design and layout;

(b) such modification to private street provisions will result in a private street network that will ensure pedestrian and vehicular mobility and safety and will be well integrated with the surrounding streets; and

(c) such modification will result in a superior urban design relationship with surrounding buildings and open areas, including streets and private streets.

The Commission may prescribe appropriate conditions and controls to enhance the relationship of such publicly accessible open spaces and private streets to surrounding buildings and open areas.

(9/7/17)

136-52
Authorization to Modify Bulk Regulations for Income-Restricted Housing Units

For developments or enlargements containing only income-restricted housing units, affordable independent residences for seniors, or other government-assisted dwelling units, the City Planning Commission may authorize modifications of:

(a) yard regulations;

(b) regulations governing the minimum required distance between buildings on the same zoning lot, provided that no waiver shall authorize a minimum distance of less than 40 feet; and

(c) regulations governing the minimum required distance between legally required windows and walls or lot lines, provided that no waiver shall authorize a minimum of less than 20 feet between legally required windows and walls or lot lines.
The Commission shall find that such modifications:

(1) will aid in achieving the general purposes and intent of this Chapter as set forth in Section 136-00 (GENERAL PURPOSES);

(2) will provide a better distribution of #bulk# on the #zoning lot#, resulting in a superior site plan, in which the #buildings# subject to this authorization and any associated open areas will relate harmoniously with one another and with adjacent #buildings# and open areas; and

(3) will not unduly increase the #bulk# of any #building# or unduly obstruct access of adequate light and air to the detriment of the occupants or users of #buildings# on the #block# or nearby #blocks#, or of people using the public #streets# and other public spaces.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Chapter 7
Special Coastal Risk District

137-00
GENERAL PURPOSES

The “Special Coastal Risk District” established in this Resolution is designed to promote and protect public health, safety and general welfare in coastal areas that are currently at exceptional risk from flooding and may face greater risk in the future. These general goals include, among others, the following specific purposes:

(a) to limit the population in areas that are vulnerable to frequent flooding, including those areas exceptionally at risk from projected future tidal flooding;

(b) to reduce the potential for property damage and disruption from regular flood events and support the City’s capacity to provide infrastructure and services;

(c) to promote consistency with planned improvements, neighborhood plans, and other measures to promote drainage, coastal protection, open space and other public purposes;

(d) provide sound planning in areas that have historically been occupied by wetlands and, where plans exist, for such areas to be maintained as open space; and

(e) to promote the most desirable use of land and thus conserve the value of land and buildings, and thereby protect the City’s tax revenue.

137-10
GENERAL PROVISIONS
The provisions of this Chapter shall apply in the #Special Coastal Risk District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(9/7/17)

137-11
District Plan and Maps

The District Maps are located in the Appendix to this Chapter and are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in this Chapter apply.

(6/21/17)

**137-20**

**Special Use Regulations**

The special use regulations of this Section 137-20, inclusive, shall apply in the Special Coastal Risk Districts# as set forth in the table in Section 137-12 (Applicability of Special Regulations).

(9/7/17)

**137-21**

**Residential Use**

In #Special Coastal Risk District# 1 and 3, #residential uses# shall be limited to #single-family detached residences# and #accessory uses# as set forth in Section 22-11 (Use Group 1).

In #Special Coastal Risk District# 2, #residential uses# shall be limited to #single-# or #two-family detached residences# and #accessory uses# as set forth in paragraphs A. and B. of Section 22-12 (Use Group 2).
137-22
Community Facility Use

In #Special Coastal Risk Districts#, #community facilities# with sleeping accommodations shall not be permitted.

In #lower density growth management areas# in #Special Coastal Risk District# 3, the regulations for #community facility uses# of the underlying districts shall be modified as follows:

(a) ambulatory diagnostic or treatment health care facilities shall be limited on any #zoning lot# to 1,500 square feet of #floor area#, including #cellar# space; and

(b) all #community facility uses# shall be subject to the maximum #floor area ratio#, and special #floor area# limitations, applicable to R3-2 Districts set forth in Section 24-162 (Maximum floor area ratios and special floor area limitations for zoning lots containing residential and community facility uses in certain districts).

137-30
SPECIAL BULK REGULATIONS

The special #bulk# regulations of this Section 137-30, inclusive, shall apply to #buildings# in the #Special Coastal Risk Districts# as set forth in the table in Section 137-12 (Applicability of Special Regulations).

137-31
Minimum Lot Width

In #Special Coastal Risk District# 2, the regulations of Section 23-32 (Minimum Lot Area or Lot Width for Residences) are
modified such that the minimum #lot width# for a #two-family detached residence# in an R3A District shall be 40 feet.

(9/7/17)

137-40

SPECIAL APPLICABILITY OF ARTICLE V

In #Special Coastal Risk District# 3, the provisions of Article V, Chapter 2 (Non-conforming Uses) shall be modified as set forth in this Section.

#Non-conforming uses# may not be #enlarged# or #extended#. In addition, should 50 percent or more of the #floor area# of a #building# containing a #non-conforming use# be damaged or destroyed after September 7, 2017, the #building# may be repaired, #incidentally altered# or reconstructed only for a #conforming use#.

However, the provisions of this Section shall not apply to any #building# that was damaged to the extent of 50 percent or more due to the effects of #Hurricane Sandy#, as defined in Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas). The special regulations for #non-conforming buildings# of Section 64-70 shall apply to such #buildings#.

(9/7/17)

137-50

SPECIAL REQUIREMENTS FOR DEVELOPMENTS AND ENLARGEMENTS

In #Special Coastal Risk District# 3, no #development# or horizontal #enlargement# shall occur, except where authorized by the City Planning Commission pursuant to Sections 137-51 (Authorization for Development of Single Buildings and Enlargements) or 137-52 (Authorization for Development of Multiple Buildings), as applicable.

For the purposes of determining which authorization shall be applicable, the #zoning lot# upon which the #development# shall occur shall be considered to be a tract of land that existed under separate ownership from all adjoining tracts of land on April 24, 2017.
For the purposes of such authorizations, the alteration of any existing building resulting in the removal of more than 75 percent of the floor area and more than 25 percent of the perimeter walls of such existing building, and the replacement of any amount of floor area, shall be considered a development.

The provisions of Section 137-50, inclusive, shall not apply to the reconstruction of any building that was damaged to the extent of 50 percent or more due to the effects of Hurricane Sandy, as defined in Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), or to the reconstruction of a garage accessory to a single-family residence or two-family residence.

The provisions of Section 64-92 (Special Permit for Modification of Certain Zoning Regulations) shall be inapplicable to a building that is developed pursuant to this Section, inclusive.

(9/7/17)

137-51
Authorization for Development of Single Buildings and Enlargements

The City Planning Commission may authorize a horizontal enlargement, or a development consisting of no more than one building containing a non-accessory use, on one or more zoning lots, and may modify the bulk regulations of the underlying district, except floor area ratio regulations, provided that:

(a) the site plan, to the extent practicable, minimizes the need for new paving and impervious surfaces upon the zoning lot;

(b) the site plan provides access to the new or enlarged building using streets that were improved and open to traffic on the date of application for an authorization, and which serve other occupied buildings;

(c) the site plan, to the extent practicable, minimizes adverse effects on wetlands, planned open space, drainage, or other functions in the surrounding area;
(d) the resulting #building# and other site improvements would not impair the essential ecological character of the surrounding area for its future use as open space;

(e) the site plan and resulting #building# incorporate such measures as are reasonable to minimize risks to public safety from natural hazards such as flooding and wildfires; and

(f) where the Commission is modifying #bulk# regulations, such modifications are the minimum necessary to protect, or provide buffering from, wetlands or wetland-adjacent areas.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(9/7/17)

137-52
Authorization for Development of Multiple Buildings

The City Planning Commission may authorize a #development# consisting of more than one #building# on one or more #zoning lots#, and may modify the #bulk# regulations of the underlying district, except #floor area ratio# regulations, provided that:

(a) all #zoning lots# comprising such #development# together provide a minimum of 9,500 square feet of #lot area# per #building#, where no portion of such #lot area# shall contain delineated wetland on a wetland survey reviewed by the New York State Department of Environmental Conservation (NYSDEC). Such review by the NYSDEC shall have occurred no more than two years prior to the date of application for this authorization;

(b) the #development# satisfies the findings of paragraphs (a) through (e) of Section 137-51 (Authorization for Development of Single Buildings and Enlargements);

(c) where the Commission is modifying #bulk# regulations, such modifications shall:

(1) facilitate the configuration of #buildings# in order
to protect, or provide buffering from, adjacent wetlands, open space and natural resources;

(2) facilitate, to the extent practicable, the configuration of \#buildings\# in proximity to the location of existing \#buildings\# within the area;

(3) limit the need for new paving and impermeable surfaces; and

(4) be consistent with the scale and character of the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Chapter 8
Special East Harlem Corridors District

138-00
GENERAL PURPOSES

The “Special East Harlem Corridors District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to encourage and guide the development of East Harlem as a dynamic mixed-use neighborhood by permitting the expansion and development of residential, commercial, community facility and light manufacturing uses in appropriate areas;

(b) to encourage the development of residential uses along appropriate corridors;

(c) to encourage the development of permanently affordable housing;

(d) to facilitate the development of high-density commercial and manufacturing uses in order to locate jobs near transit connections;

(e) to enhance the vitality of both existing and emerging commercial corridors by ensuring that ground floor frontages are occupied by active uses that enliven the pedestrian experience along the street;

(f) to ensure that the form and use of new buildings relates to and enhances neighborhood character and responds to unique neighborhood conditions such as the Park Avenue viaduct; and

(g) to promote the most desirable use of land in the area and thus preserve, protect and enhance the value of land and buildings and thereby protect City tax revenues.
138-01  
**General Provisions**

The provisions of this Chapter shall apply within the #Special East Harlem Corridors District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

138-02  
**District Plan and Maps**

The regulations of this Chapter are designed to implement the #Special East Harlem Corridors District# Plan. The District Plan includes the map, “Special East Harlem Corridors District and Subdistrict,” in the Appendix to this Chapter which is hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply.

138-03  
**Subdistrict**

In order to carry out the provisions of this Chapter, the Park Avenue Subdistrict is established within the #Special East Harlem Corridors District#. The location of the Subdistrict is shown in the Appendix to this Chapter.
138-04
Applicability

(11/30/17)

138-041
Applicability of Article IX, Chapter 5

In the event of a conflict between the provisions of this Chapter and Article IX, Chapter 5 (Special Transit Land Use District), the provisions of Article IX, Chapter 5 shall control.

(11/30/17)

138-042
Applicability of Article XII, Chapter 3

In M1 Districts paired with a #Residence District#, the special #use#, #bulk# and parking and loading provisions of Article XII, Chapter 3 (Special Mixed Use Districts) shall apply, except where modified by the provisions of this Chapter, and shall supplement or supersede the provisions of the designated #Residence# or M1 District, as applicable.

(11/30/17)

138-043
Applicability of the Quality Housing Program

In the #Special East Harlem Corridors District#, #buildings# containing #residences# shall be #developed# or #enlarged# in accordance with the Quality Housing Program and the regulations of Article II, Chapter 8 shall apply. The #bulk# regulations of this Chapter shall be considered the applicable #bulk# regulations for #Quality Housing buildings#.

(11/30/17)
Applicability of the Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program set forth in Section 23-90 (INCLUSIONARY HOUSING), the #Special East Harlem Corridors District# shall be a #Mandatory Inclusionary Housing area#.

(11/30/17)

138-10
SPECIAL USE REGULATIONS

The #use# regulations of the underlying districts, or Article XII, Chapter 3 (Special Mixed Use Districts), as applicable, are modified by the provisions of this Section, inclusive.

(11/30/17)

138-11
Location of Residential Use Within Buildings

In C4 or C6 Districts, the underlying provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified, for #mixed buildings# that are #developed# or #enlarged#, to permit #dwelling units# on the same #story# as a #commercial use# provided no access exists between such #uses# at any level containing #dwelling units# and provided no #commercial uses# are located directly over any #dwelling units#. However, such #commercial uses# may be located over #dwelling units# by authorization of the City Planning Commission upon a finding that sufficient separation of #residential uses# from #commercial uses# exists within the #building#.

(11/30/17)

138-12
Transient Hotels

C1-5 C2-5 C4-6 C6-4 M1-6/R9 M1-6/R10
In the districts indicated, the development or enlargement of a building containing a transient hotel, as listed in Section 32-14 (Use Group 5), or the conversion or change of use within an existing building to a transient hotel, shall only be allowed:

(a) upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the residential development goal, as set forth in this Section, has been met, or

(b) where such residential development goal, has not been met, by special permit by the City Planning Commission. To permit such a transient hotel, the Commission shall find that:

(1) sufficient sites are available in the area to meet the residential development goal; or

(2) a harmonious mix of residential and non-residential uses has been established in the area, and such transient hotel is consistent with the character of the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

For the purpose of applying the provisions of this Section, the residential development goal shall be met when at least 3,865 dwelling units within the combined areas of the Special East Harlem Corridors District, and the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of Article IX, Chapter 7 (Special 125th Street District), have received temporary or final certificates of occupancy subsequent to November 30, 2017.

