Zoning Disclaimer- the Web version of the Zoning Resolution of the City of New York is provided for reference and the convenience of having the Resolution in an online format. Recent amendments to the Zoning Resolution also appear on the Web prior to being incorporated into the print version of the Resolution.

**CITY ENVIRONMENTAL QUALITY REVIEW (CEQR) Environmental Requirements
Table 2 - Environmental Restrictive Declarations**

The Environmental Restrictive Declarations (ERD) listed below were recorded in connection with a zoning action against the noted Tax Blocks and Tax Lots, or portion thereof, and are available in the property records on file at the Office of the City Register for Bronx, Kings, New York and Queens counties or at the Richmond County Clerk's office. They contain environmental requirements with respect to hazardous materials, air quality and/or noise in accordance with Section 11-15 of this Resolution.

Tax Lot changes that may have occurred since the recordation of an ERD may not be reflected in this table. If the property in question is located on the same **Tax Block** as an ERD, review of the related CEQR documentation is recommended. For an ERD recorded against a condominium, the condominium billing tax lot number is displayed instead of the individual condominium unit tax lot numbers.

Reference No. - refers to the Environmental Restrictive Declaration identification number used for Table 2 reference purposes only.

Application No. - refers to a ULURP or non-ULURP application (containing six numbers followed by a three or four letter suffix) for a zoning map or text amendment, special permit, authorization or certification or to a Board of Standards and Appeals application (containing the letters "BZ") for a special permit or variance.

Recording Reference No. - refers to one of the following: Reel No./Page No., City Register File No., or Land Doc No. For ERDs for properties in boroughs other than Staten Island, use the City Register File No. to locate the ERD online in the Automated City Register Information System (ACRIS) on the NYC Department of Finance's website. For older ERDs for properties in boroughs other than Staten Island, use the year in **Date Recorded** along with the Reel No./Page No. to locate the ERD in ACRIS. For ERDs for properties in Staten Island, use the Land Doc No. to locate the ERD via the website of the Office of the Richmond County Clerk.

Lot Remediation Date - refers to the date of the duly issued notice from the NYC Office of Environmental Remediation indicating that no investigative/remedial work is required for any current or future development of the lot.
