Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph (c)(4), each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(5) Distance between towers

not visible from a #connector street#. At least 30 
feet of permitted #floor area# containing #uses# 
shall separate such parking spaces from adjacent 
#residential# and #connector streets#; and

(vi) a parking facility may be located adjacent to a 
#street wall# where such #street wall# is on a 
#service street#, provided that at least 30 feet

Furthermore, if #accessory# and public parking spaces are provided on the same #block#, all such spaces shall be located within the same parking facility.

(e) All #accessory# off-street parking spaces may be provided within parking facilities in #buildings# other than the same #building# as the #uses# to which they are #accessory#, provided that:

Where permitted, the maximum aggregate width of curb cuts on any frontage shall be limited to 24 feet for residential streets and 60 feet for all other streets, except that the maximum width shall be 100 feet for blocks that bound the intersection of 126th Street and Northern Boulevard or 126th Street and Roosevelt Avenue and for blocks that contain a transient hotel with a minimum of 50,000 square feet of floor area. For a convention center, the maximum aggregate width of curb cuts on any frontage shall be limited to 100 feet, except that curb cuts shall be unlimited when located directly adjacent to the loading area of the convention center. 124-60
SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any zoning lot within the Special Willets Point District, the City Planning Commission may permit modification of the use or bulk regulations, except floor area ratio provisions, provided the Commission shall find that such:

(a) use# or bulk# modification shall aid in achieving the general purposes and intent of the Special District;
(b) #use# modification shall encourage a lively pedestrian environment along the street, or is necessary for, and the only practicable way to achieve, the programmatic requirements of the development;

(c) #bulk# modifications shall enhance the distribution of #bulk# within the Special District;

(d) #bulk# modifications shall permit adequate access of light and air to surrounding streets; and

(e) #use# or #bulk# modification shall relate harmoniously to the character of the surrounding area.

Notwithstanding the foregoing, a #use# modification may include a #use# proposed as part of a phased development within the Special District, where the Commission finds that such #use# is reasonably necessary for transitional purposes to assist in achievement of the goals of the Special District, provided the findings of paragraphs (a), (b) and (e) of this Section are met to the maximum extent possible, taking into account the nature of such #use#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.