(11/30/17)

138-13
Physical Culture or Health Establishments

Within the Special East Harlem Corridors District, the provisions of Section 73-36 (Physical Culture or Health Establishments) shall not apply. In lieu thereof, physical
culture or health establishments shall be permitted as-of-right in C2-5, C4-6 and C6-4 Districts, and in M1 Districts paired with an R9 or R10 District.

(11/30/17)

138-14
Public Parking Garages

C1-5 C2-5 C4-6 C6-4 M1-6/R9 M1-6/R10

In the districts indicated, for the purpose of applying regulations applicable to public parking garages set forth in Article III, Chapter 2 (Use Regulations) and Article III, Chapter 6 (Accessory Off-street Parking and Loading Regulations), the regulations set forth for C1-4 Districts shall apply to C1-5 Districts, and the regulations set forth for C2-4 Districts shall apply to all other districts. In an M1 District paired with an R9 or R10 District, the regulations of public parking garages in Article XII, Chapter 3 (Special Mixed Use Districts) shall not apply. In lieu thereof, the regulations set forth for C2-4 Districts shall apply.

(11/30/17)

138-20
SPECIAL BULK REGULATIONS

In the Special East Harlem Corridors District, all developments and enlargements shall comply with the bulk regulations for Quality Housing buildings, as modified by the provisions of this Section, inclusive.

In all districts, the floor area provisions of Section 138-21 (Floor Area Regulations), inclusive, and the street wall location provisions of Section 138-22 (Street Wall Regulations), shall apply. In Commercial Districts, the height and setback provisions of Section 138-23 (Height and Setback Regulations in Commercial Districts) shall apply. In M1 Districts paired with an R9 or R10 District, the height and setback provisions set forth in Section 138-24 (Height and Setback Regulations in M1 Districts Paired With an R9 or R10 District) shall apply.
138-21
Floor Area Regulations

Within the #Special East Harlem Corridors District#, the underlying #floor area# regulations shall apply as modified in this Section, inclusive.

138-211
Special floor area regulations

(a) In certain #Commercial Districts# and in #Manufacturing Districts# paired with a #Residence District#, as shown on Map 2 of the Appendix to this Chapter, for any #zoning lot# containing #residential floor area#, the maximum #residential floor area ratio# shall be modified as follows:

(1) for #zoning lots# complying with the applicable provisions of paragraph (d)(3) of Section 23-154 (Inclusionary Housing) or, for #affordable independent residences for seniors#, the maximum #residential floor area ratio# set forth on Map 2 shall apply;

(2) for #zoning lots# utilizing the provisions of paragraphs (d)(4)(i) or (d)(4)(iii) of Section 23-154, the maximum #residential floor area ratio# shall apply as modified in the table below:

<table>
<thead>

(3) except in C2 Districts subject to the provisions of paragraph (b) of this Section, the maximum #floor area
ratio for any combination of uses shall be the maximum floor area ratio specified in paragraphs (a)(1) or (a)(2) of this Section, whichever is applicable; and

(4) in C4-6 Districts and in C2 Districts mapped within an R9 or R10 District, the floor area provisions of Sections 33-13 (Floor Area Bonus for a Public Plaza) or 33-14 (Floor Area Bonus for Arcades) shall not apply.

(b) In C2 Districts mapped within an R7D District that is also located within 100 feet of Park Avenue, the community facility floor area ratio shall be 6.5, except that the applicable provisions of paragraph (d) of Section 33-121 (In districts with bulk governed by Residence District bulk regulations) shall apply to zoning lots containing philanthropic or non-profit institutions with sleeping accommodations or long-term care facilities.

(11/30/17)

138-212
Additional floor area regulations in the Park Avenue Subdistrict

Within the Park Avenue Subdistrict, as shown on Map 1 of the Appendix to this Chapter, the floor area ratio regulations of Section 138-211 are further modified in this Section.

(a) Required non-residential floor area ratio

Where a development or enlargement of a building on a zoning lot, or portion thereof, located within the Park Avenue Subdistrict contains residential floor area, such zoning lot shall provide a minimum non-residential floor area ratio as set forth below:

(1) in M1-6 Districts paired with an R9 District, a minimum non-residential floor area ratio of 1.0 shall be provided;

(2) in C6-4 Districts, and in M1-6 Districts paired with an R10 District whose maximum residential floor area ratio is 10.0, a minimum non-residential floor area ratio of 1.5 shall be provided; and
(3) in M1-6 Districts paired with an R10 District whose maximum #residential floor area ratio# is 12.0, a minimum non-#residential floor area ratio# of 1.5 shall be provided.

(b) Maximum #floor area ratio# for #zoning lots# within M1-6 Districts paired with an R9 District

In M1-6 Districts paired with an R9 District, the maximum #floor area ratio# for any #use#, or any combination of #uses#, shall not exceed 8.5.

(c) Modified maximum #floor area ratio# for certain #zoning lots#

The #floor area ratios# set forth in paragraphs (a) and (b) of this Section, and in Section 138-211, shall be modified, as follows:

(1) the minimum non-#residential floor area# requirements set forth in paragraph (a) of this Section shall be optional for #zoning lots# existing on or before November 30, 2017, with a #lot area# of less than 5,000 square feet;

(2) for #zoning lots# subject to paragraph (c)(1) of this Section, the maximum #floor area ratio# for all #uses# shall be set forth as follows:

(11/30/17)

138-22
Street Wall Regulations

All #developments# and #enlargements# within the #Special East Harlem Corridors District# shall comply with the #street wall# regulations of Section 35-651 (Street wall location), as
specified and modified in this Section. Where M1 Districts are paired with R9 or R10 Districts, #developments# and #enlargements# within such districts shall comply with the provisions of paragraph (b) of this Section. The applicable provisions of Section 35-651 are specified and modified as follows:

(a) Along #wide streets# other than Park Avenue

Along all #wide streets# other than Park Avenue, and along #narrow streets# within 50 feet of an intersection with such #wide street#, the provisions of paragraph (b) of Section 35-651 shall apply, except that the minimum base height shall be 60 feet, or the height of the #building#, whichever is less.

(b) Along Park Avenue

Along Park Avenue and along #narrow streets# located within 100 feet of Park Avenue, the provisions of paragraph (a) of Section 35-651 shall apply, except that the minimum base height shall be 40 feet, or the height of the #building#, whichever is less.

(c) Along all other #streets#

Along all #streets# not subject to the provisions of paragraph (a) or (b) of this Section, the provisions of paragraph (a) of Section 35-651 shall apply, except that the minimum base height shall be 60 feet, or the height of the #building#, whichever is less.

(d) Within #flood zones#

For #buildings# within the #flood zone#, the provisions of paragraphs (a), (b) and (c) of this Section, as applicable, shall be modified as follows:

(1) for #developments# or horizontal #enlargements#, or portions thereof, where no transparent materials are provided on the #ground floor level street wall# below a height of four feet above the level of the adjoining sidewalk pursuant to the provisions of Section 37-34 (Minimum Transparency Requirements), for a continuous distance of more than 25 feet, such #street wall# shall be located at least three feet beyond the #street line#;
(2) for portions of #developments# and #enlargements# where the provisions of paragraph (a) of this Section apply, such #street wall# shall not be located beyond five feet of the #street line#, except that such #street wall# may be located beyond such distance pursuant to the applicable provisions of paragraph (b) of Section 35-651 or of Section 64-333 (Street wall location in certain districts); and

(3) the area between such #street wall# and the sidewalk, or portions thereof, that do not contain any planting pursuant to the provisions of paragraph (a) of Section 138-32 (Special Streetscape Provisions for Blank Walls), shall be improved to Department of Transportation standards for sidewalks, be at the same level as the adjoining public sidewalk and be accessible to the public at all times. In addition, such area shall provide visual mitigation elements in accordance with the provisions of Section 138-32.

(11/30/17)

138-23
Height and Setback Regulations in Commercial Districts

In #Commercial Districts#, the underlying height and setback provisions are modified as follows:

(a) Basic Height and Setback Regulations

In #Commercial Districts#, the maximum height of #buildings or other structures# shall be as set forth in Sections 35-652 (Maximum height of buildings and setback regulations) or 35-654 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), as applicable, except that:

(1) the minimum base heights shall be modified by the provisions of Section 138-22 (Street Wall Regulations);

(2) in C2 Districts mapped within an R9 District that is also located within 100 feet of Third Avenue, the
maximum #building height# for #buildings# utilizing the provisions of Section 35-654 shall be modified to 215 feet, and the maximum number of #stories# in such Section shall not apply;

(3) in C4-6 Districts whose maximum #residential floor area ratio# is 9.0, as set forth on Map 2 of the Appendix to this Chapter, the applicable provisions of Sections 35-652 or 35-654 for R9 Districts shall apply, except that the minimum base height as set forth in Section 138-22 shall apply and the maximum #building height# for #buildings# utilizing the provisions of Section 35-654 shall be modified to 215 feet, and the maximum number of #stories# in Section 35-654 shall not apply; and

(4) where applicable, in lieu of the provisions of this paragraph, the provisions of paragraph (b) of this Section may be applied.

The regulations of paragraph (b)(2) of Section 35-652 relating to requirements for #qualifying ground floors#, where otherwise applicable, shall not apply. In lieu thereof, the provisions of Section 138-30 (STREETScape REQUIREMENTS), inclusive, shall apply.

(b) Alternate Height and Setback Regulations in Certain Districts

In C2 Districts mapped within an R9 or R10 District, or in C4-6 or C6-4 Districts, or in C2 Districts mapped within an R7D or R8A District that are also located within 100 feet of Park Avenue, as an alternative to the provisions of paragraph (a) of this Section, the provisions of this paragraph may be applied to #zoning lots# meeting the applicable criteria set forth in paragraph (a) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), or to #zoning lots# where 50 percent or more of the #floor area# is occupied by non-#residential uses#.

(1) Setbacks

At a height not lower than the minimum base height specified in Section 138-22 (Street Wall Regulations), nor higher than a maximum base height of 85 feet, a
setback shall be provided in accordance with paragraph (c) of Section 23-662 (Maximum height of buildings and setback regulations). Above such required setback, any portion of such building shall be considered a “tower.”

(2) Lot coverage requirements for towers

Each story of a tower containing residential floor area shall not exceed a maximum lot coverage of 40 percent, except that, for zoning lots of less than 20,000 square feet, such lot coverage may be increased in accordance with the table in Section 23-65 (Tower Regulations). Each story of a tower containing exclusively non-residential floor area shall not exceed a maximum lot coverage of 50 percent. However, where dormers are provided within the required setback, such portions of buildings shall not count toward the maximum allowable tower lot coverage set forth in this paragraph.

(3) Maximum tower height

(i) The maximum tower height shall be set forth on Map 3 of the Appendix to this Chapter.

(ii) In C2 Districts mapped within R9 Districts that are also located within the Special Transit Land Use District, for zoning lots which include a transit easement in accordance with the applicable provisions of Article IX, Chapter 5 (Special Transit Land Use District), the maximum tower height shall be:

(a) 325 feet for zoning lots which include ancillary facilities with emergency egress and/or ventilation structures as specified in Section 95-032 (Determination of transit easement at other stations); and

(b) 215 feet for zoning lots which include only transit facilities specified in Section 95-032 other than ancillary facilities with emergency egress and/or ventilation structures.

(iii) In C6-4 Districts, no height limit shall apply to
138-24
Height and Setback Regulations in M1 Districts Paired With an R9 or R10 District

In M1 Districts paired with an R9 or R10 District, the applicable #street wall# location and minimum base height provisions of paragraph (b) of Section 138-22 (Street Wall Regulations) shall apply, and the applicable maximum height of #buildings or other structures# and setback provisions set forth in Section 123-66 (Height and Setback Regulations), inclusive, shall apply as modified in this Section.

(a) In M1 Districts paired with an R9 District, at a height not lower than the minimum base height set forth in Section 138-22, nor higher than a maximum base height of 105 feet, a setback shall be provided in accordance with paragraph (c) of Section 23-662 (Maximum height of buildings and setback regulations). The maximum #building# height shall be 215 feet;

(b) in M1 Districts paired with an R10 District whose maximum #floor area ratio# is 10.0, at a height not lower than the minimum base height set forth in Section 138-22, nor higher than a maximum base height of 155 feet, a setback shall be provided in accordance with paragraph (c) of Section 23-662. The maximum #building# height shall be 275 feet; and

(c) in M1 Districts paired with an R10 District whose maximum #floor area ratio# is 12.0, at a height not lower than the minimum base height set forth in Section 138-22, nor higher than a maximum base height of 155 feet, a setback shall be provided in accordance with paragraph (c) of Section 23-662. The maximum #building# height shall be 295 feet.

138-30
STREETSCAPE REQUIREMENTS
The provisions of this Section, inclusive, shall apply to developments or ground floor level enlargements in all districts. In Commercial Districts mapped within R7D Districts, the underlying provisions of Section 32-434 (Ground floor use in C4-5D and C6-3D Districts and in certain C2 Districts) shall not apply. Any portion of a ground floor level that is within a transit easement required pursuant to the provisions of Article IX, Chapter 5 need not comply with the streetscape requirements of this Section, inclusive.

(11/30/17)

138-31
Ground Floor Use Regulations

The special ground floor level streetscape provisions set forth in Section 37-30, shall apply to Second Avenue, Third Avenue, Lexington Avenue, Park Avenue and East 116th Street, within the Special East Harlem Corridors District which, for the purposes of applying such provisions, shall be considered designated retail streets, and any portion of a ground floor level street frontage along the designated retail streets, as well as any narrow street frontage within 50 feet of such streets, shall be considered primary street frontages. A ground floor level street frontage along any other street shall be considered a secondary street frontage. For the purposes of this Section, defined terms shall also include those defined in Section 37-311 (Definitions).

(a) Along primary street frontages

For buildings, or portions thereof, with primary street frontage, uses on the ground floor level, to the minimum depth set forth in Section 37-32 (Ground Floor Depth Requirements for Certain Uses), shall be limited to non-residential uses, except for Type 2 lobbies and entrances and exits to accessory parking spaces provided in accordance with the applicable provisions of Section 37-33 (Maximum Width of Certain Uses). Group parking facilities located on the ground floor level shall be wrapped by floor area in accordance with the provisions of paragraph (a) of Section 37-35 (Parking Wrap and Screening Requirements). Ground floor level street walls shall be glazed in accordance with the provisions set forth in Section 37-34 (Minimum Transparency Requirements),
except that:

(1) in M1-6 Districts paired with an R9 or R10 District, where the ground floor level is occupied by uses in Use Groups 16, 17 and 18, up to 50 percent of the ground floor level street wall width may be exempt from such regulations, provided that any street wall width exceeding 50 feet with no transparent elements on the ground floor level shall provide planting or screening in accordance with the provisions of paragraphs (a) or (e) of Section 138-32 (Special Streetscape Provisions for Blank Walls) for at least 75 percent of such blank wall; and

(2) in flood zones, where no transparent materials or building entrances or exits are provided on the ground floor level street wall lower than a height of four feet above the level of the adjoining sidewalk for a continuous width of at least 15 feet, visual mitigation elements shall be provided in accordance with Section 138-32 for such blank wall.

(b) Along secondary street frontages

For buildings, or portions thereof, with secondary street frontage, all uses permitted by the underlying district shall be permitted on the ground floor level, provided that any group parking facilities on the ground floor level shall be wrapped or screened in accordance with Section 37-35.

The level of the finished floor of such ground floor shall be located not higher than five feet above nor lower than five feet below the as-built level of the adjoining street.

(11/30/17)

138-32 Special Streetscape Provisions for Blank Walls

Where visual mitigation elements are required on a blank wall along the ground floor level street wall pursuant to the provisions of Section 138-31 (Ground Floor Use Regulations), at least 75 percent of the linear footage of any such blank wall shall be treated by one or more of the following visual
mitigation elements which shall be provided on the #zoning lot#, except where such elements are permitted within the #street# under other applicable laws or regulations. Such features, when utilized as visual mitigation elements, shall include:

(a) Planting

Any combination of perennials, annuals, decorative grasses or shrubs shall be provided in planting beds, raised planting beds or planter boxes in front of the #street wall#. Each foot in width of a planting bed, raised planting bed or planter box, as measured parallel to the #street wall#, shall satisfy one linear foot of frontage mitigation requirements. Such planting bed shall extend to a depth of at least three feet, inclusive of any structure containing the planted material. Any individual planted area shall have a width of at least five feet, and the height of such planting, inclusive of any structure containing the planted materials, shall be at least three feet.

Where a blank wall exceeds a #street wall# width of 50 feet, at least 25 percent of such #street wall# width shall be planted in accordance with the provisions of this paragraph.

(b) Benches

Fixed benches with or without backs shall be provided in front of the #street wall#. Unobstructed access shall be provided between such benches and an adjoining sidewalk or required circulation paths. Each linear foot of bench, as measured parallel to the #street wall#, shall satisfy one linear foot of frontage mitigation requirement. Any individual bench shall have a width of at least five feet, and no more than 20 feet of benches may be used to fulfill such requirement per 50 feet of frontage.

(c) Bicycle racks

Bicycle racks, sufficient to accommodate at least two bicycles, shall be provided in front of the #street wall#, and oriented so that the bicycles are placed parallel to the #street wall#. Each bicycle rack so provided shall satisfy five linear feet of frontage mitigation requirement. No more than three bicycle racks may be used to fulfill such requirement per 50 feet of frontage.
(d) Tables and chairs

Fixed tables and chairs shall be provided in front of the #street wall#. Each table shall have a minimum diameter of two feet, and have a minimum of two chairs associated with it. Each table and chair set so provided shall satisfy five linear feet of frontage mitigation requirement.

(e) Wall treatment

Wall treatment, in the form of permitted #signs#, graphic or sculptural art, rustication, decorative screening or latticework, or living plant material, shall be provided along the #street wall#. Each linear foot of wall treatment shall constitute one linear foot of frontage mitigation requirement. Such wall treatment shall extend to a height of at least 10 feet, as measured from the level of the adjoining sidewalk or grade, and have a minimum width of 10 feet, as measured parallel to the #street wall#.

(11/30/17)

138-40
OFF-STREET PARKING AND LOADING REGULATIONS

The applicable parking and loading regulations of Article II, Chapter 5, Article III, Chapter 6, Article IV, Chapter 4 (ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS) or Section 123-70 (PARKING AND LOADING), inclusive, shall be modified in this Section, inclusive.

(11/30/17)

138-41
Accessory Off-street Parking Spaces for Residences

In the #Special East Harlem Corridors District#, no #accessory# off-street parking shall be required for #residences#. Off-street parking shall be permitted in accordance with the underlying district regulations.

Chapter 1
Special Jerome Corridor District

141-00
GENERAL PURPOSES

The “Special Jerome Corridor District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to encourage well-designed buildings that complement the built character of the Highbridge, Concourse, Mount Eden, Mount Hope, Morris Heights and University Heights neighborhoods;

(b) to achieve a harmonious visual and functional relationship with the adjacent neighborhoods;

(c) to enhance neighborhood economic diversity by broadening the range of housing choices for residents at varied incomes;

(d) to create a livable community combining housing, retail and other uses throughout the district;

(e) to create a walkable, urban streetscape environment through a mix of ground floor uses;

(f) to create a lively and attractive built environment that will provide daily amenities and services for the use and enjoyment of area residents, workers and visitors;
(g) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms on zoning lots with irregular shapes and on zoning lots fronting on the elevated rail structure along Jerome and River Avenues; and

(h) to promote the most desirable use of land in accordance with a well-considered plan and thus conserve the value of land and buildings, and thereby protect the City’s tax revenues.

(3/22/18)

141-01
General Provisions

The provisions of this Chapter shall apply within the #Special Jerome Corridor District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(3/22/18)

141-02
District Plan and Maps

In order to carry out the purposes and provisions of this Chapter, district maps are located in the Appendix to this Chapter and are hereby incorporated and made an integral part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements, as set forth in the text of this Chapter, apply.
Map 1. Special Jerome Corridor District, Subdistrict and Subareas

Map 2. Designated locations for street wall continuity and ground floor requirements in Subarea A1

Map 3. Designated locations for street wall continuity and ground floor requirements in Subarea A2

Map 4. Designated locations for street wall continuity requirements in Subarea A3

Map 5. Boundary of Subarea A4

(3/22/18)

141-03
Subdistricts and Subareas

To carry out the provisions of this Chapter, Subdistrict A, comprised of Subareas A1, A2, A3 and A4, is established. The location and boundaries of this Subdistrict and Subareas are shown on Map 1 (Special Jerome Corridor District, Subdistrict and Subareas) in the Appendix to this Chapter.

(3/22/18)

141-04
Applicability of the Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program provisions set forth in Sections 23-154 and 23-90, inclusive, #Mandatory Inclusionary Housing areas# within the #Special Jerome Corridor District# are shown on the maps in APPENDIX F of this Resolution.
141-10
SPECIAL USE REGULATIONS

Within the #Special Jerome Corridor District#, the underlying #use# regulations are modified by the provisions of this Section.

141-11
Special Permit for Transient Hotels

The #development# or #enlargement# of a #building# containing a #transient hotel#, as listed in Section 32-14 (Use Group 5), or the #conversion# or change of #use# within an existing #building# to a #transient hotel#, shall only be allowed in C2 Districts, subject to the locational criteria set forth in the double-asterisked footnote of Use Group 5 in Section 32-14, and in C4 Districts;

(a) upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the #residential development# goal, as set forth in this Section, has been met; or

(b) by special permit by the City Planning Commission where such #residential development# goal, has not been met. To permit such a #transient hotel#, the Commission shall find that:

(1) sufficient sites are available in the area to meet the #residential development# goal; or

(2) a harmonious mix of #residential# and non-#residential uses# has been established in the area, and such #transient hotel# is consistent with the character of the surrounding area.
The City Planning Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

For the purpose of applying the provisions of this Section, the residential development goal shall be met when at least 3,006 dwelling units within the Special Jerome Corridor District have received temporary or final certificates of occupancy subsequent to March 22, 2018.

(3/22/18)

141-12
Physical Culture or Health Establishments

#Physical culture or health establishments# shall be permitted as-of-right in C2 and C4 Districts. For the purposes of applying the underlying regulations to such #use#, a #physical culture or health establishment# shall be considered a Use Group 9 #use# and shall be within parking requirement category B.

(3/22/18)

141-13
Modification of Supplemental Use Provisions

For #mixed buildings# constructed after March 22, 2018, on #zoning lots# in C1 or C2 Districts mapped within R7 or R8 Districts with #street lines# along the elevated rail structure on Jerome or River Avenues, the underlying provisions of Section 32-421 (Limitation on floors occupied by commercial uses) shall be modified to allow #commercial uses# listed in Use Groups 6, 7, 8, 9 or 14 to occupy the lowest two #stories#.
141-20
SPECIAL BULK REGULATIONS

The underlying #bulk# regulations are modified by the provisions of this Section.

141-21
Special Yard Regulations

In #Commercial Districts#, for #zoning lots# or portions thereof, with #street lines# along the elevated rail structure on Jerome or River Avenues and within 100 feet of such #street lines#, the permitted obstructions set forth in Section 33-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) shall be modified to permit any #building# or portion of a #building# used for any permitted #use# other than #residences#, to be a permitted obstruction within a required #yard#, #rear yard equivalent# or other #open space# required pursuant to the provisions of Section 33-20 (YARD REGULATIONS), inclusive, or Section 33-30 (OTHER SPECIAL PROVISIONS FOR REAR YARDS), inclusive, provided that the height of such portion of a #building# shall not exceed two #stories#, excluding #basement#, nor in any event 30 feet above #curb level#.

141-22
Special Floor Area Regulations in R8A Districts

For #zoning lots# in R8A Districts, or C1 or C2 Districts mapped within R8A Districts, or in #Commercial Districts# with an R8A residential equivalent, within 100 feet of a #wide street#
located outside of #Mandatory Inclusionary Housing areas#, the maximum #residential floor area ratio# shall be 7.2.

(3/22/18)

141-23
Special Height and Setback Regulations Along the Elevated Rail Structure Outside Subdistrict A

For #zoning lots#, or portions thereof, within 100 feet of #street lines# along the elevated rail structure on Jerome or River Avenues, and located outside Subdistrict A, the underlying height and setback provisions are modified by the provisions of this Section.

(a) #Street wall# location

At least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least a minimum base height of 15 feet, or the height of the #building#, whichever is lower. The remaining #aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#.

The underlying allowances for #street wall# articulation, set forth in paragraph (e) of Section 35-651 (Street wall location) shall be permitted to project or recess, where applicable, beyond the #street wall# locations established in this paragraph.

Any open space between a #street wall# and a #street line# along the elevated rail structure on Jerome or River Avenues shall comply with the special open space provisions of paragraph (a) of Section 141-33.

(b) Base heights, maximum #building# heights and maximum number of #stories#
The table in this Section sets forth, by zoning district, the minimum and maximum base height, the maximum height of a building or other structure, and the maximum number of stories for buildings, or portions thereof. For zoning lots in a Commercial District the applicable district shall be the Residence District within which such Commercial District is mapped, or the applicable residential equivalent set forth in the tables in Section 35-23 (Residential Bulk Regulations in Other C1 or C2 Districts or in C3, C4, C5 or C6 Districts).

Separate maximum base heights are established in the table in this Section for street walls of buildings facing streets intersecting Jerome or River Avenues, and for street walls facing the elevated rail structure. The maximum base heights along intersecting streets shall also apply to street walls facing the elevated rail structure on Jerome or River Avenues within 75 feet of the corner.

A setback is required for all portions of buildings or other structures that exceed the maximum base height specified for the district, and shall be provided at a height not lower than the minimum base height or higher than the permitted maximum base height. Such setback shall have a depth of at least 10 feet from any street wall fronting on a wide street, and a depth of at least 15 feet from any street wall fronting on a narrow street. The underlying provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to such setbacks.

### BASE HEIGHTS, MAXIMUM BUILDING HEIGHTS AND MAXIMUM NUMBER OF STORIES

<table>
<thead>
<tr>
<th>District</th>
<th>Maximum Base Height Along Elevated Rail Structure,</th>
<th>Maximum Base Height on Intersecting Streets, and within 75</th>
<th>Maximum Height of Buildings or Other Structures#</th>
<th>Maximum Number of Stories#</th>
</tr>
</thead>
</table>

(c) Required and permitted articulation

For #street walls# fronting the elevated rail structure on Jerome or River Avenues with widths exceeding 100 feet, a minimum of 20 percent of the surface area of such #street walls# above the level of the second #story#, or a height of 30 feet, whichever is lower, shall either recess or project a minimum of three feet from the remaining surface of the #street wall#. Any such projections shall be considered a permitted obstruction into a required setback, and the depth of such projections along the elevated rail structure shall not exceed three feet.

In addition, the underlying dormer provisions of paragraph (c) of Section 23-621 shall be modified for portions of #buildings# facing the elevated rail structure, so that above the maximum base height set forth in paragraph (b) of this Section, dormers shall be permitted only within 75 feet of a corner.
Special Height and Setback Regulations in Subdistrict A

In Subdistrict A, as shown on Map 1 in the Appendix to this Chapter, the underlying height and setback provisions are modified by the provisions of this Section.

(a) #Street wall# location

(1) Along the elevated rail structure

For #street walls#, or portions thereof, within 100 feet of #street lines# along the elevated rail structure on Jerome or River Avenues, the provisions of paragraph (a) of Section 141-23 shall apply.

(2) Along designated #streets#

In Subareas A1 through A3, along the #streets# designated on Maps 2 through 4 in the Appendix to this Chapter, the following shall apply:

(i) In #Commercial Districts#

For #street walls#, or portions thereof, located in #Commercial Districts#, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least a height of 30 feet, or the height of the #building#, whichever is lower. In addition, above a height of 30 feet, at least 50 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least a minimum base height of 60 feet, or the height of the #building#, whichever is lower.

The remaining #aggregate width of street walls# may be recessed beyond 15 feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#. 
The underlying allowances for street wall articulation, set forth in paragraph (e) of Section 35-651 shall be permitted to project or recess, where applicable, beyond the street wall locations established in this paragraph.

In the corner locations designated on Maps 2 and 3, an open space may be provided within 75 feet of the corner, pursuant to the provisions of paragraph (b) of Section 141-33.

(ii) In Residence Districts

For street walls, or portions thereof, located in Residence Districts, at least 70 percent of the aggregate width of street walls shall be located within 15 feet of the street line and shall extend to at least the minimum base height set forth in paragraph (b) of this Section, or the height of the building, whichever is lower.

The remaining aggregate width of street walls may be recessed beyond 15 feet of the street line, provided that any such recesses deeper than 10 feet along a wide street or 15 feet along a narrow street are located within an outer court.

The underlying allowances for street wall articulation, set forth in paragraph (e) of Section 35-651 shall be permitted to project or recess, where applicable, beyond the street wall locations established in this paragraph.

In the corner locations designated on Map 4, an open space may be provided within 75 feet of the corner, pursuant to the provisions of paragraph (b) of Section 141-33.

(3) Along other streets

In Subareas A1 through A3, along streets that are not designated on Maps 2 through 4, and in Subarea A4,
along all #streets#, no #street wall# location provisions shall apply, and no minimum base heights shall apply.

(b) Base heights, maximum #building# heights, and maximum number of #stories#

The table in this Section sets forth, by zoning district, the maximum base height, the maximum transition height, the maximum height of a #building or other structure# and the maximum number of #stories# for #buildings#.

However, for #street walls# facing the elevated rail structure along Jerome or River Avenues beyond 75 feet of the corner, the maximum base height shall be 30 feet.

A setback is required for all portions of #buildings or other structures# that exceed the maximum base height specified for the district, and shall be provided at a height not lower than the minimum base height, where applicable, or higher than the permitted maximum base height. Such setback shall have a depth of at least 10 feet from any #street wall# fronting on a #wide street#, and a depth of at least 15 feet from any #street wall# fronting on a #narrow street#. However, for portions of #buildings or other structures# along Cromwell Avenue located beyond 200 feet from a corner, a minimum setback with a depth of at least 30 feet shall be provided. The underlying provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to all such setbacks.

In R9A Districts, or #Commercial Districts# mapped over an R9A District, above the required setback, the height of a #building# shall not exceed the maximum transition height set forth in the table in this Section, except that where the #lot coverage# of all #buildings# on the #zoning lot# above the maximum transition height has been reduced to 50 percent on #zoning lots# with a #lot area# less than or equal to 15,000 square feet, 40 percent on #zoning lots# with a #lot area# greater than 15,000 square feet but less
than 30,000 square feet, and 30 percent for all other zoning lots, a building may rise to the maximum height of the building or other structure set forth in the table in this Section. The maximum street wall width of any story above the maximum transition height shall not exceed 165 feet and, where two or more non-contiguous portions of a building exist at the same level above the maximum transition height, such portions shall provide a minimum distance of 60 feet between facing walls at any point.

(c) Required and permitted articulation

In Subareas A1 through A3, along streets designated in Maps 2, 3 and 4 in the Appendix to this Chapter, for street wall widths exceeding 100 feet, a minimum of 20 percent of the surface area of street walls above the level of the second story, or a height of 30 feet, whichever is lower, shall either recess or project a minimum of three feet from the remaining surface of the street wall. Any such projections shall be considered a permitted obstruction into a required setback, provided
that any projections with a depth greater than five feet shall be considered a dormer.

In addition, the underlying dormer provisions of paragraph (c) of Section 23-621 shall apply, except that in Subareas A1 through A3, for #street walls# intersecting within 100 feet of the corners designated on Maps 2, 3 and 4, and irrespective of the width of the #street wall# below the maximum base height, dormers shall be permitted within 100 feet of such intersecting #street walls#. Such dormers need not decrease in width as the height above the maximum base height increases.

Any dormers or projections provided in accordance with this paragraph need not be included in the maximum #lot coverage# permitted above the maximum transition height, nor be included in the maximum #street wall# width of a #story#.

(3/22/18)

141-25
Special Height and Setback Regulations in R8A Districts

For #zoning lots# in R8A Districts or in C1 or C2 Districts mapped within R8A Districts, or in #Commercial Districts# with an R8A residential equivalent, within 100 feet of a #wide street# located outside of #Mandatory Inclusionary Housing areas#, the height and setback provisions of Sections 23-662 (Maximum height of buildings and setback regulations) or 35-652 (Maximum height of buildings and setback regulations), respectively, shall be modified as follows: the maximum base height shall be 105 feet, the maximum height of a #building or other structure# without a #qualifying ground floor# shall be 140 feet, the maximum height of a #building or other structure# with a #qualifying ground floor# shall be 145 feet, and the maximum number of #stories# shall be 14.
141-30
SPECIAL STREETSCAPE REGULATIONS

141-31
Applicability of underlying ground floor use regulations

In C2 Districts mapped within R7D Districts, the underlying supplemental #use# regulations of Section 32-434 (Ground floor use in C4-5D and C6-3D Districts and in certain C2 Districts) shall not apply. In lieu thereof, the provisions of Section 141-32 (Ground Floor Use Regulations) shall apply.

141-32
Ground Floor Use Regulations

For the purposes of applying to this Chapter the special #ground floor level# streetscape provisions set forth in Section 37-30, any portion of a #ground floor level street# frontage of a #zoning lot# in a #Commercial District# located within 50 feet of #street lines# along the elevated rail structure on Jerome or River Avenues and, in Subdistrict A, for Subareas A1 or A2, a #ground floor level street# frontage along #streets#, or portions thereof, designated on Maps 2 and 3 in the Appendix to this Chapter, shall be considered #primary street frontages#. A #ground floor level street# frontage along any other #street# shall be considered a #secondary street frontage#. For the purposes of this Section, defined terms shall include those in Sections 12-10 and 37-311.
The provisions of this Section shall apply to developments or ground floor level enlargements.

(a) Along primary street frontages

For buildings with primary street frontage, or portions thereof, uses on the ground floor level, to the minimum depth set forth in Section 37-32 (Ground Floor Depth Requirements for Certain Uses), shall be limited to non-residential uses, except for Type 1 lobbies and entrances and exits to accessory parking spaces provided in accordance with the applicable provisions of Section 37-33 (Maximum Width of Certain Uses). Group parking facilities located on the ground floor level shall be wrapped by floor area in accordance with the provisions of paragraph (a) of Section 37-35 (Parking Wrap and Screening Requirements). Ground floor level street walls shall be glazed in accordance with the provisions set forth in Section 37-34 (Minimum Transparency Requirements).

(b) Along secondary street frontages

For buildings with secondary street frontage, or portions thereof, all uses permitted by the underlying district shall be permitted on the ground floor level, provided that any accessory off-street parking spaces on the ground floor level shall be wrapped or screened in accordance with Section 37-35.

The level of the finished floor of such ground floor shall be located not higher than five feet above nor lower than five feet below the as-built level of the adjoining street.

(3/22/18)

141-33
Special Open Space Provisions
Along the elevated rail structure on Jerome or River Avenues, where open space is provided between the street line of the zoning lot and the street wall of a building facing the elevated rail structure, or in Subdistrict A, for Subareas A1 through A3, where open space is provided between the street wall and the corner at a location designated on Maps 2, 3 or 4 in the Appendix to this Chapter, the provisions of Section 28-23 (Planting Areas) shall apply to all buildings, whether the ground floor is occupied by residential uses or non-residential uses, subject to the modifications of this Section.

(a) Along the elevated rail structure

Along the elevated rail structure on Jerome or River Avenues, a sidewalk widening, built to Department of Transportation standards, may be provided as an alternative to planting, provided that the area that would otherwise be allocated to planting, measured in square feet, is allocated to streetscape amenities, including, but not limited to, trees, bicycle racks, benches or wall treatment, that are provided along such sidewalk widening, as set forth below.

Where benches are provided as an alternative to such planting, the length of such benches shall not exceed, in the aggregate, 15 feet per every 50 feet of street wall frontage. Where bicycle racks are provided, such racks shall be oriented so that the bicycles are placed parallel to the street wall, and the width of such bicycle racks shall not exceed, in the aggregate, 10 feet per every 50 feet of street wall frontage. Such benches or bicycle racks shall be located entirely within the zoning lot, and each bench or bicycle rack so provided shall be equivalent to 15 square feet of planted area.

Where trees, and associated tree pits are provided as an alternative, the minimum depth of any open space between the street wall and street line shall be eight feet. Each tree provided shall be equivalent to 15 square feet of planted area.
Where a wall treatment is provided as an alternative, it shall be in the form of permitted signs, graphic or sculptural art, rustication, decorative screening or latticework, or living plant material along the street wall. Such wall treatment shall extend to a height of at least 10 feet, as measured from the level of the adjoining sidewalk or grade, and shall have a minimum width of 10 feet, as measured parallel to the street wall. Portions of a street wall providing such wall treatment may be exempt from the ground floor glazing requirements of paragraph (a) of Section 141-32, provided that the exempted area not exceed 50 percent of the street wall, or a street wall width of 20 feet, whichever is less. The portion of the street wall allocated to a wall treatment shall satisfy the planting requirement directly in front of such street wall.

Where planting is provided, the minimum depth of open space between the street line and the street wall shall not be less than three feet.

(b) In Subdistrict A

In Subdistrict A, where open space is provided between the street wall and the intersection of two streets, pursuant to paragraph (a)(2) of Section 141-23, streetscape amenities may be provided as an alternative to planting, provided that the area that would otherwise be allocated to planting, measured in square feet, is allocated to trees, benches, or tables and chairs, as set forth below. However, planting shall not be reduced to less than 20 percent of the area of the open space.

Each bench provided shall be equivalent to 10 square feet of planted area, and each set of tables and at least two chairs shall be equivalent to 15 square feet of planted area. Seating shall be publicly accessible, unless tables and chairs are associated with an open eating or drinking establishment on the zoning lot. The area under such seating shall be paved with permeable materials and shall
either abut the adjoining sidewalk or be connected to such sidewalk by a circulation path at least five feet wide that is also paved with permeable materials.

Each tree and associated tree pits provided shall be equivalent to 15 square feet of planted area, and shall be located at least 10 feet from any #building wall# or the adjoining sidewalk.

Where planting is provided, the minimum depth of a planted bed shall not be less than three feet.

In no event shall chain link fencing or barbed or razor wire be permitted in any open space provided pursuant to this Section.

(3/22/18)

141-40
SPECIAL PARKING AND LOADING REGULATIONS

The underlying parking provisions are modified by the provisions of this Section.

(3/22/18)

141-41
Location of Curb Cuts

In all districts, for #zoning lots# existing on March 22, 2018, with frontage along Edward L. Grant Highway, West 170th Street, or the portions of Jerome or River Avenues with an elevated rail structure, and fronting along other #streets#, no curb cut accessing off-street parking spaces or loading spaces shall be permitted along such #streets#, as applicable.

Article XIV: Special Purpose Districts
Chapter 2: Special Inwood District

Effective date of most recently amended section of Article XIV Chapter 2: 8/8/18
Article XIV - Special Purpose Districts

Chapter 2
Special Inwood District

142-00
GENERAL PURPOSES

The “Special Inwood District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to create a lively and attractive built environment that will provide amenities and services for the use and enjoyment of area residents, workers and visitors;

(b) to encourage well-designed development that complements and enhances the built character of the neighborhood;

(c) to enhance neighborhood economic diversity by broadening the range of housing choices for residents of varied incomes;

(d) to maintain and establish physical and visual public access to and along the waterfront;

(e) to promote the pedestrian orientation of ground floor uses in appropriate locations, and thus safeguard a traditional quality of higher density areas of the City;

(f) to take advantage of the waterfront along the Harlem River, Sherman Creek, and the North Cove and create a public open space network;
(g) to focus higher-density development in appropriate locations along wide, mixed-use corridors with good access to transit;

(h) to provide flexibility of architectural design within limits established to assure adequate access of light and air to streets and public access areas, and thus encourage more attractive and economic building forms; and

(i) to promote the most desirable use of land and development in accordance with the District Plan for the Inwood waterfront, and thus conserve and enhance the value of land and buildings, and thereby protect the City’s tax revenues.

(8/8/18)

142-01
General Provisions

The provisions of this Chapter shall apply within the #Special Inwood District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(8/8/18)

142-02
District Plan and Maps

The regulations of this Chapter are designed to implement the
Special Inwood District Plan. The District Plan, including Map 1 (Special Inwood District – Subdistricts and Subareas), Map 2 (Special Inwood District – Ground Floor Use and Curb Cut Regulations), and Map 3 (Special Inwood District – Transit Easement Zones) is set forth in the Appendix to this Chapter and is hereby incorporated as part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply. In order to carry out the purposes and provisions of this Chapter, district maps are located in the Appendix to this Chapter and are hereby incorporated and made an integral part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements, as set forth in the text of this Chapter, apply.

Map 1. Special Inwood District – Subdistricts and Subareas
Map 2. Special Inwood District – Ground Floor Use and Curb Cut Regulations
Map 3. Special Inwood District – Transit Easement Zones
Map 5. Waterfront Access Plan: Public Access Areas

(8/8/18)

142-03
Subdistricts and Subareas

In order to carry out the provisions of this Chapter, six subdistricts are established, as follows:

Sherman Creek Subdistrict A
Tip of Manhattan Subdistrict B
Library Subdistrict C
Upland Area Subdistrict D

Infrastructure Zone Subdistrict E

Commercial “U” Subdistrict F

In each of these subdistricts, certain special regulations apply which do not apply within the remainder of the #Special Inwood District#. Within certain subdistricts, subareas are established, as follows:

Within Sherman Creek Subdistrict A:

Subarea A1
Subarea A2
Subarea A3

Within Tip of Manhattan Subdistrict B:

Subarea B1
Subarea B2
Subarea B3
Subarea B4

Within Upland Area Subdistrict D

Subarea D1
Subarea D2
Subarea D3
Subarea D4

The location and boundaries of subdistricts and subareas are outlined on Map 1 (Special Inwood District - Subdistricts and Subareas) in the Appendix to this Chapter.

(8/8/18)

142-04
Definitions

For purposes of this Chapter, matter in italics is defined in
Shoreline adjacent lot

For the purposes of this Chapter, a “shoreline adjacent lot” shall refer to a #waterfront zoning lot# with a #shoreline# length of more than 100 feet, or any #zoning lot# that has entered into a binding agreement to improve and maintain a #waterfront public access area# for an adjoining #waterfront zoning lot#.

(8/8/18)

142-05
Applicability

(8/8/18)

142-051
Applicability of the Quality Housing Program

In the #Special Inwood District#, except within Subdistrict F, any #building# containing #residences#, or any #building# containing #long-term care facilities# or philanthropic or non-profit institutions with sleeping accommodations, shall be #developed# or #enlarged# in accordance with the Quality Housing Program and the regulations of Article II, Chapter 8 shall apply. The #bulk# regulations of this Chapter shall be considered the applicable #bulk# regulations for #Quality Housing buildings#.

Within Subdistrict F, the provisions of Section 23-011 shall apply. Where the optional regulations for #Quality Housing buildings# are utilized, the regulations of Article II, Chapter 8 shall apply, and the #bulk# regulations of this Chapter shall be considered the applicable #bulk# regulations for #Quality
Housing buildings.

(8/8/18)

142-052
Applicability of the Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program provisions set forth in Section 23-154 and 23-90, Mandatory Inclusionary Housing areas within the Special Inwood District are shown in APPENDIX F of this Resolution.

(8/8/18)

142-053
Applicability of Article XII, Chapter 3

In M1 Districts paired with a Residence District, the special use, bulk and parking and loading provisions of Article XII, Chapter 3 (Special Mixed Use District) shall apply, except where modified by the provisions of this Chapter, and shall supplement or supersede the provisions of the designated Residence or M1 District, as applicable.

(8/8/18)

142-06
Modification of Use and Bulk Regulations for Zoning Lots Fronting on Former West 208th Street

Where the lot line of a zoning lot coincides with the former boundary of West 208th Street, as shown on Map 1 in the Appendix to this Chapter, such lot line shall be considered a street line for the purpose of applying all use and bulk regulations of this Resolution.
Development over a Street in Subarea A1

In Subarea A1, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, when a volume above a #street#, or portion thereof, has been eliminated, discontinued or closed, such volume may, at the option of an owner of a #zoning lot# adjoining such volume, be considered part of the adjoining #zoning lot#, and a #development# or #enlargement# may be located within such volume that is part of or connected to a #building# on the adjoining #zoning lot# utilizing #floor area# generated by the adjoining #zoning lot#, provided that the #street# below the volume is provided with lighting in accordance with Department of Transportation standards. In no event shall such volume contribute to the amount of #lot area# of any #zoning lot# for the purposes of generating #floor area#.

Shoreline boundary

For the purposes of this Chapter, the #shoreline# shall be as shown on a survey available on the Department of City Planning website.

Off-street Relocation of Subway Station Entrances
For all developments or enlargements involving ground floor level construction on a zoning lot that is wholly or partially located within a Transit Easement Zone, as shown on Map 3 (Special Inwood District - Transit Easement Zones) in the Appendix to this Chapter, a transit easement volume may be required on such zoning lot for public access between the street and the adjacent above- or below-grade subway station.

(a) Transit Easement

Prior to filing any application with the Department of Buildings for an excavation permit, foundation permit, new building permit or alteration permit for a development or enlargement, the owner of the zoning lot shall file an application with the Metropolitan Transportation Authority (MTA) and the Chairperson of the City Planning Commission requesting a certification as to whether or not a transit easement volume is required on the zoning lot.

Within 60 days of receipt of such application, the MTA and the Chairperson shall jointly certify whether or not a transit easement volume is required on the zoning lot. Failure to certify within the 60-day period will release the owner from any obligation to provide a transit easement volume on such zoning lot.

When the MTA and the Chairperson indicate that a transit easement volume is required, the MTA shall, in consultation with the owner of the zoning lot and the Chairperson, determine the appropriate type of transit easement and reasonable dimensions for such transit easement volume.

The owner shall submit a site plan showing a proposed location of such transit easement volume that would provide access between the street and the adjacent subway station and be compatible with the proposed development or enlargement on the zoning lot for joint approval and final certification by the MTA and the Chairperson. The MTA and the Chairperson shall comment on such site plan within 45 days of its receipt and may, within such 45-day period or following its expiration, permit the granting of an
excavation permit while the location and size of the transit easement volume is being finalized. Upon joint approval of a site plan by the MTA and the Chairperson, copies of such certification shall be forwarded by the Chairperson to the Department of Buildings.

Legally enforceable instruments, running with the land, creating a transit easement volume, and setting forth the obligations of either the MTA or the owner and developer, their successors and assigns, to design and construct the improvement, shall be executed and recorded in a form acceptable to the MTA and the Chairperson. The execution and recording of such instruments shall be a precondition to the issuance of any foundation permit, new building permit, or alteration permit by the Department of Buildings allowing such #development# or #enlargement#.

(b) Construction and Maintenance

Where a transit easement volume is required pursuant to this Section, transit access improvements within such volume shall be constructed and maintained either by the MTA or the owner of the #zoning lot# with the #development# or #enlargement#.

(1) Where such mass transit improvement is constructed and maintained by the owner of the #development# or #enlargement#:

(i) a transit access improvement shall be provided in accordance with standards set forth by the MTA;

(ii) such improvement shall be accessible to the public at all times, except as otherwise approved by the MTA;

(iii) such improvement shall include #signs# to announce accessibility to the public. Such #signs# shall be exempt from the maximum #surface area# of non-#illuminated signs# permitted by Section 32-642 (Non-illuminated signs); and
(iv) no temporary certificate of occupancy shall be granted by the Department of Buildings for the building until the Chairperson of the City Planning Commission, acting in consultation with the MTA, has certified that the improvement is substantially complete and usable by the public.

(2) Where such mass transit improvement is constructed and maintained by the MTA:

(i) Where the construction of the improvement is not contemporaneous with the construction of the development or enlargement, any underground walls constructed along the front lot line adjacent to a below-grade subway station shall include a knockout panel, not less than 12 feet wide, below curb level down to the bottom of the easement. The actual location and size of such knockout panel shall be determined through consultation with the MTA.

(ii) Temporary construction access shall be granted to the MTA on portions of the zoning lot outside of the transit easement volume, as necessary, to enable construction within and connection to the transit easement volume.

(iii) In the event that the MTA has approved of obstructions associated with the development or enlargement within the transit easement volume, such as building columns or footings, such construction and maintenance shall exclude any such obstructions within the transit easement volume.

(c) Additional modifications

Where a transit easement volume is required pursuant to paragraph (a) of this Section, the Chairperson of the City Planning Commission shall certify the following
modifications in conjunction with such transit easement volume certification:

(1) the edge of the transit easement volume facing the street shall be considered a street wall for the purposes of applying the street wall location provisions set forth in Section 142-40 (SPECIAL HEIGHT AND SETBACK REGULATIONS), inclusive, irrespective of whether such volume is incorporated into a building;

(2) for zoning lots adjacent to a below-grade subway station, the maximum height for the building set forth in Section 142-40, inclusive, shall be increased by 10 feet, and the maximum number of stories, if applicable, shall be increased by one, except where the provisions of Section 142-48 (Special Regulations for Certain Sites in Subdistricts C and F) are being utilized;

(3) the floor space contained within any transit easement volume required pursuant to this Section shall be excluded from the definition of floor area; and

(4) the street frontage of such transit easement volume shall be excluded for the purpose of applying the provisions of Section 142-14 (Ground Floor Level Requirements).

(d) Temporary Use

Any easement volume required on a zoning lot pursuant to paragraph (a) of this Section may be temporarily used for any permitted commercial or community facility uses until such time as required by the MTA for transit access improvements. The floor space allocated to such temporary uses within the transit easement volume shall continue to be exempt from the definition of floor area and shall not be included for the purpose of calculating accessory off-street parking, bicycle parking, or loading berths.

Improvements or construction of a temporary nature within
the easement volume for such temporary uses shall be removed by the owner of the building or portion of the zoning lot within which the easement volume is located prior to the time at which public use of the easement area is required, except as otherwise specified by the MTA. A minimum notice of six months shall be given, in writing, by the MTA to the owner of the building or portion of the zoning lot to vacate the easement volume.

(e) Termination of an easement volume

In the event that the MTA and the City Planning Commission jointly notify the Department of Buildings and the owner in writing that a transit easement volume is not required on a zoning lot in its final construction plans, the restrictions imposed on such zoning lot by the provisions of this Section shall lapse, following receipt of notification thereof by the owner, and the owner shall have the right to record an instrument reciting the consent of the MTA to the extinguishment of the easement volume.

On any zoning lot which has been developed or enlarged in accordance with the provisions of this Section and on which termination of transit easement has been certified, pursuant to this paragraph, any floor space in a previously required transit easement volume shall continue to be exempt from the definition of floor area and shall not be included for the purpose of calculating requirements for accessory off-street parking, bicycle parking or loading berths. However, where such previously required volume is located within a building, the ground floor space shall be subject to the provisions of Section 142-14.

(8/8/18)

142-10

SPECIAL USE REGULATIONS
The underlying #use# regulations are modified by the provisions of this Section, inclusive. In M1-4/R7A and M1-4/R9A Districts, the #use# regulations of Article XII, Chapter 3 (Special Mixed Use District) shall apply, except where modified by the provisions of this Section, inclusive.

(8/8/18)

142-11
Permitted Uses

#Physical culture or health establishments# shall be permitted as-of-right in C2-4, C4, C6-2, M1-4 and M1-5 Districts. For the purposes of applying the underlying regulations to such #use#, a #physical culture or health establishment# shall be considered a Use Group 9 #use# and shall be within parking requirement category B.

In Subarea B1, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, commercial or public utility vehicle storage, open or enclosed, including #accessory# motor fuel pumps, as listed in Use Group 16C, shall be a permitted #use#.

In Subareas B2 and B3, as shown on Map 1, all #uses# listed in Use Groups 3 and 4 shall be permitted #uses#, and Use Group 6A food stores, including supermarkets, grocery stores, or delicatessen stores, shall not be limited to #floor area# per establishment.

In Subdistrict D, as shown on Map 1, #self-service storage facilities# shall be permitted as-of-right in C6-2A Districts.

(8/8/18)

142-111
Special provisions for transient hotels
The development or enlargement of a building containing a transient hotel, as listed in Section 32-14 (Use Group 5), or the conversion or change of use within an existing building to a transient hotel, shall only be allowed in C2 Districts, subject to the locational criteria set forth in the double-asterisked footnote of Use Group 5 in Section 32-14, and in C4, C6 or M1 Districts:

(a) upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the residential development goal, as set forth in this Section, has been met, or

(b) where such residential development goal has not been met, by special permit by the City Planning Commission. To permit such a transient hotel, the Commission shall find that:

(1) sufficient sites are available in the area to meet the residential development goal; or

(2) a harmonious mix of residential and non-residential uses has been established in the area, and the transient hotel is consistent with the character of the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

For the purpose of applying the provisions of this Section, the residential development goal shall be met when at least 3,860 dwelling units within the Special Inwood District have received temporary or final certificates of occupancy subsequent to August 8, 2018.

(8/8/18)
Regulations for manufacturing uses in Subareas B2 and B3

In Subareas B2 and B3, as shown on Map 1 (Special Inwood District - Subdistricts and Subareas) in the Appendix to this Chapter, the manufacturing uses permitted in M1 Districts shall be subject to the modifications set forth in Section 123-22 (Modification of Use Groups 16, 17 and 18), inclusive.

(8/8/18)

Location of Uses

In C2 Districts mapped within R7 or R8 Districts, for buildings constructed after August 8, 2018, the underlying provisions of Section 32-421 (Limitation on floors occupied by commercial uses) shall be modified to permit commercial uses listed in Use Groups 6, 7, 8, 9 or 14 on the second story of a building occupied on one or more of its upper stories by residential uses or by community facility uses, and provided no commercial uses are located directly over any dwelling units.

Within the portion of the C2-4 District mapped within an R8A District and the portion of the C2-4 District mapped within an R9A District, located east of Tenth Avenue, south of West 207th Street, west of Ninth Avenue and north of West 206th Street, the underlying provisions of Section 32-421 (Limitation on floors occupied by commercial uses) shall be inapplicable. In lieu thereof, Section 32-422 (Location of floors occupied by commercial uses) shall apply.

In C4 or C6 Districts, the underlying provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified for mixed buildings to permit dwelling units on the same story as a commercial use provided no access exists between such uses at any level containing dwelling units, and provided no commercial uses are located directly over any
However, such commercial uses may be located over dwelling units by authorization of the City Planning Commission upon a finding that sufficient separation of residential uses from commercial uses exists within the building.

In Subareas A1, B2 and B3, as shown on Map 1 (Special Inwood District - Subdistricts and Subareas) in the Appendix to this Chapter, no uses listed in Use Group 6A, 6C or 10A shall be permitted above the ground floor level.

142-13
Enclosure Requirements in Subdistrict E

In Subdistrict E, commercial and manufacturing activities and storage uses shall not be subject to the provisions of Section 42-41 (Enclosure of Commercial and Manufacturing Activities) or Section 42-42 (Enclosure or Screening of Storage).

142-14
Ground Floor Level Requirements

For the purposes of applying the special ground floor level streetscape provisions set forth in Section 37-30 to this Chapter, any portion of a ground floor level street frontage along streets designated on Map 2 (Ground Floor Use and Curb Cut Regulations) in the Appendix to this Chapter shall be considered primary street frontages, and shall consist of Type 1, Type 2 and Type 3 primary street frontages. A ground floor level street frontage along any other street shall be considered a secondary street frontage except for frontages located within Subdistrict F. For the purposes of this Section,
defined terms shall include those in Sections 12-10 and 37-311.

The provisions of this Section shall apply to developments or ground floor level enlargements.

(a) Along primary street frontages

(1) Type 1 primary street frontages

For buildings, or portions thereof, with Type 1 primary street frontage, uses on the ground floor level, to the minimum depth set forth in Section 37-32 (Ground Floor Depth Requirements for Certain Uses), shall be limited to non-residential uses, except for Type 1 lobbies and entrances and exits to accessory parking spaces provided in accordance with the applicable provisions of Section 37-33 (Maximum Width of Certain Uses). Group parking facilities located on the ground floor level shall be wrapped by floor area in accordance with the provisions of paragraph (a) of Section 37-35 (Parking Wrap and Screening Requirements). Ground floor level street walls shall be glazed in accordance with the provisions set forth in Section 37-34 (Minimum Transparency Requirements).

(2) Type 2 primary street frontages

For buildings, or portions thereof, with Type 2 primary street frontage, all uses permitted by the underlying district shall be permitted on the ground floor level, provided that group parking facilities located on the ground floor level shall be wrapped by floor area in accordance with the provisions of paragraph (a) of Section 37-35.

(3) Type 3 primary street frontages

For buildings, or portions thereof, with Type 3 primary street frontage, the following regulations shall apply to the ground floor level to a depth of 30 feet from the street line:
(i) the maximum #street wall# width of a bank or loan office, as listed in Use Group 6C, shall not exceed 25 feet.

However, in Subarea A1 or B1, as shown on Map 1, for #buildings# containing predominantly commercial or public utility vehicle storage, including #accessory# fuel pumps, as listed in Use Group 16C, the screening provisions of paragraph (b) of Section 37-35 may be utilized as an alternative to such wrapping requirement and any transparency requirements need not apply.

(b) Along #secondary street frontages#

For #buildings#, or portions thereof, with #secondary street frontage#, all #uses# permitted by the underlying district shall be permitted on the #ground floor level#, provided that any off-street parking spaces on the #ground floor level# shall be wrapped or screened in accordance with Section 37-35. Entrances and exits to accessory parking facilities shall be subject to the provisions of paragraph (b) of Section 37-33.

(c) For blank walls

In #Commercial Districts# or #Manufacturing Districts#, except for portions of #zoning lots# located within Subdistrict F, any #street wall# width exceeding 50 feet with no transparent elements on the #ground floor level# shall provide planting or wall treatment in accordance with the provisions of Section 142-141 (Special Streetscape Provisions for Blank Walls).

The level of the finished floor of such ground floor shall be located not higher than five feet above nor lower than five feet below the as-built level of the adjoining #street#.

In C4-5D Districts, and in C2 Districts mapped within R7D Districts, the provisions of Section 32-434 (Ground floor use in C4-5D and C6-3D Districts and in certain C2 Districts) shall not apply. In lieu thereof, the provisions of this Section shall
Special Streetscape Provisions for Blank Walls

Where visual mitigation elements are required on a blank wall along the ground floor level street wall pursuant to the provisions of Section 142-14 (Ground Floor Level Requirements), at least 75 percent of the linear footage of any such blank wall shall be treated by any of the following visual mitigation elements, or both.

(a) Planting

When planting is provided as a visual mitigation element, any combination of perennials, annuals, decorative grasses or shrubs shall be provided in planting beds, raised planting beds or planter boxes in front of the street wall. Each foot in width of a planting bed, raised planting bed or planter box, as measured parallel to the street wall, shall satisfy one linear foot of frontage mitigation requirement. Such planting bed shall extend to a depth of at least three feet, inclusive of any structure containing the planted material. Any individual planted area shall have a width of at least five feet, and the height of such planting, inclusive of any structure containing the planted materials, shall be at least three feet.

At least 25 percent of such street wall width shall be planted in accordance with the provisions of this paragraph.

(b) Wall treatment

When a wall treatment is provided as a visual mitigation element, permitted signs, graphic or sculptural art,
rustication, decorative screening or latticework, or living plant material, shall be provided along the street wall. Each linear foot of wall treatment shall constitute one linear foot of frontage mitigation requirement. Such wall treatment shall extend to a height of at least 10 feet, as measured from the level of the adjoining sidewalk or grade, and have a minimum width of 10 feet, as measured parallel to the street wall.

(8/8/18)

142-20
SPECIAL FLOOR AREA REGULATIONS

The underlying floor area regulations are modified by the provisions of this Section, inclusive.

(8/8/18)

142-21
Floor Area Regulations on Waterfront Blocks

On waterfront blocks, the provisions of Section 62-31 (Bulk Computations on Waterfront Zoning Lots) shall be modified so that lot area that is seaward of the shoreline shall not be included for the purpose of determining allowable floor area or to satisfy any other bulk regulation.

(8/8/18)

142-22
Floor Area Regulations in Subareas A2, A3 and B1

In Subareas A2, A3 and B1, as shown on Map 1 (Special Inwood District - Subdistricts and Subareas) in the Appendix to this
Chapter, the floor area regulations shall be modified as follows:

For zoning lots other than shoreline adjacent lots the maximum residential floor area ratio shall be 4.6. For shoreline adjacent lots, the maximum residential floor area ratio shall be as set forth in paragraph (d) of Section 23-154 (Inclusionary Housing) for the particular district.

For zoning lots that are divided by zoning district boundary lines, floor area may be distributed within a zoning lot without regard to zoning district boundary lines.

Accessory parking located below a height of 33 feet shall be exempt from the definition of floor area.

(8/8/18)

142-23
Floor Area Regulations in Subareas B2 and B3

In Subarea B2, as shown on Map 1 (Special Inwood District - Subdistricts and Subareas) in the Appendix to this Chapter, all permitted uses shall have a permitted floor area ratio of 2.0. In Subarea B3, as shown on Map 1, the base floor area ratio shall be 5.0, and may be increased only in accordance with the provisions of this Section.

The Chairperson of the City Planning Commission shall allow, by certification, a transfer of floor area from a zoning lot located in Subarea B2 to a zoning lot located in Subarea B3 provided that the provisions of this Section are met. For the purpose of this Section, a “granting lot” shall mean a zoning lot within Subarea B2 that transfers floor area pursuant to this Section, and a “receiving lot” shall mean a zoning lot within Subarea B3 that receives additional floor area pursuant to this Section.

Such certification for a transfer of floor area shall be
subject to the following conditions:

(a) the maximum amount of floor area that may be transferred from a granting lot shall be based on a floor area ratio of 2.0, less the total floor area of all existing buildings on the granting lot and any previously transferred floor area;

(b) each transfer, once completed, shall irrevocably reduce the amount of floor area that may be developed or enlarged on the granting lot by the amount of floor area transferred;

(c) for developments or enlargements, which in the aggregate for both the granting lot and the receiving lot, involve an increase in the floor area of more than 20,000 square feet of the amount existing on August 8, 2018, a waterfront certification pursuant to Section 62-811 (Waterfront public access and visual corridors) has been granted; and

(d) prior to the issuance of a building permit, as set forth in this Section, the owners of the granting lot and the receiving lot shall submit to the Chairperson a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer. Notice of the restrictions upon further development or enlargement of the granting lot and the receiving lot shall be filed by the owners of the respective lots in the Office of the Register of the City of New York (County of New York). Proof of recordation shall be submitted to the Chairperson.

Both the transfer instrument and the notices of restrictions shall specify the total amount of floor area transferred and shall specify, by block and lot numbers, the granting lot and the receiving lot that are a party to such transfer.

An application filed with the Chairperson for certification pursuant to this Section shall be made jointly by the owners of the granting lot and the receiving lot, and shall include site plans and zoning calculations for the granting lot and receiving
lot showing the additional #floor area# associated with the transfer, and any such other information as may be required by the Chairperson.

The Chairperson shall certify to the Department of Buildings that a #development# or #enlargement# is in compliance with the provisions of this Section only after the transfer instrument and notice of restrictions required by this Section have been executed and recorded with proof of recordation provided to the Chairperson. Such certification shall be a precondition to the filing for or issuing of any building permit allowing more than the basic maximum #floor area ratio# for such #development#.

A separate application shall be filed for each transfer of #floor area# to any #zoning lot# pursuant to this Section.

(8/8/18)

142-24
Floor Area Regulations in Subdistrict D

For #zoning lots# that are located partially in a #Commercial District# mapped within an R8A District and partially in a #Commercial District# mapped within an R9A District, #residential floor area# may transfer across the zoning district boundary from the #Commercial District# mapped within an R8A District to the #Commercial District# mapped within an R9A District.

(8/8/18)

142-30
SPECIAL YARD REGULATIONS

The underlying #yard# regulations are modified by the provisions of this Section.
In M1-4/R7A and M1-4/R9A Districts, in Subareas A1 and B3 as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, and in the portion of the C2-4 District mapped within an R8A District or the portion of the C2-4 District mapped within an R9A District, located east of Tenth Avenue, south of West 207th Street, west of Ninth Avenue, and north of West 206th Street, no #rear yard equivalents# are required for #through lots# or #through lot# portions of a #zoning lot#.

In Subdistrict D, no #rear yard# is required along any portion of a #rear lot line# that is coincident with a #lot line# of the rail yard for the Metropolitan Transportation Authority located east of Tenth Avenue between West 207th Street and West 215th Street.

A #waterfront yard#, as defined in Section 62-11 (Definitions), shall be provided on any portion of a #zoning lot# located within 40 feet of the #shoreline#. Any other #yard# regulations shall be inapplicable within such portion of a #zoning lot#.

(8/8/18)

142-40

SPECIAL HEIGHT AND SETBACK REGULATIONS

In Subareas A1 and B2, and in Subdistrict E, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, the height and setback regulations of the underlying districts shall apply.

In Subareas A2, A3, B1, B3 and B4, the height and setback regulations of the underlying district regulations are modified by Sections 142-41 through 142-47 shall apply, and all heights shall be measured from the #base plane#.

In Subdistricts C, D and F, the height and setback regulations of the underlying district regulations are modified by Sections 142-48 (Special Regulations for Certain Sites in Subdistricts C
and F) and 142-49 (Height and Setback for Certain Zoning Lots in Subdistricts C and D), as applicable.

(8/8/18)

142-41
Permitted Obstructions in Subareas A2, A3, B1, B3 and B4

In Subareas A2, A3, B1, B3 and B4, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, the provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings#. In addition, along all #street# frontages, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts), and balconies shall be permitted in conjunction with #residential uses# as set forth in Section 23-132 (Balconies in R6 through R10 Districts).

(8/8/18)

142-42
Height and Setback for Non-Shoreline Adjacent Lots in Subareas A2, A3 and B1

In Subareas A2, A3 and B1, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, for #zoning lots# other than #shoreline adjacent lots#, the height and setback regulations for R7A Districts set forth in Sections 23-662 (Maximum height of buildings and setback regulations) and 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), as applicable, shall apply.

The #street wall# location requirements of paragraph (b) of Section 35-651 shall apply to #street# frontages along and within 50 feet of Ninth Avenue, and the #street wall#
requirements of paragraphs (a)(1) and (2) of Section 35-651 shall apply along all other street frontages of the zoning lot#. The street wall articulation provisions of paragraph (e) of Section 35-651 shall apply along all street frontages.

(8/8/18)

142-43
Height and Setback for Shoreline Adjacent Lots in Subarea A2

In Subarea A2, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, for shoreline adjacent lots#, the following height and setback regulations shall apply:

(a) Street wall location

The street wall location requirements of paragraph (b) of Section 35-651 shall apply to street frontages along and within 50 feet of Ninth Avenue, and the street wall requirements of paragraphs (a)(1) and (2) of Section 35-651 shall apply along all other street frontages of the zoning lot#. For the purposes of applying such regulations, all street walls shall extend to at least the minimum base height set forth in paragraph (b) of this Section, or the height of the building#, whichever is less. The street wall articulation provisions of paragraph (e) of Section 35-651 shall apply along all street frontages.

(b) Base height and setbacks

The minimum base height shall be 60 feet on all street frontages. Within R9A Districts, or C1 or C2 Districts mapped within R9A Districts, the maximum base height shall be 105 feet. Within R8 Districts, or C1 or C2 Districts mapped within R8 Districts, the maximum base height before setback shall be 105 feet if the building’s maximum overall height does not exceed 155 feet, or 85 feet if a
"building" is developed with a tower in accordance with the regulations of paragraph (e) of this Section.

At a height not lower than the minimum base height nor higher than the maximum base height specified for the applicable district, a setback with a minimum depth of 10 feet shall be provided from the "street wall" of the base. The provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to such setbacks.

(c) Within 70 feet of the "shoreline"

Within 70 feet of the "shoreline", the height of a "building" along 30 percent of the length of a "zoning lot", as measured parallel to Ninth Avenue, shall be limited to a maximum height of 30 feet, and the height along the remaining 70 percent may rise to a maximum height of 85 feet.

(d) Maximum "building" height

The maximum "building" height shall be 155 feet, except where towers are provided in accordance with paragraph (e) of this Section.

(e) Optional tower regulations

For "zoning lots" that have a "lot area" of more than one acre, a "tower" shall be permitted above a height of 125 feet, provided that:

1. the gross area of any "story" shall not exceed 9,000 square feet, except that any dormers provided within the setback area shall not be included in such gross area;

2. the gross area of any "story" above 205 feet shall not exceed 90 percent of the gross area of the highest "story" that is located entirely below a height of 205 feet;
(3) no portion of such tower shall be located within 80 feet of the shoreline;

(4) the width of such tower shall not exceed 100 feet, as measured parallel to Ninth Avenue. Such width shall be measured in plan and shall include the total width of the combined lot coverage of all stories above 125 feet; and

(5) The maximum height of such tower shall not exceed 245 feet.

Zoning lots with a lot area in excess of 1.5 acres may contain a second tower, provided that the heights of the two towers differ by at least 50 feet from each other, and provided that the combined width of the towers does not exceed 140 feet, as measured parallel to Ninth Avenue. Such width shall be measured in plan and shall include the total width of the combined lot coverage of all stories above 125 feet.

(8/8/18)

142-44
Height and Setback for Shoreline Adjacent Lots in Subarea A3

In Subarea A3, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, for shoreline adjacent lots, the height and setback regulations of this Section shall apply:

(a) Base along West 207th Street and Ninth Avenue

Along the West 207th Street and Ninth Avenue frontages, all buildings shall have a minimum base height of 60 feet, or the height of the building, whichever is less, and a maximum base height of 105 feet. The street wall location requirements of paragraph (a)(1) and (2) of Section 35-651 shall apply along both streets. The boundary of any
easement required for a street or sidewalk widening pursuant to Section 142-64 shall be considered the street line for the purpose of this Section.

At a height not lower than the minimum base height nor higher than the maximum base height, a setback with a minimum depth of 10 feet shall be provided from the street wall of the base. The provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to such setbacks.

(b) Within 70 feet of the shoreline

Within 70 feet of the shoreline, the maximum building height shall be 85 feet.

(c) Within 30 feet of former West 208th Street

Within 30 feet of Former West 208th Street, as shown on Map 1 in the Appendix to this Chapter, the height of a building along 30 percent of the length of a zoning lot, as measured along the former extent of West 208th Street, shall not exceed 30 feet, and the height of the remaining 70 percent may rise to a maximum height of 85 feet.

(d) Maximum building height

Within the portion of the zoning lot that is beyond 100 feet of West 207th Street, the maximum building height shall be limited to 145 feet. Within the portion of the zoning lot that is within 100 feet of West 207th Street, the maximum building height shall be 175 feet, except where towers are provided in accordance with paragraph (e) of this Section.

(e) Optional tower regulations

For zoning lots that have a lot area of more than one acre, a “tower” shall be permitted above a height of 175
feet within the portion of the zoning lot that is within 100 feet of West 207th Street, provided that:

(1) the gross area of any story shall not exceed 10,000 square feet, except that any dormers provided within the setback area shall not be included in such gross area;

(2) the gross area of any story above 255 feet shall not exceed 90 percent of the gross area of the highest story that is located entirely below a height of 255 feet; and

(3) The maximum height of such tower shall not exceed 295 feet.

(8/8/18)

142-45
Height and Setback for Shoreline Adjacent Lots in Subarea B1

In Subarea B1, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, for shoreline adjacent lots, the height and setback regulations of Section 142-43 (Height and Setback for Sites in Subarea A2 With More Than 100 Feet of Shoreline) shall apply, except that paragraph (e) of such Section shall be modified to allow the gross area of any story in a tower to be up to 10,000 square feet and to rise to a height of 265 feet, provided that the gross area of any story above 225 feet shall not exceed 90 percent of the gross area of the highest story that is located entirely below 225 feet. The visual corridor located between a line parallel to and 20 feet south of the prolongation of the centerline of West 218th Street and a line parallel to and 30 feet north of such centerline established by Section 142-60 (INWOOD WATERFRONT ACCESS PLAN) shall be treated as a narrow street line for the purposes of applying all height and setback regulations.
142-46
Height and Setback in Subarea B3

In Subarea B3, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, the maximum building height shall be 125 feet within 10 feet of a street line. Beyond 10 feet of a street line, the maximum building height shall be 265 feet.

142-47
Height and Setback in Subarea B4

In Subarea B4, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, the height of a building within 10 feet of a street line shall not exceed 125 feet. Portions of buildings located beyond 10 feet of a street line may rise to a maximum height of 210 feet. Any development or enlargement with frontage on West 218th Street must provide a sidewalk widening with a minimum depth of five feet along such frontage. Any development or enlargement with frontage on Ninth Avenue must provide a sidewalk widening with a minimum depth of five feet along such frontage.

142-48
Special Regulations for Certain Sites in Subdistricts C and F

In Subdistrict C, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, and
in Subdistrict F, for #buildings developed# pursuant to the #bulk# regulations for #Quality Housing buildings#, the underlying height and setback provisions shall be modified for #zoning lots# that share a #side lot line# with an adjacent #zoning lot# that is #developed# with a #building# constructed prior to December 15, 1961 that contain #residences# with #legally required windows# facing and located within 15 feet of the shared #side lot line#.

The #street wall# location provisions of paragraph (b)(1) of Section 35-651 shall apply except that where an adjoining #zoning lot# contains #residences# with #legally required windows# facing and within 15 feet of a shared #side lot line#, the #street wall# of a #building# need not extend along the entire #street# frontage of such a #zoning lot# if an open area is provided above the level of the first #story# or a height of 15 feet, whichever is lower, along the entire shared #side lot line#. Where such an open area is provided, the #street# frontage of such open area may be excluded for the purpose of applying the #street wall# location provisions of paragraph (b)(2) of Section 35-651.

In addition, where an open area with a depth of at least 15 feet, as measured perpendicular from the shared #side lot line#, and is provided in the form of a recess, #court# or other open area is provided along shared #side lot line#, and such open area is provided adjacent to all portions of a #building# on an adjoining #zoning lot# that contain #legally required windows# facing and located within 15 feet of the shared #side lot line#, the maximum height for the #building# set forth in Section 23-662, 23-664, 35-652 or 35-654, as applicable, may be increased by 10 feet; and the maximum number of #stories#, if applicable, may be increased by one.

#Zoning lots# may apply the regulations of this Section along multiple #side lot lines# where applicable, but in no case shall the permitted #building# height be increased by more than one #story# or 10 feet, whichever is lower.
142-49
Height and Setback for Certain Zoning Lots in Subdistricts C and D

In Subdistricts C and D, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, all #non-residential buildings# in C4 and C6 Districts shall follow the height and setback regulations of paragraph (b) of Section 23-664 (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors) for the applicable residential equivalent.

In Subdistrict D, all #developments# or #enlargements# on #zoning lots# within M1-4/R7A and M1-4/R9A Districts shall follow the height and setback regulations of paragraph (b) of Section 23-664, for the applicable #Residence District#, except portions of #zoning lots# that are located within 30 feet of West 201st Street shall be limited to a maximum #building# height to 85 feet.

In Subdistrict D, for portions of #zoning lots# located within 100 feet of a #street# that contains an elevated rail line, the underlying height and setback regulations shall be modified as follows, and as set forth in Section 142-491:

(a) the minimum required base height shall be 25 feet;

(b) the maximum permitted #building# height shall be 165 feet and the maximum number of #stories# shall be 16 in C6-2A, C4-4D, and in C2 Districts mapped within R8A Districts;

(c) the maximum permitted #building# height shall be 135 feet and the maximum number of stories shall be 13 in C4-5D Districts; and

(d) along the frontage of a #street# that contains an elevated rail line, the #street wall# location regulations of paragraph (a)(1) of Section 35-651 shall apply.
142-491
Special base height regulations for certain zoning lots within Subdistrict D

The underlying height and setback regulations shall be further modified for the following areas within Subdistrict D:

(a) for portions of #zoning lots# located in Subarea D2, the maximum permitted base height shall be 75 feet;

(b) for portions of #zoning lots# located in Subarea D3, the maximum permitted base height shall be 65 feet; and

(c) for portions of #zoning lots# located in Subarea D4, the maximum permitted base height shall be 85 feet, and for portions of a #development# or #enlargement# containing #residences#, the maximum permitted base height shall be 65 feet.

142-50
SPECIAL OFF-STREET PARKING AND LOADING REGULATIONS

The underlying off-street parking and loading regulations are modified by the provisions of this Section, inclusive.

142-51
Required Accessory Parking Spaces for Residences
Except for within Subdistrict F, as shown on Map 1 (Special Inwood District-Subdistricts and Subareas) in the Appendix to this Chapter, the requirements of Sections 25-23 (Requirements Where Group Parking Facilities Are Provided) are modified to require accessory residential off-street parking spaces for a minimum of 20 percent of new residences. The number of accessory off-street parking spaces required may be reduced or waived as set forth in the underlying district regulations, including as set forth in Sections 25-251 through 25-253.

Within Subdistrict F, for buildings developed pursuant to the Quality Housing bulk regulations, if at least 20 percent of the residential floor area of the development consists of income-restricted housing units, the requirements of Sections 25-23 are modified to require accessory residential off-street parking spaces for a minimum of 20 percent of new residences. For purposes of this Section, the definition of income-restricted housing units shall be modified such that the income-restricted housing units must be affordable to households with incomes at or below 60 percent of the income index. The number of accessory off-street parking spaces required may be reduced or waived as set forth in the underlying district regulations, including as set forth in Sections 25-251 through 25-253. Prior to issuance of a building permit for such development, the Department of Housing Preservation and Development shall certify to the Department of Buildings that such development complies with the affordability provisions of this Section.

(8/8/18)

142-52
Required Accessory Parking Spaces for Commercial or Community Facility Uses in Certain Districts

In Subdistricts A, B, C, D, and E, no accessory parking is required for new commercial or community facility uses in mixed buildings in C2-4 and C4 Districts.
In Subdistrict F, no #accessory# parking is required for #commercial# or #community facility uses# in #mixed buildings developed# after August 8, 2018, pursuant to the Quality Housing #bulk# regulations in C2-4 and C4 Districts.

(8/8/18)

142-53
Public Use of Accessory Parking

All required or permitted #accessory# off-street parking spaces may be made available for public use. However, any such space shall be made available to the occupant of a #residence# to which it is #accessory# within 30 days after written request for such space is made to the landlord.

(8/8/18)

142-54
Accessory Parking on a Roof in Subarea A1

In Subarea A1, the underlying off-street parking regulations of Section 44-11 (General Provisions) are modified to permit #accessory# parking to be located on the roof of any #story# of a #building#.

(8/8/18)

142-55
Curb Cuts

Curb cuts accessing off-street parking facilities or loading berths shall not be permitted along the #streets# specified as a Type 1 or Type 2 primary street on Map 2 (Special Inwood District – Ground Floor Use and Curb Cut Regulations) in the
Appendix to this Chapter on #zoning lots# that also have frontage on a #street# that is not specified on Map 2.

(8/8/18)

142-60
INWOOD WATERFRONT ACCESS PLAN

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall apply, except as superseded, supplemented or modified by the provisions of this Section, inclusive.

Map 4 (Waterfront Access Plan: Parcel Designation), Map 5 (Waterfront Access Plan: Public Access Areas) and Map 6 (Waterfront Access Plan: Visual Corridors) in the Appendix to this Chapter show the boundaries of the area comprising the Inwood Waterfront Access Plan, boundaries of parcels within the Plan and the location of certain features mandated or permitted by the Plan.

The Plan has been divided into parcels consisting of tax blocks and lots and other lands as established on August 8, 2018, as follows:

Parcel 1: block 2215, lots 877 and 885; and block 2197, lots 67, 71, 74 and 174
Parcel 2/3: block 2197, lots 47 and 75
Parcel 4: block 2197, portion of lot 1
Parcel 5: block 2188, lot 1
Parcel 6: block 2187, lots 1, 5, 7 and 20
Parcel 7: block 2185, lots 25, 36 and 51
Parcel 8: block 2185, lots 1 and 10
Parcel 9: block 2184, lots 20 and 40

Within the #Special Inwood District#, the parcels of land designated in this Section need not be contiguous for the area to be considered to be a Waterfront Access Plan pursuant to Section 62-911.
For the purposes of this Section, inclusive, defined terms shall include those listed in Section 12-10 (DEFINITIONS) and Section 62-11 (Definitions).

(8/8/18)

142-61
Lot area and waterfront public access area requirements

For the purposes of determining requirements for waterfront public access areas, lot area shall not include any portion of a zoning lot that is seaward of the shoreline. For the purposes of determining the applicability of waterfront public access area requirements, pursuant to Section 62-52, all zoning lots with portions located within 40 feet of the shoreline shall be considered waterfront zoning lots.

On Parcel 1, as shown on Map 4 (Waterfront Access Plan: Parcel Designation) in the Appendix to this Chapter, for the purposes of calculating the total waterfront public access area requirements on a “granting lot,” as described in Section 142-23 (Floor Regulations in Subarea B2 and B3), lot area shall be the combined lot area of all “granting lots” and all “receiving lots.”

(8/8/18)

142-62
Tip of Manhattan, Subdistrict B

In Tip of Manhattan Subdistrict B, for Parcels 1 and 2/3, as shown on Map 4 (Waterfront Access Plan: Parcel Designation) in the Appendix to this Chapter, the following regulations shall apply.

(a) Applicability of waterfront public access area requirements to Use Group 16
In Subarea B1, as shown on Map 1, #developments# of
#buildings# containing exclusively commercial or public
utility vehicle storage, including #accessory# fuel pumps,
as listed in Use Group 16C, shall be exempted from
#waterfront public access area# requirements.

(b) #Shore public walkways#

On Parcel 1, no #shore public walkway# shall be required.

(c) #Upland connections#

On Parcel 2/3, #upland connections# shall be provided along
the shared boundary between Parcels 1 and 2/3, and within
the area located between a line parallel to and 20 feet
south of the prolongation of the centerline of West 218th
Street and a line parallel to and 30 feet north of such
centerline.

(d) #Supplemental public access areas#

(1) on Parcel 1, #supplemental public access area# shall
be bounded by Ninth Avenue to the west, the shared
boundary of Parcels 1 and 2/3 to the south, and the
stabilized shore to the east. Section 62-571 (Location
and area requirements for supplemental public access
areas) shall not apply to such #supplemental public
access area#;

(2) on Parcel 2/3, #supplemental public access area#, if
required, shall be located at the intersection of the
#upland connection# and the #shore public walkway#.
Section 62-571 shall be modified to allow the longest
side of such #supplemental public access area# to
adjoin the #upland connection# provided that the
maximum depth measured perpendicular to the #upland
connection# does not exceed 1.5 times the width
measured parallel to the #upland connection#.

(e) #Visual corridors#
#Visual corridors# shall be provided at three locations as shown on Map 6 (Waterfront Access Plan: Visual Corridors) in the Appendix to this Chapter:

1. within the prolongation of the #street lines# of West 220th Street;

2. within the prolongation of the #street lines# of Ninth Avenue;

3. within the area located between a line parallel to and 20 feet south of the prolongation of the centerline of West 218th Street and a line parallel to and 30 feet north of such centerline. In the event that such #visual corridor abuts# an open area with a minimum depth of 20 feet along the entire length of such #visual corridor#, and an easement for such open area has been recorded against the property, the minimum dimension of a #visual corridor# set forth in Section 62-512 (Dimensions of visual corridors) may be reduced to 30 feet.

(8/8/18)

142-63
Sherman Creek Subdistrict A

In the Sherman Creek Subdistrict A, Parcels 5, 6, 7, 8 and 9, as shown on Map 4 (Waterfront Access Plan: Parcel Designation) in the Appendix to this Chapter, the following regulations shall apply.

(a) #Shore public walkways#

1. #Waterfront zoning lots# that have a #shoreline# measuring more than 100 feet shall provide a #shore public walkway# as required by Section 62-53 (Requirements for Shore Public Walkways).
(2) **Zoning lots** within or partially within 40 feet of the **shoreline** that do not **abut** the **shoreline**, or that contain a **shoreline** measuring 100 feet or less shall provide either:

(i) a **shore public walkway**, located partly on the **zoning lot** and partly on an adjoining **waterfront zoning lot**; or

(ii) a **shore public walkway** on any portion of the **zoning lot** within 40 feet of the **shoreline**. Such **shore public walkway** shall have a minimum width of 14 feet, and its pedestrian circulation path shall connect to and provide access from adjoining public **streets**, parks or public places. Such **shore public walkway** shall extend beyond 40 feet of the **shoreline** as necessary to satisfy the minimum dimensional requirements, but the total area of the **shore public walkway** need not exceed an area equivalent to that portion of the **zoning lot** within 40 feet of the **shoreline**. The provisions of Section 62-62 (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas) shall be modified to allow the circulation path to have a minimum width of 10 feet and to be located entirely beyond 10 feet from the **shoreline**. In addition, for Parcels 6, 7 or 8, the planting requirements set forth in paragraph (c)(1) of Section 62-62 need not apply.

Where the **zoning lot** does not include all of the adjacent **shoreline**, the design of the **shore public walkway** shall be compatible with the future improvement of public access areas on the land between the **zoning lot** and the **shoreline**.

(3) The primary circulation path required pursuant to Section 62-62 shall be provided at a minimum elevation of 7.5 feet above the **shoreline**, except that such requirement need not include portions of a circulation
path that slope downward to meet the elevation of an existing publicly accessible sidewalk.

(b) #Supplemental public access areas#

On Parcel 5, no #supplemental public access area# shall be required.

(8/8/18)

142-64
Special Regulations on Parcel 5

(a) Section 62-811 (Waterfront public access and visual corridors) shall not apply to Parcel 5, as shown on Map 4 (Waterfront Access Plan: Parcel Designation) in the Appendix to this Chapter. In lieu thereof, the following regulations shall apply:

Required Certification

No excavation or building permit shall be issued for any #development# on Parcel 5 until the Chairperson of the City Planning Commission has certified to the Department of Buildings, that:

(1) a site plan has been submitted showing compliance with the provisions of Sections 62-50 (GENERAL REQUIREMENTS FOR VISUAL CORRIDORS AND WATERFRONT PUBLIC ACCESS AREAS) and 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS) as modified by Section 142-60 (INWOOD WATERFRONT ACCESS PLAN);

(2) the Chairperson has certified that an easement, the requirements for which shall be determined in consultation with the Department of Transportation, has been provided to enlarge the adjoining mapped #streets#, an instrument creating such easement has been recorded in the Office of the City Register, and
a certified copy of such easement has been submitted to the Department of City Planning; and

(3) an acceptable restrictive declaration is executed and filed pursuant to Section 62-74 (Requirements for Recordation).

(b) Buildout of Adjoining Streets

No certificate of occupancy for any development on Parcel 5 shall be issued until the Department of Buildings has been furnished with a certification by the Department of Transportation that adjoining mapped streets have been built out to Department of Transportation standards.

Within 45 days of receipt of a complete application, the Chairperson shall either certify that the proposed development complies with the requirements of this Section or disapprove such application, citing the nature of any failure to comply. Failure to certify or disapprove such application within the 45 day period will release the Department of Buildings or the Department of Small Business Services from any obligation to withhold the excavation or building permit and authorize such agency to determine compliance with the provisions of this Section.
APPENDIX
Special Inwood District Plan

Map 1. Special Inwood District – Subdistricts and Subareas

SUBDISTRICTS AND SUBAREAS:

Appendix A: Index of Uses

Effective date of most recently amended section of Appendix A: 9/9/04

Correction: PCEs

Date of file creation: Web version of Appendix A: 1/14/19

Zoning Disclaimer- the Web version of the Zoning Resolution of the City of New York is provided for reference and the convenience of having the Resolution in an online format. Recent amendments to the Zoning Resolution also appear on the Web prior to being incorporated into the print version of the Resolution.
APPENDIX A
Index of Uses

The following is a listing in alphabetical order of #uses# allowed in this Resolution either as #uses# permitted as-of-right, or as #uses# permitted by special permit, together with the Use Group in which each is listed, the parking requirement category of #commercial uses#, if applicable, and the district or districts in which it is permitted.

When a district associated with a given #use# is designated in the Index with an asterisk (*), the #use# is permitted in such district only by special permit of the Board of Standards and Appeals, as set forth in the applicable portions of this Resolution.

When a district associated with a given #use# is designated in the Index with a double asterisk (**), the #use# is permitted in such district only by special permit of the City Planning Commission, as set forth in the applicable portions of this Resolution.

#Uses# listed in Use Group 11A, 16, 17, or 18 as permitted #uses# in C8 or #Manufacturing Districts# must also meet the applicable performance standards for these districts.

#Uses# listed in Use Group 18 are permitted in M1 or M2 Districts if they can comply with the applicable performance standards for those districts.

This Index is established as a reference guide to this Resolution but is not an integral part thereof. Whenever there is any difference in meaning or implication between the provisions of this Resolution as set forth in Articles I through VII and the text of this Index, the text of the Resolution shall prevail.

#Use# regulations governing the several classes of districts are set forth in the following Chapters of this Resolution:

Residence Districts - Article II, Chapter 2
Commercial Districts - Article III, Chapter 2
Manufacturing Districts - Article IV, Chapter 2

Appendix C: City Environmental Quality Review (CEQR)

Table 1 - Environmental Requirements

Effective date of most recently amended section of Appendix C, Table 1: 2/28/19

Date of file creation: Web version of Appendix C, Table 1: 3/8/19

Zoning Disclaimer- the Web version of the Zoning Resolution of the City of New York is provided for reference and the convenience of having the Resolution in an online format. Recent amendments to the Zoning Resolution also appear on the Web prior to being incorporated into the print version of the Resolution.
**CITY ENVIRONMENTAL QUALITY REVIEW (CEQR) ENVIRONMENTAL REQUIREMENTS**

### Table 1 - (E) Designations

Tax Lot changes that may have occurred since the establishment of a particular (E) designation may not be reflected in this table. If the property in question is located on the same Tax Block as an (E) designation, review of the related CEQR documentation is recommended. For convenience, for (E) designations applied to a condominium, the condominium billing tax lot number is displayed instead of the individual condominium unit tax lot numbers.

**Application No.** - refers to a ULURP or non-ULURP application (containing six numbers followed by a three or four letter suffix) for a zoning map or text amendment, special permit, authorization or certification or to a Board of Standards and Appeals application (containing the letters “BZ”) for a special permit or variance.

**Lot Remediation Date** - refers to the date of the duly issued notice from the NYC Office of Environmental Remediation indicating that no investigative/remedial work is required for any current or future development of the lot.
